PART 2—PROTECTION OF FOREIGN DIGNITARIES AND OTHER OFFICIAL PERSONNEL

Sec.
2.1 Designation of personnel to carry firearms and exercise appropriate power of arrest.
2.2 Purpose.
2.3 Notification of foreign officials.
2.4 Designation of official guests.
2.5 Records.

§ 2.1 Designation of personnel to carry firearms and exercise appropriate power of arrest.

(a) The Deputy Assistant Secretary of State for Security is authorized to designate certain employees of the Department of State and the Foreign Service, as well as employees of other departments and agencies detailed to and under the supervision and control of the Department of State, as Security Officers, as follows.

(1) Persons so designated shall be authorized to carry firearms when engaged in the performance of the duties prescribed in section (1) of the act of June 28, 1955, 69 Stat. 188, as amended. No person shall be so designated unless he has either qualified in the use of firearms in accordance with standards established by the Deputy Assistant Secretary of State for Security, or in accordance with standards established by the department or agency from which he is detailed.

(2) Persons so designated shall also be authorized, when engaged in the performance of duties prescribed in section (1) of the act of June 28, 1955, 69 Stat. 188, as amended, to arrest without warrant and deliver into custody any person violating the provisions of section 111 or 112 of title 18, United States Code, in their presence or if they have reasonable grounds to believe that the person to be arrested has
§ 2.2 Purpose.

Section 1116(b)(2) of title 18 of the United States Code, as added by Pub. L. 92–539, An Act for the Protection of Foreign Officials and Official Guests of the United States, as added by Pub. L. 92–539, as amended by Pub. L. 102–359, defines the term “foreign official” for purposes of that Act as “any person of a foreign nationality who is duly notified to the United States as an officer or employee of a foreign government or international organization, and who is in the United States on official business, and any member of his family whose presence in the United States is in connection with the presence of such officer or employee.” Section 1116(c)(4) of the same Act defines the term “official guest” for the purposes of that Act as “a citizen or national of a foreign country present in the United States as an official guest of the Government of the United States pursuant to designation as such by the Secretary of State.” It is the purpose of this regulation to specify the officer of the Department of State who shall be responsible for receiving notification of foreign officials under the Act and determining whether persons are “duly notified” to the United States and who shall be responsible for processing official guest designations by the Secretary of State.

(18 U.S.C. 1116(b)(2), 1116(c)(4); sec. 4 of the Act of May 26, 1949, as amended (22 U.S.C. 2658))

[37 FR 24817, Nov. 22, 1972]
§ 3.2 Authority.

(b) For those persons not normally accredited, the Chief of Protocol shall determine upon receipt of notification, by letter from the foreign government or international organization concerned, whether any person who is the subject of such a notification has been duly notified under the Act. Any inquiries by law enforcement officers or other persons as to whether a person has been duly notified shall be directed to the Chief of Protocol. The determination of the Chief of Protocol that a person has been duly notified is final.

(18 U.S.C. 1116(b)(2), 1116(c)(4); sec. 4 of the Act of May 26, 1949, as amended (22 U.S.C. 2658))

[37 FR 24818, Nov. 22, 1972]

§ 2.4 Designation of official guests.

The Chief of Protocol shall also maintain a roster of persons designated by the Secretary of State as official guests. Any inquiries by law enforcement officers or other persons as to whether a person has been so designated shall be directed to the Chief of Protocol. The designation of a person as an official guest is final. Pursuant to section 2658 of title 22 of the U.S.C., the authority of the Secretary of State to perform the function of designation of official guests is hereby delegated to the Chief of Protocol.

(22 U.S.C. 2658)

[45 FR 55716, Aug. 21, 1980]

§ 2.5 Records.

The Chief of Protocol shall maintain as a part of the official files of the Department of State a cumulative roster of all persons who have been duly notified as foreign officials or designated as official guests under this part. The roster will reflect the name, position, nationality, and foreign government or international organization concerned or purpose of visit as an official guest and reflect the date the person was accorded recognition as being “duly notified to the United States” or designated as an official guest and the date, if any, of termination of such status.

(18 U.S.C. 1116(b)(2), 1116(c)(4); sec. 4 of the Act of May 26, 1949, as amended (22 U.S.C. 2658))

[37 FR 24818, Nov. 22, 1972]
§ 3.3 Definitions.
When used in this part, the following terms have the meanings indicated:
(a) Employee means (1) an officer or employee of the Department, AID, IDCA, or USICA, including an expert or consultant, however appointed, and (2) a spouse (unless separated) or a dependent of such a person, as defined in section 152 of the Internal Revenue Code of 1954 (26 U.S.C. 152).
(b) Foreign government means: (1) Any unit of foreign governmental authority, including any foreign national, State, local, or municipal government; (2) any international or multinational organization whose membership is composed of any unit of foreign government as described in paragraph (b)(1) of this section; (3) any agent or representative of any such unit or organization, while acting as such;
(c) Gift means a tangible or intangible present (other than a decoration) tendered by, or received from, a foreign government;
(d) Decoration means an order, device, medal, badge, insignia, emblem or award tendered by, or received from, a foreign government;
(e) Minimal value means retail value in the United States at the time of acceptance of $100 or less, except that on January 1, 1961, and at 3-year intervals thereafter, “minimal value” is to be redefined in regulations prescribed by the Administrator of General Services, in consultation with the Secretary of State, to reflect changes in the consumer price index for the immediately preceding 3-year period.

§ 3.4 Restriction on acceptance of gifts and decorations.
(a) An employee is prohibited from requesting or otherwise encouraging the tender of a gift or decoration from a foreign government. An employee is also prohibited from accepting a gift or decoration from a foreign government, except in accordance with these regulations.
(b) An employee may accept and retain a gift of minimal value tendered and received as a souvenir or mark of courtesy, subject, however, to the following restrictions—
(1) Where more than one tangible item is included in a single presentation, the entire presentation shall be considered as one gift, and the aggregate value of all items taken together must not exceed “minimal value”.
(2) The donee is responsible for determining that a gift is of minimal value in the United States at the time of acceptance. However, should any dispute result from a difference of opinion concerning the value of a gift, the employing agency will secure the services of an outside appraiser to establish whether the gift is one of “minimal value”. If, after an appraisal has been made, it is established that the value of the gift in question is $200 or more at retail in the United States, the donee will bear the costs of the appraisal. If, however, the appraised value is established to be less than $200, the employing agency will bear the costs.
(c) An employee may accept a gift of more than minimal value when (1) such gift is in the nature of an educational scholarship or medical treatment, or (2) it appears that to refuse the gift would likely cause offense or embarrassment or otherwise adversely affect the foreign relations of the United States, except that a tangible gift of more than minimal value is deemed to have been accepted on behalf of the United States and, upon acceptance, shall become the property of the United States.
(d) An employee may accept gifts of travel or expenses for travel taking place entirely outside the United States (such as transportation, food, and lodging) of more than minimal value if such acceptance is appropriate, consistent with the interests of the United States, and permitted by the employing agency. Except where the employing agency has specific interests which may be favorably affected by employee travel wholly outside the
United States, even though it would not normally authorize its employees to engage in such travel, the standards normally applied to determine when proposed travel will be in the best interests of the employing agency and of the United States Government shall be applied in approving acceptance of travel or travel expenses offered by a foreign government.

1. There are two circumstances under which employees may accept gifts of travel or expenses:
   (i) When the employee is issued official travel orders placing him or her in the position of accepting travel or travel expenses offered by a foreign government which are directly related to the authorized purpose of the travel; or
   (ii) When the employee’s travel orders specifically anticipate the acceptance of additional travel and travel expenses incident to the authorized travel.

2. When an employee is traveling under circumstances described in paragraph (d)(1)(i) of this section, that is, without specific instructions authorizing acceptance of additional travel expenses from a foreign government, the employee must file a report with the employing agency under the procedures prescribed in §3.6.

3. Since tangible gifts of more than minimal value may not lawfully become the personal property of the donee, all supervisory officials shall, in advising employees of their responsibilities under the regulations, impress upon them their obligation to decline acceptance of such gifts, whenever possible, at the time they are offered, or to return them if they have been sent or delivered without a prior offer. All practical measures, such as periodic briefings, shall be taken to minimize the number of gifts which employees must deposit and which thus become subject to disposal as provided by law and regulation. Employees should not accept gifts of more than minimal value on the assumption that refusal would be likely to “cause offense or embarrassment or otherwise adversely affect the foreign relations of the United States”. In many instances it should be possible, by explanation of the prohibition against an employee’s retention of such gifts, to avoid consequences of acceptance, including possible return of the gift to the donor. Refusal of the gift at the inception should typically be regarded as in the interest both of the foreign government donor and the U.S. Government.

§ 3.5 Designation of officials and offices responsible for administration of foreign gifts and decorations.

(a) The Act effects a significant degree of decentralization of administration relative to the disposal of foreign gifts and decorations which become U.S. Government property. Each agency is now responsible for receiving from its employees deposits of foreign gifts of more than minimal value, as well as of foreign decorations not meeting the statutory criteria for retention by the recipient. The agency is also responsible for disposing of this property by return to the donor, for retaining it in the agency if official use of it is approved, for reporting to the General Services Administration within 30 calendar days after deposit items neither disposed of nor retained, and for assuming custody, proper care and handling of such property pending removal from that custody pursuant to disposal arrangements by the General Services Administration. The Secretary of State, however, is made responsible for providing guidance to other executive agencies in the development of their own regulations to implement the Act, as well as for the annual publication of lists of all gifts of more than minimal value deposited by Federal employees during the preceding year. (See §3.5(c).) Authority for the discharge of the Secretary’s responsibilities is delegated by these regulations to the Chief of Protocol.

(b) The Office of the Chief of Protocol retains primary responsibility for administration of the Act within the Department of State. That Office will, however, serve as the depository only for those foreign gifts and decorations which are turned in by State Department employees. The Director of Personnel Services of the USICA will have responsibility for administration of the Act within that agency and will serve as the depository of foreign gifts and decorations. Employees of the other
§ 3.6 Procedure to be followed by employees in depositing gifts of more than minimal value and reporting acceptance of travel or travel expenses.

(a) An employee who has accepted a tangible gift of more than minimal value shall, within 60 days after acceptance, relinquish it to the designated depository office for the employing agency for disposal or, with the approval of that office, deposit it for official use at a designated location in the employing agency or at a specified Foreign Service post. The designated depository offices are:

(1) For the Department of State, the Office of Protocol;

(2) For IDCA, the General Services Division of the Office of Management Planning in AID;

(3) For AID, the General Services Division of the Office of Management Planning;

(4) For USICA, the Office of Personnel Services.

(b) At the time that an employee deposits gifts of more than minimal value for disposal or for official use pursuant to paragraph (a) of this section, or within 30 days after accepting a gift of travel or travel expenses as provided in §3.4(d) (unless the gift of such travel or travel expenses has been accepted in accordance with specific instructions from the Department or agency), the employee shall file a statement with the designated depository office with the following information:

(1) For each tangible gift reported:

(i) The name and position of the employee;

(ii) A brief description of the gift and the circumstances justifying acceptance;

(iii) The identity of the foreign government and the name and position of the individual who presented the gift;

(iv) The date of acceptance of the gift;

(v) The donee’s best estimate in specific dollar terms of the value of the gift in the United States at the time of acceptance; and

(vi) Disposition or current location of the gift. (For State Department employees, forms for this purpose are available in the Office of Protocol.)

(2) For each gift of travel or travel expenses:

(i) The name and position of the employee;

(ii) A brief description of the gift and the circumstances justifying acceptance; and

(iii) The identity of the foreign government and the name and position of the individual who presented the gift.

(c) The information contained in the statements called for in paragraph (b) of this section is needed to comply with the statutory requirement that, not later than January 31 of each year, the Secretary of State publish in the FEDERAL REGISTER a comprehensive listing of all such statements filed by Federal employees concerning gifts of more than minimal value received by them during the preceding year.

§ 3.7 Decorations.

(a) Decorations tendered in recognition of active field service in time of combat operations or awarded for other outstanding or unusually meritorious performance may be accepted, retained, and worn by an employee, subject to the approval of the employing agency. Without such approval, the decoration is deemed to have been accepted on behalf of the United States and, like tangible gifts of more than minimal value, must be deposited by the employee with the designated depository office for the employing agency within sixty days after acceptance, for retention for official use or for disposal in accordance with §3.9.
§ 3.9 Disposal of gifts and decorations which become the property of the United States.

(a) Gifts and decorations which have been reported to an employing agency shall either be returned to the donor or kept in safe storage pending receipt of instructions from the General Services Administration for transfer, donation or other disposal under the provisions of the Federal Property and Administrative Services Act of 1949, 63 Stat. 377, as amended, and the Federal Property Management Regulations (41 CFR part 101–49). The employing agency shall examine each gift or decoration and the circumstances surrounding its donation and assess whether any adverse effect upon the foreign relations of the United States might result from a return of the gift (or decoration) to the donor, which shall be the preferred
means of disposal. If this is not deemed feasible, the employing agency is required by GSA regulations to report deposit of the gift or decoration within 30 calendar days, using Standard Form 120, Report of Excess Personal Property and, as necessary, Standard Form 120A, Continuation Sheet, and citing section 7342 of title 5, U.S. Code (1976), on the reporting document. Such reports shall be submitted to the General Services Administration, Washington National Capital Region (WDPO), Attention: Federal Property Resources Service, Seventh and D Streets, SW., Washington, DC 20407.

(b) No gift or decoration deposited with the General Services Administration for disposal may be sold without the approval of the Secretary of State, upon a determination that the sale will not adversely affect the foreign relations of the United States. When depositing gifts or decorations with the designated depository office of their employing agency, employees may indicate their interest in participating in any subsequent sale of the items by the Government. Before gifts and decorations may be considered for sale by the General Services Administration, however, they must first have been offered for transfer to Federal agencies and for donation to the States. Consequently, employees should understand that there is no assurance that an item will be offered for sale, or, if so offered, that it will be feasible for an employee to participate in the sale. Employees are reminded in this connection that the primary aim of the Act is to discourage employees’ acceptance of gifts of more than minimal value.

§ 3.10 Enforcement.

(a) Each employing agency is responsible under the Act for reporting to the Attorney General cases in which there is reason to believe that one of its employees has violated the Act. The Attorney General in turn may file a civil action in any United States District Court against any Federal employee who has knowingly solicited or accepted a gift from a foreign government in violation of the Act, or who has failed to deposit or report such gift, as an Act required by the Act. In such case, the court may assess a maximum penalty of the retail value of a gift improperly solicited or received, plus $5,000.

(b) Supervisory officials at all levels within employing agencies shall be responsible for providing periodic reorientation of all employees under their supervision on the basic features of the Act and these regulations, and for ensuring that those employees observe the requirements for timely reporting and deposit of any gifts of more than minimal value they may have accepted.

(c) Employees are advised of the following actions which may result from failure to comply with the requirements of the Act and these regulations:

(1) Any supervisor who has substantial reason to believe that an employee under his or her supervision has violated the reporting or other compliance provisions of the Act shall report the facts and circumstances in writing to the senior official in charge of administration within the cognizant bureau or office or at the post abroad. If that official upon investigation decides that an employee who is the donee of a gift or is the recipient of travel or travel expenses has, through actions within the employee’s control, failed to comply with the procedures established by the Act and these regulations, the case shall be referred to the Attorney General for appropriate action.

(2) In cases of confirmed evidence of a violation, whether or not such violation results in the taking of action by the Attorney General, the senior administrative official referred to in paragraph (c)(1) of this section shall institute appropriate disciplinary action against an employee who has failed to:

(i) Deposit tangible gifts within 60 days after acceptance, (ii) account properly for the acceptance of travel expenses or (iii) comply with the Act’s requirements respecting disposal of gifts and decorations retained for official use.

(3) In cases where there is confirmed evidence of a violation, but no evidence that the violation was willful on the part of the employee, the senior administrative official referred to in paragraph (c)(1) of this section shall institute appropriate disciplinary action of a lesser degree than that called for in

SOURCE: 40 FR 28606, July 8, 1975, unless otherwise noted.

§ 8.1 Authorities.

(a) Regulatory authorities. (1) These regulations are issued to implement the Federal Advisory Committee Act, Pub. L. 92–463, which became effective January 5, 1973, and Office of Management and Budget Circular No. A–63 of March 27, 1974. These regulations also are in accordance with Executive Order 11769 of February 21, 1974, and the responsibilities of the Secretary of State under 22 U.S.C. 2656.

(2) These regulations apply to any advisory committee which provides advice to the Department of State or any officer of the Department. However, to the extent that an advisory committee is subject to particular statutory provisions, which are inconsistent with the Federal Advisory Committee Act, these regulations do not apply.

(b) Delegated authority. (1) The Deputy Under Secretary for Management has been designated by the Secretary (Delegation of Authority No. 125 signed November 7, 1972) to have full responsibility for the Committee Management function.

(2) The Advisory Committee Management Officer in the Management Systems Staff administers the Committee Management Program for the Deputy Under Secretary for Management.

§ 8.2 Policy.

(a) Advisory Committees are to be used for obtaining advice and recommendations on matters for which they were established, and may be utilized only when the information sought is not otherwise efficiently and economically available.

(b) Unless provided otherwise by statute or Presidential directive, advisory committees shall be utilized solely for advisory functions and any decision taken pursuant to the advice or recommendation of an advisory committee is the responsibility of the appropriate Department officer. For the purposes of this provision, “Presidential directive” includes an executive order or executive memorandum.

(c) Meetings of advisory committees will be open to the public unless there is a compelling reason which requires nondisclosure of the subject matter in accordance with public law (5 U.S.C. 552 (b)).

§ 8.3 Scope.

(a) The Federal Advisory Committee Act applies to committees “established” by the Government and to committees “utilized” though not established by the Government.

(1) The President and the Congress, or the Department in consultation with the Office of Management and Budget, may establish a group which shall be known as an advisory committee for the purpose of obtaining advice or recommendations and which shall be subject to the Federal Advisory Committee Act throughout its existence.

(b) Though not established by the President or the Department, a group utilized for the purpose of obtaining advice or recommendations must file a charter prior to a meeting, and otherwise conform to the requirements of the Act during any meetings or other contacts with the Department.

(1) One requisite for coverage of either type (established or utilized) under the Federal Advisory Committee Act is that the group can be defined as a committee as set forth in the definition of a committee, as contained in §8.4 of these regulations, and have all or most of the following characteristics:
§ 8.6 Membership.

(a) The act requires a balanced membership in terms of the points of view represented. Members are selected for their expertise in the committee’s functions and should be chosen from different vocations having knowledge in the subject.

(b) It is Department policy that members will be selected without regard to national origin, religion, race, sex, or color.

(c) The committee office will keep the Advisory Committee Management Officer currently advised of a committee’s membership including vacancies.
§ 8.7 Security.

(a) All officers and members of a committee must have a security clearance for the subject matter level of security at which the committee functions.

(b) The responsible committee office will provide the Advisory Committee Management Officer with each member’s security clearance level and date of issue.

(c) The substantive office sponsoring an advisory committee is responsible for access to and removal from official premises of classified material in accordance with the Department’s security regulations (5 FAM 940 and 973). Any questions arising involving security procedures are to be presented to the Office of Security for guidance and resolution.

§ 8.8 Chartering of committees.

(a) Requirements. (1) Each advisory committee, whether established or utilized, must have a charter approved by the Deputy Under Secretary of State for Management and filed with the Advisory Committee Management Officer, the Senate Foreign Relations Committee and the House Committee on International Relations, and in the case of a Presidential advisory committee only with the Committee Management Secretariat of OMB before it can hold a meeting.

(2) Formal subgroups may be chartered separately or the requisite information set forth in the charter of the parent committee.

(3) Informal subgroups may not require a charter; however, the charter of the parent committee must cover this aspect of its organization.

(4) The Advisory Committee Management Officer will, at the time a charter is filed, furnish a copy of the filed charter to the Library of Congress.

(b) Contents. Each committee charter shall contain: The official name and acronym, if any; the objectives, scope of activity, and full description of duties; the authority for such functions; the Department official (by title) to whom the committee reports; the relationship to or with other committees; the committee organization, composition of membership and officers’ responsibilities; a description of the type of minutes, with their certification of accuracy, and records to be maintained; the estimated annual operating costs in dollars and man-years, and the source and authority for these resources; the period of time that will be required by the committee to accomplish its stated purpose; the estimated number and frequency of meetings; the termination date; and the filing date of the charter.

(c) Termination and Renewal. (1) An existing advisory committee will be automatically terminated at the end of a 2-year period (i.e., date specified in charter) unless its charter is renewed, except for a statutory committee which has provisions providing to the contrary.

(2) The Deputy Under Secretary for Management will make a determination, based on a comprehensive review, whether or not a committee will be continued.

(3) The OMB Secretariat will be advised of the determination and reasons therefore 60 days prior to the charter expiration date of the committee. If the Secretariat concurs, the Advisory Committee Management Officer will publish in the FEDERAL REGISTER the Department’s intent to continue those advisory committees so designated by the Deputy Under Secretary for Management.

(4) Each office responsible for an advisory committee it wishes to continue will prepare a new charter and submit it to the Advisory Committee Management Officer before October 1 biennially.

(5) No advisory committee shall meet, advise or make recommendations between the expiration date of its charter and the date its new charter is filed.

(d) Amendments. (1) The charter of a committee may be amended, as necessary, to reflect current information on organization, composition, activities, et cetera.

(2) A proposed amendment must be approved prior to any committee activity to which the proposed amendment relates.

§ 8.9 Meetings of advisory committees.

(a) Applicability. The term “meeting” covers any situation in which all or
some of the members of an advisory committee convene with a representative of the Department to transact committee business or to discuss matters related to the committee. This is applicable to an advisory committee and its subordinate components.

(b) Designated Department official. (1) No advisory committee may hold a meeting in the absence of the designated full-time Department or other U.S. Government officer.

(2) The designated Department or other U.S. Government officer has the following responsibilities:

(3) The responsible committee office will prepare the notice and press release, obtaining clearances as set forth in paragraphs (c)(3) (i) and (ii) of this section, and deliver to the Advisory Committee Management Officer for action:

(i) Open meeting—clearance within initiating office/bureau;

(ii) Closed meeting—clearance within initiating office/bureau including its legal adviser, and the Bureau of Public Affairs at the Bureau level.

(4) The Deputy Under Secretary for Management will determine if an advisory committee may hold a closed meeting, after a request for a meeting not open to the public is cleared by the Advisory Committee Management Officer and the Office of the Legal Adviser.

(5) After the clearances set forth in paragraphs (c)(3) and (4) of this section, a notification of meeting may also be provided by the office/bureau to any persons or organizations known to be interested in the activities of the committee.

(6) The office sponsoring the committee is responsible for meeting publishing date requirements. Overall normal processing time prior to a meeting date is 25 days for an open meeting and 47 days for a closed meeting.

(2) An open meeting announcement will state the name of the committee; the date, time, and place of the meeting; the agenda or summary thereof; that the meeting will be open to the public; the extent to which the public may participate in the meeting, either orally or in writing; seating space available; and the name and telephone number of a committee officer to whom inquiries may be directed, including arrangements for those attending if the meeting is in a secure building.

(3) A closed meeting announcement will state the name of the committee, the date of meeting and the reason or reasons which justify the closing of the meeting in the public interest.

(e) Closed meetings. (1) An advisory committee meeting may be closed in accordance with the Federal Advisory Committee Act when the President or Department determines that the meeting is concerned with matters listed in section 552(b) of title 5, United States Code.

(2) Any determination to close all or a part of a meeting must be based upon specific reasons. If a meeting is to cover separable matters, not all of which are within the exemptions of 5 U.S.C. 552(b), only the portion of the meeting dealing with exempt matters may be closed.

(3) When a meeting or portion of a meeting is to be closed to the public, the notice should state the reasons for the closing.

(4) The written request in accordance with paragraph (c)(4) of this section, for a determination by the Deputy Under Secretary for Management that a committee may hold a closed meeting must be submitted at least 47 days before the scheduled date of the meeting unless the Deputy Under Secretary
for Management determines that a shorter period of time is necessary.

(f) Cancelled meetings. (1) The cancellation of a scheduled committee meeting must be publicized without delay.

(2) The responsible committee office will prepare a public notice and press release and hand-carry them to the Advisory Committee Management Officer as soon as the decision to cancel the meeting is made.

(3) The notice and press release will state the name of the advisory committee, identify the meeting that is cancelled, and state why it is cancelled. The FEDERAL REGISTER data, if known, concerning the announcement should be cited.

(g) Rescheduled meetings. If downgrading is determined to be warranted, the classification level of the material shall be changed to the appropriate lower level.

(c) Authority to downgrade and declassify. (1) Classified information may be downgraded or declassified by the official who originally classified the information if that official is still serving in the same position, by a successor in that capacity, by a supervisory official of either, or by any other official specifically designated by the Secretary or the senior agency official.

(2) The Department shall maintain a record of Department officials specifically designated as declassification and downgrading authorities.

(d) Declassification in the public interest. Although information that continues to meet the classification criteria of the Executive Order or a predecessor order normally requires continued protection, in some exceptional cases the need to protect information may be outweighed by the public interest in disclosure of the information. When such a question arises, it shall be referred to the Secretary or the Senior Agency Official for decision on whether, as an exercise of discretion, the information should be declassified and disclosed. This provision does not amplify or modify the substantive criteria or procedures for classification or create any substantive or procedural right subject to judicial review.

(e) Public dissemination of declassified information. Declassification of information is not authorization for its public disclosure. Previously classified information that is declassified may be subject to withholding from public disclosure under the FOIA, the Privacy Act, and various statutory confidentiality provisions.

§ 9.10 Mandatory declassification review.

All requests to the Department by a member of the public, a government employee, or an agency to declassify and release information shall result in a prompt declassification review of the information in accordance with procedures set forth in 22 CFR 171.20–25. Mandatory declassification review requests should be directed to the Information and Privacy Coordinator, U.S. Department of State, SA–2, 515 22nd St., NW., Washington, DC 20522–6001.

§ 9.11 Systematic declassification review.

The Information and Privacy Coordinator shall be responsible for conducting a program for systematic declassification review of historically valuable records that were exempted from the automatic declassification provisions of section 3.3 of the Executive Order. The Information and Privacy Coordinator shall prioritize such
review on the basis of researcher interest and the likelihood of declassification upon review.

§ 9.a.4 Classification.

(a) The United States has entered into the Agreement on an International Energy Program of November 18, 1974, which created the International Energy Agency (IEA). This program is a substantial factor in the conduct of our foreign relations and an important element of our national security. The effectiveness of the Agreement depends significantly upon the provision and exchange of information and material by participants in advisory bodies created by the IEA. Confidentiality is essential to assure the free and open discussion necessary to accomplish the tasks assigned to those bodies.

(b) These regulations establish procedures for the classification, declassification, storage, access, and dissemination of certain information related to the International Energy Program.

§ 9.a.3 Scope.

These regulations apply to all information and material classified by the United States under the provisions of E.O. 11932, dated August 4, 1976 entitled “Classification of Certain Information and Material Obtained From Advisory Bodies Created To Implement The International Energy Program.”

(a) Section 1 of E.O. 11932, August 4, 1976 directs that information and material obtained pursuant to the International Energy Program and which requires protection against unauthorized disclosure in the interest of the national defense or foreign relations of the United States shall be classified pursuant to Executive Order 11652.

(b) Information and material, including transcripts, records, and communications, in the possession of the United States Government which has been obtained pursuant to (1) section 252(c)(3), (d)(2) or (e)(3) of the Energy Policy and Conservation Act (89 Stat. 871, 42 U.S.C. 6272(c)(3), (d)(2), (e)(3)), or (2) The Voluntary Agreement and Program Relating to the International Energy Program (40 FR 16041, April 8, 1975), or (3) the Voluntary Agreement and Plan of Action to Implement the International Energy Program (41 FR 13998, April 1, 1976), or (4) Any similar
Voluntary Agreement and Program entered into under the Energy Policy and Conservation Act shall be reviewed by an officer of the Department of State with classifying authority for the purpose of determining whether such information or material should be classified pursuant to E.O. 11652. If the officer determines that the information or material warrants classification, he shall assign it the appropriate classification. Such information or material may be exempted from the General Declassification Schedule established by section 5 of Executive Order No. 11652 if it was obtained by the United States on the understanding that it be kept in confidence, or if it might otherwise be exempted under section 5(B) of such Order.

(c) In classifying such information or material, officers of the Department of State shall follow the standards in E.O. 11652 and the provisions of 22 CFR 9.5 through 9.8.

§ 9a.5 Declassification and downgrading.

The provisions of E.O. 11652, 22 CFR 9.9 through 9.15, and 9a.4(b) shall govern declassification and downgrading of such information or material.

§ 9a.6 Marking.

(a) The provisions of 22 CFR 9.15 through 9.19 shall govern the marking of information or material classified under the provisions of these regulations, except that the following stamp shall be used as appropriate:

(Top Secret, Secret or Confidential)
Classified by:
Under Executive Order 11932
Exempt from General Declassification Schedule of E.O. 11652 Exemption Category section 5B (2), (3), or (4); or E.O. 11932
Automatically Declassified on (effective date or event if any)

Exemption category “E.O. 11932” shall be used for information and material obtained by the United States on the understanding that it be kept in confidence and classified under E.O. 11932.

(b) If the information or material does not qualify for exemption from the General Declassification Schedule, ordinary stamps and marking may be used.

§ 9a.7 Access.

(a) Except as set forth in this section, access to information or material classified under the provisions of these regulations shall be governed by the provisions of 22 CFR 9.20 through 9.25.

(b) Classified information and material which was created by or in connection with an advisory body to the IEA may be made available to participants in such advisory body and their colleagues in accordance with the following subsections.

(c) Such information and material classified “Confidential” may be made available for review to participants in the meeting of the advisory body in which it was developed or discussed. Where participants are acting as representatives of companies or of the IEA Secretariat, such information and material may be made available for review to employees or other representatives of, or counsel for, such companies or Secretariat: Provided, That such person is determined by an appropriate officer of the Department to be trustworthy and to have a need for access to the particular classified information sought in connection with the performance of duties in furtherance of the purposes of the IEA, including the furnishing of legal advice to such participants.

(d) Such information and material classified “Confidential” may be left in the custody of such participants or other persons who may review it for reasonable period of time: Provided, That an appropriate officer of the Department determines that it will be protected from unauthorized disclosure by adequate security safeguards. Such information or material may not be reproduced by those permitted to review it pursuant to this section without the written consent of an officer of the Department with classifying authority.

(e) Such information and material classified other than “Confidential” under E.O. 11652 may be made available for review only to participants in the meeting in which it was developed or discussed; it must be reviewed in the presence of an official of the United States Government with an appropriate security clearance granted by the Department, and may not be left in the custody of such participants.
§ 9a.8 Physical protection.

Except as provided in §9a.7, the physical protection of information or material classified under this regulation shall be governed by the appropriate provisions of 22 CFR 9.45 through 9.49.

11.20 Foreign Service specialist career candidate appointments.
11.30 Senior Foreign Service officer career candidate and limited non-career appointments.

§ 11.1 Junior Foreign Service officer career candidate appointments.

(a) General considerations—(1) Authority. Pursuant to sections 302 and 306 of the Foreign Service Act of 1980 (hereinafter referred to as the Act), all Foreign Service officers shall be appointed by the President, by and with the advice and consent of the Senate. All appointments shall be made to a class and not to a particular post. No person shall be eligible for appointment as a Foreign Service officer unless that person is a citizen of the United States. Such appointment is initially to career candidate status with subsequent commissioning to career status governed by the provisions of Volume 3 (Personnel), Foreign Affairs Manual, section 570. In accordance with section 102(b) of the Act, all references in these regulations to Foreign Service officers shall, with respect to the United States Information Agency, be deemed to refer to Foreign Service information officers.

(2) Veterans’ preference. Pursuant to section 301 of the Act, and notwithstanding the provisions of section 3320 of title 5 of the United States Code, the fact that an applicant is a veteran or disabled veteran, as defined in section 2108 (3A), (3B), or (3C) of such title, shall be considered as an affirmative factor in the selection of candidates for appointment as Foreign Service officer career candidates.

(3) Policy. Appointment as a Junior Foreign Service officer Career Candidate of class 6, 5, or 4, is governed by these regulations. Successful applicants will be appointed as Career Candidates for a period not to exceed 5 years. Under precepts of the Commissioning and Tenure Board, Career Candidates may be granted tenure and converted to career Foreign Service officer status. Those who are not granted tenure prior to the expiration of their Career Candidate appointments will be separated from the Career Candidate program no later than the expiration date of their appointments. Separated candidates who originally were employees of a department or agency will be entitled to reemployment rights in their former department or agency in accordance with section 310 of the Act.

(b) Written examination. The following regulations apply to the written examination.

(1) Purpose. The written examination is designed to enable the Board of Examiners for the Foreign Service to test the applicant’s intelligence, breadth and quality of knowledge, and understanding in relation to the requirements of Foreign Service work.

(2) Eligibility. Prior to each written examination, the Board of Examiners for the Foreign Service will establish a closing date for the receipt of applications for designation to take the examination. No person will be designated to take the written examination, an applicant, as of the date of the examination, must be a citizen of the United States and at least 20 years of age.

(3) When and where given. The written examination will be given periodically, normally at least once a year, in designated cities in the United States and
at Foreign Service posts, on dates established by the Board of Examiners and publicly announced.

(4) **Grading.** The several parts of the written examination will be weighted and graded according to standards established by the Board of Examiners. The number of candidates who pass each written examination will be governed by the projected hiring needs of the participating foreign affairs departments and agencies in subsequent years.

(c) **Oral examination.** The following regulations apply to the oral examination:

(1) **Purpose.** The oral examination is designed to enable the Board of Examiners for the Foreign Service to test the candidate’s competence to perform the work of a Foreign Service officer at home and abroad, potential for growth in the Foreign Service, and suitability to serve as a representative of the United States abroad. The oral examination for the Junior Career Candidate Program will consist of an assessment procedure publicly announced by the Board of Examiners and hereinafter referred to as the oral examination.

(2) **Eligibility**—(i) Through written examination. (A) Candidates whose weighted score on the written examination is at or above the passing level set by the Board of Examiners will be eligible for selection to take the oral examination. All eligible candidates normally will be invited to take the oral examination.

(B) Should the total number of eligible candidates substantially exceed the projected hiring needs of the Foreign Service, the Board of Examiners may establish and publicly announce a higher written examination score than the passing level as the basis for selection to take the oral examination. All eligible candidates normally will be invited to take the oral examination.

(C) The Board of Examiners may authorize special consideration to be given in the selection of candidates, from among those eligible, for the purpose of meeting language requirements, Affirmative Action goals, or for other purposes which the Board with the concurrence of the prospective hiring agencies may from time to time approve and publicly announce.

(D) The nature and applicability of all criteria utilized to select eligible candidates to take the oral examination will be developed by the Board of Examiners in consultation with the prospective hiring agencies and publicly announced in advance of each examination by the Board.

(E) Candidates who are selected to take the oral examination will be notified of the period of time after the date of the written examination, as determined by the Board of Examiners, within which the oral examination must be conducted. That period will normally be 1 year, but it may be extended or shortened in special circumstances by the Board. The candidacy of anyone whose candidacy has not been extended by the Board, and who has not again passed the written examination in the meantime, will be terminated 2 years after the end of the month in which the written examination was held. Time spent outside the United States and its territories, for reasons acceptable to the Board of Examiners, will not be counted against this 2-year period. The candidacy of anyone for whom the 2-year period is extended by the Board because of being abroad will be terminated automatically if the candidate fails to appear for the oral examination within 3 months after first returning to the United States. If a candidate fails to appear for the oral examination on an agreed date within the period of eligibility without an excuse acceptable to the Board, the candidacy will automatically terminate.

(ii) Through affirmative action. Members of the minority groups specified by the Equal Opportunity Act of 1972, as amended, may be selected by the Board of Examiners for admission to the oral examination in accordance with the Affirmative Action Programs of the participating departments and agencies. Such candidates must be at least 21 years of age, citizens of the United States, and holders of at least a bachelor’s degree from an accredited college or university. Affirmative Action Program applicants will be evaluated on a highly competitive basis, in accordance with criteria established by the Board in consultation with the participating departments and agencies.
and publicly announced, to determine those to be selected for the oral examination.

(iii) Through the mustang program. (A) Employees of the Department of State in classes FS–9 through FS–4 and grades GS–1 through GS–12 who are at least 21 years of age and who have at least 3 years of service with the Department may be selected by the Board of Examiners for admission to the oral examination for the Junior Career Candidate Program in accordance with the Mustang Program of the Department. Such Mustang candidates must: (1) Complete successfully an appropriate Foreign Service Institute-sponsored or approved university or correspondence course relevant to officer-level responsibility in the chosen Foreign Service field of specialization; (2) submit an autobiography of approximately 1000 words; and (3) be recommended by a Qualifications Evaluation Panel of the Board of Examiners for selection for the oral examination.

(B) Employees of the Department of State in classes FS–3 and GS–13 and above are eligible for the Mid-Level Career Candidate Program and should apply under that program if they wish to be considered for conversion to Foreign Service officer status (see § 11.10).

(iv) Through the upward mobility program. Admission to the oral examination through the Upward Mobility Program of the United States Information Agency is governed by procedures established by that agency.

(3) When and where given. The oral examination cycle will be held each year in Washington, DC, and in selected cities in the United States. If circumstances permit, oral examinations may also be held at selected Foreign Service posts when approved by the Board of Examiners.

(4) Examining panel. The oral examination will be given by a panel of deputy examiners approved by the Board of Examiners from a roster of Foreign Service officers; Foreign Service information officers; career officers from the Department of State, the United States Information Agency, and the Department of Commerce; and qualified private citizens who, by prior service as members of departmental or agency Foreign Service selection boards or other appropriate activities, have demonstrated special qualifications to serve as deputy examiners. Service as a deputy examiner shall be limited to a maximum of 5 years, unless a further period is specifically authorized by the Board. Examination panels shall be chaired by a career officer of the Foreign Service. Determinations of duly constituted panels of deputy examiners are final unless modified by specific action of the Board of Examiners.

(5) Grading. Candidates taking the oral examination will be graded numerically according to standards established and publicly announced by the Board of Examiners. The candidacy of anyone whose score is at or above the passing level set by the Board will be continued. The candidacy of anyone whose score is below the passing level will be terminated and may not be considered again until the candidate has passed a new written examination. An Affirmative Action, Mustang, or Upward Mobility candidate who fails the oral examination may not be considered again until 1 year after that date.

(d) Background investigation. Candidates who pass the oral examination will be eligible for selection by the Board for the background investigation. The background investigation shall be conducted to determine the candidate’s suitability for appointment to the Foreign Service. Should the total number of eligible candidates substantially exceed the anticipated needs of the Foreign Service, the Board of Examiners may authorize priorities to be established, on the basis of combined written and oral examination scores and Affirmative Action considerations, for scheduling the background investigation.

(e) Medical examination—(1) Eligibility. Candidates who pass the oral examination, and their dependents, will be eligible for selection by the Board of Examiners for the medical examination.

(2) Purpose. The medical examination shall be conducted to determine the candidate’s physical fitness to perform the duties of a Foreign Service officer on a worldwide basis and, for candidates and dependents, to determine the presence of any physical, neurological, or mental condition of such a
nature as to make it unlikely that they would be able to function on a worldwide basis.

(3) **Conduct.** The medical examination may be conducted by medical officers of the Department of State, the Armed Forces, the Public Health Service, accredited colleges and universities, or by private physicians.

(4) **Determination.** The Medical Director of the Department of State will determine, on the basis of the report of the physician(s) who conducted the medical examination, whether the candidate has met the required medical standards for appointment (see section 1930, Volume 3, Foreign Affairs Manual).

(5) **Waiver of worldwide availability requirement.** When authorized and requested by the candidate, the Director General of the Foreign Service, or the Director General’s delegatee, will review the case of any Department of State Foreign Service candidate who has been denied an unlimited medical clearance for assignment worldwide, and determine whether or not the candidate should be appointed despite the medical disqualification. Decisions of the Director General of the Foreign Service, or the Director General’s delegatee, are final and are not subject to further appeal by the candidate.

(6) **Final review panel.** After the results of the medical examination and background investigation are received, the candidate’s entire file will be reviewed and graded by a Final Review Panel, consisting of two or more deputy examiners of the Board of Examiners. Candidates who have completed the examination process; have passed their medical examination, or have obtained a waiver from the Director General of the Foreign Service, or his or her delegatee, or the equivalent in accordance with the procedures of the other participating agencies; and on the basis of their background investigation, have been found suitable to represent the United States abroad, will have their names placed on the functional rank-order register(s), or a special register, for the agency or agencies for which they have been found qualified. Thereafter, they will be considered for employment based on the needs of the individual foreign affairs agencies. The candidacy of any candidate who is determined by the Final Review Panel to be unqualified for appointment shall be terminated and the candidate so informed.

(g) **Certification for appointment—(1) Eligibility.** (i) A candidate will not be certified as eligible for appointment as a Foreign Service Officer Career Candidate of class FS–6 unless that candidate is at least 21 years of age and a citizen of the United States.

(ii) Career Candidate appointments shall be made before the candidate’s 60th birthday. Appointments by the United States Information Agency shall be made before the candidate’s 58th birthday. The maximum age for appointment under this program is based on the requirement that all career candidates shall be able to: (A) Complete at least two full tours of duty, exclusive of orientation and training, (B) complete the requisite eligibility period for tenure consideration, and (C) complete the requisite eligibility period to receive retirement benefits, prior to reaching the mandatory retirement age of 65 prescribed by the Act.

(iii) A candidate may be certified as eligible for direct appointment to classes FS–5 or FS–4 if the Board of Examiners determines in accordance with published criteria that, in addition to meeting the requirements for class FS–6, the candidate has additional special experience and skills for which there is a need in the Foreign Service.

(iv) Recommended candidates who meet the requirements of this section will be certified for appointment by the Board, in accordance with the needs of the foreign affairs agencies, in the order of their standing on their respective registers.

(2) **Functional rank-order registers.** The Board of Examiners may maintain separate rank-order registers for Career Candidates in administrative, consular, economic, and political functions of the Department of State; for Career Candidates in the information/cultural function of the United States Information Agency; for Career Candidates in the foreign commercial function of the Department of Commerce; and for functions of other participating foreign affairs agencies. Appointments from
Department of State § 11.2

each functional register will be made in rank order according to the needs of the relevant agency.

(3) Special programs. (i) Qualified minority candidates who apply and qualify under the Department of State Affirmative Action Junior Officer Program (AAJOP) may be placed on a separate register and offered appointment from that register to meet Affirmative Action hiring goals established by the Secretary.

(ii) Qualified minority candidates who apply and qualify under the Comprehensive Minority Recruitment and Training Program (COMRAT) of the United States Information Agency may be placed on a separate register and offered appointment from that register in accordance with the Affirmative Action Program established by that agency.

(iii) Mustang and Upward Mobility candidates who are career employees of the Department of State or the United States Information Agency will be certified by the Board of Examiners for direct appointment on an individual basis after satisfactorily completing all aspects of the examination process.

(4) Postponement of entrance on duty. Postponement of entrance on duty because of civilian Federal Government service abroad (to a maximum of 2 years of such service), including Peace Corps volunteer service, or required active regular or reserve military service (to a maximum of the limit of such required service), will not be counted as part of the 18-month eligibility period.

(2) Extension. The Board of Examiners may extend the eligibility period when such extension is, in its judgment, justified in the interest of the Foreign Service.

(i) Travel expenses. The travel and other personal expenses of candidates incurred in connection with the written and oral examinations will not be borne by the Government. However, the participating foreign affairs departments and agencies may issue round-trip invitational travel orders to bring candidates to Washington, DC, at Government expense, when it is determined by the agencies that this is necessary in the interest of the Foreign Service.

(5) Foreign language requirement. A candidate may be certified for appointment to classes FS–6, FS–5, or FS–4 without first having passed an examination in a foreign language, but the appointment will be subject to the condition that the newly appointed Career Candidate may not be converted to career Foreign Service officer status unless, within a specified period of time, adequate proficiency in a foreign language is achieved. For limitations on promotion, see section 874, Volume 3, Foreign Affairs Manual.

(h) Termination of eligibility—(1) Time limit. Candidates who have qualified but have not been appointed because of lack of openings will be removed from the rank-order register 18 months after the date of placement on the rank-order register. Time spent in civilian Federal Government service abroad (to a maximum of 2 years of such service), including Peace Corps volunteer service, or in required active regular or reserve military service (to a maximum of the limit of such required service), will not be counted as part of the 18-month eligibility period.

The Board of Examiners for the Foreign Service has established the following rules regarding the written examination:

(a) When and where given. The written examination will be given annually or semiannually, if required, in designated cities in the United States and at Foreign Service posts on dates established by the Board of Examiners for the Foreign Service. Applicants must indicate in their applications whether they are applying for the Department of State or for the U.S. Information Agency. Candidates who pass the written examination successfully may request a transfer of their applications to the other agency.

(b) Designation to take written examination. No person will be permitted to take a written examination for appointment as a Foreign Service officer.
or Foreign Service information officer who has not been specifically designated by the Board of Examiners to take that particular examination. Prior to each written examination, the Board will establish a closing date for the receipt of applications for designation to take the examination. No person will be designated for the examination who has not, as of that closing date, filed an application with the Board. To be designated for the written examination, a candidate, as of the date of the examination, must be a citizen of the United States and shall be at least 21 years of age, except that an applicant who has been awarded a bachelor’s degree by a college or university, or has successfully completed the junior year at a college or university, may qualify if at least 20 years of age.

(c) Content. The written examination is designed to permit the Board to test the candidate’s intelligence, breadth and quality of knowledge, and understanding. It will consist of three parts:

(1) A general ability test, (2) an English expression test, and (3) a general background test.

(d) Grading. The several parts of the written examination are weighted in accordance with the rules established by the Board of Examiners.

(22 U.S.C. 1221 et seq.)

§ 11.3 Oral examination for appointment to class 7 or 8.

The Board of Examiners for the Foreign Service has established the following rules regarding the oral examination:

(a) When and where given. The oral examination will be given throughout the year at Washington and periodically in selected cities in the United States and, if circumstances permit, at selected Foreign Service posts.

(b) Eligibility. If a candidate’s weighted average on the written examination is 70 or higher, the candidate will be eligible to take the oral examination. Candidates eligible for the oral examination will be given an opportunity and will be required to take the oral examination within 9 months after the date of the written examination. If a candidate fails to appear for the oral examination on an agreed date within the 9-month period, the candidacy will automatically terminate, except that time spent outside the United States and its territories, for reasons acceptable to the Board of Examiners, will not be counted against the 9-month period. The candidacy of anyone for whom the 9-month period is extended because of being abroad will be automatically terminated if the candidate fails to appear for the oral examination within 3 months after first returning to the United States: Provided, That the candidacy of anyone who has not returned and been examined in the meantime will be canceled 2 years after the end of the month in which the written examination was held.

(c) Examining process. (1) The oral examination will be given by a panel of deputy examiners approved by the Board of Examiners from a roster of Foreign Service officers, officers from the Department of State, and other Government agencies, and qualified private citizens who by prior service as members of selection boards or through other appropriate activities have demonstrated special qualifications for this work. Service as deputy examiners shall be limited to a maximum of 5 years, unless a further period is specifically authorized by the Board.

(2) The examination will be conducted in the light of all available information concerning the candidate and will be designed to determine the candidate’s: (i) Competence to perform the work of a Foreign Service officer at home and abroad; (ii) potential for growth in the Service; and (iii) suitability to serve as a representative of the United States abroad. Panels examining candidates for the Department of State will be chaired by a Foreign Service officer of the Department. Panels examining candidates for the U.S. Information Agency will be chaired by a Foreign Service officer of that Agency. Determinations of duly constituted panels of deputy examiners are final, unless modified by specific action of the Board of Examiners for the Foreign Service.

(3) Grading: Candidates appearing for the oral examination will be graded
“recommended” or “not recommended.” If recommended, the panel will assign a grade which will be advisory to the Final Review Panel in determining the candidate’s standing on the rank-order register of eligibles. The candidacy of anyone who is graded “not recommended” is automatically terminated and may not be considered again until the candidate has passed a new written examination.

(4) An investigation shall be conducted of candidates who have been graded “recommended” by the oral examining panel to determine loyalty to the Government of the United States and attachment to the principles of the Constitution.

(22 U.S.C. 1221 et seq.)

§ 11.4 Medical examination for appointment to class 7 or 8.

The Board of Examiners for the Foreign Service has established the following rules regarding the medical examination of candidates.

(a) A candidate graded “recommended” on the oral examination will be eligible for the physical examination.

(b) The medical examination is designed to determine the candidate’s physical fitness to perform the duties of a Foreign Service officer on a worldwide basis and to determine the presence of any physical, nervous, or mental disease or defect of such a nature as to make it unlikely that the candidate would become a satisfactory officer. The Executive Director of the Board of Examiners for the Foreign Service, with the concurrence of the Deputy Assistant Secretary for Medical Services, may make such exceptions to these physical requirements as are in the interest of the Service. All such exceptions shall be reported to the Board of Examiners for the Foreign Service at its next meeting.

(c) The medical examination will be conducted by medical officers of the Armed Forces, the Public Health Service, the Department, accredited colleges and universities, or, with the approval of the Board of Examiners, by private physicians.

(d) The Deputy Assistant Secretary for Medical Services will determine, on the basis of the report of the physician(s) who conducted the medical examination, whether the candidate has met the standards set forth in paragraph (b) of this section.

(22 U.S.C. 1221 et seq.)

[37 FR 19356, Sept. 20, 1972]

§ 11.5 Certification for appointment to class 7 or 8.

(a) Candidates will not be certified as eligible for appointment as Foreign Service officers of class 8 unless they are at least 21 years of age, is a citizen of the United States, and, if married, married to a citizen of the United States. A candidate may be certified as eligible for direct appointment to class 7 if, in addition to meeting these specifications, the candidate also has additional qualifications of experience, education, and age which the Board of Examiners for the Foreign Service currently defines as demonstrating ability and special skills for which there is a need in the Foreign Service. Recommended candidates who meet these requirements will be certified for appointment, in accordance with the needs of the Service, in the order of their standing on their respective registers.

(b) Separate registers for Department of State candidates will be maintained for the administrative, consular, commercial/economic, and political functional specialties. Successful candidates for the U.S. Information Agency will have their names placed on a separate rank-order register and appointments will be made according to the needs of the Agency. Postponement of entrance on duty for required active military service, or required alternative service, civilian Government service abroad (to a maximum of 2 years of such civilian service), or Peace Corps volunteer service, will be authorized. A candidate may be certified for appointment to class 7 or 8 without first having passed an examination in a foreign language, but the appointment will be subject to the condition that the newly appointed officer may not receive more than one promotion unless,
within a specified period of time, adequate proficiency in a foreign language is achieved.

(22 U.S.C. 1221 et seq.)

§ 11.6 Final Review Panel.

After the results of the medical examination and background investigation are received, the candidate’s entire file will be reviewed by a Final Review Panel, consisting of two or more deputy examiners. Candidates who have been graded “recommended” by oral examining panels, who have passed their medical examination, and who, on the basis of investigation have been found to be loyal to the Government of the United States and personally suitable to represent it abroad, will have their names placed on a rank-order register for the functional specialty for which they have been qualified. Their standing on the register will be determined by the Final Review Panel after taking into account the grade assigned by the oral examining panel and any information developed subsequent to the oral examination concerning the applicant. The candidacy of anyone who is determined by the Final Review Panel to be unqualified for appointment shall be terminated and the candidate so informed.

(22 U.S.C. 1221 et seq.)
[37 FR 19356, Sept. 20, 1972]

§ 11.7 Termination of eligibility.

(a) Candidates who have qualified but have not been appointed because of lack of vacancies will be dropped from the rank-order register 30 months after the date of the written examination: Provided, however, That reasonable time spent in civilian Government service abroad (to a maximum of 2 years such service), including service as a Peace Corps volunteer, in required active military service, or in required alternative service, subsequent to establishing eligibility for appointment will not be counted in the 30-month period.

(b) The Chairman of the Board of Examiners may extend the eligibility period when such extension is, in his judgment, justified in the interests of the Service. The Chairman shall report the approved extensions to the Board of Examiners.

(22 U.S.C. 1221 et seq.)
[37 FR 19356, Sept. 20, 1972]

§ 11.8 Travel expenses of candidates.

The travel and other personal expenses of candidates incurred in connection with the written and oral examinations will not be borne by the Government, except that the Department may issue round-trip invitational travel orders to bring candidates to Washington at Government expense when it is determined that it is necessary in ascertaining a candidate’s qualifications and adaptability for appointment.

[37 FR 19356, Sept. 20, 1972]

§ 11.10 Mid-level Foreign Service officer career candidate appointments.

(a) General considerations—(1) Authority. Pursuant to sections 302 and 306 of the Foreign Service Act of 1980 (hereinafter referred to as the Act), all Foreign Service officers shall be appointed by the President, by and with the advice and consent of the Senate. All appointments shall be made to a class and not to a particular post. No person shall be eligible for appointment as a Foreign Service officer unless that person is a citizen of the United States. Such appointment is initially to career candidate status, with subsequent commissioning to career status governed by Volume 3 (Personnel), Foreign Affairs Manual section 570.

(2) Veterans’ preference. Pursuant to section 301 of the Act, and notwithstanding the provisions of section 3320 of title 5 of the United States Code, the fact that an applicant is a veteran or disabled veteran, as defined in section 2108(3A), (3B), and (3C) of such title, shall be considered as an affirmative factor in the selection of candidates for appointment as Foreign Service officer career candidates (22 U.S.C. 1234).
(3) **Purpose and policy.** The Mid-Level Career Candidate Program of the Department of State supplements the Junior Foreign Service Officer Career Candidate Program to meet total requirements for Foreign Service officers at the mid-level. The purposes of the Mid-Level Program are: (i) To provide expanded opportunities and upward mobility for outstanding members of the Foreign Service with high potential who have been serving with particular success in other occupational categories; (ii) to permit the recruitment of a limited number of highly skilled and qualified personnel from outside the Foreign Service to meet specific needs which cannot be met from within the career Service; and (iii) to assist in meeting the Affirmative Action goals of the Department of State. This section governs appointments to generalist occupational categories (that is, administrative, consular, economic and political) at classes FS–3, 2, or 1. All appointments above FS–1, regardless of occupational category, are governed by §11.30 (to be supplied). Appointments to Specialist occupational categories below the Senior Foreign Service are governed by §11.20. Successful applicants under the Mid-Level Program will be appointed to career candidate status for a period not to exceed 5 years. Under precepts of the Commissioning and Tenure Board, career candidates may be granted tenure and converted to career Foreign Service officer status. Those who are not granted tenure prior to the expiration of their career candidate appointments will be separated from the Career Candidate Program no later than the expiration date of their appointments. As provided in section 310 of the Act, such separated candidates who had originally been employed by the Department of State with the consent of the head of their agency shall be entitled to reemployment rights in their former agency under section 3597 of title 5, United States Code.

(4) **Sources of candidates—(1) Department.** The great majority of mid-level entrants will be career employees of the Department of State and the Foreign Service of proven ability who possess high potential for advancement. On the basis of the needs of the Foreign Service, the Department will approve the mid-level appointment of Foreign Service and Civil Service personnel on its rolls who apply, for whom the Bureau of Personnel issues a certificate of need, and who are found qualified by the Board of Examiners for the Foreign Service.

(ii) **Other Federal Government agencies.** Personnel with similar qualifications from other Federal Government agencies may also apply for the Mid-Level Program based on agreements between the Department and those agencies.

(iii) **Other.** Other candidates may be drawn from non-Government sources, including minority and women applicants for the Department’s Mid-Level Affirmative Action Program.

(b) **Eligibility requirements—(1) Citizenship.** Each person appointed as a Foreign Service mid-level career candidate must be a citizen of the United States.

(2) **Service.** (i) On the date of application, a candidate must have completed a minimum of 9 years of professional work experience, including at least 3 years of service in a position of responsibility in a Federal Government agency or agencies. For this purpose, a position of responsibility is defined as one in the Foreign Service at class FS–5, in the Civil Service at GS–9, or in the Armed Forces as first lieutenant or lieutenant junior grade, or higher. Academic studies, particularly those related to Foreign Service work, may be substituted for part of the required experience. The duties and responsibilities of the position occupied by the candidate must have been similar to or closely related to that of a Foreign Service officer in terms of knowledge, skills, abilities, and overseas work experience. In addition, a candidate must currently be in, or have been in, a grade or class comparable to FS–4 or higher.

(ii) Candidates from outside the Department who at the time of application lack 3 years of service in a position of responsibility as defined in the preceding paragraph may, however, be considered if they are found to possess a combination of educational background, employment, experience, and skills needed by the Foreign Service at the mid-level.
(3) **Age.** All career candidate appointments shall be made before the candidate’s 60th birthday. The maximum age for appointment under this program is based on the requirement that all career candidates shall be able to (i) complete at least two full tours of duty, exclusive of orientation and training, (ii) complete the requisite eligibility period for tenure consideration, and (iii) complete the requisite eligibility period to receive retirement benefits, prior to reaching the mandatory retirement age of 65 prescribed by the Act.

(4) **Certification of need.** Before the Board of Examiners may process a candidacy, the Director General of the Foreign Service must certify that there is a continuing, long-term requirement, consistent with the projections of personnel flows and needs mandated by section 601(c)(2) of the Act, for a combination of professional work experience, educational background, skills, and capabilities possessed by the applicant which cannot reasonably be met from within the ranks of the career service, including by special training of career personnel and/or limited appointments pending completion of such training, if feasible. No applicant may be appointed in an occupational category or at a class level for which the Director General has not certified a need. Such certifications shall take into full account the latest published skills resources inventory and shall be based on a written assessment of the assignment and promotion effects on career members of the Foreign Service. A separate certification of need is not required for applicants under the Mid-Level Affirmative Action Program, as the hiring goals established by the Secretary constitute the certification for applicants under that Program. The exclusive employee representative will be advised promptly in writing on request of the number, nature, and dates of the certifications of need issued since the last request, including an affirmation that each such issuance has been in accordance with the requirements of this section.

(c) **Recruitment—From within the Department.** It is the Department’s policy to encourage eligible personnel on its rolls to apply for appointment as Mid-Level Foreign Service officer career candidates including, in particular, the following categories: (i) Members of the Foreign Service whose performance has been consistently of a high caliber, and whose background, experience, and general qualifications indicate that they can compete favorably with Foreign Service officers; and (ii) Civil Service personnel who are serving in positions to which Foreign Service officers are normally assigned, who have superior records, and whose general qualifications indicate that they can compete favorably with Foreign Service officers.

(2) **Other.** The Department also encourages highly qualified applicants from other agencies of the Federal Government, and from outside the Federal Government, who meet the statutory and other eligibility requirements, to apply for the Mid-Level Program. Appointments from these sources for available openings are made on a highly competitive basis to fill specific needs of the Foreign Service at the Mid-Level.

(d) **Methods of application—Forms.** Application is made for a Mid-Level Foreign Service officer career candidate appointment but not for a specific class. Applicants for mid-level entry must complete Standard Form 171, “Personnel Qualifications Statement,” and Form DSP–34, “Supplement to Application for Federal Employment,” and forward them, together with an autobiography not exceeding four typewritten pages in length, to the Board of Examiners for the Foreign Service for consideration.

(2) **Qualifications evaluation panel.** The Board of Examiners establishes a file for each applicant, placing in it all available documentation of value in evaluating the applicant’s potential for service as a Foreign Service officer. A Qualifications Evaluation Panel of deputy examiners of the Board of Examiners reviews the file to determine whether the applicant meets the statutory and other eligibility requirements, to assess the applicant’s skills relative to the needs of the Foreign Service, and to recommend whether the applicant should be examined for possible appointment under the Mid-Level Program.
(e) Examination for mid-level appointment. The submission of an application to the Board of Examiners does not in itself entitle an applicant to examination. The decision whether to proceed with an examination will be made by the Board of Examiners after a thorough review of the candidate’s qualifications and a determination of eligibility for appointment following receipt of a certification of need for that candidate.

(1) Purpose. The mid-level examination is designed to enable the Board of Examiners to determine a candidate’s aptitude for the work of the Foreign Service at the mid-level and fitness for a Foreign Service career.

(2) Class. In determining the Foreign Service officer class for which a candidate will be examined, the Board of Examiners’ presumption will be for the class which is equivalent to the candidate’s current salary level. In evaluating qualifications and in conducting examinations, the Board of Examiners will determine whether the candidate’s qualifications compare favorably with Foreign Service officers at the candidate’s current salary level. However, the Board of Examiners, at its discretion, may certify a candidate for appointment as a career candidate at a class other than that equivalent to current salary level in those instances where the Board determines that the candidate’s qualifications clearly warrant such action.

(3) Written examination. A written examination will not normally be required of candidates for mid-level appointment. However, if the volume of applications for a given class or classes, or a particular functional specialty, is such as to make it infeasible to examine all candidates orally within a reasonable time, such candidates may be required to take an appropriate written examination prescribed by the Board of Examiners. Candidates whose score on the written examination is at or above the passing level set by the Board of Examiners will be eligible for selection for the oral examination.

(4) Oral examination.—(i) Purpose. The oral examination will be designed to enable the Board of Examiners to determine whether candidates are functionally qualified for work in the Foreign Service at the mid-level, whether they have the potential to advance in the Foreign Service, and whether they have the background and experience to make a contribution to the Foreign Service.

(ii) When and where given. The oral examination is individually scheduled throughout the year and is normally given in Washington, DC. At the discretion of the Board of Examiners, it may be given in other American cities, or at Foreign Service posts, selected by the Board.

(iii) Examining panel. Candidates recommended by a Qualifications Evaluation Panel for examination will be given an oral examination by a panel of deputy examiners of the Board of Examiners. That panels shall include at least one officer from the functional or professional specialty for which the candidate is being examined. Examining panels shall be chaired by a career officer of the Foreign Service. Determinations of duly constituted panels of deputy examiners are final unless modified by specific action of the Board of Examiners.

(iv) Content. The Examining Panel will question the candidate regarding the indicated functional or professional specialty; knowledge of American history, government, and other features of American culture; familiarity with current events and international affairs; and other matters relevant to the candidate’s qualifications for appointment.

(v) Grading. Candidates taking the oral examination will be graded numerically according to standards established by the Board of Examiners. The candidacy of anyone whose score is at or above the passing level set by the Board will be continued. The candidacy of anyone whose score is below the passing level will be terminated and may not be considered again until 1 year after that date.

(5) Written essay. Candidates who take the oral examination will be asked to write an essay during the examination day, on a topic related to Foreign Service work, to enable the Board of Examiners to measure the candidate’s effectiveness of written expression.

(6) Other exercises. Candidates who take the oral examination also may be
asked to complete other exercises during the examination day, to enable the Board of Examiners to measure additional aspects of performance related to Foreign Service work at the mid-level.  

(7) Background investigation. Candidates who pass the oral examination will be eligible for selection for the background investigation. The background investigation shall be conducted to determine suitability for appointment to the Foreign Service.  

(8) Medical examination. Candidates who pass the oral examination, and their dependents, will be eligible for selection for the medical examination. The medical examination shall be conducted to determine the candidate’s physical fitness to perform the duties of a Foreign Service officer on a worldwide basis and, for candidates and dependents, to determine the presence of any physical, neurological, or mental condition of such a nature as to make it unlikely that they would be able to function on a worldwide basis.  

(9) Final review panel. The entire file of candidates who pass the oral examination will be reviewed and graded by a Final Review Panel, consisting of two or more deputy examiners of the Board of Examiners, after the results of the background investigation and the medical examination are received. The Final Review Panel will take into account the grade assigned by the oral Examining Panel, as well as all other available information concerning the candidate, and decide whether or not to recommend the candidate for appointment. The candidate’s file will then be submitted to the Board of Examiners for approval. If approved by the Board, the candidate’s name will be entered on the rank-order register for the class and functional specialty for which the candidate has been found qualified. The candidacy of anyone who is not recommended for appointment by the Final Review Panel shall be terminated and the candidate so informed.  

(10) Foreign language requirement. All candidates who pass the oral examination will be required to take a subsequent test to measure their fluency in foreign languages or their aptitude for learning them. A candidate may be appointed without first having passed an examination in a foreign language, but the appointment will be subject to the condition that the newly appointed career candidate may not be converted to career Foreign Service officer status unless, within a specified period of time, adequate proficiency in a foreign language is achieved. For limitations on promotions see Volume 3 (Personnel), Foreign Affairs Manual, section 874.  

(11) Certification for appointment—(i) Departmental employees. A candidate who is a career employee of the Department, for whom a certification of need has been issued, will be certified by the Board of Examiners for appointment after satisfactorily completing all aspects of the examination process. The appointment certification will specify the class and salary for which the candidate has been found qualified.  

(ii) Others. Other successful candidates will, after being approved by the Board of Examiners, have their names placed on the rank-order register for the class and functional specialty for which they have been found qualified. A separate rank-order register may be established for candidates under the Mid-Level Affirmative Action Program. Appointments to available openings will be made from the registers in rank-order according to the needs of the Foreign Service.  

(12) Termination of eligibility. Candidates who have qualified but have not been appointed because of lack of openings will be removed from the rank-order register 18 months after the date of placement on the rank-order register. The Board of Examiners may extend the eligibility period when such extension is, in its judgment, justified in the interests of the Foreign Service.  

§ 11.20 Foreign Service specialist career candidate appointments.  

(a) General considerations. (1) Section 303 of the Foreign Service Act of 1980 (hereinafter referred to as the Act) authorizes the appointment of members of the Service (other than Presidential appointments).
(2) Section 306 of the Act provides that, before receiving a career appointment in the Foreign Service, an individual shall first serve under a limited appointment for a trial period of service as a career candidate.

(3) This section governs the appointment by the Department of State of Foreign Service specialist career candidates to classes FS–1 and below. Specialist candidates comprise all candidates for career appointment in all occupational categories other than generalists (that is, administrative, consular, economic, political, and program direction), who are governed by the regulations respecting Foreign Service officer career candidates. The appointment of all Senior Foreign Service career candidates regardless of occupational category is governed by §11.30 (to be supplied). Regulations governing trial service and tenuring of specialist candidates are found in Volume 3 (Personnel), Foreign Affairs Manual, section 580.

(4) Veterans’ preference shall apply to the selection and appointment of Foreign Service specialist career candidates.

(b) Specialist career candidate appointments—(1) Certification of need. Candidates for appointment as specialist career candidates must be world-wide available and must have a professional or a functional skill for which there is a continuing need in the Foreign Service. Before an application can be processed, the Director General of the Foreign Service must certify that there is a need for the applicant as a career candidate in the specialist category at or above the proposed class of appointment. No applicant shall be appointed at a class level for which there is no certified need. This individual certification of need is not required for those specialist occupations which the Director General determines in advance to be shortage or continuous recruitment categories, and for which the Director General has certified the need for a specific number of appointments at given levels. Such appointments, including an appointment of an individual who is the employee of any agency, may not exceed 5 years in duration, and may not be renewed or extended beyond 5 years. A specialist candidate denied tenure under Volume 3 (Personnel), Foreign Affairs Manual, section 580, may not be reappointed as a career candidate in the same occupational category.

(2) Eligibility. An applicant must be a citizen of the United States and at least 20 years of age. The minimum age for appointment as a career candidate is 21. All career candidate appointments shall be made before the candidate’s 60th birthday. The maximum age for appointment under the program is based on the requirement that all career candidates shall be able to (i) complete at least two full tours of duty, exclusive of orientation and training, (ii) complete the requisite eligibility period for tenure consideration, and (iii) complete the requisite eligibility period to receive retirement benefits, prior to reaching the mandatory retirement age of 65 prescribed by the Act.

(3) Selection and initial screening. Specialist career candidates will be selected on the basis of education, experience, suitability, performance potential, and physical fitness for world-wide service. Applicants normally will be given personal interviews and will be subject to such written, oral, physical, foreign language, and other examinations as may be prescribed by the Board of Examiners for the Foreign Service and administered by the Office of Recruitment, Examination, and Employment (PER/REE). The Board of Examiners will identify and/or approve the knowledge, skills, abilities, and personal characteristics required to perform the tasks and duties of Foreign Service specialists in each functional field. PER/REE will screen applications for appointment as Foreign Service specialist career candidates under approved criteria and select those who meet the requirements for further processing under these regulations.

(4) Oral examination. Candidates selected through the initial screening will be eligible for an oral examination unless they are candidates for appointment in occupational categories for which the oral examination may be waived by the Director General. This waiver normally will apply only to continuous-recruitment categories and to appointments below the FS–6 level, and
§ 11.20 22 CFR Ch. I (4−1−10 Edition)

where such waivers occur, a thorough oral interview will be conducted. The oral examination will be given by a panel of deputy examiners, at least one of whom will be a career Foreign Service specialist proficient in the functional field for which the candidate is being tested. The examination may include a writing sample. Candidates taking the oral examination will be graded numerically according to standards set by the Board of Examiners. The candidacy of anyone whose score is at or above the passing level set by the Board will be continued. The candidacy of anyone whose score is below the passing level will be terminated and may not be considered again for 1 year.

(5) Background investigation. Candidates who have passed the oral examination, and candidates who have passed the initial screening if the oral examination has been waived, will be eligible for selection for the background investigation to determine their suitability for appointment to the Foreign Service.

(6) Medical examination. Such candidates and their dependents will be eligible for selection for the medical examination. The medical examination shall be conducted to determine the candidate’s physical fitness to perform the duties of a Foreign Service specialist on a world-wide basis and, for candidates and dependents, to determine the presence of any physical, neurological, or mental condition of such a nature as to make it unlikely that they would be able to function on a world-wide basis.

(7) Final review panel. After the results of the medical examination and background investigation have been received, a Final Review Panel, consisting of two or more deputy examiners of the Board of Examiners, or by another appropriate panel appointed for the purpose by the Director of PER/REE, will review and grade the candidate’s entire file. Candidates approved by the Final Review Panel will have their names placed on a rank-order register for the functional specialty for which they are qualified. Candidates will remain eligible for appointment for 18 months from the date of placement on the rank-order register. The Board of Examiners may extend this eligibility period when such extension is, in its judgment, justified in the interests of the Foreign Service. The candidacy of anyone who is not recommended for appointment by the Final Review Board shall be terminated and the candidate so informed.

(c) Limited non-career appointments. Other Foreign Service specialist appointments may be made on a limited non-career basis. Before an application for a limited non-career appointment can be processed, the Director General of the Foreign Service must certify that there is a need for the applicant. Such limited specialists must serve overseas, and they will be subject to the same conditions as those outlined in these regulations for career candidates, with the exception that the maximum age of 59 does not apply to such appointments. However, because members of the Foreign Service generally are subject to the mandatory retirement age of 65 under section 812 of the Act, limited non-career appointments normally will not extend beyond the appointee’s 65th birthday. Applicants for limited non-career appointments will be subject to the same screening, medical examination, background investigation, and final review process required of career candidates, but normally they will not be subject to a written or oral examination. Their appointments will normally be limited to the duration of the specific assignment for which they are to be hired, may not exceed 5 years in duration, and may not be renewed or extended beyond 5 years. Ordinarily, no limited non-career appointee will be reappointed until at least 1 year has elapsed since the expiration of a previous appointment. However, earlier reappointment may be granted in cases of special need, provided the exclusive employee representative is advised in advance and is afforded an opportunity to comment. Prior to the expiration of their limited appointments, if otherwise eligible, non-career appointees may compete for career candidate status by qualifying at that time for and taking the examinations required of career candidates. If successful, their names would be entered on the rank-
order register for their functional specialty. If appointed as career candidates, the length of service under their previous limited non-career appointments may be counted as part of the trial period of service prescribed before a candidate can receive a career appointment.

(Secs. 206(a) and 301(b), Foreign Service Act of 1980 (secs. 206(a) and 301(b), Pub. L. 96–465, 94 Stat. 2079 and 2083 (22 U.S.C. 3926 and 3941))

§ 11.30 Senior Foreign Service officer career candidate and limited non-career appointments.

(a) General considerations. (1) Career officers at the Senior Level normally shall be appointed as the result of promotion of Mid-Level career officers. Where the needs of the Foreign Service at the Senior Level cannot otherwise be met by this approach, limited appointments may by granted to applicants as Senior Career Candidates or as limited non-career appointees in accordance with these regulations. However, as required by section 305(b) of the Foreign Service Act of 1980 (hereinafter referred to as the Act), but qualified by section 305(b)(1) and (2) and section 2403(c) of the Act, the limited appointment of an individual in the Senior Foreign Service shall not cause the number of members of the Senior Foreign Service serving under limited appointments to exceed 5 percent of the total members of the Senior Foreign Service.

(2) Successful applicants under the Senior Career Candidate Program will be appointed to Career Candidate status for a period not to exceed 5 years. Such limited Career Candidate appointments may not be renewed or extended beyond 5 years.

(3) Under section 306 of the Act, Senior Career Candidates may be found qualified to become career members of the Senior Foreign Service. Those who are not found to be so qualified prior to the expiration of their limited appointments will be separated from the Career Candidate Program no later than the expiration date of their appointments. Separated candidates who originally were employees of a Federal department or agency, and who were appointed to the Senior Foreign Service with the consent of the head of that department or agency, will be entitled to reemployment rights in that department or agency in accordance with section 310 of the Act and section 3397 of title 5, United States Code.

(b) Senior Career Candidate appointments—(1) Eligibility requirements. Senior Career Candidates must meet the following eligibility requirements:

(i) Citizenship. Each person appointed as a Senior Career Candidate must be a citizen of the United States.

(ii) Age. All career candidate appointments shall be made before the candidate’s 60th birthday. Appointments by the United States Information Agency shall be made before the candidate’s 58th birthday. The maximum age for appointment under this program is based on the requirement that all career candidates shall be able to:

(A) Complete at least two full tours of duty, exclusive of orientation and training;
(B) complete the requisite eligibility period for tenure consideration and;
(C) complete the requisite eligibility period to receive retirement benefits, prior to reaching the mandatory retirement age of 65 prescribed by the Act.

(iii) Service. (A) On the date of application, an applicant must have completed a minimum of 15 years of professional work experience, including at least 5 years of service in a position of responsibility in a Federal Government agency or agencies or elsewhere equivalent to that of a Mid-Level Foreign Service officer (classes FS–1 through FS–3). The duties and responsibilities of the position occupied by the applicant must have been similar to or closely related to that of a Foreign Service officer in terms of knowledge,
skills, abilities, and overseas work experience. In addition, an applicant must currently be in, or have been in, a position comparable to a Foreign Service officer of class 1 (FS–1), or higher.

(B) Applicants from outside the Federal Government, and Federal employees who at the time of application lack the 15 years of professional work experience or the 5 years of service in a position of responsibility as defined in the preceding paragraph, may, however, be considered if they are found to possess a combination of educational background, professional work experience, and skills needed by the Foreign Service at the Senior Level in employment categories which normally are not staffed by promotion of Mid-Level career officers.

(C) Non-career members of the Senior Foreign Service of a Federal Government department or agency also may apply for the Senior Career Candidate Program if they meet the eligibility requirements for the program.

(iv) Certification of need. Before an application can be processed, the Director of Personnel of the foreign affairs agency concerned must certify that there is a need for the applicant as a Senior Career Candidate based upon (A) the projections of personnel flows and needs mandated by section 601(c)(2) of the Act, and (B) a finding that the combination of educational background, professional work experience, and skills possessed by the applicant is not expected to be available in the immediate future in sufficient numbers within the Senior Foreign Service, including by promotion and/or special training of career personnel. This certification of need will be requested by the Board of Examiners for the Foreign Service from the appropriate foreign affairs agency Director of Personnel.

(2) Application. All applicants for the Senior Career Candidate Program must apply in writing through the prospective employing agency to the Board of Examiners for consideration. The applicant shall submit a completed Standard Form 171, “Personnel Qualifications Statement,” and Form DSP–34, “Supplement to Application for Federal Employment,” to the Board. In addition, the applicant shall submit a narrative statement, not exceeding four typewritten pages in length, describing the applicant’s pertinent background and professional work experience, which includes a statement of the applicant’s willingness and ability to accept the obligation of world-wide service. The Board may request additional written information from the applicant following receipt of the initial application.

(3) Qualifications evaluation panel. (i) The Board of Examiners will establish a file for each applicant, placing in it all available documentation of value in evaluating the applicant’s potential for service as a Senior Career Candidate. For an applicant from within the Federal Government, this will include the personnel file from the employing department or agency.

(ii) The complete file will be reviewed by a Qualifications Evaluation Panel of the Board of Examiners to determine whether the applicant meets the statutory and other eligibility requirements, to assess the applicant’s skills under the certification of need issued by the prospective employing agency, and to recommend whether the applicant should be examined for possible appointment as a Senior Career Candidate. If the Qualifications Evaluation Panel decides that the applicant is not eligible for examination, the prospective employing agency shall be informed by the Board of the reasons for that decision.

(4) Written examination. The Board of Examiners normally will not require Senior Career Candidate applicants to undergo a written examination. However, the Board may, upon securing the agreement of the prospective employing agency, decide that such applicants should be required to take an appropriate written examination prescribed by the Board. If so, an applicant whose score on the written examination is at or above the passing level set by the Board will be eligible for selection for the oral examination.

(5) Oral examination—(i) Examining panel. Applicants recommended by the Qualifications Evaluation Panel will be given an appropriate oral examination by a Panel of Senior Foreign Service deputy examiners of the Board of Examiners. The Oral Examining Panel
shall be composed of at least two deputy examiners who are Senior Foreign Service career officers of the prospective employing agency, and at least one deputy examiner who is a Senior Foreign Service career officer from another foreign affairs agency operating under the Foreign Service Act. The Examining Panel shall be chaired by a deputy examiner who is a Senior Foreign Service career officer of the prospective employing agency. At least one of the Examining Panel members shall represent the functional or specialist field for which the applicant is being examined. Determinations of duly constituted panels of deputy examiners are final, unless modified by specific action of the Board of Examiners.

(ii) Criteria. (A) The Examining Panel will question the applicant regarding the indicated functional or specialist field and other matters relevant to the applicant’s qualifications for appointment as a Senior Career Candidate. Prior to the oral examination, the applicant will be asked to write an essay, on a topic related to Foreign Service work, to enable the Examining Panel to judge the applicant’s effectiveness of written expression. This essay requirement may be waived at the request of the head of the prospective employing agency, if, for example, the applicant is a career member of the Senior Executive Service.

(B) The oral examination will be conducted under written criteria, established in consultation with the prospective employing agency and publicly announced by the Board of Examiners. The examination will seek to determine the ability of the applicant to meet the objective of section 101 of the Act, which provides for a Senior Foreign Service “characterized by strong policy formulation capabilities, outstanding executive leadership qualities, and highly developed functional, foreign language, and area expertise.”

(iii) Grading. Applicants taking the oral examination will be graded as “recommended,” or “not recommended” by the Examining Panel. Those graded as “recommended” also will be given a numerical score, under the standard Board of Examiners scoring criteria, for use by the Final Review Panel.

(6) Background investigation. Senior Career Candidate applicants recommended by the Examining Panel will be subject to the same background investigation as required for Junior and Mid-Level Foreign Service Officer Career Candidates. The background investigation shall be conducted to determine suitability for appointment to the Foreign Service.

(7) Medical examination. Senior Career Candidate applicants recommended by the Examining Panel, and their dependents, will be subject to the same medical examination as required for the Junior and Mid-Level Foreign Service Career Candidates. The medical examination shall be conducted to determine the applicant’s physical fitness to perform the duties of a Foreign Service officer on a world-wide basis and, for applicants and dependents, to determine the presence of any physical, neurological, or mental condition of such a nature as to make it unlikely that they would be able to function on a world-wide basis. Applicants and/or dependents who do not meet the required medical standards may be given further consideration, as appropriate, under the procedures of the prospective employing agency.

(8) Foreign language requirement. Applicants recommended by the Examining Panel will be required to take a subsequent examination to measure their fluency in foreign languages, and/or their aptitude for learning them. Senior Career Candidates will be subject to the foreign language requirements established for their occupational category by their prospective employing agency. Senior Career Candidate applicants for the Foreign Commercial Service must demonstrate proficiency by examination in two foreign languages. United States Information Agency Senior Career Candidates, other than Senior Specialist Career Candidates, must demonstrate proficiency in at least one foreign language. Except for the Foreign Commercial Service and the United States Information Agency, an applicant may be appointed without first having passed an examination in a foreign language.
but the appointed Senior Career Candidate may not be commissioned as a Career Senior Foreign Service officer unless adequate proficiency in a foreign language is achieved. This language requirement will not apply to candidates in occupational categories which, in the judgment of the prospective employing agency, do not require foreign language proficiency.

(9) **Final review panel.** (i) The entire file of an applicant recommended by the Examining Panel will be reviewed and graded by a Final Review Panel, after the results of the background investigation, medical examination and language examination are received. The Final Review Panel will decide whether or not to recommend the applicant for appointment, taking into account all of the available information concerning the applicant.

(ii) The Final Review Panel shall consist of a chairperson who shall be a Deputy Examiner who is a career Senior Foreign Service officer of the prospective employing agency, and at least two other Deputy Examiners of the Board of Examiners. Of the Deputy Examiners serving on the Final Review Panel, the majority shall be career Senior Foreign Service officers of the prospective employing agency; and at least one shall be a career Senior Foreign Service officer of one of the other foreign affairs agencies operating under the Act.

(10) **Certification of appointment.** The file of an applicant recommended by the Final Review Panel will be submitted to the Board of Examiners for consideration and approval. An applicant found by the Board to meet the standards for appointment as a Senior Foreign Service Career Candidate shall be so certified to the Director of Personnel of the prospective employing agency.

(c) **Limited non-career appointments.** (1) Other Senior Foreign Service appointments may be made on a limited non-career basis for individuals who do not wish to compete for career appointments, but for whom a need can be certified by the Director of Personnel of the foreign affairs agency concerned. Such limited non-career senior appointees will be subject to the eligibility requirements set forth in 11.30(b)(1) (i) and (iv). The maximum age set forth in 11.30(b)(1)(ii) does not apply to such appointments. However, because Foreign Service members generally are subject to the mandatory retirement age of 65, under section 812 of the Act, limited non-career Senior appointments normally will not extend beyond the appointee’s 65th birthday. Limited non-career appointees of the Department of Commerce and the United States Information Agency will not be subject to the language requirements of 11.30(b)(8). Applicants for limited non-career senior appointments will be subject to the same background investigation and medical examination required of career candidates, but normally they will not be subject to a written or oral examination, or to approval by the Board of Examiners. Processing procedures for such applicants will be established by the Director of Personnel of the foreign affairs agency concerned. Their appointments normally will be limited to the duration of the specific assignments for which they are to be hired, may not exceed 5 years in duration, and may not be renewed or extended beyond 5 years.

(2) Prior to the expiration of their limited non-career senior appointments, if they meet all the eligibility requirements set forth in 11.30(b)(1), such individuals may elect to compete for career candidate status in the Senior Foreign Service by qualifying at that time for and taking the examinations required of career candidates. If appointed as career candidates, the length of service under their previous limited non-career appointments may be counted under the procedures of the employing agency as part of the trial period of service prescribed before a career candidate can receive a career appointment. The total period of limited appointment (non-career and career candidate) of such individuals may not exceed 5 years in duration.

(3) Nothing in this section will limit the right of an individual who has previously served as a limited non-career senior appointee from subsequently applying for consideration as a new applicant and being appointed as a Senior Career Candidate after a limited non-career appointment has expired.
§ 13.2

(d) Reporting requirement. The Director of Personnel of each foreign affairs agency shall report annually to the Director General of the Foreign Service, Department of State, the number and nature of the limited Senior Foreign Service appointments (non-career and career candidates) made by that agency under these regulations.

§ 16.1 Definitions.
(a) Act means the Foreign Service Act of 1946, as amended.
(b) Grievant means any officer or employee of the Service who is a citizen of the United States; or for purposes of paragraphs (c) (7) and (8) of this section, a former officer or employee of the Service; or in the case of death of the officer or employee, a surviving spouse or dependent family member of the officer or employee.
(c) Grievance means any act or condition subject to the control of the Foreign Affairs agencies (the Department of State, the Agency for International Development, or the U.S. Information Agency) which is alleged to deprive the grievant of a right or benefit authorized by law or regulation or otherwise a source of concern or dissatisfaction to the grievant, including, but not limited to the following:

(1) Complaints against separation of an officer or employee allegedly contrary to law or regulation or predicated upon alleged inaccuracy (including inaccuracy resulting from omission or any relevant and material document), error, or falsely prejudicial character of any part of the grievant’s official personnel record;

(2) Other alleged violation, misinterpretation, or misapplication of applicable law, regulation, or published policy affecting the terms and conditions of the grievant’s employment or career status;

(3) Allegedly wrongful disciplinary action against an employee constituting a reprimand or suspension from official duties;

(4) Dissatisfaction with any matter subject to the control of the agency with respect to the grievant’s physical working environment;

(5) Alleged inaccuracy, error, or falsely prejudicial material in the grievant’s official personnel file;

(6) Action alleged to be in the nature of reprisal or other interference with freedom of action in connection with an employee’s participation under these grievance procedures;

(7) When the grievant is a former officer who was involuntarily retired pursuant to sections 633 and 634 of the Act within 6 years prior to December 1, 1975, “grievance” shall mean a complaint that such involuntary retirement violated applicable law or regulation effective at the time of the retirement or that the involuntary retirement was predicated directly upon material contained in the grievant’s official personnel file alleged to be erroneous or falsely prejudicial in character; and

(8) When the grievant is a former officer or employee, “grievance” shall mean a complaint that an allowance or other financial benefit has been denied arbitrarily, capriciously or contrary to applicable law or regulation.

(d) Grievance does not include the following:

(1) Complaints against individual assignment or transfers of Foreign Service officers or employees, which are ordered in accordance with law and regulation (see also paragraph (c)(2) of this section);

(2) Judgments of Selection Boards rendered pursuant to section 623 of the Act, or of equivalent bodies, in ranking Foreign Service officers and employees for promotion on the basis of merit, or judgments in examinations prescribed by the Board of Examiners pursuant to section 516 or 517 of the Act (see also paragraph (c)(2) of this section);

(3) Termination of time-limited appointments pursuant to 22 U.S.C. 929 and 1008, and the pertinent regulations prescribed by the employing agency (see also paragraph (c)(2) of this section);

(4) Any complaints or appeals for which a specific statutory appeals procedure exists (see appendix A for examples).

A grievance filed under these procedures may be based on matters for which there is a specific statutory appeals procedure which is applicable to the Foreign Service grievant. Should the jurisdiction of the Grievance Board over a specific grievance be placed into question on grounds that the basis of the grievance is not encompassed within the Board’s authority (§16.1(d)(4) and Appendix A), the Board shall consult with the other statutory body concerned, transmitting the views of the parties concerned before determining whether it has jurisdiction.

(e) Employee organization means any employee organization accorded recognition as the exclusive employee representative pursuant to Executive Order 11636 dated December 17, 1971.

(f) Grievance Board or Board means the full Foreign Service Grievance Board, or a Panel or member thereof, as appropriate.

(g) Party means the grievant or the Foreign Affairs agency having control
over the act or condition forming the subject matter of the grievance.

(h) Bureau means equivalent organizational elements in State and USIA, and includes offices in AID.

(i) Days means calendar days.

§ 16.2 General provisions.

(a) Statement of purpose. These regulations establish procedures as required by law to provide Foreign Service officers and employees (and their survivors) of the Foreign Affairs agencies, a grievance procedure to insure a full measure of due process, and to provide for the just consideration and resolution of grievances of such officers, employees, and survivors. No regulation promulgated in this part shall be interpreted or applied in any manner which would alter or abridge the provisions of the due process established by the Congress in Pub. L. 94–141, 22 U.S.C. 1037, section 691.

(b) Discussion of complaints. (1) Every effort should be made to settle any employee complaint informally, promptly, and satisfactorily.

(2) Supervisors and other responsible officers should encourage employees to discuss complaints with them and should respond in a timely manner to resolve the complaints.

(3) An employee initially should discuss a complaint with the employee’s current supervisor or with the responsible officer who has immediate jurisdiction over the complaint to give that person an opportunity to resolve the matter, before further steps are taken under these procedures.

(c) Guidance. Nothing in these procedures prevents a grievant from seeking guidance from any official who might be helpful respecting the submission of a grievance or its resolution.

(d) Freedom of action. (1) Any grievant, witness, representative or other person involved in a proceeding hereunder shall be free from any restraint, interference, coercion, harassment, discrimination, or reprisal in those proceedings or by virtue of them. The Foreign Affairs agencies recognize their obligation to insure compliance with this section. Any person involved or having immediate knowledge of any alleged breach shall call it to the attention of the pertinent foreign affairs agency through appropriate channels for corrective action as necessary. Normally such allegations should be brought to the attention of the senior agency official at the post; and at Washington, DC, to the Director, Grievance Staff for State; Chief, Employee Relations Branch for AID and Chief, Employee-Management Relations Division for USIA.

(2) The grievant has the right to a representative of the grievant’s own choosing at every stage of the proceedings. The grievant and representative(s) who are under the control, supervision, or responsibility of the Foreign Affairs agencies shall be granted reasonable periods of administrative leave to prepare, to be present, and to present the grievance.

(3) Any witness under the control, supervision, or responsibility of a Foreign Affairs agency shall be granted reasonable periods of administrative leave to appear and testify at any such proceeding.

(4) The Foreign Service Grievance Board established hereunder shall have authority to ensure that no copy of the determination of the agency head or designee to reject a Grievance Board recommendation, no notation of the failure of the Grievance Board to find for the grievant, and no notation that a proceeding is pending or has been held, shall be entered in the personnel records of the grievant (unless by order of the Grievance Board as a remedy for the grievance) or those of any other officer or employee connected the grievance. The Foreign Affairs agencies shall maintain grievance records under appropriate safeguards to preserve confidentiality (§16.9).

§ 16.3 Access to records.

(a) Grievance Board records. The grievant and the grievant’s representative shall have access to the record of proceedings, including the decision of the Board.

(b) Agency records. (1) In considering the validity of a grievance, the Grievance Board shall have access, to the extent permitted by law, to any agency record considered by the Board to be relevant to the grievant and the subject matter of the grievance.
§ 16.7 Agency procedures.

(a) Initial consideration. (1) Grievances shall be considered through the steps provided in this section before they are filed with the Grievance Board.

(2) The agency shall, subject to applicable law, promptly furnish the grievant any agency record which the grievant requests to substantiate the grievance and which the agency or the Grievance Board determines is relevant and material to the proceeding. When deemed appropriate by the agency or the Board, a grievant may be supplied with only a summary of extract of classified material. If a request by a grievant for a document is denied prior to or during the agency’s consideration of a grievance, such denial may be raised by the grievant as an integral part of the grievance before the Board.

(3) These regulations do not require disclosure of any official agency record to the Grievance Board or a grievant where the head of agency or deputy determines in writing that such disclosure would adversely affect the foreign policy or national security of the United States.

§ 16.5 Relationship to other remedies.

(a) A grievant may not file a grievance under these procedures if the grievant has formally requested, prior to filing a grievance, that the matter or matters which are the basis of the grievance be considered or resolved and relief be provided, under another provision of law, regulation, or executive order, and the matter has been carried to final decision thereunder on its merits or is still under consideration.

(b) If a grievant is not prohibited from filing a grievance under these regulations by paragraph (a) of this section, the grievant may file under these regulations notwithstanding the fact that such grievance may be eligible for consideration, resolution, and relief under a regulation or executive order other than under these regulations, but such election of remedies shall be final upon the acceptance of jurisdiction by the Board.

§ 16.6 Security clearances.

The agencies shall use their best endeavors to expedite security clearances whenever necessary to ensure a fair and prompt investigation and hearing.

§ 16.7 Agency procedures.

(a) Initial consideration. (1) Grievances shall be considered through the steps provided in this section before they are filed with the Grievance Board.

(2) During the pendency of agency procedures under this section, the grievant may request a suspension of the proposed action of the character of separation or termination of the grievant, disciplinary action against the grievant, or recovery from the grievant of alleged overpayment of salary, expenses or allowances, which is related to the grievance. The request must be
§ 16.8 Agency review.

(a) Submission. An employee may submit the grievance for agency review if the grievance is not within the jurisdiction of a post or bureau, or (ii) the grievance has been considered but not resolved to the grievant’s satisfaction, within 10 days after receipt of the written grievance, the responsible officer shall provide the grievant with a written response, which shall include a statement of any proposed resolution of the grievance.

(3) If the response denies in whole or in part the remedial action requested, such response shall notify the grievant of the time within which to appeal the decision, and identity of the senior official, or designee, to whom the appeal should be addressed. In those cases in which the senior official, or designee, is the responsible officer to whom the grievance was initially presented or has participated in the decision process and has formally approved the written response of the responsible officer, the grievant shall be so notified and advised that the grievance may be submitted directly to the agency for review under §16.8.

(c) Bureau or post review. (1) If the responsible officer’s written response does not resolve the grievance to the grievant’s satisfaction, within 10 days of receiving it (or, if no response is received, within 25 days after first presenting the grievance), the grievant may pursue the grievance by submitting it in writing to the senior official, or the designee in the bureau or post which has authority to resolve the grievance. The written transmission shall include all the information required by paragraph (b)(1) of this section and copies of any correspondence under paragraphs (b) (2) and (3) of this section.

(2) Within 15 days from receipt of the grievance that official shall provide the grievant with a written decision, including any proposed resolution of the grievance. If the decision denies in whole or in part the remedial action requested, the communication shall notify the grievant of the time within which to submit the grievance for agency review and the identity of the appropriate agency official to whom the grievance should be addressed.

§ 16.8 Agency review.

(b) Consideration by responsible officer. (1) While every effort should be made to resolve a complaint by an initial discussion between an employee and the supervisor or responsible officer, an employee may present the complaint as a grievance by submitting it in writing, to that person. (The term “responsible officer” as used herein includes any appropriate officer who has immediate jurisdiction over the complaint.) The presentation shall include a description of the act or condition which is the subject of the grievance; its effect on the grievant; any provision of law, regulation, or agency policy which the grievant may believe was violated or misapplied; any documentary evidence readily available to the grievant on which the grievance rests; the identity of individuals having knowledge of relevant facts; and a statement of the remedial action requested.

(2) The responsible officer, whenever possible, shall use independent judgment in deciding whether the grievance is meritorious and what the resolution of it should be. Within 15 days from receipt of the written grievance, the responsible officer shall provide the grievant with a written response, which shall include a statement of any proposed resolution of the grievance.
has control of the act or condition which is the subject of the grievance.

(2) Responsible officials. The responsible officials of the agencies are the Deputy Assistant Secretary for Personnel (State), the Director of Personnel and Manpower (AID), and the Chief, Employee-Management Relations Division (USIA).

(3) Contents. (i) A request for agency review shall include a description of the act or condition which is the subject of the grievance; its effect on the grievant; any provision of law, regulation or agency policy which the grievant may believe was violated or misapplied; copies of any correspondence under §16.7(a), any documentary evidence readily available to the grievant on which the grievance rests; the identity of individuals having knowledge of relevant facts; and a statement of the remedial action requested.

(ii) The responsible official shall review the grievance on the basis of available documentary evidence, and, in that official’s discretion, interview persons having knowledge of the facts. The agency review shall be completed and its decision dispatched within 90 days from the date of the initial written presentation of the grievance. The grievant shall be informed in writing of the findings of the responsible official and any proposed resolution of the grievance. The communication shall also include the time within which the grievant may file a grievance with the Grievance Board and the appropriate procedure to be followed in this respect.

§ 16.9 Records.

All official records concerning agency consideration of grievances, except those appropriate to implementation of decisions favorable to grievants, shall be kept separate from the official personnel record of the grievant and any other individuals connected with the grievance, and shall not be accessible to agency personnel other than the grievant, the grievant’s representative, and those responsible for consideration of grievances.

§ 16.10 Foreign Service Grievance Board.

(a) Establishment and composition.

There is hereby established a Foreign Service Grievance Board for the Department of State, the Agency for International Development and the U.S. Information Agency to consider and resolve grievances under these procedures.

(b) The Grievance Board shall consist of not less than 5 members nor more than 15 members (including a chairperson) who shall be independent, distinguished citizens of the United States, well known for their integrity, who are not active officers, employees, or consultants of the Foreign Affairs agencies (except consultants who served as public members of the Interim Grievance Board previously established under section 660, Volume 3, Foreign Affairs Manual) but may be retired officers or employees. On its initial establishment, the Board shall consist of 15 members including chairperson.

(c) The Board may act by or through panels or individual members designated by the chairperson, except that hearings within the continental United States shall be held by panels of at least three members unless the parties agree otherwise. Reference in these regulations to the Grievance Board shall be considered to be reference to a panel or member of the Grievance Board where appropriate. All members of the Grievance Board shall act as impartial individuals in considering grievances.

(d) The members of the Grievance Board, including the chairperson, shall be appointed by the Secretary of State after being designated by the written agreement of the Foreign Affairs agencies and the employee organization.

(e) The Board chairperson and other members shall be appointed for terms of 2 years, subject to renewal upon the agreement of the Foreign Affairs agencies and the employee organization; except that the terms of 7 of the initially appointed members shall expire at the end of one year.

(f) Any vacancies shall be filled by the Secretary of State upon the nomination by the Board following the
§ 16.11 Grievance Board consideration of grievances.

(a) Filing of grievance. A grievant whose grievance is not resolved satisfactorily under agency procedures (§16.7) shall be entitled to file a grievance with the Grievance Board no later than 60 days after receiving the agency decision. In the event that an agency has not provided its decision within 90 days of presentation, the grievant shall be entitled to file a grievance with the Grievance Board no later than 150 days after the date of presentation to the agency. The Board may extend or waive, for good cause, the time limits stated in this section.

(b) Exhaustion of agency procedures. In the event that the Grievance Board finds that a grievance has not been presented for agency consideration or that a grievance has been expanded or modified to include materially different elements, the Board shall return the grievance to the official responsible for final agency review unless the agency waives any objection to Board consideration of the grievance without such review.

(c) Prescription of interim relief. If the Grievance Board determines that the agency is considering any action of the character of separation or termination of the grievant, disciplinary action against the grievant, or recovery from the grievant of alleged overpayment of salary, expenses, or allowances, which is related to a grievance pending before the Board, and that such action should be suspended, the agency shall suspend such action until the Board has ruled upon the grievance. Notwithstanding such suspension of action, the head of the agency concerned or a chief of mission or principal officer may exclude an officer or employee from official premises or from the performance of specified duties when such exclusion is determined in writing to be essential to the functioning of the post or office.
to which the officer or employee is assigned.

(d) Inquiry into grievances. The Board shall conduct a hearing at the request of a grievant in any case which involves disciplinary action, or a grievant’s retirement from the Service under sections 633 and 634 of the Act, or which in the judgment of the Board can best be resolved by a hearing or by presentation of oral argument. In those grievances in which the Board holds no hearing, the Board shall offer to each party the opportunity to review and to supplement, by written submission, the record of proceedings prior to its decision.

§ 16.12 Hearing.

(a) Appearances and representation. The grievant, a reasonable number of representatives of the grievant’s own choosing, and a reasonable number of agency representatives, are entitled to be present at the hearing. The Grievance Board may, after considering the views of the parties and any other individuals connected with the grievance, decide that a hearing should be open to others.

(b) Conduct of hearing. (1) Testimony at a hearing shall be given by oath or affirmation which any Board member or person designated by the Board shall have authority to administer.

(2) Each party shall be entitled to examine and cross-examine witnesses at the hearing or by deposition, and to serve interrogatories answered by the other party unless the Board finds such interrogatories irrelevant or immaterial. Upon request of the Board, or upon a request of the grievant deemed relevant and material by the Board, and agency shall promptly make available at the hearing or by deposition any witness under its control, supervision or responsibility, except that if the Board determines that the presence of such witness at the hearing is required for just resolution of the grievance, then the witness shall be made available at the hearing, with necessary costs and travel expenses provided by the agency.

(3) During any hearings held by the Board, any oral or documentary evidence may be received but the Board shall exclude any irrelevant, immaterial, or unduly repetitious evidence normally excluded in hearings conducted under the Administrative Procedures Act (5 U.S.C. 556).

(4) A verbatim transcript shall be made of any hearing and shall be part of the record of proceedings.

§ 16.13 Decisions.

(a) Upon completion of the hearing or the compilation of such record as the Board may find appropriate in the absence of a hearing, the board shall expeditiously decide the grievance on the basis of the record of proceedings. In each case the decision of the Board shall be in writing, shall include findings of fact, and shall include the reasons for the Board’s decision.

(b) If the Grievance Board finds that the grievance is meritorious, the Board shall have the authority within the limitations of the authority of the head of the agency, to direct the agency:

(1) To correct any official personnel record relating to the grievant which the Board finds to be inaccurate, erroneous, or falsely prejudicial;

(2) To reverse and administrative decision denying the grievant compensation including related within-class salary increases pursuant to section 625 of the Act or any other perquisite of employment authorized by law or regulation when the Board finds that such denial was arbitrary, capricious, or contrary to law or regulation;

(3) To retain in service and employee whose termination would be in consequence of the matter by which the employee is aggrieved;

(4) To reinstate with back pay, under applicable law and regulations, an employee where it is clearly established that the separation or suspension without pay of the employee was unjustified or unwarranted;

(5) To order an extension of the time of an employee’s eligibility for promotion to a higher class where the employee suffered career impairment in consequence of the matter by which the employee is aggrieved;

(6) To order that an employee be provided with facilities relating to the physical working environment which
§ 16.14 Reconsideration of a grievance.

A grievant whose grievance is found not to be meritorious by the Board may obtain reconsideration by the Board only upon presenting newly discovered or previously unavailable material evidence not previously considered by the Board and then only upon approval of the Board.

§ 16.15 Judicial review.

Any aggrieved party may obtain judicial review of these regulations, and revisions thereto, and final actions of the agency head (or designee) or the Grievance Board hereunder, in the District Courts of the United States, in accordance with the standards set forth in chapter 7 of title 5 of the United States Code. Section 706 of title 5 shall apply without limitation or exception.

SOURCE: 71 FR 16229, Mar. 31, 2006, unless otherwise noted.

§ 17.1 General.

This part establishes procedures for notifying individuals of their rights if they have received an overpayment from the Foreign Service Retirement and Disability Fund under Chapter 8 of the Foreign Service Act of 1980, as amended, including their right to contest the determination that there has been an overpayment and the right to request a waiver of recovery of the...
overpayment. This part also provides the procedures for administrative determination of these rights and for appeals of negative determinations.

§ 17.2 Conditions for waiver of recovery of an overpayment.

(a) Foreign Service Retirement and Disability System. Recovery of an overpayment from the Foreign Service Retirement and Disability Fund under the Foreign Service Retirement and Disability System may be waived pursuant to section 4047(d) of title 22, United States Code when the individual is without fault and recovery would be against equity and good conscience or administratively infeasible.

(b) Foreign Service Pension System. Recovery of an overpayment from the Foreign Service Retirement and Disability Fund under the Foreign Service Pension System may be waived pursuant to section 4071(b) of title 22, United States Code and section 8470(b) of title 5, United States Code when the individual is without fault and recovery would be against equity and good conscience.

(c) When it has been determined that the recipient of an overpayment is ineligible for waiver, the individual is nevertheless entitled to an adjustment in the recovery schedule if he or she shows that it would cause him or her financial hardship to make payment at the rate scheduled.

§ 17.3 Fault.

A recipient of an overpayment is without fault if he or she performed no act of commission or omission that resulted in the overpayment. The fact that the Department of State or other agency may have been at fault in initiating an overpayment will not necessarily relieve the individual from liability.

(a) Considerations. Pertinent considerations in finding fault are—

(1) Whether payment resulted from the individual’s incorrect but not necessarily fraudulent statement, which he/she should have known to be incorrect;

(2) Whether payment resulted from the individual’s failure to disclose material facts in his/her possession which he/she should have known to be material; or

(3) Whether he/she accepted a payment which he/she knew or should have known to be erroneous.

(b) Mitigation factors. The individual’s age, physical and mental condition or the nature of the information supplied to him or her by the Department of State or a Federal agency may mitigate against finding fault if one or more contributed to his or her submission of an incorrect statement, a statement which did not disclose material facts in his or her possession, or his or her acceptance of an erroneous overpayment.

§ 17.4 Equity and good conscience.

(a) Defined. Recovery is against equity and good conscience when—

(1) It would cause financial hardship to the person from whom it is sought;

(2) The recipient of the overpayment can show (regardless of his or her financial circumstances) that due to the notice that such payment would be made or because of the incorrect payment either he/she has relinquished a valuable right or changed positions for the worse; or

(3) Recovery could be unconscionable under the circumstances.

(b) [Reserved]

§ 17.5 Financial hardship.

(a) Waiver of overpayment will not be allowed in any case prior to receipt and evaluation of a completed Statement of Financial Status, duly sworn by the recipient of the overpayment.

(b) Financial hardship may be deemed to exist in, but not limited to, those situations where the recipient from whom collection is sought needs substantially all of his or her current income and liquid assets to meet current ordinary and necessary living expenses and liabilities.

(1) Considerations. Some pertinent considerations in determining whether recovery would cause financial hardship are as follows:

(i) The individual’s financial ability to pay at the time collection is scheduled to be made.

(ii) Income to other family member(s), if such member’s ordinary and
§ 17.6 Ordinary and necessary living expenses.

An individual’s ordinary and necessary living expenses include rent, mortgage payments, utilities, maintenance, food, clothing, insurance (life, health and accident), taxes, installment payments, medical expenses, support expenses when the individual is legally responsible, and other miscellaneous expenses which the individual can establish as being ordinary and necessary.

§ 17.7 Waiver precluded.

(a) Waiver of an overpayment cannot be granted when:
   (1) The overpayment was obtained by fraud; or
   (2) The overpayment was made to an estate.

(b) [Reserved]

§ 17.8 Burdens of proof.

(a) Burden of the Department of State. The Bureau of Resource Management, Department of State, must establish by the preponderance of the evidence that an overpayment occurred.

(b) Burden of individual. The recipient of an overpayment must establish by substantial evidence that he or she is eligible for waiver or an adjustment in the recovery schedule.

§ 17.9 Procedures.

(a) Notice. The Bureau of Resource Management, Department of State, shall give written notification to any individual who has received an overpayment promptly by first-class mail to the individual at the individual’s most current address in the records of the Bureau of Resource Management. The written notice shall inform the individual of:
   (1) The amount of the overpayment;
   (2) The cause of the overpayment;
   (3) The intention of the Department to seek repayment of the overpayment.
   (4) The date by which payment should be made to avoid the imposition of interest, penalties, and administrative costs;
   (5) The applicable standards for the imposing of interest, penalties, and administrative costs;
   (6) The department’s willingness to discuss alternative payment arrangements and how the individual may offer to enter into a written agreement to repay the amount of the overpayment under terms acceptable to the Department; and
   (7) The name, address and telephone number of a contact person within the Bureau of Resource Management. The written notice also shall inform the individual of their right to contest the overpayment, their right to request a waiver of recovery of the overpayment, and the procedures to follow in case of such contest or request for waiver of recovery. The notification shall allow at least 30 days from its date within which the individual may contest in writing the overpayment or request a waiver of recovery, including with their submission all evidence and arguments in support of their position.

(b) Administrative file. The Bureau of Resource Management will prepare an administrative file as a basis for determination in each case where an individual contests a claim to recover overpayment or requests waiver of recovery of the overpayment. On the basis of the administrative file, the Chief Financial Officer or his or her delegate, shall make the final administrative determination.

(c) Additional information. At any time before the final administrative decision, the Department may request the individual to supplement his or her submission with additional factual information and may request that the individual authorize the Department of State to have access to bank and other financial records bearing on the application of these regulations. If the individual, without good cause shown, fails or refuses to produce the requested additional information or authorization, the Department of State is entitled to make adverse inferences with respect
to the matters sought to be amplified, clarified, or verified.

(d) **Decision and right of appeal.** The final administrative decision shall be reduced to writing and sent to the individual. If the decision is adverse to the individual, the notification of the decision shall include a written description of the individual’s rights of appeal to the Foreign Service Grievance Board. The Foreign Service Grievance Board shall consider any appeal under this part in accordance with the regulations of the Board set forth in 22 CFR part 901.

§ 18.6 Authority to prohibit appearances.

Pursuant to 18 U.S.C. 207(j), if the Director General finds, after notice and opportunity for a hearing, that a former officer or employee of the Department has violated 18 U.S.C. 207(a), (b) or (c), the Director General in his/her discretion may prohibit that person from engaging in practice before the Department for a period not to exceed five years, or may take other appropriate disciplinary action.

§ 18.7 Report of violation by a former employee.

(a) If an officer or employee of the Department has reason to believe that a former officer or employee of the Department has violated 18 U.S.C. 207(a), (b) or (c), he/she shall promptly make a written report thereof, which report or a copy thereof shall be forwarded to the Director General. If any other person has information of such violations, he/she may make a report thereof to the Director General or to any officer or employee of the Department.

(b) The Director General shall coordinate proceedings under this part with the Department of Justice in cases where it initiates criminal prosecution.

§ 18.8 Institution of proceeding.

Whenever the Director General determines that there is sufficient reason to believe that any former officer or employee of the Department has violated 18 U.S.C. 207(a), (b) or (c), he/she may institute an administrative disciplinary proceeding. The proceeding may be for that person’s suspension from practice before the Department or for some lesser penalty. The proceeding shall be instituted by a complaint which names the respondent and is signed by the Director General and filed in his/her office. Except in cases of willfulness, or where time, the nature of the proceeding, or the public interest does not permit, a proceeding will not be instituted under this section until facts or conduct which may warrant such action have been called to the attention of the proposed respondent in writing and he/she has been accorded the opportunity to provide his/her position on the matter.

§ 18.9 Contents of complaint.

A complaint shall plainly and concisely describe the allegations which constitute the basis for the proceeding. A complaint shall be deemed sufficient if it fairly informs the respondent of the charges against him/her so that the respondent is able to prepare a defense. Written notification shall be given of the place and of the time within which the respondent shall file his/her answer, which time shall not be less than 15 days from the date of service of the complaint. Notice shall be given that a decision by default may be rendered against the respondent in the event he/she fails to file an answer.

§ 18.10 Service of complaint and other papers.

(a) Complaint. The complaint or a copy thereof may be served upon the respondent by certified mail; by delivering it to the respondent or his/her attorney or agent of record either in person; or by leaving it at the office or place of business of the respondent, attorney or agent; in any other manner which has been agreed to by the respondent; or by first-class mail in case of a person resident abroad.

(b) Service of papers other than complaint. Any paper other than the complaint may be served upon a respondent as provided in paragraph (a) of this section or by mailing the paper by first-class mail to the respondent at the last address known to the Director General, or by mailing the paper by first-class mail to the respondent’s attorney or
§ 18.16 Evidence.

The rules of evidence prevailing in courts of law and equity are not controlling in hearings under this part.
§ 18.17 Depositions.

Depositions for use at a hearing may, with the consent of the parties in writing or the written approval of the hearing examiner, be taken by either the Director General or the respondent or their duly authorized representatives. Depositions may be taken upon oral or written interrogatories. There shall be at least 10 days written notice to the other party. The requirement of a 10-day written notice may be waived by the parties in writing. When a deposition is taken upon written interrogatories, any cross-examination shall be upon written interrogatories. Copies of such written interrogatories shall be served upon the other party with the notice, and copies of any written cross-interrogations shall be mailed or delivered to the opposing party at least 5 days before the date of taking the depositions, unless the parties mutually agree otherwise. Expenses in the reporting of depositions shall be borne by the party at whose instance the deposition is taken.

§ 18.18 Proposed findings and conclusions.

Except in cases where the respondent has failed to answer the complaint or where a party has failed to appear at the hearing, the hearing examiner, prior to making his/her decision, shall afford the parties a reasonable opportunity to submit proposed findings and conclusions and supporting reasons therefor.

§ 18.19 Decision of the hearing examiner.

As soon as practicable after the conclusion of a hearing and the receipt of any proposed findings and conclusions timely submitted by the parties, the hearing examiner shall make the initial decision. The decision shall include (a) A statement of findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record, and (b) An order of suspension from practice before the Department or other appropriate disciplinary action, or an order of dismissal of the complaint. The hearing examiner shall file the decision with the Director General and shall transmit a copy thereof to the respondent or his/her attorney of record. A party adversely affected by the decision shall be given notice of his or her right to appeal to the Board of Appellate Review (part 7 of this chapter) within 30 days from the date of the hearing examiner’s decision.

§ 18.20 Appeal to the Board of Appellate Review.

Within 30 days from the date of the hearing examiner’s decision, either party may appeal to the Board of Appellate Review. The appeal shall be taken by filing notice of appeal, in triplicate, with the Board of Appellate Review, which shall state with particularity exceptions to the decision of the hearing examiner and reasons for such exceptions. If an appeal is by the Director General, he/she shall transmit a copy of it to the respondent. Within 30 days after receipt of an appeal or copy thereof, the other party may file a reply brief, in triplicate, with the Board of Appellate Review. If the reply brief is filed by the Director General, he/she shall transmit a copy of it to the respondent. The Director General shall transmit the entire case record to the Board of Appellate Review within 30 days after an appeal has been taken.

§ 18.21 Decision of the Board of Appellate Review.

The Board of Appellate Review shall decide the appeal on the basis of the record. The decision of the Board shall be final, and not subject to further administrative review. Copies of the Board’s decision shall be forwarded promptly to the parties by the Board.

§ 18.22 Notice of disciplinary action.

Upon the issuance of a final order suspending a former officer or employee from practice before the Department, the Director General shall give notice thereof to appropriate officers and employees of the Department. Officers and employees of the Department shall refuse to participate in any appearance by such former officer or employee or to accept any communication
which constitutes the prohibited practice before the Department during the period of suspension. The Director General shall take other appropriate disciplinary action as may be required by the final order.

A former spouse will be considered married to a participant for any extra period of creditable service provided under section 817 of the Act for service at an unhealthful post during which the former spouse resided with the participant. ¹Note: Section 804(6) of the Act defines “former spouse” with respect to duration of marriage as being married to a participant “for not less than 10 years during periods of service by that participant which are creditable under section 816.” The Department interprets this as necessarily implying that the marriage must have covered a period of at least one day while the member of the Foreign Service was a participant in the System.

When making this calculation, item (1) is adjusted in accordance with paragraph (k) of this section and item (2) is adjusted in accordance with §19.4. (b) Any person not otherwise entitled to be a participant who has served as chief of mission or an ambassador at large for an aggregate period of 20 years or more, exclusive of extra service credit for service at unhealthful posts, and who has paid into the Fund a special contribution for each year of service;

§ 19.5 Required notifications to Department respecting spouses and former spouses.

§ 19.5–1 Notification from participant or annuitant.

If a participant or former participant becomes divorced on or after February 15, 1981, he/she shall notify the Department (PER/ER/RET) of the divorce on or prior to its effective date. The notice shall include the effective date of the divorce, the full name, mailing address, and date of birth of the former spouse and the date of the member’s marriage to that person, and enclose a certified copy of the divorce decree. If there is a court order or spousal agreement concerning payment or non-payment of Foreign Service benefits to the former spouse, the original or a certified copy of the order or agreement shall also be forwarded to PER/ER/RET. In the absence of a court order or spousal agreement providing otherwise, the Department will pay a pro rata share of the member’s benefits to the former spouse. (A former spouse of a former participant who separated from the Service on or before February 15, 1981 is not eligible for a pension under §19.9, i.e., not eligible for a pro rata share of the principal’s annuity.) Upon receipt of notice of a divorce, a court order, or spousal agreement, the Department will proceed as indicated in §19.6 or §19.7. Delinquent notice to the Department of the divorce of an annuitant will result in retroactive payments to any qualified former spouse to the extent that the retroactive payments can be deducted from future annuity payments to the principal as stated in §19.6–4.

§ 19.5–2 Notification to Department from former spouses.

A former spouse is obligated to notify the Department of the following on a timely basis:

(a) A divorce from a participant or former participant when the former spouse is notified by the court of the divorce before the participant is notified;

(b) Any change in address; and

(c) Any remarriage.

Notices shall be sent to the Department of State, Attention PER/ER/RET, Washington, DC 20520.

§ 19.5–3 Residence of spouse during service at unhealthful post.

(a) The calculation of the pro rata share of benefits for a former spouse, and the determination of whether a person qualifies as a “former spouse” depends on the length of the marriage. The latter, under the definition in the Act and when the principal has received extra service credit for an assignment to an unhealthful post, depends upon whether a spouse has resided with the principal at the unhealthful post. In order to determine residency for this purpose, whenever a married participant is assigned to an unhealthful post for which he/she does not receive post differential and does not receive or request extra service credit, the participant shall report on Form OF–140, Election to Receive Extra Service Credit Towards Retirement, whether his/her spouse is or is not residing at the post. Although a chief of mission is not required to submit Form OF–140 in order to receive extra credit for service at an unhealthful post, he/she must nevertheless submit this form if the chief of mission has a spouse that does not accompany him/her at post for the entire assignment. Both the participant and spouse shall sign the completed form. If there is a change in residence of the spouse during the assignment, a new joint Form OF–140 shall be filed to report the change.

(b) Whenever a participant retires or becomes divorced, or whenever a former participant becomes divorced...
who has extra service credit for assignment at unhealthful posts completed prior to the issuance of this regulation who was married during at least a portion of the assignment, the participant or former participant shall submit a statement to PER/ER/RET reporting on whether his/her spouse resided at the unhealthful post and the dates of such residence. The statement shall be signed by the principal and his/her spouse or former spouse whenever possible.

(c) In the event of a disagreement between a principal and his/her spouse or former spouse concerning residency at an unhealthful post, or the submission of a report or statement by a principal showing a period of nonresidence at a post by a spouse which is not signed by the spouse, the determination of residence will be made by PER/ER/RET and based on records in the Department of payments for travel and allowances plus any other evidence that can be adduced. In the absence of any evidence to the contrary, the assumption will be made that the spouse resided at the post.

§ 19.6 Court orders and divorce decrees.

§ 19.6–1 Orders by a court.

(a) A court may—

(1) Fix the amount of any pension to a former spouse under §19.9, or order that none be paid;
(2) Fix the amount of any regular survivor annuity to a former spouse under paragraphs (a) and (b) of §19.11, or order that none be paid;
(3) Order provision of an additional survivor annuity for a spouse or former spouse under §19.10–5;
(4) Fix the amount of any benefit under §19.10–6 based on recall service payable to a former spouse to whom the annuitant was married during any portion of the recall service, or order that none be paid;
(5) Fix the amount of any lump-sum payable to a former spouse under §19.13 or order that none be paid;

(b) Fix the amount of any benefit payable to a former spouse based on recall service payable to a former spouse to whom the annuitant was married during any portion of the recall service, or order that none be paid;

(c) Fix the amount of any benefit payable to a former spouse based on any other benefits payable to the annuitant or annuity, or order that none be paid;

(d) Define the amount to be paid to a beneficiary in a way so that it can be readily calculated from information in the normal files of the Department;

(e) Order, to the extent consistent with any obligation stated in §19.8 between a participant and a former spouse, and pursuant to any court decree of divorce, legal separation or annulment or any court ordered or approved property settlement agreement incident to any court decree of divorce, legal separation, or annulment, that any payment from the Fund which would otherwise be made to a former participant based on his/her service shall be paid (in whole or in part) by the Secretary of State to a previous spouse or child of such participant. No apportionment under this paragraph may be made of a payment authorized to be paid to a survivor of a participant or annuitant.

(2) Not direct payment of an amount in excess of the maximum amount authorized to be paid by the relevant regulation;

(3) Direct that payments be made to an eligible beneficiary from a principal’s Foreign Service retirement benefit or survivor benefit. If a court directs or implies that a principal, rather than the Secretary of State or the Government, make the payments, the order will not be considered qualified unless the principal does not object during the 30–day notice period provided under §19.6–6;

(4) Define the amount to be paid to a beneficiary in a way so that it can be readily calculated from information in the normal files of the Department;

(5) Not make payment contingent upon events other than those on which other payments from the Fund are based such as age, marital status and school attendance; and

(6) Not be in conflict with any previously issued court order which remains valid.
§ 19.6–3 Application for payment.

(a) To receive payment from the Fund pursuant to a court award, the beneficiary must submit an application in writing to the Chief of the Retirement Division (PER/ER/RET), Department of State, Washington, DC 20520. The application must be typed or printed, signed by the beneficiary, and include—

(1) The full name, date of birth, current address and current marital status of the beneficiary;
(2) Full name and date of birth of the participant or former participant and his/her date of birth or other identifying information;
(3) Relationship to the beneficiary, and if a spouse or former spouse, date of marriage to and/or divorce from the participant;
(4) A statement that the court order has not been amended, superseded, or set aside;

The original of the court order or a recently certified copy must be enclosed with the application, or a statement appended that such a copy has been sent to the Department by other means.

(b) When payments are subject to termination upon the occurrence of a condition subsequent, such as marriage, remarriage or termination of schooling, or death of the principal, no payment will be made until the beneficiary submits a statement to PER/ER/RET that—

(1) The condition has not occurred;
(2) He/she will notify the Department (PER/ER/RET) within 15 calendar days of the occurrence of the condition subsequent; and
(3) He/she will be personally liable for any overpayment to him/her resulting from the occurrence of the condition subsequent. PER/ER/RET may require periodic recertification of these statements.

§ 19.6–4 Date of court orders.

(a) A court order directing or barring payment of a pension to a former spouse under §19.9 may not be given effect by the Department if it is issued more than 12 months after the divorce becomes final. A court order adjusting the amount of a regular or additional survivor annuity to a former spouse under §19.11–2 or §19.10–5 may not be given effect by the Department if it is issued after the death of the principal.

(b) A court order issued within 12 months after a divorce becomes final directing payment of a pension to a former spouse in an amount other than provided in §19.9 may be made retroactively effective to the first of the month in which the divorce becomes final if so specified by the court. In such event, the Department will adjust any future payments that may become due by an annuitant and a former spouse by increasing one and correspondingly reducing the other in order to give effect to the order of the court. However, if future payments to one party are not due, as for example if a court orders that no payments be made to a former spouse, or that 100 percent of an annuity be paid as pension to a former spouse, the Department will not give retroactive effect to a court order by collecting overpayments from one party in order to pay them to the other party and will not make overpayments from the Fund.

(c) A court order under this chapter involving any payment other than a pension to a former spouse under §19.9 may not be given retroactive effect and shall not be effective until it is determined to be a qualifying order under §§19.6–5.
§ 19.6-5 Preliminary review.

(a) Upon receipt of an application for payment under §19.6-3, PER/ER/RET will determine whether—

(1) The application is complete;
(2) The applicant is an eligible beneficiary under this chapter; and
(3) The court order is a qualifying order. If the application is completed, the beneficiary is eligible and the court order appears on its face to be a qualifying order, PER/ER/RET will provide the notification required by §19.6-6, otherwise, it will notify the applicant of any deficiency or requirement for additional information, and if the order is determined to be non-qualifying, the basis for such determination.

(b) Upon receipt of a certified copy of a final decree of divorce, PER/ER/RET will determine whether—

(1) It is a valid decree. Any decree recognized as valid by the parties will be considered valid for this purpose. In addition, any non-recognized decree will be considered valid for this purpose unless:
   (i)(A) Neither party was domiciled within the court’s jurisdiction, and
   (B) The party denying recognition did not participate in the proceedings, or
   (ii) The party denying recognition was not afforded notice of the proceedings (actual or constructive);
   (2) A related court order has been submitted by either party; and
   (3) A pro rata share payment is or may become due the former spouse. If a divorce decree is deemed valid under this paragraph, a pro rata share payment is due a former spouse unless PER/ER/RET is in receipt of a court order which it has deemed qualified under paragraph (a) of this section, or a valid spousal agreement providing otherwise. If it determines that a pro rata share payment is due, it will provide the notification required by §19.6-6, otherwise, unless action is being taken pursuant to a related court order, it will notify both parties to the divorce the reason a pro rata share payment is not payable.

§ 19.6-6 Notification.

(a) Notification to a principal. Whenever PER/ER/RET receives from a former spouse or other eligible beneficiary—

(1) a court order which it deems qualified that requires payment to the beneficiary; or
(2) A final decree of divorce which it deems valid together with a request for a pro rata share payment—PER/ER/RET will send a copy of the document to the principal and a notice stating:
   (i) That PER/ER/RET deems the order qualified or the divorce decree valid, (ii) that payments will be made from the principal’s account to the beneficiary and the effective date of such payments, (iii) the effect of such payments on the principal’s retirement benefit. In the case of any court order with retroactive or immediate effect, and in the case of pro rata share payments, the amounts will be withheld from future payments to the principal but will not be paid to the beneficiary for 30 days from the notice date in order to give the principal an opportunity to contest the court order or the validity of the divorce.

PER/ER/RET will provide the former spouse or other beneficiary the same information, stating the exact amount that will be payable to the beneficiary and explaining how that amount was calculated.

(b) Notification to a former spouse. When PER/ER/RET receives from a principal—(1) a court order which it deems qualified that requires or forbids payment to a former spouse; or (2) a final decree of divorce which it deems valid without an accompanying court order—PER/ER/RET will send a copy of the document to the former spouse and a notice stating: (i) That PER/ER/RET deems the court order qualified or the divorce decree valid, (ii) that PER/ER/RET intends to honor the court decree or to make pro rata share payments because of the divorce, (iii) the effective date, exact amount, and method of calculation of any payments to the former spouse.

PER/ER/RET will provide the same information to the principal and will explain the effect any payment to a
§ 19.6–7

Decision.

(a) When a response has not been received by PER/ER/RET from a principal within the 30-day period under § 19.6–6a, payment will be made in accordance with the notification. When a response is received, the Chief, PER/ER/RET will consider the response. If it is shown that a court order is not qualifying or that a divorce is not valid under terms of the Act and these regulations, payment proposed in the notification will not be made. In such a case, PER/ER/RET will advise both parties of the basis for its decision and the alternative action, if any, that it proposes to take.

(b) If a principal responding to a notification under § 19.6–6a objects to the payment or other action proposed by the Department in the notification based on the validity of the court order or divorce decree, and the record contains support for the objection, PER/ER/RET will grant the principal 30 days to initiate formal legal action to determine the validity of the objection, will continue to delay payment to the former spouse or other beneficiary during this period, and will notify the beneficiary of this action. If evidence is submitted that formal legal action has been started within the 30-day period, the amount of any proposed payment to a former spouse or other beneficiary will continue to be withheld from any payments due the principal, but no payment will be made to the former spouse or other beneficiary until a judicial decision is rendered or agreement reached between the parties.

§ 19.6–8

Allotment to beneficiary.

If a court order is not a qualifying court order because it directs or implies that payment to the beneficiary is to be made by the principal rather than the Secretary of State, the principal may make an allotment to the beneficiary from his/her annuity. An annuitant may also make an allotment from his/her annuity to a previous spouse in the absence of a court order.

§ 19.6–9

Limitations.

(a) Retirement benefits are subject to apportionment by court order under § 19.6–1(a) only while the principal is living. Payment of apportioned amounts will be made only to a previous spouse and/or the children of the principal. Such payments will not be made to any of the following:

(1) Heirs or legatees of the previous spouse;

(2) Creditors of either the principal or the previous spouse; or

(3) Assignees of either the principal or the previous spouse.

(b) The amount of any court ordered payment may not be less than one dollar and, in the absence of compelling circumstances, shall be in whole dollars.

(c) In honoring and complying with a court order, the Department shall not be required to disrupt the scheduled method of accruing retirement benefits or the normal timing for making such payments, despite the existence of any special schedule relating to a previous spouse or other beneficiary.

(d) In cases where the court order apportions a percentage of the retirement benefits, PER/ER/RET will initially determine the amount of proper payment. That amount will only be increased by future cost-of-living increases unless the court directs otherwise.

§ 19.6–10

Liability.

(a) The Department shall not be liable for any payment made from retirement benefits pursuant to a court order if such payment is made in accordance with the provisions of this chapter.

(b) In the event that the Secretary is served with more than one court order with respect to the same retirement benefits, the benefits shall be available to satisfy the court orders on a first-come, first-served basis.

(c) A previous spouse or other beneficiary may request that an amount be withheld from the retirement benefits of a principal or survivor of a principal which is less than the amount stipulated in a court order, or otherwise scheduled to be paid to the beneficiary under this chapter. This lower amount will be deemed a complete fulfillment.
§ 19.7 Spousal agreements.

§ 19.7–1 Purpose.

A spousal agreement may be used by both parties to establish an agreed-upon level of benefits to a spouse or a former spouse and to relieve the participant of responsibility for providing a higher level of benefits.

§ 19.7–2 Agreement with spouse.

(a) A spousal agreement between a participant and a spouse may waive or fix the level of a regular survivor annuity under §19.11–3. If an agreement is filed, it will assure the spouse that the agreed-upon level of survivor annuity will be paid, irrespective of a future divorce provided the survivor meets the definition of “former spouse” in §19.2(k). If an agreement is not filed, the participant’s annuity will be reduced under §19.10–2 to provide the maximum regular survivor annuity for the spouse, but in the event of a future divorce if the spouse meets the definition of “former spouse,” that person will be entitled only to a pro rata share of the survivor annuity. An agreement under this paragraph may be filed with PER/ER/RET at any time prior to retirement (commencement of the principal’s annuity).

(b) A spousal agreement between an annuitant and a spouse filed with PER/ER/RET before commencement of a supplemental annuity for recall service may waive a supplemental survivor annuity that would otherwise be provided for a spouse under §19.10–6.

(c) A spousal agreement between a participant or former participant and a spouse may be filed with PER/ER/RET at any time in accordance with §19.10–5 and provide for an additional survivor annuity for the spouse.

(d) A spousal agreement filed under paragraph (a), (b), or (c) remains valid and binding in the event of divorce if the spouse qualifies as a former spouse.

§ 19.7–3 Agreement with former spouse.

(a) A spousal agreement between a participant or former participant and a former spouse may waive, reduce or increase the following benefits for a former spouse:

1. A pension under §19.9;
2. A regular survivor annuity under §19.11–2;
3. A supplemental survivor annuity under §19.10–6;
4. A lump sum payment for regular or recall service under §19.13.

A spousal agreement shall also be used by a participant or former participant who has a former spouse on February 15, 1981, to elect a regular survivor annuity for such former spouse in accordance with §19.11–2(e). An agreement to establish or increase any benefit for a former spouse entered into while the principal is married to someone else, must be signed and agreed to by both the spouse and the former spouse. An agreement affecting pension benefits may be filed at any time and will govern payments made after its acceptance by PER/ER/RET. An agreement affecting a regular survivor annuity must be filed before the end of the 12-month period after the divorce involving that former spouse or at the time of retirement, whichever occurs first, except as authorized in §19.11–2(b) for persons retired on February 15, 1981, or in §19.11–2(e) with respect to persons who were former spouses on February 15, 1981. This filing requirement stated in the Act makes it impossible to adjust, other than by court order, a regular survivor annuity for a former spouse when the divorce occurs after a retirement which occurs on or after February 15, 1981. The survivor annuity for the former spouse in such case is fixed by any spousal agreement entered into prior to the divorce, by §19.11–2 or by court order. An agreement affecting supplemental survivor benefits or lump-sum payments must be filed before the supplemental annuity of the principal begins or lump-sum payment is made.

(b) A spousal agreement between a participant or former participant and a former spouse may be filed with PER/ER/RET at any time in accordance with §19.10–5 to provide an additional survivor annuity for the former spouse.
§ 19.7–4 Form of agreement.

(a) A spousal agreement is any legal agreement between the parties accepted by PER/ER/RET as meeting the requirements of this section. If in accordance with the regulations, PER/ER/RET will accept as a valid spousal agreement a property settlement agreed to by the parties and approved by a court regardless of the date of the agreement.

(b) A spousal agreement must either be authenticated by a court or notarized.

§ 19.7–5 Limitations.

(a) A spousal agreement may not provide for any payment from the Fund in excess of the amount otherwise authorized to be paid, or at a time not authorized by these regulations, or to a person other than a spouse or former spouse.

(b) A spousal agreement must be filed with the Department, Attention PER/ER/RET, and accepted by that office as in conformance with the Act and these regulations prior to the times specified in §§19.7–2 and 19.7–3. That office will provide advice to the parties on the validity of any proposed agreement and on proper format.

(c) A spousal agreement may apply only to payments from the Fund for periods after receipt of a valid agreement by the Department.

(d) Paragraphs (b), (c) and (d) of §§19.6–9 and 19.6–10 apply to spousal agreements and payments made pursuant to spousal agreements to the same extent that they apply to court orders and court ordered payments.

§ 19.7–6 Duration and precedence of spousal agreements.

(a) A spousal agreement may be revised or voided by agreement of the parties (by filing a new agreement under this section) at any time prior to the last day for filing an agreement determined in accordance with §19.7–2 or §19.7–3, except spousal agreements for additional survivor annuities are irrevocable. After the last day for filing a particular agreement, such agreement is irrevocable.

(b) A valid spousal agreement entered into subsequent to the issuance of a court order affecting the same parties will override the court order, and shall govern payments from the Fund.

(c) A spousal agreement may not override a previous spousal agreement involving the same principal but a different spouse or former spouse without agreement of such spouse or former spouse.

§ 19.8 Obligations of members.

Participants and former participants are obligated by the Act and these regulations to provide the following benefits to others and must accept the necessary reductions in their own retirement benefits to meet these obligations:

(a) A pension to a former spouse pursuant to §19.9;

(b) A court ordered apportionment of annuity to a previous spouse or child under §19.6–1 (a)(6) (the benefit to a child referred to here is paid during the annuitant’s lifetime as distinguished from the automatic survivorship annuity to a child described in §19.11–7);

(c) A regular survivor annuity to a former spouse who has not remarried prior to age 60, and to a spouse to whom married when annuity commences, pursuant to §§19.11–2 and 19.11–3;

(d) An additional survivor annuity for a spouse or former spouse under §19.10–5 when elected by the participant or ordered by a court;

(e) Lump-sum payments to a former spouse pursuant to §19.13;

(f) Benefits ordered by a court under §19.6 or specified in a spousal agreement under §19.7.

§ 19.9 Pension benefits for former spouses.

§ 19.9–1 Entitlement.

(a) Unless otherwise expressly provided by a spousal agreement under §19.7 or a court order under §19.6, a person who, after February 15, 1981, becomes a former spouse of a participant (or former participant who separated from the Service after February 15, 1981) and who has not remarried prior to becoming 60 years of age, becomes entitled to a monthly pension benefit effective on a date determined under §19.9–2 in an amount determined under §19.9–3.
§ 19.9–3 Computation and payment of pension to former spouse.

(a) A pension to a former spouse is paid monthly on the same date that annuity is paid to the principal.

(b) No spousal agreement or court order may provide for a pension or any combination of pensions to former spouses of any one principal which exceeds the net annuity of the principal as defined in §19.6–2(b).

(c) A pension to a former spouse not fixed by a spousal agreement or court order shall equal the former spouse’s pro rata share of 50 percent of the annuity to which the principal is entitled on the date the divorce becomes final, or, if not then entitled to an annuity, 50 percent of the annuity to which the principal first becomes entitled following that date. A pension to a former spouse of a disability annuitant shall be calculated on the basis of an annuity for which the participant would qualify if not disabled. A pension to a former spouse will be increased by the same percentage of each cost-of-living adjustment received by the principal.

(d) The Department will initiate payment of a pension to a former spouse after complying with the notification and other procedures described in §19.6.

(e) If a pension can not be paid because a former spouse is missing, the principal may file an affidavit with PER/ER/RET that he/she does not know the whereabouts of the former spouse. In such an event, the principal and the Department will follow the procedures in §19.11–4 in an effort to locate the former spouse. The annuity of the principal will be reduced by the amount of the pension to the former spouse even though the latter is not being paid. If the former spouse has not been located during the 12-month period following the date the principal files an affidavit under this section, the annuity of the principal will be recomputed effective from its commencing date (or on the date following the last month a pension payment was made to the former spouse) and paid without reduction of the amount of pension to the former spouse. If the former spouse subsequently is located, pension payments to him/her will be initiated at that time at the rate that would have been payable had they been paid continuously from the original effective date. The Department shall not be liable to make any pension payments to the former spouse for the missing period if the procedures under this section were faithfully complied with nor will the Department be responsible for recovering any payments made to the
§ 19.9–4 Effect on annuitant.

Any pension payable to a former spouse under this section or pursuant to any spousal agreement or court order shall be deducted from the annuity of the principal. (See §19.6–4 concerning retroactive adjustments.) If the annuity of such a principal in any month is discontinued or reduced so that the net amount payable is less than the pension to the former spouse or spouses of the principal because of recall, reappointment or reinstatement in the Foreign Service or reemployment in the Government service, the principal’s salary, rather than annuity, shall be reduced by the amount of the pension payment(s). Such salary reductions shall be deposited in the Treasury to the credit of the Fund. If a pension to a former spouse is discontinued for any reason except a suspension pending a determination of entitlement, the annuity of such a principal in any month shall be recomputed effective as of the date of discontinuance of the pension, and paid as if the pension to the former spouse had never been deducted.

§ 19.10 Types of annuities to members.

§ 19.10–1 Full annuity.

If a participant retires and does not provide a survivor annuity to a spouse, former spouse or designated beneficiary, the participant receives a “full” annuity. A full annuity means an annuity computed without any survivorship reduction. Example: Average salary $20,000 and maximum of 35 years of service.

Average basic annual salary for high 3 consecutive years of service ................................. $20,000

Multiplied by 2 pct .................................................................. .02

$400.00

Multiplied by 35 years of creditable service ............................................ .35

Full annuity ........................................................................... $14,000

§ 19.10–2 Reduced annuity with regular survivor annuity to spouse or former spouse.

(a) At commencement of annuity, a participant or former participant may provide a regular survivor annuity for any eligible former spouse and, within the limits of paragraph (b) of this section, a regular survivor annuity to any spouse to whom he/she is then married as described in §§19.11–2 and 19.11–3, respectively. A regular survivor annuity for a spouse or former spouse equals 55 percent of the portion of the retiree’s annuity (up to the full amount) designated as the base for the survivor annuity. To provide the survivor annuity, the participant must accept a reduction in his/her full annuity equal to 2½ percent of the first $3,600 of the designated base, plus 10 percent of the balance of the base. If a regular survivor annuity is being provided for both a spouse and a former spouse, the bases for each are added and the calculation made as in the following example:

Participant’s full annuity as computed in §19.10–1: $14,000.

Maximum regular survivor annuity is 55 percent of full annuity: $7,700.

Case I (Participant has a spouse and former spouse at retirement) If the pro rata share for a former spouse is 75 percent, the base for this benefit will be 75 percent of $14,000: $10,500.

The base for the maximum regular survivor annuity for a spouse would then be 25 percent of $14,000 or $3,500.

Combined base: $14,000.

Participant’s full annuity reduced as follows:

2½ percent of first $3,600 of the base: $90.

Plus 10 percent of the amount over $3,600 ($14,000–3,600): $10,400.

Total reduction in participant’s full annuity: $11,390.

Participant’s reduced annuity: $12,610.

Survivor annuity for former spouse: 55 percent of $10,500 or $5,775.

Survivor annuity for spouse: 55 percent of $3,500 or $1,925.

Case II (Participant married at retirement with no former spouse. All calculations made without reference to cost-of-living increases described in §19.11–5d.)

Joint election of base for regular survivor annuity of 90 percent of the maximum, or 90 percent of $14,000: $12,600.

Participant’s full annuity reduced as follows:

2½ percent of first $3,600 of the base: $90.

Plus 10 percent of the amount over $3,600 ($12,600–3,600): $9,000.

Total reduction in participant’s full annuity: $990.

Participant’s reduced annuity: $12,610.
The participant’s full annuity would then be reduced by $780 in accordance with the above formula for this survivor benefit, and the reduced annuity would be $14,000–$780: $13,220.

If the former spouse qualifies for a pension as described in §19.9 based on a pro rata share of 75 percent, the pension would equal 50 percent of the participant’s reduced annuity times 75 percent (50%×$13,220×75%): $4,957.50.

The participant’s reduced annuity would then be further reduced by this pension ($13,220–$4,957.50) to provide an annuity to the former participant of $8,262.50.

If this annuitant later remarried, the maximum base for the regular survivor annuity for the new spouse would be the amount designated at retirement, $12,600, less the amount committed to the former spouse, $10,500: $12,600–$10,500 or $2,100.

The survivor annuity for this spouse: 55% of $2,100 or $1,155.

(b) The maximum regular survivor annuity or combination of regular survivor annuities that may be provided under this section is limited to 55% of the principal’s full annuity computed at retirement. If an annuitant is recalled to active duty in the Foreign Service, he/she may provide additional regular survivor annuities under §19.10–6. The maximum regular survivor annuity or combination of regular survivor annuities that an annuitant who was married at retirement may elect or provide, pursuant to a court order or otherwise, after retirement in the event of his/her divorce or remarriage, is limited to the amount provided at the time of initial retirement or reversion to retired status following recall service.

§ 19.10–3 Marriage after retirement.

If an annuitant who was unmarried at the time of retirement, marries, he/she may within one year after such marriage irrevocably elect to receive a reduced annuity and to provide, subject to any obligation to provide a survivor annuity for a former spouse, a survivor annuity for the new spouse. If such an election is made, the principal’s annuity shall be reduced in accordance with §19.10–2 effective on the first day of the first month which begins at least one year after the date of the marriage. The reduction is computed on the commencing rate of the principal’s annuity.

§ 19.10–4 Death or divorce of a spouse and remarriage after retirement.

(a) If the marriage of an annuitant who received a reduced annuity at retirement under §19.10–2 to provide a survivor annuity for a spouse is dissolved by divorce or by death of the spouse, the retiree’s annuity shall be recomputed, if necessary, as of the first of the month following the death or divorce. If the marriage was dissolved by death, the annuity shall be recomputed and paid at its full amount. If the marriage is dissolved by divorce, procedures in §19.11–2(b) shall be followed.

(b) In the event an annuitant affected by this paragraph remarries, the annuitant may elect within one year of remarriage to provide a survivor annuity for the new spouse equal in amount to the survivor benefit formerly in effect for the previous spouse less any amount committed for a former spouse. The annuity of a retiree making such an election shall be reduced effective on the first day of the first month which begins at least one year after the remarriage to the amount that would have been payable had there been no
recomputation under paragraph (a) of this section.

§ 19.10–5 Reduced annuity with additional survivor annuity to spouse or former spouse.

(a) General. This section provides an opportunity for a participant or former participant who has provided a regular survivor annuity to a former spouse to provide a survivor annuity to a second spouse or to another former spouse. The additional survivor annuity provided under this section generally is more costly than the regular survivor annuity because the participant is required to pay it’s full cost by deduction from salary or annuity, or otherwise, as specified in paragraph (e) of this section. The participant must also be in normal health for his/her age and pass a physical examination prescribed by the Secretary of State (M/MED) to be eligible to provide an additional survivor annuity under this section.

(b) Limitation on amount. Neither the total amount of additional survivor annuity or annuities under this section provided by any participant or former participant nor any combination of regular or additional survivor annuities for any one surviving spouse or former spouse of a principal may exceed 55 percent of the principal’s full annuity counting any supplemental annuity or recomputation of annuity because of recall service. An additional survivor annuity provided by any principal shall be further limited to the amount that can be provided by a monthly payment which is not greater than the principal’s net annuity described in §19.6-2(b). The amount of any additional survivor annuity provided by a spousal agreement effective prior to the principal’s retirement, shall be reduced as necessary by PER/ER/RET after the principal’s retirement to comply with this limitation. Any amount paid by a participant for the portion of additional survivor annuity cancelled pursuant to this paragraph shall be treated as an additional lump sum payment under paragraph (e) of this section and used to increase the amount of the additional annuity. A participant who separates from the Service without entitlement to any annuity is not entitled to provide an additional survivor annuity. Payments in such a case would be discontinued as described in paragraph (e) of this section.

(c) Procedures to grant additional survivor annuity. A participant or former participant who has provided a regular survivor annuity to a former spouse who wishes to provide, or who is ordered by a court to provide an additional survivor annuity under this section to a spouse or another former spouse, shall do so by filing a spousal agreement with PER/ER/RET on a form acceptable to PER/ER/RET. Such an agreement will be irrevocable when accepted by PER/ER/RET unless the beneficiary of the additional survivor annuity is subsequently made a beneficiary of a regular survivor annuity in equal amount. Within the limitations specified in paragraph (b) of this section, an individual may be made the beneficiary of both a regular and an additional survivor annuity. A spousal agreement granting an additional survivor annuity to a spouse will remain valid in the event the marriage is dissolved and the spouse qualifies as a former spouse under the definition §19.2(k).

(d) Eligibility for additional survivor annuity. A spouse or former spouse must meet the same criteria (§19.2(v) or §19.2(k)) to be eligible for an additional survivor annuity as a spouse or former spouse must meet to be eligible for a regular survivor annuity. Payment of a special survivor annuity will commence on the day after the participant dies and shall terminate on the last day of the month before death or remarriage before attaining age 60. If it is discontinued because of remarriage, it will not be resumed.

(e) Payment for additional survivor annuity. (1) Payment for an additional survivor annuity will commence on the first of the month following the effective date of a spousal agreement providing the additional survivor annuity. The effective date will be the date of acceptance of the spousal agreement by PER/ER/RET (upon a finding that the agreement conforms to the law and regulations) or such later date as may be specified in the agreement. No payment will be made to a beneficiary under the agreement if the principal
dies before its effective date. Accordingly, in order to give protection to a beneficiary during active service, the agreement must be made effective, and payment commence, during active service. Payment will be made by a participant or annuitant by deduction from salary or annuity. Payment will be made by a former participant while awaiting commencement of a deferred annuity by direct payment to the Department, Office of Financial Operations (M/COMP/FO). Payments not received by the due date may, at the option of M/COMP/FO and with notice to the principal and the beneficiary be collected from the principal’s lump-sum account. Amounts so collected must be repaid by the principal with interest compounded at 10 percent annually to prevent exhaustion of the lump-sum account. If the lump-sum account does become exhausted, any rights to the lump-sum payment under §19.13 and survivorship rights under this paragraph will expire on that date. If the principal dies with an amount owing, it shall be collected by set off from the survivor annuity or lump-sum account.

(2) Monthly payments may be reduced or eliminated by direct payment to M/COMP/FO by any participant or former participant under terms mutually agreed upon by the participant and PER/ER/RET. Minimum monthly payments will be based upon actuarial tables prescribed from time to time by the Director General of the Foreign Service (M/DGP) with the advice of the Secretary of Treasury. Such tables will be calculated so that the present value of all payments equal the present value of the survivor annuity. If new tables are prescribed, they would be applicable to additional survivor annuities provided by spousal agreements that become effective on or after the effective date of the new tables. Additional survivor annuities will be increased by regular cost-of-living adjustments from their commencing dates only when so specified at the option of the participant or former participant in a spousal agreement. Monthly payments will be higher if cost-of-living adjustments are provided.

(3) In the event of the disqualification of a beneficiary for an additional survivor annuity because of death, remarriage prior to age 60 or divorce from the principal and failure to meet the definition of “former spouse,” or in the event of an authorized reduction or cancellation of an election for an additional survivor annuity, the monthly payment for such discontinued or reduced additional survivor annuity will be discontinued or reduced, as appropriate, effective at the beginning of the first month following termination or reduction of the benefit. Except as otherwise specified in paragraph (b) of this section, any amount paid for such discontinued or reduced benefit by a participant or former participant in excess of the minimum monthly payments described above shall be refunded to the participant or former participant with interest calculated at the annual rate used in the last evaluation of the System or at such higher rate as may be authorized by M/COMP/FO as will not cause a loss to the Fund. The following table illustrates the minimum monthly payments schedule in effect February 15, 1981.

(4) Reduction from annuity to a principal to pay for an additional survivor annuity will be in the nature of an allotment and will not affect computations of cost-of-living adjustments to the principal.

§ 19.10–6 Benefits for recall service.

(a) Annuity of recalled participant. Any participant who is recalled to the Service under section 308 of the Act, shall, while serving, be entitled in lieu of annuity to the full salary of the class in which serving. During such service, the recalled annuitant shall make contributions to the Fund under section 805(a) of the Act. If a share of the annuity is being paid as a pension to a former spouse under §19.9, that share shall be deducted from the salary.
§ 19.10–6

22 CFR Ch. I (4–1–10 Edition)

of the recalled annuitant during the period of the recall service. Upon reversion of the annuitant to retired status, any pension payable to a former spouse that was being deducted from the salary of the principal shall again be deducted from the annuity of the principal which shall be determined as follows:

(1) If the recall service lasts less than one year, a refund of retirement contributions made during the recall period will be refunded under §19.13 and the former annuity will be resumed at the previous rate adjusted by any cost-of-living increases that became effective during recall service.

(2) If the recall service lasts between one and five years, the annuitant will be entitled to elect benefits under paragraph (a)(1) of this section or receive both the former annuity adjusted by cost-of-living increases and a supplemental annuity computed under §19.10 on the basis of service credit and average salary earned during the recall period, irrespective of the number of years of service credit previously earned.

(3) If the recall service lasts five years or more, the annuitant will be entitled to recomputation of the annuity as if there had been no previous re-tirement, or elect benefits under paragraph (a) (1) or (2) of this section.

(4) An annuitant may receive credit in any computation under paragraph (a) (2) or (3) of this section for any Federal service performed subsequent to the separation upon which the original annuity was computed provided a special contribution is made for such service under section 805 of the Act.

(5) An annuitant entitled to a supplemental annuity under paragraph (a)(3) of this section or a recomputed annuity under paragraph (a)(4) of this section is obligated, in the absence of a court order or spousal agreement to the contrary, to have those annuities reduced to provide the benefits described in §19.8 to any spouse or former spouse to whom married during any portion of the recall service. An annuitant must accept a reduction of 10 percent of his/her supplemental annuity in order to provide a supplemental survivor annuity to a spouse or former spouse. The maximum supplemental survivor annuity equals 55 percent of the supplemental annuity. If, upon reversion to retired status, an annuitant has a former spouse entitled to a pro rata share or some other share of the supplemental survivor annuity, but no spouse, the appropriate share of the supplemental annuity shall be reduced by 10 percent to provide such former spouse a share of the maximum supplemental survivor annuity.

(b) Survivor benefit for death during recall service. (1) If an annuitant entitled to a reduced annuity under §19.10–2 dies in service after being recalled and is survived by a spouse or former spouse entitled to a survivor annuity based on the service of such annuitant, such survivor annuity shall be computed as if the recall service had otherwise terminated on the day of death and the annuity of the deceased had been resumed in accordance with paragraph (a) of this section. If such death occurs after the annuitant had completed sufficient recall service to attain eligibility for a supplemental annuity, a surviving spouse or surviving former spouse who was married to the participant at any time during a period of recall service shall be entitled to elect, in addition to any other benefits and in lieu of a refund of retirement contributions made during the recall service, a supplemental survivor annuity computed and paid under §19.10–6a(5) as if the recall service had otherwise terminated. If the annuitant had completed sufficient recall service to attain eligibility to have his/her annuity determined anew, a surviving spouse or such a surviving former spouse may elect, in lieu of any other survivor benefit under §19.11, to have the rights of the annuitant reetermined and to receive a survivor annuity computed under §19.11–2 or §19.11–3 on the basis of the total service of the annuitant. In the event such an annuitant is survived both by a spouse and such a former spouse, the former spouse will be entitled to a pro rata share of any refund or supplemental survivor benefit under this section computed on the basis of total service during the recall period and months of marriage during such period. If the surviving spouse and surviving former spouse elect different benefits under
this paragraph, the former spouse will receive the pro rata share of the benefit he/she elects and the spouse will receive the reciprocal share of the benefit he/she elects.

(2) In the event an annuitant dies during recall service and is survived by a former spouse to whom not married during any period of the recall service, such former spouse will not be entitled to any benefits based on the recall service.

§ 19.11 Survivor benefits.

§ 19.11–1 Kinds of survivor benefits.

If a participant or former participant dies in active service or after retirement, regular survivor annuities are payable under terms of this section to an eligible surviving spouse, former spouse or child. Also, if all rights to annuity and survivor annuity terminate prior to exhaustion of the participant’s lump-sum credit, a lump-sum payment is made pursuant to §19.13. In addition to the above, an additional survivor annuity, and a supplemental survivor annuity may be payable to an eligible survivor under §§19.10–5 and 19.10–6, respectively. If any participant or former participant makes an election, files a spousal agreement or becomes subject to a court order to provide a regular survivor annuity for a spouse or former spouse and does not subsequently become entitled to leave a survivor annuity under these regulations (because of separation from the Service and withdrawal of contributions, death after separation but before commencement of a deferred annuity, or for any other reason), none will be paid and such election, spousal agreement or court order to provide such survivor annuity will have no force or effect.

§ 19.11–2 Regular survivor annuity for a former spouse.

(a) Divorce prior to retirement. If a participant or former participant is divorced prior to commencement of annuity, any former spouse shall be entitled to a pro rata share of such a principal’s maximum regular survivor annuity (based on service performed prior to the divorce) unless a different amount is elected in a spousal agreement filed with PER/ER/RET within 12 months after the divorce becomes final or at the time of the retirement, whichever occurs first, or unless a different amount is specified by a court prior to the death of the principal. The principal’s annuity shall be reduced at the commencing date under §19.10–2 in order to provide the survivor annuity committed to the former spouse.

(b) Divorce after retirement. In the event an annuitant is divorced after retirement (commencement of annuity), the maximum survivor annuity that may be provided for that former spouse is limited to the amount provided for that person at the time of retirement. Within that limit, the former spouse is entitled to a pro rata share of the participant’s maximum survivor benefit (based on service performed prior to the divorce) unless a different amount was elected in a spousal agreement filed with PER/ER/RET at the time of retirement, or in the case of retirement before February 15, 1981, filed with PER/ER/RET within 12 months after the divorce becomes final, or unless a different amount is specified by a court prior to the death of the principal. For this purpose, a joint election filed with PER/ER/RET at the time of retirement is considered a spousal agreement. If the survivor annuity for the former spouse is reduced at the time of the divorce (because the pro rata share or the amount specified in a spousal agreement or court order is less than the amount elected at retirement), the principal’s annuity shall be recomputed and paid, effective on the date the survivor benefit is reduced, as if the lower amount had been elected at the outset of retirement.

(c) Death or remarriage of former spouse and transfer of survivor benefit to a spouse. Remarriage below age 60 or death of a former spouse while a principal is alive will disqualify the former spouse for benefits under this section. In the event of such a remarriage or death of a former spouse, the portion of a principal’s survivor annuity committed to that person will become available for transfer to any spouse. If such a remarriage or death of the
former spouse occurs after the principal’s annuity commences, any reduction in the principal’s annuity for that former spouse will be discontinued effective at the beginning of the first month following the remarriage or death unless the annuitant elects to provide or to increase a survivor benefit for a spouse. Such an election may be made within one year after the annuitant receives notice of the remarriage or death of his/her former spouse. The Department (PER/ER/RET) and the annuitant shall each notify the other promptly whenever either receives independent notice of such a remarriage or death. If an election to transfer survivor benefits to a spouse is not made by the annuitant, his/her annuity will be recomputed and paid as if there had been no reduction for the discontinued survivor benefit. If an annuity is so recomputed and an election is subsequently made to designate as beneficiary a spouse to whom married for at least one year at the time the election is made, the principal’s annuity shall be restored retroactively to its former, lower rate and then adjusted by cost-of-living increases that have occurred since the date of the first recomputation. If an election is made for a spouse when the marriage has not yet lasted a year, the procedures in §19.10–4 shall be followed.

(d) Amount of survivor annuity. The amount of a regular survivor annuity is determined under §19.11–3(c).

(e) Special rules for election of survivor annuity for a person who is a former spouse on February 15, 1981. (1) Any participant, or former participant eligible for a deferred annuity which has not yet commenced, who, on February 15, 1981 has a former spouse, may at any time prior to commencement of annuity, elect, with the consent of any spouse to whom married at the time of the election, to receive a reduced annuity and provide a regular survivor annuity for such former spouse. Such survivor annuity shall be limited by §19.10–2(b). An election under this paragraph for a former spouse will reduce the amount of any regular survivor annuity that may subsequently be provided for any spouse or other former spouse.

(2) Any former participant in receipt of an annuity who has a former spouse on February 15, 1981 and who has not committed his/her entire annuity as a base for a regular survivor annuity for a spouse or any other former spouse, may, prior to December 31, 1982, designate any portion of the uncommitted base as the base for a regular survivor annuity for such former spouse.

(3) The annuity of a former participant making an election under this paragraph shall be reduced under §19.10–2(a) effective February 15, 1981, or from its commencing date if later.

(4) An election under this paragraph shall be made by filing a spousal agreement with PER/ER/RET under §19.7. A spousal agreement to provide a regular survivor annuity under this paragraph for a former spouse may be revoked or amended after its acceptance by PER/ER/RET as in accordance with the Act and these regulations, only by agreement of the parties up to the last day allowed by this paragraph for filing such an agreement. Thereafter, it is irrevocable. If a participant dies in service after having filed a valid election under this section, a survivor annuity will be paid to an eligible former surviving spouse in accordance with the terms of the election.

§ 19.11–3  Regular survivor annuity for a spouse.

(a) In the absence of a joint election or a spousal agreement to the contrary, a participant or former participant who is separated from active service on or after February 15, 1981 who is married at the commencement of his/her annuity shall provide a regular survivor annuity for a spouse under §19.10–2 equal to the maximum amount that remains available under limitations stated in paragraph (b) of that section after allowing for any commitment of a regular survivor annuity for a former spouse who has not remarried prior to age 60 and who is alive on the date the former participant becomes eligible for an annuity.

(b) A regular survivor annuity is also payable to a surviving spouse for whom a principal elected an annuity under §19.10–3, §19.10–4, or §19.11–2(c) following a marriage after commencement of his/her annuity.
§ 19.11–4 Procedure in event a spouse or former spouse is missing.

If a participant or former participant has a spouse or former spouse whose whereabouts are unknown, such participant may elect to reduce or eliminate the share of a regular survivor annuity provided for that person under § 19.11–2 or § 19.11–3 by filing an affidavit with PER/ER/RET stating that his/her spouse or former spouse is missing and giving full name, last known address, date last heard from, circumstances of the disappearance and a description of the effort that has been made to locate the individual. Thereafter, the participant shall take such additional steps to locate the missing person as may be directed by PER/ER/RET. That Office shall also attempt to locate the missing person by sending a letter to the individual’s last known address given in the Department’s files, to the address given on the affidavit, and, if a Social Security number is known, to the Social Security Administration for forwarding. The election and affidavit may be filed at any time before commencement of annuity. It must remain on file with PER/ER/RET for at least one year before being given irrevocable effect by the Department. If the annuity to the former participant becomes effective prior to the expiration of this one year period, the annuity is returned to the Fund. The termination of a surviving spouse annuity due to remarriage does not apply to a survivor annuitant who is a surviving spouse of a participant who died in service or retired before October 1, 1976, unless elected following a marriage after retirement under circumstances described in § 19.10–3 or § 19.10–4.

(b) A surviving spouse or former spouse shall not become entitled to a survivor annuity or to the restoration of a survivor annuity payable from the Fund unless the survivor elects to receive it instead of any other survivor annuity to which entitled under this or any other retirement system for Government employees. (For this purpose, neither the Social Security system nor the military retirement system is considered a retirement system for Government employees.) This restriction does not apply to a survivor annuitant who is a surviving spouse of a participant who died in service or retired before October 1, 1976, unless the survivor annuity was elected under circumstances described in § 19.10–3 or § 19.10–4.

(c) A child’s annuity begins on the day after the participant dies, or if a child is not then qualified, on the first day of the month in which the child becomes eligible. A child’s annuity shall terminate on the last day of the month

§ 19.11–5 Commencement, termination and adjustment of annuities.

(a) An annuity payable from the Fund to a surviving spouse or former spouse begins on the day after the participant or annuitant dies and stops on the last day of the month before the survivor’s (1) marriage before age 60, or (2) death. If a survivor annuity is terminated because of remarriage, the annuity is restored at the same rate effective on the date such remarriage is terminated, provided any lump-sum paid upon termination of the annuity is returned to the Fund. The termination of a surviving spouse annuity due to remarriage does not apply to a survivor annuitant who is a surviving spouse of a participant who died in service or retired before October 1, 1976, unless elected following a marriage after retirement under circumstances described in § 19.10–3 or § 19.10–4.

(b) A surviving spouse or former spouse shall not become entitled to a survivor annuity or to the restoration of a survivor annuity payable from the Fund unless the survivor elects to receive it instead of any other survivor annuity to which entitled under this or any other retirement system for Government employees. (For this purpose, neither the Social Security system nor the military retirement system is considered a retirement system for Government employees.) This restriction does not apply to a survivor annuitant who is a surviving spouse of a participant who died in service or retired before October 1, 1976, unless the survivor annuity was elected under circumstances described in § 19.10–3 or § 19.10–4.

(c) A child’s annuity begins on the day after the participant dies, or if a child is not then qualified, on the first day of the month in which the child becomes eligible. A child’s annuity shall terminate on the last day of the month

89
which precedes the month in which eligibility ceases.

(d) Regular and supplemental survivor annuities to a spouse or former spouse of an annuitant described in §§19.11-2, 19.11-3 and 19.10-6(b) are increased from their effective date by the cumulative percentage of cost-of-living increases the annuitant was receiving under section 826 of the Act at death. All annuities payable to survivors on the date a cost-of-living adjustment becomes effective are increased by that percentage except (1) the first increase to a surviving spouse of a participant who dies in service shall be pro rated and (2) additional survivor annuities under §19.10-5 when the spousal agreement authorizing the annuity makes no provision for cost-of-living increases.

(e) The annuity of survivors becomes effective as specified in this section but is not paid until the survivor submits Form JF–38, Application for Death Benefits, supported by such proof as may be required, for example, death, marriage, and/or divorce certificates. In the event that such is not submitted during an otherwise eligible beneficiary’s lifetime, no annuity is due or payable to the beneficiary’s estate.

§ 19.11-6 Death during active duty.

(a) Annuity for surviving former spouse. If a participant dies before separation from the Service and leaves a former spouse, such former spouse is entitled to a regular survivor annuity under §19.11-2 computed as if the participant had retired on the date of death unless a court order or spousal agreement is on file in the Department waiving such entitlement or providing for some other computation, or unless the former spouse had been found missing and an election filed under the procedures of §19.11-4 waiving a survivor benefit for that person. Any assumed service authorized to be used under paragraph (b) of this section is survived by a child or children, each surviving child is entitled to an annuity as described in §19.11-7.

(b) Annuity for surviving spouse. If a participant who has at least 19 months of civilian service credit toward retirement under the System, excluding extra service credited for unhealthful post duty in accordance with section 816 of the Act, dies before separation from the Service, and is survived by a spouse as defined in §19.2(v) such survivor shall be entitled to an annuity equal to 55 percent of the annuity computed in accordance with §19.10-1 less any annuity payable to a former spouse under paragraph a. If the participant had less than three years of creditable civilian service at the time of death, the survivor annuity is computed on the basis of the average salary for the entire period of such service. If, at time of death, the participant had less than 20 years of creditable service, the annuity shall be computed on the assumption that the participant has had 20 years of service, but such additional service credit shall in no case exceed the difference between the participant’s age on the date of death and age 65. A spouse is entitled to an additional survivor annuity under §19.10-5 provided death occurs on or after the effective date of a spousal agreement providing for the additional annuity.

(c) Annuity for a child or children. If a participant described in paragraph (b) of this section is survived by a child or children, each surviving child is entitled to an annuity as described in §19.11-7.

(d) Annuity changes. Annuities based on a death in service are subject to the provisions of §19.11-5 governing commencement, adjustment, termination and resumption of annuities.

§ 19.11-7 Annuity payable to surviving child or children.

(a) If a participant who has at least 18 months of civilian service credit under the System dies in service, or if an annuitant who was a former participant dies, annuities are payable to a surviving child or children, as defined in §19.2(e) as follows:
(1) When survived by spouse and child or children. If a principal is survived by a wife or husband and by a child or children, in addition to any other annuity, there shall be paid to or on behalf of each child an annuity equal to the smallest of:

(i) $900

(ii) $2,700 divided by the number of children—adjusted under paragraph (b).

(2) When survived by a child or children but no spouse. If the principal is not survived by a wife or husband, but by a child or children, each surviving child shall be paid an annuity equal to the smallest of:

(i) $1,080

(ii) $3,240 divided by the number of children—adjusted under paragraph (b) of this section.

(b) Adjusted rates. In order to reflect cost-of-living increases, the amounts referred to in paragraphs (a)(1) and (2) are increased from the commencing date of the annuity to each child by the cumulative percentage of all cost-of-living increases that have occurred under 5 U.S.C. 8340 since October 31, 1969.

(c) Recomputation of annuity for child or children. If a surviving wife or husband dies or the annuity of a child is terminated, the annuities of any remaining children shall be recomputed and paid as though such spouse or child had not survived the participant. If the annuity to a surviving child who has not been receiving an annuity is initiated or resumed, the annuities of any other children shall be recomputed and paid from that date as though the annuities to all currently eligible children in the family were then being initiated.

§ 19.11–8 Required elections between survivor benefits.

