SUBCHAPTER C—MEDICAL CARE AND EXAMINATIONS

PART 31—MEDICAL CARE FOR CERTAIN PERSONNEL OF THE COAST GUARD, NATIONAL OCEAN SURVEY, PUBLIC HEALTH SERVICE, AND FORMER LIGHTHOUSE SERVICE

DEFINITIONS

Sec. 31.1 Meaning of terms.

PROVISIONS APPLICABLE TO COAST GUARD, NATIONAL OCEAN SURVEY AND PUBLIC HEALTH SERVICE

31.2 Persons entitled to treatment.
31.3 Use of Service facilities.
31.4 Use of other than Service facilities.
31.5 Application for treatment; active duty personnel.
31.6 Personnel absent without leave.
31.7 Continuance of medical relief after loss of status.
31.8 Retired personnel; extent of treatment.
31.9 Dependent members of families; treatment.
31.10 Dependent members of families; use of Service facilities.

PROVISIONS APPLICABLE TO PERSONNEL OF FORMER LIGHTHOUSE SERVICE

31.11 Persons entitled to treatment.
31.12 Use of Service facilities.
31.13 Use of other than Service facilities.
31.14 Application for treatment; active duty personnel.
31.15 Continuance of medical relief after loss of status.
31.16 Retired personnel; extent of treatment.

SOURCE: 21 FR 9821, Dec. 12, 1956, unless otherwise noted.

DEFINITIONS

§ 31.1 Meaning of terms.

As used in this part, the term:

(a) Act means the Public Health Service Act, approved July 1, 1944, 58 Stat. 682, as amended.

(b) Service means the Public Health Service.

(c) Surgeon General means the Surgeon General of the Public Health Service.

(d) Medical relief station means a first-, second-, third-, or fourth-class station of the Service.

(e) First-class station means a hospital operated by the Service.

(f) Second-class station means a medical relief facility, other than a hospital of the Service, under the charge of a commissioned officer.

(g) Third-class station means a medical relief facility, other than a hospital of the Service, under the charge of a medical officer or employee of the Service other than a commissioned officer.

(h) Fourth-class station means a medical relief facility designated by the Surgeon General, other than a first-, second-, or third-class station.

(i) Designated physician means a physician holding an appointment to act regularly for the Service for a class or classes of specified beneficiaries at a place where there is no medical relief station.

(j) Designated dentist means a dentist holding an appointment to perform dental service for the Service for a class or classes of specified beneficiaries.

(k) Active duty means active duty status as distinguished from being on inactive status or retired and includes periods of authorized leave or liberty.

(l) Dependent members of families in the case of male personnel means the lawful wife, the unmarried children (including stepchildren or adopted children) under 21 years of age, and the father or mother if in fact dependent upon such son for his or her chief support; and in the case of female personnel, the unmarried children (including stepchildren or adopted children) under 21 years of age if their father is dead or they are in fact dependent on such mother for their chief support; and in the case of female personnel, the unmarried children (including stepchildren or adopted children) under 21 years of age if their father is dead or they are in fact dependent on such mother for their chief support, the father or mother if in fact dependent upon such daughter for his or her chief support, and the husband if in fact dependent upon such wife for his chief support: Provided, however, That in the case of members of the Women's Reserve of the Coast Guard the husbands of such members shall not be considered dependents.

(Sec. 215, 58 Stat. 690, as amended; 42 U.S.C. 216)
PROVISIONS APPLICABLE TO COAST GUARD, NATIONAL OCEAN SURVEY AND PUBLIC HEALTH SERVICE

§ 31.2 Persons entitled to treatment.

To the extent and under the circumstances prescribed in §§ 31.2 to 31.10, the following persons shall be entitled to medical, surgical, and dental treatment and hospitalization by the Service:

(a) Coast Guard. (1) Commissioned officers, chief warrant officers, warrant officers, cadets, and enlisted personnel of the Regular Coast Guard, including those on shore duty and those on detached duty, whether on active duty or retired;

(2) Regular members of the Coast Guard Reserve when on active duty or when retired for disability;

(3) Temporary members of the Coast Guard Reserve when on active duty or in case of physical injury incurred or sickness or disease contracted while performing active Coast Guard duty;

(4) Members of the Women’s Reserve of the Coast Guard when on active duty or when retired for disability;

(5) Members of the Coast Guard Auxiliary in case of physical injury incurred or sickness or disease contracted while performing active Coast Guard duty.

(b) National Ocean Survey. Commissioned officers, ships’ officers, and members of the crews of vessels of the National Ocean Survey, including those on shore duty and those on detached duty whether on active duty or retired.

(c) Public Health Service. (1) Commissioned officers of the Regular Corps of the Service, whether on active duty or retired;

(2) Commissioned officers of the Reserve Corps of the Service when on active duty or when retired for disability.

§ 31.3 Use of Service facilities.

Except as otherwise provided in §§31.3 to 31.10, the persons specified in §31.2 shall be entitled to medical, surgical, and dental treatment and hospitalization only at medical relief stations and by designated physicians and designated dentists, and the cost of services procured elsewhere shall not be borne by the Service.

§ 31.4 Use of other than Service facilities.

(a) When a person specified in §31.2 who is on active duty requires immediate medical, surgical, or dental treatment or hospitalization and the urgency of the situation does not permit treatment at a medical relief station or by a designated physician or designated dentist, an officer of the same service as the patient may arrange for treatment or hospitalization at the expense of the Service.

(b) When the circumstances are such that an officer of the same service as the patient is not available to make the necessary arrangements, the treatment or hospitalization may be obtained by or on behalf of the patient at the expense of the Service.

(c) In every case of treatment or hospitalization as defined in paragraph (b) of this section, the responsible superior officer of the patient shall be notified as promptly as possible and a full report shall be submitted by such officer to the Surgeon General through appropriate official channels. As soon as practicable, unless the interests of the patient or the Government require otherwise, treatment or hospitalization shall be continued at a medical relief station or by a designated physician or designated dentist or at another appropriate Federal medical facility.

(d) When the necessary medical relief cannot be obtained from a medical relief station or a designated physician or designated dentist, preference shall be given to other Federal medical facilities when reasonably available and when conditions permit.

(e) Vouchers on proper forms covering expenses for treatment or hospitalization under the circumstances specified in paragraphs (a) and (b) of this section shall be forwarded to the Surgeon General through appropriate official channels. Each such voucher shall be accompanied by or contain a statement of the facts necessitating the treatment or hospitalization. Unreasonable charges for emergency
Public Health Service, HHS

§ 31.5 Application for treatment; active duty personnel.

(a) An applicant for medical relief who is on active duty shall furnish a certificate identifying him. Such certificate, in the case of Coast Guard personnel, shall be signed by an officer of the Coast Guard, and in the case of National Ocean Survey personnel, shall be signed by an officer of the National Ocean Survey. Commissioned officers of any of the services mentioned in §31.2 and officers in charge of units may sign their own certificates. In an emergency, the officer in charge of a medical relief station, or a designated physician or designated dentist, may accept other evidence of status satisfactory to him.

(b) A temporary member of the Coast Guard Reserve except when on active duty or a member of the Coast Guard Auxiliary shall, when applying for medical relief, furnish a statement signed by a responsible superior officer setting forth the facts and circumstances giving rise to the need for medical relief. In emergencies, such statement shall be furnished promptly after the member has received the immediately required care and treatment. Such statement shall be presumptive evidence of the facts stated, but if investigation indicates that the injury, sickness, or disease was not incurred or contracted in the manner stated, further treatment may be denied.

(Sec. 326, 58 Stat. 697, as amended; 42 U.S.C. 253)

§ 31.6 Personnel absent without leave.

No member of any of the services enumerated in §31.2 shall be entitled when absent without leave to medical relief except at a medical relief station or by a designated physician or designated dentist.

(Sec. 326, 58 Stat. 697, as amended; 42 U.S.C. 253)

§ 31.7 Continuance of medical relief after loss of status.

If a member is separated from any of the services enumerated in §31.2, except persons specified in §31.2(a) (3) and (5) who shall be entitled to treatment after separation under the conditions set forth in such paragraphs, while undergoing treatment by the Service, his treatment shall be discontinued immediately unless the physician in charge determines that the condition of the patient does not permit interruption of treatment, in which case the treatment shall be discontinued as soon as practicable and the condition of the patient permits. At that time he shall be discharged from treatment and shall not thereafter be afforded medical relief by the Service by reason of his previous service.

(Sec. 326, 58 Stat. 697, as amended; 42 U.S.C. 253)

§ 31.8 Retired personnel; extent of treatment.

