

§ 225.25

(1) Seek the comments of the Advisory Council on Historic Preservation, in accordance with 36 CFR part 800;

(2) Ensure that the property is avoided, that the adverse effect is mitigated, or that appropriate excavations or other related research is conducted; and

(3) Ensure that complete data describing the historic property is preserved.

§ 225.25 Resolution of disputes.

A minerals agreement shall contain provisions for resolving disputes that may arise between the parties. However, no such provision shall limit the Secretary's authority or ability to ensure that the rights of an Indian mineral owner are protected in the event of a violation of the provisions of the minerals agreement by any other party to the minerals agreement.

§ 225.26 Auditing and accounting.

The Secretary may conduct audits relating to the scope, nature and extent of compliance with the minerals agreement and with applicable regulations and orders to lessees, operators, revenue payors, and other persons with rental, royalty, net profit share and other payment requirements arising from the provisions of a minerals agreement. Procedures and standards used for accounting and auditing of minerals agreements will be in accordance with audit standards established by the Comptroller General of the United States, in "Standards for Auditing of Governmental Organizations, Programs, Activities, and Functions, 1981," and standards established by the American Institute of Certified Public Accountants.

§ 225.27 Forms and reports.

Any forms required to be filed pursuant to a minerals agreement may be obtained from the Superintendent or Area Director. Prescribed forms for filing geothermal production reports required by the BLM (43 CFR part 3260, §§ 3264.1, 3264.2-4 and 3264.2-5) may be obtained from the Superintendent, Area Director, or the Authorized Officer. Applicable reports required by the MMS shall be filed using the forms prescribed in 30 CFR part 210, which are

25 CFR Ch. I (4-1-10 Edition)

available from MMS. Guidance on how to prepare and submit required information, collection reports, and forms to MMS is available from: Minerals Management Service, Attention: Lessee (or Reporter) Contact Branch, P.O. Box 5760, Denver, Colorado 80217. Additional reporting requirements may be required by the Secretary.

§ 225.28 Approval of amendments to minerals agreements.

An amendment, modification or supplement to a minerals agreement entered into pursuant to the regulations in this part, whether the minerals agreement was approved before or after the effective date of these regulations, must be approved in writing by all parties before being submitted to the Secretary for approval. The provisions of § 225.22 apply to approvals of amendments, modifications, or supplements to minerals agreements entered into under the regulations in this part. However, amendments, modifications, or supplements that do not substantially alter or affect the factors listed in § 225.22(c), may be approved by referencing materials previously submitted for the initial review and approval of the minerals agreement. The Secretary may approve an amendment, modification, or supplement if it is determined that the underlying minerals agreement, as amended, modified, or supplemented meets the criteria for approval set forth in § 225.22(c).

§ 225.29 Corporate qualifications and requests for information.

(a) The signing in a representative capacity of minerals agreements or assignments, bonds, or other instruments required by a minerals agreement or these regulations, constitutes certification that the individual signing (except a surety agent) is authorized to act in such a capacity. An agent for a surety shall furnish a power of attorney.

(b) A prospective corporate operator proposing to acquire an interest in a minerals agreement shall have on file with the Superintendent a statement showing:

(1) The State(s) in which the corporation is incorporated, and a notarized

statement that the corporation is authorized to hold such interests in the State where the land described in the minerals agreement is situated; and

(2) A notarized statement that it has power to conduct all business and operations as described in the minerals agreement.

(c) The Secretary may, either before or after the approval of a minerals agreement, assignment, or bond, call for any reasonable additional information necessary to carry out the regulations in this part, or other applicable laws and regulations.

§ 225.30 Bonds.

(a) Bonds required by provisions of a minerals agreement should be in an amount sufficient to ensure compliance with all of the requirements of the minerals agreement and the statutes and regulations applicable to the minerals agreement. Surety bonds shall be issued by a qualified company approved by the Department of the Treasury (see Department of the Treasury Circular No. 570).

(b) An operator may file a \$75,000 bond for all geothermal, mining, or oil and gas minerals agreements in any one State, which may also include areas on that part of an Indian reservation extending into any contiguous State. Statewide bonds shall be filed for approval with the Secretary.

(c) An operator may file a \$150,000 bond for full nationwide coverage to cover all geothermal or oil and gas minerals agreements without geographic or acreage limitation to which the operator is or may become a party. Nationwide bonds shall be filed for approval with the Secretary.

(d) Personal bonds shall be accompanied by:

(1) Certificate of deposit issued by a financial institution, the deposits of which are Federally insured, explicitly granting the Secretary full authority to demand immediate payment in case of default in the performance of the provisions and conditions of the minerals agreement. The certificate shall explicitly indicate on its face that Secretarial approval is required prior to redemption of the certificate of deposit by any party;

(2) Cashier's check;

(3) Certified check;

(4) Negotiable Treasury securities of the United States of a value equal to the amount specified in the bond. Negotiable Treasury securities shall be accompanied by a proper conveyance to the Secretary of full authority to sell such securities in case of default in the performance of the provisions and conditions of a minerals agreement; or

(5) Letter of credit issued by a financial institution authorized to do business in the United States and whose deposits are Federally insured, and identifying the Secretary as sole payee with full authority to demand immediate payment in the case of default in the performance of the provisions and conditions of a minerals agreement.

(i) The letter of credit shall be irrevocable during its term.

(ii) The letter of credit shall be payable to the Bureau of Indian Affairs on demand, in part or in full, upon receipt from the Secretary of a notice of attachment stating the basis thereof (e.g., default in compliance with the minerals agreement provisions and conditions or failure to file a replacement in accordance with subparagraph (d)(5)(v) of this section).

(iii) The initial expiration date of the letter of credit shall be at least one (1) year following the date it is filed in the proper Bureau of Indian Affairs office.

(iv) The letter of credit shall contain a provision for automatic renewal for periods of not less than one (1) year in the absence of notice to the proper Bureau of Indian Affairs office at least ninety (90) days prior to the originally stated or any extended expiration date.

(v) A letter of credit used as security for any minerals agreement upon which operations have taken place and final approval for abandonment has not been given, or as security for a statewide or nationwide bond, shall be forfeited and shall be collected by the Secretary if not replaced by other suitable bond or letter of credit at least thirty (30) days before its expiration date.

(e) The required amount of a bond may be increased in any particular case at the discretion of the Secretary.