(a) Bar against concurrent payment under this Act and Workers’ Compensation Act. Except as stated below, survivor annuities and survivors’ compensation for work injuries under 5 U.S.C. 8102 are not payable concurrently if both are based on the death of the same employee. A survivor entitled to both must elect which of the two benefits he/she prefers. Should all eligible survivors of a deceased employee elect to receive the compensation benefit rather than the survivor annuity, their rights to the latter are terminated and, if the lump-sum credit has not been exhausted, a lump-sum payment will become due under §19.13. The one exception to this rule occurs when a widow or widower is being paid the balance of a scheduled compensation award under 5 U.S.C. 8107 due the deceased employee. If so, the widow or widower may receive the survivor annuity and compensation award concurrently.

(b) Election between survivor annuity and social security benefits. Pursuant to 42 U.S.C. 417 (a) and (e), survivors who are eligible for annuity which is based in part on military service performed by a principal between September 16, 1940, and December 31, 1956, and also for survivor benefits under the Social Security system, may elect to have the military service credited toward the Social Security benefit. In practice, the survivors should apply for both benefits, ask the Department and the Social Security Administration for statements showing the amount of each benefit, and then make their election of where to credit the military service. If Social Security benefits are elected, the rights of all survivors to a foreign service annuity are terminated.

An annuitant who is reemployed by a Federal Government agency may not receive a combination of salary and annuity which exceeds his/her Foreign Service salary at the time of retirement. Refer to §19.9–4.

§ 19.13 Lump-sum payment.

§ 19.13–1 Lump-sum credit.

“Lump-sum credit” is the compulsory and special contributions to a participant’s or former participant’s credit in the Fund for his/her first 35 years of service plus interest thereon computed from the midpoint of each service period and compounded at four percent annually to the date of separation or December 31, 1976, whichever is earlier, and after such date, for a participant who separates from the Service after completing at least one year of civilian service and before completing 5
§ 19.13–2 Share payable to a former spouse.

A former spouse of a participant or annuitant is entitled to a prorata share of 50 percent of any lump-sum payment authorized to be paid to a former participant under this section who separated from the Service on or after February 15, 1981, unless otherwise directed in a court order or a spousal agreement.

§ 19.13–3 Payment after death of principal.

If a participant or former participant dies and no claim for annuity is payable, the lump-sum credit is paid to surviving beneficiaries.

When making this calculation for a former spouse married to a participant during a period the participant earned extra service credit under section 817 of the Act, the number of months of such extra service credit earned during that period of the marriage shall be added to the total number of months of the marriage.

§ 20.2 Funding.

Benefits under this part are paid from the Fund maintained by the Secretary of the Treasury pursuant to section 802 of the Act but are not authorized to be paid except to the extent provided therefor. Appropriations for such Fund are authorized by section 821(a) of the Act.

§ 20.3 Qualifications.

To be eligible for retirement or survivor benefits under this part, a former spouse must—

(a) Have been a former spouse on February 14, 1981;

(b) After becoming a former spouse, not have remarried before attaining age 55;

(c) In the case of any retirement benefit under §20.5; elect this benefit instead of any survivor annuity for which the former spouse may simultaneously be eligible under this or another retirement system for Government employees; and

(d) Submit an application to the Department of State by June 22, 1990, in accordance with §20.9 unless that date is extended as authorized by that section. The deadline for submission of an application for survivor benefits under §20.5 will be deemed to have been met if the former spouse submits an application for retirement benefits within the deadline.

§ 20.4 Retirement benefits.

(a) Type of benefits. (1) A former spouse who meets the qualification requirements of §20.3 is entitled to a share of any Foreign Service annuity (other than a disability annuity) or any supplemental annuity computed under section 806(a), 823 or 824 of the Act to which the principal is entitled under FSRDS and to any Foreign Service annuity (other than a disability annuity) or annuity supplement computed under section 824 or 855 of the Act of 5 U.S.C. 8415 to which the principal is entitled under FSPS.

(2) A former spouse of a disability annuitant is entitled to a share of benefits to which the annuitant would qualify under paragraph (a) of this section, he or she not been disabled based on the actual age and service of the annuitant.

(b) Share. The share of a participant’s benefits to which a qualified former spouse is entitled is—

(1) 50 percent of the benefits described in §20.4(a) if the former spouse was married to the participant throughout the latter’s creditable service; or

(2) A pro rata share of 50 percent of such benefits if the former spouse was not married to the participant throughout such creditable service.

(c) Reduction of benefits. If retirement benefits of a principal are reduced because of reemployment, attainment of eligibility for Social Security benefits or for any other reason, the amount of the share payable to a former spouse is correspondingly reduced during the period of the reduction.

(d) Commencement, termination and suspension. (1) Entitlement to retirement benefits under this section (except for a former spouse of a disability annuitant) shall commence on the later of—

(i) The day the principal becomes entitled to benefits described in §20.4(a); or

(2) Entitlement to retirement benefits under this section for a former spouse of a disability annuitant shall commence on the latter of—

(i) The date the principal would qualify for benefits (other than a disability annuity) described in §20.4(a) on the basis of the principal’s actual age and service;

(ii) The date the disability annuity begins; or

(3) Entitlement to retirement benefits under this section shall terminate or be suspended on the earlier of—
§ 20.5 Survivor benefits.

(a) Type of benefits. A former spouse who meets the eligibility requirements of §20.3 is entitled to survivor benefits equal to one of the following: whichever is applicable:

(1) 55 percent of the full annuity to which the principal was entitled on the commencement or recomputation date of the annuity in the case of a principal who dies while in receipt of a Foreign Service annuity computed under section 806, 808, 823, 824, or 855 of the Act of 5 U.S.C. 8415;

(2) 55 percent of the annuity to which the principal was entitled at death in the case of a principal who dies while in receipt of a Foreign Service annuity computed under 5 U.S.C. 8452;

(3) 55 percent of the full annuity to which the principal would have been entitled if he or she retired (or returned to retirement status) on the date of death computed—depending on the provision that would be used to compute an annuity for a surviving spouse of the principal—under section 806(a), 823, 824, or 855(b) of the Act of 5 U.S.C. 8415 and using the actual service of the principal, in the case of a principal who dies while in active service, including service on recall or reemployment while annuity is suspended or reduced; or,

(4) 55 percent of the full annuity computed under 5 U.S.C. 8413(b) that the principal could have elected to receive commencing on the date of death or, if later, commencing on the date the principal would have attained the minimum retirement age described in 5 U.S.C. 8412(h), in the case of a principal while entitled to a deferred annuity under 5 U.S.C. 8413(b), but before commencement of that annuity. A survivor annuity under this paragraph may not commence before the date the principal would have attained the minimum retirement age.

(b) Effect of election of alternate form annuity. If a principal elects an alternate form annuity under section 829 of the Act or 5 U.S.C. 8420a, survivor benefits for a former spouse under this section shall, nevertheless, be based on what the principal’s annuity would have been had the principal not withdrawn retirement contributions in a lump sum.

(c) Reduction because of receipt of other survivor benefits. If a former spouse is in receipt of a survivor annuity based on an election by the principal under section 806(f) or 2109 of the Act, the survivor benefits for the former spouse under this section shall be reduced on the effective date by the amount of such elected survivor annuity.

(d) Commencement and Termination. Entitlement to survivor benefits under this section—

(1) Shall commence on the latter of—

(i) The date the principal dies;

(ii) December 22, 1987; and

(2) Shall terminate on the last day of the month before the former spouse dies or remarries before attaining age 55.

§ 20.6 COLA.

(a) Retirement benefits. A retirement annuity payable to a former spouse under §20.4 is adjusted for cost-of-living increases under section 826 or 858 of the Act in the same manner as the annuity of the principal. The first such increase for a former spouse shall be prorated under the applicable section in the same way the first increase for the principal is adjusted, irrespective of whether the annuity to the former spouse commences on the same date as the annuity to the principal. If the benefit of a former spouse is based in part on an annuity supplement payable to a principal under 5 U.S.C. 8421 which is not adjusted by COLA, then that portion of the benefit payable to a former spouse is not adjusted by COLA.

(b) Survivor benefits. (1) Survivor annuities payable to a former spouse are adjusted for COLA under section 826 or 858 of the Act in the same manner as annuities are or would be adjusted for other survivors of the principal.
(2) A survivor annuity payable to a former spouse under §20.5–1(A) shall be increased from its commencing date pursuant to paragraph (c)(2) of section 826 of the Act or 8462 of Title 5, U.S. Code, by all COLA received by the principal at death, irrespective of the date of death and in instances where death occurred prior to December 22, 1987, by all COLA that would have been paid to a survivor annuitant from the date of death until December 22, 1987.

(3) The first increase to which a former spouse becomes entitled whose annuity is computed under §20.5(a)(2) shall be prorated pursuant to 5 U.S.C. 8462(c)(4).

(4) The first increase to which a former spouse becomes entitled whose annuity is computed under §20.5(a)(3)

(5) Shall be prorated pursuant to paragraph (c)(1) of section 826 of the Act or 8462 or title 5, U.S. Code.

§ 20.7 Waiver.

A former spouse entitled to an annuity under this part may decide to decline all or any part of the annuity for personal reasons. An annuity waiver shall be in writing and sent to the Retirement Division (PER/ER/RET), Department of State, Washington, DC 20520. A waiver may be revoked in writing at any time. Payment of the annuity waived prior to receipt by the Retirement Division of the revocation may not be made.

§ 20.8 Effect on other benefits.

Payment to a former spouse under this part shall not impair, reduce, or otherwise affect benefits paid under the Act to the principal or other persons.

§ 20.9 Application procedure.

(a) Submission of application. To be eligible for retirement or survivor benefits under this part, a former spouse must submit a properly executed and completed application to the Department of State by June 22, 1990 or, if an exception is made for compelling cause to this deadline, within 60 days following the date of the letter from the Department transmitting the application to the former spouse. The application must be delivered or mailed to the Retirement Division (PER/ER/RET), Room 1251, Department of State, Washington, DC 20520.

(b) Request for application. The Department of State has attempted to mail applications to all former spouses of whom it is aware that it believes may be eligible for benefits under this part. Any eligible former spouse who does not have an application at the time this part is published in the Federal Register (October 7, 1988) must communicate with the Department as soon as possible and request an application. Request may be in person or by mail to the address in §20.9(a) or by telephoning the Retirement Division on area code 202–647–9315. A request by letter must include the typed or printed full name and current address of the former spouse.

It shall also give the dates of marriage and divorce or annulment that establish eligibility and fully identify the Foreign Service employee or former employee in question and state the agency of current or last employment.

(c) Payment of benefits delayed. Payment of benefits cannot be made to a former spouse until the application for benefits is approved by the Retirement Division of the Department. Upon such approval, benefits will be paid to an eligible former spouse retroactively, if necessary, back to the commencing date determined under this part.

(b) The Department of State may settle or compromise a personal damages claim against an employee by the payment of available funds at any time, provided the alleged conduct giving rise to the personal damages claim was taken within the scope of employment and that such settlement or compromise is in the interest of the United States, as determined as a matter of discretion by the Under Secretary for Management or his or her designee.

(c) The Director General of the Foreign Service and Director of Personnel (“Director General”) shall be the designee of the Under Secretary for Management with respect to determinations under paragraphs (a) and (b) of this section in cases which involve:

(e) When an employee in the United States becomes aware that an action has been filed against the employee in his or her personal capacity as a result of conduct taken within the scope of his or her employment, the employee shall immediately notify the Department through the Executive Director of the Office of the Legal Adviser that such an action is pending. Employees overseas shall notify their Administrative Counselor who shall then notify the Assistant Legal Adviser for Special Functional Problems. Employees may be authorized to receive legal representation by the Department of Justice in accordance with 28 CFR 50.15.

(f) The employee may thereafter request indemnification to satisfy a verdict, judgment, or award entered against the employee. The employee shall submit a written request, with appropriate documentation including copies of the verdict, judgment, award, or settlement proposal if on appeal, to the Legal Adviser. Except as provided in paragraph (g) of this section, the Legal Adviser and the Director General shall then, in coordination with the Bureau of Finance and Management Policy, forward the request with their recommendation to the Under Secretary for Management for decision. The Legal Adviser may seek the views of the Department of Justice, as appropriate, in preparing this recommendation.

(i) Any payment under this part either to indemnify a Department of State employee or to settle a personal damages claim shall be contingent upon the availability of appropriated funds.

(j) In addition to the indemnification provisions contained in the regulations in this part, the Department will also follow any specific policies or regulations adopted with respect to damages awarded against Department health care personnel for malpractice claims within the scope of 22 U.S.C. 2702.

Advance remittance of the exact fee is required for each service.

(b) Authentication services. Requests for Department of State authentication of documents other than passport file documents must be accompanied by remittance of the exact total fee chargeable and addressed to the Authentication Officer, Department of State, Washington, DC 20520.

§ 22.3 Remittances in the United States.

(a) Type of remittance. Remittances shall be in the form of: (1) Check or bank draft drawn on a bank in the United States; (2) money order—postal, international or bank; or (3) U.S. currency. Remittances shall be made payable to the order of the Department of State. The Department will assume no responsibility for cash which is lost in the mail.

(b) Exact payment of fees. Fees must be paid in full prior to issuance of requested documents. If uncertainty as to the existence of a record or as to the number of sheets to be copied precludes remitting the exact fee chargeable with the request, the Department of State will inform the interested party of the exact amount required.

§ 22.4 Requests for services, Foreign Service.

Officers of the Foreign Service shall charge for official services performed abroad at the rates prescribed in this schedule, in coin of the United States or at its representative value in exchange (22 U.S.C. 1202). For definition of representative value in exchange, see § 23.4 of this chapter. No fees named in this schedule shall be charged or collected for the official services to American vessels and seamen (22 U.S.C. 1186). The term “American vessels” is defined to exclude, for the purposes of this schedule, undocumented American vessels and the fees prescribed herein shall be charged and collected for such undocumented vessels. However, the fees prescribed herein shall not be charged or collected for American public vessels, which includes any vessel owned or operated by a U.S. Government department or agency and engaged exclusively in official business on a non-commercial basis. This schedule of fees shall be kept posted in a conspicuous place in each Foreign Service consular office, subject to the examination by all persons interested therein (22 U.S.C. 1197).

§ 22.5 Remittances to Foreign Service posts.

Remittances to Foreign Service posts from persons in the United States in payment of official fees and charges or for the purpose of establishing deposits in advance of rendition of services shall be in a form acceptable to the post, drawn payable to the American Embassy (name of city), American Consulate General (name of city) or American Consulate (name of city), as the case may be. This will permit cashing of negotiable instruments for deposit in the Treasury when not negotiated locally. See § 23.2 of this chapter.

(a) Time at which fees become payable. Fees are due and payable prior to issue or delivery to the interested party of a signed document, a copy of a record, or other paper representative of a service performed.

(b) Receipt for fees; register of services. Every officer of the Foreign Service responsible for the performance of services as enumerated in the Schedule of Fees for Consular Services, Department of State and Foreign Service (§ 22.1), shall give receipts for fees collected for the official services rendered, specifying the nature of the service and numbered to correspond with entries in a register maintained for the purpose (22 U.S.C. 1192, 1193, and 1194). The register serves as a record of official acts performed by officers of the Foreign Service in a governmental or notarial capacity, corresponding in this regard with the record which notaries are usually expected or required to keep of their official acts. See § 92.2 of this chapter.

(c) Deposits to guarantee payment of fees or incidental costs. When the
amount of any fee is determinable only after initiation of the performance of a service, or if incidental costs are involved, the total fee and incidental costs shall be carefully estimated and an advance deposit required, subject to refund of any unused balance to the person making the deposit.

§ 22.6 Refund of fees.

(a) Fees which have been collected for deposit in the Treasury are refundable:
(1) As specifically authorized by law (See 22 U.S.C. 214a concerning passport fees erroneously charged persons excused from payment and 46 U.S.C. 8 concerning fees improperly imposed on vessels and seamen);
(2) When the principal officer at the consular post where the fee was collected (or the officer in charge of the consular section at a combined diplomatic/consular post) finds upon review of the facts that the collection was erroneous under applicable law; and
(3) Where determination is made by the Department of State with a view to payment of a refund in the United States in cases which it is impracticable to have the facts reviewed and refund effected by and at the direction of the responsible consular office. See §13.1 of this chapter concerning refunds of fees improperly exacted by consular officers who have neglected to return the same.

(b) Refunds of $5.00 or less will not be paid to the remitter unless a claim is specifically filed at the time of payment for the excess amount. An automatic refund on overpayments due to misinformation or mistakes on the part of the Department of State will be made.

§ 22.7 Collection and return of fees.

No fees other than those prescribed in the Schedule of Fees, §22.1, or by or pursuant to an act of Congress, shall be charged or collected by officers of the Foreign Service for official services performed abroad (22 U.S.C. 1201). All fees received by any officer of the Foreign Service for services rendered in connection with the duties of office or as a consular officer shall be accounted for and paid into the Treasury of the United States (22 U.S.C. 99 and 812). For receipt, registry, and numbering provisions, see §22.5(b). Collections for transportation and other expenses necessary for performance of services or for Interested Party toll telephone calls shall be refunded to post allotment accounts and made available for meeting such expenses.

§ 23.4 Representative value in exchange.

Representative value in exchange for the collection of a fee means foreign currency equivalent to the prescribed United States dollar fee at the current rate of exchange at the time and place of payment of the fee. “Current rate” of exchange for this purpose means the bank selling rate at which the foreign bank will sell the number of United States dollars required to liquidate the obligation to the United States for the Foreign Service fee.

§ 23.5 Claims for settlement by Department of State or General Accounting Office.

Claims for settlement by the Department of State or by the General Accounting Office shall be submitted to the Department in duplicate over the handwritten signature, together with the post office address of the claimant, and with appropriate recommendations of the officer of the Foreign Service, for items such as:

(b) Amounts due deceased, incompetent, or insolvent persons including payees or bona fide holders of unpaid Government checks;

(c) Amounts claimed from the Government when questions of fact affect either the amount payable or the terms of payment, when for any reason settlement cannot or should not be affected at the Foreign Service office; and

(d) Amounts of checks, owned by living payees or bona fide holders, which have been covered into outstanding liabilities. The Foreign Service post or the Department of State shall be consulted before preparing the claim to ascertain whether any special form is required to be used. Claims for unpaid compensation of deceased alien employees shall be forwarded to the respective Foreign Service post.

§ 33.1 Purpose.

These rules clarify procedures for the administration of Section 7 of the Fishermen’s Protective Act of 1967. Section 7 of the Act establishes a Fishermen’s Guaranty Fund to reimburse owners and charterers of United States commercial fishing vessels for certain losses and costs caused by the seizure and detention of their vessels by foreign countries under certain claims to jurisdiction not recognized by the United States.

§ 33.2 Definitions.

For the purpose of this part, the following terms mean:

Capital equipment. Equipment or other property which may be depreciated for income tax purposes.

Depreciated replacement costs. The present replacement cost of capital equipment after being depreciated on a straight line basis over the equipment’s depreciable life, which is standardized at ten years.

Downtime. The time a vessel normally would be in port or transiting to and from the fishing grounds.

Expendable items. Any property, excluding that which may be depreciated for income tax purposes, which is maintained in inventory or expensed for tax purposes.

Fund. The Fishermen’s Guaranty Fund established in the U.S. Treasury under section 7(c) of the Act (22 U.S.C. 1977(c)).

Market value. The price property would command in a market, at the time of property loss, assuming a seller willing to sell and buyer willing to buy.

Other direct charge. Any levy which is imposed in addition to, or in lieu of any fine, license fee, registration fee, or other charge.

Owner. The owner or charterer of a commercial fishing vessel.

Secretary. The Secretary of State or the designee of the Secretary of State.

Seizure. Arrest of a fishing vessel by a foreign country for allegedly illegal fishing.

U.S. fishing vessel. Any private vessel documented or certified under the laws of the United States as a commercial fishing vessel.

§ 33.3 Eligibility.

Any owner or charterer of a U.S. fishing vessel is eligible to apply for an agreement with the Secretary providing for a guarantee in accordance with section 7 of the Act.

§ 33.4 Applications.

(a) Applicant. An eligible applicant for a guaranty agreement must:

(1) Own or charter a U.S. fishing vessel; and

(2) Submit with his application the fee specified in § 33.6 below.

(b) Application forms. Application forms may be obtained by contacting the Office of Marine Conservation, Bureau of Oceans and International Environmental and Scientific Affairs, Room 7820, U.S. Department of State, Washington, DC 20520–7818; Telephone 202–647–3941.

(c) Where to apply. Applications must be submitted to the Director, Office of marine Conservation, Bureau of Oceans and International Environmental and Scientific Affairs, Room 7820, U.S. Department of State, Washington, DC 20520–7818.
§ 33.7 Conditions for claims.

(a) Unless there is clear and convincing credible evidence that the seizure did not meet the requirements of

(d) Application approval. Application approval will be by execution of the guaranty agreement by the Secretary or by the Secretary’s designee.

§ 33.5 Guaranty agreements.

(a) Period in effect. Agreements are effective for a Fiscal Year beginning October 1 and ending on the next September 30. Applications submitted after October 1 are effective from the date the application and fee are mailed (determined by the postmark) through September 30.

(b) Guaranty agreement transfer. A guaranty agreement may, with the Secretary’s prior consent, be transferred when a vessel which is the subject of a guaranty agreement is transferred to a new owner if the transfer occurs during the agreement period.

(c) Guaranty agreement renewal. A guaranty agreement may be renewed for the next agreement year by submitting an application form with the appropriate fee for the next year in accordance with the Secretary’s annually published requirements regarding fees. Renewals are subject to the Secretary’s approval.

(d) Provisions of the agreement. The agreement will provide for reimbursement for certain losses caused by foreign countries' seizure and detention of U.S. fishing vessels on the basis of claims to jurisdiction which are not recognized by the United States. Recent amendments to the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.) assert U.S. jurisdiction over highly migratory species of tuna in the U.S. exclusive economic zone (EEZ). Accordingly, as a matter of international law, the United States now recognizes other coastal states' claims to jurisdiction over tuna in their EEZ’S. This change directly affects certification of claims filed under the Fishermen’s Protective Act. Participants are advised that this means that the Department will no longer certify for payment claims resulting from the seizure of a U.S. vessel while such vessel was fishing for tuna within the exclusive economic zone of another country in violation of that country’s laws. Claims for detentions or seizures based on other claims to jurisdiction not recognized by the United States, or on the basis of claims to jurisdiction recognized by the United States but exercised in a manner inconsistent with international law as recognized by the United States, may still be certified by the Department.

§ 33.6 Fees.

(a) General. Fees provide for administrative costs and payment of claims. Fees are set annually on the basis of past and anticipated claim experience. The annual agreement year for which fees are payable starts on October 1 and ends on September 30 of the following year.

(b) Amount and payment. The amount of each annual fee or adjusted fee will be established by the Office Director of the Office of Marine Conservation, Bureau of Oceans and International Environmental and Scientific Affairs, by publication of a notice in the FEDERAL REGISTER. Each notice will establish the amount of the fee, when the fee is due, when the fee is payable, and any special conditions surrounding extension of prior agreements or execution of new agreements. Unless otherwise specified in such notices, agreement coverage will commence with the postmarked date of the fee payment and application.

(c) Adjustment and refund. Fees may be adjusted at any time to reflect actual seizure and detention experience for which claims are anticipated. Failure to submit adjusted fees will result in agreement termination as of the date the adjusted fee is payable. No fees will be refunded after an agreement is executed by the Secretary.

(d) Disposition. All fees will be deposited in the Fishermen’s Guaranty Fund. They will remain available without fiscal year limitation to carry out section 7 of the Act. Claims will be paid from fees and from appropriated funds, if any. Fees not required to pay administrative costs or claims may be invested in U.S. obligations. All earnings will be credited to the Fishermen’s Guaranty Fund.

§ 33.7 Conditions for claims.

(a) Unless there is clear and convincing credible evidence that the seizure did not meet the requirements of
the Act, payment of claims will be made when:

(1) A covered vessel is seized by a foreign country under conditions specified in the Act and the guaranty agreement; and

(2) The incident occurred during the period the guaranty agreement was in force for the vessel involved.

(b) Payments will be made to the owner for:

(1) All actual costs (except those covered by section 3 of the Act or reimbursable from some other source) incurred by the owner during the seizure or detention period as a direct result thereof, including:

(i) Damage to, or destruction of, the vessel or its equipment; or

(ii) Loss or confiscation of the vessel or its equipment; and

(iii) Dockage fees or utilities;

(2) The market value of fish or shellfish caught before seizure of the vessel and confiscated or spoiled during the period of detention; and

(3) Up to 50 percent of the vessel's gross income lost as a direct result of the seizure and detention.

(c) The exceptions are that no payment will be made from the Fund for a seizure which is:

(1) Covered by any other provision of law (for example, fines, license fees, registration fees, or other direct charges payable under section 3 of the Act);

(2) Made by a country at war with the United States;

(3) In accordance with any applicable convention or treaty, if that treaty or convention was made with the advice and consent of the Senate and was in force and effect for the United States and the seizing country at the time of the seizure;

(4) Which occurs before the guaranty agreement’s effective date or after its termination;

(5) For which other sources of alternative reimbursement have not first been fully pursued (for example, the insurance coverage required by the agreement and valid claims under any law);

(6) For which material requirements of the guaranty agreement, the Act, or the program regulations have not been fully fulfilled; or

(7) In the view of the Department of State occurred because the seized vessel was undermining or diminishing the effectiveness of international conservation and management measures recognized by the United States, or otherwise contributing to stock conservation problems pending the establishment of such measures.

§ 33.8 Claim procedures.

(a) Where and when to apply. Claims must be submitted to the Office Director, Office of Marine Conservation, Bureau of Oceans and International Environmental and Scientific Affairs, Room 7820, U.S. Department of State, Washington, DC 20520–7818. Claims must be submitted within ninety (90) days after the vessel’s release. Requests for extension of the filing deadline must be in writing and approved by the Office Director, Office of Marine Conservation, Bureau of Oceans and International Environmental and Scientific Affairs.

(b) Contents of claim. All material allegations of a claim must be supported by documentary evidence. Foreign language documents must be accompanied by an authenticated English translation. Claims must include:

(1) The captain’s sworn statement about the exact location and activity of the vessel when seized;

(2) Certified copies of charges, hearings, and findings by the government seizing the vessel;

(3) A detailed computation of all actual costs directly resulting from the seizure and detention, supported by receipts, affidavits, or other documentation acceptable to the Office Director, Office of Marine Conservation, Bureau of Oceans and International Environmental and Scientific Affairs;

(4) A detailed computation of lost income claimed, including:

(i) The date and time seized and released;

(ii) The number of miles and running time from the point of seizure to the point of detention;

(iii) The total fishing time lost (explain in detail if lost fishing time claimed is any greater than the elapsed time from seizure to the time required after release to return to the point of seizure);
(iv) The tonnage of catch on board at the time of seizure;
(v) The vessel's average catch-per-day's fishing for the three calendar years preceding the seizure;
(vi) The vessel's average downtime between fishing trips for the three calendar years preceding the seizure; and
(vii) The price-per-pound for the catch on the first day the vessel returns to port after the seizure and detention unless there is a pre-negotiated price-per-pound with a processor, in which case the pre-negotiated price must be documented; and
(5) Documentation for confiscated, damaged, destroyed, or stolen equipment, including:
   (i) The date and cost of acquisition supported by invoices or other acceptable proof of ownership; and
   (ii) An estimate from a commercial source of the replacement or repair cost.

§ 33.9 Amount of award.

(a) Lost fishing time. Compensation is limited to 50 percent of the gross income lost as a direct result of the seizure and detention, based on the value of the average catch-per-day's fishing during the three most recent calendar years immediately preceding the seizure as determined by the Secretary, based on catch rates on comparable vessels in comparable fisheries. The compensable period in cases of seizure and detention not resulting in vessels confiscation is limited to the elapsed time from seizure to the time after release when the vessel could reasonably be expected to return to the point of seizure. The compensable period in cases where the vessel is confiscated is limited to the elapsed time from seizure through the date of confiscation, plus an additional period to purchase a replacement vessel and return to the point of seizure. In no case can the additional period exceed 120 days.

107
§ 33.10 Payments.

The Office Director, Office of Marine Conservation, Bureau of Oceans and International Environmental and Scientific Affairs, will pay the claimant the amount calculated under §33.9. Payment will be made as promptly as practicable, but may be delayed pending the appropriation of sufficient funds, should fee collections not be adequate to sustain the operation of the Fund. The Director shall notify the claimant of the amount approved for payment as promptly as practicable and the same shall thereafter constitute a valid, but non-interest bearing obligation of the Government. Delays in payments are not a direct consequence of seizure and detention and cannot therefore be construed as increasing the compensable period for lost fishing time. If there is a question about distribution of the proceeds of the claim, the Director may request proof of interest from all parties, and will settle this issue.

§ 33.11 Records.

The Office Director, Office of Marine Conservation, Bureau of Oceans and International Environmental and Scientific Affairs will have the right to inspect claimants’ books and records as a precondition to approving claims. All claims must contain written authorization of the guaranteed party for any international, federal, state, or local governmental Agencies to provide the Office Director, Office of Marine Conservation, Bureau of Oceans and International Environmental and Scientific Affairs any data or information pertinent to a claim.

§ 33.12 Penalties.

Persons who willfully make any false or misleading statement or representation to obtain compensation from the Fund are subject to criminal prosecution under 22 U.S.C. 1980(g). This provides penalties up to $25,000 or imprisonment for up to one year, or both. Any evidence of criminal conduct will be promptly forwarded to the United States Department of Justice for action. Additionally, misrepresentation, concealment, or fraud, or acts intentionally designed to result in seizure, may void the guaranty agreement.

Subpart A—General Provisions

§ 34.1 Purpose.

These regulations prescribe the procedures to be used by the United States Department of State (STATE) in the collection of debts owed to STATE and to the United States.

§ 34.2 Scope.

(a) Except as set forth in this part or otherwise provided by law, STATE will conduct administrative actions to collect debts (including offset, compromise, suspension, termination, disclosure and referral) in accordance
with the Federal Claims Collection Standards (FCCS) of the Department of the Treasury and Department of Justice, 31 CFR parts 900–904.

(b) This part is not applicable to STATE claims against another Federal agency, any foreign country or any political subdivision thereof, or any public international organization.

§ 34.3 Exceptions.

(a) Debts arising from the audit of transportation accounts pursuant to 31 U.S.C. 3726 shall be determined, collected, compromised, terminated, or settled in accordance with the regulations published at 41 CFR part 102–118.

(b) Debts arising out of acquisition contracts subject to the Federal Acquisition Regulation (FAR) shall be determined, collected, compromised, terminated, or settled in accordance with those regulations (see 48 CFR part 32).

(c) Debts based in whole or in part on conduct in violation of the antitrust laws, or in regard to which there is an indication of fraud, presentation of a false claim, or misrepresentation on the part of the debtor or any other party having an interest in the claim, shall be referred to the Department of Justice for compromise, suspension, or termination of collection action.

(d) Tax debts are excluded from the coverage of this regulation.

§ 34.4 Definitions.

For purposes of the section:

(a) **Administrative offset** means withholding funds payable by the United States to, or held by the United States for, a person to satisfy a debt owed by the person to the United States.

(b) **Administrative wage garnishment** means the process by which a Federal agency orders a non-Federal employer to withhold amounts from a debtor’s wages to satisfy a debt owed to the United States.

(c) **Compromise** means that the creditor agency accepts less than the full amount of an outstanding debt in full satisfaction of the entire amount of the debt.

(d) **Creditor agency** means the Federal agency to which a debt is owed.

(e) **Debt or claim** means an amount of money which has been determined to be owed to the United States from any person. A debtor’s liability arising from a particular contract or transaction shall be considered a single claim for purposes of the monetary ceilings of the FCCS.

(f) **Debtor** means a person who owes the Federal government money.

(g) **Delinquent debt** means a debt that has not been paid by the date specified in STATE’s written notification or applicable contractual agreement, unless other satisfactory arrangements have been made by that date, or that has not been paid in accordance with a payment agreement with STATE.

(h) **Discharge** means the release of a debtor from personal liability for a debt. Further collection action is prohibited.

(i) **Disposable pay** means the amount that remains from an employee’s current basic pay, special pay, incentive pay, retired pay, retainer pay, or in the case of an employee not entitled to basic pay, other authorized pay remaining after required deductions for Federal, State and local income taxes; Social Security taxes, including Medicare taxes; Federal retirement programs; normal premiums for life and health insurance benefits and such other deductions that are required by law to be withheld, excluding garnishments.

(j) **FCCS** means the Federal Claims Collection Standards published jointly by the Departments of the Treasury and Justice and codified at 31 CFR parts 900–904.

(k) **Person** means an individual, corporation, partnership, association, organization, State or local government, or any other type of entity other than a Federal agency, Foreign Government, or public international organization.

(l) **Salary offset** means the withholding of amounts from the current pay account of a Federal employee to satisfy a debt owed by that employee to the United States.

(m) **Suspension** means the temporary cessation of active debt collection pending the occurrence of an anticipated event.

(n) **Termination** means the cessation of all active debt collection action for the foreseeable future.

(o) **Waiver** means a decision to forgo collection of a debt owed to the United States.
States, as provided for by a specific statute and according to the standards set out under that statute.

§ 34.5 Other procedures or actions.
(a) Nothing contained in this regulation is intended to require STATE to duplicate administrative proceedings required by contract or other laws or regulations.
(b) Nothing in this regulation is intended to preclude utilization of informal administrative actions or remedies which may be available.
(c) Nothing contained in this regulation is intended to deter STATE from demanding the return of specific property or from demanding the return of the property or the payment of its value.
(d) The failure of STATE to comply with any provision in this regulation shall not serve as defense to the debt.

§ 34.6 Interest, penalties, and administrative costs.
Except as otherwise provided by statute, contract or excluded in accordance with the FCCS, STATE will assess:
(a) Interest on delinquent debts in accordance with 31 CFR 901.9.
(b) Penalties at the rate of 6 percent a year or such other rate as authorized by law on any portion of a debt that is delinquent for more than 90 days.
(c) Administrative costs to cover the costs of processing and calculating delinquent debts.
(d) Late payment charges under paragraphs (a) and (b) of this section shall be computed from the date of delinquency.
(e) When a debt is paid in partial or installment payments, amounts received shall be applied first to outstanding penalty and administrative cost charges, second to accrued interest, and then to outstanding principal.
(f) STATE shall consider waiver of interest, penalties and/or administrative costs in accordance with the FCCS, 31 CFR 901.9(g).

§ 34.7 Collection in installments.
Whenever feasible, and except as required otherwise by law, debts owed to the United States, together with interest, penalties, and administrative costs as required by this regulation, should be collected in one lump sum. This is true whether the debt is being collected under administrative offset, including salary offset, or by another method, including voluntary payment. However, if the debtor is financially unable to pay the indebtedness in one lump sum, payment may be accepted in regular installments. If STATE agrees to accept payment in installments, it may require a legally enforceable written agreement from the debtor that specifies all of the terms of the arrangement and which contains a provision accelerating the debt in the event the debtor defaults. The size and frequency of the payments should bear a reasonable relation to the size of the debt and ability of the debtor to pay. If possible, the installment payments should be sufficient in size and frequency to liquidate the Government’s claim within 3 years.

Subpart B—Collection Actions
§ 34.8 Notice and demand for payment.
(a) STATE shall promptly hand deliver or send by first-class mail to the debtor at the debtor’s most current address in the records of STATE at least one written notice. Written demand under this subpart may be preceded by other appropriate actions under this part and or the FCCS, including but not limited to actions taken under the procedures applicable to administrative offset, including salary offset.
(b) The written notice shall inform the debtor of:
(1) The basis of the debt;
(2) The amount of the debt;
(3) The date by which payment should be made to avoid the imposition of interest, penalties and administrative costs, and the enforced collection actions described in paragraph (b)(7) of this section;
(4) The applicable standards for imposing of interest, penalties and administrative costs to delinquent debts;
(5) STATE’s readiness to discuss alternative payment arrangements and how the debtor may offer to enter into a written agreement to repay the debt under terms acceptable to STATE;
(6) The name, address and telephone number of a contact person or office within STATE;
(7) STATE’s intention to enforce collection by taking one or more of the following actions if the debtor fails to pay or otherwise resolve the debt:
   (i) Offset from Federal payments otherwise due to the debtor, including income tax refunds, salary, certain benefit payments, retirement, vendor payments, travel reimbursement and advances, and other Federal payments due from STATE, other Federal agencies, or through centralized disbursing from the Department of the Treasury;
   (ii) Referral to private collection agency
   (iii) Report to credit bureaus
   (iv) Administrative Wage Garnishment
   (v) Litigation by the Department of Justice
   (vi) Referral to the Financial Management Service of the Department of the Treasury for collection
   (vii) Liquidation of collateral
   (viii) Other actions as permitted by the FCCS and applicable law;
(8) The debtor’s right to inspect and copy records related to the debt;
(9) The debtor’s right to an internal review of STATE’s determination that the debtor owes a debt or the amount of the debt;
(10) The debtor’s right, if any, to request waiver of collection of certain debts, as applicable (see §34.18);
(11) Requirement that the debtor advise STATE of any bankruptcy proceeding of the debtor; and
(12) Provision for refund of amounts collected if later decision finds that the amount of the debt is not owed or is waived.

(c) Exceptions to notice requirements.
STATE may omit from a notice to a debtor one or more of the provisions contained in paragraphs (b)(7) through (b)(12) of this section if STATE determines that any provision is not legally required given the collection remedies to be applied to a particular debt, or which have already been provided by prior notice, applicable agreement, or contract.

§ 34.9 Requests for internal administrative review.
(a) For all collection methods for debts owed to STATE, the debtor may request a review within State of the existence or the amount of the debt. For offset of current Federal salary under 5 U.S.C. 5514 for certain debts, debtors may also request an outside hearing. See subpart C of this part. This subpart rather than subpart C applies to collections by salary offset for debts arising under 5 U.S.C. 5705 (travel advances), 5 U.S.C. 4108 (training expenses), and other statutes specifically providing for collection by salary offset.

(b) A debtor requesting an internal review shall do so in writing to the contact office by the payment due date stated within the initial notice sent under 34.8(b) or other applicable provision. The debtor’s written request shall state the basis for the dispute and include any relevant documentation in support.

(1) STATE will provide for an internal review of the debt by an appropriate official. The review may include examination of documents, internal discussions with relevant officials and discussion by letter or orally with the debtor, at STATE’s discretion. An oral hearing may be provided when the matter cannot be decided on the documentary record because it involves issues of credibility or veracity. Unless otherwise required by law, such oral hearing shall not be a formal evidentiary hearing. If an oral hearing is appropriate, the time and location of the hearing shall be established by STATE. An oral hearing may be conducted, at the debtor’s option, either in-person or by telephone conference. All travel expenses incurred by the debtor in connection with an in-person hearing will be borne by the debtor. All telephonic charges incurred during the hearing will be the responsibility of STATE. During the period of review, STATE may suspend collection activity, including the accrual of interest and penalties, on any disputed portion of the debt if STATE determines that suspension is in the Department’s best interest or would serve equity and good conscience.

(2) If after review STATE either sustains or amends its determination, it shall notify the debtor of its intent to collect the sustained or amended debt. If previously suspended, collection actions will be re-instituted unless payment of the sustained or amended amount is received or the debtor has
made a proposal for a payment plan to which STATE agrees, by the date specified in the notification of STATE’s decision.

§ 34.10 Collection methods.

Upon completion of notice and provision of all due process rights as listed in 34.8(b) of this section and upon final determination of the existence and amount of a debt, unless other acceptable payment arrangements have been made or procedures under a specific statute apply, STATE shall collect the debt by one or more of the following methods:

(a) Administrative offset. (1) Payments otherwise due the debtor from the United States shall be offset from the debt in accordance with 31 CFR 901.3. These may be funds under the control of the Department of State or other Federal agencies. Collection may be made through centralized offset by the Financial Management Service ("FMS") of the Department of the Treasury.

(2) Such payments include but are not limited to vendor payments, salary, retirement, lump sum payments due upon Federal employment separation, travel reimbursements, tax refunds, loans or other assistance. For offset of Federal salary payments under 5 U.S.C. 5514 for certain types of debt see subpart C of this part.

(3) Administrative offset under this subsection does not apply to debts specified in the FCCS, 31 CFR 901.3(a)(2).

(4) Before administrative offset is instituted by another Federal agency or the FMS, STATE shall certify in writing to that entity that the debt is past due and legally enforceable and that STATE has complied with all applicable due process and other requirements as described in this part and other Federal law and regulations.

(5) Administrative offset of anticipated or future benefit payments under the Civil Service Retirement and Disability Fund will be requested by STATE pursuant to 5 CFR 831.1801–1806.

(6) Expedited offset. STATE may effect an offset against a debtor prior to sending a notice to the debtor as described in § 34.8, when:

(i) The offset is in the nature of a recoupment,

(ii) Offset is executed pursuant to procedures set out in the Contracts Disputes Act,

(iii) Previous notice and opportunity for review have been given, or

(iv) There is insufficient time before payment would be made to the debtor/payee to allow prior notice and an opportunity for review. In such case, STATE shall give the debtor notice and an opportunity for review as soon as practicable and shall promptly refund any money ultimately found not to have been owed to the Government.

(7) Unless otherwise provided by law, administrative offset of payments under the authority of 31 U.S.C. 3716 to collect a debt may not be conducted more than 10 years after the Government’s right to collect the debt first accrued, unless facts material to the Government’s right to collect the debt were not known and could not reasonably have been known by the official charged with the responsibility to discover and collect such debts. This limitation does not apply to debts reduced to a judgment.

(b) Referral to private collection agency. STATE may contract for collection services to recover delinquent debts, or transfer a delinquent debt to FMS for private collection action, pursuant to 31 U.S.C. 3718, 22 U.S.C. 2716 and the FCCS, 31 CFR 901.5, as applicable. STATE will not use a collection agency to collect a debt owed by a currently employed or retired Federal employee, if collection by salary or annuity offset is available.

(c) Disclosure to consumer reporting agencies. STATE may disclose delinquent debts to consumer reporting agencies and other automated data-bases in accordance with 31 U.S.C. 3711(e) and the FCCS, 31 CFR 901.4, and in compliance with the Bankruptcy Code and the Privacy Act 5 U.S.C. 552a.

(d) Liquidation of Collateral, if applicable, in accordance with the FCCS, 31 CFR 901.7.

(e) Suspension or revocation of eligibility for loans and loan guaranties, licenses, permits, or privileges in accordance with the FCCS, 31 CFR 901.6.
Department of State  § 34.12

(f) Litigation. Debts may be referred to the Department of Justice for litigation for collection in accordance with the standards set forth in the FCCS, 31 CFR part 904.

(g) Transfer to FMS. Debts delinquent more than 180 days shall be transferred to the Financial Management Service of the Department of the Treasury for collection by all available means. Debts delinquent less than 180 days may also be so transferred.

(h) Administrative wage garnishment. STATE may collect debts from a non-Federal employee’s wages by means of administrative wage garnishment in accordance with the requirements of 31 U.S.C. 3720D and 31 CFR 285.11. All parts of 31 CFR 285.11 are incorporated by reference into these regulations, including the hearing procedures described in 31 CFR 285.11(f).

(i) Salary offset. See subpart C of this part.

Subpart C—Salary Offset

§ 34.11 Scope.

(a) This subpart sets forth STATE’s procedures for the collection of a Federal employee’s current pay by salary offset to satisfy certain debts owed to the United States.

(b) This subpart applies to:

(1) Current employees of STATE and other agencies who owe debts to STATE;

(2) Current employees of STATE who owe debts to other agencies.

(c) This subpart does not apply to:

(1) Offset of a separating employee’s final payments or Foreign Service annuity payments which are covered under administrative offset (See §34.10(a)),

(2) Debts or claims arising under the Internal Revenue Code of 1954 (26 U.S.C. 1 et seq.); the Social Security Act (42 U.S.C. 301 et seq.); the tariff laws of the United States,

(3) Any adjustment to pay arising out of an employee’s election of coverage or a change in coverage under a Federal benefits program requiring periodic deductions from pay, if the amount to be recovered was accumulated over 4 pay periods or less;

(4) Any routine intra-agency adjustment of pay that is made to correct an overpayment of pay attributable to clerical or administrative errors or delays in processing pay documents, if the overpayment occurred within the 4 pay periods preceding the adjustment and, at the time of such adjustment, or as soon thereafter as practical, the individual is provided written notice of the nature and the amount of the adjustment and point of contact for contesting such adjustment.

(5) Any adjustment to collect a debt amounting to $50 or less, if, at the time of such adjustment, or as soon thereafter as practical, the individual is provided written notice of the nature and the amount of the adjustment and a point of contact for contesting such adjustment.

(d) These regulations do not preclude an employee from requesting waiver of the debt, if waiver is available under subpart D of this part or by other regulation or statute.

(e) Nothing in these regulations precludes the compromise, suspension or termination of collection actions where appropriate under subpart D of this part or other regulations or statutes.

§ 34.12 Coordinating offset with another Federal agency.

(a) When STATE is owed a debt by an employee of another agency, the other agency shall not initiate the requested offset until STATE provides the agency with a written certification that the debtor owes STATE a debt (including the amount and basis of the debt and the due date of payment) and that STATE has complied with these regulations.

(b) When another agency is owed the debt, STATE may use salary offset against one of its employees who is indebted to another agency, if requested to do so by that agency. Such request must be accompanied by a certification that the person owes the debt (including the amount and basis of the debt and the due date of payment) and that the agency has complied with its regulations as required by 5 U.S.C. 5514 and 5 CFR part 550, subpart K.
§ 34.13 Notice requirements before offset.

Except as provided in §34.16, salary offset deductions will not be made unless STATE first provides the employee with a written notice that he/she owes a debt to the Federal Government at least 30 calendar days before salary offset is to be initiated. When STATE is the creditor agency, this notice of intent to offset an employee’s salary shall be hand-delivered or sent by first class mail to the last known address that is available to the Department and will state:

(a) That STATE has reviewed the records relating to the debt and has determined that the debt is owed, its origin and nature, and the amount due;
(b) The intention of STATE to collect the debt by means of deduction from the employee’s current pay until the debt and any and all accumulated interest, penalties and administrative costs are paid in full;
(c) The amount, frequency, approximate beginning date, and duration of the intended deductions;
(d) The requirement to assess and collect interest, penalties, and administrative costs in accordance with §34.6, unless waived in accordance with §34.6(f);
(e) The employee’s right to inspect and copy any STATE records relating to the debt, or, if the employee or their representative cannot personally inspect the records, to request and receive a copy of such records;
(f) The opportunity to voluntarily repay the debt or to enter into a written agreement (under terms agreeable to STATE) to establish a schedule for repayment of the debt in lieu of offset;
(g) Right to an internal review or outside hearing. (1) An internal review under §34.9 may be requested in cases of collections by salary offset for debts arising under 5 U.S.C. 5705 (travel advances), 5 U.S.C. 4108 (training expenses), and other statutes specifically providing for collection by salary offset.
(2) For all other debts, an internal review or an outside hearing conducted by an official not under the supervision or control of STATE may be requested with respect to the existence of the debt, the amount of the debt, or the repayment schedule (i.e., the percentage of disposable pay to be deducted each pay period);
(h) That the timely filing of a request for an outside hearing or internal review within 30 calendar days after the date of the notice of intent to offset will stay the commencement of collection proceedings;
(i) The method and time period for requesting an internal review or outside hearing;
(j) That a final decision on the internal review or outside hearing (if one is requested) will be issued at the earliest practical date, but not later than 60 days after the filing of the request, unless the employee requests and the outside hearing official grants a delay in the proceedings;
(k) That any knowingly false or frivolous statements, representation, or evidence may subject the employee to disciplinary procedures (5 U.S.C. Chapter 75, 5 CFR part 752 or other applicable statutes or regulations); penalties (31 U.S.C. 3729–3731 or other applicable statutes or regulations); or criminal penalties (18 U.S.C. 286, 287, 1001, and 1002 or other applicable statutes or regulations);
(l) Any other rights and remedies available to the employee under statutes or regulations governing the program for which the collection is being made;
(m) That the amounts paid on the debt which are later waived or found not owed to the United States will be promptly refunded to the employee, unless there are applicable contractual or statutory provisions to the contrary; and
(n) The name and address of the STATE official to whom communications should be directed.

§ 34.14 Request for an outside hearing for certain debts.

(a) Except as provided in paragraph (d) of this section, an employee must file a request that is received by STATE not later than 30 calendar days from the date of STATE’s notice described in §34.13 if an employee wants an outside hearing pursuant to §34.13(g)(2) concerning:
(1) The existence or amount of the debt; or
(2) STATE’s proposed offset schedule.

(b) The request must be signed by the employee and should identify and explain with reasonable specificity and brevity the facts, evidence and witnesses which the employee believes support his or her position. If the employee objects to the percentage of disposable pay to be deducted from each check, the request should state the objection and the reasons for it.

(c) The employee must also specify whether an oral or paper hearing is requested. If an oral hearing is desired, the request should explain why the matter cannot be resolved by review of the documentary evidence alone.

(d) If the employee files a request for an outside hearing later than the required 30 calendar days as described in paragraph (a) of this section, STATE may accept the request if the employee can show that the delay was because of circumstances beyond his or her control or because of failure to receive notice of the filing deadline (unless the employee has actual notice of the filing deadline).

(e) An employee waives the right to an outside hearing and will have his or her pay offset if the employee fails to file a petition for a hearing as prescribed in paragraph (a) of this section.

§ 34.15 Outside hearings.

(a) If an employee timely files a request for an outside hearing under §34.13(g)(2), pursuant to 5 U.S.C. 5514(a)(2), STATE shall select the time, date, and location of the hearing.

(b) Outside hearings shall be conducted by a hearing official not under the supervision or control of STATE.

(c) Procedure. (1) After the employee requests a hearing, the hearing official shall notify the employee of the form of the hearing to be provided. If the hearing will be oral, notice shall set forth the date, time and location of the hearing. If the hearing will be paper, the employee shall be notified that he or she should submit arguments in writing to the hearing official by a specified date after which the record shall be closed. This date shall give the employee reasonable time to submit documentation.

(2) Oral hearing. An employee who requests an oral hearing shall be provided an oral hearing if the hearing official determines that the matter cannot be resolved by review of documentary evidence alone (e.g., when an issue of credibility or veracity is involved). The hearing is not an adversarial adjudication, and need not take the form of an evidentiary hearing.

(3) Paper hearing. If the hearing official determines that an oral hearing is not necessary, he or she will make a decision based upon a review of the available written record.

(4) Record. The hearing official must maintain a summary record of any hearing provided by this subpart. Witnesses who provide testimony will do so under oath or affirmation.

(5) Content of decision. The written decision shall include:

(i) A statement of the facts presented to support the origin, nature, and amount of the debt;

(ii) The hearing official’s findings, analysis, and conclusions; and

(iii) The terms of any repayment schedules, or the date salary offset will commence, if applicable.

(6) Failure to appear. In the absence of good cause shown (e.g., excused illness), an employee who fails to appear at a hearing shall be deemed, for the purpose of this subpart, to admit the existence and amount of the debt as described in the notice of intent. The hearing official shall schedule a new hearing date upon the request of the creditor agency representative when good cause is shown.

(d) A hearing official’s decision is considered to be an official certification regarding the existence and amount of the debt for purposes of executing salary offset under 5 U.S.C. 5514 only. It does not supersede the finding by STATE that a debt is owed and does not affect the Government’s ability to recoup the indebtedness through alternative collection methods under §34.10.

§ 34.16 Procedures for salary offset.

Unless otherwise provided by statute or contract, the following procedures apply to salary offset:

(a) Method. Salary offset will be made by deduction at one or more officially established pay intervals from the current pay account of the employee without his or her consent.
§ 34.17 Non-waiver of rights by payments.

So long as there are no statutory or contractual provisions to the contrary, no employee payment (of all or a portion of a debt) collected under this subpart will be interpreted as a waiver of any rights that the employee may have under 5 U.S.C. 5514.

Subpart D—Collection Adjustments

§ 34.18 Waivers of indebtedness.

(a) Waivers of indebtedness may be granted only as provided for certain types of debt by specific statutes and according to the standards set out under those statutes.

(b) Authorities—(1) Debts arising out of erroneous payments of pay and allowances. 5 U.S.C. 5584 provides authority for waiving in whole or in part debts arising out of erroneous payments of pay and allowances, and travel, transportation and relocation expenses and allowances, if collection would be against equity and good conscience and not in the best interests of the United States.

(i) Waiver may not be granted if there exists in connection with the claim an indication of fraud, misrepresentation, fault, or lack of good faith on the part of the employee or any other person having an interest in obtaining a waiver.

(ii) Fault is considered to exist if in light of the circumstances the employee knew or should have known through the exercise of due diligence that an error existed but failed to take corrective action. What an employee should have known is evaluated under a reasonable person standard. Employees are, however, expected to have a general understanding of the Federal pay system applicable to them.

(iii) An employee with notice that a payment may be erroneous is expected to make provisions for eventual repayment. Financial hardship is not a basis for granting a waiver for an employee who was on notice of an erroneous payment.

(iv) If the deciding official finds no indication of fraud, misrepresentation, fault, or lack of good faith on the part of the employee or any other person having an interest in obtaining a waiver of the claim, the employee is not automatically entitled to a waiver. Before a waiver can be granted, the deciding official must also determine that collection of the claim against an employee would be against equity and good conscience and not in the best interests of the United States. Factors to consider when determining if collection of a claim against an employee would be against equity and good conscience and not in the best interests of the United States include, but are not limited to:

(A) Whether collection of the claim would cause serious financial hardship to the employee from whom collection is sought.

(A) Whether, because of the erroneous payment, the employee either has relinquished a valuable right or changed positions for the worse, regardless of the employee’s financial circumstances.
(C) The time elapsed between the erroneous payment and discovery of the error and notification of the employee;
(D) Whether failure to make restitution would result in unfair gain to the employee;
(E) Whether recovery of the claim would be unconscionable under the circumstances.

(2) Debts arising out of advances in pay. 5 U.S.C. 5524a provides authority for waiving in whole or in part a debt arising out of an advance in pay if it is shown that recovery would be against equity and good conscience or against the public interest.

(i) Factors to be considered when determining if recovery of an advance payment would be against equity and good conscience or against the public interest include, but are not limited to:
(A) Death of the employee;
(B) Retirement of the employee for disability;
(C) Inability of the employee to return to duty because of disability (supported by an acceptable medical certificate); and
(D) Whether failure to repay would result in unfair gain to the employee.

(ii) [Reserved]

(3) Debts arising out of advances in situations of authorized or ordered departures. 5 U.S.C. 5522 provides authority for waiving in whole or in part a debt arising out of an advance payment of pay, allowances, and differentials provided under this section if it is shown that recovery would be against equity and good conscience or against the public interest.

(i) Factors to be considered when determining if recovery of an advance payment would be against equity and good conscience or against the public interest include, but are not limited to:
(A) Death of the employee;
(B) Retirement of the employee for disability;
(C) Inability of the employee to return to duty because of disability (supported by an acceptable medical certificate); and
(D) Whether failure to repay would result in unfair gain to the employee.

(ii) [Reserved]

(5) Debts arising out of employee training expenses. 5 U.S.C. 4108 provides authority for waiving in whole or in part a debt arising out of employee training expenses if it is shown that recovery would be against equity and good conscience or against the public interest.

(i) Factors to be considered when determining if recovery of a debt arising out of employee training expenses would be against equity and good conscience or against the public interest include, but are not limited to:
(A) Death of the employee;
(B) Retirement of the employee for disability;
(C) Inability of the employee to return to duty because of disability (supported by an acceptable medical certificate); and
(D) Whether failure to repay would result in unfair gain to the employee.

(ii) [Reserved]

(6) Under-withholding of life insurance premiums. 5 U.S.C. 8707(d) provides authority for waiving the collection of unpaid deductions resulting from under-withholding of Federal Employees' Group Life Insurance Program premiums if the individual is without fault and recovery would be against equity and good conscience.

(i) Fault is considered to exist if in light of the circumstances the employee knew or should have known through the exercise of due diligence
that an error existed but failed to take corrective action.

(ii) Factors to be considered when determining whether recovery of unpaid deduction resulting from under-withholding would be against equity and good conscience include, but are not limited to:

(A) Whether collection of the claim would cause serious financial hardship to the individual from whom collection is sought.
(B) The time elapsed between the failure to properly withhold and discovery of the failure and notification of the individual;
(C) Whether failure to make restitution would result in unfair gain to the individual;
(D) Whether recovery of the claim would be unconscionable under the circumstances.

(7) Overpayments of Foreign Service annuities. For waiver of debts arising from overpayments from the Foreign Service Retirement and Disability Fund under the Foreign Service Retirement and Disability System or the Foreign Service Pension System see 22 CFR part 17.

(8) As otherwise provided by law.

(c) Waiver of indebtedness is an equitable remedy and as such must be based on an assessment of the facts involved in the individual case under consideration.

(d) The burden is on the employee to demonstrate that the applicable waiver standard has been met.

(e) Requests. A debtor requesting a waiver shall do so in writing to the contact office by the payment due date stated within the initial notice sent under §34.8(b) or other applicable provision. The debtor’s written response shall state the basis for the dispute and include any relevant documentation in support.

(f) While a waiver request is pending, STATE may suspend collection, including the accrual of interest and penalties, on the debt if STATE determines that suspension is in the Department’s best interest or would serve equity and good conscience.

§ 34.19 Compromise.

STATE may attempt to effect compromise in accordance with the standards set forth in the FCCS, 31 CFR part 902.

§ 34.20 Suspension.

The suspension of collection action shall be made in accordance with the standards set forth in the FCCS, 31 CFR 903.1–903.2

§ 34.21 Termination.

The termination of collection action shall be made in accordance with the standards set forth in the FCCS, 31 CFR 903.1 and 903.3–903.4.

§ 34.22 Discharge.

Once a debt has been closed out for accounting purposes and collection has been terminated, the debt is discharged. STATE must report discharged debt as income to the debtor to the Internal Revenue Service per 26 U.S.C. 6050P and 26 CFR 1.6050P–1.

§ 34.23 Bankruptcy.

A debtor should notify STATE at the contact office provided in the original notice of the debt, if the debtor has filed for bankruptcy. STATE will require documentation from the applicable court indicating the date of filing and type of bankruptcy. Pursuant to the laws of bankruptcy, STATE will suspend debt collection upon such filing unless the automatic stay is no longer in effect or has been lifted. In general, collection of a debt discharged in bankruptcy shall be terminated unless otherwise provided for by bankruptcy law.

§ 34.24 Refunds.

(a) STATE will refund promptly to the appropriate individual amounts offset under this regulation when:

(1) A debt is waived or otherwise found not owing the United States (unless expressly prohibited by statute or regulation); or

(2) STATE is directed by an administrative or judicial order to make a refund.

(b) Refunds do not bear interest unless required or permitted by law or contract.
PART 35—PROGRAM FRAUD CIVIL REMEDIES

(c) Special considerations abroad. Such assessment shall be in lieu of damages sustained by the Government because of such claim.

(b) Statements. (1) Except as provided in paragraph (c) of this section, any person who makes a written statement that—

(i) The person knows or has reason to know—
(A) Asserts a material fact which is false, fictitious, or fraudulent; or
(B) Is false, fictitious, or fraudulent because it omits a material fact that the person making the statement has a duty to include in such statement; and
(ii) Contains or is accompanied by an express certification or affirmation of the truthfulness and accuracy of the contents of the statement, shall be subject, in addition to any other remedy that may be prescribed by law, to a civil penalty of not more than $5,000 for each such statement.

(2) Each written representation, certification, or affirmation constitutes a separate statement.

(3) A statement shall be considered made to the authority when such statement is actually made to an agent, fiscal intermediary, or other entity, including any state or political subdivision thereof, acting for or on behalf of the authority.

(c) No proof of specific intent to defraud is required to establish liability under this section.

(d) In any case in which it is determined that more than one person is liable for making a claim or statement under this section, each such person may be held liable for a civil penalty under this section.

(e) In any case in which it is determined that more than one person is liable for making a claim under this section on which the Government has made payment (including transferred property or provided services), an assessment may be imposed against any such person or jointly and severally against any combination of such persons.

§ 35.4 Investigation.

(a) If an investigating official concludes that a subpoena pursuant to the authority conferred by 31 U.S.C. 3804(a) is warranted—

(1) The subpoena so issued shall notify the person to whom it is addressed of the authority under which the subpoena is issued (and, in the case of a subpoena to be served outside the jurisdiction of the United States, the basis
§ 35.5 Review by the reviewing official.

(a) If, based on the report of the investigating official under §35.4(b), the reviewing official determines that there is adequate evidence to believe that a person is liable under §35.3 of this part, the reviewing official shall transmit to the Attorney General a written notice of the reviewing official’s intention to issue a complaint under §35.7.

(b) Such notice shall include—

(1) A statement of the reviewing official’s reasons for issuing a complaint;

(2) A statement specifying the evidence that supports the allegations of liability;

(3) A description of the claims or statements upon which the allegations of liability are based;

(4) An estimate of the amount of money or the value of property, services, or other benefits requested or demanded in violation of §35.3;

(5) A statement of any exculpatory or mitigating circumstances that may relate to the claims or statements known by the reviewing official or the investigating official; and

(6) A statement that there is a reasonable prospect of collecting an appropriate amount of penalties and assessments.

§ 35.6 Prerequisites for issuing a complaint.

(a) The reviewing official may issue a complaint under §35.7 only if—

(1) The Department of Justice approves the issuance of a complaint in a written statement described in 31 U.S.C. 3803(b)(1); and

(2) In the case of allegations of liability under §35.3(a) with respect to a claim, the reviewing official determines that, with respect to such claim or a group of related claims submitted at the same time such claim is submitted (as defined in paragraph (b) of this section), the amount of money or the value of property or services demanded or requested in violation of §35.3(a) does not exceed $150,000.

(b) For purposes of this section, a related group of claims submitted at the same time shall include only those claims arising from the same transaction (e.g., grant, loan, application, or contract) that are submitted simultaneously as part of a single request, demand or submission.

(c) Nothing in this section shall be construed to limit the reviewing official’s authority to join in a single complaint against a person’s claims that are unrelated or were not submitted simultaneously, regardless of the amount of money, or the value of property or services, demanded or requested.

§ 35.7 Complaint.

(a) On or after the date the Department of Justice approves the issuance of a complaint in accordance with 31 U.S.C. 3803(b)(1), the reviewing official
may serve a complaint on the defendant, as provided in §35.8.
(b) The complaint shall state—
(1) The allegations of liability against the defendant, including the statutory basis for liability, an identification of the claims or statements that are the basis for the alleged liability, and the reasons why liability allegedly arises from such claims or statements;
(2) The maximum amount of penalties and assessments for which the defendant may be held liable;
(3) Instructions for filing an answer to request a hearing, including a specific statement of the defendant’s right to request a hearing by filing an answer and to be represented by a representative; and
(4) That failure to file an answer within 30 days of service of the complaint will result in the imposition of the maximum amount of penalties and assessments without right to appeal, as provided in §35.10.
(c) At the same time the reviewing official serves the complaint, he or she shall serve the defendant with a copy of these regulations.

§ 35.8 Service of complaint.
(a) Service of a complaint must be made by certified or registered mail or by delivery in any manner authorized by Rule 4(d) of the Federal Rules of Civil Procedure. Service is complete upon receipt.
(b) Proof of service, stating the name and address of the person on whom the complaint was served, and the manner and date of service, may be made by—
(1) Affidavit of the individual serving the complaint by delivery;
(2) A United States Postal Service return receipt card acknowledging receipt;
(3) Written acknowledgment of receipt by the defendant or his or her representative; or
(4) In case of service abroad authenticated in accordance with the Convention on the Service Abroad of Judicial and Extra Judicial Documents in Civil or Commercial Matters.

§ 35.9 Answer.
(a) The defendant may request a hearing by filing an answer with the reviewing official within 30 days of service of the complaint. An answer shall be deemed to be a request for hearing.
(b) In the answer, the defendant—
(1) Shall admit or deny each of the allegations of liability made in the complaint;
(2) Shall state any defense on which the defendant intends to rely;
(3) May state any reasons why the defendant contends that the penalties and assessments should be less than the statutory maximum; and
(4) Shall state the name, address and telephone number of the person authorized by the defendant to act as defendant’s representative, if any.
(c) If the defendant is unable to file an answer meeting the requirements of paragraph (b) of this section within the time provided, the defendant may, before the expiration of 30 days from service of the complaint, file with the reviewing official a general answer denying liability and requesting a hearing, and a request for an extension of time within which to file an answer meeting the requirements of paragraph (b) of this section. The reviewing official shall file promptly with the ALJ the complaint, the general answer denying liability, and the request for an extension of time as provided in §35.10. For good cause shown, the ALJ may grant the defendant up to 30 additional days within which to file an answer meeting the requirements of paragraph (b) of this section.

§ 35.10 Default upon failure to file an answer.
(a) If the defendant does not file an answer within the time prescribed in §35.9(a), the reviewing official may refer the complaint to the ALJ.
(b) Upon the referral of the complaint, the ALJ shall promptly serve on defendant in the manner prescribed in §35.8, a notice that an initial decision will be issued under this section.
(c) If the defendant fails to answer, the ALJ shall assume the facts alleged in the complaint to be true, and, if such facts established liability under §35.3, the ALJ shall issue an initial decision imposing the maximum amount of penalties and assessments allowed under the statute.
(d) Except as otherwise provided in this section, by failing to file a timely answer, the defendant waives any right to further review of the penalties and assessments imposed under paragraph (c) of this section, and the initial decision shall become final and binding upon the parties 30 days after it was issued.

(e) If, before such an initial decision becomes final, the defendant files a motion with the ALJ seeking to reopen on the grounds that extraordinary circumstances prevented the defendant from filing an answer, the initial decision shall be stayed pending the ALJ’s decision on the motion.

(f) If, on such motion, the defendant can demonstrate extraordinary circumstances excusing the failure to file a timely answer, the ALJ shall withdraw the initial decision in paragraph (c) of this section, if such a decision has been issued, and shall grant the defendant an opportunity to answer the complaint.

(g) A decision of the ALJ denying a defendant’s motion under paragraph (e) of this section is not subject to reconsideration under §35.38.

(h) The defendant may appeal to the authority head the decision denying a motion to reopen by filing a notice of appeal with the authority head within 15 days after the ALJ denies the motion. The timely filing of a notice of appeal shall stay the initial decision until the authority head decides the issue.

(i) If the defendant files a timely notice of appeal with the authority head, the ALJ shall forward the record of the proceeding to the authority head.

(j) The authority head shall decide expeditiously whether extraordinary circumstances excuse the defendant’s failure to file a timely answer based solely on the record before the ALJ.

(k) If the authority head decides that extraordinary circumstances excused the defendant’s failure to file a timely answer, the authority head shall remand the case to the ALJ with instructions to grant the defendant an opportunity to answer.

(l) If the authority head decides that the defendant’s failure to file a timely answer is not excused, the authority head shall reinstate the initial decision of the ALJ, which shall become final and binding upon the parties 30 days after the authority head issues such decision.

§ 35.11 Referral of complaint and answer to the ALJ.

Upon receipt of an answer, the reviewing official shall file the complaint and answer with the ALJ.

§ 35.12 Notice of hearing.

(a) When the ALJ receives the complaint and answer, the ALJ shall promptly serve a notice of hearing upon the defendant in the manner prescribed by §35.8. At the same time, the ALJ shall send a copy of such notice to the representative for the Authority.

(b) Such notice shall include—

(1) The tentative time and place, and the nature of the hearing;
(2) The legal authority and jurisdiction under which the hearing is to be held;
(3) The matters of fact and law to be asserted;
(4) A description of the procedures for the conduct of the hearing;
(5) The name, address, and telephone number of the representative of the Government and of the defendant, if any; and
(6) Such other matters as the ALJ deems appropriate.

§ 35.13 Parties to the hearing.

(a) The parties to the hearing shall be the defendant and the Authority.

(b) Pursuant to 31 U.S.C. 3730(c)(5), a private plaintiff under the False Claims Act may participate in these proceedings to the extent authorized by the provisions of that Act.

§ 35.14 Separation of functions.

(a) The investigating official, the reviewing official, and any employee or agent of the authority who takes part in investigating, preparing, or presenting a particular case may not, in such case or a factually related case—

(1) Participate in the hearing as the ALJ;
(2) Participate or advise in the initial decision or the review of the initial decision by the authority head, except as a witness or a representative in public proceedings; or
(3) Make the collection of penalties and assessments under 31 U.S.C. 3806.

(b) The ALJ shall not be responsible to, or subject to the supervision or direction of the investigating official or the reviewing official.

(c) Except as provided in paragraph (a) of this section, the representative for the Government may be employed anywhere in the authority, including in the offices of either the investigating official or the reviewing official.

§ 35.15 Ex parte contacts.

No party or person (except employees of the ALJ's office) shall communicate in any way with the ALJ on any matter at issue in a case, unless on notice and opportunity for all parties to participate. This provision does not prohibit a person or party from inquiring about the status of a case or asking routine questions concerning administrative functions or procedures.

§ 35.16 Disqualification of reviewing official or ALJ.

(a) A reviewing official or ALJ in a particular case may disqualify herself or himself at any time.

(b) A party may file with the ALJ a motion for disqualification of a reviewing official or an ALJ. Such motion shall be accompanied by an affidavit alleging personal bias or other reason for disqualification.

(c) Such motion and affidavit shall be filed promptly upon the party's discovery of reasons requiring disqualification, or such objects shall be deemed waived.

(d) Such affidavit shall state specific facts that support the party's belief that personal bias or other reason for disqualification exists and the time and circumstances of the party's discovery of such facts. It shall be accompanied by a certificate of the representative of record that it is made in good faith.

(e) Upon the filing of such a motion and affidavit, the ALJ shall proceed no further in the case until he or she resolves the matter of disqualification in accordance with paragraph (f) of this section.

(f) If the ALJ—

(1) Determines that a reviewing official is disqualified, the ALJ shall dismiss the complaint without prejudice;

(2) Disqualifies himself or herself, the case shall be reassigned promptly to another ALJ; or

(3) Denies a motion to disqualify, the authority head may determine the matter only as part of his or her review of the initial decision upon appeal, if any.

§ 35.19 Prehearing conferences.

(a) The ALJ may schedule prehearing conferences as appropriate.
(b) Upon the motion of any party, the ALJ shall schedule at least one prehearing conference at a reasonable time in advance of the hearing.
(c) The ALJ may use prehearing conferences to discuss the following:
(1) Simplification of the issues;

(3) Stipulations and admissions of fact or as to the contents and authenticity of documents;
(4) Whether the parties can agree to submission of the case on a stipulated record;

(6) Limitation of the number of witnesses;
(7) Scheduling dates for the exchange of witness lists and of proposed exhibits;
(8) Discovery;
(9) The time and place for the hearing; and
(10) Such other matters as may tend to expedite the fair and just disposition of the proceedings.
(d) The ALJ may issue an order containing all matters agreed upon by the parties or ordered by the ALJ at a prehearing conference.

§ 35.20 Disclosure of documents.

(a) Upon written request to the reviewing official, the defendant may review any relevant and material documents, transcripts, records, and other materials that relate to the allegations set out in the complaint and upon which the findings and conclusions of the investigating official under §35.4(b) are based, unless such materials are subject to a privilege under federal law or classified pursuant to Executive Order. Upon payment of fees for duplication, the defendant may obtain copies of such documents.
(b) Upon written request to the reviewing official, the defendant also may obtain a copy of all exculpatory information in the possession of the reviewing official or investigating official relating to the allegations in the complaint, even if it is contained in a document that would otherwise be privileged. If the document would otherwise be privileged, only that portion containing exculpatory information must be disclosed.
(c) The notice sent to the Attorney General from the reviewing official as described in §35.5 is not discoverable under any circumstances.
(d) The defendant may file a motion to compel disclosure of the documents subject to the provisions of this section. Such a motion may only be filed with the ALJ following the filing of an answer pursuant to §35.9.

§ 35.21 Discovery.

(2) Requests for admissions of the authenticity of any relevant document or of the truth of any relevant fact;
(3) Written interrogatories; and
(4) Depositions.
(b) For the purpose of this section and §§35.22 and 35.23, the term “documents” includes information, documents, reports, answers, records, accounts, papers, and other data and documentary evidence. Nothing contained herein shall be interpreted to require the creation of a document.

(c) Unless mutually agreed to by the parties, discovery is available only as ordered by the ALJ. The ALJ shall regulate the timing of discovery.

(d) Motions for discovery. (1) A party seeking discovery may file a motion with the ALJ. Such a motion shall be accompanied by a copy of the requested discovery, or in the case of depositions, a summary of the scope of the proposed deposition.

(2) Within ten days of service, a party may file an opposition to the motion and/or a motion for protective order as provided in §35.24.

(3) The ALJ may grant a motion for discovery only if he finds that the discovery sought—
   (i) Is necessary for the expeditious, fair, and reasonable consideration of the issues;
   (ii) Is not unduly costly or burdensome;
   (iii) Will not unduly delay the proceeding; and
   (iv) Does not seek privileged or classified information.

(4) The burden of showing that discovery should be allowed is on the party seeking discovery.

(5) The ALJ may grant discovery subject to a protective order under §35.24.

(e) Depositions. (1) If a motion for deposition is granted, the ALJ shall issue a subpoena for the deponent, which may require the deponent to produce documents. The subpoena shall specify the time and place at which the deposition will be held.

(2) The party seeking to depose shall serve the subpoena in the manner prescribed in §35.8.

(3) The deponent may file with the ALJ a motion to quash the subpoena or a motion for a protective order within ten days of service.

(4) The party seeking to depose shall provide for the taking of a verbatim transcript of the deposition, which it shall make available to all other parties for inspection and copying.

(f) Each party shall bear its own costs of discovery.

§ 35.22 Exchange of witness lists, statements and exhibits.

(a) At least 15 days before the hearing or at such other time as may be ordered by the ALJ, the parties shall exchange witness lists, copies of prior statements of proposed witnesses, and copies of proposed hearing exhibits, including copies of any written statements that the party intends to offer in lieu of live testimony in accordance with §35.33(b). At the time the above documents are exchanged, any party that intends to rely on the transcript of deposition testimony in lieu of live testimony at the hearing, if permitted by the ALJ, shall provide each party with a copy of the specific pages of the transcript it intends to introduce into evidence.

(b) If a party objects, the ALJ shall not admit into evidence the testimony of any witness whose name does not appear on the witness list or any exhibit not provided to the opposing party as provided above unless the ALJ finds good cause for the failure or that there is no prejudice to the objecting party.

(c) Unless another party objects within the time set by the ALJ, documents exchanged in accordance with paragraph (a) of this section shall be deemed to be authentic for the purpose of admissibility at the hearing.

§ 35.23 Subpoenas for attendance at hearing.

(a) A party wishing to procure the appearance and testimony of any individual at the hearing may request that the ALJ issue a subpoena.

(b) A subpoena requiring the attendance and testimony of an individual may also require the individual to produce documents at the hearing.

(c) A party seeking a subpoena shall file a written request therefor not less than 15 days before the day fixed for the hearing unless otherwise allowed by the ALJ for good cause shown. Such request shall specify any documents to be produced and shall designate the witnesses and describe the address and location thereof with sufficient particularity to permit such witnesses to be found.
§ 35.24 Protective order.

(a) A party or a prospective witness or deponent may file a motion for a protective order with respect to discovery sought by an opposing party or with respect to the hearing, seeking to limit the availability or disclosure of evidence.

(b) In issuing a protective order, the ALJ may make any order which justice requires to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, including one or more of the following:

(1) That the discovery not be had;

(2) That the discovery may be had only on specified terms and conditions, including one or more of the following:

   (a) That the discovery not be had;

   (b) That the discovery may be had only on specified terms and conditions, including a designation of the time or place;

   (c) That the discovery may be had only through a method of discovery other than that requested;

   (d) That certain matters not be inquired into, or that the scope of discovery be limited to certain matters;

   (f) That the contents of discovery or evidence be sealed;

   (g) That a deposition after being sealed be opened only by order of the ALJ;

   (h) That a trade secret or other confidential research, development, commercial information, classified material, or facts pertaining to any criminal investigation, proceeding, or other administrative investigation not be disclosed or be disclosed only in a designated way; or

   (i) That the parties simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the ALJ.

§ 35.25 Fees.

The party requesting a subpoena shall pay the cost of the fees and mileage of any witness subpoenaed in the amounts that would be payable to a witness in a proceeding in United States District Court. A check for witness fees and mileage shall accompany the subpoena when served, except that when a subpoena is issued on behalf of the authority, a check for witness fees and mileage need not accompany the subpoena.

§ 35.26 Form, filing and service of papers.

(a) Form. (1) Documents filed with the ALJ shall include an original and two copies.

(2) Every pleading and paper filed in the proceeding shall contain a caption setting forth the title of the action, the case number assigned by the ALJ, a designation of the paper (e.g., motion to quash subpoena), and shall be in English or accompanied by an English translation.

(3) Every pleading and paper shall be signed by, and shall contain the address and telephone number of the party or the person on whose behalf the paper was filed, or his or her representative.

(4) Papers are considered filed when they are mailed. Date of mailing may be established by a certificate from the party or its representative or by proof that the document was sent by certified or registered mail.

(b) Service. A party filing a document with the ALJ shall, at the time of filing, serve a copy of such document on every other party. Service upon any party of any document other than the complaint or notice of hearing, shall be made by delivering or mailing a copy to the party’s last known address. When a party is represented by a representative, service shall be made upon such representative in lieu of the actual party.

(c) Proof of service. A certificate of the individual serving the document by personal delivery or by mail, setting
forth the manner of service, shall be proof of service.

§ 35.27 Computation of time.

(a) In computing any period of time under this part or in an order issued thereunder, the time begins with the day following the act, event, or default, and includes the last day of the period, unless it is a Saturday, Sunday, or legal holiday observed by the Federal Government, in which event it includes the next business day.

(b) When the period of time allowed is less than seven days, intermediate Saturdays, Sundays, and legal holidays observed by the Federal Government shall be excluded from the computation.

(c) Where a document has been served or issued by mail, or by airmail abroad, an additional five days will be added to the time permitted for any response.

§ 35.28 Motions.

(a) Any application to the ALJ for an order or ruling shall be by motion. Motions shall state the relief sought, the authority relied upon, and the facts alleged, and shall be filed with the ALJ and served on all other parties.

(b) Except for motions made during a prehearing conference or at the hearing, all motions shall be in writing. The ALJ may require that oral motions be reduced to writing.

(c) Within 15 days after a written motion is served, or such other time as may be fixed by the ALJ, any party may file a response to such motion.

(d) The ALJ may not grant a written motion before the time for filing responses thereto has expired, except upon consent of the parties or following a hearing on the motion, but may overrule or deny such motion without awaiting a response.

(e) The ALJ shall make a reasonable effort to dispose of all outstanding motions prior to the beginning of the hearing.

§ 35.29 Sanctions.

(a) The ALJ may sanction a person, including any party or representative for—

(1) Failing to comply with an order, rule, or procedure governing the proceeding;

(2) Failing to prosecute or defend an action; or

(3) Engaging in other misconduct that interferes with the speedy, orderly, or fair conduct of the hearing.

(b) Any such sanction, including but not limited to those listed in paragraphs (c), (d), and (e) of this section, shall reasonably relate to the severity and nature of the failure or misconduct.

(c) When a party fails to comply with an order, including an order for taking a deposition, the production of evidence within the party’s control, or a request for admission, the ALJ may—

(1) Draw an inference in favor of the requesting party with regard to the information sought;

(2) In the case of requests for admission, deem each matter of which an admission is requested to be admitted;

(3) Prohibit the party failing to comply with such order from introducing evidence concerning, or otherwise relying upon, testimony relating to the information sought; and

(4) Strike any part of the pleadings or other submissions of the party failing to comply with such request.

(d) If a party fails to prosecute or defend an action under this part commenced by service of a notice of hearing, the ALJ may dismiss the action or may issue an initial decision imposing penalties and assessments.

(e) The ALJ may refuse to consider any motion, request, response, brief or other document which is not filed in a timely fashion.

§ 35.30 The hearing and burden of proof.

(a) The ALJ shall conduct a hearing on the record in order to determine whether the defendant is liable for a civil penalty or assessment under §35.3 and, if so, the appropriate amount of any such civil penalty or assessment considering any aggravating or mitigating factors.

(b) The authority shall prove defendant’s liability and any aggravating factors by a preponderance of the evidence.

(c) The defendant shall prove any affirmative defenses and any mitigating factors by a preponderance of the evidence.
(d) The hearing shall be open to the public unless otherwise ordered by the ALJ for good cause shown.

§ 35.31 Determining the amount of penalties and assessments.

(a) In determining an appropriate amount of civil penalties and assessments, the ALJ and the authority head, upon appeal, should evaluate any circumstances that mitigate or aggravate the violation and should articulate in their opinions the reasons that support the penalties and assessments they impose. Because of the intangible costs of fraud, the expense of investigating such conduct, and the need to deter others who might be similarly tempted, ordinarily double damages and a significant civil penalty should be imposed.

(b) Although not exhaustive, the following factors are among those that may influence the ALJ and the authority head in determining the amount of penalties and assessments to impose with respect to the misconduct (i.e., the false, fictitious, or fraudulent claims or statements) charged in the complaint:

1. The number of false, fictitious, or fraudulent claims or statements;
2. The time period over which such claims or statements were made;
3. The degree of the defendant’s culpability with respect to the misconduct;
4. The amount of money or the value of the property, services, or benefit falsely claimed;
5. The value of the Government’s actual loss as a result of the misconduct, including foreseeable consequential damages and the costs of investigation;
6. The relationship of the amount imposed as civil penalties to the amount of the Government’s loss;
7. The potential or actual impact of the misconduct upon national defense, public health or safety, or public confidence in the management of government programs and operations, including particularly the impact on the intended beneficiaries of such programs;
8. Whether the defendant has engaged in a pattern of the same or similar misconduct;
9. Whether the defendant attempted to conceal the misconduct;
10. The degree to which the defendant has involved others in the misconduct or in concealing it;
11. Where the misconduct of employees or agents is imputed to the defendant, the extent to which the defendant’s practices fostered or attempted to preclude such misconduct;
12. Whether the defendant cooperated in or obstructed an investigation of the misconduct;
13. Whether the defendant assisted in identifying and prosecuting other wrongdoers;
14. The complexity of the program or transaction, and the degree of the defendant’s sophistication with respect to it, including the extent of the defendant’s prior participation in the program or in similar transactions;
15. Whether the defendant has been found, in any criminal, civil, or administrative proceeding to have engaged in similar misconduct or to have dealt dishonestly with the Government of the United States or of a state, directly or indirectly; and
16. The need to deter the defendant and others from engaging in the same or similar misconduct.

(c) Nothing in this section shall be construed to limit the ALJ or the authority head from considering any other factors that in any given case may mitigate or aggravate the offense for which penalties and assessments are imposed.

§ 35.32 Location of hearing.

(a) The hearing may be held—
1. In any judicial district of the United States in which the defendant resides or transacts business;
2. In any judicial district of the United States in which the claim or statement in issue was made; or
3. In such other place within the United States as may be agreed upon by the defendant and the ALJ.

(b) Each party shall have the opportunity to present argument with respect to the location of the hearing.

(c) The hearing shall be held at the place and at the time ordered by the ALJ.

§ 35.33 Witnesses.

(a) Except as provided in paragraph (b) of this section, testimony at the
hearing shall be given orally by witnesses under oath or affirmation.

(b) At the discretion of the ALJ, testimony may be admitted in the form of a written statement or deposition. Any such written statement must be provided to all other parties along with the last known address of such witness, in a manner which allows sufficient time for other parties to subpoena such witness for cross-examination at the hearing. Prior written statements of witnesses proposed to testify at the hearing and deposition transcripts shall be exchanged as provided in §35.22(a).

(c) The ALJ shall exercise reasonable control over the mode and order of interrogating witnesses and presenting evidence in order to make—

(1) The interrogation and presentation effective for the ascertainment of the truth;
(2) To avoid needless consumption of time; and
(3) To protect witnesses from harassment or undue embarrassment.

(d) The ALJ shall permit the parties to conduct such cross-examination as may be required for a full and true disclosure of the facts.

(e) At the discretion of the ALJ, a witness may be cross-examined on matters relevant to the proceeding without regard to the scope of his or her direct examination. To the extent permitted by the ALJ, cross-examination on matters outside the scope of direct examination shall be conducted in the manner of direct examination and may proceed by leading questions only if the witness is a hostile witness, an adverse party, or a witness identified with an adverse party.

(f) Upon motion of any party, the ALJ shall order witnesses excluded so that they cannot hear the testimony of other witnesses. This rule does not authorize exclusion of—

(1) A party who is an individual;
(2) In the case of a party that is not an individual, an officer or employee of the party designated by the party’s representative; or
(3) An individual whose presence is shown by a party to be essential to the presentation of its case, including an individual employed by the Government engaged in assisting the representative for the Government.

§ 35.34 Evidence.

(a) The ALJ shall determine the admissibility of evidence.

(b) Except as provided herein, the ALJ shall not be bound by the Federal Rules of Evidence. However, the ALJ may apply the Federal Rules of Evidence where appropriate, e.g., to exclude unreliable evidence.

(c) The ALJ shall exclude irrelevant and immaterial evidence.

(d) Although relevant, evidence may be excluded if its probative value is substantially outweighed by the danger of unfair prejudice, confusion of the issues, or by considerations of undue delay or needless presentation of cumulative evidence.

(e) Although relevant, evidence may be excluded if it is classified or otherwise privileged under Federal law.

(f) Evidence concerning offers or compromise or settlement shall be inadmissible to the extent provided in Rule 408 of the Federal Rules of Evidence.

(g) The ALJ shall permit the parties to introduce rebuttal witnesses and evidence.

(h) All documents and other evidence offered or taken for the record shall be open to examination by all parties, unless otherwise ordered by the ALJ pursuant to §35.24.

§ 35.35 The record.

(a) The hearing will be recorded and transcribed. Transcripts may be obtained following the hearing from the ALJ at a cost not to exceed the actual cost of duplication.

(b) The transcript of testimony, exhibits and other evidence admitted at the hearing, and all papers and requests filed in the proceeding constitute the record for the decision by the ALJ and the authority head.

(c) The record may be inspected and copied (upon payment of a reasonable fee) by anyone, unless otherwise ordered by the ALJ pursuant to §35.24.

§ 35.36 Post-hearing briefs.

The ALJ may require the parties to file post-hearing briefs. In any event, any party may file a post-hearing brief.
§ 35.37 Initial decision.

(a) The ALJ shall issue an initial decision based only on the record, which shall contain findings of fact, conclusions of law, and the amount of any penalties and assessments imposed.

(b) The findings of fact shall include a finding on each of the following issues:

1. Whether the claims or statements identified in the complaint, or any portions thereof, violate § 35.3; and

2. If the person is liable for penalties or assessments, the appropriate amount of any such penalties or assessments considering any mitigating or aggravating factors that he or she finds in the case, such as those described in § 35.31.

(c) The ALJ shall promptly serve the initial decision on all parties within 90 days after the time for submission of post-hearing briefs and reply briefs (if permitted) has expired. The ALJ shall at the same time serve all defendants with a statement describing the right of any defendant determined to be liable for a civil penalty or assessment to file a motion for reconsideration with the ALJ or a notice of appeal with the authority head. If the ALJ fails to meet the deadline contained in this paragraph, he or she shall notify the parties of the reason for the delay and shall set a new deadline.

(d) Unless the initial decision of the ALJ is timely appealed to the authority head, or a motion for reconsideration of the initial decision within 20 days of receipt of the initial decision. If service was made by mail within the United States, receipt will be presumed to be five days from the date of mailing in the absence of contrary proof.

(b) Every such motion must set forth the matters claimed to have been erroneously decided and the nature of the alleged errors. Such motion shall be accompanied by a supporting brief.

(c) Responses to such motions shall be allowed only upon request of the ALJ.

(d) No party may file a motion for reconsideration of an initial decision that has been revised in response to a previous motion for reconsideration.

(e) The ALJ may dispose of a motion for reconsideration by denying it or by issuing a revised initial decision.

(f) If the ALJ denies a motion for reconsideration of the initial decision, the initial decision shall constitute the final decision of the authority head and shall be final and binding on the parties 30 days after the ALJ denies the motion, unless the initial decision is timely appealed to the authority head in accordance with § 35.39.

(g) If the ALJ issues a revised initial decision, that decision shall constitute the final decision of the authority head and shall be final and binding on the parties 30 days after it is issued, unless it is timely appealed to the authority head in accordance with § 35.39.

§ 35.38 Reconsideration of initial decision.

(a) Except as provided in paragraph (d) of this section, any party may file a motion for reconsideration of the initial decision within 20 days of receipt of the initial decision. If service was made by mail within the United States, receipt will be presumed to be five days from the date of mailing in the absence of contrary proof.

(b) Every such motion must set forth the matters claimed to have been erroneously decided and the nature of the alleged errors. Such motion shall be accompanied by a supporting brief.

(c) Responses to such motions shall be allowed only upon request of the ALJ.

(d) No party may file a motion for reconsideration of an initial decision that has been revised in response to a previous motion for reconsideration.

(e) The ALJ may dispose of a motion for reconsideration by denying it or by issuing a revised initial decision.

(f) If the ALJ denies a motion for reconsideration of the initial decision, the initial decision shall constitute the final decision of the authority head and shall be final and binding on the parties 30 days after the ALJ denies the motion, unless the initial decision is timely appealed to the authority head in accordance with § 35.39.

(g) If the ALJ issues a revised initial decision, that decision shall constitute the final decision of the authority head and shall be final and binding on the parties 30 days after it is issued, unless it is timely appealed to the authority head in accordance with § 35.39.

§ 35.39 Appeal to authority head.

(a) Any defendant who has filed a timely answer and who is determined in an initial decision to be liable for a civil penalty or assessment may appeal such decision to the authority head by filing a notice of appeal with the authority head in accordance with this section.

(b)(1) No notice of appeal may be filed until the time period for filing a motion for reconsideration under § 35.38 has expired.

(2) If a motion for reconsideration is timely filed, a notice of appeal must be filed within 30 days after the ALJ denies the motion or issues a revised initial decision, whichever applies.

(3) If no motion for reconsideration is timely filed, a notice of appeal must be
filed within 30 days after the ALJ issues the initial decision.

(4) The authority head may extend the initial 30-day period for an additional 30 days if the defendant files with the authority head a request for an extension within the initial 30-day period and shows good cause.

(c) If the defendant files a timely notice of appeal with the authority head and the time for filing motions for reconsideration under §35.38 has expired, the ALJ shall forward the record of the proceeding to the authority head.

(d) A notice of appeal shall be accompanied by a written brief specifying exceptions to the initial decision and reasons supporting the exceptions.

(e) The representative for the Government may file a brief in opposition to exceptions within 30 days of receiving the notice of appeal and accompanying brief.

(f) There is no right to appear personally before the authority head.

(g) There is no right to appeal any interlocutory ruling by the ALJ.

(h) In reviewing the initial decision, the authority head shall not consider any objection that was not raised before the ALJ unless a demonstration is made of extraordinary circumstances causing the failure to raise the objection.

(i) If any party demonstrates to the satisfaction of the authority head that additional evidence not presented at such hearing is material and that there were reasonable grounds for the failure to present such evidence at such hearing, the authority head shall remand the matter to the ALJ for consideration of such additional evidence.

(j) The authority head may affirm, reduce, reverse, compromise, remand, or settle any penalty or assessment, determined by the ALJ in any initial decision.

(k) The authority head shall promptly serve each party to the appeal with a copy of the decision of the authority head and a statement describing the right of the defendant to seek judicial review.

(l) Unless a petition for review is filed as provided in 31 U.S.C. 3805 after a defendant has exhausted all administrative remedies under this part and within 60 days after the date on which the authority head serves the defendant with a copy of the authority head’s decision, a determination that a defendant is liable under §35.3 is final and is not subject to judicial review.

§35.40 Stays ordered by the Department of Justice.

If at any time the Attorney General or an Assistant Attorney General designated by the Attorney General transmits to the authority head a written finding that continuation of the administrative process described in this part with respect to a claim or statement may adversely affect any pending or potential criminal or civil action related to such claim or statement, the authority head shall stay the process immediately. The authority head may order the process resumed only upon receipt of the written authorization of the Attorney General.

§35.41 Stay pending appeal.

(a) An initial decision is stayed automatically pending disposition of a motion for reconsideration or of an appeal to the authority head.

(b) No administrative stay is available following a final decision of the authority head.

§35.42 Judicial review.

Section 3805 of title 31, United States Code, authorizes judicial review by an appropriate United States District Court of a final decision of the authority head imposing penalties or assessments under this part and specifies the procedures for such review.

§35.43 Collection of civil penalties and assessments.

Sections 3806 and 3808(b) of title 31, United States Code, authorize actions for collection of civil penalties and assessments imposed under this part and specify the procedures for such actions.

§35.44 Right to administrative offset.

The amount of any penalty or assessment which has become final, or for which a judgment has been entered under §35.42 or §35.43, or any amount agreed upon in a compromise or settlement under §35.46, may be collected by
§ 35.45 Deposit in Treasury of United States.

All amounts collected pursuant to this part shall be deposited as miscellaneous receipts in the Treasury of the United States, except as provided in 31 U.S.C. 3806(g).

§ 35.46 Compromise or settlement.

(a) Parties may make offers of compromise or settlement at any time.

(b) The reviewing official has the exclusive authority to compromise or settle a case under this part at any time after the date on which the reviewing official is permitted to issue a complaint and before the date on which the ALJ issues an initial decision.

(c) The authority head has exclusive authority to compromise or settle a case under this part at any time after the date on which the ALJ issues an initial decision, except during the pendency of any action to recover penalties and assessments under §35.43.

(d) The Attorney General has exclusive authority to compromise or settle a case under this part during the pendency of any review under §35.42 or of any action to recover penalties and assessments under 31 U.S.C. 3806.

(e) The investigating official may recommend settlement terms to the reviewing official, the authority head, or the Attorney General, as appropriate. The reviewing official may recommend settlement terms to the authority head, or the Attorney General, as appropriate.

(f) Any compromise or settlement must be in writing.

§ 35.47 Limitations.

(a) The notice of hearing with respect to a claim or statement must be served in the manner specified in §35.8 within six years after the date on which such claim or statement is made.

(b) If the defendant fails to file a timely answer, service of notice under §35.10(b) shall be deemed a notice of hearing for purposes of this section.

(c) The statute of limitations may be extended by agreement of the parties.

Subpart A—General Provisions

§ 40.1 Definitions.

The following definitions supplement definitions contained in the Immigration and Nationality Act (INA). As used in the regulations in parts 40, 41, 42, 43 and 45 of this subchapter, the term:

(a)(1) Accompanying or accompanied by means not only an alien in the physical company of a principal alien but also an alien who is issued an immigrant visa within 6 months of:
   (i) The date of issuance of a visa to the principal alien;
   (ii) The date of adjustment of status in the United States of the principal alien; or
   (iii) The date on which the principal alien personally appears and registers before a consular officer abroad to confer alternate foreign state chargeability or immigrant status upon a spouse or child.

(2) An “accompanying” relative may not precede the principal alien to the United States.

(b) Act means the Immigration and Nationality Act (or INA), as amended.

(c) Competent officer, as used in INA 101(a)(26), means a “consular officer” as defined in INA 101(a)(9).

(d) Consular officer, as defined in INA 101(a)(9) includes commissioned consular officers and the Deputy Assistant Secretary for Visa Services, and such other officers as the Deputy Assistant Secretary may designate for the purpose of issuing nonimmigrant and immigrant visas, but does not include a consular agent, an attaché or an assistant attaché. For purposes of this regulation, the term “other officers” includes civil service visa examiners employed by the Department of State for duty at visa-issuing offices abroad, upon certification by the chief of the consular section under whose direction such examiners are employed that the examiners are qualified by knowledge and experience to perform the functions of a consular officer in the issuance or refusal of visas. The designation of visa examiners shall expire upon termination of the examiners’ employment for such duty and may be terminated at any time for cause by the Deputy Assistant Secretary. The assignment by the Department of any foreign service officer to a diplomatic or consular office abroad in a position administratively designated as requiring, solely, partially, or principally, the performance of consular functions, and the initiation of a request for a consular commission, constitutes designation of the officer as a “consular officer” within the meaning of INA 101(a)(9).

(e) Department means the Department of State of the United States of America.

(f) Dependent area means a colony or other component or dependent area overseas from the governing foreign state.

(g) DHS means the Department of Homeland Security.

(h) Documentarily qualified means that the alien has reported that all the documents specified by the consular officer as sufficient to meet the requirements of INA 222(b) have been obtained, and the consular office has completed the necessary clearance procedures. This term is used only with respect to the alien’s qualification to apply formally for an immigrant visa; it bears no connotation that the alien is eligible to receive a visa.

(i) Entitled to immigrant classification means that the alien:
   (1) Is the beneficiary of an approved petition granting immediate relative or preference status;
   (2) Has satisfied the consular officer as to entitlement to special immigrant status under INA 101(a)(27) (A) or (B);
   (3) Has been selected by the annual selection system to apply under INA 203(c); or
   (4) Is an alien described in § 40.51(c).
(j) Foreign state, for the purposes of alternate chargeability pursuant to INA 202(b), is not restricted to those areas to which the numerical limitation prescribed by INA 202(a) applies but includes dependent areas, as defined in this section.

(k) INA means the Immigration and Nationality Act, as amended.

(l) Make or file an application for a visa means:

(1) For a nonimmigrant visa applicant, submitting for formal adjudication by a consular officer of an electronic application, Form DS–160, signed electronically by clicking the box designated “Sign Application” in the certification section of the application or, as directed by a consular officer, a completed Form DS–156, with any required supporting documents and biometric data, as well as the requisite processing fee or evidence of the prior payment of the processing fee when such documents are received and accepted for adjudication by the consular officer.

(2) For an immigrant visa applicant, personally appearing before a consular officer and verifying by oath or affirmation the statements contained on the Form DS–230 and in all supporting documents, having previously submitted all forms and documents required in advance of the appearance and paid the visa application processing fee.

(m) Native means born within the territory of a foreign state, or entitled to be charged for immigration purposes to that foreign state pursuant to INA section 202(b).

(n) Not subject to numerical limitation means that the alien is entitled to immigrant status as an immediate relative within the meaning of INA 201(b)(2)(i), or as a special immigrant within the meaning of INA 101(a)(27) (A) and (B), unless specifically subject to a limitation other than under INA 201(a), (b), or (c).

(o) Parent, father, and mother, as defined in INA 101(b)(2), are terms which are not changed in meaning if the child becomes 21 years of age or marries.

(p) Port of entry means a port or place designated by the DHS at which an alien may apply to DHS for admission into the United States.

(q) Principal alien means an alien from whom another alien derives a privilege or status under the law or regulations.

(r) Regulation means a rule which is established under the provisions of INA 104(a) and is duly published in the Federal Register.

(s) Son or daughter includes only a person who would have qualified as a “child” under INA 101(b)(1) if the person were under 21 and unmarried.

(t) Western Hemisphere means North America (including Central America), South America and the islands immediately adjacent thereto including the places named in INA 101(b)(5).
§ 40.5 Limitations on the use of National Crime Information Center (NCIC) criminal history information.

(a) Authorized access. The FBI’s National Crime Information Center (NCIC) criminal history records are law enforcement sensitive and can only be accessed by authorized consular personnel with visa processing responsibilities.

(b) Use of information. NCIC criminal history record information shall be used solely to determine whether or not to issue a visa to an alien or to admit an alien to the United States. All third party requests for access to NCIC criminal history record information shall be referred to the FBI.

(c) Confidentiality and protection of records. To protect applicants’ privacy, authorized Department personnel must secure all NCIC criminal history records, automated or otherwise, to prevent access by unauthorized persons. Such criminal history records must be destroyed, deleted or overwritten upon receipt of updated versions.

§ 40.6 Basis for refusal.

A visa can be refused only upon a ground specifically set out in the law or implementing regulations. The term “reason to believe”, as used in INA 221(g), shall be considered to require a determination based upon facts or circumstances which would lead a reasonable person to conclude that the applicant is ineligible to receive a visa as provided in the INA and as implemented by the regulations. Consideration shall be given to any evidence submitted indicating that the ground for a prior refusal of a visa may no longer exist. The burden of proof is upon the applicant to establish eligibility to receive a visa under INA 212 or any other provision of law or regulation.

§§ 40.7–40.8 [Reserved]

§ 40.9 Classes of inadmissible aliens.

Subparts B through L describe classes of inadmissible aliens who are ineligible to receive visas and who shall be ineligible for admission into the United States, except as otherwise provided in the Immigration and Nationality Act, as amended.

[61 FR 59184, Nov. 21, 1996]

Subpart B—Medical Grounds of Ineligibility

§ 40.11 Medical grounds of ineligibility.

(a) Decision on eligibility based on findings of medical doctor. A finding of a panel physician designated by the post in whose jurisdiction the examination is performed pursuant to INA 212(a)(1) shall bind on the consular officer, except that the officer may refer a panel physician finding in an individual case to USPHS for review.

(b) Waiver of ineligibility—INA 212(g). If an immigrant visa applicant is inadmissible under INA 212(a)(1)(A)(i), (ii), or (iii) but is qualified to seek the benefits of INA 212(g)(1)(A) or (B), 212(g)(2)(C), or 212(g)(3), the consular officer shall inform the alien of the procedure for applying to DHS for relief under the applicable provision of law. A visa may not be issued to the alien until the consular officer has received notification from DHS of the approval of the alien’s application under INA 212(g), unless the consular officer has been delegated authority by the Secretary of Homeland Security to grant the particular waiver under INA 212(g).

(c) Waiver authority—INA 212(g)(2)(A) and (B). The consular officer may waive section 212(a)(1)(A)(ii) visa ineligibility if the alien qualifies for such waiver under the provisions of INA 212(g)(2)(A) or (B).

§§ 40.12–40.19 [Reserved]

Subpart C—Criminal and Related Grounds—Conviction of Certain Crimes

§ 40.21 Crimes involving moral turpitude and controlled substance violators.

(a) Crimes involving moral turpitude—(1) Acts must constitute a crime under criminal law of jurisdiction where they occurred. A Consular Officer may make a
finding of ineligibility under INA 212(a)(2)(A)(i)(I) based upon an alien’s admission of the commission of acts which constitute the essential elements of a crime involving moral turpitude, only if the acts constitute a crime under the criminal law of the jurisdiction where they occurred. However, a Consular Officer must base a determination that a crime involves moral turpitude upon the moral standards generally prevailing in the United States.

(2) Conviction for crime committed under age 18. (i) An alien will not be ineligible to receive a visa under INA 212(a)(2)(A)(i)(I) by reason of any offense committed:
(A) Prior to the alien’s fifteenth birthday, or
(B) Between the alien’s fifteenth and eighteenth birthdays unless such alien was tried and convicted as an adult for a felony involving violence as defined in section 1(1) and section 16 of Title 18 of the United States Code.
(ii) An alien tried and convicted as an adult for a violent felony offense, as so defined, committed after having attained the age of fifteen years, will be subject to the provisions of INA 212(a)(2)(A)(i)(I) regardless of whether at the time of conviction juvenile courts existed within the convicting jurisdiction.

(3) Two or more crimes committed under age 18. An alien convicted of a crime involving moral turpitude or admitting the commission of acts which constitute the essential elements of such a crime and who has committed an additional crime involving moral turpitude shall be ineligible under INA 212(a)(2)(A)(i)(I), even though the crimes were committed while the alien was under the age of 18 years.

(5) Effect of pardon by appropriate U.S. authorities/foreign states. An alien shall not be considered ineligible under INA 212(a)(2)(A)(i)(I) by reason of a conviction of a crime involving moral turpitude for which a full and unconditional pardon has been granted by the President of the United States, by the Governor of a State of the United States, by the former High Commissioner for Germany acting pursuant to Executive Order 10062, or by the United States Ambassador to the Federal Republic of Germany acting pursuant to Executive Order 10608. A legislative pardon or a pardon, amnesty, expungement of penal record or any other act of clemency granted by a foreign state shall not serve to remove a ground of ineligibility under INA 212(a)(2)(A)(i)(I).

(6) Political offenses. The term “purely political offense”, as used in INA 212(a)(2)(A)(i)(I), includes offenses that resulted in convictions obviously based on fabricated charges or predicated upon repressive measures against racial, religious, or political minorities.

(7) Waiver of ineligibility—INA 212(h). If an immigrant visa applicant is ineligible under INA 212(a)(2)(A)(i)(I) but is qualified to seek the benefits of INA 212(h), the consular officer shall inform the alien of the procedure for applying to DHS for relief under that provision of law. A visa may not be issued to the alien until the consular officer has received notification from DHS of the approval of the alien’s application under INA 212(h).

(b) Controlled substance violators—(1) Date of conviction not pertinent. An alien shall be ineligible under INA 212(a)(2)(A)(i)(I)(II) irrespective of whether the conviction for a violation or conspiracy to violate any law or regulation relating to a controlled substance, as defined in the Controlled Substance Act (21 U.S.C. 802), occurred before, on, or after October 27, 1986.

(2) Waiver of ineligibility—INA 212(h). If an immigrant visa applicant is ineligible under INA 212(a)(2)(A)(i)(I)(II) but is qualified to seek the benefits of INA 212(h), the consular officer shall inform the alien of the procedure for applying to DHS for relief under that provision of law. A visa may not be issued to the alien until the consular officer has received notification from DHS of the approval of the alien’s application under INA 212(h).

§ 40.22 Multiple criminal convictions.

(a) Conviction(s) for crime(s) committed under age 18. An alien shall not be ineligible to receive a visa under INA 212(a)(2)(B) by reason of any offense committed prior to the alien’s fifteenth birthday. Nor shall an alien be ineligible under INA 212(a)(2)(B) by reason of any offense committed between the alien’s fifteenth and eighteenth birthdays unless such alien was tried and convicted as an adult for a felony involving violence as defined in section 1(l) and section 16 of Title 18 of the United States Code. An alien, tried and convicted as an adult for a violent felony offense, as so defined, committed after having attained the age of fifteen years, and who has also been convicted of at least one other such offense or any other offense committed as an adult, shall be subject to the provisions of INA 212(a)(2)(B) regardless of whether at that time juvenile courts existed within the jurisdiction of the conviction.

(b) Conviction in absentia. A conviction in absentia shall not constitute a conviction within the meaning of INA 212(a)(2)(B).

(c) Effect of pardon by appropriate U.S. authorities/foreign states. An alien shall not be considered ineligible under INA 212(a)(2)(B) by reason in part of having been convicted of an offense for which a full and unconditional pardon has been granted by the President of the United States, by the Governor of a State of the United States, by the former High Commissioner for Germany acting pursuant to Executive Order 10062, or by the United States Ambassador to the Federal Republic of Germany acting pursuant to Executive Order 10068. A legislative pardon or a pardon, amnesty, expungement of penal record or any other act of clemency granted by a foreign state shall not serve to remove a ground of ineligibility under INA 212(a)(2)(B).

(d) Political offense. The term “purely political offense”, as used in INA 212(a)(2)(B), includes offenses that resulted in convictions obviously based on fabricated charges or predicated upon repressive measures against racial, religious, or political minorities.

§ 40.23 Controlled substance traffickers. [Reserved]

§ 40.24 Prostitution and commercialized vice.

(a) Activities within 10 years preceding visa application. An alien shall be ineligible under INA 212(a)(2)(D) only if—

(1) The alien is coming to the United States solely, principally, or incidentally to engage in prostitution, or has engaged in prostitution, or the alien directly or indirectly procures or attempts to procure, or procured or attempted to procure or to import prostitutes or persons for the purposes of prostitution, or receives or received, in whole or in part, the proceeds of prostitution; and

(2) The alien has performed one of the activities listed in §40.24(a)(1) within the last ten years.

(b) Prostitution defined. The term “prostitution” means engaging in promiscuous sexual intercourse for hire. A finding that an alien has “engaged” in prostitution must be based on elements of continuity and regularity, indicating a pattern of behavior or deliberate course of conduct entered into primarily for financial gain or for other considerations of material value as distinguished from the commission of casual or isolated acts.

(c) Where prostitution not illegal. An alien who is within one or more of the classes described in INA 212(a)(2)(D) is ineligible to receive a visa under that section even if the acts engaged in are not prohibited under the laws of the foreign country where the acts occurred.

(d) Waiver of ineligibility—INA 212(h). (b) Service in Armed Forces. Service, whether voluntary or not, in the armed forces of any country shall not be regarded, of itself, as constituting or establishing an alien’s membership in, or affiliation with, any proscribed party or organization, and shall not, of itself, constitute a ground of ineligibility to receive a visa.

(c) Voluntary Service in a Political Capacity. Voluntary service in a political capacity shall constitute affiliation with the political party or organization in power at the time of such service.

(d) Voluntary Membership After Age 16. If an alien continues or continued membership in or affiliation with a proscribed organization on or after reaching 16 years of age, only the alien’s activities after reaching that age shall be pertinent to a determination of whether the continuation of membership or affiliation is or was voluntary.

Subpart E—Public Charge

§ 40.41 Public charge.

(a) Basis for Determination of Ineligibility. Any determination that an alien is ineligible under INA 212(a)(4) must be predicated upon circumstances indicating that, notwithstanding any affidavit of support that may have been filed on the alien's behalf, the alien is likely to become a public charge after admission, or, if applicable, that the alien has failed to fulfill the affidavit of support requirement of INA 212(a)(4)(C).

(b) Affidavit of support. Any alien seeking an immigrant visa under INA 201(b)(2), 203(a), or 203(b), based upon a petition filed by a relative of the alien (or in the case of a petition filed under INA 203(b) by an entity in which a relative has a significant ownership interest), shall be required to present to the consular officer an affidavit of support (AOS) on a form that complies with terms and conditions established by the Secretary of Homeland Security. (d) Posting of Bond. A consular officer may issue a visa to an alien who is within the purview of INA 212(a)(4) (subject to the affidavit of support requirement and attribution of sponsor's income and resources under section 213A), upon receipt of a notice from DHS of the giving of a bond or undertaking in accordance with INA 213 and INA 221(g), and provided further that the officer is satisfied that the giving of such bond or undertaking removes the likelihood that the alien will become a public charge within the meaning of this section of the law and that the alien is otherwise eligible in all respects.

(e) Prearranged Employment. An immigrant visa applicant relying on an offer of prearranged employment to establish eligibility under INA 212(a)(4), other than an offer of employment certified by the Department of Labor pursuant to INA 212(a)(5)(A), must provide written confirmation of the relevant information sworn and subscribed to before a notary public by the employer or an authorized employee or agent of the employer. The DHS district director may grant a waiver of the visa or passport requirement pursuant to INA 212(d)(4)(A), without the prior concurrence of the Department of State, if the district director concludes that the alien’s claim of emergency circumstances is legitimate and that approval of the waiver would be appropriate under all of the attendant facts and circumstances.

An alien residing in foreign contiguous territory who does not qualify for any waiver provided in §41.1 and is a member of a visiting group or excursion proceeding to the United States under circumstances which make it impractical to procure a passport and visa in a timely manner.

(b) Aliens for whom passport extension facilities are unavailable; passport waiver. Subpart B—Classification of Nonimmigrants

§ 41.11 Entitlement to classification of nonimmigrant status.

(a) Presumption of immigrant status and burden of proof. An applicant for a nonimmigrant visa, other than an alien applying for a visa under INA 101(a)(15) (H)(i) or (L), shall be presumed to be an immigrant until the consular officer is satisfied that the alien is entitled to a nonimmigrant status described in INA 101(a)(15) or otherwise established by law or treaty. The burden of proof is upon the applicant to establish entitlement for nonimmigrant status and the type of nonimmigrant visa for which application is made.

(b) Aliens unable to establish nonimmigrant status. (1) A nonimmigrant visa shall not be issued to an alien who has failed to overcome the presumption of immigrant status established by INA 214(b).

(2) In a borderline case in which an alien appears to be otherwise entitled to receive a visa under INA 101(a)(15)(B) or (F) but the consular officer concludes that the maintenance of the alien’s status or the departure of the alien from the United States as required is not fully assured, a visa may nevertheless be issued upon the posting of a bond with the Secretary of Homeland Security under terms and conditions prescribed by the consular officer.

If submitted electronically, it must be signed electronically by clicking the box designated “Sign Application” in the certification section of the application.

(iii) Date of issuance;
(iv) Indicia “B-1/B-2 Visa and Border Crossing Card”;

(b) Revocation of Canadian BCC. A consular or immigration officer may revoke a BCC or a B–1/B–2 Visa/BCC issued in Canada at any time under the provisions of § 41.122, or if the consular or immigration officer determines that the alien to whom any such document was issued has ceased to be a permanent resident of Canada. Upon revocation, the consular or immigration officer shall notify the issuing consular office and if the revoked document is a card, the consular or immigration officer shall take possession of the card and physically cancel it under standard security conditions. (a) Alien classifiable as crewman. An alien is classifiable as a nonimmigrant crewman upon establishing to the satisfaction of the consular officer the qualifications prescribed by INA 101(a)(15)(D), provided that the alien has permission to enter some foreign country after a temporary landing in the United States, unless the alien is barred from such classification under the provisions of INA 214(f).

(b) Alien not classifiable as crewman. An alien employed on board a vessel or aircraft in a capacity not required for normal operation and service, or an alien employed or listed as a regular member of the crew in excess of the number normally required, shall not be classified as a crewman.

§ 41.42 [Reserved]

Subpart F—Business and Media Visas

§ 41.51 Treaty trader, treaty investor, or treaty alien in a specialty occupation.

(a) Treaty trader—(1) Classification. An alien is classifiable as a nonimmigrant treaty trader (E-1) if the consular officer is satisfied that the alien qualifies under the provisions of INA 101(a)(15)(E)(i) and that the alien:

(i) Will be in the United States solely to carry on trade of a substantial nature, which is international in scope, either on the alien’s behalf or as an employee of a foreign person or organization engaged in trade, principally between the United States and the foreign state of which the alien is a national, (consideration being given to any conditions in the country of which the alien is a national which may affect the alien’s ability to carry on such substantial trade); and

(ii) Intends to depart from the United States upon the termination of E-1 status.

(2) Employee of treaty trader. An alien employee of a treaty trader may be classified E-1 if the employee is in or is coming to the United States to engage in duties of an executive or supervisory character, or, if employed in a lesser capacity, the employee has special qualifications that make the services to be rendered essential to the efficient operation of the enterprise. The employer must be:

(i) A person having the nationality of the treaty country, who is maintaining the status of treaty trader if in the United States or, if not in the United States, would be classifiable as a treaty trader; or

(ii) An organization at least 50% owned by persons having the nationality of the treaty country who are maintaining nonimmigrant treaty trader status if residing in the United States or, if not residing in the United States, who would be classifiable as treaty traders.

(3) Spouse and children of treaty trader. The spouse and children of a treaty trader accompanying or following to join the principal alien are entitled to the same classification as the principal alien. The nationality of a spouse or child of a treaty trader is not material to the classification of the spouse or child under the provisions of INA 101(a)(15)(E).

(4) Representative of foreign information media. Representatives of foreign information media shall first be considered for possible classification as nonimmigrants under the provisions of INA 101(a)(15)(I), before consideration is given to their possible classification as treaty traders under the provisions of INA 101(a)(15)(E) and of this section.

(5) Treaty country. A treaty country is for purposes of this section a foreign state with which a qualifying Treaty of Friendship, Commerce, and Navigation or its equivalent exists with the United States. A treaty country includes a foreign state that is accorded treaty visa privileges under INA 101(a)(15)(E) by specific legislation (other than the INA).

(6) Nationality of the treaty country. The authorities of the foreign state of which the alien claims nationality determine the nationality of an individual treaty trader. In the case of an organization, ownership must be traced
as best as is practicable to the individuals who ultimately own the organization.

(7) Trade. The term “trade” as used in this section means the existing international exchange of items of trade for consideration between the United States and the treaty country. Existing trade includes successfully negotiated contracts binding upon the parties that call for the immediate exchange of items of trade. This exchange must be traceable and identifiable. Title to the trade item must pass from one treaty party to the other.

(8) Item of trade. Items that qualify for trade within these provisions include but are not limited to goods, services, technology, monies, international banking, insurance, transportation, tourism, communications, and some news gathering activities.

(9) Substantial trade. Substantial trade for the purposes of this section entails the quantum of trade sufficient to ensure a continuous flow of trade items between the United States and the treaty country. This continuous flow contemplates numerous exchanges over time rather than a single transaction, regardless of the monetary value. Although the monetary value of the trade item being exchanged is a relevant consideration, greater weight is given to more numerous exchanges of larger value. In the case of smaller businesses, an income derived from the value of numerous transactions that is sufficient to support the treaty trader and his or her family constitutes a favorable factor in assessing the existence of substantial trade.

(10) Principal trade. Trade shall be considered to be principal trade between the United States and the treaty country when over 50% of the volume of international trade of the treaty trader is conducted between the United States and the treaty country of the treaty trader’s nationality.

(11) Executive or supervisory character. The executive or supervisory element of the employee’s position must be a principal and primary function of the position and not an incidental or collateral function. Executive and/or supervisory duties grant the employee ultimate control and responsibility for the enterprise’s overall operation or a major component thereof.

(i) An executive position provides the employee great authority to determine policy of and direction for the enterprise.

(ii) A position primarily of supervisory character grants the employee supervisory responsibility for a significant proportion of an enterprise’s operations and does not generally involve the direct supervision of low-level employees.

(12) Special qualifications. Special qualifications are those skills and/or aptitudes that an employee in a lesser capacity brings to a position or role that are essential to the successful or efficient operation of the enterprise.

(i) The essential nature of the alien’s skills to the employing firm is determined by assessing the degree of proven expertise of the alien in the area of operations involved, the uniqueness of the specific skill or aptitude, the length of experience and/or training with the firm, the period of training or other experience necessary to perform effectively the projected duties, and the salary the special qualifications can command. The question of special skills and qualifications must be determined by assessing the circumstances on a case-by-case basis.

(ii) Whether the special qualifications are essential will be assessed in light of all circumstances at the time of each visa application on a case-by-case basis. A skill that is unique at one point may become commonplace at a later date. Skills required to start up an enterprise may no longer be essential after initial operations are complete and are running smoothly. Some skills are essential only in the short-term for the training of locally hired employees. Long-term essentiality might, however, be established in connection with continuous activities in such areas as product improvement, quality control, or the provision of a service not generally available in the United States.

(13) Labor disputes. Citizens of Canada or Mexico shall not be entitled to classification under this section if the Secretary of Homeland Security and the Secretary of Labor have certified that:
(i) There is in progress a strike or lockout in the course of a labor dispute in the occupational classification at the place or intended place of employment; and

(ii) The alien has failed to establish that the alien’s entry will not affect adversely the settlement of the strike or lockout or the employment of any person who is involved in the strike or lockout.

(b) Treaty investor—(1) Classification. An alien is classifiable as a non-immigrant treaty investor (E2) if the consular officer is satisfied that the alien qualifies under the provisions of INA 101(a)(15)(E)(ii) and that the alien:

(i) Has invested or is actively in the process of investing a substantial amount of capital in bona fide enterprise in the United States, as distinct from a relatively small amount of capital in a marginal enterprise solely for the purpose of earning a living; and

(ii) Is seeking entry solely to develop and direct the enterprise; and

(iii) Intends to depart from the United States upon the termination of E2 status.

(2) Employee of treaty investor. An alien employee of a treaty investor may be classified E-2 if the employee is in or is coming to the United States to engage in duties of an executive or supervisory character, or, if employed in a lesser capacity, the employee has special qualifications that make the services to be rendered essential to the efficient operation of the enterprise. The employer must be:

(i) A person having the nationality of the treaty country, who is maintaining the status of treaty investor if in the United States or, if not in the United States, who would be classifiable as a treaty investor; or

(ii) An organization at least 50% owned by persons having the nationality of the treaty country who are maintaining nonimmigrant treaty investor status if residing in the United States or, if not residing in the United States, who would be classifiable as treaty investors.

(3) Spouse and children of treaty investor. The spouse and children of a treaty investor accompanying or following to join the principal alien are entitled to the same classification as the principal alien. The nationality of a spouse or child of a treaty investor is not material to the classification of the spouse or child under the provisions of INA 101(a)(15)(E).

(4) Representative of foreign information media. Representatives of foreign information media shall first be considered for possible classification as nonimmigrants under the provisions of INA 101(a)(15)(I), before consideration is given to their possible classification as nonimmigrants under the provisions of INA 101(a)(15)(E) and of this section.

(5) Treaty country. A treaty country is for purposes of this section a foreign state with which a qualifying Treaty of Friendship, Commerce, and Navigation or its equivalent exists with the United States. A treaty country includes a foreign state that is accorded treaty visa privileges under INA 101(a)(15)(E) by specific legislation (other than the INA).

(6) Nationality of the treaty country. The authorities of the foreign state of which the alien claims nationality determine the nationality of an individual treaty investor. In the case of an organization, ownership must be traced as best as is practicable to the individuals who ultimately own the organization.

(7) Investment. Investment means the treaty investor’s placing of capital, including funds and other assets, at risk in the commercial sense with the objective of generating a profit. The treaty investor must be in possession of and have control over the capital invested or being invested. The capital must be subject to partial or total loss if investment fortunes reverse. Such investment capital must be the investor’s unsecured personal business capital or capital secured by personal assets. Capital in the process of being invested or that has been invested must be irrevocably committed to the enterprise. The alien has the burden of establishing such irrevocable commitment given to the particular circumstances of each case. The alien may use any legal mechanism available, such as by placing invested funds in escrow pending visa issuance, that would not only irrevocably commit funds to the enterprise but that might
also extend some personal liability protection to the treaty investor.

(8) Bona fide enterprise. The enterprise must be a real and active commercial or entrepreneurial undertaking, producing some service or commodity for profit and must meet applicable legal requirements for doing business in the particular jurisdiction in the United States.

(9) Substantial amount of capital. A substantial amount of capital constitutes that amount that is:

(i)(A) Substantial in the proportional sense, i.e., in relationship to the total cost of either purchasing an established enterprise or creating the type of enterprise under consideration;

(B) Sufficient to ensure the treaty investor's financial commitment to the successful operation of the enterprise; and

(C) Of a magnitude to support the likelihood that the treaty investor will successfully develop and direct the enterprise.

(ii) Whether an amount of capital is substantial in the proportionality sense is understood in terms of an inverted sliding scale; i.e., the lower the total cost of the enterprise, the higher, proportionately, the investment must be to meet these criteria.

(10) Marginal enterprise. A marginal enterprise is an enterprise that does not have the present or future capacity to generate more than enough income to provide a minimal living for the treaty investor and his or her family. An enterprise that does not have the capacity to generate such income but that has a present or future capacity to make a significant economic contribution is not a marginal enterprise. The projected future capacity should generally be realizable within five years from the date the alien commences normal business activity of the enterprise.

(11) Solely to develop and direct. The business or individual treaty investor does or will develop and direct the enterprise by controlling the enterprise through ownership of at least 50% of the business, by possessing operational control through a managerial position or other corporate device, or by other means.

(12) Executive or supervisory character. The executive or supervisory element of the employee’s position must be a principal and primary function of the position and not an incidental or collateral function. Executive and/or supervisory duties grant the employee ultimate control and responsibility for the enterprise’s overall operation or a major component thereof.

(i) An executive position provides the employee great authority to determine policy of and direction for the enterprise.

(ii) A position primarily of supervisory character grants the employee supervisory responsibility for a significant proportion of an enterprise’s operations and does not generally involve the direct supervision of low-level employees.

(13) Special qualifications. Special qualifications are those skills and/or aptitudes that an employee in a lesser capacity brings to a position or role that are essential to the successful or efficient operation of the enterprise.

(i) The essential nature of the alien’s skills to the employing firm is determined by assessing the degree of proven expertise of the alien in the area of operations involved, the uniqueness of the specific skill or aptitude, the length of experience and/or training with the firm, the period of training or other experience necessary to perform effectively the projected duties, and the salary the special qualifications can command. The question of special skills and qualifications must be determined by assessing the circumstances on a case-by-case basis.

(ii) Whether the special qualifications are essential will be assessed in light of all circumstances at the time of each visa application on a case-by-case basis. A skill that is unique at one point may become commonplace at a later date. Skills required to start up an enterprise may no longer be essential after initial operations are complete and are running smoothly. Some skills are essential only in the short-term for the training of locally hired employees. Long-term essentiality might, however, be established in connection with continuous activities in such areas as product improvement, quality control, or the provision of a
service not generally available in the United States.

(14) Labor disputes. Citizens of Canada or Mexico shall not be entitled to classification under this section if the Secretary of Homeland Security and the Secretary of Labor have certified that:

(i) There is in progress a strike or lockout in the course of a labor dispute in the occupational classification at the place or intended place of employment; and

(ii) The alien has failed to establish that the alien’s entry will not affect adversely the settlement of the strike or lockout or the employment of any person who is involved in the strike or lockout.

(c) Nonimmigrant E–3 treaty aliens in specialty occupations—(1) Classification. An alien is classifiable as a nonimmigrant treaty alien in a specialty occupation if the consular officer is satisfied that the alien qualifies under the provisions of INA 101(a)(15)(E)(iii) and that the alien:

(i) Possesses the nationality of the country statutorily designated for treaty aliens in specialty occupation status;

(ii) Satisfies the requirements of INA 214(i)(1) and the corresponding regulations defining specialty occupation promulgated by the Department of Homeland Security;

(iii) Presents to a consular officer a copy of the Labor Condition Application signed by the employer and approved by the Department of Labor, and meeting the attestation requirements of INA Section 212(t)(1);

(iv) Presents to a consular officer evidence of the alien’s academic or other qualifying credentials as required under INA 214(i)(1), and a job offer letter or other documentation from the employer establishing that upon entry into the United States the applicant will be engaged in qualifying work in a specialty occupation, as defined in paragraph (c)(1)(i) of this section, and that the alien will be paid the actual or prevailing wage referred to in INA 212(t)(1);

(v) Has a visa number allocated under INA 214(g)(11)(B); and,

(vi) Intends to depart upon the termination of E–3 status.

(2) Spouse and children of treaty alien in a specialty occupation. The spouse and children of a treaty alien in a specialty occupation accompanying or following to join the principal alien are, if otherwise admissible, entitled to the same classification as the principal alien. A spouse or child of a principal E–3 treaty alien need not have the same nationality as the principal in order to be classifiable under the provisions of INA 101(a)(15)(E). Spouses and children of E–3 principals are not subject to the numerical limitations of INA 214(g)(11)(B).

§ 41.52 Information media representative.

(a) Representative of foreign press, radio, film, or other information media. An alien is classifiable as a nonimmigrant information media representative if the consular officer is satisfied that the alien qualifies under the provisions of INA 101(a)(15)(I) and is a representative of a foreign press, radio, film, or other information medium having its home office in a foreign country, the government of which grants reciprocity for similar privileges to representatives of such a medium having home offices in the United States.

(b) Classification when applicant eligible for both I visa and E visa. An alien who will be engaged in foreign information media activities in the United States and meets the criteria set forth in paragraph (a) of this section shall be classified as a nonimmigrant under INA 101(a)(15)(I) even if the alien may also be classifiable as a nonimmigrant under the provisions of INA 101(a)(15)(E).

(c) Spouse and children of information media representative. The spouse or child of an information media representative is classifiable under INA 101(a)(15)(I) if accompanying or following to join the principal alien.

(2) With respect to the principal alien, the consular officer has received official evidence of the approval by DHS, or by the Department of Labor in the case of temporary agricultural workers, of a petition to accord such classification or of the extension by DHS of the period of authorized entry in such classification; or
(3) The consular officer is satisfied the alien is the spouse or child of an alien so classified and is accompanying or following to join the principal alien.

(b) Petition approval. The approval of a petition by the Department of Homeland Security or by the Department of Labor does not establish that the alien is eligible to receive a nonimmigrant visa.

(c) Validity of visa. The period of validity of a visa issued on the basis of paragraph (a) to this section must not exceed the period indicated in the petition, notification, or confirmation required in paragraph (a)(2) of this section.

(d) Alien not entitled to L classification. The consular officer must suspend action on this alien’s application and submit a report to the approving DHS office if the consular officer knows or has reason to believe that an alien applying for a visa under INA 101(a)(15)(L) is not entitled to the classification as approved.

(e) “Trainee” defined. The term Trainee, as used in INA 101(a)(15)(H)(iii), means a nonimmigrant alien who seeks to enter the United States temporarily at the invitation of an individual, organization, firm, or other trainer for the purpose of receiving instruction in any field of endeavor (other than graduate medical education or training), including agriculture, commerce, communication, finance, government, transportation, and the professions.

(f) Former exchange visitor. Former exchange visitors who are subject to the 2-year residence requirement of INA 212(e) are ineligible to apply for visas under INA 101(a)(15)(H) until they have fulfilled the residence requirement or obtained a waiver of the requirement.

(2) In the case of an individual petition, the consular officer has received official evidence of the approval by DHS of a petition to accord such classification or of the extension by DHS of the period of authorized stay in such classification; or
(3) In the case of a blanket petition, the alien has presented to the consular officer official evidence of the approval by DHS of a blanket petition

(i) listing only those intracompany relationships and positions found to qualify under INA 101(a)(15)(L) or
(ii) to accord such classification to qualified aliens who are being transferred to qualifying positions identified in such blanket petition; or

(4) The consular officer is satisfied the alien is the spouse or child of an alien so classified and is accompanying or following to join the principal alien.

(b) Petition approval. The approval of a petition by DHS does not establish that the alien is eligible to receive a nonimmigrant visa.

(c) Validity of visa. The period of validity of a visa issued on the basis of paragraph (a) to this section must not exceed the period indicated in the petition, notification, or confirmation required in paragraph (a)(2)(i) or (ii) of this section.

c) Validity of visa. The period of validity of a visa issued on the basis of paragraph (a) to this section must not exceed the period indicated in the petition, notification, or confirmation required in paragraph (a)(2) of this section.

(d) Alien not entitled to O classification. The consular officer must suspend action on the alien’s application and submit a report to the approving DHS office if the consular officer knows or has reason to believe that an alien applying for a visa under INA 101(a)(15)(O) is not entitled to the classification as approved.

§ 41.55 Aliens with extraordinary ability.

§ 41.57 International cultural exchange visitors and visitors under the Irish Peace Process Cultural and Training Program Act (IPPCTPA).

(a) International cultural exchange visitors—(1) Requirements for classification under INA section 101(a)(15)(Q)(ii). A consular officer may classify an alien under the provisions of INA section 101(a)(15)(Q)(ii) if:

(ii) The consular officer has received official evidence of the approval by DHS of a petition or the extension by DHS of the period of authorized stay in such classification.

(b) Trainees under INA section 101(a)(15)(Q)(ii)—(1) Requirements for classification under INA section 101(a)(15)(Q)(ii). A consular officer may classify an alien under the provisions of INA section 101(a)(15)(Q)(ii) if:

(i) The consular officer is satisfied that the alien qualifies under the provisions of that section;

(ii) The consular officer has received a certification letter prepared by a program administration charged by the Department of State in consultation with the Department of Justice with the operation of the Irish Peace Process Cultural and Training Program (IPPCTP) which establishes at a minimum:

The period of validity of a visa issued pursuant to paragraph (a) of this section may not exceed the period indicated in the petition, notification, or confirmation required in paragraph (a)(2) of this section. § 41.59 Professionals under the North American Free Trade Agreement.

(a) Requirements for classification as a NAFTA professional. An alien shall be classifiable under the provisions of INA 214(e) if:

(1) The consular officer is satisfied that the alien qualifies under the provisions of that section; and

(2) In the case of citizens of Mexico, the consular officer has received from DHS an approved petition according classification as a NAFTA Professional to the alien or official confirmation of such petition approval, or DHS confirmation of the alien’s authorized stay in such classification; or

(3) In the case of citizens of Canada, the alien shall have presented to the consular officer sufficient evidence of an offer of employment in the United States requiring employment of a person in a professional capacity consistent with NAFTA Chapter 16 Annex 1603 Appendix 1603.D.1 and sufficient evidence that the alien possesses the credentials of that profession as listed in said appendix; or

(4) The alien is the spouse or child of an alien so classified and is accompanying or following to join the principal alien.

(b) Visa validity. The period of validity of a visa issued pursuant to paragraph (a) of this section may not exceed the period indicated in the petition, notification, or confirmation required in paragraph (a)(2) of this section. The approval of a petition by DHS does not establish that the alien is eligible to receive a nonimmigrant visa. The period of validity of a visa issued pursuant to subparagraph (a)(3) of this section may not exceed the period established on a reciprocal basis.

(c) Temporary entry. Temporary entry means an entry into the United States without the intent to establish permanent residence. The alien must satisfy the consular officer that the proposed stay is temporary. A temporary period has a reasonable, finite end that does not equate to permanent residence. The circumstances surrounding an application should reasonably and convincingly indicate that the alien’s temporary work assignment in the United States will end predictably and that the alien will depart upon completion of the assignment.

(d) Labor disputes. Citizens of Canada or Mexico shall not be entitled to classification under this section if the Secretary of Homeland Security and the Secretary of Labor have certified that:

(1) There is in progress a strike or lockout in the course of a labor dispute in the occupational classification at
§ 41.61 Students—academic and non-academic.

(a) Definitions—(1) Academic, in INA 101(a)(15)(F), refers to an established college, university, seminary, conservatory, academic high school, elementary school, or other academic institution, or a language training program.

(2) Nonacademic, in INA 101(a)(15)(M), refers to an established vocational or other recognized nonacademic institution (other than a language training program).

(b) Classification. (1) An alien is classifiable under INA 101(a)(15)(F)(i) or (iii) or INA 101(a)(15)(M)(i) or (iii) if the consular officer is satisfied that the alien qualifies under one of those sections, and:

(i) The alien has been accepted for attendance for the purpose of pursuing a full course of study, or, for students classified under INA 101(a)(15)(F)(iii) and (M)(iii) Border Commuter Students, full or part-time course of study, in an academic institution approved by the Secretary of Homeland Security for foreign students under INA 101(a)(15)(F)(i) or a nonacademic institution approved under 101(a)(15)(M)(i).

The alien has presented a SEVIS Form I-20, Form I-20A-B/I-201D, Certificate of Eligibility For Nonimmigrant Student Status—For Academic and Language Students, or Form I-20M-N/I-201D, Certificate of Eligibility For Nonimmigrant Student Status—For Vocational Students, properly completed and signed by the alien and a designated official as prescribed in regulations found at 8 CFR 214.2(F) and 214.2(M);

(ii) The alien possesses sufficient funds to cover expenses while in the United States or can satisfy the consular officer that other arrangements have been made to meet those expenses;

(iii) The alien, unless coming to participate exclusively in an English language training program, has sufficient knowledge of the English language to undertake the chosen course of study or training. If the alien’s knowledge of English is inadequate, the consular officer may nevertheless find the alien so classifiable if the accepting institution offers English language training, and has accepted the alien expressly for a full course of study (or part-time course of study for Border Commuter Students) in a language with which the alien is familiar, or will enroll the alien in a combination of courses and English instruction which will constitute a full course of study if required; and

(iv) The alien intends, and will be able, to depart upon termination of student status.

(2) An alien otherwise qualified for classification as a student, who intends to study the English language exclusively, may be classified as a student under INA 101(a)(15)(F)(i) even though no credits are given by the accepting institution for such study. The accepting institution, however, must offer a full course of study in the English language and must accept the alien expressly for such study.

(3) The alien spouse and minor children of an alien who has been or will be issued a visa under INA 101(a)(15)(F)(i) or 101(a)(15)(M)(i) may receive nonimmigrant visas under INA 101(a)(15)(F)(i) or 101(a)(15)(M)(i) if the consular officer is satisfied that they will be accompanying or following to join the principal alien; that sufficient funds are available to cover their expenses in the United States; and, that they intend to leave the United States upon the termination of the status of the principal alien.

(c) Posting of bond. In borderline cases involving an alien otherwise qualified for classification under INA 101(a)(15)(F), the consular officer is authorized to require the posting of a bond with the Secretary of Homeland Security in a sum sufficient to ensure
that the alien will depart upon the conclusion of studies or in the event of failure to maintain student status.

(d) **Electronic verification and notification.** A student’s acceptance documentation must be verified by a consular official’s review of the SEVIS data in the Consolidated Consular Database or via direct access to SEVIS or ISEAS prior to the issuance of an F–1, F–2, M–1 or M–3 visa. Evidence of the payment of any applicable fees, if not presented with other documentation, may also be verified through the Consolidated Consular Database or direct access to SEVIS. Upon issuance of a J–1 or J–2 visa, notification of such issuance must be entered into the SEVIS database.

§ 41.62 Exchange visitors.

(a) **J–1 classification.** An alien is classifiable as an exchange visitor if qualified under the provisions of INA 101(a)(15) (J) and the consular officer is satisfied that the alien:

(1) Has been accepted to participate, and intends to participate, in an exchange visitor program designated by the Bureau of Education and Cultural Affairs, Department of State, as evidenced by the presentation of a properly executed Form DS–2019, Certificate of Eligibility for Exchange Visitor (J–1) Status;

(2) Has sufficient funds to cover expenses or has made other arrangements to provide for expenses;

(3) Has sufficient knowledge of the English language to undertake the program for which selected, or, except for an alien coming to participate in a graduate medical education or training program, the sponsoring organization is aware of the language deficiency and has nevertheless indicated willingness to accept the alien; and

(4) Meets the requirements of INA 212(j) if coming to participate in a graduate medical education or training program.

(5) **Electronic verification and notification.** An exchange visitor’s acceptance documentation and payment of any applicable fees must be verified by a consular official’s review of the SEVIS database or via direct access to SEVIS or ISEAS prior to the issuance of a J–1 or J–2 visa. Evidence of the payment of any applicable fees, if not presented with other documentation, may also be verified through the Consolidated Consular Database or direct access to SEVIS. Upon issuance of a J–1 or J–2 visa, notification of such issuance must be entered into the SEVIS database.

(b) **J–2 Classification.** The spouse or minor child of an alien classified J–1 is classifiable J–2.

(c) **Applicability of INA 212(e).** (1) An alien is subject to the 2-year foreign residence requirement of INA 212(e) if:

(i) The alien’s participation in one or more exchange programs was wholly or partially financed, directly or indirectly, by the U.S. Government or by the government of the alien’s last legal permanent residence; or

(ii) At the time of the issuance of an exchange visitor visa and admission to the United States, or, if not required to obtain a nonimmigrant visa, at the time of admission as an exchange visitor, or at the time of acquisition of such status after admission, the alien is a national and resident or, if not a national, a legal permanent resident (or has status equivalent thereto) of a country which the Secretary of State has designated, through publication by public notice in the Federal Register, as clearly requiring the services of persons engaged in the field of specialized knowledge or skill in which the alien will engage during the exchange visitor program; or

(iii) The alien acquires exchange visitor status in order to receive graduate medical education or training in the United States.

(2) For the purposes of this paragraph the terms financed directly and financed indirectly are defined as set forth in section §514.1 of chapter V.

(3) The country in which 2 years’ residence and physical presence will satisfy the requirements of INA 212(e) in the case of an alien determined to be subject to such requirements is the country of which the alien is a national and resident, or, if not a national, a legal permanent resident (or has status equivalent thereto).

(4) If an alien is subject to the 2-year foreign residence requirement of INA
§ 41.63 Two-year home-country physical presence requirement.

(a) Statutory basis for rule. Section 212(e) of the Immigration and Nationality Act, as amended, provides in substance as follows:

(i) No person admitted under Section 101(a)(15)(J) or acquiring such status after admission:

(1) Whose participation in the program for which he came to the United States was financed in whole or in part, directly or indirectly, by an agency of the United States Government or by the government of the country of his nationality or of his last legal permanent residence;

(ii) Who at the time of admission or acquisition of status under 101(a)(15)(J) was a national or legal permanent resident of a country which the Secretary of State, pursuant to regulations prescribed by him, had designated as clearly requiring the services of persons engaged in the field of specialized knowledge or skill in which the alien was engaged [See the most recent “Revised Exchange Visitor Skills List”, at http://exchanges.state.gov/education/jexchanges/participation/skills_list.pdf]; or

(iii) Who came to the United States or acquired such status in order to receive graduate medical education or training, shall be eligible to apply for an immigrant visa, or for permanent residence, or for a nonimmigrant visa under section 101(a)(15)(H) or section 101(a)(15)(L) until is established that such person has resided and been physically present in the country of his nationality or his last legal permanent residence for an aggregate of at least two years following departure from the United States.

(2) Upon the favorable recommendation of the Secretary of State, pursuant to the request of an interested United States Government agency (or in the case of an alien who is a graduate of a foreign medical school pursuing a program in graduate medical education or training, pursuant to the request of a State Department of Public Health, or its equivalent), or of the Secretary of Homeland Security after the latter has determined that departure from the United States would impose exceptional hardship upon the alien’s spouse or child (if such spouse or child is a citizen of the United States or a legal permanent resident alien), or that the alien cannot return to the country of his nationality or last legal permanent residence because he would be subject to persecution on account of race, religion, or political opinion, the Secretary of Homeland Security may waive the requirement of such two-year foreign residence abroad in the case of any alien whose admission to the United States is found by the Secretary of Homeland Security to be in the public interest except that in the case of a waiver requested by a State Department of Public Health, or its equivalent, the waiver shall be subject to the requirements of section 214(l) of the Immigration and Nationality Act (8 U.S.C. 1184).

(3) Except in the case of an alien who is a graduate of a foreign medical school pursuing a program in graduate medical education or training, the Secretary of Homeland Security, upon the favorable recommendation of the Secretary of State, may also waive the requirement of such two-year foreign residence requirement in any case in which the foreign country of the alien’s nationality or last legal permanent residence has furnished the Secretary of State a statement in writing that it has no objection to such waiver in the case of such alien. Notwithstanding the foregoing,
an alien who is a graduate of a foreign medical school pursuing a program in graduate medical education or training may obtain a waiver of such two-year foreign residence requirements if said alien meets the requirements of section 214(l) of the Immigration and Nationality Act (8 U.S.C. 1184) and paragraphs (a) (2) and (e) of this section.

(b) Request for waiver on the basis of exceptional hardship or probable persecution on account of race, religion, or political opinion. (1) An exchange visitor who seeks a waiver of the two-year home-country residence and physical presence requirement on the grounds that such requirement would impose exceptional hardship upon the exchange visitor’s spouse or child (if such spouse or child is a citizen of the United States or a legal permanent resident alien), or on the grounds that such requirement would subject the exchange visitor to persecution on account of race, religion, or political opinion, shall submit the application for waiver (DHS Form I–612) to the jurisdictional office of the Department of Homeland Security.

(2)(i) If the Secretary of Homeland Security (Secretary of DHS) determines that compliance with the two-year home-country residence and physical presence requirement would impose exceptional hardship upon the spouse or child of the exchange visitor, or would subject the exchange visitor to persecution on account of race, religion, or political opinion, the Secretary of DHS shall transmit a copy of his determination together with a summary of the details of the expected hardship or persecution, to the Waiver Review Division, in the Department of State’s Bureau of Consular Affairs.

(ii) With respect to those cases in which the Secretary of DHS has determined that compliance with the two-year home-country residence and physical presence requirement would subject the exchange visitor to persecution on account of race, religion, or political opinion, the Waiver Review Division shall review the program, policy, and foreign relations aspects of the case, make a recommendation, and forward such recommendation to the Secretary of DHS. Except as set forth in paragraph (g)(4) of this section, the recommendation of the Waiver Review Division shall constitute the recommendation of the Department of State and such recommendation shall be forwarded to DHS.

(c) Requests for waiver made by an interested United States Government Department of State. (1) A United States Government agency may request a waiver of the two-year home-country residence and physical presence requirement on behalf of an exchange visitor if such exchange visitor is actively and substantially involved in a program or activity sponsored by or of interest to such agency.

(2) A United States Government agency requesting a waiver shall submit its request in writing and fully explain why the grant of such waiver request would be in the public interest and the detrimental effect that would result to the program or activity of interest to the requesting agency if the exchange visitor is unable to continue his or her involvement with the program or activity.

(3) A request by a United States Government agency shall be signed by the head of the agency, or his or her designee, and shall include copies of all IAP 66 or DS–2019 forms issued to the exchange visitors’ sponsors concerning the waiver application. Except as set forth in paragraph (g)(4) of this section, the recommendation of the Waiver Review Division shall constitute the recommendation of the Department of State.

(iii) With respect to those cases in which the Secretary of DHS has determined that compliance with the two-year home-country residence and physical presence requirement would subject the exchange visitor to persecution on account of race, religion, or political opinion, the Waiver Review Division shall review the program, policy, and foreign relations aspects of the case, including consultation if deemed appropriate with the Bureau of Human Rights and Humanitarian Affairs of the United States Department of State, make a recommendation, and forward such recommendation to the Secretary of DHS. Except as set forth in paragraph (g)(4) of this section, the recommendation of the Waiver Review Division shall constitute the recommendation of the Department of State.
exchange visitor, his or her current address, and his or her country of nationality or last legal permanent residence.

(4) A request by a United States Government agency, excepting the Department of Veterans Affairs, on behalf of an exchange visitor who is a foreign medical graduate who entered the United States to pursue graduate medical education or training, and who is willing to provide primary care or specialty medicine in a designated primary care Health Professional shortage Area, or a Medically Underserved Area, or psychiatric care in a Mental Health Professional Shortage Area, shall, in additional to the requirement set forth in paragraphs (c)(2) and (3) of this section, include:

(i) A copy of the employment contract between the foreign medical graduate and the health care facility at which he or she will be employed. Such contract shall specify a term of employment of not less than three years and that the foreign medical graduate is to be employed by the facility for the purpose of providing not less than 40 hours per week of primary medical care, i.e., general or family practice, general internal medicine, pediatrics, or obstetrics and gynecology, in a designated primary care Health Professional Shortage Area or designated Medically Underserved Area ("MUA") or psychiatric care in a designated Mental Health Professional Shortage Area. Further, such employment contract shall not include a non-compete clause enforceable against the foreign medical graduate.

(ii) A statement, signed and dated by the head of the health care facility at which the foreign medical graduate will be employed, that the facility is located in an area designated by the Secretary of Health and Human Services as a Medically Underserved Area or Primary Medical Care Health Professional Shortage Area or Mental Health Professional Shortage Area and provides medical care to both Medicaid or Medicare eligible patients and indigent uninsured patients. The statement shall also list the primary care Health Professional Shortage Area, Mental Health Professional Shortage Area, or Medically Underserved Area/Population identifier number of the designation (assigned by the Secretary of Health and Human Services), and shall include the FIPS county code and census tract or block numbering area number (assigned by the Bureau of the Census) or the 9-digit zipcode of the area where the facility is located.

(iii) A statement, signed and dated by the foreign medical graduate exchange visitor that shall read as follows:

I, ________________________________, (name of exchange visitor) hereby declare and certify, under penalty of the provisions of 18 U.S.C. 1001, that I do not now have pending nor am I submitting during the pendency of this request, another request to any United States Government department or agency or any State Department of Public Health, or equivalent, other than ________________________________, (insert name of United States Government Agency requesting waiver) to act on my behalf in any matter relating to a waiver of my two-year home-country physical presence requirement.

(iv) Evidence that unsuccessful efforts have been made to recruit an American physician for the position to be filled.

(5) Except as set forth in paragraph (g)(4) of this section, the recommendation of the Waiver Review Division shall constitute the recommendation of the Department of State and such recommendation shall be forwarded to the Secretary of DHS.

(d) Requests for waiver made on the basis of a statement from the exchange visitor’s home-country that it has no objection to the waiver. (1) Applications for waiver of the two-year home-country residence and physical presence requirement may be supported by a statement of no objection by the exchange visitor’s country of nationality or last legal permanent residence. The statement of no objection shall be directed to the Secretary of State through diplomatic channels; i.e., from the country’s Foreign Office to the Department of State through the U.S. Mission in the foreign country concerned, or through the foreign country’s head of mission or duly appointed designee in the United States to the Secretary of State in the form of a diplomatic note. This note shall include applicant’s full name, date and place of birth, and present address. If deemed appropriate, the Department of State may request the views of each of the
exchange visitor’s sponsors concerning the waiver application.

(2) The Waiver Review Division shall review the program, policy, and foreign relations aspects of the case and forward its recommendation to the Secretary of DHS. Except as set forth in §41.63(g)(4), infra, the recommendation of the Waiver Review Division shall constitute the recommendation of the Department of State.

(3) An exchange visitor who is a graduate of a foreign medical school and who is pursuing a program in graduate medical education or training in the United States is prohibited under section 212(e) of the Immigration and Nationality Act from applying for a waiver solely on the basis of no objection from his or her country of nationality or last legal permanent residence. However, an alien who is a graduate of a foreign medical school pursuing a program in graduate medical education or training may obtain a waiver of such two-year foreign residence requirements if said alien meets the requirements of section 214(l) of the Immigration and Nationality Act (8 U.S.C. 1184) and paragraphs (a)(2) and (e) of this section.

(e) Requests for waiver from a State Department of Public Health, or its equivalent, on the basis of Public Law 103–416.

(1) Pursuant to Public Law 103–416, in the case of an alien who is a graduate of a medical school pursuing a program in graduate medical education or training, a request for a waiver of the two-year home-country residence and physical presence requirement may be made by a State department of Public Health, or its equivalent. Such waiver shall be subject to the requirements of section 214(l) of the Immigration and Nationality Act (8 U.S.C. 1184(1)) and this §41.63.

(2) With respect to such waiver under Public Law 104–416, if such alien is contractually obligated to return to his or her home country upon completion of the graduate medical education or training, the Secretary of State is to be furnished with a statement in writing that the country to which such alien is required to return has no objection to such waiver. The no objection statement shall be furnished to the Secretary of State in the manner and form set forth in paragraph (d) of this section and, additionally, shall bear a notation that it is being furnished pursuant to Public Law 103–416.

(3) The State Department of Public Health, or equivalent agency, shall include in the waiver application the following:

(i) A completed DS–3035. Copies of these forms may be obtained from the Visa Office or online at http://www.travel.state.gov.

(ii) A letter from the Director of the designated State Department of Public Health, or its equivalent, which identifies the foreign medical graduate by name, country of nationality or country of last legal permanent residence, and date of birth, and states that it is in the public interest that a waiver of the two-year home residence requirement be granted;

(iii) An employment contract between the foreign medical graduate and the health care facility named in the waiver application, to include the name and address of the health care facility, and the specific geographical area or areas in which the foreign medical graduate will practice medicine. The employment contract shall include a statement by the foreign medical graduate that he or she agrees to meet the requirements set forth in section 214(l) of the Immigration and Nationality Act. The term of the employment contract shall be at least three years and the geographical areas of employment shall only be in areas, within the respective state, designated by the Secretary of Health and Human Services as having a shortage of health care professionals, unless the waiver request is for an alien who will practice medicine in a facility that serves patients who reside in one or more geographic areas so designated by the Secretary of Health and Human Services without regard to whether such facility is located within such a designated geographic area. For the latter situation, which will be referred to as “non-designated requests”, the contract should also state that the term of the employment contract shall be at least three years and employment shall only be in a facility that serves patients who reside in one or more geographic areas so designated by the Secretary of Health and
§41.63

Human Services as having a shortage of health care professionals.

(iv) Evidence establishing that the geographic area or areas in the state in which the foreign medical graduate will practice medicine or where patients who will be served by the foreign medical graduates reside, are areas which have been designated by the Secretary of Health and Human Services as having a shortage of health care professionals. For purposes of this paragraph, the geographic area or areas must be designated by the Department of Health and Human Services as a Health Professional Shortage Area ("HPSA") or as a Medically Underserved Area/Medically Underserved Population ("MUA/MUF").

(v) Copies of all forms IAP 66 or DS–2019 issued to the foreign medical graduate seeking the waiver;

(vi) A copy of the foreign medical graduate’s curriculum vitae;

(vii) If the foreign medical graduate is otherwise contractually required to return to his or her home country at the conclusion of the graduate medical education or training, a copy of the statement of no objection from the foreign medical graduate’s country of nationality or last residence; and,

(viii) Because of the numerical limitations on the approval of waivers under Public Law 103–416, i.e., no more than the maximum number of waivers for each State each fiscal year as mandated by law, each application from a State Department of Public Health, or its equivalent, shall be numbered sequentially, beginning on October 1 of each year. The “non-designated” requests will also be numbered sequentially with appropriate identifier.

(f) Changed circumstances. An applicant for a waiver on the grounds of exceptional hardship or probable persecution on account of race, religion, or political opinion, has a continuing obligation to inform the Department of Homeland Security of changed circumstances material to his or her pending application.

(g) The Waiver Review Board. (1) The Waiver Review Board ("Board") shall consist of the following persons or their designees:

(i) The Principal Deputy Assistant Secretary of the Bureau of Consular Affairs;

(ii) The Director of Office of Public Affairs for the Bureau of Consular Affairs;

(iii) The Legislative Management Officer for Consular Affairs, Bureau of Legislative Affairs;

(iv) The Director of the Office of Exchange Coordination and Designation in the Bureau of Educational and Cultural Affairs; and

(v) The Director of the Office of Policy and Evaluation in the Bureau of Educational and Cultural Affairs.

(2) A person who has had substantial prior involvement in a particular case referred to the Board may not be appointed to, or serve on, the Board for that particular case unless the Bureau of Consular Affairs determines that the individual’s inclusion on the Board is otherwise necessary or practicably unavoidable.

(3) The Principal Deputy Assistant Secretary of Consular Affairs, or his or her designee, shall serve as Board Chairman. No designee under this paragraph (g)(3) shall serve for more than 2 years.

(4) Cases will be referred to the Board at the discretion of the Chief, Waiver Review Division, of the Visa Office. The Chief, Waiver Review Division, or his or her designee may, at the Chairman’s discretion, appear and present facts related to the case but shall not participate in Board deliberations.

(5) The Chairman of the Board shall be responsible for convening the Board and distributing all necessary information to its members. Upon being convened, the Board shall review the case file and weigh the request against the program, policy, and foreign relations aspects of the case.

(6) The Bureau of Consular Affairs shall appoint, on a case-by-case basis, from among the attorneys in the State Department’s Office of Legal Advisor
one attorney to serve as legal advisor to the Board.

(7) At the conclusion of its review of the case, the Board shall make a written recommendation either to grant or to deny the waiver application. The written recommendation of a majority of the Board shall constitute the recommendation of the Board. Such recommendation shall be promptly transmitted by the Chairman to the Chief, Waiver Review Division.

(8) At the conclusion of its review of the case, the Board shall make a written recommendation either to grant or to deny the waiver application. The written recommendation of a majority of the Board shall constitute the recommendation of the Board. Such recommendation shall be promptly transmitted by the Chairman to the Chief, Waiver Review Division.

Subpart H—Transit Aliens

§41.71 Transit aliens.

(a) Transit aliens—general. An alien is classifiable as a nonimmigrant transit alien under INA 101(a)(15) (C) if the consular officer is satisfied that the alien:

(1) Intends to pass in immediate and continuous transit through the United States;

(2) Is in possession of a common carrier ticket or other evidence of transportation arrangements to the alien's destination;

(3) Is in possession of sufficient funds to carry out the purpose of the transit journey, or has sufficient funds otherwise available for that purpose; and

(4) Has permission to enter some country other than the United States following the transit through the United States, unless the alien submits satisfactory evidence that such advance permission is not required.

(b) Certain aliens in transit to United Nations. An alien within the provisions of paragraph (3), (4), or (5) of section 11 of the Headquarters Agreement with the United Nations, to whom a visa is to be issued for the purpose of applying for admission solely in transit to the United Nations Headquarters District, may upon request or at the direction of the Secretary of State be issued a nonimmigrant visa bearing the symbol C-2. If such a visa is issued, the recipient shall be subject to such restrictions on travel within the United States as may be provided in regulations prescribed by the Secretary of Homeland Security.

Subpart I—Fiance(e)s and Other Nonimmigrants

§41.81 Fiance(e) or spouse of a U.S. citizen and derivative children.

(a) Fiance(e). An alien is classifiable as a nonimmigrant fiance(e) under INA 101(a)(15)(K)(i) if:

(1) The consular officer is satisfied that the alien is qualified under that provision and the consular officer has received a petition filed by a U.S. citizen to confer nonimmigrant status as a fiance(e) on the alien, which has been approved by the DHS under INA 214(d), or a notification of such approval from that Service;

(2) The consular officer has received from the alien the alien's sworn statement of ability and intent to conclude a valid marriage with the petitioner within 90 days of arrival in the United States; and

(3) The alien has met all other qualifications in order to receive a nonimmigrant visa, including the requirements of paragraph (d) of this section.

(b) Spouse. An alien is classifiable as a nonimmigrant spouse under INA 101(a)(15)(K)(ii) when all of the following requirements are met:

(1) The consular officer is satisfied that the alien is qualified under that provision and the consular officer has received a petition approved by the DHS pursuant to INA 214(p)(1), that was filed by the U.S. citizen spouse of the alien in the United States.

(2) If the alien's marriage to the U.S. citizen was contracted outside of the United States, the alien is applying in the country in which the marriage took place, or if there is no consular post designated by the Deputy
Assistant Secretary of State for Visa Services to accept immigrant visa applications for nationals of that country.

(3) If the marriage was contracted in the United States, the alien is applying in a country as provided in part 42, §42.61 of this chapter.

(4) The alien otherwise has met all applicable requirements in order to receive a nonimmigrant visa, including the requirements of paragraph (d) of this section.

(c) Child. An alien is classifiable under INA 101(a)(15)(K)(iii) if:

(1) The consular officer is satisfied that the alien is the child of an alien classified under INA 101(a)(15)(K)(i) or (ii) and is accompanying or following to join the principal alien; and

(2) The alien otherwise has met all other applicable requirements in order to receive a nonimmigrant visa, including the requirements of paragraph (d) of this section.

(d) Eligibility as an immigrant required. The consular officer, insofar as is practicable, must determine the eligibility of an alien to receive a nonimmigrant visa under paragraphs (a), (b) or (c) of this section as if the alien were an applicant for an immigrant visa, except that the alien must be exempt from the vaccination requirement of INA 212(a)(1) and the labor certification requirement of INA 212(a)(5).

§41.83 Certain witnesses and informants. [Reserved]

§41.84 Victims of trafficking in persons.

(a) Eligibility. An alien may be classifiable as a parent, spouse or child under INA 101(a)(15)(T)(i) if:

(1) The consular officer is satisfied that the alien has the required relationship to an alien who has been granted status by the Secretary for Homeland Security under INA 101(a)(15)(T)(i);

(2) The consular officer is satisfied that the alien is otherwise admissible under the immigration laws of the United States; and

(3) The consular officer has received an DHS-approved I–914, Supplement A, evidencing that the alien is the spouse, child, or parent of an alien who has been granted status under INA 101(a)(15)(T)(i).

(b) Visa validity. A qualifying family member may apply for a nonimmigrant visa under INA(a)(15)(T)(ii) only during the period in which the principal applicant is in status under INA 101(a)(15)(T)(i). Any visa issued pursuant to such application shall be valid only for a period of three years or until the expiration of the principal alien's
status as an alien classified under INA 101(a)(15)(T)(i), whichever is shorter.

[88 FR 37964, June 26, 2003]

§ 41.86 Certain spouses and children of lawful permanent resident aliens.

(a) Definition of "remains pending". For the purposes of this section, a visa application "remains pending" if the applicant has applied for an immigrant visa in accordance with the definition in part 40, § 40.1(l)(2) and the visa has neither been issued, nor refused for any reason under applicable law and regulation.

(b) Entitlement to classification. A consular officer may classify an alien as a nonimmigrant under INA 101(a)(15)(V) if:

(1) The consular officer has received notification from the Department of State or the Department of Justice that a petition to accord status to the alien as a spouse or child pursuant to INA 203(a)(2)(A) was filed on or before December 21, 2000; or

(2) The alien is eligible to derive benefits pursuant to INA 203(d) as a child of an alien described in paragraph (b)(1) of this section and such alien has qualified for V classification; and

(3) It has been three years or more since the filing date of the petition described in paragraph (b)(1) of this section and applicable to paragraph (b)(2) of this section and either:

(i) The petition has not been approved; or

(ii) If it has been approved, either no immigrant visa number is immediately available or the alien’s application for adjustment of status or the alien’s application for a visa remains pending.

(c) Eligibility as an immigrant required. The consular officer, insofar as practicable, must determine the eligibility of an alien described in paragraph (b) of this section to receive a nonimmigrant visa under INA 101(a)(15)(V), other than an alien who previously has been granted V status in the United States by DHS, as if the alien were an applicant for an immigrant visa, except that the alien is exempt from the vaccination requirement of INA 212(a)(1), the labor certification requirement of INA 212(a)(5) and the unlawful presence ineligibility of INA 212(a)(9)(B).

(d) Place of application. Notwithstanding the requirements of § 41.101, in determining the place of application for an alien seeking a visa pursuant to INA 101(a)(15)(V) the requirements of part 42, §§ 42.61(a) and (b)(1) of this chapter will apply.

[66 FR 19393, Apr. 16, 2001]

Subpart J—Application for Nonimmigrant Visa

§ 41.101 Place of application.

(a) Application for regular visa made at jurisdictional consular office of alien’s residence or physical presence. (1) An alien applying for a nonimmigrant visa shall make application at a consular office having jurisdiction over the alien’s place of residence, or if the alien is a resident of Taiwan, at the American Institute in Taiwan, unless—

(i) The alien is physically present in the United States and is entitled to apply for issuance or reissuance of a visa under the provisions of § 41.111(b); or

(ii) A consular office having jurisdiction in or for the country of the alien’s nationality unless extraordinary circumstances have been determined to exist with respect to that alien as set forth in paragraph (c) of this section.

(2) The Deputy Assistant Secretary of State for Visa Services is authorized to designate the geographical area for which each consular office possesses jurisdiction to process nonimmigrant visa applications.

(b) Place of application for persons subject to INA 222(g). Notwithstanding the requirements of paragraph (a) of this section, an alien whose prior nonimmigrant visa has been voided pursuant to INA 222(g), who is applying for a new nonimmigrant visa, shall make application at a consular office which has jurisdiction in or for the country of the alien’s nationality unless extraordinary circumstances have been determined to exist with respect to that alien as set forth in paragraph (c) of this section.

(c) Exceptions based on extraordinary circumstances. (1) An alien physician
serving in underserved areas of the United States under the provisions of INA 214(l) for whom an application for a waiver of the 2-year foreign residence requirement and/or a petition to accord H–1B status was filed prior to the end of the alien’s authorized period of stay and was subsequently approved, but whose authorized stay expired during the adjudication of such application(s), shall make application in accordance with paragraph (a) of this section.

(2) Any other individual or group whose circumstances are determined to be extraordinary, in accordance with paragraph (d)(1) of this section, by the Deputy Assistant Secretary for Visa Services upon the favorable recommendation of an immigration or consular officer, shall make application in accordance with paragraph (a) of this section.

(3) An alien who has, or immediately prior to the alien’s last entry into the United States had, a residence in a country other than the country of the alien’s nationality shall apply at a consular office with jurisdiction in or for the country of residence.

(4) An alien who is a national and resident of a country in which there is no United States consular office shall apply at a consular office designated by the Deputy Assistant Secretary for Visa Services to accept immigrant visa applications from persons of that nationality.

(5) An alien who possesses more than one nationality and who has, or immediately prior to the alien’s last entry into the United States had, a residence in one of the countries of the alien’s nationality shall apply at a consular office in the country of such residence.

(d) **Definitions relevant to INA 222(g).**

(1) Extraordinary circumstances—Extraordinary circumstances may be found where compelling humanitarian or national interests exist or where necessary for the effective administration of the immigration laws. Extraordinary circumstances shall not be found upon the basis of convenience or financial burden to the alien, the alien’s relative, or the alien’s employer.

(2) Nationality—For purposes of paragraph (b) of this section, a stateless person shall be considered to be a national of the country which issued the alien’s travel document.

(e) **Regular visa defined.** “Regular visa” means a nonimmigrant visa of any classification which does not bear the title “Diplomatic” or “Official.” A nonimmigrant visa is issued as a regular visa unless the alien falls within one of the classes entitled to a diplomatic or an official visa as described in §41.26(c) or §41.27(c).

(f) **Q–2 nonimmigrant visas.** The American Consulate General at Belfast is designated to accept applications for the Q–2 visa from residents of the geographic area of Northern Ireland. The American Embassy at Dublin is designated to accept applications for Q–2 visas from residents of the geographic area of the counties of Louth, Monaghan, Cavan, Leitrim, Sligo, and Donegal in the Republic of Ireland. Notwithstanding any other provision of this section, an applicant for a Q–2 visa may not apply at any other consular post. Consular officers at the Consulate General at Belfast and at the Embassy at Dublin have discretion to accept applications for Q–2 visas from aliens who are resident in a qualifying geographic area outside of their respective consular districts, but who are physically present in their consular district.

(b) Waivers of personal appearance by consular officers. Except as provided in paragraph (d) of this section or as otherwise instructed by the Deputy Assistant Secretary of State for Visa Services, a consular officer may waive the requirement of personal appearance in the case of any alien who the consular officer concludes presents no national security concerns requiring an interview and who:

1. Is a child under 14 years of age;
2. Is a person over 79 years of age;
3. Is within a class of non-immigrants classifiable under the visa symbols A–1, A–2, C–2, C–3 (except attendants, servants, or personal employees of accredited officials), G–1, G–2, G–3, G–4, NATO–1, NATO–2, NATO–3, NATO–4, NATO–5, or NATO–6 and who is seeking a visa in such classification;
4. Is an applicant for a diplomatic or official visa as described in §§41.26 or 41.27 of this chapter, respectively;
5. Is an applicant who within 12 months of the expiration of the applicant’s previously issued visa is seeking re-issuance of a nonimmigrant biometric visa in the same classification at the consular post of the applicant’s usual residence, and for whom the consular officer has no indication of visa ineligibility or of noncompliance with U.S. immigration laws and regulations; or
6. Is an alien for whom a waiver of personal appearance is warranted in the national interest or because of unusual circumstances.

