§ 732.23 Collection for subsistence.

The Navy Pay and Personnel Procedures Manual provides guidance regarding pay account checkage procedures to liquidate subsistence charges incurred by members entitled to care under the provisions of this part. Such members must also be entitled to basic allowance for subsistence (BAS) while hospitalized at Government expense. The responsible activity (the adjudication authority or the naval MTF to which such a member is transferred) should follow procedures outlined in the Navy Pay and Personnel Procedures Manual when an eligible officer or enlisted member of the naval service is subsisted at Department of the Navy expense while hospitalized in a nonnaval treatment facility. Subpart C contains the creditable accounting classification for inpatient subsistence collections.

§ 732.24 Appeal procedures.

Any level in the appeal process may over-rule the previous decision and order payment of the claim in whole or in part or grant the request for prior approval of care.

(a) Level I—Reconsideration by the adjudication authority making the initial denial. The member should submit any additional information that may mitigate the initial denial.

(b) Level II—Consideration by the commander of the regional medical command having cognizance over the adjudication authority which upheld the initial denial on reconsideration.
