

release grant funds if the recipient or any other party commits grant funds (*i.e.*, incurs any costs or expenditures to be paid or reimbursed with such funds) before the recipient submits and HUD approves its RROF (where such submission is required).

[68 FR 56131, Sept. 29, 2003]

§ 583.235 Renewal grants.

(a) *General.* Grants made under this part, and grants made under subtitles C and D (the Supportive Housing Demonstration and SAFAH, respectively) of the Stewart B. McKinney Homeless Assistance Act as in effect before October 28, 1992, may be renewed on a non-competitive basis to continue ongoing leasing, operations, and supportive services for additional years beyond the initial funding period. To be considered for renewal funding for leasing, operating costs, or supportive services, recipients must submit a request for such funding in the form specified by HUD, must meet the requirements of this part, and must submit requests within the time period established by HUD.

(b) *Assistance available.* The first renewal will be for a period of time not to exceed the difference between the end of the initial funding period and ten years from the date of initial occupancy or the date of initial service provision, as applicable. Any subsequent renewal will be for a period of time not to exceed five years. Assistance during each year of the renewal period, subject to maintenance of effort requirements under § 583.150(a) may be for:

(1) Up to 50 percent of the actual operating and leasing costs in the final year of the initial funding period;

(2) Up to the amount of HUD assistance for supportive services in the final year of the initial funding period; and

(3) An allowance for cost increases.

(c) *HUD review.* (1) HUD will review the request for renewal and will evaluate the recipient's performance in previous years against the plans and goals established in the initial application for assistance, as amended. HUD will approve the request for renewal unless the recipient proposes to serve a population that is not homeless, or the recipient has not shown adequate progress as evidenced by an unaccept-

ably slow expenditure of funds, or the recipient has been unsuccessful in assisting participants in achieving and maintaining independent living. In determining the recipient's success in assisting participants to achieve and maintain independent living, consideration will be given to the level and type of problems of participants. For recipients with a poor record of success, HUD will also consider the recipient's willingness to accept technical assistance and to make changes suggested by technical assistance providers. Other factors which will affect HUD's decision to approve a renewal request include the following: a continuing history of inadequate financial management accounting practices, indications of mismanagement on the part of the recipient, a drastic reduction in the population served by the recipient, program changes made by the recipient without prior HUD approval, and loss of project site.

(2) HUD reserves the right to reject a request from any organization with an outstanding obligation to HUD that is in arrears or for which a payment schedule has not been agreed to, or whose response to an audit finding is overdue or unsatisfactory.

(3) HUD will notify the recipient in writing that the request has been approved or disapproved.

and safety of the occupants and so as to protect the residents from the elements.

(2) *Access.* The housing must be accessible and capable of being utilized without unauthorized use of other private properties. Structures must provide alternate means of egress in case of fire.

(3) *Space and security.* Each resident must be afforded adequate space and security for themselves and their belongings. Each resident must be provided an acceptable place to sleep.

(4) *Interior air quality.* Every room or space must be provided with natural or mechanical ventilation. Structures must be free of pollutants in the air at levels that threaten the health of residents.

(5) *Water supply.* The water supply must be free from contamination.

(6) *Sanitary facilities.* Residents must have access to sufficient sanitary facilities that are in proper operating condition, may be used in privacy, and are adequate for personal cleanliness and the disposal of human waste.

(7) *Thermal environment.* The housing must have adequate heating and/or cooling facilities in proper operating condition.

(8) *Illumination and electricity.* The housing must have adequate natural or artificial illumination to permit normal indoor activities and to support the health and safety of residents. Sufficient electrical sources must be provided to permit use of essential electrical appliances while assuring safety from fire.

(9) *Food preparation and refuse disposal.* All food preparation areas must contain suitable space and equipment to store, prepare, and serve food in a sanitary manner.

(10) *Sanitary condition.* The housing and any equipment must be maintained in sanitary condition.