(c) Waivers of personal appearance by the Deputy Assistant Secretary of State. Except as provided in paragraph (d) of this section, the Deputy Assistant Secretary for Visa Services may waive the personal appearance before a consular officer of an individual applicant or a class of applicants if the Deputy Assistant Secretary finds that the waiver of personal appearance is warranted in the national interest or because of unusual circumstances and that national security concerns do not require an interview.

(d) Cases in which personal appearance may not be waived. A consular officer or the Deputy Assistant Secretary of State may not waive personal appearance for:

1. Any NIV applicant who is not a national or resident of the country in which he or she is applying, unless the applicant is eligible for a waiver of the interview under paragraphs (b)(3) or (b)(4) of this section.
2. Any NIV applicant who was previously refused a visa, is listed in CLASS, or who otherwise requires a Security Advisory Opinion, unless:
   (i) The visa was refused temporarily and the refusal was subsequently overcome;
   (ii) The alien was found inadmissible, but the inadmissibility was waived; or
   (iii) The applicant is eligible for a waiver of the interview under paragraphs (b)(3) or (b)(4) of this section.
3. Any NIV applicant who is from a country designated by the Secretary of State as a state sponsor of terrorism, regardless of age, or in a group designated by the Secretary of State under section 222(h)(2)(F) of the Immigration and Nationality Act, unless the applicant is eligible for a waiver under paragraphs (b)(3) or (b)(4) of this section.

(e) Unusual circumstances. As used in this section, unusual circumstances shall include, but not be limited to, an emergency or unusual hardship.

§41.103 Filing an application.

(a) Filing an application—(1) Filing of application required. Every alien seeking a nonimmigrant visa must make an electronic application on Form DS–160 or, as directed by a consular officer, an application on Form DS–156. The Form DS–160 must be signed electronically by clicking the box designated “Sign Application” in the certification section of the application.

(b) Filing of an electronic application (Form DS–160) or Form DS–156 by alien under 16 or physically incapable. The application for an alien under 16 years of age or one physically incapable of completing an application may be completed and executed by the alien’s parent or guardian, or if the alien has no parent or guardian, by any person having legal custody of, or a legitimate interest in, the alien.

(c) Waiver of filing of application when personal appearance is waived. Even if
personal appearance of a visa applicant is waived pursuant to 22 CFR 41.102, the requirement for filing an application is not waived.

(b) Application—(1) Preparation of Electronic Nonimmigrant Visa Application (Form DS-160) or, alternatively, Form DS-156. The consular officer shall ensure that the application is fully and properly completed in accordance with the applicable regulations and instructions.

(2) Additional requirements and information as part of application. Applicants who are required to appear for a personal interview must provide a biometric, which will serve to authenticate identity and additionally verify the accuracy and truthfulness of the statements in the application at the time of interview. The consular officer may require the submission of additional necessary information or question an alien on any relevant matter whenever the consular officer believes that the information provided in the application is inadequate to permit a determination of the alien’s eligibility to receive a nonimmigrant visa. Additional statements made by the alien become a part of the visa application. All documents required by the consular officer under the authority of §41.105(a) are considered papers submitted with the alien’s application within the meaning of INA 221(g)(1).

(3) Signature. The Form DS-160 shall be signed electronically by clicking the box designated “Sign Application” in the certification section of the application. This electronic signature attests to the applicant’s familiarity with and intent to be bound by all statements in the NIV application under penalty of perjury. Alternatively, except as provided in paragraph (a)(2) of this section, the Form DS-156 shall be signed by the applicant, with intent to be bound by all statement in the NIV application under penalty of perjury.

(4) Registration. The Form DS-160 or the Form DS-156, when duly executed, constitutes the alien’s registration for the purposes of INA 221(b).
(2) Unobtainable documents. If the consular officer is satisfied that a document or record required under the authority of this section is unobtainable, the consular officer may accept satisfactory alternative pertinent evidence. A document or other record shall be considered unobtainable if it cannot be procured without causing the applicant or a member of the applicant’s family actual hardship as distinct from normal delay and inconvenience.

(3) Photographs required. Every applicant for a nonimmigrant visa must furnish a photograph in such numbers as the consular officer may require. Photographs must be a reasonable likeness, 1½ by 1½ inches in size, unmounted, and showing a full, front-face view of the applicant against a light background. At the discretion of the consular officer, head coverings may be permitted provided they do not interfere with the full, front-face view of the applicant. The applicant must sign (full name) on the reverse side of the photographs. The consular officer may use a previously submitted photograph, if he is satisfied that it bears a reasonable likeness to the applicant.

(4) Police certificates. A police certificate is a certification by the police or other appropriate authorities stating what, if anything, their records show concerning the alien. An applicant for a nonimmigrant visa is required to present a police certificate if the consular officer has reason to believe that a police or criminal record exists, except that no police certificate is required in the case of an alien who is within a class of nonimmigrants classifiable under visa symbols A–1, A–2, C–3, G–1 through G–4, NATO–1 through NATO–4 or NATO–6.

(b) Fingerprinting. Every applicant for a nonimmigrant visa must furnish fingerprints, as required by the consular officer.

§ 41.106 Processing.

Consular officers must ensure that the Form DS–160, or, alternatively, Form DS–156 is properly and promptly processed in accordance with the applicable regulations and instructions.

§ 41.107 Visa fees.

(a) Fees based on reciprocity. The fees for the issuance of visas, including official visas, to nonimmigrant nationals or stateless residents of each foreign country shall be collected in the amounts prescribed by the Secretary of State unless, on the basis of reciprocity, no fee is chargeable. If practicable, fees will correspond to the total amount of all visa, entry, residence, or other similar fees, taxes or charges assessed or levied against nationals of the United States by the foreign countries of which such nonimmigrants are nationals or stateless residents.

(b) Fees when more than one alien included in visa. A single nonimmigrant visa may be issued to include all eligible family members if the spouse and unmarried minor children of a principal alien are included in one passport. Each alien must execute a separate application. The name of each family member shall be inserted in the space provided in the visa stamp. The visa fee to be collected shall equal the total of the fees prescribed by the Secretary of State for each alien included in the visa, unless upon a basis of reciprocity a lesser fee is chargeable.

(c) Certain aliens exempted from fees.

(1) Upon a basis of reciprocity, or as provided in section 13(a) of the Headquarters Agreement with the United Nations (61 Stat. 716; 22 U.S.C. 287, Note), no fee shall be collected for the application for or issuance of a nonimmigrant visa to an alien who is within a class of nonimmigrants classifiable under the visa symbols A, G, C–2, C–3, or NATO, or B–1 issued for participation in an official observer mission to the United Nations, or who is issued a diplomatic visa as defined in §41.26.

(2) The consular officer shall waive the nonimmigrant visa application and issuance fees for an alien who will be engaging in charitable activities for a charitable organization upon the written request of the charitable organization claiming that it will find the fees a financial burden, if the consular officer is satisfied that:
(i) The organization seeking relief from the fees is, if based in the United States, tax-exempt as a charitable organization under the provisions of section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)); if a foreign organization based outside the United States in a country having laws according recognition to charitable institutions, that it establishes that it is recognized as a charitable institution by that government; and if a foreign organization based in a country without such laws, that it is engaged in activities substantially similar to those underlying section 501(c)(3), and
(ii) The charitable activities in which the alien will engage are specified and will be a part of, or will be related to, and in support of, the organization’s provision of services, including but not limited to health care, food and housing, job training, and similar direct services and assistance to the poor and needy, and
(iii) The request includes the location of the proposed activities, the number and identifying data of each of the alien(s) who will be applying for visas, and
(iv) The proposed duration of the alien(s)’s temporary stay in the United States is reasonably consistent with the charitable purpose for which the alien(s) seek to enter the United States.

(3) Foreign national employees of the U.S. Government who are travelling to the United States on official business in connection with that employment.

(d) Refund of fees. A fee collected for the issuance of a nonimmigrant visa is refundable only if the principal officer at a post or the officer in charge of a consular section determines that the visa was issued in error or could not be used as a result of action taken by the U.S. Government for which the alien was not responsible and over which the alien had no control, the alien’s application is not processed.

(2) Notwithstanding paragraph (e)(1) of this section, a consular officer shall collect or insure the collection of a processing fee for a machine-readable combined border crossing card and nonimmigrant visa in an amount determined by the Secretary and set forth in 22 CFR 22.1 to be sufficient only to cover the cost for manufacturing the combined card and visa if:
(i) The alien is a Mexican citizen under the age of 15;
(ii) The alien is applying in Mexico; and
(iii) The alien has at least one parent or guardian who has a visa or is applying for a machine-readable combined border crossing card and visa.

§ 41.108 Medical examination.

(a) Requirements for medical examination. An applicant for a nonimmigrant visa shall be required to take a medical examination if:
(1) The alien is an applicant for a K nonimmigrant visa as a fiance(e) of a U.S. citizen or as the child of such an applicant; or,
(2) The alien is seeking admission for medical treatment and the consular officer considers a medical examination advisable; or,
(3) The consular officer has reason to believe that a medical examination might disclose that the alien is medically ineligible to receive a visa.

(b) Examination by panel physician. The required examination, which must be carried out in accordance with United States Public Health Service regulations, shall be conducted by a physician selected by the alien from a panel of physicians approved by the consular officer or, if the alien is in the United States, by a medical officer of
§ 41.112 Validity of visa.

(a) Significance of period of validity of visa. The period of validity of a nonimmigrant visa is the period during which the alien may use it in making application for admission. The period of visa validity has no relation to the period of time the immigration authorities at a port of entry may authorize the alien to stay in the United States.

(b) Validity of visa and number of applications for admission.

(1) Except as provided in paragraphs (c) and (d) of this section, a nonimmigrant visa shall have the validity prescribed in schedules provided to consular officers by the Department, reflecting insofar as practicable the reciprocal treatment accorded U.S. nationals, U.S. permanent residents, or aliens granted refugee status in the U.S. by the government of the country of which the alien is a national, permanent resident, refugee or stateless resident.

(2) notwithstanding paragraph (b)(1) of this section, United States nonimmigrant visas shall have a maximum validity period of 10 years.

(3) An unexpired visa is valid for application for admission even if the passport in which the visa is stamped has expired, provided the alien is also in possession of a valid passport issued by the authorities of the country of which the alien is a national.

(c) Limitation on validity. If warranted in an individual case, a consular officer may issue a nonimmigrant visa for:

(1) A period of validity that is less than that prescribed on a basis of reciprocity.

Subpart K—Issuance of Nonimmigrant Visa

§ 41.111 Authority to issue visa.

(a) Issuance outside the United States. Any consular officer is authorized to issue regular and official visas. Diplomatic visas may be issued only by:

(1) A consular officer attached to a U.S. diplomatic mission, if authorized to do so by the Chief of Mission; or

(2) A consular officer assigned to a consular office under the jurisdiction of a diplomatic mission, if so authorized by the Department or the Chief, Deputy Chief, or Counselor for Consular Affairs of that mission, or, if assigned to a consular post not under the jurisdiction of a diplomatic mission, by the principal officer of that post.

(b) Issuance in the United States in certain cases. The Deputy Assistant Secretary for Visa Services and such officers of the Department as the former may designate are authorized, in their discretion, to issue nonimmigrant visas, including diplomatic visas, to:

(1) Qualified aliens who are currently maintaining status and are properly classifiable in the A, C-2, C-3, G or NATO category and intend to reenter the United States in that status after a temporary absence abroad and who also present evidence that:

(i) They have been lawfully admitted in that status or have, after admission, had their classification changed to that status; and

(ii) Their period of authorized stay in the United States in that status has not expired; and

(2) Other qualified aliens who:

(i) Are currently maintaining status in the E, H, I, L, O, or P nonimmigrant category;

(ii) Intend to reenter the United States in that status after a temporary absence abroad; and

(iii) Who also present evidence that:

(A) They were previously issued visas at a consular office abroad and admitted to the United States in the status which they are currently maintaining; and

(B) Their period of authorized admission in that status has not expired.

§41.113 Procedures in issuing visas.

(a) Visa evidenced by stamp placed in passport. Except as provided in paragraphs (b) of this section, a nonimmigrant visa shall be evidenced by a visa stamp placed in the alien’s passport. The appropriate symbol as prescribed in 41.12, showing the classification of the alien, shall be entered on the visa.

(b) Cases in which visa not placed in passport. In the following cases the visa shall be placed on the prescribed Form DS–232. In issuing such a visa, a notation shall be made on the Form DS–232 on which the visa is placed specifying the pertinent subparagraph of this paragraph under which the action is taken.

(1) The alien’s passport was issued by a government with which the United States does not have formal diplomatic relations, unless the Department has specifically authorized the placing of the visa in such passport;

(2) The alien’s passport does not provide sufficient space for the visa;

(3) The passport requirement has been waived; or

22 CFR Ch. I (4–1–10 Edition)

§41.113 Procedures in issuing visas.

(2) A number of applications for admission within the period of the validity of the visa that is less than that prescribed on a basis of reciprocity,

(3) Application for admission at a specified port or at specified ports of entry, or

(4) Use on and after a given date subsequent to the date of issuance.

(d) Automatic extension of validity at ports of entry. (1) Provided that the requirements set out in paragraph (d)(2) of this section are fully met, the following provisions apply to nonimmigrant aliens seeking readmission at ports of entry:

(i) The validity of an expired nonimmigrant visa issued under INA 101(a)(15) may be considered to be automatically extended to the date of application for readmission; and

(ii) In cases where the original nonimmigrant classification of an alien has been changed by DHS to another nonimmigrant classification, the validity of an expired or unexpired nonimmigrant visa may be considered to be automatically extended to the date of application for readmission, and the visa may be converted as necessary to that changed classification.

(2) The provisions in paragraph (d)(1) of this section are applicable only in the case of a nonimmigrant alien who:

(i) Is in possession of a Form I–94, Arrival-Departure Record, endorsed by DHS to show an unexpired period of initial admission or extension of stay, or, in the case of a qualified F or J student or exchange visitor or the accompanying spouse or child of such an alien, is in possession of a current Form I–20, Certificate of Eligibility for Nonimmigrant Student Status, or Form IAP–66, Certificate of Eligibility for Exchange Visitor Status, issued by the school the student has been authorized to attend by DHS, or by the sponsor of the exchange program in which the alien has been authorized to participate by DHS, and endorsed by the issuing school official or program sponsor to indicate the period of initial admission or extension of stay authorized by DHS;

(ii) Is applying for readmission after an absence not exceeding 30 days solely in contiguous territory, or, in the case of a student or exchange visitor or accompanying spouse or child meeting the stipulations of paragraph (d)(2)(i) of this section, after an absence not exceeding 30 days in contiguous territory or adjacent islands other than Cuba;

(iii) Has maintained and intends to resume nonimmigrant status;

(iv) Is applying for readmission within the authorized period of initial admission or extension of stay;

(v) Is in possession of a valid passport;

(vi) Does not require authorization for admission under INA 212(d)(3); and

(vii) Has not applied for a new visa while abroad.

(3) The provisions in paragraphs (d)(1) and (d)(2) of this section shall not apply to the nationals of countries identified as supporting terrorism in the Department’s annual report to Congress entitled Patterns of Global Terrorism.

§41.121 Refusal of individual visas.

(a) Grounds for refusal. Nonimmigrant visa refusals must be based on legal
grounds, such as one or more provisions of INA 212(a), INA 212(e), INA 214(b), (f) or (l) (as added by Section 625 of Pub. L. 104–208), INA 221(g), or INA 222(g) or other applicable law. Certain classes of nonimmigrant aliens are exempted from specific provisions of INA 212(a) under INA 102 and, upon a basis of reciprocity, under INA 212(d)(8). When a visa application has been properly completed and executed in accordance with the provisions of INA and the implementing regulations, the consular officer must either issue or refuse the visa.

(b) Refusal procedure. (1) When a consular officer knows or has reason to believe a visa applicant is ineligible and refuses the issuance of a visa, he or she must inform the alien of the ground(s) of ineligibility (unless disclosure is barred under INA 212(b)(2) or (3)) and whether there is, in law or regulations, a mechanism (such as a waiver) to overcome the refusal. The officer shall note the reason for the refusal on the application. Upon refusing the nonimmigrant visa, the consular officer shall retain the original of each document upon which the refusal was based, as well as each document indicating a possible ground of ineligibility, and should return all other supporting documents supplied by the applicant.

(2) If an alien, who has not yet filed a visa application, seeks advice from a consular officer, who knows or has reason to believe that the alien is ineligible to receive a visa on grounds which cannot be overcome by the presentation of additional evidence, the officer shall so inform the alien. The consular officer shall inform the applicant of the provision of law or regulations upon which a refusal of a visa, if applied for, would be based (subject to the exception in paragraph (b)(1) of this section). If practicable, the consular officer should request the alien to execute a nonimmigrant visa application in order to make a formal refusal. If the individual fails to execute a visa application in these circumstances, the consular officer shall treat the matter as if a visa had been refused and create a record of the presumed ineligibility which shall be filed in the consular office.

(c) Nonimmigrant refusals must be reviewed, in accordance with guidance by the Secretary of State, by consular supervisors, or a designated alternate, to ensure compliance with laws and procedures. If the ground(s) of ineligibility upon which the visa was refused cannot be overcome by the presentation of additional evidence, the refusal must be reviewed without delay; that is, on the day of the refusal or as soon as it is administratively possible. If the ground(s) of ineligibility may be overcome by the presentation of additional evidence, and the applicant has indicated the intention to submit such evidence, a review of the refusal may be deferred for not more than 120 days. If the reviewing officer disagrees with the decision and he or she has a consular commission and title, the reviewing officer can assume responsibility and reevaluate the case. If the reviewing officer does not have a consular commission and title, he or she must consult with the adjudicating officer, or with the Visa Office, to resolve any disagreement.

(d) Review of refusal by Department. The Department may request a consular officer in a specific case or in specified classes of cases to submit a report if a visa has been refused. The Department will review each report and may furnish an advisory opinion to the consular officer for assistance in considering the case further. If the officer believes that action contrary to an advisory opinion should be taken, the case shall be resubmitted to the Department with an explanation of the proposed action. Rulings of the Department concerning an interpretation of law, as distinguished from an application of the law to the facts, shall be binding upon consular officers.

§ 41.122 Revocation of visas.

(a) Grounds for revocation by consular officers. A consular officer is authorized to revoke a nonimmigrant visa issued to an alien if:

(1) The officer finds that the alien was not, or has ceased to be, entitled to the nonimmigrant classification under
INA 101(a)(15) specified in the visa or that the alien was at the time the visa was issued, or has since become, ineligible under INA 212(a) to receive a visa, or was issued a visa in contravention of INA 222(g).

(2) The visa has been physically removed from the passport in which it was issued prior to the alien’s embarkation upon a continuous voyage to the United States; or

(3) For any of the reasons specified in paragraph (h) of this section if the visa has not been revoked by an immigration officer as authorized in that paragraph.

(4) The visa has been issued in a combined Mexican or Canadian B–1/B–2 visa and border crossing identification card and the officer makes the determination specified in §41.32(c) with respect to the alien’s Mexican citizenship and/or residence or the determination specified in §41.33(b) with respect to the alien’s status as a permanent resident of Canada.

(b) Notice of proposed revocation. When consideration is being given to the revocation of a nonimmigrant visa under paragraph (a)(1) or (2) of this section, the consular officer considering that action shall, if practicable, notify the alien to whom the visa was issued of intention to revoke the visa. The alien shall also be given an opportunity to show why the visa should not be revoked and requested to present the travel document in which the visa was originally issued.

(c) Procedure for physically cancelling visas. A nonimmigrant visa which is revoked shall be canceled by writing or stamping the word “REVOKED” plainly across the face of the visa. The cancellation shall be dated and signed by the officer taking the action. The failure of the alien to present the visa for cancellation does not affect the validity of action taken to revoke it.

(d) Notice to carriers. Notice of revocation shall be given to the master, aircraft captain, agent, owner, charterer, or consignee of the carrier or transportation line on which it is believed the alien intends to travel to the United States, unless the visa has been physically canceled as provided in paragraph (c) of this section.

(e) Notice to Department. When a visa is revoked under paragraph (a)(1) or (2) of this section, the consular officer shall promptly submit notice of the revocation, including a full report on the facts in the case, to the Department for transmission to DHS. A report is not required if the visa is physically canceled prior to the alien’s departure for the United States except in cases involving A, G, C-2, C-3, NATO, diplomatic or official visas.

(f) Record of action. Upon revocation of a nonimmigrant visa under paragraph (a)(1) or (2) of this section, the consular officer shall complete for the post files a Certificate of Revocation by Consular Officer which includes a statement of the reasons for the revocation. If the revocation is effected at other than the issuing office, a copy of the Certificate of Revocation shall be sent to that office.

(g) Reconsideration of revocation. (1) The consular office shall consider any evidence submitted by the alien or the alien’s attorney or representative in connection with a request that the revocation be reconsidered. If the officer finds that the evidence is sufficient to overcome the basis for the revocation, a new visa shall be issued. A memorandum regarding the action taken and the reasons therefor shall be placed in the consular files and appropriate notification shall be made promptly to the carriers concerned, the Department, and the issuing office if notice of revocation has been given in accordance with paragraphs (d), (e), and (f) of this section.

(2) In view of the provisions of §41.107(d) providing for the refund of fees when a visa has not been used as a result of action by the U.S. Government, a fee shall not be charged in connection with a reinstated visa.

(h) Revocation of visa by immigration officer. An immigration officer is authorized to revoke a valid visa by physically canceling it in accordance with the procedure prescribed in paragraph (c) of this section if:

(1) The alien obtains an immigrant visa or an adjustment of status to that of permanent resident;

(2) The alien is ordered excluded from the United States pursuant to INA 235(c) or 236.
(3) The alien is notified pursuant to INA 235(b) by an immigration officer at a port of entry that the alien appears to be inadmissible to the United States and the alien requests and is granted permission to withdraw the application for admission;

(4) A final order of deportation or a final order granting voluntary departure with an alternate order of deportation is entered against the alien pursuant to DHS regulations;

(5) The alien has been permitted by DHS to depart voluntarily from the United States pursuant to DHS regulations;

(6) A waiver of ineligibility pursuant to INA 212(d)(3)(A) on the basis of which the visa was issued to the alien is revoked by DHS;

(7) The visa is presented in connection with an application for admission to the United States by a person other than the alien to whom it was issued; or

(8) The visa has been physically removed from the passport in which it was issued.

(9) The visa has been issued in a combined Mexican or Canadian B–1/B–2 visa and border crossing identification card and the officer makes the determination specified in §41.32(c) with respect to the alien’s Mexican citizenship and/or residence or the determination specified in §41.33(b) with respect to the alien’s status as a permanent resident of Canada.

§ 42.12 Rules of chargeability.

(a) Applicability. An immigrant shall be charged to the numerical limitation for the foreign state or dependent area of birth, unless the case falls within one of the exceptions to the general rule of chargeability provided by INA 202(b) and paragraphs (b) through (e) of this section to prevent the separation of families or the alien is classifiable under:

(1) INA 201(b);
(2) INA 101(a)(27) (A) or (B);
(3) Section 112 of Public Law 101–649;
(4) Section 124 of Public Law 101–649;
(5) Section 132 of Public Law 101–649;
(6) Section 134 of Public Law 101–649; or
(7) Section 584(b)(1) as contained in section 101(e) of Public Law 100–202.

(b) Exception for child. If necessary to prevent the separation of a child from the alien parent or parents, an immigrant child, including a child born in a dependent area, may be charged to the same foreign state to which a parent is chargeable if the child is accompanying or following to join the parent, in accordance with INA 202(b)(1).

(c) Exception for spouse. If necessary to prevent the separation of husband and wife, an immigrant spouse, including a spouse born in a dependent area, may be charged to a foreign state to which a spouse is chargeable if accompanying or following to join the spouse, in accordance with INA 202(b)(2).

(d) Exception for alien born in the United States. An immigrant who was born in the United States shall be charged to the foreign state of which the immigrant is a citizen or subject. If not a citizen or subject of any country, the alien shall be charged to the foreign state of last residence as determined by the consular officer, in accordance with INA 202(b)(3).

(e) Exception for alien born in foreign state in which neither parent was born or had residence at time of alien’s birth. An alien who was born in a foreign state, as defined in §40.1, in which neither parent was born, and in which neither parent had a residence at the time of the applicant’s birth, may be charged to the foreign state of either parent as provided in INA 202(b)(4). The parents of such an alien are not considered as having acquired a residence within the meaning of INA 202(b)(4), if, at the time of the alien’s birth within the foreign state, the parents were visiting temporarily or were stationed there in connection with the business or profession and under orders or instructions of an employer, principal, or superior authority foreign to such foreign state.

Subpart C—Immigrants Not Subject to Numerical Limitations of INA 201 and 202

SOURCE: 56 FR 49676, Oct. 1, 1991, unless otherwise noted.

§ 42.21 Immediate relatives.

(a) Entitlement to status. An alien who is a spouse or child of a United States citizen, or a parent of a U.S. citizen at least 21 years of age, shall be classified as an immediate relative under INA 201(b) if the consular officer has received from DHS an approved Petition to Classify Status of Alien Relative for Issuance of an Immigrant Visa, filed on the alien’s behalf by the U.S. citizen and approved in accordance with INA 204, and the officer is satisfied that the alien has the relationship claimed in the petition. An immediate relative shall be documented as such unless the

(a) For purposes of this section, the definitions in 22 CFR 96.2 apply.

(b) On or after the Convention effective date, as defined in 22 CFR 96.17, a child habitually resident in a Convention country who is adopted by a United States citizen deemed to be habitually resident in the United States in accordance with applicable DHS regulations must qualify for visa status under the provisions of INA section 101(b)(1)(G) as provided in this section.
§42.24

22 CFR Ch. 1 (4–1–10 Edition)

Such a child shall not be accorded status under INA section 101(b)(1)(F), provided that a child may be accorded status under INA section 101(b)(1)(F) if Form I-600A or I-600 was filed before the Convention effective date. Although this part 42 generally applies to the issuance of immigrant visas, this section 42.24 may also provide the basis for issuance of a nonimmigrant visa to permit a Convention adoptee to travel to the United States for purposes of naturalization under INA section 322.

(c) The provisions of this section govern the operations of consular officers in processing cases involving children for whom classification is sought under INA section 101(b)(1)(G), unless the Secretary of State has personally waived any requirement of the IAA or these regulations in a particular case in the interests of justice or to prevent grave physical harm to the child, to the extent consistent with the Convention.

(d) An alien child shall be classifiable under INA section 101(b)(1)(G) only if, before the child is adopted or legal custody for the purpose of adoption is granted, a petition for the child has been received and provisionally approved by a DHS officer or, where authorized by DHS, by a consular officer, and a visa application for the child has been received and annotated in accordance with paragraph (h) of this section by a consular officer. No alien child shall be issued a visa pursuant to INA section 101(b)(1)(G) unless the petition and visa application are finally approved.

(e) If a petition for a child under INA section 101(b)(1)(G) is properly filed with a consular officer, the consular officer will review the petition for the purpose of determining whether it can be provisionally approved in accordance with applicable DHS requirements. If a properly completed application for waiver of inadmissibility is received by a consular officer at the same time that a petition for a child under INA section 101(b)(1)(G) is received, provisional approval cannot take place unless the waiver is approved, and therefore the consular officer, pursuant to 8 CFR 204.313(i)(3) and 8 CFR 212.7, will forward the petition and the waiver application to DHS for decisions as to approval of the waiver and provisional approval of the petition. If a petition for a child under INA section 101(b)(1)(G) is received by a DHS officer, the consular officer will conduct any reviews, determinations or investigations requested by DHS with regard to the petition and classification determination in accordance with applicable DHS procedures.

(f) A petition shall be provisionally approved by the consular officer if, in accordance with applicable DHS requirements, it appears that the child will be classifiable under INA section 101(b)(1)(G) and that the proposed adoption or grant of legal custody will be in compliance with the Convention. If the consular officer knows or has reason to believe the petition is not provisionally approvable, the consular officer shall forward it to DHS pursuant to 8 CFR 204.313(i)(3).

(g) After a petition has been provisionally approved, a completed visa application form, any supporting documents required pursuant to §42.63 and §42.65, and any required fees must be submitted to the consular officer in accordance with §42.61 for a provisional review of visa eligibility. The requirements in §42.62, §42.64, §42.66 and §42.67 shall also be satisfied to the extent practicable.

(h) A consular officer shall provisionally determine visa eligibility based on a review of the visa application, submitted supporting documents, and the provisionally approved petition. In so doing, the consular officer shall follow all procedures required to adjudicate the visa to the extent possible in light of the degree of compliance with §§42.62 through 42.67. If it appears, based on the available information, that the child would not be eligible under INA section 212 or other applicable law to receive a visa, the consular officer shall so annotate the visa application. If evidence of an ineligibility is discovered during the review of the visa application, and the ineligibility was not waived in conjunction with provisional approval of the petition, the prospective adoptive parents shall be informed of the ineligibility and given an opportunity to establish that it will be overcome. If the visa application cannot be
annotated as described above, the consular officer shall deny the visa in accordance with §42.81, regardless of whether the application has yet been executed in accordance with §42.67(a); provided however that, in cases in which a waiver may be available under the INA and the consular officer determines that the visa application appears otherwise approvable, the consular officer shall inform the prospective adoptive parents of the procedure for applying to DHS for a waiver. If in addition the consular officer comes to know or have reason to believe that the petition is not clearly approvable as provided in 8 CFR 204.313(i)(3), the consular officer shall forward the petition to DHS pursuant to that section.

(l) After the consular officer determines whether to issue the certificate described in paragraph (j) of this section, the consular officer shall finally adjudicate the petition and visa application in accordance with standard procedures.

(m) If the consular officer is unable to give final approval to the visa application or the petition, then the consular officer shall forward the petition to DHS, pursuant to §42.43 or 8 CFR 204.313(i)(3), as applicable, for appropriate action in accordance with applicable DHS procedures, and/or refuse the visa application in accordance with §42.81. The consular officer shall notify the country of origin that the visa has been refused.

Subpart D—Immigrants Subject to Numerical Limitations

SOURCE: 56 FR 49676, Oct. 1, 1991, unless otherwise noted.

§42.31 Family-sponsored immigrants.

(a) Entitlement to status. An alien shall be classifiable as a family-sponsored immigrant under INA 203(a) (1), (2), (3) or (4) if the consular officer has received from DHS a Petition to Classify Status of Alien Relative for Issuance of Immigrant Visa approved in accordance with INA 204 to accord the alien such preference status, or official notification of such an approval, and the consular officer is satisfied that the alien has the relationship to the petitioner indicated in the petition. In the case of a petition according an alien status under INA 203(a) (1) or (3) or status as an unmarried son or daughter under INA 203(a)(2), the petitioner must be a “parent” as defined in INA 101(b)(2) and 22 CFR 40.1. In the case of a petition to accord an alien status under INA 203(a)(4) filed on or after January 1, 1977, the petitioner must be at least twenty-one years of age.

(b) Entitlement to derivative status. Pursuant to INA 203(d), and whether or not named in the petition, the child of a family-sponsored first, second, third or fourth preference immigrant or the spouse of a family-sponsored third or
fourth preference immigrant, if not otherwise entitled to an immigrant status and the immediate issuance of a visa, is entitled to a derivative status corresponding to the classification and priority date of the beneficiary of the petition.

§ 42.32 Employment-based preference immigrants.

Aliens subject to the worldwide level specified in section 201(d) for employment-based immigrants in a fiscal year shall be allotted visas as indicated below.

(a) First preference—Priority workers—(1) Entitlement to status. An alien shall be classifiable as an employment-based first preference immigrant under INA 203(b)(1) if the consular office has received from DHS a Petition for Immigrant Worker approved in accordance with INA 204 to accord the alien such preference status, or official notification of such an approval, and the consular officer is satisfied that the alien is within one of the classes described in INA 203(b)(1).

(2) Entitlement to derivative status. Pursuant to INA 203(d), and whether or not named in the petition, the child or spouse of an employment-based first preference immigrant, if not otherwise entitled to an immigrant status and the immediate issuance of a visa, is entitled to a derivative status corresponding to the classification and priority date of the beneficiary of the petition.

(b) Second preference—Professionals with advanced degrees or persons of exceptional ability—(1) Entitlement to status. An alien shall be classifiable as an employment-based second preference immigrant under INA 203(b)(2) if the consular office has received from DHS a Petition for Immigrant Worker approved in accordance with INA 204 to accord the alien such preference status, or official notification of such an approval, and the consular officer is satisfied that the alien is within one of the classes described in INA 203(b)(2).

(2) Entitlement to derivative status. Pursuant to INA 203(d), and whether or not named in the petition, the child or spouse of an employment-based second preference immigrant, if not otherwise entitled to an immigrant status and the immediate issuance of a visa, is entitled to a derivative status corresponding to the classification and priority date of the beneficiary of the petition.

(c) Third preference—Skilled workers, professionals, other workers—(1) Entitlement to status. An alien shall be classifiable as an employment-based third preference immigrant under INA 203(b)(3) if the consular officer has received from DHS a Petition for Immigrant Worker approved in accordance with INA 204 to accord the alien such preference status, or official notification of such an approval, and the consular officer is satisfied that the alien is within one of the classes described in INA 203(b)(3).

(2) Entitlement to derivative status. The Department will establish a period of not less than thirty days during each fiscal year within which aliens may submit petitions for approval of eligibility to apply for visa issuance during the following fiscal year. Each fiscal year the Department will give timely notice of both the website address and the exact dates of the petition submission period, as well as other pertinent information, through publication in the Federal Register and such other methods as will ensure the widest possible dissemination of the information, both abroad and within the United States.

(c) Processing of petitions. Entries received during the petition submission period established for the fiscal year in question and meeting all of the requirements of paragraph (b) of this section will be assigned a number in a separate numerical sequence established for each regional area specified in INA 203(c)(1)(F). Upon completion of the numbering of all petitions, all numbers assigned for each region will be separately rank-ordered at random by a computer using standard computer software for that purpose. The Department will then select in the rank orders determined by the computer program a quantity of petitions for each region estimated to be sufficient to ensure, to the extent possible, usage of all immigrant visas authorized under INA 203(c) for the fiscal year in question. The Department will consider petitions selected in this manner to have been approved for the purposes of this section.

(i) Processing fee. [68 FR 49355, Aug. 18, 2003, as amended at 73 FR 7670, Feb. 11, 2008]
from authorizations for preceding months in the same fiscal year.

(b) Allocation of numbers. (1) An immigrant having an immigrant visa is excluded from the United States and deported;

(2) An immigrant does not apply for admission to the United States before the expiration of the validity of the visa;

Notwithstanding the provisions of paragraph (a) of this section, an alien who, prior to January 1, 1977, was subject to the numerical limitation specified in section 21(e) of the Act of October 3, 1965, and who was registered as a Western Hemisphere immigrant with a priority date prior to January 1, 1977, shall retain that priority date as a preference immigrant upon approval of a petition according status under INA 203 (a) or (b).

(c) Derivative priority date for spouse or child of principal alien. A spouse or child of a principal alien acquired prior to the principal alien’s admission shall be entitled to the priority date of the principal alien, whether or not named in the immigrant visa application of the principal alien. A child born of a marriage which existed at the time of a principal alien’s admission to the United States is considered to have been acquired prior to the principal alien’s admission.

§ 42.54 Order of consideration.

(a) General. Consular officers shall request applicants to take the steps necessary to meet the requirements of INA 222(b) in order to apply formally for a visa as follows:

Subpart G—Application for Immigrant Visas

§ 42.61 Place of application.

(a) Alien to apply in consular district of residence. Unless otherwise directed by the Department, an alien applying for an immigrant visa shall make application at the consular office having jurisdiction over that area if the alien can establish that he or she will be able to remain in the area for the period required to process the application. Finally, a consular office may, as a matter of discretion, or shall, at the direction of the Department, accept an immigrant visa application from an alien who is neither a resident of, nor physically present in, the United States, if the alien physically present in the United States shall be considered to be a resident of the area of his or her last residence prior to entry into the United States.

(b) Transfer of immigrant visa cases. (1) All documents, papers, and other evidence relating to an applicant whose case is pending or has been refused at one post may be transferred to another post at the applicant’s request and risk when there is reasonable justification for the transfer and the transferring post has no reason to believe that the alien will be unable to appear at the receiving post.
(2) Any approved petition granting immediate relative or preference status should be included among the documents when a case is transferred from one post to another.

(3) In no case may a visa number be transferred from one post to another. A visa number which cannot be used as a result of the transfer must be returned to the Department immediately.

§ 42.64 Passport requirements.

(a) Passport defined. Passport, as defined in INA 101(a)(30), is not limited to a national passport or to a single document. A passport may consist of two or more documents which, when considered together, fulfill the requirements of a passport, provided that documentary evidence of permission to enter a foreign country has been issued by a competent authority and clearly meets the requirements of INA 101(a)(30).

(b) Passport validity requirements. Except as provided in § 42.2, every applicant for an immigrant visa shall present a passport, as defined in INA 101(a)(30), that is valid for at least 60 days beyond the period of validity of the visa. The 60-day additional validity requirement does not apply to an applicant who would be excepted as provided in § 42.2 were it not for the fact that the applicant is applying in the country of which the applicant is a national and
the possession of a passport is required for departure. Such an applicant may be issued a visa valid for 6 months or for such shorter period as will assure its expiration in unison with the passport.

(c) A single passport including more than one person. The passport requirement of this section may be met by the presentation of a passport including more than one person, if such inclusion is authorized under the laws or regulations of the issuing authority and if a photograph of each person 16 years of age or over is attached to the passport by the issuing authority.

§ 42.65 Supporting documents.

(a) Authority to require documents. The consular officer is authorized to require documents considered necessary to establish the alien’s eligibility to receive an immigrant visa. All such documents submitted and other evidence presented by the alien, including briefs submitted by attorneys or other representatives, shall be considered by the officer.

(b) Basic documents required. An alien applying for an immigrant visa shall be required to furnish, if obtainable: A copy of a police certificate or certificates; a certified copy of any existing prison record, military record, and record of birth; and a certified copy of all other records or documents which the consular officer considers necessary.

(c) Definitions. (1) Police certificate means a certification by the police or other appropriate authorities reporting information entered in their records relating to the alien. In the case of the country of an alien’s nationality and the country of an alien’s current residence (as of the time of visa application) the term “appropriate police authorities” means those of a country, area or locality in which the alien has resided for at least six months. In the case of all other countries, areas, or localities, the term “appropriate police authorities” means the authorities of any country, area, or locality in which the alien has resided for at least one year. A consular officer may require a police certificate regardless of length of residence in any country if he or she has reason to believe that a police record exists in the country, area, or locality concerned.

(2) Prison record means an official document containing a report of the applicant’s record of confinement and conduct in a penal or correctional institution.

(3) Military record means an official document containing a complete record of the applicant’s service and conduct while in military service, including any convictions of crime before military tribunals as distinguished from other criminal courts. A certificate of discharge from the military forces or an enrollment book belonging to the applicant shall not be acceptable in lieu of the official military record, unless it shows the alien’s complete record while in military service. The applicant may, however, be required to present for inspection such a discharge certificate or enrollment book if deemed necessary by the consular officer to establish the applicant’s eligibility to receive a visa.

(4) A certified copy of an alien’s record of birth means a certificate issued by the official custodian of birth records in the country of birth showing the date and place of birth and the parentage of the alien, based upon the original registration of birth.

(5) Other records or documents include any records or documents establishing the applicant’s relationship to a spouse or children, if any, and any records or documents pertinent to a determination of the applicant’s identity, classification, or any other matter relating to the applicant’s visa eligibility.

(d) Unobtainable documents. (1) If the consular officer is satisfied, or the catalogue of available documents prepared by the Department indicates, that any document or record required under this section is unobtainable, the officer may permit the immigrant to submit other satisfactory evidence in lieu of such document or record. A document or other record shall be considered unobtainable if it cannot be procured without causing to the applicant or a family member actual hardship as opposed to normal delay and inconvenience.
(2) If the consular officer determines that a supporting document, as described in paragraph (b) of this section, is in fact unobtainable, although the catalogue of available documents shows it is available, the officer shall affix to the visa application a signed statement describing in detail the reasons for considering the record or document unobtainable and for accepting the particular secondary evidence attached to the visa.

(e) Authenticity of records and documents. If the consular officer has reason to believe that a required record or document submitted by an applicant is not authentic or has been altered or tampered with in any material manner, the officer shall take such action as may be necessary to determine its authenticity or to ascertain the facts to which the record or document purports to relate.

(f) Photographs. Every alien shall furnish color photographs of the number and specifications prescribed by the Department, except that, in countries where facilities for producing color photographs are unavailable as determined by the consular officer, black and white photographs may be substituted.

§ 42.67 Execution of application, registration, and fingerprinting.

(a) Execution of visa application—(1) Application fee. A fee is prescribed for each application for an immigrant visa. It shall be collected prior to the execution of the application and a receipt shall be issued.

(2) Oath and signature. The applicant shall be required to read the Form DS–230, Application for Immigrant Visa and Alien Registration, when it is completed, or it shall be read to the alien in the alien’s language, or the alien otherwise informed of its full contents. Aliens shall be asked whether they are willing to subscribe thereto. If the alien is not willing to subscribe to the application unless changes are made in the information stated therein, the required changes shall be made. The application shall then be sworn to or affirmed and signed by or on behalf of the applicant before a consular officer, or a designated officer of the American Institute of Taiwan, who shall then sign the application over the officer’s title.

(b) Registration. The alien shall be considered to be registered for the purposes of INA 221(b) and 203(g) upon the filing of Form DS–230, when duly executed, or the transmission by the Department to the alien of a notification of the availability of an immigrant visa, whichever occurs first.

(c)(1) Fingerprinting. An alien may be required at any time prior to the execution of Form DS–230 to have a set of fingerprints taken if such procedure is necessary for purposes of identification or investigation.

(2) NCIC name check response. When an automated database name check query indicates that an immigrant applicant may have a criminal history record indexed in an NCIC database, the applicant shall be required to have a set of fingerprints taken in order for the Department to obtain such record. The applicant must pay the fingerprint
§ 42.68 Informal evaluation of family members if principal applicant precedes them.

(a) Preliminary determination of visa eligibility. If a principal applicant proposes to precede the family to the United States, the consular officer may arrange for an informal examination of the other members of the principal applicant’s family in order to determine whether there exists at that time any mental, physical, or other ground of ineligibility on their part to receive a visa.

(b) When family member ineligible. In the event the consular officer finds that any member of such family would be ineligible to receive an immigrant visa, the principal applicant shall be informed and required to acknowledge receipt of this information in writing.

(c) No guarantee of future eligibility. A determination in connection with an informal examination that an alien appears to be eligible for a visa carries no assurance that the alien will be issued an immigrant visa in the future. The principal applicant shall be so informed and required to acknowledge receipt of this information in writing.

Subpart H—Issuance of Immigrant Visas

§ 42.71 Authority to issue visas; visa fees.

(a) Authority to issue visas. Consular officers may issue immigrant visas at designated consular offices abroad pursuant to the authority contained in INA 101(a)(16), 221(a), and 222. (Consular offices designated to issue immigrant visas are listed periodically in Visa Office Bulletins published at www.travel.state.gov by the Department of State.) A consular officer assigned to duty in the territory of a country against which the sanctions provided in INA 243(d) have been invoked must not issue an immigrant visa to an alien who is a national, citizen, subject, or resident of that country, unless the officer has been informed that the sanction has been waived by DHS in the case of an individual alien or a specified class of aliens.

(b) Immigrant visa fees. The Secretary of State prescribes a fee for the processing of immigrant visa applications. An individual registered for immigrant visa processing at a post designated for this purpose by the Deputy Assistant Secretary for Visa Services must pay the processing fee upon being notified that a visa is expected to become available in the near future and being requested to obtain the supporting documentation needed to apply formally for a visa. A fee collected for the processing of an immigrant visa application is refundable only if the principal officer of a post or the officer in charge of a consular section determines that the application was not adjudicated as a result of action by the U.S. Government over which the alien had no control and for which the alien was not responsible, that precluded the applicant from benefiting from the processing.

§ 42.72 Validity of visas.

(a) Period of validity. With the exception indicated herein, the period of validity of an immigrant visa shall not exceed six months, beginning with the date of issuance. Any visa issued to a child lawfully adopted by a U.S. citizen and spouse while such citizen is serving abroad in the U.S. Armed Forces, is employed abroad by the U.S. Government, or is temporarily abroad on business, however, shall be valid until such time, for a period not to exceed 3 years, as the adoptive citizen parent returns to the United States in the course of that parent’s military service, U.S. Government employment, or business.

(b) Extension of period of validity. If the visa was originally issued for a period of validity less than the maximum authorized by paragraph (a) of this section, the consular officer may extend the validity of the visa up to but not exceeding the maximum period permitted. If an immigrant applies for an extension at a consular office other than that at which the alien's visa was originally issued, the officer in charge of the consular section concerned shall not extend the period of validity except as described in paragraph (a).
than the issuing office, the consular officer shall, unless the officer is satisfied beyond doubt that the alien is eligible for the extension, communicate with the issuing office to determine if there is any objection to an extension. In extending the period of validity, the officer shall make an appropriate notation on the visa of the new expiration date, sign the document with title indicated, and impress the seal of the office thereon.

(c) [Reserved]
(d) Age and marital status in relation to validity of certain immigrant visas. In accordance with § 42.64(b), the validity of a visa may not extend beyond a date sixty days prior to the expiration of the passport. The period of validity of a visa issued to an immigrant as a child shall not extend beyond the day immediately preceding the date on which the alien becomes 21 years of age. The consular officer shall warn an alien, when appropriate, that the alien will be admissible as such an immigrant only if unmarried and under 21 years of age at the time of application for admission at a U.S. port of entry. The consular officer shall also warn an alien issued a visa as a first or second preference immigrant as an unmarried son or daughter of a citizen or lawful permanent resident of the United States that the alien will be admissible as such an immigrant only if unmarried and under 21 years of age at the time of application for admission at a U.S. port of entry.

§ 42.73 Procedure in issuing visas.

(a) Insertion of data. In issuing an immigrant visa, the issuing office shall insert the pertinent information in the designated blank spaces provided on Form OF–55B, Immigrant Visa and Alien Registration, in accordance with the instructions contained in this section.

(1) A symbol as specified in §42.11 shall be used to indicate the classification of the immigrant.

(2) An immigrant visa issued to an alien subject to numerical limitations shall bear a number allocated by the Department. The foreign state or dependent area limitation to which the alien is chargeable shall be entered in the space provided.

(3) No entry need be made in the space provided for foreign state or other applicable area limitation on visas issued to aliens in the classifications set forth in §42.12(a)(1)–(7), but such visas may be numbered if a post voluntarily uses a consecutive post numbering system.

(4) The date of issuance and the date of expiration of the visa shall be inserted in the proper places on the visa and show the day, month, and year in that order, with the name of the month spelled out, as in “24 December 1986.”

(5) In the event the passport requirement has been waived under §42.2, a notation shall be inserted in the space provided for the passport number, setting forth the authority (section and paragraph) under which the passport was waived.

(6) A signed photograph shall be attached in the space provided on Form OF–55B by the use of a legend machine, unless specific authorization has been granted by the Department to use the impression seal.

(b) Documents comprising an immigrant visa. An immigrant visa consists of Form OF–155B and Form DS–230, Application for Immigrant Visa and Alien Registration, properly executed, and a copy of each document required pursuant to §42.63.

(c) Arrangement of visa documentation. Form OF–155B shall be placed immediately above Form DS–230 and the supporting documents attached thereto. Any document required to be attached to the visa, if furnished to the consular officer by the alien’s sponsor or other person with a request that the contents not be divulged to the visa applicant, shall be placed in an envelope and sealed with the impression seal of the consular office before being attached to the visa. If an immigrant visa is issued to an alien in possession of a United States reentry permit, valid or expired, the consular officer shall attach the permit to the immigrant visa for disposition by DHS at the port of entry. (Documents having no bearing on the alien’s qualifications or eligibility to receive a visa may be
§ 42.74 Issuance of new or replacement visas.

(a) New immigrant visa for a special immigrant under INA 101(a)(27)(A) and (B).

(1) The consular officer may issue a new immigrant visa to a qualified alien entitled to status under INA 101(a)(27)(A) or (B), who establishes:
   (i) That the original visa has been lost, mutilated or has expired, or
   (ii) The alien will be unable to use it during the period of its validity;

(2) Provided:
   (i) The alien pays anew the application processing fees prescribed in the Schedule of Fees; and
   (ii) The consular officer ascertains whether the original issuing office knows of any reason why a new visa should not be issued.

(b) Replacement immigrant visa for an immediate relative or for an alien subject to numerical limitation.

(1) A consular officer may issue a replacement visa to a qualified alien entitled to status under INA 201(b)(2), a family or employment preference immigrant (INA 203(a) or (b)), or a diversity immigrant (INA 203(c)), if—
   (i) The alien is unable to use the visa during the period of its validity due to reasons beyond the alien’s control;
   (ii) The visa is issued during the same fiscal year in which the original visa was issued, or in the following year, in the case of an immediate relative only, if the original number had been reported as recaptured;
   (iii) The number has not been returned to the Department as a “recaptured visa number” in the case of a preference or diversity immigrant;
   (iv) The alien pays anew the application and processing fees prescribed in the Schedule of Fees; and
   (v) The consular officer ascertains whether the original issuing office knows of any reason why a new visa should not be issued.

(2) In issuing a visa under this paragraph (b), the consular officer shall insert the word “REPLACE” on Form OF–155B, Immigrant Visa and Alien Registration, before the word “IMMIGRANT” in the title of the visa.

(c) Duplicate visas issued within the validity period of the original visa. If the validity of a visa previously issued has not yet terminated and the original visa has been lost or mutilated, a duplicate visa may be issued containing all of the information appearing on the original visa, including the original issuance and expiration dates. The applicant shall execute a new application and provide copies of the supporting documents submitted in support of the original application. The alien must pay anew the application processing fees prescribed in the Schedule of Fees. In issuing a visa under this paragraph, the consular officer shall insert the word “DUPLICATE” on Form OF–155B before the word “IMMIGRANT” in the title of the visa.

Subpart I—Refusal, Revocation, and Termination of Registration

§ 42.81 Procedure in refusing individual visas.

(a) Issuance or refusal mandatory.

When a visa application has been properly completed and executed before a consular officer in accordance with the provisions of INA and the implementing regulations, the consular officer must either issue or refuse the visa under INA 212(a) or INA 221(g) or other applicable law. Every refusal must be in conformance with the provisions of 22 CFR 40.6.

(b) Refusal procedure. A consular officer may not refuse an immigrant visa until Form DS–230, Application for Immigrant Visa and Alien Registration,
has been executed by the applicant. When an immigrant visa is refused, an appropriate record shall be made in duplicate on a form prescribed by the Department. The form shall be signed and dated by the consular officer. The consular officer shall inform the applicant of the provision of law or implementing regulation on which the refusal is based and of any statutory provisions under which administrative relief is available. Each document related to the refusal shall then be attached to Form DS–230 for retention in the refusal files. Any documents not related to the refusal shall be returned to the applicant. If the grounds of ineligibility may be overcome by the presentation of additional evidence and the applicant indicates an intention to submit such evidence, all documents may, with the consent of the alien, be retained in the consular files for a period not exceeding one year. If the refusal has not been overcome within one year, any documents not relating to the refusal shall be removed from the file and returned to the alien.

c. Review of refusal at consular office. If the grounds of ineligibility upon which the visa was refused cannot be overcome by the presentation of additional evidence and the applicant indicates an intention to submit such evidence, all documents may, with the consent of the alien, be retained in the consular files for a period not to exceed one year. If the refusal has not been overcome within one year, any documents not relating to the refusal shall be returned to the applicant. If the grounds of ineligibility may be overcome by the presentation of additional evidence, the principal consular officer at a post, or a specifically designated alternate, shall review the case without delay, record the review decision, and sign and date the prescribed form. If the grounds of ineligibility may be overcome by the presentation of additional evidence and the applicant indicates an intention to submit such evidence, a review of the refusal may be deferred. If the principal consular officer or alternate does not concur in the refusal, that officer shall either (1) refer the case to the Department for an advisory opinion, or (2) assume responsibility for final action on the case.

d. Review of refusal by Department. The Department may request a consular officer in an individual case or in specified classes of cases to submit a report if an immigrant visa has been refused. The Department will review each report and may furnish an advisory opinion to the consular officer for assistance in considering the case further. If the officer believes that action contrary to an advisory opinion should be taken, the case shall be resubmitted to the Department with an explanation of the proposed action. Rulings of the Department concerning an interpretation of law, as distinguished from an application of the law to the facts, are binding upon consular officers.

e. Reconsideration of refusal. If a visa is refused, and the applicant within one year from the date of refusal adduces further evidence tending to overcome the ground of ineligibility on which the refusal was based, the case shall be reconsidered. In such circumstance, an additional application fee shall not be required.
to present the visa for cancellation does not affect the validity of any action taken to revoke it.

(d) Notice to carriers. Notice of revocation of a visa shall be given to the master, commanding officer, agent, owner, charterer, or consignee of the carrier or transportation line on which it is believed the alien intends to travel to the United States, unless the visa has been canceled as provided in paragraph (c) of this section.

(e) Notice to Department. The consular officer shall promptly submit notice of the revocation, including a full report of the facts in the case, to the Department for transmission to the DHS. A report is not required if the visa has been physically canceled prior to the alien's departure for the United States.

(f) Record of action. Upon the revocation of an immigrant visa, the consular officer shall make appropriate notation for the post file of the action taken, including a statement of the reasons therefor, and if the revocation of the visa is effected at other than the issuing office, a report of the action taken shall be sent to that office.

(g) Reconsideration of revocation. (1) The consular officer shall consider any evidence submitted by the alien or the alien's attorney or representative in connection with a request that the revocation of the visa be reconsidered. If the officer finds that the evidence is sufficient to overcome the basis for the revocation, a new visa shall be issued. A memorandum regarding the action taken and the reasons therefore shall be placed in the consular files and appropriate notification made promptly to the carriers concerned, the Department, and the issuing office if notice of revocation has been given in accordance with paragraphs (d), (e), and (f) of this section.

(2) In view of the provisions of §42.71(b) providing for the refund of fees when the visa has not been used as a result of action by the U.S. Government, no fees shall be collected in connection with the application for or issuance of such a reinstated visa.

§ 42.83 Termination of registration.

(a) Termination following failure of applicant to apply for visa. In accordance with INA 205(g), an alien's registration for an immigrant visa shall be terminated if, within one year after transmission of a notification of the availability of an immigrant visa, the applicant fails to apply for an immigrant visa.

(b) Termination following visa refusal. An alien's registration for an immigrant visa shall be terminated if, within one year following the refusal of the immigrant visa application under INA 221(g), the alien has failed to present to a consular officer evidence purporting to overcome the basis for refusal.

(c) Notice of termination. Upon the termination of registration under paragraph (a) of this section, the National Visa Center (NVC) shall notify the alien of the termination. The NVC shall also inform the alien of the right to have the registration reinstated if the alien, before the end of the second year after the missed appointment date if paragraph (a) applies, establishes to the satisfaction of the consular officer at the post where the alien is registered that the failure to apply for an immigrant visa was due to circumstances beyond the alien's control.

(d) Reinstatement of registration. If the consular officer is satisfied that an alien, as provided for in paragraph (c) of this section, has established that failure to apply as scheduled for an immigrant visa or to present evidence purporting to overcome ineligibility under INA 221(g) was due to circumstances beyond the alien's control, the consular officer shall reinstate the alien's registration for an immigrant visa. Any petition approved under INA 204(b) which had been automatically revoked as a result of the termination of registration shall be considered to be
automatically reinstated if the registration is reinstated.

(e) Interpretation of ‘circumstances beyond alien’s control’. For the purpose of this section, the term “circumstances beyond the alien’s control” includes, but is not limited to, an illness or other physical disability preventing the alien from traveling, a refusal by the authorities of the country of an alien’s residence to grant the alien permission to depart as an immigrant, and foreign military service.

(a) Any alien, other than an enemy alien, whose departure has been temporarily prevented under the provisions of §46.2 may, within 15 days of the service upon him of the written order temporarily preventing his departure, request a hearing before a special inquiry officer. appear in person before the special inquiry officer, (2) to be represented by counsel of his own choice, (3) to have the opportunity to be heard and to present evidence, (4) to cross-examine the witnesses who appear at the hearing, except that if, in the course of the examination, it appears that further examination may divulge information of a confidential or security nature, the special inquiry officer may, in his discretion, preclude further examination of the witness with respect to such matters, (5) to examine any evidence in possession of the Government which is to be considered in the disposition of the case, provided that such evidence is not of a confidential or security nature the disclosure of which would be prejudicial to the interests of the United States, (6) to have the time and opportunity to produce evidence and witnesses on his own behalf, and (7) to reasonable continuances upon request, for good cause shown.

(c) Any special inquiry officer who is assigned to conduct the hearing provided for in this section shall have the authority to: (1) Administer oaths and affirmations, (2) present and receive evidence, (3) interrogate, examine, and cross-examine under oath or affirmation both the alien and witnesses, (4) rule upon all objections to the introduction of evidence or motions made during the course of the hearing, (5) take or cause depositions to be taken, (6) issue subpoenas, and (7) take any further action consistent with applicable provisions of law, executive orders, proclamations, and regulations.

§ 46.5 Hearing procedure before special inquiry officer.

(a) The hearing before the special inquiry officer shall be conducted in accordance with the following procedure:

(1) The special inquiry officer shall advise the alien of the rights and privileges accorded him under the provisions of § 46.4.

(2) The special inquiry officer shall enter of record (i) a copy of the order served upon the alien temporarily preventing his departure from the United States, and (ii) a copy of the notice of hearing furnished the alien.

(3) The alien shall be interrogated by the special inquiry officer as to the matters considered pertinent to the proceeding, with opportunity reserved to the alien to testify thereafter in his own behalf, if he so chooses.

(4) The special inquiry officer shall present on behalf of the Government such evidence, including the testimony of witnesses and the certificates or written statements of Government officials or other persons, as may be necessary and available. In the event such certificates or statements are received in evidence, the alien may request and, in the discretion of the special inquiry officer, be given an opportunity to interrogate such officials or persons, by deposition or otherwise, at a time and place and in a manner fixed by the special inquiry officer: Provided, That when in the judgment of the special inquiry officer any evidence relative to the disposition of the case is of a confidential or security nature the disclosure of which would be prejudicial to the interests of the United States, such evidence shall not be presented at the hearing but shall be taken into consideration in arriving at a decision in the case.

(5) The alien may present such additional evidence, including the testimony of witnesses, as is pertinent and available.

(b) A complete verbatim transcript of the hearing, except statements made off the record, shall be recorded. The alien shall be entitled, upon request, to the loan of a copy of the transcript, without cost, subject to reasonable conditions governing its use.

(c) Following the completion of the hearing, the special inquiry officer shall make and render a recommended decision in the case, which shall be governed by and based upon the evidence presented at the hearing and any evidence of a confidential or security nature which the Government may have in its possession. The decision of the special inquiry officer shall recommend (1) that the temporary order preventing the departure of the alien from the United States be made final, or (2) that the temporary order preventing the departure of the alien from
the United States be revoked. This recommended decision of the special inquiry officer shall be made in writing and shall set forth the officer’s reasons for such decision. The alien concerned shall at his request be furnished a copy of the recommended decision of the special inquiry officer, and shall be allowed a reasonable time, not to exceed 10 days, in which to submit representations with respect thereto in writing.

(d) As soon as practicable after the completion of the hearing and the rendering of a decision by the special inquiry officer, the district director shall forward the entire record of the case, including the recommended decision of the special inquiry officer and any written representations submitted by the alien, to the regional commissioner having jurisdiction over his district. After reviewing the record, the regional commissioner shall render a decision in the case, which shall be based upon the evidence in the record and on any evidence or information of a confidential or security nature which he deems pertinent. Whenever any decision is based in whole or in part on confidential or security information not included in the record, the decision shall state that such information was considered. A copy of the regional commissioner’s decision shall be furnished the alien, or his attorney or representative. No administrative appeal shall lie from the regional commissioner’s decision.

(e) Notwithstanding any other provision of this part, the Administrator of the Bureau of Security and Consular Affairs referred to in section 104(b) of the Immigration and Nationality Act, or such other officers of the Department of State as he may designate, after consultation with the Commissioner, or such other officers of the Immigration and Naturalization Service as he may designate, may at any time permit the departure of an individual alien or of a group of aliens from the United States if he determines that such action would be in the national interest. If the Administrator specifically requests the Commissioner to prevent the departure of a particular alien or of a group of aliens, the Commissioner shall not permit the departure of such alien or aliens until he has consulted with the Administrator.

(f) In any case arising under §46.1 to 46.7, the Administrator shall, at his request, be kept advised, in as much detail as he may indicate is necessary, of the facts and of any action taken or proposed.

§ 46.6 Departure from the Canal Zone, the Trust Territory of the Pacific Islands, or outlying possessions of the United States.

(a) In addition to the restrictions and prohibitions imposed by the provisions of this part upon the departure of aliens from the United States, any alien who seeks to depart from the Canal Zone, the Trust Territory of the Pacific Islands, or an outlying possession of the United States shall comply with such other restrictions and prohibitions as may be imposed by regulations prescribed, with the concurrence of the Administrator of the Bureau of Security and Consular Affairs and the Commissioner, by the Governor of the Canal Zone, the High Commissioner of the Trust Territory of the Pacific Islands, or by the governor of an outlying possession of the United States, respectively. No alien shall be prevented from departing from such zone, territory, or possession without first being accorded a hearing as provided in §§46.4 and 46.5.

(b) The Governor of the Canal Zone, the High Commissioner of the Trust Territory of the Pacific Islands, or the governor of any outlying possession of the United States shall have the authority to designate any employee or class of employees of the United States as hearing officers for the purpose of conducting the hearing referred to in paragraph (a) of this section. The hearing officer so designated shall exercise the same powers, duties, and functions as are conferred upon special inquiry officers under the provisions of this part. The chief executive officer of such zone, territory, or possession shall, in lieu of the regional commissioner, review the recommended decision of the hearing officer, and shall render a decision in any case referred
§ 46.7 Instructions from the Administrator required in certain cases.

In the absence of appropriate instructions from the Administrator of the Bureau of Security and Consular Affairs, departure-control officers shall not exercise the authority conferred by § 46.2 in the case of any alien who seeks to depart from the United States in the status of a nonimmigrant under section 101(a)(15) (A) or (G) of the Immigration and Nationality Act, or in the status of a nonimmigrant under section 11(3), 11 (4), or 11(5) of the Agreement between the United Nations and the United States of America regarding the Headquarters of the United Nations (61 Stat. 756): Provided, That in cases of extreme urgency, where the national security so requires, a departure-control officer may preliminarily exercise the authority conferred by § 46.2 pending the outcome of consultation with the Administrator, which shall be undertaken immediately. In all cases arising under this section, the decision of the Administrator shall be controlling: Provided, That any decision to prevent the departure of an alien shall be based upon a hearing and record as prescribed in this part.

§ 50.1 Definitions.

The following definitions shall be applicable to this part:

(a) United States means the continental United States, the State of Hawaii, the Commonwealth of Puerto Rico, the Virgin Islands of the United States, the Canal Zone, American Samoa, Guam and any other islands or territory over which the United States exercises jurisdiction.

(b) Department means the Department of State of the United States of America.

(c) Secretary means the Secretary of State.

(d) National means a citizen of the United States or a noncitizen owing permanent allegiance to the United States.

(e) Passport means a travel document issued under the authority of the Secretary of State attesting to the identity and nationality of the bearer.

(g) Designated nationality examiner means a United States citizen employee of the Department of State assigned or employed abroad (permanently or temporarily) and designated by the Deputy Assistant Secretary of State for Overseas Citizen Services, to grant, issue and verify U.S. passports. A designated nationality examiner may adjudicate claims of acquisition and loss of United States nationality and citizenship as required for the purpose of providing passport and related services. The authority of designated nationality examiners shall include the authority to examine, adjudicate, approve and deny passport applications and applications for related services. The authority of designated nationality examiners shall expire upon termination of the employee’s assignment for such duty and may also be terminated at any time by the Deputy Assistant Secretary for Overseas Citizen Services.

Subpart A—Procedures for Determination of United States Nationality of a Person Abroad

§ 50.2 Determination of U.S. nationality of persons abroad.

The Department shall determine claims to United States nationality when made by persons abroad on the basis of an application for registration, for a passport, or for a Consular Report of Birth Abroad of a Citizen of the
§ 50.3 Application for registration.

(a) A person abroad who claims U.S. nationality, or a representative on his behalf, may apply at a consular post for registration to establish his claim to U.S. nationality or to make his residence in the particular consular area a matter of record.

(b) The applicant shall execute the registration form prescribed by the Department and shall submit the supporting evidence required by subpart C of part 51 of this chapter. A diplomatic or consular officer or a designated nationality examiner shall determine the period of time for which the registration will be valid.

§ 50.4 Application for passport.

A claim to U.S. nationality in connection with an application for passport shall be determined by posts abroad in accordance with the regulations contained in part 51 of this chapter.

§ 50.5 Application for registration of birth abroad.

Upon application by the parent(s) or the child’s legal guardian, a consular officer or designated nationality examiner may accept and adjudicate the application for a Consular Report of Birth Abroad of a Citizen of the United States of America for a child born in their consular district. In specific instances, the Department may authorize consular officers and other designated employees to adjudicate the application for a Consular Report of Birth Abroad of a child born outside his/her consular district. Under the supervision of a consular officer, designated nationality examiners shall accept, adjudicate, disapprove and provisionally approve applications for the Consular Report of Birth Abroad. The applicant shall be required to submit proof of the child’s birth, identity and citizenship meeting the evidence requirements of subpart C of part 51 of this subchapter and shall include:

(a) Proof of child’s birth. Proof of child’s birth usually consists of, but is not limited to, an authentic copy of the record of the birth filed with local authorities, a baptismal certificate, a military hospital certificate of birth, or an affidavit of the doctor or the person attending the birth. If no proof of birth is available, the person seeking to register the birth shall submit his affidavit explaining why such proof is not available and setting forth the facts relating to the birth.

(b) Proof of child’s citizenship. Evidence of parent’s citizenship and, if pertinent, evidence of parent’s physical presence in the United States as required for transmittal of claim of citizenship by the Immigration and Nationality Act of 1952 shall be submitted.

§ 50.6 Registration at the Department of birth abroad.

In the time of war or national emergency, passport agents may be designated to complete consular reports of birth for children born at military facilities which are not under the jurisdiction of a consular office. An officer of the Armed Forces having authority to administer oaths may take applications for registration under this section.

(a) Upon application and the submission of satisfactory proof of birth, identity and nationality, and at the time of the reporting of the birth, the consular officer may issue to the parent or legal guardian, when approved and upon payment of a prescribed fee, a Consular Report of Birth Abroad of a Citizen of the United States of America.

(b) Amended and replacement Consular Reports of Birth Abroad of a Citizen of the United States of America may be issued by the Department of State's Passport Office upon written request and payment of the required fee.

(c) When it reports a birth under § 50.6, the Department shall furnish the Consular Report of Birth Abroad of a Citizen of the United States of America to the parent or legal guardian upon application and payment of required fees.

(d) A consular report of birth, or a certification thereof, may be canceled if it appears that such document was illegally, fraudulently, or erroneously obtained, or was created through illegality or fraud. The cancellation under this paragraph of such a document purporting to show the citizenship status of the person to whom it was issued shall affect only the document and not the citizenship status of the person in whose name the document was issued. A person for or to whom such document has been issued or made shall be given at such person’s last known address, written notice of the cancellation of such document, together with the specific reasons for the cancellation and the procedures for review available under the provisions in 22 CFR 51.81 through 51.89.

At any time subsequent to the issuance of a Consular Report of Birth Abroad of a Citizen of the United States of America, when requested and upon payment of the required fee, the Department of State’s Passport Office may issue to the citizen, the citizen’s parent or legal guardian a certificate entitled “Certification of Report of Birth Abroad of a United States Citizen.”

[61 FR 43312, Aug. 22, 1996]

§ 50.9 Card of identity.

When authorized by the Department, consular offices or designated nationality examiners may issue a card of identity for travel to the United States to nationals of the United States being deported from a foreign country, to nationals/citizens of the United States involved in a common disaster abroad, or to a returning national of the United States to whom passport services have been denied or withdrawn under the provisions of this part or parts 51 or 53 of this subchapter.

[61 FR 43312, Aug. 22, 1996]

§ 50.10 Certificate of nationality.

(a) Any person who acquired the nationality of the United States at birth and who is involved in any judicial or administrative proceedings in a foreign state and needs to establish his U.S. nationality may apply for a certificate of nationality in the form prescribed by the Department.

(b) An applicant for a certificate of nationality must submit evidence of his nationality and documentary evidence establishing that he is involved in judicial or administrative proceedings in which proof of his U.S. nationality is required.

§ 50.11 Certificate of identity for travel to the United States to apply for admission.

(a) A person applying abroad for a certificate of identity under section 360(b) of the Immigration and Nationality Act shall complete the application form prescribed by the Department and submit evidence to support his claim to U.S. nationality.

(b) When a diplomatic or consular officer denies an application for a certificate of identity under this section, the applicant may submit a written appeal to the Secretary, stating the pertinent facts, the grounds upon which U.S. nationality is claimed and his reasons for
considering that the denial was not justified.
[31 FR 14521, Nov. 11, 1966]

Subpart B—Retention and Resumption of Nationality

§ 50.20 Retention of nationality.

(a) Section 351(b) of the Immigration and Nationality Act. (1) A person who desires to claim U.S. nationality under the provisions of section 351(b) of the Immigration and Nationality Act must, within the time period specified in the statute, assert a claim to U.S. nationality and subscribe to an oath of allegiance before a diplomatic or consular officer.

(2) In addition, the person shall submit to the Department a statement reciting the person’s identity and acquisition or derivation of U.S. nationality, the facts pertaining to the performance of any act which would otherwise have been expatriative, and his desire to retain his U.S. nationality.

§ 50.30 Resumption of nationality.

(a) Section 324(c) of the Immigration and Nationality Act. (1) A woman formerly a citizen of the United States at birth who wishes to regain her citizenship under section 324(c) of the Immigration and Nationality Act may apply abroad to a diplomatic or consular officer on the form prescribed by the Department to take the oath of allegiance prescribed by section 337 of that Act.

(2) The applicant shall submit documentary evidence to establish eligibility to take the oath of allegiance, which includes proof of birth abroad to a U.S. citizen parent between May 24, 1934 and December 24, 1952. If the diplomatic, consular, INS, or passport officer determines that the applicant is ineligible to regain citizenship under section 313 INA, the oath shall not be administered.

Subpart C—Loss of Nationality

§ 50.40 Certification of loss of U.S. nationality.

(a) Administrative presumption. In adjudicating potentially expatriating
acts pursuant to INA 349(a), the Department has adopted an administrative presumption regarding certain acts and the intent to commit them. U.S. citizens who naturalize in a foreign country; take a routine oath of allegiance; or accept non-policy level employment with a foreign government need not submit evidence of intent to retain U.S. nationality. In these three classes of cases, intent to retain U.S. citizenship will be presumed. A person who affirmatively asserts to a consular officer, after he or she has committed a potentially expatriating act, that it was his or her intent to relinquish U.S. citizenship will lose his or her U.S. citizenship. In other loss of nationality cases, the consular officer will ascertain whether or not there is evidence of intent to relinquish U.S. nationality.

§ 50.51 Review of finding of loss of nationality.

(a) There are no prescribed “procedures for administrative appeal” of issuance of a Certificate of Loss of Nationality for purposes of §358 of the Immigration and Nationality Act (8 U.S.C. 1501) and no mandatory administrative review procedure prior to resort to judicial processes under §360 of the Immigration and Nationality Act (8 U.S.C. 1503). Nevertheless, the Department may in its discretion review determinations of loss of nationality at any time after approval of issuance of the Certificate of Loss of Nationality to ensure consistency with governing law (see INA §§349 and 356, 8 U.S.C. 1481 and 1488). Such reconsideration may be initiated at the request of the person.
concerned or another person determined in accordance with guidance issued by the Department to have a legitimate interest.

(b) The primary grounds on which the Department will consider reversing a finding of loss of nationality and vacating a Certificate of Loss of Nationality are:

(1) The law under which the finding of loss was made has been held unconstitutional; or

(2) A major change in the interpretation of the law of expatriation is made as a result of a U.S. Supreme Court decision; or

(3) A major change in the interpretation of the law of expatriation is made by the Department, or is made by a court or another agency and adopted by the Department; and/or

(4) The person presents substantial new evidence, not previously considered, of involuntariness or absence of intent at the time of the expatriating act.

(c) When the Department reverses a finding of loss of nationality, the person concerned shall be considered not to have lost U.S. nationality as of the time the expatriating act was committed, and the Certificate of Loss of Nationality shall be vacated.

(d) Requesting the Department to reverse a finding of loss of nationality and vacate a Certificate of Loss of Nationality is not a prescribed “procedure for administrative appeal” for purposes of §358 of the Immigration and Nationality Act (8 U.S.C. 1501). The Department’s decision in response to such a request is not a prescribed “procedure for administrative appeal” for purposes of §358 of the Immigration and Nationality Act (8 U.S.C. 1501). The issuance of a Certificate of Loss of Nationality by the Department is a “final administrative determination” and “final administrative denial” for purposes of §§338 and 360 of the Immigration and Nationality Act (8 U.S.C. 1501 and 1503), respectively.

(2) Execution of passport application by both parents or by each legal guardian. Except as specifically provided in this section, both parents or each of the minor’s legal guardians, if any, whether applying for a passport for the first time or for a renewal, must execute the application on behalf of a minor under
age 16 and provide documentary evidence of parentage or legal guardianship showing the minor’s name, date and place of birth, and the names of the parent or parents or legal guardian.

(3) Execution of passport application by one parent or legal guardian. A passport application may be executed on behalf of a minor under age 16 by only one parent or legal guardian if such person provides:

(i) A notarized written statement or affidavit from the non-applying parent or legal guardian, if applicable, consenting to the issuance of the passport, or

(ii) Documentary evidence that such person is the sole parent or has sole custody of the minor. Such evidence includes, but is not limited to, the following:

(A) A birth certificate providing the minor’s name, date and place of birth and the name of only the applying parent;

(B) A Consular Report of Birth Abroad of a Citizen of the United States of America or a Certification of Report of Birth of a United States Citizen providing the minor’s name, date and place of birth and the name of only the applying parent;

(C) A copy of the death certificate for the non-applying parent or legal guardian;

(D) An adoption decree showing the name of only the applying parent;

(E) An order of a court of competent jurisdiction granting sole legal custody to the applying parent or legal guardian containing no travel restrictions inconsistent with issuance of the passport; or, specifically authorizing the applying parent or legal guardian to obtain a passport for the minor, regardless of custodial arrangements; or specifically authorizing the travel of the minor with the applying parent or legal guardian;

(F) An order of a court of competent jurisdiction terminating the parental rights of the non-applying parent or declaring the non-applying parent or legal guardian to be incompetent.

(G) An order of a court of competent jurisdiction providing for joint legal custody or requiring the permission of both parents or the court for important decisions will be interpreted as requiring the permission of both parents or the court, as appropriate. Notwithstanding the existence of any such court order, a passport may be issued when compelling humanitarian or emergency reasons relating to the welfare of the minor exist.

(4) Execution of passport application by a person acting in loco parentis. (i) A person may apply in loco parentis on behalf of a minor under age 16 by submitting a notarized written statement or a notarized affidavit from both parents or each legal guardian, if any, specifically authorizing the application.

(ii) If only one parent or legal guardian provides the notarized written statement or notarized affidavit, the applicant must provide documentary evidence that an application may be made by one parent or legal guardian, consistent with §51.28(a)(3)

(5) Exigent or special family circumstances. A passport may be issued when only one parent, legal guardian or person acting in loco parentis executes the application, in cases of exigent or special family circumstances.

(i) “Exigent circumstances” are defined as time-sensitive circumstances in which the inability of the minor to obtain a passport would jeopardize the health and safety or welfare of the minor or would result in the minor being separated from the rest of his or her traveling party. “Time sensitive” generally means that there is not enough time before the minor’s emergency travel to obtain either the required consent of both parents/legal guardians or documentation reflecting a sole parent’s/legal guardian’s custody rights.

(ii) “Special family circumstances” are defined as circumstances in which the minor’s family situation makes it exceptionally difficult for one or both of the parents to execute the passport application; and/or compelling humanitarian circumstances where the minor’s lack of a passport would jeopardize the health, safety, or welfare of the minor; or, pursuant to guidance issued by the Department, circumstances in which return of a minor to the jurisdiction of his or her home state or habitual residence is necessary.
to permit a court of competent jurisdiction to adjudicate or enforce a custody determination. A passport issued due to such special family circumstances may be limited for direct return to the United States in accordance with §51.60(e).

(iii) A parent, legal guardian, or person acting in loco parentis who is applying for a passport for a minor under age 16 under this paragraph must submit a written statement with the application describing the exigent or special family circumstances he or she believes should be taken into consideration in applying an exception.

(iv) Determinations under §51.28(a)(5) must be made by a senior passport authorizing officer pursuant to guidance issued by the Department.

(6) Nothing contained in this section shall prohibit any Department official adjudicating a passport application filed on behalf of a minor from requiring an applicant to submit other documentary evidence deemed necessary to establish the applying adult’s entitlement to obtain a passport on behalf of a minor under the age of 16 in accordance with the provisions of this regulation.

(b) Minors 16 years of age and above.

(1) A minor 16 years of age and above applying for a passport must appear in person and may execute the application for a passport on his or her own behalf unless the personal appearance of the minor is specifically excused by a senior passport authorizing officer pursuant to guidance issued by the Department, or unless, in the judgment of the person before whom the application is executed, it is not advisable for the minor to execute his or her own application. In such case, it must be executed by a parent or legal guardian of the minor, or by a person in loco parentis, unless the personal appearance of the parent, legal guardian or person in loco parentis is excused by the senior passport authorizing officer pursuant to guidance issued by the Department.

(2) The passport authorizing officer may at any time require a minor 16 years of age and above to submit the notarized consent of a parent, a legal guardian, or a person in loco parentis to the issuance of the passport.

(c) Rules applicable to all minors—(1) Objections. At any time prior to the issuance of a passport to a minor, the application may be disapproved and a passport may be denied upon receipt of a written objection from a parent or legal guardian of the minor, or from another party claiming authority to object, so long as the objecting party provides sufficient documentation of his or her custodial rights or other authority to object.

(2) An order from a court of competent jurisdiction providing for joint legal custody or requiring the permission of both parents or the court for important decisions will be interpreted as requiring the permission of both parents or the court as appropriate.

(3) The Department will consider a court of competent jurisdiction to be a U.S. state or federal court or a foreign court located in the minor’s home state or place of habitual residence.

(4) The Department may require that conflicts regarding custody orders, whether domestic or foreign, be settled by the appropriate court before a passport may be issued.

(5) Access by parents and legal guardians to passport records for minors. Either parent or any legal guardian of a minor may upon written request obtain information regarding the application for and issuance of a passport to a minor, unless the requesting parent’s parental rights have been terminated by an order of a court of competent jurisdiction, a copy of which has been provided to the Department. The Department may deny such information to a parent or legal guardian if it determines that the minor objects to disclosure and the minor is 16 years of age or older or if the Department determines that the minor is of sufficient age and maturity to invoke his or her own privacy rights.

(b) The provisions of §§ 51.70 through 51.74 do not apply to any action of the Department taken on an individual basis in denying, restricting, revoking, or invalidating a passport or in any other way adversely affecting the ability of a person to receive or use a passport for reasons excluded from § 51.70(a) including:

Conduct the official communications relating to the exchange visitor program with the Department of State, the United States Immigration and Naturalization Service, or the United States Department of State. Reference to the sponsor’s program number shall be made on any correspondence with the Department of State.

Forms DS–2019 shall be used only for authorized purposes. To maintain adequate control of Forms DS–2019, responsible officers or alternate responsible officers shall:

(a) Requests. Submit written requests to the Department of State for a one-year supply of Forms DS–2019, and allow four to six weeks for the distribution of these forms. The Department of State has the discretion to determine the number of Forms DS–2019 to be sent to a sponsor. The Department of State will consult with the responsible officer prior to determining the number of Forms DS–2019 to be sent to the sponsor. Additional forms may be requested later in the year if needed by the sponsor.

(b) Verification. Prior to issuing Form DS–2019, verify that the exchange visitor:
(1) Is eligible, qualified, and accepted for the program in which he or she will be participating;
(2) Possesses adequate financial resources to complete his or her program; and
(3) Possesses adequate financial resources to support any accompanying dependents.

(c) Issuance of Form DS–2019. Issue the Form DS–2019 only so as to:

(4) Replace a lost or stolen Form DS–2019;
(5) Facilitate entry of an exchange visitor’s alien spouse or minor unmarried children into the United States separately;
(6) Facilitate re-entry of an exchange visitor who is traveling outside the United States during the program;
(7) Facilitate a change of category when permitted by the Department of State; and
(8) Update information when significant changes take place in regard to the exchange visitor’s program, such as a substantial change in funding or in the location where the program will take place.

(d) Safeguards. (1) Store Forms DS–2019 securely to prevent unauthorized use;
(2) Prohibit transfer of any blank Form DS–2019 to another sponsor or other person unless authorized in writing (by letter or facsimile) by the Department of State to do so;
(3) Notify the Department of State promptly by telephone (confirmed promptly in writing) or facsimile of the document number of any completed Form DS–2019 that is presumed lost or stolen or any blank Form DS–2019 lost or stolen; and
(4) Forward the completed Form DS–2019 only to an exchange visitor, either directly or via an employee, officer, or agent of the sponsor, or to an individual designated by the exchange visitor.

(e) Accounting. (1) Maintain a record of all Forms DS–2019 received and/or issued by the sponsor;
(2) Destroy damaged and unusable Form DS–2019 on the sponsor’s premises after making a record of such forms (e.g. forms with errors or forms damaged by a printer); and
(3) Request exchange visitors and prospective exchange visitors to return any unused Form DS–2019 sent to them and make a record of Forms DS–2019 which are returned to the sponsor and destroy them on the sponsor’s premises.

§ 62.13 Notification requirements.

(a) Change of circumstances. Sponsors shall notify the Department of State promptly in writing of any of the following circumstances:
(1) Change of its address, telephone, or facsimile number;
(2) Change in the composition of the sponsoring organization which affects its citizenship as defined by § 62.2;
(3) Change of the responsible officer or alternate responsible officers;
(4) A major change of ownership or control of the sponsor’s organization;
(5) Change in financial circumstances which may render the sponsor unable to comply with its obligations as set forth in § 512.9(e);
(6) Loss of licensure or accreditation;
(7) Loss or theft of Forms DS–2019 as specified at § 62.12(d)(3);
(8) Litigation related to the sponsor’s exchange visitor program, when the sponsor is a party; and
(9) Termination of its exchange visitor program.

(b) Serious problem or controversy. Sponsors shall inform the Department of State promptly by telephone (confirmed promptly in writing) or facsimile of any serious problem or controversy which could be expected to bring the Department of State or the sponsor’s exchange visitor program into notoriety or disrepute.

(c) Program status of exchange visitor. Sponsors shall notify the Department of State in writing when:
(1) The exchange visitor has withdrawn from or completed a program thirty (30) or more days prior to the ending date on his or her Form DS–2019; or
(2) The exchange visitor has been terminated from his or her program.
§ 62.14  Insurance.

(a) Sponsors shall require each exchange visitor to have insurance in effect which covers the exchange visitor for sickness or accident during the period of time that an exchange visitor participates in the sponsor’s exchange visitor program. Minimum coverage shall provide:

1. Medical benefits of at least $50,000 per accident or illness;
2. Repatriation of remains in the amount of $7,500;
3. Expenses associated with the medical evacuation of the exchange visitor to his or her home country in the amount of $10,000; and
4. A deductible not to exceed $500 per accident or illness.

(b) An insurance policy secured to fulfill the requirements of this section:

1. May require a waiting period for pre-existing conditions which is reasonable as determined by current industry standards;
2. May include provision for co-insurance under the terms of which the exchange visitor may be required to pay up to 25% of the covered benefits per accident or illness; and
3. Shall not unreasonably exclude coverage for perils inherent to the activities of the exchange program in which the exchange visitor participates.

(c) Any policy, plan, or contract secured to fill the above requirements must, at a minimum, be:

1. Underwritten by an insurance corporation having an A.M. Best rating of "A−" or above, an Insurance Solvency International, Ltd. (d) Federal, state or local government agencies, state colleges and universities, and public community colleges may, if permitted by law, self-insure any or all of the above-required insurance coverage.

(e) At the request of a non-governmental sponsor of an exchange visitor program, and upon a showing that such sponsor has funds readily available and under its control sufficient to meet the requirements of this section, the Department of State may permit the sponsor to self-insure or to accept full financial responsibility for such requirements.

(f) The Department of State, in its sole discretion, may condition its approval of self-insurance or the acceptance of full financial responsibility by the non-governmental sponsor by requiring such sponsor to secure a payment bond in favor of the Department of State guaranteeing the sponsor’s obligations hereunder.

(g) An accompanying spouse or dependent of an exchange visitor is required to be covered by insurance in the amounts set forth in paragraph (a) of this section. Sponsors shall inform exchange visitors of this requirement, in writing, in advance of the exchange visitor’s arrival in the United States.

(h) An exchange visitor who willfully fails to maintain the insurance coverage set forth above while a participant in an exchange visitor program or who makes a material misrepresentation to the sponsor concerning such coverage shall be deemed to be in violation of these regulations and shall be subject to termination as a participant.

(i) A sponsor shall terminate an exchange visitor’s participation in its program if the sponsor determines that the exchange visitor or any accompanying spouse or dependent willfully fails to remain in compliance with this section.

§ 62.15 Annual reports.

Sponsors shall submit an annual report to the Department of State. An illustrative form of such report may be found at Appendix D to this part. Such report shall be filed on an academic or calendar year basis, as directed by the Department of State, and shall contain the following:

Subpart B—Specific Program Provisions

§ 62.20 Professors and research scholars.

(a) Introduction. These regulations govern Exchange Visitor Program participants in the categories of professor and research scholar, except:

1. Alien physicians in graduate medical education or training, who are governed by regulations set forth at §62.27; and

2. Short-term scholars, who are governed by regulations set forth at §62.21.

(b) Purpose. The purpose of the Exchange Visitor Program, in part, is to foster the exchange of ideas between Americans and foreign nationals and to stimulate international collaborative teaching, lecturing and research efforts. The exchange of professors and
research scholars promotes the exchange of ideas, research, mutual enrichment, and linkages between research and educational institutions in the United States and foreign countries. It does so by providing foreign professors and research scholars the opportunity to engage in research, teaching and lecturing with their American colleagues, to participate actively in cross-cultural activities with Americans, and ultimately to share with their countrymen their experiences and increased knowledge of the United States and their substantive fields.

(c) Designation. The Department of State may, in its sole discretion, designate bona fide exchange visitor programs, which offer foreign nationals the opportunity to engage in research, teaching, lecturing, observing, or consulting at research institutions, corporate research facilities, museums, libraries, post-secondary accredited educational institutions, or similar types of institutions in the United States.

(d) Visitor eligibility. An individual may be selected for participation in the Exchange Visitor Program as a professor or research scholar subject to the following conditions:

1. The participant must not be a candidate for a tenure track position;
2. The participant has not been physically present in the United States as a nonimmigrant pursuant to the provisions of 8 U.S.C. 1101(a)(15)(J) for all or part of the twelve-month period immediately preceding the date of program commencement set forth on his or her Form DS–2019, unless:
   1. The participant is transferring to the sponsor’s program pursuant to provisions set forth in §62.42;
   2. The participant’s presence in the United States was of less than six months duration; or
   3. The participant’s presence in the United States was pursuant to a short-term scholar exchange activity as authorized by §62.21; and
3. The participant is not subject to the prohibition against repeat participation set forth at §62.20(i)(2).

(e) Issuance of Form DS–2019. The Form DS–2019 must be issued only after the professor or research scholar has been accepted by the institution where he or she will participate in an exchange visitor program.

(f) Location of the exchange. Professors or research scholars must conduct their exchange activity at the site(s) of activity identified in SEVIS, which may be either the location of the exchange visitor program sponsor or the site of a third party facilitating the exchange with permission of the Responsible Officer. An exchange visitor may also engage in activities at other locations if such activities constitute occasional lectures or consultations permitted by paragraph (g) of this section. All such sites of activity must be entered into SEVIS while the exchange visitor’s SEVIS record is in Initial or Active status.

(g) Occasional lectures or consultations. Professors and research scholars may participate in occasional lectures and short-term consultations, if authorized to do so by his or her sponsor. Such lectures and consultations must be incidental to the exchange visitor’s primary program activities. If wages or other remuneration are received by the exchange visitor for such activities, the exchange visitor must act as an independent contractor, as such term is defined in 8 CFR 274a.1(j), and the following criteria and procedures must be satisfied:

1. Criteria. The occasional lectures or short-term consultations must:
   1. Be directly related to the objectives of the exchange visitor’s program;
   2. Be incidental to the exchange visitor’s primary program activities;
   3. Not delay the completion date of the exchange visitor’s program; and
   4. Be documented in SEVIS.
2. Procedures. (i) To obtain authorization to engage in occasional lectures or short-term consultations involving wages or other remuneration, the exchange visitor must present to the responsible officer:
   A. A letter from the offeror setting forth the terms and conditions of the offer to lecture or consult, including the duration, number of hours, field or subject, amount of compensation, and description of such activity; and
   B. A letter from the exchange visitor’s department head or supervisor.
recommending such activity and explaining how the activity would enhance the exchange visitor’s program.

(ii) The responsible officer must review the letters required in paragraph (g)(2)(i) of this section and make a written determination whether such activity is warranted, will not interrupt the exchange visitor’s original objective, and satisfies the criteria set forth in paragraph (g)(1) of this section.

(h) Change of activity. At the discretion and approval of the responsible officer, professors may freely engage in research and research scholars may freely engage in teaching and lecturing. Because these activities are intertwined, such a change of activity is not considered a change of category necessitating formal approval by the Department of State and does not require the issuance of a new Form DS–2019 to reflect a change in category. Such change in activity does not extend the exchange visitor’s maximum duration of program participation.

(i) Duration of participation. The permitted duration of program participation for a professor or research scholar is as follows:

(1) General limitation. A professor or research scholar may be authorized to participate in the Exchange Visitor Program for the length of time necessary to complete his or her program, provided such time does not exceed five years. The five-year period of permitted program participation is continuous and begins with the initial program begin date documented in SEVIS or the date such status was acquired via a petition submitted and approved by the Department of Homeland Security (DHS) as documented in SEVIS and ends five years from such date.

(2) Repeat participation. Exchange participants who have entered the United States under the Exchange Visitor Program as a professor or research scholar, or who have acquired such status while in the United States, and who have completed his or her program are not eligible for participation as a professor or research scholar for a period of two years following the end date of such program participation as identified in SEVIS.

(3) Extensions. A responsible officer may not extend the period of program duration beyond the five-year period of maximum program duration authorized for professor and research scholar participants. The Department may, in its sole discretion, authorize an extension beyond the permitted five-year period, as submitted by a “G–7” program sponsor, upon successful demonstration of the following:

(i) The participant for whom an extension is requested is engaged in a research project under the direct sponsorship of a Federally Funded National Research and Development Center (“FFNRDC”) or a U.S. Federal Laboratory;

(ii) The FFNRDC or U.S. Federal Laboratory requesting the extension on behalf of the participant has determined, through peer review, that the participant’s continued involvement in the project is beneficial to its successful conclusion; and

(iii) The Secretary of the Department of Homeland Security has determined in his/her discretion that the extension may be approved;

(iv) The extension request is for not more than five years.

§ 62.21 Short-term scholars.

(a) Introduction. These regulations govern scholars coming to the United States for a period of up to four months to lecture, observe, consult, and to participate in seminars, workshops, conferences, study tours, professional meetings, or similar types of educational and professional activities.

(b) Purpose. The Exchange Visitor Program promotes the interchange of knowledge and skills among foreign and American scholars. It does so by providing foreign scholars the opportunity to exchange ideas with their American colleagues, participate in educational and professional programs, confer on common problems and projects, and promote professional relationships and communications.

(c) Designation. The Department of State may, in its sole discretion, designate bona fide programs which offer foreign nationals the opportunity to engage in short-term visits for the purpose of lecturing, observing, consulting, training, or demonstrating
special skills at research institutions, museums, libraries, post-secondary accredited educational institutions, or similar types of institutions.

(d) Visitor eligibility. A person participating in the Exchange Visitor Program under this section shall satisfy the definition of a short-term scholar as set forth in §62.4.

(e) Cross-cultural activities and orientation. Due to the nature of such exchanges, sponsors of programs for short-term scholars shall be exempted from the requirements of providing cross-cultural activities and orientation as set forth in §62.8(d) and §62.10(c). However, sponsors are encouraged to provide such programs for short-term scholars whenever appropriate.

(f) Location of exchange. The short-term scholar shall participate in the Exchange Visitor Program at the conferences, workshops, seminars, or other events or activities stated on his or her Form DS–2019. A participant may also lecture or consult at institutions not listed on the Form DS–2019 if his or her Responsible Officer issues a written authorization of such activity. Such written authorization must be attached to the participant’s Form DS–2019.

(g) Duration of participation. The short-term scholar shall be authorized to participate in the Exchange Visitor Program for the length of time necessary to complete the program, which time shall not exceed six months. Programs under this section are exempted from §62.8(b) governing the minimum duration of a program. Extensions beyond the duration of participation are not permitted under this category.

§ 62.22 Trainees and interns.

(a) Introduction. These regulations govern Exchange Visitor Programs under which foreign nationals have the opportunity to receive training in the United States. These regulations also establish a new internship program under which foreign nationals who:

(1) Are currently enrolled in and pursing studies at a degree- or certificate-granting post-secondary academic institution outside the United States or

(2) Graduated from such an institution no more than 12 months prior to their exchange visitor program begin date may enter the United States to obtain work-based learning to build on their academic experience by developing practical skills. Regulations dealing with training opportunities for certain foreign students who are studying at post-secondary accredited educational institutions in the United States are located at §62.23 ("College and University Students"). Regulations governing alien physicians in graduate medical education or training are located at §62.27 ("Alien Physicians").

(b) Purpose. (1)(i) The primary objectives of the programs offered under these regulations are to enhance the skills and expertise of exchange visitors in their academic or occupational fields through participation in structured and guided work-based training and internship programs and to improve participants' knowledge of American techniques, methodologies, and expertise. Such training and internship programs are also intended to increase participants' understanding of American culture and society and to enhance Americans' knowledge of foreign cultures and skills through an open interchange of ideas between participants and their American associates. A key goal of the Fulbright-Hays Act, which authorizes these programs, is that participants will return to their home countries and share their experiences with their countrymen.

(ii) Exchange Visitor Program training and internship programs must not be used as substitutes for ordinary employment or work purposes; nor may they be used under any circumstances to displace American workers. The requirements in these regulations for trainees are designed to distinguish between bona fide training, which is permitted, and merely gaining additional work experience, which is not permitted. The requirements in these regulations for interns are designed to distinguish between a period of work-based learning in the intern’s academic field, which is permitted, and unskilled labor, which is not.
In addition, a specific objective of the new internship program is to provide foreign nationals who are currently enrolled in and pursuing studies at a degree- or certificate-granting post-secondary academic institution or graduated from such an institution no more than 12 months prior to their exchange visitor program begin date a period of work-based learning to allow them to develop practical skills that will enhance their future careers. Bridging the gap between formal education and practical work experience and gaining substantive cross-cultural experience are major goals in educational institutions around the world. By providing training opportunities for current foreign students and recent foreign graduates at formative stages of their development, the U.S. Government will build partnerships, promote mutual understanding, and develop networks for relationships that will last through generations as these foreign nationals move into leadership roles in a broad range of occupational fields in their own societies. These results are closely tied to the goals, themes, and spirit of the Fulbright-Hays Act.

(2) Designation. (1) The Department may, in its sole discretion, designate as sponsors entities meeting the eligibility requirements set forth in Subpart A of 22 CFR Part 62 and satisfying the Department that they have the organizational capacity successfully to administer and facilitate training and internship programs.

(2) Sponsors must provide training and internship programs only in the occupational category or categories for which the Department has designated them as sponsors. The Department will designate training and internship programs in any of the following occupational categories:

(i) Agriculture, Forestry, and Fishing;
(ii) Arts and Culture;
(iii) Aviation;
(iv) Construction and Building Trades;
(v) Education, Social Sciences, Library Science, Counseling and Social Services;
(vi) Health Related Occupations;
(vii) Hospitality and Tourism;
(viii) Information Media and Communications;
(iv) Management, Business, Commerce and Finance;
(x) Public Administration and Law;

(d) Selection criteria. (1) In addition to satisfying the general requirements set forth in §62(10)(a), sponsors must ensure that trainees and interns have verifiable English language skills sufficient to function on a day-to-day basis in their training environment. English language proficiency must be verified by a recognized English language test, by signed documentation from an academic institution or English language school, or through an interview conducted by the sponsor, or an in-person, by videoconference, or by web camera.

(2) Sponsors of training programs must verify that all potential trainees are foreign nationals who have either a degree or professional certificate from a foreign post-secondary academic institution and at least one year of prior related work experience in their occupational field acquired outside the United States or five years of work experience outside the United States in their occupational field.

(3) Sponsors of internship programs must verify that all potential interns are foreign nationals who are currently enrolled in and pursuing studies at a degree- or certificate-granting post-secondary academic institution outside the United States or graduated from such an institution no more than 12 months prior to their exchange visitor program begin date.

(e) Issuance of Forms DS–2019. In addition to the requirements set forth in Subpart A, sponsors must ensure that:

(1) They do not issue Forms DS–2019 to potential participants in training and internship programs until they secure placements for trainees or interns and complete and secure requisite signatures on Form DS–7002, Training/Internship Placement Plan (T/IPP or Forms DS–7002);

(2) Trainees and interns have sufficient finances to support themselves for their entire stay in the United
States, including housing and living expenses; and

(3) The training and internship programs expose participants to American techniques, methodologies, and expertise and expand upon the participants’ existing knowledge and skills. Programs must not duplicate the participants’ prior work experience or training received elsewhere.

(f) Obligations of training and internship program sponsors. (1) Sponsors designated by the Department to administer training and internship programs must:

(i) Ensure that trainees and interns are appropriately selected, placed, oriented, supervised, and evaluated;

(ii) Be available to trainees and interns (and host organizations, as appropriate) to assist as facilitators, counselors, and information resources;

(iii) Ensure that training and internship programs provide a balance between the trainees’ and interns’ learning opportunities and their contributions to the organizations in which they are placed;

(iv) Ensure that the training and internship programs are full-time (minimum of 32 hours a week); and

(v) Ensure that any host organizations and third parties involved in the recruitment, selection, screening, placement, orientation, evaluation for, or the provision of training and internship programs are sufficiently educated on the goals, objectives, and regulations of the Exchange Visitor Program and adhere to all regulations set forth in this Part as well as all additional terms and conditions governing Exchange Visitor Program administration that the Department may from time to time impose.

(2) Sponsors must ensure that they or any host organization acting on the sponsor’s behalf:

(i) Have sufficient resources, plant, equipment, and trained personnel available to provide the specified training and internship program;

(ii) Provide continuous on-site supervision and mentoring of trainees and interns by experienced and knowledgeable staff;

(iii) Ensure that trainees and interns obtain skills, knowledge, and competencies through structured and guided activities such as classroom training, seminars, rotation through several departments, on-the-job training, attendance at conferences, and similar learning activities, as appropriate in specific circumstances;

(iv) Conduct periodic evaluations of trainees and interns, as set forth in §62.22(1);

(v) Do not displace full- or part-time or temporary or permanent American workers or serve to fill a labor need and ensure that the positions that trainees and interns fill exist solely to assist trainees and interns in achieving the objectives of their participation in training and internship programs; and

(vi) Certify that training and internship programs in the field of agriculture meet all the requirements of the Fair Labor Standards Act, as amended (29 U.S.C. 201 et seq.) and the Migrant and Seasonal Agricultural Worker Protection Act, as amended (29 U.S.C. 1801 et seq.).

(3) Sponsors or any third parties acting on their behalf must conduct a thorough screening of potential trainees or interns, including a documented interview in-person, by videoconference, or by web camera.

(4) Sponsors must retain all documents referred to in §62.22(f) for at least three years following the completion of all training and internship programs. Documents and any requisite signatures may be retained in either hard copy or electronic format.

(g) Use of third parties—(1) Sponsors use of third parties. Sponsors may engage third parties (including, but not limited to host organizations, partners, local businesses, governmental entities, academic institutions, and other foreign or domestic agents) to assist them in the conduct of their designated training and internship programs. Such third parties must have an executed written agreement with the sponsor to act on behalf of the sponsor in the conduct of the sponsor’s program. This agreement must outline the full relationship between the sponsor and third party on all matters involving the administration of their exchange visitor program. A sponsor’s use of a third party does not relieve the sponsor of its obligations to comply with and to
ensure third party compliance with Exchange Visitor Program regulations. Any failure by any third party to comply with the regulations set forth in this Part or with any additional terms and conditions governing Exchange Visitor Program administration that the Department may from time to time impose will be imputed to the sponsor.

(2) Screening and vetting third parties operating outside the United States. U.S. sponsors must ascertain that third parties operating outside the United States are legitimate entities within the context of their home country environment. For third parties that operate as businesses, sponsors must obtain relevant home country documentation, such as business registration or certification, and Dun & Bradstreet identification numbers. Written agreements between sponsors and third parties operating outside the United States must include an annually updated price list for training and internship programs offered by each third party, and must ensure that such overseas third parties are sufficiently trained in all aspects of the programs they represent, including the regulations set forth in this Part.

(3) Screening and vetting host organizations. Sponsors must adequately screen all potential host organizations at which a trainee or intern will be placed by obtaining the following information:

(i) The Dun & Bradstreet identification number (unless the host organization is an academic institution, government entity, or family farm);
(ii) Employer Identification Number (EIN) used for tax purposes;
(iii) Verification of telephone number, address, and professional activities via advertising, brochure, Web site, and/or feedback from prior participants; and
(iv) Verification of Workman’s Compensation Insurance Policy.

(4) Site visits of host organizations. Sponsors must conduct site visits of host organizations that have not previously participated successfully in the sponsor’s training and internship programs and that have fewer than 25 employees or less than three million dollars in annual revenue. Placements at academic institutions or at federal, state, or local government offices are specifically excluded from this requirement. The purpose of the site visits is for the sponsors to ensure that host organizations possess and maintain the ability and resources to provide structured and guided work-based learning experiences according to the individualized T/IPP and that host organizations understand and meet their obligations set forth in this Part.

(h) Host organization obligations. Sponsors must ensure that:

(1) Host organizations sign a completed Form DS–7002 to verify that all placements are appropriate and consistent with the objectives of the trainees or interns as outlined in their program applications and as set forth in their T/IPP. All parties involved in internship programs should recognize that interns are seeking entry-level training and experience. Accordingly, all placements must be tailored to the skills and experience level of the individual intern;

(i) Host organizations notify sponsors promptly of any concerns about, changes in, or deviations from T/IPP during training and internship programs and contact sponsors immediately in the event of any emergency involving trainees or interns;

(ii) Host organizations abide by all Federal, State, and Local occupational health and safety laws; and

(iii) Host organizations abide by all program rules and regulations set forth by the sponsor, including the completion of all mandatory program evaluations.

(2) [Reserved]

(i) Training/internship placement plan (Form DS–7002). (1) Sponsors must fully complete and obtain requisite signatures for a Form DS–7002 for each trainee or intern before issuing a Form DS–2019. Sponsors must provide each signatory an executed copy of the Form DS–7002. Upon request, trainees and interns must present their fully executed Form DS–7002 to a Consular Official during their visa interview.

(2) To further distinguish between bona fide training for trainees or work-based learning for interns, which are permitted, and ordinary employment or unskilled labor which are not, all T/IPP must
(i) State the specific goals and objectives of the training and internship program (for each phase or component, if applicable); 
(ii) Detail the knowledge, skills, or techniques to be imparted to the trainee or intern (for each phase or component, if applicable); and 
(iii) Describe the methods of performance evaluation and the supervision for each phase or component, if applicable.

(3) A T/IPP for trainees must be divided into specific and various phases or components, and for each phase or component:
(i) Describe the methodology of training and 
(ii) Provide a chronology or syllabus.

(4) A T/IPP for interns must:
(i) Describe the role of the intern in the organization and, if applicable, identify various departments or functional areas in which the intern will work and 
(ii) Identify the specific tasks and activities the intern will complete.

(j) Program exclusions. Sponsors designated by the Department to administer training and internship programs must not:

(ii) A sponsor must ensure that it or any host organization acting on the sponsor’s behalf:

Any placement at an academic institution or at a Federal, State, or local government office is specifically excluded from this requirement. The purpose of the site visit is for the sponsor to ensure that each host organization possesses and maintains the ability and resources to provide structured and guided work-based learning experiences according to individualized T/ IPPs, and that each host organization understands and meets its obligations set forth in this Part.

(4) Use of third parties. A sponsor may engage a third party (including, but not limited to a host organization, partner, local business, governmental entity, academic institution, or any other foreign or domestic agent) to assist it in the conduct of its designated student internship program. Such a third party must have an executed written agreement with the sponsor to act on behalf of the sponsor in the conduct of the sponsor’s program. This agreement must outline the full relationship between the sponsor and third party on all matters involving the administration of its exchange visitor
program. A sponsor’s use of a third party does not relieve the sponsor of its obligations to comply with and to ensure third party compliance with Exchange Visitor Program regulations. Any failure by any third party to comply with the regulations set forth in this Part or with any additional terms and conditions governing Exchange Visitor Program administration that the Department may from time to time impose will be imputed to the sponsor.

(7) Training/Internship Placement Plan (Form DS–7002). (i) A sponsor must fully complete and obtain requisite signatures for a Form DS–7002 for each student intern before issuing a Form DS–2019. A sponsor must provide to each signatory an executed copy of the Form DS–7002. Upon request, a student intern must present his or her fully executed Form DS–7002 to a Consular Official during the visa interview.

(ii) To further distinguish between work-based learning for student interns, which is permitted, and ordinary employment or unskilled labor which is not, a T/IPP must:

(A) State the specific goals and objectives of the student internship program (for each phase or component, if applicable);

(B) Detail the knowledge, skills, or techniques to be imparted to the student intern (for each phase or component, if applicable); and

(C) Describe the methods of performance evaluation and the frequency of supervision (for each phase or component, if applicable).

(8) Program exclusions. A sponsor designated by the Department to administer a student internship program must:

(i) Not place a student intern in an unskilled or casual labor position, in a position that requires or involves child care or elder care, a position in the field of aviation, or, in clinical positions or engaging in any other kind of work that involves patient care or contact, including any work that would require student interns to provide therapy, medication, or other clinical or medical care (e.g., sports or physical therapy, psychological counseling, nursing, dentistry, veterinary medicine, social work, speech therapy, or early childhood education);

(ii) Not place a student intern in a position, occupation, or business that could bring the Exchange Visitor Program or the Department into notoriety or disrepute;

(iii) Not engage or otherwise cooperate or contract with a staffing/employment agency to recruit, screen, orient, place, evaluate, or train student interns, or in any other way involve such agencies in an Exchange Visitor Program student internship program;

(iv) Ensure that the duties of a student intern as outlined in the T/IPP will not involve more than 20 per cent clerical work, and that all tasks assigned to a student intern are necessary for the completion of the student internship program; and

§ 62.24 Teachers.

(a) Purpose. These regulations govern exchange visitors who teach full-time in primary and secondary accredited educational institutions. Programs under this section promote the interchange of American and foreign teachers in public and private schools and the enhancement of mutual understanding between people of the United States and other countries. They do so by providing foreign teachers opportunities to teach in primary and secondary accredited educational institutions in the United States, to participate actively in cross-cultural activities with Americans in schools and communities, and to return home ultimately to share their experiences and their increased knowledge of the United States. Such exchanges enable visitors to understand better American culture, society, and teaching practices at the primary and secondary levels, and enhance American knowledge of foreign cultures, customs, and teaching approaches.

(b) Designation. The Department of State may, in its discretion, designate bona fide programs satisfying the objectives in section (a) above as exchange visitor programs in the teacher category.

(e) Teaching position. Prior to issuance of the Form DS–2019, the exchange visitor shall receive a written offer and accept in writing of a teaching position from the primary or secondary accredited educational institution in which he or she is to teach. Such position shall be in compliance with any applicable collective bargaining agreement, where one exists. The exchange visitor’s appointment to a position at a primary or secondary accredited educational institution shall be temporary, even if the teaching position is permanent.

(f) Program disclosure. Before the program begins, the sponsor shall provide the teacher, in addition to what is required in §62.10(b), with:
   (1) Information on the length and location(s) of his or her exchange visitor program;
   (2) A summary of the significant components of the program, including a written statement of the teaching requirements and related professional obligations; and
   (3) A written statement which clearly states the compensation, if any, to be paid to the teacher and any other financial arrangements in regards to the exchange visitor program.

(2) Short-term scholars, who are governed by regulations set forth at §62.21; and

(b) Purpose. The Exchange Visitor Program promotes the interchange of
knowledge and skills among foreign and American specialists, who are defined as experts in a field of specialized knowledge or skills, and who visit the United States for the purpose of observing, consulting, or demonstrating their special skills. It does so by providing foreign specialists the opportunity to observe American institutions and methods of practice in their professional fields, and to share their specialized knowledge with their American colleagues. The exchange of specialists promotes mutual enrichment, and furthers linkages among scientific institutions, government agencies, museums, corporations, libraries, and similar types of institutions. Such exchanges also enable visitors to better understand American culture and society and enhance American knowledge of foreign cultures and skills. This category is intended for exchanges with experts in such areas, for example, as mass media communication, environmental science, youth leadership, international educational exchange, museum exhibitions, labor law, public administration, and library science. This category is not intended for experts covered by the exchange visitor categories listed in paragraphs (a) (1) through (3) of this section.

(c) Designation. The Department of State may, in its discretion, designate bona fide programs satisfying the objectives in section (b) above as an exchange visitor program in the specialist category.

(3) Does not fill a permanent or long-term position of employment while in the United States.

(2) A summary of the significant components of the program; and

(3) A written statement which clearly states the stipend, if any, to be paid to the specialist.

(g) Issuance of Form IAP–66. The Form DS–2019 shall be issued only after the specialist has been accepted by the organization(s) with which he or she will participate in an exchange visitor program.

(h) Location of the exchange. The specialist shall participate in an exchange visitor program at the location(s) listed on his or her Form DS–2019.

(i) Duration of participation. The specialist shall be authorized to participate in the Exchange Visitor Program for the length of time necessary to complete the program, which shall not exceed one year.

(3) Subject to the limitations set forth above, duration of participation may, for good cause shown, be extended beyond the period of actual training or education to include the time necessary to take an examination required for certification by a specialty board.

(4) The Secretary of State may include within the duration of participation a period of supervised medical practice in the United States if such practice is an eligibility requirement for certification by a specialty board. (i) Alien physicians shall be permitted to undertake graduate medical education or training in a specialty or subspecialty program whose board requirements are not published in the Director of Medical Specialists if the Board requirements are certified to the Secretary of State and to the Educational Commission for Foreign Medical Graduates by the Executive Secretary of the cognizant component board of the American Board of Medical Specialties. § 62.30 Camp counselors.

(a) Introduction. In order to promote diverse opportunities for participation in educational and cultural exchange programs, the Department of State designates exchange sponsors to facilitate the entry of foreign nationals to serve as counselors in U.S. summer camps. These programs promote international understanding by improving American knowledge of foreign cultures while enabling foreign participants to increase their knowledge of American culture. The foreign participants are best able to carry out this objective by serving as counselors per se, that is, having direct responsibility for supervision of groups of American youth and of activities that bring them into interaction with their charges. While it is recognized that some non-counseling chores are an essential part of camp life for all counselors, this program is not intended to assist American camps in bringing in foreign nationals to serve as administrative personnel, cooks, or menial laborers, such as dishwashers or janitors.

(b) Participant eligibility. Participation in camp counselor exchange programs is limited to foreign nationals who:

(1) Are at least 18 years of age;

(2) Are bona fide youth workers, students, teachers, or individuals with specialized skills; and

(c) Participant selection. In addition to satisfying the requirements in §62.10(a), sponsors shall adequately
screen all international candidates for camp counselor programs and at a minimum:

(1) Conduct an in-person interview; and

(2) Secure references from a participant’s employer or teacher regarding his or her suitability for participation in a camp counselor exchange.

(d) Participant orientation. Sponsors shall provide participants, prior to their departure from the home country, detailed information regarding:

(1) Comply with all provisions set forth in subpart A of this part;

(2) Not facilitate the entry of any participant for a program of more than four months duration; and

(3) Under no circumstance facilitate the entry into the United States of a participant for whom a camp placement has not been pre-arranged.

(i) Placement report. In lieu of listing the name and address of the camp facility at which the participant is placed on Form DS–2019, sponsors shall submit to the Department of State, no later than July 1st of each year, a report of all participant placements. Such report shall reflect the participant’s name, camp placement, and the number of times the participant has previously participated in a camp counselor exchange.

(j) In order to ensure that as many different individuals as possible are recruited for participation in camp counselor programs, sponsors shall limit the number of participants who have previously participated more than once in any camp counselor exchange to not more than ten percent of the total number of participants that the sponsor placed in the immediately preceding year.

(c) Requests for change of category from research scholar to student will be evaluated recognizing the fact that, in some cases, research skills can be substantially enhanced by doctoral study.

(d) An exchange visitor who applies for a change of category pursuant to these regulations is considered to be maintaining lawful status during the pendency of the application.

(e) An exchange visitor who applies for a change of category and who subsequently receives notice from the Department of State that the request has been denied is considered to be maintaining lawful status for an additional period of thirty days from the day of such notice, during which time the exchange visitor is expected to depart the country, or for a period of thirty days from expiration of the exchange visitors’ Form DS–2019, whichever is later.

You means the Responsible Officer or Alternate Responsible Officer;

Exchange visitor means the person who enters the United States on a J visa in order to participate in an exchange program designated by the Secretary of State of the Department of State.

Fails or failed maintain valid program status means the status of an exchange visitor who has completed, concluded, ceased, interrupted, graduated from, or otherwise terminated the exchange visitor’s participation in the exchange program, or who remains in the United States beyond the end date on the exchange visitor’s current Form DS–2019.

Unauthorized employment means any employment not properly authorized by you or by the Attorney General, i.e., the Immigration and Naturalization Service, prior to commencement of employment. Unauthorized employment does not include activities that are normally approvable, as described in paragraph (c)(3) of this section.

We, our, or us means the office of Exchange Visitor Program Services of the Department of State.

(b) Who is authorized to correct minor or technical infractions of the Exchange Visitor Program regulations? (1) If the exchange visitor committed a technical or minor infraction of the regulations, you are authorized to correct the exchange visitor’s records with respect to such technical or minor infractions of the regulations in this part. Your correction of such an infraction(s) returns the exchange visitor to the status quo ante, i.e., it is as if the infraction never occurred.

(2) You may only correct the exchange visitor’s record with respect to a technical or minor infraction of the regulations in this part if the exchange visitor is pursuing or intending to pursue the exchange visitor’s original program objective.

(3) You may not correct the exchange visitor’s records with respect to a technical or minor infraction of the regulations in this part if the exchange visitor has willfully failed to maintain insurance coverage during the period for which the record is being corrected; if the exchange visitor has engaged in unauthorized employment during that period, as defined in paragraph (a) of this section, of if the exchange visitor was involuntarily suspended or terminated from his or her program during the period.

(4) If the exchange visitor has failed to maintain valid program status because of a substantive violation of the regulations in this part, you must apply to us for reinstatement.

(c) What violations or infractions of the regulations in this part do we consider to be technical or minor ones, and how do you correct the record? We consider the following to be examples of technical or minor infractions which you are authorized to correct:

(1) Failure to extend the Form DS–2019 in a timely manner (i.e., prior to the end date on the current Form DS–2019) due to inadvertence or neglect on your part or on the part of the exchange visitor.

(2) Failure on the part of the exchange visitor to conclude a transfer of program prior to the end date on the current Form DS–2019 due to administrative delay or oversight, inadvertence or neglect on your part or on the part of the exchange visitor.

(3) Failure to receive your prior approval and/or an amended Form DS–2019 before accepting an honorarium or other type of payment for engaging in a normally approvable and appropriate activity. Example, a lecture, consultation, or other activity appropriate to the category which is provided by a
§ 62.45

professor, research scholar, short-term scholar or specialist without prior approval or an amended Form DS–2019 issued prior to the occurrence of the activity.

(4) You correct the record status quo ante by issuing a Form DS–2019 or by writing an authorization letter to reflect the continuity in the program or the permission to engage in the activity that a timely issued document would have reflected.

(i) Forms DS–2019 should be:
(A) Issued to show continued authorized stay without interruption;
(B) Marked in the “purpose” box with the appropriate purpose (i.e., extension, transfer, etc.) and with the additional notation of “correct the record” typed in;
(C) Dated as of the date the Form was actually executed; and,
(D) Submitted to the Department of State in the same way as any other notification.

(ii) Letters or other authorization documents should be:
(A) Issued according to the regulations in this part appropriate to the category and the activity;
(B) Marked or annotated to show “correct the record,”
(C) Dated as of the date the letter or document was actually executed; and,
(D) Attached to the exchange visitor’s Form DS–2019 and/or retained in the sponsor’s file as required by the regulations in this part for that particular type of letter or document.

(d) How do you determine if an infrac- tion, other than those examples listed above is a technical or minor infraction? It is impossible to list every example of a technical or minor infraction. To guide you in making a determination, you are to examine the following criteria:
(1) Regardless of the reason, has the exchange visitor failed to maintain valid program status for more than 120 calendar days after the end date on the current Form DS–2019?
(2) Has the exchange visitor, by his or her actions, failed to maintain, at all relevant times, his or her original program objective?
(3) Has the exchange visitor willfully failed to comply with our insurance coverage requirements (§62.14)?
(4) Has the exchange visitor engaged in unauthorized employment, as that term is defined in paragraph (a) of this section?
(5) Has the exchange visitor category been involuntarily suspended or terminated from his or her program?
(6) Has an exchange visitor in the student category failed to maintain a full course of study (as defined in §62.2) without prior consultation with you and the exchange visitor’s academic advisor?
(7) Has the exchange visitor failed to pay the fee mandated by Public Law 104–208 (the “CIPRIS” fee)?
(8) If the answer to any of the above questions is “yes,” then the infraction is not a technical or minor one and you are not authorized to reinstate the exchange visitor to valid program status.

(e) Which violations or infractions do we consider to be substantive ones requiring you to apply to us for reinstatement? The following are substantive violations or infractions of the regulations in this part by the exchange visitor which require you to apply to us for reinstatement to valid program status:
(1) Failure to maintain valid program status for more than 120 days after the end date on the current Form DS–2019;
(2) If a student, failure to maintain a full course of study (as defined in §62.2) without prior consultation with you and the exchange visitor’s academic advisor.

(f) Which, if any, violations of the regulations in this part or other conditions preclude reinstatement and will result in a denial if application is made? We will not consider requests for reinstatement (nor should you) when an exchange visitor has:
(1) Knowingly or willfully failed to obtain or maintain the required health insurance (§62.14) at all times while in the United States;
(2) Engaged in unauthorized employment, as that term is defined in paragraph (a) of this section;
(3) Been suspended or terminated from the most recent exchange visitor program;
(4) Failed to maintain valid program status for more than 270 calendar days;
(5) Received a favorable recommendation from the Department of State on an application for waiver of section
212(e) of the Immigration and Nationality Act (8 U.S.C. 1182(e)); or,
(6) Failed to pay the fee mandated by Public Law 104–208 (the “CIPRIS” fee.)

(g) What if you cannot determine which category (technical, substantive, or non-reinstatable) the violation or infraction falls within? If you cannot determine which category the violation or condition falls within, then you must, on behalf of the exchange visitor, apply to us for reinstatement.

(h) If you determine that the exchange visitor’s violation of the regulations in this part is a substantive one, how do you apply for a reinstatement to valid program status? (1) If you determine that the violation of the regulations in this part is a substantive one, and that the exchange visitor has failed to maintain valid program status for 120 days or less, you must apply to us for reinstatement of the exchange visitor to valid program status. Your application must include:
(i) All copies of the exchange visitor’s Forms DS–2019 issued to date;
(ii) A new, completed Form DS–2019, showing in Block 3 the date for which reinstatement is sought, i.e., the new program end date;
(iii) A copy of the receipt showing that the Public Law 104–208 fee has been paid; and,
(iv) A written statement (and documentary information supporting such statement):
(A) Declaring that the exchange visitor is pursuing or was at all times intending to pursue the original exchange visitor activity for which the exchange visitor was admitted to the United States; and,
(B) Showing that the exchange visitor failed to maintain valid program status due to circumstances beyond the control of the exchange visitor, or from administrative delay or oversight, inadvertence, or excusable neglect on your part or the exchange visitor’s part; and,
(C) Showing that it would be an unusual hardship to the exchange visitor if we do not grant the reinstatement to valid program status.

(2) If you determine that the violation of the regulations is a substantive one, and that the exchange visitor has failed to maintain valid program status for more than 120 days, then you must apply to us for reinstatement of the exchange visitor to valid program status. Your application must include:
(i) Copies of all the exchange visitor’s Forms DS–2019 issued to date;
(ii) A new, completed Form DS–2019, showing in Block 3 the date for which reinstatement is sought, i.e., the new program end date;
(iii) A copy of the receipt showing that the Pub. L. 104–208 fee has been paid; and,
(iv) A written statement (together with documentary evidence supporting such statement):
(A) Declaring that the exchange visitor is pursuing or was at all times intending to pursue the exchange visitor program activity for which the exchange visitor was admitted to the United States; and,
(B) Showing that the exchange visitor failed to maintain valid program status due to circumstances beyond the control of the exchange visitor, or from administrative delay or oversight, inadvertence, or excusable neglect on your part or the exchange visitor’s part; and,
(C) Showing that it would be an unusual hardship to the exchange visitor if we do not grant the reinstatement to valid program status.

(j) How will we notify you of our decision on your request for reinstatement? (1) If we deny your request for reinstatement, we will notify you by letter.
(2) If we approve your request for reinstatement, we will notify you:
(i) By stamping Box 6 on the new Form DS–2019 to show that reinstatement was granted, effective as of the date on which the application for reinstatement was received by the Exchange Visitor Program Services office; and
(ii) By returning the new Form DS–2019 for the exchange visitor.

(k) Are you required to notify us each time that you correct a record? No special notification is necessary. Submission of the notification copy of Form DS–
Subpart D—Sanctions

§ 62.50 Sanctions.

(a) Reasons for sanctions. The Department of State (Department) may impose sanctions against a sponsor upon a finding by its Office of Exchange Coordination and Designation (Office) that the sponsor has:

1. Violated one or more provisions of this Part;
2. Evidenced a pattern of failure to comply with one or more provisions of this Part;
3. Committed an act of omission or commission, which has or could have the effect of endangering the health, safety, or welfare of an exchange visitor; or
4. Otherwise conducted its program in such a way as to undermine the foreign policy objectives of the United States, compromise the national security interests of the United States, or bring the Department or the Exchange Visitor Program into notoriety or disrepute.

(b) Lesser sanctions. (1) In order to ensure full compliance with the regulations in this Part, the Department, in its discretion and depending on the nature and seriousness of the violation, may impose any or all of the following sanctions (‘‘lesser sanctions’’) on a sponsor upon a finding that the sponsor engaged in any of the acts or omissions set forth in paragraph (a) of this section:

i. A written reprimand to the sponsor, with a warning that repeated or persistent violations of the regulations in this Part may result in suspension or revocation of the sponsor’s Exchange Visitor Program designation, or other sanctions as set forth herein;

ii. A corrective action plan designed to cure the sponsor’s violations;

iii. A Declaration placing the exchange visitor sponsor’s program on probation, for a period of time determined by the Department in its discretion, signifying a pattern of violation of regulations such that further violations could lead to suspension or revocation of the sponsor’s Exchange Visitor Program designation, or other sanctions as set forth herein;

(iv) Up to a 15 percent (15%) reduction in the authorized number of exchange visitors in the sponsor’s program or in the geographic area of its recruitment or activity. If the sponsor continues to violate the regulations in this Part, the Department may impose subsequent additional reductions, in ten-percent (10%) increments, in the authorized number of exchange visitors in the sponsor’s program or in the geographic area of its recruitment or activity.

(2) Within ten (10) days after service of the written notice to the sponsor imposing any of the sanctions set forth in paragraph (b)(1) of this section, the sponsor may submit to the Office a statement in opposition to or mitigation of the sanction. Such statement may not exceed 20 pages in length, double-spaced and, if appropriate, may include additional documentary material. Sponsors shall include with all documentary material an index of the documents and a summary of the relevance of each document presented. Upon review and consideration of such submission, the Office may, in its discretion, modify, withdraw, or confirm such sanction. All materials the sponsor submits will become a part of the sponsor’s file with the Office.

(c) Suspension. (1) Upon a finding that a sponsor has committed a serious act of omission or commission which has or could have the effect of endangering the health, safety, or welfare of an exchange visitor, or of damaging the national security interests of the United States, the Office may serve the sponsor with written notice of its decision to suspend the designation of the sponsor’s program for a period not to exceed one hundred twenty (120) days.
Such notice must specify the grounds for the sanction and the effective date thereof, advise the sponsor of its right to oppose the suspension, and identify the procedures for submitting a statement of opposition thereto. Suspension under this paragraph need not be preceded by the imposition of any other sanction or notice.

(2)(i) Within five (5) days after service of such notice, the sponsor may submit to the Principal Deputy Assistant Secretary for Educational and Cultural Affairs (Principal Deputy Assistant Secretary, or PDAS) a statement in opposition to the Office’s decision. Such statement may not exceed 20 pages in length, double-spaced and, if appropriate, may include additional documentary material. A sponsor shall include with all documentary material an index of the documents and a summary of the relevance of each document presented. The submission of a statement in opposition to the Office’s decision will not serve to stay the effective date of the suspension.

(ii) Within five (5) days after receipt of, and upon consideration of, such opposition, the Principal Deputy Assistant Secretary shall confirm, modify, or withdraw the suspension by serving the sponsor with a written decision. Such decision must specify the grounds therefore, and advise the sponsor of the procedures for requesting review of the decision.

(iii) All materials the sponsor submits will become a part of the sponsor’s file with the Office.

(3) The procedures for review of the decision of the Principal Deputy Assistant Secretary are set forth in paragraphs (d)(3) and (4), (g), and (h) of this section, except that the submission of a request for review will not serve to stay the suspension.

(d) Revocation of designation. (1) Upon a finding of any act or omission set forth at paragraph (a) of this section, the Office may serve a sponsor with not less than thirty (30) days’ written notice of its intent to revoke the sponsor’s Exchange Visitor Program designation. Such notice must specify the grounds for the proposed sanction and its effective date, advise the sponsor of its right to oppose the proposed sanction, and identify the procedures for submitting a statement of opposition thereto. Revocation of designation under this paragraph need not be preceded by the imposition of any other sanction or notice.

(2)(i) Within ten (10) days after service of such written notice of intent to revoke designation, the sponsor may submit to the Principal Deputy Assistant Secretary a statement in opposition to or mitigation of the proposed sanction, which may include a request for a meeting.

(ii) The submission of such statement will serve to stay the effective date of the proposed sanction pending the decision of the Principal Deputy Assistant Secretary.

(iii) The Principal Deputy Assistant Secretary shall provide a copy of the statement in opposition to or mitigation of the proposed sanction to the Office. The Office shall submit a statement in response, and shall provide the sponsor with a copy thereof.

(iv) A statement in opposition to or mitigation of the proposed sanction, or statement in response thereto, may not exceed 25 pages in length, double-spaced and, if appropriate, may include additional documentary material. Any additional documentary material may include an index of the documents and a summary of the relevance of each document presented.

(v) Upon consideration of such statements, the Principal Deputy Assistant Secretary shall modify, withdraw, or confirm the proposed sanction by serving the sponsor with a written decision. Such decision shall specify the grounds therefor, identify its effective date, advise the sponsor of its right to request a review, and identify the procedures for requesting such review.

(vi) All materials the sponsor submits will become a part of the sponsor’s file with the Office.

(3) Within ten (10) days after service of such written notice of the decision of the Principal Deputy Assistant Secretary, the sponsor may submit a request for review with the Principal Deputy Assistant Secretary. The submission of such request for review will serve to stay the effective date of the decision pending the outcome of the review.
§62.50  22 CFR Ch. I (4–1–10 Edition)

(4) Within ten (10) days after receipt of such request for review, the Department shall designate a panel of three Review Officers pursuant to paragraph (g) of this section, and the Principal Deputy Assistant Secretary shall forward to each panel member all notices, statements, and decisions submitted or provided pursuant to the preceding paragraphs of paragraph (d) of this section. Thereafter, the review will be conducted pursuant to paragraphs (g) and (h) of this section.

(e) Denial of application for redesignation. Upon a finding of any act or omission set forth at paragraph (a) of this section, the Office may serve a sponsor with not less than thirty (30) days’ written notice of its intent to deny the sponsor’s application for redesignation. Such notice must specify the grounds for the proposed sanction and its effective date, advise the sponsor of its right to oppose the proposed sanction, and identify the procedures for submitting a statement of opposition thereto. Denial of redesignation under this section need not be preceded by the imposition of any other sanction or notice. The procedures for opposing a proposed denial of redesignation are set forth in paragraphs (d)(2), (d)(3), (d)(4), (g), and (h) of this section.

(f) Responsible officers. The Office may direct a sponsor to suspend or revoke the appointment of a responsible officer or alternate responsible officer for any of the reasons set forth in paragraph (a) of this section. The procedures for suspending or revoking a responsible officer or alternate responsible officer are set forth at paragraphs (d), (g), and (h) of this section.

(g) Review officers. A panel of three Review Officers shall hear a sponsor’s request for review pursuant to paragraphs (c), (d), (e), and (f) of this section. The Under Secretary of State for Public Diplomacy and Public Affairs shall designate one senior official from an office reporting to him/her, other than from the Bureau of Educational and Cultural Affairs, as a member of the Panel. The Assistant Secretary of State for Consular Affairs and the Legal Adviser shall each designate one senior official from their bureaus as members of the Panel.

(h) Review. The Review Officers may affirm, modify, or reverse the sanction imposed by the Principal Deputy Assistant Secretary. The following procedures shall apply to the review:

(1) Upon its designation, the panel of Review Officers shall promptly notify the Principal Deputy Assistant Secretary and the sponsor in writing of the identity of the Review Officers and the address to which all communications with the Review Officers shall be directed.

(2) Within fifteen (15) days after service of such notice, the sponsor may submit to the Review Officers four (4) copies of a statement identifying the grounds on which the sponsor asserts that the decision of the Principal Deputy Assistant Secretary should be reversed or modified. Any such statement may not exceed 25 pages in length, double-spaced; and any attachments thereto shall not exceed 50 pages. A sponsor shall include with all attachments an index of the documents and a summary of the relevance of each document presented. The Review Officers shall transmit one (1) copy of any such statement to the Principal Deputy Assistant Secretary, who shall, within fifteen (15) days after receipt of such statement, submit four (4) copies of a statement in response. Any such statement may not exceed 25 pages in length, double-spaced; and any attachments thereto shall not exceed 50 pages. The Principal Deputy Assistant Secretary shall include with all attachments an index of the documents and a summary of the relevance of each document presented. The Review Officers shall transmit one (1) copy of any such statement to the sponsor. No other submissions may be made unless specifically authorized by the Review Officers.

(3) If the Review Officers determine, in their sole discretion, that a meeting for the purpose of clarification of the written submissions should be held, they shall schedule a meeting to be held within twenty (20) days after the receipt of the last written submission. The meeting will be limited to no more than two (2) hours. The purpose of the meeting will be limited to the clarification of the written submissions. No
transcript may be taken and no evidence, either through documents or by witnesses, will be received. The sponsor and the representative of the Principal Deputy Assistant Secretary may attend the meeting on their own behalf and may be accompanied by counsel.

(4) Following the conclusion of the meeting, or the submission of the last written submission if no meeting is held, the Review Officers shall promptly review the submissions of the sponsor and the Principal Deputy Assistant Secretary, and shall issue a signed written decision within thirty (30) days, stating the basis for their decision. A copy of the decision will be delivered to the Principal Deputy Assistant Secretary and the sponsor.

(5) If the Review Officers decide to affirm or modify the sanction, a copy of their decision shall also be delivered to the Department of Homeland Security and to the Bureau of Consular Affairs of the Department of State. The Office, at its discretion, may further distribute the decision.

(6) Unless otherwise indicated, the sanction, if affirmed or modified, is effective as of the date of the Review Officers’ written decision, except in the case of suspension of program designation, which is effective as of the date specified pursuant to paragraph (c) of this section.

(i) Effect of suspension, revocation, or denial of redesignation. A sponsor against which an order of suspension, revocation, or denial of redesignation has become effective may not thereafter issue any Certificate of Eligibility for Exchange Visitor (J–1) Status (Form DS–2019) or advertise, recruit for, or otherwise promote its program. Under no circumstances shall the sponsor facilitate the entry of an exchange visitor into the United States. An order of suspension, revocation, or denial of redesignation will not in any way diminish or restrict the sponsor’s legal or financial responsibilities to existing program applicants or participants.

(j) Miscellaneous—(1) Computation of time. In computing any period of time prescribed or allowed by these regulations, the day of the act or event from which the designated period of time begins to run is not included. The last day of the period so computed is included unless it is a Saturday, a Sunday, or a Federal legal holiday, in which event the period runs until the end of the next day which is not one of the aforementioned days. When the period of time prescribed or allowed is fewer than eleven (11) days, intermediate Saturdays, Sundays, or Federal legal holidays are excluded in the computation.

(2) Service of notice to sponsor. Service of notice to a sponsor pursuant to this section may be accomplished through written notice by mail, delivery, or facsimile, upon the president, chief executive officer, managing director, General Counsel, responsible officer, or alternate responsible officer of the sponsor.

Subpart E—Termination and Revocation of Programs

SOURCE: 72 FR 72249, Dec. 20, 2007, unless otherwise noted.

§ 62.60 Termination of designation

Designation will be terminated upon the occurrence of any of the circumstances set forth in this section.

(a) Voluntary termination. A sponsor notifies the Department of its intent to terminate its designation voluntarily and withdraws its program in SEVIS via submission of a “cancel program” request. The sponsor’s designation shall terminate upon submission of such notification. Such sponsor may apply for a new program designation.

(b) Inactivity. A sponsor fails to comply with the minimum program size or duration requirements, as specified in §62.8 (a) and (b), in any 12-month period. Such sponsor may apply for a new program designation.

(c) Failure to file annual reports. A sponsor fails to file annual reports for two (2) consecutive years. Such sponsor is eligible to apply for a new program designation.

(d) Failure to file an annual management audit. A sponsor fails to file an annual management audit, if such audits are required in the relevant program category. Such sponsor is eligible to apply for a new program designation.
(e) **Change in ownership or control.** An exchange visitor program designation is not assignable or transferable. A major change in ownership or control automatically terminates the designation. However, the successor sponsor may apply for designation of the new entity, and it may continue to administer the exchange visitor activities of the previously-designated program while the application for designation is pending before the Department of State:

1. With respect to a for-profit corporation, a major change in ownership or control is deemed to have occurred when one third (33.33%) or more of its stock is sold or otherwise transferred within a 12-month period;
2. With respect to a not-for-profit corporation, a major change of control is deemed to have occurred when 51 percent (51%) or more of the board of trustees or other like body, vested with its management, is replaced within a 12-month period.

(f) **Non-compliance with other requirements.** A sponsor fails to remain in compliance with Federal, State, local, or professional requirements necessary to carry out the activity for which it is designated, including loss of accreditation, or licensure.

(g) **Failure to apply for redesignation.** A sponsor fails to apply for redesignation, pursuant to the terms and conditions of §62.7, prior to the conclusion of its current designation period. If so terminated, the former sponsor may apply for a new program designation, but the program activity will be suspended during the pendency of the application.

### § 62.61 Revocation.

The Department may terminate a sponsor’s program designation by revocation for cause as specified in §62.50. Such sponsor may not apply for a new designation for five (5) years following the effective date of the revocation.

### § 62.62 Termination of, or denial of redesignation for, a class of designated programs.

The Department may, in its sole discretion, determine that a class of designated programs compromises the national security of the United States or no longer furthers the public diplomacy mission of the Department of State. Upon such a determination, the Office shall:

(a) Give all sponsors of such class of designated programs not less than thirty (30) days’ written notice of the revocation of Exchange Visitor Program designations for such programs, specifying therein the grounds and effective date for such revocations; or

(b) Give any sponsor of such class of designated programs not less than thirty (30) days’ written notice of its denial of the sponsor’s application for redesignation, specifying therein the grounds for such denial and effective date of such denial. Revocation of designation or denial of redesignation on the above-specified grounds for a class of designated programs is the final decision of the Department.

### § 62.63 Responsibilities of the sponsor upon termination or revocation.

Upon termination or revocation of its program designation, a sponsor must:

(a) Fulfill its responsibilities to all exchange visitors who are in the United States at the time of the termination or revocation; and

(b) Notify exchange visitors who have not entered the United States that the program has been terminated or revoked, unless a transfer to another designated program can be obtained.

### § 62.70 SEVIS reporting requirements.

(a) **Enrollment and initial use of SEVIS.** Sponsors shall apply for enrollment in SEVIS no later than December 16, 2002. Upon notification that they have been successfully enrolled in SEVIS, sponsors shall:

§ 62.73

copy of a participant’s Form IAP-66 or Form DS-2019;

(3) Create a SEVIS record if an amendment or change is made in the start or end date of a program participant’s program;

(4) Create a SEVIS record for a program participant’s accompanying spouse and all accompanying dependent children if a SEVIS record has been created for the participant;

(5) Utilize SEVIS to up-date information on any participant, spouse, or dependent child for whom a SEVIS record has been created; and

(6) No later than August 1, 2003, create a separate SEVIS record for each participant, accompanying spouse and dependent child that will continue to have Exchange Visitor Program participant status after August 1, 2003.

(b) Current U.S. address. Sponsors shall ensure that the actual and current U.S. address of all sponsored participants is reported to SEVIS. Sponsors shall update the actual and current U.S. address information for participants within 21 days of being notified by a participant of a change in his or her address. A sponsor’s failure to update the actual and current U.S. address information within 21 days of receipt may be grounds for revocation of their Exchange Visitor Program status. Sponsors shall report a U.S. mailing address, i.e., P.O. box address, in those limited circumstances where mail cannot be delivered to the current and actual U.S. address. If a U.S. mailing address is reported to SEVIS, sponsors shall also maintain a record of the actual and current U.S. address, e.g., dorm, building and room number, for that exchange visitor.

(c) Notification to program participants. Sponsors shall notify all participants in their exchange visitor program and accompanying spouse and dependent children that any change in the U.S. address must be reported to the sponsor within 10 days of such change. Sponsors may direct the participant to provide the notification of change in address in a format acceptable to the sponsor.

(d) Validation of program participation. Sponsors shall within 30 calendar days of a program participant’s start date verify that the participant has in fact begun their program participation. Sponsors shall update the participant’s SEVIS record and current U.S. address.

(a) SEVIS generated Forms DS–2019 shall only be completed, printed and signed by a responsible officer and/or alternate responsible officer(s) who are physically present in the United States or a U.S. territory at the time of the Form’s production.

(b) Responsible officers and alternate responsible officers shall secure their SEVIS logon IDs and passwords at all times.

(1) At no time and under no circumstances are SEVIS logon IDs and passwords to be shared with anyone, either on a transitory or permanent basis.

(2) Sponsors for whom the responsible officer or alternate responsible officers have been found to have willfully or negligently violated the requirements of this section will be subject to sanctions as set forth in §62.50(a)(2).

§ 62.72 Staffing and support services.

(a) Sponsors shall appoint a responsible officer and may appoint up to ten alternate responsible officers to adequately administer their exchange visitor program to fulfill the duties set forth in §62.11.

(b) The Department may limit the number of alternate responsible officers appointed by the sponsor at its discretion.

(2) The Department reserves the right to withdraw the appointment of a responsible or alternate responsible officer at its discretion.

(b) [Reserved]

§ 62.73 Academic training.

(a) Students meeting the definition listed in §62.4(a)(1)(ii) and (iii) may, if approved by the academic dean or advisor and approved by the responsible officer or alternate responsible officer, engage in academic training pursuant to §62.23(f).
§ 62.74 Student employment.

(a) Students meeting the definition listed in §62.4(a)(1)(ii) and (iii) may engage in student employment pursuant to §62.23(g).

(b) The responsible officer or alternate responsible officer shall update the exchange visitor’s SEVIS record to reflect the details of such employment pursuant to §62.23(g)(1). An update of the SEVIS record constitutes compliance with §62.23(g)(2)(iv).

§ 62.75 Extension of program participation.

(a) A sponsor may extend an exchange visitor’s participation in the Exchange Visitor Program up to the limit of the permissible period of participation authorized for the specified program category by entering a new end program date and an optional comment—all other information collected on a DS–2019 will be automatically completed by SEVIS.

(1) A sponsor extending the program of an exchange visitor who is not currently listed in the SEVIS database is required to create a record for the exchange participant (and the accompanying spouse and any dependents as a “continuing exchange visitor”). In creating the exchange visitor’s SEVIS record, the sponsor shall issue the exchange visitor (and the accompanying spouse and any dependent children) a duly executed Form DS–2019 reflecting such extension.

(2) When creating a SEVIS record for a “continuing exchange visitor,” the initial program start date and Form number taken from the non-SEVIS Form IAP–66 or DS–2019 issued to begin new program must be entered in the exchange visitor’s SEVIS record.

(b) A responsible officer or alternate responsible officer seeking an extension of program status on behalf of an exchange visitor in excess of the duration of program participation authorized for the specific category shall:

(1) Submit an electronic request to the Department through the real-time interactive mode in SEVIS.

(2) Create a record for the exchange participant (and the accompanying spouse and any dependent children) as a “continuing exchange visitor” listing the initial program start date and Form number taken from the non-SEVIS Form IAP–66 or DS–2019 issued to begin new program.

(3) Submit written supporting documentation and the required non-reimbursable fee to the Department within 30 calendar days of the SEVIS submission date.

§ 62.76 Transfer procedures.

(a) Program sponsors may, pursuant to the provisions set forth in §62.42, permit an exchange visitor to transfer from one designated program to another designated program. Transfers will not extend the maximum duration of participation for the category in which the exchange visitor is currently participating.

(b) Current sponsor and transfer sponsor shall communicate appropriately to ensure an uninterrupted transfer, continuous status of the exchange visitor and proper change of address reporting and shall utilize the provisions of this section to effect such transfer.

(1) SEVIS-to-SEVIS transfer. When both the transfer and current sponsors are enrolled in SEVIS, a transfer is enacted as follows:

(i) The nonimmigrant shall notify the current sponsor of the intention to transfer.

(ii) Upon verification of the current status and eligibility to transfer by the transfer sponsor, the current sponsor shall update the exchange visitor’s record by processing a “transfer out” in SEVIS. The current sponsor must enter the name and program number of the transfer sponsor and the effective date of transfer. The “transfer out” process gives the transfer sponsor access to the SEVIS record of the exchange visitor (and accompanying spouse and any dependent children).

(iii) The transfer sponsor shall initiate a “transfer in,” issue a Form DS–2019 for the exchange visitor (and accompanying spouse and any dependent children).
children), and advise the exchange visitor of the effective date of transfer.

(iv) The exchange visitor shall report to the transfer sponsor in a manner and at a time specified by the transfer sponsor, and shall provide updated U.S. address information.

(v) The transfer sponsor shall validate the exchange visitor’s participation in its program within 30 calendar days of the effective date of transfer and update the exchange visitor’s current U.S. address.

(2) Non-SEVIS to SEVIS transfer:

(i) The nonimmigrant shall notify the current sponsor of the intention to transfer.

(ii) Upon verification of current status and eligibility to transfer, the transfer sponsor shall create a Form DS–2019 and submit it to the current sponsor for the release of the exchange visitor by acquiring a signature in Section 8 of the Form.

(iii) The transfer is required to update the exchange visitor’s SEVIS record by recording the effective date of transfer; name and program number of the transfer sponsor; and, name of the responsible officer/alternate responsible officer of the transfer (non-SEVIS) sponsor requesting the transfer as noted on the four-color, four-page paper Form DS–2019.

(iv) The exchange visitor shall report to the transfer sponsor in a manner and at a time specified by the transfer sponsor and shall provide updated U.S. address information.

(v) The transfer sponsor shall validate the exchange visitor’s participation in its program within 30 calendar days of the effective date of transfer and update the exchange visitor’s current U.S. address.

(3) SEVIS to Non-SEVIS transfer.

(i) The exchange visitor shall notify the current sponsor of the intention to transfer.

(ii) Upon verification of current status and eligibility to transfer, the transfer sponsor shall create a non-SEVIS Form DS–2019 and submit it to the current sponsor for the release of the exchange visitor by acquiring a signature in Section 8 of the Form.

(iii) The transfer is required to update the exchange visitor’s SEVIS record by recording the effective date of transfer; name and program number of the transfer sponsor; and, name of the responsible officer/alternate responsible officer of the transfer (non-SEVIS) sponsor requesting the transfer as noted on the four-color, four-page paper Form DS–2019.

(iv) The exchange visitor shall report to the transfer sponsor in a manner and at a time specified by the transfer sponsor and shall provide updated U.S. address information.

(v) The transfer sponsor shall validate the exchange visitor’s participation in its program within 30 calendar days of the effective date of transfer and update the exchange visitor’s current U.S. address.

§ 62.77 Reinstatement.

(a) Reinstatements will continue to be handled in accordance with the procedures established in § 62.45. A SEVIS reinstatement is processed as follows:

(1) The responsible officer must submit an electronic request for reinstatement to the Department through SEVIS.

(2) The responsible officer must print a copy of the reinstatement request (draft copy of the Form DS–2019) from the SEVIS system.

(3) The responsible officer must submit the official request along with the required supporting documentation justifying the reinstatement and the required, non-reimbursable fee (refer to § 62.90-Fee) to the Department within 30 calendar days of the SEVIS submission date.

(4) The Department will review the request. If approved, the Department will enter the approval in SEVIS, thereby opening the file so that the responsible officer may print a Form DS–2019. How is the sponsor going to know they received an answer to their request? The Department’s approval is required before a Form DS–2019 can be printed. What happens if the request is denied?

(b) An exchange visitor (and the accompanying spouse and any dependent children) who failed to submit a change of current U.S. address as required under § 62.63 is in violation of the Exchange Visitor Program regulations.
§ 62.78 Termination.

An exchange visitor who willfully or negligently fails to comply with the requirements established in Public Law 104–208, as amended, shall be terminated from the Exchange Visitor Program by the sponsor.

§ 62.79 Sanctions.

(a) The Department of State shall impose sanctions against a sponsor that has:

(1) Willfully or negligently failed to comply with the reporting requirements established in Public Law 104–208, as amended; or,

(2) Produced SEVIS Forms DS–2019 outside the United States or a United States territory; or,

(3) Whose authorized representatives fail to secure their SEVIS logon ID and password.

In such case, the grant or travel order will control.

Unless otherwise specified in the grant, all compensation and allowance for United States participants shall be payable biweekly and shall be computed as follows: An annual rate shall be derived by multiplying a monthly rate by 12; a biweekly rate shall be derived by dividing an annual rate by 26; and a calendar day rate shall be derived by dividing an annual rate by 364. If any maximum compensation or allowance authorized by these regulations or by the terms of any grant is exceeded by this method of computation and payment, such excess payment is hereby authorized. This paragraph may apply to payments made to participants from funds administered as provided in §515.2(a) and (b) in the discretion of the department, agency, independent establishment, institution, facility, or organization concerned.

(l) Outstanding grant authorization. Grants and other authorizations which are outstanding and in effect on the date the present regulations become effective, and which do not conform to this part, shall nevertheless remain in effect and be governed by the regulations under which they were originally issued, unless such grants or other authorizations are specifically amended and made subject to the present regulations in which case the individual concerned will be notified.

The application shall be addressed to the Secretary of State.

However, a termination or suspension shall not affect a grant which has been made under a previously approved program.

A grant made under an approved program shall not constitute a gift for purposes of 22 CFR 10.735–203 and section 7342 of title 5, United States Code.

PART 65—FOREIGN STUDENTS

§ 65.1 Regulations to be drafted.

Subject to the provisions and requirements of this part, appropriate administrative regulations shall be drafted by each executive department or agency of the Government which maintains and administers educational institutions and schools coming within the scope of the legislation. Such regulations shall carefully observe the limitations imposed by the Act of June 24, 1938, and shall in each case include:

(a) A list of the institutions and courses in the department or agency concerned in which instruction is available under the terms of the legislation.

(b) A statement of the maximum number of students of the other American republics who may be accommodated in each such institution or course at any one time.

(c) A statement of the qualifications to be required of students of the other American republics for admission, including examinations, if any, to be passed.

(d) Provisions to safeguard information that may be vital to the national defense or other interests of the United States.
§ 65.2 Applications.

Applications for citizens of the other American republics to receive the instruction contemplated by the Act of June 24, 1938, shall be made formally through diplomatic channels to the Secretary of State of the Department of State by the foreign governments concerned.

§ 65.4 Copies of regulations to Department of State.

§ 65.5 Granting of application.

Upon receipt of a reply from another department or agency of the Government, as contemplated by § 517.3, in which it is recommended that an application be granted, the Secretary of State of the Department of State shall notify the government of the American republic concerned, through diplomatic channels, that permission to receive the instruction requested in the application is granted, provided the applicant complies with the terms of this part and with the terms of the administrative regulations of the department or agency concerned.

PART 66—AVAILABILITY OF THE RECORDS OF THE NATIONAL ENDOWMENT FOR DEMOCRACY

§ 66.1 Introduction.

These regulations amend the Code of Federal Regulations to conform with Pub. L. 99–93. Pub. L. 99–93 amended the National Endowment for Democracy Act (22 U.S.C. 4411, et seq.) to require the National Endowment for Democracy (hereinafter “NED”) to comply fully with the provisions of the Freedom of Information Act (5 U.S.C. 552) (hereinafter “FOIA”), notwithstanding that NED is not an agency or establishment of the United States Government. NED will make information about its operation, organization, procedures and records available to the public in accordance with the provisions of FOIA.

§ 66.2 Location of description of organization and substantive rules of general applicability adopted as authorized by law, and statements of general applicability formulated and adopted by NED.

See 22 CFR part 527 for a description of the organization of NED and substantive rules of general applicability formulated and adopted by NED.

§ 66.3 Places at which forms and instructions for use by the public may be obtained.

(a) All forms and instructions pertaining to procedures under FOIA may be obtained from the FOIA officer of the National Endowment for Democracy, 1101 15th St., NW; Suite 700, Washington, D.C. 20005-5000.

(b) Grant guidelines may be obtained from the Program Office of NED to the
§ 66.4 Availability of final opinions, orders, policies, interpretations, manuals and instructions.

NED is not an adjudicatory organization and therefore does not issue final opinions and orders made in the adjudication of cases. NED will, however, in accordance with the rules in this section and § 526.7, make available for public inspection and copying those statements of policy and interpretation that have been adopted by NED and are not published in the Federal Register, and administrative staff manuals and instructions to staff that affect any member of the public.

(a) Deletion to protect privacy. To the extent required to prevent a clearly unwarranted invasion of personal privacy, NED may delete identifying details when it makes available or publishes a statement of policy, interpretation, or staff manual or instruction. Whenever NED finds any such deletion necessary, the responsible officer or employee must fully explain the justification therefor in writing.

(b) Current index. NED will maintain and make available on its premises for public inspection and copying a current index providing identifying information for the public as to any matter issued, adopted or promulgated after July 4, 1967, and required by this section to be made available or published. NED will provide copies on request at a cost of $0.15 per page.

§ 66.5 Availability of NED records.

Except with respect to the records made available under § 526.4, NED will, upon request that reasonably describes records in accordance with the requirements of this section, and subject to the exemptions listed in 5 U.S.C. 552(b), make such records promptly available to any person.

(a) Requests for records—How made and addressed. (1) Requesters seeking access to NED records under FOIA should direct all requests in writing to: Freedom of Information Act Officer, National Endowment for Democracy, 1101 15th St., NW; Suite 700, Washington, D.C. 20005–5000. Although requesters are encouraged to make their requests for access to NED records directly to NED, requests for access to NED records also may be submitted to Department of State’s Office of General Counsel and Congressional Liaison at the following address: Freedom of Information/Privacy Acts Coordinator, U.S. Information Agency, Room M–04, 301 Fourth Street SW., Washington, DC 20547.

(2) Appeals of denials of initial requests must be addressed to NED in the same manner or to the Department of State pursuant to the procedures set forth at part 171 of this Title, with the addition of the word “APPEAL” preceding the address on the envelope. Appeals addressed directly to the Department of State will not be deemed to have been received by NED for purposes of the time period set forth in 5 U.S.C. 552(a)(6)(A)(1) until actually received by NED. The Department of State shall forward any appeal received by it to NED within 2 working days from the actual day of receipt by the Department of State.

(3) The request letter should contain all available data concerning the desired records, including a description of the material, dates, titles, authors, and other information that may help identify the records. The first paragraph of a request letter should state whether it is an initial request or an appeal.

(b) Administrative time limits. (1) Within 10 working days after NED’s receipt of any request for access to NED records in compliance with paragraph (a) of this section, NED shall make an initial determination whether to provide the requested information and NED shall notify the requester in writing of its initial determination. In the event of an adverse determination, notification shall include the reasons for the adverse determination, the officials responsible for such determination, the right of the requester to appeal within NED, and that the final determination by NED to deny a request for records in whole or in part shall be submitted to the Secretary of State of Department
Department of State § 66.5

(1) NED shall submit to the Department of State a copy of its response as soon as practicable after it responds to the requester.

(2) When a request for records has been denied in whole or in part, the requester may, within 30 days of the date of receipt by the requester of the adverse determination from NED, appeal the denial to the President of NED or his designee, who will make a determination whether to grant or deny such appeal within 20 working days of receipt thereof. All appeals should be addressed in compliance with paragraph (a) of this section. If on appeal, the denial of the request for records is upheld, in whole or in part, NED shall notify the requester in writing of such determination, the reasons therefor, the officials responsible for such determination, the right of the requester to judicial review, and that the final determination by NED whether to deny a request for records in whole or in part shall be submitted to the Secretary of State of Department of State for review.

(3) If the requester elects not to appeal to the President of NED or his designee within the appeal period specified above, NED’s initial determination will become the final NED determination upon expiration of said appeal period or receipt by NED of notice from the requester that he does not elect to appeal, whichever is earlier. If the requester chooses to appeal NED’s initial determination within NED, the decision on appeal will become NED’s final determination.

(4)(i) Once NED’s determination to deny a request in whole or in part becomes final, NED shall submit a report to the Secretary of State of Department of State explaining the reasons for such denial no later than 5 working days thereafter.

(ii) The Secretary of State of Department of State shall review NED’s final determination within 20 working days. If the Secretary of State of Department of State or his designee approves NED’s denial in whole or in part, Department of State shall inform the requester and NED in writing of such determination, the reasons therefor, the officials responsible for such determination, and the right of the requester to judicial review of NED’s determination. In the event of such a determination, Department of State shall assume full responsibility, including financial responsibility, for defending NED in any litigation relating to such request.

(iii) If the Secretary of State of Department of State or his designee disapproves NED’s denial in whole or in part, Department of State shall promptly notify NED and thereafter NED shall promptly comply with the request for the pertinent records.

(iv) Because review by the Secretary of State of Department of State may resolve any dispute over access to NED records in the requester’s favor, the requester is encouraged (but not required) to wait for the determination on review by the Secretary of State of Department of State before seeking judicial review of NED’s final determination.

(5) In unusual circumstances as defined in 5 U.S.C. 552(a)(6)(B), the time limit provisions noted in paragraphs (b)(1) and (b)(2) of this section may be extended by written notice to the requester setting forth the reasons for such extension and the date on which a determination can be expected. Such extensions of the time limits may not exceed 10 working days in the aggregate.

(6) Any person making a request for records pursuant to § 526.5 may consider administrative remedies exhausted if NED fails to comply within the applicable time limit provisions of this section. When no determination can be dispatched within the applicable time limits set forth in this section, NED shall nevertheless continue to process the request. On the expiration of the time limit, NED shall inform the requester of the reason for the delay, of the date on which a determination may be expected to be dispatched, and of the requester’s right to treat the delay as a denial and of the requester’s right to appeal. NED may ask the requester to forego appeal until a determination is made. A copy of any such notice of delay will be sent to the Secretary of State of Department of State or to his designee no later than 2 working days after it has been sent to the requester. A court may retain jurisdiction and
§ 66.5 Definitions governing schedule of standard fees and fee waivers. For purposes of these regulations governing fees and fee waivers:

(c) Definitions governing schedule of standard fees and fee waivers. For purposes of these regulations governing fees and fee waivers:

(1) All of the terms defined in FOIA apply;

(2) A statute specifically providing for setting the level of fees for particular types of records means any statute that specifically requires the NED to set the level of fees for particular types of records;

(3) The term direct costs means those expenditures that NED actually incurs in searching for and duplicating (and in the case of commercial requesters, reviewing) documents, photographs, drawings or any other material to respond to a FOIA request. (Direct costs include the salary of the employee performing the work (the basic rate of pay for the employee plus 16% of that rate to cover benefits) and the cost of operating duplicating machinery. Not included in direct costs are overhead expenses such as costs of space, any heating or lighting, the facility in which the records are stored);

(4) The term search includes all time spent looking for material that is responsive to a request, including page by page or line by line identification of material within documents. Searches shall be conducted to ensure that they are undertaken in the most efficient and least expensive manner so as to minimize costs for both NED and the requester. "Search" is distinguished from "review" of material in order to determine whether the material is exempt from disclosure (see subparagraph (c)(6) below);

(5) The term duplication refers to the process of making a copy of a document, drawing, photograph, or any other material necessary to respond to a FOIA request. The copy provided by NED will be in a form that is reasonably usable by requesters;

(6) The term review refers to the process of examining documents that are located in response to a request that is for a commercial use (see subparagraph (c)(7) below) to determine whether any portion of any document located is permitted to be withheld. It also includes processing any documents for disclosure, e.g., doing all that is necessary to excise them and otherwise prepare them for release. Review does not include time spent resolving general legal or policy issues regarding the application of exemptions;

(7) The term ‘commercial use’ requests refers to a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made. In determining whether a requester properly belongs in this category, NED will determine the use to which a requester will put the documents requested. Where NED has reasonable cause to doubt the use to which a requester will put the records sought, or where that use is not clear from the request itself, NED will seek additional clarification before assigning the request to a specific category;

(8) The term educational institution refers to a preschool, a public or private elementary or secondary school, an institution of graduate higher education, an institution of undergraduate higher education, an institution of professional education, and an institution of vocational education, that operates a program or programs of scholarly study and/or research;

(9) The term non-commercial scientific institution refers to an institution that is not operated on a "commercial" basis as that term is referenced in paragraph (c)(7) of this section and that is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry;

(10) The term representative of the news media refers to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term “news” means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations that broadcast to the public at large,
and publishers of periodicals (but only in those instances when they can qualify as disseminators of “news”) who make their products available for purchase or subscription by the general public. These examples are not intended to be all-inclusive. In the case of “free-lance” journalists, such journalists may be regarded as working for a news organization if they can demonstrate a solid basis for expecting publication through that organization even though they are not actually employed by a news organization. A publication contract would be the clearest proof, but NED will also look to the past publication record of a requester in making this determination.

(d) Fees to be charged—general. NED shall charge fees that recoup the full allowable direct costs it incurs. NED shall use the most efficient and least costly methods to comply with requests for documents, drawings, photographs, and any other materials made under the FOIA.

(e) Specific fees. The specific fees for which NED shall charge the requester when so required by the FOIA are as follows:

(1) Manual searches for records—$8.00 per hour for clerical personnel; $15.00 per hour for supervisory personnel;

(2) Computer searches for records—In any case where a computer search is possible and the most efficient means by which to conduct a search, NED will charge the cost of operating the central processing unit for that portion of operating time that is directly attributable to searching for records responsive to a FOIA request and the operator-programmer salary apportionable to the search. The charge for the cost of the operator-programmer time shall be based on the salary of the operator-programmer plus 16 percent;

(3) Review of records—Requesters who seek documents for commercial use shall be charged for the time NED spends reviewing records to determine whether such records are exempt from mandatory disclosure. These charges shall be assessed only for the initial review; i.e., the review undertaken the first time NED analyzes the applicability of a specific exemption to a particular record or portion of a record. Neither NED nor the Department of State will charge for review at the administrative appeal level for an exemption already applied. However, NED will charge for review of records or portions of records withheld in full under an exemption that is subsequently determined not to apply. The fee for review as that term is used in these regulations shall be $15.00 per hour;

(4) Duplication of records—(i) making photocopies—15¢ per page; (ii) for copies prepared by computer, such as tapes or printouts, NED shall charge the actual cost, including operator time, of production of the tape or printout; (iii) for other methods of reproduction or duplication, NED shall charge the actual direct costs of producing the document(s);

(5) Other charges—(i) there shall be no fee for a signed statement of non-availability of a record; (ii) NED will not incur expenses arising out of sending records by special methods such as express mail;

(f) Fees to be charged—categories of requesters. There are four categories of FOIA requesters: commercial use requesters; educational and non-commercial scientific institutions; representatives of the news media; and all other
requesters. The fees to be charged each of these categories of requesters are as follows:

(1) Commercial use requesters—when NED receives a request for documents for commercial use, it shall assess charges that recover the full direct costs of searching for, reviewing for release, and duplicating the records sought. Commercial use requesters are entitled to neither two hours of free search time nor 100 free pages of reproduction of documents. NED shall recover the cost of searching for and reviewing records even if there is ultimately no disclosure of records. Requesters must reasonably describe the records sought;

(2) Educational and non-commercial scientific institution requesters—NED shall provide documents to educational and non-commercial scientific institution requesters for the cost of reproduction alone, excluding charges for the first 100 pages of duplication. To be eligible for inclusion in this category, requesters must show that the request is being made as authorized by and under the auspices of a qualifying institution and that the records are not sought for a commercial use, but are sought in furtherance of scholarly (if the request is from an educational institution) or scientific (if the request is from a non-commercial scientific institution) research. Requesters must reasonably describe the records sought;

(3) Requesters who are representatives of the news media—NED shall provide documents to requesters who are representatives of the news media for the cost of reproduction alone, excluding charges for the first 100 pages. To be eligible for inclusion in this category, a requester must meet the criteria in subsection (c)(10) above, and the request must not be made for a commercial use. A request for records supporting the news-dissemination function of the requester shall not be considered to be a request that is for a commercial use. Requesters must reasonably describe the records sought;

(4) All other requesters—NED shall charge requesters who do not fit into any of the above categories those fees that recover the full reasonable direct costs of searching for and reproducing records that are responsive to the request, except that the first 100 pages of reproduction and the first two hours of search time shall be furnished without charge. Requesters must reasonably describe the records sought.

(g) Assessment and collection of fees. (1) NED shall assess interest charges on an unpaid bill starting on the 31st day following the day on which the billing was sent. The fact that the fee has been received by NED, even if not processed, will suffice to stay the accrual of interest. Interest will be at the rate prescribed in section 3717 of title 31 of the United States Code and will accrue from the date of the billing.

(2) Charges for unsuccessful searches—If NED estimates that search charges are likely to exceed $25.00, it shall notify the requester of the estimated amount of fees unless the requester has indicated in advance a willingness to pay fees as high as those anticipated. Such notice shall offer the requester the opportunity to confer with agency personnel with the object of reformulating the request to meet the requester’s needs at a lower cost. Dispatch of such a notice of request shall suspend the running of the period for response by NED until a reply is received from the requester.

(3) Aggregating requests—Except for requests that are for a commercial use, NED shall not charge for the first two hours of search time or for the first 100 pages of reproduction. However, a requester may not file multiple requests at the same time, each seeking portions of a document or documents, solely in order to avoid payment of fees. When NED reasonably believes that a requester or a group of requesters acting in concert are attempting to divide a request into a series of requests for the purpose of evading the assessment of fees, NED shall aggregate any such requests and charge accordingly. One element to be considered in determining whether a belief would be reasonable is the time period in which the requests have been made. Before aggregating requests from more than one requester, NED must have a concrete basis on which to conclude that the requesters are acting in concert and are acting specifically to avoid payment of fees. In no case shall
NED aggregate multiple requests on unrelated subjects from one requester.

(4) Advance payments—NED shall not require payment for fees before work has commenced or continued on a request unless:

(i) NED estimates or determines that allowable charges that a requester may be required to pay are likely to exceed $250.00. In this event, NED shall notify the requester of the likely cost and may require an advance payment of an amount up to the full amount of estimated charges; or

(ii) A requester has previously failed to pay a fee charged within 30 days of the date of billing.