(a) A retired member of the Coast Guard, National Ocean Survey, or Public Health Service specified in §31.2 shall be entitled to medical, surgical, and dental treatment and hospitalization at medical relief stations of the first-, second-, and third-class, upon presentation of satisfactory evidence of his status.

(b) Elective medical or surgical treatment requiring hospitalization shall be furnished only at hospitals operated by the Service.

(c) Dental treatment shall be furnished to the extent of available facilities only at medical relief stations where full-time dental officers are on duty; at other medical relief stations the dental treatment shall be limited
§ 31.9

Dependent members of families; treatment.

To the extent and under the circumstances prescribed in this part, the Service shall provide medical advice and outpatient treatment at first-, second-, and third-class medical relief stations and hospitalization at first-class stations to the dependent members of families of the following persons:

(a) Coast Guard. Commissioned officers, chief warrant officers, warrant officers, cadets, and enlisted personnel of the Regular Coast Guard, including those on shore duty and those on detached duty, whether on active duty or retired; and regular members of the United States Coast Guard Reserve and members of the Women’s Reserve of the Coast Guard, when on active duty or when retired for disability.

(b) National Ocean Survey. Commissioned officers, ships’ officers, and members of the crews of vessels of the United States National Ocean Survey, including those on shore duty and those on detached duty, whether on active duty or retired.

(c) Public Health Service. Commissioned officers of the Regular Corps of the Service, whether on active duty or retired, and commissioned officers of the Reserve Corps of the Service when on active duty or when retired for disability.

(d) Dental treatment shall be furnished to the extent of available facilities only at medical relief stations where full-time officers are on duty.

§ 31.10

Dependent members of families; use of Service facilities.

(a) A dependent member of the family of any person specified in §31.9 shall, upon presentation of satisfactory evidence of such status, be entitled to medical advice and out-patient treatment at first-, second-, and third-class medical relief stations and hospitalization at first-class stations if suitable accommodations are available therein and if the condition of the dependent is such as to require hospitalization, both as determined by the medical officer in charge.

(b) Hospitalization at first-class stations shall be at a per diem cost to the officer, enlisted person, member of a crew or other person concerned. Such cost shall be at such uniform rate as may be prescribed from time to time by the President for the hospitalization of dependents of naval and Marine Corps personnel at any naval hospital.

(c) Hospitalization at first-class stations and out-patient treatment at first-, second-, and third-class stations may include such services and supplies as, in the judgment of the medical officer in charge, are necessary for reasonable and adequate treatment.

(d) Dental treatment shall be furnished to the extent of available facilities only at medical relief stations where full-time officers are on duty.

§ 31.11

Persons entitled to treatment.

To the extent and under the circumstances prescribed in this part, the following persons shall be entitled to medical, surgical, and dental treatment and hospitalization by the Service: Lightkeepers, assistant lightkeepers, and officers and crews of vessels of the former Lighthouse Service, including any such persons who subsequent to June 30, 1939, have involuntarily been assigned to other civilian duty in the Coast Guard, who were entitled to medical relief at hospitals and other stations of the Service prior to July 1, 1944, and who are now or hereafter on active duty or who have been or may hereafter be retired under the provisions of section 6 of the act of June 20, 1918, as amended (33 U.S.C. 763).

§ 31.12

Use of Service facilities.

Except as otherwise provided herein, the persons specified in §31.11 shall be entitled to medical, surgical, and dental treatment and hospitalization only at medical relief stations and by designated physicians and designated dentists, and the cost of services procured
elsewhere shall not be borne by the Service.

(Sec. 610(b), 58 Stat. 714, as amended; 33 U.S.C. 763c)

§ 31.13 Use of other than Service facilities.

(a) When a person specified in §31.11 who is on active duty requires immediate medical, surgical, or dental treatment or hospitalization and the urgency of the situation does not permit treatment at a medical relief station or by a designated physician or designated dentist, an officer or other appropriate supervisory official of the Coast Guard may arrange for treatment or hospitalization.

(b) In every such case of treatment or hospitalization, a full report thereof shall be submitted to the Surgeon General through Coast Guard headquarters. As soon as practicable, unless the interests of the patient or the Government require otherwise, treatment or hospitalization shall be continued at a medical relief station or by a designated physician or designated dentist or at another appropriate Federal medical facility.

(c) When the necessary medical relief cannot be obtained from a medical relief station or a designated physician or designated dentist, preference shall be given to other Federal medical facilities when reasonably available and when conditions permit.

(d) Vouchers on proper forms covering expenses for treatment or hospitalization under the circumstances specified in paragraph (a) of this section shall be forwarded to the Surgeon General through Coast Guard headquarters. Each such voucher shall be accompanied by or contain a statement of the facts necessitating the treatment or hospitalization. Unreasonable charges for emergency treatment or hospitalization will not be allowed.

(e) Expenses for consultants or special services, or for dental treatment other than emergency measures to relieve pain, shall not be allowed except when authorized in advance by the headquarters of the Service or, in extraordinary cases, when subsequently approved by such headquarters upon receipt of report and satisfactory explanation as to the necessity and urgency therefor.

(Sec. 610(b), 58 Stat. 714 as amended; 33 U.S.C. 763c)

§ 31.14 Application for treatment; active duty personnel.

An applicant for medical relief who is on active duty shall furnish a certificate identifying him. Such certificate shall be signed by an officer or other appropriate supervisory official of the Coast Guard. In an emergency, the officer in charge of a medical relief station, or a designated physician or designated dentist, may accept other evidence of status satisfactory to him.

(Sec. 610(b), 58 Stat. 714 as amended; 33 U.S.C. 763c)

§ 31.15 Continuance of medical relief after loss of status.

If a person is separated while undergoing treatment by the Service, his treatment shall be discontinued immediately unless the physician or dentist in charge determines that the condition of the patient does not permit interruption of treatment, in which case the treatment shall be discontinued as soon as practicable and the condition of the patient permits. At that time he shall be discharged from treatment and shall not thereafter be afforded medical relief by the Service by reason of his previous service.

(Sec. 610(b), 58 Stat. 714, as amended; 33 U.S.C. 763c)

§ 31.16 Retired personnel; extent of treatment.

(a) Any retired person specified in §31.11 shall be entitled to medical, surgical, and dental treatment and hospitalization at medical relief stations of the first, second, and third class, upon presentation of satisfactory evidence of his status.

(b) Elective medical or surgical treatment requiring hospitalization shall be furnished only at hospitals operated by the Service.

(c) Dental treatment shall be furnished to the extent of available facilities only at medical relief stations where full-time dental officers are on duty; at other medical relief stations the dental treatment shall be limited
to emergency measures necessary to relieve pain.

(Sec. 610(b), 58 Stat. 714, as amended; 33 U.S.C. 763c)

PART 32—MEDICAL CARE FOR PERSONS WITH HANSEN’S DISEASE AND OTHER PERSONS IN EMERGENCIES

DEFINITIONS

Sec.
32.1 Meaning of terms.

BENEFICIARIES

32.6 Persons eligible.

PERSONS WITH HANSEN’S DISEASE

32.86 Admissions to Service facilities.
32.87 Confirmation of diagnosis.
32.88 Examinations and treatment.
32.89 Discharge.
32.90 Notification to health authorities regarding discharged patients.
32.91 Purchase of services for Hansen’s disease patients.

NONBENEFICIARIES: TEMPORARY TREATMENT IN EMERGENCY

32.111 Conditions and extent of treatment; charges.

AUTHORITY: Secs. 320, 321 and 322(b), Public Health Service Act (42 U.S.C. 247e, 248 and 249(b)).

SOURCE: 40 FR 25816, June 19, 1975, unless otherwise noted.

DEFINITIONS

§ 32.1 Meaning of terms.

All terms not defined herein shall have the same meaning as given them in the Act.

(a) Act means the Public Health Service Act, approved July 1, 1944, 58 Stat. 682, as amended;
(b) Service means the Public Health Service;
(c) Secretary means the Secretary of Health and Human Services and any other officer or employee of the Department of Health and Human Services to whom the authority involved may have been delegated.
(d) Authorizing official means Service officers or employees duly designated by the Director, Bureau of Health Care Delivery and Assistance, to authorize and provide care and treatment to beneficiaries at Service expense.

[40 FR 25816, June 19, 1975, as amended at 48 FR 10318, Mar. 11, 1983]

BENEFICIARIES

§ 32.6 Persons eligible.

