

National Park Service, Interior

§ 51.46

§ 51.42 Are there exceptions to this compensable interest prohibition?

Two exceptions to this compensable interest prohibition exist:

(a) The prohibition will not apply to real property improvements lawfully constructed by a concessioner with the written approval of the Director in accordance with the express terms of a 1965 Act concession contract; and

(b) The prohibition will not apply to real property improvements constructed and owned in fee simple by a concessioner or owned in fee simple by a concessioner's predecessor before the land on which they were constructed was included within the boundaries of the applicable park area.

§ 51.43 Who will make the determination that a concession contract is an outfitter and guide contract?

Only a Deputy Director or an Associate Director will make the determination that a concession contract is or is not an outfitter and guide contract.

§ 51.44 How will the Director determine if a concessioner was satisfactory for purposes of a right of preference?

To be a satisfactory concessioner for the purposes of a right of preference, the Director must determine that the concessioner operated satisfactorily on an overall basis during the term of its applicable concession contract, including extensions of the contract. The Director will base this determination in consideration of annual evaluations made by the Director of the concessioner's performance under the terms of the applicable concession contract and other relevant facts and circumstances. The Director must determine that a concessioner did not operate satisfactorily on an overall basis during the term of a concession contract if the annual evaluations of the concessioner made subsequent to May 17, 2000 are less than satisfactory for any two or more years of operation under the concession contract.

§ 51.45 Will a concessioner that has operated for less than the entire term of a concession contract be considered a satisfactory operator?

The Director will determine that a concessioner has operated satisfactorily on an overall basis during the term of a concession contract only if the concessioner (including a new concessioner resulting from an assignment as described in this part, including, without limit, an assignment of a controlling interest in a concessioner as defined in this part) has or will have operated for more than two years under a concession contract with a term of more than five years or for one year under a concession contract with a term of five years or less. For purposes of this section, a new concessioner's first day of operation under an assigned concession contract (or as a new concessioner after approval of an assignment of a controlling interest in a concessioner) will be the day the Director approves the assignment pursuant to this part. If the Director determines that an assignment was compelled by circumstances beyond the control of the assigning concessioner, the Director may make an exception to the requirements of this section.

§ 51.46 May the Director determine that a concessioner has not operated satisfactorily after a prospectus is issued?

The Director may determine that a concessioner has not operated satisfactorily on an overall basis during the term of a current concession contract, and therefore is not a preferred offeror, after a prospectus for a new contract has been issued and prior to the selection of the best proposal submitted in response to a prospectus. In circumstances where the usual time of an annual evaluation of a concessioner's performance may not occur until after the selection of the best proposal submitted in response to a prospectus, the Director will make an annual performance evaluation based on a shortened operations period prior to the selection of the best proposal. Such shorter operations period, however, must encompass at least 6 months of operations from the previous annual performance
