(a) Except as provided in paragraph (b) of this section, where an affidavit or other document is required to be executed under oath before an official in a foreign country, the signature of that official must be authenticated by a United States Consular Officer in that

jurisdiction or by the State Department. Where the United States has no consular representative in a foreign country, such authentication may be made as follows:

(1) By a consular agent of a friendly government whereupon the signature and seal of the official of the friendly government may be authenticated by the State Department; or

(2) By the nearest American consul who will attach a certificate showing the result of the investigation concerning its authenticity.

(b) Authentication will not be required: (1) On documents approved by the Deputy Minister of Veterans Affairs, Department of Veterans Affairs, Ottawa, Canada: or

(2) When it is indicated that the attesting officer is authorized to administer oaths for general purposes and the document bears his or her signature and seal; or

(3) When the document is executed before a Department of Veterans Affairs employee authorized to administer oaths; or

(4) When a copy of a public or church record from any foreign country purports to establish birth, adoption, marriage, annulment, divorce, or death, provided it bears the signature and seal of the custodian of such record and there is no conflicting evidence in the file which would serve to create doubt as to the correctness of the record; or

(5) When a copy of the public or church record from one of the countries comprising the United Kingdom, namely: England, Scotland, Wales, or Northern Ireland, purports to establish birth, marriage, or death, provided it bears the signature or seal or stamp of the custodian of such record and there is no evidence which would serve to create doubt as to the correctness of the records; or

§ 3.203 Service records as evidence of service and character of discharge.

(a) *Evidence submitted by a claimant.* For the purpose of establishing entitlement to pension, compensation, dependency and indemnity compensation or burial benefits the Department of Veterans Affairs may accept evidence of service submitted by a claimant (or sent directly to the Department of Veterans Affairs by the service department), such as a DD Form 214, Certificate of Release or Discharge from Active Duty, or original Certificate of Discharge, without verification from the appropriate service department if the evidence meets the following conditions:

(1) The evidence is a document issued by the service department. A copy of an original document is acceptable if the copy was issued by the service department or if the copy was issued by a public custodian of records who certifies that it is a true and exact copy of the document in the custodian's custody or, if the copy was submitted by an accredited agent, attorney or service organization representative who has successfully completed VA-prescribed training on military records, and who certifies that it is a true and exact copy of either an original document or of a copy issued by the service department or a public custodian of records; and

(2) The document contains needed information as to length, time and character of service; and

(3) In the opinion of the Department of Veterans Affairs the document is genuine and the information contained in it is accurate.

(b) *Additional requirements for pension claimants.* In addition to meeting the requirements of paragraph (a) of this section, a document submitted to establish a creditable period of wartime service for pension entitlement may be

accepted without verification if the document (or other evidence of record) shows:

- (1) Service of 4 months or more; or
- (2) Discharge for disability incurred in line of duty; or
- (3) Ninety days creditable service based on records from the service department such as hospitalization for 90 days for a line of duty disability.

(c) *Verification from the service department.* When the claimant does not submit evidence of service or the evidence submitted does not meet the requirements of paragraph (a) of this section (and paragraph (b) of this section in pension claims), the Department of Veterans Affairs shall request verification of service from the service department. However, payment of non-service-connected burial benefits may be authorized, if otherwise in order, based upon evidence of service which VA relied upon to authorize payment of compensation or pension during the veteran's lifetime, provided that there is no evidence which would serve to create doubt as to the correctness of that service evidence. If it appears that a length of service requirement may not be met (e.g., the 90 days wartime service requirement to receive pension under 38 U.S.C. 1521(j)), the Department of Veterans Affairs shall request a complete statement of service to determine if there are any periods of active service that are required to be excluded under § 3.15.

(a)(1) Except as provided in paragraph (a)(2) of this section, VA will accept, for the purpose of determining entitlement to benefits under laws administered by VA, the statement of a claimant as proof of marriage, dissolution of a marriage, birth of a child, or death of a dependent, provided that the statement contains: the date (month and year) and place of the event; the full name and relationship of the other person to the claimant; and, where the claimant's dependent child does not reside with the claimant, the name and