In this event, NED shall require the requester to pay the full amount owed plus any applicable interest as provided above or demonstrate that he or she has, in fact, paid the fee, and to make an advance payment of the full amount of the estimated fee before NED begins to process a new request or a pending request from that requester.

(iii) When NED acts under paragraphs (g)(4)(i) or (ii) above, the administrative time limits prescribed in subsection (a)(6) of the FOIA will begin only after NED has received fee payments described above.

(5) Form of payment—Remittances shall be in the form of a personal check or bank draft drawn on any bank in the United States, a postal money order, or cash. Remittances shall be made payable to the order of National Endowment for Democracy. NED will assume no responsibility for cash lost in the mail.

(h) Fee waiver or reduction. NED shall furnish documents without charge or at a charge reduced below the fees established by these regulations if disclosure of the information is in the public interest because the disclosure of the information is likely to contribute significantly to public understanding of the operations or activities of government and is not primarily in the commercial interest of the requester. In making a determination under this subsection, NED shall consider these factors in the following order:

(1) Whether the subject of the request for documents concerns the operations or activities of the government. For purposes of determining whether this factor is met:

(i) Records generated by a non-government entity are less likely to respond to a request for documents concerning the operations or activities of the government;

(ii) Records that are sought for their intrinsic informational content apart from their informative value with respect to specific activities or operations of government are less likely to meet this factor.

(2) Whether the information requested is likely to contribute to an understanding of government operations or activities. For purposes of determining whether the request meets this factor:

(i) NED will consider the extent to which the information requested already exists in the public domain;

(ii) NED will consider the extent to which the value of the information relates to an understanding of government operations or activities as opposed to the extent to which the information relates to other subjects.

(3) Whether the information requested will contribute to public understanding of government operations or activities. For purposes of determining whether the request meets this factor:

(i) NED will consider whether the disclosure will contribute to a public understanding as opposed to a primarily personal understanding of the requester;

(ii) NED will consider the identity of the requester to determine whether such requester is in a position to contribute to public understanding through disclosure of the information. Requesters shall describe their qualifications to satisfy this consideration;

(iii) NED will consider the expertise of the requester and the extent to which the expertise will enable the requester to extract, synthesize and convey the information to the public. Requesters shall describe their qualifications to satisfy this consideration;

(4) Whether the contribution to public understanding will be significant. In determining whether this factor has been met:

(i) NED will consider whether the public's understanding of the subject
matter in question is likely to be enhanced by the disclosure of information by a significant extent;

(ii) NED will compare the likely level of public understanding of the subject matter of the request before and after disclosure.

(5) After NED is satisfied that factors (h)(1) through (4) have been met, it will consider whether the requested disclosure is primarily in the commercial interest of the requester.

(i) For purposes of this subsection, commercial interest is one that furthers a commercial, trade, or profit interest as those terms are commonly understood. Under this subsection, a “commercial interest” shall not be an interest served by a request for records supporting the news dissemination function of the requester. All requesters who seek a fee waiver under section (h) of these regulations must disclose any and all commercial interests that would be furthered by the requested disclosure. NED shall use this information, information in its possession, reasonable inferences drawn from the requester’s identity, and the circumstances surrounding the request to determine whether the requester has any and all commercial interests that would be furthered by the disclosure. If information that NED obtains from a source other than the requester or reasonable inferences or other circumstances are used in making a determination under this paragraph (h)(5), NED shall inform the requester of the information, inferences or circumstances that were used in its initial determination. The requester may, prior to filing an appeal of the initial determination with the President of NED or his designee under paragraph (a)(2) of this section, provide further information to rebut such reasonable inferences, or to clarify the circumstances of the request to the person responsible for the initial determination. Such action by the requester must occur within 20 days of the initial determination by NED. Within 10 days of receipt of such further information, clarification, or rebuttal, NED shall respond to the additional information, reverse or affirm its original position and state the reasons for the reversal or affirmation. Receipt of an affirmation by the requester shall constitute an initial denial of a request for purposes of the appeal process described in paragraphs (a) and (b) of this section.

(ii) NED shall consider the magnitude of the requester’s commercial interest. In making a determination under this factor, NED shall consider the role that the disclosed information plays with respect to the requester’s commercial interests and the extent to which the disclosed information serves the range of commercial interests of the requester.

(iii) NED shall weigh the magnitude of the identified commercial interest of the requester against the public interest in disclosure in order to determine whether the disclosure is primarily in the commercial interest of the requester. If the magnitude of the public interest in disclosure is greater than the magnitude of the requester’s commercial interest, NED shall grant a full or partial fee waiver.

(6) In determining whether to grant a full or partial fee waiver, NED shall, to the extent possible, identify the portion of the information sought by the requester that satisfies the standard governing fee waivers set forth in FOIA, as amended, 5 U.S.C. 552(a)(4)(A)(iii), and in paragraphs (h)(1) through (6) of this section, and grant a fee waiver with respect to those documents. Fees for reproduction of documents that do not satisfy these standards shall be assessed as provided in paragraphs (c) through (g) of this section.

(i) Except as provided in paragraph (h)(5)(i) of this section, a requester may appeal a determination of the fees to be charged or waived under these regulations as he or she would appeal an initial determination of documents to be disclosed under paragraphs (a) and (b) of this section.

§ 66.6 Exemptions.

NED reserves the right to withhold records and information that are exempt from disclosure under FOIA. See 5 U.S.C. 552(b).
§ 66.7 Limitation of exemptions.

FOIA does not authorize withholding of information or limit the availability of NED records to the public except as specifically stated in this part. Nor is authority granted to withhold information from Congress.

§ 66.8 Reports.

On or before March 1 of each calendar year, NED shall submit a reporting covering the preceding calendar year to the Speaker of the House of Representatives and the President of the Senate for referral to the appropriate committees of the Congress. The report shall include those items specified at 5 U.S.C. 552(d).

PART 67—ORGANIZATION OF THE NATIONAL ENDOWMENT FOR DEMOCRACY

Sec. 67.1 Introduction.
67.2 Board of Directors.
67.3 Management.
67.4 Description of functions and procedures.

§ 67.1 Introduction.

(a) The National Endowment for Democracy (hereinafter “NED”) was created in 1983 to strengthen democratic values and institutions around the world through nongovernmental efforts. Incorporated in the District of Columbia and governed by a bipartisan Board of Directors, NED is tax-exempt, nonprofit, private corporation as defined in section 501(c)(3) of the Internal Revenue Code. Through its worldwide grant program, NED seeks to enlist the energies and talents of private citizens and groups to work with partners abroad who wish to build for themselves a democratic future.

(b) Since its establishment in 1983, NED has received an annual appropriation approved by the United States Congress as part of the United States Information Agency budget. Appropriations for NED are authorized in the National Endowment for Democracy Act (the “Act”), 22 U.S.C. 4411 et seq.

(c) The activities supported by NED are guided by the six purposes set forth in NED’s Articles of Incorporation and the National Endowment for Democracy Act. These six purposes are:

1. To encourage free and democratic institutions throughout the world through private-sector initiatives, including activities which promote the individual rights and freedoms (including internationally recognized human rights) which are essential to the functioning of democratic institutions;
2. To facilitate exchanges between U.S. private sector groups (especially the two major American political parties, labor and business) and democratic groups abroad;
3. To promote U.S. nongovernmental participation (especially through the two major American political parties, labor, and business) in democratic training programs and democratic institution-building abroad;
4. To strengthen democratic electoral processes abroad through timely measures in cooperation with indigenous democratic forces;
5. To support the participation of the two major American political parties, labor, business, and other U.S. private-sector groups in fostering cooperation with those abroad dedicated to the cultural values, institutions, and organizations of democratic pluralism; and
6. To encourage the establishment and growth of democratic development in a manner consistent both with the broad concerns of United States national interests and with the specific requirements of the democratic groups in other countries which are aided by NED-supported programs.

§ 67.2 Board of Directors.

(a) NED is governed by a bipartisan board of Directors of not fewer than thirteen and not more than twenty-five members reflecting the diversity of American society. The officers of the corporation are Chairman and Vice Chairman of the Board, who shall be members of the Board, a President, Secretary and Treasurer, and such other officers as the Board of Directors
may from time to time appoint. Meetings of the Board of Directors are held at times determined by the Board, but in no event fewer than four times each year. A current list of members of the Board of Directors and a schedule of upcoming meetings is available from NED's office at 1101 15th Street, NW; Suite 700, Washington, DC 20005–5000.

(b) All major policy and funding decisions are made by the Board of Directors. The primary statement of NED’s operating philosophy, general principles and priorities is contained in the National Endowment for Democracy’s Statement of Principles and Objectives, adopted by the Board of Directors in December 1984. Copies of this statement as well as other general information concerning the organization are available from NED on request.

(c) As a grantmaking organization, NED does not carry out programs directly. All grants made by the corporation shall be by a two-thirds vote of those voting at a meeting at which a quorum is present. Notwithstanding the foregoing, the Board may from time to time adopt, upon a two-thirds vote of those voting at a meeting at which a quorum is present, procedures to address emergency funding requests between meetings of the Board. In addition, “[n]y Board member who is an officer or director of an organization seeking to receive grants from the Corporation must abstain from consideration of and any vote on such grant” (Article VI, Section 6). Copies of the bylaws are available from NED’s offices.

§ 67.3 Management.

(a) NED’s operations and staff are managed by a President selected by the Board of Directors. The President is the chief executive officer of the corporation and manages the business of the corporation under the policy direction of the Board of Directors. The President directs a staff whose functions are divided among the Office of the President, a Program Section and a Finance Office.

(b) The Office of the President provides policy direction and is responsible for day-to-day management of the organization, including personnel management, liaison with the Board of Directors and preparation of meetings of the Board and Board committees. The President’s office also provides information concerning NED’s activities to the press and public. The Program Section, under the direction of the Director of Program, is responsible for the review and preparation of proposals submitted to the Endowment and for the monitoring and evaluation of all programs funded by NED.

(c) The Finance Office, under the direction of the Comptroller, is responsible, with the President and the Board of Directors, for financial management of NED’s affairs, including both administrative financial management and grant management. The Director of Program and the Comptroller report to the NED President.

§ 67.4 Description of functions and procedures.

(a) In accordance with the Statement of Principles and Objectives, NED is currently developing and funding programs in five substantive areas:

1. **Pluralism.** NED encourages the development of strong, independent private-sector organizations, especially trade unions and business associations. It also supports cooperatives, civic and women’s organizations, and youth groups, among other organizations. Programs in the areas of labor and business are carried out, respectively, through the Free Trade Union Institute and the Center for International Private Enterprise.

2. **Democratic governance and political processes.** NED seeks to promote strong, stable political parties committed to the democratic process. It also supports cooperatives, civic and women’s organizations, and youth groups, among other organizations. Programs in the areas of labor and business are carried out, respectively, through the Free Trade Union Institute and the Center for International Private Enterprise.

3. **Education, culture and communications.** NED funds programs that nourish a strong democratic civic culture, including support for publications and other communications media and training programs for journalists; the production and dissemination of books.
and other materials to strengthen popular understanding and intellectual advocacy of democracy; and programs of democratic education.

(4) Research. A modest portion of NED’s resources is reserved for research, including studies of particular regions or countries where NED has a special interest, and evaluations of previous or existing efforts to promote democracy.

(5) International cooperation. NED seeks to encourage regional and international cooperation in promoting democracy, including programs that strengthen cohesion among democracies and enhance coordination among democratic forces.

(b) As a grantmaking organization, NED has certain responsibilities that govern its relationship with all potential and actual grantees. Briefly, these are:

(1) Setting program priorities within the framework of the purposes outlined in NED’s articles of incorporation and contained in the legislation, and guided by the general policy Statement of the Board of Directors;

(2) Reviewing and vetting proposals, guided by the general guidelines and selection criteria adopted by the NED Board;

(3) Coordinating among all grantees to avoid duplication and to assure maximum program effectiveness;

(4) Negotiating a grant agreement which ensures a high standard of accountability on the part of each grantee;

(5) Financial and programmatic monitoring following the approval and negotiation of a grant, and ongoing and/or follow-up evaluation of programs prior to any subsequent funding of either a particular grantee or a specific program. Grantees will also be expected to monitor projects, to provide regular reports to NED on the progress of programs, and to inform NED promptly of any significant problems that could affect the successful implementation of the project. NED grantees will also conduct their own evaluations of programs.

(6) As a recipient of congressionally appropriated funds, NED has a special responsibility to:

(i) Operate openly, (ii) Provide relevant information on programs and operations to the public, and (iii) Ensure that funds are spent wisely, efficiently, and in accordance with all relevant regulations.

(c) Institutes representing business, labor, and the major political parties carry out programs which are central to NED’s purposes. As a result of their unique relationship to NED, institute programs are an integral part of NED’s priorities and the institutes themselves are “core” grantees. As such, the institutes, while subject to all the normal procedures governing NED’s relationships with grantees, will be treated differently in the following respects:

(1) The institutes will have the mandate to carry out programs funded by NED in their respective sectors of business, labor and political parties.

(2) As an integral part of the process of budgeting and setting program priorities, the NED Board will target a certain amount of its annual resources for institute programs in their respective fields of activity.

(3) Unlike its practice for the majority of its grantees, NED will fund significant administrative costs for each of the core grantees.

(4) Institute staff will assume responsibility for program development and preparation of proposals for the Board in each field of activity for which it has a special mandate.

(5) NED will expect its core grantees to perform their monitoring/evaluation function described in programmatic monitoring under Financial and programmatic monitoring above in a manner that will minimize the need to devote NED resources for these purposes. (Individual copies of the Grants Policy are available from the NED office.)

(6) As stated above, in awarding grants the Board is guided by established grant selection criteria. In addition to evaluating how a program fits within NED’s overall priorities, the Board considers factors such as the urgency of a program, its relevance to specific needs and conditions in a particular country, and the democratic commitment and experience of the applicant. NED is especially interested in
proposals that originate with indigenous democratic groups. It is also interested in nonpartisan programs seeking to strengthen democratic values among all sectors of the democratic political spectrum.

(d) Selection criteria. In determining the relative merit of a particular proposal NED considers whether the grant application:

(1) Proposes a program that will make a concrete contribution to assisting foreign individuals or groups who are working for democratic ends and who need NED’s assistance.

(2) Proposes a program, project or activity which is consistent with current NED program priorities and contributes to overall program balance and effectiveness.

(3) Proposes an activity that meets an especially urgent need.

(4) Does not overlap with what others are doing well.

(5) Proposes a program that will encourage an intellectual climate which is favorable to the growth of democratic institutions.

(6) Proposes a program that is not only culturally or intellectually appealing, but will affect the education and the awareness of minorities and/or the less privileged members of a society.

(7) Originates from an organization within a particular country representing the group whose needs are to be addressed.

(8) Appears to be well thought out, avoiding imprudent activities and possibilities for negative repercussions.

(9) Takes into consideration not only what objectively could be significant to a certain society, but how the cultural traditions and values of that society will react to the project.

(10) Incorporates an analysis of the problem of democracy in the area in question and the method by which the proposed program will have a constructive impact on the problem.

(11) Proposes a program that will enhance our understanding of what really helps in aiding democracy.

(12) Creatively enlists supports for foreign democratic organizations.

(13) Encourages democratic solutions and peaceful resolution of conflict in situations otherwise fraught with violence.

(14) Proposes a program, project or activity that is clearly relevant to NED program objectives and not better funded by other government or private organizations. (Proposing organizations will be referred to other funding organizations where substantial overlap exists.)

(15) Proposes a program or strategy that is appropriate to the circumstances in the country concerned.

(16) Proposes a program that can be expected to have a multiplier effect, hence having an impact broader than that of the specific project itself; or establishes a model that could be readily replicated in other countries or institutions.

(17) Proposes appropriate, qualified staff who have a demonstrated ability to administer programs capably so as to accomplish stated goals and objectives.

(18) Proposes an appropriate ratio of administrative to program funds.

(19) Is responsive to NED suggestions with regard to program revisions.

(20) Proposes a realistic budget that is consistent with NED perceptions of project value and is performed within a stated and realistic time frame; and

(21) Proposes a program that has, as one of its principal aspects, a major impact on the role of women and/or minorities.

(e) The following guidelines also apply to all projects funded by NED.

(1) The proposing organization must be able to show that it is a responsible, credible organization or group that has a serious and demonstrable commitment to democratic values. (Various factors may be considered in this regard: recognized democratic orientation; established professional reputation; proven ability to perform; existence of organization charter, board of directors, regular audits, etc.);

(2) The proposing organization must be willing to comply with all provisions of the National Endowment for Democracy Act as well as all provisions of current and subsequent agreements between the USIA and NED;

(3) The proposing organization must agree not to use grant funds for the
Department of State

§ 67.4

purpose of educating, training, or informing United States audiences of any U.S. political party's policy or practice, or candidate for office. (This condition does not exclude making grants or expenditures for the purpose of educating, training or informing audiences of other countries on the institutions and values of democracy that may incidentally educate, train, or inform American participants);

(4) The proposing organization must agree that no NED funds will be used for lobbying or propaganda that is directed at influencing public policy decisions of the government of the United States or of any state or locality thereof;

(5) The proposing organization must agree that there shall be no expenditure of NED funds for the purpose of supporting physical violence by individuals, groups or governments;

(6) The proposing organization may not employ any person engaged in intelligence activity on behalf of the United States government or any other government;

(7) NED will not normally reimburse grantees for expenses incurred prior to the signing of a grant agreement with NED;

(8) Each grant made by NED will be an independent action implying no future commitment on NED's part to a project or program;

(9) NED may, from time to time, fund feasibility studies. Applications for grants in this category should include, but not be limited to, the following: Scope, method and objective of the study; Calendar; Proposed administration of the study; and Detailed budget. The funding of a feasibility study by NED does not imply support for any project growing out of the study. It does, however, imply interest by NED in the area under study and a willingness to entertain a project proposal growing out of the study; and

(10) The proposing organization may not use NED funds to finance the campaigns of candidates for public office.

(1) All proposals received by NED are reviewed by the staff in order to determine their congruence with NED's purposes as stated in the organization's Articles of Incorporation and the NED Act.

(g) Grant applications must contain the following information:

(1) A one-page summary of the proposed program;

(2) Organizational background and biographical information on staff and directors in the U.S. and abroad;

(3) A complete project description, including a statement of objectives, a project calendar, and a description of anticipated results;

(4) A statement describing how the project relates to NED's purposes;

(5) A description of the methods to be used to evaluate the project in relation to its objectives;

(6) A detailed budget, including an explanation of any counterpart support anticipated by the applicant, whether monetary or in-kind, domestic or foreign; and

(7) The names and addresses of all other funding organizations to which the proposal has been submitted or will be submitted.

(h) After an award determination has been made by the Board, NED enters into a grant agreement with the recipient. That agreement is made in accordance with NED policy, the terms of NED's grant agreement with USIA, and the terms of the Act, and the terms of NED's standard grant agreement as they apply to the specific project in question. The NED Board of Directors approved a revised Statement of General Procedures and Guidelines on September 12, 1986. The statement, outlined above, is available from the NED office.

(i) NED Staff welcomes preliminary letters of inquiry prior to submission of a formal proposal. Letters of inquiry and formal proposals should be submitted to: Director of Program, National Endowment for Democracy 1101 15th Street, NW, Suite 700, Washington, DC 20005–5000.

Subpart A—General Activities

§ 71.1 Protection of Americans abroad.

Officers of the Foreign Service shall perform such duties in connection with the protection of American nationals abroad as may be imposed upon them by rules and regulations prescribed by the Secretary of State.

§ 71.2 Requests for naval force in foreign port.

Diplomatic representatives and consular officers shall not request the presence of a naval force in a foreign port unless a public emergency so necessitates. The request may be addressed to the officers in command of the naval force, in which event responsibility of action rests with them, or it may be addressed to the Department of State. In either case, the request should contain detailed reasons for its submission.

§ 71.3 American claimants to foreign estates and inheritances.

Where treaty provisions, local laws, or established usage permit, a consular officer should protect the interests of American citizens claiming foreign estates and inheritances.

§ 71.4 Real property of deceased American citizens.

In the absence of special provisions by treaty the devolution and transfer of real property are covered by the law of the place where the property is situated. When real property is left by the decedent within the country where death occurs, or where the decedent was domiciled at the time of death, the consular officer, or diplomatic officer, if there be no consular officer, should if feasible informally observe the proceedings and report to the diplomatic mission or the Department any apparent irregularity or unnecessary delay in settling the estate.

§ 71.5 Storage or safekeeping of private property.

Except in a public emergency, no officer of the Foreign Service shall accept private property for storage or safekeeping in the office or for transmission to some other destination, unless it is property belonging to the estate of a deceased American citizen, or property over which the officer has jurisdiction as a result of a catastrophe at sea. In public emergencies, officers may accept private property for storage and safekeeping or for transmission to another destination, provided the owner signs a statement to the effect that the property is being accepted for deposit at his request, at his own risk, and with full knowledge that neither the Government of the United States nor any of its officers assumes responsibility therefor.
§ 71.6 Services for distressed Americans.
Officers of the Foreign Service shall extend every possible aid and assistance within their power to distressed American citizens within their districts, but they shall not expend the funds nor pledge the credit of the Government of the United States for this purpose, except in the case of American seamen, or except as authorized by the Department of State.

§ 71.7 Reports on catastrophes abroad.
Whenever a great catastrophe occurs abroad, either on land or on sea, the officer within whose district the catastrophe takes place or into whose district the survivors are brought shall report immediately by telegraph the names of any American citizens who have been killed or injured and the names of American citizens known to be safe.

§ 71.8 Assistance to American Red Cross.
Officers and employees of the Foreign Service may cooperate fully with the American Red Cross within their respective districts and subject to the limitations prescribed in §102.806 (22 CFR, 1947 Supp.). They shall, however, avoid taking an active part in the solicitation of memberships or the collection of funds.

§ 71.9 Presentation of Americans at foreign courts.
The chief of the mission concerned may exercise his discretion in the matter of procuring the presentation of American citizens at the court of the country to which he is accredited.

(2) Incarcerating officials do not provide the prisoner food, and food is not available from any other sources, including private funding from family or friends; and

(3) If the funds exceed an amount to be established by the Department, the prisoner signs a promissory note for funds expended, since the assistance is on a normally reimbursable basis.

(b) Consular responsibility. As soon as the consular officer is aware that a U.S. national is incarcerated in a facility wherein food is not routinely provided, the consular officer should:

(1) Contact the prisoner in accordance with existing procedures;

(2) Determine the normal cost of basic diet and best method of effecting payment;

(3) Attempt to secure funds from private sources such as family or friends;

(4) Because funds expended by the Department to cover the short-term full diet program normally are on a reimbursable basis, have the prisoner execute a promissory note; and

(5) Contact the Department, providing the above information, for approval and authorization.

(d) Emergency expenditure authorization. When a medical emergency prohibits the delay inherent in contacting the Department and receiving authority to expend funds, the consular officer can expend up to an amount to be established by the Department without prior Departmental approval if:

(1) Symptoms determine eligibility for emergency medical treatment; or

(2) An immediate medical examination is warranted in order to verify the alleged abuse of a U.S. national prisoner by arresting or confining authorities; or

(3) Immediate emergency medical treatment or surgery is necessary to prevent death or permanent disablement, and there is insufficient time to explore private funds or obtain Department approval; and

(4) A promissory note already has been executed by the prisoner, or if the circumstances warrant, by the consular officer without recourse.

§ 71.12 Dietary supplements.

(a) Eligibility criteria. A prisoner is considered eligible for the dietary supplement program under the following general criteria:

(1) An evaluation by a private physician, prison doctor, or other host country medical authority reveals that the prison diet does not meet the minimum requirements to sustain adequate health; or

(2) If the evaluation in paragraph (a)(1) of this section is not available, an evaluation by either a regional medical officer or Departmental medical officer reveals that the prison diet does not provide the minimum requirements to sustain adequate health.

(b) Consular responsibility. (1) When the consular officer is aware that the U.S. prisoner’s diet does not meet the minimum requirements to sustain adequate health, the consular officer shall obtain the necessary dietary supplements and distribute them to the prisoner on a regular basis.

(2) As soon as the consular officer believes that dietary supplements are being misused, the consular officer
shall suspend provision of the dietary supplements and report the incident in full to the Department.

(a) Report the death to the Department; and

(b) The officer must also try to notify, or assist the Secretary of State in...
§ 72.3 Exceptions.

If a consular office learns that a United States citizen or non-citizen national employee or dependent of an employee of the United States Armed Forces, or a United States citizen or non-citizen national employee of another department or agency or a dependent of such an employee, or a Peace Corps volunteer as defined in 22 U.S.C. 1504(a) or dependent of a Peace Corps volunteer has died while in the officer's consular district while the employee or volunteer is on assignment abroad, the officer should notify the Department. The consular officer should not attempt to notify the next of kin (or legal guardian) and legal representative of the death, but rather should assist, as needed, the appropriate military, other department of agency or Peace Corps authorities in making notifications of death with respect to such individual.

§ 72.4 Notifications of death.

The consular officer should make best efforts to notify the next of kin (or legal guardian), if any, and the legal representative (if any, and if different from the next of kin), of the death of a United States citizen or non-citizen by telephone as soon as possible, and then should follow up with a written notification of death.

§ 72.5 Final report of death.

(a) Preparation. Except in the case of the death of an active duty member of the United States Armed Forces, when there is a local death certificate or finding of death by a competent local authority, the consular officer should prepare a consular report of death (“CROD”) on the form prescribed by the Department. The CROD will list the cause of death that is specified on the local death certificate or finding of death. The consular officer must prepare an original Report of Death, which will be filed with the Vital Records Section of Passport Services at the Department of State. The consular officer will provide a certified copy of the Report of Death to the next of kin or other person with a valid need for the Report within six months of the time of death. The next of kin or other person with a valid need for the Report may obtain additional certified copies after six months by contacting the Department of State, Vital Records, Passport Services, 1111 19th St., NW., Rm. 510, Washington, DC 20036.

(b) Provision to Department. The consular officer must send the original of the CROD to the Department, with one additional copy for each agency concerned, if the deceased was:

(1) A recipient of continuing payments other than salary from the Federal Government; or

(2) An officer or employee of the Federal Government (other than a member of the United States Armed Services); or

(3) A Selective Service registrant of inductable age.

(c) Provision to next of kin/legal representative. The consular officer must provide a copy of the CROD to the next of kin (or legal guardian) or to each of the next of kin, in the event there is more than one (e.g., more than one surviving child) and to any known legal representative who is not the next of kin.

(d) Transmission of form to other consular districts. If the consular officer knows that a part of the personal estate of the deceased is in a consular district other than that in which the death occurred, the officer should send a copy of the CROD to the consular officer in the other district.

(e) The Department may revoke a CROD if it determines in its sole discretion that the CROD was issued in error.

§ 72.6 Report of presumptive death.

(a) Local finding. When there is a local finding of presumptive death by a competent local authority, a consular officer should prepare a consular report of presumptive death on the form prescribed by the Department.

(b) No local finding. (1) A United States citizen or non-citizen national may disappear or be missing in circumstances where it appears likely that the individual has died, but there
§ 72.7 Consular responsibility.

(a) A consular officer has no authority to create Department or personal financial obligations in connection with the disposition of the remains of a United States citizen or non-citizen national who dies abroad. Responsibility for the disposition of the remains and all related costs (including but not limited to costs of embalming or cremation, burial expenses, cost of a burial plot or receptacle for ashes, markers, and grave upkeep), rests with the legal representative of the deceased. In the absence of a legal representative (including when the next of kin is not a legal representative), the consular officer should ask the next of kin to provide funds and instructions for disposition of remains. If the consular officer cannot locate a legal representative or next of kin, the consular officer may ask friends or other interested parties to provide the funds and instructions.

(b) Arrangements for the disposition of remains must be consistent with the law and regulations of the host country and any relevant United States laws and regulations. Local law may, for example, require an autopsy, forbid cremation, require burial within a certain period of time, or specify who has the legal authority to make arrangements for the disposition of remains.

(c) If funds are not available for the disposition of the remains within the period provided by local law for the interment or preservation of dead bodies, the remains must be disposed of by the local authorities in accordance with local law or regulations.
§ 72.8 Regulatory responsibility of consular officer.

(a) A consular officer should act as provisional conservator of the personal estate of a United States citizen or non-citizen national who dies abroad in accordance with, and subject to, the provisions of §§72.9 through 72.27. The consular officer may act as provisional conservator only with respect to the portion of the personal estate located within the consular officer’s district.

(b) A consular officer may act as provisional conservator only to the extent that doing so is:
   (1) Authorized by treaty provisions;
   (2) Not prohibited by the laws or authorities of the country where the personal estate is located; or
   (3) Permitted by established usage in that country.

§ 72.9 Responsibility if legal representative is present.

(a) A consular officer should not act as provisional conservator if the consular officer knows that a legal representative is present in the foreign country.

(b) If the consular officer learns that a legal representative is present after the consular officer has taken possession and/or disposed of the personal estate but prior to transmission of the proceeds and effects to the Secretary of State pursuant to §72.25, the consular officer should follow the procedures specified in §72.22.

§ 72.10 Responsibility if a will intended to operate locally exists.

(a) If a will that is intended to operate in the foreign country is discovered and the legal representative named in the will qualifies promptly and takes charge of the personal estate in the foreign country, the consular officer should assume no responsibility for the estate, and should not take possession, inventory and dispose of the personal property and effects or in any way serve as agent for the legal representative.

(b) If the legal representative does not qualify promptly and if the laws of the country where the personal estate is located permit, however, the consular officer should take appropriate protective measures such as—
   (1) Requesting local authorities to provide protection for the property under local procedures; and/or
   (2) Placing the consular officer’s seal on the personal property of the decedent, such seal to be broken or removed only at the request of the legal representative.

(c) If prolonged delays are encountered by the local or domiciliary legal representative in qualifying and/or making arrangements to take charge of the personal estate, the consular officer should consult the Department concerning whether the will should be offered for probate.

§ 72.11 Responsibility if a will intended to operate in the United States exists.

The consular officer immediately should forward any will that is intended to operate in the United States and that is among the effects taken into possession to the person or persons designated as executor(s). When the executor(s) cannot be located, the consular officer should send the will to the appropriate court in the State of the decedent’s domicile. Until the consular officer knows that a legal representative is present in the foreign country and has qualified or made arrangements to take charge of the personal estate, the consular officer should act as provisional conservator in accordance with §72.8.

§ 72.12 Bank deposits in foreign countries.

(a) A consular officer is not authorized to withdraw or otherwise dispose of bank accounts and other assets deposited in financial institutions left by a deceased United States citizen or non-citizen national in a foreign country. Such deposits or other assets are not considered part of the personal estate of a decedent.

(b) The consular officer should report the existence of bank accounts and other assets deposited in financial institutions of which the officer becomes aware to the legal representative, if any. The consular officer should inform
the legal representative of the procedures required by local law and the financial institution to withdraw such deposits, and should provide a list of local attorneys in the event counsel is necessary to assist in withdrawing the funds.

(c) A consular officer must not under any circumstances withdraw funds left by a deceased United States citizen or non-citizen national in a bank or financial institution in a foreign country without express approval and specific instructions from the Department.

§ 72.13 Effects to be taken into physical possession.

(a) A consular officer normally should take physical possession of articles such as the following:

(1) Convertibles assets, such as currency, unused transportation tickets, negotiable evidence of debts due and payable in the consular district, and any other instruments that are negotiable by the consular officer;

(2) Luggage;

(3) Wearing apparel;

(4) Jewelry, heirlooms, and articles generally by sentimental value (such as family photographs);

(5) Non-negotiable instruments, which include any document or instrument not negotiable by the consular officer because it requires either the signatures of the decedent or action by, or endorsement of, the decedent’s legal representative. Nonnegotiable instruments include, but are not limited to, transportation tickets not redeemable by the consular officer, traveler’s checks, promissory notes, stocks, bonds or similar instruments, bank books, and books showing deposits in building and loan associations, and

(6) Personal documents and papers.

(b) All articles taken into physical possession by a consular officer should be kept in a locked storage area on post premises. If access to storage facilities on the post premises cannot be adequately restricted, the consular officer may explore the possibility of renting a safe deposit box if there are funds available in the estate or from other sources (such as the next of kin).

§ 72.14 Nominal possession; property not normally taken into physical possession.

(a) When a consular officer take articles of a decedent’s personal property from a foreign official or other persons for the explicit purpose of immediate release to the legal representative such action is not a taking of physical possession by the officer. Before releasing the property, the consular officer must require the legal representative to provide a release on the form prescribed by the Department discharging the consular officer of any responsibility for the articles transferred.

(b) A consular officer is not normally expected to take physical possession of items of personal property such as:

(1) Items of personal property found in residences and places of storage such as furniture, household effects and furnishings, works of art, and books and wine collections, unless such items are of such nature and quantity that they can readily be taken into physical possession with the rest of the personal effects;

(2) Motor vehicles, airplanes or watercraft;

(3) Toiletries, such as toothpaste or razors;

(4) Perishable items.

(c) The consular officer should in his or her discretion take appropriate steps permitted under the laws of the country where the personal property is located to safeguard property in the personal estate that is not taken into the officer’s physical possession including such actions as:

(1) Placing the consular officer’s seal on the premises or on the property (whichever is appropriate);

(2) Placing such property in safe storage such as a bonded warehouse, if the personal estate contains sufficient funds to cover the costs of such safekeeping; and/or

(3) If property that normally would be sealed by the consular officer is not immediately accessible, requesting local authorities to seal the premises or the property or otherwise ensure that the property remains intact until consular seals can be placed thereon, the property can be placed in safe storage, or the legal representative can assume responsibility for the property.
§ 72.15 Action when possession is impractical.
(a) A consular officer should not take physical possession of the personal estate of a deceased United States citizen or non-citizen national in his or her consular district when the consular officer determines in his or her discretion that it would be impractical to do so.
(b) In such cases, the consular officer must take action that he or she determines in his or her discretion would be appropriate to protect the personal estate such as:
1. Requesting the persons, officials or organizations having custody of the personal estate to ship the property to the consular officer, if the personal estate contains sufficient funds to cover the costs of such shipment; or
2. Requesting local authorities to safeguard the property until a legal representative can take physical possession.

§ 72.16 Procedure for inventorying and appraising effects.
(a) After taking physical possession of the personal estate of a deceased United States citizen or non-citizen national, the consular officer should promptly inventory the personal effects.
(b) If the personal estate taken into physical possession includes apparently valuable items, the consular officer may, in his or her discretion, seek a professional appraisal for such items, but only to the extent that there are funds available in the estate or from other sources (such as the next of kin) to cover the cost of appraisal.
(c) The consular officer must also prepare a list of articles not taken into physical possession, with an indication of any measures taken by the consular office to safeguard such items for submission with the inventory of effects.

§ 72.17 Final statement of account.
The consular officer may have to account directly to the parties in interest and to the courts of law in estate matters. Consequently, the officer must keep an account of receipts and expenditures for the personal estate of the deceased, and must prepare a final statement of account when turning over the estate to the legal representative, a claimant, or the Department.

§ 72.18 Payment of debts owed by decedent.
The consular officer may pay debts of the decedent which the consular officer believes in his or her discretion are legitimately owed in the country in which the death occurred, or in the country in which the decedent was residing at the time of death, including expenses incident to the disposition of the remains and the personal effects, out of the convertible assets of the personal estate taken into possession by the consular officer.

§ 72.19 Consular officer is ordinarily not to act as administrator of estate.
(a) A consular officer is not authorized to accept appointment from any foreign state or from a court in the United States and/or to act as administrator or to assist (except as provided in §§72.8 to 72.30) in administration of the personal estate of a United States citizen or non-citizen national who has died, or was residing at the time of death, in his or her consular district, unless the Department has expressly authorized the appointment. The Department will authorize such an appointment only in exceptional circumstances and will require the consular officer to execute bond consistent with 22 U.S.C. 4198 and 4199.
(b) The Department will not authorize a consular officer to serve as an administrator unless:
1. Exercise of such responsibilities is:
   (i) Authorized by treaty provisions or permitted by the laws or authorities of the country where the United States citizen or national died or was domiciled at the time of death; or
   (ii) Permitted by established usage in that country; and
2. The decedent does not have a legal representative in the consular district.
§ 72.20 Prohibition against performing legal services or employing counsel.

A consular officer may not act as an attorney or agent for the estate of a deceased United States citizen or non-citizen national overseas or employ counsel at the expense of the United States Government in taking possession and disposing of the personal estate of a United States citizen or non-citizen national who dies abroad, unless specifically authorized in writing by the Department. If the legal representative or other interested person wishes to obtain legal counsel, the consular officer may furnish a list of attorneys.

§ 72.21 Consular officer may not assume financial responsibility for the estate.

A consular officer is not authorized to assume any financial responsibility or to incur any expense on behalf of the United States Government in collecting and disposing of the personal estate of a United States citizen or national who dies abroad. A consular officer may incur expenses on behalf of the estate only to the extent that there are funds available in the estate or from other sources (such as the next of kin).

§ 72.22 Release of personal estate to legal representative.

(a) If a person or entity claiming to be a legal representative comes forward at any time prior to transmission of the decedent’s personal estate to the Secretary of State under 22 CFR 72.25, the consular officer may release the personal estate in his or her custody to the legal representative provided that:

(1) The legal representative presents satisfactory evidence of the legal representative’s right to receive the estate;

(2) The legal representative pays any fees prescribed for consular services provided in connection with the disposition of remains or protection of the estate (see 22 CFR 22.1);

(3) The legal representative executes a release in the form prescribed by the Department; and

(4) The Department approves the release of the personal estate.

(b) Satisfactory evidence of the right to receive the estate may include:

(1) In the case of an executor, a certified copy of letters testamentary or other evidence of legal capacity to act as executor;

(2) In the case of an administrator, a certified copy of letters of administration or other evidence of legal capacity to act as administrator;

(3) In the case of the agent of an executor or administrator, a power of attorney or other document evidencing agency (in addition to evidence of the executor’s or administrator’s legal capacity to act).

§ 72.23 Affidavit of next of kin.

If the United States citizen or non-citizen national who has died abroad did not leave a will that applies locally, and the personal estate in the consular district consists only of clothing and other personal effects that the consular officer concludes in his or her discretion is worth less than $2000 and/or cash of a value equal to or less than $2000, the consular officer may decide in his or her discretion to accept an affidavit from the decedent’s next of kin as satisfactory evidence of the next of kin’s right to take possession of the personal estate. The Department must approve any release based on an affidavit of next of kin where the consular officer concludes that the personal estate effects are worth more than $2000 and/or the cash involved is of a value more than $2000 and generally will consider approving such releases only in cases where state law prohibits the appointment of executors or administrators for estates that are valued at less than a specified amount and the law of the foreign country where the personal property is located would not prohibit such a release.

§ 72.24 Conflicting claims.

Neither the consular officer nor the Department of State has the authority or responsibility to mediate or determine the validity or order of contending claims to the personal estate of a deceased United States citizen or non-citizen national. If rival claimants, executors or administrators demand the personal estate in the consular officer’s possession, the officer should not release the estate to any
§ 72.25 Transfer of personal estate to Department of State.

(a) If no claimant with a legal right to the personal estate comes forward, or if conflicting claims are not resolved, within one year of the date of death, the consular officer should sell or dispose of the personal estate (except for financial instruments, jewelry, heirlooms, and other articles of obvious sentimental value) in the same manner as United States Government-owned foreign excess property under Title IV of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 511 et seq.). If, however, a reasonable amount of additional time is likely to permit final settlement of the estate, the consular officer may in his or her discretion postpone the sale for that period of additional time.

(b) The consular officer should send to the custody of the Department the proceeds of any sale, together with all financial instruments (including bonds, shares of stock and notes of indebtedness), jewelry, heirlooms and other articles of obvious sentimental value, to be held in trust for the legal claimant(s).

(c) After receipt of a personal estate, the Department may seek payment of all outstanding debts to the estate as they become due, may receive any balances due on such estate, may endorse all checks, bills of exchange, promissory notes, and other instruments of indebtedness payable to the estate for the benefit thereof, and may take such other action as is reasonably necessary for the conservation of the estate.

§ 72.26 Vesting of personal estate in United States.

(a) If no claimant with a legal right to the personal estate comes forward within the period of five fiscal years beginning on October 1 after the consular officer took possession of the personal estate, title to the personal estate shall be conveyed to the United States, the property in the estate shall be under the custody of the Department, and the Department may dispose of the estate under as if it were surplus United States Government-owned property under title II of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 4811 et seq., or by such means as may be appropriate as determined by the Department in its discretion in light of the nature and value of the property involved. (b) A consular officer may refuse to ship, or assist in the shipping, of any property that is part of the personal estate of a United States citizen or non-citizen national if the consular officer has reason to believe that possession or shipment of the property would be illegal.

§ 72.28 Claims for lost, stolen, or destroyed personal estate.

(a) The legal representative of the estate of a deceased United States citizen or national may submit a claim to the Secretary of State for any personal property of the estate with respect to which a consular officer acted as provisional conservator, and that was lost, stolen, or destroyed while in the custody of officers or employees of the Department of State. Any such claim should be submitted to the Office of Legal Adviser, Department of State, in the manner prescribed by 28 CFR part...
§ 72.31 Fees for consular death and estates services.

INTRODUCTION

§ 92.1 Definitions.

(a) In the United States the term notary or notary public means a public officer qualified and bonded under the laws of a particular jurisdiction for the performance of notarial acts, usually in connection with the execution of some document.

(b) The term notarial act means an act recognized by law or usage as pertaining to the office of a notary public.

(c) The term notarial certificate may be defined as the signed and sealed statement to which a “notarial act” is almost invariably reduced. The “notarial certificate” attests to the performance of the act by the notary, and may be an independent document or as in general American notarial practice, may be placed on or attached to the notarized document.

(d) For purposes of this part, except §§92.36 through 92.42 relating to the authentication of documents, the term notarizing officer includes consular officers, officers of the Foreign Service who are secretaries of embassy or legation under Section 24 of the Act of August 18, 1856, 11 Stat. 61, as amended (22 U.S.C. 4221), and such U.S. citizen Department of State employees as the Deputy Assistant Secretary of State for Overseas Citizens Services may designate for the purpose of performing notarial services overseas pursuant to section 127(b) of the Foreign Relations Authorization Act, Fiscal Years 1994–1995, Pub. L. 103–236, April 30, 1994 (“designated employees”). The authority of designated employees to perform notarial services shall not include the authority to perform authentications, to notarize patent applications, or take testimony in a criminal action or proceeding pursuant to a commission issued by a court in the United States, but shall otherwise encompass all notarial acts, including but not limited to administering or taking oaths, affirmations, affidavits or depositions.

The notarial authority of a designated employee shall expire upon termination of the employee’s assignment to such duty and may also be terminated at any time by the Deputy Assistant Secretary for Overseas Citizens Services.

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51721, Oct. 3, 1995]

§ 92.2 Description of overseas notarial functions of the Department of State, record of acts.

The overseas notarial function of notarizing officers of the Department of State is similar to the function of a notary public in the United States. See §22.5(b) of this chapter concerning the giving of receipts for fees collected and the maintenance of a register serving the same purposes as the record which notaries are usually expected or required to keep of their official acts.

[60 FR 51721, Oct. 3, 1995]

§ 92.3 Consular districts.

Where consular districts have been established, the geographic limits of the district determine the area in which notarial acts can be performed by the notarizing officer. See §92.41 (b) regarding authentication of the seals and signatures of foreign officials outside the consular district.

§ 92.4 Authority of notarizing officers of the Department of State under Federal law.

(a) All notarizing officers are required, when application is made to them within the geographic limits of their consular district, to administer to and take from any person any oath, affirmation, affidavit, or deposition, and to perform any notarial act which
§ 92.5 Acceptability of notarial acts under State or territorial law.

The acceptability with the jurisdiction of a State or Territory of the United States of a certificate of a notarial act performed by a notarizing officer depends upon the laws or authorities of the country wherein the notarizing officer is stationed.

(b) These acts may be performed for any person regardless of nationality so long as the document in connection with which the notarial service is required is for use within the jurisdiction of the Federal Government of the United States or within the jurisdiction of one of the States or Territories of the United States. Notarial acts shall be performed only if their performance is authorized by treaty provisions or is permitted by the laws or authorities of the country wherein the notarizing officer is stationed.

§ 92.6 Authority of notarizing officers under international practice.

Although such services are not mandatory, notarizing officers may, as a courtesy, perform notarial acts for use in countries with which the United States has formal diplomatic and consular relations. Generally the applicant for such service will be a United States citizen or a national of the country in which the notarized document will be used. The notarizing officer’s compliance with a request for a notarial service of this type should be based on the reasonableness of the request and the absence of any apparent irregularity. When a notarizing officer finds it advisable to do so, the officer may question the applicant to such extent as may be necessary to be assured of the reasonableness of the request and the absence of irregularity.

(a) That his notarial certificate may reasonably be expected to satisfy the legal requirements of the country in
which the notarized document will be used;

(b) That the notarial service is legally necessary and cannot be obtained otherwise than through a United States notarizing officer without loss or serious inconvenience to the applicant; and

(c) That the notarial certificate will be used solely for a well-defined purpose, as represented by the applicant for the service. (See also §92.4(c) regarding notarial services for use in countries occupied by the United States or under its administrative jurisdiction.)

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51721, Oct. 3, 1995]

§ 92.7 Responsibility of notarizing officers of the Department of State.

(a) As a rule notarial acts should be performed at the consular office. Where required by the circumstances of a particular case and subject to the reasonableness of the request notarial acts may be performed elsewhere within the limits of the consulate subject to the assessment of the applicable fees under subheading “Services Rendered Outside of Office” of the Tariff of Fees (§22.1(a) of this chapter), as well as to payment by the interested party of the officer’s expenses in going to the place where the service is performed and returning to his office (§22.1(b) of this chapter).

(b) As indicated in §§92.4, 92.5, and 92.6, the authority of secretaries of embassy or legation as well as consular officers to perform notarial acts is generally recognized. However, the function is essentially consular, and notarial powers are in practice exercised by diplomatic officers only in the absence of a consular officer or U.S. citizen State Department employee designated to perform notarial functions as provided in §92.1(d). Performance of notarial acts by an officer assigned in dual diplomatic and consular capacity shall be performed in his/her consular capacity, except in special circumstances.

GENERAL NOTARIAL PROCEDURES

§ 92.8 Compliance with request for notarial services.

A notarizing officer should comply with all proper requests for the performance of notarial services within the limitations prescribed in this part. (See particularly §§92.3 to 92.7.) Moreover, as a representative of the United States Government, the notarizing officer, when acting in a notarial capacity, should take great care to prevent the use of his official seal in furthering any unlawful or clearly improper purpose. (See §92.9 regarding refusal to perform notarial services in certain cases.)

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51721, Oct. 3, 1995]

§ 92.9 Refusals of requests for notarial services.

(a) A notarizing officer should refuse requests for notarial services, the performance of which is not authorized by treaty provisions or permitted by the laws or authorities of the country in which he is stationed. (See §92.4(a).) Also, a notarizing officer should refuse to perform notarial acts for use in transactions which may from time to time be prohibited by law or by regulations of the United States Government such, for example, as regulations based on the “Trading With the Enemy Act of 1917,” as amended.

(b) A notarizing officer is also authorized to refuse to perform a notarial act if he had reasonable grounds for believing that the document in connection with which his notarial act is requested will be used for a purpose patently unlawful, improper or inimical to the best interests of the United States. Requests for notarial services should be refused only after the most careful deliberation.

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51723, Oct. 3, 1995]

§ 92.10 Specific waiver in notarial certificate.

If the notarizing officer has reason to believe that material statements in a document presented for notarization are false, and if no basis exists for refusing the notarial service in accordance with §92.9, he may consider the advisability of informing the applicant
that he will perform the service only with a specific waiver of responsibility included in the notarial certificate. Furthermore, a notarizing officer may, in his discretion, add to the specific waiver in the notarial certificate a statement of verifiable facts known to him, which will reveal the falsity of material in the document. However, normally a notarizing officer shall exercise great caution not to limit the general privilege of a United States citizen while abroad to execute under oath any statement he sees fit to make, including mistaken, unnecessary, and even frivolous statements: Provided, That substantial and compelling reasons do not exist which impel restraining action on the part of the notarizing officer. On the other hand, experience has shown the desirability of including, as standard practice, a specific waiver of responsibility in all authentications (§92.38) executed in connection with divorce proceedings.

§92.11 Preparation of legal documents.

(a) By attorneys. When a document has been prepared by an attorney for signature, a notarizing officer should not question the form of document unless it is obviously incorrect.

(b) By notarizing officers. A notarizing officer should not usually prepare for private persons legal documents for signature and notarization. (However, see the provisions in §92.24 regarding the preparation of affidavits.) When asked to perform such a service, the notarizing officer should explain that the preparation of legal forms is normally the task of an attorney, that the forms used and the purposes for which they are used vary widely from jurisdiction to jurisdiction and that he could not guarantee the legal effectiveness of any document which he might prepare. The person desiring the preparation of a legal document should be referred to such publications as Jones Legal Forms and The Lawyers Directory with the suggestion that he select or adapt the form which appears best suited to his needs. The notarizing officer may, in his discretion, arrange to have a member of his office staff type the document. If the document is typed in the Foreign Service office, the fee for copying shall be collected as prescribed under the caption “Copying and Recording” of the Tariff of Fees, Foreign Service of the United States of America (§22.1 of this chapter).

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51723, Oct. 3, 1995]

§92.12 Necessity for certification of notarial acts.

A notarizing officer must execute a written certificate attesting to the performance of a notarial act. This certificate may be inserted on or appended to the notarized document (see §92.17 regarding the fastening of sheets). The certificate evidences the performance of the notarial act. Failure to execute this certificate renders the notarial act legally ineffective. Each notarial act should be evidenced by a separate certificate; two or more distinct notarial acts should not be attested to by one certificate.

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51721, Oct. 3, 1995]

§92.13 Form of notarial certificate.

The form of a notarial certificate depends on the nature of the notarial act it attests. (See §§92.18 to 92.48 for discussions of the various forms of notarial certificates.) Rules pertaining to venue, and signing and sealing, are common to all notarial certificates.

§92.14 Venue on notarial certificates.

(a) The term venue means the place where the certificate is executed. The venue must be shown on all notarial certificates to establish the qualifications and sphere of authority of the notarizing officer to perform the notarial act. The items characteristic of a typical venue, in the order of their appearance in the certificate, are as follows:

1. Name of the country (or dominion, Territory, colony, island, as appropriate);
2. Name of province or major administrative region (if none, this may be omitted);
3. Name of local community (city, town, or village);
4. Name of the Foreign Service post.
(b) When a notarial act is performed, and the notarial certificate executed, at a locality in a consular district other than the locality in which the Foreign Service office is situated, the venue should mention only the name of the country (or dominion, territory, colony, island, as appropriate), and the name of the consular district.

(c) The venue used at a Foreign Service post which has not been officially designated as an embassy, legation, consulate general, consulate, or consular agency should bear the notation “American Consular Service” in place of the post name.

§ 92.15 Signing notarial certificate.

The notarizing officer should sign a notarial certificate on the lower right-hand side. The name and full official title of the notarizing officer should be typewritten, stamped with a rubber stamp, or printed in ink on two separate lines immediately below his signature. When the notarizing officer is assigned to a Foreign Service post in both a diplomatic and consular capacity, he should use his consular title in the notarial certificate. (See §92.7.)

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51723, Oct. 3, 1995]

§ 92.16 Sealing the notarial certificate.

The notarizing officer should seal a notarial certificate with the impression seal of the post on the lower left-hand side of the certificate. A notarial certificate executed at a Foreign Service post which has not been officially designated as an embassy, legation, consulate general, consulate, or consular agency should be sealed with an impression seal bearing the legend “American Consular Service” and the name of the locality.

§ 92.17 Fastening of pages.

When the instrument or document to which a notarial act relates consists of more than one sheet, or when the notarial certificate will be attached and not written on the document itself, the notarizing officer should bring all the sheets comprising the document together under his official seal.

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51723, Oct. 3, 1995]
§ 92.22 “Affidavit” defined.

An affidavit is a written declaration under oath made before some person who has authority to administer oaths, without notice to any adverse party that may exist. One test of the sufficiency of an affidavit is whether it is so clear and certain that it will sustain an indictment for perjury, if found to be false. An affidavit differs from a deposition in that it is taken ex parte and without notice, while a deposition is taken after notice has been furnished to the opposite party, who is given an opportunity to cross-examine the witness.

§ 92.23 Taking an affidavit.

The notarizing officer taking an affidavit should:

(a) Satisfy himself, as far as possible, that his notarial act will be acceptable under the laws of the jurisdiction where the affidavit is to be used (see § 92.5);

(b) Require the personal appearance of the affiant at the time the affidavit is taken;

(c) Require satisfactory identification of the affiant; and

(d) Administer the oath to the affiant before the affiant signs the affidavit.

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51723, Oct. 3, 1995]

§ 92.24 Usual form of affidavit.

Affidavits are usually drawn by competent attorneys or are set out in established forms. The form and substantive requirements of an affidavit depend principally upon the purpose for which it is made and the statutes of the jurisdiction where it is intended to be used. When a notarizing officer finds it necessary in the discharge of his official duties to prepare an affidavit, or when he assists a private person in preparing an affidavit (see § 92.11(b)), he should, where possible, consult the pertinent statutory provisions.

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51723, Oct. 3, 1995]

§ 92.25 Title of affidavit.

Generally an affidavit taken for use in a pending cause must be entitled in that cause so that it will show to what proceedings it is intended to apply, and may support an indictment for perjury in case it proves to be false. If there is no suit pending at the time the affidavit is taken or if the affidavit is not to be used in any cause in court, no title need be given.

§ 92.26 Venue on affidavit.

The venue must always be given and should precede the body of the affidavit. (See § 92.14 regarding venue on notarial certificates generally.)

§ 92.27 Affiant’s allegations in affidavit.

(a) Substance of allegations. Although a notarizing officer is generally not responsible for the correctness of the form of an affidavit or the manner in which the allegations therein are set forth (see § 92.11(a) regarding the preparation of legal documents by attorneys; § 92.11(b) regarding the preparation of legal documents by notarizing officers; and § 92.24 regarding the form of an affidavit), he may, in appropriate instances, draw the affiant’s attention to the following generally accepted criteria as regards the substance of the allegations:

1. Material facts within the personal knowledge of the affiant should be alleged directly and positively. Facts are not to be inferred where the affiant has it in his power to state them positively and fully.

2. If the matters stated in the affiant’s affidavit rest upon information derived from others rather than on facts within his personal knowledge, he should aver that such matters are true to the best of his knowledge and belief.

3. If the allegations made on information and belief are material, the sources of information and grounds of belief should be set out and a good reason given why a positive statement could not be made.

4. If the conclusions of the affiant are drawn from the contents of documents, such contents should be set out or exhibited, so that the authority to whom the affidavit is presented may determine whether the affiant’s deductions are well founded.

(b) Veracity of allegations. Notarizing officers are not required to examine into the truth of the affiant’s allegations or to pass upon any contentious
questions involved. In many instances the matters referred to in an affidavit will be of a technical or special nature beyond the officer's general knowledge or experience. However, he may, in certain circumstances, refuse to take an affidavit. (See §92.9 regarding the types of situations in which an officer might properly refuse to perform a notarial service; also see §92.10 regarding the waiver and other statements which may be included in a notarial certificate where evidence exists of falsity in the affiant's declaration.)

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51723, Oct. 3, 1995]

§ 92.28 Signature of affiant on affidavit.

The signature of the affiant is indispensable. The affiant should always sign the affidavit in the presence of the notarizing officer.

§ 92.29 Oath or affirmation to affidavit.

Affidavits made before notarizing officers must be sworn to or affirmed (see §92.23(d)).

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51723, Oct. 3, 1995]

§ 92.30 Acknowledgment defined.

An acknowledgment is a proceeding by which a person who has executed an instrument goes before a competent officer or court and declares it to be his act and deed to entitle it to be recorded or to be received in evidence without further proof of execution. An acknowledgment is almost never made under oath and should not be confused with an oath (see §92.18(a) for definition of oath). Moreover, an acknowledgment is not the same as an attestation, the latter being the act of witnessing the execution of an instrument and then signing it as a witness. Instruments requiring acknowledgment generally are those relating to land, such as deeds, mortgages, leases, contracts for the sale of land, and so on.

§ 92.31 Taking an acknowledgment.

(a) Officers' assurance of acceptability of notarial act. A notarizing officer taking an acknowledgment should, if possible, ascertain the requirements of the jurisdiction in which the acknowledged document is to be used and execute the certificate in accordance with those requirements. Not all States or Territories will accept certificates of acknowledgment executed by notarizing officers other than consuls. Therefore, notarizing officers and consular agents who are called upon to perform this notarial act should consult the applicable State or territorial law to ascertain whether certificates of acknowledgment will be acceptable. (See §92.5 regarding acceptability of consular notarial acts under state or territorial law.) Furthermore, public policy generally forbids that the act of taking and certifying an acknowledgment be performed by a person financially or beneficially interested in the transaction to which the acknowledged document relates. Notarizing officers should keep this point in mind, especially in connection with acknowledgments by members of their families.

(b) Personal appearance of grantor(s). A notarizing officer taking an acknowledgment should always require the personal appearance of the grantor(s), i.e., the person or persons who have signed the instrument to be acknowledged. Since the officer states in his certificate that the parties did personally appear before him, failure to observe this requirement invalidates the notarial act and makes the officer liable to the charge of negligence and of having executed a false certificate. A notarizing officer should never take an acknowledgment by telephone.

(c) Satisfactory identification of grantor(s). The notarizing officer must be certain of the identity of the parties making an acknowledgment. If he is not personally acquainted with the parties, he should require from each some evidence of identity, such as a passport, police identity card, or the like. The laws of some States and Territories require that the identity of an acknowledger be proved by the oath of one or more 'credible witnesses', and that a statement regarding the proving of identity in this manner be included in the certificate of acknowledgment. (See §92.32(b) regarding forms of certificates of acknowledgment generally.) Mere introduction of a person not known to the notarizing officer, without further proof of identity, is
§ 92.32 Notarial certificate to acknowledgment.

(a) Title. The notarial certificate evidencing the taking of an acknowledgment is commonly known as a “certificate of acknowledgment” or sometimes simply as an “acknowledgment.”

(b) Form. The form of a certificate of acknowledgment varies widely depending on the laws of the jurisdiction where the acknowledged document is intended to be used, the purpose for which the document is intended, and the legal position of the persons who have executed it. Instruments to be acknowledged are frequently prepared on printed forms, the entire contract or deed being on one sheet together with the certificate of acknowledgment. Often the document, including the certificate of acknowledgment, is drawn up in advance by an attorney. In these cases, the notarizing officer may use the certificate which is already on the document, making whatever modifications are manifestly required to show that the certificate was executed by a notarizing officer. However, if he finds it necessary to prepare the certificate of acknowledgment, the officer should consult the appropriate reference work for guidance as to the proper form. When no prescribed form can be found, the officer should use the language in Form FS-88, Certificate of Acknowledgment of Execution of an Instrument, inserting the certificate immediately at the close of the deed on the last page if space permits, or, if a separate sheet is necessary, using the printed Form FS-88 itself.

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51723, Oct. 3, 1995]

§ 92.33 Execution of certificate of acknowledgment.

(a) When certificate should be executed. A notarizing officer should execute a certificate of acknowledgment immediately after the parties to the instrument have made their acknowledgment. Allowing several days or weeks to elapse between the time the acknowledgment is made and the certificate executed is undesirable, even though the officer may remember the acknowledgment act.

(b) Venue. The venue must be shown as prescribed in § 92.14.

(c) Date. The date in the certificate must be the date the acknowledgment was made. This is not necessarily the same as the date the instrument was executed. In fact, there is no reason why an instrument may not be acknowledged a year or more after the date of its execution, or at different times and places by various grantors.

(d) Names of parties. The name or names of the person or persons making the acknowledgment should appear in the certificate in the same form as they are set out in the acknowledged document, and in the same form as their signature on the instrument.

(e) Additional statements. When executing a certificate of acknowledgment on Form FS-88, the notarizing officer may include any necessary additional statements in the blank space below the body of the certificate.

(f) Signing and sealing certificate. The certificate of acknowledgment shall be signed and sealed as prescribed in §§ 92.15 and 92.16.

[22 FR 10858, Dec. 27, 1957, as amended at 60 FR 51723, Oct. 3, 1995]
§ 92.34 Fastening certificate to instrument.

The proper place for the certificate of acknowledgment is after the signature of the parties to the instrument. If the instrument is a printed form, the certificate will almost invariably be a part of the form. When Form FS–88 is used or when the certificate must be prepared on a sheet separate from the instrument, it should be fastened to the instrument as the last sheet. The method of fastening notarial certificates is prescribed in §92.17.

§ 92.35 Errors in certificate of acknowledgment.

A notarizing officer having taken an acknowledgment of an instrument and made a certificate of that fact cannot afterwards amend or change his certificate for the purpose of correcting a mistake. This can be done only by the parties reacknowledging the instrument. However, typographical errors may be corrected by striking out the erroneous characters and inserting the correct ones above. Such changes should be initiated by the parties who executed the instrument and by the notarizing officer.

§ 92.36 Authentication defined.

An authentication is a certification of the genuineness of the official character, i.e., signature and seal, or position of a foreign official. It is an act done with the intention of causing a document which has been executed or issued in one jurisdiction to be recognized in another jurisdiction. Documents which may require authentication include legal instruments notarized by foreign notaries or other officials, and copies of public records, such as birth, death, and marriage certificates, issued by foreign record keepers.

§ 92.37 Authentication procedure.

(a) The consular officer must compare the foreign official’s seal and signature on the document he is asked to authenticate with a specimen of the same official’s seal and signature on file either in the Foreign Service office or in a foreign public office to which he has access. If no specimen is available to the consular officer, he should require that each signature and seal be authenticated by some higher official or officials of the foreign government until there appears on the document a seal and signature which he can compare with a specimen available to him. However, this procedure of having a document authenticated by a series of foreign officials should be followed only where unusual circumstances, or the laws or regulations of the foreign country require it.

(b) Where the State law requires the consular officer’s certificate of authentication to show that the foreign official is empowered to perform a particular act, such as administering an oath or taking an acknowledgment, the consular officer must verify the fact that the foreign official is so empowered.

(c) When the consular officer has satisfactorily identified the foreign seal and signature (and, where required, has verified the authority of the foreign official to perform a particular act), he may then execute a certificate of authentication, either placing this certificate on the document itself if space is available, or appending it to the document on a separate sheet (see §92.17 on the fastening of notarial certificates).

§ 92.38 Forms of certificate of authentication.

The form of a certificate of authentication depends on the statutory requirements of the jurisdiction where the authenticated document will be used (see §92.39 regarding the provisions of Federal law). Before authenticating a document for use in a State or Territory of the United States, a consular officer should consult the pertinent law digest to ascertain what specific requirements must be met, or he should be guided by any special information he may receive from the attorney or other person requesting the document with regard to the applicable statutory requirements. (See §92.41(e) regarding material which should not be in the certificate of authentication.) If no provisions relating to authentications can be found in a particular State
or Territorial law digest, and in the absence of any special information from the attorney or other person requesting the document, the officer should prepare the certificate of authentication in the form which seems best suited to the needs of the case. When in his opinion the circumstances seem to warrant, and always in connection with certificates of marriage or divorce decrees, a consular officer should include in the body of his certificate of authentication a qualifying statement reading as follows: “For the contents of the annexed document I assume no responsibility.”

§ 92.39 Authenticating foreign public documents (Federal procedures).

(a) A copy of a foreign public document intended to be used as evidence within the jurisdiction of the Federal Government of the United States must be authenticated in accordance with the provisions of section 1 of the act of June 25, 1948, as amended (sec. 1, 62 Stat. 948, sec. 92(b), 63 Stat. 103; 28 U.S.C. 1741). This provision of Federal law provides that a copy of any foreign document of record, or on file in a public office of a foreign country or political subdivision thereof, if certified, by the lawful custodian thereof, may be admitted in evidence when authenticated by a certificate of a United States consular officer resident in the foreign country, under the seal of his office.

(b) The consular officer’s certificate should indicate that the copy has been certified by the lawful custodian.

(c) In the absence of a consular officer of the United States as an officer resident in the State of the Vatican City, a copy of any document of record or on file in a public office of said State of the Vatican City, certified by the lawful custodian of such document may be authenticated by a consular officer of the United States resident in Rome, Italy (22 U.S.C. 1204).

§ 92.40 Authentication of foreign extradition papers.

Foreign extradition papers are authenticated by chiefs of mission.

§ 92.41 Limitations to be observed in authenticating documents.

(a) Unknown seals and signatures. A consular officer should not authenticate a seal and signature not known to him. See §92.37(a) regarding the necessity for making a comparison with a specimen seal and signature.

(b) Foreign officials outside consular district. A consular officer should not authenticate the seals and signatures of foreign officials outside his consular district.

(c) Officials in the United States. Consular officers are not competent to authenticate the seals and signatures of notaries public or other officials in the United States. However, diplomatic and consular officers stationed at a United States diplomatic mission may certify to the seal of the Department of State (not the signature of the Secretary of State) if this is requested or required in particular cases by the national authorities of the foreign country.

(d) Photostat copies. Consular officers should not authenticate facsimiles of signatures and seals on photographic reproductions of documents. They may, however, authenticate original signatures and seals on such photographic reproductions.

(e) Matters outside consular officer’s knowledge. A consular officer should not include in his certificate of authentication statements which are not within his power or knowledge to make. Since consular officers are not expected to be familiar with the provisions of foreign law, except in a general sense, they are especially cautioned not to certify that a document has been executed or certified in accordance with foreign law, nor to certify that a document is a valid document in a foreign country.

(f) United States officials in foreign countries. An authentication by a United States consular officer is performed primarily to cause the official characters and positions of foreign officials to be known and recognized in the United States. Consular officers should not, therefore, undertake to authenticate the seals and signatures of other United States officials who may be residing in their consular districts.
§ 92.51 Methods of taking depositions in foreign countries.

Rule 28(b) of the Rules of Civil Procedure for the District Courts of the United States provides that depositions may be taken in foreign countries by any of the following four methods:

(a) Pursuant to any applicable treaty or convention, or

(b) Pursuant to a letter of request (whether or not captioned a letter rogatory), or

(c) On notice before a person authorized to administer oaths in the place in which the examination is held, either by the law thereof or by the law of the United States. Notarizing officials as defined by 22 CFR 92.1 are so authorized by the law of the United States, or

(d) Before a person commissioned by the court, and a person so commissioned shall have the power by virtue of the commission to administer any necessary oath and take testimony.

[60 FR 51722, Oct. 3, 1995]
§ 92.52 “Deposition on notice” defined.
A deposition on notice is a deposition taken before a competent official after reasonable notice has been given in writing by the party or attorney proposing to take such deposition to the opposing party or attorney of record. Notarizing officers, as defined by 22 CFR 92.1, are competent officials for taking depositions on notice in foreign countries (see §92.51). This method of taking a deposition does not necessarily involve the issuance of a commission or other court order.

[60 FR 51722, Oct. 3, 1995]

§ 92.53 “Commission to take depositions” defined.
A commission to take depositions is a written authority issued by a court of justice, or by a quasi-judicial body, or a body acting in such capacity, giving power to take the testimony of witnesses who cannot appear personally to be examined in the court or before the body issuing the commission. In Federal practice, a commission to take depositions is issued only when necessary or convenient, on application and notice. The commission indicates the action or hearing in which the depositions are intended to be used, and the person or persons required to take the depositions, usually by name or descriptive title (see §92.55 for manner of designating notarizing officers). Normally a commission is accompanied by detailed instructions for its execution.

[60 FR 51723, Oct. 3, 1995]

§ 92.54 “Letters rogatory” defined.
In its broader sense in international practice, the term letters rogatory denotes a formal request from a court in which an action is pending, to a foreign court to perform some judicial act. Examples are requests for the taking of evidence, the serving of a summons, subpoena, or other legal notice, or the execution of a civil judgment. In United States usage, letters rogatory have been commonly utilized only for the purpose of obtaining evidence. Requests rest entirely upon the comity of courts toward each other, and customarily embody a promise of reciprocity.

The legal sufficiency of documents executed in foreign countries for use in judicial proceedings in the United States, and the validity of the execution, are matters for determination by the competent judicial authorities of the American jurisdiction where the proceedings are held, subject to the applicable laws of that jurisdiction. See §92.66 for procedures in the use of letters rogatory requesting the taking of depositions in foreign jurisdictions.

§ 92.55 Consular authority and responsibility for taking depositions.
(a) Requests to take depositions or designations to execute commissions to take depositions. Any United States notarizing officer may be requested to take a deposition on notice, or designated to execute a commission to take depositions. A commission or notice should, if possible, identify the officer who is to take depositions by his official title only in the following manner: “Any notarizing officer of the United States of America at (name of locality)”. The notarizing officer responsible for the performance of notarial acts at a post should act on a request to take a deposition on notice, or should execute the commission, when the documents are drawn in this manner, provided local law does not preclude such action. However, when the officer (or officers) is designated by name as well as by title, only the officer (or officers) so designated may take the depositions. In either instance, the officer must be a disinterested party. Rule 26(c) of the Rules of Civil Procedure for the district courts of the United States prohibits the taking of a deposition before a person who is a relative, employee, attorney or counsel of any of the parties, or who is a relative or employee of such attorney or counsel, or who is financially interested in the action.

(b) Authority in Federal law. The authority for the taking of depositions, charging the appropriate fees, and imposing the penalty for giving false evidence is generally set forth in 22 U.S.C. 4215 and 4221. The taking of depositions for federal courts of the United States is further governed by the Federal Rules of Civil Procedure. For the provisions of law which govern particularly the taking of depositions to prove the
genuineness of foreign documents which it is desired to introduce in evidence in any criminal action or proceeding is a United States federal court, see 18 U.S.C. 3491 through 3496.

(c) Procedure where laws of the foreign country do not permit the taking of depositions. In countries where the right to take depositions is not secured by treaty, notarizing officers may take depositions only if the laws or authorities of the national government will permit them to do so. Notarizing officers in countries where the taking of depositions is not permitted who receive notices or commissions for taking depositions should return the documents to the parties from whom they are received explaining why they are returning them, and indicating what other methods or methods may be available for obtaining the depositions, whether by letters rogatory or otherwise.

§ 92.56 Summary of procedure for taking depositions.

In taking a deposition on notice or executing a commission to take depositions, a notarizing officer should conform to any statutory enactments on the subject in the jurisdiction in which the depositions will be used. He should also comply with any special instructions which accompany the request for a deposition on notice or a commission. Unless otherwise directed by statutory enactments or special instructions, the officer should proceed as follows in taking depositions:

(a) Request the witnesses, whose testimony is needed, to appear before him; or, at the request of any party to the action, or proceeding, request designated persons to supply him or the requesting party with needed records or documents in their possession, or copies thereof;

(b) When necessary, act as interpreter or translator, or see that arrangements are made for some qualified person to act in this capacity;

(c) Before the testimony is taken, administer oaths (or affirmations in lieu thereof) to the interpreter or translator (if there is one), to the stenographer taking down the testimony, and to each witness;

(d) Have the witnesses examined in accordance with the procedure described in §§92.57 to 92.60;

(e) Either record, or have recorded in his presence and under his direction, the testimony of the witnesses;

(f) Take the testimony, or have it taken, stenographically in question-and-answer form and transcribed (see §92.58) unless the parties to the action agree otherwise (rules 30(c) and 31(b), Rules of Civil Procedure for the District Courts of the United States);

(g) Be actually present throughout the examination of the witnesses, but recess the examination for reasonable periods of time and for sufficient reasons;

(h) Mark or cause to be marked, by identifying exhibit numbers or letters, all documents identified by a witness or counsel and submitted for the record.

§ 92.57 Oral examination of witnesses.

When a witness is examined on the basis of oral interrogatories, the counsel for the party requesting the deposition has the right to conduct a direct examination of the witness without interruption except in the form of objection by opposing counsel. The opposing counsel has the same right on cross-examination. Cross-examination may be followed by redirect and recross-examinations until the interrogation is complete. The notarizing officer taking the deposition should endeavor to restrain counsel from indulging in lengthy colloquies, digressions, or asides, and from attempts to intimidate or mislead the witness. The notarizing officer has no authority to sustain or overrule objections but should have them recorded as provided in §92.59. Instead of taking part in the oral examination of a witness, the parties notified of the taking of a deposition may transmit written interrogatories to the notarizing officer. The notarizing officer should then question the witness on the basis of the written interrogatories and should record the answers verbatim. (Rules 30 (c) and 31)
§ 92.58 Examination on basis of written interrogatories.

Written interrogatories are usually divided into three parts:
(a) The direct interrogatories or interrogatories in chief;
(b) The cross-interrogatories; and
(c) The redirect interrogatories.

Recross-interrogatories sometimes follow redirect interrogatories. The notarizing officer should not furnish the witness with a copy of the interrogatories in advance of the questioning, nor should he allow the witness to examine the interrogatories in advance of the questioning. Although it may be necessary for the officer, when communicating with the witness for the purpose of asking him to appear to testify, to indicate in general terms the nature of the evidence which is being sought, this information should not be given in such detail as to permit the witness to formulate his answers to the interrogatories prior to his appearance before the notarizing officer. The officer taking the deposition should put the interrogatories to the witness separately and in order. The written interrogatories should not be repeated in the record (unless special instructions to that effect are given), but an appropriate reference should be made thereto. These references should, of course, be followed by the witness’ answers. All of the written interrogatories must be put to the witness, even though at some point during the examination the witness disclaims further knowledge of the subject. When counsel for all of the parties attend an examination conducted on written interrogatories, the notarizing officer may, all counsel having consented thereto, permit oral examination of the witness following the close of the examination upon written interrogatories. The oral examination should be conducted in the same manner and order as if not preceded by an examination upon written interrogatories.

§ 92.59 Recording of objections.

All objections made at the time of the examination to the qualifications of the officer taking the deposition, or to the manner of taking it, or to the evidence presented, or to the conduct of any party, and any other objection to the proceedings must be noted in the deposition. Evidence objected to will be taken subject to the objections. (Rules 30 (c) and 31 (b), Rules of Civil Procedure for the District Courts of the United States.)
§ 92.61 Transcription and signing of record of examination.

After the examination of a witness is completed, the stenographic record of the examination must be fully transcribed and the transcription attached securely to any document or documents to which the testimony in the record pertains. (See § 92.63 regarding the arrangement of papers.) The transcribed deposition must then be submitted to the witness for examination and read to or by him, unless such examination and reading are waived by the witness and by the parties to the action. Any changes in form or substance desired by the witness should be entered upon the deposition by the notarizing officer with a statement of the reasons given by the witness for making the changes. The witness should then sign the transcript of his deposition and should initial in the margin each correction made at his request. However, the signature and initials of the witness may be omitted if the parties to the action by stipulation waive the signing or if the witness is ill, refuses to sign, or cannot be found. If the deposition is not signed by the witness, the notarizing officer should sign it and should state on the record the reason for his action, i.e., the waiver of the parties, the illness or absence of the witness, or the refusal of the witness to sign, giving the reasons for such refusal. The deposition may then be used as though signed by the witness except when, on the motion to suppress, the court holds that the reasons given for the refusal to sign require the rejection of the deposition in whole or in part. (Rules 30 (e) and 31 (b), Rules of Civil Procedure for the District Courts of the United States.)

§ 92.63 Arrangement of papers.

Unless special instructions to the contrary are received, the various papers comprising the completed record of the depositions should usually be arranged in the following order from bottom to top:

(a) Commission to take depositions (or notice of taking depositions), with interrogatories, exhibits, and other supporting documents fastened thereto.

(b) Statement of fees charged, if one is prepared on a separate sheet.

(c) Record of the responses of the various witnesses, including any exhibits the witnesses may submit.

(d) Closing certificate.

All of these papers should be fastened together with ribbon, the ends of which should be secured beneath the notarizing officer’s seal affixed to the closing certificate.

§ 92.64 Filing depositions.

(a) Preparation and transmission of envelope. The notice or commission, the interrogatories, the record of the witnesses’ answers, the exhibits, and all other documents and papers pertaining to the depositions should be fastened together (see § 92.63 regarding the arrangement of papers) and should be enclosed in an envelope sealed with the wax engraving seal of the post. The envelope should be endorsed with the title of the action and should be marked and addressed. The sealed envelope should then be transmitted to the court in which the action is pending.

(b) Furnishing copies. The original completed depositions should not be sent to any of the parties to the action or to their counsel. However, the notarizing officer may furnish a copy of a deposition to the deponent or to any party to the action upon the payment of the copying fee and if certification is desired under official seal that the copy is a true copy, the certification
§ 92.65 Depositions to prove genuineness of foreign documents.

(a) Authority to execute commission. Under the provisions of section 1 of the act of June 25, 1948, as amended (sec. 1, 62 Stat. 834, sec. 53, 63 Stat. 96; 18 U.S.C. 3492), a diplomatic or consular officer may be commissioned by an United States court to take the testimony of a witness in a foreign country either on oral or written interrogatories, or partly on oral and partly on written interrogatories, for the purpose of determining the genuineness of any foreign document (any book, paper, statement, record, account, writing, or other document, or any portion thereof, of whatever character and in whatever form, as well as any copy thereof equally with the original, which is not in the United States) which it is desired to introduce in evidence in any criminal action or proceeding in any United States court under the provisions of section 1 of the act of June 25, 1948, as amended (sec. 1, 62 Stat. 835; 18 U.S.C. 3493, 3494), and in accordance with any special instructions which may accompany the commission. For details not covered by such section or by special instructions, officers of the Foreign Service should be guided by such instructions as may be issued by the Department of State in connection with the taking of depositions generally. (See §§ 92.55 to 92.64.)

(b) Disqualification to execute commission. Any diplomatic or consular officer to whom a commission is addressed to take testimony, who is interested in the outcome of the criminal action or proceeding in which the foreign documents in question are intended to be used or who has participated in the prosecution of such action or proceeding, whether by investigations, preparation of evidence, or otherwise, may be disqualified on his own motion or on that of the United States or any other party to such criminal action or proceeding made to the court from which the commission issued at any time prior to the execution thereof. If, after notice and hearing, the court grants the motion, it will instruct the diplomatic or consular officer thus disqualified to send the commission to any other diplomatic or consular officer of the United States named by the court, and such other officer should execute the commission according to its terms and will for all purposes be deemed the officer to whom the commission is addressed. (Section 1, 62 Stat. 834, sec. 53, 63 Stat. 96; 18 U.S.C. 3492.)

(c) Execution and return of commission. (1) Commissions issued in criminal cases under the authority of the act of June 25, 1948, as amended, to take testimony in connection with foreign documents should be executed and returned by officers of the Foreign Service in accordance with section 1 of that act, as amended (sec. 1, 62 Stat. 835; 18 U.S.C. 3493, 3494), and in accordance with any special instructions which may accompany the commission. For details not covered by such section or by special instructions, officers of the Foreign Service should be guided by such instructions as may be issued by the Department of State in connection with the taking of depositions generally. (See §§ 92.55 to 92.64.)

(2) Section 1 of the act of June 25, 1948 (sec. 1, 62 Stat. 835; 18 U.S.C. 3493) provides that every person whose testimony is taken should be cautioned and sworn to testify the whole truth and should be carefully examined. The testimony should be reduced to writing or typewriting by the consular officer, or by some person under his personal supervision, or by the witness himself in the presence of the consular officer, and by no other person. After it has been reduced to writing or typewriting by the consular officer, or by some person under his personal supervision, or by the witness himself in the presence of the consular officer, and by no other person. After it has been reduced to writing or typewriting by the consular officer, or by some person under his personal supervision, or by the witness himself in the presence of the consular officer, and by no other person. After it has been reduced to writing or typewriting by the consular officer, or by some person under his personal supervision, or by the witness himself in the presence of the consular officer, and by no other person. After it has been reduced to writing or typewriting by the consular officer, or by some person under his personal supervision, or by the witness himself in the presence of the consular officer, and by no other person. After it has been reduced to writing or typewriting by the consular officer, or by some person under his personal supervision, or by the witness himself in the presence of the consular officer, and by no other person. After it has been reduced to writing or typewriting by the consular officer, or by some person under his personal supervision, or by the witness himself in the presence of the consular officer, and by no other person. After it has been reduced to writing or typewriting by the consular officer, or by some person under his personal supervision, or by the witness himself in the presence of the consular officer, and by no other person.
§ 92.66 Depositions taken before foreign officials or other persons in a foreign country.

(a) Customary practice. Under Federal law (Rule 28(b), Rules of Civil Procedure for the District Courts of the United States) and under the laws of some of the States, a commission to take depositions can be issued to a foreign official or to a private person in a foreign country. However, this method is rarely used; commissions are generally issued to U.S. notarizing officers. In those countries where U.S. notarizing officers are not permitted to take testimony (see §92.55(c)) and where depositions must be taken before a foreign authority, letters rogatory are usually issued to a foreign court.

(b) Transmission of letters rogatory to foreign officials. Letters rogatory may often be sent direct from court to court. However, some foreign governments require that these requests for judicial aid be submitted through the diplomatic channel (i.e., that they be submitted to the Ministry for Foreign Affairs by the American diplomatic representative). A usual requirement is that the letters rogatory as well as the interrogatories and other papers included with them be accompanied by a complete translation into the language (or into one of the languages) of the country of execution. Another requirement is that provision be made for the payment of fees and expenses. Inquiries from interested parties or their attorneys, or from American courts, as to customary procedural requirements in given countries, may be addressed direct to the respective American embassies and legations in foreign capitals, or to the Department of State, Washington, DC 20520.

(c) Return of letters rogatory executed by foreign officials. (1) Letters rogatory executed by foreign officials are returned through the same channel by which they were initially transmitted. When such documents are returned to a United States diplomatic mission, the responsible officer should endorse thereon a certificate stating the date and place of their receipt. This certificate should be appended to the documents as a separate sheet. The officer should then enclose the documents in an envelope sealed with the wax engraving seal of the post and bearing an endorsement indicating the title of the action to which the letters rogatory pertain. The name and address of the American judicial body from which the letters rogatory issued should also be placed on the envelope.

(2) If the executed letters rogatory are returned to the diplomatic mission from the Foreign Office in an envelope bearing the seals of the foreign judicial authority who took the testimony, that sealed envelope should not be opened at the mission. The responsible officer should place a certificate on the envelope showing the date it was received at his office and indicating that
§ 92.67 Taking of depositions in United States pursuant to foreign letters rogatory.

(a) Authority and procedure. The taking of depositions by authority of State courts for use in the courts of foreign countries is governed by the laws of the individual States. As respects Federal practice, the district court of the district in which a person resides or is found may order him to give his testimony or statement or to produce a document or other thing for use in a proceeding in a foreign or international tribunal. The order may be made pursuant to a letter rogatory issued, or request made, by a foreign or international tribunal or upon the application of any interested person and may direct that the testimony or statement be given, or the document or other thing be produced, before a person appointed by the court. By virtue of his appointment, the person appointed has power to administer any necessary oath and take the testimony or statement. The order may prescribe the practice and procedure, which may be in whole or part the practice and procedure of the foreign country or the international tribunal, for taking the testimony or statement or producing the document or other thing. To the extent that the order does not prescribe otherwise, the testimony or statement shall be taken, and the document or other thing produced, in accordance with the Federal Rules of Civil Procedure. A person may not be compelled to give his testimony or statement, or to produce a document or other thing, in violation of any legally applicable privilege. This does not preclude a person within the United States from voluntarily giving his testimony or statement, or producing a document or other thing, for use in a proceeding in a foreign or international tribunal before any person or in any manner acceptable to him (28 U.S.C. 1782).

(b) Formulation of letters rogatory. A letter rogatory customarily states the nature of the judicial assistance sought by the originating court, prays that this assistance be extended, incorporates an undertaking of future reciprocity in like circumstances, and makes some provision for payment of fees and costs entailed in its execution. As respects Federal practice, it is not...
required that a letter rogatory emanating from a foreign court be authenticated by a diplomatic or consular officer of the United States or that it be submitted through the diplomatic channel; the seal of the originating court suffices. When testimony is desired, the letter rogatory should state whether it is intended to be taken upon oral or written interrogatories. If the party on whose behalf the testimony is intended to be taken will not be represented by counsel, written interrogatories should be attached. Except where manifestly unneeded (e.g. a Spanish-language letter rogatory intended for execution in Puerto Rico) or dispensed with by arrangement with the court, letters rogatory and interrogatories in a foreign language should be accompanied by English translations.

(c) Addressing letters rogatory. To avert uncertainties and minimize possibilities for refusal of courts to comply with requests contained in letters rogatory in the form in which they are presented, it is advisable that counsel for the parties in whose behalf testimony is sought ascertain in advance if possible, with the assistance of correspondent counsel in the United States or that of a consular representative or agent of his nation in the United States, the exact title of the court, Federal or State as the case may be, which will be prepared to entertain the letter rogatory. In Federal practice the following form of address is acceptable:

The U.S. District Court for the (e.g. Northern, Southern) District of (State) (City), (State)

In instances where it is not feasible to ascertain the correct form of address at the time of preparation of the letter rogatory, and it will be left for counsel in the United States, or a consul or agent in the United States of the nation of origin of the letter rogatory to effect its transmission to an appropriate court, the following form may be used: “To the Appropriate Judicial Authority at (name of locality).”

(d) Submitting letters rogatory to courts in the United States. A letter rogatory may be submitted to the clerk of the court of which assistance is sought, either in person or by mail. This may be direct by international mail from the originating foreign court. Alternatively, submission to the clerk of court may be effected in person or by mail by any party to the action at law or his attorney or agent, or by a consular officer or agent in the United States of the foreign national concerned. Finally, the Department of State has been authorized (62 Stat. 949; 28 U.S.C. 1781) to receive a letter rogatory issued, or request made, by a foreign or international tribunal, to transmit it to the tribunal, officer, or agency in the United States to whom it is addressed, and to receive and return it after execution. This authorization does not preclude—

(1) The transmittal of a letter rogatory or request directly from a foreign or international tribunal to the tribunal, officer, or agency in the United States to whom it is addressed and its return in the same manner; or

(2) The transmittal of a letter rogatory or request directly from a tribunal in the United States to the foreign or international tribunal, officer, or agency to whom it is addressed and its return in the same manner.

§ 92.68 Foreign Service fees and incidental costs in the taking of evidence.

The fees for the taking of evidence by officers of the Foreign Service are as prescribed by the Tariff or Fees, Foreign Service of the United States of America (§ 22.1 of this chapter), under the caption “Services Relating to the Taking of Evidence,” unless the service is performed for official use, which comes under the caption “Exemption for Federal Agencies and Corporations” of the same Tariff. See § 22.6 of this chapter concerning the requirement for advance deposit of estimated fees. When the party on whose behalf the evidence is sought or his local representative is not present to effect direct payment of such incidental costs as postage or travel of witnesses, the advance deposit required by the officer shall be in an amount estimated as sufficient to cover these in addition to the fees proper. The same rule shall apply.
to charges for interpreting or for the taking and transcribing of a stenographic record when performed commercially rather than by staff members at Tariff of Fee rates.

§ 92.69 Charges payable to foreign officials, witnesses, foreign counsel, and interpreters.

(a) Execution of letters rogatory by foreign officials. Procedures for payment of foreign costs will be by arrangement with the foreign authorities.

(b) Execution of commissions by foreign officials or other persons abroad. Procedure for the payment of foreign costs will be as arranged, by the tribunal requiring the evidence, with its commissioner.

(c) Witness fees and allowances when depositions are taken pursuant to commission from a Federal court. A witness attending in any court of the United States, or before a United States commissioner, or before any person authorized to take his deposition pursuant to any rule or order of a court of the United States, shall receive $4 for each day’s attendance and for the time necessarily occupied in going to and returning from the same, and 8 cents per mile for going from and returning to his place of residence. Witnesses who are not salaried employees of the Government and who are not in custody and who attend at points so far removed from their respective residence as to prohibit return thereto from day to day shall be entitled to an additional allowance of $8 per day for expenses of subsistence, including the time necessarily occupied in going to and returning from the place of attendance (28 U.S.C. 1821, Supp. IV). Witnesses giving depositions before consular officers pursuant to a commission issued by the Federal Court are entitled to these fees and allowances, and the officer shall make payment thereof in the same manner as payment is made of other expenses involved in the execution of the commission, charging the advance deposit provided by the party at whose request the depositions are taken (see §92.68). In any case to which the Government of the United States, or an officer or agency thereof, is a party, the United States marshal for the district will pay all fees of witnesses on the certificate of the United States Attorney or Assistant United States Attorney, and in the proceedings before a United States Commissioner, on the certificate of such commissioner (28 U.S.C. 1825).

§ 92.70 Special fees for depositions in connection with foreign documents.

(a) Fees payable to witnesses. Each witness whose testimony is obtained under a commission to take testimony in connection with foreign documents for use in criminal cases shall be entitled to receive compensation at the rate of $15 a day for each day of attendance, plus 8 cents a mile for going from his place of residence or business to the place of examination, and returning, by the shortest feasible route (18 U.S.C. 3495 and 3496, and E.O. 10307, 3 CFR, 1949–1953 Comp.). When, however it is necessary to procure the attendance of a witness on behalf of the United States or an indigent party, an officer or agent of the United States may negotiate with the witness to pay compensation at such higher rate as may be approved by the Attorney General, plus the mileage allowance stated above (5 U.S.C. 341). The expense of the compensation and mileage of each witness will be borne by the party, or parties, applying for the commission unless the commission is accompanied by an order of court (18 U.S.C. 3495(b) that all fees, compensations, and other expenses authorized by these regulations are chargeable to the United States (18 U.S.C. 3495).

(b) Fee payable to counsel. Each counsel who represents a party to the action or proceeding in the examination before the commissioner will receive compensation for each day of attendance at a rate of not less than $15 a day and not more than $50 a day, as agreed between him and the party whom he represents, plus such actual and necessary expenses as may be allowed by the commissioner upon verified statements filed with him. If the commission is issued on application of the United States, the compensation and expenses of counsel representing each party are chargeable to the United States under section 3495(b) of title 18 of the United States Code (18 U.S.C.
3495 and 3496, and E.O. 10307, 3 CFR, 1949–1953 Comp.).

(c) Fees payable to interpreters and translators. Each interpreter and translator employed by the commissioner under these regulations shall receive an allowance of $10 a day, plus 8 cents a mile for going from his place of residence or business to the place of examination and returning, by the shortest feasible route. The compensation and mileage of interpreters and translators shall be chargeable to the United States.

(d) Time for paying fees. Witnesses, counsel, interpreters, and translators will be paid, in accordance with the foregoing regulations, by the commissioner at the conclusion of their services. Other expenses authorized by these regulations will be paid by the commissioner as they are incurred.

(e) Payment of fees by the United States. When it appears that the commission was issued on application of the United States or when the commission is accompanied by an order of court that all fees, compensation, and other expenses authorized by these regulations are chargeable to the United States under section 3495(b) of title 18 of the United States Code, the commissioner shall execute the commission without charge for his service as commissioner in connection therewith. The Commissioner shall pay witnesses, counsel, interpreter, or translator, and other expenses authorized by this section, from the proceeds of a check which the disbursing officer for his area will be authorized to draw on the Treasurer of the United States.

§ 92.71 Fees for letters rogatory executed by officials in the United States.

Arrangements for the payment of fees should be made directly with the court in the United States by the party in the foreign country at whose request the depositions are taken, either through his legal representative in the United States or through the appropriate diplomatic or consular officer of his country in the United States. (See §92.67 regarding the execution of letters rogatory in the United States.)

MISCELLANEOUS NOTARIAL SERVICES

§ 92.72 Services in connection with patents and patent applications.

(a) Affidavit of applicant. The form of the affidavit of an applicant for a United States patent depends on who is making the application, the type of invention, and the circumstances of the case. Officers of the Foreign Service are not responsible for the correctness of form of such affidavits, and should not endeavor to advise in their preparation. Persons who inquire at a Foreign Service post regarding the filing of patent applications may be referred to the pamphlet entitled “General Information Concerning Patents,” if copies thereof are available at the post.

(b) Oath or affirmation of applicant—

(1) Authority to administer oath or affirmation. When an applicant for a patent resides in a foreign country, his oath or affirmation may be made before any diplomatic or consular officer of the United States authorized to administer oaths, or before any officer having an official seal and authorized to administer oaths in the foreign country in which the applicant may be, whose authority shall be proved by certificate of
§ 92.73 Services in connection with trademark registrations.

(a) Authority and responsibility. Acknowledgments and oaths required in connection with trademark applications must be administered before a diplomatic or consular officer of the United States (35 U.S.C. 115). See paragraph (c) of this section regarding authentication of the authority of a foreign official.

(b) Use of permanent ink. All papers which will become a part of a patent application filed in the United States Patent Office must be legibly written or printed in permanent ink. (Rule 52, Rules of Practice of the United States Patent Office.) Consular certificates of authentication executed in connection with patent applications should preferably be prepared on a typewriter; they should not be prepared on a hectograph machine.

(c) Authority of a foreign executor or administrator acting for deceased inventor. Legal representatives of deceased inventors and of those under legal incapacity may make application for patent upon compliance with the requirements and on the same terms and conditions applicable to the inventor (35 U.S.C. 117). The rules of the Patent Office require proof of the power or authority of the legal representative. See paragraph (c) of this section for procedure for authenticating the authority of a foreign official.

(d) Assignments of patents and applications for patents. An application for a patent, or a patent, or any interest therein, may be assigned in law by an instrument in writing. The applicant, or the patentee, or his assigns or legal representatives, may grant and convey an exclusive right under the application for patent, or under the patent, to the whole or any specified part of the United States. Any such assignment, grant, or conveyance of any application for patent, or of any patent, may be acknowledged, in a foreign country, before "a diplomatic or consular officer of the United States or an officer authorized to administer oaths whose authority is proved by a certificate of a diplomatic or consular officer of the United States" (35 U.S.C. 261). See §92.37 regarding authentication of the authority of a foreign official.

(e) Fees. The fee for administering an oath, taking an acknowledgment, or supplying an authentication, in connection with patent applications is as prescribed in item 49 of the Tariff of Fees, Foreign Service of the United States of America (§22.1 of this chapter).
§ 92.77 Services in connection with income tax returns.

(a) Responsibility. Officers of the Foreign Service are authorized to perform any and all notarial services which may be required in connection with the execution of Federal, state, territorial, municipal, or insular income tax returns. Officers should not give advice on the preparation of tax returns.

(b) Fees. No charge under the caption "Notarial Services and Authentications" should be made for services performed in connection with the execution of tax returns for filing with the Federal or State Governments or political subdivisions thereof. When requested, see item 58(d) of the Tariff of Fees, Foreign Service of the United States of America (§22.1 of this chapter).

§ 92.76 Copying documents.

(a) Consular authority. The consular officer is authorized to have documents, or abstracts therefrom, copied at a Foreign Service post, if he deems it advisable and it is practicable to do so. This service frequently is necessary in connection with the performance of certain notarial acts, such as the certification of copies of documents.

(b) Fees. The charges for making copies of documents are as prescribed by the Tariff of Fees, Foreign Service of the United States of America (§22.1 of this chapter), under the caption "Copying and Recording," unless the service is performed for official use, which comes under the caption Exemption for Federal Agencies and Corporations of the same Tariff.

§ 92.77 Recording documents.

(a) Consular authority. Consular officers may, at their discretion, accept for recording in the Miscellaneous Record Book of the office concerned.
unofficial documents such as deeds, leases, agreements, wills, and so on. The object of this service is primarily to afford United States citizens and interests the means of preserving, in official custody, records of their business and other transactions where other suitable facilities are not available locally for making such records. The recording of unofficial documents is not a notarial service, strictly speaking; however, the certifying of copies of documents thus recorded is a notarial service.

(b) **Recording procedure.** Generally, before accepting a document for recording the consular officer should require satisfactory proof of its genuineness. The document should be copied, word for word, in the Miscellaneous Record Book. At the close of the record a statement that it is a true copy of the original should be entered and signed by the consular officer who copies or compares the record. In the margin of the first page where the document is recorded, the consular officer should note the following data:

1. By whom the document is presented for recording;
2. On whose behalf the service is requested;
3. Date and hour of presentation for recording;
4. How the authenticity of the document was proved (where appropriate); and
5. The name of the person by whom recorded (in his proper signature) and the name of the consular officer with whom compared (in his proper signature).

(c) **Certificate of recording.** Ordinarily, a certificate of recording need not be issued. The original document may simply be endorsed: “Recorded at (name and location of consular office) this ______ day of ______, 19_____, in (here insert appropriate reference to volume of Miscellaneous Record Book)”. Below the endorsement should appear the notation regarding the service number, the Tariff item number, and the amount of the fee collected. When a certificate of recording is requested, the consular officer may issue it, if he sees fit to do so. The certificate may be either entered on the document, if space permits, or appended to the document as a separate sheet in the manner prescribed in §92.17.

(d) **Fees.** The fee for recording unofficial documents at a Foreign Service post is as prescribed under the caption “Copying and Recording” of the Tariff of Fees, Foreign Service of the United States of America (§22.1 of this chapter). For purposes of assessment of fees, the issuance of certificates of recording, when requested, shall be regarded as part of the consular service of recording unofficial documents, and no separate fee shall be charged for the certificate.

§ 92.78 **Translating documents.**

Officers of the Foreign Service are not authorized to translate documents or to certify to the correctness of translations. (However, see §92.56 with regard to interpreting and translating services which may be performed in connection with depositions.) They are authorized to administer to a translator an oath as to the correctness of a translation; to take an acknowledgment of the preparation of a translation; and to authenticate the seal and signature of a local official affixed to a translation. Separate fees should be charged for each of these services, as indicated under the caption “Notarial Services and Authentications” of the Tariff of Fees, Foreign Service of the United States of America (§22.1 of this chapter).

§ 92.79 **Procuring copies of foreign public documents.**

(a) **Nature of services.** When requested to do so by United States citizens or by persons acting in behalf of United States citizens, a consular officer should endeavor to obtain from foreign officials copies of birth, death, and marriage certificates, or copies of other public records such as divorce decrees, probated wills, and so on. The interest of the party requesting the document should be clearly indicated, and there should be good reason for asking for the consular officer’s assistance. Persons requesting documents for use in the preparation of family trees or in the compilation of genealogical studies should be referred to a local attorney.
or to a genealogical research bureau if one is available.

(b) Payment of expenses involved—(1) Official funds not to be used. The use of official funds to pay for copies of or extracts from foreign public records obtained at the request of private persons is prohibited.

(2) Payment of costs by Federal Government. In instances of requests emanating from departments or agencies of the Federal Government for copies of or extracts from foreign public records, the Department will issue to Foreign Service posts concerned appropriate instructions with respect to the payment of whatever local costs may be entailed if the documents cannot be obtained gratis from the local authorities.

(3) Payment of costs by State or municipal governments. Should State, county, municipal or other authorities in the United States besides the Federal Government request the consular officer to obtain foreign documents, and express willingness to supply documents gratis in analogous circumstances, the consular officer may endeavor on that basis to obtain the desired foreign documents gratis. Otherwise, such authorities should be informed that they must pay the charges of the foreign officials, as well as any fees which it may be necessary for the consular officer to collect under the provisions of the Tariff of Fees, Foreign Service of the United States of America (§22.1 of this chapter).

(4) Payment of costs by private persons. Before a consular officer endeavors to obtain a copy of a foreign public document in behalf of a private person, the person requesting the document should be required to make a deposit of funds in an amount sufficient to defray any charges which may be made by the foreign authorities, as well as the Foreign Service fee for authenticating the document, should authentication be desired.

§92.80 Obtaining American vital statistics records.

Individuals who inquire as to means of obtaining copies of or extracts from American birth, death, marriage, or divorce records may be advised generally to direct their inquiries to the Vital Statistics Office at the place where the record is kept, which is usually in the capital city of the State or Territory. Legal directories and other published works of references at the post may be of assistance in providing exact addresses, information about fees, etc. An inquirer who is not an American citizen may write directly to the diplomatic or appropriate consular representative of his own country for any needed assistance in obtaining a desired document.

QUASI-LEGAL SERVICES

§92.81 Performance of legal services.

(a) Legal services defined. The term "legal services" means services of the kind usually performed by attorneys for private persons and includes such acts as the drawing up of wills, powers of attorney, or other legal instruments.

(b) Performance usually prohibited—(1) General prohibition; exceptions. Officers of the Foreign Service should not perform legal services except when instructed to do so by the Secretary of State, or in cases of sudden emergency when the interests of the United States Government, might be involved, or in cases in which no lawyer is available and refusal to perform the service would result in the imposition of extreme hardship upon a United States citizen. There is no objection, however, to permitting persons to use the legal references in the Foreign Service office giving specimen forms of wills, powers of attorney, etc.

(2) Specific prohibitions and restrictions. See §72.41 of this chapter for prohibition of performance of legal services by consular officers in connection with decedents’ estates. See §92.11 restricting the preparation for private parties of legal documents for signature and notarization.

(3) Acceptance of will for deposit prohibited. Wills shall not be accepted for safekeeping in the office safe. If a person desires to have his last will and testament made a matter of record in a Foreign Service establishment, the officer to whom application is made shall have the will copied in the Miscellaneous Record Book (§92.77) and charge the prescribed fee therefor.

(c) Refusal of requests. In refusing requests for the performance of legal
services, an officer of the Foreign Service should cite these regulations and should state clearly his reasons for refusing to act. In appropriate cases, the officer may furnish the inquirer with a copy of the annual list of attorneys (see §92.82) practicing in the consular district or he may refer the inquirer to the Department for a list of attorneys.

(d) Waiver of responsibility. When an officer of the Foreign Service accedes to a request for the performance of a legal service, he should inform the applicant that the service is performed at the latter’s risk and without any responsibility on the part of the United States Government or the officer performing the service.

(e) Fees. No fee should be charged for any legal services which may be performed under these regulations, beyond the fees or charges for specific services enumerated in the Tariff of Fees, Foreign Service of the United States of America (§22.1 of this chapter).

§ 92.82 Recommending attorneys or notaries.

(a) Assistance in selecting American lawyers. When any person in the district of a Foreign Service post desires to have the name of an attorney in the United States, the officer at the post may refer him to American law directories or other published references at his disposal, but he shall refrain from recommending any particular attorney.

(b) Assistance in selecting foreign attorneys or notaries. Persons applying to a Foreign Service post for services of a legal or fiduciary character or for assistance in selecting an attorney or notary capable of rendering the services in view, may be furnished the names of several attorneys or notaries in the district, or referred to the lists to be found in American or foreign law directories or other published references. Alternatively, they may be referred to bar associations or, where applicable, to the organization charged by local law with the responsibility for providing legal assistance.

(c) Agreements for referral of legal business prohibited. Officers of the Foreign Service shall not recommend particular attorneys or notaries to persons who apply to a Foreign Service post for legal assistance, nor shall they make agreements with attorneys or notaries for the referral to them of inquiries for legal assistance.

§ 92.84 Legal process defined.

Legal process means a writ, warrant, mandate, or other process issuing from a court of justice. The term includes subpoenas, citations, and complaints.

§ 92.85 Service of legal process usually prohibited.

The service of process and legal papers is not normally a Foreign Service function. Except when directed by the Department of State, officers of the Foreign Service are prohibited from serving process or legal papers or appointing other persons to do.

[32 FR 11776, Aug. 16, 1967]

§ 92.86 Consular responsibility for serving subpoenas.

When directed by the Department of State, officers of the Foreign Service will serve a subpoena issued by a court of the United States on a national or resident of the United States who is in a foreign country unless such action is prohibited by the law of the foreign country.

[32 FR 11776, Aug. 16, 1967]

§ 92.87 Consular responsibility for serving orders to show cause.

Officers of the Foreign Service are required to serve orders to show cause issued in contempt proceedings on a person who has failed or neglected to appear in answer to a subpoena served in accordance with the provisions of §92.86. (Section 1, 62 Stat. 949; 28 U.S.C. 1784.)

§ 92.88 Consular procedure.

With regard to the serving of subpoenas and orders to show cause referred to in §§92.86 and 92.87, section 1 of the act of June 25, 1948 (sec. 1, 62 Stat. 819, 28 U.S.C. 1783), provides that the subpoena shall designate the time and place for appearance before the court of the United States, and shall issue to any consular officer of the United States in the foreign country. The consular officer is required to make personal service of the subpoena...
and any order to show cause, rule, judgment or decree on the request of the Federal court or its marshal, and to make return thereof to such court after tendering to the witness his necessary travel and attendance expenses, which will be determined by the court and sent with the subpoena. When the subpoena or order is forwarded to the officer, it is usually accompanied by instructions directing exactly how service should be made and how the return of service should be executed. These instructions should be followed carefully.

§ 92.89 Fees for service of legal process.
No charge should be made for serving a subpoena or order to show cause issuing out of Federal court under the procedures set forth in §§ 92.86 and 92.87. The taking of the affidavit of the officer effecting the service, or the performance of any other notarial act which may be involved in making the return, should be without charge, under the caption “Exemption for Federal Agencies and Corporations” of the Tariff of Fees, Foreign Service of the United States of America (§ 22.1 of this chapter).

§ 92.90 Delivering documents pertaining to the revocation of naturalization.
Officers of the Foreign Service shall deliver, or assist in delivering, to designated persons, documents relating to proceedings in the cancellation of certificates of naturalization when such documents are forwarded by duly authorized officials of the Federal courts. The responsibility for furnishing detailed instructions on the procedure to be followed in delivering such documents rests with the court or with the United States attorney concerned, and officers should follow such instructions carefully.

§ 92.91 Service of documents at request of Congressional committees.
Officers of the Foreign Service have no authority to serve upon persons in their consular districts legal process such as subpoenas or citations in connection with Congressional investigations. All requests for such service should be referred to the Department of State.

§ 92.92 Service of legal process under provisions of State law.
It may be found that a State statute purporting to regulate the service of process in foreign countries is so drawn as to mention service by an American consular officer or a person appointed by him, without mention of or provision for alternate methods of service. State laws of this description do not operate in derogation of the laws of the foreign jurisdiction wherein it may be sought to effect service of legal process, and such State laws do not serve to impose upon American consular officers duties or obligations which they are unauthorized to accept under Federal law, or require them to perform acts contrary to Federal regulations (see § 92.85).

§ 92.93 Notarial services or authentications connected with service of process by other persons.
An officer of the Foreign Service may administer an oath to a person making an affidavit to the effect that legal process has been served. When an affidavit stating that legal process has been served is executed before a foreign notary or other official, an officer of the Foreign Service may authenticate the official character of the person administering the oath. The fee for administering an oath to a person making an affidavit or for an authentication, as the case may be, is as prescribed under the caption “Notarial Services and Authentications” in the Tariff of Fees, Foreign Service of the United States of America (§ 22.1 of this chapter), unless the case is of such nature as to fall under the caption, “Exemption for Federal Agencies and Corporations” of the same Tariff.

§ 92.94 Replying to inquiries regarding service of process or other documents.
Officers should make prompt and courteous replies to all inquiries regarding the service of legal process or documents of like nature, and should render such assistance as they properly
can to the court and to interested parties. Such assistance could include furnishing information as to the procedure of the locality for service of legal papers, with the name and address of the local office having a bailiff authorized to effect and make return of service; it could include furnishing a list of local attorneys capable of making necessary arrangements; or it could, where appropriate, include a suggestion that the request of the American court might be presented to the foreign judicial authorities in the form of letters rogatory (see definition, § 92.54, and procedures, § 92.66 (b)). If the person upon whom the process is intended to be served is known to be willing to accept service, or if it is clear that it would be in his interest at least to be informed of the matter, the consular officer may suggest to the interested parties in the United States the drawing up of papers for voluntary execution by such person, such as a waiver of service or a document which would be acceptable to the American court to signify the person's entering an appearance in the action pending therein.

§ 92.95 Transportation of witnesses to the United States.

Officers of the Foreign Service may at times be called upon to assist in arranging for the transportation to the United States of persons in foreign countries whose testimony is desired by the Attorney General in a case pending in a Federal court. Requests that the travel of such persons be facilitated originate in the Department of Justice, and special instructions in each case are transmitted to the appropriate Foreign Service post by the Department of State.

PART 95—IMPLEMENTATION OF TORTURE CONVENTION IN EXTRADITION CASES

Sec.
95.1 Definitions.
95.2 Application.
95.3 Procedures.
95.4 Review and construction.

AUTHORITY: 18 U.S.C. 3181 et seq.; Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment.

SOURCE: 64 FR 9437, Feb. 26, 1999, unless otherwise noted.

§ 95.1 Definitions.

(a) Convention means the United Nations Convention Against Torture and Other Forms of Cruel, Inhuman or Degrading Treatment or Punishment, done at New York on December 10, 1984, entered into force for the United States on November 10, 1994. Definitions provided below in paragraphs (b) and (c) of this section reflect the language of the Convention and understandings set forth in the United States instrument of ratification to the Convention.

(b) Torture means:

(1) Any act by which severe pain or suffering, whether physical or mental, is intentionally inflicted on a person for such purposes as obtaining from him or a third person information or a confession, punishing him for an act he or a third person has committed or is suspected of having committed, or intimidating or coercing him or a third person, or for any reason based on discrimination of any kind, when such pain or suffering is inflicted by or at the instigation of or with the consent or acquiescence of a public official or other person acting in an official capacity. It does not include pain or suffering arising only from, inherent in or incidental to lawful sanctions.

(2) In order to constitute torture, an act must be specifically intended to inflict severe physical or mental pain or suffering and that mental pain or suffering refers to prolonged mental harm caused by or resulting from:

(i) The intentional infliction or threatened infliction of severe physical pain or suffering;

(ii) The administration or application, or threatened administration or application, of mind altering substances or other procedures calculated to disrupt profoundly the senses or the personality;

(iii) The threat of imminent death; or

(iv) The threat that another person will imminently be subjected to death, severe physical pain or suffering, or the administration or application of mind altering substances or other procedures calculated to disrupt profoundly the senses or personality.

(3) Noncompliance with applicable legal procedural standards does not per se constitute torture.

(4) This definition of torture applies only to acts directed against persons in the offender’s custody or physical control.

(5) The term “acquiescence” as used in this definition requires that the public official, prior to the activity constituting torture, have awareness of such activity and thereafter breach his or her legal responsibility to intervene to prevent such activity.

(6) The term “lawful sanctions” as used in this definition includes judicially imposed sanctions and other enforcement actions authorized by law, provided that such sanctions or actions were not adopted in order to defeat the object and purpose of the Convention to prohibit torture.

(7) Torture is an extreme form of cruel and inhuman treatment and does not include lesser forms of cruel, inhuman or degrading treatment or punishment.

(c) Where there are substantial grounds for believing that [a fugitive] would be in danger of being subjected to torture means if it is more likely than not that the fugitive would be tortured.

(d) Secretary means Secretary of State and includes, for purposes of this
§ 95.2 Application.
(a) Article 3 of the Convention imposes on the parties certain obligations with respect to extradition. That Article provides as follows:
(1) No State party shall expel, return ("refouler") or extradite a person to another State where there are substantial grounds for believing that he would be in danger of being subjected to torture.
(2) For the purpose of determining whether there are such grounds, the competent authorities shall take into account all relevant considerations including, where applicable, the existence in the State concerned of a consistent pattern of gross, flagrant or mass violations of human rights.
(b) Pursuant to sections 3184 and 3186 of Title 18 of the United States Criminal Code, the Secretary is the U.S. official responsible for determining whether to surrender a fugitive to a foreign country by means of extradition. In order to implement the obligation assumed by the United States pursuant to Article 3 of the Convention, the Department considers the question of whether a person facing extradition from the U.S. "is more likely than not" to be tortured in the State requesting extradition when appropriate in making this determination.

§ 95.3 Procedures.
(a) Decisions on extradition are presented to the Secretary only after a fugitive has been found extraditable by a United States judicial officer. In each case where allegations relating to torture are made or the issue is otherwise brought to the Department’s attention, appropriate policy and legal offices review and analyze information relevant to the case in preparing a recommendation to the Secretary as to whether or not to sign the surrender warrant.
(b) Based on the resulting analysis of relevant information, the Secretary may decide to surrender the fugitive to the requesting State, to deny surrender of the fugitive, or to surrender the fugitive subject to conditions.

§ 95.4 Review and construction.
Decisions of the Secretary concerning surrender of fugitives for extradition are matters of executive discretion not subject to judicial review. Furthermore, pursuant to section 2242(d) of the Foreign Affairs Reform and Restructuring Act of 1998, P.L. 105-277, notwithstanding any other provision of law, no court shall have jurisdiction to review these regulations, and nothing in section 2242 shall be construed as providing any court jurisdiction to consider or review claims raised under the Convention or section 2242, or any other determination made with respect to the application of the policy set forth in section 2242(a), except as part of the review of a final order of removal pursuant to section 242 of the Immigration and Nationality Act (8 U.S.C. 1252), which is not applicable to extradition proceedings.

96.108 Review of the withdrawal of temporary accreditation by the Secretary.

96.110 Dissemination and reporting of information about temporarily accredited agencies.
96.111 Fees charged for temporary accreditation.

§ 96.1 Purpose.

This part provides for the accreditation and approval of agencies and persons pursuant to the Intercountry Adoption Act of 2000 (Pub. L. 106–279, 42 U.S.C. 14901–14954). Subpart B of this part establishes the procedures for the selection and designation of accrediting entities to perform the accreditation and approval functions. Subparts C through H establish the general procedures and standards for accreditation and approval of agencies and persons (including renewal of accreditation or approval). Subparts I through M address the oversight of accredited or approved agencies and persons. Subpart N establishes special rules relating to small agencies that wish to seek temporary accreditation.

§ 96.2 Definitions.

As used in this part, the term:

An adoption record does not include a record generated by an agency, person, or a public domestic authority to comply with the requirement to file information with the Case Registry on adoptions not subject to the Convention pursuant to section 303(d) of the IAA (42 U.S.C. 14932(d)).

Exempted provider means a social work professional or organization that performs a home study on prospective adoptive parent(s) or a child background study (or both) in the United States in connection with a Convention adoption (including any reports or updates), but that is not currently providing and has not previously provided any other adoption service in the case.

Legal custody means having legal responsibility for a child under the order of a court of law, a public domestic authority, competent authority, public foreign authority, or by operation of law.

Legal services means services, other than those defined in this section as “adoption services,” that relate to the provision of legal advice and information and to the drafting of legal instruments. Such services include, but are not limited to, drawing up contracts, powers of attorney, and other legal instruments; providing advice and counsel to adoptive parent(s) on completing
DHS or Central Authority forms; and providing advice and counsel to accredited agencies, temporarily accredited agencies, approved persons, or prospective adoptive parent(s) on how to comply with the Convention, the IAA, and the regulations implementing the IAA.

Person means an individual or a private, for-profit entity (including a corporation, company, association, firm, partnership, society, or joint stock company) providing adoption services. It does not include public domestic authorities or public foreign authorities.

Post-adoption means after an adoption; in cases in which an adoption occurs in a Convention country and is followed by a re-adoption in the United States, it means after the adoption in the Convention country.

Temporarily accredited agency means an agency that has been accredited on a temporary basis by an accrediting entity, in accordance with the standards in subpart N of this part, to provide adoption services in the United States in cases subject to the Convention. It does not include an accredited agency.

§ 96.3 [Reserved]

Subpart B—Selection, Designation, and Duties of Accrediting Entities

§ 96.4 Designation of accrediting entities by the Secretary.

(a) The Secretary, in the Secretary’s discretion, will designate one or more entities that meet the criteria set forth in §96.5 to perform the accreditation (including temporary accreditation) and/or approval functions. Each accrediting entity’s designation will be set forth in an agreement between the Secretary and the accrediting entity. The agreement will govern the accrediting entity’s operations. The agreements will be published in the Federal Register.

(b) The Secretary’s designation may authorize an accrediting entity to accredit (including temporarily accredit) agencies, to approve persons, or to both accredit agencies and approve persons. The designation may also limit the accrediting entity’s geographic jurisdiction or impose other limits on the entity’s jurisdiction.

(c) A public entity may only be designated to accredit agencies and approve persons that are located in the public entity’s State.

§ 96.5 Requirement that accrediting entity be a nonprofit or public entity.

An accrediting entity must qualify as either:

(a) An organization described in section 501(c)(3) of the Internal Revenue
§ 96.6 Performance criteria for designation as an accrediting entity.

An entity that seeks to be designated as an accrediting entity must demonstrate to the Secretary:
(a) That it has a governing structure, the human and financial resources, and systems of control adequate to ensure its reliability;
(b) That it is capable of performing the accreditation or approval functions or both on a timely basis and of administering any renewal cycle authorized under §96.60;
(c) That it can monitor the performance of agencies it has accredited or temporarily accredited and persons it has approved (including their use of any supervised providers) to ensure their continued compliance with the Convention, the IAA, and the regulations implementing the IAA;
(d) That it has the capacity to take appropriate adverse actions against agencies it has accredited or temporarily accredited and persons it has approved;
(e) That it can perform the required data collection, reporting, and other similar functions;
(f) Except in the case of a public entity, that it operates independently of any agency or person that provides adoption services, and of any membership organization that includes agencies or persons that provide adoption services;
(g) That it has the capacity to conduct its accreditation, temporary accreditation, and approval functions fairly and impartially;
(h) That it can comply with any conflict-of-interest prohibitions set by the Secretary in its agreement;
(i) That it prohibits conflicts of interest with agencies or persons or with any membership organization that includes agencies or persons that provide adoption services; and
(j) That it prohibits its employees or other individuals acting as site evaluators, including, but not limited to, volunteer site evaluators, from becoming employees or supervised providers of an agency or person for at least one year after they have evaluated such agency or person for accreditation, temporary accreditation, or approval.

§ 96.7 Authorities and responsibilities of an accrediting entity.

(a) An accrediting entity may be authorized by the Secretary to perform some or all of the following functions:
(1) Determining whether agencies are eligible for accreditation and/or temporary accreditation;
(2) Determining whether persons are eligible for approval;
(3) Overseeing accredited agencies, temporarily accredited agencies, and/or approved persons by monitoring their compliance with applicable requirements;
(4) Investigating and responding to complaints about accredited agencies, temporarily accredited agencies, and approved persons (including their use of supervised providers);
(5) Taking adverse action against an accredited agency, temporarily accredited agency, or approved person, and/or referring an accredited agency, temporarily accredited agency, or approved person for possible action by the Secretary;
(6) Determining whether accredited agencies and approved persons are eligible for renewal of their accreditation or approval on a cycle consistent with §96.60;
(7) Collecting data from accredited agencies, temporarily accredited agencies, and approved persons, maintaining records, and reporting information to the Secretary, State courts, and other entities; and
(8) Assisting the Secretary in taking appropriate action to help an agency or person in transferring its Convention cases and adoption records.
(b) The Secretary may require the accrediting entity:
§ 96.8 Fees charged by accrediting entities.

(a) An accrediting entity may charge fees for accreditation or approval services under this part only in accordance with a schedule of fees approved by the Secretary. Before approving a schedule of fees proposed by an accrediting entity, or subsequent proposed changes to an approved schedule, the Secretary will require the accrediting entity to demonstrate:

(1) That its proposed schedule of fees reflects appropriate consideration of the relative size and geographic location and volume of Convention cases of the agencies or persons it expects to serve;

(2) That the total fees the accrediting entity expects to collect under the schedule of fees will not exceed the full costs of accreditation or approval under this part (including, but not limited to, costs for completing the accreditation or approval process, complaint review and investigation, routine oversight and enforcement, and other data collection and reporting activities).

(b) The schedule of fees must:

(1) Establish separate non-refundable fees for Convention accreditation and Convention approval;

(2) Include in each fee for full Convention accreditation or approval the costs of all activities associated with the accreditation or approval cycle, including but not limited to, costs for completing the accreditation or approval process, complaint review and investigation, routine oversight and enforcement, and other data collection and reporting activities, except that separate fees based on actual costs incurred may be charged for the travel and maintenance of evaluators; and

(3) If the accrediting entity provides temporary accreditation services, include fees as required by § 96.111 for agencies seeking temporary accreditation under Subpart N of this part.

(c) An accrediting entity must make its approved schedule of fees available to the public, including prospective applicants for accreditation or approval, upon request. At the time of application, the accrediting entity must specify the fees to be charged to the applicant in a contract between the parties and must provide notice to the applicant that no portion of the fee will be refunded if the applicant fails to become accredited or approved.

(d) Nothing in this section shall be construed to provide a private right of action to challenge any fee charged by an accrediting entity pursuant to a schedule of fees approved by the Secretary.

§ 96.9 Agreement between the Secretary and the accrediting entity.

An accrediting entity must perform its functions pursuant to a written agreement with the Secretary that will be published in the Federal Register. The agreement will address:

(a) The responsibilities and duties of the accrediting entity;

(b) The method by which the costs of delivering the accreditation, temporary accreditation, or approval services may be recovered through the collection of fees from those seeking accreditation, temporary accreditation, or approval, and how the entity’s schedule of fees will be approved;

(c) How the accrediting entity will address complaints about accredited agencies, temporarily accredited agencies, and approved persons (including their use of supervised providers) and complaints about the accrediting entity itself;

(d) Data collection requirements;

(e) Matters of communication and accountability between both the accrediting entity and the applicant(s) and between the accrediting entity and the Secretary; and

(f) Other matters upon which the parties have agreed.
§ 96.10 Suspension or cancellation of the designation of an accrediting entity by the Secretary.

(a) The Secretary will suspend or cancel the designation of an accrediting entity if the Secretary concludes that it is substantially out of compliance with the Convention, the IAA, the regulations implementing the IAA, other applicable laws, or the agreement with the Secretary. Complaints regarding the performance of the accrediting entity may be submitted to the Department of State, Bureau of Consular Affairs. The Secretary will consider complaints in determining whether an accrediting entity’s designation should be suspended or canceled.

(b) The Secretary will notify an accrediting entity in writing of any deficiencies in the accrediting entity’s performance that could lead to the suspension or cancellation of its designation, and will provide the accrediting entity with an opportunity to demonstrate that suspension or cancellation is unwarranted, in accordance with procedures established in the agreement entered into pursuant to §96.9.

(c) An accrediting entity may be considered substantially out of compliance under circumstances that include, but are not limited to:

1. Failing to act in a timely manner when presented with evidence that an accredited agency or approved person is substantially out of compliance with the standards in subpart F of this part or a temporarily accredited agency is substantially out of compliance with the standards in §96.104;

2. Accreditting or approving significant numbers of agencies or persons whose performance results in intervention of the Secretary for the purpose of suspension, cancellation, or debarment;

3. Failing to perform its responsibilities fairly and objectively;

4. Violating prohibitions on conflicts of interest;

5. Failing to meet its reporting requirements;

6. Failing to protect information or documents that it receives in the course of performing its responsibilities; and

7. Failing to monitor frequently and carefully the compliance of accredited agencies, temporarily accredited agencies, and approved persons with the home study requirements of the Convention, section 203(b)(1)(A)(ii) of the IAA (42 U.S.C. 14923(b)(1)(A)(ii)), and §96.47.

(d) An accrediting entity that is subject to a final action of suspension or cancellation may petition the United States District Court for the District of Columbia or the United States district court in the judicial district in which the accrediting entity is located to set aside the action as provided in section 204(d) of the IAA (42 U.S.C. 14924(d)).

§ 96.11 [Reserved]

Subpart C—Accreditation and Approval Requirements for the Provision of Adoption Services

§ 96.12 Authorized adoption service providers.

(a) Once the Convention has entered into force for the United States, except as provided in section 505(b) of the IAA (relating to transitional cases), an agency or person may not offer, provide, or facilitate the provision of any adoption service in the United States in connection with a Convention adoption unless it is:

1. An accredited agency, a temporarily accredited agency, or an approved person;

2. A supervised provider; or

3. An exempted provider, if the exempted provider’s home study or child background study will be reviewed and approved by an accredited agency or temporarily accredited agency pursuant to §96.47(c) or 96.53(b).

(b) A public domestic authority may also offer, provide, or facilitate the provision of any such adoption service.

(c) Neither conferral nor maintenance of accreditation, temporary accreditation, or approval, nor status as an exempted or supervised provider, nor status as a public domestic authority shall be construed to imply, warrant, or establish that, in any specific case, an adoption service has been provided consistently with the Convention, the IAA, or the regulations implementing the IAA. Conferral and maintenance of accreditation, temporary
accreditation, or approval under this part establishes only that the accrediting entity has concluded, in accordance with the standards and procedures of this part, that the agency or person conducts adoption services in substantial compliance with the applicable standards set forth in this part; it is not a guarantee that in any specific case the accrediting agency, temporarily accredited agency, or approved person is providing adoption services consistently with the Convention, the IAA, the regulations implementing the IAA, or any other applicable law, whether Federal, State, or foreign. Neither the Secretary nor any accrediting entity shall be responsible for any acts of an accredited agency, temporarily accredited agency, approved person, exempted provider, supervised provider, or other entity providing services in connection with a Convention adoption.

§ 96.13 Circumstances in which accreditation, approval, or supervision is not required.

(a) Home studies and child background studies. Home studies and child background studies, when performed by exempted providers, may be performed without accreditation, temporary accreditation, approval, or supervision; provided, however, that an exempted provider’s home study must be approved by an accredited agency or temporarily accredited agency in accordance with §96.47(c), and an exempted provider’s child background study must be approved by an accredited agency or temporarily accredited agency in accordance with §96.53(b).

(b) Child welfare services. An agency or person does not need to be accredited, temporarily accredited, approved, or operate as a supervised provider if it is providing only child welfare services, and not providing any adoption services, in connection with a Convention adoption. If the agency or person provides both a legal service and any adoption service in the United States in a Convention adoption case, it must be accredited, temporarily accredited, or approved or operate as a supervised provider unless the only adoption service provided is preparation of a home study and/or a child background study.

(c) Legal services. An agency or person does not need to be accredited, temporarily accredited, approved, or to operate as a supervised provider if it is providing only legal services, and not providing any adoption services, in connection with a Convention adoption. If the agency or person provides both a legal service and any adoption service in the United States in a Convention adoption case, it must be accredited, temporarily accredited, or approved or operate as a supervised provider unless the only adoption service provided is preparation of a home study and/or a child background study. Nothing in this part shall be construed:

1. To permit an attorney to provide both legal services and adoption services in an adoption case where doing so is prohibited by State law; or

2. To require any attorney who is providing one or more adoption services as part of his or her employment by a public domestic authority to be accredited or approved or operate as a supervised provider.

(d) Prospective adoptive parent(s) acting on own behalf. Prospective adoptive parent(s) may act on their own behalf without being accredited, temporarily accredited, or approved unless so acting is prohibited by State law or the law of the Convention country. In the case of a child immigrating to the United States in connection with his or her adoption, such conduct must be permissible under the laws of the State in which the prospective adoptive parent(s) reside and the laws of the Convention country from which the parent(s) seek to adopt. In the case of a child emigrating from the United States in connection with his or her adoption, such conduct must be permissible under the laws of the State where the child resides and the laws of the Convention country in which the parent(s) reside.
§ 96.14 Providing adoption services using other providers.

(a) Accreditation, temporary accreditation, and approval under this part require that, in each Convention adoption case, an accredited agency, a temporarily accredited agency, or an approved person will be identified and act as the primary provider. If one accredited agency, temporarily accredited agency, or approved person is providing all adoption services by itself, it must act as the primary provider. If just one accredited agency, temporarily accredited agency, or approved person is involved in providing adoption services, the sole accredited agency, temporarily accredited agency, or approved person must act as the primary provider. If adoption services in the Convention case are being provided by more than one accredited agency, temporarily accredited agency, or approved person, the agency or person that has child placement responsibility, as evidenced by the following, must act as the primary provider throughout the case:

(1) Entering into placement contracts with prospective adoptive parent(s) to provide child referral and placement;

(2) Accepting custody from a birth parent or other legal custodian in a Convention country for the purpose of placement for adoption;

(3) Assuming responsibility for liaison with a Convention country’s Central Authority or its designees with regard to arranging an adoption; or

(4) Receiving from or sending to a Convention country information about a child that is under consideration for adoption, unless acting as a local service provider that conveys such information to parent(s) on behalf of the primary provider.

(b) Pursuant to § 96.44, in the case of accredited agencies or approved persons, and § 96.104(g), in the case of temporarily accredited agencies, the primary provider may only use the following to provide adoption services in a Convention country:

(1) A Central Authority, competent authority, or a public foreign authority;

(2) A foreign supervised provider, including a provider accredited by the Convention country; or

(3) A foreign provider (agency, person, or other non-governmental entity) who

(i) Has secured or is securing the necessary consent to termination of parental rights and to adoption, if the primary provider verifies consent pursuant to § 96.46(c); or

(ii) Has prepared or is preparing a background study on a child in a case involving immigration to the United States (incoming case) or a home study on prospective adoptive parent(s) in a case involving emigration from the United States (outgoing case), and a report on the results of such a study, if the primary provider verifies the study and report pursuant to § 96.46(c).

(d) The primary provider is not required to provide supervision or to assume responsibility for:

(1) Public domestic authorities; or

(2) Central Authorities, competent authorities, and public foreign authorities.

(e) The primary provider must adhere to the standards contained in § 96.45 (Using supervised providers in the United States) when using supervised providers in the United States and the applicable standards contained in § 96.46 (Using providers in Convention countries) when using providers outside the United States.

§ 96.15 Examples.

The following examples illustrate the rules of §§ 96.12 to 96.14:

Example 1. Identifying a child for adoption and arranging an adoption. Agency X identifies children eligible for adoption in the
§ 96.15  22 CFR Ch. I (4–1–10 Edition)

United States on a TV program in an effort to recruit prospective adoptive parent(s). A couple in a Convention country calls Agency X about one of the children. Agency X refers the couple to an agency or person in the United States who arranges intercountry adoptions. Agency X does not require accreditation, temporarily accredited, approved or supervision at both the adopting and arranging the adoption. In contrast, Agency Y, located in the United States, provides information about children eligible for adoption in a Convention country on a website and then arranges for interested U.S. parents to adopt those children. Agency Y must be accredited, temporarily accredited, approved, or supervised because, in addition to identifying children eligible for adoption, it is also helping to arrange the adoption.

Example 2. Child welfare services exemption. Doctor X evaluates the medical records and a video of Child Y. The evaluation will be used in a Convention adoption as part of the placement of Child Y and is the only service that Doctor X provides in the United States with regard to Child Y’s adoption. Doctor X (not employed with an accredited agency or approved person) does not need to be approved or supervised because she is not providing an adoption service as defined in §96.2.

Example 3. Home study exemption. Social Worker X, in the United States, (not employed with an accredited agency or approved person) interviews Prospective Adoptive Parent Y, obtains a criminal background check, checks the references of Prospective Adoptive Parent Y, then composes a report and submits the report to an accredited agency for use in a Convention adoption. Social Worker X does not provide any other services to Prospective Adoptive Parent Y. Social Worker X qualifies as an exempted provider and therefore need not be approved or operate as supervised provider. In contrast, Social Worker Z, in the United States, (not employed with an accredited agency or approved person) interviews Prospective Adoptive Parent(s) W, and in addition re-enters the house after Child V has been placed with Prospective Adoptive Parent(s) W to assess how V and W are adjusting to life as a family. This assessment is post-placement monitoring, which is an adoption service. Therefore, Social Worker Z would need to become approved before providing this assessment for this Convention adoption or else operate as a supervised provider. If an agency or person provides an adoption service in addition to a home study or child background study, the agency or person needs to become accredited, temporarily accredited, approved, or supervised before providing that adoption service.

Example 4. Child background study exemption. An employee of Agency X interviews Child Y in the United States and compiles a report concerning Child Y’s social and developmental history for use in a Convention adoption. Agency X provides no other adoption services on behalf of Child Y. Agency X does not need to be accredited, temporarily accredited, approved, or supervised. Agency X is only conducting and creating a child background study, and therefore is an exempted provider. In contrast, an employee of Agency Z interviews Child W in the United States and creates a child background study for use in a Convention adoption. Agency Z subsequently identifies prospective adoptive parent(s) and arranges a new adoption when Child W’s previous adoption becomes disrupted. Agency Z needs to be accredited, temporarily accredited, approved, or supervised before providing this service. If an agency or person provides an adoption service in addition to a child background study or home study, the agency or person needs to be accredited, temporarily accredited, approved, or supervised before providing the additional service.

Example 5. Home study and child welfare services exemptions. Agency X interviews Prospective Adoptive Parent Y, obtains a criminal background check, checks the references of Prospective Adoptive Parent Y, then composes a home study and submits it to an accredited agency for use in a Convention adoption in the United States. Parent Y later joins a post-adoption support group for adoptive parents sponsored by Agency X. If Agency X performs no other adoption services, Agency X does not need to be accredited, temporarily accredited, approved, or supervised. If an agency or person provides a home study and child background study as well as other services in the United States that do not require accreditation, temporary accreditation, approval, or supervision, and no other adoption services, the agency or person is an exempted provider.

Example 6. Exempted provider. Agency X interviews Prospective Adoptive Parent(s) Y, obtains a criminal background check, checks the references of Prospective Adoptive Parent(s) Y, and then composes a home study and submits the report to an accredited agency. In addition, Agency X interviews Child Z and compiles a report concerning Child Z’s social and developmental history. All of Agency X’s work is done in the United States. Both reports will be used in a Convention adoption. If Agency X performs no other adoption services, Agency X does not need to be accredited, temporarily accredited, approved, or supervised. If an agency or person provides a home study and child background study as well as other services that do not require accreditation, temporary accreditation, approval or supervision, and no other adoption services, the agency or person is an exempted provider.
Example 7. Legal services exemption. Attorney X (not employed with an accredited agency or approved person) provides advice and counsel to Prospective Adoptive Parent(s) Y on filling out DHS paperwork required for a Convention adoption. Among other papers, Attorney X prepares an affidavit of consent to termination of parental rights and to adoption of Child W to be signed by the birth mother in the United States. Attorney X must be approved or supervised because securing consent to termination of parental rights is an adoption service. In contrast, Attorney Z (not employed with an accredited agency or approved person) assists Adoptive Parent(s) T to complete an adoption in the State in which they reside, after they have been granted an adoption in Child V’s Convention country of origin. Attorney Z is exempt from approval or supervision because she is providing legal services, but no adoption services.

Example 8. Post-placement monitoring. A court in a Convention country has granted custody of Child W to Prospective Adoptive Parent(s) Y pending the completion of W’s adoption. Agency X interviews both Prospective Adoptive Parent(s) Y and Child W in their home in the United States. Agency X gathers information on the adjustment of Child W as a member of the family and inquires into the social and educational progress of Child W. Agency X must be accredited, temporarily accredited, approved, or supervised. Agency X’s activities constitute post-placement monitoring, which is an adoption service. In contrast, if Person Z provided counseling for Prospective Adoptive Parent(s) Y and/or Child W, but provided no adoption services in the United States to the family, Person Z would not need to be approved or supervised. Post-placement counseling is different than post-placement monitoring because it does not relate to evaluating the adoption placement. Post-placement counseling is not an adoption service and does not trigger the accreditation/approval requirements of the IAA and this part.

Example 9. Post-adoption services. Convention Country H requires that post-adoption reports be completed and sent to its Central Authority every year until adopted children reach the age of 18. Agency X provides support groups and a newsletter for U.S. parents that have adopted children from Country H and encourages parents to complete their post-adoption reports annually. Agency X does not need to be accredited, temporarily accredited, approved, or supervised because it is providing only post-adoption services. Post-adoption services are not included in the definition of adoption services, and therefore, do not trigger accreditation/approval requirements of the IAA and this part.

Example 10. Assuming custody and providing services after a disruption. Agency X provides counseling for Prospective Adoptive Parent(s) Y and for Child W pending the completion of Child W’s Convention adoption. The adoption is eventually disrupted. Agency X helps recruit and identify new prospective adoptive parent(s) for Child W, but it is Agency P that assumes custody of Child W and places him in foster care until an alternative adoption placement can be found. Agency X is not required to be accredited, temporarily accredited, approved, or supervised because it is not providing an adoption service in the United States as defined in §96.2. Agency P, on the other hand, is providing an adoption service and would have to be accredited, temporarily accredited, approved, or supervised.

Example 11. Making non-judicial determinations of best interest of child and appropriateness of adoption placement of child. Agency X receives information about and a videotape of Child W from the institution where Child W lives in a Convention country. Based on the age, sex, and health problems of Child W, Agency X matches Prospective Adoptive Parent(s) Y with Child W. Prospective Adoptive Parent(s) Y receive a referral from Agency X and agree to accept the referral and proceed with the adoption of Child W. Agency X determines that Prospective Adoptive Parent(s) Y are a good placement for Child W and notifies the competent authority in W’s country of origin that it has found a match for Child W and will start preparing adoption paperwork. All of Agency X’s services are provided in the United States. Agency X is performing an adoption service and must be accredited, temporarily accredited, approved, or supervised.

Example 12. Securing necessary consent to termination of parental rights and to adoption. Facilitator Y is accredited by Convention Country Z. He has contacts at several orphanages in Convention Country Z and helps Agency X match children eligible for adoption with prospective adoptive parent(s) in the United States. Facilitator Y works with the institution that is the legal guardian of Child W in order to get the documents showing the institution’s legal consent to the adoption of Child W. Agency X is the only U.S. agency providing adoption services in the case. Agency X must be accredited, temporarily accredited, or approved and must either treat Facilitator Y as a foreign supervised provider in accordance with §96.46(a) and (b) or verify the consents Facilitator Y secured, in accordance with §96.46(c).

§96.16 Public domestic authorities.

Public domestic authorities are not required to become accredited to be able to provide adoption services in
§ 96.17 Convention adoption cases, but must comply with the Convention, the IAA, and other applicable law when providing services in a Convention adoption case.

§ 96.17 Effective date of accreditation and approval requirements.

The Secretary will publish a document in the Federal Register announcing the date on which the Convention will enter into force for the United States. As of that date, the regulations in subpart C of this part will govern Convention adoptions between the United States and Convention countries, and agencies or persons providing adoption services must comply with § 96.12 and applicable Federal regulations. The Secretary will maintain for the public a current listing of Convention countries.

Subpart D—Application Procedures for Accreditation and Approval

§ 96.18 Scope.

(a) Agencies are eligible to apply for “accreditation” or “temporary accreditation.” Persons are eligible to apply for “approval.” Temporary accreditation is governed by the provisions in subpart N of this part. Unless otherwise provided in subpart N, the provisions of this subpart do not apply to agencies seeking temporary accreditation. Applications for full accreditation rather than temporary accreditation will be processed in accordance with § 96.20 and § 96.21.

(b) An agency or person seeking to be accredited or approved as of the time the Convention enters into force for the United States, and to be included on the initial list of accredited agencies and approved persons that the Secretary will deposit with the Permanent Bureau of the Hague Conference on Private International Law, must follow the special provision contained in § 96.19.

(c) If an agency or person is reapplying for accreditation or approval following cancellation of its accreditation or approval by an accrediting entity or refusal by an accrediting entity to renew its accreditation or approval, it must comply with the procedures in § 96.78.

(d) If an agency or person that has been accredited or approved is seeking renewal, it must comply with the procedures in § 96.63.

§ 96.19 Special provision for agencies and persons seeking to be accredited or approved as of the time the Convention enters into force for the United States.

(a) The Secretary will establish and announce, by public notice in the Federal Register, a transitional application deadline. An agency or person seeking to be accredited or approved as of the time the Convention enters into force for the United States must submit an application to an accrediting entity with jurisdiction to evaluate its application, with the required fee(s), by the transitional application deadline. The Secretary will subsequently establish and announce a date by which such agencies and persons must complete the accreditation or approval process in time to be accredited or approved at the time the Convention enters into force for the United States (deadline for initial accreditation or approval).

(b) The accrediting entity must use its best efforts to provide a reasonable opportunity for an agency or person that applies by the transitional application deadline to complete the accreditation or approval process by the deadline for initial accreditation or approval. Only those agencies and persons that are accredited or approved by the deadline for initial accreditation or approval will be included on the initial list of accredited agencies and approved persons that the Secretary will deposit with the Permanent Bureau of the Hague Conference on Private International Law.

(c) The accrediting entity may, in its discretion, permit an agency or person that fails to submit an application by the transitional application deadline to attempt to complete the accreditation or approval process in time to be included on the initial list; however, such an agency or person is not assured an opportunity to complete the accreditation or approval process in time to be included on the initial list. The accrediting entity must give priority to applicants that filed by the transitional
§ 96.20 First-time application procedures for accreditation and approval.

(a) Agencies or persons seeking accreditation or approval for the first time may submit an application at any time, with the required fee(s), to an accrediting entity with jurisdiction to evaluate the application. If an agency or person seeks to be accredited or approved by the deadline for initial accreditation or approval, an agency or person must comply with the procedures in §96.19.

(b) The accrediting entity must establish and follow uniform application procedures and must make information about those procedures available to agencies and persons that are considering whether to apply for accreditation or approval. An accrediting entity must evaluate the applicant for accreditation or approval in a timely fashion.

§ 96.21 Choosing an accrediting entity.

(a) An agency that seeks to become accredited must apply to an accrediting entity that is designated to provide accreditation services and that has jurisdiction over its application. A person that seeks to become approved must apply to an accrediting entity that is designated to provide approval services and that has jurisdiction over its application. The agency or person may apply to only one accrediting entity at a time.

(b)(1) If the agency or person is applying for accreditation or approval pursuant to this part for the first time, it may apply to any accrediting entity with jurisdiction over its application. However, the agency or person must apply to the same accrediting entity that handled its prior application when it next applies for accreditation or approval, if the agency or person:

(i) Has been denied accreditation or approval;

(ii) Has withdrawn its application in anticipation of denial;

(iii) Has had its accreditation or approval cancelled by an accrediting entity or the Secretary;

(iv) Has been temporarily debarred by the Secretary; or

(v) Has been refused renewal of its accreditation or approval by an accrediting entity.

(b)(2) If the prior accrediting entity is no longer providing accreditation or approval services, the agency or person may apply to any accrediting entity with jurisdiction over its application.

§ 96.22 [Reserved]

Subpart E—Evaluation of Applicants for Accreditation and Approval

§ 96.23 Scope.

The provisions in this subpart govern the evaluation of agencies and persons for accreditation or approval. Temporary accreditation is governed by the provisions in subpart N of this part. Unless otherwise provided in subpart N, the provisions of this subpart do not apply to agencies seeking temporary accreditation.

§ 96.24 Procedures for evaluating applicants for accreditation or approval.

(a) The accrediting entity must designate at least two evaluators to evaluate an agency or person for accreditation or approval. The accrediting entity’s evaluators must have expertise in intercountry adoption, standards evaluation, or experience with the management or oversight of child welfare organizations and must also meet any additional qualifications required by the Secretary in the agreement with the accrediting entity.

(b) To evaluate the agency’s or person’s eligibility for accreditation or approval, the accrediting entity must:

(1) Review the agency’s or person’s written application and supporting documentation;

(2) Verify the information provided by the agency or person by examining underlying documentation;
§ 96.25 Access to information and documents requested by the accrediting entity.

(a) The agency or person must give the accrediting entity access to information and documents, including adoption case files and proprietary information, that it requires or requests to evaluate an agency or person for accreditation or approval and to perform its oversight, enforcement, renewal, data collection, and other functions. The agency or person must also cooperate with the accrediting entity by making employees available for interviews upon request.

(b) Accrediting entity review of adoption case files pursuant to paragraph (a) shall be limited to Convention adoption case files, except that, in the case of first-time applicants for accreditation or approval, the accrediting entity may review adoption case files related to non-Convention cases for purposes of assessing the agency’s or person’s capacity to comply with record-keeping and data-management standards in subpart F of this part. The accrediting entity shall permit the agency or person to redact names and other information that identifies birth parent(s), prospective adoptive parent(s), and adoptee(s) from such non-Convention adoption case files prior to their inspection by the accrediting entity.

(c) If an agency or person fails to provide requested documents or information, or to make employees available as requested, the accrediting entity may deny accreditation or approval or, in the case of an accredited agency, temporarily accredited agency, or approved person, take appropriate adverse action against the agency or person solely on that basis.

§ 96.26 Protection of information and documents by the accrediting entity.

(a) The accrediting entity must protect from unauthorized use and disclosure all documents and information about the agency or person it receives including, but not limited to, documents and proprietary information about the agency’s or person’s finances, management, and professional practices received in connection with the performance of its accreditation or approval, oversight, enforcement, renewal, data collection, or other functions under its agreement with the Secretary and this part.

(b) The documents and information received may not be disclosed to the public and may be used only for the purpose of performing the accrediting entity’s accreditation or approval functions and related tasks under its agreement with Secretary and this part, or to provide information to the Secretary, the Complaint Registry, or an appropriate Federal, State, or local authority, including, but not limited to, a
public domestic authority or local law enforcement authority unless:

1. Otherwise authorized by the agency or person in writing;
2. Otherwise required under Federal or State laws; or
3. Required pursuant to subpart M of this part.

(c) Unless the names and other information that identifies the birth parent(s), prospective adoptive parent(s), and adoptee(s) are requested by the accrediting entity for an articulated reason, the agency or person may withhold from the accrediting entity such information and substitute individually assigned codes in the documents it provides. The accrediting entity must have appropriate safeguards to protect from unauthorized use and disclosure of any information in its files that identifies birth parent(s), prospective adoptive parent(s), and adoptee(s).

The accrediting entity must ensure that its officers, employees, contractors, and evaluators who have access to information or documents provided by the agency or person have signed a non-disclosure agreement reflecting the requirements of §96.26(a) and (b). The accrediting entity must maintain an accurate record of the agency’s or person’s application, the supporting documentation, and the basis for its decision.

§96.27 Substantive criteria for evaluating applicants for accreditation or approval.

(a) The accrediting entity may not grant an agency accreditation or a person approval, or permit an agency’s or person’s accreditation or approval to be maintained, unless the agency or person demonstrates to the satisfaction of the accrediting entity that it is in substantial compliance with the standards in subpart F of this part.

(b) When the agency or person makes its initial application for accreditation or approval under the standards contained in subpart F of this part, the accrediting entity may measure the capacity of the agency or person to achieve substantial compliance with these standards where relevant evidence of its actual performance is not yet available. Once the agency or person has been accredited or approved pursuant to this part, the accrediting entity must, for the purposes of monitoring, renewal, enforcement, and reapplication after adverse action, consider the agency’s or person’s actual performance in deciding whether the agency or person is in substantial compliance with the standards contained in subpart F of this part, unless the accrediting entity determines that it is still necessary to measure capacity because adequate evidence of actual performance is not available.

(c) The standards contained in subpart F of this part apply during all the stages of accreditation and approval, including, but not limited to, when the accrediting entity is evaluating an applicant for accreditation or approval, when it is determining whether to renew an agency’s or person’s accreditation or approval, when it is monitoring the performance of an accredited agency or approved person, and when it is taking adverse action against an accredited agency or approved person. Except as provided in §96.25 and paragraphs (e) and (f) of this section, the accrediting entity may only use the standards contained in subpart F of this part when determining whether an agency or person may be granted or permitted to maintain Convention accreditation or approval.

(d) The Secretary will ensure that each accrediting entity performs its accreditation and approval functions using only a method approved by the Secretary that is substantially the same as the method approved for use by each other accrediting entity. Each such method will include: an assigned value for each standard (or element of a standard); a method of rating an agency’s or person’s compliance with each applicable standard; and a method of evaluating whether an agency’s or person’s overall compliance with all applicable standards establishes that the agency or person is in substantial compliance with the standards and can be accredited, temporarily accredited, or approved. The Secretary will ensure that the value assigned to each standard reflects the relative importance of that standard to compliance with the Convention and the IAA and is consistent with the value assigned to the
standard by other accrediting entities. The accrediting entity must advise applicants of the value assigned to each standard (or elements of each standard) at the time it provides applicants with the application materials.

(e) If an agency or person has previously been denied accreditation or approval, has withdrawn its application in anticipation of denial, has had its temporary accreditation withdrawn, or is reapplying for accreditation or approval after cancellation, refusal to renew, or temporary debarment, the accrediting entity may take the reasons underlying such actions into account when evaluating the agency or person for accreditation or approval, and may deny accreditation or approval on the basis of the previous action.

(f) If an agency or person that has an ownership or control interest in the applicant, as that term is defined in section 1124 of the Social Security Act (42 U.S.C. 1320a–3), has been debarred pursuant to §96.85, the accrediting entity may take into account the reasons underlying the debarment when evaluating the agency or person for accreditation or approval, and may deny accreditation or approval on the basis of the debarment.

(g) The standards contained in subpart F of this part do not eliminate the need for an agency or person to comply fully with the laws of the jurisdictions in which it operates. An agency or person must provide adoption services in Convention cases consistent with the laws of any State in which it operates and with the Convention and the IAA. Persons that are approved to provide adoption services may only provide such services in States that do not prohibit persons from providing adoption services. Nothing in the application of subparts E and F should be construed to require a State to allow persons to provide adoption services if State law does not permit them to do so.
§ 96.32 Internal structure and oversight.

(a) The agency or person has (or, in the case of an individual, is) a chief executive officer or equivalent official who is qualified by education, adoption service experience, and management credentials to ensure effective use of resources and coordinated delivery of the services provided by the agency or person, and has authority and responsibility for management and oversight of the staff and any supervised providers in carrying out the adoption-related functions of the organization.

(b) The agency or person has a board of directors or a similar governing body that establishes and approves its mission, policies, budget, and programs; provides leadership to secure the resources needed to support its programs; includes one or more individuals with experience in adoption, including but not limited to, adoptees, birth parents, prospective adoptive parent(s), and adoptive parents; and appoints and oversees the performance of its chief executive officer or equivalent official. This standard does not apply where the person is an individual practitioner.

(c) The agency or person keeps permanent records of the meetings and deliberations of its governing body and of its major decisions affecting the delivery of adoption services.

(d) The agency or person has in place procedures and standards, pursuant to §96.45 and §96.46, for the selection, monitoring, and oversight of supervised providers.

(e) The agency or person discloses to the accrediting entity the following information:

1. Any other names by which the agency or person is or has been known, under either its current or any former form of organization, and the addresses and phone numbers used when such names were used;
2. The name, address, and phone number of each current director, manager, and employee of the agency or person, and, for any such individual who previously served as a director, manager, or employee of another provider of adoption services, the name, address, and phone number of such other provider; and
3. The name, address, and phone number of any entity it uses or intends to use as a supervised provider.

FINANCIAL AND RISK MANAGEMENT

§ 96.33 Budget, audit, insurance, and risk assessment requirements.

(a) The agency or person operates under a budget approved by its governing body, if applicable, for management of its funds. The budget discloses all remuneration (including perquisites) paid to the agency’s or person’s board of directors, managers, employees, and supervised providers.

(b) The agency’s or person’s finances are subject to annual internal review and oversight and are subject to independent audits every four years. The agency or person submits copies of internal financial review reports for inspection by the accrediting entity each year.

(c) The agency or person submits copies of each audit, as well as any accompanying management letter or qualified opinion letter, for inspection by the accrediting entity.

(d) The agency or person meets the financial reporting requirements of Federal and State laws and regulations.

(e) The agency’s or person’s balance sheets show that it operates on a sound financial basis and maintains on average sufficient cash reserves, assets, or other financial resources to meet its operating expenses for two months, taking into account its projected volume of cases and its size, scope, and financial commitments. The agency or person has a plan to transfer its Convention cases if it ceases to provide or is no longer permitted to provide adoption services in Convention cases. The plan includes provisions for an organized closure and reimbursement to clients of funds paid for services not yet rendered.

(f) If it accepts charitable donations, the agency or person has safeguards in place to ensure that such donations do not influence child placement decisions in any way.
§ 96.34 Compensation.

(a) The agency or person does not compensate any individual who provides intercountry adoption services with an incentive fee or contingent fee for each child located or placed for adoption.

(b) The agency or person compensates its directors, officers, employees, and supervised providers who provide intercountry adoption services only for services actually rendered and only on a fee-for-service, hourly wage, or salary basis rather than a contingent fee basis.

(c) The agency or person does not make any payments, promise payment, or give other consideration to any individual directly or indirectly involved in provision of adoption services in a particular case, except for salaries or fees for services actually rendered and reimbursement for costs incurred. This does not prohibit an agency or person from providing in-kind or other donations not intended to influence or affect a particular adoption.

(d) The fees, wages, or salaries paid to the directors, officers, employees, and supervised providers of the agency or person are not unreasonably high in relation to the services actually rendered, taking into account the country in which the adoption services are provided and norms for compensation within the intercountry adoption community in that country, to the extent that such norms are known to the accrediting entity; the location, number, and qualifications of staff; workload requirements; budget; and size of the agency or person.

(e) Any other compensation paid to the agency’s or person’s directors or members of its governing body is not unreasonably high in relation to the services rendered, taking into account the same factors listed in paragraph (d) of this section and its for-profit or non-profit status.

(f) The agency or person identifies all vendors to whom clients are referred for non-adoption services and discloses to the accrediting entity any corporate or financial arrangements and any family relationships with such vendors.

§ 96.35 Suitability of agencies and persons to provide adoption services consistent with the Convention.

(a) The agency or person provides adoption services ethically and in accordance with the Convention’s principles of:

1. Ensuring that intercountry adoptions take place in the best interests of children; and

2. Preventing the abduction, exploitation, sale, or trafficking of children.

(4) A completed FBI Form FD-258 for each such individual in the United States in a senior management position or who works directly with parent(s) and/or children, which the agency or person must keep on file in case future allegations warrant submission of the form for a Federal criminal background check of any such individual.

(b) Where the child background study is not prepared in the first instance by an accredited agency or temporarily accredited agency. The written approval must include a determination that the background study includes all the information required by paragraph (a) of this section.

(c) The agency or person takes all appropriate measures to ensure that consents have been obtained as follows:

(1) The persons, institutions, and authorities whose consent is necessary for adoption have been counseled as necessary and duly informed of the effects of their consent, in particular, whether or not an adoption will result in the termination of the legal relationship between the child and his or her family of origin;

(2) All such persons, institutions, and authorities have given their consents;

(3) The consents have been expressed or evidenced in writing in the required legal form, have been given freely, were not induced by payments or compensation of any kind, and have not been withdrawn;

(d) If the child is twelve years of age or older, or as otherwise provided by State law, the agency or person gives due consideration to the child’s wishes or opinions before determining that an intercountry placement is in the child’s best interests.

(e) The agency or person prior to the child’s adoption takes all appropriate measures to transmit to the Central Authority or other competent authority or accredited bodies of the Convention country the child background study, proof that the necessary consents have been obtained, and the reasons for its determination that the placement is in the child’s best interests. In doing so, the agency or person, as required by Article 16(2) of the Convention, does not reveal the identity of
the mother or the father if these identities may not be disclosed under State law.

(1) To the extent consistent with State law, gives significant weight to the placement preferences expressed by the birth parent(s) in all voluntary placements;

(2) To the extent consistent with State law, makes diligent efforts to place siblings together for adoption and, where placement together is not possible, to arrange for contact between separated siblings, unless it is in the best interests of one of the siblings that such efforts or contact not take place; and

(3) Complies with all applicable requirements of the Indian Child Welfare Act.

(d) The agency or person complies with any State law requirements pertaining to the provision and payment of independent legal counsel for birth parents. If State law requires full disclosure to the birth parent(s) that the child is to be adopted by parent(s) who reside outside the United States, the agency or person provides such disclosure.

(e) The agency or person takes all appropriate measures to give due consideration to the child's upbringing and to his or her ethnic, religious, and cultural background.

(f) When particular prospective adoptive parent(s) in a Convention country have been identified, the agency or person takes all appropriate measures to determine whether the envisaged placement is in the best interests of the child, on the basis of the child background study and the home study on the prospective adoptive parent(s).

(g) The agency or person thoroughly prepares the child for the transition to the Convention country, using age-appropriate services that address the child's likely feelings of separation, grief, and loss and difficulties in making any cultural, religious, racial, ethnic, or linguistic adjustment.

(h) The agency or person takes all appropriate measures to ensure that the transfer of the child takes place in secure and appropriate circumstances, with properly trained and qualified escorts, if used, and, if possible, in the company of the adoptive parent(s) or the prospective adoptive parent(s).

(i) Before the placement for adoption proceeds, the agency or person identifies the entity in the receiving country that will provide post-placement supervision and reports, if required by State law, and ensures that the child's adoption record contains the information necessary for contacting that entity.

(j) The agency or person ensures that the child's adoption record includes the order granting the adoption or legal custody for the purpose of adoption in the Convention country.

(k) The agency or person consults with the Secretary before arranging for the return to the United States of any

(b) The agency or person ensures that:

(1) Copies of all documents from the State court proceedings, including the order granting the adoption or legal custody, are provided to the Secretary;

(2) Any additional information on the adoption is transmitted to the Secretary promptly upon request; and

(3) It otherwise facilitates, as requested, the Secretary’s ability to provide the certification that the child has been adopted or that custody has been granted for the purpose of adoption, in accordance with the Convention and the IAA.

(c) Where the transfer of the child does not take place, the agency or person returns the home study on the prospective adoptive parent(s) and/or the child background study to the authorities that forwarded them.

§ 96.56 [Reserved]

Subpart G—Decisions on Applications for Accreditation or Approval

§ 96.57 Scope.

The provisions in this subpart establish the procedures for when the accrediting entity issues decisions on applications for accreditation or approval. Temporary accreditation is governed by the provisions in subpart N of this part. Unless otherwise provided in subpart N of this part, the provisions in this subpart do not apply to agencies seeking temporary accreditation.

§ 96.58 Notification of accreditation and approval decisions.

(a) The accrediting entity must notify agencies and persons that applied by the transitional application deadline of its accreditation and approval decisions on a uniform notification date to be established by the Secretary. On that date, the accrediting entity must inform each applicant and the Secretary in writing whether the agency’s or person’s application has been granted or denied or remains pending. The accrediting entity may not provide any information about its accreditation or approval decisions to any agency or person or to the public until the uniform notification date. If the Secretary requests information on the interim or final status of an applicant prior to the uniform notification date, the accrediting entity must provide such information to the Secretary.
(b) Notwithstanding the provisions in paragraph (a) of this section, the accrediting entity may, in its discretion, communicate with agencies and persons that applied by the transitional application date about the status of their pending applications for the sole purpose of affording them an opportunity to correct deficiencies that may hinder or prevent accreditation or approval.

(c) The accrediting entity must routinely inform applicants that applied after the transitional application date in writing of its accreditation and approval decisions, as those decisions are finalized, but may not do so earlier than the uniform notification date referenced in paragraph (a) of this section. The accrediting entity must routinely provide this information to the Secretary in writing.

§ 96.59 Review of decisions to deny accreditation or approval.

(a) There is no administrative or judicial review of an accrediting entity’s decision to deny an application for accreditation or approval. As provided in §96.79, a decision to deny for these purposes includes:

1. A denial of the agency’s or person’s initial application for accreditation or approval;

2. A denial of an application made after cancellation or refusal to renew by the accrediting entity; and

3. A denial of an application made after cancellation or debarment by the Secretary.

(b) The agency or person may petition the accrediting entity for reconsideration of a denial. The accrediting entity must establish internal review procedures that provide an opportunity for an agency or person to petition for reconsideration of the denial.

§ 96.60 Length of accreditation or approval period.

(a) Except as provided in paragraph (b) of this section, the accrediting entity will accredit or approve an agency or person for a period of four years. The accreditation or approval period will commence either on the date the Convention enters into force for the United States (if the agency or person is accredited or approved before that date) or on the date that the agency or person is granted accreditation or approval.

(b) In order to stagger the renewal requests from agencies and persons that applied for accreditation or approval by the transitional application deadline, to prevent renewal requests from coming due at the same time, the accrediting entity may accredit or approve some agencies and persons that applied by the transitional application date for a period of between three and five years for their first accreditation or approval cycle. The accrediting entity must establish criteria, to be approved by the Secretary, for choosing which agencies and persons it will accredit or approve for a period of other than four years.

§ 96.61 [Reserved]

Subpart H—Renewal of Accreditation or Approval

§ 96.62 Scope.

The provisions in this subpart establish the procedures for renewal of an agency’s accreditation or a person’s approval. Temporary accreditation may not be renewed, and the provisions in this subpart do not apply to temporarily accredited agencies.

§ 96.63 Renewal of accreditation or approval.

(a) The accrediting entity must advise accredited agencies and approved persons that it monitors of the date by which they should seek renewal of their accreditation or approval so that the renewal process can reasonably be completed prior to the expiration of the agency’s or person’s current accreditation or approval. If the accredited agency or approved person does not wish to renew its accreditation or approval, it must immediately notify the accrediting entity and take all necessary steps to complete its Convention cases and to transfer its pending Convention cases and adoption records to other accredited agencies, approved persons, or a State archive, as appropriate, under the oversight of the accrediting entity, before its accreditation or approval expires.
(b) The accredited agency or approved person may seek renewal from a different accrediting entity than the one that handled its prior application. If it changes accrediting entities, the accredited agency or approved person must so notify the accrediting entity that handled its prior application by the date on which the agency or person must (pursuant to paragraph (a) of this section) seek renewal of its status. The accredited agency or approved person must follow the new accrediting entity’s instructions when submitting a request for renewal and preparing documents and other information for the new accrediting entity to review in connection with the renewal request.

(c) The accrediting entity must process the request for renewal in a timely fashion. Before deciding whether to renew the accreditation or approval of an agency or person, the accrediting entity may, in its discretion, advise the agency or person of any deficiencies that may hinder or prevent its renewal and defer a decision to allow the agency or person to correct the deficiencies. The accrediting entity must notify the accredited agency, approved person, and the Secretary in writing when it renews or refuses to renew an agency’s or person’s accreditation or approval.

(d) Sections 96.24, 96.25, and 96.26, which relate to evaluation procedures and to requests for and use of information, and §96.27, which relates to the substantive criteria for evaluating applicants for accreditation or approval, other than §96.27(e), will govern determinations about whether to renew accreditation or approval. In lieu of §96.27(e), if the agency or person has been suspended by an accrediting entity or the Secretary during its most current accreditation or approval cycle, the accrediting entity may take the reasons underlying the suspension into account when determining whether to renew accreditation or approval and may refuse to renew accreditation or approval based on the prior suspension.

§ 96.64 [Reserved]

Subpart I—Routine Oversight by Accrediting Entities

§ 96.65 Scope.

The provisions in this subpart establish the procedures for routine oversight of accredited agencies and approved persons. Temporary accreditation is governed by the provisions of subpart N of this part. Unless otherwise provided in subpart N of this part, the provisions in this subpart do not apply to temporarily accredited agencies.

§ 96.66 Oversight of accredited agencies and approved persons by the accrediting entity.

(a) The accrediting entity must monitor agencies it has accredited and persons it has approved at least annually to ensure that they are in substantial compliance with the standards in subpart F of this part, as determined using a method approved by the Secretary in accordance with §96.27(d). The accrediting entity must investigate complaints about accredited agencies and approved persons, as provided in subpart J of this part.

(b) An accrediting entity may, on its own initiative, conduct site visits to inspect an agency’s or person’s premises or programs, with or without advance notice, for purposes of random verification of its continued compliance or to investigate a complaint. The accrediting entity may consider any information about the agency or person that becomes available to it about the compliance of the agency or person. The provisions of §§96.25 and 96.26 govern requests for and use of information.

(c) The accrediting entity must require accredited agencies or approved persons to attest annually that they have remained in substantial compliance and to provide supporting documentation to indicate such ongoing compliance with the standards in subpart F of this part.
§ 96.67 [Reserved]

Subpart J—Oversight Through Review of Complaints

§ 96.68 Scope.

The provisions in this subpart establish the procedures that the accrediting entity will use for processing complaints against accredited agencies and approved persons (including complaints concerning their use of supervised providers) that raise an issue of compliance with the Convention, the IAA, or the regulations implementing the IAA, as determined by the accrediting entity or the Secretary, and that are therefore relevant to the oversight functions of the accrediting entity or the Secretary. Temporary accreditation is governed by the provisions of subpart N of this part; as provided in §96.103, procedures for processing complaints on temporarily accredited agencies must comply with this subpart.

§ 96.69 Filing of complaints against accredited agencies and approved persons.

(a) Complaints described in §96.68 will be subject to review by the accrediting entity pursuant to §§96.71 and 96.72, when submitted as provided in this section and §96.70.

(b) Complaints against accredited agencies and approved persons by parties to specific Convention adoption cases and relating to that case must first be submitted by the complainant in writing to the primary provider and to the agency or person providing adoption services, if a U.S. provider different from the primary provider. If the complaint cannot be resolved through the complaint processes of the primary provider or the agency or person providing the service (if different), or if the complaint was resolved by an agreement to take action but the primary provider or the agency or person providing the service did not take such action within thirty days of agreeing to do so, the complaint may then be filed with the Complaint Registry in accordance with §96.70.

(c) An individual who is not party to a specific Convention adoption case but who has information about an accredited agency or approved person may provide that information by filing it in the form of a complaint with the Complaint Registry in accordance with §96.70.

(d) A Federal, State, or local government official or a foreign Central Authority may file a complaint with the Complaint Registry in accordance with §96.70, or may raise the matter in writing directly with the accrediting entity, who will record the complaint in the Complaint Registry, or with the Secretary, who will record the complaint in the Complaint Registry, if appropriate, and refer it to the accrediting entity for review pursuant to §96.71 or take such other action as the Secretary deems appropriate.

§ 96.70 Operation of the Complaint Registry.

