

§ 3.18 May I snorkel or underwater dive in park waters?

(a) Snorkeling and underwater diving is allowed in park waters, subject to closures or restrictions designated by the superintendent in accordance with §§ 1.5 and 1.7 of this chapter.

(b) In waters open to the use of vessels, a diver must prominently display a dive flag during dive operations. A dive flag must not be displayed unless dive operations are ongoing.

(c) The dive flag must be illuminated when dive operations take place between sunset and sunrise. The dive flag illumination may not consist of lights that may be confused with navigation lights or aids to navigation lights.

(d) While on the surface, submerging or surfacing the diver must remain within a 100 feet horizontal radius of the diver flag.

(e) If State laws or regulations exist concerning snorkeling activities, those provisions of State law or regulation are adopted.

§ 3.19 May I operate a submersible within park waters?

The use of manned or unmanned submersibles may only occur in accordance with a permit issued by the superintendent under § 1.6 of this chapter.

§ 4.1 Applicability and scope.

The applicability of the regulations in this part is described in § 1.2 of this chapter. The regulations in this part also apply, regardless of land ownership, on all roadways and parking areas within a park area that are open to public traffic and that are under the legislative jurisdiction of the United States.

§ 4.2 State law applicable.

(a) Unless specifically addressed by regulations in this chapter, traffic and the use of vehicles within a park area are governed by State law. State law that is now or may later be in effect is adopted and made a part of the regulations in this part.

(b) Violating a provision of State law is prohibited.

§ 4.3 Authorized emergency vehicles.

(a) The operator of an authorized emergency vehicle, when responding to an emergency or when pursuing or apprehending an actual or suspected violator of the law, may:

- (1) Disregard traffic control devices;
- (2) Exceed the speed limit; and
- (3) Obstruct traffic.

(b) The provisions of paragraph (a) of this section do not relieve the operator from the duty to operate with due regard for the safety of persons and property.

§ 4.4 Report of motor vehicle accident.

(a) The operator of a motor vehicle involved in an accident resulting in property damage, personal injury or death shall report the accident to the superintendent as soon as practicable, but within 24 hours of the accident. If the operator is physically incapable of reporting the accident, an occupant of the vehicle shall report the accident to the superintendent.

(b) A person shall not tow or move a vehicle that has been involved in an accident without first notifying the superintendent unless the position of the vehicle constitutes a hazard or prior notification is not practicable, in which case notification shall be made before the vehicle is removed from the park area.

§ 4.10

36 CFR Ch. I (7-1-10 Edition)

(c) Failure to comply with a reporting requirement specified in paragraph (a) or (b) of this section is prohibited.

(d) The notification requirements imposed by this section do not relieve the operator and occupants of a motor vehicle involved in an accident of the responsibility to satisfy reporting requirements imposed by State law.

§ 4.10 Travel on park roads and designated routes.

(a) Operating a motor vehicle is prohibited except on park roads, in parking areas and on routes and areas designated for off-road motor vehicle use.

(b) Routes and areas designated for off-road motor vehicle use shall be promulgated as special regulations. The designation of routes and areas shall comply with § 1.5 of this chapter and E.O. 11644 (37 FR 2887). Routes and areas may be designated only in national recreation areas, national seashores, national lakeshores and national preserves.

(c) The following are prohibited:

(1) Operating a motor vehicle not equipped with pneumatic tires, except that a track-laying motor vehicle or a motor vehicle equipped with a similar traction device may be operated on a route designated for these vehicles by the superintendent.

(2) Operating a motor vehicle in a manner that causes unreasonable damage to the surface of a park road or route.

(3) Operating a motor vehicle on a route or area designated for off-road motor vehicle use, from ½ hour after sunset to ½ hour before sunrise, without activated headlights and taillights that meet the requirements of State law for operation on a State highway.

§ 4.11 Load, weight and size limits.

(a) Vehicle load, weight and size limits established by State law apply to a vehicle operated on a park road. However, the superintendent may designate more restrictive limits when appropriate for traffic safety or protection of the road surface. The superintendent may require a permit and establish conditions for the operation of a vehicle exceeding designated limits.

(b) The following are prohibited:

(1) Operating a vehicle that exceeds a load, weight or size limit designated by the superintendent.

(2) Failing to obtain a permit when required.

(3) Violating a term or condition of a permit.

(4) Operating a motor vehicle with an auxiliary detachable side mirror that extends more than 10 inches beyond the side fender line except when the motor vehicle is towing a second vehicle.

(c) Violating a term or condition of a permit may also result in the suspension or revocation of the permit by the superintendent.

§ 4.12 Traffic control devices.

Failure to comply with the directions of a traffic control device is prohibited unless otherwise directed by the superintendent.

§ 4.13 Obstructing traffic.

The following are prohibited:

(a) Stopping or parking a vehicle upon a park road, except as authorized by the superintendent, or in the event of an accident or other condition beyond the control of the operator.

