**§ 1280.52 What are the rules for filming, photographing, or videotaping on NARA property for news purposes?**

The following conditions and restrictions apply to anyone that has been granted permission to film, photograph, or videotape for news purposes under Subpart B:

(a) NARA may limit or prohibit use of artificial light in connection with the filming, photographing, or videotaping of documents for news purposes. You may not use any supplemental lighting devices while filming, photographing, or videotaping inside a NARA facility in the Washington, DC, area without the prior permission of the NARA Public Affairs Officer. If the Public Affairs Officer approves your use of artificial lighting in the Rotunda, NARA will use facsimiles in place of the Declaration of Independence, the Constitution, and the Bill of Rights. If NARA approves your use of high intensity lighting, NARA will cover or replace with facsimiles all other exhibited documents that fall within the boundaries of such illumination. You may not use any supplemental lighting devices at the Presidential Libraries and the regional records services facilities without permission from a NARA representative at that facility.

(b) On a case-by-case basis, the Public Affairs Officer or other appropriate NARA representative may grant you permission to film, photograph, or videotape in stack areas containing unclassified records.

(c) While filming, photographing, or videotaping, you are liable for injuries to people or property that result from your activities on NARA property.
