classification authority. Such approval constitutes an original classification decision.

(c) Each classification guide shall specify the information subject to classification in sufficient detail to permit its ready and uniform identification and categorization and shall set forth the classification level and duration in each instance. Additionally, each classification guide shall prescribe declassification instructions for each element of information in terms of (1) a period of time, (2) the occurrence of an event, or (3) a notation that the information shall not be automatically declassified without the approval of OSTP.

(d) The classification guides shall be kept current and shall be fully reviewed at least every two years. The Executive Director, OSTP shall maintain a list of all OSTP classification guides in current use.

(e) The Executive Director, OSTP shall receive and maintain the record copy of all approved classification guides and changes thereto. He will assist the originator in determining the required distribution.

(f) The Director may, for good cause, grant and revoke waivers of the requirement to prepare classification guides for specified classes of documents or information. The Director of the Information Security Oversight Office shall be notified of any waivers. The Director's decision to waive the requirement to issue classification guides for specific classes of documents or information will be based, at a minimum, on an evaluation of the following factors:

§ 2400.17 Policy.

Declassification of information shall be given emphasis comparable to that accorded classification. Decisions concerning declassification shall be based on the loss of sensitivity of the information with the passage of time or on the occurrence of an event which permits declassification. When information is reviewed for declassification pursuant to this regulation, that information shall be declassified unless the designated declassification authority determines that the information continues to meet the classification requirements prescribed in § 2400.9 of this part despite the passage of time. The Office of Science and Technology Policy officials shall coordinate their review of classified information with other agencies that have a direct interest in the subject matter.

§ 2400.18 Declassification and downgrading authority.

Information shall be declassified or downgraded by the official who authorized the original classification, if that official is still serving the same position; the originator's successor; a supervisory official of either; or officials delegated such authority in writing by the Director, OSTP. § 2400.19 Declassification by the Director of the Information Security Oversight Office.

If the Director of the Information Security Oversight Office (ISOO) determines that information is classified in violation of Executive Order 12356, the Director, ISOO may require the information to be declassified by the agency that originated the classification. Any such decision by the Director ISOO may be appealed by the Director, OSTP to the National Security Council. The information shall remain classified, pending a prompt decision on the appeal.

§ 2400.20 Systematic review for declassification.

(a) *Permanent records.* Systematic review is applicable only to those classified records, and presidential papers or records that the Archivist of the United States, acting under the Federal Records Act, has determined to be of sufficient historical or other value to warrant permanent retention.

(b) *Non-permanent records.* Non-permanent classified records shall be disposed of in accordance with schedules approved by the Administrator of General Services under the Records Disposal Act. These schedules shall provide for the continued retention of records subject to an ongoing mandatory review for declassification request.

(c) *Office of Science and Technology Policy Responsibility.* The Director, OSTP, shall:

(1) Issue guidelines for systematic declassification review and, if applicable, for downgrading. These guidelines shall be developed in consultation with the Archivist and the Director of the Information Security Oversight Office and be designated to assist the Archivist in the conduct of systematic reviews;

(2) Designate experienced personnel to provide timely assistance to the Archivist in the systematic review process;

(3) Review and update guidelines for systematic declassification review and downgrading at least every five years

unless earlier review is requested by the Archivist.

(d) *Foreign Government Information.* Systematic declassification review of foreign government information shall be in accordance with guidelines issued by the Director of the Information Security Oversight Office.

(e) *Special procedures.* The Office of Science and Technology Policy shall be bound by the special procedures for systematic review of classified cryptologic records and classified records pertaining to intelligence activities (including special activities) or intelligence sources or methods issued by the Secretary of Defense and the Director of Central Intelligence, respectively.

(2) The request is made in writing and describes the document or material containing the information with sufficient specificity to enable the Office of Science and Technology Policy to locate it with a reasonable amount of effort.

(b) Requests should be addressed to: Executive Director, Office of Science and Technology Policy, Executive Office of the President, Washington, DC 20506.

(c) If the request does not reasonably describe the information sought to allow identification of documents containing such information, the requester shall be notified that unless additional information is provided or the request is made more specific, no further action will be taken.

(d) Information originated by a President, the White House Staff, by committees, commissions, or boards appointed by the President, or others specifically providing advice and counsel to a President or acting on behalf of a