(a) The Secretary will establish a Complaint Registry to support the accrediting entities in fulfilling their oversight responsibilities, including the responsibilities of recording, screening, referring, and otherwise taking action on complaints received, and to support the Secretary in the Secretary’s oversight responsibilities as the Secretary deems appropriate. The Secretary may provide for the Complaint Registry to be funded in whole or in part from fees collected by the Secretary pursuant to section 403(b) of the IAA (42 U.S.C. 14943(b)) or by the accrediting entities.

(b) The Complaint Registry will:

(1) Receive and maintain records of complaints about accredited agencies, temporarily accredited agencies, and approved persons (including complaints concerning their use of supervised providers) and make such complaints available to the appropriate accrediting entity and the Secretary;

(2) Receive and maintain information regarding action taken to resolve each complaint by the accrediting entity or the Secretary;

(3) Track compliance with any deadlines applicable to the resolution of complaints;

(4) Generate reports designed to show possible patterns of complaints; and

(5) Perform such other functions as the Secretary may determine.
§ 96.71 Review by the accrediting entity of complaints against accredited agencies and approved persons.

(a) The accrediting entity must establish written procedures, including deadlines, for recording, investigating, and acting upon complaints it receives pursuant to §§96.69 and 96.70(b)(1). The procedures must be consistent with this section and be approved by the Secretary. The accrediting entity must make written information about its complaint procedures available upon request.

(b) If the accrediting entity determines that a complaint implicates the Convention, the IAA, or the regulations implementing the IAA:

(1) The accrediting entity must verify that the complainant has already attempted to resolve the complaint as described in §96.69(b) and, if not, may refer the complaint to the agency or person, or to the primary provider, for attempted resolution through its internal complaint procedures;

(2) The accrediting entity may conduct whatever investigative activity (including site visits) it considers necessary to determine whether any relevant accredited agency or approved person may maintain accreditation or approval as provided in §96.27. The provisions of §§96.25 and 96.26 govern requests for and use of information. The accrediting entity must give priority to complaints submitted pursuant to §96.69(d);

(3) If the accrediting entity determines that the agency or person may not maintain accreditation or approval, it must take adverse action pursuant to subpart K of this part.

(c) When the accrediting entity has completed its complaint review process, it must provide written notification of the outcome of its investigation, and any actions taken, to the complainant, or to any other entity that referred the information.

(d) The accrediting entity will enter information about the outcomes of its investigations and its actions on complaints into the Complaint Registry as provided in its agreement with the Secretary.

(e) The accrediting entity may not take any action to discourage an individual from, or retaliate against an individual for, making a complaint, expressing a grievance, questioning the conduct of, or expressing an opinion about the performance of an accredited agency, an approved person, or the accrediting entity.

§ 96.72 Referral of complaints to the Secretary and other authorities.

(a) An accrediting entity must report promptly to the Secretary any substantiated complaint that:

(1) Reveals that an accredited agency or approved person has engaged in a pattern of serious, willful, grossly negligent, or repeated failures to comply with the standards in subpart F of this part; or

(2) Indicates that continued accreditation or approval would not be in the best interests of the children and families concerned.

(b) An accrediting entity must, after consultation with the Secretary, refer, as appropriate, to a State licensing authority, the Attorney General, or other law enforcement authorities any substantiated complaints that involve conduct that is:

(1) Subject to the civil or criminal penalties imposed by section 404 of the IAA (42 U.S.C. 14944);

(2) In violation of the Immigration and Nationality Act (8 U.S.C. 1101 et seq.); or

(3) Otherwise in violation of Federal, State, or local law.
(c) When an accrediting entity makes a report pursuant to paragraphs (a) or (b) of this section, it must indicate whether it is recommending that the Secretary take action to debar the agency or person, either temporarily or permanently.

§ 96.73 [Reserved]

Subpart K—Adverse Action by the Accrediting Entity

§ 96.74 Scope.

The provisions in this subpart establish the procedures governing adverse action by an accrediting entity against accredited agencies and approved persons. Temporary accreditation is governed by the provisions in subpart N of this part. Unless otherwise provided in subpart N of this part, the provisions of this subpart do not apply to temporarily accredited agencies.

§ 96.75 Adverse action against accredited agencies or approved persons not in substantial compliance.

The accrediting entity must take adverse action when it determines that an accredited agency or approved person may not maintain accreditation or approval as provided in §96.27. The accrediting entity is authorized to take any of the following actions against an accredited agency or approved person whose compliance the entity oversees. Each of these actions by an accrediting entity is considered an adverse action for purposes of the IAA and the regulations in this part:

(a) Suspending accreditation or approval;

(b) Canceling accreditation or approval;

(c) Refusing to renew accreditation or approval;

(d) Requiring an accredited agency or approved person to take a specific corrective action to bring itself into compliance; and

(e) Imposing other sanctions including, but not limited to, requiring an accredited agency or approved person to cease providing adoption services in a particular case or in a specific Convention country.

§ 96.76 Procedures governing adverse action by the accrediting entity.

(a) The accrediting entity must decide which adverse action to take based on the seriousness and type of violation and on the extent to which the accredited agency or approved person has corrected or failed to correct deficiencies of which it has been previously informed. The accrediting entity must notify an accredited agency or approved person in writing of its decision to take an adverse action against the agency or person. The accrediting entity’s written notice must identify the deficiencies prompting imposition of the adverse action.

(b) Before taking adverse action, the accrediting entity may, in its discretion, advise an accredited agency or approved person in writing of any deficiencies in its performance that may warrant an adverse action and provide it with an opportunity to demonstrate that an adverse action would be unwarranted before the adverse action is imposed. If the accrediting entity takes the adverse action without such prior notice, it must provide a similar opportunity to demonstrate that the adverse action was unwarranted after the adverse action is imposed, and may withdraw the adverse action based on the information provided.

(c) The provisions in §§96.25 and 96.26 govern requests for and use of information.

§ 96.77 Responsibilities of the accredited agency, approved person, and accrediting entity following adverse action by the accrediting entity.

(a) If the accrediting entity takes an adverse action against an agency or person, the action will take effect immediately unless the accrediting entity agrees to a later effective date.

(b) If the accrediting entity suspends or cancels the accreditation or approval of an agency or person, the agency or person must immediately, or by any later effective date set by the accrediting entity, cease to provide adoption services in all Convention cases. In the case of suspension, it must consult with the accrediting entity about whether to transfer its Convention adoption cases and adoption records. In the case of cancellation, it
must execute the plans required by §§96.33(e) and 96.42(d) under the oversight of the accrediting entity, and transfer its Convention adoption cases and adoption records to other accredited agencies, approved persons, or a State archive, as appropriate. When the agency or person is unable to transfer such Convention cases or adoption records in accordance with the plans or as otherwise agreed by the accrediting entity, the accrediting entity will so advise the Secretary who, with the assistance of the accrediting entity, will coordinate efforts to identify other accredited agencies or approved persons to assume responsibility for the cases, and to transfer the records to other accredited agencies or approved persons, or to public domestic authorities, as appropriate.

(c) If the accrediting entity refuses to renew the accreditation or approval of an agency or person, the agency or person must cease to provide adoption services in all Convention cases upon expiration of its existing accreditation or approval. It must take all necessary steps to complete its Convention cases before its accreditation or approval expires. It must also execute the plans required by §§96.33(e) and 96.42(d) under the oversight of the accrediting entity, and transfer its pending Convention cases and adoption records to other accredited agencies, approved persons, or a State archive, as appropriate. When the agency or person is unable to transfer such Convention cases or adoption records in accordance with the plans or as otherwise agreed by the accrediting entity, the accrediting entity will so advise the Secretary who, with the assistance of the accrediting entity, will coordinate efforts to identify other accredited agencies or approved persons to assume responsibility for the cases and to transfer the records to other accredited agencies or approved persons, or to public domestic authorities, as appropriate.

(d) The accrediting entity must notify the Secretary, in accordance with procedures established in its agreement with the Secretary, when it takes an adverse action that changes the accreditation or approval status of an agency or person. The accrediting entity must also notify the relevant State licensing authority as provided in the agreement.

§96.78 Accrediting entity procedures to terminate adverse action.

(a) The accrediting entity must maintain internal petition procedures, approved by the Secretary, to give accredited agencies and approved persons an opportunity to terminate adverse actions on the grounds that the deficiencies necessitating the adverse action have been corrected. The accrediting entity must inform the agency or person of these procedures when it informs them of the adverse action pursuant to §96.76(a). An accrediting entity is not required to maintain procedures to terminate adverse actions on any other grounds, or to maintain procedures to review its adverse actions, and must obtain the consent of the Secretary if it wishes to make such procedures available.

(b) An accrediting entity may terminate an adverse action it has taken only if the agency or person demonstrates to the satisfaction of the accrediting entity that the deficiencies that led to the adverse action have been corrected. The accrediting entity must notify an agency or person in writing of its decision on the petition to terminate the adverse action.

(c) If the accrediting entity described in paragraph (b) of this section is no longer providing accreditation or approval services, the agency or person may petition any accrediting entity with jurisdiction over its application.

(d) If the accrediting entity cancels or refuses to renew an agency’s or person’s accreditation or approval, and does not terminate the adverse action pursuant to paragraph (b) of this section, the agency or person may petition any accrediting entity with jurisdiction over its application.

(e) If the accrediting entity cancels or refuses to renew an agency’s or person’s accreditation or approval, and does not terminate the adverse action pursuant to paragraph (b) of this section, the agency or person may petition any accrediting entity with jurisdiction over its application.
person demonstrates to the satisfaction of the accrediting entity that the specific deficiencies that led to the cancellation or refusal to renew have been corrected.

(e) If the accrediting entity grants the agency or person permission to reapply, the agency or person may file an application with that accrediting entity in accordance with subpart D of this part.

(f) Nothing in this section shall be construed to prevent an accrediting entity from withdrawing an adverse action if it concludes that the action was based on a mistake of fact or was otherwise in error. Upon taking such action, the accrediting entity will take appropriate steps to notify the Secretary and the Secretary will take appropriate steps to notify the Permanent Bureau of the Hague Conference on Private International Law.

§ 96.79 Administrative or judicial review of adverse action by the accrediting entity.

(a) Except to the extent provided by the procedures in §96.78, an adverse action by an accrediting entity shall not be subject to administrative review.

(b) Section 202(c)(3) of the IAA (42 U.S.C. 14922(c)(3)) provides for judicial review in Federal court of adverse actions by an accrediting entity, regardless of whether the entity is described in §96.5(a) or (b). When any petition brought under section 202(c)(3) raises as an issue whether the deficiencies necessitating the adverse action have been corrected, the procedures maintained by the accrediting entity pursuant to §96.78 must first be exhausted. Adverse actions are only those actions listed in §96.75. There is no judicial review of an accrediting entity’s decision to deny accreditation or approval, including:

(1) A denial of an initial application;
(2) A denial of an application made after cancellation or refusal to renew by the accrediting entity; and
(3) A denial of an application made after cancellation or debarment by the Secretary.

(c) In accordance with section 202(c)(3) of the IAA (42 U.S.C. 14922(c)(3)), an accredited agency or approved person that is the subject of an adverse action by an accrediting entity may petition the United States district court in the judicial district in which the agency is located or the person resides to set aside the adverse action imposed by the accrediting entity. The United States district court shall review the adverse action in accordance with 5 U.S.C. 706. When an accredited agency or approved person petitions a United States district court to review the adverse action of an accrediting entity, the accrediting entity will be considered an agency as defined in 5 U.S.C. 701 for the purpose of judicial review of the adverse action.

§ 96.80 [Reserved]

Subpart L—Oversight of Accredited Agencies and Approved Persons by the Secretary

§ 96.81 Scope.

The provisions in this subpart establish the procedures governing adverse action by the Secretary against accredited agencies and approved persons. Temporary accreditation is governed by the provisions in subpart N of this part. Unless otherwise provided in subpart N of this part, the provisions in this subpart do not apply to temporarily accredited agencies.

§ 96.82 The Secretary’s response to actions by the accrediting entity.

(a) There is no administrative review by the Secretary of an accrediting entity’s decision to deny accreditation or approval, nor of any decision by an accrediting entity to take an adverse action.

(b) When informed by an accrediting entity that an agency has been accredited or a person has been approved, the Secretary will take appropriate steps to ensure that relevant information about the accredited agency or approved person is provided to the Permanent Bureau of the Hague Conference on Private International Law. When informed by an accrediting entity that it has taken an adverse action that impacts an agency’s or person’s accreditation or approval status, the Secretary will take appropriate steps to inform the Permanent Bureau of the Hague Conference on Private International Law.
§ 96.83 Suspension or cancellation of accreditation or approval by the Secretary.

(a) The Secretary must suspend or cancel the accreditation or approval granted by an accrediting entity when the Secretary finds, in the Secretary's discretion, that the agency or person is substantially out of compliance with the standards in subpart F of this part and that the accrediting entity has failed or refused, after consultation with the Secretary, to take action.

(b) The Secretary may suspend or cancel the accreditation or approval granted by an accrediting entity if the Secretary finds that such action:

(1) Will protect the interests of children;

(2) Will further U.S. foreign policy or national security interests; or

(3) Will protect the ability of U.S. citizens to adopt children under the Convention.

(c) If the Secretary suspends or cancels the accreditation or approval of an agency or person, the Secretary will take appropriate steps to notify both the accrediting entity and the Permanent Bureau of the Hague Conference on Private International Law.

§ 96.84 Reinstatement of accreditation or approval after suspension or cancellation by the Secretary.

(a) An agency or person may petition the Secretary for relief from the Secretary's suspension or cancellation of its accreditation or approval on the grounds that the deficiencies necessitating the suspension or cancellation have been corrected. If the Secretary is satisfied that the deficiencies that led to the suspension or cancellation have been corrected, the Secretary shall, in the case of a suspension, terminate the suspension or, in the case of a cancellation, notify the agency or person that it may reapply for accreditation or approval to the same accrediting entity that handled its prior application for accreditation or approval. If that accrediting entity is no longer providing accreditation or approval services, the agency or person may reapply to any accrediting entity with jurisdiction over its application. If the Secretary terminates a suspension or permits an agency or person to reapply for accreditation or approval, the Secretary will so notify the appropriate accrediting entity. If the Secretary terminates a suspension, the Secretary will also take appropriate steps to notify the Permanent Bureau of the Hague Conference on Private International Law of the reinstatement.

(b) Nothing in this section shall be construed to prevent the Secretary from withdrawing a cancellation or suspension if the Secretary concludes that the action was based on a mistake of fact or was otherwise in error. Upon taking such action, the Secretary will take appropriate steps to notify the accrediting entity and the Permanent Bureau of the Hague Conference on Private International Law.

§ 96.85 Temporary and permanent debarment by the Secretary.

(a) The Secretary may temporarily or permanently debar an agency from accreditation or a person from approval on the Secretary's own initiative, at the request of DHS, or at the request of an accrediting entity. A debarment of an accredited agency or approved person will automatically result in the cancellation of accreditation or approval by the Secretary, and the accrediting entity shall deny any pending request for renewal of accreditation or approval.

(b) The Secretary may issue a debarment order only if the Secretary, in the Secretary's discretion, determines that:

(1) There is substantial evidence that the agency or person is out of compliance with the standards in subpart F of this part; and

(2) There has been a pattern of serious, willful, or grossly negligent failures to comply, or other aggravating circumstances indicating that continued accreditation or approval would not be in the best interests of the children and families concerned. For purposes of this paragraph:

(i) "The children and families concerned" include any children and any families whose interests have been or may be affected by the agency's or person's actions;
§ 96.87 Responsibilities of the accredited agency, approved person, and accrediting entity following suspension, cancellation, or debarment by the Secretary.

If the Secretary suspends or cancels the accreditation or approval of an agency or person, or debars an agency or person, the agency or person must cease to provide adoption services in all Convention cases. In the case of suspension, it must consult with the accrediting entity about whether to transfer its Convention adoption cases and adoption records. In the case of cancellation or debarment, it must execute the plans required by §§96.33(e) and 96.42(d) under the oversight of the accrediting entity, and transfer its Convention adoption cases and adoption records to other accredited agencies, approved persons, or a State archive, as appropriate. When the agency or person is unable to transfer such Convention cases or adoption records in accordance with the plans or as otherwise agreed by the accrediting entity, the accrediting entity will so advise the Secretary who, with the assistance of the accrediting entity, will coordinate efforts to identify other accredited agencies or approved persons to assume responsibility for the cases, and to transfer the records to other accredited agencies or approved persons, or to public domestic authorities, as appropriate.

§ 96.88 Review of suspension, cancellation, or debarment by the Secretary.

(a) Except to the extent provided by the procedures in §96.84, an adverse action by the Secretary shall not be subject to administrative review.

(b) Section 204(d) of the IAA (42 U.S.C. 14224(d)) provides for judicial review of final actions by the Secretary. When any petition brought under section 204(d) raises as an issue whether the deficiencies necessitating a suspension or cancellation of accreditation or approval have been corrected, procedures maintained by the Secretary pursuant to §96.84(a) must first be exhausted. A suspension or cancellation entity and the Permanent Bureau of the Hague Conference on Private International Law.
§ 96.89 of accreditation or approval, and a debarment (whether temporary or permanent) by the Secretary are final actions subject to judicial review. Other actions by the Secretary are not final actions and are not subject to judicial review.

(c) In accordance with section 204(d) of the IAA (42 U.S.C. 14924(d)), an agency or person that has been suspended, cancelled, or temporarily or permanently debarred by the Secretary may petition the United States District Court for the District of Columbia, or the United States district court in the judicial district in which the person resides or the agency is located, pursuant to 5 U.S.C. 706, to set aside the action.

§ 96.89 [Reserved]

Subpart M—Dissemination and Reporting of Information by Accrediting Entities

§ 96.90 Scope.

The provisions in this subpart govern the dissemination and reporting of information on accredited agencies and approved persons by accrediting entities. Temporary accreditation is governed by the provisions of subpart N of this part and, as provided for in §96.110, reports on temporarily accredited agencies must comply with this subpart.

§ 96.91 Dissemination of information to the public about accreditation and approval status.

(a) Once the Convention has entered into force for the United States, the accrediting entity must maintain and make available to the public on a quarterly basis the following information:

(1) The name, address, and contact information for each agency and person it has accredited or approved;

(2) The names of agencies and persons to which it has denied accreditation or approval that have not subsequently been accredited or approved;

(3) The names of agencies and persons that have been subject to withdrawal of temporary accreditation, suspension, cancellation, refusal to renew accreditation or approval, or debarment by the accrediting entity or the Secretary; and

(4) Other information specifically authorized in writing by the accredited agency or approved person to be disclosed to the public.

(b) Once the Convention has entered into force for the United States, each accrediting entity must make the following information available to individual members of the public upon specific request:

(1) Confirmation of whether or not a specific agency or person has a pending application for accreditation or approval, and, if so, the date of the application and whether it is under active consideration or whether a decision on the application has been deferred; and

(2) If an agency or person has been subject to a withdrawal of temporary accreditation, suspension, cancellation, refusal to renew accreditation or approval, or debarment, a brief statement of the reasons for the action.

§ 96.92 Dissemination of information to the public about complaints against accredited agencies and approved persons.

Once the Convention has entered into force for the United States, each accrediting entity must maintain a written record documenting each complaint received and the steps taken in response to it. This information may be disclosed to the public as follows:

(a) The accrediting entity must verify, upon inquiry from a member of the public, whether there have been any substantiated complaints against an accredited agency or approved person, and if so, provide information about the status and nature of any such complaints.

(b) The accrediting entity must have procedures for disclosing information about complaints that are substantiated.

§ 96.93 Reports to the Secretary about accredited agencies and approved persons and their activities.

(a) The accrediting entity must make annual reports to the Secretary on the information it collects from accredited agencies and approved persons pursuant to §96.43. The accrediting entity must make semi-annual reports to the Secretary that summarize for the preceding six-month period the following information:
§ 96.96 Eligibility requirements for temporary accreditation.

(a) An accrediting entity may not temporarily accredit an agency unless the agency demonstrates to the satisfaction of the accrediting entity that:

(1) It has provided adoption services in fewer than 100 intercountry adoption cases in the calendar year preceding the year in which the transitional application deadline falls. For purposes of this subpart, the number of cases includes all intercountry adoption cases that were handled by, or under the responsibility of, the agency, regardless of whether they involved countries party to the Convention;

(2) It qualifies for nonprofit tax treatment under section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or for nonprofit status under the law of any State;

(3) It is properly licensed under State law to provide adoption services in at least one State. It is, and for the last three years prior to the transitional application deadline has been, providing intercountry adoption services;

(4) It has the capacity to maintain and provide to the accrediting entity and the Secretary, within thirty days of request, all of the information relevant to the Secretary's reporting requirements under section 104 of the IAA (42 U.S.C. 10114); and

(5) It has not been involved in any improper conduct related to the provision of intercountry adoption or other services, as evidenced in part by the following:

(i) The agency has maintained its State license without suspension or cancellation for misconduct during the

§ 96.96 [Reserved]
entire period in which it has provided intercountry adoption services;

(ii) The agency has not been subject to a finding of fault or liability in any administrative or judicial action in the three years preceding the transitional application deadline; and

(iii) The agency has not been the subject of any criminal findings of fraud or financial misconduct in the three years preceding the transitional application deadline.

(b) An accrediting entity may not temporarily accredit an agency unless the agency also demonstrates to the satisfaction of the accrediting entity that it has a comprehensive plan for applying for and achieving full accreditation before the agency’s temporary accreditation expires, and is taking steps to execute that plan.

§ 96.97 Application procedures for temporary accreditation.

(a) An agency seeking temporary accreditation must submit an application to an accrediting entity with jurisdiction over its application, with the required fee(s), by the transitional application deadline established pursuant to §96.19 of this part. Applications for temporary accreditation that are filed after the temporary application deadline will not be considered.

(b) An agency may not seek temporary accreditation and full accreditation at the same time. The agency’s application must clearly state whether it is seeking temporary accreditation or full accreditation. An eligible agency’s option of applying for temporary accreditation will be deemed to have been waived if the agency also submits a separate application for full accreditation prior to the transitional application deadline. The agency may apply to only one accrediting entity at a time.

(c) The accrediting entity must establish and follow uniform application procedures and must make information about these procedures available to agencies that are considering whether to apply for temporary accreditation. The accrediting entity must evaluate the applicant for temporary accreditation in a timely fashion. The accrediting entity must use its best efforts to provide a reasonable opportunity for an agency that applies for temporary accreditation by the transitional application deadline to complete the temporary accreditation process by the deadline for initial accreditation or approval. If an agency seeks temporary accreditation under this subpart, it will be included on the initial list deposited by the Secretary with the Permanent Bureau of the Hague Conference on Private International Law only if it is granted temporary accreditation by the deadline for initial accreditation or approval established pursuant to §96.19(a).

§ 96.98 Length of temporary accreditation period.

(a) One-year temporary accreditation. An agency that has provided adoption services in 50–99 intercountry adoptions in the calendar year preceding the year in which the transitional application date falls may apply for a one-year period of temporary accreditation. The one-year period will commence on the date that the Convention enters into force for the United States.

(b) Two-year temporary accreditation. An agency that has provided adoption services in fewer than 50 intercountry adoptions in the calendar year preceding the year in which the transitional application date falls may apply for a two-year period of temporary accreditation. The two-year period will commence on the date that the Convention enters into force for the United States.

§ 96.99 Converting an application for temporary accreditation to an application for full accreditation.

(a) The accrediting entity may, in its discretion, permit an agency that has applied for temporary accreditation to convert its application to an application for full accreditation, subject to submission of any additional required documentation, information, and fee(s). The accrediting entity may grant a request for conversion if the accrediting entity has determined that the applicant is not in fact eligible for temporary accreditation based on the number of adoption cases it has handled; if the agency has concluded that it can complete the full accreditation process sooner than expected; or for
any other reason that the accrediting entity deems appropriate.

(b) If an application is converted after the transitional application deadline, it will be treated as an application filed after the transitional application deadline, and the agency may not necessarily be provided an opportunity to complete the accreditation process in time to be included on the initial list of accredited agencies and approved persons that the Secretary will deposit with the Permanent Bureau of the Hague Conference on Private International Law.

§ 96.100 Procedures for evaluating applicants for temporary accreditation.

(a) To evaluate an agency for temporary accreditation, the accrediting entity must:

(1) Review the agency’s written application and supporting documentation; and

(2) Verify the information provided by the agency, as appropriate. The accrediting entity may also request additional documentation and information from the agency in support of the application as it deems necessary.

(b) The accrediting entity may also decide, in its discretion, that it must conduct a site visit to determine whether to approve the application for temporary accreditation. The site visit may include interviews with birth parents, adoptive parent(s), prospective adoptive parent(s), and adult adoptee(s) served by the agency, interviews with the agency’s employees, and interviews with other individual(s) knowledgeable about its provision of adoption services. It may also include a review of on-site documents. The accrediting entity must, to the extent possible, advise the agency in advance of documents it wishes to review during the site visit. The provisions of §§96.25 and 96.26 will govern requests for and use of information.

(c) Before deciding whether to grant temporary accreditation to the agency, the accrediting entity may, in its discretion, advise the agency of any deficiencies that may hinder or prevent its temporary accreditation and defer a decision to allow the agency to correct the deficiencies.

(d) The accrediting entity may only use the criteria contained in §96.96 when determining whether an agency is eligible for temporary accreditation.

(e) The eligibility criteria contained in §96.96 and the standards contained in §96.104 do not eliminate the need for an agency to comply fully with the laws of the jurisdictions in which it operates. An agency must provide adoption services in Convention cases consistent with the laws of any State in which it operates and with the Convention and the IAA.

§ 96.101 Notification of temporary accreditation decisions.

(a) The accrediting entity must notify agencies of its temporary accreditation decisions on the uniform notification date to be established by the Secretary pursuant to §96.58(a). On that date, the accrediting entity must inform each applicant and the Secretary in writing whether the agency has been granted temporary accreditation. The accrediting entity may not provide any information about its temporary accreditation decisions to any agency or to the public until the uniform notification date. If the Secretary requests information on the interim or final status of an agency prior to the uniform notification date, the accrediting entity must provide such information to the Secretary.

(b) Notwithstanding paragraph (a) of this section, the accrediting entity may, in its discretion, communicate with agencies about the status of their pending applications for temporary accreditation for the sole purpose of affording them an opportunity to correct deficiencies that may hinder their temporary accreditation. When informed by an accrediting entity that an agency has been temporarily accredited, the Secretary will take appropriate steps to ensure that relevant information about a temporarily accredited agency is provided to the Permanent Bureau of the Hague Conference on Private International Law.

§ 96.102 Review of temporary accreditation decisions.

There is no administrative or judicial review of an accrediting entity’s decision to deny temporary accreditation.
§ 96.103 Oversight by accrediting entities.

(a) The accrediting entity must oversee an agency that it has temporarily accredited by monitoring whether the agency is in substantial compliance with the standards contained in §96.104 and through the process of assessing the agency’s application for full accreditation when it is filed. The accrediting entity must also investigate any complaints or other information that becomes available to it about an agency it has temporarily accredited. Complaints against a temporarily accredited agency must be handled in accordance with subpart J of this part. For purposes of subpart J of this part, the temporarily accredited agency will be treated as if it were a fully accredited agency, except that:

1. The relevant standards will be those contained in §96.104 rather than those contained in subpart F of this part; and

2. Enforcement action against the agency will be taken in accordance with §96.105 and §96.107 rather than in accordance with subpart K of this part.

(b) The accrediting entity may determine, in its discretion, that it must conduct a site visit to investigate a complaint or other information or otherwise monitor the agency.

(c) The accrediting entity may consider any information that becomes available to it about the compliance of the agency. The provisions of §§96.25 and 96.26 govern requests for and use of information.

§ 96.104 Performance standards for temporary accreditation.

The accrediting entity may not maintain an agency’s temporary accreditation unless the agency demonstrates to the satisfaction of the accrediting entity that it is in substantial compliance with the following standards:

(a) The agency follows applicable licensing and regulatory requirements in all jurisdictions in which it provides adoption services;

(b) It does not engage in any improper conduct related to the provision of intercountry adoption services, as evidenced in part by the following:

1. It maintains its State license without suspension or cancellation for misconduct;

2. It is not subject to a finding of fault or liability in any administrative or judicial action; and

3. It is not the subject of any criminal findings of fraud or financial misconduct;

(c) It adheres to the standards in §96.36 prohibiting child buying;

(d) It adheres to the standards for responding to complaints in accordance with §96.41;

(e) It adheres to the standards on adoption records and information relating to Convention cases in accordance with §96.42;

(f) It adheres to the standards on providing data to the accrediting entity in accordance with §96.43;

(g) When acting as the primary provider in a Convention adoption it complies with the standards in §§96.44 and 96.45 when using supervised providers in the United States and it complies with the standards in §§96.44 and 96.46 when using supervised providers or, to the extent permitted by §96.14(c), other foreign providers in a Convention country;

(h) When performing or approving a home study in an incoming Convention case, it complies with the standards in §96.47;

(i) When performing or approving a child background study or obtaining consents in an outgoing Convention case, it complies with the standards in §96.53;

(j) When performing Convention functions in incoming or outgoing cases, it complies with the standards in §96.52 or §96.55;

(k) It has a plan to transfer its Convention cases and adoption records if it ceases to provide or is no longer permitted to provide adoption services in Convention cases. The plan includes provisions for an organized closure and reimbursement to clients of funds paid for services not yet rendered;

(l) It is making continual progress toward completing the process of obtaining full accreditation by the time its temporary accreditation expires; and

(m) It takes all necessary and appropriate measures to perform any tasks
in a Convention adoption case that the Secretary identifies are required to comply with the Convention, the IAA, or any regulations implementing the IAA.

§ 96.105 Adverse action against a temporarily accredited agency by an accrediting entity.

(a) If the accrediting entity determines that an agency has temporarily accredited is substantially out of compliance with the standards in §96.104, it may, in its discretion, withdraw the agency’s temporary accreditation.

(b) The accrediting entity must notify the agency in writing of any decision to withdraw the agency’s temporary accreditation. The written notice must identify the deficiencies necessitating the withdrawal. Before withdrawing the agency’s temporary accreditation, the accrediting entity may, in its discretion, advise a temporarily accredited agency in writing of any deficiencies in its performance that may warrant withdrawal and provide it with an opportunity to demonstrate that withdrawal would be unwarranted before withdrawal occurs. If the accrediting entity withdraws the agency’s temporary accreditation without such prior notice, it must provide a similar opportunity to demonstrate that the withdrawal was unwarranted after the withdrawal occurs, and may reinstate the agency’s temporary accreditation based on the information provided.

(c) The provisions of §§96.25 and 96.26 govern requests for and use of information.

(d) The accrediting entity must notify the Secretary, in accordance with procedures established in its agreement with the Secretary, when it withdraws or reinstates an agency’s temporary accreditation. The accrediting entity must also notify the relevant State licensing authority as provided in the agreement.

§ 96.106 Review of the withdrawal of temporary accreditation by an accrediting entity.

(a) A decision by an accrediting entity to withdraw an agency’s temporary accreditation shall not be subject to administrative review.

(b) Withdrawal of temporary accreditation is analogous to cancellation of accreditation and is therefore an adverse action pursuant to §96.75. In accordance with section 202(c)(3) of the IAA (42 U.S.C. 14922(c)(3)), a temporarily accredited agency that is the subject of an adverse action by an accrediting entity may petition the United States district court in the judicial district in which the agency is located to set aside the adverse action imposed by the accrediting entity. The United States district court shall review the adverse action in accordance with 5 U.S.C. 706. When a temporarily accredited agency petitions a United States district court to review the adverse action of an accrediting entity, the accrediting entity will be considered an agency as defined in 5 U.S.C. 701 for the purpose of judicial review of the adverse action.

§ 96.107 Adverse action against a temporarily accredited agency by the Secretary.

(a) The Secretary may, in the Secretary’s discretion, withdraw an agency’s temporary accreditation if the Secretary finds that the agency is substantially out of compliance with the standards in §96.104 and the accrediting entity has failed or refused, after consultation with the Secretary, to take appropriate enforcement action.

(b) The Secretary may also withdraw an agency’s temporary accreditation if the Secretary finds that such action:

1) Will protect the interests of children;

2) Will further U.S. foreign policy or national security interests; or

3) Will protect the ability of U.S. citizens to adopt children under the Convention.

(c) If the Secretary withdraws an agency’s temporary accreditation, the Secretary will notify the accrediting entity.
§ 96.108 Review of the withdrawal of temporary accreditation by the Secretary.

(a) There is no administrative review of a decision by the Secretary to withdraw an agency’s temporary accreditation.

(b) Section 204(d) of the IAA (42 U.S.C. 14924(d)) provides for judicial review of final actions by the Secretary. Withdrawal of temporary accreditation, which is analogous to cancellation of accreditation, is a final action subject to judicial review.

(c) An agency whose temporary accreditation has been withdrawn by the Secretary may petition the United States District Court for the District of Columbia, or the United States district court in the judicial district in which the agency is located, to set aside the action pursuant to section 204(d) of the IAA (42 U.S.C. 14924(d)).

§ 96.109 Effect of the withdrawal of temporary accreditation by the accrediting entity or the Secretary.

(a) If an agency’s temporary accreditation is withdrawn, it must cease to provide adoption services in all Convention cases and must execute the plan required by §96.104(k) under the oversight of the accrediting entity, and transfer its Convention adoption cases and adoption records to an accredited agency, approved person, or a State archive, as appropriate.

(b) Where an agency is unable to transfer such Convention cases or adoption records in accordance with the plan or as otherwise agreed by the accrediting entity, the accrediting entity will so advise the Secretary who, with the assistance of the accrediting entity, will coordinate efforts to identify other accredited agencies or approved persons to assume responsibility for the cases, and to transfer the records to other accredited agencies or approved persons, or to public domestic authorities, as appropriate.

Where an agency’s temporary accreditation is withdrawn or reinstated, the Secretary will, where appropriate, take steps to inform the Permanent Bureau of the Hague Conference on Private International Law.

(d) An agency whose temporary accreditation has been withdrawn may continue to seek full accreditation or may withdraw its pending application and apply for full accreditation at a later time. Its application for full accreditation must be made to the same accrediting entity that granted its application for temporary accreditation. If that entity is no longer providing accreditation services, it may apply to any accrediting entity with jurisdiction over its application.

(e) If an agency continues to pursue its application for full accreditation or subsequently applies for full accreditation, the accrediting entity may take the circumstances of the withdrawal of its temporary accreditation into account when evaluating the agency for full accreditation.

§ 96.110 Dissemination and reporting of information about temporarily accredited agencies.

The accrediting entity must disseminate and report information about agencies it has temporarily accredited as if they were fully accredited agencies, in accordance with subpart M of this part.

§ 96.111 Fees charged for temporary accreditation.

(a) Any fees charged by an accrediting entity for temporary accreditation will include a non-refundable fee for temporary accreditation set forth in a schedule of fees approved by the Secretary as provided in §96.8(a). Such fees may not exceed the costs of temporary accreditation and must include the costs of all activities associated with the temporary accreditation cycle (including, but not limited to, costs for completing the temporary accreditation process, complaint review and investigation, routine oversight and enforcement, and other data collection and reporting activities). The temporary accreditation fee may not include the costs of site visit(s). The schedule of fees may provide, however, that, in the event that a site visit is required to determine whether to approve an application for temporary accreditation, to investigate a complaint or other information, or otherwise to monitor the agency, the accrediting entity may assess additional fees for actual costs incurred for travel and
maintenance of evaluators and for any additional administrative costs to the accrediting entity. In such a case, the accrediting entity may estimate the additional fees and may require that the estimated amount be paid in advance, subject to a refund of any overcharge. Temporary accreditation may be denied or withdrawn if the estimated fees are not paid.

(b) An accrediting entity must make its schedule of fees available to the public, including prospective applicants for temporary accreditation, upon request. At the time of application, the accrediting entity must specify the fees to be charged in a contract between the parties and must provide notice to the applicant that no portion of the fee will be refunded if the applicant fails to become temporarily accredited.

PART 97—ISSUANCE OF ADOPTION CERTIFICATES AND CUSTODY DECLARATIONS IN HAGUE CONVENTION ADOPTION CASES

§ 97.1 Definitions.

As used in this part:
(a) **Adoption Court** means the State court with jurisdiction over the adoption or the grant of custody for purpose of adoption.
(b) **U.S. Authorized Entity** means a public domestic authority or an agency or person that is accredited or temporarily accredited or approved by an accrediting entity pursuant to 22 CFR part 96, or a supervised provider acting under the supervision and responsibility of an accredited agency or temporarily accredited agency or approved person.
(c) **Foreign Authorized Entity** means a foreign Central Authority or an accredited body or entity other than the Central Authority authorized by the relevant foreign country to perform Central Authority functions in a Convention adoption case.
(d) **Hague Adoption Certificate** means a certificate issued by the Secretary in an outgoing case (where the child is emigrating from the United States to another Convention country) certifying that a child has been adopted in the United States in accordance with the Convention and, except as provided in §97.4(b), the IAA.
(e) **Hague Custody Declaration** means a declaration issued by the Secretary in an outgoing case (where the child is emigrating from the United States to another Convention country) declaring that custody of a child for purposes of adoption has been granted in the United States in accordance with the Convention and, except as provided in §97.4(b), the IAA.
(f) Terms defined in 22 CFR 96.2 have the meaning given to them therein.

§ 97.2 Application for a Hague Adoption Certificate or a Hague Custody Declaration (outgoing Convention case).

(a) Once the Convention has entered into force for the United States, any party to an outgoing Convention adoption or custody proceeding may apply to the Secretary for a Hague Adoption Certificate or a Hague Custody Declaration. Any other interested person may also make such application, but such application will not be processed unless such applicant demonstrates that a Hague Adoption Certificate or Hague Custody Declaration is needed to obtain a legal benefit or for purposes of a legal proceeding, as determined by the Secretary in the Secretary’s discretion.
§ 97.3 Requirements subject to verification in an outgoing Convention case.

(a) Preparation of child background study. An accredited agency, temporarily accredited agency, or public domestic authority must complete or approve a child background study that includes information about the child’s identity, adoptability, background, social environment, family history, medical history (including that of the child’s family), and any special needs of the child.

(b) Transmission of child data. A U.S. authorized entity must conclude that the child is eligible for adoption and, without revealing the identity of the birth mother or the birth father if these identities may not be disclosed under applicable State law, transmit to a foreign authorized entity the background study, proof that the necessary consents have been obtained, and the reason for its determination that the proposed placement is in the child’s best interests, based on the home study and child background study and giving due consideration to the child’s upbringing and his or her ethnic, religious, and cultural background.

(c) Reasonable efforts to find domestic placement. Reasonable efforts pursuant to 22 CFR 96.54 must be made to actively recruit and make a diligent search for prospective adoptive parent(s) to adopt the child in the United States and a timely adoption placement in the United States not found.

(d) Preparation and transmission of home study. A U.S. authorized entity must receive from a foreign authorized entity a home study on the prospective adoptive parent(s) prepared in accordance with the laws of the receiving country, under the responsibility of a foreign Central Authority, foreign accredited body, or public foreign authority, that includes:

(1) Information on the prospective adoptive parent(s)’ identity, eligibility, and suitability to adopt, background, family and medical history, social environment, reasons for adoption, ability to undertake an intercountry adoption, and the characteristics of the children for whom they would be qualified to care;

(2) Confirmation that a competent authority has determined that the prospective adoptive parent(s) are eligible and suited to adopt and has ensured that the prospective adoptive parent(s) have been counseled as necessary; and

(3) The results of a criminal background check.

(e) Authorization to enter. The Central Authority or other competent authority of the receiving country must declare that the child will be authorized to enter and reside in the receiving country permanently or on the same basis as the adopting parent(s).

(f) Consent by foreign authorized entity. A foreign authorized entity or competent authority must declare that it consents to the adoption, if its consent is necessary under the law of the relevant foreign country for the adoption to become final.
(g) Guardian counseling and consent. Each person, institution, and authority (other than the child) whose consent is necessary for the adoption must be counseled as necessary and duly informed of the effects of the consent (including whether or not an adoption will terminate the legal relationship between the child and his or her family of origin); must freely give consent expressed or evidenced in writing in the required legal form without any inducement by compensation of any kind; and consent must not have been subsequently withdrawn. If the consent of the mother is required, it may be given only after the birth of the child.

(h) Child counseling and consent. As appropriate in light of the child’s age and maturity, the child must be counseled and informed of the effects of the adoption and the child’s views must be considered. If the child’s consent is required, the child must also be counseled and informed of the effects of granting consent, and must freely give consent expressed or evidenced in writing in the required legal form without any inducement by compensation of any kind.

(i) Authorized entity duties. A U.S. authorized entity must:

(1) Ensure that the prospective adoptive parent(s) agree to the adoption;
(2) Agree, together with a foreign authorized entity, that the adoption may proceed;
(3) Take all appropriate measures to ensure that the transfer of the child takes place in secure and appropriate circumstances and, if possible, in the company of the adoptive parent(s) or the prospective adoptive parent(s), and arrange to obtain permission for the child to leave the United States; and
(4) Arrange to keep a foreign authorized entity informed about the adoption process and the measures taken to complete it, as well as about the progress of the placement if a probationary period is required; to return the home study and the child background study to the authorities that forwarded them if the transfer of the child does not take place; and to be consulted in the event a new placement or alternative long-term care for the child is required.

(j) Contacts. Unless the child is being adopted by a relative, there may be no contact between the prospective adoptive parent(s) and the child’s birthparent(s) or any other person who has care of the child prior to the competent authority’s determination that the prospective adoptive parent(s) are eligible and suited to adopt and the adoption court’s determinations that the child is eligible for adoption, that the requirements in paragraphs (c) and (g) of this section have been met, and that an intercountry adoption is in the child’s best interests, provided that this prohibition on contacts shall not apply if the relevant State or public domestic authority has established conditions under which such contact may occur and any such contact occurred in accordance with such conditions.

(k) Improper financial gain. No one may derive improper financial or other gain from an activity related to the adoption, and only costs and expenses (including reasonable professional fees of persons involved in the adoption) may be charged or paid.

§ 97.4 Issuance of a Hague Adoption Certificate or a Hague Custody Declaration (outgoing Convention case).

(a) Once the Convention has entered into force for the United States, the Secretary shall issue a Hague Adoption Certificate or a Hague Custody Declaration if the Secretary, in the Secretary’s discretion, is satisfied that the adoption or grant of custody was made in compliance with the Convention and the IAA.

(b) If compliance with the Convention can be certified but it is not possible to certify compliance with the IAA, the Secretary personally may authorize issuance of an appropriately modified Hague Adoption Certificate or Hague Custody Declaration, in the interests of justice or to prevent grave physical harm to the child.

§ 97.5 Certification of Hague Convention Compliance in an incoming convention case where final adoption occurs in the United States.

(a) Once the Convention has entered into force for the United States, any person may request the Secretary to certify that a Convention adoption in
an incoming case finalized in the United States was done in accordance with the Convention.

(b) Persons seeking such a certification must submit the following documentation:

(1) A copy of the certificate issued by a consular officer pursuant to 22 CFR 42.24(j) certifying that the granting of custody of the child has occurred in compliance with the Convention;

(2) An official copy of the adoption court’s order granting the final adoption; and

(3) Such additional documentation and information as the Secretary may request at the Secretary’s discretion.

(c) If a person seeking the certification described in paragraph (a) of this section fails to submit all the documentation and information required pursuant to paragraph (b) of this section within 120 days of the Secretary’s request, the Department may consider the request abandoned.

(d) The Secretary may issue the certification if the Secretary, in the Secretary’s discretion, is satisfied that the adoption was made in compliance with the Convention. The Secretary may decline to issue a certification, including to a party to the adoption, in the Secretary’s discretion. A certification will not be issued to a non-party requestor unless the requestor demonstrates that the certification is needed to obtain a legal benefit or for purposes of a legal proceeding, as determined by the Secretary or the Department of Homeland Security (DHS). Convention record includes a record, generated or received by the Secretary or DHS, about a specific adoption case involving two Convention countries other than the United States in connection with which the Secretary or DHS performs a Central Authority function.

(e) A State court’s final adoption decree, when based upon the certificate issued by a consular officer pursuant to 22 CFR 42.24(j), certifying that the grant of custody of the child has occurred in compliance with the Convention, or upon its determination that the requirements of Article 17 of the Convention have been met constitutes the certification of the adoption under Article 23 of the Convention.

   (2) Date of U.S. final adoption or date on which custody for the purpose of adoption was granted in United States;
   (3) Date of foreign final adoption if custody for purpose of adoption was granted in the United States, to the extent practicable; and

Subpart A—United States Aircraft Accidents Abroad

SOURCE: 22 FR 10871, Dec. 27, 1957, unless otherwise noted.

§ 102.8 Reporting accidents.

(a) To airline and Civil Aeronautics Administration representatives. If a scheduled United States air carrier is involved the airline representatives concerned will probably be the first to be informed of the accident, in which event he will be expected to report the accident to the Foreign Service post, to the nearest Civil Aeronautics Administration office, and to his home office in the United States. If this is not the case, the Foreign Service post should report promptly to the nearest office of the airline concerned and to the nearest office of the Civil Aeronautics Administration, any accident occurring to a scheduled civil air carrier of United States registry within its consular district. To be properly prepared, each post should obtain and have on file for ready reference, the address and telephone number of representatives of any United States airline engaged in scheduled operations within or over the post district.

(b) To Department and supervisory Foreign Service offices. A Foreign Service post should report promptly to the Department accidents to any United States civil aircraft occurring in the post district. The report should summarize all available information and, in the case of a scheduled United States air carrier, should state whether the airline has taken over the responsibility of notifying the nearest Civil Aeronautics Administration field office. This report should be submitted by the most expeditious means possible (priority telephone or telegraph message) at Government expense. If the accident involves a private plane or non-scheduled air carrier, these circumstances should be reported, also whether the nearest office of the Civil Aeronautics Administration has been informed. In the latter case, the Department will ascertain from the Civil Aeronautics Board whether it desires to investigate the case, and inform the Foreign Service post accordingly. Consular posts should submit a similar report to their supervisory missions or to their supervisory consular offices in territories where there are no United States missions. Supplementary reports should be supplied the Department and the supervisory Foreign Service office whenever considered appropriate. A final report, after the urgency has diminished, and when the post’s role is negligible should cover the post’s activities in connection with the accident (see §102.16(b)).

§ 102.9 Arranging for entry and travel of investigating and airline representatives.

Representatives of the Civil Aeronautics Board, the Civil Aeronautics Administration and the United States
§ 102.11 Arranging for the payment of expenses attendant upon an accident.

(a) The Department of State has no funds from which expenses attendant upon an accident to United States aircraft can be paid. In emergencies involving scheduled carriers and in the absence of airline representatives, or other authority, the Foreign Service post should request a deposit from the airline (through the Department if desired) with specific authorization to incur whatever financial obligations the airline is willing to assume for the hiring of guards (in case local police protection is considered inadequate), the provision of accommodations, medical care, and onward transportation for survivors and for other expenses resulting from the accident. In accidents involving a private plane or non-scheduled carrier, the Foreign Service post is not in a position to expend any funds without prior authorization from the Department. In such cases, and in extreme cases involving scheduled carriers, when airline and investigation personnel may be delayed in reaching the scene, the Foreign Service representative, as the representative of all segments of the United States Government in the area, should endeavor to protect and promote the interests of the Government, the airline, and the individual citizen by any means available to him that are consistent with these regulations, and should request funds and instructions as required from the Department.

(b) The local Foreign Service post is not authorized to expend any funds for guarding the wreckage to preserve evidence as to the cause of the accident unless the Civil Aeronautics Board or the Civil Aeronautics Administration authorizes in advance the expenditure of such funds on a reimbursable basis. In the absence of such advance authorization, the Foreign Service post can arrange only for such protection as local authorities are willing to furnish gratuitously.

(c) Voluntary services and personal services in excess of those authorized by law may be accepted and utilized in the case of an aircraft accident since the law which normally prohibits such acceptance (31 U.S.C. 665) does not...
apply "in case of sudden emergency involving the loss of human life or the destruction of property".

§ 102.12 Protective services for survivors.

(a) Medical care and hospitalization. The Foreign Service representative should lend any assistance possible (see §§102.10 and 102.11) in arranging for the best medical and hospital attention available for injured survivors of the accident. If a scheduled United States carrier is involved in an accident, the primary responsibility for providing medical care for passengers and crew rests with the airline, and in such situations the Foreign Service representative should assist the airline in every way that is feasible (see §§102.10 and 102.11).

(b) Accommodation and onward transportation. If a scheduled United States carrier is involved in an accident, primary responsibility for providing accommodation and onward transportation for passengers and crew rests with the airline, and in such situations the Foreign Service representative should assist the airline in every way that is feasible (see §§102.10 and 102.11). If the accident involves a private plane or non-scheduled carrier, he should assist passengers and members of the crew who do not require hospitalization in any way compatible with §§102.10 and 102.11 in obtaining appropriate comfortable accommodations accessible from the scene of the accident. If practicable, surviving passengers should remain in the vicinity of the accident until the United States Government investigating personnel can obtain from them all information pertaining to the accident. Surviving passengers leaving the vicinity should furnish addresses at which they can be reached later. The Foreign Service representative should assist the passengers, insofar as he can under the provision of §§102.10 and 102.11, in obtaining necessary clearances from local authorities and in getting onward transportation by the most expeditious means of common carrier transportation available. The surviving aircraft crew will be expected to remain in the vicinity of the accident until otherwise instructed by the investigating personnel.

§ 102.13 Protective services with respect to deceased victims of accidents.

(a) Interim disposition of remains. Generally, local authorities will assume custody of the remains of deceased victims of the accident and consign them to a mortuary until final disposition can be made.

(b) Identification of remains. When necessary, the local Foreign Service post should assist in identifying the remains of United States citizens who are victims of the accident by requesting the Department to procure dental charts, passport application data and photographs, fingerprints, or other United States records.

(c) Reports on deaths of United States citizens. The local Foreign Service post shall report the deaths of United States citizens occurring in an aircraft accident in accordance with the procedure prescribed in §§72.1 to 72.8 of this chapter.

(d) Disposition of remains. When a scheduled United States air carrier meets with an accident, the United States airline concerned will usually transport the identifiable remains of victims of the accident to the place of final interment designated by the next of kin. If the Foreign Service post is requested, or finds it necessary, to dispose of identifiable remains, it shall follow the procedure prescribed in §§72.9 to 72.14 of this chapter. Where remains are unidentifiable, the local authorities may be expected to make final disposition of these remains locally in accordance with the health requirements of the country concerned, usually by common burial or by cremation, and without regard to the disposition desired by possible next of kin.

§ 102.14 Salvage of mail and other property.

(a) Mail. Article 3, sections 6 and 7, of the Air Mail Provisions annexed to the Universal Postal Union Convention, Paris, 1947, provide that the personnel who survive the aircraft accident shall, when possible, deliver the mail to the post office nearest the place of the accident or to the one best-qualified to
§ 102.15 Protection and preservation of wreckage.

In so far as local law permits, the Foreign Service representative should see that arrangements are made (by the airline representative with the local authorities, if a scheduled carrier is involved) for the protection of the wrecked aircraft and its property contents against further damage, pilferage, and access by unauthorized persons, until the arrival of the accident investigation personnel. The prior removal of any of the wreckage or the contents of the aircraft should be prevented unless such action is necessitated by very compelling reasons, such as the need for treating the injured or for removing bodies, or when the wreckage constitutes a public hazard. When under the latter conditions the wreckage and contents of the aircraft must be moved or disturbed in any way, if possible, a record should be made or photographs taken showing the position and condition of the wreckage prior to disturbance. In the case of a private aircraft or non-scheduled carrier, protection should be arranged for the wrecked aircraft and its contents pending the receipt of information from the Department as to whether the Civil Aeronautics Board will investigate the case, and until

deforward the mail. If the aircraft personnel are unable to do this, the local post office concerned shall make every effort, without delay, to take delivery of the mail and to forward it to the offices of designation by the most rapid means, after determining the condition of the correspondence and reconditioning it if damaged. Most post offices are familiar with these provisions, but if in any case the mail is not being properly cared for, the local Foreign Service post should bring the proper procedure to the attention of the nearest post office.

(b) Diplomatic pouches. Immediately upon arriving at the scene of the accident, the Foreign Service representative should ascertain whether the aircraft was carrying a courier or diplomatic pouches. If a courier is found to be aboard, the same personal arrangements should be made for him as are made for other passengers (see §§ 102.10 to 102.13). An immediate search should also be made for whatever diplomatic pouches the courier may have been carrying and for any pouches that may have been carried as regular cargo. Usually, the cargo manifest will list diplomatic pouches carried as air freight or cargo. The passenger manifest normally will list the total number of pieces of luggage or pouches checked by a courier (if one is aboard), but since he usually carries his pouches with him into the cabin of the plane, the pouch invoices on his person or in his briefcase will offer positive proof of the number of pouches he had in his custody. If any are found, they should be cleared through appropriate government officials of the country and taken to the nearest United States Foreign Service office to await disposition instructions. If it is learned that the postal authorities have already recovered United States diplomatic pouches that may have been involved, these pouches should be obtained from the postal authorities and taken to the nearest United States Foreign Service office to await disposition instructions. A telegraphic message should be dispatched to the Department and to the regional courier office having jurisdiction over that area, giving a description of the pouches recovered. This description should include the office of addressor and addressee and the classification indicator (C, A, or S). The Department and the regional courier office will coordinate instructions to the office for the disposition of these pouches.

(c) Baggage, personal effects and cargo. The Foreign Service representative should request the local authorities to arrange for the security storage and protection of such baggage, personal effects and cargo as is recoverable from the aircraft until the property can be released to its owners by local customs and accident investigating authorities, or by the courts. When released, the personal effects of United States citizens, who died in the accident, should be taken into possession and disposed of by the local Foreign Service post in accordance with the procedure prescribed in §§ 72.15 to 72.55 of this chapter.
Final disposition is made of the property. If the owner of a private aircraft is killed in the wreck and is a United States citizen, the aircraft constitutes part of his personal estate and should be disposed of in accordance with the provisions of §§72.15 to 72.55 of this chapter. For rules governing the payment of expenses in connection with the protection and preservation of wrecked United States aircraft, see §102.11.

§ 102.16 Records and reports in connection with investigation.

(a) Records. The Foreign Service representative should maintain a record of the various transactions taking place prior to the arrival of airline, Civil Aeronautics Board and Civil Aeronautics Administration representatives. This record should include all pertinent details with respect to the disposition of persons and property, obligations assumed, arrangements made, et cetera, and should also include any statements made by witnesses.

(b) Reports. Reports should be submitted to the Department for its information and the information of aviation authorities and other interested parties in the United States regarding the progress of any investigation which is held and its final outcome when known.

§ 102.17 Reports on accident.

When an accident occurs to a foreign aircraft in the district of a Foreign Service post and United States citizens or property are involved, the local Foreign Service post shall report the disaster fully to the Department and to the supervisory mission (or the supervisory consular office where there is no mission).

§ 102.18 Protection of United States citizens involved.

The local Foreign Service post shall follow substantially the procedures prescribed in §§102.11 to 102.13 in protecting United States citizens (whether alive or dead) involved in a foreign aircraft accident.

§ 102.19 Protection of United States property.

The local Foreign Service office shall follow substantially the procedures set forth in §§102.11 and 102.14 in protecting United States mail and baggage, personal effects and cargo belonging to United States citizens.

(e) Determination by United States National Authority. (1) If, after being advised by the lead agency pursuant to paragraph (d) of this section, the United States National Authority, in coordination with the interagency group designated by the President to implement the provisions of the CWCA, determines that all of the conditions of paragraph (d) are satisfied and that a sample shall be required, then the owner or the operator, occupant or agent in charge of the premises shall provide a sample pursuant to a request of the Inspection Team of the Technical Secretariat.

(2) If, however, after being advised by the lead agency pursuant to paragraph (d) of this section, the United States National Authority, in coordination with the interagency group designated by the President to implement the provisions of the CWCA, determines that any of the conditions of paragraph (d) are not satisfied and that a sample shall not be required, then the owner or the operator, occupant or agent in charge of the premises shall not be required to provide a sample pursuant to a request of the Inspection Team of the Technical Secretariat.

(f) Person to take a sample. If a sample is required, the owner or the operator, occupant or agent in charge of the inspected premises will determine whether the sample will be taken by a representative of the premises, the Inspection Team, or any other individual present. The owner or the operator, occupant or agent in charge of the inspected premises may elect to have a representative present during the taking of a sample.

(g) Requirement that samples remain in the United States. No sample collected in the United States pursuant to an inspection permitted by the CWCA may be transferred for analysis to any laboratory outside the territory of the United States.

(h) Handling of samples. Samples will be handled in accordance with the Convention, the CWCA, other applicable law, and the provisions of any applicable facility agreement.

(i) Failure to comply with this section. Failure by any person to comply with this section may be treated as a violation of section 306 of the Act and section 103.5(a).

(j) Conditions that restrict sampling activities during challenge inspections. During challenge inspections within the inspected premises the Host Team may negotiate conditions that restrict activities regarding sampling, e.g., conditions that restrict where, when, and how samples are taken, whether samples are removed from the site, and how samples are analyzed.

(k) Format of Inspection Team request. It is the policy of the United States Government that Inspection Team requests for samples should be in written form from the head of the Inspection Team. When necessary, before a sample is required to be provided, the Host Team Leader should seek a written request from the head of the Inspection Team.

(l) Requirement to provide a sample in the band around the outside of the perimeter during a challenge inspection. In a band, not to exceed a width of 50 meters, around the outside of the perimeter of the inspected site, the Inspection Team, during a challenge inspection, may take wipes, air, soil or effluent samples where either:

(1) There is consent; or
(2) Such activity is authorized by a search warrant obtained pursuant to section 305(b)(4) of the CWCIA.

Subpart C—Recordkeeping and Inspection Requirements

§ 103.4 General.
This subpart implements the enforcement of the civil penalty provisions of section 501 of the Chemical Weapons Convention Implementation Act of 1998 (CWCIA), and sets forth relevant administrative proceedings by which such violations are adjudicated. Both the Department of State (in this subpart), and the Department of Commerce (in part 719 of the CWCR at 15 CFR parts 710 through 722) are involved in the implementation and enforcement of section 501.

§ 103.5 Violations.
(a) Refusal to permit entry or inspection. No person may willfully fail or refuse to permit entry or inspection, or disrupt, delay or otherwise impede an inspection, authorized by the CWCIA.
(b) Failure to establish or maintain records. No person may willfully fail or refuse:
(1) To establish or maintain any record required by the CWCIA or the Chemical Weapons Convention Regulations (CWCR, 15 CFR parts 710 through 722) of the Department of Commerce; or
(2) To submit any report, notice, or other information to the United States Government in accordance with the CWCIA or CWCR; or
(3) To permit access to or copying of any record that is exempt from disclosure under the CWCIA or CWCR.

§ 103.6 Penalties.
(a) Civil penalties—(1) Civil penalty for refusal to permit entry or inspection. Any person that is determined to have willfully failed or refused to establish or maintain any record, or to submit any report, notice, or other information required by the CWCIA or the CWCR, or to permit access to or copying of any record exempt from disclosure under the CWCIA or CWCR as set forth in §103.5(b), shall pay a civil penalty in an amount not to exceed $5,000 for each violation.
(b) Criminal penalties. Any person that knowingly violates the CWCIA by willfully failing or refusing to permit entry or inspection; or by disrupting, delaying or otherwise impeding an inspection authorized by the CWCIA; or by willfully failing or refusing to establish or maintain any required record, or to submit any required report, notice, or other information; or by willfully failing or refusing to permit access to or copying of any record exempt from disclosure under the CWCIA or CWCR, shall, in addition to or in lieu of any civil penalty that may be imposed, be fined under Title 18 of the United States Code, or be imprisoned for not more than one year, or both.
(c) Other remedial action—(1) Injunction. The United States may, in a civil action, obtain an injunction against:
(i) The conduct prohibited under 18 U.S.C. 229 or 229C; or
(ii) The preparation or solicitation to engage in conduct prohibited under 18 U.S.C. 229 or 229D.
(2) In addition, the United States may, in a civil action, restrain any violation of section 306 or section 405 of the CWCIA, or compel the taking of any action required by or under the CWCIA or the Convention.

§ 103.7 Initiation of administrative enforcement proceedings.
(a) Issuance of Notice of Violation and Assessment (NOVA). The Director of the Office of Export Enforcement, Bureau of Export Administration, Department of Commerce, may request that the Secretary initiate an administrative enforcement proceeding under this section and 15 CFR 719.5. If the request is in accordance with applicable law, the Secretary will initiate an administrative enforcement proceeding by issuing a Notice of Violation and Assessment (NOVA). The Office of Chief Counsel for Export Administration, Department of
§ 103.8 Final agency decision after administrative proceedings.

(a) Review of initial decision—(1) Petition for review. Any party may, within 7 days of the Administrative Law Judge’s (ALJ) certification of the initial decision and order, petition the Secretary for review of the initial decision. A petition for review shall be addressed to and served on the Executive Director of the Office of the Legal Adviser, U.S. Department of State, 2201 C Street, N.W., Room 5519, Washington D.C. 20520, and shall also be served on the Chief Counsel for Export Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Room H-3839, Washington, D.C.

(b) Content of NOVA. The NOVA shall constitute a formal complaint, and will set forth the basis for the issuance of the proposed order. It will set forth the alleged violation(s) and the essential facts with respect to the alleged violation(s), reference the relevant statutory, regulatory or other provisions, and state the amount of the civil penalty to be assessed. The NOVA will inform the respondent of the right to request a hearing pursuant to paragraph (e) of this section and the CWCR (15 CFR parts 710 through 722) at 15 CFR 719.6, inform the respondent that failure to request such a hearing shall result in the proposed order becoming final and unappealable on signature of the Secretary of State, and provide payment instructions. A copy of the regulations that govern the administrative proceedings will accompany the NOVA.

(c) Proposed order. A proposed order shall accompany every NOVA. It will briefly set forth the substance of the alleged violation(s) and the statutory, regulatory or other provisions violated. It will state the amount of the civil penalty to be assessed.

(d) Notice. The Secretary shall notify, via the Department of Commerce, the respondent (or respondent’s agent for service of process or attorney) of the initiation of administrative proceedings by sending, via first class mail, facsimile, or by personal delivery, the relevant documents.

(e) Time to answer. If the respondent wishes to contest the NOVA and proposed order issued by the Secretary, the respondent must request a hearing in writing within 15 days from the date of the NOVA. If the respondent requests a hearing, the respondent must answer the NOVA within 30 days from the date of the request for hearing. The request for hearing and answer must be filed with the Administrative Law Judge (ALJ), along with a copy of the NOVA and proposed order, and served on the Office of Chief Counsel for Export Administration, Department of Commerce, and any other address(es) specified in the NOVA, in accordance with 15 CFR 719.8.

(f) Content of answer. The respondent’s answer must be responsive to the NOVA and proposed order, and must fully set forth the nature of the respondent’s defense(s). The answer must specifically admit or deny each separate allegation in the NOVA; if the respondent is without knowledge, the answer will so state and will operate as a denial. Failure to deny or controvert a particular allegation will be deemed an admission of that allegation. The answer must also set forth any additional or new matter the respondent believes supports a defense or claim of mitigation. Any defense or partial defense not specifically set forth in the answer shall be deemed waived, and evidence thereon may be refused, except for good cause shown.

(g) English required. The request for hearing, answer, and all other papers and documentary evidence must be submitted in English.

(h) Waiver. The failure of the respondent to file a request for a hearing and an answer within the times provided constitutes a waiver of the respondent’s right to appear and contest the allegations set forth in the NOVA and proposed order. If no hearing is requested and no answer is provided, the Secretary will sign the proposed order, which shall, upon signature, become final and unappealable.

(i) Administrative procedures. The regulations that govern the administrative procedures that apply when a hearing is requested are set forth in the CWCR at 15 CFR part 719.
§ 103.9 Final agency decision after settlement negotiations.

(a) Settlements based on letter of intent to charge—(1) Approval of settlement. Pursuant to §719.5(b) of the CWCR (15 CFR parts 710 through 722), the Department of Commerce may notify a respondent by letter of the intent to charge. If, following the issuance of such a letter of intent to charge, the Department of Commerce and respondent reach an agreement to settle a
case, the Department of Commerce will recommend the proposed settlement to the Secretary. If the recommended settlement is in accordance with applicable law the Secretary will approve and sign it. No action is required by the ALJ in cases where the Secretary approves and signs such a settlement agreement and order.

(2) Refusal to approve settlement. If the Secretary refuses to approve the recommended settlement, the Secretary will notify the parties and the case will proceed as though no settlement proposal had been made.

(b) Settlements following issuance of a NOVA—(1) Approval of settlement. When the Department of Commerce and respondent reach an agreement to settle a case after administrative proceedings have been initiated before an ALJ, the Department of Commerce will recommend the settlement to the Secretary of State. If the recommended settlement is in accordance with applicable law, the Secretary will approve and sign it. If the Secretary approves the settlement, the Secretary shall notify the ALJ that the case is withdrawn from adjudication.

(2) Refusal to approve settlement. If the Secretary of State refuses to approve the recommended settlement, the Secretary will notify the parties of the disapproval, and the case will proceed as though no settlement proposal had been made.

(c) Scope of settlement. Any respondent who agrees to an order imposing any administrative sanction does so solely for the purpose of resolving the claims in the administrative enforcement proceeding brought pursuant to this part. This reflects the fact that the Government officials involved have neither the authority nor the responsibility for initiating, conducting, settling, or otherwise disposing of criminal proceedings. That authority and responsibility is vested in the Attorney General and the Department of Justice.

(d) Finality. Cases that are settled may not be reopened or appealed.

§ 103.10 Appeals.

Any person adversely affected by a final order respecting an assessment may, within 30 days after the final order is issued, file a petition in the Court of Appeals for the District of Columbia Circuit or for any other circuit in which the person resides or transacts business, to appeal the order.

§ 103.11 Payment of final assessment.

(a) Time for payment. Full payment of the civil penalty must be made within 30 days of the date upon which the final order becomes effective, or within the time specified in the order. Payment shall be made in the manner specified in the NOVA.

(b) Enforcement of order. The Secretary, through the Attorney General, may file suit in an appropriate district court if necessary to enforce compliance with a final order issued pursuant to this part. This suit will include a claim for interest at current prevailing rates from the date payment was due or ordered or, if an appeal was filed pursuant to §103.10, from the date of final judgment.

(c) Offsets. The amount of any civil penalty imposed by a final order may be deducted from any sum(s) owed by the United States to a respondent.

§ 103.12 Reporting a violation.

If a person learns that a violation of the Convention, the CWICA, this part, or the CWCR (15 CFR parts 710 through 722) has occurred or may occur, that person may notify: United States National Authority, Office of Chemical and Biological Weapons Conventions, Bureau of Arms Control, U.S. Department of State, Washington, DC 20520, Telephone: (703) 235–1204 or toll-free (877) CWC-NACS ((877) 292–6227), Facsimile: (703) 235–1065.

§ 120.1 General authorities and eligibility.

(a) Section 38 of the Arms Export Control Act (22 U.S.C. 2778) authorizes the President to control the export and import of defense articles and defense services. The statutory authority of the President to promulgate regulations with respect to exports of defense articles and defense services was delegated to the Secretary of State by Executive Order 11958, as amended. This subchapter implements that authority. By virtue of delegations of authority by the Secretary of State, these regulations are primarily administered by the Deputy Assistant Secretary for Defense Trade Controls and Managing Director of Defense Trade Controls, Bureau of Political-Military Affairs.

(b)(1) Authorized officials. All authorities conferred upon the Deputy Assistant Secretary for Defense Trade Controls or the Managing Director of Defense Trade Controls by this subchapter may be exercised at any time by the Under Secretary of State for Arms Control and International Security or the Assistant Secretary of State for Political-Military Affairs unless the Legal Adviser or the Assistant Legal Adviser for Political-Military Affairs of the Department of State determines that any specific exercise of this authority under this paragraph may be inappropriate.

(2) In the Bureau of Political-Military Affairs, there is a Deputy Assistant Secretary for Defense Trade Controls (DAS—Defense Trade Controls) and a Managing Director of Defense Trade Controls (MD—Defense Trade Controls). The DAS—Defense Trade Controls and the MD—Defense Trade Controls are responsible for exercising the authorities conferred under this subchapter. The DAS—Defense Trade Controls is responsible for overseeing the defense trade controls function. The MD—Defense Trade Controls is responsible for the DAS—Defense Trade Controls, which oversees the subordinate offices described in paragraphs (b)(2)(i) through (b)(2)(iv) of this section.
and refinement of processes, activities, and functional tools for the export licensing regime and to effect export compliance/enforcement activities;

(ii) The Office of Defense Trade Controls Licensing and the Director, Office of Defense Trade Controls Licensing, which have responsibilities related to licensing or other authorization of defense trade, including references under parts 120, 123, 124, 125, 126, 129 and 130 of this subchapter;

(iii) The Office of Defense Trade Controls Compliance and the Director, Office of Defense Trade Controls Compliance, which have responsibilities related to violations of law or regulation and compliance therewith, including references contained in parts 122, 126, 127, 129 and 130 of this subchapter, and that portion under part 129 of this subchapter pertaining to registration;

(iv) The Office of Defense Trade Controls Policy and the Director, Office of Defense Trade Controls Policy, which have responsibilities related to the general policies of defense trade, including references under this part 120 and part 126 of this subchapter, and the commodity jurisdiction procedure under this subchapter, including under this part 120.

(c) Eligibility. Only U.S. persons (as defined in §120.15) and foreign governmental entities in the United States may be granted licenses or other approvals (other than retransfer approvals sought pursuant to this subchapter). Foreign persons (as defined in §120.16) other than governments are not eligible. U.S. persons who have been convicted of violating the criminal statutes enumerated in §120.27, who have been debarred pursuant to part 127 or 128 of this subchapter, who are the subject of an indictment involving the criminal statutes enumerated in §120.27, who are ineligible to contract with, or to receive a license or other form of authorization to import defense articles or defense services from any agency of the U.S. Government, who are ineligible to receive export licenses (or other forms of authorization to export) from any agency of the U.S. Government, who are subject to Department of State Suspension/Revocation under §127.7(c) of this subchapter, or who are ineligible under §127.7(c) of this subchapter are generally ineligible. Applications for licenses or other approvals will be considered only if the applicant has registered with the Directorate of Defense Trade Controls pursuant to part 122 of this subchapter. All applications and requests for approval must be signed by a U.S. person who has been empowered by the registrant to sign such documents.

(d) The exemptions provided in this subchapter do not apply to transactions in which the exporter or any party to the export (as defined in §126.7(e) of this subchapter) is generally ineligible as set forth above in paragraph (c) of this section, unless an exception has been granted pursuant to §126.7(c) of this subchapter.

§ 120.2 Designation of defense articles and defense services.

The Arms Export Control Act (22 U.S.C. 2778(a) and 2794(7)) provides that the President shall designate the articles and services deemed to be defense articles and defense services for purposes of this subchapter. The items so designated constitute the United States Munitions List and are specified in part 121 of this subchapter. Such designations are made by the Department of Defense with the concurrence of the Department of State. For a determination on whether a particular item is included on the U.S. Munitions List see §120.4(a).

§ 120.3 Policy on designating and determining defense articles and services.

An article or service may be designated or determined in the future to be a defense article (see §120.6) or defense service (see §120.9) if it:

(a) Is specifically designed, developed, configured, adapted, or modified for a military application, and

(i) Does not have predominant civil applications, and

(ii) Does not have performance equivalent (defined by form, fit and function) to those of an article or service used for civil applications; or
(b) Is specifically designed, developed, configured, adapted, or modified for a military application, and has significant military or intelligence applicability such that control under this subchapter is necessary.

The intended use of the article or service after its export (i.e., for a military or civilian purpose) is not relevant in determining whether the article or service is subject to the controls of this subchapter. Any item covered by the U.S. Munitions List must be within the categories of the U.S. Munitions List. The scope of the U.S. Munitions List shall be changed only by amendments made pursuant to section 38 of the Arms Export Control Act (22 U.S.C. 2778).

§ 120.4 Commodity jurisdiction.

(a) The commodity jurisdiction procedure is used with the U.S. Government if doubt exists as to whether an article or service is covered by the U.S. Munitions List. It may also be used for consideration of a redesignation of an article or service currently covered by the U.S. Munitions List. The Department must provide notice to Congress at least 30 days before any item is removed from the U.S. Munitions List. Upon written request, the Directorate of Defense Trade Controls shall provide a determination of whether a particular article or service is covered by the U.S. Munitions List. The determination, consistent with §§ 120.2, 120.3, and 120.4, entails consultation among the Departments of State, Defense, Commerce and other U.S. Government agencies and industry in appropriate cases.

(b) Registration with the Directorate of Defense Trade Controls as defined in part 122 of this subchapter is not required prior to submission of a commodity jurisdiction request. If it is determined that the commodity is a defense article or defense service covered by the U.S. Munitions List, registration is required for exporters, manufacturers, and furnishers of such defense articles and defense services (see part 122 of this subchapter), as well as for brokers who are engaged in brokering activities related to such articles or services.

(c) Requests shall identify the article or service, and include a history of the product’s design, development and use. Brochures, specifications and any other documentation related to the article or service shall be submitted in seven collated sets.

(d)(1) A determination that an article or service does not have predominant civil applications shall be made by the Department of State, in accordance with this subchapter, on a case-by-case basis, taking into account:

(i) The number, variety and predominance of civil applications;

(ii) The nature, function and capability of the civil applications; and

(iii) The nature, function and capability of the military applications.

(2) A determination that an article does not have the performance equivalent, defined by form, fit and function, to those used for civil applications shall be made by the Department of State, in accordance with this subchapter, on a case-by-case basis, taking into account:

(i) The number, variety and predominance of civil applications;

(ii) The nature, function and capability of the article; and

(iii) Whether the components used in the defense article are identical to those components originally developed for civil use.

NOTE: The form of the item is its defined configuration, including the geometrically measured configuration, density, and weight or other visual parameters which uniquely characterize the item, component or assembly. For software, form denotes language, language level and media. The fit of the item is its ability to physically interface or interconnect with or become an integral part of another item. The function of the item is the action or actions it is designed to perform.

(3) A determination that an article has significant military or intelligence applications such that it is necessary to control its export as a defense article shall be made, in accordance with this subchapter, on a case-by-case basis, taking into account:

(i) The nature, function, and capability of the article; and

(ii) The nature of controls imposed by other nations on such items (including Wassenaar Arrangement and other multilateral controls), and

(iii) That items described on the Wassenaar Arrangement List of Dual-Use Goods and Technologies shall not
§ 120.9 Defense service.

(a) Defense service means:

(1) The furnishing of assistance (including training) to foreign persons, whether in the United States or abroad...
in the design, development, engineering, manufacture, production, assembly, testing, repair, maintenance, modification, operation, demilitarization, destruction, processing or use of defense articles;

(2) The furnishing to foreign persons of any technical data controlled under this subchapter (see §120.10), whether in the United States or abroad; or

(3) Military training of foreign units and forces, regular and irregular, including formal or informal instruction of foreign persons in the United States or abroad or by correspondence courses, technical, educational, or information publications and media of all kinds, training aid, orientation, training exercise, and military advice. (See also §124.1.)

(b) [Reserved]

§ 120.10 Technical data.

(a) Technical data means, for purposes of this subchapter:

(1) Information, other than software as defined in §120.10(a)(4), which is required for the design, development, production, manufacture, assembly, operation, repair, testing, maintenance or modification of defense articles. This includes information in the form of blueprints, drawings, photographs, plans, instructions or documentation.

(2) Classified information relating to defense articles and defense services;

(3) Information covered by an invention secrecy order;

(4) Software as defined in §121.8(f) of this subchapter directly related to defense articles and defense services;

(5) This definition does not include information concerning general scientific, mathematical or engineering principles commonly taught in schools, colleges and universities or information in the public domain as defined in §120.11. It also does not include basic marketing information on function or purpose or general system descriptions of defense articles.

(b) [Reserved]

§ 120.11 Public domain.

(a) Public domain means information which is published and which is generally accessible or available to the public:

(1) Through sales at newsstands and bookstores;

(2) Through subscriptions which are available without restriction to any individual who desires to obtain or purchase the published information;

(3) Through second class mailing privileges granted by the U.S. Government;

(4) At libraries open to the public or from which the public can obtain documents;

(5) Through patents available at any patent office;

(6) Through unlimited distribution at a conference, meeting, seminar, trade show or exhibition, generally accessible to the public in the United States;

(7) Through public release (i.e., unlimited distribution) in any form (e.g., not necessarily in published form) after approval by the cognizant U.S. government department or agency (see also §125.4(b)(13) of this subchapter);

(8) Through fundamental research in science and engineering at accredited institutions of higher learning in the U.S. where the resulting information is ordinarily published and shared broadly in the scientific community. Fundamental research is defined to mean basic and applied research in science and engineering where the resulting information is ordinarily published and shared broadly within the scientific community, as distinguished from research the results of which are restricted for proprietary reasons or specific U.S. Government access and dissemination controls. University research will not be considered fundamental research if:

(i) The University or its researchers accept other restrictions on publication of scientific and technical information resulting from the project or activity, or

(ii) The research is funded by the U.S. Government and specific access and dissemination controls protecting information resulting from the research are applicable.

Also, a reference has been provided to the related controlled precursors (e.g., see paragraph (a)(12) of this category). Regardless of where the item has been placed in the category, all exports are subject to the controls of this subchapter.

Note 2: Chemical Abstract Service (CAS) registry numbers do not cover all the substances and mixtures controlled by this category. (i) Are integrated into and included as an integral part of a commercial primary or commercial standby instrument system for use on civil aircraft prior to export or exported solely for integration into such a commercial primary or standby instrument system, and

(ii) When the exporter has been informed in writing by the Department of State that a specific quartz rate sensor integrated into a commercial primary or standby instrument system has been determined to be subject to the licensing jurisdiction of the Department of Commerce in accordance with this section.

(2) For controls in these circumstances, see the Commerce Control List. In all other circumstances, quartz rate sensors remain under the licensing jurisdiction of the Department of State under Category XII(d) or Category VIII(e) of the U.S. Munitions List and subject to the controls of the ITAR.

(i) Developmental aircraft, engines, and components thereof specifically designed, modified, or equipped for military uses or purposes, or developed principally with U.S. Department of Defense funding, excluding such aircraft, engines, and components subject to the licensing jurisdiction of the Department of Commerce.

**NOTE:** Developmental aircraft, engines, and components thereof, having no commercial application at the time of this amendment and which have been specifically designed for military uses or purposes, or developed principally with U.S. Department of Defense funding, will be considered eligible for a CCL license when actually applied to a commercial aircraft or commercial aircraft engine program. Exporters may seek to establish commercial application either on a case-by-case basis through submission of documentation demonstrating application to a commercial program in requesting an expert license application from Commerce in respect of a specific export or, in the case of use for broad categories of aircraft, engines, or components, a commodity jurisdiction from State.

* (g) Ground effect machines (GEMS) specifically designed or modified for military use, including but not limited to surface effect machines and other air cushion vehicles, and all components, parts, and accessories, attachments, and associated equipment specifically designed or modified for use with such machines.

(h) Components, parts, accessories, attachments, and associated equipment (including ground support equipment) specifically designed or modified for the articles in paragraphs (a) through (d) of this category, excluding aircraft tires and propellers used with reciprocating engines.

**NOTE:** The Export Administration Regulations (EAR) administered by the Department of Commerce control any component, part, accessory, attachment, and associated equipment (including propellers) designed exclusively for civil, non-military aircraft (see §121.3 of this subchapter for the definition of military aircraft) and control any component, part, accessory, attachment, and associated equipment designed exclusively for civil, non-military aircraft engines. The International Traffic in Arms Regulations administered by the Department of State control any component, part, accessory, attachment, and associated equipment designed, developed, configured, adapted or modified for military aircraft, and control any component, part, accessory, attachment, and associated equipment designed, developed, configured, adapted or modified for military aircraft engines. For components and parts that do not meet the above criteria, including those that may be used on either civil or military aircraft, the following requirements apply. A non-SME component or part (as defined in §§121.8(b) and (d) of this subchapter) that is not controlled under another category of the USML, that:

(a) Is standard equipment; (b) Is covered by a civil aircraft type certificate (including amended type certificates and supplemental type certificates) issued by the Federal Aviation Administration for a civil, non-military aircraft (this expressly excludes military aircraft certified as restricted and any type certification of Military Commercial Derivative Aircraft); and (c) Is an integral part of such civil aircraft, is subject to the jurisdiction of the EAR. In the case of any part or component designated as SME in this category was integral to civil aircraft prior to August 14, 2008. For such part or component, U.S. exporters are not required to seek a commodity jurisdiction determination from State regarding any non-SME component or part (as defined in §§121.8(b) and (d) of this subchapter).
subchapter) that is not controlled under another category of the USML, unless doubt exists as to whether the item meets the three criteria above (See §120.3 and §120.4 of this subchapter). These commodity jurisdiction determinations will ensure compliance with this section and the criteria of Section 17(c) of the Export Administration Act of 1979. In determining whether the three criteria above have been met, consider whether the same item is common to both civil and military applications without modification of the item’s form, fit, or function. Some examples of parts or components that are not common to both civil and military applications are tail hooks, rotodomes, and low observable rotor blades. “Standard equipment” is defined as a part or component manufactured in compliance with an established and published industry specification or an established and published government specification (e.g., AN, MS, NAS, or SAE). Parts and components that are manufactured and tested to established but unpublished civil aviation industry specifications and standards also are “standard equipment,” e.g., pumps, actuators, and generators. A part or component is not standard equipment if there are any performance, manufacturing or testing requirements beyond such specifications and standards. Simply testing a part or component to meet a military specification or standard for civil purposes does not in and of itself change the jurisdiction of such part or component. Integral is defined as a part or component that is installed in an aircraft. In determining whether a part or component may be considered as standard equipment and integral to a civil aircraft (e.g., latches, fasteners, grommets, and switches) it is important to carefully review all of the criteria noted above. For example, a part approved solely on a non-interference/provisions basis under a type certificate issued by the Federal Aviation Administration would not qualify. Similarly, unique application parts or components not integral to the aircraft would also not qualify.

(i) Technical data (as defined in §120.10) and defense services (as defined in §120.9) directly related to the defense articles enumerated in paragraphs (a) through (h) of this category (see §125.4 for exemptions), except for hot section technical data associated with commercial aircraft engines. Technical data directly related to the manufacture or production of any defense articles enumerated elsewhere in this category that are designated as Significant Military Equipment (SME) shall itself be designated SME.

PART 122—REGISTRATION OF MANUFACTURERS AND EXPORTERS

Sec.
122.1 Registration requirements.
122.2 Submission of registration statement.
122.3 Registration fees.
122.4 Notification of changes in information furnished by registrants.
122.5 Maintenance of records by registrants.

SOURCE: 58 FR 39298, July 22, 1993, unless otherwise noted.

§ 122.1 Registration requirements.
(a) Any person who engages in the United States in the business of either manufacturing or exporting defense articles or furnishing defense services is required to register with the Director of Defense Trade Controls. For the purpose of this subchapter, engaging in the business of manufacturing or exporting defense articles or furnishing defense services requires only one occasion of manufacturing or exporting a defense article or furnishing a defense service. Manufacturers who do not engage in exporting must nevertheless register.

(b) Exemptions. Registration is not required for:
(1) Officers and employees of the United States Government acting in an official capacity.
(2) Persons whose pertinent business activity is confined to the production of unclassified technical data only.
(3) Persons all of whose manufacturing and export activities are licensed under the Atomic Energy Act of 1954, as amended.
(4) Persons who engage only in the fabrication of articles for experimental or scientific purpose, including research and development.
(c) Purpose. Registration is primarily a means to provide the U.S. Government with necessary information on
who is involved in certain manufacturing and exporting activities. Registration does not confer any export rights or privileges. It is generally a precondition to the issuance of any license or other approval under this subchapter.

[58 FR 39298, July 22, 1993, as amended at 71 FR 20540, Apr. 21, 2006]

§ 122.2 Submission of registration statement.

(a) General. The Department of State Form DS–2032 (Statement of Registration) and the transmittal letter required by paragraph (b) of this section must be submitted by an intended registrant with a payment by check drawn against the registrant’s account, payable to the Department of State of the fee prescribed in §122.3(a) of this subchapter. Checks must be in U.S. currency, and must be payable through a U.S. financial institution. In addition, the Statement of Registration and transmittal letter must be signed by a senior officer (e.g., Chief Executive Officer, President, Secretary, Partner, Member, Treasurer, General Counsel) who has been empowered by the intended registrant to sign such documents. The intended registrant also shall submit documentation that demonstrates that it is incorporated or otherwise authorized to do business in the United States. The Directorate of Defense Trade Controls will notify the registrant if the Statement of Registration is incomplete either by notifying the registrant of what information is required or through the return of the entire registration package. Registrants may not establish new entities for the purpose of reducing registration fees.

(b) Transmittal letter. A letter of transmittal, signed by an authorized senior officer of the intended registrant, shall accompany each Statement of Registration.

(1) The letter shall state whether the intended registrant, chief executive officer, president, vice-presidents, other senior officers or officials (e.g. controller, treasurer, general counsel) or any member of the board of directors:

(i) Has ever been indicted for or convicted of violating any of the U.S. criminal statutes enumerated in §120.27 of this subchapter; or

(ii) Is ineligible to contract with, or to receive a license or other approval to import defense articles or defense services from, or to receive an export license or other approval from, any agency of the U.S. Government.

(2) The letter shall also declare whether the intended registrant is owned or controlled by foreign persons (as defined in §120.16 of this subchapter). If the intended registrant is owned or controlled by foreign persons, the letter shall also state whether the intended registrant is incorporated or otherwise authorized to engage in business in the United States.

(c) Definition. For purpose of this section, ownership means that more than 50 percent of the outstanding voting securities of the firm are owned by one or more foreign persons. Control means that one or more foreign persons have the authority or ability to establish or direct the general policies or day-to-day operations of the firm. Control is presumed to exist where foreign persons own 25 percent or more of the outstanding voting securities if no U.S. persons control an equal or larger percentage.

§ 122.3 Registration fees.

(a) A person who is required to register must do so on an annual basis upon submission of a completed Form DS–2032, transmittal letter, and payment of a fee as follows:

(1) Tier 1: A set fee of $2,250 per year is required for new registrants or registrants for whom the Directorate of Defense Trade Controls has not reviewed, adjudicated or issued a response to any applications during a 12-month period ending 90 days prior to expiration of the current registration.

(2) Tier 2: A set fee of $2,750 per year is required for registrants for whom the Directorate of Defense Trade Controls has reviewed, adjudicated or issued a response to between one and ten applications during a 12-month period ending 90 days prior to expiration of the current registration.
Tier 3: The third tier is for registrants for whom the Directorate of Defense Trade Controls has reviewed, adjudicated or issued a response to more than ten applications during a 12-month period ending 90 days prior to expiration of the current registration. For this tier, registrants will pay a fee of $2,750 plus an additional fee based on the number of applications for which the Directorate of Defense Trade Controls has reviewed, adjudicated or issued a response. The additional fee will be determined by multiplying $250 times the number of applications over ten for whom the Directorate of Defense Trade Controls has reviewed, adjudicated or issued a response during a 12-month period ending 90 days prior to expiration of the current registration.

For registrants, including universities, exempt from income taxation pursuant to 26 U.S.C. 501(c)(3), their fee may be reduced to the Tier 1 registration fee provided a copy of their certification letter from the Internal Revenue Service is submitted with their registration package. To be eligible, the registrant and all of its subsidiaries/affiliates must be exempt from income taxation pursuant to 26 U.S.C. 501(c)(3).

The fee for registrants whose total registration fee is greater than 3% of the total value of applications for whom the Directorate of Defense Trade Controls has reviewed, adjudicated or issued a response during the 12-month period ending 90 days prior to expiration of the current registration will be reduced to 3% of such total application value or $2,750, which ever is greater.

For those renewing a registration, notice of the fee due for the next year’s registration will be sent to the registrant of record at least 60 days prior to its expiration date.

For purposes of this subsection, “applications” refers to the actions enumerated within parts 123 through 126 of this subchapter that require the Directorate of Defense Trade Controls to review, adjudicate and issue responses. Only those applications that the Department has taken final action on and provided response to will be counted in determining the annual registration fee. Those applications that are “returned without action” or “denied” will not be counted.

Expiration of registration. A registrant must submit its request for registration renewal at least 30 days but no earlier than 60 days prior to the expiration date.

Lapse in registration. A registrant who fails to renew a registration and, after an intervening period, seeks to register again must pay registration fees for any part of such intervening period during which the registrant was engaged in the business of manufacturing or exporting defense articles or defense services.

Notification of changes in information furnished by registrants.

A registrant must, within five days of the event, notify the Directorate of Defense Trade Controls by registered mail if:

1. Any of the persons referred to in §122.2(b) are indicted for or convicted of violating any of the U.S. criminal statutes enumerated in §120.27 of this subchapter, or become ineligible to contract with, or to receive a license or other approval to export or temporarily import defense articles or defense services from any agency of the U.S. government; or

2. There is a material change in the information contained in the Statement of Registration, including a change in the senior officers; the establishment, acquisition or divestment of a subsidiary or foreign affiliate; a merger; a change of location; or the dealing in an additional category of defense articles or defense services.

A registrant must notify the Directorate of Defense Trade Controls by registered mail at least 60 days in advance of any intended sale or transfer to a foreign person of ownership or control of the registrant or any entity thereof. Such notice does not relieve the registrant from obtaining the approval required under this subchapter for the export of defense articles or defense services to a foreign person, including the approval required prior to disclosing technical data. Such notice...
provides the Directorate of Defense Trade Controls with the information necessary to determine whether the authority of § 38(g)(6) of the Arms Export Control Act regarding licenses or other approvals for certain sales or transfers of defense articles or data on the U.S. Munitions List should be invoked (see §§ 120.10 and 126.1(e) of this subchapter).

(c) The new entity formed when a registrant merges with another company or acquires, or is acquired by, another company or a subsidiary or division of another company shall advise the Directorate of Defense Trade Controls of the following:

1. The new firm name and all previous firm names being disclosed;
2. The registration number that will survive and those that are to be discontinued (if any);
3. The license numbers of all approvals on which unshipped balances will be shipped under the surviving registration number, since any license not the subject of notification will be considered invalid; and
4. Amendments to agreements approved by the Directorate of Defense Trade Controls to change the name of a party to those agreements. The registrant must, within 60 days of this notification, provide to the Directorate of Defense Trade Controls a signed copy of an amendment to each agreement signed by the new U.S. entity, the former U.S. licensor and the foreign licensee. Any agreements not so amended will be considered invalid.

(d) Prior approval by the Directorate of Defense Trade Controls is required for any amendment making a substantive change.

§ 122.5 Maintenance of records by registrants.

(a) A person who is required to register must maintain records concerning the manufacture, acquisition and disposition (to include copies of all documentation on exports using exemptions and applications and licenses and their related documentation), of defense articles; of technical data; the provision of defense services; brokering activities; and information on political contributions, fees, or commissions furnished or obtained, as required by part 130 of this subchapter. Records in an electronic format must be maintained using a process or system capable of reproducing all records on paper. Such records when displayed on a viewer, monitor, or reproduced on paper, must exhibit a high degree of legibility and readability. (For the purpose of this section, “legible” and “legibility” mean the quality of a letter or numeral that enables the observer to identify it positively and quickly to the exclusion of all other letters or numerals. “Readable” and “readability” mean the quality of a group of letters or numerals being recognized as complete words or numbers.) This information must be stored in such a manner that none of it may be altered once it is initially recorded without recording all changes, who made them, and when they were made. For processes or systems based on the storage of digital images, the process or system must afford accessibility to all digital images in the records being maintained. All records subject to this section must be maintained for a period of five years from the expiration of the license or other approval, to include exports using an exemption (See § 123.26 of this subchapter); or, from the date of the transaction (e.g., expired licenses or other approvals relevant to the export transaction using an exemption). The Managing Director, Directorate of Defense Trade Controls, and the Director of the Office of Defense Trade Controls Licensing, may prescribe a longer or shorter period in individual cases.

(b) Records maintained under this section shall be available at all times for inspection and copying by the Directorate of Defense Trade Controls or a person designated by the Directorate of Defense Trade Controls (e.g., the Diplomatic Security Service) or U.S. Immigration and Customs Enforcement, or U.S. Customs and Border Protection. Upon such request, the person maintaining the records must furnish the records, the equipment, and if necessary, knowledgeable personnel for locating, reading, and reproducing any record that is required to be maintained in accordance with this section.

Records in an electronic format must be maintained using a process or system capable of reproducing all records on paper. Such records when displayed on a viewer, monitor, or reproduced on paper, must exhibit a high degree of legibility and readability. This information must be stored in such a manner that none of it may be altered once it is initially recorded without recording all changes, who made them, and when they were made. For processes or systems based on the storage of digital images, the process or system must afford accessibility to all digital images in the records being maintained. All records subject to this section must be maintained for a period of five years from the expiration of the license or other approval, to include exports using an exemption (See § 123.26 of this subchapter); or, from the date of the transaction (e.g., expired licenses or other approvals relevant to the export transaction using an exemption). The Managing Director, Directorate of Defense Trade Controls, and the Director of the Office of Defense Trade Controls Licensing, may prescribe a longer or shorter period in individual cases.

(b) Records maintained under this section shall be available at all times for inspection and copying by the Directorate of Defense Trade Controls or a person designated by the Directorate of Defense Trade Controls (e.g., the Diplomatic Security Service) or U.S. Immigration and Customs Enforcement, or U.S. Customs and Border Protection. Upon such request, the person maintaining the records must furnish the records, the equipment, and if necessary, knowledgeable personnel for locating, reading, and reproducing any record that is required to be maintained in accordance with this section.

PART 123—LICENSES FOR THE EXPORT OF DEFENSE ARTICLES

§ 123.1 Requirement for export or temporary import licenses.

(a) Any person who intends to export or to import temporarily a defense article must obtain the approval of the Directorate of Defense Trade Controls prior to the export or temporary import, unless the export or temporary import qualifies for an exemption under the provisions of this subchapter. Applications for export or temporary import must be made as follows:

(1) Applications for licenses for permanent export must be made on Form DSP–5 (unclassified);

(2) Applications for licenses for temporary export must be made on Form DSP–73 (unclassified);

(3) Applications for licenses for temporary import must be made on Form DSP–61 (unclassified); and

(4) Applications for the export or temporary import of classified defense articles or classified technical data must be made on Form DSP–85.

(b) Applications for Department of State export licenses must be confined to proposed exports of defense articles including technical data.

(c) As a condition to the issuance of a license or other approval, the Directorate of Defense Trade Controls may require all pertinent documentary information regarding the proposed transaction and proper completion of the application form as follows:

(1) Form DSP–5, DSP–61, DSP–73, and DSP–85 applications must have an entry in each block where space is provided for an entry. All requested information must be provided.

(2) Attachments and supporting technical data or brochures should be submitted in seven collated copies. Two copies of any freight forwarder lists must be submitted. If the request is limited to renewal of a previous license or for the export of spare parts, only two sets of any attachment (including freight forwarder lists) and one copy of the previous license should be submitted. In the case of fully electronic submissions, unless otherwise expressly required by the Directorate of Defense Trade Controls, applicants need not provide multiple copies of

supporting documentation and attachments, supporting technical data or brochures, and freight forwarder lists.

(3) A certification letter signed by an empowered official must accompany all application submissions (see §126.13 of this subchapter).

(4) An application for a license under this part for the permanent export of defense articles sold commercially must be accompanied by a copy of a purchase order, letter of intent or other appropriate documentation. In cases involving the U.S. Foreign Military Sales program, three copies of the relevant Department of Defense Form 1513 are required, unless the procedures of §126.4(c) or §126.6 of this subchapter are followed.

(5) Form DSP–83, duly executed, must accompany all license applications for the permanent export of significant military equipment, including classified hardware or classified technical data (see §§123.10 and 125.3 of this subchapter).

(6) A statement concerning the payment of political contributions, fees and commissions must accompany a permanent export application if the export involves defense articles or defense services valued in an amount of $500,000 or more and is being sold commercially to or for the use of the armed forces of a foreign country or international organization (see part 130 of this subchapter).

(d) Provisions for furnishing the type of defense services described in §120.9(a) of this subchapter are contained in part 124 of this subchapter. Provisions for the export or temporary import of technical data and classified defense articles are contained in part 125 of this subchapter.

(e) A request for a license for the export of unclassified technical data (DSP–5) related to a classified defense article should specify any classified technical data or material that subsequently will be required for export in the event of a sale.

§ 123.4 Temporary import license exemptions.

(a) Port Directors of U.S. Customs and Border Protection shall permit the temporary import (and subsequent export) without a license, for a period of up to 4 years, of unclassified U.S.-origin defense items (including any items manufactured abroad pursuant to U.S. Government approval) if the item temporarily imported:

(1) Is serviced (e.g., inspection, testing, calibration or repair, including overhaul, reconditioning and one-to-one replacement of any defective items, parts or components, but excluding any modifications, enhancement, upgrade or other form of alteration or improvement that changes the basic performance of the item), and is subsequently returned to the country from which it was imported. Shipment may be made by the U.S. importer or a foreign government representative of the country from which the goods were imported; or

§ 123.3 Temporary import licenses.

(a) A license (DSP–61) issued by the Directorate of Defense Trade Controls is required for the temporary import and subsequent export of unclassified defense articles, unless exempted from this requirement pursuant to §123.4. This requirement applies to:

(1) Temporary imports of unclassified defense articles that are to be returned directly to the country from which they were shipped to the United States;

(2) Temporary imports of unclassified defense articles in transit to a third country;

(b) A bond may be required as appropriate (see part 125 of this subchapter for license requirements for technical data and classified defense articles.)

[58 FR 39299, July 22, 1993, as amended at 71 FR 20540, Apr. 21, 2006]
(2) Is to be enhanced, upgraded or incorporated into another item which has already been authorized by the Directorate of Defense Trade Controls for permanent export; or

(3) Is imported for the purpose of exhibition, demonstration or marketing in the United States and is subsequently returned to the country from which it was imported; or

(4) Has been rejected for permanent import by the Department of the Treasury and is being returned to the country from which it was shipped; or

(5) Is approved for such import under the U.S. Foreign Military Sales (FMS) program pursuant to an executed U.S. Department of Defense Letter of Offer and Acceptance (LOA).

NOTE: These Exceptions do not apply to shipments that transit the U.S. to or from Canada (see §123.19 and §126.5 of this subchapter for exceptions).

(b) Port Directors of U.S. Customs and Border Protection shall permit the temporary import (but not the subsequent export) without a license of unclassified defense articles that are to be incorporated into another article, or modified, enhanced, upgraded, altered, improved or serviced in any other manner that changes the basic performance or productivity of the article prior to being returned to the country from which they were shipped or prior to being shipped to a third country. A DSP–5 is required for the reexport of such unclassified defense articles after incorporation into another article, modification, enhancement, upgrading, alteration or improvement.

(c) Requirements. To use an exemption under §123.4 (a) or (b), the following criteria must be met:

(1) The importer must meet the eligibility requirements set forth in §120.1(b) of this subchapter;

(2) At the time of temporary import, the ultimate consignee named on the Shipper’s Export Declaration (SED) must be the same as the foreign consignee or end-user of record named at the time of import; and

(3) As stated in §126.1 of this subchapter, the temporary import must not be from or on behalf of a proscribed country listed in that section unless an exception has been granted in accordance with §126.3 of this subchapter.

(d) Procedures. To the satisfaction of the Port Director of U.S. Customs and Border Protection, the importer and export must comply with the following procedures:

(1) At the time of temporary import—

(i) File and annotate the applicable U.S. Customs and Border Protection document (e.g., Form CF 3461, 7512, 7501, 7523 or 3311) to read: "This shipment is being imported in accordance with and under the authority of 22 CFR 123.4(a) (identify subsection)," and

(ii) Include, on the invoice or other appropriate documentation, a complete list and description of the defense article(s) being imported, including quantity and U.S. dollar value; and

(2) At the time of export, in accordance with the U.S. Customs and Border Protection procedures, the Directorate of Defense Trade Controls (DDTC) registered and eligible exporter, or an agent acting on the filer’s behalf, must electronically file the export information using the Automated Export System (AES), and identify 22 CFR 123.4 as the authority for the export and provide, as requested by U.S. Customs and Border Protection, the entry document number or a copy of the U.S. Customs and Border Protection document under which the article was imported.

§123.5 Temporary export licenses.

(a) The Directorate of Defense Trade Controls may issue a license for the temporary export of unclassified defense articles (DSP–73). Such licenses are valid only if the article will be exported for a period of less than 4 years and will be returned to the United States and transfer of title will not occur during the period of temporary export. Accordingly, articles exported pursuant to a temporary export license may not be sold or otherwise permanently transferred to a foreign person while they are overseas under a temporary export license. A renewal of the license or other written approval must be obtained from the Directorate of Defense Trade Controls if the article is to
remain outside the United States beyond the period for which the license is valid.

(b) Requirements. Defense articles authorized for temporary export under this section may be shipped only from a port in the United States where a Port Director of U.S. Customs and Border Protection is available, or from a U.S. Post Office (see 39 CFR part 20), as appropriate. The license for temporary export must be presented to the Port Director of U.S. Customs and Border Protection who, upon verification, will endorse the exit column on the reverse side of the license. In some instances of the temporary export of technical data (e.g., postal shipments), self-endorsement will be necessary (see §123.22(b)). The endorsed license for temporary export is to be retained by the licensee. In the case of a military aircraft or vessel exported under its own power, the endorsed license must be carried on board such vessel or aircraft as evidence that it has been duly authorized by the Department of State to leave the United States temporarily.

(c) Any temporary export license for hardware that is used, regardless of whether the hardware was exported directly to the foreign destination or returned directly from the foreign destination, must be endorsed by the U.S. Customs and Border Protection in accordance with the procedures in §123.22 of this subchapter.

[70 FR 50960, Aug. 29, 2005]

§ 123.9 Country of ultimate destination and approval of reexports or retransfers.

(a) The country designated as the country of ultimate destination on an application for an export license, or on a Shipper's Export Declaration where an exemption is claimed under this subchapter, must be the country of ultimate end-use. The written approval of the Directorate of Defense Trade Controls is therefore required. Such transactions may also require the prior approval of the U.S. Department of Transportation's Maritime Administration, the Federal Aviation Administration or other agencies of the U.S. Government.

[71 FR 20540, Apr. 21, 2006]
§ 123.10 Non-transfer and use assurances.

(a) A nontransfer and use certificate (Form DSP–83) is required for the export of significant military equipment and classified articles, including classified technical data. A license will not be issued until a completed Form DSP–83 has been received by the Directorate of Defense Trade Controls. This form is to be executed by the foreign consignee, foreign end-user, and the applicant. The certificate stipulates that, except as specifically authorized by prior written approval of the Department of State, the foreign consignee and foreign end-user will not reexport.

(b) The exporter shall incorporate the following statement as an integral part of the bill of lading, and the invoice whenever defense articles on the U.S. Munitions List are to be exported:

These commodities are authorized by the U.S. Government for export only to [country of ultimate destination] for use by [end-user]. They may not be transferred, transshipped on a non-continuous voyage, or otherwise be disposed of in any other country, either in their original form or after being incorporated into other end-items, without the prior written approval of the U.S. Department of State.”

(c) A U.S. person or a foreign person requesting approval for the reexport or retransfer, or change in end-use, of a defense article shall submit a written request which shall be subject to all the documentation required for a permanent export license (see § 123.1) and shall contain the following:

(1) The license number under which the defense article was previously authorized for export from the United States;

(2) A precise description, quantity and value of the defense article;

(3) A description of the new end-use; and

(4) Identification of the new end-user.

(d) The written approval of the Directorate of Defense Trade Controls must be obtained before reselling, transferring, transshipping, or disposing of a defense article to any end user, end use or destination other than as stated on the export license, or on the Shipper’s Export Declaration in cases where an exemption is claimed under this subchapter. Exporters must ascertain the specific end-user and end-use prior to submitting an application to the Directorate of Defense Trade Controls or claiming an exemption under this subchapter.

(e) Reexports or retransfers of U.S.-origin components incorporated into a foreign defense article to NATO, NATO agencies, a government of a NATO country, or the governments of Australia, Japan, New Zealand, or South Korea, are authorized without the prior written approval of the Directorate of Defense Trade Controls, provided:

(1) The U.S.-origin components were previously authorized for export from the United States, either by a license or an exemption;

(2) The U.S.-origin components are not significant military equipment, the items are not major defense equipment sold under contract in the amount of $25,000,000 ($25 million) or more; the articles are not defense articles or defense services sold under a contract in the amount of $100,000,000 ($100 million) or more; and are not identified in part 121 of this subchapter as Missile Technology Control Regime (MTCR) items; and

(3) The person reexporting the defense article must provide written notification to the Directorate of Defense Trade Controls of the retransfer not later than 30 days following the reexport. The notification must state the articles being reexported and the recipient government.

(4) In certain cases, the Managing Director, Directorate of Defense Trade Controls or the Director, Office of Defense Trade Controls Licensing, may place retransfer restrictions on a license prohibiting use of this exemption.

resell or otherwise dispose of the significant military equipment enumerated in the application outside the country named as the location of the foreign end-use or to any other person.

(b) The Directorate of Defense Trade Controls may also require a DSP–83 for the export of any other defense articles, including technical data, or defense services.

(c) When a DSP–83 is required for an export of any defense article or defense service to a non-governmental foreign end-user, the Directorate of Defense Trade Controls may require as a condition of issuing the license that the appropriate authority of the government of the country of ultimate destination also execute the certificate.

[71 FR 20541, Apr. 21, 2006]

§ 123.11 Movements of vessels and aircraft covered by the U.S. Munitions List outside the United States.

(a) A license issued by the Directorate of Defense Trade Controls is required whenever a privately-owned aircraft or vessel on the U.S. Munitions List makes a voyage outside the United States.

(b) Exemption. An export license is not required when a vessel or aircraft referred to in paragraph (a) of this section departs from the United States and does not enter the territorial waters or airspace of a foreign country if no defense articles are carried as cargo. Such a vessel or aircraft may not enter the territorial waters or airspace of a foreign country before returning to the United States, or carry as cargo any defense article, without a temporary export license (Form DSP–73) from the Department of State. (See §123.5.)

§ 123.14 Import certificate/delivery verification procedure.

(a) The Import Certificate/Delivery Verification Procedure is designed to assure that a commodity imported into the territory of those countries participating in IC/DV procedures will not be diverted, transshipped, or reexported to
§ 123.15 Congressional certification pursuant to Section 36(c) of the Arms Export Control Act.

(a) The Arms Export Control Act requires that a certification be provided to the Congress prior to the granting of any license or other approval for transactions, in the amounts described below, involving exports of any defense articles and defense services and for exports of major defense equipment, as defined in §120.8 of this subchapter. Approvals may not be granted when the Congress has enacted a joint resolution prohibiting the export. Certification is required for any transaction involving:

(1) A license for the export of major defense equipment sold under a contract in the amount of $14,000,000 or more, or for defense articles and defense services sold under a contract in the amount of $50,000,000 or more to any country that is not a member country of the North Atlantic Treaty Organization (NATO), or Australia, Japan, New Zealand, or South Korea that does not authorize a new sales territory; or

(2) A license for export to a country that is a member country of the North Atlantic Treaty Organization (NATO), or Australia, Japan, New Zealand, or South Korea of major defense equipment sold under a contract in the amount of $25,000,000 or more, or for defense articles and defense services sold under a contract in the amount of $100,000,000 or more and provided the transfer does not include any other countries; or

(3) A license for export of a firearm controlled under Category I of the United States Munitions List, of this subchapter, in an amount of $1,000,000 or more.

(b) Unless an emergency exists which requires the proposed export in the national security interests of the United States, approval may not be granted for any transaction until at least 15 calendar days have elapsed after receipt by the Congress of the certification required by 22 U.S.C. 2778(c)(1) involving the North Atlantic Treaty
Organization, any member country of the Organization, or Australia, Japan, New Zealand, or South Korea or at least 30 calendar days have elapsed for any other country; in the case of a license for an export of a commercial communications satellite for launch from, and by nationals of, the Russian Federation, Ukraine, or Kazakhstan, until at least 15 calendar days after the Congress receives such certification.

(c) Persons who intend to export defense articles and defense services pursuant to any exemption in this subchapter under the circumstances described in this section must provide written notification to the Directorate of Defense Trade Controls and include a signed contract and a DSP-83 signed by the applicant, the foreign consignee and the end-user.

§ 123.16 Exemptions of general applicability.

(a) The following exemptions apply to exports of unclassified defense articles for which no approval is needed from the Directorate of Defense Trade Controls. These exemptions do not apply to: Proscribed destinations under §126.1 of this subchapter; exports for which Congressional notification is required (see §123.15 of this subchapter); MTCR articles; Significant Military Equipment (SME); and may not be used by persons who are generally ineligible as described in §120.1(c) of this subchapter. All shipments of defense articles, including those to and from Canada, require a Shipper’s Export Declaration (SED) or notification letter. If the export of a defense article is exempt from licensing, the SED must cite the exemption. Refer to §123.22 for Shipper’s Export Declaration and letter notification requirements.

(b) The following exports are exempt from the licensing requirements of this subchapter.

(1) Port Directors of U.S. Customs and Border Protection shall permit the export without a license of defense hardware being exported in furtherance of a manufacturing license agreement, technical assistance agreement, distribution agreement or an arrangement for distribution of items identified in Category XIII(b)(1), approved in accordance with part 124, provided that:

(i) The defense hardware to be exported supports the activity and is identified by item, quantity and value in the agreement or arrangement; and

(ii) Any provisos or limitations placed on the authorized agreement or arrangement are adhered to; and

(iii) The exporter certifies on the Shipper’s Export Declaration that the export is exempt from the licensing requirements of this subchapter. This is done by writing, “22 CFR 123.16(b)(1) and the agreement or arrangement (identify/state number) applicable”; and

(iv) The total value of all shipments does not exceed the value authorized in the agreement or arrangement.

(v) In the case of a distribution agreement, export must be made directly to the approved foreign distributor.

(2) Port Directors of U.S. Customs and Border Protection shall permit the export of components or spare parts (for exemptions for firearms and ammunition see §123.17) without a license when the total value does not exceed $500 in a single transaction and:

(i) The components or spare parts are being exported to support a defense article previously authorized for export; and

(ii) The spare parts or components are not going to a distributor, but to a previously approved end-user of the defense articles; and

(iii) The spare parts or components are not to be used to enhance the capability of the defense article;

(iv) Exporters shall not split orders so as not to exceed the dollar value of this exemption;

(v) The exporter may not make more than 24 shipments per calendar year to the previously authorized end user;

(vi) The exporter must certify on the Shipper’s Export Declaration that the export is exempt from the licensing requirements of this subchapter. This is done by writing 22 CFR 123.16(b)(2) applicable.

Some models or mockups built to scale or constructed of original materials can reveal technical data. U.S. persons who avail themselves of this exemption must provide a written certification to the Port Director of U.S. Customs and Border Protection that these conditions are met. This exemption does not imply that the Directorate of Defense Trade Controls will approve the export of any defense articles for which models or mock-ups have been exported pursuant to this exemption.

(5) Port Directors of U.S. Customs and Border Protection shall permit the temporary export without a license of unclassified defense articles to any public exhibition, trade show, air show or related event if that article has previously been licensed for a public exhibition, trade show, air show or related event and the license is still valid. U.S. persons who avail themselves of this exemption must provide a written certification to the Port Director of U.S. Customs and Border Protection that these conditions are met.

(6) For exemptions for firearms and ammunition for personal use refer to §123.17.

(7) For exemptions for firearms for personal use of members of the U.S. Armed Forces and civilian employees see §123.18.

(8) For exports to Canada refer to §126.5 of this subchapter.

§ 123.20 Nuclear related controls.

(a) The provisions of this subchapter do not apply to equipment, technical data or services in Category VI(e) and Category XVI of §121.1 of this subchapter to the extent such equipment, technical data or services are under the export control of the Department of Energy or the Nuclear Regulatory Commission pursuant to the Atomic Energy Act of 1954, as amended, and the Nuclear Non-Proliferation Act of 1978, as amended, or is a government transfer authorized pursuant to these Acts.

(b) The transfer of materials, including special nuclear materials, nuclear parts of nuclear weapons, or other non-nuclear parts of nuclear weapons systems involving Restricted Data or of assistance involving any person directly or indirectly engaging in the production or use thereof is prohibited except as authorized by the Atomic Energy Act of 1954, as amended. The transfer of Restricted Data or such assistance is prohibited except as authorized by the Atomic Energy Act of 1954, as amended. The technical data or defense services relating to nuclear weapons, nuclear weapons systems or related defense purposes (and such data

506
or services relating to applications of atomic energy for peaceful purposes, or related research and development) may constitute Restricted Data or such assistance, subject to the foregoing prohibition.

(c) A license for the export of any machinery, device, component, equipment, or technical data relating to equipment referred to in Category VI(e) of §121.1 of this subchapter will not be granted unless the proposed equipment comes within the scope of an existing Agreement for Cooperation for Mutual Defense Purposes concluded pursuant to the Atomic Energy Act of 1954, as amended, with the government of the country to which the Article is to be exported. Licenses may be granted in the absence of such an agreement only:

(1) If the proposed export involves an article which is identical to that in use in an unclassified civilian nuclear power plant,
(2) If the proposed export has no relationship to naval nuclear propulsion, and
(3) If it is not for use in a naval propulsion plant.

$§ 123.21 Duration, renewal and disposition of licenses.$

(a) A license is valid for four years. The license expires when the total value or quantity authorized has been shipped or when the date of expiration has been reached, whichever occurs first. Defense articles to be shipped thereafter require a new application and license. The new application should refer to the expired license. It should not include references to any defense articles other than those of the unshipped balance of the expired license.

(b) Unused, expired, expended, suspended, or revoked licenses must be returned immediately to the Department of State.

$§ 123.22 Filing, retention, and return of export licenses and filing of export information.$

(a) Any export, as defined in this subchapter, of a defense article controlled by this subchapter, to include defense articles transiting the United States, requires the electronic reporting of export information. The reporting of the export information shall be to the U.S. Customs and Border Protection using the Automated Export System (AES) or directly to the Directorate of Defense Trade Controls (DDTC). Any license or other approval authorizing the permanent export of hardware must be filed at a U.S. Port before any export. Licenses or other approvals for the permanent export of technical data and defense services shall be retained by the applicant who will send the export information directly to DDTC. Temporary export or temporary import licenses for such items need not be filed with the U.S. Customs and Border Protection, but must be presented to the U.S. Customs and Border Protection for decrementing of the shipment prior to departure and at the time of entry. The U.S. Customs and Border Protection will only decrement a shipment after the export information has been filed correctly using the AES. Before the export of any hardware using an exemption in this subchapter, the DDTC registered applicant/exporter, or an agent acting on the filer’s behalf, must electronically provide export information using the AES (see paragraph (b) of this section). In addition to electronically providing the export information to the U.S. Customs and Border Protection before export, all the mandatory documentation must be presented to the port authorities (e.g., attachments, certifications, proof of AES filing; such as the External Transaction Number (XTN) or Internal Transaction Number (ITN)). Export authorizations shall be filed, retained, decremented or returned to DDTC as follows:

(1) Filing of licenses and documentation for the permanent export of hardware. For any permanent export of hardware using a license (e.g., DSP-5, DSP-94) or an exemption in this subchapter, the exporter must, prior to an AES filing, deposit the license and provide any required documentation for the license or the exemption with the U.S. Customs and Border Protection, unless otherwise directed in this subchapter (e.g., §123.9). If necessary, an export may be made through a port other than the
one designated on the license if the exporter complies with the procedures established by the U.S. Customs and Border Protection.

(2) Presentation and retention by the applicant of temporary licenses and related documentation for the export of unclassified defense articles. Licenses for the temporary export or temporary import of unclassified defense articles need not be filed with the U.S. Customs and Border Protection, but must be retained by the applicant and presented to the U.S. Customs and Border Protection at the time of temporary import and temporary export. When a defense article is temporarily exported from the United States and moved from one destination authorized on a license to another destination authorized on the same or another temporary license, the applicant, or an agent acting on the applicant’s behalf, must ensure that the U.S. Customs and Border Protection decrements both temporary licenses to show the exit and entry of the hardware.

(b) Filing and reporting of export information—(1) Filing of export information with the U.S. Customs and Border Protection. Before exporting any hardware controlled by this subchapter, using a license or exemption, the DDTC registered applicant/exporter, or an agent acting on the filer’s behalf, must electronically file the export information with the U.S. Customs and Border Protection using the Automated Export System (AES) in accordance with the following timelines:

(i) Air or truck shipments. The export information must be electronically filed at least 8 hours prior to departure.

(ii) Sea or rail Shipments. The export information must be electronically filed at least 24 hours prior to departure.

(2) Emergency shipments of hardware that cannot meet the pre-departure filing requirements. U.S. Customs and Border Protection may permit an emergency export of hardware by truck (e.g., departures to Mexico or Canada) or air, by a U.S. registered person, when the exporter is unable to comply with the SED filing timeline in paragraph (b)(1)(i) of this section. The applicant, or an agent acting on the applicant’s behalf, in addition to providing the export information electronically using the AES, must provide documentation required by the U.S. Customs and Border Protection and this subchapter. The documentation provided to the U.S. Customs and Border Protection at the port of exit must include the External Transaction Number (XTN) or Internal Transaction Number (ITN) for the shipment and a copy of a notification to DDTC stating that the shipment is urgent and why. The original of the notification must be immediately provided to DDTC. The AES filing of the export information when the export is by air must be at least two hours prior to any departure from the United States; and, when a truck shipment, at the time when the exporter provides the articles to the carrier or at least one hour prior to departure from the United States, when the permanent export of the hardware has been authorized for export:

(i) In accordance with §126.4 of this subchapter, or

(ii) On a valid license (i.e., DSP–5, DSP–94) and the ultimate recipient and ultimate end user identified on the license is a foreign government.

(3) Reporting of export information on technical data and defense service. When an export is being made using a DDTC authorization (e.g., technical data license, agreement or a technical data exemption provided in this subchapter), the DDTC registered exporter will retain the license or other approval and provide the export information electronically to DDTC as follows:

(i) Technical data license. Prior to the permanent export of technical data licensed using a Form DSP–5, the applicant shall electronically provide export information using the system for direct electronic reporting to DDTC of export information and self validate the original of the license. When the initial export of all the technical data authorized on the license has been made, the license must be returned to DDTC. Exports of copies of the licensed technical data should be made in accordance with existing exemptions in this subchapter. Should an exemption not apply, the applicant may request a new license.
§ 123.24 Shipments by U.S. Postal Service.

(a) The export of any defense hardware using a license or exemption in this subchapter by the U.S. Postal Service must be filed with the U.S. Customs and Border Protection using the Automated Export System (AES) and the license must be filed with the U.S. Customs and Border Protection before any hardware is actually sent abroad by mail. The exporter must certify the defense hardware being exported in accordance with this subchapter by clearly marking on the package “This export is subject to the controls of the ITAR, 22 CFR (identify section for an exemption) or (state license number) and the export has been electronically filed with the U.S. Customs and Border Protection using the Automated Export System (AES).”
§ 123.25

(b) The export of any technical data using a license in this subchapter by the U.S. Postal Service must be notified electronically directly to the Directorate of Defense Trade Controls (DDTC). The exporter, using either a license or exemption, must certify, by clearly marking on the package, “This export is subject to the controls of the ITAR, 22 CFR (identify section for an exemption) or (state license number).” For those exports using a license, the exporter must also state “The export has been electronically notified directly to DDTC.” The license must be returned to DDTC upon completion of the use of the license (see § 123.22(c)).

[68 FR 61102, Oct. 27, 2003, as amended at 70 FR 50963, Aug. 29, 2005]

§ 123.26 Amendments to licenses.

(a) The Directorate of Defense Trade Controls may approve an amendment to a license for permanent export, temporary export and temporary import of unclassified defense articles. A suggested format is available from the Directorate of Defense Trade Controls.

(b) The following types of amendments to a license that will be considered: Addition of U.S. freight forwarder or U.S. consignor; change due to an obvious typographical error; change in source of commodity; and change of foreign intermediate consignee if that party is only transporting the equipment and will not process (e.g., integrate, modify) the equipment. For changes in U.S. dollar value see §123.23.

(c) The following types of amendments to a license will not be approved: Additional quantity, changes in commodity, country of ultimate destination, end-use or end-user, foreign consignee and/or extension of duration. The foreign intermediate consignee may only be amended if that party is acting as freight forwarder and the export does not involve technical data. A new license is required for these changes. Any new license submission must reflect only the unshipped balance of quantity and dollar value.

[58 FR 39299, July 22, 1993, as amended at 71 FR 20642, Apr. 21, 2006]

§ 123.27 Special licensing regime for export to U.S. allies of commercial communications satellite components, systems, parts, accessories, attachments and associated technical data.

(a) U.S. persons engaged in the business of exporting specifically designed or modified components, systems, parts, accessories, attachments, associated equipment and certain associated technical data for commercial communications satellites, and who are so registered with the Directorate of Defense Trade Controls pursuant to part 122 of this subchapter, may submit license applications for multiple permanent and temporary exports and temporary imports of such articles for expeditious consideration without meeting the documentary requirements of §123.1(c)(4) and (5) concerning purchase orders, letters of intent, contracts and non-transfer and end use certificates, or the documentary requirements of §123.9, concerning approval of re-exports or re-transfers, when all of the following requirements are met:

(1) The proposed exports or re-exports concern exclusively one or more countries of the North Atlantic Treaty Organization (see §120.31 of this subchapter) and/or one or more countries which have been designated in accordance with section 517 of the Foreign Assistance Act of 1961 and with section 1206 of the Foreign Relations Authorization Act, Fiscal Year 2003 as a major non-NATO ally (see §120.32 of this subchapter).

(2) The proposed exports concern exclusively one or more foreign persons (e.g., companies or governments) located within the territories of the countries identified in paragraph (a)(1).
of this section, and one or more commercial communications satellite programs included within a list of such persons and programs approved by the U.S. Government for purposes of this section, as signified in a list of such persons and programs that will be publicly available through the Internet Web site of the Directorate of Defense Trade Controls and by other means.

(3) The articles are not major defense equipment sold under a contract in the amount of $14,000,000 or more or defense articles or defense services sold under a contract in the amount of $50,000,000 or more (for which purpose, as is customary, exporters may not split contracts or purchase orders). Items meeting these statutory thresholds must be submitted on a separate license application to permit the required notification to Congress pursuant to section 36(c) of the Arms Export Control Act.

(4) The articles are not detailed design, development, manufacturing or production data and do not involve the manufacture abroad of significant military equipment.

(5) The U.S. exporter provides complete shipment information to the Directorate of Defense Trade Controls within 15 days of shipment by submitting a report containing a description of the item and the quantity, value, port of exit, and end-user and country of destination of the item, and at that time meets the documentary requirements of §123.1(c)(4) and (5), the documentary requirements of §123.9 in the case of re-exports or re-transfers, and, other documentary requirements that may be imposed as a condition of a license (e.g., parts control plans for MTCR-controlled items). The shipment information reported must include a description of the item and quantity, value, port of exit and end user and country of destination of the item.

(6) At any time in which an item exported pursuant to this section is proposed for re-transfer outside of the approved territory, programs or persons (e.g., such as in the case of an item included in a satellite for launch beyond the approved territory), the detailed requirements of §123.9 apply with regard to obtaining the prior written consent of the Directorate of Defense Trade Controls.

(b) The re-export or re-transfer of the articles authorized for export (including to specified re-export destinations) in accordance with this section do not require the separate prior written approval of the Directorate of Defense Trade Controls provided all of the requirements in paragraph (a) of this section are met.

(c) The Directorate of Defense Trade Controls will consider, on a case-by-case basis, requests to include additional foreign companies and satellite programs within the geographic coverage of a license application submitted pursuant to this section from countries not otherwise covered, who are members of the European Space Agency or the European Union. In no case, however, can the provisions of this section apply or be relied upon by U.S. exporters in the case of countries who are subject to the mandatory requirements of Section 1514 of the Strom Thurmond National Defense Authorization Act for Fiscal Year 1999 (Pub. L. 105–261), concerning national security controls on satellite export licensing.

(d) Registered U.S. exporters may request at the time of a license application submitted pursuant to this section that additional foreign persons or communications satellite programs be added to the lists referred to in paragraph (a)(2) of this section, which additions, if approved, will be included within the publicly available lists of authorized recipients and programs.

PART 124—AGREEMENTS, OFF-SHORE PROCUREMENT AND OTHER DEFENSE SERVICES

Sec.
124.1 Manufacturing license agreements and technical assistance agreements.
124.2 Exemptions for training and military service.
124.3 Exports of technical data in furtherance of an agreement.
124.4 Deposit of signed agreements with the Directorate of Defense Trade Controls.
§ 124.1 Manufacturing license agreements and technical assistance agreements.

(a) Approval. The approval of the Directorate of Defense Trade Controls must be obtained before the defense services described in §120.9(a) of this subchapter may be furnished. In order to obtain such approval, the U.S. person must submit a proposed agreement to the Directorate of Defense Trade Controls. Such agreements are generally characterized as manufacturing license agreements, technical assistance agreements, distribution agreements, or off-shore procurement agreements, and may not enter into force without the prior written approval of the Directorate of Defense Trade Controls. Once approved, the defense services described in the agreements may generally be provided without further licensing in accordance with §§124.3 and 125.4(b)(2) of this subchapter. The requirements of this section apply whether or not technical data is to be disclosed or used in the performance of the defense services described in §120.9(a) of this subchapter (e.g., all the information relied upon by the U.S. person in performing the defense service is in the public domain or is otherwise exempt from the licensing requirements of this subchapter pursuant to §125.4 of this subchapter). This requirement also applies to the training of any foreign military forces, regular and irregular, in the use of defense articles. Technical assistance agreements must be submitted in such cases. In exceptional cases, the Directorate of Defense Trade Controls, upon written request, will consider approving the provision of defense services described in §120.9(a) of this subchapter by granting a license under part 125 of this subchapter. Also, see §126.8 of this subchapter for the requirements for prior approval of proposals relating to significant military equipment.

(b) Classified articles. Copies of approved agreements involving the release of classified defense articles will be forwarded by the Directorate of Defense Trade Controls to the Defense Security Service of the Department of Defense.

(c) Amendments. Changes to the scope of approved agreements, including modifications, upgrades, or extensions must be submitted for approval. The amendments may not enter into force until approved by the Directorate of Defense Trade Controls.

(d) Minor amendments. Amendments which only alter delivery or performance schedules, or other minor administrative amendments which do not affect in any manner the duration of the agreement or the clauses or information which must be included in such agreements because of the requirements of this part, do not have to be submitted for approval. One copy of all such minor amendments must be submitted to the Directorate of Defense Trade Controls within thirty days after they are concluded.

[71 FR 20542, Apr. 21, 2006]
§ 124.2 Exemptions for training and military service.

(a) Technical assistance agreements are not required for the provision of training in the basic operation and maintenance of defense articles lawfully exported or authorized for export to the same recipient. This does not include training in intermediate and depot level maintenance.

(b) Services performed as a member of the regular military forces of a foreign nation by U.S. persons who have been drafted into such forces are not deemed to be defense services for purposes of §120.9 of this subchapter.

(c) NATO countries, Australia, Japan, and Sweden, in addition to the basic maintenance training exemption provided in §124.2(a) and basic maintenance information exemption in §125.4(b)(5) of this subchapter, no technical assistance agreement is required for maintenance training or the performance of maintenance, including the export of supporting technical data, when the following criteria can be met:

(1) Defense services are for unclassified U.S.-origin defense articles lawfully exported or authorized for export and owned or operated by and in the inventory of NATO or the Federal Governments of NATO countries, Australia, Japan or Sweden.

(2) This defense service exemption does not apply to any transaction involving defense services for which congressional notification is required in accordance with §123.15 and §124.11 of this subchapter.

(3) Maintenance training or the performance of maintenance must be limited to inspection, testing, calibration or repair, including overhaul, reconditioning and one-to-one replacement of any defective items, parts or components; and excluding any modification, enhancement, upgrade or other form of alteration or improvement that enhances the performance or capability of the defense article. This does not preclude maintenance training or the performance of maintenance that would result in enhancements or improvements only in the reliability or maintainability of the defense article, such as an increased mean time between failure (MTBF).

(4) Supporting technical data must be unclassified and must not include software documentation on the design or details of the computer software, software source code, design methodology, engineering analysis or manufacturing know-how such as that described in paragraphs (c)(4)(i) through (c)(4)(iii) as follows:

(i) Design methodology, such as: The underlying engineering methods and design philosophy utilized (i.e., the "why" or information that explains the rationale for particular design decisions, engineering feature, or performance requirement); engineering experience (e.g., lessons learned); and the rationale and associated databases (e.g., design allowables, factors of safety, component life predictions, failure analysis criteria) that establish the operational requirements (e.g., performance, mechanical, electrical, electronic, reliability and maintainability) of a defense article.

(ii) Engineering analysis, such as: Analytical methods and tools used to design or evaluate a defense article’s performance against the operational requirements. Analytical methods and tools include the development and/or use of mockups, computer models and simulations, and test facilities.

(iii) Manufacturing know-how, such as: Information that provides detailed manufacturing processes and techniques needed to translate a detailed design into a qualified, finished defense article.

(5) This defense service exemption does not apply to maintenance training or the performance of maintenance and service or the transfer of supporting technical data for the following defense articles:

(i) All Missile Technology Control Regime Annex Items;

(ii) Firearm listed in Category I; and ammunition listed in Category III for the firearms in Category I;

(iii) Nuclear weapons strategic delivery systems and all components, parts, accessories and attachments specifically designed for such systems and associated equipment;

(iv) Naval nuclear propulsion equipment listed in Category VI(e);

(v) Gas turbine engine hot sections covered by Categories VI(f) and VIII(b);
§ 124.3 Exports of technical data in furtherance of an agreement.

(a) Unclassified technical data. The U.S. Customs and Border Protection or U.S. Postal authorities shall permit the export without a license of unclassified technical data if the export is in furtherance of a manufacturing license or technical assistance agreement which has been approved in writing by the Directorate of Defense Trade Controls (DDTC) and the technical data does not exceed the scope or limitations of the relevant agreement. The approval of the DDTC must be obtained for the export of any unclassified technical data that may exceed the terms of the agreement.

(b) Classified technical data. The export of classified information in furtherance of an approved manufacturing license or technical assistance agreement which provides for the transmittal of classified information does not require further approval from the Directorate of Defense Trade Controls when:

1. The United States party to a manufacturing license or technical assistance agreement certifies to the Department of Defense transmittal authority that the classified information does not exceed the technical or product limitations in the agreement; and

2. The United States party complies with the requirements of the Department of Defense National Industrial Security Program Operating Manual concerning the transmission of classified information (unless such requirements are in direct conflict with guidance provided by the Directorate of Defense Trade Controls, in which case the latter guidance must be followed) and any other requirements of cognizant U.S. departments or agencies.

§ 124.4 Deposit of signed agreements with the Directorate of Defense Trade Controls.

(a) The United States party to a manufacturing license or a technical assistance agreement must file one copy of the concluded agreement with the Directorate of Defense Trade Controls not later than 30 days after it enters into force. If the agreement is not concluded within one year of the date of approval, the Directorate of Defense Trade Controls must be notified in writing and be kept informed of the status of the agreement until the requirements of this paragraph or the requirements of §124.5 are satisfied.

(b) In the case of concluded agreements involving coproduction or licensed production outside of the United States of defense articles of United States origin, a written statement must accompany filing of the concluded agreement with the Directorate of Defense Trade Controls, which shall include:

1. The identity of the foreign countries, international organization, or foreign firms involved;

2. A description and the estimated value of the articles authorized to be produced, and an estimate of the quantity of the articles authorized to be produced;

3. A description of any restrictions on third-party transfers of the foreign-manufactured articles; and

4. If any such agreement does not provide for United States access to and
verification of quantities of articles produced overseas and their disposition in the foreign country, a description of alternative measures and controls to ensure compliance with restrictions in the agreement on production quantities and third-party transfers.

§ 124.5 Proposed agreements that are not concluded.

The United States party to any proposed manufacturing license agreement or technical assistance agreement must inform the Directorate of Defense Trade Controls if a decision is made not to conclude the agreement. The information must be provided within 60 days of the date of the decision. These requirements apply only if the approval of the Directorate of Defense Trade Controls was obtained for the agreement to be concluded (with or without any provisos).

§ 124.6 Termination of manufacturing license agreements and technical assistance agreements.

The U.S. party to a manufacturing license or a technical assistance agreement must inform the Directorate of Defense Trade Controls in writing of the impending termination of the agreement not less than 30 days prior to the expiration date of such agreement.

§ 124.7 Information required in all manufacturing license agreements and technical assistance agreements.

The following information must be included in all proposed manufacturing license agreements and technical assistance agreements. The information should be provided in terms which are as precise as possible. If the applicant believes that a clause or that required information is not relevant or necessary, the applicant may request the omission of the clause or information. The transmittal letter accompanying the agreement must state the reasons for any proposed variation in the clauses or required information.

(1) The agreement must describe the defense article to be manufactured and all defense articles to be exported, including any test and support equipment or advanced materials. They should be described by military nomenclature, contract number, National Stock Number, nameplate data, or other specific information. Supporting technical data or brochures should be submitted in seven copies. Only defense articles listed in the agreement will be eligible for export under the exemption in §123.16(b)(1) of this subchapter.

(2) The agreement must specifically describe the assistance and technical data, including the design and manufacturing know-how involved, to be furnished and any manufacturing rights to be granted.

(3) The agreement must specify its duration and

(4) The agreement must specifically identify the countries or areas in which manufacturing, production, processing, sale or other form of transfer is to be licensed.

§ 124.8 Clauses required both in manufacturing license agreements and technical assistance agreements.

The following statements must be included both in manufacturing license agreements and in technical assistance agreements:

(1) “This agreement shall not enter into force, and shall not be amended or extended, without the prior written approval of the Department of State of the U.S. Government.”

(2) “This agreement is subject to all United States laws and regulations relating to exports and to all administrative acts of the U.S. Government pursuant to such laws and regulations.”

(3) “The parties to this agreement agree that the obligations contained in this agreement shall not affect the performance of any obligations created by prior contracts or subcontracts which the parties may have individually or collectively with the U.S. Government.”

(4) “No liability will be incurred by or attributed to the U.S. Government in connection with any possible infringement of privately owned patent or proprietary rights, either domestic
or foreign, by reason of the U.S. Government’s approval of this agreement.

(5) “The technical data or defense service exported from the United States in furtherance of this agreement and any defense article which may be produced or manufactured from such technical data or defense service may not be transferred to a person in a third country or to a national of a third country except as specifically authorized in this agreement unless the prior written approval of the Department of State has been obtained.”

(6) “All provisions in this agreement which refer to the United States Government and the Department of State will remain binding on the parties after the termination of the agreement.”

§ 124.9 Additional clauses required only in manufacturing license agreements.

(a) Clauses for all manufacturing license agreements. The following clauses must be included only in manufacturing license agreements:

(1) “No export, sale, transfer, or other disposition of the licensed article is authorized to any country outside the territory wherein manufacture or sale is herein licensed without the prior written approval of the U.S. Government unless otherwise exempted by the U.S. Government. Sales or other transfers of the licensed article shall be limited to governments of countries wherein manufacture or sale is hereby licensed and to private entities seeking to procure the licensed article pursuant to a contract with any such government unless the prior written approval of the U.S. Government is obtained.”

(2) “It is agreed that sales by licensee or its sub-licensees under contracts made through the U.S. Government will not include either charges for patent rights in which the U.S. Government holds a royalty-free license, or charges for data which the U.S. Government has a right to use and disclose to others, which are in the public domain, or which the U.S. Government has acquired or is entitled to acquire without restrictions upon their use and disclosure to others.”

(3) “If the U.S. Government is obligated or becomes obligated to pay to the licensor royalties, fees, or other charges for the use of technical data or patents which are involved in the manufacture, use, or sale of any licensed article, any royalties, fees or other charges in connection with purchases of such licensed article from licensee or its sub-licensees with funds derived through the U.S. Government may not exceed the total amount the U.S. Government would have been obligated to pay the licensor directly.”

(4) “If the U.S. Government has made financial or other contributions to the design and development of any licensed article, any charges for technical assistance or know-how relating to the item in connection with purchases of such articles from licensee or sub-licensees with funds derived through the U.S. Government must be proportionately reduced to reflect the U.S. Government contributions, and subject to the provisions of paragraphs (a) (2) and (3) of this section, no other royalties, or fees or other charges may be assessed against U.S. Government funded purchases of such articles. However, charges may be made for reasonable reproduction, handling, mailing, or similar administrative costs incident to the furnishing of such data.”

(5) “The parties to this agreement agree that an annual report of sales or other transfers pursuant to this agreement of the licensed articles, by quantity, type, U.S. dollar value, and purchaser or recipient, shall be provided by (applicant or licensee) to the Department of State.” This clause must specify which party is obligated to provide the annual report. Such reports may be submitted either directly by the licensee or indirectly through the licensor, and may cover calendar or fiscal years. Reports shall be deemed proprietary information by the Department of State and will not be disclosed to unauthorized persons. See §126.10(b) of this subchapter.

(6) (Licensee) agrees to incorporate the following statement as an integral provision of a contract, invoice or other appropriate document whenever the licensed articles are sold or otherwise transferred:

These commodities are authorized for export by the U.S. Government only to (country of ultimate destination or approved sales
Department of State

§ 124.11

Congressional certification pursuant to Section 36(d) of the Arms Export Control Act.

(a) The Arms Export Control Act requires that a certification be provided to the Congress prior to the granting of any approval of a manufacturing license agreement or technical assistance agreement which relates to significant military equipment or classified defense articles, including classified technical data, a Nontransfer and Use Certificate (Form DSP–83) (see §123.10 of this subchapter) signed by the applicant and the foreign party must be submitted to the Directorate of Defense Trade Controls. With respect to all agreements involving classified articles, including classified technical data, an authorized representative of the foreign government must sign the DSP–83 (or provide the same assurances in the form of a diplomatic note), unless the Directorate of Defense Trade Controls has granted an exception to this requirement. The Directorate of Defense Trade Controls may require that a DSP–83 be provided in conjunction with an agreement that does not relate to significant military equipment or classified defense articles. The Directorate of Defense Trade Controls may also require with respect to any agreement that an appropriate authority of the foreign party’s government also sign the DSP–83 (or provide the same assurances in the form of a diplomatic note).

(b) Timing of submission of assurances. Submission of a Form DSP–83 and/or diplomatic note must occur as follows:

(1) Agreements which have been signed by all parties before being submitted to the Directorate of Defense Trade Controls may only be submitted along with any required DSP–83 and/or diplomatic note.

(2) If an agreement has not been signed by all parties before being submitted, the required DSP–83 and/or diplomatic note must be submitted along with the signed agreement.

Note to Paragraph (b): In no case may a transfer occur before a required DSP–83 and/or diplomatic note has been submitted to the Directorate of Defense Trade Controls.

§ 124.10 Nontransfer and use assurances.

(a) Types of agreements requiring assurances. With respect to any manufacturing license agreement or technical assistance agreement which relates to significant military equipment or classified defense articles, including classified technical data, a Nontransfer and Use Certificate (Form DSP–83) (see §123.10 of this subchapter) signed by the applicant and the foreign party must be submitted to the Directorate of Defense Trade Controls. With respect to all agreements involving classified articles, including classified technical data, an authorized representative of the foreign government must sign the DSP–83 (or provide the same assurances in the form of a diplomatic note), unless the Directorate of Defense Trade Controls has granted an exception to this requirement. The Directorate of Defense Trade Controls may require that a DSP–83 be provided in conjunction with an agreement that does not relate to significant military equipment or classified defense articles. The Directorate of Defense Trade Controls may also require with respect to any agreement that an appropriate authority of the foreign party’s government also sign the DSP–83 (or provide the same assurances in the form of a diplomatic note).

(1) Agreements which have been signed by all parties before being submitted to the Directorate of Defense Trade Controls may only be submitted along with any required DSP–83 and/or diplomatic note.

(2) If an agreement has not been signed by all parties before being submitted, the required DSP–83 and/or diplomatic note must be submitted along with the signed agreement.

Note to Paragraph (b): In no case may a transfer occur before a required DSP–83 and/or diplomatic note has been submitted to the Directorate of Defense Trade Controls.

least 30 calendar days have elapsed for any other country. Approvals may not be granted when the Congress has enacted a joint resolution prohibiting the export.

(c) Persons who intend to export defense articles and defense services pursuant to any exemption in this subchapter under the circumstances described in this section and section 123.15 must provide written notification to the Directorate of Defense Trade Controls and include a signed contract and a DSP-83 signed by the applicant, the foreign consignee and the end-user.

§ 124.12 Required information in letters of transmittal.

(a) An application for the approval of a manufacturing license or technical assistance agreement with a foreign person must be accompanied by an explanatory letter. The original letter and seven copies of the letter and eight copies of the proposed agreement shall be submitted to the Directorate of Defense Trade Controls. The explanatory letter shall contain:

(1) A statement giving the applicant’s Directorate of Defense Trade Controls registration number.

(2) A statement identifying the licensee and the scope of the agreement.

(3) A statement identifying the U.S. Government contract under which the equipment or technical data was generated, improved, or developed and supplied to the U.S. Government, and whether the equipment or technical data was derived from any bid or other proposal to the U.S. Government.

(4) A statement giving the military security classification of the equipment or technical data.

(5) A statement identifying any patent application which discloses any of the subject matter of the equipment or technical data covered by an invention secrecy order issued by the U.S. Patent and Trademark Office.

(6) A statement of the actual or estimated value of the agreement, including the estimated value of all defense articles to be exported in furtherance of the agreement or amendments thereto. If the value is $500,000 or more, an additional statement must be made regarding the payment of political contributions, fees or commissions, pursuant to part 130 of this subchapter.

(7) A statement indicating whether any foreign military sales credits or loan guarantees are or will be involved in financing the agreement.

(8) The agreement must describe any classified information involved and identify, from Department of Defense form DD254, the address and telephone number of the U.S. Government office that classified the information.

(9) For agreements that may require the export of classified information, the Defense Investigative Service cognizant security offices that have responsibility for the facilities of the U.S. parties to the agreement shall be identified. The facility security clearance codes of the U.S. parties shall also be provided.

(10) A statement specifying whether the applicant is requesting retransfer of defense articles and defense services pursuant to §124.16 of this subchapter.

(b) The following statements must be made in the letter of transmittal:

(1) “If the agreement is approved by the Department of State, such approval will not be construed by (the applicant) as passing on the legality of the agreement from the standpoint of antitrust laws or other applicable statutes, nor will (the applicant) construe the Department’s approval as constituting either approval or disapproval of any of the business terms or conditions between the parties to the agreement.”

(2) “The (applicant) will not permit the proposed agreement to enter into force until it has been approved by the Department of State.”

(3) “The (applicant) will furnish the Department of State with one copy of the signed agreement (or amendment) within 30 days from the date that the agreement is concluded and will inform the Department of its termination not less than 30 days prior to expiration and provide information on the continuation of any foreign rights or the flow of technical data to the foreign party. If a decision is made not to conclude the proposed agreement, the applicant will so inform the Department within 60 days.”
§ 124.13 Procurement by United States persons in foreign countries (offshore procurement).

Notwithstanding the other provisions in part 124 of this subchapter, the Directorate of Defense Trade Controls may authorize by means of a license (DSP–5) the export of unclassified technical data to foreign persons for offshore procurement of defense articles, provided that:

(a) The contract or purchase order for offshore procurement limits delivery of the defense articles to be produced only to the person in the United States or to an agency of the U.S. Government; and

(b) The technical data of U.S.-origin to be used in the foreign manufacture of defense articles does not exceed that required for bid purposes on a build-to-print basis (build-to-print means producing an end-item (i.e., system, subsystem or component) from technical drawings and specifications (which contain no process or know-how information) without the need for additional technical assistance). Release of supporting documentation (e.g., acceptance criteria, object code software for numerically controlled machines) is permissible. Build-to-print does not include the release of any information which discloses design methodology, engineering analysis, detailed process information or manufacturing know-how; and

(c) The contract or purchase order between the person in the United States and the foreign person:

(1) Limits the use of the technical data to the manufacture of the defense articles required by the contract or purchase order only; and

(2) Prohibits the disclosure of the data to any other person except subcontractors within the same country; and

(3) Prohibits the acquisition of any rights in the data by any foreign person; and

(4) Provides that any subcontracts between foreign persons in the approved country for manufacture of equipment for delivery pursuant to the contract or purchase order contain all the limitations of this paragraph (c); and

(5) Requires the foreign person, including subcontractors, to destroy or return to the person in the United States all of the technical data exported pursuant to the contract or purchase order upon fulfillment of their terms; and

(6) Requires delivery of the defense articles manufactured abroad only to the person in the United States or to an agency of the U.S. Government; and

(d) The person in the United States provides the Directorate of Defense Trade Controls with a copy of each contract, purchase order or subcontract for offshore procurement at the time it is accepted. Each such contract, purchase order or subcontract must clearly identify the article to be produced and must identify the license number or exemption under which the technical data was exported; and

(e) Licenses issued pursuant to this section must be renewed prior to their expiration if offshore procurement is to be extended beyond the period of validity of the original approved license. In all instances a license for offshore procurement must state as the purpose “Offshore procurement in accordance with the conditions established in the ITAR, including §124.13. No other use will be made of the technical data.” If the technical data involved in an offshore procurement arrangement is otherwise exempt from the licensing requirements of this subchapter (e.g., §126.4), the DSP–5 referred to in the first sentence of this section is not required. However, the exporter must comply with the other requirements of this section and provide a written certification to the Directorate of Defense Trade Controls annually of the offshore procurement activity and cite the exemption under which the technical data was exported. The exemptions
§ 124.14 Exports to warehouses or distribution points outside the United States.

(a) Agreements. Agreements (e.g., contracts) between U.S. persons and foreign persons for the warehousing and distribution of defense articles must be approved by the Directorate of Defense Trade Controls before they enter into force. Such agreements will be limited to unclassified defense articles and must contain conditions for special distribution, end-use and reporting. Licenses for exports pursuant to such agreements must be obtained prior to exports of the defense articles unless an exemption under §123.16(b)(1) of this subchapter is applicable.

(b) Required information. Proposed warehousing and distribution agreements (and amendments thereto) shall be submitted to the Directorate of Defense Trade Controls for approval. The following information must be included in all such agreements:

1. A description of the defense articles involved including test and support equipment covered by the U.S. Munitions List. This shall include when applicable the military nomenclature, the Federal stock number, nameplate data, and any control numbers under which the defense articles were developed or procured by the U.S. Government. Only those defense articles specifically listed in the agreement will be eligible for export under the exemption in §123.16(b)(1) of this subchapter.

2. A detailed statement of the terms and conditions under which the defense articles will be exported and distributed;

3. The duration of the proposed agreement;

4. Specific identification of the country or countries that comprise the distribution territory. Distribution must be specifically limited to the governments of such countries or to private entities seeking to procure defense articles pursuant to a contract with a government within the distribution territory or to other eligible entities as specified by the Directorate of Defense Trade Controls. Consequently, any deviation from this condition must be fully explained and justified. A non-transfer and use certificate (DSP–83) will be required to the same extent required in licensing agreements under §124.9(b).

(c) Required statements. The following statements must be included in all warehousing and distribution agreements:

1. “This agreement shall not enter into force, and may not be amended or extended, without the prior written approval of the Department of State of U.S. Government.”

2. “This agreement is subject to all United States laws and regulations related to exports and to all administrative acts of the United States Government pursuant to such laws and regulations.

3. “The parties to this agreement agree that the obligations contained in this agreement shall not affect the performance of any obligations created by prior contracts or subcontracts which the parties may have individually or collectively with the U.S. Government.”

4. “No liability will be incurred by or attributed to the U.S. Government in connection with any possible infringement of privately owned patent or proprietary rights, either domestic or foreign by reason of the U.S. Government’s approval of this agreement.”

5. “No export, sale, transfer, or other disposition of the defense articles covered by this agreement is authorized to any country outside the distribution territory without the prior written approval of the Directorate of Defense Trade Controls of the U.S. Department of State.”

6. “The parties to this agreement agree that an annual report of sales or other transfers pursuant to this agreement of the licensed articles, by quantity, type, U.S. dollar value, and purchaser or recipient shall be provided by (applicant or licensee) to the Department of State.” This clause must specify which party is obligated to provide the annual report. Such reports may be
submitted either directly by the licensee or indirectly through the licensor, and may cover calendar or fiscal years. Reports shall be deemed proprietary information by the Department of State and will not be disclosed to unauthorized persons. (See §126.10(b) of this subchapter.)

(7) (Licensee) agrees to incorporate the following statement as an integral provision of a contract, invoice or other appropriate document whenever the articles covered by this agreement are sold or otherwise transferred:

These commodities are authorized for export by the U.S. Government only to (country of ultimate destination or approved sales territory). They may not be resold, diverted, transferred, transshipped, or otherwise be disposed of in any other country, either in their original form or after being incorporated through an intermediate process into other end-items, without the prior written approval of the U.S. Department of State.

(8) “All provisions in this agreement which refer to the United States Government and the Department of State will remain binding on the parties after the termination of the agreement.”

(9) Additional clause. Unless the articles covered by the agreement are in fact intended to be distributed to private persons or entities (e.g., sporting firearms for commercial resale, cryptographic devices and software for financial and business applications), the following clause must be included in all warehousing and distribution agreements: “Sales or other transfers of the licensed article shall be limited to governments of the countries in the distribution territory and to private entities seeking to procure the licensed article pursuant to a contract with a government within the distribution territory, unless the prior written approval of the U.S. Department of State is obtained.”

(d) Special clauses for agreements relating to significant military equipment. With respect to agreements for the warehousing and distribution of significant military equipment, the following additional provisions must be included in the agreement:

(1) A completed nontransfer and use certificate (DSP–83) must be executed by the foreign end-user and submitted to the U.S. Department of State before any transfer may take place.

(2) The prior written approval of the U.S. Department of State must be obtained before entering into a commitment for the transfer of the licensed article by sale or otherwise to any person or government outside the approved distribution territory.

(e) Transmittal letters. Requests for approval of warehousing and distribution agreements with foreign persons must be made by letter. The original letter and seven copies of the letter and seven copies of the proposed agreement shall be submitted to the Directorate of Defense Trade Controls. The letter shall contain:

(1) A statement giving the applicant’s Directorate of Defense Trade Controls registration number.

(2) A statement identifying the foreign party to the agreement.

(3) A statement identifying the defense articles to be distributed under the agreement.

(4) A statement identifying any U.S. Government contract under which the equipment may have been generated, improved, developed or supplied to the U.S. Government, and whether the equipment was derived from any bid or other proposal to the U.S. Government.

(5) A statement that no classified defense articles or classified technical data are involved.

(6) A statement identifying any patent application which discloses any of the subject matter of the equipment or related technical data covered by an invention secrecy order issued by the U.S. Patent and Trademark Office.

(f) Required clauses. The following statements must be made in the letter of transmittal:

(1) “If the agreement is approved by the Department of State, such approval will not be construed by (applicant) as passing on the legality of the agreement from the standpoint of antitrust laws or other applicable statutes, nor will (the applicant) construe the Department’s approval as constituting either approval or disapproval of any of the business terms or conditions between the parties to the agreement.”

(2) “The (applicant) will not permit the proposed agreement to enter into
§ 124.15 Special Export Controls for Defense Articles and Defense Services Controlled under Category XV: Space Systems and Space Launches.

(a) The export of any satellite or related item (see §121.1, Category XV(a) and (e)) or any defense service controlled by this subchapter associated with the launch in, or by nationals of, a country that is not a member of the North Atlantic Treaty Organization or a major non-NATO ally of the United States always requires special export controls, in addition to other export controls required by this subchapter, as follows:

(1) All licenses and other requests for approval require a technology transfer control plan (TTCP) approved by the Department of Defense and an encryption technology control plan approved by the National Security Agency. Drafts reflecting advance discussions with both agencies must accompany submission of the license application or proposed technical assistance agreement, and the letter of transmittal required in §124.12 must identify the U.S. Government officials familiar with the preparation of the draft TTCPs. The TTCP must require any U.S. person or entity involved in the export to notify the Department of Defense in advance of all meetings and interactions with any foreign person or entity that is a party to the export and require such U.S. person or entity to certify that it has complied with this notification requirement within 30 days after launch.

(2) The U.S. person must make arrangements with the Department of Defense for monitoring. The costs of such monitoring services must be fully reimbursed to the Department of Defense by the U.S. person receiving such services. The letter of transmittal required under §124.12 must also state that such reimbursement arrangements have been made with the Department of Defense and identify the specific Department of Defense official with whom these arrangements have been made. As required by Public Law 105–261, such monitoring will cover, but not be limited to—

(i) Technical discussions and activities, including the design, development, operation, maintenance, modification, and repair of satellites, satellite components, missiles, other equipment, launch facilities, and launch vehicles;

(ii) Satellite processing and launch activities, including launch preparation, satellite transportation, integration of the satellite with the launch vehicle, testing and checkout prior to launch, satellite launch, and return of equipment to the United States;

(iii) Activities relating to launch failure, delay, or cancellation, including post-launch failure investigations or analyses with regard to either the launcher or the satellite; and

(iv) All other aspects of the launch.

(b) Mandatory licenses for launch failure (crash) investigations or analyses: In the event of a failure of a launch from a foreign country (including a post liftoff failure to reach proper orbit)—

(1) The activities of U.S. persons or entities in connection with any subsequent investigation or analysis of the failure continue to be subject to the controls established under section 38 of the Arms Export Control Act, including the requirements under this subchapter for express approval prior to participation in such investigations or analyses, regardless of whether a license was issued under this subchapter for the initial export of the satellite or satellite component;

(2) Officials of the Department of Defense must monitor all activities associated with the investigation or analyses to insure against unauthorized transfer of technical data or services.
and U.S. persons must follow the procedures set forth in paragraphs (a)(1) and (a)(2) of this Category.

(c) Although Public Law 105–261 does not require the application of special export controls for the launch of U.S.-origin satellites and components from or by nationals of countries that are members of NATO or major non-NATO allies, such export controls may nonetheless be applied, in addition to any other export controls required under this subchapter, as appropriate in furtherance of the security and foreign policy of the United States. Further, the export of any article or defense service controlled under this subchapter to any destination may also require that the special export controls identified in paragraphs (a)(1) and (a)(2) of this category be applied in furtherance of the security and foreign policy of the United States.

(d) Mandatory licenses for exports to insurance providers and underwriters: None of the exemptions or sub-licensing provisions available in this subchapter may be used for the export of technical data in order to obtain or satisfy insurance requirements. Such exports are always subject to the prior approval and re-transfer requirements of sections 3 and 38 of the Arms Export Control Act, as applied by relevant provisions of this subchapter.

§ 125.1 Exports subject to this part.

(a) The controls of this part apply to the export of technical data and the export of classified defense articles. Information which is in the public domain (see §120.11 of this subchapter and §125.4(b)(13)) is not subject to the controls of this subchapter.

(b) A license for the export of technical data and the exemptions in §125.4 may not be used for foreign production purposes or for technical assistance unless the approval of the Directorate of Defense Trade Controls has been obtained. Such approval is generally provided only pursuant to the procedures specified in part 124 of this subchapter.

(c) Technical data authorized for export may not be reexported, transferred or diverted from the country of ultimate end-use or from the authorized foreign end-user (as designated in the license or approval for export) or disclosed to a national of another country without the prior written approval of the Department of State.

[72 FR 71786, Dec. 19, 2007]
§ 125.2 Exports of unclassified technical data.

(a) License. A license (DSP–5) is required for the export of unclassified technical data unless the export is exempt from the licensing requirements of this subchapter. In the case of a plant visit, details of the proposed discussions must be transmitted to the Directorate of Defense Trade Controls for an appraisal of the technical data. Seven copies of the technical data or the details of the discussion must be provided.

(b) Patents. A license issued by the Directorate of Defense Trade Controls is required for the export of technical data whenever the data exceeds that which is used to support a domestic filing of a patent application or to support a foreign filing of a patent application whenever no domestic application has been filed. Requests for the filing of patent applications in a foreign country, and requests for the filing of amendments, modifications or supplements to such patents, should follow the regulations of the U.S. Patent and Trademark Office in accordance with 37 CFR part 5. The export of technical data to support the filing and processing of patent applications in foreign countries is subject to regulations issued by the U.S. Patent and Trademark Office pursuant to 35 U.S.C. 184.

(c) Disclosures. Unless otherwise expressly exempted in this subchapter, a license is required for the oral, visual or documentary disclosure of technical data by U.S. persons to foreign persons. A license is required regardless of the manner in which the technical data is transmitted (e.g., in person, by telephone, correspondence, electronic means, etc.). A license is required for such disclosures by U.S. persons in connection with visits to foreign diplomatic missions and consular offices.

§ 125.3 Exports of classified technical data and classified defense articles.

(a) A request for authority to export defense articles, including technical data, classified by a foreign government or pursuant to Executive Order 12356, successor orders, or other legal authority must be submitted to the Directorate of Defense Trade Controls for approval. The application must contain full details of the proposed transaction. It should also list the facility security clearance code of all U.S. parties on the license and include the Defense Security Service cognizant security office of the party responsible for packaging the commodity for shipment. A non-transfer and use certificate (Form DSP–83) executed by the applicant, foreign consignee, end-user and an authorized representative of the foreign government involved will be required.

(b) Classified technical data which is approved by the Directorate of Defense Trade Controls either for export or reexport after a temporary import will be transferred or disclosed only in accordance with the requirements in the Department of Defense National Industrial Security Program Operating Manual (unless such requirements are in direct conflict with guidance provided by the Directorate of Defense Trade Controls, in which case the latter guidance must be followed). Any other requirements imposed by cognizant U.S. departments and agencies must also be satisfied.

(c) The approval of the Directorate of Defense Trade Controls must be obtained for the export of technical data by a U.S. person to a foreign person in the U.S. or in a foreign country unless
§ 125.4 Exemptions of general applicability.

(a) The following exemptions apply to exports of technical data for which approval is not needed from the Directorate of Defense Trade Controls. These exemptions, except for paragraph (b)(13) of this section, do not apply to exports to proscribed destinations under § 126.1 of this subchapter or for persons considered generally ineligible under § 120.1(c) of this subchapter. The exemptions are also not applicable for purposes of establishing offshore procurement arrangements or producing defense articles offshore (see § 124.13), except as authorized under § 125.4 (c). If § 126.8 of this subchapter requirements are applicable, they must be met before an exemption under this section may be used. Transmission of classified information must comply with the requirements of the Department of Defense National Industrial Security Program Operating Manual (unless such requirements are in direct conflict with guidance provided by the Directorate of Defense Trade Controls, in which case the latter guidance must be followed) and the exporter must certify to the transmittal authority that the technical data does not exceed the technical limitation of the authorized export.

(b) The following exports are exempt from the licensing requirements of this subchapter.

(1) Technical data, including classified information, to be disclosed pursuant to an official written request or directive from the U.S. Department of Defense;

(2) Technical data, including classified information, in furtherance of a manufacturing license or technical assistance agreement approved by the Department of State under part 124 of this subchapter and which meet the requirements of § 124.3 of this subchapter;

(3) Technical data, including classified information, in furtherance of a contract between the exporter and an agency of the U.S. Government, if the contract provides for the export of the data and such data does not disclose the details of design, development, production, or manufacture of any defense article;

(4) Copies of technical data, including classified information, previously authorized for export to the same recipient. Revised copies of such technical data are also exempt if they pertain to the identical defense article, and if the revisions are solely editorial and do not add to the content of technology previously exported or authorized for export to the same recipient;

(5) Technical data, including classified information, in the form of basic operations, maintenance, and training information relating to a defense article lawfully exported or authorized for export to the same recipient. Intermediate or depot-level repair and maintenance information may be exported only under a license or agreement approved specifically for that purpose;

(6) Technical data, including classified information, related to firearms not in excess of caliber .50 and ammunition for such weapons, except detailed design, development, production or manufacturing information;

(7) Technical data, including classified information, being returned to the original source of import;

(8) Technical data directly related to classified information which has been previously exported or authorized for export in accordance with this part to the same recipient, and which does not disclose the details of the design, development, production, or manufacture of any defense article;

(9) Technical data, including classified information, sent by a U.S. corporation to a U.S. person employed by that corporation overseas or to a U.S. Government agency. This exemption is subject to the limitations of § 125.1(b) and may be used only if:

(i) The technical data is to be used overseas solely by U.S. persons;

(ii) If the U.S. person overseas is an employee of the U.S. Government or is
directly employed by the U.S. corporation and not by a foreign subsidiary; and

(iii) The classified information is sent overseas in accordance with the requirements of the Department of Defense National Industrial Security Program Operating Manual (unless such requirements are in direct conflict with guidance provided by the Directorate of Defense Trade Controls, in which case the latter guidance must be followed).

(10) Disclosures of unclassified technical data in the U.S. by U.S. institutions of higher learning to foreign persons who are their bona fide and full time regular employees. This exemption is available only if:

(i) The employee’s permanent abode throughout the period of employment is in the United States;

(ii) The employee is not a national of a country to which exports are prohibited pursuant to §126.1 of this subchapter; and

(iii) The institution informs the individual in writing that the technical data may not be transferred to other foreign persons without the prior written approval of the Directorate of Defense Trade Controls;

(11) Technical data, including classified information, for which the exporter, pursuant to an arrangement with the Department of Defense, Department of Energy or NASA which requires such exports, has been granted an exemption in writing from the licensing provisions of this part by the Directorate of Defense Trade Controls. Such an exemption will normally be granted only if the arrangement directly implements an international agreement to which the United States is a party and if multiple exports are contemplated. The Directorate of Defense Trade Controls, in consultation with the relevant U.S. Government agencies, will determine whether the interests of the United States Government are best served by expediting exports under an arrangement through an exemption (see also paragraph (b)(3) of this section for a related exemption);

(12) Technical data which is specifically exempt under part 126 of this subchapter; or

(13) Technical data approved for public release (i.e., unlimited distribution) by the cognizant U.S. Government department or agency or Office of Freedom of Information and Security Review. This exemption is applicable to information approved by the cognizant U.S. Government department or agency for public release in any form. It does not require that the information be published in order to qualify for the exemption.

(c) Defense services and related unclassified technical data are exempt from the licensing requirements of this subchapter, to nationals of NATO countries, Australia, Japan, and Sweden, for the purposes of responding to a written request from the Department of Defense for a quote or bid proposal. Such exports must be pursuant to an official written request or directive from an authorized official of the U.S. Department of Defense. The defense services and technical data are limited to paragraphs (c)(1), (c)(2), and (c)(3) of this section and must not include paragraphs (c)(4), (c)(5), and (c)(6) of this section which follow:

(1) Build-to-Print. “Build-to-Print” means that a foreign consignee can produce a defense article from engineering drawings without any technical assistance from a U.S. exporter. This transaction is based strictly on a “hands-off” approach since the foreign consignee is understood to have the inherent capability to produce the defense article and only lacks the necessary drawings. Supporting documentation such as acceptance criteria, and specifications, may be released on an as-required basis (i.e., “must have”) such that the foreign consignee would not be able to produce an acceptable defense article without this additional supporting documentation. Documentation which is not absolutely necessary to permit manufacture of an acceptable defense article (i.e., “nice to have”) is not considered within the boundaries of a “Build-to-Print” data package;

(2) Build/Design-to-Specification. “Build/Design-to-Specification” means that a foreign consignee can design and produce a defense article from requirement specifications without any technical assistance from the U.S. exporter.
This transaction is based strictly on a "hands-off" approach since the foreign consignee is understood to have the inherent capability to both design and produce the defense article and only lacks the necessary requirement information.

(3) **Basic Research.** "Basic Research" means a systemic study directed toward greater knowledge or understanding of the fundamental aspects of phenomena and observable facts without specific applications towards processes or products in mind. It does not include "Applied Research" (i.e., a systemic study to gain knowledge or understanding necessary to determine the means by which a recognized and specific need may be met. It is a systemic application of knowledge toward the production of useful materials, devices, and systems or methods, including design, development, and improvement of prototypes and new processes to meet specific requirements);

(4) **Design Methodology**, such as: The underlying engineering methods and design philosophy utilized (i.e., the "why" or information that explains the rationale for particular design decision, engineering feature, or performance requirement); engineering experience (e.g., lessons learned); and the rationale and associated databases (e.g., design allowables, factors of safety, component life predictions, failure analysis criteria) that establish the operational requirements (e.g., performance, mechanical, electrical, electronic, reliability and maintainability) of a defense article. (Final analytical results and the initial conditions and parameters may be provided.)

(5) **Engineering Analysis**, such as: Analytical methods and tools used to design or evaluate a defense article’s performance against the operational requirements. Analytical methods and tools include the development and/or use of mockups, computer models and simulations, and test facilities. (Final analytical results and the initial conditions and parameters may be provided.)

(6) **Manufacturing Know-how**, such as: information that provides detailed manufacturing processes and techniques needed to translate a detailed design into a qualified, finished defense article. (Information may be provided in a build-to-print package that is necessary in order to produce an acceptable defense article.)