(a) Under this part the following persons are entitled to care and treatment by the Service as hereinafter prescribed:
(1) Persons afflicted with Hansen’s disease; and
(2) Non-beneficiaries for temporary treatment and care in cases of emergency.
(b) Separate regulations govern: (1) The medical care of certain personnel, and their dependents, of the Coast Guard, National Oceanic and Atmospheric Administration, and Public Health Service (see part 31 of this chapter);
(2) Physical and mental examination of aliens (see part 34 of this chapter); and
(3) Medical care for Native Americans (see part 36 of this chapter).

[48 FR 10318, Mar. 11, 1983]

PERSONS WITH HANSEN’S DISEASE

§ 32.86 Admissions to Service facilities.

Any person with Hansen’s disease who presents himself for care or treatment or who is referred to the Service by the proper health authority of any State, Territory, or the District of Columbia shall be received into the Service hospital at Carville, Louisiana, or into any other hospital of the Service which has been designated by the Secretary as being suitable for the accommodation of persons with Hansen’s disease.

§ 32.87 Confirmation of diagnosis.

At the earliest practicable date, after the arrival of a patient at the Service hospital at Carville, Louisiana, or at another hospital of the Service the medical staff shall confirm or disprove the diagnosis of Hansen’s disease. If the diagnosis of Hansen’s disease is confirmed, the patient shall be provided appropriate inpatient or outpatient...
treatment. If the diagnosis is not confirmed, the patient shall be discharged.

[40 FR 25816, June 19, 1975; 40 FR 36774, Aug. 22, 1975]

§ 32.88 Examinations and treatment.

Patients will be provided necessary clinical examinations which may be required for the diagnosis of primary or secondary conditions, and such treatment as may be prescribed.

§ 32.89 Discharge.

Patients with Hansen’s disease will be discharged when, in the opinion of the medical staff of the hospital, optimum hospital benefits have been received.

§ 32.90 Notification to health authorities regarding discharged patients.

Upon the discharge of a patient the medical officer in charge shall give notification of such discharge to the appropriate health officer of the State, Territory, or other jurisdiction in which the discharged patient is to reside. The notification shall also set forth the clinical findings and other essential facts necessary to be known by the health officer relative to such discharged patient.

§ 32.91 Purchase of services for Hansen’s disease patients.

Hansen’s disease patients being treated on either an inpatient or outpatient basis at a hospital or clinic facility of the Service, other than the National Center for Hansen’s Disease (Carville, Louisiana), may, at the sole discretion of the Secretary and subject to available appropriations, be provided care for the treatment of Hansen’s disease at the expense of the Service upon closure or transfer of such hospital or clinic pursuant to section 987 of the Omnibus Budget Reconciliation Act of 1981 (Pub. L. 97–35). Payment will only be made for care arranged for by an authorizing official of the Service as defined in §32.1(f) of this part.

[46 FR 51918, Oct. 23, 1981]
§ 34.2 Definitions.

As used in this part, terms shall have the following meanings:

(a) CDC. Centers for Disease Control, Public Health Service, U.S. Department of Health and Human Services.

(b) Communicable disease of public health significance. Any of the following diseases:
   (1) Chancroid.
   (2) Communicable diseases as listed in a Presidential Executive Order, as provided under Section 361(b) of the Public Health Service Act. The current revised list of quarantinable communicable diseases is available at http://www.cdc.gov and http://www.archives.gov/federal-register.
   (3) Communicable diseases that may pose a public health emergency of international concern if it meets one or more of the factors listed in § 34.3(d) and for which the CDC Director has determined (A) a threat exists for importation into the United States, and (B) such disease may potentially affect the health of the American public. The determination will be made consistent with criteria established in Annex 2 of the revised International Health Regulations (http://www.who.int/csr/ihr/en/), as adopted by the Fifty-Eighth World Health Assembly in 2005, and as entered into effect in the United States in July, 2007, subject to the U.S. Government’s reservation and understandings:
      (i) Any of the communicable diseases for which a single case requires notification to the World Health Organization (WHO) as an event that may constitute a public health emergency of international concern, or
      (ii) Any other communicable disease the occurrence of which requires notification to the WHO as an event that may constitute a public health emergency of international concern. HHS/CDC’s determinations will be announced by notice in the Federal Register.
   (4) Gonorrhea.
   (5) Granuloma inguinale.
   (6) Leprosy, infectious.
   (7) Lymphogranuloma venereum.
   (8) Syphilis, infectious stage.
   (9) Tuberculosis, active.
   (c) Civil surgeon. A physician, with not less than 4 years’ professional experience, selected by the Director of the INS to conduct medical examinations of aliens in the United States who are applying for adjustment of status to permanent residence or who are required by the INS to have a medical examination.
   (d) Class A medical notification. Medical notification of:
      (1) A communicable disease of public health significance;
      (2)(i) A physical or mental disorder and behavior associated with the disorder that may pose, or has posed, a threat to the property, safety, or welfare of the alien or others;
      (ii) A history of a physical or mental disorder and behavior associated with the disorder, which behavior has posed a threat to the property, safety, or welfare of the alien or others and which behavior is likely to recur or lead to other harmful behavior; or
      (3) Drug abuse or addiction.
   (e) Class B medical notification. Medical notification of a physical or mental abnormality, disease, or disability serious in degree or permanent in nature amounting to a substantial departure from normal well-being.
   (f) Director. The Director of the Centers for Disease Control.
   (g) Drug abuse. The non-medical use of a substance listed in section 202 of the Controlled Substances Act, as amended (21 U.S.C. 802) which has not necessarily resulted in physical or psychological dependence.
   (h) Drug addiction. The non-medical use of a substance listed in section 202 of the Controlled Substances Act, as amended (21 U.S.C. 802) which has resulted in physical or psychological dependence.
   (i) INS. Immigration and Naturalization Service, U.S. Department of Justice.
   (j) Medical examiner. A panel physician, civil surgeon, or other physician designated by the Director to perform medical examinations of aliens.
   (k) Medical hold document. A document issued to the INS by a quarantine inspector of the Public Health Service at a port of entry which defers the inspection for admission until the cause of the medical hold is resolved.
   (l) Medical notification. A document issued to a consular authority or the
INS by a medical examiner, certifying the presence or absence of:

(1) A communicable disease of public health significance;

(2)(i) A physical or mental disorder and behavior associated with the disorder that may pose, or has posed, a threat to the property, safety, or welfare of the alien or others;

(ii) A history of a physical or mental disorder and behavior associated with the disorder, which behavior has posed a threat to the property, safety, or welfare of the alien or others and which behavior is likely to recur or lead to other harmful behavior;

(3) Drug abuse or addiction; and

(4) Any other physical abnormality, disease, or disability serious in degree or permanent in nature amounting to a substantial departure from normal well-being.

(m) Medical officer. A physician of the Public Health Service Commissioned Corps assigned by the Director to conduct physical and mental examinations of aliens.

(n) Mental disorder. A currently accepted psychiatric diagnosis, as defined by the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association, or by other authoritative sources.

(o) Panel physician. A physician selected by a United States embassy or consulate to conduct medical examinations of aliens applying for visas.

(p) Physical disorder. A currently accepted medical diagnosis, as defined by the Manual of the International Classification of Diseases, Injuries, and Causes of Death published by the World Health Organization, or by other authoritative sources.

§ 34.3 Scope of examinations.

(a) General. In performing examinations, medical examiners shall consider those matters that relate to the following:

(1) A communicable disease of public health significance;

(2)(i) A physical or mental disorder and behavior associated with the disorder that may pose, or has posed, a threat to the property, safety, or welfare of the alien or others;

(ii) A history of a physical or mental disorder and behavior associated with the disorder, which behavior has posed a threat to the property, safety, or welfare of the alien or others and which behavior is likely to recur or lead to other harmful behavior;

(3) Drug abuse or addiction; and

(4) Any other physical abnormality, disease, or disability serious in degree or permanent in nature amounting to a substantial departure from normal well-being.

(b) Scope of all medical examinations. (1) All medical examinations will include the following:

(i) A general physical examination and medical history, evaluation for tuberculosis, and serologic testing for syphilis.

(ii) A physical examination and medical history for diseases specified in §§34.2(b)(1), and 34.2(b)(4) through 34.2(b)(10).

(2) The scope of the examination shall include any laboratory or additional studies that are deemed necessary, either as a result of the physical examination or pertinent information elicited from the alien’s medical history, for the examining physician to reach a conclusion about the presence or absence of a physical or mental abnormality, disease, or disability.

(c) Additional medical screening and testing for examinations performed outside the United States. (1) HHS/CDC may require additional medical screening and testing for medical examinations performed outside the United States for diseases specified in §§34.2(b)(2) and 34.2(b)(3) by applying the risk-based medical and epidemiologic factors in paragraph (d)(2) of this section.