(b) Operating a vehicle so slowly as to interfere with the normal flow of traffic.

§ 4.14 Open container of alcoholic beverage.

(a) Each person within a motor vehicle is responsible for complying with the provisions of this section that pertain to carrying an open container. The operator of a motor vehicle is the person responsible for complying with the provisions of this section that pertain to the storage of an open container.

(b) Carrying or storing a bottle, can or other receptacle containing an alcoholic beverage that is open, or has been opened, or whose seal is broken or the contents of which have been partially removed, within a motor vehicle in a park area is prohibited.

(c) This section does not apply to:

(1) An open container stored in the trunk of a motor vehicle or, if a motor vehicle is not equipped with a trunk, to an open container stored in some other portion of the motor vehicle designed

National Park Service, Interior

§ 4.22

for the storage of luggage and not normally occupied by or readily accessible to the operator or passengers; or

(2) An open container stored in the living quarters of a motor home or camper; or

(3) Unless otherwise prohibited, an open container carried or stored in a motor vehicle parked at an authorized campsite where the motor vehicle's occupant(s) are camping.

(d) For the purpose of paragraph (c)(1) of this section, a utility compartment or glove compartment is deemed to be readily accessible to the operator and passengers of a motor vehicle.

§ 4.15 Safety belts.

(a) Each operator and passenger occupying any seating position of a motor vehicle in a park area will have the safety belt or child restraint system properly fastened at all times when the vehicle is in motion. The safety belt and child restraint system will conform to applicable United States Department of Transportation standards.

(b) This section does not apply to an occupant in a seat that was not originally equipped by the manufacturer with a safety belt nor does it apply to a person who can demonstrate that a medical condition prevents restraint by a safety belt or other occupant restraining device.

[62 FR 61633, Nov. 19, 1997]

§ 4.20 Right of way.

An operator of a motor vehicle shall yield the right of way to pedestrians, saddle and pack animals and vehicles drawn by animals. Failure to yield the right of way is prohibited.

§ 4.21 Speed limits.

(a) Park area speed limits are as follows:

(1) 15 miles per hour: within all school zones, campgrounds, picnic areas, parking areas, utility areas, business or residential areas, other places of public assemblage and at emergency scenes.

(2) 25 miles per hour: upon sections of park road under repair or construction.

(3) 45 miles per hour: upon all other park roads.

(b) The superintendent may designate a different speed limit upon any park road when a speed limit set forth in paragraph (a) of this section is determined to be unreasonable, unsafe or inconsistent with the purposes for which the park area was established. Speed limits shall be posted by using standard traffic control devices.

(c) Operating a vehicle at a speed in excess of the speed limit is prohibited.

(d) An authorized person may utilize radiomicrowaves or other electrical devices to determine the speed of a vehicle on a park road. Signs indicating that vehicle speed is determined by the use of radiomicrowaves or other electrical devices are not required.

§ 4.22 Unsafe operation.

(a) The elements of this section constitute offenses that are less serious than reckless driving. The offense of reckless driving is defined by State law and violations are prosecuted pursuant to the provisions of section 4.2 of this chapter.

(b) The following are prohibited:

(1) Operating a motor vehicle without due care or at a speed greater than that which is reasonable and prudent considering wildlife, traffic, weather, road and light conditions and road character.

(2) Operating a motor vehicle in a manner which unnecessarily causes its tires to squeal, skid or break free of the road surface.

(3) Failing to maintain that degree of control of a motor vehicle necessary to avoid danger to persons, property or wildlife.

(4) Operating a motor vehicle while allowing a person to ride:

(i) On or within any vehicle, trailer or other mode of conveyance towed behind the motor vehicle unless specifically designed for carrying passengers while being towed; or

(ii) On any exterior portion of the motor vehicle not designed or intended for the use of a passenger. This restriction does not apply to a person seated on the floor of a truck bed equipped with sides, unless prohibited by State law.

§ 4.23 Operating under the influence of alcohol or drugs.

(a) Operating or being in actual physical control of a motor vehicle is prohibited while:

(1) Under the influence of alcohol, or a drug, or drugs, or any combination thereof, to a degree that renders the operator incapable of safe operation; or

(2) The alcohol concentration in the operator's blood or breath is 0.08 grams or more of alcohol per 100 milliliters of blood or 0.08 grams or more of alcohol per 210 liters of breath. Provided however, that if State law that applies to operating a motor vehicle while under the influence of alcohol establishes more restrictive limits of alcohol concentration in the operator's blood or breath, those limits supersede the limits specified in this paragraph.

(b) The provisions of paragraph (a) of this section also apply to an operator who is or has been legally entitled to use alcohol or another drug.

(c) *Tests.* (1) At the request or direction of an authorized person who has probable cause to believe that an operator of a motor vehicle within a park area has violated a provision of paragraph (a) of this section, the operator shall submit to one or more tests of the blood, breath, saliva or urine for the purpose of determining blood alcohol and drug content.

