

(iii) In computing the amount of gross income received from sources within possessions of the United States (section 937).

(iv) In determining a partner's "gross income from farming" (sections 175 and 6073); and

(v) In determining whether the de minimis or full inclusion rules of section 954(b)(3) apply.

(2) In determining the applicability of the 6-year period of limitation on assessment and collection provided in section 6501(e) (relating to omission of more than 25 percent of gross income), a partner's gross income includes his distributive share of partnership gross income (as described in section 6501(e)(1)(A)(i)). In this respect, the amount of partnership gross income from which was derived the partner's distributive share of any item of partnership income, gain, loss, deduction, or credit (as included or disclosed in the partner's return) is considered as an amount of gross income stated in the partner's return for the purposes of section 6501(e). For example, A, who is entitled to one-fourth of the profits of the ABCD partnership, which has \$10,000 gross income and \$2,000 taxable income, reports only \$300 as his distributive share of partnership profits. A should have shown \$500 as his distributive share of profits, which amount was derived from \$2,500 of partnership gross income. However, since A included only \$300 on his return without explaining in the return the difference of \$200, he is regarded as having stated in his return only \$1,500 (\$300/\$500 of \$2,500) as gross income from the partnership.

(d) *Partners in community property States.* If separate returns are made by a husband and wife domiciled in a community property State, and only one spouse is a member of the partnership, the part of his or her distributive share of any item or items listed in paragraph (a) (1) through (9) of this section which is community property, or which is derived from community property, should be reported by the husband and wife in equal proportions.

(e) *Special rules on requirement to separately state meal, travel, and entertainment expenses.* Each partner shall take into account separately his or her dis-

tributive share of meal, travel, and entertainment expenses paid or incurred after December 31, 1986, by partnerships that have taxable years beginning before January 1, 1987, and ending with or within partner's taxable years beginning on or after January 1, 1987. In addition, with respect to skybox rentals under section 274 (1) (2), each partner shall take into account separately his or her distributive share of rents paid or incurred after December 31, 1986, by partnerships that have taxable years beginning before January 1, 1989, and ending with or within partners' taxable years beginning on or after January 1, 1987.

(f) *Cross—references.* For special rules in accordance with the principles of section 702 applicable solely for the purpose of the tax imposed by section 56 (relating to the minimum tax for tax preferences) see §1.58-2(a). In the case of a disposition of an oil or gas property by the partnership, see the rules contained in section 613A(c)(7)(D) and §1.613A-3(e).

§ 1.702-2 Net operating loss deduction of partner.

For the purpose of determining a net operating loss deduction under section 172, a partner shall take into account his distributive share of items of income, gain, loss, deduction, or credit of the partnership. The character of any such item shall be determined as if such item were realized directly from the source from which realized by the partnership, or incurred in the same manner as incurred by the partnership. See section 702(b) and paragraph (b) of §1.702-1. To the extent necessary to determine the allowance under section 172(d)(4) of the nonbusiness deductions of a partner (arising from both partnership and nonpartnership sources), the partner shall separately take into account his distributive share of the deductions of the partnership which are not attributable to a trade or business and combine such amount with his

nonbusiness deductions from nonpartnership sources. Such partner shall also separately take into account his distributive share of the gross income of the partnership not derived from a trade or business and combine such amount with his nonbusiness income from nonpartnership sources. See section 172 and the regulations thereunder.

§ 1.702-3T 4-Year spread (temporary).

(a) *Applicability.* This section applies to a partner in a partnership if—

(1) The partnership is required by section 806 of the Tax Reform Act of 1986 (the 1986 Act), Pub. L. 99-514, 100 Stat. 2362, to change its taxable year for the first taxable year beginning after December 31, 1986 (partnership's year of change); and

(2) As a result of such change in taxable year, items from more than one taxable year of the partnership would, but for the provisions of this section, be included in the taxable year of the partner with or within which the partnership's year of change ends.

(b) *Partner's treatment of items from the partnership's year of change—(1) In general.* Except as provided in paragraph (c) of this section, if a partner's share of "income items" exceeds the partner's share of "expense items," the partner's share of each and every income and expense item shall be taken into account ratably (and retain its character) over the partner's first 4 taxable years beginning with the partner's taxable year with or within which the partnership's year of change ends.

(2) *Definitions—(i) Income items.* For purposes of this section, the term *income items* means the sum of—

(A) The partner's distributive share of taxable income (exclusive of separately stated items) from the partnership's year of change,

(B) The partner's distributive share of all separately stated income or gain items from the partnership's year of change, and

(C) Any amount includible in the partner's income under section 707(c) on account of payments during the partnership's year of change.

(ii) *Expense items.* For purposes of this section, the term *expense items* means the sum of—

(A) The partner's distributive share of taxable loss (exclusive of separately stated items) from the partnership's year of change, and

(B) The partner's distributive share of all separately stated items of loss or deduction from the partnership's year of change.

(c) *Electing out of 4-year spread.* A partner may elect out of the rules of paragraph (b) of this section by meeting the requirements of §301.9100-7T of this chapter (temporary regulations relating to elections under the Tax Reform Act of 1986).

(d) *Special rules for a partner that is a partnership or S corporation—(1) In general.* Except as provided in paragraph (d)(2) of this section, a partner that is a partnership or S corporation may, if otherwise eligible, use the 4-year spread (with respect to partnership interests owned by the partner) described in this section.

(2) *Certain partners prohibited from using 4-year spread—(i) In general.* Except as provided in paragraph (d)(2)(ii) of this section, a partner that is a partnership or S corporation may not use the 4-year spread (with respect to partnership interests owned by the partner) if such partner is also changing its taxable year pursuant to section 806 of the 1986 Act.

(ii) *Exception.* If a partner's year of change does not include any income or expense items with respect to the partnership's year of change, such partner may, if otherwise eligible, use the 4-year spread (with respect to such partnership interest) described in this section even though the partner is a partnership or S corporation. See examples 13 and 14 in paragraph (h) of this section.

(e) *Basis of partner's interest.* The basis of a partner's interest in a partnership shall be determined as if the partner elected not to spread the partnership items over 4 years, regardless of whether such election was in fact made. Thus, for example, if a partner is eligible for the 4-year spread and does not elect out of the 4-year spread pursuant to paragraph (c) of this section, the partner's basis in the partnership interest will be increased in the first year of the 4-year spread period by an
