

(2) The State is not conducting its State reclamation program in accordance with the approved State reclamation plan.

(e) If the Director determines that a State reclamation plan amendment is required, the Director, after consultation with the State, shall establish a reasonable timetable which is consistent with established administrative or legislative procedures in the State for submitting an amendment to the reclamation plan.

(f) Failure of a State to submit an amendment within the timetable established under paragraph (e) of this section or to make reasonable or diligent efforts in that regard may result in either the suspension of the reclamation plan under §884.16, reduction, suspension or termination of existing AML grants under §886.18, or the withdrawal from consideration for approval of all grant applications submitted under §886.15.

§884.16 Suspension of plan.

(a) The Director may suspend a State reclamation plan in whole or in part, if he determines that—

(1) Approval of the State regulatory program has been withdrawn in whole or in part;

(2) The State is not conducting the State reclamation program in accordance with its approved State reclamation plan; or

(3) The State has not submitted a reclamation plan amendment within the time specified under §884.15.

(b) If the Director determines that the plan should be suspended, the Director shall notify the State by mail, return receipt requested, of the proposed action. The notice of proposed suspension shall state the reasons for the proposed action. Within 30 days the State must show cause why such action should not be taken. The Director shall afford the State an opportunity for consultation, including a hearing if requested by the State and performance of remedial action prior to the notice of suspension.

(c) The Director shall notify the State of his decision in writing. The decision of the Director shall be final.

(d) The Director shall lift the suspension if he determines that the deficiencies that led to suspension have been corrected.

§884.17 Other uses by certified States and Indian tribes.

(a) The State reclamation plan may provide for construction of specific public facilities in communities impacted by coal development. This form of assistance is available when the Governor of the State has certified, and the Director has concurred that—

(1) All reclamation with respect to past coal mining and with respect to the mining of other minerals and materials has been accomplished;

(2) The specific public facilities are required as a result of coal development; and

(3) Impact funds which may be available under the Federal Mineral Leasing Act of 1920, as amended, or the Act of October 20, 1978, Public Law 94-565 (90 Stat. 2662) are inadequate for such construction.

(b) Grant applications for uses other than coal reclamation by certified States and Indian tribes may be submitted in accordance with §885.15 of this chapter.
