§ 356.11 How are bids submitted in an auction?

(a) General. (1) All bids must be submitted using an approved method, which depends on whether you are requesting us to issue the awarded securities in the commercial book-entry system, in TreasuryDirect®, or in Legacy Treasury Direct® (See §356.4). The approved submission methods for these respective systems are explained in this section. A bidder must provide its assigned bidder identification numbers if it has been assigned one. We have the option of accepting or rejecting incomplete bids.

(2) We must receive competitive and noncompetitive bids prior to their respective closing times, which are stated in the auction announcement. We will not include late bids in the auction. For bids other than those submitted on paper forms, our computer time stamp will establish the receipt time. You are bound by your bids after the closing time.

(3) We are not responsible for any delays, errors, or omissions. We are not responsible for any failures or disruptions of equipment or communications facilities used for participating in Treasury auctions.

(4) Submitters are responsible for bids submitted using computer equipment on their premises, whether or not such bids are authorized.

(b) Commercial book-entry system. (1) If you are a submitter and the awarded securities are to be issued in the commercial book-entry system, you must submit bids using one of our approved electronic methods except for contingency situations.

(2) You must have an agreement on file with us under which you agree to our terms and conditions for access to our system for participating in our auctions.

(3) In contingency situations, such as a power outage, we may accept bids by a telephone call to designated Treasury employees if you submit them prior to the relevant bidding deadline.

(c) TreasuryDirect. You must submit your bids through your established book-entry, online TreasuryDirect account. You may reinvest the proceeds of maturing securities held in TreasuryDirect by directing that the proceeds be used to purchase a certificate of indebtedness in your TreasuryDirect account and by using the proceeds of your certificate of indebtedness to pay for the securities.

(d) Legacy Treasury Direct. (1) If you are a submitter and the awarded securities are to be issued in Legacy Treasury Direct, you may submit bids by using one of our approved methods, e.g., computer, automated telephone service, or paper forms. You may also reinvest the proceeds of maturing securities into new securities through the same methods.

(2) If you are submitting bids by paper form, you must use forms authorized by the Bureau of the Public Debt and provide the requested information. We have the option of accepting or rejecting bids on any other form.
§ 356.12 What are the different types of bids and do they have specific requirements or restrictions?

(a) General. All bids must state the par amount of securities bid for and must equal or exceed the minimum to bid amount stated in the auction announcement. Bids in larger amounts must be in the multiple stated in the auction announcement.

(b) Noncompetitive bids—(1) Maximum bid. You may not bid noncompetitively for more than $5 million. The maximum bid limitation does not apply if you are bidding solely through either a TreasuryDirect® or a Legacy Treasury Direct® reinvestment request. A request for reinvestment of securities maturing in either TreasuryDirect or Legacy Treasury Direct is a noncompetitive bid.

(2) Additional restrictions. You may not bid noncompetitively in an auction in which you are bidding competitively. You may not bid noncompetitively if, in the security being auctioned, you hold a position in when-issued trading or in futures or forward contracts at any time between the date of the auction announcement and the time we announce the auction results. During this same timeframe, a noncompetitive bidder may not enter into any agreement to purchase or sell or otherwise dispose of the securities it is acquiring in the auction. For this paragraph, futures contracts include those:

(i) That require delivery of the specific security being auctioned;

(ii) For which the security being auctioned is one of several securities that may be delivered; or

(iii) That are cash-settled.

(2) Competitive bids—(1) Bid format—(i) Treasury bills. A competitive bid must show the discount rate bid, expressed with three decimals in .005 increments. The third decimal must be either a zero or a five, for example, 5.320 or 5.325. We will treat any missing decimals as zero, for example, a bid of 5.32 will be treated as 5.320. The rate bid may be a positive number or zero.

(ii) Treasury fixed-principal securities. A competitive bid must show the yield bid, expressed with three decimals, for example, 4.170. We will treat any missing decimals as zero, for example, a bid of 4.1 will be treated as 4.100. The yield bid may be a positive number or zero.

(iii) Treasury inflation-protected securities. A competitive bid must show the real yield bid, expressed with three decimals, for example, 3.070. We will treat any missing decimals as zero, for example, a bid of 3 will be treated as 3.000. The real yield may be a positive number, a negative number, or zero.

(2) Maximum recognized bid. There is no limit on the maximum dollar amount that you may bid for competitively, either at a single yield or discount rate, or at different yields or discount rates. However, a competitive bid at a single yield or discount rate that exceeds 35 percent of the offering amount will be reduced to that amount. For example, if the offering amount is $10 billion, the maximum bid amount we will recognize at any one yield or discount rate from any bidder is $3.5 billion. (See §356.22 for award limitations.)

(3) Additional restrictions. You may not bid competitively in an auction in which you are bidding noncompetitively. You may not bid competitively for securities to be bought through either TreasuryDirect or Legacy Treasury Direct.

§ 356.12 You are responsible for ensuring that we receive bids in paper form on time. A noncompetitive bid is on time if:

(i) We receive it on or before the issue date, and

(ii) The envelope it arrived in bears evidence, such as a U.S. Postal Service cancellation, that it was mailed prior to the auction date.

(3) If you are submitting a bid by computer or automated telephone service you must be an established Legacy Treasury Direct account holder with a Taxpayer Identification Number.

(4) In contingency situations, such as a power outage, we may accept bids by other means, provided, that in all cases the bids are submitted prior to the relevant bidding deadline by an established Legacy Treasury Direct account holder.