(11) *Fire safety.* (i) Each unit must include at least one battery-operated or hard-wired smoke detector, in proper working condition, on each occupied level of the unit. Smoke detectors must be located, to the extent practicable, in a hallway adjacent to a bedroom. If the unit is occupied by hearing-impaired persons, smoke detectors must have an alarm system designed

for hearing-impaired persons in each bedroom occupied by a hearing-impaired person.

(ii) The public areas of all housing must be equipped with a sufficient number, but not less than one for each area, of battery-operated or hard-wired smoke detectors. Public areas include, but are not limited to, laundry rooms, community rooms, day care centers, hallways, stairwells, and other common areas.

(c) *Meals.* Each recipient of assistance under this part who provides supportive housing for homeless persons with disabilities must provide meals or meal preparation facilities for residents.

(d) *Ongoing assessment of supportive services.* Each recipient of assistance under this part must conduct an ongoing assessment of the supportive services required by the residents of the project and the availability of such services, and make adjustments as appropriate.

(e) *Residential supervision.* Each recipient of assistance under this part must provide residential supervision as necessary to facilitate the adequate provision of supportive services to the residents of the housing throughout the term of the commitment to operate supportive housing. Residential supervision may include the employment of a full- or part-time residential supervisor with sufficient knowledge to provide or to supervise the provision of supportive services to the residents.

(f) *Participation of homeless persons.* (1) Each recipient must provide for the participation of homeless persons as required in section 426(g) of the McKinney Act (42 U.S.C. 11386(g)). This requirement is waived if an applicant is unable to meet it and presents a plan for HUD approval to otherwise consult with homeless or formerly homeless persons in considering and making policies and decisions. See also § 583.330(e).

(2) Each recipient of assistance under this part must, to the maximum extent practicable, involve homeless individuals and families, through employment, volunteer services, or otherwise, in constructing, rehabilitating, maintaining, and operating the project and

in providing supportive services for the project.

(g) *Records and reports.* Each recipient of assistance under this part must keep any records and make any reports (including those pertaining to race, ethnicity, gender, and disability status data) that HUD may require within the timeframe required.

(h) *Confidentiality.* Each recipient that provides family violence prevention or treatment services must develop and implement procedures to ensure:

- (1) The confidentiality of records pertaining to any individual services; and
- (2) That the address or location of any project assisted will not be made public, except with written authorization of the person or persons responsible for the operation of the project.

(i) *Termination of housing assistance.* The recipient may terminate assistance to a participant who violates program requirements. Recipients should terminate assistance only in the most severe cases. Recipients may resume assistance to a participant whose assistance was previously terminated. In terminating assistance to a participant, the recipient must provide a formal process that recognizes the rights of individuals receiving assistance to due process of law. This process, at a minimum, must consist of:

- (1) Written notice to the participant containing a clear statement of the reasons for termination;
- (2) A review of the decision, in which the participant is given the opportunity to present written or oral objections before a person other than the person (or a subordinate of that person) who made or approved the termination decision; and
- (3) Prompt written notice of the final decision to the participant.

(j) *Limitation of stay in transitional housing.* A homeless individual or family may remain in transitional housing for a period longer than 24 months, if permanent housing for the individual or family has not been located or if the individual or family requires additional time to prepare for independent living. However, HUD may discontinue assistance for a transitional housing project if more than half of the home-

less individuals or families remain in that project longer than 24 months.

(k) *Outpatient health services.* Outpatient health services provided by the recipient must be approved as appropriate by HUD and the Department of Health and Human Services (HHS). Upon receipt of an application that proposes the provision of outpatient health services, HUD will consult with HHS with respect to the appropriateness of the proposed services.

(l) *Annual assurances.* Recipients who receive assistance only for leasing, operating costs or supportive services costs must provide an annual assurance for each year such assistance is received that the project will be operated for the purpose specified in the application.