(2) Such examinations shall be conducted in a defined population in a geographic region or area outside the United States as determined by HHS/CDC.

(3) Additional medical screening and testing shall include a medical interview, physical examination, laboratory testing, radiologic exam, or other diagnostic procedure, as determined by HHS/CDC.

(4) Additional medical screening and testing will continue until HHS/CDC
§ 34.3 42 CFR Ch. I (10−1−10 Edition)

determines such screening and testing is no longer warranted based on factors such as the following: Results of disease outbreak investigations and response efforts; effectiveness of containment and control measures; and the status of an applicable determination of public health emergency of international concern declared by the Director General of the WHO.

(5) HHS/CDC will directly provide medical examiners information pertaining to all applicable additional requirements for medical screening and testing, and will post these at the following Internet addresses: http://www.cdc.gov/ncidod/dq/technica.htm and http://www.globalhealth.gov.

(d) Risk-based approach. (1) HHS/CDC will use the medical and epidemiological factors listed in paragraph (d)(2) of this section to determine the following:

(i) Whether a disease as specified in §34.2(b)(3)(ii) is a communicable disease of public health significance.

(ii) Which diseases in §§34.2(b)(2) and (b)(3) merit additional screening and testing, and the geographic area in which HHS/CDC will require this screening.

(2) Medical and epidemiological factors include the following:

(i) The seriousness of the disease’s public health impact;

(ii) Whether the emergence of the disease was unusual or unexpected;

(iii) The risk of the spread of the disease in the United States;

(iv) The transmissibility and virulence of the disease;

(v) The impact of the disease at the geographic location of medical screening; and

(vi) Other specific pathogenic factors that would bear on a disease's ability to threaten the health security of the United States.

(e) Persons subject to requirement for chest X-ray examination and serologic testing. (1) As provided in paragraph (e)(2) of this section, a chest X-ray examination and serologic testing for syphilis shall be required as part of the examination of the following:

(i) Applicants for immigrant visas;

(ii) Students, exchange visitors, and other applicants for non-immigrant visas required by a U.S. consular authority to have a medical examination;

(iii) Applicants outside the United States who apply for refugee status;

(iv) Applicants in the United States who apply for adjustment of their status under the immigration statute and regulations.

(2) Chest X-ray examination and serologic testing. Except as provided in paragraph (e)(2)(iv) of this section, applicants described in paragraph (e)(1) of this section shall be required to have the following:

(i) For applicants 15 years of age and older, a chest X-ray examination;

(ii) For applicants under 15 years of age, a chest X-ray examination if the applicant has symptoms of tuberculosis, a history of tuberculosis, or evidence of possible exposure to a transmissible tuberculosis case in a household or other enclosed environment for a prolonged period;

(iii) For applicants 15 years of age and older, serologic testing for syphilis and HIV.

(iv) Exceptions. Serologic testing for syphilis shall not be required if the alien is under the age of 15, unless there is reason to suspect infection with syphilis. An alien, regardless of age, in the United States, who applies for adjustment of status to lawful permanent resident shall not be required to have a chest X-ray examination unless their tuberculin skin test, or an equivalent test for showing an immune response to Mycobacterium tuberculosis antigens, is positive. HHS/CDC may authorize exceptions to the requirement for a tuberculin skin test, an equivalent test for showing an immune response to M. tuberculosis antigens, or chest X-ray examination for good cause, upon application approved by the Director.

(3) Immune response to Mycobacterium tuberculosis antigens. (i) All aliens 2 years of age or older in the United States who apply for adjustment of status to permanent residents, under the immigration laws and regulations, or other aliens in the United States who are required by the U.S. Department of Homeland Security to have a medical examination in connection with a determination of their admissibility, shall be required to have a tuberculin skin test or an equivalent test for showing an immune response to
Public Health Service, HHS

§ 34.3

**Mycobacterium tuberculosis** antigens. Exceptions to this requirement may be authorized for good cause upon application approved by the Director. In the event of a positive tuberculin reaction, a chest X-ray examination shall be required. If the chest radiograph is consistent with tuberculosis, the alien shall be referred to the local health authority for evaluation. Evidence of this evaluation shall be provided to the civil surgeon before a medical notification may be issued.

(ii) Aliens less than 2 years old shall be required to have a tuberculin skin test, or an equivalent, appropriate test to show an immune response to *Mycobacterium tuberculosis* antigens, if there is evidence of contact with a person known to have tuberculosis or other reason to suspect tuberculosis. In the event of a positive tuberculin reaction, a chest X-ray examination shall be required. If the chest radiograph is consistent with tuberculosis, the alien shall be referred to the local health authority for evaluation. Evidence of this evaluation shall be provided to the civil surgeon before a medical notification may be issued.

(iii) Aliens outside the United States required to have a medical examination shall be required to have a tuberculin skin test, or an equivalent, appropriate test to show an immune response to *Mycobacterium tuberculosis* antigens, and, if indicated, a chest radiograph.

(iv) Aliens outside the United States required to have a medical examination shall be required to have a tuberculin skin test, or an equivalent, appropriate test to show an immune response to *Mycobacterium tuberculosis* antigens, and a chest radiograph, regardless of age, if they have symptoms of tuberculosis, a history of tuberculosis, or evidence of possible exposure to a transmissible tuberculosis case in a household or other enclosed environment for a prolonged period.

(4) **Additional testing requirements.** All applicants subject to the chest radiograph requirement, and for whom the radiograph shows an abnormality suggestive of tuberculosis disease, shall be required to undergo additional testing for tuberculosis.

(5) **How and where performed.** All chest x-ray images used in medical examinations performed under the regulations to this part shall be large enough to encompass the entire chest (approximately 14 x 17 inches; 35.6 x 32.2 cm).

(6) **Chest x-ray, laboratory, and treatment reports.** The chest radiograph reading and serologic test results for syphilis shall be included in the medical notification. When the medical examiner’s conclusions are based on a study of more than one chest x-ray image, the medical notification shall include at least a summary statement of findings of the earlier images, followed by a complete reading of the last image, and dates and details of any laboratory tests and treatment for tuberculosis.

(f) **Procedure for transmitting records.** For aliens issued immigrant visas, the medical notification and chest X-ray images, if any, shall be placed in a separate envelope which shall be sealed. When more than one chest X-ray image is used as a basis for the examiner’s conclusions, all images shall be included.

(g) **Failure to present records.** When a determination of admissibility is to be made at the U.S. port of entry, a medical hold document shall be issued pending completion of any necessary examination procedures. A medical hold document may be issued for aliens who:

1. Are not in possession of a valid medical notification, if required;
2. Have a medical notification which is incomplete;
3. Have a medical notification which is not written in English;
4. Are suspected to have an excludable medical condition;
5. Are suspected to have an excludable medical condition.

(h) **The Secretary of Homeland Security, after consultation with the Secretary of State and the Secretary of Health and Human Services, may in emergency circumstances permit the medical examination of refugees to be completed in the United States.**
aliens as may be issued by the Director. Copies of such technical instructions are available upon request to the Director, Division of Global Migration and Quarantine, Mailstop E03, HHS/CDC, Atlanta GA 30333.

§ 34.4 Medical notifications.

(a) Medical examiners shall issue medical notifications of their findings of the presence or absence of Class A or Class B medical conditions. The presence of such condition must have been clearly established.

(b) Class A medical notifications. (1) The medical examiner shall report his/her findings to the consular officer or the INS by Class A medical notification which lists the specific condition for which the alien may be excluded, if an alien is found to have:

(i) A communicable disease of public health significance;
(ii) A physical or mental disorder, and behavior associated with the disorder that may pose, or has posed, a threat to the property, safety, or welfare of the alien or others; or
(B) A history of a physical or mental disorder and behavior associated with the disorder, which behavior has posed a threat to the property, safety, or welfare of the alien or others and which behavior is likely to recur or lead to other harmful behavior;
(iii) Drug abuse or addition.
Provided, however, That a Class A medical notification of a physical or mental disorder, and behavior associated with that disorder that may pose, or has posed, a threat to the property, safety, or welfare of the alien or others, shall in no case be issued with respect to an alien having only mental shortcomings due to ignorance, or suffering only from a condition attributable to remediable physical causes or of a temporary nature, caused by a toxin, medically prescribed drug, or disease.

(2) The medical notification shall state the nature and extent of the abnormality, the degree to which the alien is incapable of normal physical activity, and the extent to which the condition is remediable. The medical examiner shall indicate the likelihood, that because of the condition, the applicant will require extensive medical care or institutionalization.

