

§ 17.1005

38 CFR Ch. I (7–1–10 Edition)

treatment, or the person or organization that paid for such treatment on behalf of the veteran.

(b) To obtain payment or reimbursement for emergency treatment under 38 U.S.C. 1725, a claimant must submit to the VA medical facility of jurisdiction a completed standard billing form (such as a UB92 or a HCFA 1500). Where the form used does not contain a false claims notice, the completed form must also be accompanied by a signed, written statement declaring that “I hereby certify that this claim meets all of the conditions for payment by VA for emergency medical services under 38 CFR 17.1002 (except for paragraph (e)) and 17.1003. I am aware that 38 U.S.C. 6102(b) provides that one who obtains payment without being entitled to it and with intent to defraud the United States shall be fined in accordance with title 18, United States Code, or imprisoned not more than one year, or both.”

NOTE TO §17.1004(b): These regulations regarding payment or reimbursement for emergency services for nonservice-connected conditions in non-VA facilities also can be found on the internet at <http://www.va.gov/health/elig>.

(c) Notwithstanding the provisions of paragraph (b) of this section, no specific form is required for a claimant (or duly authorized representative) to claim payment or reimbursement for emergency transportation charges under 38 U.S.C. 1725. The claimant need only submit a signed and dated request for such payment or reimbursement to the VA medical facility of jurisdiction, together with a bill showing the services provided and charges for which the veteran is personally liable and a signed statement explaining who requested such transportation services and why they were necessary.

(d) To receive payment or reimbursement for emergency services, a claimant must file a claim within 90 days after the latest of the following:

(1) July 19, 2001.

(2) The date that the veteran was discharged from the facility that furnished the emergency treatment;

(3) The date of death, but only if the death occurred during transportation to a facility for emergency treatment or if the death occurred during the stay

in the facility that included the provision of the emergency treatment; or

(4) The date the veteran finally exhausted, without success, action to obtain payment or reimbursement for the treatment from a third party.

(e) If after reviewing a claim the decisionmaker determines that additional information is needed to make a determination regarding the claim, such official will contact the claimant in writing and request additional information. The additional information must be submitted to the decisionmaker within 30 days of receipt of the request or the claim will be treated as abandoned, except that if the claimant within the 30-day period requests in writing additional time, the time period for submission of the information may be extended as reasonably necessary for the requested information to be obtained.

§ 17.1005 Payment limitations.

(a) Payment or reimbursement for emergency treatment under 38 U.S.C. 1725 shall be the lesser of the amount for which the veteran is personally liable or 70 percent of the amount under the applicable Medicare fee schedule for such treatment.

(b) Reimbursement or payment for emergency treatment may be made only for the period from the beginning of the initial evaluation treatment until such time as the veteran could be safely discharged or transferred to a VA facility or other Federal facility. For purposes of payment or reimbursement under 38 U.S.C. 1725, VA deems it safe for the veteran to be transferred once the veteran has become stabilized.

§ 17.1006 Decisionmakers.

The Chief of the Health Administration Service or an equivalent official at the VA medical facility of jurisdiction will make all determinations regarding payment or reimbursement under 38 U.S.C. 1725, except that the Fee Service Review Physician or equivalent officer

Department of Veterans Affairs

§ 17.1008

at the VA medical facility of jurisdiction will make determinations regarding § 17.1002(b), (c), and (d). Any decision denying a benefit must be in writing and inform the claimant of VA reconsideration and appeal rights.

(Authority: 38 U.S.C. 1725)

§ 17.1007 Independent right of recovery.

(a) VA has the right to recover its payment under this section when, and to the extent that, a third party makes payment for all or part of the same emergency treatment for which VA reimbursed or made payment under this section.

(1) Under 38 U.S.C. 1725(d)(4), the veteran (or the veteran's personal representative, successor, dependents, or survivors) or claimant shall ensure that the Secretary is promptly notified of any payment received from any third party for emergency treatment furnished to the veteran. The veteran (or the veteran's personal representative, successor, dependents, or survivors) or claimant shall immediately forward all documents relating to such payment, cooperate with the Secretary in the investigation of such payment and assist the Secretary in enforcing the United States' right to recover any payment made and accepted under this section. The required notification and submission of documentation must be provided by the veteran or claimant to the VA medical facility of jurisdiction within three working days of receipt of notice of the duplicate payment.

(2) If the Chief Financial Officer or equivalent official at the VA medical facility of jurisdiction concludes that payment from a third party was made for all or part of the same emergency treatment for which VA reimbursed or made payment under this section, such VA official shall, except as provided in paragraph (c) of this section, initiate action to collect or recover the amount of the duplicate payment in the same

manner as for any other debt owed the United States.

(b)(1) Any amount paid by the United States to the veteran (or the veteran's personal representative, successor, dependents, or survivors) or to any other person or organization paying for such treatment shall constitute a lien in favor of the United States against any recovery the payee subsequently receives from a third party for the same treatment.

(2) Any amount paid by the United States, and accepted by the provider that furnished the veteran's emergency treatment, shall constitute a lien against any subsequent amount the provider receives from a third party for the same emergency treatment for which the United States made payment.

(c) If it is determined that a duplicate payment was made, the Chief Financial Officer or equivalent official at the VA medical facility of jurisdiction may waive recovery of a VA payment made under this section to a veteran upon determining that the veteran has substantially complied with the provisions of paragraph (a)(1) of this section and that actions to recover the payment would not be cost-effective or would conflict with other litigative interests of the United States.

(Authority: 38 U.S.C. 1725)

§ 17.1008 Balance billing prohibited.

Payment by VA under 38 U.S.C. 1725 on behalf of a veteran to a provider of emergency treatment shall, unless rejected and refunded by the provider within 30 days of receipt, extinguish all liability on the part of the veteran for that emergency treatment. Neither the absence of a contract or agreement between VA and the provider nor any provision of a contract, agreement, or assignment to the contrary shall operate to modify, limit, or negate this requirement.
