Coast Guard, DHS

such notice, they shall have effect as if they were a part of these Rules.

(d) *Traffic regulation schemes; vessel traffic service regulations.* Traffic separation schemes may be established for the purpose of these Rules. Vessel traffic service regulations may be in effect in certain areas.

(e) Alternative compliance. Whenever the Secretary determines that a vessel or class of vessels of special construction or purpose cannot comply fully with the provisions of any of these Rules with respect to the number, position, range, or arc of visibility of lights or shapes, as well as to the disposition and characteristics of sound-signaling appliances, the vessel shall comply with such other provisions in regard to the number, position, range, or arc of visibility of lights or shapes, as well as to the disposition and characteristics of sound-signaling appliances, as the Secretary shall have determined to be the closest possible compliance with these Rules. The Secretary may issue a certificate of alternative compliance for a vessel or class of vessels specifying the closest possible compliance with these Rules. The Secretary of the Navy shall make these determinations and issue certificates of alternative compliance for vessels of the Navy.

(f) Acceptance of certificates of alternative compliance from contracting parties to International Regulations. The Secretary may accept a certificate of alternative compliance issued by a contracting party to the International Regulations if he determines that the alternative compliance standards of the contracting party are substantially the same as those of the United States.

§83.02 Responsibility (Rule 2).

(a) *Exoneration*. Nothing in these Rules shall exonerate any vessel, or the owner, master, or crew thereof, from the consequences of any neglect to comply with these Rules or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

(b) Departure from rules when necessary to avoid immediate danger. In construing and complying with these Rules due regard shall be had to all dangers of navigation and collision and to any special circumstances, including the limitations of the vessels involved, which may make a departure from these Rules necessary to avoid immediate danger.

§83.03 Definitions (Rule 3).

For the purpose of these Rules and this chapter, except where the context otherwise requires:

(a) *Vessel* includes every description of water craft, including nondisplacement craft and seaplanes, used or capable of being used as a means of transportation on water;

(b) *Power-driven vessel* means any vessel propelled by machinery;

(c) Sailing vessel means any vessel under sail provided that propelling machinery, if fitted, is not being used;

(d) Vessel engaged in fishing means any vessel fishing with nets, lines, trawls, or other fishing apparatus which restricts maneuverability, but does not include a vessel fishing with trolling lines or other fishing apparatus which do not restrict maneuverability;

(e) *Seaplane* includes any aircraft designed to maneuver on the water;

(f) Vessel not under command means a vessel which, through some exceptional circumstance, is unable to maneuver as required by these Rules and is therefore unable to keep out of the way of another vessel;

(g) Vessel restricted in her ability to maneuver means a vessel which, from the nature of her work, is restricted in her ability to maneuver as required by these Rules and is therefore unable to keep out of the way of another vessel; vessels restricted in their ability to maneuver include, but are not limited to:

(1) A vessel engaged in laying, servicing, or picking up a navigation mark, submarine cable, or pipeline;

(2) A vessel engaged in dredging, surveying, or underwater operations;

(3) A vessel engaged in replenishment or transferring persons, provisions, or cargo while underway;

(4) A vessel engaged in the launching or recovery of aircraft;

(5) A vessel engaged in mineclearance operations; and

(6) A vessel engaged in a towing operation such as severely restricts the towing vessel and her tow in their ability to deviate from their course.

(h) Underway means that a vessel is not at anchor, or

made fast to the shore, or aground;

(i) *Length* and *breadth* of a vessel mean her length overall and greatest breadth;

(j) Vessels shall be deemed to be in sight of one another only when one can be observed visually from the other;

(k) *Restricted visibility* means any condition in which visibility is restricted by fog, mist, falling snow, heavy rainstorms, sandstorms, or any other similar causes;

(1) Western Rivers means the Mississippi River, its tributaries, South Pass, and Southwest Pass, to the navigational demarcation lines dividing the high seas from harbors, rivers, and other inland waters of the United States, and the Port Allen-Morgan City Alternate Route, and that part of the Atchafalaya River above its junction with the Port Allen-Morgan City Alternate Route including the Old River and the Red River;

(m) Great Lakes means the Great Lakes and their connecting and tributary waters including the Calumet River as far as the Thomas J. O'Brien Lock and Controlling Works (between mile 326 and 327), the Chicago River as far as the east side of the Ashland Avenue Bridge (between mile 321 and 322), and the Saint Lawrence River as far east as the lower exit of Saint Lambert Lock;

(n) Secretary means the Secretary of the Department in which the Coast Guard is Operating;

(o) Inland Waters means the navigable waters of the United States shoreward of the navigational demarcation lines dividing the high seas from harbors, rivers, and other inland waters of the United States and the waters of the Great Lakes on the United States side of the International Boundary;

(p) *Inland Rules* or *Rules* mean the Inland Navigational Rules and the annexes thereto, which govern the conduct of vessels and specify the lights, shapes, and sound signals that apply on inland waters; and

(q) International Regulations means the International Regulations for Preventing Collisions at Sea, 1972, includ33 CFR Ch. I (7–1–10 Edition)

ing annexes currently in force for the United States.

Subpart B—Steering and Sailing Rules

CONDUCT OF VESSELS IN ANY CONDITION OF VISIBILITY

§83.04 Application (Rule 4).

Rules in this subpart apply in any condition of visibility.

§83.05 Look-out (Rule 5).

Every vessel shall at all times maintain a proper look-out by sight and hearing as well as by all available means appropriate in the prevailing circumstances and conditions so as to make a full appraisal of the situation and of the risk of collision.

§83.06 Safe speed (Rule 6).

Every vessel shall at all times proceed at a safe speed so that she can take proper and effective action to avoid collision and be stopped within a distance appropriate to the prevailing circumstances and conditions.

In determining a safe speed the following factors shall be among those taken into account:

(a) By all vessels:

(1) The state of visibility;

(2) The traffic density including concentration of fishing vessels or any other vessels;

(3) The maneuverability of the vessel with special reference to stopping distance and turning ability in the prevailing conditions;

(4) At night the presence of background light such as from shores lights or from back scatter of her own lights;

(5) The state of wind, sea, and current, and the proximity of navigational hazards:

(6) The draft in relation to the available depth of water.

(b) Additionally, by vessels with operational radar:

(1) The characteristics, efficiency and limitations of the radar equipment:

(2) Any constraints imposed by the radar range scale in use;

(3) The effect on radar detection of the sea state, weather, and other sources of interference;