(c) Class B medical notifications. (1) If an alien is found to have a physical or mental abnormality, disease, or disability serious in degree or permanent in nature amounting to a substantial departure from normal well-being, the medical examiner shall report his/her findings to the consular or INS officer by Class B medical notification which lists the specific conditions found by the medical examiner. Provided, however, that a Class B medical notification shall in no case be issued with respect to an alien having only mental shortcomings due to ignorance, or suffering only from a condition attributable to remediable physical causes or of a temporary nature, caused by a toxin, medically prescribed drug, or disease.

(2) The medical notification shall state the nature and extent of the abnormality, the degree to which the alien is incapable of normal physical activity, and the extent to which the condition is remediable. The medical examiner shall indicate the likelihood, that because of the condition, the applicant will require extensive medical care or institutionalization.

(d) Other medical notifications. If as a result of the medical examination, the medical examiner does not find a Class A or Class B condition in an alien, the medical examiner shall so indicate on the medical notification form and shall report his findings to the consular or INS officer.

[56 FR 25003, May 31, 1991]

§ 34.5 Postponement of medical examination.

Whenever, upon an examination, the medical examiner is unable to determine the physical or mental condition of an alien, completion of the medical examination shall be postponed for such observation and further examination of the alien as may be reasonably necessary to determine his/her physical or mental condition. The examination shall be postponed for aliens who have an acute infectious disease until the condition is resolved. The alien shall
be referred for medical care as necessary.

[56 FR 25003, May 31, 1991]

§ 34.6 Applicability of Foreign Quarantine Regulations.

Aliens arriving at a port of the United States shall be subject to the applicable provisions of 42 CFR part 71, Foreign Quarantine, with respect to examination and quarantine measures.

[56 FR 25003, May 31, 1991]

§ 34.7 Medical and other care; death.

(a) An alien detained by or in the custody of the INS may be provided medical, surgical, psychiatric, or dental care by the Public Health Service through interagency agreements under which the INS shall reimburse the Public Health Service. Aliens found to be in need of emergency care in the course of medical examination shall be treated to the extent deemed practical by the attending physician and if considered to be in need of further care, may be referred to the INS along with the physician’s recommendations concerning such further care.

(b) In case of the death of an alien, the body shall be delivered to the consular or immigration authority concerned. If such death occurs in the United States, or in a territory or possession thereof, public burial shall be provided upon request of the INS and subject to its agreement to pay the burial expenses. Autopsies shall not be performed unless approved by the INS.

[56 FR 25003, May 31, 1991]

§ 34.8 Reexamination; convening of review boards; expert witnesses; reports.

(a) The Director shall convene a board of medical officers to reexamine an alien:

(1) Upon the request of the INS for a reexamination by such a board; or

(2) Upon an appeal to the INS by an alien who, having received a medical examination in connection with the determination of admissibility to the United States (including examination on arrival and adjustment of status as provided in the immigration laws and regulations) has been certified for a Class A condition.

(b) For boards convened to reexamine aliens certified as:

(1) Having a communicable disease of public health significance, the board shall consist of three medical officers, at least one of whom is experienced in the diagnosis and treatment of the communicable disease for which medical notification has been made, and the decision of the majority of the board shall prevail;

(2)(i) Having a physical or mental disorder and behavior associated with the disorder that may pose, or has posed, a threat to the property, safety, or welfare of the alien or others; or

(ii) Having a history of a physical or mental disorder and behavior associated with the disorder, which behavior has posed a threat to the property, safety, or welfare of the alien or others and which behavior is likely to recur or lead to other harmful behavior; or

(iii) Being a drug abuser or addict;

(3) In circumstances covered by paragraph (b)(2) of this section, the board shall consist of three medical officers, at least one of whom shall be a board certified psychiatrist, and the decision of the majority of the board shall prevail.

(c) Reexamination shall include:

(1) Review of all records submitted by the alien, other witnesses, or the board;

(2) Use of any laboratory or additional studies which are deemed clinically necessary as a result of the physical examination or pertinent information elicited from the alien’s medical history;

(3) Consideration of statements regarding the alien’s physical or mental condition made by a physician after his/her examination of the alien; and

(4) An independent physical or psychiatric examination of the alien performed by the board, at the board’s option.

(d) An alien who is to be reexamined shall be notified of the time and place of his/her reexamination not less than 5 days prior thereto.

(e) The alien, at his/her own cost and expense, may introduce as witnesses before the board such physicians or medical experts as the board may in its discretion permit; provided that the alien shall be permitted to introduce at
least one expert medical witness. If any witnesses offered are not permitted by the board to testify, the record of the proceedings shall show the reason for the denial of permission.

(f) Witnesses before the board shall be given a reasonable opportunity to examine the medical notification and other records involved in the reexamination and to present all relevant and material evidence orally or in writing until such time as the proceedings are declared by the board to be closed. During the course of the hearing the alien’s attorney or representative shall be permitted to examine the alien and he/she, or the alien, shall be permitted to examine any witnesses offered in the alien’s behalf and to cross-examine any witnesses called by the board. If the alien does not have an attorney or representative, the board shall assist the alien in the presentation of his/her case to the end that all of the material and relevant facts may be considered.

(g) The findings and conclusions of the board shall be based on its medical examination of the alien, if any, and on the evidence presented and made a part of the record of its proceedings.

(h) The board shall report its findings and conclusions to the INS, and shall also give prompt notice thereof to the alien if his/her reexamination has been based on his/her appeal. The board’s report to the INS shall specifically affirm, modify, or reject the findings and conclusions of prior examining medical officers.

(i) The board shall issue its medical notification in accordance with the applicable provisions of this part if it finds that an alien it has reexamined has a Class A or Class B condition. It shall issue its medical notification in accordance with the applicable provisions of this part.

(j) If the board finds that an alien it has reexamined does not have a Class A or Class B condition, it shall issue its medical notification in accordance with the applicable provisions of this part.

(k) After submission of its report, the board shall not be reconvened, nor shall a new board be convened, in connection with the same application for admission or for adjustment of status, except upon the express authorization of the Director.

[56 FR 25004, May 31, 1991]
§ 35.4 Noncompliance; discharge or transfer.

(a) If the officer in charge finds, upon investigation, that a patient other than a leprosy patient, by willful and persistent failure or refusal to comply with such rules, instructions, or regulations is seriously impeding the course of his own care and treatment, or that of other patients, he may (1) discharge the patient, or (2) if the patient is not a voluntary patient, arrange for his transfer to the custody of the authority responsible for his admission to the station or hospital. No patient shall be discharged or transferred on account of noncompliance if to do so would seriously endanger his life or health, nor shall any patient be discharged if his failure to comply is due, in the opinion of the officer in charge, to a mental disease or disorder.

(b) If the discharge or transfer of a patient is likely to endanger the health of persons other than the patient or officers or employees of the station or hospital, the officer in charge shall give advance notice to appropriate State, county, or municipal authorities of the discharge or transfer.

§ 35.5 Entitlement to care after discharge or transfer by reason of noncompliance.

No person otherwise entitled to care, treatment, or hospitalization at Service facilities, or in other facilities at the expense of the Service, shall be denied such care or treatment by reason of his prior discharge or transfer from any such facility under the provisions of §35.4.

§ 35.6 Admissions; determination of eligibility for care.

Except as may otherwise be provided for specific classes of patients by the regulations of this chapter, the officer in charge of the station or hospital to which application is made is authorized to determine the eligibility of applicants, as beneficiaries of the Service, for care and for treatment. Such determinations shall be subject to review by the chief of the division of the Service responsible for administration of the
§ 35.7 Admissions; designation of person to be notified.
Every in-patient, at the time of admission to the hospital or station or as soon thereafter as practicable, shall be requested to designate a person or persons to be notified in case of emergency.

§ 35.8 Safekeeping of money and effects; withdrawals.
(a) A place for the safekeeping of money and effects of patients shall be provided at each station or hospital, and an itemized receipt therefor shall be furnished to the patient and to any other person who places money or effects therein for the benefit of the patient.
(b) Money and effects may be withdrawn only by or on behalf of the patient, by his legally appointed representative authorized to receive or dispose of his property (including the money and effects in the custody of the station or hospital), or by a person who is authorized, under the law of the State in which the station or hospital is located, to receive or dispose of the patient's money and effects. In any case in which the officer in charge has had actual notice of the appointment of a legal representative, withdrawals may be made only by such representative or in accordance with his written directions. No delivery shall be made under this paragraph unless (1) the person receiving the money or effects shall sign an itemized receipt therefor, or (2) the delivery is witnessed by two persons. The provisions of this paragraph do not prohibit withdrawals made necessary by the provisions of this part for the disposition of money and effects left by patients on death or on departure from the station or hospital, or by the provisions of § 35.10.

