§ 21.6054 Criteria for determining good employment potential.

(a) *Determining good employment potential.* Before scheduling an evaluation of feasibility to pursue a vocational goal for a qualified veteran under § 21.6005(c)(2), VA will first determine whether the veteran has good potential for achieving employment if provided a vocational training or employment program. This determination shall be made on the basis of the information of record, including information submitted by the veteran at the time of the veteran's request to participate in this temporary program.

(Authority: 38 U.S.C. 1524(a)(2); Pub. L. 100–687).

(b) *Criteria.* The criteria contained in paragraphs (c) and (d) of this section are to be applied by Vocational Rehabilitation and Employment professional staff members to determine whether information of record supports a determination that a veteran age 50 or older has good potential for employment. Any reasonable doubt shall be resolved in the veteran's favor.

(Authority: 38 U.S.C. 1524(a)(2))

(c) *Indicators of good potential for employment.* Indicators of good potential for employment include one or more of the following:

Since this finding will preclude program participation, the veteran will be informed of his or her appellate rights as described in § 21.59 of this part.

(1) If the determination cannot be made on the evidence of record, VA shall advise the veteran and may provide him or her with an opportunity to submit additional information within a reasonable time.

(2) A veteran's disagreement with a negative finding shall be considered evidence of motivation for employ-

ment, and may, when considered in relation to other information, provide a basis for finding that good employment potential exists;
