(iii) If the wine contains less than 7 percent alcohol by volume, an adequate statement of composition may be used instead of the class and type in 27 CFR part 4. The rules in 27 CFR part 4 pertaining to label approval and standards of fill do not apply to wine under 7 percent alcohol by volume. The rules in 27 CFR part 16 requiring a Health Warning Statement do apply to all wines over 1/2 percent alcohol. Except for the rules noted in this section, labeling of wines under 7 percent alcohol is under the jurisdiction of the Food and Drug Administration.

(iv) The statement of composition must include enough information to identify the tax class when viewed with the alcohol content. First, the wine should be identified by the word “wine,” “mead,” “cider” or “perry,” as applicable. If the wine contains more than 0.392 grams of carbon dioxide per 100 milliliters, the word “sparkling” or “carbonated,” as applicable, must be included in the statement of composition. If the statement of composition leaves doubt as to the tax class of the wine, the wine must be marked “tax class 5041(b)(1) IRC” or an equivalent phrase. For example, a still wine marked “wine” and “16 percent alcohol by volume” is adequately marked to identify its tax class as 5041(b)(2). A still wine marked “hard cider” and “9 percent alcohol by volume” is adequately marked to identify its tax class as 5041(b)(1). A still wine eligible for the hard cider tax rate marked “cider” and “6 percent alcohol by volume” is adequately marked to identify its tax class as 5041(b)(6). However, if a still wine that is not eligible for the hard cider tax rate marked “cider” or “hard cider” and “6 percent alcohol by volume” it is not adequately marked to identify its tax class as 5041(b)(1), so the tax class must be shown.

(5) The net content of the container unless the net content is permanently marked on the container as provided in 27 CFR part 4.

(b) The information shown on any label applied to bottled or packed wine is subject to the recordkeeping requirements of §24.314. (Sec. 201, Pub. L. 85-859, 72 Stat. 1381, as amended, 1407, as amended (26 U.S.C. 5368, 5388, 5662))

(c) Use of semi-generic designations—(1) In general. Semi-generic designations may be used to designate wines of an origin other than that indicated by such name only if—

(i) There appears in direct conjunction therewith an appropriate appellation of origin, as defined in part 4 of this chapter, disclosing the true place of origin of the wine, and

(ii) The wine so designated conforms to the standard of identity, if any, for such wine contained in part 4 of this chapter or, if there is no such standard, to the trade understanding of such class or type.

(2) Determination of whether a name is semi-generic—(i) In general. Except as provided in paragraph (c)(2)(ii) of this section, a name of geographic significance, which is also the designation of a class or type of wine, shall be deemed to have become semi-generic only if so found by the Administrator.

(ii) Certain names treated as semi-generic. The following names shall be treated as semi-generic: Angelica, Burgundy, Claret, Chablis, Champagne, Chianti, Malaga, Marsala, Madeira, Moselle, Port, Rhine Wine or Hock, Sauterne, Haut Sauterne, Sherry, Tokay. (See: 26 U.S.C. 5368, 5388, 5662)

§ 24.260 Serial numbers or filling date.

Each container larger than four liters or any case used for removing wine for consumption or sale will be marked with a serial number or filling date at the time of filling or when such containers or cases are prepared for removal. Serial numbers will commence with "1" and continue until the numeral "1,000,000" is reached, whereupon the series may recommence with the numeral "1." However, the proprietor may initiate a new series after the numeral "1,000,000" has been reached provided no numeral will be used more than once during a 12-month period. If desired, a separate series of numbers with letter prefixes may be used for containers larger than four liters and for cases, or for cases filled on different bottling lines, or for removals from different loading docks. The proprietor may mark containers larger than four liters or the cases with the filling date in lieu of using a serial number or use both a serial number and the filling date. However, if the proprietor desires to change from the use of a serial number to use of a filling date, or vice versa, a notice will be sent to the appropriate TTB officer before making the change. Where United States or foreign wine is recased, the cases will be marked with the date of recasing, preceded by the letter "R", in lieu of serial number or filling date. (72 Stat. 1381; 26 U.S.C. 5367, 5368)

Subpart M—Losses of Wine

§ 24.265 Losses by theft.

The proprietor shall be liable for and pay the tax on wine unlawfully removed while on bonded wine premises, or while in transit thereto or therefrom in bond, unless the proprietor or other person responsible for the tax, establishes to the satisfaction of the appropriate TTB officer that the theft did not occur as the result of connivance, collusion, fraud or negligence on the part of the proprietor or other person responsible for the tax or the owner, consignor, consignee, bailee, or carrier, or their agents or employees. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended (26 U.S.C. 5370))

§ 24.266 Inventory losses.

(a) General. The proprietor shall take a physical inventory of all untaxedw