§ 35.9 Disposition of money and effects left by other than deceased patients.
Money and effects left on the premises by a patient shall be forwarded promptly to him. If because his whereabouts are unknown his money and effects cannot be delivered to him within 120 days after his departure, his money shall be deposited into the Treasury and credited to the account entitled “Money and Effects of Former Patients (PHS (T) name of patient),” and his effects shall be held for him for six months and then sold in accordance with § 35.49, and the proceeds deposited into the Treasury and credited to the above account.

§ 35.10 Destruction of effects dangerous to health.
The officer in charge shall cause to be destroyed effects brought into or received in the station or hospital area by patients which, in the judgment of such officer, are dangerous as a source of disease to the health or life of patients or personnel of the station or hospital or visitors therein and cannot otherwise be safely disposed of or rendered harmless by disinfection or other means. The destruction of effects shall be witnessed by at least one officer or employee designated for that purpose by the officer in charge, and appropriate records of the destruction shall be maintained.

§ 35.11 Clinical records; confidential.
A complete clinical record shall be maintained for each patient admitted to a station or hospital of the Service. Such records shall be confidential and shall not be disclosed except as may be provided elsewhere in regulations of the Service.

§ 35.12 Solicitation of legal business prohibited.
The solicitation, directly or indirectly, of legal business or of a retainer or agreement authorizing an attorney to render legal services, is prohibited in all stations and hospitals of the Service.

§ 35.13 Entry for negotiation of release or settlement.
(a) No person shall be permitted to enter a station or hospital of the Service for the purpose of negotiating a settlement or obtaining a general or special release or statement from any patient with reference to any illness or
personal injury for which the patient is receiving care or treatment, or for the purpose of conferring with him as an attorney or representative of an attorney with reference to such illness or injury, unless the patient has signified his willingness to have such person enter for such purpose and, in the judgment of the officer in charge, the physical or mental condition of the patient will not thereby be impaired.

(b) Any person entering a station or hospital for a purpose enumerated in paragraph (a) of this section shall register in the manner prescribed by the officer in charge, and shall furnish for the records of the station or hospital the name of each patient by whom he has been received for such a purpose.

§ 35.14 Solicitation of legal business; negotiation of release or settlement; assistance prohibited.

All employees of the Service and all persons attached in any capacity to a station or hospital, including patients, are forbidden to communicate, directly or indirectly, with any person for the purpose of aiding in the solicitation of legal business or in the negotiation of a settlement or the obtaining of a general or special release or statement from any patient with reference to any illness or personal injury for which the patient is receiving care or treatment therein. No patient is prohibited by this section from communicating on his own behalf with an attorney of his choice or with other persons.

§ 35.15 Consent to operative procedures.

Except in emergencies when the patient is physically or mentally incapable of consenting and the delay required to obtain the consent of his natural or legal guardian would seriously endanger the patient’s health, no operative procedure shall be undertaken unless the patient or, in the case of a minor or incompetent, his natural or legal guardian gives his consent, nor shall any major operative procedure or the administration of a general anaesthetic be undertaken unless such consent has been obtained in writing. The consent or refusal of consent shall be made a part of the clinical record.

§ 35.16 Autopsies and other post-mortem operations.

Autopsies, or other post-mortem operations, including removal of tissue for transplanting, may be performed on the body of a deceased patient only by direction of the officer in charge and only if consented to in writing by a person authorized under the law of the State in which the station or hospital is located to permit an autopsy or such other post-mortem operation under the circumstances of the particular death involved. Restrictions or limitations imposed by the person consenting thereto on the extent of the autopsy or other post-mortem operation shall be observed. Documents embodying consent shall be made a part of the clinical record.

[25 FR 6331, July 6, 1960]

§ 35.17 Fees and charges for copying, certification, search of records and related services.

A prescribed fee, in accordance with the schedule in paragraph (c) of this section, shall be collected for each of the listed services.

(a) Application for services. Any person requesting (1) a copy of a clinical record, clinical abstract, or other document containing clinical information; or (2) a certification of a clinical record or document; or (3) a search of clinical records, shall make written application therefor to the Public Health Service facility having custody of the subject matter involved. Such application shall state specifically the particular record or document requested, and the purpose for which such copy or document is desired to be used. The application shall be accompanied by a deposit in an amount equal to the prescribed charge for the service rendered. Where it is not known if a clinical record or other document is in existence, the application shall be accompanied by a minimum deposit of $2.50.

(b) Authorization for disclosure. The furnishing of copies of PHS records containing confidential clinical information must comply with the requirements of part I, title 42, Code of Federal Regulations, governing authorization for the disclosure of such information.

(c) Schedule of fees.
§ 35.21

(1) Photocopy reproduction of a clinical record or other document (through use of facility equipment):
   (a) Processing (searching, preparation of record and use of equipment), first page ..................... $3.25
   (b) Each additional page ...................................... .25
(2) Certification, per document .................................... .25
(3) Unsuccessful searching, per hour (minimum charge 1 hour) .......................................................... 2.50
(4) Clinical abstracts, per request ............................... 3.00
(5) Arranging commercial duplication of a clinical record, per request ................................................... 1 0.50
(6) If the requested material is to be transmitted by registered mail, airmail, or special delivery mail, the postal fees therefor shall be added to the other fees provided above, unless the applicant has included proper postage or stamped return envelopes for this purpose.

(d) Waiver of fee. The prescribed fee may be waived, in the discretion of the medical officer in charge, under the following circumstances:

(1) When the service or document is requested by another agency of the Federal Government for use in carrying out official Government business.
(2) When a clinical record is requested for the purpose of providing continued medical care to a non-Service physician, clinic, or hospital, in which case the record will be forwarded only to the physician, clinic, or hospital concerned.
(3) When the service or document is requested by an attorney in the prosecution of a Service beneficiary’s personal injury claim against a third person, involving the concurrent assertion of a government medical care claim under 42 U.S.C. 2651–2653. In such case, the service or document requested will be furnished only upon compliance with all additional requirements for the release of records in third party recovery cases, including the proper execution of form PHS–4686, Agreement to Assign Claim Upon Request.
(4) When the service or document is requested by, and furnished to, a Member of Congress for official use.
(5) When the service or document is requested by, and furnished to, a court in lieu of the personal court appearance of an employee of the Public Health Service.
(6) When the service or document is required to be furnished free in accordance with a Federal statute or an Executive order.

(7) When the furnishing of the service or document requested without charge would be an appropriate courtesy to a foreign country or international organization.

32 FR 6842, May 4, 1967

Subpart B—Transfer of Patients

§ 35.21 Authorization of transfer.

Except as otherwise provided by law or regulation with respect to certain classes of patients, the officer in charge of a station or hospital of the Service may provide, without any cost to the patient, for the transfer of the patient either from such station or hospital to another station or hospital of the Service or to any non-Service station or hospital at which the patient may be received, or from any non-Service hospital at which he is receiving care or treatment as a patient of the Service to a station or hospital of the Service.

§ 35.22 Attendants.

Patients shall be transferred by such means and accompanied by such medical, nursing, or other attendants as may be necessary to protect the health and safety of the patient and other persons likely to come into contact with him, including in the case of a prisoner such guards as may be necessary to assure his safekeeping. A female patient requiring the services of attendants shall be accompanied by at least one female attendant. Medical or nursing attendants shall be qualified to care for persons suffering from the type of disease or disorder with which the patient is afflicted and shall be provided with equipment and medicines necessary for the care of the patient.

Subpart C—Disposition of Articles Produced by Patients

§ 35.31 Retention by patients.

Subject to the rules of the station or hospital, patients may be accorded the privilege of retaining articles produced by them in the course of their curative treatment with the aid of materials furnished by the Service. Articles not
§ 35.32 Board of appraisers.

The officer in charge shall appoint, from the personnel of the station or hospital, a board of three persons to serve at his pleasure. The board shall provide for the sale of articles having commercial value and shall keep appropriate records of such articles and their disposition.

§ 35.33 Sale; prices; deposit of proceeds.

The board shall determine and redetermine from time to time the prices at which articles are to be sold, and in doing so shall consider the cost of materials used, reasonable handling charges, and the fair market value of the articles. The sale price shall be indicated on each article by tag or other appropriate means, and a list of articles offered for sale and their respective sale prices shall be posted from time to time in the hospital or station area. In its discretion, the board may offer such articles for purchase by other patients or by charitable organizations before offering them for purchase to the general public. No article shall be sold or resold to any officer or employee of the Service. Moneys received from the sale of articles shall be deposited into the Treasury to the credit of the appropriation from which the materials for making such articles were purchased.

