If the objection is set aside from review for reasons of illegibility or lack of a means of contact, the reasons must be documented in the project record.

§ 218.10 Objection time periods and process.

(a) Time to file an objection. Written objections, including any attachments, must be filed with the reviewing officer within 30 days following the publication date of the legal notice of the EA or final EIS in the newspaper of record or the publication date of the notice in the FEDERAL REGISTER when the Chief is the responsible official (§218.5(c)). It is the responsibility of objectors to ensure timely filing of an objection. Timeliness must be determined by the following indicators:

(3) The shipping date for delivery by private carrier; or

(4) The official agency date stamp showing receipt of hand delivery.

(b) Computation of time periods. (1) All time periods are computed using calendar days, including Saturdays, Sundays, and Federal holidays. However, when the time period expires on a Saturday, Sunday, or Federal holiday, the time is extended to the end of the next Federal working day as stated in the legal notice or to the end of the calendar day (11:59 p.m. in the time zone of the receiving office) for objections filed by electronic means such as e-mail or facsimile machine.

(2) The day after publication of the legal notice for this subpart of the EA or final EIS in the newspaper of record or FEDERAL REGISTER (§218.5(c)) is the first day of the objection-filing period.

(3) The publication date of the legal notice of the EA or final EIS in the newspaper of record or, when the Chief is the responsible official, the FEDERAL REGISTER, is the exclusive means for calculating the time to file an objection. Objectors may not rely on dates or timeframe information provided by any other source.

(c) Evidence of timely filing. It is the objector's responsibility to ensure timely filing of an objection. Timeliness must be determined by the following indicators:

(1) The date of the U.S. Postal Service postmark;

(2) The electronically generated date and time for e-mail and facsimiles;

(3) The shipping date for delivery by private carrier; or

(4) The official agency date stamp showing receipt of hand delivery.

(d) Extensions. Time extensions are not permitted.

(e) Other timeframes. The reviewing officer must issue a written response to the objector(s) concerning their objection(s) within 30 days following the end of the objection-filing period.

§ 218.11 Resolution of objections.

(a) Meetings. Prior to the issuance of the reviewing officer's written response, either the reviewing officer or the objector may request to meet to discuss issues raised in the objection and potential resolution. The reviewing officer has the discretion to determine whether or not adequate time remains in the review period to make a meeting with the objector practical. All meetings are open to the public.