(d)(1) Defense services for the items identified in §123.16(b)(10) of this subchapter exported by accredited U.S. institutions of higher learning are exempt from the licensing requirements of this subchapter when the export is:

(i) To countries identified in §123.16(b)(10)(i) of this subchapter and exclusively to nationals of such countries when engaged in international fundamental research conducted under the aegis of an accredited U.S. institution of higher learning; and

(ii) In direct support of fundamental research as defined in §120.11(8) of this subchapter being conducted either at accredited U.S. institutions of higher learning or an accredited institution of higher learning, a governmental research center or an established government funded private research center located within the countries identified in §123.16(b)(10)(i) of this subchapter; and

(iii) Limited to discussions on assembly of any article described in §123.16(b)(10) of this subchapter and or integrating any such article into a scientific, research, or experimental satellite.

(2) The exemption in paragraph (d)(1) of this section, while allowing accredited U.S. institutions of higher learning to participate in technical meetings with foreign nationals from countries specified in §123.16(b)(10)(i) of this subchapter for the purpose of conducting space scientific fundamental research either in the United States or in these countries when working with information that meets the requirements of §120.11 of this subchapter in activities that would generally be controlled as a defense service in accordance with §124.1(a) of this subchapter, does not cover:

(i) Any level of defense service or information involving launch activities including the integration of the satellite or spacecraft to the launch vehicle;

(ii) Articles and information listed in the Missile Technology Control Regime (MTCR) Annex or classified as significant military equipment; or

(iii) The transfer of or access to technical data, information, or software
§ 125.5 Exemptions for plant visits.

(a) A license is not required for the oral and visual disclosure of unclassified technical data during the course of a classified plant visit by a foreign person, provided: The classified visit has itself been authorized pursuant to a license issued by the Directorate of Defense Trade Controls; or the classified visit was approved in connection with an actual or potential government-to-government program or project by a U.S. Government agency having classification jurisdiction over the classified defense article or technical data involved under Executive Order 12356 or other applicable Executive Order; and the unclassified information to be released is directly related to the classified defense article or technical data for which approval was obtained and does not disclose the details of the design, development, production or manufacture of any other defense articles. In the case of visits involving classified information, the requirements of the Department of Defense National Industrial Security Program Operating Manual must be met (unless such requirements are in direct conflict with guidance provided by the Directorate of Defense Trade Controls, in which case the latter guidance must be followed).

(b) The approval of the Directorate of Defense Trade Controls is not required for the disclosure of oral and visual classified information to a foreign person during the course of a plant visit approved by the appropriate U.S. Government agency if: The requirements of the Department of Defense National Industrial Security Program Operating Manual have been met (unless such requirements are in direct conflict with guidance provided by the Directorate of Defense Trade Controls, in which case the latter guidance must be followed); the classified information is directly related to that which was approved by the U.S. Government agency; it does not exceed that for which approval was obtained; and it does not disclose the details of the design, development, production or manufacture of any defense articles.

(c) A license is not required for the disclosure to a foreign person of unclassified technical data during the course of a plant visit (either classified or unclassified) approved by the Directorate of Defense Trade Controls or a cognizant U.S. Government agency provided the technical data does not contain information in excess of that approved for disclosure. This exemption does not apply to technical data which could be used for design, development, production or manufacture of a defense article.

§ 125.6 Certification requirements for exemptions.

(a) To claim an exemption for the export of technical data under the provisions of this subchapter (e.g., §§ 125.4 and 125.5), the exporter must certify that the proposed export is covered by a relevant section of this subchapter, to include the paragraph and applicable subparagraph. Certifications consist of clearly marking the package or letter containing the technical data “22 CFR [insert ITAR exemption] applicable.” This certification must be made in written form and retained in the exporter’s files for a period of 5 years (see § 123.22 of this subchapter).

(b) For exports that are oral, visual, or electronic the exporter must also complete a written certification as indicated in paragraph (a) of this section and retain it for a period of 5 years.

§ 125.7 Procedures for the export of classified technical data and other classified defense articles.

(a) All applications for the export or temporary import of classified technical data or other classified defense articles must be submitted to the Directorate of Defense Trade Controls on Form DSP–85.

(b) An application for the export of classified technical data or other classified defense articles must be accompanied by seven copies of the data and a completed Form DSP–83 (see § 123.10
of this subchapter). Only one copy of the data or descriptive literature must be provided if a renewal of the license is requested. All classified materials accompanying an application must be transmitted to the Directorate of Defense Trade Controls in accordance with the procedures contained in the Department of Defense National Industrial Security Program Operating Manual (unless such requirements are in direct conflict with guidance provided by the Directorate of Defense Trade Controls, in which case the latter guidance must be followed).

§ 125.8 [Reserved]

§ 125.9 Filing of licenses and other authorizations for exports of classified technical data and classified defense articles.

Licenses and other authorizations for the export of classified technical data or classified defense articles will be forwarded by the Directorate of Defense Trade Controls to the Defense Security Service of the Department of Defense in accordance with the provisions of the Department of Defense National Industrial Security Program Operating Manual (unless such requirements are in direct conflict with guidance provided by the Directorate of Defense Trade Controls, in which case the latter guidance must be followed). The Directorate of Defense Trade Controls will forward a copy of the license to the applicant for the applicant’s information. The Defense Security Service will return the endorsed license to the Directorate of Defense Trade Controls upon completion of the authorized export or expiration of the license, whichever occurs first.

§ 126.1 Prohibited exports and sales to certain countries.

(a) General. It is the policy of the United States to deny licenses and other approvals for exports and imports of defense articles and defense services, destined for or originating in certain countries. This policy applies to Belarus, Cuba, Eritrea, Iran, North Korea, Syria, and Venezuela. This policy also applies to countries with respect to which the United States maintains an arms embargo (e.g., Burma, China, Liberia, and Sudan) or whenever an export would not otherwise be in furtherance of world peace and the security and foreign policy of the United States. Information regarding certain other embargoes appears elsewhere in this section. Comprehensive arms embargoes are normally the subject of a State Department notice published in the FEDERAL REGISTER. The exemptions provided in the regulations in this subchapter, except §123.17 of this subchapter, do not apply with respect to articles originating in or for export to any proscribed countries, areas, or persons in this §126.1.

(b) Shipments. A defense article licensed for export under this subchapter may not be shipped on a vessel, aircraft
or other means of conveyance which is owned or operated by, or leased to or from, any of the proscribed countries or areas.

(c) Exports and sales prohibited by United Nations Security Council embargoes. Whenever the United Nations Security Council mandates an arms embargo, all transactions that are prohibited by the embargo and that involve U.S. persons anywhere, or any person in the United States, and defense articles or services of a type enumerated on the United States Munitions List (22 CFR part 121), irrespective of origin, are prohibited under the ITAR for the duration of the embargo, unless the Department of State publishes a notice in the FEDERAL REGISTER specifying different measures. This would include, but is not limited to, transactions involving trade by U.S. persons who are located inside or outside of the United States in defense articles or services of U.S. or foreign origin that are located inside or outside of the United States. United Nations Arms Embargoes include, but are not necessarily limited to, the following countries:

(1) Cote d’Ivoire
(2) Democratic Republic of Congo (see also paragraph (i) of this section)
(3) Iraq
(4) Iran
(5) Lebanon
(6) Liberia
(7) North Korea
(8) Sierra Leone
(9) Somalia
(10) Sudan

(d) Terrorism. Exports to countries which the Secretary of State has determined to have repeatedly provided support for acts of international terrorism are contrary to the foreign policy of the United States and are thus subject to the policy specified in paragraph (a) of this section and the requirements of section 40 of the Arms Export Control Act (22 U.S.C. 2780) and the Omnibus Diplomatic Security and Anti-Terrorism Act of 1986 (22 U.S.C. 4801, note). The countries in this category are: Cuba, Iran, North Korea, Sudan and Syria.

(e) Proposed sales. No sale or transfer and no proposal to sell or transfer any defense articles, defense services or technical data subject to this subchapter may be made to any country referred to in this section (including the embassies or consulates of such a country), or to any person acting on its behalf, whether in the United States or abroad, without first obtaining a license or written approval of the Director of Defense Trade Controls. However, in accordance with paragraph (a) of this section, it is the policy of the Department of State to deny licenses and approvals in such cases. Any person who knows or has reason to know of such a proposed or actual sale, or transfer, of such articles, services or data must immediately inform the Director of Defense Trade Controls.

(f) Iraq. It is the policy of the United States to deny licenses, other approvals, exports and imports of defense articles, destined for or originating in Iraq except, if determined to be in the national interest of the United States and subject to the notification requirements of section 1504 of Public Law 108–11, exports may be authorized of nonlethal military equipment and, in the case of lethal military equipment, only that which is designated by the Secretary of State (or designee) for use by a reconstituted (or interim) Iraqi military or police force, and of small arms designated by the Secretary of State (or designee) for use for private security purposes.

(g) Afghanistan. It is the policy of the United States to deny licenses, other approvals, exports or imports of defense articles and defense services, destined for or originating in Afghanistan except for the Government of Afghanistan (currently the Afghan Interim Authority) and the International Security Assistance Force, which will be reviewed on a case-by-case basis. In addition, lists of persons subject to a broad prohibition, including an arms embargo, due to their affiliation with the Taliban, Usama bin Laden, Al-Qaida or those associated with them will continue to be published from time to time.

(h) [Reserved]

(i) Democratic Republic of the Congo. It is the policy of the United States to deny licenses, other approvals, exports or imports of defense articles and defense services destined for or originating in the Democratic Republic of the Congo.
the Congo except for non-lethal equipment and training (lethal and non-lethal) to the United Nations Organization Mission in the Democratic Republic of the Congo (MONUC), the transitional National Unity Government of the Democratic Republic of the Congo and the integrated Congolese national army and police forces, such units operating under the command of the etat-major integre of the Congolese Armed Forces or National Police, and such units in the process of being integrated outside the provinces of North and South Kivu and the Ituri district; and non-lethal equipment for humanitarian or protective use, and related assistance and training, as notified in advance to the UN. An arms embargo exists with respect to any recipient in the Democratic Republic of the Congo.

(j) Haiti. It is the policy of the United States to deny licenses, other approvals, exports or imports of defense articles and defense services destined for or originating in Haiti. A denial policy will remain for exports or imports of defense articles and defense services destined for or originating in Haiti except, on a case-by-case basis, for supplies of arms and related materials or technical training and assistance intended solely for the support of or use by security units that operate under the command of the Government of Haiti, supplies of arms and related materials for technical training and assistance intended solely for the support of or use by the United Nations or a United Nations-authorized mission, and personal protective clothing, including flak jackets and helmets, for use by personnel from the United Nations and other international organizations, representatives of the media, and development workers and associated personnel. All shipments of arms and related materials consistent with such exemptions shall only be made to Haitian security units as designated by the Government of Haiti, in coordination with the U.S. Government.

(k) Libya. It is the policy of the United States to deny licenses, other approvals, exports or imports of defense articles and defense services destined for or originating in Libya except, on a case-by-case basis, for:

(1) Non-lethal defense articles and defense services,
(2) Non-lethal safety-of-use defense articles (e.g., cartridge actuated devices, propellant actuated devices and technical manuals for military aircraft for purposes of enhancing the safety of the aircraft crew) as spare parts for lethal end-items.

For non-lethal defense end-items, no distinction will be made between Libya's existing and new inventory.

(l) Vietnam. It is the policy of the United States to deny licenses, other approvals, exports or imports of defense articles and defense services destined for or originating in Vietnam except, on a case-by-case basis, for:

(1) Non-lethal defense articles and defense services, and
(2) Non-lethal, safety-of-use defense articles (e.g., cartridge actuated devices, propellant actuated devices and technical manuals for military aircraft for purposes of enhancing the safety of the aircraft crew) for lethal end-items.

For non-lethal defense end-items, no distinction will be made between Vietnam's existing and new inventory.

(m) Somalia. It is the policy of the United States to deny licenses, or other approvals, for exports or imports of defense articles and defense services destined for or originating in Somalia. A denial policy will remain for exports or imports of defense articles and defense services destined for or originating in Somalia except, on a case-by-case basis, for defense articles and defense services intended solely for:

(1) Support for the African Union Mission to Somalia (AMISOM), and
(2) Support for the purpose of helping develop security sector institutions in Somalia that further the objectives of peace, stability and reconciliation in Somalia, after advance notification of the proposed export by the United States Government to the UN Somalia Sanctions Committee and the absence of a negative decision by that committee.

Exemptions from the licensing requirement may not be used with respect to any export to Somalia unless specifically authorized in writing by the Directorate of Defense Trade Controls.
§ 126.2 Temporary suspension or modification of this subchapter.

The Deputy Assistant Secretary for Defense Trade Controls or the Managing Director, Directorate of Defense Trade Controls, may order the temporary suspension or modification of any or all of the regulations of this subchapter in the interest of the security and foreign policy of the United States.

[71 FR 20546, Apr. 21, 2006]

§ 126.3 Exceptions.

In a case of exceptional or undue hardship, or when it is otherwise in the interest of the United States Government, the Director, Office of Defense Trade Controls may make an exception to the provisions of this subchapter.

§ 126.4 Shipments by or for United States Government agencies.

(a) A license is not required for the temporary import, or temporary export, of any defense article, including technical data or the performance of a defense service, by or for any agency of the U.S. Government for official use by such an agency, or for carrying out any foreign assistance, cooperative project or sales program authorized by law and subject to control by the President by other means. This exemption applies only when all aspects of a transaction (export, carriage, and delivery abroad) are affected by a United States Government agency or when the export is covered by a United States Government Bill of Lading. This exemption, however, does not apply when a U.S. Government agency acts as a transmittal agent on behalf of a private individual or firm, either as a convenience or in satisfaction of security requirements. The approval of the Directorate of Defense Trade Controls must be obtained before defense articles previously exported pursuant to this exemption are permanently transferred (e.g., property disposal of surplus defense articles overseas) unless the transfer is pursuant to a grant, sale, lease, loan or cooperative project under the Arms Export Control Act or a sale, lease or loan under the Foreign Assistance Act of 1961, as amended, or the defense articles have been rendered useless for military purposes beyond the possibility of restoration.

Note: Special definition. For purposes of this section, defense articles exported abroad for incorporation into a foreign launch vehicle or for use on a foreign launch vehicle or satellite that is to be launched from a foreign country shall be considered a permanent export.

(b) This section does not authorize any department or agency of the U.S. Government to make any export which is otherwise prohibited by virtue of other administrative provisions or by any statute.

(c) A license is not required for the temporary import, or temporary or permanent export, of any classified or unclassified defense articles, including technical data or the performance of a defense service, for end-use by a U.S. Government Agency in a foreign country under the following circumstances:

(1) The export or temporary import is pursuant to a contract with, or written direction by, an agency of the U.S. Government; and

(2) The end-user in the foreign country is a U.S. Government agency or facility, and the defense articles or technical data will not be transferred to any foreign person; and

(3) The urgency of the U.S. Government requirement is such that the appropriate export license or U.S. Government Bill of Lading could not have been obtained in a timely manner.

(d) A Shipper’s Export Declaration (SED), required under §123.22 of this subchapter, and a written statement by...
the exporter certifying that these requirements have been met must be presented at the time of export to the appropriate Port Director of U.S. Customs and Border Protection or Department of Defense transmittal authority. A copy of the SED and the written certification statement shall be provided to the Directorate of Defense Trade Controls immediately following the export.

[58 FR 39312, July 22, 1993, as amended at 70 FR 50964, Aug. 29, 2005]

Port Director of U.S. Customs and Border Protection and postmasters shall permit the temporary import and return to Canada without a license of any unclassified defense articles (see §120.6 of this subchapter) that originate in Canada for temporary use in the United States and return to Canada. All other temporary imports shall be in accordance with §§123.3 and 123.4 of this subchapter.

(b) Permanent and temporary export of defense articles. (B) With all sidelobes less than or equal to −35dB, relative to the peak of the main beam; or

(C) Designed, modified, or configured to provide coverage area on the surface of the earth less than 200 nautical miles in diameter, where “coverage area” is defined as that area on the surface of the earth that is illuminated by the main beam width of the antenna (which is the angular distance between half power points of the beam).

(2) The transfer of technical data and provision of defense service is limited to the following activities:

(i) Canadian-registered person or a registered and eligible U.S. company (in accordance with part 122 of this subchapter) preparing a quote or bid proposal in response to a written request from a Department or Agency of the United States Federal Government or from a Canadian Federal, Provincial, or Territorial Government; or

(ii) Produce, design, assemble, maintain or service a defense article (i.e., hardware, technical data) for use by a registered U.S. company; or, a U.S. Federal Government Program; or for end use in a Canadian Federal, Provincial, or Territorial Government Program;

(iii) The defense services and technical data are limited to that defined in paragraph (c)(6) of this section; and

(3) The Canadian contractor and subcontractor certify, in writing, to the U.S. exporter that the technical data
and defense service being exported will be used only for an activity identified in paragraph (c)(2) of this section; and

(4) A written arrangement between the U.S. exporter and the Canadian recipient (such as a consummated Non-Disclosure or other multi-party agreement, Technology Transfer Control Plan, contract or purchase order) must:

(i) Limit delivery of the defense articles being produced directly to an identified manufacturer in the United States registered in accordance with part 122 of this subchapter; a Department or Agency of the United States Federal Government; a Canadian-registered person authorized in writing to manufacture defense articles by and for the Government of Canada; a Canadian Federal, Provincial, or Territorial Government; and

(ii) Prohibit the disclosure of the technical data to any other contractor or subcontractor who is not a Canadian-registered person; and

(iii) Provide that any subcontract contain all the limitations of this section; and

(iv) Require that the Canadian contractor, including subcontractors, destroy or return to the U.S. exporter in the United States all of the technical data exported pursuant to the contract or purchase order upon fulfillment of the contract, unless for use by a Canadian or United States Government entity that requires in writing the technical data be maintained. The U.S. exporter must be provided written certification that the technical data is being retained or destroyed; and

(v) Include a clause requiring that all documentation created from U.S. technical data contain the statement, "This document contains technical data, the use of which is restricted by the U.S. Arms Export Control Act. This data has been provided in accordance with, and is subject to, the limitations specified in §126.5 of the International Traffic In Arms Regulations (ITAR)." By accepting this data, the consignee agrees to honor the requirements of the ITAR"; and

(5) The U.S. exporter must provide the Directorate of Defense Trade Controls a semi-annual report of all their on-going activities authorized under this section. The report shall include the article(s) being produced; the end user(s) (i.e., name of U.S. or Canadian company); the end item into which the product is to be incorporated; the intended end use of the product (e.g., United States or Canadian Defense contract number and identification of program); the name and address of all the Canadian contractors and subcontractors; and

(6) The defense services and technical data are limited to those in paragraphs (c)(6)(i), (ii), (iii) and (iv), and do not include paragraphs (c)(6)(v), (vi) and (vii) of this section:

(i) Build-to-print. "Build-to-print" means that a foreign consignee can produce a defense article from engineering drawings without any technical assistance from a U.S. exporter. This transaction is based strictly on a "hand-off" approach because the foreign consignee is understood to have the inherent capability to produce the defense article and only lacks the necessary drawings. Supporting documentation such as acceptance criteria, and specifications, may be released on an as-required basis (i.e., "must have") such that the foreign consignee would not be able to produce an acceptable defense article without this additional supporting documentation. Documentation which is not absolutely necessary to permit manufacture of an acceptable defense article (i.e., "nice to have") is not considered within the boundaries of a "Build-to-print" data package; and/or

(ii) Build/Design-to-specification. "Build/Design-to-specification" means that a foreign consignee can design and produce a defense article from requirement specifications without any technical assistance from the U.S. exporter. This transaction is based strictly on a "hands-off" approach since the foreign consignee is understood to have the inherent capability to both design and produce the defense article and only lacks the necessary requirement information; and/or

(iii) Basic research. "Basic research" means a systemic study directed toward greater knowledge or understanding of the fundamental aspects of phenomena and observable facts without specific applications towards processes or products in mind. It does not
include “Applied Research” (i.e., a systemic study to gain knowledge or understanding necessary to determine the means by which a recognized and specific need may be met. It is a systematic application of knowledge toward the production of useful materials, devices, and systems or methods, including design, development, and improvement of prototypes and new processes to meet specific requirements.); and

(iv) Maintenance (i.e., inspection, testing, calibration or repair, including overhaul, reconditioning and one-to-one replacement of any defective items, parts or components, but excluding any modification, enhancement, upgrade or other form of alteration or improvement that changes the basic performance of the item); and does not include

(v) Design methodology, such as: The underlying engineering methods and design philosophy utilized (i.e., the “why” or information that explains the rationale for particular design decisions, engineering feature, or performance requirement); engineering experience (e.g., lessons learned); and the rationale and associated databases (e.g., design allowables, factors of safety, component life predictions, failure analysis criteria) that establish the operational requirements (e.g., performance, mechanical, electrical, electronic, reliability and maintainability) of a defense article. (Final analytical results and the initial conditions and parameters may be provided.)

(vi) Engineering analysis, such as: Analytical methods and tools used to design or evaluate a defense article’s performance against the operational requirements. Analytical methods and tools include the development and/or use of mockups, computer models and simulations, and test facilities. (Final analytical results and the initial conditions and parameters may be provided.)

(vii) Manufacturing know-how, such as: Information that provides detailed manufacturing processes and techniques needed to translate a detailed design into a qualified, finished defense article. (Information may be provided in a build-to-print package identified in paragraph (c)(6)(i) of this section that is necessary in order to produce an acceptable defense article.).

(d) Reexports/retransfer. Reexport/retransfer in Canada to another end user or end use or from Canada to another destination, except the United States, must in all instances have the prior approval of the Directorate of Defense Trade Controls. Unless otherwise exempt in this subchapter, the original exporter is responsible, upon request from a Canadian-registered person, for obtaining or providing reexport/retransfer approval. In any instance when the U.S. exporter is no longer available to the Canadian end user the request for reexport/retransfer may be made directly to Department of State, Directorate of Defense Trade Controls. All requests must include the information in §123.9(c) of this subchapter. Reexport/retransfer approval is acquired by:

(1) If the reexport/retransfer being requested could be made pursuant to this section (i.e., a retransfer within Canada to another eligible Canadian recipient under this section) if exported directly from the U.S., upon receipt by the U.S. company of a request by a Canadian end user, the original U.S. exporter is authorized to grant on behalf of the U.S. Government by confirming in writing to the Canadian requester that the reexport/retransfer is authorized subject to the conditions of this section; or

(2) If the reexport/retransfer is to an end use or end user that, if directly exported from the U.S. requires a license, retransfer must be handled in accordance with §123.9 of this subchapter.

NOTES TO §126.5: 1. In any instance when the exporter has knowledge that the defense article exempt from licensing is being exported for use other than by a qualified Canadian-registered person or for export to another foreign destination, other than the United States, in its original form or incorporated into another item, an export license must be obtained prior to the transfer to Canada.

2. Additional exemptions exist in other sections of this subchapter that are applicable to Canada, for example Secs. 123.9, 125.4 and 124.2, which allows for the performance of defense services related to training in basic operations and maintenance, without a license.
§ 126.6 Foreign-owned military aircraft and naval vessels, and the Foreign Military Sales program.

(a) A license from the Directorate of Defense Trade Controls is not required if:

(1) The article or technical data to be exported was sold, leased, or loaned by the Department of Defense to a foreign country or international organization pursuant to the Arms Export Control Act or the Foreign Assistance Act of 1961, as amended, and

(2) The article or technical data is delivered to representatives of such a country or organization in the United States; and

(3) The article or technical data is to be exported from the United States on a military aircraft or naval vessel of that government or organization, or via the Defense Transportation Service (DTS).

(b) Foreign military aircraft and naval vessels. A license is not required for the entry into the United States of military aircraft or naval vessels of any foreign state if no overhaul, repair, or modification of the aircraft or naval vessel is to be performed. However, Department of State approval for overflight (pursuant to the 49 U.S.C. 40103) and naval visits must be obtained from the Bureau of Political-Military Affairs, Office of International Security Operations.

(c) Foreign Military Sales Program. § 126.8 Proposals to foreign persons relating to significant military equipment.

(a) Proposals. Certain proposals to foreign persons for the sale or manufacture abroad of significant military equipment require either the prior approval of, or prior notification to, the Directorate of Defense Trade Controls.

(1) Sale of significant military equipment: The prior approval of the Directorate of Defense Trade Controls is required before a U.S. person may make a proposal or presentation designed to constitute a basis for a decision on the part of any foreign person to purchase significant military equipment on the U.S. Munitions List whenever all the following conditions are met:

(i) The value of the significant military equipment to be sold is $14,000,000 or more; and

(ii) The equipment is intended for use by the armed forces of any foreign country other than a member of the North Atlantic Treaty Organization, Australia, Japan, New Zealand, or South Korea; and

(iii) The sale would involve the export from the United States of any defense article or the furnishing abroad of any defense service including technical data; and

(iv) The identical significant military equipment has not been previously licensed for permanent export or approved for sale under the Foreign Military Sales Program of the Department of Defense, to any foreign country.

(2) Sale of significant military equipment: The Directorate of Defense Trade Controls must be notified in writing at least thirty days in advance of any proposal or presentation concerning the sale of significant military equipment whenever the conditions specified in paragraphs (a)(1)(i) through (iii) of this section are met and the identical equipment has been previously licensed for permanent export or approved for sale under the FMS Program to any foreign country.

(3) Manufacture abroad of significant military equipment: The prior approval of the Directorate of Defense Trade Controls is required before a U.S. person may make a proposal or presentation designed to constitute a basis for a decision on the part of any foreign person to enter into any manufacturing license agreement or technical assistance agreement for the production or assembly of significant military equipment, regardless of dollar value, in any foreign country, whenever:

(i) The equipment is intended for use by the armed forces of any foreign country; and

(ii) The agreement would involve the export from the United States of any defense article or the furnishing abroad of any defense service including technical data.

(b) Definition of proposal or presentation. The terms proposal or presentation (designed to constitute a basis for a decision to purchase and to enter into any agreement) mean the communication of information in sufficient detail that the person communicating that information knows or should know that it would permit an intended purchaser to decide either to acquire the particular equipment in question or to enter into the manufacturing license agreement or technical assistance agreement. For example, a presentation which describes the equipment’s performance characteristics, price, and probable availability for delivery would require prior notification or approval, as appropriate, where the conditions specified in paragraph (a) of this section are met. By contrast, the following would not require prior notification or approval: Advertising or other reporting in a publication of general circulation; preliminary discussions to ascertain market potential; or merely calling attention to the fact that a company manufactures a particular item of significant military equipment.

(c) Satisfaction of requirements. (1) The requirement of this section for prior approval is met by any of the following:

(i) A written statement from the Directorate of Defense Trade Controls approving the proposed sale or agreement or approving the making of a proposal or presentation.

(ii) A license issued under §125.2 or §125.3 of this subchapter for the export of technical data relating to the proposed sale or agreement to the country concerned.

(iii) A temporary export license issued under §123.5 of this subchapter relating to the proposed sale or agreement for a demonstration to the armed forces of the country of export.

(iv) With respect to manufacturing license agreements or technical assistance agreements, the application for export licenses pursuant to the two preceding subparagraphs must state that they are related to possible agreements of this kind.

(2) The requirement of this section for prior notification is met by informing the Directorate of Defense Trade Controls by letter at least 30 days before making the proposal or presentation. The letter must comply with the procedures set forth in paragraph (d) of this section and must identify the relevant license, approval, or FMS case by which the identical equipment had previously been authorized for permanent export or sale. The Directorate of Defense Trade Controls will provide written acknowledgement of such prior notification to confirm compliance with this requirement and the commencement of the 30-day notification period.

(d) Procedures. Unless a license has been obtained pursuant to
§ 126.8(c)(1)(ii), or (iii), a request for prior approval to make a proposal or presentation with respect to significant military equipment, or a 30-day prior notification regarding the sale of such equipment, must be made by letter to the Directorate of Defense Trade Controls. The letter must outline in detail the intended transaction, including usage of the equipment involved and the country (or countries) involved. Seven copies of the letter should be provided as well as seven copies of suitable descriptive information concerning the equipment.

(e) **Statement to accompany licensing requests.** (1) Every application for an export license or other approval to implement a sale or agreement which meets the criteria specified in paragraph (a) of this section must be accompanied by a statement from the applicant which either:

(i) Refers to a specific notification made or approval previously granted with respect to the transaction; or

(ii) Certifies that no proposal or presentation requiring prior notification or approval has been made.

(2) The Department of State may require a similar statement from the Foreign Military Sales contractor concerned in any case where the United States Government receives a request for a letter of offer for a sale which meets the criteria specified in paragraph (a) of this section.

(f) **Penalties.** In addition to other remedies and penalties prescribed by law or this subchapter, a failure to satisfy the prior approval or prior notification requirements of this section may be considered to be a reason for disapproval of a license, agreement or sale under the FMS program.

(g) **License for technical data.** Nothing in this section constitutes or is to be construed as an exemption from the licensing requirement for the export of technical data that is embodied in any proposal or presentation made to any foreign persons.

§ 126.9 **Advisory opinions and related authorizations.**

(a) **Advisory opinion.** Any person desiring information as to whether the Directorate of Defense Trade Controls would be likely to grant a license or other approval for the export or approval of a particular defense article or defense service to a particular country may request an advisory opinion from the Directorate of Defense Trade Controls. Advisory opinions are issued on a case-by-case basis and apply only to the particular matters presented to the Directorate of Defense Trade Controls. These opinions are not binding on the Department of State, and may not be used in future matters before the Department. A request for an advisory opinion must be made in writing and must outline in detail the equipment, its usage, the security classification (if any) of the articles or related technical data, and the country or countries involved. An original and seven copies of the letter must be provided along with seven copies of suitable descriptive information concerning the defense article or defense service.

(b) **Related authorizations.** The Directorate of Defense Trade Controls may, as appropriate, in accordance with the procedures set forth in paragraph (a) of this section, provide export authorization, subject to all other relevant requirements of this subchapter, both for transactions that have been the subject of advisory opinions requested by prospective U.S. exporters, or for the Directorate's own initiatives. Such initiatives may cover pilot programs, or specifically anticipated circumstances for which the Directorate considers special authorizations appropriate.

§ 126.10 **Disclosure of information.**

(a) **Freedom of information.** Subchapter R of this title contains regulations on the availability to the public of information and records of the Department of State. The provisions of subchapter R apply to such disclosures by the Directorate of Defense Trade Controls.

§ 126.11 Determinations required by law.

Section 38(e) of the Arms Export Control Act (22 U.S.C. 2778) provides by reference to certain procedures of the Export Administration Act that certain information required by the Department of State in connection with the licensing process may generally not be disclosed to the public unless certain determinations relating to the national interest are made in accordance with the procedures specified in that provision, except that the names of the countries and types and quantities of defense articles for which licenses are issued under this section shall not be withheld from public disclosure unless the President determines that release of such information would be contrary to the national interest. Registration with the Directorate of Defense Trade Controls is required of certain persons, in accordance with Section 38 of the Arms Export Control Act. The requirements and guidance are provided in the ITAR pursuant to parts 122 and 129. Registration is generally a precondition to the issuance of any license or other approvals under this subchapter, to include the use of any exemption. Therefore, information provided to the Department of State to effect registration, as well as that regarding actions taken by the Department of State related to registration, may not generally be disclosed to the public. Determinations required by Section 38(e) shall be made by the Assistant Secretary for Political-Military Affairs.

(c) Information required under part 130. Part 130 of this subchapter contains specific provisions on the disclosure of information described in that part.

(d) National Interest Determinations. In accordance with section 38(e) of the Arms Export Control Act (22 U.S.C. 2778(e)), the Secretary of State has determined that the following disclosures are in the national interest of the United States:

(1) Furnishing information to foreign governments for law enforcement or regulatory purposes; and

(2) Furnishing information to foreign governments and other agencies of the U.S. Government in the context of multilateral or bilateral export regimes (e.g., the Missile Technology Control Regime, the Australia Group, and Wassenaar Arrangement).

§ 126.12 Continuation in force.

All determinations, authorizations, licenses, approvals of contracts and agreements and other action issued, authorized, undertaken, or entered into by the Department of State pursuant to section 414 of the Mutual Security Act of 1954, as amended, or under the previous provisions of this subchapter, continue in full force and effect until or unless modified, revoked or superseded by the Department of State.

§ 126.13 Required information.

(a) All applications for licenses (DSP–5, DSP–61, DSP–73, and DSP–85), all requests for approval of agreements and amendments thereto under part 124 of this subchapter, all requests for other written authorizations, and all 30-day prior notifications of sales of significant military equipment under §126.8(c) must include a letter signed by a responsible official empowered by the applicant and addressed to the Directorate of Defense Trade Controls, stating whether:

(1) The applicant or the chief executive officer, president, vice-presidents, other senior officers or officials (e.g.,
(a) Comprehensive authorizations. With respect to NATO members, Australia, Japan, and Sweden, the Directorate of Defense Trade Controls may provide the comprehensive authorizations described in paragraphs (a) and (b) of this section for circumstances where the full parameters of a commercial export endeavor including the needed defense
exports can be well anticipated and described in advance, thereby making use of such comprehensive authorizations appropriate.

(1) **Major project authorization.** With respect to NATO members, Australia, Japan, and Sweden, the Directorate of Defense Trade Controls may provide comprehensive authorizations for well circumscribed commercially developed “major projects”, where a principal registered U.S. exporter/prime contractor identifies in advance the broad parameters of a commercial project including defense exports needed, other participants (e.g., exporters with whom they have “teamed up,” or subcontractors), and foreign government end users. Projects eligible for such authorization may include a commercial export of a major weapons system for a foreign government involving, for example, multiple U.S. suppliers under a commercial teaming agreement to design, develop and manufacture defense articles to meet a foreign government’s requirements. U.S. exporters seeking such authorization must provide detailed information concerning the scope of the project, including other exporters, U.S. subcontractors, and planned exports (including re-exports) of defense articles, defense services, and technical data, and meet the other requirements set forth in paragraph (b) of this section.

(2) **Major program authorization.** With respect to NATO members, Australia, Japan, and Sweden, the Directorate of Defense Trade Controls may provide comprehensive authorizations for well circumscribed commercially developed “major program”. This variant would be available where a single registered U.S. exporter defines in advance the parameters of a broad commercial program for which the registrant will be providing all phases of the necessary support (including the needed hardware, technical data, defense services, development, manufacturing, and logistic support). U.S. exporters seeking such authorization must provide detailed information concerning the scope of the program, including planned exports (including re-exports) of defense articles, defense services, and technical data, and meet the other requirements set forth in paragraph (b) of this section.

(3)(i) **Global project authorization.** With respect to NATO members, Australia, Japan, and Sweden, the Directorate of Defense Trade Controls may provide a comprehensive “Global Project Authorization” to registered U.S. exporters for exports of defense articles, technical data or defense services in support of government to government cooperative projects (covering research and development or production) with one of these countries undertaken pursuant to an agreement between the U.S. Government and the government of such country, or a memorandum of understanding/agreement between the Department of Defense and the country’s Ministry of Defense.

(ii) A set of standard terms and conditions derived from and corresponding to the breadth of the activities and phases covered in such a cooperative MOU will provide the basis for this comprehensive authorization for all U.S. exporters (and foreign end users) identified by DoD as participating in such cooperative project. Such authorizations may cover a broad range of defined activities in support of such programs including multiple shipments of defense articles and technical data and performance of defense services for extended periods, and re-exports to approved end users.

(iii) Eligible end users will be limited to ministries of defense of MOU signatory countries and foreign companies serving as contractors of such countries.

(iv) Any requirement for non-transfer and use assurances from a foreign government may be deemed satisfied by the signature by such government of a cooperative agreement or by its ministry of defense of a cooperative MOU/MOA where the agreement or MOU contains assurances that are comparable to that required by a DSP–83 with respect to foreign governments and that clarifies that the government is undertaking responsibility for all its participating companies. The authorized non-government participants or end users (e.g., the participating government’s contractors) will still be required to execute DSP–83s.
(4) Technical data supporting an acquisition, teaming arrangement, merger, joint venture authorization. With respect to NATO member countries, Australia, Japan, and Sweden, the Directorate of Defense Trade Controls may provide a registered U.S. defense company a comprehensive authorization to export technical data in support of the U.S. exporter’s consideration of entering into a teaming arrangement, joint venture, merger, acquisition, or similar arrangement with prospective foreign partners. Specifically, the authorization is designed to permit the export of a broadly defined set of technical data to qualifying well established foreign defense firms in NATO countries, Australia, Japan, or Sweden in order to better facilitate a sufficiently in depth assessment of the benefits, opportunities and other relevant considerations presented by such prospective arrangements. U.S. exporters seeking such authorization must provide detailed information concerning the arrangement, joint venture, merger or acquisition, including any planned exports of defense articles, defense services, and technical data, and meet the other requirements set forth in paragraph (b) of this section.

(b) Provisions and requirements for comprehensive authorizations. Requests for the special comprehensive authorizations set forth in paragraph (a) of this section should be by letter addressed to the Directorate of Defense Trade Controls. With regard to a commercial major program or project authorization, or technical data supporting a teaming arrangement, merger, joint venture or acquisition, registered U.S. exporters may consult the Managing Director of the Directorate of Defense Trade Controls about eligibility for and obtaining available comprehensive authorizations set forth in paragraph (a) of this section or pursuant to §126.9(b).

(1) Requests for consideration of all such authorizations should be formulated to correspond to one of the authorizations set out in paragraph (a) of this section, and should include:

(i) A description of the proposed program or project, including where appropriate a comprehensive description of all phases or stages; and

(ii) Its value; and

(iii) Types of exports needed in support of the program or project; and

(iv) Projected duration of same, within permissible limits; and

(v) Description of the exporter’s plan for record keeping and auditing of all aspects of the programs, opportunities and other relevant considerations presented by such prospective arrangements.

(2) Amendments to the requested authorization may be requested in writing as appropriate, and should include a detailed description of the aspects of the activities being proposed for amendment.

(3) The comprehensive authorizations set forth in paragraph (a) of this section may be made valid for the duration of the major commercial program or project, or cooperative project, not to exceed 10 years.

(4) Included among the criteria required for such authorizations are those set out in Part 124, e.g., §§124.7, 124.8 and 124.9, as well as §§125.4 (technical data exported in furtherance of an agreement) and 123.16 (hardware being included in an agreement). Provisions required will also take into account the congressional notification requirements in §§123.15 and 124.11 of the ITAR. Specifically, comprehensive congressional notifications corresponding to the comprehensive parameters for the major program or project should be possible, with additional notifications such as those required by law for changes in value or other significant modifications.

(5) All authorizations will be consistent with all other applicable requirements of the ITAR, including requirements for non-transfer and use assurances (see §§123.10 and 124.10), congressional notifications (e.g., §§123.15 and 124.11), and other documentation (e.g., §§123.9 and 126.13).

(6) Special auditing and reporting requirements will also be required for these authorizations. Exporters using special authorizations are required to establish an electronic system for keeping records of all defense articles, defense services and technical data exported and comply with all applicable.
§ 126.15 Expedited processing of license applications for the export of defense articles and defense services to Australia or the United Kingdom.

(a) Any application submitted for authorization of the export of defense articles or services to Australia or the United Kingdom will be expeditiously processed by the Department of State, in consultation with the Department of Defense. Such license applications will not be referred to any other Federal department or agency, except when the defense articles or defense services are classified or exceptional circumstances apply. (See section 1225, Pub. L. 108–375).

(b) To be eligible for the expedited processing in paragraph (a) of this section, the destination of the prospective export must be limited to Australia or the United Kingdom. No other country may be included as intermediary or ultimate end-user.

(a) Violates any provision of section 38 or section 39 of the Arms Export Control Act (22 U.S.C. 2778 and 2779), or any undertaking specifically required by part 124 of this subchapter; or

(b) In a registration, license application or report required by §38 or §39 of the Arms Export Control Act (22 U.S.C. 2778 and 2779) or by any rule or regulation issued under either section, makes any untrue statement of a material fact or omits a material fact required to be stated therein or necessary to
§ 127.4 Authorization of U.S. Immigration and Customs Enforcement and U.S. Customs and Border Protection Officers.

(a) U.S. Immigration and Customs Enforcement and U.S. Customs and Border Protection officers may take appropriate action to ensure observance of this subchapter as to the export or the attempted export of any defense article or technical data, including the inspection of loading or unloading of any vessel, vehicle, or aircraft. This applies whether the export is authorized by license or by written approval issued under this subchapter.

(b) U.S. Immigration and Customs Enforcement and U.S. Customs and Border Protection officers have the authority to investigate, detain or seize any export or attempted export of defense articles or technical data contrary to this subchapter.

(c) Upon the presentation to a U.S. Customs and Border Protection Officer of a license or written approval authorizing the export of any defense article, the customs officer may require the production of other relevant documents and information relating to the proposed export.

§ 127.5 Authority of the Defense Security Service.

In the case of exports involving classified technical data or defense articles, the Defense Security Service may take appropriate action to ensure compliance with the Department of Defense National Industrial Security Program Operating Manual (unless such requirements are in direct conflict with guidance provided by the Directorate of Defense Trade Controls, in which case the latter guidance must be followed). Upon a request to the Defense Security Service regarding the export of any classified defense article or technical data, the Defense Security Service official or a designated government transmittal authority may require the production of other relevant documents and information relating to the proposed export.

§ 127.6 Seizure and forfeiture in attempts at illegal exports.

(a) An attempt to export from the United States any defense article in violation of the provisions of this subchapter constitutes an offense punishable under section 401 of title 22 of the United States Code. Whenever it is known or there is probable cause to believe that any defense article is intended to be or is being or has been exported or removed from the United States in violation of law, such article and any vessel, vehicle or aircraft involved in such attempt is subject to seizure, forfeiture and disposition as provided in section 401 of title 22 of the United States Code.

(b) Similarly, an attempt to violate any of the conditions under which a temporary export or temporary import license was issued pursuant to this subchapter or to violate the requirements of §123.2 of this subchapter also constitutes an offense punishable under section 401 of title 22 of the United States Code, and such article, together with any vessel, vehicle or aircraft involved in any such attempt is subject to seizure, forfeiture, and disposition as provided in section 401 of title 22 of the United States Code.

§ 127.7 Debarment.

(a) Debarment. In implementing §38 of the Arms Export Control Act, the Assistant Secretary of State for Political-Military Affairs may prohibit any person from participating directly or indirectly in the export of defense articles, including technical data, or in the furnishing of defense services for which a license or approval is required by this subchapter for any of the reasons listed below. Any such prohibition is referred to as a debarment for purposes of this subchapter. The Assistant Secretary of State for Political-Military Affairs
shall determine the appropriate period of time for debarment, which shall generally be for a period of three years. However, reinstatement is not automatic and in all cases the debarred person must submit a request for reinstatement before engaging in any export or brokering activities subject to the Arms Export Control Act or this subchapter.

(b) Grounds. (1) The basis for a statutory debarment, as described in paragraph (c) of this section, is any conviction for violating the Arms Export Control Act (see §127.3 of this subchapter) or any conspiracy to violate the Arms Export Control Act.

(2) The basis for administrative debarment, described in part 128 of this subchapter, is any violation of 22 U.S.C. 2778 or any rule or regulation issued thereunder when such a violation is of such a character as to provide a reasonable basis for the Directorate of Defense Trade Controls to believe that the violator cannot be relied upon to comply with the statute or these rules or regulations in the future, and when such violation is established in accordance with part 128 of this subchapter.

(c) Statutory debarment. Section 38(g)(4) of the Arms Export Control Act prohibits the issuance of licenses to persons who have been convicted of violating the U.S. criminal statutes enumerated in §120.27 of this subchapter. Discretionary authority to issue licenses is provided, but only if certain statutory requirements are met. It is the policy of the Department of State not to consider applications for licenses or requests for approvals involving any person who has been convicted of violating the Arms Export Control Act or convicted of conspiracy to violate that Act for a three year period following conviction. Such individuals shall be notified in writing that they are debarred pursuant to this policy. A list of persons who have been convicted of such offenses and debarred for this reason shall be published periodically in the Federal Register. Debarment in such cases is based solely upon the outcome of a criminal proceeding, conducted by a court of the United States, that established guilt beyond a reasonable doubt in accordance with due process. The procedures of part 128 of this subchapter are not applicable in such cases.

(d) Appeals. Any person who is ineligible pursuant to paragraph (c) of this section may appeal to the Under Secretary of State for Arms Control and International Security for reconsideration of the ineligibility determination. The procedures specified in §128.13 of this subchapter will be used in submitting a reconsideration appeal.

§127.8 Interim suspension.

(a) The Managing Director of the Directorate of Defense Trade Controls or the Director of the Office of Defense Trade Controls Compliance is authorized to order the interim suspension of any person when the Managing Director or Director of Compliance believes that grounds for debarment (as defined in §127.7 of this part) exist and where and to the extent the Managing Director or Director of Compliance, as applicable, finds that interim suspension is reasonably necessary to protect world peace or the security or foreign policy of the United States. The interim suspension orders prohibit that person from participating directly or indirectly in the export of any defense article or defense service for which a license or approval is required by this subchapter. The suspended person shall be notified in writing as provided in §127.7(c) of this part (statutory debarment) or §128.3 of this subchapter (administrative debarment), whichever is appropriate. In both cases, a copy of the interim suspension order will be served upon that person in the same manner as provided in §128.3 of this subchapter. The interim suspension order may be made immediately effective, without prior notice. The order will state the relevant facts, the grounds for issuance of the order, and describe the nature and duration of the interim suspension. No person may be suspended for a period exceeding 60 days, absent extraordinary circumstances, (e.g., unless proceedings under §127.7(c) of this part or under part 128 of this subchapter, or criminal proceedings, are initiated).
§ 127.9 Application of orders.

For the purpose of preventing evasion, orders of the Assistant Secretary of State for Political-Military Affairs debarring a person under §127.7, and orders of the Managing Director, Directorate of Defense Trade Controls or Director of the Office of Defense Trade Controls Compliance suspending a person under §127.8, may be made applicable to any other person who may then or thereafter (during the term of the order) be related to the debarred person by affiliation, ownership, control, position of responsibility, or other commercial connection. Appropriate notice and opportunity to respond to the basis for the suspension will be given.

[71 FR 20550, Apr. 21, 2006]

§ 127.10 Civil penalty.

(a) The Assistant Secretary of State for Political-Military Affairs is authorized to impose a civil penalty in an amount not to exceed that authorized by 22 U.S.C. 2778, 2779a and 2780 for each violation of 22 U.S.C. 2778, 2779a and 2780, or any regulation, order, license or approval issued thereunder. This civil penalty may be either in addition to, or in lieu of, any other liability or penalty which may be imposed.

(b) The Directorate of Defense Trade Controls may make:

(1) The payment of a civil penalty under this section or

(2) The completion of any administrative action pursuant to this part 127 or 128 of this subchapter a prior condition for the issuance, restoration, or continuing validity of any export license or other approval.

§ 127.11 Past violations.

(a) Presumption of denial. Pursuant to section 38 of the Arms Export Control Act, licenses or other approvals may not be granted to persons who have been convicted of violating any of the U.S. criminal statutes enumerated in §120.27 of this subchapter or who are ineligible to receive any export licenses from any agency of the U.S. Government, subject to a narrowly defined statutory exception. This provision establishes a presumption of denial for licenses or other approvals involving such persons. This presumption is applied by the Directorate of Defense Trade Controls to all persons convicted or deemed ineligible in this manner since the effective date of the Arms Export Control Act (Public Law 94–329; 90 Stat. 729) (June 30, 1976).

(b) Policy. An exception to the policy of the Department of State to deny applications for licenses or other approvals that involve persons described in paragraph (a) of this section shall not be considered unless there are extraordinary circumstances surrounding the conviction or ineligibility to export, and only if the applicant demonstrates, to the satisfaction of the Assistant Secretary of State for Political-Military Affairs, that the applicant has taken appropriate steps to mitigate any law enforcement and other legitimate concerns, and to deal with the causes that resulted in the conviction, ineligibility, or debarment. Any person described in paragraph (a) of this section who wishes to request consideration of any application must explain, in a letter to the Managing Director, Directorate of Defense Trade Controls, the reasons why the application should be considered. If the Assistant Secretary of State for Political-Military Affairs concludes that the application and written explanation have sufficient merit, the Assistant Secretary shall consult with the Office of the Legal Adviser and the Department of the Treasury regarding law enforcement concerns, and may also request the views of other departments, including the Department of Justice. If the Directorate of Defense Trade Controls does grant the license or other approval, subsequent applications from the same person need not repeat the information...
§ 127.12 Voluntary disclosures.

(a) General policy. The Department strongly encourages the disclosure of information to the Directorate of Defense Trade Controls by persons (see §120.14 of this subchapter) that believe they may have violated any export control provision of the Arms Export Control Act, or any regulation, order, license, or other authorization issued under the authority of the Arms Export Control Act. The Department may consider a voluntary disclosure as a mitigating factor in determining the administrative penalties, if any, that should be imposed. Failure to report a violation may result in circumstances detrimental to U.S. national security and foreign policy interests, and will be an adverse factor in determining the appropriate disposition of such violations.

(b) Limitations. (1) The provisions of this section apply only when information is provided to the Directorate of Defense Trade Controls for its review in determining whether to take administrative action under part 128 of this subchapter concerning a violation of the export control provisions of the Arms Export Control Act and these regulations.

(2) The provisions of this section apply only when information is received by the Directorate of Defense Trade Controls for review prior to such time that either the Department of State or any other agency, bureau, or department of the United States Government obtains knowledge of either the same or substantially similar information from another source and commences an investigation or inquiry that involves that information, and that is intended to determine whether the Arms Export Control Act or these regulations, or any other license, order, or other authorization issued under the Arms Export Control Act has been violated.

(3) The violation(s) in question, despite the voluntary nature of the disclosure, may merit penalties, administrative actions, sanctions, or referrals to the Department of Justice to consider criminal prosecution. In the latter case, the Directorate of Defense Trade Controls will notify the Department of Justice of the voluntary nature of the disclosure, although the Department of Justice is not required to give that fact any weight. The Directorate of Defense Trade Controls has the sole discretion to consider whether “voluntary disclosure,” in context with other relevant information in a particular case, should be a mitigating factor in determining what, if any, administrative action will be imposed. Some of the mitigating factors the Directorate of Defense Trade Controls may consider are:

(i) Whether the transaction would have been authorized, and under what conditions, had a proper license request been made;

(ii) Why the violation occurred;

(iii) The degree of cooperation with the ensuing investigation;

(iv) Whether the person has instituted or improved an internal compliance program to reduce the likelihood of future violation;

(v) Whether the person making the disclosure did so with the full knowledge and authorization of the person’s senior management. (If not, then the Directorate will not deem the disclosure voluntary as covered in this section.)

(4) The provisions of this section do not, nor should they be relied on to, create, confer, or grant any rights, benefits, privileges, or protection enforceable at law or in equity by any person in any civil, criminal, administrative, or other matter.

(c) Notification. (1) Any person wanting to disclose information that constitutes a voluntary disclosure should, in the manner outlined below, initially notify the Directorate of Defense Trade Controls immediately after a violation is discovered and then conduct a thorough review of all defense trade transactions where a violation is suspected.
§ 127.12 22 CFR Ch. I (4–1–10 Edition)

(i) If the notification does not contain all the information required by 127.12(c)(2) of this section, a full disclosure must be submitted within 60 calendar days of the notification, or the Directorate of Defense Trade Controls will not deem the notification to qualify as a voluntary disclosure.

(ii) If the person is unable to provide a full disclosure within the 60 calendar day deadline, an empowered official (see §120.25 of this subchapter) or a senior officer may request an extension of time in writing. A request for an extension must specify what information required by §127.12(c)(2) of this section could not be immediately provided and the reasons why.

(iii) Before approving an extension of time to provide the full disclosure, the Directorate of Defense Trade Controls may require the requester to certify in writing that they will provide the full disclosure within a specific time period.

(iv) Failure to provide a full disclosure within a reasonable time may result in a decision by the Directorate of Defense Trade Controls not to consider the notification as a mitigating factor in determining the appropriate disposition of the violation. In addition, the Directorate of Defense Trade Controls may direct the requester to furnish all relevant information surrounding the violation.

(2) Notification of a violation must be in writing and should include the following information:

(i) A precise description of the nature and extent of the violation (e.g., an unauthorized shipment, doing business with a party denied U.S. export privileges, etc.);

(ii) The exact circumstances surrounding the violation (a thorough explanation of why, when, where, and how the violation occurred);

(iii) The complete identities and addresses of all persons known or suspected to be involved in the activities giving rise to the violation (including mailing, shipping, and e-mail addresses; telephone and fax/facsimile numbers; and any other known identifying information);

(iv) Department of State license numbers, exemption citation, or description of any other authorization, if applicable;

(v) U.S. Munitions List category and subcategory, product description, quantity, and characteristics or technological capability of the hardware, technical data or defense service involved;

(vi) A description of corrective actions already undertaken that clearly identifies the new compliance initiatives implemented to address the causes of the violations set forth in the voluntary disclosure and any internal disciplinary action taken; and how these corrective actions are designed to deter those particular violations from occurring again;

(vii) The name and address of the person making the disclosure and a point of contact, if different, should further information be needed.

(3) Factors to be addressed in the voluntary disclosure include, for example, whether the violation was intentional or inadvertent; the degree to which the person responsible for the violation was familiar with the laws and regulations, and whether the person was the subject of prior administrative or criminal action under the AECA; whether the violations are systemic; and the details of compliance measures, processes and programs, including training, that were in place to prevent such violations, if any. In addition to immediately providing written notification, persons are strongly urged to conduct a thorough review of all export-related transactions where a possible violation is suspected.

(d) Documentation. (1) The written disclosure should be accompanied by copies of substantiating documents. Where appropriate, the documentation should include, but not be limited to:

(i) Licensing documents (e.g., license applications, export licenses and end-user statements), exemption citation, or other authorization description, if any;

(ii) Shipping documents (e.g., shipper’s export declarations, airway bills and bills of lading);

(iii) Any other relevant documents must be retained by the person making the disclosure until the Directorate of Defense Trade Controls requests them
or until a final decision on the disclosed information has been made.

(e) Certification. A certification must be submitted stating that all of the representations made in connection with the voluntary disclosure are true and correct to the best of that person's knowledge and belief. Certifications should be executed by an empowered official (See §120.25 of this subchapter), or by a senior officer (e.g. chief executive officer, president, vice-president, comptroller, treasurer, general counsel, or member of the board of directors). If the violation is a major violation, reveals a systemic pattern of violations, or reflects the absence of an effective compliance program, the Directorate of Defense Trade Controls may require that such certification be made by a senior officer of the company.

(f) Oral presentations. Oral presentation is generally not necessary to augment the written presentation. However, if the person making the disclosure believes a meeting is desirable, a request should be included with the written presentation.

PART 128—ADMINISTRATIVE PROCEDURES

§ 128.1 Exclusion of functions from the Administrative Procedure Act.

§ 128.2 Administrative Law Judge.

SOURCE: 58 FR 39320, July 22, 1993, unless otherwise noted.

§ 128.1 Exclusion of functions from the Administrative Procedure Act.

The Arms Export Control Act authorizes the President to control the import and export of defense articles and services in furtherance of world peace and the security and foreign policy of the United States. It authorizes the Secretary of State to make decisions on whether license applications or other written requests for approval shall be granted, or whether exemptions may be used. It also authorizes the Secretary of State to revoke, suspend or amend licenses or other written approvals whenever the Secretary deems such action to be advisable. The administration of the Arms Export Control Act is a foreign affairs function encompassed within the meaning of the military and foreign affairs exclusion of the Administrative Procedure Act and is thereby expressly exempt from various provisions of that Act. Because the exercising of the foreign affairs function, including the decisions required to implement the Arms Export Control Act, is highly discretionary, it is excluded from review under the Administrative Procedure Act.

[61 FR 48831, Sept. 17, 1996]

§ 128.2 Administrative Law Judge.

The Administrative Law Judge referred to in this part is an Administrative Law Judge appointed by the Department of State. The Administrative Law Judge is authorized to exercise the powers and perform the duties provided for in §§127.7, 127.8, and 128.3 through 128.16 of this subchapter.

[71 FR 20551, Apr. 21, 2006]
§ 128.3 Institution of Administrative Proceedings.

(a) Charging letters. The Managing Director, Directorate of Defense Trade Controls, with the concurrence of the Office of the Legal Adviser, Department of State, may initiate proceedings to impose debarment or civil penalties in accordance with §127.7 or §127.10 of this subchapter, respectively. Administrative proceedings shall be initiated by means of a charging letter. The charging letter will state the essential facts constituting the alleged violation and refer to the regulatory or other provisions involved. It will give notice to the respondent to answer the charges within 30 days, as provided in §128.5(a), and indicate that a failure to answer will be taken as an admission of the truth of the charges. It will inform the respondent that he or she is entitled to an oral hearing if a written demand for one is filed with the answer or within seven (7) days after service of the answer. The respondent will also be informed that he or she may, if so desired, be represented by counsel of his or her choosing. Charging letters may be amended from time to time, upon reasonable notice.

(b) Service. A charging letter is served upon a respondent:
   (1) If the respondent is a resident of the United States, when it is mailed postage prepaid in a wrapper addressed to the respondent at that person’s last known address; or when left with the respondent or the agent or employee of the respondent; or when left at the respondent’s dwelling with some person of suitable age and discretion then residing therein; or
   (2) If the respondent is a non-resident of the United States, when served upon a respondent:
      (a) When to answer. The respondent is required to answer the charging letter within 30 days after service.
      (b) Contents of answer. An answer must be responsive to the charging letter. It must fully set forth the nature of the respondent’s defense or defenses. In the answer, the respondent must admit or deny specifically each separate allegation of the charging letter, unless the respondent is without knowledge, in which case the respondent’s answer shall so state and the statement shall operate as denial. Failure to deny or controvert any particular allegation will be deemed an admission thereof. The answer may set forth such additional or new matter as
§ 128.6 Discovery.

(a) Discovery by the respondent. The respondent, through the Administrative Law Judge, may request from the Directorate of Defense Trade Controls any relevant information, not privileged or otherwise not authorized for release, that may be necessary or helpful in preparing a defense. The Directorate of Defense Trade Controls may supply summaries in place of original documents and may withhold information from discovery if the interests of national security or foreign policy so require, or if necessary to comply with any statute, executive order or regulation requiring that the information not be disclosed. The respondent may request the Administrative Law Judge to request any relevant information, books, records, or other evidence, from any other person or government agency so long as the request is reasonable in scope and not unduly burdensome.

(b) Discovery by the Directorate of Defense Trade Controls. The Directorate of Defense Trade Controls or the Administrative Law Judge may make reasonable requests from the respondent of admissions of facts, answers to interrogatories, the production of books, records, or other relevant evidence, so long as the request is relevant and material.

(c) Subpoenas. At the request of any party, the Administrative Law Judge may issue subpoenas, returnable before him, requiring the attendance of witnesses and the production of books, records, or other relevant evidence, so long as the request is relevant and material.

(d) Enforcement of discovery rights. If the Directorate of Defense Trade Controls fails to provide the respondent with information in its possession which is not otherwise available and which is necessary to the respondent's defense, the Administrative Law Judge may dismiss the charges on her or his own motion or on a motion of the respondent. If the respondent fails to respond with reasonable diligence to the requests for discovery by the Directorate of Defense Trade Controls or the Administrative Law Judge, on her or his own motion or motion of the Directorate of Defense Trade Controls, and upon such notice to the respondent as the Administrative Law Judge may direct, may strike respondent's answer and declare the respondent in default, or make any other ruling which the Administrative Law Judge deems necessary and just under the circumstances. If a third party fails to respond to the request for information, the Administrative Law Judge shall consider whether the evidence sought is necessary to a fair hearing, and if
§ 128.7  Prehearing conference.

(a)(1) The Administrative Law Judge may, upon his own motion or upon motion of any party, request the parties or their counsel to a prehearing conference to consider:
   (i) Simplification of issues;
   (ii) The necessity or desirability of amendments to pleadings;
   (iii) Obtaining stipulations of fact and of documents to avoid unnecessary proof; or
   (iv) Such other matter as may expedite the disposition of the proceeding.

(2) The Administrative Law Judge will prepare a summary of the action agreed upon or taken at the conference, and will incorporate therein any written stipulations or agreements made by the parties.

(3) The conference proceedings may be recorded magnetically or taken by a reporter and transcribed, and filed with the Administrative Law Judge.

(b) If a conference is impracticable, the Administrative Law Judge may request the parties to correspond with the person to achieve the purposes of a conference. The Administrative Law Judge shall prepare a summary of action taken as in the case of a conference.

[61 FR 48832, Sept. 17, 1996, as amended at 71 FR 20551, Apr. 21, 2006]

§ 128.8  Hearings.

(a) A respondent who had not filed a timely written answer is not entitled to a hearing, and the case may be considered by the Administrative Law Judge as provided in §128.4(a). If any answer is filed, but no oral hearing demanded, the Administrative Law Judge may proceed to consider the case upon the written pleadings and evidence available. The Administrative Law Judge may provide for the making of the record in such manner as the Administrative Law Judge deems appropriate. If respondent answers and demands an oral hearing, the Administrative Law Judge, upon due notice, shall set the case for hearing, unless a respondent has raised in his answer no issues of material fact to be determined. If respondent fails to appear at a scheduled hearing, the hearing nevertheless may proceed in respondent’s absence. The respondent’s failure to appear will not affect the validity of the hearing or any proceedings or action thereafter.

(b) The Administrative Law Judge may administer oaths and affirmations. Respondent may be represented by counsel. Unless otherwise agreed by the parties and the Administrative Law Judge the proceeding will be taken by a reporter or by magnetic recording, transcribed, and filed with the Administrative Law Judge. Respondent may examine the transcript and may obtain a copy upon payment of proper costs.

[61 FR 48833, Sept. 17, 1996]

§ 128.9  Proceedings before and report of Administrative Law Judge.

(a) The Administrative Law Judge may conform any part of the proceedings before him or her to the Federal Rules of Civil Procedure. The record may be made available in any other administrative or other proceeding involving the same respondent.

(b) The Administrative Law Judge, after considering the record, will prepare a written report. The report will include findings of fact, findings of law, a finding whether a law or regulation has been violated, and the Administrative Law Judge’s recommendations. It shall be transmitted to the Assistant Secretary for Political-Military Affairs, Department of State.

§ 128.13

Judge will dismiss the charges. Where the Administrative Law Judge finds that a violation has been committed, the Administrative Law Judge’s recommendation shall be advisory only. The Assistant Secretary of State for Political-Military Affairs will review the record, consider the report of the Administrative Law Judge, and make an appropriate disposition of the case. The Managing Director may issue an order debarring the respondent from participating in the export of defense articles or technical data or the furnishing of defense services as provided in §127.7 of this subchapter, impose a civil penalty as provided in §127.10 of this subchapter, or take such action as the Administrative Law Judge may recommend. Any debarment order will be effective for the period of time specified therein and may contain such additional terms and conditions as are deemed appropriate. A copy of the order together with a copy of the Administrative Law Judge’s report will be served upon the respondent.

§ 128.11 Consent agreements.

(a) The Directorate of Defense Trade Controls and the respondent may, by agreement, submit to the Administrative Law Judge a proposal for the issuance of a consent order. The Administrative Law Judge will review the facts of the case and the proposal and may conduct conferences with the parties and may require the presentation of evidence in the case. If the Administrative Law Judge does not approve the proposal, the Administrative Law Judge will notify the parties and the case will proceed as though no consent proposal had been made. If the proposal is approved, the Administrative Law Judge will report the facts of the case along with recommendations to the Assistant Secretary of State for Political-Military Affairs. If the Assistant Secretary of State for Political-Military Affairs does not approve the proposal, the case will proceed as though no consent proposal had been made. If the Assistant Secretary of State for Political-Military Affairs approves the proposal, an appropriate order may be issued.

(b) Cases may also be settled prior to service of a charging letter. In such an event, a proposed charging letter shall be prepared, and a consent agreement and order shall be submitted for the approval and signature of the Assistant Secretary for Political-Military Affairs, and no action by the Administrative Law Judge shall be required. Cases which are settled may not be reopened or appealed.

§ 128.12 Rehearings.

The Administrative Law Judge may grant a rehearing or reopen a proceeding at any time for the purpose of hearing any relevant and material evidence which was not known or obtainable at the time of the original hearing. A report for rehearing or reopening must contain a summary of such evidence, and must explain the reasons why it could not have been presented at the original hearing. The Administrative Law Judge will inform the parties of any further hearing, and will conduct such hearing and submit a report and recommendations in the same manner as provided for the original proceeding (Described in §128.10).

§ 128.13 Appeals.

(a) Filing of appeals. An appeal must be in writing, and be addressed to and filed with the Under Secretary of State for Arms Control and International Security, Department of State, Washington, DC 20520. An appeal from a final order denying export privileges or imposing civil penalties must be filed within 30 days after receipt of a copy of the order. If the Under Secretary cannot for any reason act on the appeal, he or she may designate another Department of State official to receive and act on the appeal.

(b) Grounds and conditions for appeal. The respondent may appeal from the debarment or from the imposition of a civil penalty (except the imposition of civil penalties pursuant to a consent order pursuant to §128.11) upon the ground: (1) That the findings of a violation are not supported by any substantial evidence; (2) that a prejudicial
§ 128.14 Confidentiality of proceedings.

Proceedings under this part are confidential. The documents referred to in §128.17 are not, however, deemed to be confidential. Reports of the Administrative Law Judge and copies of transcripts or recordings of hearings will be available to parties and, to the extent of their own testimony, to witnesses. All records are available to any U.S. Government agency showing a proper interest therein.

[61 FR 48834, Sept. 17, 1996]

§ 128.15 Orders containing probationary periods.

(a) Revocation of probationary periods. A debarment or interim suspension order may set a probationary period during which the order may be held in abeyance for all or part of the debarment or suspension period, subject to the conditions stated therein. The Managing Director, Directorate of Defense Trade Controls, may apply, without notice to any person to be affected thereby, to the Administrative Law Judge for a recommendation on the appropriateness of revoking probation when it appears that the conditions of the probation have been breached. The facts in support of the application will be presented to the Administrative Law Judge, who will report thereon and make a recommendation to the Assistant Secretary of State for Political-Military Affairs. The latter will make a determination whether to revoke probation and will issue an appropriate order. The party affected by this action may request the Assistant Secretary of State for Political-Military Affairs to reconsider the decision by
submitting a request within 10 days of the date of the order.

(b) Hearings—(1) Objections upon notice. Any person affected by an application upon notice to revoke probation, within the time specified in the notice, may file objections with the Administrative Law Judge.

(2) Objections to order without notice. Any person adversely affected by an order revoking probation, without notice may request that the order be set aside by filing his objections thereto with the Administrative Law Judge. The request will not stay the effective date of the order or revocation.

(3) Requirements for filing objections. Objections filed with the Administrative Law Judge must be submitted in writing and in duplicate. A copy must be simultaneously submitted to the Directorate of Defense Trade Controls. Denials and admissions, as well as any mitigating circumstances, which the person affected intends to present must be set forth in or accompany the letter of objection and must be supported by evidence. A request for an oral hearing may be made at the time of filing objections.

(4) Determination. The application and objections thereto will be referred to the Administrative Law Judge. An oral hearing if requested, will be conducted at an early convenient date, unless the objections filed raise no issues of material fact to be determined. The Administrative Law Judge will report the facts and make a recommendation to the Assistant Secretary for Political-Military Affairs, who will determine whether the application should be granted or denied and will issue an appropriate order. A copy of the order and of the Administrative Law Judge’s report will be furnished to any person affected thereby.

(5) Effect of revocation on other actions. The revocation of a probationary period will not preclude any other action concerning a further violation, even where revocation is based on the further violation.

§ 128.16 Extension of time.
The Administrative Law Judge, for good cause shown, may extend the time within which to prepare and submit an answer to a charging letter or to perform any other act required by this part.

§ 128.17 Availability of orders.
All charging letters, debarment orders, orders imposing civil penalties, probationary periods, and interim suspension orders are available for public inspection in the Public Reading Room of the Department of State.
of its origin. For example, this includes, but is not limited to, activities by U.S. persons who are located inside or outside of the United States or foreign persons subject to U.S. jurisdiction involving defense articles or defense services of U.S. or foreign origin which are located inside or outside of the United States. But, this does not include activities by U.S. persons that are limited exclusively to U.S. domestic sales or transfers (e.g., not for export or re-transfer in the United States or to a foreign person). For the purposes of this subchapter, engaging in the business of brokering activities requires only one action as described above.

(c) The term “foreign defense article or defense service” includes any non-United States defense article or defense service of a nature described on the United States Munitions List regardless of whether such article or service is of United States origin or whether such article or service contains United States origin components.

§ 129.3 Requirement to register.

(a) Any U.S. person, wherever located, and any foreign person located in the United States or otherwise subject to the jurisdiction of the United States (notwithstanding § 120.1(c)), who engages in the business of brokering activities (as defined in this part) with respect to the manufacture, export, import, or transfer of any defense article or defense service subject to the controls of this subchapter (see part 121) or any “foreign defense article or defense service” (as defined in §129.2) is required to register with the Directorate of Defense Trade Controls. Foreign brokers must submit a check in U.S. dollars payable through a U.S. financial institution that includes the registrant’s legal name and address on the check. The Statement of Registration and transmittal letter must be signed by a senior officer (e.g., Chief Executive Officer, President, Secretary, Partner, Member, Treasurer, General Counsel) who has been empowered by the intended registrant to sign such documents. The intended registrant shall also submit documentation that demonstrates that it is incorporated or otherwise authorized to do business in the United States. The requirement to submit a Department of State Form DS–2032 and to submit documentation demonstrating incorporation or authorization to do business in the United States does not exclude foreign persons from the requirement to register. Foreign persons who are required to register shall provide information that is substantially similar in content as that which a U.S. person would provide under this provision (e.g., foreign

(b) Exemptions. Registration under this section is not required for:

(1) Employees of the United States Government acting in official capacity.

(2) Employees of foreign governments or international organizations acting in official capacity.

(3) Persons exclusively in the business of financing, transporting, or freight forwarding, whose business activities do not also include brokering defense articles or defense services. For example, air carriers and freight forwarders who merely transport or arrange transportation for licensed United States Munitions List items are not required to register, nor are banks or credit companies who merely provide commercially available lines or letters of credit to persons registered in accordance with Part 122 of this subchapter required to register. However, banks, firms, or other persons providing financing for defense articles or defense services would be required to register under certain circumstances, such as where the bank or its employees are directly involved in arranging arms deals as defined in §129.2(a) or hold title to defense articles, even when no physical custody of defense articles is involved.

§ 129.4 Registration statement and fees.

(a) General. The Department of State Form DS–2032 (Statement of Registration) and the transmittal letter meeting the requirements of §122.2(b) of this subchapter must be submitted by an intended registrant with a payment by check, payable to the Department of State, of the fees prescribed in Section 122.3(a) of this subchapter. The Statement of Registration and transmittal letter must be signed by a senior officer (e.g., Chief Executive Officer, President, Secretary, Partner, Member, Treasurer, General Counsel) who has been empowered by the intended registrant to sign such documents. The intended registrant shall also submit documentation that demonstrates that it is incorporated or otherwise authorized to do business in the United States. The requirement to submit a Department of State Form DS–2032 and to submit documentation demonstrating incorporation or authorization to do business in the United States does not exclude foreign persons from the requirement to register. Foreign persons who are required to register shall provide information that is substantially similar in content as that which a U.S. person would provide under this provision (e.g., foreign
business license or similar authorization to do business). The Directorate of Defense Trade Controls will notify the registrant if the Statement of Registration is incomplete either by notifying the registrant of what information is required or through the return of the entire registration package with payment. Registrants may not establish new entities for the purpose of reducing registration fees.

(b) A person required to register under this part who is already registered as a manufacturer or exporter in accordance with part 122 of this subchapter must also provide notification of this additional activity by submitting to the Directorate of Defense Trade Controls by registered mail a transmittal letter meeting the requirements of §122.2(b) and citing the existing registration, and must pay an additional fee according to the schedule prescribed in §122.3(a). Any person who registers coincidentally as a broker as defined in §129.2 of this subchapter and as a manufacturer or exporter must submit a Statement of Registration that reflects the brokering activities, the §122.2(b) transmittal letter, as well as the additional fee for registration as a broker.

(c) Other provisions of part 122, in particular, §122.4 concerning notification of changes in information furnished by registrants and §122.5 concerning maintenance of records by registrants, apply equally to registration under this part (part 129).

§ 129.6 Requirement for license/approval.

(a) No person may engage in the business of brokering activities without the prior written approval (license) of, or prior notification to, the Directorate of Defense Trade Controls, except as follows:

(b) A license will not be required for:

(1) Brokering activities undertaken by or for an agency of the United States Government—

(i) For use by an agency of the United States Government;

(ii) For carrying out any foreign assistance or sales program authorized by law and subject to the control of the President by other means.

(c) No brokering activities or proposal to engage in brokering activities may be carried out or pursued by any person without the prior written approval of the Directorate of Defense Trade Controls in the case of other countries or persons identified from time to time by the Department of State through notice in the FEDERAL REGISTER, with respect to which certain limitations on defense articles or defense services are imposed for reasons of U.S. national security or foreign policy or law enforcement interests (e.g., an individual subject to debarment pursuant to §127.7 of this subchapter).

(d) No brokering activities or brokering proposal may be carried out with respect to countries which are subject to United Nations Security Council arms embargo (see also §121.1(c)).

(e) In cases involving countries or persons subject to paragraph (b), (c), or (d), above, it is the policy of the Department of State to deny requests for approval, and exceptions may be granted only rarely, if ever. Any person who knows or has reason to know of brokering activities involving such countries or persons must immediately inform the Directorate of Defense Trade Controls.

§ 129.5 Policy on embargoes and other proscriptions.

(a) The policy and procedures set forth in this subparagraph apply to brokering activities defined in §129.2 of this subchapter, regardless of whether the persons involved in such activities have registered or are required to register under §129.3 of this subchapter.

(b) No brokering activities or brokering proposals involving any country referred to in §126.1 of this subchapter may be carried out by any person without first obtaining the written approval of the Directorate of Defense Trade Controls.

§ 129.7 Policy on embargoes and other proscriptions.

(a) The policy and procedures set forth in this subparagraph apply to brokering activities defined in §129.2 of this subchapter, regardless of whether the persons involved in such activities have registered or are required to register under §129.3 of this subchapter.

(b) No brokering activities or brokering proposals involving any country referred to in §126.1 of this subchapter may be carried out by any person without first obtaining the written approval of the Directorate of Defense Trade Controls.

(c) No brokering activities or proposal to engage in brokering activities may be carried out or pursued by any person without the prior written approval of the Directorate of Defense Trade Controls in the case of other countries or persons identified from time to time by the Department of State through notice in the FEDERAL REGISTER, with respect to which certain limitations on defense articles or defense services are imposed for reasons of U.S. national security or foreign policy or law enforcement interests (e.g., an individual subject to debarment pursuant to §127.7 of this subchapter).

(d) No brokering activities or brokering proposal may be carried out with respect to countries which are subject to United Nations Security Council arms embargo (see also §121.1(c)).

(e) In cases involving countries or persons subject to paragraph (b), (c), or (d), above, it is the policy of the Department of State to deny requests for approval, and exceptions may be granted only rarely, if ever. Any person who knows or has reason to know of brokering activities involving such countries or persons must immediately inform the Directorate of Defense Trade Controls.

§ 129.6 Requirement for license/approval.

(a) No person may engage in the business of brokering activities without the prior written approval (license) of, or prior notification to, the Directorate of Defense Trade Controls, except as follows:

(b) A license will not be required for:

(1) Brokering activities undertaken by or for an agency of the United States Government—

(i) For use by an agency of the United States Government;

(ii) For carrying out any foreign assistance or sales program authorized by law and subject to the control of the President by other means.

(c) No brokering activities or proposal to engage in brokering activities may be carried out or pursued by any person without the prior written approval of the Directorate of Defense Trade Controls.

§ 129.5 Policy on embargoes and other proscriptions.

(a) The policy and procedures set forth in this subparagraph apply to brokering activities defined in §129.2 of this subchapter, regardless of whether the persons involved in such activities have registered or are required to register under §129.3 of this subchapter.

(b) No brokering activities or brokering proposals involving any country referred to in §126.1 of this subchapter may be carried out by any person without first obtaining the written approval of the Directorate of Defense Trade Controls.
§ 129.7 Prior approval (license).

(a) The following brokering activities require the prior written approval of the Directorate of Defense Trade Controls:

(1) Brokering activities pertaining to certain defense articles (or associated defense services) covered by or of a nature described by Part 121, to or from any country, as follows:

(i) Fully automatic firearms and components and parts therefor;

(ii) Nuclear weapons strategic delivery systems and all components, parts, accessories, attachments specifically designed for such systems and associated equipment;

(iii) Nuclear weapons design and test equipment of a nature described by Category XVI of Part 121;

(iv) Naval nuclear propulsion equipment of a nature described by Category VI(e);

(v) Missile Technology Control Regime Category I items (§121.16);

(vi) Classified defense articles, services and technical data;

(vii) Foreign defense articles or defense services (other than those that are arranged wholly within and destined exclusively for the North Atlantic Treaty Organization, Australia, Japan, New Zealand, or South Korea (see §§129.6(b)(2) and 129.7(a)));

(2) Brokering activities involving defense articles or defense services covered by, or of a nature described by Part 121, of this subchapter, in addition to those specified in §129.7(a), that are designated as significant military equipment under this subchapter, for or from any country not a member of the North Atlantic Treaty Organization, Australia, Japan, New Zealand, or South Korea whenever any of the following factors are present:

(i) The value of the significant military equipment is $1,000,000 or more;

(ii) The identical significant military equipment has not been previously licensed for export to the armed forces of the country concerned under this subchapter or approved for sale under the Foreign Military Sales Program of the Department of Defense;

(iii) Significant military equipment would be manufactured abroad as a result of the articles or services being brokered; or

(iv) The recipient or end user is not a foreign government or international organization.

(b) The requirements of this section for prior written approval are met by any of the following:

(1) A license or other written approval issued under parts 123, 124, or 125 of this subchapter for the permanent or temporary export or temporary import of the particular defense article, defense service or technical data subject to prior approval under this section, provided the names of all brokers have been identified in an attachment accompanying submission of the initial application; or

(2) A written statement from the Directorate of Defense Trade Controls approving the proposed activity or the making of a proposal or presentation.

(c) Requests for approval of brokering activities shall be submitted in writing to the Directorate of Defense Trade Controls by an empowered official of the registered broker; the letter shall also meet the requirements of §126.13 of this subchapter.

(d) The request shall identify all parties involved in the proposed transaction and their roles, as well as outline in detail the defense article and related technical data (including manufacturer, military designation and model number), quantity and value, the security classification, if any, of the articles and related technical data, the country or countries involved, and the specific end use and end user(s).

(e) The procedures outlined in §126.8(c) through (g) are equally applicable with respect to this section.

§ 129.8 Prior notification.

(a) Prior notification to the Directorate of Defense Trade Controls is required for brokering activities with respect to significant military equipment valued at less than $1,000,000, except for sharing of basic marketing information (e.g., information that does not include performance characteristics, price and probable availability for delivery) by U.S. persons registered as exporters under Part 122.

(b) The requirement of this section for prior notification is met by informing the Directorate of Defense Trade Controls by letter at least 30 days before making a brokering proposal or presentation. The Directorate of Defense Trade Controls will provide written acknowledgment of such prior notification to confirm compliance with this requirement and the commencement of the 30-day notification period.

(c) The procedures outlined in §126.8(c) through (g) are equally applicable with respect to this section.

§ 129.9 Reports.

Any person required to register under this part shall provide annually a report to the Directorate of Defense Trade Controls enumerating and describing its brokering activities by quantity, type, U.S. dollar value, and purchaser(s) and recipient(s), license(s) numbers for approved activities and any exemptions utilized for other covered activities.

[71 FR 20554, Apr. 21, 2006]

§ 129.10 Guidance.

Any person desiring guidance on issues related to this part, such as whether an activity is a brokering activity within the scope of this Part, or whether a prior approval or notification requirement applies, may seek guidance in writing from the Directorate of Defense Trade Controls. The procedures and conditions stated in §126.9 apply equally to requests under this section.

[71 FR 20554, Apr. 21, 2006]
§ 130.3 Armed forces.

Armed forces means the army, navy, marine, air force, or coast guard, as well as the national guard and national police, of a foreign country. This term also includes any military unit or military personnel organized under or assigned to an international organization.

§ 130.4 Defense articles and defense services.

Defense articles and defense services have the meaning given those terms in paragraphs (3), (4) and (7) of section 47 of the Arms Export Control Act (22 U.S.C. 2794 (3), (4), and (7)). When used with reference to commercial sales, the definitions in §§120.6 and 120.9 of this subchapter apply.

§ 130.5 Fee or commission.

(a) Fee or commission means, except as provided in paragraph (b) of this section, any loan, gift, donation or other payment of $1,000 or more made, or offered or agreed to be made directly or indirectly, whether in cash or in kind, and whether or not pursuant to a written contract, which is:

(1) To or at the direction of any person, irrespective of nationality, whether or not employed by or affiliated with an applicant, a supplier or a vendor; and

(2) For the solicitation or promotion or otherwise to secure the conclusion of a sale of defense articles or defense services to or for the use of the armed forces of a foreign country or international organization.

(b) The term fee or commission does not include:

(1) A political contribution or a payment excluded by §130.6 from the definition of political contribution;

(2) A normal salary (excluding contingent compensation) established at an annual rate and paid to a regular employee of an applicant, supplier or vendor;

(3) General advertising or promotional expenses not directed to any particular sale or purchaser; or

(4) Payments made, or offered or agreed to be made, solely for the purchase by an applicant, supplier or vendor of specific goods or technical, operational or advisory services, which payments are not disproportionate in amount with the value of the specific goods or services actually furnished.

§ 130.6 Political contribution.

Political contribution means any loan, gift, donation or other payment of $1,000 or more made, or offered or agreed to be made, directly or indirectly, whether in cash or in kind, which is:

(a) To or for the benefit of, or at the direction of, any foreign candidate, committee, political party, political faction, or government or governmental subdivision, or any individual elected, appointed or otherwise designated as an employee or officer thereof; and

(b) For the solicitation or promotion or otherwise to secure the conclusion of a sale of defense articles or defense services to or for the use of the armed forces of a foreign country or international organization. Taxes, customs duties, license fees, and other charges required to be paid by applicable law or regulation are not regarded as political contributions.

§ 130.7 Supplier.

Supplier means any person who enters into a contract with the Department of Defense for the sale of defense articles or defense services valued in an amount of $500,000 or more under section 22 of the Arms Export Control Act (22 U.S.C. 2762).

§ 130.8 Vendor.

(a) Vendor means any distributor or manufacturer who, directly or indirectly, furnishes to an applicant or supplier defense articles valued in an amount of $500,000 or more which are end-items or major components as defined in §121.8 of this subchapter. It also means any person who, directly or indirectly, furnishes to an applicant or supplier defense articles or services valued in an amount of $500,000 or more when such articles or services are to be
delivered (or incorporated in defense articles or defense services to be delivered) to or for the use of the armed forces of a foreign country or international organization under:

(1) A sale requiring a license or approval from the Directorate of Defense Trade Controls under this subchapter; or

(2) A sale pursuant to a contract with the Department of Defense under section 22 of the Arms Export Control Act (22 U.S.C. 2762).

§ 130.9 Obligation to furnish information to the Directorate of Defense Trade Controls.

(a)(1) Each applicant must inform the Directorate of Defense Trade Controls as to whether the applicant or its vendors have paid, or offered or agreed to pay, in respect of any sale for which a license or approval is requested:

(i) Political contributions in an aggregate amount of $5,000 or more, or

(ii) Fees or commissions in an aggregate amount of $100,000 or more. If so, applicant must furnish to the Directorate of Defense Trade Controls the information specified in §130.10. The furnishing of such information or an explanation satisfactory to the Managing Director of the Directorate of Defense Trade Controls as to why all the information cannot be furnished at that time is a condition precedent to the granting of the relevant license or approval.

(2) The requirements of this paragraph do not apply in the case of an application with respect to a sale for which all the information specified in §130.10 which is required by this section to be reported shall already have been furnished.

(b) Each supplier must inform the Directorate of Defense Trade Controls as to whether the supplier or its vendors have paid, or offered or agreed to pay, in respect of any sale:

(1) Political contributions in an aggregate amount of $5,000 or more, or

(2) Fees or commissions in an aggregate amount of $100,000 or more. If so, the supplier must furnish to the Directorate of Defense Trade Controls the information specified in §130.10. The information required to be furnished pursuant to this paragraph must be so furnished no later than 30 days after the contract award to such supplier, or such earlier date as may be specified by the Department of Defense. For purposes of this paragraph, a contract award includes a purchase order, exercise of an option, or other procurement action requiring a supplier to furnish defense articles or defense services to the Department of Defense for the purposes of §22 of the Arms Export Control Act (22 U.S.C. 2762).

(c) In determining whether an applicant or its vendors, or a supplier or its vendors, as the case may be, have paid, or offered or agreed to pay, political contributions in an aggregate amount of $5,000 or more in respect of any sale so as to require a report under this section, there must be included in the computation of such aggregate amount any political contributions in respect of the sale which are paid by or on behalf of, or at the direction of, any person to whom the applicant, supplier or vendor has paid, or offered or agreed to pay, a fee or commission in respect of the sale. Any such political contributions are deemed for purposes of this part to be political contributions by the applicant, supplier or vendor who paid or offered or agreed to pay the fee or commission.

(d) Any applicant or supplier which has informed the Directorate of Defense Trade Controls under this section that neither it nor its vendors have paid, or offered or agreed to pay, political contributions or fees or commissions in an aggregate amount requiring the information specified in §130.10 to be furnished, must subsequently furnish such information within 30 days after learning that it or its vendors had paid, or offered or agreed to pay, political contributions or fees or commissions in respect of a sale in an aggregate amount which, if known to applicant or supplier at the time of its previous communication with the Directorate of Defense Trade Controls, would have required the furnishing of information under §130.10 at that time.
§ 130.10 Information to be furnished by applicant or supplier to the Directorate of Defense Trade Controls.

(a) Every person required under §130.9 to furnish information specified in this section in respect to any sale must furnish to the Directorate of Defense Trade Controls:

(1) The total contract price of the sale to the foreign purchaser;
(2) The name, nationality, address and principal place of business of the applicant or supplier, as the case may be, and, if applicable, the employer and title;
(3) The name, nationality, address and principal place of business, and if applicable, employer and title of each foreign purchaser, including the ultimate end-user involved in the sale;
(4) Except as provided in paragraph (c) of this section, a statement setting forth with respect to such sale:

(i) The amount of each political contribution paid, or offered or agreed to be paid, or the amount of each fee or commission paid, or offered or agreed to be paid;
(ii) The date or dates on which each reported amount was paid, or offered or agreed to be paid;
(iii) The recipient of each such amount paid, or intended recipient if not yet paid;
(iv) The person who paid, or offered or agreed to pay such amount; and
(v) The aggregate amounts of political contributions and of fees or commissions, respectively, which shall have been reported.

(b) In responding to paragraph (a)(4) of this section, the statement must:

(1) With respect to each payment reported, state whether such payment was in cash or in kind. If in kind, it must include a description and valuation thereof. Where precise amounts are not available because a payment has not yet been made, an estimate of the amount offered or agreed to be paid must be provided;
(2) With respect to each recipient, state:

(i) Its name;
(ii) Its nationality;
(iii) Its address and principal place of business;
(iv) Its employer and title; and
(v) Its relationship, if any, to applicant, supplier, or vendor, and to any foreign purchaser or end-user.

(c) In submitting a report required by §130.9, the detailed information specified in paragraph (a)(4) and (b) of this section need not be included if the payments do not exceed:

(1) $2,500 in the case of political contributions; and
(2) $50,000 in the case of fees or commissions.

In lieu of reporting detailed information with respect to such payments, the aggregate amount thereof must be reported, identified as miscellaneous political contributions or miscellaneous fees or commissions, as the case may be.

(d) Every person required to furnish the information specified in paragraphs (a) and (b) of this section must respond fully to each subdivision of those paragraphs and, where the correct response is “none” or “not applicable,” must so state.

§ 130.11 Supplementary reports.

(a) Every applicant or supplier who is required under §130.9 to furnish the information specified in §130.10 must submit a supplementary report in connection with each sale in respect of which applicant or supplier has previously been required to furnish information if:

(1) Any political contributions aggregating $2,500 or more or fees or commissions aggregating $50,000 or more not previously reported or paid, or offered or agreed to be paid by applicant or supplier or any vendor;
(2) Subsequent developments cause the information initially reported to be no longer accurate or complete (as in the case where a payment actually made is substantially different in

[58 FR 39323, July 22, 1993, as amended at 71 FR 20554, Apr. 21, 2006]
amount from a previously reported estimate of an amount offered or agreed to be paid); or

(3) Additional details are requested by the Directorate of Defense Trade Controls with respect to any miscellaneous payments reported under §130.10(c).

(b) Supplementary reports must be sent to the Directorate of Defense Trade Controls within 30 days after the payment, offer or agreement reported therein or, when requested by the Directorate of Defense Trade Controls, within 30 days after such request, and must include:

(1) Any information specified in §130.10 required or requested to be reported and which was not previously reported; and

(2) The Directorate of Defense Trade Controls license number, if any, and the Department of Defense contract number, if any, related to the sale.

§130.12 Information to be furnished by vendor to applicant or supplier.

(a) In order to determine whether it is obliged under §130.9 to furnish the information specified in §130.10 with respect to a sale, every applicant or supplier must obtain from each vendor, from or through whom the applicant acquired defense articles or defense services forming the whole or a part of the sale, a full disclosure by the vendor of all political contributions or fees or commission paid, by vendor with respect to such sale. Such disclosure must include responses to all the information pertaining to vendor required to enable applicant or supplier, as the case may be, to comply fully with §§130.9 and 130.10. If so required, they must include the information furnished by each vendor in providing the information specified.

(b) Any vendor which has been requested by an applicant or supplier to furnish an initial statement under paragraph (a) of this section must, except as provided in paragraph (c) of this section, furnish such statement in a timely manner and not later than 20 days after receipt of such request.

(c) If the vendor believes that furnishing information to an applicant or supplier in a requested statement would unreasonably risk injury to the vendor’s commercial interests, the vendor may furnish in lieu of the statement an abbreviated statement disclosing only the aggregate amount of all political contributions and the aggregate amount of all fees or commissions which have been paid, or offered or agreed to be paid, or offered or agreed to be paid, by the vendor with respect to the sale. Any abbreviated statement furnished to an applicant or supplier under this paragraph must be accompanied by a certification that the requested information has been reported by the vendor directly to the Directorate of Defense Trade Controls. The vendor must simultaneously report fully to the Directorate of Defense Trade Controls all information which the vendor would otherwise have been required to report to the applicant or supplier under this section. Each such report must clearly identify the sale with respect to which the reported information pertains.

(d)(1) If upon the 25th day after the date of its request to vendor, an applicant or supplier has not received from the vendor the initial statement required by paragraph (a) of this section, the applicant or supplier must submit to the Directorate of Defense Trade Controls a signed statement attesting to:

(i) The manner and extent of applicant’s or supplier’s attempt to obtain from the vendor the initial statement required under paragraph (a) of this section;

(ii) Vendor’s failure to comply with this section; and

(iii) The amount of time which has elapsed between the date of applicant’s or supplier’s request and the date of the signed statement;

(2) The failure of a vendor to comply with this section does not relieve any applicant or supplier otherwise required by §130.9 to submit a report to the Directorate of Defense Trade Controls from submitting such a report.
§ 130.13 Information to be furnished to applicant, supplier or vendor by a recipient of a fee or commission.

(a) Every applicant or supplier, and each vendor thereof;

(1) In order to determine whether it is obliged under §130.9 or §130.12 to furnish information specified in §130.10 with respect to a sale; and

(2) Prior to furnishing such information, must obtain from each person, if any, to whom it has paid, or offered or agreed to pay, a fee or commission in respect of such sale, a timely statement containing a full disclosure by such a person of all political contributions paid, or offered or agreed to be paid, by it or on its behalf, or at its direction, in respect of such sale. Such disclosure must include responses to all the information required to enable the applicant, supplier or vendor, as the case may be, to comply fully with §§130.9, 130.10, and 130.12.

(b) In obtaining information under paragraph (a) of this section, the applicant, supplier or vendor, as the case may be, must also require each person to whom a fee or commission is paid, or offered or agreed to be paid, to furnish from time to time such reports of its political contributions as may be necessary to enable the applicant, supplier or vendor, as the case may be, to comply fully with §§130.9, 130.10, 130.11, and 130.12.

(c) The applicant supplier or vendor, as the case may be, must include any political contributions paid, or offered or agreed to be paid, by or on behalf of, or at the direction of, any person to whom it has paid, or offered or agreed to pay a fee or commission in determining whether applicant, supplier or vendor is required by §§130.9, 130.10, and 130.12 to furnish information specified in §130.10.

§ 130.14 Recordkeeping.

Each applicant, supplier and vendor must maintain a record of any information it was required to furnish or obtain under this part and all records upon which its reports are based for a period of not less than five years following the date of the report to which they pertain.

§ 130.15 Confidential business information.

(a) Any person who is required to furnish information under this part may identify any information furnished hereunder which the person considers to be confidential business information. No person, including any applicant or supplier, shall publish, divulge, disclose, or make known in any manner, any information so identified by a vendor or other person unless authorized by law or regulation.

(b) For purposes of this section, confidential business information means commercial or financial information which by law is entitled to protection from disclosure. (See, e.g., 5 U.S.C. 552(b) (3) and (4); 18 U.S.C. 1905; 22 U.S.C. 2778(e); Rule 26(c)(7), Federal Rules of Civil Procedure.)

§ 130.16 Other reporting requirements.

The submission of reports under this part does not relieve any person of any requirements to furnish information to any federal, state, or municipal agency, department or other instrumentality as required by law, regulation or contract.

§ 130.17 Utilization of and access to reports and records.

(a) All information reported and records maintained under this part will be made available, upon request for utilization by standing committees of the Congress and subcommittees thereof, and by United States Government agencies, in accordance with §39(d) of the Arms Export Control Act (22 U.S.C. 2779(d)), and reports based upon such information will be submitted to Congress in accordance with sections 36(a)(7) and 36(b)(1) of that Act (22 U.S.C. 2776(a)(7) and (b)(1)) or any other applicable law.

(b) All confidential business information provided pursuant to this part shall be protected against disclosure to the extent provided by law.

(c) Nothing in this section shall preclude the furnishing of information to foreign governments for law enforcement or regulatory purposes under international arrangements between

[61 FR 39585, July 30, 1996]

§ 131.2 Refusal of certification for unlawful purpose.

(a) The Department will not certify to a document when it has good reason to believe that the certification is desired for an unlawful or improper purpose. It is therefore the duty of the Authentication Officer to examine not only the document which the Department is asked to authenticate, but also the fundamental document to which previous seals or other certifications may have been affixed by other authorities. The Authentication Officer shall request such additional information as may be necessary to establish that the requested authentication will serve the interests of justice and is not contrary to public policy.

(b) In accordance with section 3, paragraph 5 of the Export Administration Act of 1969 (83 Stat. 841, Pub. L. 91–184) approved December 30, 1969, documents which have the effect of furthering or supporting the restrictive trade practices or boycotts fostered or imposed by foreign countries against countries friendly to the United States shall be considered contrary to public policy for purposes of these regulations.

PART 132—BOOKS, MAPS, NEWSPAPERS, ETC.

§ 132.1 Purchase.

The purchase by the Department of State of books, maps, newspapers, periodicals, and other publications shall be made without regard to the provisions of the act approved March 3, 1933 (sec. 2, 47 Stat. 1520; 41 U.S.C. 10a), since determination has been made by the Secretary, as permitted by the provisions of the act, that such purchase is inconsistent with the public interest.

§ 133.100 What does this part do?

This part carries out the portion of the Drug-Free Workplace Act of 1988 (41 U.S.C. 701 et seq., as amended) that applies to grants. It also applies the provisions of the Act to cooperative agreements and other financial assistance awards, as a matter of Federal Government policy.

§ 133.110 Are any of my Federal assistance awards exempt from this part?

This part does not apply to any award that the Procurement Executive determines that the application of this part would be inconsistent with the international obligations of the United States or the laws or regulations of a foreign government.
§ 133.115 Does this part affect the Federal contracts that I receive?

It will affect future contract awards indirectly if you are debarred or suspended for a violation of the requirements of this part, as described in § 133.510(c). However, this part does not apply directly to procurement contracts. The portion of the Drug-Free Workplace Act of 1988 that applies to Federal procurement contracts is carried out through the Federal Acquisition Regulation in chapter 1 of Title 48 of the Code of Federal Regulations (the drug-free workplace coverage currently is in 48 CFR part 23, subpart 23.5).

Subpart B—Requirements for Recipients Other Than Individuals

§ 133.200 What must I do to comply with this part?

There are two general requirements if you are a recipient other than an individual.

(a) First, you must make a good faith effort, on a continuing basis, to maintain a drug-free workplace. You must agree to do so as a condition for receiving any award covered by this part. The specific measures that you must take in this regard are described in more detail in subsequent sections of this subpart. Briefly, those measures are to—

(1) Publish a drug-free workplace statement and establish a drug-free awareness program for your employees (see §§ 133.205 through 133.220); and

(2) Take actions concerning employees who are convicted of violating drug statutes in the workplace (see § 133.225).

(b) Second, you must identify all known workplaces under your Federal awards (see § 133.230).

§ 133.205 What must I include in my drug-free workplace statement?

You must publish a statement that—

(a) Tells your employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in your workplace;

(b) Specifies the actions that you will take against employees for violating that prohibition; and

(c) Lets each employee know that, as a condition of employment under any award, he or she:

(1) Will abide by the terms of the statement; and

(2) Must notify you in writing if he or she is convicted for a violation of a criminal drug statute occurring in the workplace and must do so no more than five calendar days after the conviction.

§ 133.210 To whom must I distribute my drug-free workplace statement?

You must require that a copy of the statement described in § 133.205 be given to each employee who will be engaged in the performance of any Federal award.

§ 133.215 What must I include in my drug-free awareness program?

You must establish an ongoing drug-free awareness program to inform employees about—

(a) The dangers of drug abuse in the workplace;

(b) Your policy of maintaining a drug-free workplace;

(c) Any available drug counseling, rehabilitation, and employee assistance programs; and

(d) The penalties that you may impose upon them for drug abuse violations occurring in the workplace.

§ 133.220 By when must I publish my drug-free workplace statement and establish my drug-free awareness program?

If you are a new recipient that does not already have a policy statement as described in § 133.205 and an ongoing awareness program as described in § 133.215, you must publish the statement and establish the program by the time given in the following table:

<table>
<thead>
<tr>
<th>Condition</th>
<th>Time Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>(a) The performance period of the award is less than 30 days</td>
<td>must have the policy statement and program in place as soon as possible, but before the date on which performance is expected to be completed.</td>
</tr>
<tr>
<td>(b) The performance period of the award is 30 days or more</td>
<td>must have the policy statement and program in place within 30 days after award.</td>
</tr>
</tbody>
</table>
§ 133.300 What must I do to comply with this part if I am an individual recipient?

As a condition of receiving a Department of State award, if you are an individual recipient, you must agree that—

(a) You will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity related to the award; and

(b) If you are convicted of a criminal drug offense resulting from a violation occurring during the conduct of any award activity, you will report the conviction:

(1) In writing.

(2) Within 10 calendar days of the conviction.
§ 133.301  
(3) To the Department of State awarding official or other designee for each award that you currently have, unless §133.301 or the award document designates a central point for the receipt of the notices. When notice is made to a central point, it must include the identification number(s) of each affected award.

§ 133.301  [Reserved]

Subpart D—Responsibilities of Department of State Awarding Officials

§ 133.400  What are my responsibilities as a Department of State awarding official?
As a Department of State awarding official, you must obtain each recipient’s agreement, as a condition of the award, to comply with the requirements in—
(a) Subpart B of this part, if the recipient is not an individual; or
(b) Subpart C of this part, if the recipient is an individual.

Subpart E—Violations of this Part and Consequences

§ 133.500  How are violations of this part determined for recipients other than individuals?
A recipient other than an individual is in violation of the requirements of this part if the Procurement Executive determines, in writing, that—
(a) The recipient has violated the requirements of subpart B of this part; or
(b) The number of convictions of the recipient’s employees for violating criminal drug statutes in the workplace is large enough to indicate that the recipient has failed to make a good faith effort to provide a drug-free workplace.

§ 133.505  How are violations of this part determined for recipients who are individuals?
An individual recipient is in violation of the requirements of this part if the Procurement Executive determines, in writing, that—
(a) The recipient has violated the requirements of subpart C of this part; or
(b) The recipient is convicted of a criminal drug offense resulting from a violation occurring during the conduct of any award activity.

§ 133.510  What actions will the Federal Government take against a recipient determined to have violated this part?
If a recipient is determined to have violated this part, as described in §133.500 or §133.505, the Department of State may take one or more of the following actions—
(a) Suspension of payments under the award;
(b) Suspension or termination of the award; and
(c) Suspension or debarment of the recipient under 2 CFR Part 601, for a period not to exceed five years.

§ 133.515  Are there any exceptions to those actions?
The Procurement Executive may waive with respect to a particular award, in writing, a suspension of payments under an award, suspension or termination of an award, or suspension or debarment of a recipient if the Procurement Executive determines that such a waiver would be in the public interest. This exception authority cannot be delegated to any other official.

Subpart F—Definitions

§ 133.605  Award.
Award means an award of financial assistance by the Department of State or other Federal agency directly to a recipient.
(a) The term award includes:
(1) A Federal grant or cooperative agreement, in the form of money or property in lieu of money.
(2) A block grant or a grant in an entitlement program, whether or not the grant is exempted from coverage under the Governmentwide rule 22 CFR Part 135 that implements OMB Circular A-102 (for availability, see 5 CFR 1310.3) and specifies uniform administrative requirements.
(b) The term award does not include:
(1) Technical assistance that provides services instead of money.
(2) Loans.
(3) Loan guarantees.
(4) Interest subsidies.
(5) Insurance.
(6) Direct appropriations.
(7) Veterans’ benefits to individuals (i.e., any benefit to veterans, their families, or survivors by virtue of the service of a veteran in the Armed Forces of the United States).

§ 133.610 Controlled substance.

Controlled substance means a controlled substance in schedules I through V of the Controlled Substances Act (21 U.S.C. 812), and as further defined by regulation at 21 CFR 1308.11 through 1308.15.

§ 133.615 Conviction.

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

§ 133.620 Cooperative agreement.

Cooperative agreement means an award of financial assistance that, consistent with 31 U.S.C. 6305, is used to enter into the same kind of relationship as a grant (see definition of grant in §133.650), except that substantial involvement is expected between the Federal agency and the recipient when carrying out the activity contemplated by the award. The term does not include cooperative research and development agreements as defined in 15 U.S.C. 3710a.

§ 133.625 Criminal drug statute.

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance.

§ 133.630 Debarment.

Debarment means an action taken by a Federal agency to prohibit a recipient from participating in Federal Government procurement contracts and covered nonprocurement transactions. A recipient so prohibited is debarred, in accordance with the Federal Acquisition Regulation for procurement contracts (48 CFR part 9, subpart 9.4) and the common rule, Government-wide Debarment and Suspension (Non-procurement), that implements Executive Order 12549 and Executive Order 12689.

§ 133.635 Drug-free workplace.

Drug-free workplace means a site for the performance of work done in connection with a specific award at which employees of the recipient are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance.

§ 133.640 Employee.

(a) Employee means the employee of a recipient directly engaged in the performance of work under the award, including—
(1) All direct charge employees;
(2) All indirect charge employees, unless their impact or involvement in the performance of work under the award is insignificant to the performance of the award; and
(3) Temporary personnel and consultants who are directly engaged in the performance of work under the award and who are on the recipient’s payroll.

(b) This definition does not include workers not on the payroll of the recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the payroll; or employees of subrecipients or subcontractors in covered workplaces).

§ 133.645 Federal agency or agency.

Federal agency or agency means any United States executive department, military department, government corporation, government controlled corporation, any other establishment in the executive branch (including the Executive Office of the President), or any independent regulatory agency.

§ 133.650 Grant.

Grant means an award of financial assistance that, consistent with 31 U.S.C. 6304, is used to enter into a relationship—
(a) The principal purpose of which is to transfer a thing of value to the recipient to carry out a public purpose of
support or stimulation authorized by a law of the United States, rather than to acquire property or services for the Federal Government’s direct benefit or use; and
(b) In which substantial involvement is not expected between the Federal agency and the recipient when carrying out the activity contemplated by the award.

§ 133.655 Individual.

Individual means a natural person.

Recipient means any individual, corporation, partnership, association, unit of government (except a Federal agency) or legal entity, however organized, that receives an award directly from a Federal agency.

§ 133.665 State.

State means any of the States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or any territory or possession of the United States.

§ 133.670 Suspension.

Suspension means an action taken by a Federal agency that immediately prohibits a recipient from participating in Federal Government procurement contracts and covered nonprocurement transactions for a temporary period, pending completion of an investigation and any judicial or administrative proceedings that may ensue. A recipient so prohibited is suspended, in accordance with the Federal Acquisition Regulation for procurement contracts (48 CFR part 9, subpart 9.4) and the common rule, Government-wide Debarment and Suspension (Nonprocurement), that implements Executive Order 12549 and Executive Order 12689. Suspension of a recipient is a distinct and separate action from suspension of an award or suspension of payments under an award.

PART 134—EQUAL ACCESS TO JUSTICE ACT; IMPLEMENTATION

Subpart A—General Provisions

Sec. 134.1 Purpose of these rules.
§ 134.2 When the Act applies.

The Act applies to any adversary adjudication pending before the Department of State at any time between October 1, 1981 and September 30, 1984. This includes proceedings begun before October 1, 1981 if final agency action has not been taken before that date, and proceedings pending on September 30, 1984, regardless of when they were initiated or when final agency action occurs.

§ 134.3 Proceedings covered.

(a) The Act applies to adversary adjudications conducted by the Department of State. These are adjudications under 5 U.S.C. 554 in which the position of the Department of State is presented by an attorney or other representative who enters an appearance and participates in the proceeding. For the Department of State, the type of proceeding covered are proceedings relative to controlling export of defense articles through administrative sanctions pursuant to 22 U.S.C. 2778 and 50 U.S.C. App. 2410 (c)(2)(B).

(b) The Department of State may also designate a proceeding not listed in paragraph (a) of this section as an adversary adjudication for purposes of the Act by so stating in an order initiating the proceeding or designating the matter for hearing. The failure to designate a proceeding as an adversary adjudication shall not preclude the filing of an application by a party who believes the proceeding is covered by the Act; whether the proceeding is covered will then be an issue for resolution in proceedings on the application.

(c) If a proceeding includes matters covered by the Act and matters specifically excluded from coverage, any award made will include only fees and expenses related to covered issues.

§ 134.4 Eligibility of applicants.

(a) To be eligible for an award of attorney fees and other expenses under the Act, the applicant must be a party to the adversary adjudication for which it seeks an award. The term “party” is defined in 5 U.S.C. 551(3). The applicant must show by clear and convincing evidence that it meets all conditions of eligibility set out in this subpart and in subpart B and must submit additional information to verify its eligibility upon order by the adjudicative officer.

(b) The types of eligible applicants are as follows:

(1) An individual with a net worth of not more than $1 million;

(2) The sole owner of an unincorporated business who has a net worth of not more than $5 million, including both personal and business interests, and not more than 500 employees;

(3) A charitable or other tax-exempt organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) with not more than 500 employees;

(4) A cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)) with not more than 500 employees; and

(5) Any other partnership, corporation, association, or public or private organization with a net worth of not more than $5 million and not more than 500 employees.

(c) For the purpose of eligibility, the net worth and number of employees of an applicant shall be determined as of the date the proceeding was initiated.

(d) An applicant who owns an unincorporated business will be considered as an “individual” rather than a “sole owner of an unincorporated business” if the issues on which the applicant prevails are related primarily to personal interests rather than to business interests.

(e) The employees of an applicant include all persons who regularly perform services for remuneration for the applicant, under the applicant’s direction and control. Part-time employees shall be included on a proportional basis.

(f) The net worth and number of employees of the applicant and all of its affiliates shall be aggregated to determine eligibility. Any individual, corporation or other entity that directly or indirectly owns or controls a majority of the voting shares or other interest of the applicant, or any corporation or other entity of which the applicant directly or indirectly owns or controls a majority of the voting shares or other interest, will be considered an affiliate for purposes of this part, unless the adjudicative officer determines
that such treatment would be unjust and contrary to the purposes of the Act in light of the actual relationship between the affiliated entities. In addition, the adjudicative officer may determine that financial relationships of the applicant other than those described in this paragraph constitute special circumstances that would make an award unjust.

(g) An applicant that participates in a proceeding primarily on behalf of one or more other persons or entities that would be ineligible is not itself eligible for an award.

§ 134.5 Standard for awards.

(a) A prevailing applicant may receive an award for fees and expenses incurred in connection with a proceeding, or in a significant and discrete substantive portion of the proceeding, unless the position of the agency over which the applicant has prevailed was substantially justified. The burden of proof that an award should not be made to an eligible prevailing applicant is on the Department of State which may avoid an award by showing that its position was reasonable in law and fact.

(b) An award will be reduced or denied if the applicant has unduly or unreasonably protracted the proceeding or if special circumstances make the award sought unjust.

§ 134.6 Allowable fees and expenses.

(a) Awards will be based on rates customarily charged by persons engaged in the business of acting as attorneys, agents and expert witnesses, even if the services were made available without charge or at a reduced rate to the applicant.

(b) No award for the fee of an attorney or agent under these rules may exceed $75.00 per hour. No award to compensate an expert witness may exceed the highest rate at which the Department of State pays expert witnesses, which is generally $50.00 per hour. However, an award may also include the reasonable expenses of the attorney, agent or witness as a separate item, if the attorney, agent or witness ordinarily charges clients separately for such expenses.

(c) In determining the reasonableness of the fee sought for an attorney, agent or expert witness, the adjudicative officer shall consider the following:

1. If the attorney, agent or witness is in private practice, his or her customary fee for similar services, or, if an employee of the applicant, the fully allocated cost of the services;

2. The prevailing rate for similar services in the community in which the attorney, agent or witness ordinarily performs services;

3. The time actually spent in the representation of the applicant;

4. The time reasonably spent in light of the difficulty or complexity of the issues in the proceeding; and

5. Such other factors as may bear on the value of the services provided.

(d) The reasonable cost of any study, analysis, engineering report, test, project or similar matter prepared on behalf of a party may be awarded, to the extent that the charge for the service does not exceed the prevailing rate for similar services, and the study or other matter was necessary for preparation of applicant’s case.

§ 134.7 Rulemaking on maximum rates for attorney fees.

(a) If warranted by an increase in the cost of living or by special circumstances (such as limited availability of attorneys qualified to handle certain types of proceedings), the Department of State may adopt regulations providing that attorney fees may be awarded at a rate higher than $75 per hour in some or all of the types of proceedings covered by this part. The Department of State will conduct any rulemaking proceedings for this purpose under the informal rulemaking procedures of the Administrative Procedure Act.

(b) Any person may request the Department of State to initiate a rulemaking proceeding to increase the maximum rate for attorney fees. The request should identify the rate the person believes the Department of State should establish and the types of proceedings in which the rate should be used. It should also explain fully the reasons why the higher rate is warranted. The Department of State will respond to the request within 60 days.
Department of State § 134.12

after it is filed, by determining to initiate a rulemaking proceeding, denying the request, or taking other appropriate action.

§ 134.8 Official authorized to take final action under the Act.

The Department of State official who renders the final agency decision in a covered proceeding is authorized to take final action on matters pertaining to the Equal Access to Justice Act as applied to the proceeding.

Subpart B—Information Required From Applicants

§ 134.11 Contents of application.

(a) An application for an award of fees and expenses under the Act shall identify the applicant and the proceeding for which an award is sought. The application shall show that the applicant has prevailed and identify the position of the Department of State in the proceeding that the applicant alleges was not substantially justified. Unless the applicant is an individual, the application shall also state the number of employees of the applicant and describe briefly the type and purpose of its organization or business.

(b) The application shall also include a statement that the applicant’s net worth does not exceed $1 million (if an individual) or $5 million (for all other applicants, including their affiliates). However, an applicant may omit this statement if:

(1) It attaches a copy of a ruling by the Internal Revenue Service that it qualifies as an organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) or, in the case of a tax-exempt organization not required to obtain a ruling from the Internal Revenue Service on its exempt status, a statement that describes the basis for the applicant’s belief that it qualifies under such section; or

(2) It states on the application that it is a cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141(j)(a)).

(c) The application shall state the amount of fees and expenses for which an award is sought.

(d) The application may also include any other matters that the applicant wishes the Department of State to consider in determining whether and in what amount an award should be made.

(e) The application shall be signed by the applicant or an authorized officer or attorney of the applicant. It shall also contain or be accompanied by a written verification under oath or under penalty of perjury that the information provided in the application is true and correct.

§ 134.12 Net worth exhibit.

(a) Each applicant except a qualified tax-exempt organization or cooperative association must provide with its application a detailed exhibit showing the net worth of the applicant and any affiliates (as defined in §960.4(f)) when the proceeding was initiated. The exhibit may be in any form convenient to the applicant that provides full disclosure of the applicant’s and its affiliates’ assets and liabilities and is sufficient to determine whether the applicant qualifies under the standards in this part. The adjudicative officer may require an applicant to file additional information to determine its eligibility for an award.

(b) Ordinarily, the net worth exhibit will be included in the public record of the proceeding. However, an applicant that objects to public disclosure of information in any portion of the exhibit and believes there are legal grounds for withholding it from disclosure may submit that portion of the exhibit directly to the adjudicative officer in a sealed envelope labeled “Confidential Financial Information”, accompanied by a motion to withhold the information from public disclosure. The motion shall describe the information sought to be withheld and explain, in detail, why it falls within one or more of the specific exemptions from mandatory disclosure under the Freedom of Information Act, 5 U.S.C. 551(b) (1)–(9), why public disclosure of the information would adversely affect the applicant, and why disclosure is not required in the public interest. The material in question shall be served on counsel representing the agency against which the applicant seeks an award, but need not be served on any other party to the proceeding. If the
adjudicative officer finds that the information should not be withheld from disclosure, it shall be placed in the public record of the proceeding. Otherwise, any request to inspect or copy the exhibit shall be disposed of in accordance with the Department of State established procedures under the Freedom of Information Act, part 6 of this title.

§ 134.13 Documentation of fees and expenses.

The application shall be accompanied by full documentation of the fees and expenses, including the cost of any study, analysis, engineering report, test project or similar matter, for which an award is sought. A separate itemized statement shall be submitted for each professional firm or individual whose services are covered by the application, showing the hours spent in connection with the proceeding by each individual, a description of the specific services performed, the rate at which each fee has been computed, any expenses for which reimbursement is sought, the total amount claimed, and the total amount paid or payable by the applicant or by any other person or entity for the services provided. The adjudicative officer may require the applicant to provide vouchers, receipts, or other substantiation for any expenses claimed.

§ 134.14 When application may be filed.

(a) An application may be filed whenever the applicant has prevailed in the proceeding or in a significant and discrete substantive portion of the proceeding, but in no case later than 30 days after the Department of State’s final disposition of the proceeding.

(b) If review or reconsideration is sought or taken of a decision as to which an applicant believes it has prevailed, proceedings for the award of fees shall be stayed pending final disposition of the underlying controversy.

(c) For purposes of this rule, final disposition means the later of (1) the date on which an initial decision or other recommended disposition of the merits of the proceeding by an adjudicative officer or intermediate review board becomes administratively final; (2) issuance of an order disposing of any petitions for reconsideration of the Department of State’s final order in the proceeding; (3) if no petition for reconsideration is filed, the last date on which such a petition could have been filed; or (4) issuance of a final order or any other final resolution of a proceeding, such as a settlement or voluntary dismissal, which is not subject to a petition for reconsideration or to a petition for judicial review; or (5) completion of judicial action on the underlying controversy and any subsequent Department of State action pursuant to judicial mandate.

Subpart C—Procedures for Considering Applications

§ 134.21 Filing and service of documents.

Any application for an award or other pleading or document related to an application shall be filed and served on all parties to the proceeding in the same manner as other pleadings in the proceeding, except as provided in §134.12(b) for confidential financial information.

§ 134.22 Answer to application.

(a) Within 30 days after service of an application, counsel representing the Department of State may file an answer to the application. Unless the Department of State counsel requests an extension of time for filing or files a statement of intent to negotiate under paragraph (b) of this section, failure to file an answer within the 30 day period may be treated as a consent to the award requested.

(b) If the Department of State counsel and the applicant believe that the issues in the fee application can be settled, they may jointly file a statement of their intent to negotiate a settlement. The filing of this statement shall extend the time for filing an answer for an additional 30 days, and further extensions may be granted by the adjudicative officer upon request by Department of State counsel and the applicant.

(c) The answer shall explain in detail any objections to the award requested.
§ 134.23 Reply.

Within 15 days after service of an answer, the applicant may file a reply. If the reply is based on any alleged facts not already in the record of the proceeding, the applicant shall include with the reply either supporting affidavits or a request for further proceedings under §134.26.

§ 134.24 Comments by other parties.

Any party to a proceeding other than the applicant and Department of State may file comments on an application within 30 days after it is served or on an answer within 15 days after it is served. A commenting party may not participate further in proceedings on the application unless the adjudicative officer determines that the public interest requires such participation in order to permit full exploration of matters raised in the comment.

§ 134.25 Settlement.

The applicant and the Department of State may agree on a proposed settlement of the award before final action on the application, either in connection with a settlement of the underlying proceeding, or after the underlying proceeding has been concluded. If a prevailing party and Department of State counsel agree on a proposed settlement of an award before an application has been filed, the application shall be filed with the proposed settlement.

§ 134.26 Further proceedings.

(a) Ordinarily, the determination of an award will be made on the basis of the written record. However, on request of either the applicant or Department of State counsel, or on his or her own initiative, the adjudicative officer may order further proceedings, such as an informal conference, oral argument, additional written submissions, or an evidentiary hearing. Such further proceedings shall be held only when necessary for full and fair resolution of the issues arising from the application, and shall be conducted as promptly as possible.

(b) A request that the adjudicative officer order further proceedings under this section shall specifically identify the information sought or the disputed issues and shall explain why the additional proceedings are necessary to resolve the issues.

§ 134.27 Decision.

The adjudicative officer shall issue an initial decision on the application as promptly as possible after completion of proceedings on the application. The decision shall include written findings and conclusions on the applicant’s eligibility and status as a prevailing party, and an explanation of the reasons for any difference between the amount requested and the amount awarded. The decision shall also include, if at issue, findings on whether the Department of State position was substantially justified, whether the applicant unduly protracted the proceedings, or whether special circumstances make an award unjust. If the applicant has sought an award against the Department of State and another agency, the decision shall allocate responsibility for payment of any award made between the Department of State and the other agency, and shall explain the reasons for the allocation made.

§ 134.28 Further Department of State review.

Either the applicant or Department of State counsel may seek review of the initial decision. If neither the applicant nor the Department of State counsel seeks review, the initial decision shall become a final decision of the Department of State 30 days after it is issued. If review is taken the Judicial Officer will issue a final decision on the application or remand the application to the adjudicative officer for further proceedings.

§ 134.29 Judicial review.

Judicial review of final Department of State decisions on awards as may be sought as provided in 5 U.S.C. 504(c)(2).
§ 134.30 Payment of award.

An applicant seeking payment of an award shall submit to the Comptroller or other disbursing official of the Department of State a copy of the final decision granting the award accompanied by a statement that the applicant will not seek review of the decision in the United States courts. Requests for payment should be sent to: Executive Director, Office of the Comptroller, Room 1328, Department of State, 2201 C Street, NW., Washington, DC 20520. The Department of State will pay the amount awarded to the applicant within 60 days, unless judicial review of the award or of the underlying decision of the adversary adjudication has been sought by the applicant or any other party to the proceeding.

PART 135—UNIFORM ADMINISTRATIVE REQUIREMENTS FOR GRANTS AND COOPERATIVE AGREEMENTS TO STATE AND LOCAL GOVERNMENTS

Subpart A—General

Sec. 135.3 Definitions.

As used in this part:

Accrued expenditures mean the charges incurred by the grantee during a given period requiring the provision of funds for: (1) Goods and other tangible property received; (2) services performed by employees, contractors, subgrantees, subcontractors, and other payees; and (3) other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.

Accrued income means the sum of: (1) Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and (2) amounts
becoming owed to the grantee for which no current services or performance is required by the grantee.

*Acquisition cost* of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee’s regular accounting practices.

*Administrative requirements* mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from “programmatic” requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

*Awarding agency* means (1) with respect to a grant, the Federal agency, and (2) with respect to a subgrant, the party that awarded the subgrant.

*Cash contributions* means the grantee’s cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

*Contract* means (except as used in the definitions for “grant” and “subgrant” in this section and except where qualified by “Federal”) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.

*Cost sharing or matching* means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

*Cost-type contract* means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

*Equipment* means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

*Expenditure report* means: (1) For non-construction grants, the SF-269 “Financial Status Report” (or other equivalent report); (2) for construction grants, the SF-271 “Outlay Report and Request for Reimbursement” (or other equivalent report).

*Federally recognized Indian tribal government* means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

*Government* means a State or local government or a federally recognized Indian tribal government.

*Grant* means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

*Grantee* means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

*Local government* means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of
§ 135.3  22 CFR Ch. I (4–1–10 Edition)

1937) school district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under state law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

OMB means the United States Office of Management and Budget.

Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments.

Percentage of completion method refers to a system under which payments are made for construction work according to the percentage of completion of the work, rather than to the grantee’s cost incurred.

Prior approval means documentation evidencing consent prior to incurring specific cost.

Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment. Share, when referring to the awarding agency’s portion of the acquiring party’s total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of third-party in-kind contributions.

State means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937.

Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of “grant” in this part.

Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

Supplies means all tangible personal property other than “equipment” as defined in this part.

Suspension means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or (2) an action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. “Termination” does not
include: (1) Withdrawal of funds awarded on the basis of the grantee’s underestimate of the unobligated balance in a prior period; (2) Withdrawal of the unobligated balance as of the expiration of a grant; (3) Refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or (4) voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Terms of a grant or subgrant mean all requirements of the grant or subgrant, whether in statute, regulations, or the award document.

Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.

§ 135.4 Applicability.

§ 135.10 Forms for applying for grants.

(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.

(2) This section applies only to applications to Federal agencies for grants, and is not required to be applied by grantees in dealing with applicants for subgrants. However, grantees are encouraged to avoid more detailed or burdensome application requirements for subgrants.

(b) Authorized forms and instructions for governmental organizations. (1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.

For any standard form, except the SF–424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.

(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted. Previously submitted pages with information that is still current need not be resubmitted.
§ 135.11 State plans.

(a) Scope. The statutes for some programs require States to submit plans before receiving grants. Under regulations implementing Executive Order 12372, “Intergovernmental Review of Federal Programs,” States are allowed to simplify, consolidate and substitute plans. This section contains additional provisions for plans that are subject to regulations implementing the Executive order.

(b) Requirements. A State need meet only Federal administrative or programmatic requirements for a plan that are in statutes or codified regulations.

(c) Assurances. In each plan the State will include an assurance that the State shall comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding. For this assurance and other assurances required in the plan, the State may:

(1) Cite by number the statutory or regulatory provisions requiring the assurances and affirm that it gives the assurances required by those provisions,

(2) Repeat the assurance language in the statutes or regulations, or

(3) Develop its own language to the extent permitted by law.

(d) Amendments. A State will amend a plan whenever necessary to reflect:

(2) A material change in any State law, organization, policy, or State agency operation. The State will obtain approval for the amendment and its effective date but need submit for approval only the amended portions of the plan.

§ 135.12 Special grant or subgrant conditions for “high-risk” grantees.

(2) Is not financially stable, or

(3) Has a management system which does not meet the management standards set forth in this part, or

(4) Has not conformed to terms and conditions of previous awards, or

(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;

(3) Requiring additional, more detailed financial reports;

(4) Additional project monitoring;

(5) Requiring the grantee or subgrantee to obtain technical or management assistance; or

(6) Establishing additional prior approvals.

(c) If an awarding agency decides to impose such conditions, the awarding official will notify the grantee or subgrantee as early as possible, in writing, of:

(1) The nature of the special conditions/restrictions;

(2) The reason(s) for imposing them;

(3) The corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions and

(4) The method of requesting reconsideration of the conditions/restrictions imposed.

Subpart C—Post-Award Requirements

FINANCIAL ADMINISTRATION

§ 135.20 Standards for financial management systems.

(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to—

(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and
§ 135.21 Payment.

(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of the funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to

(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.

(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

(5) Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.

(6) Source documentation. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

(7) Cash management. Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees’ cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

(c) An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a preaward review or at any time subsequent to award.
pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency’s payments to the grantee or subgrantee will be based on the grantee’s or subgrantee’s actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee’s disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee’s actual cash disbursements.

(f) Effect of program income, refunds, and audit recoveries on payment. (1) Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.

(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless—

(i) The grantee or subgrantee has failed to comply with grant award conditions or

(ii) The grantee or subgrantee is indebted to the United States.

(2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with §135.43(c).

(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

(h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

(i) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses.

§ 135.22 Allowable costs.

(a) Limitation on use of funds. Grant funds may be used only for:

(1) The allowable costs of the grantees, subgrantees and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and

(2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.

(b) Applicable cost principles. For each kind of organization, there is a set of
Federal principles for determining allowable costs. Allowable costs will be determined in accordance with the cost principles applicable to the organization incurring the costs. The following chart lists the kinds of organizations and the applicable cost principles.

§ 135.23 Period of availability of funds.

(a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.

(b) Liquidation of obligations. A grantee must liquidate all obligations incurred under the award not later than 90 days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status Report (SF-269). The Federal agency may extend this deadline at the request of the grantee.

§ 135.24 Matching or cost sharing.

(a) Basic rule: Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of this section, a matching or cost sharing requirement may be satisfied by either or both of the following:

(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by other cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.

(b) Qualifications and exceptions—(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.

(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Cost or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract, or any other award of Federal funds.

(4) Costs financed by program income. Costs financed by program income, as defined in §135.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §135.25(g).)

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count towards satisfying a cost sharing or matching requirement unless other provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantee or cost-type contractors. These records
must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect costs. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or

(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.

(c) Valuation of donated services—(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee’s or subgrantee’s organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee’s normal line of work, the services will be valued at the employee’s regular rate of pay exclusive of the employee’s fringe benefits and overhead costs. If the services are in a different line of work, paragraph (c)(1) of this section applies.

(d) Valuation of third party donated supplies and loaned equipment or space. (1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.

(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.

(e) Valuation of third party donated equipment, buildings, and land. If a third party donates equipment, buildings, or land, and title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant, as follows:

(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching.

(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2)(i) and (ii) of this section apply:

(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment or buildings and the fair rental rate of the donated land may be counted as cost sharing or matching.

(ii) In the case of a subgrant, the terms of the grant agreement may require that the approval be obtained from the Federal agency as well as the grantee. In all cases, the approval may be given only if a purchase of the equipment or rental of the land would be approved as an allowable direct cost. If any part of
§ 135.25 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc. and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. “During the grant period” is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income.

(d) Governmental revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. (See §135.34.)

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of §§135.31 and 135.32.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described below, unless the Federal agency regulations or the grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income
income in excess of any limits stipulated shall also be deducted from outlays.

(1) **Deduction.** Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

(2) **Addition.** When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

(3) **Cost sharing or matching.** When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.

(h) **Income after the award period.** There are no Federal requirements governing the disposition of program income earned after the end of the award period (i.e., until the ending date of the final financial report, see paragraph (a) of this section), unless the terms of the agreement or the Federal agency regulations provide otherwise.

### § 135.26 Non-Federal audit.

(a) **Basic rule.** Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501–7507) and revised OMB Circular A–133, “Audits of States, Local Governments, and Non-Profit Organizations.” The audits shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial audits.

(b) **Subgrantees.** State or local governments, as those terms are defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which expends $300,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:

1. Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A–110, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” have met the audit requirements of the Act. Commercial contractors (private for-profit and private and governmental organizations) providing goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractor has complied with laws and regulations affecting the expenditure of Federal funds;

2. Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, Circular A–110, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;

3. Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instance of noncompliance with Federal laws and regulations;

4. Consider whether subgrantee audits necessitate adjustment of the grantee’s own records; and

5. Require each subgrantee to permit independent auditors to have access to the records and financial statements.

(c) **Auditor selection.** In arranging for audit services, § 135.36 shall be followed.

written approval of the awarding agency.

(b) Relation to cost principles. The applicable cost principles (see §135.22) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.

(c) Budget changes—(1) Nonconstruction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain the prior approval of the awarding agency whenever any of the following changes is anticipated under a nonconstruction award:

(i) Any revision which would result in the need for additional funding.

(ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency’s share exceeds $100,000.

(iii) Transfer of funds allotted for training allowances (i.e., from direct payments to trainees to other expense categories).

(2) Construction projects. Grantees and subgrantees shall obtain prior written approval for any budget revision which would result in the need for additional funds.

(3) Combined construction and nonconstruction projects. When a grant or subgrant provides funding for both construction and nonconstruction activities, the grantee or subgrantee must obtain prior written approval from the awarding agency before making any fund or budget transfer from nonconstruction to construction or vice versa.

(d) Programmatic changes. Grantees or subgrantees must obtain the prior approval of the awarding agency whenever any of the following actions is anticipated:

(1) Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).

(2) Need to extend the period of availability of funds.

(3) Changes in key persons in cases where specified in an application or a grant award. In research projects, a change in the project director or principal investigator shall always require approval unless waived by the awarding agency.

(4) Under nonconstruction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform activities which are central to the purposes of the award. This approval requirement is in addition to the approval requirements of §135.36 but does not apply to the procurement of equipment, supplies, and general support services.

(e) Additional prior approval requirements. The awarding agency may not require prior approval for any budget revision which is not described in paragraph (c) of this section.

(f) Requesting prior approval. (1) A request for prior approval of any budget revision will be in the same budget format the grantee used in its application and shall be accompanied by a narrative justification for the proposed revision.

(2) A request for a prior approval under the applicable Federal cost principles (see §135.22) may be made by letter.

(3) A request by a subgrantee for prior approval will be addressed in writing to the grantee. The grantee will promptly review such request and shall approve or disapprove the request in writing. A grantee will not approve any budget or project revision which is inconsistent with the purpose or terms and conditions of the Federal grant to the grantee. If the revision, requested by the subgrantee would result in a change to the subgrantee’s approved project which requires Federal prior approval, the grantee will obtain the Federal agency’s approval before approving the subgrantee’s request.

§ 135.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.
(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

(1) Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency’s percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.

(2) Sale of property. Sell the property and compensate the awarding agency. The amount due to the awarding agency will be calculated by applying the awarding agency’s percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from sale may be offset against the original cost of the property. When a grantee or subgrantee is directed to sell property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return.

(3) Transfer of title. Transfer title to the awarding agency or to a third-party designated/approved by the awarding agency. The grantee or subgrantee shall be paid an amount calculated by applying the grantee or subgrantee’s percentage of participation in the purchase of the real property to the current fair market value of the property.

§ 135.32 Equipment.

(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) States. A State will use, manage, and dispose of equipment acquired under a grant by the State in accordance with State laws and procedures. Other grantees and subgrantees will follow paragraphs (c) through (e) of this section.

(c) Use. (1) Equipment shall be used by the grantee or subgrantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.

(2) The grantee or subgrantee shall also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, providing such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use shall be given to other programs or projects supported by the awarding agency. User fees should be considered if appropriate.

(3) Notwithstanding the encouragement in §135.25(a) to earn program income, the grantee or subgrantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by Federal statute.

(4) When acquiring replacement equipment, the grantee or subgrantee may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the awarding agency.

(d) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place.
§ 135.33 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for any other federally sponsored programs or projects, the grantee or subgrantee shall compensate the awarding agency for its share.
§ 135.34 Copyrights.

The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and

(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

§ 135.35 Subawards to debarred and suspended parties.

Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.”

§ 135.36 Procurement.

(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will follow paragraphs (b) through (i) in this section.

(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.

(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

(i) The employee, officer or agent,

(ii) Any member of his immediate family,

(iii) His or her partner, or

(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee’s or subgrantee’s officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements. Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee’s and subgrantee’s officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such
§ 135.36  22 CFR Ch. I (4–1–10 Edition)

use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only—

(i) After a determination that no other contract is suitable, and

(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.

(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of the grantee’s or subgrantee’s protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition.

(1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of §135.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services,
geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and

(ii) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) Methods of procurement to be followed—(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in §135.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with
more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;

(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

(C) The awarding agency authorizes noncompetitive proposals; or

(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women’s business enterprises and labor surplus area firms. (1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women’s business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women’s business enterprises on solicitation lists;

(ii) Assuring that small and minority businesses, and women’s business enterprises are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women’s business enterprises;

(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women’s business enterprises;

(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and

(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.

(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular
procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor’s investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see § 135.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:

(i) A grantee’s or subgrantee’s procurement procedures or operation fails to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a “brand name” product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the
§ 135.36 22 CFR Ch. I (4–1–10 Edition)

awarding agency’s right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency’s interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

(i) Contract provisions. A grantee’s and subgrantee’s contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

(3) Compliance with Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3). (All contracts and subgrants for construction or repair)

(5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a–7) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts in excess of $2000 awarded by grantees and subgrantees when required by Federal grant program legislation)

(6) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under such contract.

(9) Awarding agency requirements and regulations pertaining to copyrights and rights in data.
(10) Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

(11) Retention of all required records for three years after grantees or subgrantees make final payments and all other pending matters are closed.

(12) Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000).

(13) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94–163, 89 Stat. 871).

§ 135.37 Subgrants.

(a) States. States shall follow state law and procedures when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. States shall:

(1) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations;

(2) Ensure that subgrantees are aware of requirements imposed upon them by Federal statutes and regulations;

(3) Ensure that a provision for compliance with §135.42 is placed in every cost reimbursement subgrant; and

(4) Conform any advances of grant funds to subgrantees substantially to the same standards of timing and amount that apply to cash advances by Federal agencies.

(b) All other grantees. All other grantees shall follow the provisions of this part which are applicable to awarding agencies when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. Grantees shall:

(1) Ensure that every subgrant includes a provision for compliance with this part;

(2) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations; and

(3) Ensure that subgrantees are aware of requirements imposed upon them by Federal statutes and regulations.

(c) Exceptions. By their own terms, certain provisions of this part do not apply to the award and administration of subgrants:

(1) Section 135.10;

(2) Section 135.11;

(3) The letter-of-credit procedures specified in Treasury Regulations at 31 CFR part 205, cited in §135.21; and

(4) Section 135.50.

§ 135.40 Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.

(1) Grantees shall submit annual performance reports unless the awarding
agency requires quarterly or semi-annual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year; quarterly or semi-annual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration or termination of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.

(2) Performance reports will contain, for each grant, brief information on the following:

(i) A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output may be required if that information will be useful.

(ii) The reasons for slippage if established objectives were not met.

(iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(3) Grantees will not be required to submit more than the original and two copies of performance reports.

(4) Grantees will adhere to the standards in this section in prescribing performance reporting requirements for subgrantees.

(c) Construction performance reports. For the most part, on-site technical inspections and certified percentage-of-completion data are relied on heavily by Federal agencies to monitor progress under construction grants and subgrants. The Federal agency will require additional formal performance reports only when considered necessary, and never more frequently than quarterly.

(d) Significant developments. Events may occur between the scheduled performance reporting dates which have significant impact upon the grant or subgrant supported activity. In such cases, the grantee must inform the Federal agency as soon as the following types of conditions become known:

(1) Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

(2) Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more beneficial results than originally planned.

(e) Federal agencies may make site visits as warranted by program needs.

(f) Waivers, extensions. (1) Federal agencies may waive any performance report required by this part if not needed.

(2) The grantee may waive any performance report from a subgrantee when not needed. The grantee may extend the due date for any performance report from a subgrantee if the grantee will still be able to meet its performance reporting obligations to the Federal agency.

§ 135.41 Financial reporting.

(a) General. (1) Except as provided in paragraphs (a)(2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

(i) Submitting financial reports to Federal agencies, or

(ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB to the extent required under the Paperwork Reduction Act of 1980 for use in connection with forms specified in paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that

§ 135.41
the Federal agency finds unnecessary for its decisionmaking purposes.
(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.
(5) Federal agencies may provide computer outputs to grantees to expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.
(6) Federal agencies may waive any report required by this section if not needed.
(7) Federal agencies may extend the due date of any financial report upon receiving a justified request from a grantee.
(b) Financial Status Report—(1) Form. Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all nonconstruction grants and for construction grants when required in accordance with §135.41(e)(2)(iii) of this section.
(2) Accounting basis. Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee’s accounting records are not normally kept on the accrual basis, the grantee shall not be required to convert its accounting system but shall develop such accrual information through and analysis of the documentation on hand.
(3) Frequency. The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.
(4) Due date. When reports are required on a quarterly or semiannual basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.
(c) Federal Cash Transactions Report—(1) Form. (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a, unless the terms of the award exempt the grantee from this requirement.
(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.
(2) Forecasts of Federal cash requirements. Forecasts of Federal cash requirements may be required in the “Remarks” section of the report.
(3) Cash in hands of subgrantees. When considered necessary and feasible by the Federal agency, grantees may be required to report the amount of cash advances in excess of three days’ needs in the hands of their subgrantees or contractors and to provide short narrative explanations of actions taken by the grantee to reduce the excess balances.
(4) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the Federal agency may require the report to be submitted within 15 working days following the end of each month.
(d) Request for advance or reimbursement—(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form 270, Request for Advance or Reimbursement. (This form will not be used for drawdowns under a letter of credit, electronic funds transfer or when Treasury check advance payments are made to the grantee automatically on a predetermined basis.)
(2) Reimbursements. Requests for reimbursement under nonconstruction
§ 135.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, statistical records, and other records of grantees or subgrantees which are:
   (i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or
   (ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.

(2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see §135.36(i)(10).

(b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

(2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

(3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.

(c) Starting date of retention period—(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee or subgrantee submits to the awarding agency its single or last expenditure report for that period. However, if grant support is continued or renewed quarterly, the retention period for each year’s records starts on the day the grantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its

§ 135.422 CFR Ch. I (4–1–10 Edition)
Department of State

§ 135.43

final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.

(2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency.

(3) Records for income transactions after grant or subgrant support. In some cases grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee’s fiscal year in which the income is earned.

(4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents, and their supporting records: Indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.

(ii) If not submitted for negotiation. If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(d) Substitution of microfilm. Copies made by microfilming, photocopying, or similar methods may be substituted for the original records.

(e) Access to records—(1) Records of grantees and subgrantees. The awarding agency and the Comptroller General of the United States, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.

(2) Expiration of right of access. The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

(f) Restrictions on public access. The Federal Freedom of Information Act (5 U.S.C. 552) does not apply to records. Unless required by Federal, State, or local law, grantees and subgrantees are not required to permit public access to their records.

§ 135.43 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency.

(2) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award for the grantee’s or subgrantee’s program.

(4) Withhold further awards for the program, or

(5) Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of grantee or subgrantee resulting from obligations incurred by the grantee or subgrantee during a suspension or after termination of an
award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other grantee or subgrantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

(1) The costs result from obligations which were properly incurred by the grantee or subgrantee before the effective date of suspension or termination, are not in anticipation of it, and, in the case of a termination, are noncancellable, and,

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude grantee or subgrantee from being subject to “Debarment and Suspension” under E.O. 12549 (see §135.35).

§ 135.44 Termination for convenience.

Except as provided in §135.43 awards may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of partial termination, the portion to be terminated, or

(b) By the grantee or subgrantee upon written notification to the awarding agency, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated. However, if, in the case of a partial termination, the awarding agency determines that the remaining portion of the award will not accomplish the purposes for which the award was made, the awarding agency may terminate the award in its entirety under either §135.43 or paragraph (a) of this section.

Subpart D—After-The-Grant Requirements

§ 135.50 Closeout.

(a) General. The Federal agency will close out the award when it determines that all applicable administrative actions and all required work of the grant has been completed.

(b) Reports. Within 90 days after the expiration or termination of the grant, the grantee must submit all financial, performance, and other reports required as a condition of the grant. Upon request by the grantee, Federal agencies may extend this timeframe. These may include but are not limited to:

(1) Final performance or progress report.

(2) Financial Status Report (SF 269) or Outlay Report and Request for Reimbursement for Construction Programs (SF–271) (as applicable).

(3) Final request for payment (SF–270) (if applicable).

(4) Invention disclosure (if applicable).

(5) Federally-owned property report. In accordance with §135.32(f), a grantee must submit an inventory of all federally owned property (as distinct from property acquired with grant funds) for which it is accountable and request disposition instructions from the Federal agency of property no longer needed.

(c) Cost adjustment. The Federal agency will, within 90 days after receipt of reports in paragraph (b) of this section, make upward or downward adjustments to the allowable costs.

(d) Cash adjustments. (1) The Federal agency will make prompt payment to the grantee for allowable reimbursable costs.

(2) The grantee must immediately refund to the Federal agency any balance of unobligated (unencumbered) cash advanced that is not authorized to be retained for use on other grants.

§ 135.51 Later disallowances and adjustments.

The closeout of a grant does not affect:

(a) The Federal agency’s right to disallow costs and recover funds on the basis of a later audit or other review;
(b) The grantee’s obligation to return any funds due as a result of later re-funds, corrections, or other trans-actions;
(c) Records retention as required in §135.42;
(d) Property management require-ments in §§135.31 and 135.32; and
(e) Audit requirements in §135.26.

§ 135.52 Collection of amounts due.

(a) Any funds paid to a grantee in ex-cess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:
(1) Making an administrative offset against other requests for reimburse-ments,
(2) Withholding advance payments otherwise due to the grantee, or
(3) Other action permitted by law.
(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an over-due debt in accordance with the Fed-eral Claims Collection Standards (4 CFR Ch. II). The date from which inter-est is computed is not extended by liti-gation or the filing of any form of ap-peal.

For purposes of determining “minimal value,” all constituent parts of components of an audio or visual system, automobile, boat, computer system, or other integrated machine, system or item of equipment must be valued as a single item even if acquired separately, except that spare or superseded parts (e.g., an old set of tires that has been replaced on vehicle) may be valued as separate items.

An employee or family member shall not profit from an indirect disposition to persons not entitled to such exemptions, such as sale.
through a third country diplomat acting as a middleman, where the employee or family member knows or should know that the property is being acquired by the third party for resale to persons not entitled to exemptions, except that this restriction shall not apply to sales of personal property to official agencies of the foreign country in accordance with the laws or regulations of that country.

(c) Profits obtained from dispositions of personal property by an employee or family member that cannot be retained under paragraph (b) of this section including any interest earned by the employee or family member on such profits, shall be disposed of within 90 days of receipt by contribution or gift as defined in section 170(c) of the Internal Revenue Code or by other similar contribution or gift to a bona fide charitable foreign entity as designated by the chief of mission pursuant to §136.5(b)(11) of this part.

(d) Except as authorized in advance by the chief of mission on a case-by-case basis, no employee or family member shall sell, assign or otherwise dispose of personal property within a foreign country that was not acquired for bona fide personal use. There shall be a presumption that property that is new, unused or held by the employer or family member in unusual or commercial quantities was not acquired for bona fide personal use. For purposes of this subsection, there is no exemption for items of minimal value §136.3(h)).

(e) No employee or family member shall import, sell, assign or otherwise dispose of personal property within a foreign country in a manner that violates the law or regulations of that country or governing international law.

(f) Violations of the restrictions or requirements of paragraphs (a) through (e) of this section shall be grounds for disciplinary actions against the employee in accordance with the employing agency’s procedures and regulations. Employees shall be responsible for ensuring compliance with these regulations by family members.

(g) For purposes of computing profits on personal property dispositions subject to these regulations, where acquisition and disposition of the property were transacted in different currencies, proceeds received and costs incurred in a foreign currency shall be valued in United States dollars at the time of receipt or payment at the rate of exchange that was in effect for reverse accommodation exchanges at U.S. missions at the time of such receipt or payment. Where property was acquired and sold in the same currency, no conversion is required.

§136.5 Chief of mission policies, rules or procedures.

(a) Each chief of mission shall establish a procedure under which employees may request approval for the sale of personal property and for conversion of proceeds of such sale from local currency into U.S. dollars, if applicable. This procedure may be modified to meet local conditions, but must produce a documentary record to be held by the post of the following:

(1) The employee’s signed request for permission to sell personal property, and, if applicable, to convert local currency proceeds to U.S. dollars;

(2) A description of each item of personal property having more than minimal value, and the cost basis and actual sales price for each item;

(3) All profits received and whether profit is retainable;

(4) Donation to charities or other authorized recipients of non-retainable profits;

(5) Approvals to sell and, if applicable, to exchange proceeds, with any restrictions or refusals of the employee’s request noted, signed by the chief of mission or designee; and

(6) For privately owned vehicle transactions, data on purchaser and statement that customs requirements have been met and title has been transferred or arranged with an agent identified on document.

(b) In order to ensure that due account is taken of local conditions, including applicable laws, markets, exchange rate factors, and accommodation exchange facilities, the chief of mission to each foreign country is authorized to establish policies, rules, and procedures governing the disposition of personal property by employees and family members in that country.
under the chief of mission’s jurisdiction. Policies, rules and procedures issued by the chief of mission shall be consistent with the general restrictions set forth in §136.4 and may include at least the following:

1. Identification of categories of dispositions (e.g., sales of minimal value items) that may be made without prior written approval;

2. Identification of categories of individuals or entities to whom sales of personal property can be made without restrictions on profits (e.g., other employees, third country diplomats), individuals or entities to whom sales can be made but profits not retained, and individuals or entities to whom sales may not be made;

3. Requirements to report the total estimated and actual proceeds for all minimal value items, even if such items are otherwise exempted from limitations on profits of sale;

4. Categories of items of personal property excluded from restrictions on disposition because generally exempt from taxation and import duties under local law;

5. More restrictive definition of “minimal value” (see §136.3(h) of this part);

6. Limitations on manner of disposition (e.g., restrictions on advertising or yard sales);

7. Limitations on total proceeds that may be generated by dispositions of personal property, including limitations on proceeds from disposition of “minimal value” items;

8. Limitations on total profits that may be generated by dispositions of personal property, including limitations on profits from dispositions of “minimal value” items;

9. Limitations on total proceeds from dispositions of personal property that may be converted into dollars by reverse accommodation exchange;

10. Limitations on the timing and number of reverse accommodation exchanges permitted for proceeds of dispositions of personal property (e.g., only in last six months of tour and no more than two exchange conversions);

11. Designation of bona fide charitable foreign entities to whom an employee or family member may donate profits that cannot be retained under these regulations.

12. Designation of post officials authorized to approve on behalf of chief of mission employee requests for permission to sell personal property and requests to convert local currency proceeds of sale to U.S. dollars by reverse accommodation exchange.

(c) All policies, rules, and procedures that are issued by the chief of mission pursuant to paragraphs (a) and (b) of this section shall be announced by notice circulated to all affected mission employees and copies of all such policies, rules and procedures shall be made readily accessible to all affected employees and family members.

(d) Violations of restrictions or requirements established by a chief of mission in policies, rules, or procedures issued by a chief of mission pursuant to paragraphs (a) and (b) of this section shall be grounds for disciplinary actions against the employee in accordance with the employing agency’s procedures and regulations. Employees shall ensure compliance by family members with policies, rules or procedures issued by the chief of mission.

§ 136.6 Contractors.

To the extent that contractors enjoy importation or tax privileges in a foreign country because of their contractual relationship to the United States Government, contracting agencies shall include provisions in their contracts that require the contractors to observe the requirements of these regulations and all policies, rules, and procedures issued by the chief of mission in that foreign country.

(d) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a statement, set forth in appendix A, whether that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

(1) Award of a Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

(1) A Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

Unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

(1) A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,

(3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d) Any person who requests or receives from a person referred to in paragraphs (a) or (b) of this section:

(3) A contract or subcontract exceeding $100,000 at any tier under a Federal loan exceeding $150,000; or,

(4) A contract or subcontract exceeding $100,000 at any tier under a Federal cooperative agreement,

Shall file a certification, and a disclosure form, if required, to the next tier above.

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraphs (a) or (b) of this section. That person shall forward all disclosure forms to the agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification
or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring before December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

Subpart B—Activities by Own Employees

§ 138.200 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in §138.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.

(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person’s products or services, conditions or terms of sale, and service capabilities; and,

(2) Technical discussions and other activities regarding the application or adaptation of the person’s products or services for an agency’s use.

(d) For purposes of paragraph (a) of this section, the following agencies and legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:

(1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,

(3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Public Law 95–507 and other subsequent amendments.

(e) Only those activities expressly authorized by this section are allowable under this section.

§ 138.205 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §138.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement and is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement; and for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, “professional and technical services” shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal...
by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 138.210 Reporting.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.
his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

Subpart D—Penalties and Enforcement

§ 138.400 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.

(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.

(e) First offenders under paragraphs (a) or (b) of this section shall be subject to a civil penalty of $10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between $10,000 and $100,000, as determined by the agency head or his or her designee.

(f) An imposition of a civil penalty under this section does not prevent the United States from seeking any other remedy that may apply to the same conduct that is the basis for the imposition of such civil penalty.

§ 138.405 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. sections 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements herein.

§ 138.410 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

Subpart E—Exemptions

§ 138.500 Secretary of Defense.

(a) The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.
(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.

Subpart F—Agency Reports

§ 138.600 Semi-annual compilation.

(a) The head of each agency shall collect and compile the disclosure reports (see appendix B) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or September 30, respectively, of that year.

(b) The report, including the compilation, shall be available for public inspection 30 days after receipt of the report by the Secretary and the Clerk.

(c) Information that involves intelligence matters shall be reported only to the Select Committee on Intelligence of the Senate, the Permanent Select Committee on Intelligence of the House of Representatives, and the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(d) Information that is classified under Executive Order 12356 or any successor order shall be reported only to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives or the Committees on Armed Services of the Senate and the House of Representatives (whichever such committees have jurisdiction of matters involving such information) and to the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(e) The first semi-annual compilation shall be submitted on May 31, 1990, and shall contain a compilation of the disclosure reports received from December 23, 1989 to March 31, 1990.

(f) Major agencies, designated by the Office of Management and Budget (OMB), are required to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives no later than with the compilations due on May 31, 1991. OMB shall provide detailed specifications in a memorandum to these agencies.

(g) Non-major agencies are requested to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives.

(h) Agencies shall keep the originals of all disclosure reports in the official files of the agency.

§ 138.605 Inspector General report.

(a) The Inspector General, or other official as specified in paragraph (b) of this section, of each agency shall prepare and submit to Congress each year, commencing with submission of the President’s Budget in 1991, an evaluation of the compliance of that agency with, and the effectiveness of, the requirements herein. The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency’s covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

§ 139.1 Purpose.
(a) The regulations set forth in this Part implement, in part, the “Irish Peace Process Cultural and Training Program Act of 1998 (the “IPPCTPA”), Public Law 105–319, 112 Stat. 3013. The purpose of the IPPCTPA is to establish a program to “allow young people from disadvantaged areas of designated counties suffering from sectarian violence and high structural unemployment to enter the United States for the purpose of developing job skills and conflict resolution abilities in a diverse, cooperative, peaceful, and prosperous environment, so that those young people can return to their homes better able to contribute toward economic regeneration and the Irish peace process.” This part describes the Irish Peace Process Cultural and Training Program (the “IPPCTP”) hereby established by the Department, the procedures for its operation and the requirements for participation.
(b) The Department, in consultation with the Immigration and Naturalization Service (“INS”), will implement the program specified in the IPPCTPA by working with the relevant governmental authorities in the Republic of Ireland and in Northern Ireland to further the goals of the IPPCTPA, by selecting a Program Administrator to carry out the day-to-day operation of the IPPCTP, by approving, upon the recommendation of the Program Administrator, employers in the United States to carry out the training and employment elements of the IPPCTP and by providing general oversight of the IPPCTP.

§ 139.2 Definitions.
The following definitions apply to this part:
Accompanying family members means the spouse and minor children of the principal alien.
Applicant sponsor means FAS, T&EA, or an employer in the border counties or in Northern Ireland who has nominated an employee to participate in the IPPCTP.
Border counties means the counties of Louth, Monaghan, Cavan, Leitrim, Sligo and Donegal in the Republic of Ireland.
FAS means the Training and Employment Authority of the Republic of Ireland.
IPPCTP means the Irish Peace Process Cultural and Training Program.
Program Administrator means the organization selected by the Department to carry out the Department’s responsibilities for the day-to-day management of the IPPCTP.
Program Participant means an individual selected to participate in the IPPCTP.
T&EA means the Training and Employment Agency of Northern Ireland.
United States employer means an employer with operations in the United States that has been recommended by the Program Administrator and approved by the Department of State for participation in the IPPCTP.

§ 139.3 Responsibilities of the Department.
The Department of State retains overall authority for all IPPCTP activities, including, but not limited to:
(a) The design of the program mandated by IPPCTPA;
(b) The formulation of policies and procedures concerning the IPPCTP;
(c) The selection and oversight of the Program Administrator;
(d) Coordination with other U.S. Government agencies and representatives of the governments of the Republic of Ireland and Northern Ireland;
(e) Establishment of the requirements for and approval of the United States employer to participate in the IPPCTP.
§ 139.4 Responsibilities of the Program Administrator.

The Program Administrator will be responsible for the following:

(a) Identifying job/training opportunities in designated economic sectors, and recommending to the Department employers in the United States who meet the criteria of §139.7 and who wish to participate in the IPPCTP. Job/training opportunities will be located in a number of geographic areas across the United States, depending on the availability of jobs, relative cost of living, support infrastructure, and other relevant factors. The Program Administrator, from time to time, will recommend to the Department of State the addition or deletion of, or exceptions to, designated economic sectors and geographic areas for participants.

(b) Making available, through electronic or other means, information about job/training openings to potential program participants and assisting them in securing job placements in the United States.

(c) Certifying in writing to a United States consular officer in the United States Embassy in Dublin or the United States Consulate General in Belfast, or to an officer of the INS, that a principal alien has been selected to participate in the IPPCTP. This certification will be used only to assist in:

(1) Nonimmigrant visa issuance to and adjudication of an application for admission made by the principal alien and accompanying family members; or

(2) Adjudicating a request made by the principal alien to change employers under the IPPCTP while in the United States. Unless otherwise authorized, the Program Administrator may approve only one change of approved employer per participant per period of stay.

(d) Providing pre-departure and pre-employment orientation seminars to program participants, as appropriate, and otherwise assisting participants in a smooth transition to life in the United States.

(e) Monitoring participants’ compliance with Program requirements while in the United States, and verifying that participants are receiving the agreed training and skills. Issuing replacement certification documents to participants whose original has been lost, stolen, or mutilated. In addition, making available training in personal and professional development to participants and verifying that such training has been undertaken; arranging with approved employers as a condition of assignment of participants that each such employer will give the Program Administrator advance notice of intention to discharge a participant for cause and the reasons thereof, will permit the Program Administrator an opportunity to mediate between the employer and the participant; and give the Program Administrator written notice when employment of a participant is terminated and the reason. The Program Administrator, if mediation is not successful and the participant is terminated for cause in the judgment of the employer, will promptly (normally within two business days after termination of employment) reach a decision on validity of the cause for the employer’s decision and, if the decision is favorable to the participant, may assist in finding another approved employment.

(f) Cooperating with FAS and T&EA in all aspects of the program, including assisting participants in finding jobs in their home countries upon completion of their U.S. training.

(g) Reporting to the Department and INS on various aspects of the program and on program participants as directed. In particular, promptly (normally within five business days) giving a written report to the Department of

§ 139.6 Requesting participation in the IPPCTP.

(d) Agree not to petition for a change of immigration status or non-immigrant status for any participant.

(e) Grant permission to the Program Administrator to conduct on-site visits and take other measures necessary to verify that each employer’s job/training contract is being followed.

(f) Notify the Program Administrator in the event of the termination of a participant from employment, or departure of the participant from the Program. As a condition of qualification as an employer, undertakes to provide advance notice to the Program Administrator of intention to terminate a participant for cause, with a written statement of reasons, and to provide the Program Administrator a reasonable opportunity to mediate between the employer and the participant, if possible before actual termination, and to offer employment to any selected participant for at least six months. Subpart A—General

§ 140.1 Purpose.

(a) This part implements Section 487 of the Foreign Assistance Act of 1961, as amended (22 U.S.C. Sec. 2291f).

(b) Section 487(a) directs the President to “take all reasonable steps” to ensure that assistance under the Foreign Assistance Act of 1961 (FAA) and the Arms Export Control Act (AECA) “is not provided to or through any individual or entity that the President knows or has reason to believe”:

(1) Has been convicted of a violation of, or a conspiracy to violate, any law or regulation of the United States, a State or the District of Columbia, or a foreign country relating to narcotic or psychotropic drugs or other controlled substances; or

(2) Is or has been an illicit trafficker in any such controlled substance or is or has been a knowing assassin, abettor, conspirator, or colluder with others in the illicit trafficking in any such substance.

§ 140.2 Authorities.

Authority to implement FAA Section 487 was delegated by the President to the Secretary of State by E.O. 12163, as amended, and further delegated by the Secretary to the Assistant Secretary of State for International Narcotics and Law Enforcement Affairs by Delegation of Authority No. 145, dated Feb. 4, 1980 (45 FR 11655), as amended.

§ 140.3 Definitions.

The following definitions shall apply for the purpose of this part:

(a) Convicted. The act of being found guilty of or legally responsible for a criminal offense, and receiving a conviction or judgment by a court of competent jurisdiction, whether by verdict or plea, and including convictions entered upon a plea of nolo contendere.

(b) Country Narcotics Coordinator. The individual assigned by the Chief of Mission of a U.S. diplomatic post, in consultation with the Assistant Secretary of State for International Narcotics and Law Enforcement Affairs, in each foreign country to coordinate United States government policies and activities within a country related to counternarcotics efforts.

(c) Covered assistance. Any assistance provided by an agency of the United States government under the FAA or AECA, except that it does not include:

(1) Assistance that by operation of the law is not subject to FAA Section 487, such as:

(i) Disaster relief and rehabilitation provided under Chapter 9 of Part I of the FAA; and

(ii) Assistance provided to small farmers when part of a community-
based alternative development program under Part I or Chapter 4 of Part II of the FAA;

(2) Assistance in a total amount less than $100,000 regarding a specific activity, program, or agreement, except that the procedures in §140.8 for recipients of scholarships, fellowships, and participant training shall apply regardless of amount. However, assistance shall be deemed covered assistance regardless of amount if the agency providing assistance has reasonable grounds to suspect that a covered individual or entity may be or may have been involved in drug trafficking; or

(3) Payments of dues or other assessed contributions to an international organization.

(d) Covered country. A country that has been determined by the President to be either a “major illicit drug producing” or “major drug-transit” country under Chapter 8 of Part I of the FAA. The list of covered countries is submitted to Congress annually and set forth in the International Narcotics Control Strategy Report.

(e) Drug trafficking. Any activity undertaken illicitly to cultivate, produce, manufacture, distribute, sell, finance or transport, or to assist, abet, conspire, or collude with others in illicit activities, including money laundering, relating to narcotic or psychotropic drugs, precursor chemicals, or other controlled substances.

(f) Money laundering. The process whereby proceeds of criminal activity are transported, transferred, transformed, converted, or intermingled with legally acquired funds, for the purpose of concealing or disguising the true nature, source, disposition, movement, or ownership of those proceeds. The goal of money laundering is to make funds derived from or associated with illicit activity appear to have been acquired legally.

(g) Narcotics offense. A violation of, or a conspiracy to violate, any law or regulation of the United States, a State or the District of Columbia, or a foreign country relating to narcotic or psychotropic drugs or other controlled substances.

Subpart B—Applicability

§ 140.4 Applicability.

Except as otherwise provided herein or as otherwise specially determined by the Secretary of State or the Secretary’s designee (except that decisions on notification and/or disclosure shall in all cases be subject to the provisions of §§140.13 through 140.14), the procedures prescribed by this part apply to any “covered individual or entity,” i.e., any individual or entity, including a foreign government entity, a multilateral institution or international organization, or a U.S. or foreign non-governmental entity:

(a)(1) That is receiving or providing covered assistance as a party to a grant, loan, guarantee, cooperative agreement, contract, or other direct agreement with an agency of the United States (a “first-tier” recipient); or

(2) That is receiving covered assistance

(A) Beyond the first tier if specifically designated to receive such assistance by a U.S. government agency; or

(B) In the form of a scholarship, fellowship, or participant training, except certain recipients funded through a multilateral institution or international organization, as provided in §140.7(c); and

(b)(1) That is located in or providing covered assistance within a covered country or within any other country, or portion thereof, that the Secretary of State or the Secretary’s designee may at any time determine should be treated, in order to fulfill the purpose of this part, as if it were a covered country; or

(2) As to which the agency providing assistance or any other interested agency has reasonable grounds to suspect current or past involvement in drug trafficking or conviction of a narcotics offense, regardless of whether the assistance is provided within a covered country.

Examples: (1) Under a $500,000 bilateral grant agreement with the Agency for International Development providing covered assistance, Ministry Y of Government A, the government of a covered country, enters into
§ 140.5 Overview.

This subpart sets forth the enforcement procedures applicable pursuant to §140.4 to the various types of covered individuals and entities with respect to covered assistance. Section 140.6 establishes the procedures applicable to foreign government entities, including any such entity that is covered by the definition of a “foreign state” set forth in the Foreign Sovereign Immunities Act, 28 U.S.C. Sec. 1603(a). Section 140.7 establishes the procedures applicable to multilateral institutions and international organizations. Section 140.8 establishes the procedures applicable to recipients of scholarships and fellowships and participant trainees. Section 140.9 establishes the procedures applicable to non-governmental entities. Section 140.10 sets forth additional procedures applicable to intermediate credit institutions. Sections 140.11 through 140.14 contain general provisions related to the enforcement process.

§ 140.6 Foreign government entities.

(a) Determination Procedures. (1) The Country Narcotics Coordinator shall be responsible for establishing a system for reviewing available information regarding narcotics offense convictions and drug trafficking of proposed assistance recipients under this section and, except under the circumstances described in §140.6(a)(6), determining whether a proposed recipient is to be denied such assistance or other measures are to be taken as a result of the application of FAA Section 487.

(2) Prior to providing covered assistance to or through a proposed recipient, the agency providing the assistance shall provide the Country Narcotics Coordinator in the country in which the proposed recipient is located or, as appropriate, where assistance is to be provided, the information specified in §140.6(a)(3) in order that the Country Narcotics Coordinator may carry out his or her responsibilities under this part.

(3) In each case, the agency proposing the assistance shall provide to the Country Narcotics Coordinator the name of each key individual within the recipient entity who may be expected to control or benefit from assistance as well as other relevant identifying information (e.g., address, date of birth) that is readily available. If a question arises concerning who should be included within the group of key individuals of an entity, the agency providing the assistance shall consult with the Country Narcotics Coordinator, and the decision shall be made by the Country Narcotics Coordinator. If the agency proposing the assistance disagrees with the Country Narcotics Coordinator’s decision regarding who should be included within the group of key individuals, the agency may request that the decision be reviewed by the Assistant Secretary of State for International Narcotics and Law Enforcement Affairs in consultation with other appropriate bureaus and agencies. Any such review undertaken by the Assistant Secretary of State for International Narcotics and Law Enforcement Affairs shall be completed expeditiously.

(4) Within fourteen calendar days after receiving the name of a proposed recipient and other relevant information, the Country Narcotics Coordinator shall determine whether any available information may warrant withholding assistance or taking other measures under this part, based on the
criteria set forth in §140.6(b). If, during that period, the Country Narcotics Coordinator determines that available information does not so indicate, he or she shall notify the proposing agency that the assistance may be provided to the proposed recipient.

(5) If, during the initial fourteen-day period, the Country Narcotics Coordinator determines that information exists that may warrant withholding assistance or taking other measures under this part, then the Country Narcotics Coordinator shall have another fourteen calendar days to make a final determination whether the assistance shall be provided or withheld or such other measures taken.

(6) A decision to withhold assistance or to take other measures based on information or allegations that a key individual who is a senior government official of the host nation has been convicted of a narcotics offense or has been engaged in drug trafficking shall be made by the Assistant Secretary of State for International Narcotics and Law Enforcement Affairs, or by a higher ranking official of the Department of State, in consultation with other appropriate bureaus and agencies. For the purpose of this part, “senior government official” includes host nation officials at or above the vice minister level, heads of host nation law enforcement agencies, and general or flag officers of the host nation armed forces.

(b) Criteria to be Applied. (1) A decision to withhold assistance or take other measures shall be based on knowledge or reason to believe that the proposed recipient, within the past ten years, has:

   (i) Been convicted of a narcotics offense as defined in this part; or
   (ii) Been engaged in drug trafficking, regardless of whether there has been a conviction.

(2) Factors that may support a decision to withhold assistance or take other measures based on reason to believe that the proposed recipient has been engaged in drug trafficking activities within the past ten years when there has been no conviction of such an offense may include, but are not limited to, the following:

   (i) Admission of participation in such activities;
   (ii) A long record of arrests for drug trafficking activities with an unexplained failure to prosecute by the local government;
   (iii) Adequate reliable information indicating involvement in drug trafficking.