§ 35.34 Resale.

No article purchased under the provisions of this subpart shall be resold in the hospital or station area at a price to exceed the sale price fixed by the board for such article.

§ 35.35 Unsalable articles.

Articles having no commercial value shall be stored, destroyed, or otherwise disposed of as the officer in charge may direct.

Subpart D—Disposal of Money and Effects of Deceased Patients

§ 35.41 Inventory.

Promptly after the death of a patient in a station or hospital of the Service, an inventory of his money and effects left therein shall be made by two or more officers or employees of the Service designated for such purpose by the officer in charge.

§ 35.42 Notice upon death.

The officer in charge shall notify in writing all persons known to him to whom delivery of the patient’s money and effects might be made hereunder, and, in the case of an alien patient, a consul of the country of his apparent nationality. Each person so notified shall be requested to furnish information concerning (a) the existence or whereabouts of any persons to whom delivery of the deceased patient’s money and effects may be made pursuant to these provisions, and (b) the permanent residence or home of the deceased.

§ 35.43 Delivery only upon filing claim; forms; procedure.

(a) Delivery of the money and effects of a deceased patient shall be made only to a person who has filed a claim therefor on a form prescribed by the Surgeon General.

(b) A claimant shall furnish, in addition to the information on the prescribed form, such additional information as the officer in charge may consider necessary to establish the identity of the claimant and the truth of his statements.

(c) A person filing a claim as a legal representative shall be required to present letters of administration or a certificate of a court attesting his qualification or appointment.

(d) If a claim is made after the money, or proceeds from the sale of the effects, of a deceased patient have been deposited in the Treasury, the claim shall be referred to the General Accounting Office. If the claim is for checks or evidences of indebtedness of the United States which have been transmitted to the issuing agency pursuant to §§35.47 and 35.48, the claimant shall be referred to such agency.
§ 35.44 Delivery to legal representative; to other claimants if value is $1,000 or less.

The money and effects of the deceased patient shall in all cases be delivered to the legal representative, if any, of his estate. If the value is $1,000 or less, and the officer in charge has neither notice nor other knowledge of the appointment or qualification of a legal representative, nor reason to believe that a legal representative will be appointed or qualified, he shall deliver all the money and effects, as soon as practicable after the expiration of 10 days from the sending of notices to one of the following in the indicated order of priority:

(a) A person, if any, designated in writing by the patient to receive the same.
(b) The patient’s surviving spouse.
(c) The patient’s child or children in equal parts.
(d) The patient’s parent or parents in equal parts.
(e) Any other person who would be entitled to receive the money and effects under the law of the patient’s domicile: Provided, That delivery of such money and effects may be made immediately upon application by one of the persons specified above if the officer in charge has neither notice nor other knowledge that a person higher in the indicated order of priority exists.

§ 35.45 Disposition of effects; exceptions.

Irrespective of the provisions of this subpart, the officer in charge may (a) release from among the effects of the deceased patient so much of the patient’s clothing as may be necessary for use in preparation of his body for burial and (b) cause to be destroyed, or otherwise disposed of, such used toilet articles of the patient as appear to have no commercial or other value.

§ 35.46 Conflicting claims.

In any case in which conflicting claims are filed or the officer in charge considers it to be in the interest of persons who may be ultimately entitled thereto, delivery may be withheld from all persons other than a duly qualified legal representative.

§ 35.47 Disposition of Government checks.

Notwithstanding any other provisions of this subpart, immediately upon completion of the inventory, checks drawn on the Treasurer of the United States shall be sent by safe means to the department, agency, or establishment of the Government of the United States issuing such checks. The transmittal shall be accompanied by a statement of the reasons therefor and of all available information which may aid the issuing unit in the disposition of the check transmitted. Notice of the disposition of any checks, with identifying information, shall be given to the person or persons, if any, to which money and effects are delivered in accordance with § 35.44.

§ 35.48 Deposit of unclaimed money; sale of unclaimed effects and deposit of proceeds.

If, within 120 days after sending of notices no claim has been filed pursuant to the provisions of § 35.43, the patient’s money, consisting of all types of United States currency and coin, shall be deposited in the Treasury to the credit of the trust-fund account entitled “Money and Effects of Deceased Patients, Public Health Service.” If, within six months after the death of a patient, no claim has been filed pursuant to the provisions of § 35.43, his effects (including foreign currency and coin but excluding Postal Savings Certificates and other evidences of indebtedness of the United States) shall be sold at public auction or by sealed bids to the highest bidder and the proceeds deposited to the credit of the trust-fund account entitled “Money and Effects of Deceased Patients, Public Health Service.” Postal Savings Certificates and other evidences of indebtedness of the United States shall be transmitted to the issuing department or agency with a statement of the occasion therefor.

§ 35.49 Sale of unclaimed effects; procedures.

The following provisions shall govern the sale of effects:

(a) Notice. Reasonable advance notice of proposed sales shall be posted at such prominent places in the station or
§ 35.52 Delivery of possession only; title unaffected.

Except for delivery of effects to purchasers at sales held in accordance with §35.49, delivery or deposit under this subpart of the money or effects, or the proceeds of a sale of the effects, of a deceased patient constitutes only a transfer of possession and is not intended to affect in any manner the title to such money, effects, or proceeds.

Subpart E—Contributions for the Benefit of Patients

§ 35.61 Applicability.

This subpart sets forth the policies and procedures governing the acceptance and administration of contributions of money or property intended solely for the benefit of all patients in a ward or unit or a particular hospital or station of the Public Health Service, excluding outpatient clinics. Such contributions are distinguishable from (a) monies or other valuables belonging to specific patients which are accepted and held in custody for the convenience of the patient until such time as he or she wishes to withdraw them, and (b) gifts to the United States to support Public Health Service functions under section 501 of the Public Health Service Act or other statutory provisions, which may be accepted and administered only in accordance with such statutory provisions or other applicable laws.

§ 35.62 Acceptance of contributions.

(a) The officer in charge of a hospital or station or his delegate may accept contributions of money or personal property which are donated for the general benefit of all patients within the hospital or station (or a ward or unit thereof) without further specification or conditions as to use. Contributions tendered subject to conditions by the donor, such as expenditure or use only on behalf of certain patients or for specific purposes, may not be accepted.

(b) Contribution of money or property shall be accepted in writing.

§ 35.63 Report of and accounting for contributions.

(a) Contributions of money accepted pursuant to §35.62 (hereinafter referred to as “patient fund”) will be treated consistently with Federal deposit rules and as supplemented with appropriate procedures of the facility. This regulation is not intended to exclude contributions for the benefit of patients from proper accountability and control of funds and property.

(b) Contributions of property accepted pursuant to §35.62 shall be recorded and accounted for in the same manner as other property of a similar kind maintained in the hospital or station, but with suitable identification so that it can be distinguished from government-owned property.

§ 35.64 Donors.

Authorized contributions may be accepted from patients, employees and other individuals, and agencies and organizations.

§ 35.65 Acceptable personal property.

Contributions of personal property which may be accepted pursuant to §35.62 include, but are not limited to, recreational equipment, furniture, radios and television sets. After its useful life, any cash proceeds realized upon disposition of such property shall be deposited to the credit of the patient fund and shall be available for expenditure pursuant to §35.66(c).

§ 35.66 Expenditure of cash contributions.

(a) Officials authorized to accept contributions shall not maintain control over the actual obligation or expenditure of such monies.

(b) Only those officers or employees specifically designated in writing by the officer in charge for such purpose may obligate and expend monies from the patient fund. The names of officials so designated shall be provided to the relevant fiscal control office.

(c) Subject to availability of sufficient funds, monies in the patient fund may be expended for materials, services or activities which contribute to the well-being or morale of patients, including but not limited to provision of reading and entertainment materials, recreation activities, and, in appropriate cases, necessary financial support (including travel expenses, meals, and lodging) of relatives, guardians, or friends of patients to enable such persons to be available for the patient’s comfort and support.

(d) Officers in charge may issue such additional instructions, not inconsistent with this subpart, as may be necessary to implement its provisions.
Public Health Service, HHS

PART 37—SPECIFICATIONS FOR MEDICAL EXAMINATIONS OF UNDERGROUND COAL MINERS

Subpart—Chest Roentgenographic Examinations

§ 37.1 Scope.

The provisions of this subpart set forth the specifications for giving, interpreting, classifying, and submitting chest roentgenograms required by section 203 of the act to be given to underground coal miners and new miners.

§ 37.2 Definitions.

