

Subpart E—Post-Completion Compliance Responsibilities

SOURCE: 51 FR 34186, Sept. 25, 1986, unless otherwise noted.

§ 72.70 Applicability.

These post-completion responsibilities apply to each area or facility for which Urban Park and Recreation Recovery (UPARR) program assistance is obtained, regardless of the extent of participation of the program in the assisted area or facility. Responsibility for compliance with these provisions rests with the grant recipient. The responsibilities cited herein are applicable to the 1010 area depicted or otherwise described in the 1010 boundary map and/or as described in other project documentation approved by the Department of the Interior. In many instances, this area exceeds that actually receiving UPARR assistance so as to assure the protection of a viable recreation entity. For leased sites assisted under UPARR, compliance with post-completion requirements of the grant following lease expiration is dictated by the terms of the project agreement.

§ 72.71 Information collection.

The information collection requirements contained in § 72.72 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* and assigned clearance number 1024–0048. The information is being collected to determine whether to approve a grant recipient's request to convert an assisted site or facility to other than public recreation uses. The information will be used to assure that the requirements of section 1010 of the UPARR Act would be met should the proposed conversion be implemented. Response is required in order to obtain the benefit of Department of the Interior approval.

§ 72.72 Conversion requirements.

(a) *Background and legal requirements.* The UPARR program has made funds available for the renovation and rehabilitation of numerous urban parks and recreation facilities. In many cases, the UPARR funds were used only in a

portion of a site or facility or were only a small percentage of the funds required to renovate or rehabilitate a property. Nevertheless, all recipients of funds for renovation and rehabilitation projects are obligated by the terms of the grant agreement to continually maintain the site or facility for public recreation use regardless of the percent of UPARR funds expended relative to the project and the facility as a whole. This provision is contained in the UPARR Program Administration Guideline (NPS-37) and is also referenced in § 72.36. In accordance with section 1010 of the UPARR Act, no property improved or developed with UPARR assistance shall, without the approval of NPS, be converted to other than public recreation uses. A conversion will only be approved if it is found to be in accord with the current local park and recreation Recovery Action Program and/or equivalent recreation plans and only upon such conditions as deemed necessary to assure the provision of adequate recreation properties and opportunities of reasonably equivalent location and usefulness. Section 1010 is designed to ensure that areas or facilities receiving UPARR grant assistance are continually maintained in recreation use and available to the general public.

(b) *Prerequisites for conversion approval.* Requests for permission to convert UPARR assisted properties in whole or in part to other than public recreation uses must be submitted by the recipient to the appropriate NPS Regional Director in writing. NPS will only consider conversion requests if the following prerequisites have been met:

(1) All practical alternatives to the proposed conversion have been evaluated.

(2) The proposed conversion and substitution are in accord with the current Recovery Action Program and/or equivalent recreation plans.

(3) The proposal assures the provision of adequate recreation properties and opportunities of reasonably equivalent usefulness and location. Dependent upon the situation and at the discretion of NPS, the replacement property need not provide identical recreation experiences or be located at the same