(3) If the Country Narcotics Coordinator knows or has reason to believe that a key individual (as described in §140.6(a)(3)) within a proposed recipient entity has been convicted of a narcotics offense or has been engaged in drug trafficking under the terms of this part, the Country Narcotics Coordinator must then decide whether withholding assistance from the entity or taking other measures to structure the provision of assistance to meet the requirements of section 487 is warranted. This decision shall be made in consultation with the agency proposing the assistance and other appropriate bureaus and agencies. In making this determination, the Country Narcotics Coordinator shall take into account:

   (i) The extent to which such individual would have control over assistance received;
   (ii) The extent to which such individual could benefit personally from the assistance;
   (iii) Whether such individual has acted alone or in collaboration with others associated with the entity;
   (iv) The degree to which financial or other resources of the entity itself have been used to support drug trafficking; and
   (v) Whether the provision of assistance to the entity can be structured in such a way as to exclude from the effective control or benefit of the assistance any key individuals with respect to whom a negative determination has been made.

(c) Violations Identified Subsequent to Obligation. The foregoing procedures provide for a determination before funds are obligated. If, however, subsequent to an obligation of funds an assistance recipient or a key individual of such recipient is found to have been convicted of a narcotics offense or to have been engaged in drug trafficking (e.g., the head of a recipient entity changes during the course of an activity and the new head is found to have
been engaged in drug trafficking), appropriate action should be taken, including, if necessary, termination of the assistance. Agreements shall be written to permit termination of assistance in such circumstances.

§ 140.7 Multilateral institutions and international organizations.

Assistance provided to or through multilateral institutions or international organizations is subject to this part as follows:

(a) Where the government agency providing assistance has reasonable grounds to suspect that a recipient multilateral institution or international organization may be or may have been involved in drug trafficking, the provisions of §140.6 shall apply.

(b) Where the government agency providing assistance designates the recipient of assistance from the multilateral institution or international organization and the designated recipient is a covered individual or entity, the provisions of this part shall apply as if the assistance were provided directly to the designated recipient.

(c) Where the government agency providing assistance does not designate the recipient of assistance from the multilateral institution or international organization, this part do not apply, other than as provided in paragraph (a) of this section, except that the agency’s agreement with the multilateral institution or international organization shall stipulate that such entity is to make reasonable efforts, as necessary, to ensure that the assistance is not diverted in support of drug trafficking.

Example: The State Department provides $600,000 to the United Nations for the United Nations Drug Control Program, specifically designating that Government D of a covered country receive $150,000 and Corporation E receive $50,000 for training programs in a covered country. Individuals who will receive training are not specifically designated by the State Department. The United Nations is a covered entity based on §140.4(a)(1); Government D is a covered entity based on §§140.4(b) and 140.7(b); Corporation E is not a covered entity under §§140.4(b) and 140.7(b) because it has been designated to receive less than $100,000 in assistance (§140.3(c)(2)). Participant trainees are not covered individuals because they fall under the exception contained in §140.3(c) (see also §140.4(a)(2)).

§ 140.8 Recipients of scholarships, fellowships, and participant training.

(a) Procedures. Individuals who are located in a covered country and who are proposed recipients of scholarships, fellowships, or participant training, except those falling under the exception contained in §140.7(c), are subject to the review procedures, criteria, and procedures concerning violations identified subsequent to obligation of funds set forth in §140.6. Such review of recipient individuals is in addition to the provisions applicable to the recipient entity providing the assistance.

(b) Certifications. Individuals who are located in a covered country and who are proposed recipients of scholarships, fellowships, or participant training shall also be required to certify prior to approval that, within the last ten years, they have not been convicted of a narcotics offense, have not been engaged in drug trafficking, and have not knowingly assisted, abetted, conspired, or colluded with others in drug trafficking. False certification may subject the assistance recipient to U.S. criminal prosecution under 18 U.S.C. Sec. 1001 and to withdrawal of assistance under this part.

§ 140.9 Other non-governmental entities and individuals.

(a) Procedures. Section 140.9 applies to private voluntary agencies, educational institutions, for-profit firms, other non-governmental entities and private individuals. A non-governmental entity that is not organized under the laws of the United States shall be subject to the review procedures and criteria set forth in §140.6(a) and (b). A non-governmental entity that is organized under the laws of the United States shall not be subject to such review procedures and criteria. However, an agency providing assistance shall follow such review procedures and criteria, as modified by section §140.14, if the agency has reasonable grounds to suspect that a proposed U.S. non-governmental entity or a key individual of such entity may be or may have been involved in drug trafficking or may have been convicted of a narcotics offense. Procedures set forth in §140.6(c) concerning violations identified subsequent to obligation
shall apply to both U.S. and foreign non-governmental entities.

Examples: (1) A $100,000 grant to a covered U.S. university for participant training would not be subject to the review procedures and criteria in §140.6(a) and (b). However, a proposed participant would be subject to the review procedures and criteria in §140.6(a) and (b) as part of the agency’s approval process.

(2) A $100,000 grant to a covered foreign private voluntary agency for participant training would be subject to the review procedures and criteria in §140.6(a) and (b). In addition, each proposed participant would be subject to the review procedures and criteria in §140.6(a) and (b) as part of the agency’s approval process.

(b) Refunds. A clause shall be included in grants, contracts, and other agreements with both U.S. and foreign non-governmental entities requiring that assistance provided to or through such an entity that is subsequently found to have been engaged in drug trafficking, as defined in this part, shall be subject to refund or recall.

(c) Certifications. Prior to approval of covered assistance, key individuals (as described in §140.6(a)(3)) in both U.S. and foreign non-governmental entities shall be required to certify that, within the last ten years, they have not been convicted of a narcotics offense, have not been engaged in drug trafficking and have not knowingly assisted, abetted, conspired, or colluded with others in drug trafficking. False certification may subject the signatory to U.S. criminal prosecution under 18 U.S.C. Sec. 1001.

§140.10 Intermediate credit institutions.

(a) Treatment as non-governmental entity or as a foreign government entity. Intermediate credit institutions (“ICIs”) shall be subject to either the procedures applicable to foreign government entities or those applicable to non-governmental entities, depending on the nature of the specific entity. The Assistant Secretary of State for International Narcotics and Law Enforcement Affairs or the Assistant Secretary’s designee, in consultation with the agency proposing the assistance and other appropriate bureaus and agencies, shall determine (consistent with the definition of “foreign state” set forth in the Foreign Sovereign Immunities Act, 28 U.S.C. 1603(a) and made applicable by §140.5) whether the ICI will be treated as a non-governmental entity or a foreign government entity.

(b) Refunds. In addition to measures required as a consequence of an ICI’s treatment as a non-governmental entity or a foreign government entity, a clause shall be included in agreements with all ICIs requiring that any loan greater than $1,000 provided by the ICI to an individual or entity subsequently found to have been convicted of a narcotics offense or engaged in drug trafficking, as defined in this part, shall be subject to refund or recall.

§140.11 Minimum enforcement procedures.

Sections 140.6 through 140.10 represent the minimum procedures that each agency providing assistance must apply in order to implement FAA Section 487. Under individual circumstances, however, additional measures may be appropriate. In those cases, agencies providing assistance are encouraged to take additional steps, as necessary, to ensure that the statutory restrictions are enforced.

§140.12 Interagency review procedures.

If the agency proposing the assistance disagrees with a determination by the Country Narcotics Coordinator to withhold assistance or take other measures, the agency may request that the determination be reviewed by the Assistant Secretary of State for International Narcotics and Law Enforcement Affairs in coordination with other appropriate bureaus and agencies. Unless otherwise determined by the Assistant Secretary of State for International Narcotics and Law Enforcement Affairs, the assistance shall continue to be withheld pending resolution of the review.

§140.13 Notification to foreign entities and individuals.

(a) Unless otherwise determined under §140.13(b), if a determination has been made that assistance to a foreign entity or individual is to be withheld, suspended, or terminated under this
§ 140.14 Special procedures for U.S. entities and individuals.

(a) If the Country Narcotics Coordinator makes a preliminary decision that evidence exists to justify withholding, suspending, or terminating assistance to a U.S. entity, U.S. citizen, or permanent U.S. resident, the matter shall be referred immediately to the Assistant Secretary of State for International Narcotics and Law Enforcement Affairs for appropriate action, to be taken in consultation with the agency proposing the assistance and the agency or agencies that provided information reviewed or relied upon in making the preliminary decision.

(b) Before such notification, the Country Narcotics Coordinator shall be responsible for ascertaining, in coordination with the investigating agency, that notification would not interfere with an on-going criminal investigation. If the investigating agency believes that there is a significant risk of such interference, the Country Narcotics Coordinator, in coordination with the investigating agency, shall determine the means of compliance with this statute that best minimizes such risk.

APPENDIX A TO PART 141—FEDERAL FINANCIAL ASSISTANCE TO WHICH THIS PART APPLIES

SOURCE: 30 FR 314, Jan. 9, 1965, unless otherwise noted.

§ 141.1 Purpose.

The purpose of this part is to effectuate the provisions of title VI of the Civil Rights Act of 1964 (hereafter referred to as the “Act”) to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving Federal financial assistance from the Department of State.

§ 141.2 Application of this part.

This part applies to any program for which Federal financial assistance, as defined in this part, is authorized under a law administered by the Department including, but not limited to, the types of Federal financial assistance listed in appendix A of this part. It applies to Federal financial assistance of any form, including property which may be acquired as a result of and in connection with such assistance, extended program after the effective date of this regulation, even if the application is approved prior to such effective date. This part does not apply to (a) any Federal financial assistance by way of insurance of guaranty contracts; (b) money paid, property transferred, or other assistance extended before the effective date of this regulation; (c) any assistance to any individual who is the ultimate beneficiary; or (d) any employment practice, under any such program, of any employer, employment agency, or labor organization, except to the extent described in §141.3(d), or (e) any assistance to an activity carried on outside the United States by a person, institution, or other entity not located in the United States. The fact that a type of Federal financial assistance is not listed in appendix A of this part shall not mean, if title VI of the Act is otherwise applicable, that a program is not covered. Transfers of surplus property in the United States are subject to regulations issued by the Administrator of General Services (41 CFR 101-6.2).

[38 FR 17945, July 5, 1973]

§ 141.3 Discrimination prohibited.

(a) General. No person in the United States shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program to which this part applies.

(b) Specific discriminatory actions prohibited. (1) A recipient to which this part applies may not, directly or through contractual or other arrangements on ground of race, color or national origin:

(i) Deny an individual any service, financial aid, or other benefits provided under the program;

(ii) Provide any service, financial aid, or other benefits to an individual which is different, or is provided in a different manner, from that provided to others under the program;
(iii) Subject an individual to segregation or separate treatment in any matter related to his receipt of any service, financial aid, or other benefit under the program;

(iv) Restrict an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under the program;

(v) Treat an individual differently from others in determining whether he satisfies any admission, enrollment, quota, eligibility, membership or other requirement or condition which individuals must meet in order to be provided any service, financial aid, or other benefit provided under the program;

(vi) Deny an individual an opportunity to participate in the program through the provision of services or otherwise afford him an opportunity to do so which is different from that afforded others under the program, including the opportunity to participate in the program as an employee in accordance with paragraph (d) of this section.

(vii) Deny a person the opportunity to participate as a member of a planning or advisory body which is an integral part of the program.

(2) A recipient, in determining the types of services, financial aid, or other benefits, or facilities which will be provided under any such program, or the location or site of any facilities, or services, or the class of individuals to whom, or the situations in which, such services, financial aid, other benefits, or facilities will be provided under any such program or the class of individuals to be afforded an opportunity to participate in any such program, may not, directly or through contractual or other arrangements, utilize criteria or methods of administration or select locations or sites for any facilities or services, which have the effect of subjecting individuals to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program as respect individuals of a particular race, color, or national origin.

(3) As used in this section the services, financial aid, or other benefits provided under a program receiving Federal financial assistance shall be deemed to include any service, financial aid, or other benefit provided in or through a facility provided with the aid of Federal financial assistance.

(4) The enumeration of specific forms of prohibited discrimination in this paragraph does not limit the generality of the prohibition in paragraph (a) of this section.

(5)(i) In administering a program regarding which the recipient has previously discriminated against persons on the ground of race, color, or national origin, the recipient must take affirmative action to overcome the effects of prior discrimination.

(ii) Even in the absence of such prior discrimination, a recipient in administering a program may take affirmative action to overcome the effects of conditions which resulted in limiting participation by persons of a particular race, color, or national origin.

(c) Special benefits. An individual shall not be deemed subjected to discrimination by reason of his exclusion from benefits limited by Federal law to individuals of a particular race, color, or national origin different from his.

(d) Employment practices. (1) Where a primary objective of the Federal financial assistance to a program to which this part applies is to provide employment, a recipient may not (directly or through contractual or other arrangements) subject an individual to discrimination on the ground of race, color, or national origin in its employment practices under such program (including recruitment or recruitment advertising, employment layoff or termination, upgrading, demotion, or transfer, rates of pay or other forms of compensation, and use of facilities), including programs where a primary objective of the Federal financial assistance is: (i) To reduce the unemployment of such individuals or to help them through employment to meet subsistence needs; (ii) to assist such individuals through employment to meet expenses incident to the commencement or continuation of their education or training; (iii) to provide work experience which contributes to the education or training of such individuals;
or (iv) to provide remunerative activity to such individuals who because of severe handicaps cannot be readily absorbed in the competitive labor market.

(2) Where a primary objective of the Federal financial assistance is not to provide employment, but discrimination on the grounds of race, color, or national origin in the employment practices of the recipient or other persons subject to the regulation tends, on the grounds of race, color, or national origin, to exclude individuals from participation in, to deny them the benefits of, or to subject them to discrimination under any program to which this regulation applies, the provisions of paragraph (d)(1) of this section shall apply to the employment practices of the recipient or other persons subject to the regulation, to the extent necessary to assure equality of opportunity to, and nondiscriminatory treatment of, beneficiaries.

§ 141.4 Assurances required.

(a) General. (1) Every application for Federal financial assistance to which this part applies, as a condition to its approval and the extension of any Federal financial assistance pursuant to the application, shall contain or be accompanied by an assurance that the program will be conducted or the facility operated in compliance with all requirements imposed by or pursuant to this part. The assurance shall obligate the recipient for the period during which Federal financial assistance is extended pursuant to the application.

(2) In any case where the Federal assistance is to provide, or is in the form of personal property, or real property or structures or any interest therein, or such property is acquired as a result of and in connection with such assistance, the assurance shall obligate the recipient, or, in case of subsequent transfers, the transferees, for the period during which the property is used for a purpose for which the Federal assistance was, or is extended, or for another purpose involving the provision of similar services and benefits, or for as long as the recipient retains ownership or possession of the property, whichever is longer. Any assurance relating to property provided under or acquired as a result of or in connection with such assistance shall as appropriate require any instrument effecting or recording transfer, title or other evidence of ownership or right to possession, to include a covenant or condition assuring nondiscrimination for the period of obligation of the recipient or any transferee, which may contain a right to be reserved to the Department to revert title or right to possession. Where no transfer of property is involved, but property is improved or any interest of the recipient or transferee therein is increased as a result of Federal financial assistance, the recipient or transferee shall agree to include such covenant or condition in any subsequent transfer of such property. Failure to comply with any such conditions or requirements contained in such assurances shall render the recipient and the transferees, where appropriate, presumptively in noncompliance.

(3) The responsible Departmental official shall specify the form of the foregoing assurances, and the extent to which like assurances will be required of subgrantees, contractors and subcontractors, transferees, successors in interest, and other participants. Any such assurance shall include provisions which give the United States a right to seek its judicial enforcement.

(b) Assurances from institutions. (1) In the case of any application for Federal financial assistance to an institution of higher education, including assistance for construction, for research, for a special training project, for student loans, or for any other purpose, the assurance required by this section shall extend to admission practices and to all other practices relating to the treatment of students.

(2) The assurance required with respect to an institution of higher education, or any other institution, insofar as the assurance relates to the institution’s practices with respect to admission or other treatment of individuals as students, or clients of the institution or to the opportunity to participate in the provision of services or other benefits to such individuals, shall be applicable to the entire institution.
§ 141.5 Compliance information.

(a) Cooperation and assistance. Each responsible Department official shall to the fullest extent practicable seek the cooperation of recipients in obtaining compliance with this regulation and shall provide assistance and guidance to recipients to help them comply voluntarily with this part.

(b) Compliance reports. Each recipient shall keep such records and submit to the responsible Departmental official or his designee timely, complete and accurate compliance reports at such times, and in such form and containing such information, as a responsible Departmental official or his designee may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. In general, recipients should have available for the Department racial and ethnic data showing the extent to which members of minority groups are beneficiaries of Federally assisted programs. In the case in which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out his obligations under this part.

(c) Access to sources of information. Each recipient shall permit access by the responsible Department official or his designee during normal business hours to such of its books, records, accounts, and other sources of information, and its facilities as may be pertinent to ascertain compliance with this part. Where any information required of a recipient is in the exclusive possession of any other agency, institution or person and this agency, institution or person shall fail or refuse to furnish this information, the recipient shall so certify in its report and shall set forth what efforts it has made to obtain the information.

(d) Information to beneficiaries and participants. Each recipient shall make available to participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the program for which the recipient receives Federal financial assistance, and make such information available to them in such manner, as the responsible Department official finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this part.

§ 141.6 Conduct of investigation.

(a) Periodic compliance reviews. The responsible Department official or his designee shall from time to time review the practices of recipients to determine whether they are complying with this part.

(b) Complaints. Any person who believes himself or any specific class of individual to be subjected to discrimination prohibited by this part may by himself or by a representative file with the responsible Departmental official a
written complaint. A complaint must be filed not later than 180 days from the date of the alleged discrimination, unless the time for filing is extended by the responsible Departmental official or his designee.

(c) Investigations. The responsible Department official or his designee will make a prompt investigation whenever a compliance review, report, complaint, or any other information indicates a possible failure to comply with this part. The investigation should include, where appropriate, a review of the pertinent practices and policies of the recipient, the circumstances under which the possible noncompliance with this part occurred, and other factors relevant to a determination as to whether the recipient has failed to comply with this part.

(d) Resolution of matters. (1) If an investigation pursuant to paragraph (c) of this section indicates a failure to comply with this part, the responsible Department official or his designee will so inform the recipient and the matter will be resolved by informal means whenever possible. If it has been determined that the matter cannot be resolved by informal means, action will be taken as provided for in §141.7.

(2) If an investigation does not warrant action pursuant to paragraph (d)(1) of this section the responsible Department official or his designee will so inform the recipient and the complainant, if any, in writing.

(e) Intimidatory or retaliatory acts prohibited. No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by section 601 of the Act or this part, or because he has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this part. The identity of complainants shall be kept confidential except to the extent necessary to carry out the purposes of this part, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

§141.7 Procedure for effecting compliance.

(a) General. If there appears to be a failure or threatened failure to comply with this part, and if the noncompliance or threatened noncompliance cannot be corrected by informal means, compliance with this part may be effected by the suspension or termination of or refusal to grant or to continue Federal financial assistance or by any other means authorized by law. Such other means may include, but are not limited to, (1) a reference to Department of Justice with a recommendation that appropriate proceedings be brought to enforce any rights of the United States under any law of the United States (including other titles of the Act), or any assurance or other contractual undertaking, and (2) any applicable proceeding under State or local law.

(b) Noncompliance with §141.4. If an applicant fails or refuses to furnish an assurance required under §141.4 or otherwise fails or refuses to comply with a requirement imposed by or pursuant to that section Federal financial assistance may be refused in accordance with the procedures of paragraph (c) of this section. The Department shall not be required to provide assistance in such a case during the pendency of the administrative proceedings under such paragraph except that the Department shall continue assistance during the pendency of such proceedings where such assistance is due and payable pursuant to an application therefor approved prior to the effective date of this part.

(c) Termination of or refusal to grant or to continue Federal financial assistance. No order suspending, terminating or refusing to grant or continue Federal financial assistance shall become effective until (1) the responsible Department official has advised the applicant or recipient of his failure to comply and has determined that compliance cannot be secured by voluntary means, (2) there has been an express finding on the record, after opportunity for hearing, of a failure by the applicant or recipient to comply with a requirement imposed by or pursuant to this part, (3) the action has been approved by the Secretary pursuant to §141.9(e), and (4)
§ 141.8 Hearings.

(a) Opportunity for hearing. Whenever an opportunity for a hearing is required by §141.7(c), reasonable notice shall be given by registered or certified mail, return receipt requested, to the affected applicant or recipient. This notice shall advise the applicant or recipient of the action proposed to be taken, the specific provision under which the proposed action against it is to be taken and the matters of fact or law asserted as the basis for this action, and either (1) fix a date not less than 20 days after the date of such notice within which the applicant or recipient may request of the responsible Department official that the matter be scheduled for hearing or (2) advise the applicant or recipient that the matter in question has been set down for hearing at a stated place and time. The time and place so fixed shall be reasonable and shall be subject to change for cause. The complainant, if any, shall be advised of the time and place of the hearing. An applicant or recipient may waive a hearing and submit written information and argument for the record. The failure of an applicant or recipient to request a hearing under this paragraph or to appear at a hearing for which a date has been set shall be deemed to be a waiver of the right to a hearing under section 602 of the Act and §141.7(c) of this part and consent to the making of a decision on the basis of such information as is available.

(b) Time and place of hearing. Hearings shall normally be held at the offices of the Department in Washington, DC, at a time fixed by the responsible Department official. Hearings shall be held before an official designated by the Secretary other than the responsible Department official, in accordance with 5 U.S.C. 3105 and 3344 (formerly Section 11 of the Administrative Procedure Act).

(c) Right to counsel. In all proceedings under this section, the applicant or recipient and the Department shall have the right to be represented by counsel.

(d) Procedures, evidence, and record. (1) The hearing, decision, and any administrative review thereof shall be conducted with as much conformity as is practicable with 5 U.S.C. 554–557 (formerly sections 5–8 of the Administrative Procedure Act) and in accordance with such rules of procedure as are proper (and not inconsistent with this section) relating to the conduct of the hearing, giving of notices subsequent to those provided for in paragraph (a) of this section, taking of testimony, exhibits, arguments and briefs, requests for findings, and other related matters. Both the Department and the applicant or recipient shall be entitled to introduce all relevant evidence on the issues as stated in the notice for hearing or as determined by the officer conducting the hearing at the outset of or during the hearing.

(2) Technical rules of evidence shall not apply to hearings conducted pursuant to this part, but rules or principles...
designated to assure production of the most credible evidence available and to subject testimony to test by cross-examination shall be applied where reasonably necessary by the officer conducting the hearing. The office presiding at the hearing may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record and written findings shall be made.

(e) Consolidated or joint hearings; hearings before other agencies. In cases in which the same or related facts are asserted to constitute noncompliance with this part with respect to two or more Federal statutes, authorities, or other means by which Federal financial assistance is extended and to which this part applies, or noncompliance with this part and regulations of one or more other Federal departments or agencies issued under title VI of the Act, the Secretary may, by agreement with such other departments or agencies where applicable, provide for the conduct of consolidated or joint hearings, and for the application to such hearings of rules of procedures not inconsistent with this part, except that procedural requirements of the hearing agency if other than this Department may be adopted insofar as it is determined by the Secretary that variations from the procedures described in this section or elsewhere as may be required under this part do not impair the rights of the parties. The Secretary may also transfer the hearing of any complaint to any other department or agency, with the consent of that Department or Agency (1) where Federal financial assistance to the applicant or recipient of the other Department or Agency is substantially greater than that of the Department of State, or (2) upon determination by the Secretary that such transfer would be in the best interests of the Government of effectuating this part. Final decisions in all such cases, insofar as this part is concerned, shall be made in accordance with §141.9.

(30 FR 314, Jan 9, 1965, as amended at 38 FR 17947, July 5, 1973)

§141.9 Decisions and notices.

(a) Decisions on record or review by the responsible Department official. The applicant or recipient shall be given reasonable opportunity to file with the officer presiding at the hearing briefs or other written statements of its contents, and a copy of the final decision shall be given in writing to the applicant or recipient and to the complainant, if any. The officer presiding at the hearing shall render a decision on the matter.

(b) Decisions on record where a hearing is waived. Whenever a hearing is waived pursuant to §141.8(a) a decision shall be made by the responsible Departmental official on the record and a copy of such decision shall be given in writing to the applicant or recipient, and to the complainant, if any.

(c) Rulings required. Each decision of an officer presiding at the hearing shall set forth his ruling on each finding, conclusion, or exception presented, and shall identify the requirement or requirements imposed by or pursuant to this part with which it is found that the applicant or recipient has failed to comply.

(d) Appeal. Either party may appeal from a decision of the officer presiding at the hearing to the responsible Department official within 30 days of the mailing of the officer's decision. In the absence of such an appeal the decision of the officer presiding at the hearings shall constitute the final decision of the Department subject to paragraph (e) of this section.

(e) Approval by Secretary. Any final decision by an officer (other than the Secretary) which provides for the suspension or termination of, or the refusal to grant or continue Federal financial assistance, or the imposition of any other sanction available under this part or the Act, shall promptly be transmitted to the Secretary who may approve such decision, may vacate it, or remit or mitigate any sanction imposed.
§ 141.10 **Content of orders.** The final decision may provide for suspension or termination of, or refusal to grant or continue Federal financial assistance, in whole or in part, to which this regulation applies, and may contain such terms, conditions, and other provisions as are consistent with and will effectuate the purposes of the Act and this part, including provisions designed to assure that no Federal financial assistance to which this regulation applies will thereafter be extended to the applicant or recipient determined by such decision to be in default in its performance of an assurance given by it pursuant to this part, or to have otherwise failed to comply with this part, unless and until it corrects its noncompliance and satisfies the responsible Departmental official that it will fully comply with this part.

(g) **Post-termination proceedings.** (1) An applicant or recipient adversely affected by an order issued under paragraph (f) of this section shall be restored to full eligibility to receive Federal financial assistance if it satisfies the terms and conditions of that order for such eligibility or if it brings itself into compliance with this regulation and provides reasonable assurance that it will fully comply with this regulation.

(2) Any applicant or recipient adversely affected by an order entered pursuant to paragraph (f) of this section may at any time request the responsible Departmental official to restore fully its eligibility to receive Federal financial assistance. Any such request shall be supported by information establishing that the applicant or recipient has met the requirements of paragraph (g)(1) of this section. If the responsible Departmental official determines that those requirements have been satisfied, he shall restore such eligibility, but such determination shall be in writing and shall be supported by evidence and findings of fact which shall be retained by the Department.

(3) If the responsible Departmental official denies any such request, the applicant or recipient may submit a request for a hearing in writing, specifying why it believes such official to have been in error. It shall thereupon be given an expeditious hearing, with a decision on the record, in accordance with rules of procedure issued by the responsible Departmental official. The burden of substantiating compliance with the requirements of paragraph (g)(1) of this section shall be on the applicant or recipient. While proceedings under this paragraph are pending, the sanctions imposed by the order issued under paragraph (f) of this section shall remain in effect.

§ 141.10 **Judicial review.**

Action taken pursuant to section 602 of the Act is subject to judicial review as provided in section 603 of the Act.

§ 141.11 **Effect on other regulations; forms and instructions.**

Nothing in this part shall be deemed to supersede: Executive Orders 10925 and 11114 and regulations issued thereunder, or any other regulations or instructions, insofar as such regulations, or instructions prohibit discrimination on the ground of race, color, or national origin in any program or situation to which this regulation is inapplicable, or prohibit discrimination on any other ground.

(a) **Forms and instructions.** Each responsible Departmental official shall issue, and promptly make available to interested persons, forms and detailed instructions and procedures for effectuating this part as applied to programs to which this part applies and for which he is responsible.

(b) **Supervision and coordination.** The Secretary may, from time to time, assign to officials of the Department, or to officials of other departments or agencies of the Government with the consent of such department or agencies, responsibilities in connection with the effectuation of the purposes of title VI of the Act and this part including the achievement of effectiveness, coordination and maximum uniformity within the Department and within the executive branch of the Government in the application of title VI and this part to similar programs and in similar situations. Any action taken, determination made, or requirement imposed by an official of another department or
agency acting pursuant to an assignment of responsibility under this subsection shall have the same effect as though such action had been taken by the responsible official of this Department.

(appendix A may be revised from time-to-time by notice in the FEDERAL REGISTER.) (4) Any other entity which is established by two or more of the entities described in paragraph (m)(1), (2), or (3) of this section.

§ 142.4 Discrimination prohibited.

(a) General. No qualified handicapped person shall on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity which receives Federal financial assistance.

(b) Discriminatory actions prohibited. (1) A recipient, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap:

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped person unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Aid or perpetuate discrimination against a qualified handicapped person by providing significant assistance to any agency, organization, or person that discriminates on the basis of handicap in providing any aid, benefit, or service to beneficiaries of the recipient’s program or activity;

(vi) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards;

(vii) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving an aid, benefit, or service.

(2) For purposes of this part, aids, benefits, and services to be effective, are not required to produce identical result or level of achievement for handicapped and nonhandicapped persons, but must afford handicapped person equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement, in the most integrated setting appropriate to the person’s needs.

(3) Despite the existence of separate or different programs or activities provided in accordance with this part, a recipient may not deny a qualified handicapped person equal opportunity to participate in such aid, benefits, or services that are not separate or different.

(4) A recipient may not, directly or through contractual or other arrangements, utilize criteria or methods of administration (i) that have the effect of subjecting qualified handicapped persons to discrimination on the basis of handicap, (ii) that have the purpose or effect of defeating or substantially impairing accomplishment of the objectives of the recipient’s program or activity with respect to handicapped persons, or (iii) that perpetuate the discrimination with respect to another recipient if both recipients are subject to common administrative control or are agencies of the same State.

(5) In determining the site or location or a facility, an applicant for assistance or a recipient may not make selections (i) that have the effect of excluding handicapped persons from, denying them the benefits of, or otherwise subjecting them to discrimination
under any program or activity that receives Federal financial assistance of (ii) that have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the program or activity with respect to handicapped persons.

(6) As used in this section, the aid, benefit, or service provided under a program or activity receiving Federal financial assistance includes any aid, benefit, or service provided in or through a facility that has been constructed, expanded, altered, leased or rented, or otherwise acquired, in whole or in part with Federal financial assistance.

(c) Aid, benefits, or services limited by Federal law. The exclusion of a handicapped person from aid, benefits, or services limited by Federal statute or executive order to a different class of handicapped persons is not prohibited by this part.

(d) Recipients shall administer programs or activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

(e) Recipients shall ensure that communications with their applicants, employees, and handicapped persons participating in their programs or activities, or receiving aids, or benefits of services, are available to persons with impaired vision and hearing in appropriate modes, including braille, enlarged type, sign language and telecommunication devices for the deaf.

§ 142.5 Assurances required.

(a) Assurances. An applicant for Federal financial assistance to which this part applies shall submit an assurance on a form specified by the Secretary, that the program or activity will be operated in compliance with this part. An applicant may incorporate these assurances by reference in subsequent applications to the Department.

(b) Duration of obligations. (1) In the case of Federal financial assistance extended in the form of real property or to provide real property or structures on the property, the assurance will obligate the recipient or, in the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used for the purposes for which Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

(2) Where no transfer of property is involved but property is purchased or improved with Federal financial assistance, the recipient shall agree to include the covenant described in paragraph (c)(1) of this section in the instrument effecting or recording any subsequent transfer of the property.

(3) Where Federal financial assistance is provided by the Department in the form of real property or interest in real property, the covenant shall also include a condition coupled with a right to be reserved by the Department to revert title to the property in the event of a breach of the covenant. If a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing facilities on the property for the purposes for which the property was transferred, the Secretary may, upon request of the transferee and if necessary to accomplish such financing and upon such conditions as the Secretary deems appropriate, agree to forbear the exercise of such right to revert title for so long as the lien of such mortgage or other encumbrance remains effective.

§ 142.6 Remedial action, voluntary action, and self-evaluation.

(a) Remedial action. (1) If the Secretary finds that a recipient has discriminated against persons on the basis of handicap in violation of section 504 of the Act or this part, the recipient shall take such remedial action as the Secretary deems necessary to overcome the effects of the discrimination.

(2) Where a recipient is found to have discriminated against persons on the basis of handicap in violation of section 504 of the Act or this part and where another recipient exercises control over the recipient that has discriminated, the Secretary, where appropriate, may require either or both recipients to take remedial action.

(3) The Secretary may, where necessary to overcome the effects of discrimination in violation of section 504 of the Act or this part, require a recipient to take action (1) with respect to
handicapped persons who are no longer participants in the recipient’s program or activity but who were participants in the program when such discrimination occurred, or (ii), with respect to handicapped persons who would have been participants in the program or activity had the discrimination not occurred.

(b) Voluntary action. A recipient may take steps, in addition to any action required by this part, to overcome the effects of conditions that resulted in limited participation in the recipient’s program or activity by qualified handicapped persons.

(c) Self-evaluation. (1) A recipient shall, within six months of the effective date of this part:

(i) Evaluate, with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons, its current policies and practices and the effects thereof that do not or may not meet the requirements of this part;

(ii) Modify, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, any policies and practices that do not meet the requirements of this part; and

(iii) Take, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, appropriate remedial steps to eliminate the effects of any discrimination that resulted from adherence to these policies and practices.

(2) A recipient shall, for at least three years following completion of the evaluation required under paragraph (c)(1) of this section, maintain on file, make available for public inspection, and provide to the Secretary upon request:

(i) A list of the interested persons consulted, (ii) a description of areas examined and any problems identified, and (iii) a description of any modifications made and of any remedial steps taken.

§ 142.7 Designation of responsible employee and adoption of grievance procedures.

(a) Designation of responsible employee. A recipient that employs 15 or more persons shall designate at least one person to coordinate its efforts to comply with this part.

(b) Adoption of grievance procedures. A recipient that employs 15 or more persons shall adopt grievance procedures that incorporate appropriate due process for the prompt and equitable resolution of complaints alleging any action prohibited by this part.

§ 142.8 Notice.

(a) A recipient shall take appropriate initial and continuing steps to notify participants, beneficiaries, applicants, and employees, including those with impaired vision or hearing, and unions or professional organizations holding collective bargaining or professional agreements with the recipient that it does not discriminate on the basis of handicap in violation of section 504 of the Act or this part. The notification shall state, where appropriate, that the recipient does not discriminate in admission or access to, or treatment or employment in, its programs or activities. The notification shall also include an identification of the responsible employee designated pursuant to §142.7(a).

A recipient may meet the requirement of the paragraph either by including appropriate inserts in existing materials and publications or by revising and reprinting the materials and publications.

(b) If a recipient publishes or uses recruitment materials or publications containing general information that it makes available to participants, beneficiaries, applicants or employees, it shall include in those materials or publications a statement of the policy described in paragraph (a) of this section. A recipient may meet the requirement of the paragraph either by including appropriate inserts in existing materials and publications or by revising and reprinting the materials and publications.
§ 142.9 Administrative requirements for small recipients.

The Secretary may require any recipient with fewer than fifteen employees, or any class of such recipients, to comply with §142.7, in whole or in part, when the Secretary finds a violation of this part or finds that such compliance will not significantly impair the ability of the recipient or class of recipients to provide benefits or services.

§ 142.10 Effect of State or local law or other requirements and effect of employment opportunities.

(a) The obligation to comply with this part is not obviated or alleviated by the existence of any State or local law or other requirement that, on the basis of handicap, imposes prohibitions or limits upon the eligibility of qualified handicapped persons to receive services or to practice any occupation or profession.

(b) The obligation to comply with this part is not obviated or alleviated because employment opportunities in any occupation or profession are or may be more limited for handicapped persons than for nonhandicapped persons.

Subpart B—Employment Practices

§ 142.11 Discrimination prohibited.

(a) General. (1) No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity receiving Federal financial assistance.

(2) A recipient shall make all decisions concerning employment under any program or activity to which this part applies in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap.

(3) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. This includes relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeships.

(b) Specific activities. The provisions of this part apply to:

(1) Recruitment, advertising, and the processing of applications for employment;

(2) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right to return from layoff, and rehiring;

(3) Rates of pay or any other form of compensation and changes in compensation;

(4) Job assignments, job classification, organizational structures, position descriptions, lines of progression, and seniority lists;

(5) Leaves of absence, sick leave, or any other leave;

(6) Fringe benefits available by virtue of employment whether or not administered by the recipient;

(7) Selection and financial support for training, including apprenticeship, professional meetings, conferences and other related activities, and selection for leaves of absence to pursue training;

(8) Employer sponsored activities, including those that are social or recreational; and

(9) Any other condition, or privilege of employment.

(c) A recipient’s obligation to comply with this subpart is not affected by any inconsistent term of any collective bargaining agreement to which it is a party.

§ 142.12 Reasonable accommodation.

(a) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of the program or activity.

(b) Reasonable accommodation may include: (1) Making facilities used by employees readily accessible to and usable by handicapped persons, and (2) job restructuring, part-time or modified work schedules, acquisition or modification of equipment or devices,
the provision of readers or interpreters, and other similar actions.

(c) In determining pursuant to paragraph (a) of this section whether an accommodation would impose an undue hardship on the operation of a recipient’s program or activity, factors to be considered include:

(1) The overall size of the recipient’s program with respect to number and type of facilities, and size of budget;

(2) Job restructuring, part-time or modified work schedules, acquisition and or modification of equipment of devices such as telecommunication devices for the deaf, the provision of readers or interpreters and other similar actions including the use of braille, enlarged type, and sign language, when appropriate.

(3) The nature and cost of the accommodation needed.

(d) A recipient may not deny any employment opportunity to a qualified handicapped employee or applicant if the basis for the denial is the need to make reasonable accommodation to the physical or mental limitations of the employee or applicant.

§ 142.13 Employment criteria.

(a) A recipient may not make use of any employment test or other selection criterion that screens out or tends to screen out handicapped persons or any class of handicapped persons unless:

(1) The test score or other selection criterion, as used by the recipient, is shown to be job-related for the position in question, and

(2) Alternative job-related tests or criteria that do not screen out or tend to screen out as many handicapped persons are not shown by the Secretary to be available.

(b) A recipient shall select and administer tests concerning employment to ensure that when administered to any applicant or employee who has a handicap that impairs sensory, manual, speaking, or other skills, the test results accurately reflect the applicant’s or employee’s job skills, aptitude, or whatever factor the test purports to measure, rather then reflecting the applicant’s impaired sensory, manual, speaking, or other skills (except where those skills are the factors that the test purports to measure).

§ 142.14 Preemployment inquiries.

(a) Except as provided in paragraphs (b) and (c) of this section, a recipient may not conduct a preemployment medical examination or may not make preemployment inquiry of an applicant as to whether the applicant is a handicapped person or as to the nature or severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant’s ability to perform job-related functions.

(b) When a recipient is taking remedial action to correct the effects of past discrimination pursuant to §142.6(a), when a recipient is taking voluntary action to overcome the effect of conditions that resulted in limited participation in its federally assisted program or activity pursuant to §142.6(b), or when a recipient is taking affirmative action pursuant to section 503 of the Act, the recipient may invite applicants for employment to indicate whether and to what extent they are handicapped: Provided, That:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally, if no written questionnaire is used, that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary or affirmative action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential as provided in paragraph (d) of this section, that refusal to provide it will not subject the applicant or employee to any adverse treatment, and that is will be used only in accordance with this part.

(c) Nothing in this section shall prohibit a recipient from conditioning an offer of employment on the results of a medical examination conducted prior to the employee’s entrance on duty. Provided, That: (1) All entering employees are subjected to such an examination regardless of handicap, and (2) the results of such an examination are used only in accordance with the requirements of this part.

(d) Information obtained in accordance with this section as to the medical condition or history of the applicant shall be collected and maintained
§ 142.15 Discrimination prohibited.

No qualified handicapped person shall, because a recipient's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which the part applies.

§ 142.16 Existing facilities.

(a) Accessibility. A recipient shall operate each program or activity to which this part applies so that when each part is viewed in its entirety it is readily accessible to and usable by handicapped persons. This paragraph does not require a recipient to make each of its existing facilities or every part of an existing facility accessible to and usable by handicapped persons.

(b) Methods. A recipient may comply with the requirement of paragraph (a) of this section through such means as the addition of equipment (e.g., telecommunication device for the deaf) redesign of equipment, reassignment of classes or other services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of health, welfare, or other social services at alternate accessible sites, alteration of existing facilities and construction of new facilities in conformance with the requirement of §142.18, or any other method that results in making its program or activity accessible to handicapped persons. A recipient is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with paragraph (a) of this section. In choosing among available methods for meeting the requirement of paragraph (a) of this section, a recipient shall give priority to those methods that serve handicapped persons in the most integrated setting appropriate.

(c) Time period. A recipient shall comply with the requirement of paragraph (a) of this section within 60 days of the effective date of this part except that where structural changes in facilities are necessary, such changes shall be made within three years of the effective date of this part, but in any event as expeditiously as possible.

(d) Transition plan. In the event that structural changes to facilities are necessary to meet the requirement of paragraph (a) of this section, a recipient shall develop, within six months of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The plan shall be developed with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons. A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum:

(1) Identify physical obstacles in the recipient's facilities that limit the accessibility of its program or activity to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve full accessibility under paragraph (a) of this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period;

(4) Indicate the person responsible for implementation of the plan; and

(5) A list of all handicapped persons and organizations consulted in the plan formulation process.

(e) Notice. The recipient shall adopt and implement procedures to ensure that interested persons, including persons with impaired vision or hearing,
can obtain information as to the existence and location of services, activities, and facilities that are accessible to and usable by handicapped persons.

§ 142.17 New construction.

(a) Design and construction. Each facility or part of a facility constructed by, on behalf of, or for the use of a recipient shall be designed, constructed, and operated in a manner so that the facility or part of the facility is accessible to and usable by persons with handicaps, if the construction was commenced after the effective date of this part.

(b) Alteration. Each facility or part of a facility which is altered by, on behalf of, or for the use of a recipient after the effective date of this part in a manner that affects or could affect the usability of the facility or part of the facility shall, to the maximum extent feasible, be altered so that the altered portion of the facility is readily accessible to and usable by persons with handicaps.

(c) Conformance with Uniform Federal Accessibility Standards. (1) Effective as of January 18, 1991, design, construction, or alteration of buildings in conformance with sections 3-8 of the Uniform Federal Accessibility Standards (USAF) (appendix A to 41 CFR subpart 101-19.6) shall be deemed to comply with the requirements of this section with respect to those buildings. Departures from particular technical and scoping requirements of UFAS by the use of other methods are permitted where substantially equivalent or greater access to and usability of the building is provided.

(2) For purposes of this section, section 4.1.6(1)(g) of UFAS shall be interpreted to exempt from the requirements of UFAS only mechanical rooms and other spaces that, because of their intended use, will not require accessibility to the public or beneficiaries or result in the employment or residence therein of persons with physical handicaps.

(3) This section does not require recipients to make building alterations that have little likelihood of being accomplished without removing or altering a load-bearing structural member.

§ 142.42 Admissions and recruitment.

(a) General. Qualified handicapped persons may not, on the basis of handicap, be denied admission or be subjected to discrimination in admission or recruitment by a recipient to which this subpart applies.

(b) Admissions. In administering its admission policies, a recipient to which this subpart applies:

(1) May not apply limitations upon the number or proportion of handicapped persons who may be admitted;

(2) May not make use of any test or criterion for admission that has a disproportionate, adverse effect on handicapped persons or any class of handicapped persons unless (i) the test or criterion, as used by the recipient, has been validated as a predictor of success in the education program of activity in question and (ii) alternate tests or criteria that have a less disproportionate, adverse effect are not shown by the Secretary to be available;

(3) Shall assure itself that (i) admissions tests are selected and administered so as to ensure that, when a test is administered to an applicant who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant’s aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the applicant’s impaired sensory, manual, speaking or other skills (except where
§ 142.43 Treatment of students; general.

(a) No qualified handicapped student shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any academic, research, occupational, training, housing, health, insurance, counseling, financial aid, physical education, athletics, recreation, transportation, other extracurricular, or other postsecondary education aid, benefits, or services to which this subpart applies.

(b) A recipient to which this subpart applies that considers participation by students in education programs or activities not operated wholly by the recipient as part of, or equivalent to, an education program or activity operated by the recipient shall assure itself that the other education program or activity, as a whole, provides an equal opportunity for the participation of qualified handicapped persons.

(c) A recipient to which this subpart applies may not, on the basis of handicap, exclude any qualified handicapped student from any course, course of study, or other part of its education program or activity.

(d) A recipient to which this subpart applies shall operate its programs or activities in the most integrated setting appropriate.

§ 142.44 Academic adjustments.

(a) Academic requirements. A recipient to which this subpart applies shall make such modifications to its academic requirements as are necessary to ensure that such requirements do not discriminate or have the effect of discrimination, on the basis of handicap, against a qualified handicapped applicant or student. Academic requirements that the recipient can demonstrate are essential to the instruction being pursued by such student or to any directly related licensing requirement will not be regarded as discriminatory within the meaning of this section. Modifications may include changes in the length of time permitted for the completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted.

(b) Other rules. A recipient to which this subpart applies may not impose
upon handicapped students other rules, such as the prohibition of tape recorders in classrooms or of dog guides in campus buildings, that have the effect of limiting the participation of handicapped students in the recipient’s education program or activity.

(c) Course examinations. In its examinations or other procedures for evaluating students’ academic achievement, a recipient to which this subpart applies shall provide such methods for evaluating the achievement of students who have a handicap that impairs sensory, manual, speaking or other skills as will best ensure that the results of the evaluation represent the student’s achievement in the course, rather than reflecting the student’s impaired sensory, manual, speaking or other skills (except where such skills are the factors that the test purports to measure).

(d) Auxiliary aids. (1) A recipient to which this subpart applies shall take such steps as are necessary to ensure that no handicapped student is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination because of the absence of educational auxiliary aids for students with impaired sensory, manual, speaking or other skills.

(2) Auxiliary aids may include taped texts, interpreters, telecommunication devices for the deaf or other effective methods of making orally delivered materials available to students with hearing impairments, readers in libraries for students with visual impairments, classroom equipment adapted for use by students with manual impairments, and other similar services and actions. Recipients need not provide attendants, individually prescribed devices, readers for personal use or study, or other devices or services of a personal nature.

§ 142.45 Housing.

(a) Housing provided by the recipient. A recipient that provides housing to its nonhandicapped students shall provide comparable, convenient, and accessible housing to handicapped students at the same cost as to others. At the end of the transition period provided for in subpart C of this part, such housing shall be available in sufficient quantity and variety so that the scope of handicapped students’ choice of living accommodation is, as a whole, comparable to that of nonhandicapped students.

(b) Other housing. A recipient that assists any agency, organization, or person in making housing available to any of its students shall take such action as may be necessary to assure itself that such housing is, as a whole, made available in a manner that does not result in discrimination on the basis of handicap.

§ 142.46 Financial and employment assistance to students.

(a) Provisions of financial assistance. (1) In providing financial assistance of qualified handicapped persons, a recipient to which this subpart applies may not:

(i) On the basis of handicap, provide less assistance than is provided to nonhandicapped persons, limit eligibility for assistance, or otherwise discriminate; or

(ii) Assist any entity or person that provides assistance to any of the recipient’s students in a manner that discriminates against qualified handicapped persons on the basis of handicap.

(2) A recipient may administer or assist in the administration of scholarships, fellowships, or other forms of financial assistance established under wills, trusts, bequests, or similar legal instruments that require awards to be made on the basis of factors that discriminate or have the effect of discriminating on the basis of handicap only if the overall effect of the award of scholarships, fellowships, and other forms of financial assistance is not discriminatory on the basis of handicap.

(b) Assistance in making available outside employment. A recipient that assists any agency, organization, or person in providing employment opportunities to any of its students shall assure itself that such employment opportunities, as a whole, are made available in a manner that would not violate subpart B if they were provided by the recipient.

(c) Employment of students by recipients. A recipient that employs any of its students may not do so in a manner that violates subpart B.
§ 142.47 Non-academic services.

(a) Physical education and athletics. (1) In providing physical education courses, athletics and similar aid, benefits, or services to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. A recipient that offers physical education courses or that operates or sponsors intercollegiate, club, or intramural athletics shall provide to qualified handicapped students an equal opportunity for participation in these activities.

(2) A recipient may offer to handicapped students physical education and athletic activities that are separate or different only if separate or differentiation is consistent with the requirements of §142.43(d) and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.

(b) Counseling and placement services. A recipient to which this subpart applies that provides personal, academic or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap. The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped students with similar interests and abilities. This requirement does not preclude a recipient from providing factual information about licensing and certification requirements that may present obstacles to handicapped persons in their pursuit of particular careers.

(c) Social organizations. A recipient that provides significant assistance to fraternities, sororities, or similar organizations shall assure itself that the membership practices of such organizations do not permit discrimination otherwise prohibited by this subpart.

 §§ 142.48–142.60 [Reserved]

Subpart E—Health, Welfare, Social, and Other Services

§ 142.61 Application of this subpart.

Subpart E applies to health, welfare, social and other programs or activities that receive Federal financial assistance and to recipients that operate, or that receive or benefit from Federal financial assistance for the operation of such programs or activities.

§ 142.62 Health, welfare, social, and other services.

(a) General. In providing health, welfare, social and other services or benefits, a recipient may not, on the basis of handicap:

(1) Deny a qualified handicapped person these benefits or services;

(2) Afford a qualified handicapped person an opportunity to receive benefits or services that are not equal to those offered nonhandicapped persons;

(3) Provide a qualified handicapped person with benefits or services that are not as effective (as defined in §142.4(b)) as the benefits or services provided to others;

(4) Provide benefits or services in a manner that limits or has the effect of limiting the participation of qualified handicapped persons; or

(5) Provide different or separate benefits or services to handicapped persons except where necessary to provide qualified handicapped persons with benefits and services that are as effective as those provided to others.

(b) Notice. A recipient that provides notice concerning benefits or services or written material concerning waivers of rights or consent to treatment shall take such steps as are necessary to ensure that qualified handicapped persons, including those with impaired sensory or speaking skills, are not denied effective notice because of their handicap.

(c) Emergency treatment for the hearing impaired. A recipient hospital that provides health services or benefits shall establish a procedure for effective communication with persons with impaired hearing for the purpose of providing emergency health care.

(d) Auxiliary aids. (1) A recipient to which this subpart applies that employs 15 or more persons shall provide appropriate auxiliary aids to persons with impaired sensory, manual, speaking or other skills (where necessary) to afford such persons an equal opportunity to benefit from the service in question.
(2) The Secretary may require recipients with fewer than 15 employees to provide auxiliary aids where the provision of aids would not significantly impair the ability of the recipient to provide its benefits or services.

(e) For the purpose of this paragraph, auxiliary aids may include brailled and taped material, interpreters, and other aids for persons with impaired hearing or vision.

§ 142.63 Drug and alcohol addicts.

A recipient to which this subpart applies that operates a general hospital or outpatient facility may not discriminate in admission or treatment against a drug or alcohol abuser or alcoholic who is suffering from a medical condition, because of the person’s drug or alcohol abuse or alcoholism.

Subpart F—Procedures

§ 142.70 Procedures.

The procedural provisions applicable to title VI of the Civil Rights Act of 1964 apply to this part. These procedures are found in 22 CFR subchapter O, part 141.

Types of Federal Financial Assistance Administered by the Department of State Subject to Handicap Discrimination Regulations.

2. Non-reimbursable assignment of Foreign Service officers to State or local governments, public schools, community colleges, and other public or private nonprofit organizations designated by the Secretary of State (section 576 of the Foreign Service Act of 1946, as amended; 22 U.S.C. 966 (1976)).

Discrimination Act of 1975 and the government-wide age discrimination regulations at 45 CFR part 90 (published at 44 FR 33768, June 12, 1979). The Act and the government-wide regulations prohibit discrimination on the basis of age in programs or activities in the United States receiving federal financial assistance. These regulations apply to each foreign affairs agency recipient and to each program or activity in the United States operated by the recipient which receives or benefits from federal financial assistance provided by any of these agencies.

(i)(A) A department, agency, special purpose district, or other instrumentality of a State or of a local government;

(B) The entity of such State or local government that distributes such assistance and each such department or agency (and each other State or local government entity) to which the assistance is extended, in the case of assistance to a State or local government;

(ii)(A) A college, university, or other postsecondary institution, or a public system of higher education; or

(B) A local educational agency (as defined in 20 U.S.C. 7801), system of vocational education, or other school system;

(iv) Any other entity which is established by two or more of the entities described in paragraph (b)(2)(i), (ii), or (iii) of this section.

(3) Secretary means the Secretary of State, the Director of the U.S. International Communication Agency, and the Administrator of the Agency for International Development, or the designee of such officer.

(4) Subrecipient means any of the entities in the definition of “recipient” to which a recipient extends or passes on Federal financial assistance. A subrecipient is generally regarded as a recipient of Federal financial assistance and has all the duties of a recipient in these regulations.

Subpart B—Standards for Determining Age Discrimination

§ 143.11 Standards.

The standards each agency uses to determine whether an age distinction or age-related term is prohibited are set out in part 90 (primarily subpart B) of 45 CFR.
§ 143.21 General responsibilities.
Each agency recipient has primary responsibility to ensure that its programs and activities are in compliance with the Act, the government-wide regulations, and these regulations.

§ 143.22 Notice to subrecipients.
Where a recipient passes on Federal financial assistance from an agency to subrecipients, the recipient shall provide the subrecipients written notice to their obligations under these regulations.

§ 143.23 Self-evaluation.
(a) Each recipient employing the equivalent of 15 or more full-time employees shall complete a one-time written self-evaluation of its compliance under the Act within 18 months of the effective date of these regulations.
(b) In its self-evaluation each recipient shall identify each age distinction it uses and justify each age distinction it imposes on the program or activity receiving Federal financial assistance from an agency.
(c) Each recipient shall take corrective action whenever a self-evaluation indicates a violation of these regulations.
(d) Each recipient shall make the self-evaluation available on request to the agency and to the public for a period of three years following its completion.

§ 143.24 Information requirements.
Each recipient shall:
(a) Make available upon request to the agency information necessary to determine whether the recipient is complying with the regulations.
(b) Permit reasonable access by the agency to the books, records, accounts, and other recipient facilities and sources of information to the extent necessary to determine whether a recipient is in compliance with these regulations.

§ 143.31 Compliance reviews.
(a) The agency may conduct compliance reviews and pre-award reviews of recipients that will permit it to investigate and correct violations of these regulations. The agency may conduct these reviews even in the absence of a complaint against a recipient. The review may be as comprehensive as necessary to determine whether a violation of these regulations has occurred.
(b) If a compliance review or pre-award review indicates a violation of this part, the agency will attempt to achieve voluntary compliance with the Act. If voluntary compliance cannot be achieved, the agency will arrange for enforcement as described in § 143.36.

§ 143.32 Complaints.
(a) Any person, individually or as a member of a class or on behalf of others, may file a complaint with an agency, alleging discrimination prohibited by these regulations based on an action occurring on or after July 1, 1979. A complainant shall file a complaint within 180 days from the date the complainant first had knowledge of the alleged act of discrimination. However, for good cause shown, the agency may extend this time limit.
(b) The agency will attempt to facilitate the filing of complaints wherever possible, including taking the following measures:
(1) Accepting as a sufficient complaint, any written statement which identifies the parties involved, describes generally the action or practice complained of, and is signed by the complainant.
(2) Freely permitting a complainant to add information to the complaint to meet the requirements of a sufficient complaint.
(3) Widely disseminating information regarding the obligations of recipients under the Act and these regulations.
(4) Notifying the complainant and the recipient of their rights under the complaint procedure, including the right to have a representative at all stages of the complaint process.
§ 143.33 Notifying the complainant and the recipient (or their representatives) of their right to contact the agency for information and assistance regarding the complaint resolution process.

(c) The agency will return to the complainant any complaint outside the jurisdiction of these regulations and will state the reason(s) why it is outside the jurisdiction of these regulations.

§ 143.33 Mediation.

(a) Referral of complaints for mediation. The agency will refer to the Federal Mediation and Conciliation Service all complaints that:

(1) Fall within the jurisdiction of these regulations; and

(2) Contain all information necessary for further processing.

(b) Both the complainant and the recipient shall participate in the mediation process to the extent necessary to reach an agreement or make an informed judgment that an agreement is not possible. There must be at least one meeting with the mediator, before the agency will accept a judgment that an agreement is not possible. However, the recipient and the complainant need not meet with the mediator at the same time.

(c) If the complainant and the recipient reach an agreement, the mediator shall prepare a written statement of the agreement and have the complainant and recipient sign it. The mediator shall send a copy of the agreement to the agency. The agency shall take no further action on the complaint unless the complainant or the recipient fails to comply with the agreement.

(d) The mediator shall protect the confidentiality of all information obtained in the course of the mediation process. No mediator shall testify in any adjudicative proceeding, produce any document, or otherwise disclose any information obtained in the course of the mediation process without prior approval of the head of the mediation agency.

(e) The agency will use the mediation process for a maximum of 60 days after receiving a complaint. Mediation ends if:

(1) Sixty days elapse from the time the agency receives the complaint; or

(2) Prior to the end of that 60-day period, an agreement is reached; or

(3) Prior to the end of that 60-day period, the mediator determines that an agreement cannot be reached.

(f) The mediator shall return unresolved complaints to the agency.

§ 143.34 Investigation.

(a) Informal investigation. (1) The agency will investigate complaints that are unresolved after mediation or are reopened because of a violation of a mediation agreement.

(2) As part of the initial investigation, the agency will use informal fact-finding methods, including joint or separate discussions with the complainant and recipient to establish the facts, and, if possible, settle the complaint on terms that are mutually agreeable. The agency may seek the assistance of any involved State program agency.

(3) The agency will put any agreement in writing and have it signed by the parties and an authorized official of the agency.

(4) The settlement shall not affect the operation of any other enforcement efforts of the agency, including compliance reviews and other individual complaints which may involve the recipient.

(5) The settlement is not a finding of discrimination against a recipient.

(b) Formal investigation. If the agency cannot resolve the complaint through informal investigation, it will begin to develop formal findings through further investigation of the complaint. If the investigation indicates a violation of these regulations, the agency will attempt to obtain voluntary compliance. If the agency cannot obtain voluntary compliance, it will begin enforcement as described in §143.36.

§ 143.35 Prohibition against intimidation or retaliation.

A recipient may not engage in acts of intimidation or retaliation against any person who:

(a) Attempts to assert a right protected by these regulations; or

(b) Cooperates in any mediation, investigation, hearing, or other part of the agency's investigation, conciliation, and enforcement process.
§ 143.36 Compliance procedure.

(a) An agency may enforce the Act and these regulations through:

(1) Termination of a recipient’s Federal financial assistance from the agency under the program or activity involved where the recipient has violated the Act and these regulations. The determination of the recipient’s violation may be made only after a recipient has had an opportunity for a hearing on the record before an administrative law judge. Therefore, cases which are settled in mediation or prior to a hearing, will not involve termination of a recipient’s Federal financial assistance from the agency.

(2) Any other means authorized by law including but not limited to:

(i) Referral to the Department of Justice for proceedings to enforce any rights of the United States or obligations by the Act and these regulations.

(ii) Use of any requirement of or referral to any Federal, state, or local government agency which will have the effect of correcting a violation of the Act or these regulations.

(b) The agency will limit any termination under §143.36(a)(1) to the particular recipient and particular program or activity the agency finds in violation of these regulations. The agency will not base any part of a termination on a finding with respect to any program or activity of the recipient which does not receive Federal financial assistance from the agency.

(c) The agency will take no action under paragraph (a) of this section until:

(1) The agency head has advised the recipient of its failure to comply with these regulations and has determined that voluntary compliance cannot be obtained.

(2) Thirty days have lapsed after the agency head has sent a written report of the circumstances and grounds of the action to the committees of the Congress having legislative jurisdiction over the Federal program or activity involved. The agency head shall file a report whenever any action is taken under paragraph (a) of this section.

(d) The agency head also may defer granting new Federal financial assistance from the agency to a recipient when a hearing under §143.36(a)(1) is initiated.

(1) New Federal financial assistance from the agency includes all assistance for which the agency requires an application or approval, including renewal or continuation of existing activities, or authorization of the new activities, during the deferment period. New Federal financial assistance from the agency does not include increases in funding as a result of changed computation of formula awards or assistance approved prior to the beginning of a hearing under §143.36(a)(1).

(2) The agency will not begin a deferral until the recipient has received a notice of opportunity for a hearing under §143.36(a)(1). The agency will not continue a deferral for more than 60 days unless a hearing has begun within that time or the time for beginning the hearing has been extended by mutual consent of the recipient and the agency head. The agency will not continue a deferral for more than 30 days after the close of a hearing unless the hearing results in a finding against the recipient.

§ 143.37 Hearings, decisions, post-termination proceedings.

Certain procedural provisions applicable to Title VI of the Civil Rights Act of 1964 apply to enforcement of this part. They are 22 CFR 141.8 through 141.10.

§ 143.38 Remedial action by recipient.

Where the agency head finds a recipient has discriminated on the basis of age, the recipient shall take any remedial action that the agency head may require to overcome the effects of the discrimination. If another recipient exercises control over the recipient that has discriminated, the agency head may require both recipients to take remedial action.

§ 143.39 Alternate funds disbursal procedure.

(a) When an agency withholds funds from a recipient under these regulations, the agency head may disburse the withheld funds directly to an alternate recipient, any public or non-profit private organization or agency, or
State or political subdivision of the State.

(b) The agency head will require any alternate recipient to demonstrate:

(1) The ability to comply with these regulations; and

(2) The ability to achieve the goals of the Federal statute authorizing the program or activity.

§§ 144.112–144.129 [Reserved]

§ 144.130 General prohibitions against discrimination.

(a) No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

(b)(1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;
(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The agency may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.

(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified handicapped persons to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to handicapped persons.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

(6) The agency may not administer a licensing or certification program in a manner that subjects qualified handicapped persons to discrimination on the basis of handicap, nor may the agency establish requirements for the programs or activities of licensees or certified entities that subject qualified handicapped persons to discrimination on the basis of handicap. However, the programs or activities of entities that are licensed or certified by the agency are not, themselves, covered by this part.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or Executive order to a different class of handicapped persons is not prohibited by this part.

(d) The agency shall administer programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

§§ 144.131–144.139 [Reserved]

§ 144.140 Employment.

No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

§§ 144.141–144.148 [Reserved]

§ 144.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in § 144.150, no qualified handicapped person shall, because the agency’s facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 144.150 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and
usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons;

(2) In the case of historic preservation programs, require the agency to take any action that would result in a substantial impairment of significant historic features of an historic property; or

(3) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §144.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) Methods—(1) General. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(2) Historic preservation programs. In meeting the requirements of §144.150(a) in historic preservation programs, the agency shall give priority to methods that provide physical access to handicapped persons. In cases where a physical alteration to an historic property is not required because of §144.150(a)(2) or (a)(3), alternative methods of achieving program accessibility include—

(i) Using audio-visual materials and devices to depict those portions of an historic property that cannot otherwise be made accessible;

(ii) Assigning persons to guide handicapped persons into or through portions of historic properties that cannot otherwise be made accessible; or

(iii) Adopting other innovative methods.

(c) Time period for compliance. The agency shall comply with the obligations established under this section by October 21, 1986, except that where structural changes in facilities are undertaken, such changes shall be made by August 22, 1989, but in any event as expeditiously as possible. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(d) Transition plan. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by February 23, 1987, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan
shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency's facilities that limit the accessibility of its programs or activities to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§ 144.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by handicapped persons. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151–4157), as established in 41 CFR 101–19.600 to 101–19.607, apply to buildings covered by this section.

§§ 144.152–144.159 [Reserved]

§ 144.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf person (TDD's) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §144.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or burdens, the agency shall take any other action that would not result in such an alteration or burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§ 144.161–144.169 [Reserved]

§ 144.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the agency.
(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The Deputy Assistant Secretary for Equal Employment Opportunity and Civil Rights shall be responsible for coordinating implementation of this section. Complaints may be sent to Deputy Assistant Secretary for Equal Employment Opportunity and Civil Rights, Department of State, 2201 C Street, NW., Room 3214, Washington, DC 20520.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;
(2) A description of a remedy for each violation found; and
(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by §144.170(g). The agency may extend this time period for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

(i) **Cooperative agreement**, as defined in 31 U.S.C. 6305, means a legal instrument reflecting a relationship between the United States Government and a recipient when the principal purpose of the relationship is to transfer a thing of value to the recipient to carry out a public purpose of support or stimulation authorized by law, instead of acquiring property or services for the direct use of the United States Government, and substantial involvement is expected between the awarding agency and the recipient when carrying out the activity contemplated in the agreement.

(j) **Cost sharing or matching** means that portion of project or program costs not borne by the Federal Government.

(k) **Date of completion** means the date on which all work under an award is completed or the date on which Federal sponsorship ends.

The Federal Grant and Cooperative Agreement Act (31 U.S.C. 6301-08) governs the use of grants, cooperative agreements and contracts. A grant or cooperative agreement shall be used only when the principal purpose of a transaction is to accomplish a public purpose of support or stimulation authorized by Federal statute. The statutory criterion for choosing between grants and cooperative agreements is that for the latter, “substantial involvement is expected between the executive agency and the State, local government, or other recipient when carrying out the activity contemplated in the agreement.” Contracts shall be used when the principal purpose is acquisition of property or services for the direct benefit or use of the Federal Government. The Department may not

§ 145.5 Subawards.

Unless sections of this regulation specifically exclude subrecipients from coverage, the provisions of this regulation shall be applied to subrecipients performing work under awards if such subrecipients are institutions of higher education, hospitals or other non-profit organizations. State and local government subrecipients are subject to the provisions of part 135 of this chapter implementing the grants management common rule, “Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments.”

Subpart B—Pre-Award Requirements

§ 145.10 Purpose.

Sections 145.11 through 145.17 prescribe forms and instructions and other pre-award matters to be used in applying for Federal awards.

§ 145.11 Pre-award policies.

(a) Use of grants and cooperative agreements, and contracts. In each instance, the awarding agency shall decide on the appropriate award instrument (i.e., grant, cooperative agreement, or contract). The Federal Grant and Cooperative Agreement Act (31 U.S.C. 6301-08) governs the use of grants, cooperative agreements and contracts. A grant or cooperative agreement shall be used only when the principal purpose of a transaction is to accomplish a public purpose of support or stimulation authorized by Federal statute. The statutory criterion for choosing between grants and cooperative agreements is that for the latter, “substantial involvement is expected between the executive agency and the State, local government, or other recipient when carrying out the activity contemplated in the agreement.” Contracts shall be used when the principal purpose is acquisition of property or services for the direct benefit or use of the Federal Government. The Department may not
§ 145.12 Forms for applying for Federal assistance.

(a) Department Grants Officers shall comply with the applicable report clearance requirements of 5 CFR part 1320, "Controlling Paperwork Burdens on the Public," with regard to all forms used by the awarding agency in place of or as a supplement to the Standard Form 424 (SF–424) series.

(b) Applicants shall use the SF–424 series or those forms and instructions prescribed by the Grants Officer and approved by the Office of the Procurement Executive (A/OPE).

(c) For Federal programs covered by Executive Order 12372, "Intergovernmental Review of Federal Programs," the applicant shall complete the appropriate sections of the SF–424 (Application for Federal Assistance) indicating whether the application was subject to review by the State Single Point of Contact (SPOC). The name and address of the SPOC for a particular State can be obtained from the awarding agency or the Catalog of Federal Domestic Assistance. The SPOC shall advise the applicant whether the program for which application is made has been selected by that State for review.

(d) Department Grants Officers who do not use the SF–424 form should indicate whether the application is subject to review by the State under Executive Order 12372.

§ 145.13 Debarment and suspension.

The Department and recipients shall comply with the nonprocurement debarment and suspension common rule implementing Executive Orders 12549 and 12689, "Debarment and Suspension," as implemented in 2 CFR 601. This common rule restricts subawards and contracts with certain parties that are debarred, suspended or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

§ 145.14 Special award conditions.

If an applicant or recipient: has a history of poor performance, is not financially stable, has a management system that does not meet the standards prescribed in this regulation, has not conformed to the terms and conditions of a previous award, or is not otherwise responsible, the Department may impose additional requirements as needed, provided that such applicant or recipient is notified in writing as to: the nature of the additional requirements, the reason why the additional requirements are being imposed, the nature of the corrective action needed, the time allowed for completing the corrective actions, and the method for requesting reconsideration of the additional requirements imposed. Any special conditions shall be promptly removed once the conditions that prompted them have been corrected.

§ 145.15 Metric system of measurement.

The Metric Conversion Act, as amended by the Omnibus Trade and Competitiveness Act (15 U.S.C. 205) declares that the metric system is the preferred measurement system for U.S. trade and commerce. The Act requires each Federal agency to establish a date or dates in consultation with the Secretary of Commerce, when the metric system of measurement will be used in the agency’s procurements, grants, and other business-related activities. Metric implementation may take longer where the use of the system is initially
impractical or likely to cause significant inefficiencies in the accomplishment of federally-funded activities. Federal awarding agencies shall follow the provisions of E.O. 12770, "Metric Usage in Federal Government Programs."

Under the Resource Conservation and Recovery Act (RCRA) (Pub. L. 94–580 codified at 42 U.S.C. 6962), any State agency or agency of a political subdivision of a State which is using appropriated Federal funds must comply with section 6002. Section 6002 requires that preference be given in procurement programs to the purchase of specific products containing recycled materials identified in guidelines developed by the Environmental Protection Agency (EPA) (40 CFR parts 247–254). Accordingly, State and local institutions of higher education, hospitals, and non-profit organizations that receive direct Federal awards or other Federal funds shall give preference in their procurement programs funded with Federal funds to the purchase of recycled products pursuant to the EPA guidelines.

§ 145.17 Certifications and representations.
Unless prohibited by statute or codified regulation, the Department is authorized to accept and encourages recipients to submit certifications and representations required by statute, executive order, or regulation on an annual basis, if the recipients have ongoing and continuing relationships with the Department. Annual certifications and representations shall be signed by responsible officials with the authority to ensure recipients’ compliance with the pertinent requirements.

Subpart C—Post-Award Requirements

§ 145.20 Purpose of financial and program management.
Sections 145.21 through 145.28 prescribe standards for financial management systems, methods for making payments and rules for: Satisfying cost sharing and matching requirements, accounting for program income, budget revision approvals, making audits, determining allowability of cost, and establishing fund availability.

§ 145.21 Standards for financial management systems.
(a) The Department shall require recipients to relate financial data to performance data and develop unit cost information whenever practical.
(b) Recipients’ financial management systems shall provide for the following.
   (1) Accurate, current and complete disclosure of the financial results of each federally-sponsored project or program in accordance with the reporting requirements set forth in §145.52. If the Department requires reporting on an accrual basis from a recipient that maintains its records on other than an accrual basis, the recipient shall not be required to establish an accrual accounting system. These recipients may develop such accrual data for its reports on the basis of an analysis of the documentation on hand.
   (2) Records that identify adequately the source and application of funds for federally-sponsored activities. These records shall contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, outlays, income and interest.
   (3) Effective control over and accountability for all funds, property and other assets. Recipients shall adequately safeguard all such assets and assure they are used solely for authorized purposes.
   (4) Comparison of outlays with budget amounts for each award. Whenever appropriate, financial information should be related to performance and unit cost data.
   (5) Written procedures to minimize the time elapsing between the transfer of funds to the recipient from the U.S. Treasury and the issuance or redemption of checks, warrants or payments by other means for program purposes by the recipient. To the extent that the provisions of the Cash Management Improvement Act (CMIA) (Pub. L. 101–453) govern, payment methods of State agencies, instrumentalities, and fiscal
agents shall be consistent with CMIA Treasury-State Agreements or the CMIA default procedures codified at 31 CFR part 205, “Withdrawal of Cash from the Treasury for Advances under Federal Grant and Other Programs.”

(6) Written procedures for determining the reasonableness, allocability and allowability of costs in accordance with the provisions of the applicable Federal cost principles and the terms and conditions of the award.

(7) Accounting records including cost accounting records that are supported by source documentation.

(c) Where the Federal Government guarantees or insures the repayment of money borrowed by the recipient, the Department, at its discretion, may require adequate bonding and insurance if the bonding and insurance requirements of the recipient are not deemed adequate to protect the interest of the Federal Government.

(d) The Department may require adequate fidelity bond coverage where the recipient lacks sufficient coverage to protect the Federal Government’s interest.

(e) Where bonds are required in the situations described above, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties, as prescribed in 31 CFR part 223, “Surety Companies Doing Business with the United States.”

§ 145.22 Payment.

(a) Payment methods shall minimize the time elapsing between the transfer of funds from the United States Treasury and the issuance or redemption of checks, warrants, or payment by other means by the recipients. Payment methods of State agencies or instrumentalities shall be consistent with Treasury-State CMIA agreements or default procedures codified at 31 CFR part 205.

(b) Recipients are to be paid in advance, provided they maintain or demonstrate the willingness to maintain: Written procedures that minimize the time elapsing between the transfer of funds and disbursement by the recipient, and financial management systems that meet the standards for fund control and accountability as established in §145.21. Cash advances to a recipient organization shall be limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements of the recipient organization in carrying out the purpose of the approved program or project. The timing and amount of cash advances shall be as close as is administratively feasible to the actual disbursements by the recipient organization for direct program or project costs and the proportionate share of any allowable indirect costs.

(c) Whenever possible, advances shall be consolidated to cover anticipated cash needs for all awards made by the Department to the recipient.

(1) Advance payment mechanisms include, but are not limited to, Treasury check and electronic funds transfer.

(2) Advance payment mechanisms are subject to 31 CFR part 205.

(3) Recipients shall be authorized to submit requests for advances and reimbursements at least monthly when electronic fund transfers are not used.

(d) Requests for Treasury check advance payment shall be submitted on SF–270, “Request for Advance or Reimbursement,” or other forms as may be authorized by OMB (e.g., SF–1034). This form is not to be used when Treasury check advance payments are made to the recipient automatically through the use of a predetermined payment schedule or if precluded by special Department instructions for electronic funds transfer.

(e) Reimbursement is the preferred method when the requirements in paragraph (b) cannot be met. The Department may also use this method on any construction agreement, or if the major portion of the construction project is accomplished through private market financing or Federal loans, and the Federal assistance constitutes a minor portion of the project.

(1) When the reimbursement method is used, the Department shall make payment within 30 days after receipt of the billing, unless the billing is improper.

(2) Recipients shall be authorized to submit request for reimbursement at least monthly when electronic funds transfers are not used.
(f) If a recipient cannot meet the criteria for advance payments and the Department has determined that reimbursement is not feasible because the recipient lacks sufficient working capital, the Department may provide cash on a working capital advance basis. Under this procedure, the Department shall advance cash to the recipient to cover its estimated disbursement needs for an initial period generally geared to the awardee’s disbursing cycle. Thereafter, the Department shall reimburse the recipient for its actual cash disbursements. The working capital advance method of payment shall not be used for recipients unwilling or unable to provide timely advances to their subrecipient to meet the subrecipient’s actual cash disbursements.

(g) To the extent available, recipients shall disburse funds available from repayments to and interest earned on a revolving fund, program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(h) Unless otherwise required by statute, the Department shall not withhold payments for proper charges made by recipients at any time during the project period unless paragraphs (h)(1) or (2) of this section apply.

(1) A recipient has failed to comply with the project objectives, the terms and conditions of the award, or Federal reporting requirements.

(2) The recipient or subrecipient is delinquent in a debt to the United States as defined in OMB Circular A-129, “Managing Federal Credit Programs.” Under such conditions, the Department may, upon reasonable notice, inform the recipient that payments shall not be made for obligations incurred after a specified date until the conditions are corrected or the indebtedness to the Federal Government is liquidated.

(i) Standards governing the use of banks and other institutions as depositories of funds advanced under awards are as follows.

(1) Except for situations described in paragraph (i)(2), the Department shall not require separate depository accounts for funds provided to a recipient or establish any eligibility requirements for depositories for funds provided to a recipient. However, recipients must be able to account for the receipt, obligation and expenditure of funds.

(2) Advances of Federal funds shall be deposited and maintained in insured accounts whenever possible.

(j) Consistent with the national goal of expanding the opportunities for women-owned and minority-owned business enterprises, recipients shall be encouraged to use women-owned and minority-owned banks (a bank which is owned at least 50 percent by women or minority group members).

(k) Recipients shall maintain advances of Federal funds in interest bearing accounts, unless paragraphs (k)(1), (2) or (3) of this section apply.

(1) The recipient receives less than $120,000 in Federal awards per year.

(2) The best reasonably available interest bearing account would not be expected to earn interest in excess of $250 per year on Federal cash balances.

(3) The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.

(l) For those entities where CMIA and its implementing regulations do not apply, interest earned on Federal advances deposited in interest bearing accounts shall be remitted annually to the Department for submission to Treasury. Interest amounts up to $250 per year may be retained by the recipient for administrative expense. State universities and hospitals shall comply with CMIA, as it pertains to interest. If an entity subject to CMIA uses its own funds to pay pre-award costs for discretionary awards without prior written approval from the Department, it waives its right to recover the interest under CMIA.

(m) Except as noted elsewhere in this regulation, only the following forms shall be authorized for the recipients in requesting advances and reimbursements. The Department shall not require more than an original and two copies of these forms except if OMB approval is obtained.

(1) SF-270, Request for Advance or Reimbursement. The Department shall use the SF-270 as a standard form for all
§ 145.23 Cost sharing or matching.

(a) All contributions, including cash and third party in-kind, shall be accepted as part of the recipient’s cost sharing or matching when such contributions meet all of the following criteria.

1. Are verifiable from the recipient’s records.
2. Are not included as contributions for any other Federally-assisted project or program.
3. Are necessary and reasonable for proper and efficient accomplishment of project or program objectives.
4. Are allowable under the applicable cost principles.
5. Are not paid by the Federal Government under another award, except where authorized by Federal statute to be used for cost sharing or matching.
6. Are provided for in the approved budget when required by the Department.
7. Conform to other provisions of this regulation, as applicable.

(b) Unrecovered indirect costs may be included as part of cost sharing or matching only with the prior approval of the Department Grants Officer.

(c) Values for recipient contributions of services and property shall be established in accordance with the applicable cost principles. If the Department authorizes recipients to donate buildings or land for construction/facilities acquisition projects or long-term use, the value of the donated property for cost sharing or matching shall be the lesser of paragraphs (c) (1) or (2) of this section.

1. The certified value of the remaining life of the property recorded in the recipient’s accounting records at the time of donation.
2. The current fair market value. However, when there is sufficient justification, the Department may approve the use of the current fair market value of the donated property, even if it exceeds the certified value at the time of donation to the project.

(d) Volunteer services furnished by professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as cost sharing or matching if the service is an integral and necessary part of an approved project or program. Rates for volunteer services shall be consistent with those paid for similar work in the recipient’s organization. In those instances in which the required skills are not found in the recipient organization, rates shall be consistent with those paid for similar work in the labor market in which the recipient competes for the kind of services involved. In either case, paid fringe benefits that are reasonable, allowable, and allocable may be included in the valuation.

(e) When an employer other than the recipient furnishes the services of an employee, these services shall be valued at the employee’s regular rate of pay (plus an amount of fringe benefits that are reasonable, allowable, and allocable, but exclusive of overhead costs), provided these services are in the same skill for which the employee is normally paid.

(f) Donated supplies may include such items as expendable equipment, office supplies, laboratory supplies or workshop and classroom supplies. Value assessed to donated supplies included in the cost sharing or matching share shall be reasonable and shall not exceed the fair market value of the property at the time of the donation.

(g) The method used for determining cost sharing or matching for donated equipment, buildings and land for which title passes to the recipient may differ according to the purpose of the
award, if paragraph (g) (1) or (2) of this section apply.

(1) If the purpose of the award is to assist the recipient in the acquisition of equipment, buildings or land, the total value of the donated property may be claimed as cost sharing or matching.

(2) If the purpose of the award is to support activities that require the use of equipment, buildings or land, normally only depreciation or use charges for equipment and buildings may be made. However, the full value of equipment or other capital assets and fair rental charges for land may be allowed, provided that the Department has approved the charges.

(b) The value of donated property shall be determined in accordance with the usual accounting policies of the recipient, with the following qualifications.

(1) The value of donated land and buildings shall not exceed its fair market value at the time of donation to the recipient as established by an independent appraiser (e.g., certified real property appraiser or General Services Administration representative) and certified by a responsible official of the recipient.

(2) The value of donated equipment shall not exceed the fair market value of equipment of the same age and condition at the time of donation.

(3) The value of donated space shall not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately-owned building in the same locality.

(4) The value of loaned equipment shall not exceed its fair rental value.

(5) The following requirements pertain to the recipient’s supporting records for in-kind contributions from third parties.

(i) Volunteer services shall be documented and, to the extent feasible, supported by the same methods used by the recipient for its own employees.

(ii) The basis for determining the valuation for personal service, material, equipment, buildings and land shall be documented.

§ 145.24 Program income.

(a) The Department shall apply the standards set forth in this section in requiring recipient organizations to account for program income related to projects financed in whole or in part with Federal funds.

(b) Except as provided in paragraph (h) of this section, program income earned during the project period shall be retained by the recipient and, in accordance with the terms and conditions of the award, shall be used in one or more of the ways listed in the following.

(1) Added to funds committed to the project by the Department and recipient and used to further eligible project or program objectives.

(2) Used to finance the non-Federal share of the project or program.

(3) Deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.

(c) When the award authorizes the disposition of program income as described in paragraphs (b)(1) or (b)(2), program income in excess of any limits stipulated shall be used in accordance with paragraph (b)(3).

(d) In the event that the Department does not specify in the terms and conditions of the award how program income is to be used, paragraph (b)(3) shall apply automatically to all projects or programs except research. For awards that support research, paragraph (b)(1) shall apply automatically unless the awarding agency indicates in the terms and conditions another alternative on the award or the recipient is subject to special award conditions, as indicated in §145.14.

(e) Unless the terms and conditions of the award provide otherwise, recipients shall have no obligation to the Federal Government regarding program income earned after the end of the project period.

(f) If authorized by the terms and conditions of the award, costs incident to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the award.

(g) Proceeds from the sale of property shall be handled in accordance with the
§ 145.25 Revision of budget and program plans.

(a) The budget plan is the financial expression of the project or program as approved during the award process. It may include either the Federal and non-Federal share, or only the Federal share, depending upon Department requirements. It shall be related to performance for program evaluation purposes whenever appropriate.

(b) Recipients are required to report deviations from budget and program plans, and request prior approvals for budget and program plan revisions, in accordance with this section, unless, at the discretion of the Grants Officer, a small percentage variance is allowed by the terms of the grant or cooperative agreement.

(c) For nonconstruction awards, recipients shall request prior approvals from the Department for one or more of the following program or budget related reasons.

(1) Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).

(2) Change in a key person specified in the application or award document.

(3) The absence for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

(4) The need for additional Federal funding.

(5) The transfer of amounts budgeted for indirect costs to absorb increases in direct costs, or vice versa, if approval is required by the Department.

(7) The transfer of funds allotted for training allowances (direct payment to trainees) to other categories of expense.

(8) Unless described in the application and funded in the approved awards, the subaward, transfer or contracting out of any work under an award. This provision does not apply to the purchase of supplies, material, equipment or general support services.

(d) No other prior approval requirements for specific items described by this regulation may be imposed unless a deviation has been approved by OMB.

(e) Except for requirements listed in paragraphs (c)(1) and (c)(4) of this section, Grants Officers are authorized, at their option, to waive cost-related and administrative prior written approvals required by this regulation and OMB Circulars A–21 and A–122. Such waivers may include authorizing recipients to do any one or more of the following.

(1) Incur pre-award costs 90 calendar days prior to award or more than 90 calendar days with the prior approval of the Department. All pre-award costs are incurred at the recipient’s risk (i.e., the Department is under no obligation to reimburse such costs if for any reason the recipient does not receive an award or if the award is less than anticipated and inadequate to cover such costs).

(2) Initiate a one-time extension of the expiration date of the award of up to 12 months unless one or more of the following conditions apply. For one-time extensions, the recipient must notify the Department in writing with the supporting reasons and revised expiration date at least 10 days before the expiration date specified in the award.
This one-time extension may not be exercised merely for the purpose of using unobligated balances.

(i) The terms and conditions of award prohibit the extension.

(ii) The extension requires additional Federal funds.

(iii) The extension involves any change in the approved objectives or scope of the project.

(3) Carry forward unobligated balances to subsequent funding periods.

(4) For awards that support research, unless the Department provides otherwise in the award, the prior approval requirements described in paragraph (e) are automatically waived (i.e., recipients need not obtain such prior approvals) unless one of the conditions included in paragraph (e)(2) applies.

(f) The Department may, at its option, restrict the transfer of funds among direct cost categories or programs, functions and activities for awards in which the Federal share of the project exceeds $100,000 and the cumulative amount of such transfers exceeds or is expected to exceed 10 percent of the total budget as last approved by the Grants Officer. Grants Officers shall not permit a transfer that would cause any Federal appropriation or part thereof to be used for purposes other than those consistent with the original intent of the appropriation.

(g) All other changes to nonconstruction budgets, except for the changes described in paragraph (j), do not require prior approval.

(h) For construction awards, recipients shall request prior written approval promptly from the Grants Officer for budget revisions whenever paragraphs (h)(1), (2) or (3) of this section apply.

(1) The revision results from changes in the scope or the objective of the project or program.

(2) The need arises for additional Federal funds to complete the project.

(3) A revision is desired which involves specific costs for which prior written approval requirements may be imposed consistent with applicable OMB cost principles listed in §145.27.

(i) No other prior approval requirements for specific items may be imposed unless a deviation has been approved by OMB.

(j) When the Department makes an award that provides support for both construction and nonconstruction work, the Department may require the recipient to request prior approval from the Department before making any fund or budget transfers between the two types of work supported.

(k) For both construction and nonconstruction awards, the Department shall require recipients to notify the Department in writing promptly whenever the amount of Federal authorized funds is expected to exceed the needs of the recipient for the project period by more than $5,000 or five percent of the Federal award, whichever is greater. This notification shall not be required if an application for additional funding is submitted for a continuation award.

(l) When requesting approval for budget revisions, recipients shall use the budget forms that were used in the application unless the Grants Officer indicates a letter of request suffices.

(m) Within 30 calendar days from the date of receipt of the request for budget revisions, the Grants Officer shall review the request and notify the recipient whether the budget revisions have been approved. If the revision is still under consideration at the end of 30 calendar days, the Grants Officer shall inform the recipient in writing of the date when the recipient may expect the decision.

§ 145.26 Non-Federal audits.

(a) Recipients and subrecipients that are institutions of higher education or other non-profit organizations (including hospitals) shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501–7507) and revised OMB Circular A–133, “Audits of States, Local Governments, and Non-Profit Organizations.”

(b) State and local governments shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501–7507) and revised OMB Circular A–133, “Audits of States, Local Governments, and Non-Profit Organizations.”

(c) For-profit hospitals not covered by the audit provisions of revised OMB
Circular A-133 shall be subject to the audit requirements of the Federal awarding agencies.

(d) Commercial organizations shall be subject to the audit requirements of the Department or the prime recipient as incorporated into the award document.

§ 145.27 Allowable costs.

For each kind of recipient, there is a set of Federal principles for determining allowable costs. Allowability of costs shall be determined in accordance with the cost principles applicable to the entity incurring the costs. Thus, allowability of costs incurred by State, local or federally-recognized Indian tribal governments is determined in accordance with the provisions of OMB Circular A-87, “Cost Principles for State and Local Governments.” The allowability of costs incurred by non-profit organizations is determined in accordance with the provisions of OMB Circular A-122, “Cost Principles for Non-Profit Organizations.” The allowability of costs incurred by institutions of higher education is determined in accordance with the provisions of OMB Circular A-21, “Cost Principles for Educational Institutions.” The allowability of costs incurred by hospitals is determined in accordance with the provisions of appendix E of 45 CFR part 74, “Principles for Determining Costs Applicable to Research and Development Under Grants and Contracts with Hospitals.” The allowability of costs incurred by commercial organizations and those non-profit organizations listed in Attachment C to Circular A-122 is determined in accordance with the provisions of the Federal Acquisition Regulation (FAR) at 48 CFR part 31.

§ 145.28 Period of availability of funds.

Where a funding period is specified, a recipient may charge to the grant only allowable costs resulting from obligations incurred during the funding period and any pre-award costs authorized by the Department, unless otherwise provided in the grant or cooperative agreement.

§ 145.30 Purpose of property standards.

Sections 145.31 through 145.37 set forth uniform standards governing management and disposition of property furnished by the Federal Government whose cost was charged to a project supported by a Federal award. The Department shall require recipients to observe these standards under awards and shall not impose additional requirements, unless specifically required by Federal statute. The recipient may use its own property management standards and procedures provided it observes the provisions of §§145.31 through 145.37.

§ 145.31 Insurance coverage.

Recipients shall, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired with Federal funds as provided to property owned by the recipient. Federally-owned property need not be insured unless required by the terms and conditions of the award.

§ 145.32 Real property.

Each award shall prescribe any applicable requirements for recipients concerning the use and disposition of real property acquired in whole or in part under awards. Unless otherwise provided by statute, such requirements, at a minimum, shall contain the following:

(a) Title to real property shall vest in the recipient subject to the condition that the recipient shall use the real property for the authorized purpose of the project as long as it is needed and shall not encumber the property without approval of the Department.

(b) The recipient shall obtain written approval by the Department for the use of real property in other Federally-sponsored projects when the recipient determines that the property is no longer needed for the purpose of the original project. Use in other projects shall be limited to those under Federally-sponsored projects (i.e., awards) or programs that have purposes consistent with those authorized for support by the Department.
(c) When the real property is no longer needed as provided in paragraphs (a) and (b), the recipient shall request disposition instructions from the cognizant Grants Officer. The Department shall observe one or more of the following disposition instructions.

1. The recipient may be permitted to retain title without further obligation to the Federal Government after it compensates the Federal Government for that percentage of the current fair market value of the property attributable to the Federal participation in the project.

2. The recipient may be directed to sell the property under guidelines provided by the Department and pay the Federal Government for that percentage of the current fair market value of the property attributable to the Federal participation in the project (after deducting actual and reasonable selling and fix-up expenses, if any, from the sales proceeds). When the recipient is authorized or required to sell the property, proper sales procedures shall be established that provide for competition to the extent practicable and result in the highest possible return.

3. The recipient may be directed to transfer title to the property to the Federal Government or to an eligible third party provided that, in such cases, the recipient shall be entitled to compensation for its attributable percentage of the current fair market value of the property.

§ 145.33 Federally-owned and exempt property.

(a) Federally-owned property. (1) Title to Federally-owned property remains vested in the Federal Government. Recipients shall submit annually an inventory listing of Federally-owned property in their custody to the Department. Upon completion of the award or when the property is no longer needed, the recipient shall report the property to the Department for further Federal agency utilization.

(2) If the Department has no further need for the property, it shall be declared excess and reported to the General Services Administration, unless the Department has statutory authority to dispose of the property by alternative methods (e.g., the authority provided by the Federal Technology Transfer Act (15 U.S.C. 3710 (1)) to donate research equipment to educational and non-profit organizations in accordance with Executive Order 12821, “Improving Mathematics and Science Education in Support of the National Education Goals.”) Appropriate instructions shall be issued to the recipient by the Department.

(b) Exempt property. When statutory authority exists, the Department has the option to vest title to property acquired with Federal funds in the recipient without further obligation to the Federal Government and under conditions the Department considers appropriate. Such property is “exempt property.” Should the Department not establish conditions, title to exempt property upon acquisition shall vest in the recipient without further obligation to the Federal Government.

§ 145.34 Equipment.

(a) Title to equipment acquired by a recipient with Federal funds shall vest in the recipient, subject to conditions of this section.

(b) The recipient shall not use equipment acquired with Federal funds to provide services to non-Federal outside organizations for a fee that is less than private companies charge for equivalent services, unless specifically authorized by Federal statute, for as long as the Federal Government retains an interest in the equipment.

(c) The recipient shall use the equipment in the project or program for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds and shall not encumber the property without approval of the Department. When no longer needed for the original project or program, the recipient shall use the equipment in connection with its other federally-sponsored activities, in the following order of priority: First, Activities sponsored by the Department which funded the original project, then activities sponsored by other the Department.

(d) During the time that equipment is used on the project or program for which it was acquired, the recipient shall make it available for use on other projects or programs if such other use
§ 145.34

22 CFR Ch. I (4–1–10 Edition)

will not interfere with the work on the project or program for which the equipment was originally acquired. First preference for such other use shall be given to other projects or programs sponsored by the Department that financed the equipment; second preference shall be given to projects or programs sponsored by other the Department. If the equipment is owned by the Federal Government, use on other activities not sponsored by the Federal Government shall be permissible if authorized by the Department. User charges shall be treated as program income.

(e) When acquiring replacement equipment, the recipient may use the equipment to be replaced as trade-in or sell the equipment and use the proceeds to offset the costs of the replacement equipment subject to the approval of the Department.

(f) The recipient’s property management standards for equipment acquired with Federal funds and Federally-owned equipment shall include all of the following.

1. Equipment records shall be maintained accurately and shall include the following information.
   i. A description of the equipment.
   ii. Manufacturer’s serial number, model number, Federal stock number, national stock number, or other identification number.
   iii. Source of the equipment, including the award number.
   iv. Whether title vests in the recipient or the Federal Government.
   v. Acquisition date (or date received, if the equipment was furnished by the Federal Government) and cost.
   vi. Information from which one can calculate the percentage of Federal participation in the cost of the equipment (not applicable to equipment furnished by the Federal Government).
   vii. Location and condition of the equipment and the date the information was reported.
   viii. Unit acquisition cost.
   ix. Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value where a recipient compensates the Department for its share.

(2) Equipment owned by the Federal Government shall be identified to indicate Federal ownership.

(3) A physical inventory of equipment shall be taken and the results reconciled with the equipment records at least once every two years. Any differences between quantities determined by the physical inspection and those shown in the accounting records shall be investigated to determine the causes of the difference. The recipient shall, in connection with the inventory, verify the existence, current utilization, and continued need for the equipment.

(4) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the equipment. Any loss, damage, or theft of equipment shall be investigated and fully documented; if the equipment was owned by the Federal Government, the recipient shall promptly notify the Department.

(5) Adequate maintenance procedures shall be implemented to keep the equipment in good condition.

(6) Where the recipient is authorized or required to sell the equipment, proper sales procedures shall be established which provide for competition to the extent practicable and result in the highest possible return.

(g) When the recipient no longer needs the equipment, the equipment may be used for other activities in accordance with the following standards. For equipment with a current per unit fair market value of $5,000 or more, the recipient may retain the equipment for other uses provided that compensation is made to the original agency or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value of the equipment. If the recipient has no need for the equipment, the recipient shall request disposition instructions from the Department. The Department shall determine whether the equipment can be used to meet the agency’s requirements. If no requirement exists within that agency, the availability of the equipment shall be
reported to the General Services Administration by the Department to determine whether a requirement for the equipment exists in other Federal agencies. The Department shall issue instructions to the recipient no later than 120 calendar days after the recipient’s request and the following procedures shall govern.

(1) If so instructed or if disposition instructions are not issued within 120 calendar days after the recipient’s request, the recipient shall sell the equipment and reimburse the Department an amount computed by applying to the sales proceeds the percentage of Federal participation in the cost of the original project or program. However, the recipient shall be permitted to deduct and retain from the Federal share $500 or ten percent of the proceeds, whichever is less, for the recipient’s selling and handling expenses.

(2) If the recipient is instructed to ship the equipment elsewhere, the recipient shall be reimbursed by the Federal Government by an amount which is computed by applying the percentage of the recipient’s participation in the cost of the original project or program to the current fair market value of the equipment, plus any reasonable shipping or interim storage costs incurred.

(3) If the recipient is instructed to otherwise dispose of the equipment, the recipient shall be reimbursed by the Department for such costs incurred in its disposition.

(4) The Department may reserve the right to transfer the title to the Federal Government or to a third party named by the Federal Government when such third party is otherwise eligible under existing statutes. Such transfer shall be subject to the following standards.

(i) The equipment shall be appropriately identified in the award or otherwise made known to the recipient in writing.

(ii) The Department shall issue disposition instructions within 120 calendar days after receipt of a final inventory. The final inventory shall list all equipment acquired with grant funds and federally-owned equipment. If the Department fails to issue disposition instructions within the 120 calendar day period, the recipient shall apply the standards of this section, as appropriate.

(iii) When the Department exercises its right to take title, the equipment shall be subject to the provisions for federally-owned equipment.

§ 145.35 Supplies and other expendable property.

(a) Title to supplies and other expendable property shall vest in the recipient upon acquisition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate value upon termination or completion of the project or program and the supplies are not needed for any other Federally-sponsored project or program, the recipient shall retain the supplies for use on non-Federal sponsored activities or sell them, but shall, in either case, compensate the Federal Government for its share. The amount of compensation shall be computed in the same manner as for equipment.

(b) The recipient shall not use supplies acquired with Federal funds to provide services to non-Federal outside organizations for a fee that is less than private companies charge for equivalent services, unless specifically authorized by Federal statute as long as the Federal Government retains an interest in the supplies.

§ 145.36 Intangible property.

(a) The recipient may copyright any work that is subject to copyright and was developed, or for which ownership was purchased, under an award. The Department reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so.

(b) Recipients are subject to applicable regulations governing patents and inventions, including government-wide regulations issued by the Department of Commerce at 37 CFR part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements.”

(c) The Federal Government has the right to:
(1) Obtain, reproduce, publish or otherwise use the data first produced under an award; and

(2) Authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.

(d) (1) In addition, in response to a Freedom of Information Act (FOIA) request for research data relating to published research findings produced under an award that were used by the Federal Government in developing an agency action that has the force and effect of law, the Federal awarding agency shall request, and the recipient shall provide, within a reasonable time, the research data so that they can be made available to the public through the procedures established under the FOIA. If the Federal awarding agency obtains the research data solely in response to a FOIA request, the agency may charge the requester a reasonable fee equaling the full incremental cost of obtaining the research data. This fee should reflect costs incurred by the agency, the recipient, and applicable subrecipients. This fee is in addition to any fees the agency may assess under the FOIA (5 U.S.C. 552(a)(4)(A)).

(2) The following definitions apply for purposes of this paragraph (d):

(i) **Research data** is defined as the recorded factual material commonly accepted in the scientific community as necessary to validate research findings, but not any of the following: preliminary analyses, drafts of scientific papers, plans for future research, peer reviews, or communications with colleagues. This “recorded” material excludes physical objects (e.g., laboratory samples). **Research data** also do not include:

(A) Trade secrets, commercial information, materials necessary to be held confidential by a researcher until they are published, or similar information which is protected under law; and

(B) Personnel and medical information and similar information the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, such as information that could be used to identify a particular person in a research study.

(ii) **Published** is defined as either when:

(A) Research findings are published in a peer-reviewed scientific or technical journal; or

(B) A Federal agency publicly and officially cites the research findings in support of an agency action that has the force and effect of law.

(iii) **Used by the Federal Government in developing an agency action that has the force and effect of law** is defined as when an agency publicly and officially cites the research findings in support of an agency action that has the force and effect of law.

(3) The requirements set forth in paragraph (d)(1) of this section do not apply to commercial organizations.

(e) Title to intangible property and debt instruments acquired under an award or subaward vests upon acquisition in the recipient. The recipient shall use that property for the originally-authorized purpose, and the recipient shall not encumber the property without approval of the Department. When no longer needed for the originally authorized purpose, disposition of the intangible property shall occur in accordance with the provisions of §145.34(g).

These standards are furnished to ensure that such materials and services are obtained in an effective manner and in compliance with the provisions of applicable Federal statutes and executive orders. No additional procurement standards or requirements shall be imposed by the Department upon recipients, unless specifically required by Federal statute or executive order or approved by OMB. The standards in §§145.1 through 145.48 do not apply to small awards, except where imposed by Federal statute or Executive Order.

§ 145.41 Recipient responsibilities.

The standards contained in this section do not relieve the recipient of the contractual responsibilities arising under its contract(s). The recipient is the responsible authority, without recourse to the Department, regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in support of an award or other agreement. This includes disputes, claims, protests of award, source evaluation or other matters of a contractual nature. Matters concerning violation of statute are to be referred to such Federal, State or local authority as may have proper jurisdiction.

§ 145.42 Code of conduct.

The recipient shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the recipient shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to subagreements. However, recipients may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the recipient.

§ 145.43 Competition.

All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition. The recipient shall be alert to organizational conflicts of interest as well as noncompetitive practices among contractors that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, invitations for bids and/or requests for proposals shall be excluded from competing for such procurements. Awards shall be made to the bidder or offeror whose bid or offer is responsive to the solicitation and is most advantageous to the recipient, price, quality and other factors considered. Solicitations shall clearly set forth all requirements that the bidder or offeror shall fulfill in order for the bid or offer to be evaluated by the recipient. Any and all bids or offers may be rejected when it is in the recipient’s interest to do so.

§ 145.44 Procurement procedures.

(a) All recipients shall establish written procurement procedures. These procedures shall provide for, at a minimum, that paragraphs (a)(1), (2) and (3) of this section apply.

(1) Recipients avoid purchasing unnecessary items.

(2) Where appropriate, an analysis is made of lease and purchase alternatives to determine which would be the most economical and practical procurement for the Federal Government.

(3) Solicitations for goods and services provide for all of the following:

(i) A clear and accurate description of the technical requirements for the material, product or service to be procured. In competitive procurements, such a description shall not contain
features which unduly restrict competition.

(ii) Requirements which the bidder/offeror must fulfill and all other factors to be used in evaluating bids or proposals.

(iii) A description, whenever practicable, of technical requirements in terms of functions to be performed or performance required, including the range of acceptable characteristics or minimum acceptable standards.

(iv) The specific features of “brand name or equal” descriptions that bidders are required to meet when such items are included in the solicitation.

(v) The acceptance, to the extent practicable and economically feasible, of products and services dimensioned in the metric system of measurement.

(vi) Preference, to the extent practicable and economically feasible, for products and services that conserve natural resources and protect the environment and are energy efficient.

(b) Positive efforts shall be made by recipients to utilize small businesses, minority-owned firms, and women’s business enterprises, whenever possible. Recipients of Federal awards shall take all of the following steps to further this goal.

(1) Ensure that small businesses, minority-owned firms, and women’s business enterprises are used to the fullest extent practicable.

(2) Make information on forthcoming opportunities available and arrange time frames for purchases and contracts to encourage and facilitate participation by small businesses, minority-owned firms, and women’s business enterprises.

(3) Consider in the contract process whether firms competing for larger contracts intend to subcontract with small businesses, minority-owned firms, and women’s business enterprises.

(4) Encourage contracting with consortiums of small businesses, minority-owned firms and women’s business enterprises when a contract is too large for one of these firms to handle individually.

(5) Use the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Department of Commerce’s Minority Business Development Agency in the solicitation and utilization of small businesses, minority-owned firms and women’s business enterprises.

(c) The type of procurement instruments used (e.g., fixed price contracts, cost reimbursement contracts, purchase orders, and incentive contracts) shall be determined by the recipient but shall be appropriate for the particular procurement and for promoting the best interest of the program or project involved. The “cost-plus-a-percentage-of-cost” or “percentage of construction cost” methods of contracting shall not be used.

(d) Contracts shall be awarded only to responsible contractors who possess the potential ability to perform successfully under the terms and conditions of the proposed procurement. Consideration shall be given to such matters as contractor integrity, record of past performance, financial and technical resources or accessibility to other necessary resources. In certain circumstances, contracts with certain parties are restricted by implementation of E.O.s 12549 and 12689, “Debarment and Suspension,” implemented at 2 CFR 601.

(e) Recipients shall, on request, make available for the Department, preaward review and procurement documents, such as request for proposals or invitations for bids, independent cost estimates, etc., when any of the following conditions apply.

(1) A recipient’s procurement procedures or operation fails to comply with the procurement standards in the Department’s implementation of this regulation.

(2) The procurement is expected to exceed the small purchase limitation and is to be awarded without competition or only one bid or offer is received in response to a solicitation.

(3) The procurement, which is expected to exceed the small purchase limitation, specifies a “brand name” product.

(4) The proposed award over the small purchase limitation is to be awarded to other than the apparent low bidder under a sealed bid procurement.
§ 145.48 Contract clauses.

The recipient shall include, in addition to clauses to define a sound and complete agreement, the following clauses in all contracts. The following clauses shall also be applied to subcontracts.

(a) Contracts in excess of the small purchase limitation shall contain contract clauses that allow for administrative, contractual, or legal remedies in instances in which a contractor violates or breaches the contract terms, and provide for such remedial actions as may be appropriate.

(b) All contracts in excess of the small purchase limitation shall contain suitable clauses for termination by the recipient, including the manner by which termination shall be effected and the basis for settlement. The clauses shall describe conditions under which the contract may be terminated by the recipient for default of the contractor as well as conditions where the contract may be terminated for convenience because of circumstances beyond the control of the contractor.

(c) Except as otherwise required by statute, an award that requires the contracting (or subcontracting) for construction or facility improvements shall provide for the recipient to follow its own requirements relating to bid guarantees, performance bonds, and payment bonds unless the construction contract or subcontract exceeds $100,000. For those contracts or subcontracts exceeding $100,000, the Department may accept the bonding policy and requirements of the recipient, provided the Department has made a determination that the Federal Government’s interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows.

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder shall, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price or other amount approved by the Grants Officer. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by statute of all persons supplying labor and
material in the execution of the work provided for in the contract.

(4) Where bonds are required in the situations described herein, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties pursuant to 31 CFR part 223, ‘‘Surety Companies Doing Business with the United States.’’

(d) All negotiated contracts (except those for less than the small purchase limitation) awarded by recipients shall include a provision to the effect that the recipient, the Department, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers and records of the contractor which are directly pertinent to a specific program for the purpose of making audits, examinations, excerpts and transcriptions.

(e) All contracts, including small purchases, awarded by recipients and their contractors shall contain the contract clauses in appendix A to this regulation, as applicable.

REPORTS AND RECORDS

§ 145.50 Purpose of reports and records.

Sections 145.51 through 145.53 set forth the procedures for monitoring and reporting on the recipient’s financial and program performance and the necessary standard reporting forms. They also set forth record retention requirements.

§ 145.51 Monitoring and reporting program performance.

(a) Recipients are responsible for managing and monitoring each project, program, subaward, function or activity supported by the award. Recipients shall monitor subawards to ensure sub-recipients have met the audit requirements as delineated in §145.26.

(b) The Department shall prescribe the frequency with which the performance reports shall be submitted. Except as provided in §145.51(f), performance reports shall not be required more frequently than quarterly or, less frequently than annually. Annual reports shall be due 90 calendar days after the grant year; quarterly or semi-annual reports shall be due 30 days after the reporting period. The Department may require annual reports before the anniversary dates of multiple year awards in lieu of these requirements. The final performance reports are due 90 calendar days after the expiration or termination of the award.

(c) If inappropriate, a final technical or performance report shall not be required after completion of the project.

(d) When required, performance reports shall generally contain, for each award, brief information on each of the following.

(1) A comparison of actual accomplishments with the goals and objectives established for the period, the findings of the investigator, or both. Whenever appropriate and the output of programs or projects can be readily quantified, such quantitative data should be related to cost data for computation of unit costs.

(2) Reasons why established goals were not met, if appropriate.

(3) Other pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(e) Recipients shall not be required to submit more than the original and two copies of performance reports.

(f) Recipients shall immediately notify the Department of developments that have a significant impact on the award-supported activities. Also, notification shall be given in the case of problems, delays, or adverse conditions which materially impair the ability to meet the objectives of the award. This notification shall include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.

(g) The Department may make site visits, as needed.

(b) The Department may make site visits, as needed.

(h) The Department may make site visits, as needed.

§ 145.52 Financial reporting.

(a) The following forms or such other forms as may be approved by OMB are authorized for obtaining financial information from recipients.
Department of State § 145.52

(1) SF–269 or SF–269A, Financial Status Report

(i) The Department shall require recipients to use the SF–269 or SF–269A to report the status of funds for all nonconstruction projects or programs, unless an equivalent form has been prescribed by the Grants Officer and approved by the OMB and the Office of the Procurement Executive (A/OPE), e.g., Form JF–61 for the Office of Overseas Schools (A/OPR/OS). The Department may also have the option of not requiring the SF–269 or SF–269A when the SF–270, Request for Advance or Reimbursement, or SF–272, Report of Federal Cash Transactions, is determined to provide adequate information to meet its needs, except that a final SF–269 or SF–269A shall be required at the completion of the project when the SF–270 is used only for advances.

(ii) The Grants Officer shall prescribe whether the report shall be on a cash or accrual basis. If the Department requires accrual information and the recipient’s accounting records are not normally kept on the accrual basis, the recipient shall not be required to convert its accounting system, but shall develop such accrual information through best estimates based on an analysis of the documentation on hand.

(iii) The Department shall determine the frequency of the Financial Status Report for each project or program, considering the size and complexity of the particular project or program. However, the report shall not be required more frequently than quarterly or less frequently than annually. A final report shall be required at the completion of the agreement.

(iv) The Department shall require recipients to submit the SF–269 or SF–269A (an original and no more than two copies) no later than 30 days after the end of each specified reporting period for quarterly and semi-annual reports, and 90 calendar days for annual and final reports. Extensions of reporting due dates may be approved by the Department upon request of the recipient.

(2) SF–272, Report of Federal Cash Transactions

(i) When funds are advanced to recipients the Department shall require each recipient to submit the SF–272 and, when necessary, its continuation sheet, SF–272a. The Department shall use this report to monitor cash advanced to recipients and to obtain disbursement information for each agreement with the recipients.

(ii) The Department may require forecasts of Federal cash requirements in the “Remarks” section of the report.

(iii) When practical and deemed necessary, the Department may require recipients to report in the “Remarks” section the amount of cash advances received in excess of three days. Recipients shall provide short narrative explanations of actions taken to reduce the excess balances.

(iv) Recipients shall be required to submit not more than the original and two copies of the SF–272 15 calendar days following the end of each quarter. The Department may require a monthly report from those recipients receiving advances totaling $1 million or more per year.

(v) The Grants Officer may waive the requirement for submission of the SF–272 for any one of the following reasons:

(A) When monthly advances do not exceed $25,000 per recipient, provided that such advances are monitored through other forms contained in this section;

(B) If, in the Grants Officer’s opinion, the recipient’s accounting controls are adequate to minimize excessive Federal advances; or

(C) When the electronic payment mechanisms provide adequate data.

(b) When the Department needs additional information or more frequent reports, the following shall be observed.

(1) When additional information is needed to comply with legislative requirements, the Department shall issue instructions to require recipients to submit such information under the “Remarks” section of the reports.

(2) When the Department determines that a recipient’s accounting system does not meet the standards in §145.21, additional pertinent information to further monitor awards may be obtained upon written notice to the recipient until such time as the system is
§ 145.53 Retention and access requirements for records.

(a) This section sets forth requirements for record retention and access to records for awards to recipients. The Department shall not impose any other record retention or access requirements upon recipients.

(b) Financial records, supporting documents, statistical records, and all other records pertinent to an award shall be retained for a period of three years from the date of submission of the final expenditure report or, for awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, as authorized by the Department. The only exceptions are the following:

(1) If any litigation, claim, or audit is started before the expiration of the 3-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved and final action taken.

(2) Records for real property and equipment acquired with Federal funds shall be retained for 3 years after final disposition.

(3) When records are transferred to or maintained by the Department, the 3-year retention requirement is not applicable to the recipient.

(4) Indirect cost rate proposals, cost allocations plans, etc. as specified in §145.53(g).

(c) Copies of original records may be substituted for the original records if authorized by the Department.

(d) The Department shall request transfer of certain records to its custody from recipients when it determines that the records possess long term retention value. However, in order to avoid duplicate recordkeeping, the Department may make arrangements for recipients to retain any records that are continuously needed for joint use.

(e) The Department, the Inspector General, Comptroller General of the United States, or any of their duly authorized representatives, have the right of timely and unrestricted access to books, documents, papers, or other records of recipients that are pertinent to the awards, in order to make audits, examinations, excerpts, transcripts and copies of such documents. This right also includes timely and reasonable access to a recipient’s personnel for the purpose of interview and discussion related to such documents. The rights of access in this paragraph are not limited to the required retention period, but shall last as long as records are retained.

(f) Unless required by statute, no Department shall place restrictions on recipients that limit public access to the records of recipients that are pertinent to an award, except when the Department can demonstrate that such records shall be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) if the records had belonged to the Department.

(g) Indirect cost rate proposals, cost allocations plans, etc. Paragraphs (g)(1) and (g)(2) apply to the following types of documents, and their supporting records: Indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(1) If submitted for negotiation. If the recipient submits to the Department or the subrecipient submits to the recipient the proposal, plan, or other computation to form the basis for negotiation of the rate, then the 3-year retention period for its supporting
records starts on the date of such submission.

(2) If not submitted for negotiation. If the recipient is not required to submit to the Department or the subrecipient is not required to submit to the recipient the proposal, plan, or other computation for negotiation purposes, then the 3-year retention period for the proposal, plan, or other computation and its supporting records starts at the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

**TERMINATION AND ENFORCEMENT**

§ 145.60 Purpose of termination and enforcement.

Sections 145.61 and 145.62 set forth uniform suspension, termination and enforcement procedures.

§ 145.61 Termination.

(a) Awards may be terminated in whole or in part only if paragraphs (a) (1), (2) or (3) of this section apply.

(1) By the Department, if a recipient materially fails to comply with the terms and conditions of an award.

(2) By the Department, with the consent of the recipient, in which case the two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated.

(3) By the recipient, upon sending to the Department written notification setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated.

(b) If costs are allowed under an award, the responsibilities of the recipient referred to in §145.71(a), including those for property management as applicable, shall be considered in the termination of the award, and provision shall be made for continuing responsibilities of the recipient after termination, as appropriate.

§ 145.62 Enforcement.

(a) Remedies for noncompliance. If a recipient materially fails to comply with the terms and conditions of an award, whether stated in a Federal statute, regulation, assurance, application, or notice of award, the Department may, in addition to imposing any of the special conditions outlined in §145.14, take one or more of the following actions, as appropriate in the circumstances.

(1) Temporarily withhold cash payments pending correction of the deficiency by the recipient or more severe enforcement action by the Department.

(2) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award.

(4) Withhold further awards for the project or program.

(5) Take other remedies that may be legally available.

(b) Hearings and appeals. In taking an enforcement action, the awarding agency shall provide the recipient an opportunity for hearing, appeal, or other administrative proceeding to which the recipient is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of a recipient resulting from obligations incurred by the recipient during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other recipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if paragraphs (c) (1) and (2) of this section apply.

(1) The costs result from obligations which were properly incurred by the recipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are noncancellable.
(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude a recipient from being subject to debarment and suspension under Executive Orders 12549 and 12689 and the implementing regulations at 2 CFR 601.

Subpart D—After-the-Award Requirements

§ 145.70 Purpose.

Sections 145.71 through 145.73 contain closeout procedures and other procedures for subsequent disallowances and adjustments.

§ 145.71 Closeout procedures.

(a) Recipients shall submit, within 90 calendar days after the date of completion of the award, all financial, performance, and other reports as required by the terms and conditions of the award. The Grants Officer may approve extensions when requested by the recipient.

(b) Unless the Grants Officer authorizes an extension, a recipient shall liquidate all obligations incurred under the award not later than 90 calendar days after the funding period or the date of completion as specified in the terms and conditions of the award.

(c) The Department shall make prompt payments to a recipient for allowable reimbursable costs under the award being closed out.

(d) The recipient shall promptly refund any balances of unobligated cash that the Department has advanced or paid and that is not authorized to be retained by the recipient for use in other projects. OMB Circular A–129 governs unreturned amounts that become delinquent debts.

(e) When authorized by the terms and conditions of the award, the Department shall make a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received.

(f) The recipient shall account for any real and personal property acquired with Federal funds or received from the Federal Government in accordance with §§145.31 through 145.37.

(g) In the event a final audit has not been performed prior to the closeout of an award, the Department shall retain the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

§ 145.72 Subsequent adjustments and continuing responsibilities.

(a) The closeout of an award does not affect any of the following:

(1) The right of the Department to disallow costs and recover funds on the basis of a later audit or other review.

(2) The obligation of the recipient to return any funds due as a result of later refunds, corrections, or other transactions.

(3) Audit requirements in §145.26.

(4) Property management requirements in §§145.31 through 145.37.

(5) Records retention as required in §145.53.

(b) After closeout of an award, a relationship created under an award may be modified or ended in whole or in part with the consent of the Department and the recipient, provided the responsibilities of the recipient referred to in §145.73(a), including those for property management as applicable, are considered and provisions made for continuing responsibilities of the recipient, as appropriate.

§ 145.73 Collection of amounts due.

(a) Any funds paid to a recipient in excess of the amount to which the recipient is finally determined to be entitled under the terms and conditions of the award constitute a debt to the Federal Government. If not paid within a reasonable period after the demand for payment, the Department may reduce the debt by:

(1) Making an administrative offset against other requests for reimbursements.

(2) Withholding advance payments otherwise due to the recipient.
(3) Taking other action permitted by statute.

(b) Except as otherwise provided by law, the Department shall charge interest on an overdue debt in accordance with 4 CFR Chapter II, Federal Claims Collection Standards.

APPENDIX A TO PART 145—CLAUSES FOR CONTRACTS AND SMALL PURCHASES AWARDED BY RECIPIENT

All contracts and small purchases, awarded by a recipient who is subject to this regulation, shall contain the following clauses, as applicable:

2. Copeland “Anti-Kickback” Act (18 U.S.C. 874 and 40 U.S.C. 276c)—All contracts and subcontracts in excess of $2000 for construction or repair awarded by recipients and subrecipients shall include a clause for compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. 874), as supplemented by Department of Labor regulations (29 CFR part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to the Department.

3. Davis-Bacon Act, as amended (40 U.S.C. 276a to a–7)—When required by Federal program legislation, all construction contracts awarded by the recipients and subrecipients of more than $2000 shall include a clause for compliance with the Davis-Bacon Act (40 U.S.C. 276a to a–7) and as supplemented by Department of Labor regulations (29 CFR part 5, “Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction”). Under this Act, contractors shall be required to pay wages to laborers and mechanics at a rate not less than the minimum wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages not less than once a week. The recipient shall place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation and the award of a contract shall be conditioned upon the acceptance of the wage determination. The recipient shall report all suspected or reported violations to the Department.

4. Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333)—Where applicable, all contracts awarded by recipients in excess of $2000 for construction contracts and in excess of $2500 for other contracts that involve the employment of mechanics or laborers shall include a clause for compliance with sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333), as supplemented by Department of Labor regulations (29 CFR part 5). Under section 102 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 1/2 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

5. Rights to Inventions Made Under a Contract or Agreement—Contracts or agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the Department.

6. Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), as amended—Contracts or agreements shall include a clause for compliance with the requirements of the Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.). Violations shall be reported to the Department and the Regional Office of the Environmental Protection Agency (EPA).

7. Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any...

8. Debarment and Suspension (Executive Orders 12549 and 12689)— No contract shall be made to parties listed on the General Services Administration’s Excluded Parties List System (http://www.epds.gov) from Federal Procurement or Nonprocurement Programs in accordance with Executive Orders 12549 and 12689, Debarment and Suspension. Subpart A—Introduction

§ 146.100 Purpose and effective date.

The purpose of these Title IX regulations is to effectuate Title IX of the Education Amendments of 1972, as
amended (except sections 904 and 906 of those Amendments) (20 U.S.C. 1681, 1682, 1683, 1685, 1686, 1687, 1688), which is designed to eliminate (with certain exceptions) discrimination on the basis of sex in any education program or activity receiving Federal financial assistance, whether or not such program or activity is offered or sponsored by an educational institution as defined in these Title IX regulations. The effective date of these Title IX regulations shall be September 29, 2000.

§ 146.105 Definitions.

As used in these Title IX regulations, the term:

Administratively separate unit means a school, department, or college of an educational institution (other than a local educational agency) admission to which is independent of admission to any other component of such institution.

Admission means selection for part-time, full-time, special, associate, transfer, exchange, or any other enrollment, membership, or matriculation in or at an education program or activity operated by a recipient.

Applicant means one who submits an application, request, or plan required to be approved by an official of the Federal agency that awards Federal financial assistance, or by a recipient, as a condition to becoming a recipient.

Designated agency official means Deputy Assistant Secretary for the Office of Equal Employment Opportunity and Civil Rights.

Educational institution means a local educational agency (LEA) as defined by 20 U.S.C. 8801(18), a preschool, a private elementary or secondary school, or an applicant or recipient that is an institution of graduate higher education, an institution of undergraduate higher education, an institution of professional education, or an institution of vocational education, as defined in this section.

Federal financial assistance means any of the following, when authorized or extended under a law administered by the Federal agency that awards such assistance:

(i) The acquisition, construction, renovation, restoration, or repair of a building or facility or any portion thereof; and

(ii) Scholarships, loans, grants, wages, or other funds extended to any entity for payment to or on behalf of students admitted to that entity, or extended directly to such students for payment to that entity.

(2) A grant of Federal real or personal property or any interest therein, including surplus property, and the proceeds of the sale or transfer of such property, if the Federal share of the fair market value of the property is not, upon such sale or transfer, properly accounted for to the Federal Government.

(3) Provision of the services of Federal personnel.

(4) Sale or lease of Federal property or any interest therein at nominal consideration, or at consideration reduced for the purpose of assisting the recipient or in recognition of public interest to be served thereby, or permission to use Federal property or any interest therein without consideration.

(5) Any other contract, agreement, or arrangement that has as one of its purposes the provision of assistance to any education program or activity, except a contract of insurance or guaranty.

Institution of graduate higher education means an institution that:

(1) Offers academic study beyond the bachelor of arts or bachelor of science degree, whether or not leading to a certificate of any higher degree in the liberal arts and sciences;

(2) Awards any degree in a professional field beyond the first professional degree (regardless of whether the first professional degree in such field is awarded by an institution of undergraduate higher education or professional education); or

(3) Awards no degree and offers no further academic study, but operates ordinarily for the purpose of facilitating research by persons who have received the highest graduate degree in any field of study.
§ 146.110 Remedial and affirmative action and self-evaluation.

(a) Remedial action. If the designated agency official finds that a recipient has discriminated against persons on the basis of sex in an education program or activity, such recipient shall take such remedial action as the designated agency official deems necessary to overcome the effects of such discrimination.

(b) Affirmative action. In the absence of a finding of discrimination on the basis of sex in an education program or activity, a recipient may take affirmative action consistent with law to overcome the effects of conditions that resulted in limited participation therein by persons of a particular sex. Nothing in these Title IX regulations shall be interpreted to alter any affirmative action obligations that a recipient may have under Executive Order 11246, 3 CFR, 1964–1965 Comp., p. 339; as amended by Executive Order 11375, 3 CFR, 1966–1970 Comp., p. 684; as amended by Executive Order 11478, 3 CFR, 1966–1970 Comp., p. 803; as amended by Executive Order 12086, 3 CFR, 1978 Comp., p. 230; as amended by Executive Order 12107, 3 CFR, 1978 Comp., p. 264.

(c) Self-evaluation. Each recipient education institution shall, within one year of September 29, 2000:

(1) Evaluate, in terms of the requirements of these Title IX regulations, its current policies and practices and the effects thereof concerning admission of students, treatment of students, and employment of both academic and non-
academic personnel working in connection with the recipient's education program or activity:

(2) Modify any of these policies and practices that do not or may not meet the requirements of these Title IX regulations; and

(3) Take appropriate remedial steps to eliminate the effects of any discrimination that resulted or may have resulted from adherence to these policies and practices.

(d) Availability of self-evaluation and related materials. Recipients shall maintain on file for at least three years following completion of the evaluation required under paragraph (c) of this section, and shall provide to the designated agency official upon request, a description of any modifications made pursuant to paragraph (c)(2) of this section and of any remedial steps taken pursuant to paragraph (c)(3) of this section.

§ 146.115 Assurance required.

(a) General. Either at the application stage or the award stage, Federal agencies must ensure that applications for Federal financial assistance or awards of Federal financial assistance contain, be accompanied by, or be covered by a specifically identified assurance from the applicant or recipient, satisfactory to the designated agency official, that each education program or activity operated by the applicant or recipient and to which these Title IX regulations apply will be operated in compliance with these Title IX regulations. An assurance of compliance with these Title IX regulations shall not be satisfactory to the designated agency official if the applicant or recipient to whom such assurance applies fails to commit itself to take whatever remedial action is necessary in accordance with §146.110(a) to eliminate existing discrimination on the basis of sex or to eliminate the effects of past discrimination whether occurring prior to or subsequent to the submission to the designated agency official of such assurance.

(b) Duration of obligation. (1) In the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used to provide an education program or activity.

(2) In the case of Federal financial assistance extended to provide personal property, such assurance shall obligate the recipient for the period during which it retains ownership or possession of the property.

(3) In all other cases such assurance shall obligate the recipient for the period during which Federal financial assistance is extended.

(c) Form. (1) The assurances required by paragraph (a) of this section, which may be included as part of a document that addresses other assurances or obligations, shall include that the applicant or recipient will comply with all applicable Federal statutes relating to nondiscrimination. These include but are not limited to: Title IX of the Education Amendments of 1972, as amended (20 U.S.C. 1681-1683, 1685-1688).

(2) The designated agency official will specify the extent to which such assurances will be required of the applicant's or recipient's subgrantees, contractors, subcontractors, transferees, or successors in interest.

§ 146.120 Transfers of property.

If a recipient sells or otherwise transfers property financed in whole or in part with Federal financial assistance to a transferee that operates any education program or activity, and the Federal share of the fair market value of the property is not upon such sale or transfer properly accounted for to the Federal Government, both the transferor and the transferee shall be deemed to be recipients, subject to the provisions of §§146.205 through 146.235(a).

§ 146.125 Effect of other requirements.

§ 146.130 Effect of employment opportunities.

The obligation to comply with these Title IX regulations is not obviated or alleviated by any rule or regulation of any organization, club, athletic or other league, or association that would render any applicant or student ineligible to participate or limit the eligibility of any applicant or student, on the basis of sex, to practice any occupation or profession.

§ 146.135 Designation of responsible employee and adoption of grievance procedures.

(a) Designation of responsible employee. Each recipient shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under these Title IX regulations, including any investigation of any complaint communicated to such recipient alleging its noncompliance with these Title IX regulations or alleging any actions that would be prohibited by these Title IX regulations.

(b) Complaint procedure of recipient. A recipient shall adopt and publish grievance procedures providing for prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited by these Title IX regulations.

§ 146.140 Dissemination of policy.

(a) Notification of policy. (1) Each recipient shall implement specific and continuing steps to notify applicants for admission and employment, students and parents of elementary and secondary school students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with the recipient, that it does not discriminate on the basis of sex in the educational programs or activities that it operates, and that it is required by Title IX and these Title IX regulations not to discriminate in such a manner. Such notification shall contain such information, and be made in such manner, as the designated agency official finds necessary to apprise such persons of the protections against discrimination assured them by Title IX and these Title IX regulations, but shall state at least that the requirement not to discriminate in education programs or activities extends to employment therein, and to admission thereto unless §§146.300 through 146.310 do not apply to the recipient, and that inquiries concerning the application of Title IX and these Title IX regulations to such recipient may be referred to the employee designated pursuant to §146.135, or to the designated agency official.

(2) Each recipient shall make the initial notification required by paragraph (a)(1) of this section within 90 days of September 29, 2000 or of the date these Title IX regulations first apply to such recipient, whichever comes later, which notification shall include publication in:

(i) Newspapers and magazines operated by such recipient or by student,
alumnae, or alumni groups for or in connection with such recipient; and
(ii) Memoranda or other written communications distributed to every student and employee of such recipient.

(b) Publications. (1) Each recipient shall prominently include a statement of the policy described in paragraph (a) of this section in each announcement, bulletin, catalog, or application form that it makes available to any person of a type, described in paragraph (a) of this section, or which is otherwise used in connection with the recruitment of students or employees.

(2) A recipient shall not use or distribute a publication of the type described in paragraph (b)(1) of this section that suggests, by text or illustration, that such recipient treats applicants, students, or employees differently on the basis of sex except as such treatment is permitted by these Title IX regulations.

(c) Distribution. Each recipient shall distribute without discrimination on the basis of sex each publication described in paragraph (b)(1) of this section, and shall apprise each of its admission and employment recruitment representatives of the policy of non-discrimination described in paragraph (a) of this section, and shall require such representatives to adhere to such policy.

Subpart B—Coverage

§ 146.205 Educational institutions and other entities controlled by religious organizations.

(a) Exemption. These Title IX regulations do not apply to any operation of an educational institution or other entity that is controlled by a religious organization to the extent that application of these Title IX regulations would not be consistent with the religious tenets of such organization.

(b) Exemption claims. An educational institution or other entity that wishes to claim the exemption set forth in paragraph (a) of this section shall do so by submitting in writing to the designated agency official a statement by the highest-ranking official of the institution, identifying the provisions of these Title IX regulations that conflict with a specific tenet of the religious organization.

§ 146.210 Military and merchant marine educational institutions.

These Title IX regulations do not apply to an educational institution whose primary purpose is the training of individuals for a military service of the United States or for the merchant marine.

§ 146.215 Membership practices of certain organizations.

(a) Social fraternities and sororities. These Title IX regulations do not apply to the membership practices of social fraternities and sororities that are exempt from taxation under section 501(a) of the Internal Revenue Code of 1954, 26 U.S.C. 501(a), the active membership of which consists primarily of students in attendance at institutions of higher education.

(b) YMCA, YWCA, Girl Scouts, Boy Scouts, and Camp Fire Girls. These Title IX regulations do not apply to the membership practices of the Young Men’s Christian Association (YMCA), the Young Women’s Christian Association (YWCA), the Girl Scouts, the Boy Scouts, and Camp Fire Girls.

(c) Voluntary youth service organizations. These Title IX regulations do not apply to the membership practices of a voluntary youth service organization that is exempt from taxation under section 501(a) of the Internal Revenue Code of 1954, 26 U.S.C. 501(a), and the membership of which has been traditionally limited to members of one sex and principally to persons of less than nineteen years of age.

§ 146.220 Admissions.

(a) Admissions to educational institutions prior to June 24, 1973, are not covered by these Title IX regulations.

(b) Administratively separate units. For the purposes only of this section, §§146.225 and 146.230, and §§146.300 through 146.310, each administratively
§ 146.225 Educational institutions eligible to submit transition plans.

(a) Application. This section applies to each educational institution to which §§ 146.300 through 146.310 apply that:

(1) Admitted students of only one sex as regular students as of June 23, 1972; or

(2) Admitted students of only one sex as regular students as of June 23, 1965, but thereafter admitted, as regular students, students of the sex not admitted prior to June 23, 1965.

(b) Provision for transition plans. An educational institution to which this section applies shall not discriminate on the basis of sex in admission or recruitment in violation of §§ 146.300 through 146.310.

§ 146.230 Transition plans.

(a) Submission of plans. An institution to which §146.225 applies and that is composed of more than one administratively separate unit may submit either a single transition plan applicable to all such units, or a separate transition plan applicable to each such unit.

(b) Content of plans. In order to be approved by the Secretary of Education, a transition plan shall:

(1) State the name, address, and Federal Interagency Committee on Education Code of the educational institution submitting such plan, the administratively separate units to which the plan is applicable, and the name, address, and telephone number of the person to whom questions concerning the plan may be addressed. The person who submits the plan shall be the chief administrator or president of the institution, or another individual legally authorized to bind the institution to all actions set forth in the plan.

(2) State whether the educational institution or administratively separate unit admits students of both sexes as regular students and, if so, when it began to do so.

(3) Identify and describe with respect to the educational institution or administratively separate unit any obstacles to admitting students without discrimination on the basis of sex.

(5) Include estimates of the number of students, by sex, expected to apply for, be admitted to, and enter each class during the period covered by the plan.

(c) Nondiscrimination. No policy or practice of a recipient to which §146.225 applies shall result in treatment of applicants to or students of such recipient in violation of §§ 146.300 through 146.310 unless such treatment is necessitated by an obstacle identified in paragraph (b)(3) of this section and a schedule for eliminating that obstacle has been provided as required by paragraph (b)(4) of this section.

(d) Effects of past exclusion. To overcome the effects of past exclusion of students on the basis of sex, each educational institution to which §146.225 applies shall include in its transition plan, and shall implement, specific steps designed to encourage individuals of the previously excluded sex to apply for admission to such institution. Such
steps shall include instituting recruitment programs that emphasize the institution’s commitment to enrolling students of the sex previously excluded.

§ 146.235 Statutory amendments.

(a) This section, which applies to all provisions of these Title IX regulations, addresses statutory amendments to Title IX.

(b) These Title IX regulations shall not apply to or preclude:

(ii) The selection of students to attend any such conference;

(4) Any scholarship or other financial assistance awarded by an institution of higher education to an individual because such individual has received such award in a single-sex pageant based upon a combination of factors related to the individual’s personal appearance, poise, and talent. The pageant, however, must comply with other nondiscrimination provisions of Federal law.

(c) Program or activity or program means:

(ii)(A) A college, university, or other postsecondary institution, or a public system of higher education; or

(B) A local educational agency (as defined in section 8801 of title 20), system of vocational education, or other school system;

(ii) For example, all of the operations of a college, university, or other postsecondary institution, including but not limited to traditional educational operations, faculty and student housing, campus shuttle bus service, campus restaurants, the bookstore, and other commercial activities are part of a “program or activity” subject to these Title IX regulations if the college, university, or other institution receives Federal financial assistance.

(d)(1) Nothing in these Title IX regulations shall be construed to require or prohibit any person, or public or private entity, to provide or pay for any
benefit or service, including the use of facilities, related to an abortion. Medical procedures, benefits, services, and the use of facilities, necessary to save the life of a pregnant woman or to address complications related to an abortion are not subject to this section.

(2) Nothing in this section shall be construed to permit a penalty to be imposed on any person or individual because such person or individual is seeking or has received any benefit or service related to a legal abortion. Accordingly, subject to paragraph (d)(1) of this section, no person shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, employment, or other educational program or activity operated by a recipient that receives Federal financial assistance because such individual has sought or received, or is seeking, a legal abortion, or any benefit or service related to a legal abortion.

Subpart C—Discrimination on the Basis of Sex in Admission and Recruitment Prohibited

§ 146.300 Admission.

(a) General. No person shall, on the basis of sex, be denied admission, or be subjected to discrimination in admission, by any recipient to which §§ 146.300 through §§ 146.310 apply, except as provided in §§ 146.225 and §§ 146.230.

(b) Specific prohibitions. (1) In determining whether a person satisfies any policy or criterion for admission, or in making any offer of admission, a recipient to which §§ 146.300 through 146.310 apply shall not:
   (i) Give preference to one person over another on the basis of sex, by ranking applicants separately on such basis, or otherwise;
   (ii) Apply numerical limitations upon the number or proportion of persons of either sex who may be admitted; or
   (iii) Otherwise treat one individual differently from another on the basis of sex.

(2) A recipient shall not administer or operate any test or other criterion for admission that has a disproportionately adverse effect on persons on the basis of sex unless the use of such test or criterion is shown to predict validly success in the education program or activity in question and alternative tests or criteria that do not have such a disproportionately adverse effect are shown to be unavailable.

(c) Prohibitions relating to marital or parental status. In determining whether a person satisfies any policy or criterion for admission, or in making any offer of admission, a recipient to which §§ 146.300 through 146.310 apply:

(1) Shall not apply any rule concerning the actual or potential parental, family, or marital status of a student or applicant that treats persons differently on the basis of sex;

(2) Shall not discriminate against or exclude any person on the basis of pregnancy, childbirth, termination of pregnancy, or recovery therefrom, or establish or follow any rule or practice that so discriminates or excludes;

(3) Subject to § 146.235(d), shall treat disabilities related to pregnancy, childbirth, termination of pregnancy, or recovery therefrom in the same manner and under the same policies as any other temporary disability or physical condition; and

(4) Shall not make pre-admission inquiry as to the marital status of an applicant for admission, including whether such applicant is “Miss” or “Mrs.” A recipient may make pre-admission inquiry as to the sex of an applicant for admission, but only if such inquiry is made equally of such applicants of both sexes and if the results of such inquiry are not used in connection with discrimination prohibited by these Title IX regulations.

§ 146.305 Preference in admission.

A recipient to which §§ 146.300 through 146.310 apply shall not give preference to applicants for admission, on the basis of attendance at any educational institution or other school or entity that admits as students only or predominantly members of one sex, if the giving of such preference has the effect of discriminating on the basis of sex in violation of §§ 146.300 through 146.310.
§ 146.310 Recruitment.

(a) Nondiscriminatory recruitment. A recipient to which §§146.300 through 146.310 apply shall not discriminate on the basis of sex in the recruitment and admission of students. A recipient may be required to undertake additional recruitment efforts for one sex as remedial action pursuant to §146.110(a), and may choose to undertake such efforts as affirmative action pursuant to §146.110(b).

(b) Recruitment at certain institutions. A recipient to which §§146.300 through 146.310 apply shall not recruit primarily or exclusively at educational institutions, schools, or entities that admit as students only or predominantly members of one sex, if such actions have the effect of discriminating on the basis of sex in violation of §§146.300 through 146.310.

Subpart D—Discrimination on the Basis of Sex in Education Programs or Activities Prohibited

§ 146.400 Education programs or activities.

(a) General. Except as provided elsewhere in these Title IX regulations, no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by a recipient that receives Federal financial assistance. Sections 146.400 through 146.455 do not apply to actions of a recipient in connection with admission of its students to an education program or activity of a recipient to which §§146.300 through 146.310 do not apply, or an entity, not a recipient, to which §§146.300 through 146.310 would not apply if the entity were a recipient.

(b) Specific prohibitions. Except as provided in §§146.400 through 146.455, in providing any aid, benefit, or service to a student, a recipient shall not, on the basis of sex:

(1) Treat one person differently from another in determining whether such person satisfies any requirement or condition for the provision of such aid, benefit, or service;

(2) Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;

(3) Deny any person any such aid, benefit, or service;

(4) Subject any person to separate or different rules of behavior, sanctions, or other treatment;

(5) Apply any rule concerning the domicile or residence of a student or applicant, including eligibility for in-state fees and tuition;

(6) Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person that discriminates on the basis of sex in providing any aid, benefit, or service to students or employees;

(7) Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

(c) Assistance administered by a recipient educational institution to study at a foreign institution. A recipient educational institution may administer or assist in the administration of scholarships, fellowships, or other awards established by foreign or domestic wills, trusts, or similar legal instruments, or by acts of foreign governments and restricted to members of one sex, that are designed to provide opportunities to study abroad, and that are awarded to students who are already matriculating at or who are graduates of the recipient institution; Provided, that a recipient educational institution that administers or assists in the administration of such scholarships, fellowships, or other awards that are restricted to members of one sex provides, or otherwise makes available, reasonable opportunities for similar studies for members of the other sex. Such opportunities may be derived from either domestic or foreign sources.

(d) Aids, benefits or services not provided by recipient. (1) This paragraph (d) applies to any recipient that requires participation by any applicant, student, or employee in any education program or activity not operated wholly by such recipient, or that facilitates, permits, or considers such participation as part of or equivalent to an education program or activity operated by such recipient, including participation...
in educational consortia and cooperative employment and student-teaching assignments.

(2) Such recipient:
   (i) Shall develop and implement a procedure designed to assure itself that the operator or sponsor of such other education program or activity takes no action affecting any applicant, student, or employee of such recipient that these Title IX regulations would prohibit such recipient from taking; and
   (ii) Shall not facilitate, require, permit, or consider such participation if such action occurs.

§ 146.405 Housing.

(a) Generally. A recipient shall not, on the basis of sex, apply different rules or regulations, impose different fees or requirements, or offer different services or benefits related to housing, except as provided in this section (including housing provided only to married students).

(b) Housing provided by recipient. (1) A recipient may provide separate housing on the basis of sex.

(2) Housing provided by a recipient to students of one sex, when compared to that provided to students of the other sex, shall be as a whole:
   (i) Proportionate in quantity to the number of students of that sex applying for such housing; and
   (ii) Comparable in quality and cost to the student.

(c) Other housing. (1) A recipient shall not, on the basis of sex, administer different policies or practices concerning occupancy by its students of housing other than that provided by such recipient.

(2)(i) A recipient which, through solicitation, listing, approval of housing, or otherwise, assists any agency, organization, or person in making housing available to any of its students, shall take such reasonable action as may be necessary to assure itself that such housing as is provided to students of one sex, when compared to that provided to students of the other sex, is as a whole:
   (A) Proportionate in quantity; and
   (B) Comparable in quality and cost to the student.

(ii) A recipient may render such assistance to any agency, organization, or person that provides all or part of such housing to students of only one sex.

§ 146.410 Comparable facilities.

A recipient may provide separate toilet, locker room, and shower facilities on the basis of sex, but such facilities provided for students of one sex shall be comparable to such facilities provided for students of the other sex.

§ 146.415 Access to course offerings.

(a) A recipient shall not provide any course or otherwise carry out any of its education program or activity separately on the basis of sex, or require or refuse participation therein by any of its students on such basis, including health, physical education, industrial, business, vocational, technical, home economics, music, and adult education courses.

(b) (1) With respect to classes and activities in physical education at the elementary school level, the recipient shall comply fully with this section as expeditiously as possible but in no event later than one year from September 29, 2000. With respect to physical education classes and activities at the secondary and post-secondary levels, the recipient shall comply fully with this section as expeditiously as possible but in no event later than three years from September 29, 2000.

(2) This section does not prohibit grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex.

(3) This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

(4) Where use of a single standard of measuring skill or progress in a physical education class has an adverse effect on members of one sex, the recipient shall use appropriate standards that do not have such effect.

(5) Portions of classes in elementary and secondary schools, or portions of education programs or activities, that
deal exclusively with human sexuality may be conducted in separate sessions for boys and girls.

(6) Recipients may make requirements based on vocal range or quality that may result in a chorus or choruses of one or predominantly one sex.

§ 146.420 Access to schools operated by LEAs.

A recipient that is a local educational agency shall not, on the basis of sex, exclude any person from admission to:

(a) Any institution of vocational education operated by such recipient; or
(b) Any other school or educational unit operated by such recipient, unless such recipient otherwise makes available to such person, pursuant to the same policies and criteria of admission, courses, services, and facilities comparable to each course, service, and facility offered in or through such schools.

§ 146.425 Counseling and use of appraisal and counseling materials.

(a) Counseling. A recipient shall not discriminate against any person on the basis of sex in the counseling or guidance of students or applicants for admission.

(b) Use of appraisal and counseling materials. A recipient that uses testing or other materials for appraising or counseling students shall not use different materials for students on the basis of their sex or use materials that permit or require different treatment of students on such basis unless such different materials cover the same occupations and interest areas and the use of such different materials is shown to be essential to eliminate sex bias. Recipients shall develop and use internal procedures for ensuring that such materials do not discriminate on the basis of sex. Where the use of a counseling test or other instrument results in a substantially disproportionate number of members of one sex in any particular course of study or classification, the recipient shall take such action as is necessary to assure itself that such disproportion is not the result of discrimination in the instrument or its application.

(c) Disproportion in classes. Where a recipient finds that a particular class contains a substantially disproportionate number of individuals of one sex, the recipient shall take such action as is necessary to assure itself that such disproportion is not the result of discrimination on the basis of sex in counseling or appraisal materials or by counselors.

§ 146.430 Financial assistance.

(a) General. Except as provided in paragraphs (b) and (c) of this section, in providing financial assistance to any of its students, a recipient shall not:

(1) On the basis of sex, provide different amounts or types of such assistance, limit eligibility for such assistance that is of any particular type or source, apply different criteria, or otherwise discriminate;

(2) Through solicitation, listing, approval, provision of facilities, or other services, assist any foundation, trust, agency, organization, or person that provides assistance to any of such recipient’s students in a manner that discriminates on the basis of sex; or

(3) Apply any rule or assist in application of any rule concerning eligibility for such assistance that treats persons of one sex differently from persons of the other sex with regard to marital or parental status.

(b) Financial aid established by certain legal instruments. (1) A recipient may administer or assist in the administration of scholarships, fellowships, or other forms of financial assistance established pursuant to domestic or foreign wills, trusts, bequests, or similar legal instruments or by acts of a foreign government that require that awards be made to members of a particular sex specified therein: Provided, that the overall effect of the award of such sex-restricted scholarships, fellowships, and other forms of financial assistance does not discriminate on the basis of sex.

(2) To ensure nondiscriminatory awards of assistance as required in paragraph (b)(1) of this section, recipients shall develop and use procedures under which:

(i) Students are selected for award of financial assistance on the basis of nondiscriminatory criteria and not on
the basis of availability of funds restricted to members of a particular sex:

(ii) An appropriate sex-restricted scholarship, fellowship, or other form of financial assistance is allocated to each student selected under paragraph (b)(2)(i) of this section; and

(iii) No student is denied the award for which he or she was selected under paragraph (b)(2)(i) of this section because of the absence of a scholarship, fellowship, or other form of financial assistance designated for a member of that student’s sex.

(c) Athletic scholarships. (1) To the extent that a recipient awards athletic scholarships or grants-in-aid, it must provide reasonable opportunities for such awards for members of each sex in proportion to the number of students of each sex participating in interscholastic or intercollegiate athletics.

(2) A recipient may provide separate athletic scholarships or grants-in-aid for members of each sex as part of separate athletic teams for members of each sex to the extent consistent with this paragraph (c) and §146.450.

§ 146.435 Employment assistance to students.

(a) Assistance by recipient in making available outside employment. A recipient that assists any agency, organization, or person in making employment available to any of its students:

(1) Shall assure itself that such employment is made available without discrimination on the basis of sex; and

(2) Shall not render such services to any agency, organization, or person that discriminates on the basis of sex in its employment practices.

(b) Employment of students by recipients. A recipient that employs any of its students shall not do so in a manner that violates §§146.500 through 146.550.

§ 146.440 Health and insurance benefits and services.

Subject to §146.225(d), in providing a medical, hospital, accident, or life insurance benefit, service, policy, or plan to any of its students, a recipient shall not discriminate on the basis of sex, or provide such benefit, service, policy, or plan in a manner that would violate §§146.500 through 146.550 if it were provided to employees of the recipient.

This section shall not prohibit a recipient from providing any benefit or service that may be used by a different proportion of students of one sex than of the other, including family planning services. However, any recipient that provides full coverage health service shall provide gynecological care.

§ 146.445 Marital or parental status.

(a) Status generally. A recipient shall not apply any rule concerning a student’s actual or potential parental, family, or marital status that treats students differently on the basis of sex.

(b) Pregnancy and related conditions. (1) A recipient shall not discriminate against any student, or exclude any student from its education program or activity, including any class or extracurricular activity, on the basis of such student’s pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom, unless the student requests voluntarily to participate in a separate portion of the program or activity of the recipient.

(2) A recipient may require such a student to obtain the certification of a physician that the student is physically and emotionally able to continue participation as long as such a certification is required of all students for other physical or emotional conditions requiring the attention of a physician.

(3) A recipient that operates a portion of its education program or activity separately for pregnant students, admittance to which is completely voluntary on the part of the student as provided in paragraph (b)(1) of this section, shall ensure that the separate portion is comparable to that offered to non-pregnant students.

(4) Subject to §146.225(d), a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy and recovery therefrom in the same manner and under the same policies as any other temporary disability with respect to any medical or hospital benefit, service, plan, or policy that such recipient administers, operates, offers, or participates in with respect to students admitted to the recipient’s educational program or activity.

(5) In the case of a recipient that does not maintain a leave policy for its students, or in the case of a student who
§ 146.450 Athletics.

(a) General. No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person, or otherwise be discriminated against in any interscholastic, intercollegiate, club, or intramural athletics offered by a recipient, and no recipient shall provide any such athletics separately on such basis.

(b) Separate teams. Notwithstanding the requirements of paragraph (a) of this section, a recipient may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport. However, where a recipient operates or sponsors a team in a particular sport for members of one sex but operates or sponsors no such team for members of the other sex, and athletic opportunities for members of that sex have previously been limited, members of the excluded sex must be allowed to try out for the team offered unless the sport involved is a contact sport. For the purposes of these Title IX regulations, contact sports include boxing, wrestling, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

(c) Equal opportunity. (1) A recipient that operates or sponsors interscholastic, intercollegiate, club, or intramural athletics shall provide equal athletic opportunity for members of both sexes. In determining whether equal opportunities are available, the designated agency official will consider, among other factors:

(i) Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both sexes;
(ii) The provision of equipment and supplies;
(iii) Scheduling of games and practice time;
(iv) Travel and per diem allowance;
(v) Opportunity to receive coaching and academic tutoring;
(vi) Assignment and compensation of coaches and tutors;
(vii) Provision of locker rooms, practice, and competitive facilities;
(viii) Provision of medical and training facilities and services;
(ix) Provision of housing and dining facilities and services;
(x) Publicity.

(2) For purposes of paragraph (c)(1) of this section, unequal aggregate expenditures for members of each sex or unequal expenditures for male and female teams if a recipient operates or sponsors separate teams will not constitute noncompliance with this section, but the designated agency official may consider the failure to provide necessary funds for teams for one sex in assessing equality of opportunity for members of each sex.

(d) Adjustment period. A recipient that operates or sponsors interscholastic, intercollegiate, club, or intramural athletics at the elementary school level shall comply fully with this section as expeditiously as possible but in no event later than one year from September 29, 2000. A recipient that operates or sponsors interscholastic, intercollegiate, club, or intramural athletics at the secondary or postsecondary school level shall comply fully with this section as expeditiously as possible but in no event later than three years from September 29, 2000.

§ 146.455 Textbooks and curricular material.

Nothing in these Title IX regulations shall be interpreted as requiring or prohibiting or abridging in any way the use of particular textbooks or curricular materials.
§ 146.500 Employment.
(a) General. (1) No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in employment, or recruitment, consideration, or selection therefor, whether full-time or part-time, under any education program or activity operated by a recipient that receives Federal financial assistance.
(2) A recipient shall make all employment decisions in any education program or activity operated by such recipient in a nondiscriminatory manner and shall not limit, segregate, or classify applicants or employees in any way that could adversely affect any applicant’s or employee’s employment opportunities or status because of sex.
(3) A recipient shall not enter into any contractual or other relationship which directly or indirectly has the effect of subjecting employees or students to discrimination prohibited by §§146.500 through 146.550, including relationships with employment and referral agencies, with labor unions, and with organizations providing or administering fringe benefits to employees of the recipient.
(4) A recipient shall not grant preferences to applicants for employment on the basis of attendance at any educational institution or entity that admits as students only or predominantly members of one sex, if the giving of such preferences has the effect of discriminating on the basis of sex in violation of these Title IX regulations.
(b) Application. The provisions of §§146.500 through 146.550 apply to:
(1) Recruitment, advertising, and the process of application for employment;
(2) Hiring, upgrading, promotion, consideration for and award of tenure, demotion, transfer, layoff, termination, application of nepotism policies, right of return from layoff, and rehiring;
(3) Rates of pay or any other form of compensation, and changes in compensation;
(4) Job assignments, classifications, and structure, including position descriptions, lines of progression, and seniority lists;
(5) The terms of any collective bargaining agreement;
(6) Granting and return from leaves of absence, leave for pregnancy, childbirth, false pregnancy, termination of pregnancy, leave for persons of either sex to care for children or dependents, or any other leave;
(7) Fringe benefits available by virtue of employment, whether or not administered by the recipient;
(8) Selection and financial support for training, including apprenticeship, professional meetings, conferences, and other related activities, selection for tuition assistance, selection for sabbaticals and leaves of absence to pursue training;
(9) Employer-sponsored activities, including social or recreational programs; and
(10) Any other term, condition, or privilege of employment.
22 CFR Ch. I (4–1–10 Edition)
§ 146.505 Employment criteria.
A recipient shall not administer or operate any test or other criterion for any employment opportunity that has a disproportionately adverse effect on persons on the basis of sex unless:
(a) Use of such test or other criterion is shown to predict validly successful performance in the position in question; and
(b) Alternative tests or criteria for such purpose, which do not have such disproportionately adverse effect, are shown to be unavailable.
§ 146.510 Recruitment.
(a) Nondiscriminatory recruitment and hiring. A recipient shall not discriminate on the basis of sex in the recruitment and hiring of employees. Where a recipient has been found to be presently discriminating on the basis of sex in the recruitment or hiring of employees, or has been found to have so discriminated in the past, the recipient shall recruit members of the sex so discriminated against so as to overcome the effects of such past or present discrimination.
§ 146.530 Marital or parental status.

(a) General. A recipient shall not apply any policy or take any employment action:

(1) Concerning the potential marital, parental, or family status of an employee or applicant for employment that treats persons differently on the basis of sex; or

(2) Which is based upon whether an employee or applicant for employment is the head of household or principal wage earner in such employee’s or applicant’s family unit.

(b) Pregnancy. A recipient shall not discriminate against or exclude from employment any employee or applicant for employment on the basis of pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom.

(c) Pregnancy as a temporary disability. Subject to §146.235(d), a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, recovery therefrom, and any temporary disability resulting therefrom as any other temporary disability for all job-related purposes, including commencement, duration, and extensions of leave, payment of disability income, accrual of seniority and any other benefit or service, and reinstatement, and under any fringe benefit offered to employees by virtue of employment.

(d) Pregnancy leave. In the case of a recipient that does not maintain a leave policy for its employees, or in the case of an employee with insufficient leave or accrued employment time to qualify for leave under such a policy, a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom as a
§ 146.535 Justification for leave of absence without pay.

A justification for a leave of absence without pay for a reasonable period of time, at the conclusion of which the employee shall be reinstated to the status that she held when the leave began or to a comparable position, without decrease in rate of compensation or loss of promotional opportunities, or any other right or privilege of employment.

§ 146.535 Effect of state or local law or other requirements.

(a) Prohibitory requirements. The obligation to comply with §§ 146.500 through 146.550 is not obviated or alleviated by the existence of any State or local law or other requirement that imposes prohibitions or limits upon employment of members of one sex that are not imposed upon members of the other sex.

(b) Benefits. A recipient that provides any compensation, service, or benefit to members of one sex pursuant to a State or local law or other requirement shall provide the same compensation, service, or benefit to members of the other sex.

§ 146.540 Advertising.

A recipient shall not in any advertising related to employment indicate preference, limitation, specification, or discrimination based on sex unless sex is a bona fide occupational qualification for the particular job in question.

§ 146.545 Pre-employment inquiries.

(a) Marital status. A recipient shall not make pre-employment inquiry as to the marital status of an applicant for employment, including whether such applicant is “Miss” or “Mrs.”

(b) Sex. A recipient may make pre-employment inquiry as to the sex of an applicant for employment, but only if such inquiry is made equally of such applicants of both sexes and if the results of such inquiry are not used in connection with discrimination prohibited by these Title IX regulations.

§ 146.550 Sex as a bona fide occupational qualification.

A recipient may take action otherwise prohibited by §§ 146.500 through 146.550 provided it is shown that sex is a bona fide occupational qualification for that action, such that consideration of sex with regard to such action is essential to successful operation of the employment function concerned. A recipient shall not take action pursuant to this section that is based upon alleged comparative employment characteristics or stereotyped characterizations of one or the other sex, or upon preference based on sex of the recipient, employees, students, or other persons, but nothing contained in this section shall prevent a recipient from considering an employee’s sex in relation to employment in a locker room or toilet facility used only by members of one sex.

Subpart A—General

§ 161.1 Purpose and scope.

These Departmental regulations are designed to supplement the CEQ Regulations and provide for the implementation of those provisions identified in §1507.3(b) of the CEQ Regulations. The CEQ Regulations are incorporated herein by reference. The Department’s regulations seek to assure that environmental considerations and values are incorporated into the Department’s decisionmaking process and assign responsibility within the Department for assessing the significant environmental effects in the United States of the Department’s actions.

§ 161.2 Policy.

It is the policy of the Department of State to use all practicable means, consistent with the Department’s statutory authority, available resources and national policy, to:
(a) Protect and enhance the quality of the environment;
(b) Ensure that environmental amenities and values are appropriately considered in Departmental actions;
(c) Integrate planning and environmental review procedures with the Department’s decisionmaking process;
(d) Invite and facilitate, when appropriate, Federal, State and local governmental authorities and public involvement in decisions which affect the quality of the environment; and
(e) Recognize the worldwide and long-range character of environmental concerns and, when consistent with the foreign policy of the United States, lend appropriate support to initiatives, resolutions, and programs designed to maximize international cooperation in anticipating and preventing a decline in the quality of the world environment.

§ 161.3 Applicability.

The provisions of these regulations apply to decisions on all Departmental actions which may affect the quality of the environment within the United States. The Department is establishing separate environmental review procedures under Executive Order 12114 (January 4, 1979) for actions having potential effects on the environment of global commons or areas outside the jurisdiction of any nation, or on the environment of foreign nations.

§ 161.4 Definitions.

Definitions for many terms used in these regulations may be found in section 1508 of the CEQ Regulations. In addition, for the purpose of these regulations, the term:
§ 161.5  Major decision points and timing.

(a) The responsible action officer shall ensure compliance with these regulations at the earliest practicable stage of Departmental study, consideration or planning of a proposed major Federal action which could significantly affect the quality of the human environment. To accomplish this the responsible action officer must ensure that data developed during the review process is collected, analyzed and made available for consideration early in planning and decisionmaking when it will be most valuable in formulating, reviewing and deciding upon proposals for Departmental action.

(b) Environmental analysis and review of a proposed Departmental action shall be conducted as early as practicable so as to be timely, yet late enough to be relevant to the decisionmaking.

(c) Environmental documents should, whenever possible, accompany the principal action memorandum relating to a proposed action. An environmental document required in conjunction with conclusion of an international agreement shall, where possible, be prepared and circulated for review and comment before final negotiations begin. The completed environmental document should thus ordinarily accompany the principal action memorandum or request for authority to negotiate an agreement under the Department’s Circular 175 regulation (11 FAM 720).

(d) To the maximum extent possible an environmental document should be prepared before the establishment of a final United States position on a proposal. In such cases the document should indicate the alternatives under consideration without specifying a Departmental preference. If the content and dimensions of a proposed action will not be clear until after the conclusion of an international negotiation or if a decision to proceed on an action involving another nation or international organization is required on short notice and before the environmental document can be prepared, the environmental document should be prepared as soon as possible after the conclusion of an agreed text of a treaty or agreement on the proposed action. If the Senate’s advice and consent to a treaty with potential significant environmental effects in the United States will be sought, the final environmental impact statement should accompany other decision documentation for ratification. Legislative environmental impact statements on proposed treaties or legislation shall conform to the requirements of §1506.8 of the CEQ Regulations and must be prepared in time for Congressional hearings and deliberations.

(e) Because actions having effects on the United States may to varying degrees be initiated, influenced and conducted by other countries, it is recognized that the preparation of environmental documents for such actions must be adjusted to meet a variety of circumstances. Bearing in mind the degree to which other countries possess information on and the ability to affect the decision under consideration, responsible action officers shall seek at all times to prepare environmental analysis documents as early as feasible in the decisionmaking process.

§ 161.6 Responsibilities of departmental officials.

(a) General. As a general rule, responsibility for preparing environmental analysis documents will follow the Department’s standard organizational practices; in this way environmental considerations and awareness of environmental responsibilities will be integrated most readily and effectively into the usual decisionmaking processes.

(1) Departmental bureaus. Each bureau within the Department shall be responsible for:

(i) Implementing these regulations and incorporating them into its normal decisionmaking processes;

(ii) Identifying actions it intends to initiate which may affect significantly the environment of the United States and employing the environmental evaluation procedures outlined in these regulations to ensure that necessary actions are taken to meet the requirements of applicable laws and regulations;

(iii) Coordinating environmental assessment-related activities for which it is responsible with the Office of Environment and Health in the Bureau of Oceans and International Environmental and Scientific Affairs and supporting and assisting the Office of Environment and Health in implementing these regulations as required; and

(iv) Providing the personnel required to implement these regulations, informing the Office of Environment and Health and the Office of the Legal Adviser whenever it is anticipated that environmental documents will be prepared under these regulations, and consulting the Office of Environment and Health and the Office of the Legal Adviser as necessary for guidance and assistance in the preparation of such documents.

(2) Bureau of Oceans and International Environmental and Scientific Affairs. Through its Office of Environment and Health the Bureau shall have the primary responsibility for ensuring the Department’s compliance with environmental policies, regulations and procedures. It shall provide policy and professional direction and guidance within the Department for implementing these regulations. It shall also assist other bureaus in obtaining appropriate scientific advice and budgetary resources to implement the regulations. The Office of Environment and Health will act as the focal point for implementation, working closely with the Departmental bureaus and the Office of the Legal Adviser. The Bureau and other involved bureaus will work closely with the Assistant Secretary for Congressional Relations in the preparation of environmental documents relating to legislation. In carrying out its responsibilities the Bureau shall:

(i) Coordinate the formulation, development and revision of Departmental policies and positions on matters pertaining to environmental evaluation and review;

(ii) Develop and ensure the implementation of Departmentwide standards, procedures and working relationships for environmental review and compliance with applicable environmental laws and regulations;

(iii) Develop, as an integral part of the Department’s basic decision processes, procedures to ensure that environmental factors are properly considered in all relevant proposals and decisions;

(iv) Monitor these processes to ensure that Departmental procedures are achieving their purposes;

(v) Advise, assist and inform Departmental bureaus of the technical and management aspects of environmental analysis, and of the relevant expertise available in and outside the Department;
§ 161.7 Categories of actions.

Departmental officers shall review each major Departmental action having a potentially significant effect on the quality of the environment in the United States. The need to prepare formal environmental documents will depend on the scope of the action and the context and intensity of any environmental effects expected if the action is implemented. Departmental actions can generally be grouped into three categories, as follows:

(a) Actions normally requiring environmental impact statements. Any Departmental action deemed to have a "significant effect upon the quality of the human environment" of the United States requires the preparation of an environmental impact statement. The criteria to be used in determining significance are set forth in §1508.27 of the CEQ Regulations. The Department has reviewed representative actions and has found no common pattern which would enable it to specify actions normally requiring environmental impact statements. If developments later enable such designations to be made the Department will publish a description of proposed actions for such designation in the Federal Register.

(b) Actions categorically excluded from the requirement to prepare environmental impact statements. Categorical exclusion, as defined in §1508.4 of the CEQ Regulations, provides for exclusion from environmental review of specified actions which have as a class been found to have no significant impact on the quality of the human environment. Neither an environmental assessment nor an environmental impact statement is ordinarily required for such actions. Departmental actions categorically excluded from the requirements of these regulations include the following:

719
(1) Routine conduct of Departmental and overseas political and economic functions, including reporting on political and economic developments, trends and activities, communicating to host governments United States Government views, maintaining contact with foreign officials and individuals, and facilitating trade opportunities abroad and U.S. business expansion in foreign markets;

(2) Provision of consular services—visas, passports and citizenship, and special consular services, such as issuing or reviewing passports and visas, taking legal depositions, notarizing absentee ballots and other documents and delivering retirement checks, social security payments and veterans benefits;

(3) Conduct of routine administrative functions, such as budget and finance, personnel and general services. This includes routine administrative procurements (e.g., general supplies, negotiating leases for office space or staff housing, ordering supplies and arranging for customs clearances); financial transactions, including salaries, expenses and grants; routine management, formulation and allocation of the Department’s budget at all levels (this does not exempt the preparation of environmental documents for proposals included in the Department’s budget when required); and personnel actions (e.g., promotions, hirings, and counseling American and host country employees who work for the Department of State);

(4) Preparing for and participating in conferences, workshops or meetings for information exchange, data collection or research or study activities; and

(5) Document and information exchanges.

Even though an action may be categorically excluded from the need for an environmental impact statement, if information developed during the planning for the actions indicates the possibility that the particular action in question may nonetheless cause significant environmental effects, an environmental assessment shall be prepared to evaluate those effects. Based upon the assessment, a determination will be made whether to prepare an environmental impact statement. The Department may designate additional actions for categorical exclusion by publishing a listing of actions proposed for such designation in the Federal Register.

(c) Actions normally requiring environmental assessments. An environmental assessment shall provide the basis of the determination whether an environmental impact statement is required. A Departmental action shall require the preparation of an environmental assessment if the action is not one known normally to require an environmental impact statement and is not categorically excluded. Departmental actions normally included in this category are actions for which the Department has lead-agency responsibility and which may significantly affect the human environment of the United States, such as those actions involving:

(1) Issuance of permits for construction of international bridges and pipeline (see Executive Order 11423 and the International Bridge Act of 1972 (Pub. L. 92–434, 86 Stat. 23));

(2) Wetlands, floodplains, endangered species and national historical, archaeological and recreational sites (see also specific requirements for environmental review and consultation in §161.11 of these regulations); and

(3) Ocean dumping, control of toxic substances, disposal and storage of wastes and radioactive substances.

(d) Emergencies and other exceptional circumstances. Not every Departmental activity will be considered a major Federal action for the purposes of these regulations. Several limited classes of action which might ordinarily be subject to these regulations will not be considered major Federal actions requiring the preparation of an environmental impact statement. Among them are the following:

(1) Actions taken in emergency circumstances and disaster and emergency relief activities as defined in §1506.11 of the CEQ Regulations (in such circumstances the responsible action officer should consult with the Office of Environment and Health which shall consult with the Council on Environmental Quality about appropriate alternative arrangements);

(2) Mandatory actions required under any treaty or international agreement.
to which the United States Government is a party, or required by the decisions of international organizations or authorities in which the United States is a member or participant except when the United States has substantial discretion over implementation of such requirements:

(3) Payment of contributions, either assessed or voluntary, to any international organization of which the United States is a member pursuant to the obligation of a treaty or other international agreement or which is not for the purpose of carrying out a specifically identifiable action which would affect the environment; and

(4) Support for or acquiescence in (by affirmative vote or agreement to consensus) an activity or expenditure of funds by an international organization where the United States has no unilateral right to control such expenditures.

