Executive Order 13520 of November 20, 2009

Reducing Improper Payments

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in the interest of reducing payment errors and eliminating waste, fraud, and abuse in Federal programs, it is hereby ordered as follows:

Section 1. Purpose. When the Federal Government makes payments to individuals and businesses as program beneficiaries, grantees, or contractors, or on behalf of program beneficiaries, it must make every effort to confirm that the right recipient is receiving the right payment for the right reason at the right time. The purpose of this order is to reduce improper payments by intensifying efforts to eliminate payment error, waste, fraud, and abuse in the major programs administered by the Federal Government, while continuing to ensure that Federal programs serve and provide access to their intended beneficiaries. No single step will fully achieve these goals. Therefore, this order adopts a comprehensive set of policies, including transparency and public scrutiny of significant payment errors throughout the Federal Government; a focus on identifying and eliminating the highest improper payments; accountability for reducing improper payments among executive branch agencies and officials; and coordinated Federal, State, and local government action in identifying and eliminating improper payments. Because this order targets error, waste, fraud, and abuse—not legitimate use of Government services—efforts to reduce improper payments under this order must protect access to Federal programs by their intended beneficiaries.
