

§ 228.113 Notice of noncompliance.

(a) *Issuance.* When an authorized Forest officer finds that the operator is not in compliance with a reclamation or other standard, a stipulation included in a lease at the direction of the Forest Service, an approved surface use plan of operation, the regulations in this subpart, the applicable onshore oil and gas order, or an applicable notice to lessees, transferees, and operators, the authorized Forest officer shall issue a notice of noncompliance.

(1) *Content.* The notice of noncompliance shall include the following:

(i) Identification of the reclamation requirements or other standard(s) with which the operator is not in compliance;

(ii) Description of the measures which are required to correct the noncompliance;

(iii) Specification of a reasonable period of time within which the noncompliance must be corrected;

(iv) If the noncompliance appears to be material, identification of the possible consequences of continued noncompliance of the requirement(s) or standard(s) as described in 30 U.S.C. 226(g);

(v) If the noncompliance appears to be in violation of the prohibitions set forth in 36 CFR part 261, identification of the possible consequences of continued noncompliance of the requirement(s) or standard(s) as described in 36 CFR 261.1b; and

(vi) Notification that the authorized Forest officer remains willing and desirous of working cooperatively with the operator to resolve or remedy the noncompliance.

(2) *Extension of deadlines.* The operator may request an extension of a deadline specified in a notice of noncompliance if the operator is unable to come into compliance with the applicable requirement(s) or standard(s) identified in the notice of noncompliance by the deadline because of conditions beyond the operator's control. The authorized Forest officer shall not extend a deadline specified in a notice of noncompliance unless the operator requested an extension and the authorized Forest officer finds that there was a condition beyond the operator's control, that such condition prevented the

operator from complying with the notice of noncompliance by the specified deadline, and that the extension will not adversely affect the interests of the United States. Conditions which may be beyond the operator's control include, but are not limited to, closure of an area in accordance with 36 CFR part 261, subparts B or C, or inaccessibility of an area of operations due to such conditions as fire, flooding, or snowpack.

(3) *Manner of service.* The authorized Forest officer shall serve a notice of noncompliance or a decision on a request for extension of a deadline specified in a notice upon the operator in person, by certified mail or by telephone. However, if notice is initially provided in person or by telephone, the authorized Forest officer shall send the operator written confirmation of the notice or decision by certified mail.

(b) *Failure to come into compliance.* If the operator fails to come into compliance with the applicable requirement(s) or standard(s) identified in a notice of noncompliance by the deadline specified in the notice, or an approved extension, the authorized Forest officer shall decide whether: The noncompliance appears to be material given the reclamation requirements and other standards applicable to the lease established by 30 U.S.C. 226(g), the regulations in this subpart, the stipulations included in a lease at the direction of the Forest Service, an approved surface use plan of operations, the applicable Onshore Oil and Gas Order, or an applicable Notice to lessees, transferees, and operators; the noncompliance is likely to result in danger to public health or safety or irreparable resource damage; and the noncompliance is resulting in an emergency.

(1) *Referral to compliance officer.* When the operations appear to be in material noncompliance, the authorized Forest officer shall promptly refer the matter to the compliance officer. The referral shall be accompanied by a complete statement of the facts supported by appropriate exhibits. Apparent material noncompliance includes, but is not limited to, operating without an approved

surface use plan of operations, conducting operations that have been suspended, failure to timely complete reclamation in accordance with an approved surface use plan of operations, failure to maintain an additional bond in the amount required by the authorized Forest officer during the period of operation, failure to timely reimburse the Forest Service for the cost of abating an emergency, and failing to comply with any term included in a lease, stipulation, or approved surface use plan of operations, the applicable on-shore oil and gas order, or an applicable Notice to lessees, transferees, and operators, relating to the protection of a threatened or endangered species.

(2) *Suspension of operations.* When the noncompliance is likely to result in danger to public health or safety or in irreparable resource damage, the authorized Forest officer shall suspend the operations, in whole or in part.

(i) A suspension of operations shall remain in effect until the authorized Forest officer determines that the operations are in compliance with the applicable requirement(s) or standard(s) identified in the notice of noncompliance.

(ii) The authorized Forest officer shall serve decisions suspending operations upon the operator in person, by certified mail, or by telephone. If notice is initially provided in person or by telephone, the authorized Forest officer shall send the operator written confirmation of the decision by certified mail.

(iii) The authorized Forest officer shall immediately notify the appropriate Bureau of Land Management office when an operator has been given notice to suspend operations.

(3) *Abatement of emergencies.* When the noncompliance is resulting in an emergency, the authorized Forest officer may take action as necessary to abate the emergency. The total cost to the Forest Service of taking actions to abate an emergency becomes an obligation of the operator.

(i) Emergency situations include, but are not limited to, imminent dangers to public health or safety or irreparable resource damage.

(ii) The authorized Forest officer shall promptly serve a bill for such

costs upon the operator by certified mail.

§ 228.114 Material noncompliance proceedings.

(a) *Evaluation of referral.* The compliance officer shall promptly evaluate a referral made by the authorized Forest officer pursuant to § 228.113(b)(1) of this subpart.

(b) *Dismissal of referral.* The compliance officer shall dismiss the referral if the compliance officer determines that there is not adequate evidence to support a reasonable belief that:

(1) The operator was not in compliance with the applicable requirement(s) or standard(s) identified in a notice of noncompliance by the deadline specified in the notice, or an extension approved by the authorized Forest officer; or

(2) The noncompliance with the applicable requirement(s) or standard(s) identified in the notice of noncompliance may be material.

(c) *Initiation of proceedings.* The compliance officer shall initiate a material noncompliance proceeding if the compliance officer agrees that there is adequate evidence to support a reasonable belief that an operator has failed to come into compliance with the applicable requirement(s) or standard(s) identified in a notice of noncompliance by the deadline specified in the notice, or extension approved by the authorized Forest officer, and that the noncompliance may be material.

(1) *Notice of proceedings.* The compliance officer shall inform the lessee and operator of the material noncompliance proceedings by certified mail, return receipt requested.

(2) *Content of notice.* The notice of the material noncompliance proceeding shall include the following:

(i) The specific reclamation requirement(s) or other standard(s) of which the operator may be in material noncompliance;

(ii) A description of the measures that are required to correct the violation;

(iii) A statement that if the compliance officer finds that the operator is