Subpart C—Environmental Review Procedures

§161.8 General description of the Department's NEPA process.

In reviewing proposed actions for potential environmental effects in the United States responsible action officers will follow the procedural steps set forth below. These steps are developed in conjunction with the procedural steps required by the CEQ Regulations which are referenced in the following sections.

(a) Preliminary environmental evaluations. Early in the process of considering any possible action the responsible action officer shall review the action to determine if it may cause potential significant environmental effects on the environment of the United States. A proposed action shall be reviewed initially to determine into which of the following three basic categories of action it falls:

(1) Actions normally requiring environmental impact statements;

(2) Actions categorically excluded from environmental impact statements; or

(3) Actions normally requiring environmental assessments. If the responsible action officer concludes that the proposed action is a major action potentially having significant effects in the United States he should, in cooperation with other appropriate Departmental officials, carry out the steps described in these regulations. If during his review of the location of potential environmental effects or following preparation of an environmental assessment it is determined that the action could affect the environment of the global commons or a foreign nation the officer is responsible for ensuring compliance with the Department's procedures for implementing Executive Order No. 12114 on Environmental Effects Abroad of Major Federal Actions (Foreign Affairs Manual, Volume 2).

(b) Environmental Assessment. An environmental assessment is a concise document which analyzes potential environmental effects to determine if an environmental impact statement is required (CEQ Regulations §§1501.3 and 1508.9). If the action does not fall into either the category of those actions normally requiring an environmental impact statement or that of actions categorically excluded from the requirement to prepare an environmental impact statement, then the responsible action officer, in cooperation with other Departmental officials, shall prepare an environmental assessment to determine whether it is necessary to prepare an environmental impact statement or a “Finding of no significant impact”. If the action normally requires an environmental impact statement, there is ordinarily no need for the preparation of an environmental assessment and the environmental impact statement process should be initiated without preparing such an assessment. If the action is categorically excluded, no further environmental review is needed. If an environmental assessment is prepared it may also be used to evaluate whether the proposed action may have effects outside the United States.

(c) Finding of no significant impact. If the environmental assessment indicates that the environmental effects of the action in the United States are not significant, then the responsible action officer shall make a “Finding of no significant impact”, thereby concluding the NEPA review process (CEQ Regulations §§1501.4 and 1508.13).
(d) Environmental impact statement. If the environmental assessment demonstrates that the environmental effects of the action with the United States may be “significant” (see §1508.27 of the CEQ Regulations) the Department is required to prepare an environmental impact statement (EIS) in accordance with these regulations (see also CEQ Regulations §1501.8, part 1502 and §§1506.2 through 1506.7). In preparing the environmental impact statement the following steps will be carried out:

(1) Notice of intent to prepare an EIS. If an impact statement is required, the Department will publish in the Federal Register a “Notice of intent” to prepare such a statement (CEQ Regulations §§1501.7 and 1508.22).

(2) Scoping procedures. The Department will then hold a scoping meeting with interested agencies and individuals to determine the proper content (“scope”) of the statement (CEQ Regulations §§1501.7 and 1508.25).

(3) Draft environmental impact statement (DEIS). The Department will then prepare a draft EIS (DEIS) which will be filed with the Environmental Protection Agency and circulated to agencies and the public for comment for at least 45 days, except where the CEQ Regulations and these regulations permit the time period to be shortened (CEQ Regulations §1501.8, part 1502, §§1506.2 through 1506.7, 1506.10(d) and 1506.11; 161.7(d), 161.9(n)(2)).

(4) Final environmental impact statement (FEIS). In light of the comments and following any revision in the draft EIS, the Department will file with the Environmental Protection Agency and circulate to agencies and the public a final EIS at least 30 days before making a final decision on the action, except where the CEQ Regulations and these regulations permit the time period to be shortened (CEQ Regulations §1506.9, 1506.10(d), 1506.11; 161.7(d), 161.9(n)(2)).

(5) Record of decision. After making a decision on the action, the Department will make available a formal “Record of decision” (CEQ Regulations §1505.2).

(a) Decision whether to prepare an EIS. In deciding whether to prepare an environmental impact statement, the responsible action officer shall make an initial review in the early planning stages of a proposed action to identify and evaluate potential environmental effects of the actions and all reasonable measures which may be taken to mitigate adverse impacts. This review must be conducted in conjunction with all requests under the Department’s Circular 175 procedure (11 FAM 720), with all actions involving the obligation of funds within the Department’s annual or supplemental budget submissions to the Office of Management and Budget, and with other actions when a potentially significant environmental impact may result. The responsible action officer shall ensure that the principal action memoranda prepared for such actions properly reflect the environmental review in all cases. No written statement is required in the case of actions which do not raise the question of environmental impacts. The environmental evaluation document prepared shall be considered along with political, economic and other decision-making factors relating to the proposed action.

(1) Review of the categories of actions. During the initial environmental review of the proposed action, the responsible action officer should classify the proposed Departmental action as one either normally requiring an environmental impact statement, normally not requiring such a statement, or normally requiring an environmental assessment. (See §1504.1 of the CEQ Regulations and §161.7 of these regulations.)

(1) Actions normally requiring environmental statements. Environmental assessments are not required for actions which it is already known will require the preparation of environmental impact statements. For each major Departmental action which, in the view of the responsible action officer meets the criteria of this section, he shall, in cooperation with the Office of Environmental and Health, initiate steps to prepare an environmental impact statement. This will be accomplished by
preparing a “Notice of intent” to prepare an EIS (see §1508.22 of the CEQ Regulations). The Office of Environment and Health shall arrange for publication of the notice in the FEDERAL REGISTER (see §1507.3(e) of the CEQ Regulations). The responsible action officer shall then apply the procedures set forth in §161.8 of these regulations to determine the scope of the proposed EIS, and proceed to prepare and release the environmental impact statement in accordance with CEQ and Departmental regulations. If, however, the responsible action officer believes that the proposed action, though included within or closely similar to one which normally requires the preparation of an EIS, will itself have no significant impact, he should conduct an environmental assessment in accordance with the CEQ Regulations (§1508.9). If the assessment demonstrates that there will be no significant impact, he should prepare a “Finding of no significant impact” and provide for public review a notice of this finding in accordance with §§1501.4(e) and 1506.6 of the CEQ Regulations.

(ii) Actions categorically excluded. Separate detailed documentation is not normally required for actions which are categorically excluded and which are therefore exempt from the requirement of preparations of an environmental assessment or environmental impact statement. However, the responsible action officer shall note in the action memorandum concerning the action that the proposed action has been reviewed under the Department’s environmental procedures and determined to be categorically excluded. The Office of Environment and Health shall periodically review actions in the classes categorically excluded under these regulations to determine if the original decision to categorically exclude the class remains valid. If such a review determines that a proposed action may have a significant impact on the human environment the necessary revision in the categorical exclusion shall be made and an environmental assessment shall be prepared to determine the need for the preparation of an environmental impact statement.

(iii) Actions normally requiring environmental assessments. For each action meeting the criteria of this section the responsible action officer shall prepare an environmental assessment (see §§1501.3 and 1508.9 of the CEQ Regulations) and, on the basis of that assessment, determine if an EIS is required. If the determination is that no environmental impact statement is required, the responsible action officer shall, in coordination with the Office of Environment and Health, prepare a “Finding of no significant impact” (see §§1501.4 and 1508.13 of the CEQ Regulations). The “Finding of no significant impact” shall be made available to the public through direct distribution and publication in the FEDERAL REGISTER. If the determination is that an environmental impact statement is required, the official shall proceed with the “Notice of intent” to prepare an EIS and the subsequent steps in the preparation and release of an EIS in accordance with the CEQ Regulations (§§1501.7, 1507.3 and 1508.22) and these regulations.

(2) Preparation of environmental assessments. Environmental assessments, as defined in the CEQ Regulations (§1508.9), should be prepared as directed in §1501.3 of the CEQ Regulations. The environmental assessment shall be used to determine whether to prepare an environmental impact statement or a “Finding of no significant impact”. The assessment shall include a brief discussion of the need for the proposed action, of alternatives and of environmental impacts and a listing of agencies and persons consulted in preparing the assessment.

(3) Notice of intent to prepare an EIS. As soon as practicable after deciding to prepare an environmental impact statement and before initiating the scoping process (see §161.9(b) of these regulations) the Department or another lead agency, if one is designated in accordance with §1501.5 of the CEQ Regulations, shall publish in the FEDERAL REGISTER a “Notice of intent” to prepare an EIS in accordance with §§1501.7 and 1508.22 of the CEQ Regulations. The Office of Environment and Health shall arrange for publishing the notice.

(b) Scoping. The Department shall conduct an early and open meeting with interested agencies and the public
for determining the scope of issues to be addressed in a given environmental impact statement and for identifying the significant issues related to a proposed action. The elements of the scoping process are defined in §1501.7 of the CEQ Regulations and must include consideration of the range of actions, alternatives, and impacts discussed in §1508.25 of the CEQ Regulations.

(c) Cooperation with other agencies. Departmental officials are encouraged to cooperate with other agencies and the public throughout the conduct of the Department’s NEPA process. The Office of Environment and Health shall ensure also that the Department reviews the draft and final impact statements submitted for review by other agencies (§1502.19 of the CEQ Regulations). Where appropriate and to eliminate duplication it shall arrange to prepare environmental assessments and impact statements jointly with other Federal or State agencies. Where possible it will arrange for the department to “adopt” statements prepared by other agencies (§1506.3 of the CEQ Regulations). It shall arrange lead and cooperating agency responsibilities for preparing environmental documents (see §§1501.5 and 1501.6 of CEQ Regulations).

(d) Preparation of draft environmental impact statement. The responsible action officer shall be responsible for the preparation of the draft environmental impact statement in the manner described in §1501.8, part 1502, and §§1506.2 through 1506.7 of the CEQ Regulations. Preliminary copies of the draft environmental impact statement and attachments shall be submitted to the Office of Environment and Health before any formal review is conducted outside the Department. This submission shall be accompanied by a list of Federal, State, and local officials (Part 1503 of the CEQ Regulations) and a list of other interested parties (§1506.6 of the CEQ Regulations) whose comments shall be sought. The Office of Environment and Health shall review the draft and obtain additional comments from other appropriate Departmental bureaus and offices.

(e) Review of and comment on draft EIS. For external review, the Office of Environment and Health shall transmit five copies of the revised draft statement to the Environmental Protection Agency (EPA) Office of Federal Activities. EPA will publish a notice of the statement’s availability the following week in the Federal Register. Upon transmission of the draft statement to EPA, the Office of Environment and Health shall also seek the views of appropriate agencies and individuals in accordance with Part 1503 and §§1506.6 and 1506.9 of the CEQ Regulations. It shall specify that replies are required at a stated date not earlier than 45 days from the date of NEPA publication of the draft statement availability. Any views submitted during the comment period shall be provided to the responsible action officer in the Department for consideration in preparing the final statement. To the fullest extent possible, requirements for review and consultation with other agencies on environmental matters established by statutes other than NEPA, such as the review and consultation requirements of the Endangered Species Act of 1973, as amended, should be met before or through this review process (see §161.11 of these regulations). In addition, the draft EIS shall list all environmentally-related federal permits, licenses or other approvals required to implement the proposal as specified in §1502.25(b) of the CEQ Regulations.

(f) Public involvement. (1) Departmental officials will make diligent efforts to involve the public in implementing these regulations as provided in §§1501.4(e), 1503.1(a)(e) and 1506.6 of the CEQ Regulations.

(2) Interested persons can obtain information on the Department’s environmental impact statements and other aspects of the Department’s NEPA process by contacting the Director, Office of Environment and Health, Room 7820, Department of State, Washington, DC 20520 (tel. 202/632-9266). Information pertaining to the NEPA process may be sent to the above address. Federal Register notices concerning the Department’s environmental documents shall specify where such information relevant to the documents in question may be obtained.
(3) The responsible action officer shall identify those persons, community organizations, environmental interest groups, international organizations or other bodies which may have an interest in or be affected by the proposed Departmental action and who should therefore be involved in the NEPA process. With the assistance of the Office of Environment and Health, the responsible action shall transmit a list of such persons, groups and organizations to the Office of Environment and Health at the same time he submits:
   (i) A recommendation regarding a "Finding of no significant impact";
   (ii) A "Notice of intent to prepare an EIS";
   (iii) A recommendation on possible public hearings (see §1506.6(c) of CEQ Regulations);
   (iv) A draft EIS, or
   (v) A final EIS.

(4) The responsible action officer shall consult with the Office of Environment and Health and make recommendations regarding the need for public hearings. The Office of Environment and Health shall, as necessary, review such recommendations with the Office of the Legal Adviser.

(g) Preparation of final environmental impact statement. (1) After conclusion of the review process with other Federal, State and local agencies and the public, the responsible action officer shall consider suggestions received and revise the draft environmental impact statement as appropriate in accordance with part 1502 and §1501.8 and §§1506.2 through 1506.7 of the CEQ Regulations.
   (2) Five copies of the preliminary final environmental impact statement, with attached copies of the comments received and suggested responses, shall be provided to the Office of Environment and Health. The Office of Environment and Health will, as appropriate, obtain additional comments from any other appropriate Departmental bureau or offices and notify the responsible action officer of any further changes required and the number of final statements to be transmitted. The Office of Environment and Health shall submit five copies of the final statement to the Environmental Protection Agency’s Office of Environmental Review. Copies shall also be sent to all parties who commented and to other interested parties in accordance with §1506.9 of the CEQ Regulations.

(3) Each draft and final statement, the supporting documentation, and the "Record of decision" (see §161.9(h) of these regulations) shall be available for public review and copying at the Office of Environment and Health (OES/ENH), Room 7820, Department of State, Washington, DC 20520 (tel. 202/632–9207).

(h) Record of the decision. At the time of the decision on the proposed action, the responsible Departmental official shall consult with the Office of Environment and Health and prepare a concise "Record of decision" (see §1505.2 of the CEQ Regulations).

(i) Timing of EIS preparation and action decision. Preparation of an environmental impact statement shall be initiated as soon as the responsible action officer, in consultation with the Office of Environment and Health and the Office of the Legal Adviser, has determined that the statement shall be prepared. Except where permitted by the CEQ Regulations (§§1506.10(d), 1506.11) and these regulations (§§161.7(d), 161.9(n)(2)), no decision on the proposed action shall be made by the Department until the later of the following dates:
   (1) Ninety (90) days after publication by EPA of a notice of availability of a Departmental draft EIS.
   (2) Thirty (30) days after publication by EPA of a notice of availability of a departmental final EIS.

(j) Implementing and monitoring the decision. Section 1505.3 of the CEQ Regulations establishes the procedures to be followed by the Department in monitoring to assure that any mitigation measures or other commitments associated with the decision and its implementation are carried out. The Office of Environment and Health will maintain general oversight and cooperate with bureau officers in such monitoring.

(k) Supplemental environmental impact statements. Departmental officials shall supplement a draft EIS whenever an alternative which is substantially different from those discussed in the draft is under consideration or when the
draft is otherwise out of date. A final EIS shall be supplemented when a substantial change is made in the proposed action or when significant new information on the environmental impacts comes to light. A supplemental EIS should be prepared, circulated and approved in accordance with the provisions of §1502.9 of the CEQ Regulations. No supplemental EIS need be prepared when the final decision on the action in question has already been made. If there are reasons not to prepare a supplemental EIS when one ordinarily would be called for, the responsible action officer should consult with the Office of Environment and Health, which shall consult with the Council on Environmental Quality on the matter.

(l) Programmatic and generic environmental impact statements. (1) Before preparing an environmental document under these regulations the responsible action officer should determine if there exists a generic or programmatic environmental document analyzing actions, effects or issues similar to those involved in the proposed action. A generic environmental document reviews the environmental effects that are generic or common to a class of Departmental actions which may not be specific to any single country or area. Where such a document is prepared it could be applied to a number of similar specific country applications. If a generic document exists and if it deals with relevant similarities in the action, such as common timing, environmental impacts, alternatives, methods of implementation or subject matter it will not be necessary to prepare further environmental documentation.

(2) A programmatic environmental document shall focus its analysis on the environmental aspects of an entire program rather than on the specific elements of the program. If a programmatic environmental document has already been prepared the responsible action officer should determine whether it adequately deals with the environmental effects of the particular action under review. If the programmatic document adequately reviews the environmental impacts of the action under consideration, then additional environmental documentation is not required under these regulations. In preparing environmental documents on specific actions, Departmental officers shall consider the advisability of modifying or expanding the documents so they may serve as generic or programmatic documents for a broader range of actions.

(m) Amendments. Amendments to these regulations may be made by the Assistant Secretary for Oceans and International Environmental and Scientific Affairs in consultation with other Departmental bureaus and the Office of the Legal Adviser. Such amendments will be published in the FEDERAL REGISTER after consultation with the Council on Environmental Quality, in accordance with §1507.3 of the CEQ Regulations, and public review and comment.

(n) Modifications. The Department’s procedures for preparing environmental documents may be modified to accommodate the following circumstances:

(1) Classified material. Most Departmental environmental documents will not normally contain classified or administratively controlled material (see §1507.3(c) of the CEQ Regulations); in some cases, however, an environmental document must include such material to evaluate adequately environmental effects. In such cases Departmental environmental documents, or portions thereof, may be classified. Such material should, if possible, be confined to a classified annex of the environmental document. Approval for classification must be granted with the concurrence of the Assistant Secretary for Oceans and International Environmental and Scientific Affairs and the Office of the Legal Adviser, and the assistant secretary of the bureau with the action responsibility for the proposed action. In these cases, Departmental environmental documents or portions thereof may be classified in accordance with the criteria set forth in Executive Order 12065, dated December 1, 1978. Handling and disclosure of classified or administratively controlled material shall be governed by 22 CFR part 9. The portions of an environmental document which are not classified or administratively controlled will be made available to persons outside the Department, as provided in 22 CFR part 9.
Department of State

Classification does not preclude the obligation to ensure that environmental documents are reviewed by competent scientific and technical experts. Appropriate arrangements will be made through the Office of Environment and Health for Federal agency review of classified or administratively controlled environmental documents.

(2) Time periods for environmental review. When necessary to comply with other specific statutory requirements or for compelling reasons of national policy the Department may, by agreement with the Environmental Protection Agency, modify time periods specified by the CEQ Regulations for preparing environmental documents in accordance with §1506.10 of the CEQ Regulations. See also provisions for emergency circumstances contained in §1506.11 of the CEQ Regulations and §161.7(d) of these regulations.

Subpart D—Coordination of Other Requirements of NEPA

§161.10 Non-Federal applicants for permits.

The Department is responsible for issuing international permits for the construction of bridges and oil pipelines that cross the international boundaries with Canada and Mexico. The Office of Environment and Health will assist in preparation of the required environmental analysis documentation for such permits. Applicants for international permits may obtain information on the type of environmental information needed and the extent of the applicant’s participation in the necessary environmental studies and their documentation from the Office of the Legal Adviser, Department of State, Washington, DC 20520 (tel. 202/632–0349). Applicants are encouraged to consult early with the Department on the necessary environmental and other requirements in order to expedite the NEPA process.

§161.11 Environmental review and consultation requirements.

In addition to the environmental review requirements of NEPA the Department has other statutory environmental review and consultation requirements. Departmental officials, in cooperation with the Office of Environment and Health and the Office of the Legal Adviser shall, to the maximum extent possible, conduct environmental review and consultation for these additional requirements concurrently with and integrated with preparation of assessments, and environmental impact statements. The principal additional requirements affecting the Department of State’s actions are outlined below.

(a) Section 7 of the Endangered Species Act, as amended, 16 U.S.C. 1531 et seq., requires identification of and consultation on aspects of any Departmental action that may have effects in the United States on listed species or their habitat. As appropriate, written request for consultation, along with the draft environmental document, shall be conveyed by the Office of Environment and Health to the Regional Director of the U.S. Fish and Wildlife Service or the National Marine Fisheries Service, as appropriate, for the Region in the United States where the action will be carried out.

(b) Section 106 of the National Historic Preservation Act of 1966, as amended, 16 U.S.C. 470(f), requires identification of National Register properties, eligible properties, or properties in the United States which may be eligible for the National Register within the area of the potential impact of a proposed Departmental action. Evaluation of the impact of the action on such properties shall be discussed in draft environmental impact statements and transmitted to the Advisory Council on Historic Preservation for comments.

(c) Executive Order 11988 (Floodplains Management) and Executive Order 11990 (Wetlands), requires identification of actions which will occur in or affect a floodplain or wetland (e.g., in areas along the boundary with Canada or Mexico). A comparative evaluation of such actions shall be discussed in draft environmental impact statements and transmitted to the U.S. Water Resources Council for comments.

(d) Fish and Wildlife Coordination Act, 16 U.S.C. 661 et seq.

(e) Section 309 of the Clean Air Act of 1955, as amended, 42 U.S.C. 7609.
§ 161.12 Environmental effects abroad of major departmental actions.

Departmental officials shall analyze actions under their cognizance with due regard for the environmental effects in the global commons and areas outside the jurisdiction of any nation and in foreign jurisdictions. Such analysis shall be prepared in accordance with separate Departmental procedures (Foreign Affairs Manual, Volume 2), dated September 4, 1979 for implementing Executive Order 12114, “Environmental Effects Abroad of Major Federal Actions” (44 FR 1957), dated January 4, 1979.

(g) Coastal Zone Management Act of 1972, as amended, 16 U.S.C. 1451 et seq.

Subpart A—General Policy and Procedures

§ 171.1 Availability of information.

Records of the Department of State shall be made available to the public upon request made in compliance with the access procedures established in this part, except for any records exempt by law from disclosure. Any request for records must describe the information sought in such a way (see §171.5(c)) that an employee of the Department of State who is familiar with the subject area of the request can locate the records with a reasonable amount of effort. The sections that follow govern the response of the Department to requests for information under the Freedom of Information Act, the Privacy Act, Executive Order 12958, and the Ethics in Government Act. Regulations at 22 CFR 172.1–9 govern the response of the Department to subpoenas, court orders, and certain other requests for testimony of Department officials or disclosure of Department records in litigation to which the Department is not a party.

§ 171.2 Types of records maintained.

Most of the records maintained by the Department pertain to the formulation and execution of U.S. foreign policy. Certain records that pertain to individuals are also maintained such as applications for U.S. passports, applications for visas to enter the U.S.,
§ 171.3 Public reading room.

A reading room providing public access to certain Department of State material is located in the Department of State, SA–2, 515 22nd Street, NW., Washington, DC. The reading room contains material pertaining to access to information under the Freedom of Information Act, Privacy Act, E.O. 12958 and includes those statutes, regulations, guidelines, and other items required to be made available to the public under 5 U.S.C. 552(a)(2). Also available in the reading room are microfiches of records released by the Department pursuant to requests under the Freedom of Information Act and compilations of documents reviewed and released in certain special projects. The reading room is open during normal Department weekday working hours, 8:15 a.m. to 5 p.m. There are no fees for access by the public to this room or the material contained therein, but fees shall be assessed for the duplication of materials maintained in the reading room at the rate of 15 cents per page and $2.00 per microfiche card. Fees for copies made by other methods of reproduction or duplication, such as tapes, printouts, or CD-ROM, shall be the actual cost of producing the copies, including operator time. Persons wishing to use their own copying equipment must request approval in advance from the Department’s Information and Privacy Coordinator, U.S. Department of State, SA–2, 515 22nd Street, NW., Washington, DC 20522-6001. "The use of such equipment must be consistent with security regulations of the Department and is subject to the availability of personnel to monitor such copying."

§ 171.4 Electronic reading room.

The Department has established a site on the Internet with most of the same records and reference materials that are available in the public reading room. This site also contains information on accessing records under the FOIA and the Privacy Act. The site is a valuable source that is easily accessed by the public by clicking on “FOIA” at the Department’s Web site at http://www.state.gov or directly at the FOIA home page at http://foia.state.gov. Included on the FOIA home page are links to other sites where Department information may be available. The Department’s Privacy Act systems of records and the various records disposition schedules may be found on the Department’s FOIA home page under “Reference Materials.”

§ 171.5 Requests for information—types and how made.

(a) Requests for records in accordance with this chapter may be made by mail addressed to the Information and Privacy Coordinator, U.S. Department of State, SA–2, 515 22nd Street, NW., Washington, DC 20522-6001. Facsimile requests under the FOIA only may be sent to: (202) 261-8579. E-mail requests cannot be accepted at this time. Requesters are urged to indicate clearly on their requests the provision of law under which they are requesting information. This will facilitate the processing of the request by the Department. In any case, the Department will process the request under the provision of law that provides the greatest access to the requested records.

(b) Requests may also be made by the public in person from 8:15 a.m. to 5 p.m. at the Department of State, SA–2, 515 22nd Street, NW., Washington, DC 20522-6001.

(c) Although no particular request format is required, it is essential that a request reasonably describe the Department records that are sought. The burden of adequately identifying the record requested lies with the requester. Requests should be specific and include all pertinent details about the request. For FOIA requests, the request should include the subject, time-frame, any individuals involved, and reasons why the Department is believed to have records on the subject of...
the request. For Privacy Act requests, the request should state the type of records sought, the complete name and date and place of birth of the subject of the request, and the timeframe for the records. An original signature is required. See §171.12(b) for guidance regarding third party requests. Individuals may seek assistance regarding any aspect of their requests from the Chief, Requester Liaison Division, (202) 261–8464.

(d) While every effort is made to guarantee the greatest possible access to all requesters regardless of the specific statute under which the information is requested, the following guidance is provided in requesting records:

(1) Freedom of Information Act. Requests for documents concerning the general activities of government and of the Department of State in particular (see subpart B of this part).

(2) E.O. 12958. Requests for mandatory review and declassification of specific Department records and requests for access to such records by historical researchers and certain former government officials (see subpart C of this part).

(3) Privacy Act. Requests from U.S. citizens or legal permanent resident aliens for records that pertain to them and that are maintained by the Department under the individual’s name or personal identifier (see subpart D of this part).

(4) Ethics in Government Act. Requests for the financial Disclosure Statements of Department Employees covered by this Act (see subpart E of this part).

(e) First-in/first-out processing. As a general matter, information access requests are processed in the order in which they are received. However, if the request is specific and the search can be narrowed, it may be processed more quickly.

(f) Cut-off date. In determining which records are responsive to a request, the Department ordinarily will include only records in its possession as of the date the search for responsive documents is initiated, unless the requester has specified an earlier time frame.

(g) Records previously withheld or in litigation. Requests shall not be processed for records that have been reviewed and withheld within the past two years or whose withholding is the subject of litigation.

§171.6 Archival records.
The Department ordinarily transfers records to the National Archives when they are 25 years old. Accordingly, requests for records 25 years old or older should be addressed to: Archives II, 8601 Adelphi Road, National Archives at College Park, MD 20731–6001.

§171.10 Purpose and scope.
This subpart contains the rules that the Department follows under the Freedom of Information Act (FOIA), 5 U.S.C. 552. The rules should be read together with the FOIA which provides additional information about access to records and contains the specific exemptions that are applicable to withholding information. Privacy Act records determined to be exempt from disclosure under the Privacy Act are processed as well under the FOIA and are subject to this subpart.

§171.11 Definitions.
As used in this subpart, the following definitions shall apply:

(a) Freedom of Information Act or FOIA means the statute codified at 5 U.S.C. 552, as amended.

(b) Department means the United States Department of State, including its field offices and Foreign Service posts abroad;

(c) Agency means any executive department, military department, Government corporation, Government controlled corporation, or other establishment in the executive branch of the government (including the Executive Office of the President), or any independent regulatory agency;

(d) Information and Privacy Coordinator means the Director of the Department’s Office of Information Programs and Services (IPS) who is responsible for processing requests for access to information under the FOIA, the Privacy Act, E.O. 12958, and the Ethics in Government Act;

(e) Record means all information under the control of the Department,
including information created, stored, and retrievable by electronic means, regardless of physical form or characteristics, made in or received by the Department and preserved as evidence of the organization, functions, policies, decisions, procedures, operations or other activities of the Department or because of the informational value of the data contained therein. It includes records of other Government agencies that have been expressly placed under the control of the Department upon termination of those agencies. It does not include personal records created primarily for the personal convenience of an individual and not used to conduct Department business and not integrated into the Department’s record keeping system or files. It does not include records that are not already in existence and that would have to be created specifically to meet a request. However, information available in electronic form shall be searched and compiled in response to a request unless such search and compilation would significantly interfere with the operation of the Department’s automated information systems.

(f) Control means the Department’s legal authority over a record, taking into account the ability of the Department to use and dispose of the record as it sees fit, to legally determine the disposition of a record, the intent of the record’s creator to retain or relinquish control over the record, the extent to which Department personnel have read or relied upon the record, and the degree to which the record has been integrated into the Department’s record keeping system or files.

(g) Direct costs means those costs the Department incurs in searching for, duplicating, and, in the case of commercial requests, reviewing documents in response to a FOIA request. The term does not include overhead expenses.

(h) Search costs means those costs the Department incurs in looking for, identifying, and retrieving material, in paper or electronic form, that is responsive to a request, including page-by-page or line-by-line identification of material within documents. The Department shall attempt to ensure that searching for material is done in the most efficient and least expensive manner so as to minimize costs for both the Department and the requester.

(i) Duplication costs means those costs the Department incurs in copying a requested record in a form appropriate for release in response to a FOIA request. Such copies may take the form of paper copy, microfiche, audio-visual materials, or machine-readable electronic documentation (e.g., disk or CD-ROM), among others.

(j) Review costs means costs the Department incurs in examining a record to determine whether and to what extent the record is responsive to the FOIA request and the extent to which it may be disclosed to the requester. It does not include costs of resolving general legal or policy issues that may be raised by a request.

(k) Unusual circumstances. As used herein, but only to the extent reasonably necessary to the proper processing of the particular request, the term “unusual circumstances” means:

(1) The need to search for and collect the requested records from Foreign Service posts or other separate and distinct Department offices;

(2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records that are demanded in a single request; or

(3) The need for consultation with another agency having a substantial interest in the determination of the request or among two or more components of the Department that have a substantial subject matter interest therein. Such consultation shall be conducted with all practicable speed.

(l) Commercial use request means a request from or on behalf of one who requests information for a use or purpose that furthers the commercial, trade, or profit interest of the requester or the person on whose behalf the request is made. In determining whether a requester belongs within this category, the Department will look at the use to which the requester will put the information requested.

(m) Educational institution means a preschool, a public or private elementary or secondary school, an institution of undergraduate or graduate higher education, an institution of professional education, or an institution...
of vocational education, that operates a program or programs of scholarly research.

(n) **Non-commercial scientific institution** means an institution that is not operated on a "commercial" basis, as that term is used in paragraph (l) of this section and that is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(o) **Representative of the news media** means any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term news means information that is about current events or that would be of current interest to the public. News media include television or radio stations broadcasting to the public at large and publishers of periodicals (but only in those instances when they can qualify as disseminators of "news") who make their products available for purchase by the general public. Freelance journalists may be regarded as working for a news organization if they can demonstrate, such as by past publication, a likelihood of publication through a representative of the news media, even though not actually employed by it.

(p) **All other** means an individual or organization not covered by a definition in paragraphs (l), (m), (n), or (o) of this section.

§ 171.12 Processing requests.

The Information and Privacy Coordinator is responsible for acting on all initial requests except for requests for records coming under the jurisdiction of the Bureau of Consular Affairs, the Bureau of Diplomatic Security, the Bureau of Human Resources, the Office of Medical Services, and the Office of the Inspector General.

(a) **Third party requests.** Except for requests under the Privacy Act by a parent of a minor or by a legal guardian (§171.32(c)), requests for records pertaining to another individual shall be processed under the FOIA and must be accompanied by a written authorization for access by the individual, notarized or made under penalty of perjury, or by proof that the individual is deceased (e.g., death certificate or obituary).

(b) **Expedited processing.** Requests and appeals shall be taken out of order and given expedited treatment whenever a requester has demonstrated that a "compelling need" for the information exists. A request for expedited processing may be made at the time of the initial request for records or at any later time. The request for expedited processing shall set forth with specificity the facts on which the request is based. A notice of the determination whether to grant expedited processing shall be provided to the requester within 10 days of the date of the receipt of the request. A "compelling need" is deemed to exist where the requester can demonstrate one of the following:

(i) Failure to obtain requested information on an expedited basis could reasonably be expected to: Pose an imminent threat to the life or physical safety of an individual; impair substantial due process rights; or harm substantial humanitarian interests.

(ii) The information is urgently needed. The information has a particular value that will be lost if not disseminated quickly. Ordinarily this means a breaking news story of general public interest. Information of historical interest only, or information sought for litigation or commercial activities would not qualify, nor would a news media publication or broadcast deadline unrelated to the breaking nature of the story.

(iii) **Actual or alleged Federal Government activity.** The information concerns some actions taken, contemplated, or alleged by or about the government of the United States, or one of its components or agencies, including the Congress.
§ 171.13 Business information.

(a) Business information obtained by the Department from a submitter will be disclosed under the FOIA only in compliance with this section.

(b) Definitions. For purposes of this section:

(1) Business information means information obtained by the Department from a submitter that arguably may be exempt from disclosure as privileged or confidential under Exemption 4 of the FOIA.

(2) Submitter means any person or entity from which the Department obtains business information. The term includes corporations, partnerships, sole proprietorships; State, local, and tribal governments; and foreign governments.

(c) Designation of business information. A submitter of information will use good faith efforts to designate, by appropriate markings, either at the time of submission or at a reasonable time thereafter, any portions of its submission that it considers exempt from disclosure under Exemption 4. These designations will expire ten years after the date of the submission unless the submitter requests, and provides justification for, a longer designation period.

(d) Notice to submitters. The Department shall provide a submitter with prompt written notice of a FOIA request or administrative appeal of a denial of such a request that seeks its information whenever required under paragraph (e) of this section, except as provided in paragraph (f) of this section, in order to give the submitter an opportunity to object to disclosure of any specified portion of that information. The notice shall either describe the information requested or include copies of the requested records or record portions containing the information.

(e) When notice is required. Notice shall be given to a submitter whenever:

(1) The information has been designated in good faith by the submitter as information considered protected from disclosure under Exemption 4; or

(2) The Department has reason to believe that the information may not be protected from disclosure under Exemption 4.

(f) When notice is not required. The notice requirements of paragraphs (d) and (e) of this section shall not apply if:

(1) The Department determines that the information should not be disclosed;

(2) The information lawfully has been published or has been officially made available to the public;

(3) Disclosure of the information is required by statute (other than the FOIA) or by a regulation issued in accordance with the requirements of Executive Order 12600; or

(4) The designation made by the submitter under paragraph (c) of this section appears obviously frivolous—except that, in such a case, the Department shall, within a reasonable time prior to a specified disclosure date, give the submitter written notice of any final decision to disclose the information.

(g) Opportunity to object to disclosure. The Department will allow a submitter a reasonable time to respond to the notice described in paragraph (d) of this
section and will specify that time period in the notice. If a submitter has any objection to disclosure, a detailed written statement in support of the objection must be submitted. The statement must specify all grounds for withholding any portion of the information under any exemption of the FOIA and, in the case of Exemption 4, it must show why the information is a trade secret or commercial or financial information that is privileged or confidential. In the event that a submitter fails to respond to the notice within the time specified in it, the submitter will be considered to have no objection to disclosure of the information. Information provided by a submitter under this paragraph may itself be subject to disclosure under the FOIA.

(h) Notice of intent to disclose. The Department shall consider a submitter’s objections and specific grounds for nondisclosure in deciding whether to disclose business information. Whenever the Department decides to disclose business information over the objection of a submitter, it shall give the submitter written notice, which shall include:

(1) A statement of the reason why each of the submitter’s disclosure objections was not sustained;
(2) A description of the information to be disclosed; and
(3) A specified disclosure date, which shall be a reasonable time subsequent to the notice.

(i) Notice of lawsuit. Whenever a requester files a lawsuit seeking to compel the disclosure of information, the Department shall promptly notify the submitter.

(j) Notice to requester. Whenever the Department provides a submitter with notice and an opportunity to object to disclosure under paragraph (d) of this section, the Department shall also notify the requester. Whenever the Department notifies a submitter of its intent to disclose requested information under paragraph (h) of this section, the Department shall also notify the requester. Whenever a submitter files a lawsuit seeking to prevent the disclosure of business information, the Department shall notify the requester.

§171.14 Fees to be charged—general.

The Department shall seek to charge fees that recoup the full allowable direct costs it incurs in processing a FOIA request. It shall use the most efficient and least costly methods to comply with requests for documents made under the FOIA. The Department will not charge fees to any requester, including commercial use requesters, if the cost of collecting a fee would be equal to or greater than the fee itself. With the exception of requesters seeking documents for a commercial use, the Department will provide the first two hours of search time and the first 100 pages of duplication without charge. By making a FOIA request, the requester shall be considered to have agreed to pay all applicable fees up to $25.00 unless a fee waiver has been granted.

(a) Searches for responsive records. If the Department estimates that the search costs will exceed $25.00, the requester shall be so notified. Such notice shall offer the requester the opportunity to confer with Department personnel with the object of reformulating the request to meet the requester’s needs at a lower cost. The request shall not be processed further unless the requester agrees to pay the estimated fees. For both manual and computer searches, the Department shall charge the estimated direct cost of each search based on the average current salary rates of the categories of personnel doing the searches. Further information on search fees is available by clicking on “FOIA” at the Department’s Web site at http://www.state.gov or directly at the FOIA home page at http://foia.state.gov.

(1) Manual searches. The Department will charge at the salary rate (i.e., basic pay plus 16 percent of basic pay) of the employee making the search.

(2) Computer searches. The Department will charge at the actual direct cost of providing the service. This will include the cost of operating the central processing unit (CPU) for that portion of operating time that is directly attributable to searching for records responsive to a FOIA request and operator/programmer salary attributable to the search.
(b) **Review of records.** Only requesters who are seeking documents for commercial use may be charged for time spent reviewing records to determine whether they are releasable. Charges may be assessed for the initial review only; i.e., the review undertaken the first time the Department analyzes the applicability of a specific exemption to a particular record or portion of a record.

(c) **Duplication of records.** Records shall be duplicated at a rate of $.15 per page. For copies prepared by computer, such as tapes or printouts, the Department shall charge the actual direct costs of producing the document. If the Department estimates that the duplication costs will exceed $25.00, the requester shall be so informed. The request shall not be processed further unless the requester agrees to pay the estimated fees.

(d) **Other charges.** The Department shall recover the full costs of providing services such as those enumerated below:

- (1) Certifying that records are true copies (see part 22 of this chapter);
- (2) Sending records by special methods such as express mail, overnight courier, etc.
- (f) Payment shall be in the form either of a personal check or bank draft drawn on a bank in the United States, or a postal money order. Remittances shall be made payable to the order of the Treasury of the United States and mailed to the Information and Privacy Coordinator.
- (g) A receipt for fees paid will be given upon request. Refund of fees paid for services actually rendered will not be made.

§ 171.15 Fees to be charged—categories of requesters.

Under the FOIA, there are four categories of requesters: Commercial use requesters, educational and non-commercial scientific institutions, representatives of the news media, and all other requesters. The fees for each of these categories are:

(a) **Commercial use requesters.** When the Department receives a request for documents for commercial use as defined in §171.11(l), it will assess charges that recover the full direct costs of searching for, reviewing for release, and duplicating the record sought. Commercial use requesters are not entitled to two hours of free search time or 100 free pages of reproduction of documents. The Department may recover the cost of searching for and reviewing records even if there is ultimately no disclosure of records (see §171.16(b)).

(b) **Educational and non-commercial scientific institution requesters.** The Department shall provide documents to requesters in this category for the cost of reproduction alone, excluding charges for the first 100 pages. To be eligible for inclusion in this category, a requester must show that the request is being made as authorized by and under the auspices of a qualifying institution, as defined in §171.11(m) and (n), and that the records are not sought for a commercial use, but are sought in furtherance of scholarly (if the request is from an educational institution) or scientific (if the request is from a non-commercial scientific institution) research.

(c) **Representatives of the news media.** The Department shall provide documents to requesters in this category for the cost of reproduction alone, excluding charges for the first 100 pages. To be eligible for inclusion in this category, a requester must meet the criteria in §171.11(o), and the request must not be made for a commercial use. A request for records supporting the news dissemination function of the requester shall not be considered to be a commercial use request.

(d) **All other requesters.** The Department shall charge requesters who do not fit into any of the categories above fees that recover the full reasonable direct cost of searching for and reproducing records that are responsive to the request, except that the first 100 pages of reproduction and the first two hours of search time shall be furnished without charge.
§ 171.16 Miscellaneous fee provisions.

(a) Charging interest. The Department shall begin assessing interest charges on an unpaid bill starting on the 31st day following the day on which the bill was sent. The fact that the fee has been received by the Department within the thirty-day grace period, even if not processed, shall stay the accrual of interest. Interest will be at the rate prescribed in 31 U.S.C. 3717 and shall accrue from the date of the billing.

(b) Charges for unsuccessful search or if records are withheld. The Department may assess charges for time spent searching, even if it fails to locate the records or if the records located are determined to be exempt from disclosure.

(c) Advance payment. The Department may not require a requester to make an advance payment, i.e., payment before work is commenced or continued on a request, unless:

(1) It estimates or determines that allowable charges that a requester may be required to pay are likely to exceed $250. In such a case, the Department shall notify the requester of the likely cost and obtain satisfactory assurance of full payment where the requester has a history of prompt payment of FOIA fees, or shall require an advance payment of an amount up to the full estimated charges in the case of requesters with no history of payment; or

(2) A requester has previously failed to pay within 30 days of the date of the billing a fee charged. In such a case, the Department shall require the requester to pay the full amount previously owed plus any applicable interest and to make an advance payment of the full amount of the estimated fee before the Department begins to process a new or pending request from that requester. If a requester has failed to pay a fee charged by another U.S. Government agency in an information access case, the Department may require proof that such fee has been paid before processing a new or pending request from that requester.

(3) When the Department acts under paragraph (c)(1) or (2) of this section, the administrative time limits prescribed in the FOIA, 5 U.S.C. 552(a)(6) (i.e., 20 working days from receipt of initial requests and 20 working days from receipt of appeals from initial denial, plus permissible extensions of these time limits), will begin only after the Department has received fee payments described in paragraphs (c)(1) and (2) of this section.

(d) Aggregating requests. When the Department reasonably believes that a requester, or a group of requesters acting in concert, has submitted multiple requests involving related matters solely to avoid payment of fees, the Department may aggregate those requests for purposes of assessing processing fees.

(e) Effect of the Debt Collection Act of 1982 (Pub. L. 97–365). The Department shall comply with provisions of the Debt Collection Act, including disclosure to consumer reporting agencies and use of collection agencies, where appropriate, to effect repayment.

§ 171.17 Waiver or reduction of fees.

(a) Fees otherwise chargeable in connection with a request for disclosure of a record shall be waived or reduced where it is determined that disclosure is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the Government and is not primarily in the commercial interest of the requester.

(1) In order to determine whether disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government, the Department will consider the following four factors:

(i) The subject of the request, i.e., whether the subject of the requested records concerns the operations or activities of the government;

(ii) The informative value of the information to be disclosed, i.e., whether the disclosure is likely to contribute to an understanding of government operations or activities;

(iii) The contribution to an understanding of the subject by the general public likely to result from disclosure, i.e., whether disclosure of the requested information will contribute to public understanding, including whether the requester has expertise in the subject
area as well as the intention and ability to disseminate the information to the public; and

(iv) The significance of the contribution to public understanding, i.e., whether the disclosure is likely to contribute significantly to public understanding of government operations or activities.

(2) In order to determine whether disclosure of the information is not primarily in the commercial interest of the requester, the Department will consider the following two factors:

(i) The existence and magnitude of a commercial interest, i.e., whether the requester has a commercial interest that would be furthered by the requested disclosure; and, if so,

(ii) The primary interest in disclosure, i.e., whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is primarily in the commercial interest of the requester.

(b) The Department may refuse to consider waiver or reduction of fees for requesters (persons or organizations) from whom unpaid fees remain owed to the Department for another information access request.

(c) Where only some of the records to be released satisfy the requirements for a waiver or reduction of fees, a waiver or reduction shall be granted for only those records.

(d) The Department’s decision to refuse to waive or reduce fees may be appealed in accordance with §171.51.

shall be subject to declassification re-
view upon request by a member of the
public or a U.S. government employee
or agency with the following excep-
tions:

(1) Information originated by the in-
cumbent President or, in the perform-
ance of executive duties, the incum-
ent Vice President; the incumbent
President’s White House staff or, in the
performance of executive duties, the
incumbent Vice President’s staff; com-
mittees, commissions, or boards ap-
pointed by the incumbent President;
other entities within the Executive Of-
fice of the President that solely advise
and assist the incumbent President;

(2) Information that is the subject of
litigation;

(3) Information that has been re-
viewed for declassification within the
past two years; and

(4) Information exempted from
search and review under the Central In-
telligence Agency Information Act.

(b) Requests. Requests for mandatory
declassification review should be ad-
dressed to the Information and Privacy
Coordinator at the address given in
Sec. 171.5. E-mail requests are not ac-
cepted at this time.

(c) Mandatory declassification review
and the FOIA. A mandatory declas-
sification review request is separate
and distinct from a request for records
under the FOIA. When a requester sub-
mits a request under both mandatory
declassification review and the FOIA,
the Department shall require the re-
quester to elect review under one proc-
ess or the other. If the requester fails
to make such election, the request will
be under the process that would result
in the greatest disclosure unless the in-
formation requested is subject to only
mandatory declassification review.

(d) Description of information sought.
In order to be processed, a request for
declassification review must describe
the document or the material con-
taining the information sought with
sufficient specificity to enable the De-
partment to locate the document or
material with a reasonable amount of
effort. Whenever a request does not suf-

(f) Processing. In responding to man-
datory declassification review re-
quests, the Department shall make a
review determination as promptly as
possible and notify the requester ac-
cordingly. When the requested informa-
tion cannot be declassified in its en-
tirety, the Department shall release all
meaningful portions that can be declas-
sified and that are not exempt from
disclosure on other grounds (see
§ 171.25).

(g) Other agency information. When
the Department receives a request for
information in its possession that was
originally classified by another agency,
it shall refer the request and the perti-
\ent information to the other agency
for processing unless that agency has
agreed that the Department may re-
view such information for declasifica-
tion on behalf of that agency. The De-
partment may, after consultation with
the other agency, inform the requester
of the referral unless association of the
other agency with the information is
itself classified.

(h) Foreign government information. In
the case of a request for material con-
taining foreign government informa-
tion, the Department, if it is also the
agency that initially received the for-
eign government information, shall de-
termine whether the information may
be declassified and may, if appropriate,
consult with the relevant foreign government on that issue. If the Department is not the agency that initially received the foreign government information, it shall refer the request to the original receiving agency for direct response to the requester.

(i) Cryptologic and intelligence information. Mandatory declassification review requests for cryptologic information shall be processed in accordance with special procedures established by the Secretary of Defense, and such requests for information concerning intelligence activities or intelligence sources and methods shall be processed in accordance with special procedures established by the Director of Central Intelligence.

§ 171.22 Appeals.

Any denial of a mandatory declassification review request may be appealed to the Department’s Appeals Review Panel in accordance with §171.52. A denial by the Appeals Review Panel of a mandatory declassification review appeal may be further appealed to the Interagency Security Classification Appeals Panel.

§ 171.23 Declassification in the public interest.

It is presumed that information that continues to meet classification requirements requires continued protection. In exceptional cases, however, the need to protect such information may be outweighed by the public interest in disclosure of the information, and in these cases the information should be declassified. When such questions arise, they shall be referred to the senior Department official with Top Secret authority having primary jurisdiction over the information in question. That official, after consultation with the Assistant Secretary for Public Affairs, will determine whether the public interest in disclosure outweighs the damage to national security that reasonably could be expected from disclosure. If the determination is made that the information should be declassified and disclosed, that official will make such a recommendation to the Secretary or the senior agency official who shall make the decision on declassification and disclosure. This provision does not amplify or modify the substantive criteria or procedures for classification or create any substantive or procedural right subject to judicial review.

§ 171.24 Access by historical researchers and certain former government personnel.

(a) The restriction in E.O. 12958 and predecessor orders on limiting access to classified information to individuals who have a need-to-know the information may be waived, under the conditions set forth below, for persons who:

(1) Are engaged in historical research projects;

(2) Have served as Presidential or Vice Presidential appointees as defined in §171.20(j), or

(3) Served as President or Vice President.

(b) Requests by such persons must be submitted in writing to the Information and Privacy Coordinator at the address set forth in §171.5 and must include a general description of the records sought, the time period covered by the request, and an explanation why access is sought. Requests for access by such requesters may be granted if:

(1) The Secretary or the Senior Agency Official determines in writing that access is consistent with the interests of national security;

(2) The requester agrees in writing to safeguard the information from unauthorized disclosure or compromise;

(3) The requester submits a statement in writing authorizing the Department to review any notes and manuscripts created as a result of access;

(4) The requester submits a statement in writing that any information obtained from review of the records will not be disseminated without the express written permission of the Department;

(c) If a requester uses a research assistant, the requester and the research assistant must both submit a statement in writing acknowledging that the same access conditions set forth in paragraph (b)(4) of this section apply to the research assistant. Such a research assistant must be working for the applicant and not gathering information for publication on his or her own behalf.
(d) Access granted under this section shall be limited to items the appointee originated, reviewed, signed, or received while serving as a Presidential or Vice Presidential appointee or as President or Vice President.

(e) Such requesters may seek declassification and release of material to which they have been granted access under this section through either the FOIA or the mandatory declassification review provisions of E.O. 12958. Such requests shall be processed in the order received, along with other FOIA and mandatory declassification review requests, and shall be subject to the fees applicable to FOIA requests.

§ 171.25 Applicability of other laws.

Exemptions from disclosure set forth in the Freedom of Information Act, the Privacy Act, and other statutes or privileges protecting information from disclosure recognized in discovery or other such litigation-related procedures may be applied to withhold information declassified under the provisions of this subpart.

Subpart D—Privacy Act Provisions

§ 171.30 Purpose and scope.

This subpart contains the rules that the Department follows under the Privacy Act of 1974, 5 U.S.C. 552a. These rules should be read together with the Privacy Act, which provides additional information about records maintained on individuals. The rules in this subpart apply to all records in systems of records maintained by the Department that are retrieved by an individual’s name or personal identifier. They describe the procedures by which individuals may request access to records about themselves, request amendment or correction of those records, and request an accounting of disclosures of those records by the Department. If any records retrieved pursuant to an access request under the Privacy Act are found to be exempt from disclosure under that Act, they will be processed for possible disclosure under the Freedom of Information Act (FOIA), 5 U.S.C. 552. No fees shall be charged for access to or amendment of Privacy Act records.

§ 171.32 Request for access to records.

(a) Description of records sought. All requests for access to a record must reasonably describe the System of Records and the individual’s record within the system in sufficient detail to permit identification of the requested record. At a minimum, requests should include the individual’s full name (including maiden name, if appropriate) and any other names used, present mailing address and ZIP Code, date and place of birth, and any other information that might help in identifying the record. Helpful data includes the approximate time period of the
record the circumstances that give the individual reason to believe that the Department of State maintains a record under the individual's name or personal identifier. In certain instances, it may be necessary for the Department to request additional information from the requester, either to ensure a full search, or to ensure that a record retrieved does in fact pertain to the individual.

(b) Verification of personal identity. The Department will require reasonable identification of individuals requesting records under the Privacy Act to ensure that records are disclosed only to the proper persons. Requesters must state their full name, current address, date and place of birth, and, at the requester's option, social security number. The request must be signed, and the requester's signature must be either notarized or submitted under penalty of perjury (28 U.S.C. 1746) as a substitute for notarization. If the requester seeks records under another name the requester has used, a statement, under penalty of perjury, that the requester has also used the other name must be included.

(c) Third party access. The Department shall allow third party access to records under certain conditions:

(1) Parents. Upon presentation of documentation of the parental relationship, a parent of a minor (an unmarried person under the age of 18) may, on behalf of the minor, request records pertaining to the minor and the Department may, in its discretion, disclose such records to the parent to the extent determined by the Department to be appropriate in the circumstances of the case. In any case, minors may request such records on their own behalf.

(2) Guardians. A guardian of a minor or of an individual who has been declared by a court to be incompetent may act for and on behalf of the minor or the incompetent individual upon presentation of appropriate documentation of the guardian relationship.

(3) Authorized representatives or designees. When an individual wishes to authorize another person or persons access to his or her records, the individual shall submit, in addition to the identifying information described in paragraph (b) of this section, a signed statement, either notarized or made under penalty of perjury, authorizing and consenting to access by a designated person or persons. Such requests shall be processed under the FOIA (see §171.12).

(d) Records relating to civil actions. Nothing in this subpart entitles an individual to access to any information compiled in reasonable anticipation of a civil action or proceeding.

(e) Time limits. The Department will acknowledge the request promptly and furnish the requested information as soon as possible thereafter.

(f) Information on amending records. At the time the Department grants access to a record, it will also furnish guidelines for requesting amendment of a record. These guidelines may also be obtained by writing to the Information and Privacy Coordinator at the address given in §171.5. The guidelines are also available in the reading room described in §171.3 and in the electronic reading room described in §171.4.

§171.33 Request to amend or correct records.

(a) An individual has the right to request that the Department amend a record pertaining to the individual that the individual believes is not accurate, relevant, timely, or complete.

(b) Requests to amend records must be in writing and mailed or delivered to the Information and Privacy Coordinator, at the address given in §171.5, who will coordinate the review of the request with the appropriate offices of the Department. The Department will require verification of personal identity as provided in §171.32(b) before it will initiate action to amend a record. Amendment requests should contain, as a minimum, identifying information needed to locate the record in question, a description of the specific correction requested, and an explanation of why the existing record is not accurate, relevant, timely, or complete. The requester should submit as much pertinent documentation, other information, and explanation as possible to support the request for amendment.

(c) All requests for amendments to records will be acknowledged within 10
days (excluding Saturdays, Sundays, and legal public holidays).

(d) In reviewing a record in response to a request to amend, the Department shall review the record to determine if it is accurate, relevant, timely, and complete.

(e) If the Department agrees with an individual’s request to amend a record, it shall:

(1) Advise the individual in writing of its decision;
(2) Amend the record accordingly; and
(3) If an accounting of disclosure has been made, advise all previous recipients of the record of the amendment and its substance.

(f) If the Department denies, in whole or in part, the individual’s amendment request, it shall advise the individual in writing of its decision, of the reason therefore, and of the individual’s right to appeal the denial in accordance with §171.52.

§ 171.34 Request for an accounting of record disclosures.

(a) How made. Except where accountings of disclosures are not required to be kept, as set forth in paragraph (b) of this section, an individual has a right to request an accounting of any disclosure that the Department has made to another person, organization, or agency of any record about an individual. This accounting shall contain the date, nature, and purpose of each disclosure as well as the name and address of the recipient of the disclosure. Any request for accounting should identify each particular record in question and may be made by writing directly to the Information and Privacy Coordinator at the address given in §171.5.

(b) Where accountings not required. The Department is not required to keep an accounting of disclosures in the case of:

§ 171.35 Denials of requests; appeals.

If the Department denies a request for access to Privacy Act records, for amendment of such records, or for an accounting of disclosure of such records, the requester shall be informed of the reason for the denial and of the right to appeal the denial to the Appeals Review Panel in accordance with §171.52.

§ 171.36 Exemptions.

Systems of records maintained by the Department are authorized to be exempted from certain provisions of the Privacy Act under both general and specific exemptions set forth in the Act. In utilizing these exemptions, the Department is exempting only those portions of systems that are necessary for the proper functioning of the Department and that are consistent with the Privacy Act. Where compliance would not appear to interfere with or adversely affect the law enforcement process, and/or where it may be appropriate to permit individuals to contest the accuracy of the information collected, e.g., public source materials, the applicable exemption may be waived, either partially or totally, by the Department or the OIG, in the sole discretion of the Department or the OIG, as appropriate.

(a) General exemptions. (1) Individuals may not have access to records maintained by the Department that were provided by another agency that has determined by regulation that such information is subject to general exemption under 5 U.S.C. 552a(j)(1). If such exempt records are the subject of an access request, the Department will advise the requester of their existence and of the name and address of the source agency, unless that information is itself exempt from disclosure.
(2) The systems of records maintained by the Bureau of Diplomatic Security (STATE–36), the Office of the Inspector General (STATE–53), and the
§ 171.36  Information Access Program Records system (STATE–35) are subject to general exemption under 5 U.S.C. 552a(j)(2).
All records contained in record system STATE–36, Security Records, are exempt from all provisions of the Privacy Act except sections (b), (c)(1) and (2), (e)(4)(A) through (F), (e)(6), (7), (9), (10), and (11), and (i) to the extent to which they meet the criteria of section (j)(2). These exemptions are necessary to ensure the effectiveness of the investigative, judicial, and protective processes.
All records contained in STATE–53, records of the Inspector General and Automated Individual Cross-Reference System, are exempt from all of the provisions of the Privacy Act except sections (b), (c)(1) and (2), (e)(4)(A) through (F), (e)(6), (7), (9), (10), and (11), and (i) to the extent to which they meet the criteria of section (j)(2). These exemptions are necessary to ensure the proper functions of the law enforcement activity, to protect confidential sources of information, to fulfill promises of confidentiality, to prevent interference with the enforcement of criminal laws, to avoid the disclosure of investigative techniques, to avoid the endangering of the life and safety of any individual, to avoid premature disclosure of the knowledge of potential criminal activity and the evidentiary bases of possible enforcement actions, and to maintain the integrity of the law enforcement process. All records contained in the Information Access Program Records system (STATE–35) are exempt from all of the provisions of the Privacy Act except sections (b), (c)(1) and (2), (e)(4)(A) through (F), (e)(6), (7), (9), (10), and (11), and (i) to the extent to which they meet the criteria of section (j)(2). These exemptions are necessary to ensure the protection of law enforcement information retrieved from various sources in response to information access requests.
(b) Specific exemptions. Portions of the following systems of records are exempted from 5 U.S.C. 552a (c)(3), (d), (e)(1), and (4), (G), (H), and (I), and (f). The names of the systems correspond to those published in the Federal Register by the Department.

§ 171.40 Purpose and scope.

This subpart sets forth the regulations under which persons may request access to the public financial disclosure reports of employees of the Department as well as limits to such requests and use of such information. The Ethics in Government Act 1978, as amended, and the Office of Government Ethics implementing regulations, 5 CFR part 2634, require that high-level Federal officials disclose publicly their personal financial interests.

§ 171.41 Covered employees.

(a) Officers and employees (including special Government employees as defined in 18 U.S.C. 202) whose positions are classified at grades GS-16 and above of the General Schedule, or the rate of basic pay for which is fixed, other than under the General Schedule, at a rate equal to or greater than the 120% of the minimum rate of basic pay for GS-15 of the General Schedule;

(b) Officers or employees in any other positions determined by the Director of the Office of Government Ethics to be of equal classification to GS-16;

Requests for access to public financial disclosure reports of covered employees should be made in writing to the Information and Privacy Coordinator at the address given in § 171.5 setting forth:

(a) The name and/or position title of the Department of State official who is the subject of the request,

(b) The time period covered by the report requested,

(c) A completed Office of Government Ethics request form, OGE Form 201, October, 1999. This form may be obtained by writing to the Information and Privacy Coordinator or by visiting the Public Reading Room described in § 171.3 or www.usoge.gov.

§ 171.43 Time limits and fees.

(a) Reports shall be made available within thirty (30) days from receipt of a request by the Department. The Department does not charge a fee for a single copy of a public financial report. However, the Department will charge for additional copies of a report at a rate of 15 cents per page plus the actual direct cost of mailing the reports. However, the Department will not charge for individual requests if the total charge would be $10.00 or less.
(b) A report shall be retained by the Department and made available to the public for a period of six (6) years after receipt of such report. After such a six year period, the report shall be destroyed, unless needed in an ongoing investigation, except that those reports filed by individuals who are nominated for office by the President to a position that requires the advice and consent of the Senate, and who subsequently are not confirmed by the Senate, will be retained and made available for a one-year period, and then destroyed, unless needed in an ongoing investigation.

§ 171.44 Improper use of reports.

(a) The Attorney General may bring a civil action against any person who obtains or uses a financial disclosure report:
(1) For any unlawful purpose;
(2) For any commercial purpose, other than for news or community dissemination to the general public;
(3) For determining or establishing the credit rating of any individual;
(4) For use, directly or indirectly, in the solicitation of money for any political, charitable, or other purpose.
(b) The court in which such action is brought may assess a civil penalty not to exceed $10,000 against any person who obtains or uses the reports for these prohibited purposes. Such remedy shall be in addition to any other remedy available under statutory or common law.

Subpart F—Appeal Procedures

§ 171.50 Appeal of denials of expedited processing.

(a) A denial of a request for expedited processing may be appealed to the Chief of the Requester Liaison Division of the office of the Information and Privacy Coordinator at the address given in §171.5 within 30 days of receipt of the denial. Appeals should contain as much information and documentation as possible to support the request for expedited processing in accordance with the criteria set forth in §171.12(b)
(b) The Requester Liaison Division Chief will issue a final decision in writing within ten (10) days from the date on which the office of the Information and Privacy Coordinator receives the appeal.

(b) The Requester Liaison Division Chief will issue a final decision in writing within 30 days from the date on which the office of the Information and Privacy Coordinator receives the appeal.

§ 171.52 Appeal of denial of access to, declassification of, amendment of, accounting of disclosures of, or challenge to classification of records.

(a) Right of administrative appeal. Except for records that have been reviewed and withheld within the past two years or are the subject of litigation, any requester whose request for access to records, declassification of records, amendment of records, accounting of disclosures of records, or any authorized holder of classified information whose classification challenge has been denied, has a right to appeal the denial to the Department’s Appeals Review Panel. This appeal right includes the right to appeal the determination by the Department that no records responsive to an access request exist in Department files. Privacy Act appeals may be made only by the individual to whom the records pertain.
(b) Form of appeal. There is no required form for an appeal. However, it is essential that the appeal contain a clear statement of the decision or determination by the Department being appealed. When possible, the appeal should include argumentation and documentation to support the appeal and to contest the bases for denial cited by the Department. The appeal should be sent to: Chairman, Appeals Review
Panel, c/o Information and Privacy Coordinator/Appeals Officer, at the address given in §171.5.

(c) Time limits. The appeal should be received within 60 days of the date of receipt by the requester of the Department’s denial. The time limit for response to an appeal begins to run on the day that the appeal is received. The time limit (excluding Saturdays, Sundays, and legal public holidays) for agency decision on an administrative appeal is 20 days under the FOIA (which may be extended for up to an additional 10 days in unusual circumstances) and 30 days under the Privacy Act (which the Panel may extend an additional 30 days for good cause shown). The Panel shall decide mandatory declassification review appeals as promptly as possible.

(d) Notification to appellant. The Chairman of the Appeals Review Panel shall notify the appellant in writing of the Panel’s decision on the appeal. When the decision is to uphold the denial, the Chairman shall include in his notification the reasons therefore. The appellant shall be advised that the decision of the Panel represents the final decision of the Department and of the right to seek judicial review of the Panel’s decision, when applicable. In mandatory declassification review appeals, the Panel shall advise the requester of the right to appeal the decision to the Interagency Security Classification Appeals Panel under §3.5(d) of E.O. 12958.

(e) Procedures in Privacy Act amendment cases. (1) If the Panel’s decision is that a record shall be amended in accordance with the appellant’s request, the Chairman shall direct the office responsible for the record to amend the record, advise all previous recipients of the record of the amendment and its substance if an accounting of disclosure has been made, and so advise the individual in writing.

(2) If the Panel’s decision is that the request of the appellant to amend the record is denied, in addition to the notification required by paragraph (d) of this section, the Chairman shall advise the appellant:

(i) Of the right to file a concise statement of the reasons for disagreeing with the decision of the Department;

(ii) Of the procedures for filing the statement of disagreement;

(iii) That any statement of disagreement that is filed will be made available to anyone to whom the record is subsequently disclosed, together with, at the discretion of the Department, a brief statement by the Department summarizing its reasons for refusing to amend the record;

(iv) That prior recipients of the disputed record will be provided a copy of any statement of disagreement, to the extent that an accounting of disclosures was maintained.

(3) If the appellant files a statement under paragraph (e)(2) of this section, the Department will clearly annotate the record so that the fact that the record is disputed is apparent to anyone who may subsequently have access to the record. When information that is the subject of a statement of dispute filed by an individual is subsequently disclosed, the Department will note that the information is disputed and provide a copy of the individual’s statement. The Department may also include a brief summary of reasons for not amending the record when disclosing disputed information. Copies of the Department’s statement shall be treated as part of the individual’s record for granting access; however, it will not be subject to amendment by an individual under these regulations.

PART 172—SERVICE OF PROCESS; PRODUCTION OR DISCLOSURE OF OFFICIAL INFORMATION IN RESPONSE TO COURT ORDERS, SUBPOENAS, NOTICES OF DEPOSITIONS, REQUESTS FOR ADMISSIONS, INTERROGATORIES, OR SIMILAR REQUESTS OR DEMANDS IN CONNECTION WITH FEDERAL OR STATE LITIGATION; EXPERT TESTIMONY

Sec.
172.1 Purpose and scope; definitions.
172.2 Service of summonses and complaints.
172.3 Service of subpoenas, court orders, and other demands or requests for official information or action.
172.4 Testimony and production of documents prohibited unless approved by appropriate Department officials.
§ 172.1 Purpose and scope; definitions.

(a) This part sets forth the procedures to be followed with respect to:

(1) Service of summonses and complaints or other requests or demands directed to the Department of State (Department) or to any Department employee or former employee in connection with federal or state litigation arising out of or involving the performance of official activities of the Department; and

(2) The oral or written disclosure, in response to subpoenas, orders, or other requests or demands of federal or state judicial or quasi-judicial authority (collectively, “demands”), whether civil or criminal in nature, or in response to requests for depositions, affidavits, admissions, responses to interrogatories, document production, or other litigation-related matters, pursuant to the Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure, or applicable state rules (collectively, “requests”), of any material contained in the files of the Department, any information relating to material contained in the files of the Department, or any information acquired while the subject of the demand or request is or was an employee of the Department as part of the performance of that person’s duties or by virtue of that person’s official status.

(b) For purposes of this part, and except as the Department may otherwise determine in a particular case, the term employee includes the Secretary and former Secretaries of State, and all employees and former employees of the Department of State or other federal agencies who were or were appointed by, or subject to the supervision, jurisdiction, or control of the Secretary of State or his Chiefs of Mission, whether residing or working in the United States or abroad, including United States nationals, foreign nationals, and contractors.

(c) For purposes of this part, the term litigation encompasses all pre-trial, trial, and post-trial stages of all judicial or administrative actions, hearings, investigations, or similar proceedings before courts, commissions, boards (including the Board of Appellate Review), or other judicial or quasi-judicial bodies or tribunals, whether criminal, civil, or administrative in nature. This part governs, inter alia, responses to discovery requests, depositions, and other pre-trial, trial, or post-trial proceedings, as well as responses to informal requests by attorneys or others in situations involving litigation. However, this part shall not apply to any claims by Department of State employees (present or former), or applicants for Department employment, for which jurisdiction resides with the U.S. Equal Employment Opportunity Commission; the U.S. Merit Systems Protection Board; the Office of Special Counsel; the Federal Labor Relations Authority; the Foreign Service Labor Relations Board; the Foreign Service Grievance Board; or a labor arbitrator operating under a collective bargaining agreement between the Department and a labor organization representing Department employees; or their successor agencies or entities.

(d) For purposes of this part, official information means all information of any kind, however stored, that is in the custody and control of the Department, or any information acquired while the subject of the demand or request is or was an employee of the Department as part of the performance of that person’s duties or by virtue of that person’s official status.

(e) Nothing in this part affects disclosure of information under the Freedom of Information Act (FOIA), 5 U.S.C. 552, the Privacy Act, 5 U.S.C. 552a, Executive Order 12356 on national security information (3 CFR, 1982 Comp., p. 166), the Government in the Sunshine Act, 5
§ 172.2 Service of summonses and complaints.

(a) Only the Executive Office of the Office of the Legal Adviser (L/EX) is authorized to receive and accept summonses or complaints sought to be served upon the Department or Department employees. All such documents should be delivered or addressed to The Executive Office, Office of the Legal Adviser, room 5519, United States Department of State, 2201 C Street, NW., Washington, DC 20520–6310.

(b) In the event any summons or complaint described in §172.1(a) is delivered to an employee of the Department other than in the manner specified in this part, such attempted service shall be ineffective, and the recipient thereof shall either decline to accept the proffered service or return such document under cover of a written communication which directs the person attempting to make service to the procedures set forth herein.

§ 172.3 Service of subpoenas, court orders, and other demands or requests for official information or action.

(a) Except in cases in which the Department is represented by legal counsel who have entered an appearance or otherwise given notice of their representation, only L/EX is authorized to receive and accept subpoenas, or other demands or requests directed to the Department or its employees except as provided by statute or other applicable law.

(f) This part is intended only to inform the public about Department procedures concerning the service of process and responses to demands or requests and is not intended to and does not create, and may not be relied upon to create any right or benefit, substantive or procedural, enforceable at law by a party against the Department or the United States.

(g) Nothing in this part affects:

(1) The disclosure of information during the course of legal proceedings in non-United States courts, commissions, boards, or other judicial or quasi-judicial bodies or tribunals; or

(2) The rules and procedures, under applicable U.S. law and international conventions, governing diplomatic and consular immunity.

(h) Nothing in this part affects the disclosure of official information to other federal agencies or Department of Justice attorneys in connection with litigation conducted on behalf or in defense of the United States, its agencies, officers, and employees, or to federal, state, local, or foreign prosecuting and law enforcement authorities in conjunction with criminal law enforcement investigations, prosecutions, or other proceedings, e.g., extradition, deportation.

§ 172.2 U.S.C. 552b, the Department’s implementing regulations in 22 CFR part 171 or pursuant to congressional subpoena. Nothing in this part otherwise permits disclosure of information by the Department or its employees except as provided by statute or other applicable law.

(f) This part is intended only to inform the public about Department procedures concerning the service of process and responses to demands or requests and is not intended to and does not create, and may not be relied upon to create any right or benefit, substantive or procedural, enforceable at law by a party against the Department or the United States.

(g) Nothing in this part affects:

(1) The disclosure of information during the course of legal proceedings in non-United States courts, commissions, boards, or other judicial or quasi-judicial bodies or tribunals; or

(2) The rules and procedures, under applicable U.S. law and international conventions, governing diplomatic and consular immunity.

(h) Nothing in this part affects the disclosure of official information to other federal agencies or Department of Justice attorneys in connection with litigation conducted on behalf or in defense of the United States, its agencies, officers, and employees, or to federal, state, local, or foreign prosecuting and law enforcement authorities in conjunction with criminal law enforcement investigations, prosecutions, or other proceedings, e.g., extradition, deportation.

(f) This part is intended only to inform the public about Department procedures concerning the service of process and responses to demands or requests and is not intended to and does not create, and may not be relied upon to create any right or benefit, substantive or procedural, enforceable at law by a party against the Department or the United States.

(g) Nothing in this part affects:

(1) The disclosure of information during the course of legal proceedings in non-United States courts, commissions, boards, or other judicial or quasi-judicial bodies or tribunals; or

(2) The rules and procedures, under applicable U.S. law and international conventions, governing diplomatic and consular immunity.

(h) Nothing in this part affects the disclosure of official information to other federal agencies or Department of Justice attorneys in connection with litigation conducted on behalf or in defense of the United States, its agencies, officers, and employees, or to federal, state, local, or foreign prosecuting and law enforcement authorities in conjunction with criminal law enforcement investigations, prosecutions, or other proceedings, e.g., extradition, deportation.
§ 172.5 Procedure when testimony or production of documents is sought; general.

(a) If official Department information is sought, through testimony or otherwise, by a request or demand, the party seeking such release or testimony must (except as otherwise required by federal law or authorized by the Office of the Legal Adviser) set forth in writing, and with as much specificity as possible, the nature and
§ 172.6 Procedure when response to demand is required prior to receiving instructions.

(a) If a response to a demand is required before the appropriate Department official designated in §172.4 renders a decision, the Department will request that either a Department of Justice attorney or a Department attorney designated for the purpose:

1. Appear with the employee upon whom the demand has been made;

2. Furnish the court or other authority with a copy of the regulations contained in this part;

3. Inform the court or other authority that the demand has been, or is being, as the case may be, referred for the prompt consideration of the appropriate Department official; and

4. Respectively request the court or authority to stay the demand pending receipt of the requested instructions.

(b) In the event that an immediate demand for production or disclosure is made in circumstances which would preclude the proper designation or appearance of a Department of Justice or Department attorney on the employee’s behalf, the employee shall respectfully request the demanding court or authority for a reasonable stay of proceedings for the purpose of obtaining instructions from the Department.

§ 172.7 Procedure in the event of an adverse ruling.

If the court or other judicial or quasi-judicial authority declines to stay the effect of the demand in response to a request made pursuant to §172.6, or if the court or other authority rules that the demand must be complied with irrespective of the Department’s instructions not to produce the material or disclose the information sought, the employee upon whom the demand has been made shall respectfully decline to comply with the demand, citing this part and United States ex rel. Touhy v. Ragen, 340 U.S. 462 (1951).

§ 172.8 Considerations in determining whether the Department will comply with a demand or request.

(a) In deciding whether to comply with a demand or request, Department officials and attorneys shall consider, among others:

1. Whether such compliance would be unduly burdensome or otherwise inappropriate under the applicable rules of discovery or the rules of procedure governing the case or matter in which the demand arose;

2. Whether compliance is appropriate under the relevant substantive law concerning privilege or disclosure of information;

3. The public interest;

4. The need to conserve the time of Department employees for the conduct of official business;

5. The need to avoid spending the time and money of the United States for private purposes;
(6) The need to maintain impartiality between private litigants in cases where a substantial government interest is not implicated;
(7) Whether compliance would have an adverse effect on performance by the Department of its mission and duties; and
(8) The need to avoid involving the Department in controversial issues not related to its mission.

(b) Among those demands and requests in response to which compliance will not ordinarily be authorized are those with respect to which, *inter alia*, any of the following factors exist:
(1) Compliance would violate a statute or a rule of procedure;
(2) Compliance would violate a specific regulation or executive order;
(3) Compliance would reveal information properly classified in the interest of national security;
(4) Compliance would reveal confidential commercial or financial information or trade secrets without the owner’s consent;
(5) Compliance would reveal the internal deliberative processes of the Executive Branch; or
(6) Compliance would potentially impede or prejudice an ongoing law enforcement investigation.

§ 172.9 Prohibition on providing expert or opinion testimony.

(a) Except as provided in this section, and subject to 5 CFR 2635.805, Department employees shall not provide opinion or expert testimony based upon information which they acquired in the scope and performance of their official Department duties, except on behalf of the United States or a party represented by the Department of Justice.

(b) Upon a showing by the requestor of exceptional need or unique circumstances and that the anticipated testimony will not be adverse to the interests of the United States, the appropriate Department official designated in §172.4 may, consistent with 5 CFR 2635.805, in their discretion and with the concurrence of the Office of the Legal Adviser, grant special, written authorization for Department employees to appear and testify as expert witnesses at no expense to the United States.

(c) If, despite the final determination of the appropriate Department official designated in §172.4, a court of competent jurisdiction or other appropriate authority orders the appearance and expert or opinion testimony of a Department employee, such employee shall immediately inform the Office of the Legal Adviser. If the Office of the Legal Adviser determines that no further legal review of or challenge to the court’s order will be made, the Department employee shall comply with the order. If so directed by the Office of the Legal Adviser, however, the employee shall respectfully decline to testify. See United States ex rel. Touhy v. Ragen, 340 U.S. 462 (1951).
§ 181.1 Purpose and application.

(a) The purpose of this part is to implement the provisions of 1 U.S.C. 112a and 112b, popularly known as the Case-Zablocki Act (hereinafter "the Act"), on the reporting to Congress, coordination with the Secretary of State and publication of international agreements. This part applies to all agencies of the U.S. Government whose responsibilities include the negotiation and conclusion of international agreements. This part does not, however, constitute a delegation by the Secretary of State of the authority to engage in such activities. Further, it does not affect any additional requirements of law governing the relationship between particular agencies and the Secretary of State in connection with international negotiations and agreements, or any other requirements of law concerning the relationship between particular agencies and the Congress. The term agency as used in this part means each authority of the United States Government, whether or not it is within or subject to review by another agency.

(b) Pursuant to the key legal requirements of the Act—full and timely disclosure to the Congress of all concluded agreements and consultation by agencies with the Secretary of State with respect to proposed agreements—every agency of the Government is required to comply with each of the provisions set out in this part in implementation of the Act. Nevertheless, this part is intended as a framework of measures and procedures which, it is recognized, cannot anticipate all circumstances or situations that may arise. Deviation or derogation from the provisions of this part will not affect the legal validity, under United States law or under international law, of agreements concluded, will not give rise to a cause of action, and will not affect any public or private rights established by such agreements.

§ 181.2 Criteria.

(a) General. The following criteria are to be applied in deciding whether any undertaking, oral agreement, document, or set of documents, including an exchange of notes or of correspondence, constitutes an international agreement within the meaning of the Act, as well as within the meaning of 1 U.S.C. 112a, requiring the publication of international agreements. Each of the criteria except those in paragraph (a)(5) of this section must be met in order for any given undertaking of the United States to constitute an international agreement.

(1) Identity and intention of the parties. A party to an international agreement must be a state, a state agency, or an intergovernmental organization. The parties must intend their undertaking to be legally binding, and not merely of political or personal effect. Documents intended to have political or moral weight, but not intended to be legally binding, are not international agreements. An example of the latter is the Final Act of the Helsinki Conference on Cooperation and Security in Europe. In addition, the parties must intend their undertaking to be governed by international law, although this intent need not be manifested by a third-party dispute settlement mechanism or any express reference to international law. In the absence of any provision in
the arrangement with respect to governing law, it will be presumed to be governed by international law. This presumption may be overcome by clear evidence, in the negotiating history of the agreement or otherwise, that the parties intended the arrangement to be governed by another legal system. Arrangements governed solely by the law of the United States, or one of the states or jurisdictions thereof, or by the law of any foreign state, are not international agreements for these purposes. For example, a foreign military sales loan agreement governed in its entirety by U.S. law is not an international agreement.

(2) **Significance of the arrangement.** Minor or trivial undertakings, even if couched in legal language and form, are not considered international agreements within the meaning of the Act or of 1 U.S.C. 112a. In deciding what level of significance must be reached before a particular arrangement becomes an international agreement, the entire context of the transaction and the expectations and intent of the parties must be taken into account. The duration of the activities pursuant to the undertaking or the duration of the undertaking itself shall not be a factor in determining whether it constitutes an international agreement. It remains a matter of judgment based on all of the circumstances of the transaction. Determinations are made pursuant to §181.3. Examples of arrangements that may constitute international agreements are agreements that: (i) Are of political significance; (ii) involve substantial grants of funds or loans by the United States or credits payable to the United States; (iii) constitute a substantial commitment of funds that extends beyond a fiscal year or would be a basis for requesting new appropriations; (iv) involve continuing and/or substantial cooperation in the conduct of a particular program or activity, such as scientific, technical, or other cooperation, including the exchange or receipt of information and its treatment, or the pooling of data. However, individual research grants and contracts do not ordinarily constitute international agreements.

(3) **Specificity, including objective criteria for determining enforceability.** International agreements require precision and specificity in the language setting forth the undertakings of the parties. Undertakings couched in vague or very general terms containing no objective criteria for determining enforceability or performance are not normally international agreements. Most frequently such terms reflect an intent not to be bound. For example, a promise to “help develop a more viable world economic system” lacks the specificity essential to constitute a legally binding international agreement. However, the intent of the parties is the key factor. Undertakings as general as those of, for example, Articles 55 and 56 of the United Nations Charter have been held to create internationally binding obligations intended as such by the parties.

(4) **Necessity for two or more parties.** While unilateral commitments on occasion may be legally binding, they do not constitute international agreements. For example, a statement by the President promising to send money to Country Y to assist earthquake victims would not be an international agreement. It might be an important undertaking, but not all undertakings in international relations are in the form of international agreements. Care should be taken to examine whether a particular undertaking is truly unilateral in nature, or is part of a larger bilateral or multilateral set of undertakings. Moreover, “consideration,” as that term is used in domestic contract law, is not required for international agreements.

(5) **Form.** Form as such is not normally an important factor, but it does deserve consideration. Documents which do not follow the customary form for international agreements, as to matters such as style, final clauses, signatures, or entry into force dates, may or may not be international agreements. Failure to use the customary form may constitute evidence of a lack of intent to be legally bound by the arrangement. If, however, the general content and context reveal an intention to enter into a legally binding relationship, a departure from customary form will not preclude the arrangement from being an international agreement. Moreover, the title of the agreement
§ 181.3 Determinations.

(a) Whether any undertaking, document, or set of documents constitutes

will not be determinative. Decisions will be made on the basis of the substance of the arrangement, rather than on its denomination as an international agreement, a memorandum of understanding, exchange of notes, exchange of letters, technical arrangement, protocol, note verbale, aide-memoire, agreed minute, or any other name.

(b) Agency-level agreements. Agency-level agreements are international agreements within the meaning of the Act and of 1 U.S.C. 112a if they satisfy the criteria discussed in paragraph (a) of this section. The fact that an agreement is concluded by and on behalf of a particular agency of the United States Government, rather than the United States Government, does not mean that the agreement is not an international agreement. Determinations are made on the basis of the substance of the agency-level agreement in question.

(c) Implementing agreements. An implementing agreement, if it satisfies the criteria discussed in paragraph (a) of this section, may be an international agreement, depending upon how precisely it is anticipated and identified in the underlying agreement it is designed to implement. If the terms of the implementing agreement are closely anticipated and identified in the underlying agreement, only the underlying agreement is considered and international agreement. For example, the underlying agreement might call for the sale by the United States of 1000 tractors, and a subsequent implementing agreement might require a first installment on this obligation by the sale of 100 tractors of the brand X variety. In that case, the implementing agreement is sufficiently identified in the underlying agreement, and would not itself be considered an international agreement within the meaning of the Act or of 1 U.S.C. 112a. Project annexes and other documents which provide technical content for an umbrella agreement are not normally treated as international agreements. However, if the underlying agreement is general in nature, and the implementing agreement meets the specified criteria of paragraph (a) of this section, the implementing agreement might well be an international agreement. For example, if the underlying agreement calls for the conclusion of “agreements for agricultural assistance,” but without further specificity, then a particular agricultural assistance agreement subsequently concluded in “implementation” of that obligation, provided it meets the criteria discussed in paragraph (a) of this section, would constitute an international agreement independent of the underlying agreement.

(d) Extensions and modifications of agreements. If an undertaking constitutes an international agreement within the meaning of the Act and of 1 U.S.C. 112a, then a subsequent extension or modification of such an agreement would itself constitute an international agreement within the meaning of the Act and of 1 U.S.C. 112a.

(e) Oral agreements. Any oral arrangement that meets the criteria discussed in paragraphs (a)(1)–(4) of this section is an international agreement and, pursuant to section (a) of the Act, must be reduced to writing by the agency that concluded the oral arrangement. In such written form, the arrangement is subject to all the requirements of the Act and of this part. Whenever a question arises whether an oral arrangement constitutes an international agreement, the arrangement shall be reduced to writing and the decision made in accordance with §181.3.

(f) Notwithstanding the other provisions of this section, arrangements that constitute international agreements within the meaning of this section include

(1) Bilateral or multilateral counter-terrorism agreements and

(2) Bilateral agreements with a country that is subject to a determination under section 6(j)(1)(A) of the Export Administration Act of 1979 (30 U.S.C. App. 2405(j)(1)(A)), section 620A(a) of the Foreign Assistance Act of 1961 (22 U.S.C. 2371(a)), or section 40(d) of the Arms Export Control Act (22 U.S.C. 2780(d)).

or would constitute an international agreement within the meaning of the Act or of 1 U.S.C. 112a shall be determined by the Legal Adviser of the Department of State, a Deputy Legal Adviser, or in most cases the Assistant Legal Adviser for Treaty Affairs. Such determinations shall be made either on a case-by-case basis, or on periodic consultation, as appropriate.

(b) Agencies whose responsibilities include the negotiation and conclusion of international agreements are responsible for transmitting to the Assistant Legal Adviser for Treaty Affairs, for decision pursuant to paragraph (a) of this section, the texts of any document or set of documents that might constitute an international agreement. The transmittal shall be made prior to or simultaneously with the request for consultations with the Secretary of State required by subsection (c) of the Act and §181.4 of this part.

(c) Agencies whose responsibilities include the negotiation and conclusion of large numbers of agency-level and implementing arrangements at overseas posts, only a small number of which might constitute international agreements within the meaning of the Act and of 1 U.S.C. 112a, are required to transmit prior to their entry into force only the texts of the more important of such arrangements for decision pursuant to paragraph (a) of this section. The texts of all arrangements that might constitute international agreements shall, however, be transmitted to the Office of the Assistant Legal Adviser for Treaty Affairs as soon as possible, and in no event to arrive at that office later than 20 days after their signing, for decision pursuant to paragraph (a) of this section.

(d) Agencies to which paragraphs (b) and (c) of this section apply shall consult periodically with the Assistant Legal Adviser for Treaty Affairs in order to determine which categories of arrangements for which they are responsible are likely to be international agreements within the meaning of the Act and of 1 U.S.C. 112a.
the Office of the Legal Adviser, for consultation pursuant to this section, a draft text or summary of the proposed agreement, a precise citation of the Constitutional, statutory, or treaty authority for such agreement, and other background information as requested by the Department of State. The transmittal of the draft text or summary and citation of legal authority shall be made before negotiations are undertaken, or if that is not feasible, as early as possible in the negotiating process. In any event such transmittals must be made no later than 50 days prior to the anticipated date for concluding the proposed agreement. If unusual circumstances prevent this 50-day requirement from being met, the concerned agency shall use its best efforts to effect such transmittal as early as possible prior to the anticipated date for concluding the proposed agreement.

(e)(1) If a proposed agreement embodies a commitment to furnish funds, goods, or services that are beyond or in addition to those authorized in an approved budget, the agency proposing the agreement shall state what arrangements have been planned or carried out concerning consultation with the Office of Management and Budget for such commitment. The Department of State should receive confirmation that the relevant budget approved by the President provides or requests funds adequate to fulfill the proposed commitment, or that the President has made a determination to seek the required funds.

(2) If a proposed agreement embodies a commitment that could reasonably be expected to require (for its implementation) the issuance of a significant regulatory action (as defined in section 3 of Executive Order 12866), the agency proposing the arrangement shall state what arrangements have been planned or carried out concerning consultation with the Office of Management and Budget (OMB) for such commitment. The Department of State should receive confirmation that OMB has been consulted in a timely manner concerning the proposed commitment.

(f) Consultation may encompass a specific class of agreements rather than a particular agreement where a series of agreements of the same general type is contemplated; that is, where a number of agreements are to be negotiated according to a more or less standard formula, such as, for example, Pub. L. 480 Agricultural Commodities Agreements. Any agency wishing to conclude a particular agreement within a specific class of agreements about which consultations have previously been held pursuant to this section shall transmit a draft text of the proposed agreement to the Office of the Legal Adviser as early as possible but in no event later than 20 days prior to the anticipated date for concluding the agreement.

(g) The consultation requirement shall be deemed to be satisfied with respect to proposed international agreements of the United States about which the Secretary of State (or his designee) has been consulted in his capacity as a member of an interagency committee or council established for the purpose of approving such proposed agreements. Designees of the Secretary of State serving on any such interagency committee or council are to provide as soon as possible to the interested offices or bureaus of the Department of State and to the Office of the Legal Adviser copies of draft texts or summaries of such proposed agreements and other background information as requested.

(h) Before an agreement containing a foreign language text may be signed or otherwise concluded, a signed memorandum must be obtained from a responsible language officer of the Department of State or of the U.S. Government agency concerned certifying that the foreign language text and the English language text are in conformity with each other and that both texts have the same meaning in all substantive respects. The signed memorandum is to be made available to the Department of State upon request.

§ 181.5 Twenty-day rule for concluded agreements.

(a) Any agency, including the Department of State, that concludes an international agreement within the meaning of the Act and of 1 U.S.C. 112a, whether entered into in the name of the U.S. Government or in the name of the agency, must transmit the text of the concluded agreement to the Office of the Assistant Legal Adviser for Treaty Affairs as soon as possible and in no event to arrive at that office later than 20 days after the agreement has been signed. The 20-day limit, which is required by the Act, is essential for purposes of permitting the Department of State to meet its obligation under the Act to transmit concluded agreements to the Congress no later than 60 days after their entry into force.

(b) In any case of transmittal after the 20-day limit, the agency or Department of State office concerned may be asked to provide to the Assistant Legal Adviser for Treaty Affairs a statement describing the reasons for the late transmittal. Any such statements will be used, as necessary, in the preparation of the annual report on late transmittals, to be signed by the President and transmitted to the Congress, as required by subsection (b) of the Act.

§ 181.6 Documentation and certification.

(a) Transmittals of concluded agreements to the Assistant Legal Adviser for Treaty Affairs pursuant to §181.5 must include the signed or initialed original texts, together with all accompanying papers, such as agreed minutes, exchanges of notes, or side letters. The texts transmitted must be accurate, legible, and complete, and must include the texts of all languages in which the agreement was signed or initialed. Names and identities of the individuals signing or initialed the agreements, for the foreign government as well as for the United States, must, unless clearly evident in the texts transmitted, be separately provided.

(b) Agreements from overseas posts should be transmitted to the Department of State by priority airgram, marked for the attention of the Assistant Legal Adviser for Treaty Affairs, with the following notation below the enclosure line: FAIM: Please send attached original agreement to LT on arrival.

(c) Where the original texts of concluded agreements are not available, certified copies must be transmitted in the same manner as original texts. A certified copy must be an exact copy of the signed original.

(d) When an exchange of diplomatic notes between the United States and a foreign government constitutes an agreement or has the effect of extending, modifying, or terminating an agreement to which the United States is a party, a properly certified copy of the note from the United States to the foreign government, and the signed original of the note from the foreign government, must be transmitted. If, in conjunction with the agreement signed, other notes related thereto are exchanged (either at the same time, beforehand, or subsequently), properly certified copies of the notes from the United States to the foreign government must be transmitted with the signed originals of the notes from the foreign government.

(e) Copies may be certified either by a certification on the document itself, or by a separate certification attached to the document. A certification on the document itself is placed at the end of the document. It indicates, either typed or stamped, that the document is a true copy of the original signed or initialed by (insert full name of signing officer), and it is signed by the certifying officer. If a certification is typed on a separate sheet of paper, it briefly describes the document certified and states that it is a true copy of the original signed by (full name) and it is signed by the certifying officer.

§ 181.7 Transmittal to the Congress.

(a) International agreements other than treaties shall be transmitted by the Assistant Legal Adviser for Treaty Affairs to the President of the Senate and the Speaker of the House of Representatives as soon as practicable after the entry into force of such agreements, but in no event later than 60 days thereafter.
(b) Classified agreements shall be transmitted by the Assistant Legal Adviser for Treaty Affairs to the Senate Committee on Foreign Relations and to the House Committee on International Relations.

(c) The Assistant Legal Adviser for Treaty Affairs shall also transmit to the President of the Senate and to the Speaker of the House of Representatives background information to accompany each agreement reported under the Act. Background statements, while not expressly required by the act, have been requested by the Congress and have become an integral part of the reporting requirement. Each background statement shall include information explaining the agreement and a precise citation of legal authority. At the request of the Assistant Legal Adviser for Treaty Affairs, each background statement is to be prepared in time for transmittal with the agreement it accompanies by the office most closely concerned with the agreement. Background statements for classified agreements are to be transmitted by the Assistant Legal Adviser for Treaty Affairs to the Senate Committee on Foreign Affairs.

(d) Pursuant to section 12 of the Taiwan Relations Act (22 U.S.C. 3311), any agreement entered into between the American Institute in Taiwan and the governing authorities on Taiwan, or any agreement entered into between the Institute and an agency of the United States Government, shall be transmitted by the Assistant Legal Adviser for Treaty Affairs to the President of the Senate and to the Speaker of the House of Representatives as soon as practicable after the entry into force of such agreements, but in no event later than 60 days thereafter. Classified agreements entered into by the Institute shall be transmitted by the Assistant Legal Adviser for Treaty Affairs to the Senate Committee on Foreign Affairs.

§ 181.8 Publication.

(a) The following categories of international agreements will not be published in United States Treaties and Other International Agreements:

(1) Bilateral agreements for the rescheduling of intergovernmental debt payments;

(2) Bilateral textile agreements concerning the importation of products containing specified textile fibers done under the Agricultural Act of 1956, as amended;

Subpart A—General

§ 191.1 Declaration of hostile action.

(a) The Secretary of State from time to time shall declare when and where individuals in the civil or uniformed services of the United States, or a citizen or resident alien of the United States rendering personal services to the United States abroad similar to the service of a civil officer or employee of the United States, have been placed in captive status because of hostile action abroad directed against the United States and occurring or continuing between November 4, 1979, and such date as may be declared by the President under section 101(2)(A) of the Hostage Relief Act of 1980 (Pub. L. 96–449, hereafter “the Act”) or January 1, 1983, whichever is later. Each such declaration shall be published in the Federal Register.

(b) The Secretary of State upon his or her own initiative, or upon application under § 191.2 shall determine which individuals in captive status as so declared shall be considered hostages eligible for benefits under the Act. The Secretary shall also determine who is eligible under the Act for benefits as a member of a family or household of a hostage. The determination of the Secretary shall be final, but any interested person may request reconsideration on the basis of information not considered at the time of original determination. The criteria for determination are set forth in sections 101 and 205 of the Act, and in these regulations.

§ 191.2 Application for determination of eligibility.

(a) Any person who believes that they or other persons known to them are either hostages as defined in the Act, or members of the family or household of hostages as defined in § 191.3(a)(1), or a child eligible for benefits under subpart D, may apply for benefits under this subchapter for themselves, or on behalf of others entitled thereto.

(b) The application shall be in writing, should contain all identifying and other pertinent data available to the person applying about the person or persons claimed to be eligible, and should be addressed to the Assistant Secretary of State for Administration, Department of State, Washington, DC 20520. Applications may be filed at any time after publication of a declaration under §191.1(a) in the Federal Register, and during the period of its validity, or within 60 days after release from captivity. Later filing may be considered when in the opinion of the Secretary of State there is good cause for the late filing.
§ 191.3 Definitions.

When used in this subchapter, unless otherwise specified, the terms—

(a) **Family member** means (1) a spouse, (2) an unmarried dependent child including a step-child or adopted child, (3) a person designated in official records or determined by the agency head or designee thereof to be a dependent, or (4) other persons such as parents, parents-in-law, persons who stand in the place of a spouse or parents, or other members of a household when fully justified by the circumstances of the hostage situation, as determined by the Secretary of State.

(b) **Agency head** means the head of an agency as defined in the Act (or successor agency) employing an individual determined to be an American hostage. The Secretary of State is the agency head with respect to any hostage not employed by an agency.

(c) **Principal** means the hostage whose captivity forms the basis for benefits under this subchapter for a family member.

§ 191.4 Notification of eligible persons.

The Assistant Secretary of State for Administration shall be responsible for notifying each individual determined to be eligible for benefits under the Act, or, if that person is not available, a representative or Family Member of the hostage.

§ 191.5 Relationships among agencies.

(a) The Assistant Secretary of State for Administration shall promptly inform the head of any agency whenever an employee (including a member of the Armed Forces) in that agency, or Family Member of such employee, is determined to be eligible for benefits under this subchapter.

(b) In accordance with inter-agency agreements between the Department of State and relevant agencies—

(1) The Veterans Administration will periodically bill the Department of State for expenses it pays for each eligible person under part D of this subchapter plus the administrative costs of carrying out its responsibilities under this part.

(2) The Department of State will, on a periodic basis, determine the cost for services and benefits it provides to all eligible persons under this subchapter and bill each agency for the costs attributable to Principals (and Family Members) in or acting on behalf of the agency plus a proportionate share of related administrative expenses.

§ 191.6 Effective date.

This regulation is effective as of November 4, 1979. Reimbursement may be made for expenses approved under this subchapter for services rendered on or after such date.

Subpart B—Application of Soldiers' and Sailors' Civil Relief Act

§ 191.10 Eligibility for benefits.

A person designated as a hostage under subpart A of this subchapter, other than a member of the Armed Forces covered by the provisions of the Soldiers' and Sailors' Civil Relief Act of 1940, shall be eligible for benefits under this part.

§ 191.11 Applicable benefits.

(a) Eligible persons are entitled to the benefits provided by the Soldiers' and Sailors' Civil Relief Act of 1940 (50 U.S.C. App. 501, et seq.), including the benefits provided by section 701 (50 U.S.C. App. 591) notwithstanding paragraph (c) thereof, but excluding the benefits provided by sections 104, 105, 106, 400 through 408, 501 through 512, and 514 (50 U.S.C. App. 514, 515, 516, 540 through 548, 561 through 572, and 574).

(b) In applying such Act for purposes of this section—

(1) The term “person in the military service” is deemed to include any such American hostage;

(2) The term “period of military service” is deemed to include the period during which such American hostage is in a captive status;

(3) References therein to the Secretary of the Army, the Secretary of the Navy, the Adjutant General of the Army, the Chief of Naval Personnel, and the Commandant, United States Marine Corps, or other officials of government are deemed to be references to the Secretary of State; and
(4) The term “dependents” shall, to the extent permissible by law, be construed to include “Family Members” as defined in section 101 of the Hostage Relief Act.

§ 191.12 Description of benefits.

The following material is included to assist persons affected, by providing a brief description of some of the provisions of the Civil Relief Act. Note that not all of the sections applicable to hostages have been included here. References to sections herein are references to the Civil Relief Act of 1940, as amended, followed by references in parentheses to the same section in the United States Code.

(a) Guarantors, endorsers. Section 103 (50 U.S.C. App. 513) provides that whenever a hostage is granted relief from the enforcement of an obligation, a court, in its discretion, may grant the same relief to guarantors and endorsers of the obligation. Amendments extend relief to accommodation makers and others primarily or secondarily liable on an obligation, and to sureties on a criminal bail bond. They provide, on certain conditions, that the benefits of the section with reference to persons primarily or secondarily liable on an obligation may be waived in writing.

(b) Written agreements. Section 107 (50 U.S.C. App. 517) provides that nothing contained in the Act shall prevent hostages from making certain arrangements with respect to their contracts and obligations, but requires that such arrangements be in writing.

(c) Protection in court. Section 200 (50 U.S.C. App. 520) provides that if a hostage is made defendant in a court action and is unable to appear in court, the court shall appoint an attorney to represent the hostage and protect the hostage’s interests. Further, if a judgment is rendered against the hostage, an opportunity to reopen the case and present a defense, if meritorious, may be permitted within 90 days after release.

(d) Court postponement. Section 201 (50 U.S.C. App. 521) authorizes a court to postpone any court proceedings if a hostage is a party thereto and is unable to participate by reason of being a captive.

(e) Relief against penalties. Section 202 (50 U.S.C. App. 522) provides for relief against fines or penalties when a court proceeding involving a hostage is postponed, or when the fine or penalties are incurred for failure to perform any obligation. In the latter case, relief depends upon whether the hostage’s ability to pay or perform is materially affected by being held captive.

(f) Postponement of action. Section 203 (50 U.S.C. App. 523) authorizes a court to postpone or vacate the execution of any judgment, attachment or garnishment.

(g) Period of postponement. Section 204 (50 U.S.C. App. 524) authorizes a court to postpone proceedings for the period of captivity, and for 3 months thereafter, or any part thereof.

(h) Extended time limits. Section 205 (50 U.S.C. App. 525) excludes the period of captivity from computing time under existing or future statutes of limitation. Amendments extend relief to include actions before administrative agencies, and provide that the period of captivity shall not be included in the period for redemption of real property sold to enforce any obligation, tax, or assessment. Section 207 excludes application of section 205 to any period of limitation prescribed by or under the internal revenue laws of the United States.

(i) Interest rates. Section 206 (50 U.S.C. App. 526) provides that interest on the obligations of hostages shall not exceed a specified per centum per annum, unless the court determines that ability to pay greater interest is not affected by being held captive.

(j) Misuse of benefits. Section 600 (50 U.S.C. App. 580) provides against transfers made with intent to delay the just enforcement of a civil right by taking advantage of the Act.

(k) Further relief. Section 700 (50 U.S.C. App. 590) provides that a person, during a period of captivity or 6 months thereafter, may apply to a court for relief with respect to obligations incurred prior to captivity, or any tax or assessment whether falling due prior to or during the period of captivity. The court may, on certain conditions, stay the enforcement of such obligations.
Stay of eviction. Section 300 (50 U.S.C. App. 530) provides that a hostage's dependents shall not be evicted from their dwelling if the rental is $150 or less per month, except upon leave of court. If it is proved that inability to pay rent is a result of being in captivity, the court is authorized to stay eviction proceedings for not longer than 3 months. An amendment extends relief to owners of the premises with respect to payments on mortgage and taxes.

Contract and mortgage obligations. As provided by sections 301 and 302 of the Act (50 U.S.C. App. 531 and 532), as amended, contracts for the purchase of real and personal property, which originated prior to the period of captivity, may not be rescinded, terminated, or foreclosed, or the property repossessed, except as provided in section 107 (50 U.S.C. App. 517), unless by an order of a court. The mentioned sections give the court wide discretionary powers to make such disposition of the particular case as may be equitable in order to conserve the interests of both the hostage and the creditor. The cited sections further provide that the court may stay the proceedings for the period of captivity and 3 months thereafter, if in its opinion the ability of the hostage to perform the obligation is materially affected by reason of captivity. Section 303 (50 U.S.C. App. 533) provides that the court may appoint appraisers and, based upon their report, order such sum as may be just, if any, paid to hostages or their dependents, as a condition to foreclosing a mortgage, resuming possession of property, and rescinding or terminating a contract.

Termination of a lease. Section 304 (50 U.S.C. App. 534) provides, in general, that a lease covering premises occupied for dwelling, business, or agricultural purpose, executed by persons who subsequently become hostages, may not be terminated by a notice in writing given to the lessor, subject to such action as may be taken by a court on application of the lessor. Termination of a lease providing for monthly payment of rent shall not be effective until 30 days after the first date on which the next rental payment is due, and, in the case of other leases, on the last day of the month following the month when the notice is served.

Assignment of life insurance policy. Section 305 (50 U.S.C. App. 535) provides that the assignee of a life insurance policy assigned as security, other than the insurer in connection with a policy loan, except upon certain conditions, shall not exercise any right with respect to the assignment during the period of captivity of the insured and one year thereafter, unless upon order of a court.

Storage lien. Section 305 (50 U.S.C. App. 535) provides that a lien for storage of personal property may not be foreclosed except upon court order. The court may stay proceedings or make other just disposition.

Extension of benefits to dependents. Section 306 (50 U.S.C. App. 536) extends the benefits to section 300 through 305 to dependents of a hostage.

Real and personal property taxes. Section 500 (50 U.S.C. App. 560) forbids sale of property, except upon court leave, to enforce collection of taxes or assessments (other than taxes on income) on personal property or real property owned and occupied by the hostage or dependents thereof at the commencement of captivity and still occupied by the hostage's dependents or employees. The court may stay proceedings for a period not more than 6 months after termination of captivity. When by law such property may be sold to enforce collection, the hostage will have the right to redeem it within 6 months after termination of captivity. Unpaid taxes or assessments bear interest at 6 percent.

Income taxes. Section 513 provides for deferment of payment of income taxes. However, section 204 of the Hostage Relief Act of 1980 provides for deferment and certain other relief, and should be referred to in order to determine statutory tax benefits in addition to those in section 513 of the Civil Relief Act.

Certification of hostage. Section 601 provides that a certificate signed by the agency head shall be prima facie evidence that the person named has been a hostage during the period specified in the certification.

Interlocutory orders. Section 602 (50 U.S.C. App. 582) provides that a court
may revoke an interlocutory order it has issued pursuant to any provision of the Soldiers' and Sailors' Civil Relief Act of 1940.

(v) **Power of attorney.** Section 701 (50 U.S.C. App. 591) provides that certain powers of attorney executed by a hostage which expire by their terms after the person was captured shall be automatically extended for the period of captivity. Exceptions are made with respect to powers of attorney which by their terms clearly indicate they are to expire on the date specified irrespective of hostage status. (Section 701 applies to American hostages notwithstanding paragraph (c) thereof which states that it applies only to powers of attorney issued during the "Vietnam era").

§ 191.13 Administration of benefits.

(a) The Assistant Secretary of State for Administration will issue certifications or other documents when required for purposes of the Civil Relief Act.

(b) The Assistant Secretary of State shall whenever possible promptly inform the chief legal officer of each State in which hostages maintain residence of all persons determined to be hostages eligible for assistance under this subpart.

Subpart C—Medical Benefits

§ 191.20 Eligibility for benefits.

A person designated as a hostage or Family Member of a hostage under subpart A of this subchapter shall be eligible for benefits under this subpart.

§ 191.21 Applicable benefits.

A person eligible for benefits under this part shall be eligible for authorized medical and health care at U.S. Government expense, and for payment of other authorized expenses related to such care or for obtaining such care for any illness or injury which is determined by the Secretary of State to be caused or materially aggravated by the hostage situation, to the extent that such care may not—

(a) Be provided or paid for under any other Government health or medical program, including, but not limited to, the programs administered by the Secretary of Defense, the Secretary of Labor and the Administrator of Veterans Affairs; or

(b) Be entitled to reimbursement by any private or Government health insurance or comparable plan.

§ 191.22 Administration of benefits.

(a) An eligible person, who desires medical or health care under this subpart or any person acting on behalf thereof, shall submit an application to the Office of Medical Services, Department of State, Washington, DC 20520 (hereafter referred to as the "Office"). The applicant shall supply all relevant information, including insurance information, requested by the Director of the Office. An eligible person may also submit claims to the Office for payment for emergency care when there is not time to obtain prior authorization as prescribed by this paragraph, and for payment for care received prior to or ongoing on the effective date of these regulations.

(b) The Office shall evaluate all requests for care and claims for reimbursement and determine, on behalf of the Secretary of State, whether the care in question is authorized under § 191.21 of this subpart. The Office will authorize care, or payment for care when it determines the criteria of such section are met. Authorization shall include a determination as to the necessity and reasonableness of medical or health care.

(c) The Office will refer applicants eligible for benefits under other Government health programs to the Government agency administering those programs. Any portion of authorized care not provided or paid for under another Government program will be reimbursed under this subpart.

(d) Eligible persons may obtain authorized care from any licensed facility or health care provider of their choice approved by the Office. To the extent possible, the Office will attempt to arrange for authorized care to be provided in a Government facility at no cost to the patient.

(e) Authorized care provided by a private facility or health care provider will be paid or reimbursed under this subpart to the extent that the Office determines that costs do not exceed
reasonable and customary charges for similar care in the locality.

(f) All bills for authorized medical or health care covered by insurance shall be submitted to the patient’s insurance carrier for payment prior to submission to the Office for payment of the balance authorized by this part. The Office will request the health care providers to bill the insurance carrier and the Department of State for authorized care, rather than the patient.

(g) Eligible persons will be reimbursed by the Office for authorized travel to obtain an evaluation of their claim under paragraph (b) of this section and for other authorized travel to obtain medical or health care authorized by this subpart.

§ § 191.23 Disputes.

Any dispute between the Office and eligible persons concerning (a) whether medical or health care is required in a given case, (b) whether required care is incident to the hostage taking, or (c) whether the cost for any authorized care is reasonable and customary, shall be referred to the Medical Director, Department of State and the Foreign Service for a determination. If the person bringing the claim is not satisfied with the decision of the Medical Director, the dispute shall be referred to a medical board composed of three physicians, one appointed by the Medical Director, one by the eligible person and the third by the first two members. A majority decision by the board shall be binding on all parties.

Subpart D—Educational Benefits

§ 191.30 Eligibility for benefits.

(a) A spouse or unmarried dependent child aged 18 or above of a hostage as determined under subpart A of this subchapter shall be eligible for benefits under § 191.31 of this subpart. (Certain limitations apply, however, to persons eligible for direct assistance through other programs of the Veterans Administration under chapter 35 of title 38, United States Code).

(b) A Principal (see definition in § 191.3) designated as a hostage under Subpart A of this subchapter, who intends to change jobs or careers because of the hostage experience and who desires additional training for this purpose, shall be eligible for benefits under § 191.32 of this part unless such person is eligible for comparable benefits under title 38 of the United States Code as determined by the Administrator of the Veterans Administration.

§ 191.31 Applicable family benefits.

(a) An eligible spouse or child shall be paid (by advancement or reimbursement) for expenses incurred for subsistence, enrollment, fees, supplies, books, and equipment, and other educational expenses, while attending an educational or training institution approved in accordance with procedures established by the Veterans Administration, which shall be comparable to procedures established pursuant to chapters 35 and 36 of title 38 U.S.C.

(b) Except as provide in paragraph (c) or (d) of this section, payments shall be available under this subsection for an eligible spouse or child for education or training which occurs—

(i) 90 days after the Principal is placed in a captive status, and

(ii) Through the end of any semester or quarter which begins before the date on which the Principal ceases to be in a captive status, or

(ii) If the educational or training institution is not operated on a semester or quarter system, the earlier of the end of any course which began before such date or the end of the twelve-week period following that date.

(c) In special circumstances and within the limitation of § 191.34, the Secretary of State may, under the criteria and procedures set forth in § 191.33, approve payments for education or training under this subsection which occurs after the date determined under paragraph (b) of this section.

(d) In the event a Principal dies and the death is determined by the Secretary of State to be incident to that individual being a hostage, payments shall be available under this subsection for education or training of a spouse or child of the Principal which occurs after the date of death, up to the maximum that may be authorized under § 191.34.
§ 191.32 Applicable benefits for hostages.

(a) When authorized by the Secretary of State a Principal, following released from captivity, shall be paid (by advancement or reimbursement) for expenses incurred for subsistence, tuition, fees, supplies, books and equipment, and other educational expenses, while attending an educational or training institution approved in accordance with procedures established by the Veterans Administration comparable to procedures established pursuant to chapters 35 and 36 of title 38 U.S.C. Payments shall be available under this subsection for education or training which occurs on or before—

(1) The end of any semester or quarter (as appropriate) which begins before the date which is 10 years after the day on which the Principal ceases to be in a captive status, or

(2) If the educational or training institution is not operated on a semester or quarter system, the earlier of the end of any course which began before such date or the end of the twelve-week period following that date.

(b) A person eligible for benefits under this subsection shall not be required to separate from Government service in order to undertake the training or education, but while in Government service, may only receive such training or education during off-duty hours or during periods of approved leave.

§ 191.33 Administration of benefits.

(a) Any person desiring benefits under this part shall apply in writing to the Assistant Secretary of State for Administration, Department of State, Washington, DC 20520. The application shall specify the benefits desired and the basis of eligibility for those benefits. The Secretary of State shall make determinations of eligibility for benefits under this part, and shall forward approved applications to the Veterans Administration that will counsel the eligible persons on how to obtain the benefits that have been approved. Persons whose applications are disapproved shall be advised of the reasons for the disapproval.

(b) The Veterans Administration shall provide the same level and kind of assistance, including payments (by advancement or reimbursement) for authorized expenses up to the same maximum amounts, to spouses and children of hostages, and to Principals following their release from captivity as it does to eligible spouses and children of veterans and to eligible veterans, respectively, under chapters 35 and 36 of title 38, United States Code. The Veterans Administration shall, following consultation with the Secretary of State and under procedures it has established to administer section 1724 of title 38, United States Code, discontinue assistance for any individual whose conduct or progress is unsatisfactory under standards consistent with those established pursuant to such section 1724.

(c) An Advisory Board shall be established to advise on eligibility for benefits under paragraphs (c) and (d) of §§191.31 and 191.32. The Board shall be composed of the Assistant Secretary of State for Administration as Chairperson, the Director of the Office of Medical Services of the Department of State, the Executive Director of the regional bureau of the Department of State in whose region the relevant hostile action occurred, the Director of Personnel or other designee of the applicable employing agency, and a representative of the Veterans Administration designated by the Administrator.

(d) If an application is received from a spouse or child for extended training under §191.31(c), the Secretary of Administration shall determine with the advice of the Advisory Board whether the Principal, following release from captivity, is incapacitated by the hostage experience to the extent that (1) he or she has not returned to full-time active duty and is unlikely to be able to resume the normal duties of his or her position or career, or (2) in the event of a separation from Government service, a comparable position or career, for at least six months from the date the Principal is released from captivity. If the Secretary makes such a determination, he or she may approve, within the limits of §191.34, an application under §191.31(c) for up to one year.
Department of State

of education or training. If the Principal remains incapacitated, the Secretary may approve additional training or education up to the maximum authorized under §191.34.

(b) The eligibility of a spouse for benefits under paragraph (c) or (d) of §191.31 shall expire on a date which is 10 years after the date of the release of the hostage, or the death of the hostage, respectively. The eligibility of a dependent child for benefits under such paragraphs (c) and (d) shall expire on the 26th birthday of such child or on such later date as determined by the Administrator of the Veterans Administration, as would be applicable if section 1712 of title 38, United States Code, were applicable.

Subpart A—General

§ 192.1 Declarations of hostile action.

(a)(1) The Secretary of State shall declare when and where individuals in the Civil Service of the United States, including members of the Foreign Service and foreign service nationals, or a citizen, national or resident alien of the United States rendering personal services to the United States similar to the service of an individual in the Civil Service, have been placed in captive status commencing on or after November 4, 1979, for purposes of §192.11(b) or January 21, 1981, for all other purposes under this part, which arises because of hostile action abroad and is a result of the individual’s relationship with the U.S. Government as provided in the Victims of Terrorism Compensation Act, codified in 5 U.S.C. 5569 and 5570 and Executive Order 12598.

(2) The Secretary of State, in consultation with the Secretary of Labor, shall also declare when and where individuals in the Civil Service of the United States including members of the Foreign Service and foreign service nationals, including individuals rendering personal services to the United States similar to the service of an individual in the Civil Service, and family members of these individuals are eligible to receive compensation for disability or death occurring after January 21, 1981. Such determination shall be based on the decision by the Secretary of State that the disability or death was caused by hostile action.
abroad and was a result of the individual’s relationship with the Government.

(3) Declarations of hostile action in domestic situations shall be made by the Secretary of State in consultation with the Attorney General of the United States and the head of the employing agency or agencies.

(b) The Secretary of State for actions abroad, or Agency Head for domestic actions, upon his or her own initiative, or upon application under §192.2 shall determine which individuals in captive or missing status as so declared shall be considered captives eligible for benefits under the Act. The Secretary or Agency Head shall also determine who is eligible under the Act for benefits as a member of a family or household of a captive. The determination of the Secretary or Agency Head shall be final for purposes of determining captive status and cash payments, and not subject to judicial review, but any interested person may request reconsideration on the basis of information not considered at the time of original determination. The criteria for determination are set forth in sections 5569 and 5570 of title 5 of U.S.C., and in these regulations.

§ 192.2 Application for determination of eligibility.

(a) Any person who believes that that person or other persons known to that person are either captives as defined in 5 U.S.C. 5569(a)(1), individuals who have suffered disability or death caused by hostile action which was a result of the individual’s relationship with the U.S. Government, members of the family or household of such individuals as defined in §192.3(a)(1), or a child eligible for benefits under subchapter D, may apply for benefits under this subchapter for that person, or on behalf of others entitled thereto.

(b) The application in connection with hostile action abroad shall be in writing, shall contain all identifying and other pertinent data available to the person applying about the person or persons claimed to be eligible, and shall be addressed to the Director General of the Foreign Service, Department of State, Washington, DC 20520. Applications may be filed within 60 days after the latest of: a declaration under §192.1(a), the hostile action, or release from captivity. Later filing may be considered when in the opinion of the Secretary of State there is good cause for the late filing. Applications in connection with hostile action in domestic situations shall conform to these same requirements and be filed with the Agency Head.

(e) Captive status means a missing status which, as determined under §192.1, arises because of a hostile action and is a result of the individual’s relationship with the Government.
§ 192.12 Administration of benefits.

(a) The amount deducted from the pay and allowances of captives must be recorded in the individual accounts of the agency concerned. A Treasury designated account, set up on the books of the agency concerned, may be utilized by the head of an agency to report the net amount of pay, allowances and interest credited to captives pursuant to 5 U.S.C. 5569(b). Interest payments under this section shall be paid out of this subchapter plus the administrative costs of carrying out its responsibilities under this part.

(b) The Department of State will, on a periodic basis, determine the cost for services and benefits it provides to all eligible persons under this subchapter, and bill each agency for the medical service costs (in connection with hostile action abroad) and educational benefits attributable to Principals and Family Members, plus a proportionate share of related administrative expenses.

Subpart B—Payment of Salary and Other Benefits for Captive Situations

§ 192.10 Eligibility for benefits.

A person designated as a captive under subpart A of this subchapter shall be eligible for benefits under this subpart.

§ 192.11 Applicable benefits.

(b) A person designated as a captive (or a family member of a principal) under subpart A of this subchapter whose captivity commenced on or after November 4, 1979, is also entitled to receive a cash payment from the captive’s employing agency, for each day held captive, in an amount equal to but not less than one-half of the amount of the world-wide average per diem rate established under 5 U.S.C. 5702.

§ 192.12 Administration of benefits.

(a) The Department of Veterans Affairs will periodically bill the Department of State for expenses it pays for each eligible person under subpart E of this subchapter plus the administrative costs of carrying out its responsibilities under this part.

(b) The Department of State will, on a periodic basis, determine the cost for services and benefits it provides to all eligible persons under this subchapter, and bill each agency for the medical service costs (in connection with hostile action abroad) and educational benefits attributable to Principals and Family Members, plus a proportionate share of related administrative expenses.

§ 192.4 Notification of eligible persons.

The Director General of the Foreign Service for the Department of State, or other Agency Head in domestic situations, shall be responsible for notifying each individual determined to be eligible for benefits under the Act, or if that person is not available, a representative or family member of the eligible individual.

§ 192.5 Relationships among agencies.

(a) To assist in ensuring that eligible persons receive compensation, each Agency Head shall notify the Director General of the Foreign Service of the Department of State of any incident which he or she believes may be appropriately declared a hostile action under § 192.1.

(b) The Director General of the Foreign Service for the Department of State shall promptly inform the head of any agency whenever an employee of that agency, or Family Member of such employee, is determined to be eligible for benefits under this subchapter in connection with hostile action.

(c) In accordance with inter-agency agreements between the Department of State and relevant agencies—

(1) The Department of Veterans Affairs will periodically bill the Department of State for expenses it pays for each eligible person under subpart E of this subchapter plus the administrative costs of carrying out its responsibilities under this part.

(2) The Department of State will, on a periodic basis, determine the cost for services and benefits it provides to all eligible persons under this subchapter, and bill each agency for the medical service costs (in connection with hostile action abroad) and educational benefits attributable to Principals and Family Members, plus a proportionate share of related administrative expenses.

(b) Cash payments to captives for each day of captivity shall be made by the head of an agency before the end of the one-year period beginning on the date on which the captive status terminates. In the event the captive dies in captivity or prior to payment of these benefits, payment shall be made to the eligible survivors under §192.51(c) or the estate. A payment under this subchapter may be deferred or denied by the head of an agency pending determination of an offense committed by the captive under the provisions of 5 U.S.C. 8312.

Subpart C—Application of Soldiers’ and Sailors’ Civil Relief Act to Captive Situations

§ 192.20 Eligibility for benefits.

A person designated as a captive under subpart A of this subchapter, shall be eligible for benefits under this part.

§ 192.21 Applicable benefits.

(a) Eligible persons are entitled to the benefits provided by the Soldiers’ and Sailors’ Civil Relief Act of 1940 (50 U.S.C. App. 501, et seq.), including the benefits provided by section 701 (50 U.S.C. App 591) notwithstanding paragraph (c) thereof, but excluding the benefits provided by sections 104, 105, 106, 400 through 408, 501 through 512, and 514 (50 U.S.C. App. 514, 515, 516, 540 through 548, 561 through 572, and 574).

(b) In applying such Act for purposes of this section—

(1) The term person in the military service is deemed to include any such captive;

(2) The term period of military service is deemed to include the period during which such captive is in a captive status;

(3) References therein to the Secretary of the Army, the Secretary of the Navy, the Adjutant General of the Army, the Chief of Naval Personnel, and the Commandant, United States Marine Corps, or other officials of government are deemed, in the case of any captive, to be references to the Secretary of State; and

(4) The term dependents shall, to the extent permissible by law, be construed to include “Family Members” as defined in §192.3 of these regulations.

§ 192.22 Description of benefits.

The following material is included to assist persons affected, by providing a brief description of some of the provisions of the Civil Relief Act. Note that not all of the sections applicable to captives have been included here. References to sections herein are references to the Civil Relief Act of 1940, as amended, followed by references in parentheses to the same section in the United States Code.

(a) Guarantors, endorsers. Section 103 (50 U.S.C. App 513) provides that whenever a captive is granted relief from the enforcement of an obligation, a court, in its discretion, may grant the same relief to guarantors and endorsers of the obligation. Amendments extend relief to accommodation makers and others primarily or secondarily liable on an obligation, and to sureties on a criminal bail bond. They provide, on certain conditions, that the benefits of the section with reference to persons primarily or secondarily liable on an obligation may be waived in writing.

(b) Written agreements. Section 107 (50 U.S.C. App. 517) provides that nothing contained in the Act shall prevent captives from making certain arrangements with respect to their contracts and obligations, but requires that such arrangements be in writing.

(c) Protection in court. Section 200 (50 U.S.C. App. 517) provides that if a captive is made a defendant in a court action and is unable to appear in court, the court shall appoint an attorney to represent the captive and protect the captive’s interests. Further, if a judgment is rendered against the captive, an opportunity to reopen the case and present a defense, if meritorious, may be permitted within 90-days after release.

(d) Court postponement. Section 201 (50 U.S.C. App. 521) authorizes a court to postpone any court proceedings if a
captive is a party thereto and is unable to participate by reason of being a captive.

(e) Relief against penalties. Section 202 (50 U.S.C. App. 522) provides for relief against fines or penalties when a court proceeding involving a captive is postponed, or when the fine or penalties are incurred for failure to perform any obligation. In the latter case, relief depends upon whether the captive’s ability to pay or perform is materially affected by being held captive.

(f) Postponement of action. Section 203 (50 U.S.C. App. 523) authorizes a court to postpone or vacate the execution of any judgment, attachment or garnishment.

(g) Period of postponement. Section 204 (50 U.S.C. App. 524) authorizes a court to postpone proceedings for the period of captivity and for 3 months thereafter, or any part thereof.

(h) Extended time limits. Section 205 (50 U.S.C. App. 525) excludes the period of captivity from computing time under existing or future statutes of limitation. Amendments extend relief to include actions before administrative agencies, and provide that the period of captivity shall not be included in the period for redemption of real property sold to enforce any obligation, tax, or assessment. Section 207 excludes application of section 205 to any period of limitation prescribed by or under the internal revenue laws of the United States.

(i) Interest rates. Section 206 (50 U.S.C. App. 526) provides that interest on the obligations of captives shall not exceed a specified per centum per annum, unless the court determines that ability to pay greater interest is not affected by being held captive.

(j) Misuse of benefits. Section 600 (50 U.S.C. App. 580) provides against transfers made with intent to delay the just enforcement of a civil right by taking advantage of the Act.

(k) Further relief. Section 700 (50 U.S.C. App. 590) provides that a person, during a period of captivity or 6 months thereafter, may apply to a court for relief with respect to obligations incurred prior to captivity, or any tax or assessment whether falling due prior to or during the period of captivity. The court may, on certain conditions, stay the enforcement of such obligations.

(l) Stay of eviction. Section 300 (50 U.S.C. App. 530) provides that a captive’s dependents shall not be evicted from their dwelling if the rental is minimal, except upon leave of a court. If it is proved that inability to pay rent is a result of being in captivity, the court is authorized to stay eviction proceedings for not longer than 3 months. An amendment extends relief to owners of the premises with respect to payment on mortgage and taxes.

(m) Contract and mortgage obligations. As provided by sections 301 and 302 of the Act (50 U.S.C. App. 531 and 532), as amended, contracts for the purchase of real and personal property, which originated prior to the period of captivity, may not be rescinded, terminated, or foreclosed, or the property repossessed, except as provided in section 107 (50 U.S.C. App. 517), unless by an order of a court. The mentioned sections give the court wide discretionary powers to make such disposition of the particular case as may be equitable in order to conserve the interests of both the captive and the creditor. The cited sections further provide that the court may stay the proceedings for the period of captivity and 3 months thereafter, if in its opinion the ability of the captive to perform the obligation is materially affected by reason of captivity. Section 303 (50 U.S.C. App. 533) provides that the court may appoint appraisers and, based upon their report, order such sum as may be just, if any, paid to captives or their dependents, as a condition to foreclosing a mortgage, resuming possession of property, and rescinding or terminating a contract.

(n) Termination of a lease. Section 304 (50 U.S.C. App. 534) provides, in general, that a lease covering premises occupied for dwelling, business, or agricultural purpose, executed by persons who subsequently become captives, may be terminated by a notice in writing given to the lessor, subject to such action as may be taken by a court on application of the lessor. Termination of a lease providing for monthly payment of rent shall not be effective until 30 days after the first date on which the next rental payment is due, and, in

773
the case of other leases, on the last day of the month following the month when the notice is served.

(o) Assignment of life insurance policy. Section 305 (50 U.S.C. App. 535) provides that the assignee of a life insurance policy assigned as security, other than the insurer in connection with a policy loan, except upon certain conditions, shall not exercise any right with respect to the assignment during period of captivity of the insured and one year thereafter, unless upon order of a court.

(p) Storage lien. Section 305 (50 U.S.C. App. 535) provides that a lien for storage of personal property may not be foreclosed except upon court order. The court may stay proceedings or make other just disposition.

(q) Extension of benefits to dependents. Section 306 (50 U.S.C. App. 536) extends the benefits to section 300 through 305 to dependents of a captive.

(r) Real and personal property taxes. Section 500 (50 U.S.C. App. 560) forbids sale of property, except upon court leave, to enforce collection of taxes or assessments (other than taxes on income) on personal property or real property owned and occupied by the captive or dependents thereof at the commencement of captivity and still occupied by the captive’s dependents or employees. The court may stay proceedings for a period not more than 6 months after termination of captivity. Unpaid taxes or assessments bear interest at 6 percent.

(s) Income taxes. Section 513 provides for deferment of payment of income taxes.

(t) Certification of captive. Section 601 provides that a certificate signed by the agency head shall be prima facie evidence that the person named has been a captive during the period specified in the certification.

(u) Interlocutory orders. Section 602 (50 U.S.C. App. 582) provides that a court may revoke an interlocutory order it has issued pursuant to any provision of the Soldiers’ and Sailors’ Civil Relief Act of 1940.

(v) Power of attorney. Section 701 (50 U.S.C. App. 591) provides that certain powers of attorney executed by a captive which expire by their terms after the person was captured shall be automatically extended for the period of captivity. Exceptions are made with respect to powers of attorney which by their terms clearly indicate they are to expire on the date specified irrespective of captive status. (Section 701 applies to American captives notwithstanding paragraph (c) thereof which states that it applies only to powers of attorney issued during the “Vietnam era”).

§ 192.23 Administration of benefits.

(a) The Director General of the Department of State or Agency Head will issue certifications or other documents when required for purposes of the Civil Relief Act.

(b) The Director General of the Department of State or Agency Head shall whenever possible promptly inform the chief legal officer of each U.S. State in which captives maintain residence of all persons determined to be captives eligible for assistance under this subpart.

Subpart D—Medical Benefits for Captive Situations

§ 192.30 Eligibility for benefits.

A person designated as a captive or family member of a captive under subpart A of this subchapter, shall be eligible for benefits under this subpart.

§ 192.31 Applicable benefits.

A person eligible for benefits under this part shall be eligible for authorized physical and mental health care at U.S. Government expense (through either or advancement or reimbursement), and for payment of other authorized expenses related to such care or for obtaining such care for any illness or injury, to the extent, as determined by the Secretary of State or Agency Head, that such care is incident to an individual being held captive and is not covered by—

(a) Any other Government health or medical program, including, but not limited to, the programs administered
§ 192.32 Administration of benefits.

(a)(1) A person eligible due to hostile action abroad, who desires medical or health care under this subpart or any person acting on behalf thereof, shall submit an application to the Office of Medical Services, Department of State, Washington, DC 20520 (hereafter referred to as the ‘‘Office’’). That office will handle and process medical applications and claims using the criteria in this subpart. Persons eligible in connection with domestic situations shall make application with the Agency Head, and the Agency Head shall apply the following procedures in a similar manner in administering medical benefits in domestic situations involving the respective agency.

(2) The applicant shall supply all relevant information, including insurance information, requested by the Director of the Office. An eligible person may also submit claims to the Office for payment for emergency care when there is not time to obtain prior authorization as prescribed by this paragraph.

(b) The Office shall evaluate all requests for care and claims for reimbursement and determine, on behalf of the Secretary of State, whether the care in question is authorized under §192.31 of this subpart. The Office will authorize care or payment of care, when it determines the criteria of §192.31 are met. Authorization shall include a determination as to the necessity and reasonableness of medical or health care.

(c) The Office will refer applicants eligible for benefits under other Government health programs to the Government agency administering those programs. Any portion of authorized care not provided or paid for under another Government program or private insurance will be reimbursed under this subpart, subject to a determination of the reasonableness of charges. Such determination shall be made by applying the fee schedule established by the Office of Workers’ Compensation Programs (OWCP), Department of Labor, which is used in paying medical benefits for work-related injuries to employees who are fully covered by OWCP.

(d) Eligible persons may obtain authorized care from any licensed facility or health care provider of their choice approved by the Office. To the extent possible, the Office will attempt to arrange for authorized care to be provided in a Government facility at no cost to the patient.

(e) Authorized care provided by a private facility or health care provider will be paid or reimbursed under this subpart to the extent that the Office determines that costs do not exceed reasonable and customary charges for similar care in the locality.

(f) All bills for authorized medical or health care covered by insurance shall be submitted to the patient’s insurance carrier for payment prior to submission to the Office for payment of the balance authorized by this part. The Office will request the health care providers to bill the insurance carrier and the Department of State for authorized care, rather than the patient.

(g) Eligible persons will be reimbursed by the Office for authorized travel to obtain an evaluation of their claim under paragraph (b) of this section and for other authorized travel to obtain medical or health care authorized by this subpart.

§ 192.33 Dispute.

Any dispute between the Office and eligible persons concerning whether medical or health care is required in a given case, whether required care is incident to the captivity, or whether the cost for any authorized care is reasonable and customary, shall be referred to the Medical Director, Department of State, for a determination. If the person bringing the claim is not satisfied with the decision of the Medical Director, the dispute shall be referred to a
medical board composed of three physicians, one appointed by the Medical Director, one by the eligible person and the third by the first two members. A majority decision by the board shall be binding on all parties.

Subpart E—Educational Benefits for Captive Situations

§ 192.40 Eligibility for benefits.

(a) A spouse or unmarried dependent child (including an unmarried dependent stepchild or adopted child) under 21 years of age of a captive as determined under subpart A of the subchapter shall be eligible for benefits under 192.41 of this subpart. (Certain limitations apply, however, to persons eligible for direct assistance through other programs of the Department of Veterans’ Affairs under chapter 35 of title 38, United States Code).

(b) A Principal designated as a captive under subpart A of this subchapter, who intends to change jobs or careers because of the captive experience and who desires additional training for this purpose, shall be eligible for benefits under §192.42 of this part, unless the Secretary of the Department of Veterans’ Affairs determines that such person is eligible to receive educational assistance for the additional training under either chapters 30, 32, 34, or 35, title 38 U.S.C.

§ 192.41 Applicable family benefits.

(a) An eligible spouse or child shall be paid (by advancement or reimbursement) for expenses incurred for subsistence, tuition, fees, supplies, books and equipment, and other educational expenses while attending an educational or training institution approved in accordance with procedures established by the Department of Veterans’ Affairs, which shall be comparable to procedures established pursuant to chapter 35 and 36 of title 38 U.S.C.

(b) Except as provided in paragraph (c) or (d) of this section, payments shall be available under this subsection for an eligible spouse or child for educational training which occurs—

1. 90 days after the Principal is placed in a captive status, and
2. Through the end of any semester or quarter which begins before the date on which the Principal ceases to be in a captive status, or
3. (i) If the educational or training institution is not operated on a semester or quarter system, the earlier of the end of any course which began before such date or the end of the sixteen-week period following that date.

(c) In special circumstances and within the limitation of §192.44, the Secretary of State, under the criteria and procedures set forth in §192.43, may approve payments for education or training under this subsection which occurs after the date determined under paragraph (b) of this section.

(e) Family benefits under this subsection shall not be available for any spouse or child who is eligible for assistance under chapter 35 of title 38 U.S.C., or similar assistance under any other law.

§ 192.42 Applicable benefits for captives.

(a) When authorized by the Agency Head, a Principal, following release from captivity, may be paid (by advancement or reimbursement) for expenses incurred for subsistence, tuition, fees, supplies, books and equipment, and other educational expenses while attending an educational or training institution approved in accordance with procedures established by the Department of Veterans’ Affairs, which shall be comparable to procedures established pursuant to chapter 35 and 36 of title 38 U.S.C. Payments shall be available under this subsection for education or training which occurs on or before—

1. The end of any semester or quarter (as appropriate) which begins before the date which is 10 years after the day on which the Principal ceases to be in a captive status, or
2. (i) If the educational or training institution is not operated on a semester or quarter system, the earlier of the end of any course which began before such date or the end of the sixteen-week period following that date.
(b) A person eligible for benefits under this subsection shall not be required to separate from Government service in order to undertake the training or education. However, no educational assistance allowance shall be paid to any eligible person who is attending a course of education or training paid for under the Government Employees' Training Act and whose full salary is being paid to such person while so training.

§ 192.43 Administration of benefits.

(a) Any person desiring benefits under this part, shall apply in writing to the Director General of the Foreign Service, Department of State, Washington, DC 20502. The application shall specify the benefits desired and the basis of eligibility for those benefits. The Director General of the Foreign Service, on behalf of the Secretary of State, shall make determinations of eligibility for benefits under this part, and shall forward certified applications to the Department of Veterans' Affairs and advise the applicant of the name and address of the office in the Department of Veterans Affairs that will counsel the eligible persons on how to obtain the benefits that have been approved. Persons whose applications are disapproved shall be advised in writing of the reason for the disapproval. Applications for foreign service nationals and their dependents shall be made with the Office of Foreign Service National Personnel, Department of State. That office will handle the administrative details and benefits using the criteria specified in this subchapter.

(b) The Department of Veterans' Affairs shall provide the same level and kind of assistance, including payments (by advancement or reimbursement) for authorized expenses up to the same maximum amounts, to spouses and children of captives, and to Principals following their release from captivity as it does to eligible spouses and children of veterans and to eligible veterans, respectively, under chapters 35 and 36 of title 38 U.S.C. The Department of Veterans' Affairs shall, under procedures it has established to administer section 1724 of title 38, U.S.C., discontinue assistance for any individual whose conduct or progress is unsatisfactory under standards consistent with those established pursuant to such section 1724.

(c) An Advisory Board shall be established to advise on eligibility for benefits under paragraphs (c) and (d) of § 192.41. The Board shall be composed of the Under Secretary of State for Management as Chair, the Director of the Office of Medical Services of the Department of State, the Executive Director of the regional bureau of the Department of State in whose region the relevant hostile action occurred, the Director of Personnel or other designee of the applicable employing agency, and a representative of the Department of Veterans' Affairs designated by the Secretary.

(d) If an application is received from a spouse or child for extended training under § 192.41(c), the Director General of the Foreign Service of the Department of State shall determine with the advice of the Advisory Board whether the Principal, following release from captivity, is incapacitated by the captive experience—

1. To the extent that he or she has not returned to full-time active duty and is unlikely to be able to resume the normal duties of his or her position or career, or

2. In the event of a separation from Government service, that the Principal is unable to assume a comparable position or career, for at least six months from the date of release from captivity.

If the Secretary makes such a determination, he or she may approve, within the limits of § 192.44, an application under § 192.41(c) for up to one year of education or training. If the Principal remains incapacitated, the Secretary may approve additional training or education up to the maximum authorized under 192.44.

(b) The eligibility of a spouse for benefits under paragraph (c) or (d) of § 192.41 shall expire on a date which is 10 years after the date of the release of
the captive or the death of the captive while in captivity, respectively. The eligibility of a dependent child for benefits under §192.41 (c) and (d) shall expire on the 21st birthday of such child.

Subpart F—Compensation for Disability or Death

§ 192.50 Eligibility for benefits.

(a)(1) The Federal Employees’ Compensation Act (5 U.S.C. 8101 et seq.) provides for medical coverage and the payment of compensation for wage loss and for permanent impairment of specified members and functions of the body incurred by employees as a result of an injury sustained while in the performance of their duties to the United States. The Office of Workers’ Compensation Programs (OWCP), Department of Labor, administers the program. All individuals employed by the U.S. Government as defined by 5 U.S.C. 8101(1) are eligible to apply for wage-loss and medical benefits under the FECA. Family members of such employees may apply for death benefits. An application must be made with OWCP by such individual or on behalf of such individuals, prior to the determination of eligibility or payment of any benefits under this subpart.

(2) In the case of foreign service national employees covered for work-related injury or death under the local compensation plan established pursuant to 22 U.S.C. 3968, such applications should be filed with the organizational authority in the country of employment which provides such coverage. Benefit levels payable to foreign service national employees under this subpart shall be no less than comparable benefits payable to U.S. citizen employees under FECA. Eligibility determination and payment of supplemental benefits, if any, is the responsibility of the Director General of the Foreign Service for the State Department.

(b) Any death or disability benefit payment made under this section shall be reduced by the amount of any other death or disability benefits funded in whole or in part by the United States, except that the amount shall not be reduced below zero. The cash payment under §192.11(b) of subpart B is excluded from the offset requirement.

(c) Compensation under this section may include payment (whether advancement or reimbursement) for any medical or health expenses relating to the death or disability involved to the extent that such expenses are not covered under subpart D of these regulations. Procedures of subpart D of these regulations shall apply in making such determinations.

§ 192.51 Death benefit.

(a) The Secretary of State or Agency Head may provide for payment, by the employing agency, of a death benefit to the surviving dependents of any eligible individual under §192.1(a) who dies as a result of injuries caused by hostile action whose death was the result of the individual’s relationship with the Government.

(b) The death benefit payment for an employee shall be equal to one year’s salary at the time of death. Such death benefit is subject to the offset provisions under §192.50(b) including the Federal Employees’ Compensation Act. The death benefit for an employee’s spouse and other eligible individuals under §192.1(b) of subpart A shall be equal to one year’s salary of the principal at the time of death.

(c) A death benefit payment for an adult under this section shall be made as follows:

(1) First, to the widow or widower.

(2) Second, to the dependent child, or children in equal shares, if there is no widow or widower.

(3) Third, to the dependent parent, or dependent parents in equal shares, if there is no widow, widower, or dependent child.

(4) Fourth, to adult, non-dependent children in equal shares.

If there is no survivor entitled to payment under this paragraph (c), no payment shall be made.

(d) A death benefit payment for a child under this section shall be made as follows: To the surviving parents or legal guardian. If there are no surviving parents or legal guardian, no payment shall be made.

(e) As used in this section—each of the terms “widow”, “widower”, and “parent” shall have the same meaning given such term by section 8101 of title...
§ 192.52 Disability benefits.

(a) Principals who qualify for benefits under §192.1 and are employees of the U.S. Government are considered for disability payments under programs administered by the Office of Workers’ Compensation Programs (OWCP), Department of Labor, or in the case of foreign service national employees, the programs may be administered by either OWCP or the organizational authority in the country of employment which provides similar coverage under the local compensation plan established pursuant to 22 U.S.C. 3968. Normal filing procedures as specified by either OWCP or the local organizational authority which provides such coverage should be followed in determining eligibility. Duplicate benefits may not be received from both OWCP and the local organizational authority for the same claim. Additional benefits to persons qualifying for full FECA or similar benefits would not normally be payable under this subpart, except to foreign service national employees whose benefit levels are below comparable benefits payable to U.S. citizen employees under FECA. Foreign service national employees whose benefit levels are below comparable benefits payable to U.S. citizens under FECA may receive benefits under this subpart so that total benefits received are comparable to the benefits payable to U.S. citizen employees under FECA.

(b) Family members who do not qualify for either OWCP benefits or benefits from the organizational authority in the country of employment which provides similar coverage, and anyone eligible under §192.1(a) who does not qualify for full benefits from OWCP, must file an application for disability benefits with the Office of Medical Services, Department of State, for a determination of eligibility under this subpart, if connected with hostile action abroad. Applications made in connection with hostile action in domestic situations will be directed to the Agency Head. Such applications for disability payments will be considered using the same criteria for determination as established by OWCP.

(c) Family members who are determined to be disabled by the Office of Medical Services, or Agency Head using the OWCP criteria, are eligible to receive a lump-sum payment based on the following guidelines:

(1) Permanent total disability rate. A lump-sum payment equal to two year’s salary of the Principal at the time of the qualifying incident.

(2) Temporary total disability rate. A lump-sum payment computed at 66\(\frac{2}{3}\) percent of the monthly pay rate of the Principal for each month of temporary total disability, not to exceed one year’s salary of the Principal.

(3) Partial disability rate. A lump-sum payment authorized in accordance with 5 U.S.C. 8106, equal to 66\(\frac{2}{3}\) percent of the difference between the monthly pay at the time of the qualifying incident and the monthly wage-earning capacity of the family member after the beginning of the partial disability, not to exceed one year’s salary of the Principal. For family members with no wage-earning history, a lump-sum payment equal to 66\(\frac{2}{3}\) percent of the difference between the estimated monthly wage-earning capacity of the family member at the time of the qualifying incident and the monthly wage-earning capacity after the beginning of the partial disability, not to exceed one year’s salary of the Principal may be authorized, using the criteria established by OWCP for such determination.

(4) Special loss schedule. RULES OF PROCEDURE (AS AMENDED APRIL 1, 2002)

Section I. Introductory Rules

Scope of Application

Article 1

1. Where the parties to a contract have agreed in writing that disputes in relation to that contract shall be referred to arbitration under the IACAC Rules of Procedure, then such disputes shall be settled in accordance with these Rules subject to such modification as the parties may agree in writing and the IACAC may approve.

2. These Rules shall govern the arbitration, except that where any such rule is in conflict with any provision of the law applicable to the arbitration from which the parties cannot derogate, that provision shall prevail.
Notice, Calculation of Periods of Time

Article 2

1. For the purposes of these rules, any notice, including a notification, communication or proposal, is deemed to have been received if it is physically delivered to the addressee in person or via fax, telex or any other means agreed to by the parties, or if it is delivered at his habitual residence, place of business or mailing address, or, if none of these can be found after making reasonable inquiry, then at the addressee's last known habitual residence or at his last known place of business. Notice shall be deemed to have been received on the day it is so delivered by any of the means stated in these rules.

2. For the purposes of calculating a period of time under these rules, such period shall begin to run on the day following the day when a notice, notification, communication or proposal is received. If the last day of such period is an official holiday or a non-business day at the residence or place of business of the addressee, the period is extended until the first business day which follows. Official holidays or non-business days occurring during the running of the period of time are included in calculating the period.

Notice of Arbitration

Article 3

1. The party initiating recourse to arbitration (hereinafter referred to as the "claimant") shall give to the other party (hereinafter referred to as the "respondent") a notice requesting arbitration and shall provide a copy to the Director General of the IACAC National Section if one exists in his country of domicile.

2. Arbitral proceedings shall be deemed to commence on the date on which the notice of arbitration is received by the respondent.

3. The request for arbitration shall at least include the following:
   (a) A request that the dispute be submitted to arbitration;
   (b) The names and addresses of the parties;
   (c) A copy of the arbitration clause, or the separate arbitration agreement;
   (d) A reference to the contract out of which, or in relation to which, the dispute has arisen, and a copy thereof if the claimant deems it necessary;
   (e) The general nature of the claim and an indication of the amount involved, if any;
   (f) The relief or remedy sought;
   (g) If three arbitrators are to be appointed, designation of one arbitrator, as referred to in Article 5, paragraph 3.

4. The request for arbitration may also include the statement of claim referred to in Article 15.

5. Upon receipt of the notice of arbitration, the Director General of the IACAC or the IACAC National Section shall communicate with all parties with respect to the arbitration and shall acknowledge the commencement of the arbitration.

Representation and Assistance

Article 4

The parties may be represented or assisted by persons of their choice. The names and addresses of such persons must be communicated in writing to the other party; such communication must specify whether the appointment is being made for purposes of representation or assistance.

Section II. Composition of the Arbitral Tribunal

Appointment of Arbitrators

Article 5

1. If the parties have not otherwise agreed, three arbitrators shall be appointed.

2. When the parties have agreed that the dispute will be resolved by a single arbitrator, he may be appointed by the mutual agreement of the parties. If the parties have not done so within thirty (30) days from the date on which the notice of arbitration is received by the respondent, the arbitrator will be designated by the IACAC.

3. If three arbitrators are to be appointed, each party shall appoint one arbitrator. The two arbitrators thus appointed shall choose the third arbitrator, who will act as the presiding arbitrator of the tribunal.

4. If within thirty (30) days after receipt of the claimant's notification of the appointment of an arbitrator, the other party has not notified the first party with a copy to the Director General of the IACAC either directly or through the IACAC National Section if one exists in his country of domicile, of the arbitrator he has appointed, the arbitrator will be designated by the IACAC.

5. If within thirty (30) days after the appointment of the second arbitrator, the two arbitrators have not agreed on the choice of the presiding arbitrator, the presiding arbitrator will be appointed by the IACAC.

6. In making appointments, the IACAC shall have regard to such considerations as are likely to secure the appointment of independent and impartial arbitrators, and shall also take into account the advisability of appointing an arbitrator of a nationality other than the nationalities of the parties.

7. The IACAC may request from either party any information it deems necessary in order to discharge its functions.

Challenge of Arbitrators

Article 6

A prospective arbitrator shall disclose to those who approach him in connection with his possible appointment any circumstances
likely to give rise to justifiable doubts as to his impartiality or independence. An arbitrator, once appointed or chosen, shall disclose such circumstances to the parties and to the IACAC, if appointed by the IACAC, unless they have already been informed by him of these circumstances.

Article 7
1. Any arbitrator may be challenged if circumstances exist that give rise to justifiable doubts as to the arbitrator’s impartiality or independence.
2. A party may challenge the arbitrator appointed by him only for reasons of which he becomes aware after the appointment has been made.

Article 8
1. A party who intends to challenge an arbitrator shall send notice of his challenge within fifteen days after the appointment of the challenged arbitrator has been notified to the challenging party or within fifteen days after the circumstances mentioned in Articles 6 and 7 became known to that party.
2. The challenge shall be notified to the other party, to the arbitrator who is challenged and to the other members of the arbitral tribunal and to the Director General of the IACAC. The notification shall be in writing and shall state the reasons for the challenge.
3. When an arbitrator has been challenged by one party, the other party may agree to the challenge. The arbitrator may also, after the challenge, withdraw from his office. In neither case does this imply acceptance of the validity of the grounds for the challenge. In both cases the procedure provided in article 5 shall be used in full for the appointment of the substitute arbitrator, even if during the process of appointing the challenged arbitrator a party had failed to exercise his right to appoint or to participate in the appointment.

Article 9
1. If the other party does not agree to the challenge and the challenged arbitrator does not withdraw, the decision on the challenge will be made by the IACAC.
2. If the IACAC sustains the challenge, a substitute arbitrator shall be appointed or chosen pursuant to the procedure applicable to the appointment or choice of the arbitrator being replaced.

2. In the event that an arbitrator fails to fulfill his functions or in the event of the de jure or de facto impossibility of performing his function, or if the IACAC determines that there are sufficient reasons to accept the resignation of an arbitrator, the procedure in respect of the challenge and replacement of an arbitrator as provided in the preceding articles shall apply.
3. If an arbitrator on a three-person tribunal does not participate in the arbitration, the two other arbitrators shall have the power in their sole discretion to continue the arbitration and make any decision, ruling or award, notwithstanding the refusal of the third arbitrator to participate. In deciding whether to continue the arbitration or to render any decision, ruling or award, the two other arbitrators shall take into account the stage of the arbitration proceedings, the reasons, if any, stated by the third arbitrator for not participating, as well as such other matters they consider appropriate in the circumstances of the case. If the two arbitrators decide not to continue the arbitration without the participation of the third arbitrator, the IACAC on proof satisfactory to it shall declare the office vacant, and the party that initially appointed him shall proceed to appoint a substitute arbitrator within thirty (30) days following the vacancy declaration. If the designation is not made within the stated term, then the substitute arbitrator will be appointed by the IACAC.

Repetition of Hearings in the Event of the Replacement of an Arbitrator

Article 11
If under Articles 8 to 10 the sole or presiding arbitrator is replaced, any hearings held previously shall be repeated, if any other arbitrator is replaced, such prior hearings may be repeated at the discretion of the arbitral tribunal.

Section III. Arbitral Proceedings

General Provisions

Article 12
1. Subject to these rules, the arbitral tribunal may conduct the arbitration in such manner as it considers appropriate, provided that the parties are treated with equality and that at any stage of the proceedings each party is given a full opportunity of presenting his case.
2. If either party so requests at any stage of the proceedings, the arbitral tribunal shall hold hearings for the presentation of evidence by witnesses, including expert witnesses, or for oral argument. In the absence of such a request, the arbitral tribunal shall decide whether to hold such hearings or
whether the proceedings shall be conducted on the basis of documents and other evidence.

3. All documents or information supplied to the arbitral tribunal by one party shall at the same time be communicated by that party to the other party.

**Place of Arbitration**

Article 13

1. If the parties have not reached an agreement regarding the place of arbitration, the place of arbitration may initially be determined by the IACAC, subject to the power of the tribunal to determine finally the place of arbitration within sixty (60) days following the appointment of the last arbitrator. All such determinations shall be made having regard for the contentions of the parties and the circumstances of the case.

2. Notwithstanding the foregoing, the tribunal may meet in any place it may deem appropriate to hold hearings, hold meetings for consultation, hear witnesses, or inspect property or documents. The parties shall be given sufficient written notice to enable them to be present at any such proceeding.

**Language**

Article 14

1. Subject to an agreement by the parties, the arbitral tribunal shall, promptly after its appointment, determine the language or languages to be used in the proceedings. This determination shall apply to the statement of claim, the statement of defense, and any further written statements and, if oral hearings take place, to the language or languages to be used in such hearings.

2. The arbitral tribunal may order that any documents annexed to the statement of claim or statement of defense, and any supplementary documents or exhibits submitted in the course of the proceedings, delivered in their original language, shall be accompanied by a translation into the language or languages agreed upon by the parties or determined by the arbitral tribunal.

**Statement of Claim**

Article 15

1. Unless the statement of claim was contained in the request for arbitration, within a period of time to be determined by the arbitral tribunal, the claimant shall communicate his statement of claim in writing to the respondent and to each of the arbitrators, with a copy to the IACAC. A copy of the contract, and of the arbitration agreement if not contained in the contract, shall be annexed thereto.

2. The statement of claim shall include the following particulars:
   (a) The names and addresses of the parties;
   (b) A statement of the facts supporting the claim;
   (c) The points at issue;
   (d) The relief or remedy sought.

   The claimant may annex to his statement of claim all documents he deems relevant or may add a reference to the documents or other evidence he will submit.

**Statement of Defense**

Article 16

1. Within a period of time to be determined by the arbitral tribunal, the respondent shall communicate his statement of defense in writing to the claimant and to each of the arbitrators, with a copy to the IACAC.

2. The statement of defense shall reply to the particulars (b), (c) and (d) of the statement of claim (Article 15, paragraph 2). The respondent may annex to his statement the documents on which he relies for his defense or may add a reference to the documents or other evidence he will submit.

3. In his statement of defense, or at a later stage in the arbitral proceedings if the arbitral tribunal decides that the delay was justified under the circumstances, the respondent may make a counterclaim arising out of the same contract, or rely on a claim arising out of the same contract for the purpose of a set-off.

4. The requirements provided in Article 15, paragraph 2, of these Rules shall apply to both any counterclaim or to any claim presented for the purposes of a set-off.

**Amendments to the Claim or Defense**

Article 17

During the course of arbitral proceedings either party may amend or supplement his claim or defense unless the arbitral tribunal considers it inappropriate to allow such amendment, having regard to the delay in making it or prejudice to the other party or any other circumstances. However, a claim may not be amended in such a manner that the amended claim falls outside the scope of the arbitration clause or separate arbitration agreement.

**Plea as to the Jurisdiction of the Arbitral Tribunal**

Article 18

1. The arbitral tribunal shall have the power to rule on objections that it has no jurisdiction, including any objection with respect to the existence or validity of the arbitration clause or of the separate arbitration agreement.

2. The arbitral tribunal shall have the power to determine the existence or the validity of the contract of which an arbitration clause or an arbitration agreement forms a part.
For the purposes of this Article, an arbitrage clause that forms part of a contract and that provides for arbitration under these rules shall be treated as an agreement independent of the other terms of the contract. A decision by the arbitral tribunal that the contract is null and void shall not entail ipso jure the invalidity of the arbitration clause or the arbitration agreement.

3. A plea that the arbitral tribunal does not have jurisdiction shall be raised not later than in the statement of defense or, with respect to a counterclaim, in the reply to the counterclaim.

4. In general, the arbitral tribunal should rule on a plea concerning its jurisdiction as a preliminary question. However, the arbitral tribunal may proceed with the arbitration and rule on such a plea in its final award.

Further Written Statements

Article 19
The arbitral tribunal shall decide which further written statements, in addition to the statement of claim and the statement of defense, shall be required from the parties or may be presented by them and shall fix the periods of time for communicating such statements.

Periods of Time

Article 20
The periods of time fixed by the arbitral tribunal for the communication of written statements (including the statement of claim and statement of defense) should not exceed forty-five days. However, the arbitral tribunal may extend the time limits if it concludes that an extension is justified.

Evidence and Hearings (Articles 21 & 22)

Article 21
1. Each party shall have the burden of proving the facts relied on to support his claim or defense.
2. The arbitral tribunal may, if it considers it appropriate, require a party to deliver to the tribunal and to the other party, within such a period of time as the arbitral tribunal shall decide, a summary of the documents and other evidence that that party intends to present in support of the facts in issue set out in his statement of claim or statement of defense.
3. At any time during the arbitral proceedings the arbitral tribunal may require the parties to produce documents, exhibits or other evidence within such a period of time as the tribunal shall determine.

Article 22
1. In the event of an oral hearing, the arbitral tribunal shall give the parties adequate advance notice of the date, time and place thereof.
2. If witnesses are to be heard, at least fifteen days before the hearing each party shall communicate to the arbitral tribunal and to the other party the names and addresses of the witnesses he intends to present, and the subject upon and the languages in which such witnesses will give their testimony.
3. The arbitral tribunal shall make arrangements for the translation of oral statements made at a hearing and for a record of the hearing if either is deemed necessary by the tribunal under the circumstances of the case, or if the parties have agreed thereto and have communicated such agreement to the tribunal at least fifteen days before the hearing.
4. Hearings shall be held in camera unless the parties agree otherwise. The arbitral tribunal may require the retirement of any witness or witnesses during the testimony of other witnesses. The arbitral tribunal is free to determine the manner in which witnesses are examined.
5. Evidence of witnesses may also be presented in the form of written statements signed by them.
6. The arbitral tribunal shall determine the admissibility, relevance, materiality and weight of the evidence offered.

Interim Measures of Protection

Article 23
1. At the request of either party, the arbitral tribunal may take any interim measures it deems necessary in respect of the subject matter of the dispute, including measures for the conservation of the goods forming the subject matter in dispute, such as ordering their deposit with a third person or the sale of perishable goods.
2. Such interim measures may be established in the form of an interim award. The arbitral tribunal shall be entitled to require security for the costs of such measures.
3. A request for interim measures addressed by any party to a judicial authority shall not be deemed incompatible with the agreement to arbitrate, or as a waiver of that agreement.

Experts

Article 24
1. The arbitral tribunal may appoint one or more experts to report to it, in writing, on specific issues to be determined by the tribunal. A copy of the expert’s terms of reference, established by the arbitral tribunal, shall be communicated to the parties.
2. The parties shall give the expert any relevant information or produce for his inspection any relevant document or goods that he may require of them. Any dispute between a party and such expert as to the relevance of...
the required information or production shall be referred to the arbitral tribunal for decision.

3. Upon receipt of the expert’s report, the arbitral tribunal shall communicate a copy of the report to the parties, who shall be given the opportunity to express, in writing, their opinion on the report. A party shall be entitled to examine any document on which the expert has relied in his report.

4. At the request of either party the expert, after delivery of the report, may be heard at a hearing where the parties shall have the opportunity to be present and to interrogate the expert. At this hearing either party may present expert witnesses in order to testify on the points at issue. The provisions of Article 22 shall be applicable to such proceedings.

Default

Article 25

1. If, within the period of time fixed by the arbitral tribunal, the claimant has failed to communicate his claim without showing sufficient cause for such failure, the arbitral tribunal shall issue an order for the termination of the arbitral proceedings.

2. If one of the parties, duly notified under these rules, fails to appear at a hearing without showing sufficient cause for such failure, the arbitral tribunal may proceed with the arbitration.

3. If one of the parties, duly invited to produce documentary evidence, fails to do so within the established period of time, without showing sufficient cause for such failure, the arbitral tribunal may make the award on the evidence before it.

Closure of Hearings

Article 26

1. The arbitral tribunal may inquire of the parties if they have any further proofs to offer or witnesses to be heard or submissions to make and, if there are none, it may declare the hearings closed.

2. The arbitral tribunal may, if it considers it necessary owing to exceptional circumstances, decide, on its own motion or upon application of a party, to reopen the hearings at any time before the award is made.

Waiver of Rules

Article 27

A party who knows that any provision of, or requirement under, these rules has not been complied with and yet proceeds with the arbitration without promptly stating his objection to such non-compliance shall be deemed to have waived his right to object.

Section IV. The Award

Decisions

Article 28

The arbitral tribunal shall adopt its decisions by a majority vote. When there is no majority, the decision shall be made by the president of the tribunal.

Form and Effect of the Award

Article 29

1. In addition to making a final award, the arbitral tribunal shall be entitled to make interim, interlocutory, or partial awards.

2. The award shall be made in writing and shall be final and binding on the parties and subject to no appeal. The parties undertake to carry out the award without delay.

3. The arbitral tribunal shall state the reasons upon which the award is based, unless the parties have agreed that no reasons are to be given.

4. An award shall be signed by the arbitrators and it shall contain the date on which and the place where the award was made, which shall be the place designated in Article 13. Where there are three arbitrators and one of them fails to sign, the award shall state the reasons for the absence of the signature.

5. The award may be made public only with the consent of both parties.

6. Copies of the award signed by the arbitrators shall be communicated to the parties by the arbitral tribunal.

7. If the arbitration law of the country where the award is made requires that the award be filed or registered by the arbitral tribunal, the tribunal shall comply with this requirement within the period of time required by law.

Applicable law, Amiable Compositeur

Article 30

1. The arbitral tribunal shall apply the law designated by the parties as applicable to the substance of the dispute. Failing such designation by the parties, the arbitral tribunal shall apply the law determined by the conflict of laws rules that it considers applicable.

2. The arbitral tribunal shall decide as amiable compositeur or ex aequo et bono only if the parties have expressly authorized the arbitral tribunal to do so and if the law applicable to the arbitral procedure permits such arbitration.

3. In all cases, the arbitral tribunal shall decide in accordance with the terms of the contract and shall take into account the usages of the trade applicable to the transaction.
Settlement or Other Grounds for Termination

Article 31

1. If, before the award is made, the parties agree on a settlement of the dispute, the arbitral tribunal shall either issue an order for the termination of the arbitral proceedings or, if requested by both parties and accepted by the tribunal, record the settlement in the form of an arbitral award on agreed terms. The arbitral tribunal is not obliged to give reasons for such an award.

2. If, before the award is made, the continuation of the arbitral proceedings becomes unnecessary or impossible for any reason not mentioned in paragraph 1, the arbitral tribunal shall inform the parties of its intention to issue an order for the termination of the proceedings. The arbitral tribunal shall have the power to issue such an order unless a party raises justifiable grounds for objection.

3. Copies of the order for termination of the arbitral proceedings or of the arbitral award on agreed terms, signed by the arbitrators, shall be communicated by the arbitral tribunal to the parties. Where an arbitral award on agreed terms is made, the provisions of Article 29, paragraphs 2 and 4, shall apply.

INTERPRETATION OF THE AWARD

Article 32

1. Within thirty days after the receipt of the award, either party may request that the arbitral tribunal give an interpretation of the award. The tribunal shall notify the other party to the proceedings of such request.

2. The interpretation shall be given in writing within forty-five days after the receipt of the request. The interpretation shall form part of the award and the provisions of Article 29, paragraphs 2 to 7, shall apply.

Correction of the Award

Article 33

1. Within thirty days after the receipt of the award, either party may request the arbitral tribunal, which shall notify the other party, to correct in the award any errors in computation, any clerical or typographical errors, or any errors of similar nature. The arbitral tribunal may within thirty days after the communication of the award make such corrections on its own initiative.

2. Such corrections shall be in writing, and the provisions of Article 29, paragraphs 2 to 7, shall apply.

Additional Award

Article 34

1. Within thirty days after the receipt of the award, either party may request the arbitral tribunal, which shall notify the other party, to make an additional award as to claims presented in the arbitral proceedings but omitted from the award.

2. If the arbitral tribunal considers the request for an additional award to be justified and considers that the omission can be rectified without any further hearings or evidence, it shall complete its award within sixty days after the receipt of the request.

3. When an additional award is made, the provisions of Article 29, paragraphs 2 to 7, shall apply.

Costs (Articles 35 to 38)

Article 35

The arbitral tribunal shall fix the costs of arbitration in its award. The term “costs” includes only:

(a) The fees of the arbitral tribunal, to be stated separately as to each arbitrator and to be fixed by the tribunal itself in accordance with Article 36;

(b) The travel and other expenses incurred by the arbitrators;

(c) The costs of expert advice and of other assistance required by the arbitral tribunal;

(d) The travel and other expenses of witnesses to the extent such expenses are approved by the arbitral tribunal;

(e) The costs for legal representation and assistance of the successful party if such costs were claimed during the arbitral proceedings, and only to the extent that the arbitral tribunal determines that the amount of such costs is reasonable;

(f) The administrative fee and other service charges of the IACAC, which shall be set by the Arbitrator Nominating Committee of the IACAC in accordance with the schedule in effect at the time of the commencement of the arbitration. The committee may set a provisional fee when the proceedings are instituted and the final amount before the award is rendered, so that such amount may be taken into account by the tribunal when rendering its award.

Article 36

1. The fees of the arbitral tribunal and the administrative fees for the IACAC shall be set in accordance with the schedule in effect at the time of commencement of the arbitration. The fees shall be calculated on the basis of the amount involved in the arbitration; if that amount cannot be determined, the fees shall be set discretionally.

2. The amount between the maximum and minimum range in the schedule shall be set in accordance with the nature of the dispute,
the complexity of the subject matter and any other relevant circumstances of the case.

Article 37

1. The costs of arbitration shall be borne by the unsuccessful party. However, the arbitral tribunal may apportion each of such costs between the parties if it determines that apportionment is reasonable, taking into account the circumstances of the case.

2. When the arbitral tribunal issues an order for the termination of the arbitral proceedings or makes an award on agreed terms, it shall fix the costs of arbitration referred to in Article 35 in the text of that order or award.

3. No additional fees may be charged by an arbitral tribunal for interpretation or correction or completion of its award under Articles 32 to 34.

Article 38

Deposit of Costs

1. The arbitral tribunal, on its establishment, or the Arbitrator Nominating Committee of the IACAC within its purview, may request each party to deposit an equal amount as an advance for the costs referred to in Article 35, paragraphs (a), (b), (c) and (f).

2. During the course of the arbitral proceedings the arbitral tribunal may request supplementary deposits from the parties.

3. When a party so requests, the arbitral tribunal shall fix the amounts of any deposits or supplementary deposits only after consultation with the IACAC, which may make any comments to the arbitral tribunal which it deems appropriate concerning the amounts of such deposits and supplementary deposits.

4. If the required deposits are not paid in full within thirty days after the receipt of the request, the arbitral tribunal shall so inform the parties in order that one or another of them may make the required payment. Should one of the parties fail to pay its deposit in full, the other party may do so in its stead. If payment in full is not made, the arbitral tribunal may order the suspension or termination of the arbitral proceedings.

5. After the award has been made, the arbitral tribunal shall render an accounting to the parties of the deposits received and return any unexpended balance to the parties.

Transitory Article

Article 39

Any disputes arising under contracts that stipulate resolution of such disputes pursuant to the IACAC Rules of Procedure and that have not been submitted to an arbitral tribunal as of the date on which these rules enter into effect shall be subject to these rules in their entirety.
