

§ 74.5

38 CFR Ch. I (7–1–10 Edition)

(i) Non-veterans or entities may be found to control or have the power to control in any of the following circumstances, which are illustrative only and not all inclusive:

(1) Non-veterans control the board of directors of the applicant or participant, either directly through majority voting membership, or indirectly, where the by-laws allow non-veterans effectively to prevent a quorum or block actions proposed by the veterans or service-disabled veterans.

(2) A non-veteran or entity, having an equity interest in the applicant or participant, provides critical financial or bonding support or a critical license to the applicant or participant which directly or indirectly allows the non-veteran significantly to influence business decisions of the participant, unless an exception is authorized by the Office of Small and Disadvantaged Business Utilization.

(3) A non-veteran or entity controls the applicant or participant or an individual veteran owner through loan arrangements. Providing a loan guaranty on commercially reasonable terms does not, by itself, give a non-veteran or entity the power to control a firm.

(4) Business relationships exist with non-veterans or entities which cause such dependence that the applicant or participant cannot exercise independent business judgment without great economic risk.

§ 74.5 How does CVE determine affiliation?

The Center for Veterans Enterprise applies the affiliation rules established by the Small Business Administration in 13 CFR part 121.
