(c) When a sharing agreement or contract for scarce medical specialist services is not warranted, contracts authorized under the provisions of 38 U.S.C. 513 for medical and ancillary services. The authority under this section generally will be exercised by approval of proposed contracts or agreements negotiated at the health care facility level. Such approval, however, will not be necessary in the case of any purchase order or individual authorization for which authority has been delegated in §17.99. All such contracts and agreements will be negotiated pursuant to 41 CFR chapters 1 and 8.

§ 17.149 Sensori-neural aids.

(a) Notwithstanding any other provision of this part, VA will furnish needed sensori-neural aids (i.e., eyeglasses, contact lenses, hearing aids) only to veterans otherwise receiving VA care or services and only as provided in this section.

(b) VA will furnish needed sensori-neural aids (i.e., eyeglasses, contact lenses, hearing aids) to the following veterans:

(1) Those with a compensable service-connected disability;

(2) Those who are former prisoners of war;

(3) Those awarded a Purple Heart;

(4) Those in receipt of benefits under 38 U.S.C. 1151;

(5) Those in receipt of increased pension based on the need for regular aid and attendance or by reason of being permanently housebound;

(6) Those who have a visual or hearing impairment that resulted from the existence of another medical condition for which the veteran is receiving VA care, or which resulted from treatment of that medical condition;

(7) Those with a significant functional or cognitive impairment evidenced by deficiencies in activities of daily living, but not including normally occurring visual or hearing impairments; and

(8) Those visually or hearing impaired so severely that the provision of sensori-neural aids is necessary to permit active participation in their own medical treatment.

(c) VA will furnish needed hearing aids to those veterans who have service-connected hearing disabilities rated 0 percent if there is organic conductive, mixed, or sensory hearing impairment, and loss of pure tone hearing sensitivity in the low, mid, or high-frequency range or a combination of frequency ranges which contribute to a loss of communication ability; however, hearing aids are to be provided only as needed for the service-connected hearing disability.

§ 17.150 Prosthetic and similar appliances.

Artificial limbs, braces, orthopedic shoes, hearing aids, wheelchairs, medical accessories, similar appliances including invalid lifts and therapeutic and rehabilitative devices, and special clothing made necessary by the wearing of such appliances, may be purchased, made or repaired for any veteran upon a determination of feasibility and medical need, provided:

(a) As part of outpatient care. The appliances or repairs are a necessary part of outpatient care for which the veteran is eligible under 38 U.S.C. 1712 and 38 CFR 17.93 (or a necessary part of outpatient care authorized under §17.94) or

(b) As part of hospital care. The appliances or repairs are a necessary part of inpatient care for any service-connected disability or any nonservice-connected disability, if:

(1) The nonservice-connected disability is associated with an aggravating a service-connected disability, or

(2) The nonservice-connected disability is one for which hospital admission was authorized, or

(3) The nonservice-connected disability is associated with and aggravating a nonservice-connected disability for which hospital admission was authorized, or

(4) The nonservice-connected disability is one for which treatment may
§ 17.154 Dog-guides and equipment for blind.

(a) Blind ex-members of the Armed Forces entitled to disability compensation for a service-connected disability may be furnished a trained dog-guide. In addition, they may be furnished necessary travel expense to and from their places of residence to the point where adjustment to the dog-guide is available and meals and lodging during the period of adjustment, provided they are required to be away from their usual places of residence during the period of adjustment.

(b) Mechanical and/or electronic equipment considered necessary as aids to compensate the veteran for loss, or loss of use, of both lower extremities and at least one upper extremity (loss of use may result from paralysis or other impairment to muscle power and includes all cases in which the veteran cannot use his or her extremities or is medically prohibited from doing so because of a serious disease or disability); and

(c) The veteran has been medically determined incapable of moving himself or herself from his or her bed to a wheelchair, or from his or her wheelchair to his or her bed, without the aid of an attendant, because of the disability involving the use of his or her extremities; and

(d) An invalid lift would be a feasible means by which the veteran could accomplish the necessary maneuvers between bed and wheelchair, and is medically determined necessary.
