#### § 1952.125 Changes to approved plans.

(a) In accordance with part 1953 of this chapter, the following Washington plan changes were approved by the Assistant Secretary on August 4, 1980.

(b) In accordance with subpart E of part 1953 of this chapter, the Assistant Secretary has approved the participation of the Washington Department of Labor and Industries in its November 17, 1989, agreement with the Colville Confederated Tribes, concerning an internal occupational safety and health program on the Colville reservation. Under this agreement, Washington exercises enforcement authority over non-Indian-owned workplaces under the legal authority set forth in its State plan. (Federal OSHA will exercise enforcement authority over Indian-owned or Tribal workplaces, as provided in 29 CFR 1952.122.)

(c) *Legislation.* (1) On March 29, 1994, the Assistant Secretary approved Washington's revised statutory penalty levels which are the same as the revised Federal penalty levels contained in section 17 of the Act as amended on November 5, 1990.

[45 FR 53459, Aug. 12, 1980, as amended at 55 FR 37467, Sept. 12, 1990; 59 FR 14555, Mar. 29, 1994; 67 FR 60129, Sept. 25, 2002]

### Subparts G–H [Reserved]

### Subpart I—North Carolina

#### § 1952.150 Description of the plan as initially approved.

(a) The Department of Labor has been designated by the Governor of North Carolina to administer the plan throughout the State. The Department of Labor has entered into an agreement with the State Board of Health whereby the State Board of Health is to assist the Department of Labor in the administration and enforcement of occu-

pational health standards. However, full authority for the promulgation and enforcement of occupational safety and health standards remains with the Department of Labor. The plan defines the covered occupational safety and health issues as defined by the Secretary of Labor in § 1902.2(c)(1) of this chapter. Moreover, it is understood that the plan will cover all employers and employees in the State except those whose working conditions are not covered by the Federal act by virtue of section 4(b)(1) thereof, dockside maritime and domestic workers. The Department of Labor is currently exercising statewide inspection authority to enforce many State standards. The plan describes procedures for the development and promulgation of additional laws, and orders in all places of employment in the State; the procedures for prompt restraint or elimination of imminent danger conditions; and procedures for inspections in response to complaints.

(b) The plan includes proposed draft legislation to be considered by the North Carolina General Assembly during its 1973 session. Such legislation is designed to implement major portions of the plan and to bring it into conformity with the requirements of part 1902 of this chapter.

(c) Under this legislation, all occupational safety and health standards and amendments thereto which have been promulgated by the Secretary of Labor, except those found in parts 1915, 1916, 1917, and 1918 of this chapter (ship repairing, shipbuilding, shipbreaking, and longshoring) will be adopted upon ratification of the proposed legislation. Enforcement of such standards will take place 90 days thereafter.

(d) The legislation will give the Department of Labor full authority to administer and enforce all laws, rules and orders protecting employee safety and health in all places of employment in the State. It also proposes to bring the plan into conformity in procedures for providing prompt and effective standards for the protection of employees against new and unforeseen hazards and for furnishing information to employees on hazards, precautions, symptoms, and emergency treatment; and procedures for variances.