(2) Refusal by an operator to submit to a test is prohibited and proof of refusal may be admissible in any related judicial proceeding.

(3) Any test or tests for the presence of alcohol and drugs shall be determined by and administered at the direction of an authorized person.

(4) Any test shall be conducted by using accepted scientific methods and equipment of proven accuracy and reliability operated by personnel certified in its use.

(d) *Presumptive levels.* (1) The results of chemical or other quantitative tests are intended to supplement the elements of probable cause used as the basis for the arrest of an operator charged with a violation of paragraph (a)(1) of this section. If the alcohol concentration in the operator's blood or breath at the time of testing is less than alcohol concentrations specified in paragraph (a)(2) of this section, this

fact does not give rise to any presumption that the operator is or is not under the influence of alcohol.

(2) The provisions of paragraph (d)(1) of this section are not intended to limit the introduction of any other competent evidence bearing upon the question of whether the operator, at the time of the alleged violation, was under the influence of alcohol, or a drug, or drugs, or any combination thereof.

[52 FR 10683, Apr. 2, 1987, as amended at 68 FR 46479, Aug. 6, 2003]

§ 4.30 Bicycles.

(a) The use of a bicycle is prohibited except on park roads, in parking areas and on routes designated for bicycle use; *provided, however,* the superintendent may close any park road or parking area to bicycle use pursuant to the criteria and procedures of §§1.5 and 1.7 of this chapter. Routes may only be designated for bicycle use based on a written determination that such use is consistent with the protection of a park area's natural, scenic and aesthetic values, safety considerations and management objectives and will not disturb wildlife or park resources.

(b) Except for routes designated in developed areas and special use zones, routes designated for bicycle use shall be promulgated as special regulations.

(c) A person operating a bicycle is subject to all sections of this part that apply to an operator of a motor vehicle, except §§4.4, 4.10, 4.11 and 4.14.

(d) The following are prohibited:

(1) Possessing a bicycle in a wilderness area established by Federal statute.

(2) Operating a bicycle during periods of low visibility, or while traveling through a tunnel, or between sunset and sunrise, without exhibiting on the operator or bicycle a white light or reflector that is visible from a distance of at least 500 feet to the front and with a red light or reflector visible from at least 200 feet to the rear.

(3) Operating a bicycle abreast of another bicycle except where authorized by the superintendent.

(4) Operating a bicycle while consuming an alcoholic beverage or carrying in hand an open container of an alcoholic beverage.

§ 4.31 Hitchhiking.

Hitchhiking or soliciting transportation is prohibited except in designated areas and under conditions established by the superintendent.

§ 5.1 Advertisements.

Commercial notices or advertisements shall not be displayed, posted, or distributed on federally owned or controlled lands within a park area unless prior written permission has been given by the Superintendent. Such permission may be granted only if the notice or advertisement is of goods, services, or facilities available within the park area and such notices and advertisements are found by the Superintendent to be desirable and necessary for the convenience and guidance of the public.

§ 5.2 Alcoholic beverages; sale of intoxicants.

(a) The sale of alcoholic, spirituous, vinous, or fermented liquor, containing more than 1 percent of alcohol by weight, shall conform with all applicable Federal, State, and local laws and regulations (See also § 2.35 of this chapter.)

(b) No such liquor shall be sold on any privately owned lands under the legislative jurisdiction of the United States within Glacier, Lassen Volcanic Mesa Verde, Denali, Mount Rainier, Olympic, Rocky Mountain, Sequoia-Kings Canyon, Yellowstone, or Yosemite National Parks, unless a permit for the sale thereof has first been secured from the appropriate Regional Director.

(1) In granting or refusing applications for permits as herein provided, the Regional Directors shall take into consideration the character of the neighborhood, the availability of other liquor-dispensing facilities, the local laws governing the sale of liquor, and any other local factors which have a relationship to the privilege requested.

(2) A fee will be charged for the issuance of such a permit, corresponding to that charged for the exercise of similar privileges outside the park area boundaries by the State government, or appropriate political subdivision thereof within whose exterior boundaries the place covered by the permit is situated.

(3) The applicant or permittee may appeal to the Director from any final action of the appropriate Regional Director refusing, conditioning or revoking the permit. Such an appeal shall be filed, in writing, within 20 days after receipt of notice by the applicant or permittee of the action appealed from. Any final decision of the Director may be appealed to the Secretary of the Interior within 15 days after receipt of notice by the applicant or permittee of the Director's decision.

(4) The permit for sale of intoxicating liquors shall contain such general and special conditions as the Regional Director may deem reasonably necessary to insure safe and orderly management of the park area.

(5) The permittee shall comply with all State and county laws and regulations, other than fee and license requirements, which would be applicable to the premises and to the sale and dispensing of intoxicating beverages if the privately owned lands were not subject