Any term defined in the Federal Mine Safety and Health Act of 1977 and not defined below shall have the meaning given it in the act. As used in this subpart:

(b) ALOSH means the Appalachian Laboratory for Occupational Safety and Health, Box 4258, Morgantown, WV 26505. Although the Division of Respiratory Disease Studies, National Institute for Occupational Safety and Health, has programmatic responsibility for the chest roentgenographic examination program, the Institute's facility in Morgantown—ALOSH—is used throughout this subpart in referring to the administration of the program.

(c) Chest roentgenogram means a single posteroanterior roentgenographic projection or radiograph of the chest at full inspiration recorded on roentgenographic film.

(d) Convenient time and place with respect to the conduct of any examination under this subpart means that the examination must be given at a reasonable hour in the locality in which the miner resides or a location that is equally accessible to the miner. For example, examinations at the mine during, immediately preceding, or immediately following work and a “no appointment” examination at a medical facility in a community easily accessible to the residences of a majority of the miners working at the mine, shall be considered of equivalent convenience for purposes of this paragraph.

(e) Institute and NIOSH mean the National Institute for Occupational Safety and Health Center for Disease Control, Public Health Service, Department of Health and Human Services.
§ 37.3 Chest roentgenograms required for miners.

(a) Voluntary examinations. Every operator shall provide to each miner who is employed in or at any of its underground coal mines and who was employed in underground coal mining prior to December 30, 1969, or who has completed the required examinations under §37.3(b) an opportunity for a chest roentgenogram in accordance with this subpart:

(1) Following August 1, 1978 ALOSH will notify the operator of each underground coal mine of a period within which the operator may provide examinations to each miner employed at its coal mine. The period shall begin no sooner than the effective date of these regulations and end no later than a date specified by ALOSH separately for each coal mine. The termination date of the period will be approximately 5 years from the date of the first examination which was made on a miner employed by the operator in its coal mine under the former regulations of this subpart adopted July 27, 1973. Within the period specified by ALOSH for each mine, the operator may select a 6-month period within which to provide examinations in accordance with a plan approved under §37.5.

Example: ALOSH finds that between July 27, 1973, and March 31, 1975, the first roentgenogram for a miner who was employed at mine Y and who was employed in underground coal mining prior to December 30, 1969, was made on January 1, 1974. ALOSH will notify the operator of mine Y that the operator may select and designate on its plan a 6-month period within which to offer its examinations to its miners employed at mine Y. The 6-month period shall be scheduled between August 1, 1978 and January 1, 1979 (5 years after January 1, 1974).

(2) For all future voluntary examinations, ALOSH will notify the operator of each underground coal mine when sufficient time has elapsed since the end of the previous 6-month period of examinations. ALOSH will specify to the operator of each mine a period within which the operator may provide examinations to its miners employed at its coal mine. The period shall begin no sooner than 3½ years and end no later than 4½ years subsequent to the
§ 37.4 Plans for chest roentgenographic examinations.

(a) Every plan for chest roentgenographic examinations of miners shall be submitted on forms prescribed by the Secretary to ALOSH within 120 calendar days after August 1, 1978. If the operator does not submit an approved plan or if the operator’s plan is found to be inadequate, ALOSH may request an operator to provide examinations to its miners in accordance with a plan approved under §37.5.

(b) Mandatory examinations. Every operator shall provide to each miner who begins working in or at a coal mine for the first time after December 30, 1969:

1. An initial chest roentgenogram as soon as possible, but in no event later than 6 months after commencement of employment. A preemployment physical examination which was made within the 6 months prior to the date on which the miner started to work will be considered as fulfilling this requirement. An initial chest roentgenogram given to a miner according to former regulations which was made prior to August 1, 1978 will be considered as fulfilling this requirement.

2. A second chest roentgenogram in accordance with this subpart, 3 years following the initial examination if the miner is still engaged in underground coal mining. A second roentgenogram given to a miner according to former regulations under this subpart prior to August 1, 1978 will also be considered as fulfilling this requirement.

(3) A third chest roentgenogram 2 years following the second chest roentgenogram if the miner is still engaged in underground coal mining if the second roentgenogram shows evidence of category 1, category 2, category 3 simple pneumoconioses, or complicated pneumoconioses (ILO Classification).

(c) ALOSH will notify the miner when he or she is due to receive the second or third mandatory examination under (b) of this section. Similarly, ALOSH will notify the coal mine operator when the miner is to be given a second examination. The operator will be notified concerning a miner’s third examination only with the miner’s written consent, and the notice to the operator shall not state the medical reason for the examination nor that it is the third examination in the series. If the miner is notified by ALOSH that the third mandatory examination is due and the operator is not so notified, availability of the roentgenographic examination under the operator’s plan shall constitute the operator’s compliance with the requirement to provide a third mandatory examination even if the miner refuses to take the examination.

(d) The opportunity for chest roentgenograms to be available by an operator for purposes of this subpart shall be provided in accordance with a plan which has been submitted and approved in accordance with this subpart.

(e) Any examinations conducted by the Secretary in the National Study of Coal Workers’ Pneumoconiosis after January 1, 1977, but before August 1, 1978 shall satisfy the requirements of this section with respect to the specific examination given (see §37.6(d)).

§ 37.4 42 CFR Ch. I (10–1–10 Edition)

A separate plan shall be submitted by the operator and by each construction contractor for each underground coal mine which has a MSHA identification number. The plan shall include:

(1) The name, address, and telephone number of the operator(s) submitting the plan;

(2) The name, MSHA identification number for respirable dust measurements, and address of the mine included in the plan;

(3) The proposed beginning and ending date of the 6-month period for voluntary examinations (see §37.3(a)) and the estimated number of miners to be given or offered examinations during the 6-month period under the plan;

(4) The name and location of the approved X-ray facility or facilities, and the approximate date(s) and time(s) of day during which the roentgenograms will be given to miners to enable a determination of whether the examinations will be conducted at a convenient time and place;

(5) If a mobile facility is proposed, the plan shall provide that each miner be given adequate notice of the opportunity to have the examination and that no miner shall have to wait for an examination more than 1 hour before or after his or her work shift. In addition, the plan shall include:

(i) The number of change houses at the mine.

(ii) One or more alternate nonmobile approved facilities for the reexamination of miners and for the mandatory examination of miners when necessary (see §37.3(b)), or an assurance that the mobile facility will return to the location(s) specified in the plan as frequently as necessary to provide for examinations in accordance with these regulations.

(iii) The name and location of each change house at which examinations will be given. For mines with more than one change house, the examinations shall be given at each change house or at a change house located at a convenient place for each miner.

(6) The name and address of the “A” or “B” reader who will interpret and classify the chest roentgenograms.

(7) Assurances that: (i) The operator will not solicit a physician’s roentgenographic or other findings concerning any miner employed by the operator.

(ii) Instructions have been given to the person(s) giving the examinations that duplicate roentgenograms or copies of roentgenograms will not be made and that (except as may be necessary for the purpose of this subpart) the physician’s roentgenographic and other findings, as well as the occupational history information obtained from a miner unless obtained prior to employment in a preemployment examination, and disclosed prior to employment, will not be disclosed in a manner which will permit identification of the employee with the information about him, and

(iii) The roentgenographic examinations will be made at no charge to the miner.

(b) Operators may provide for alternate facilities and “A” or “B” readers in plans submitted for approval.

(c) The change of operators of any mine operating under a plan approved pursuant to §37.5 shall not affect the plan of the operator which has transferred responsibility for the mine. Every plan shall be subject to revision in accordance with paragraph (d) of this section.

(d) The operator shall advise ALOSH of any change in its plan. Each change in an approved plan is subject to the same review and approval as the originally approved plan.

(e) The operator shall promptly display in a visible location on the bulletin board at the mine its proposed plan or proposed change in plan when it is submitted to ALOSH. The proposed plan or change in plan shall remain posted in a visible location on the bulletin board until ALOSH either grants or denies approval of it at which time the approved plan or denial of approval shall be permanently posted. In the case of an operator who is a construction contractor and who does not have a bulletin board, the construction contractor must otherwise notify its employees of the examination arrangements. Upon request, the contractor must show ALOSH written evidence that its employees have been notified.

(f) Upon notification from ALOSH that sufficient time has elapsed since the previous period of examinations,
the operator will resubmit its plan for each of its coal mines to ALOSH for approval for the next period of examinations (see §37.3(a)(2)). The plan shall include the proposed beginning and ending dates of the next period of examinations and all information required by paragraph (a) of this section.

§ 37.5 Approval of plans.

(a) Approval of plans granted prior to August 1, 1978 is no longer effective.

(b) If, after review of any plan submitted pursuant to this subpart, the Secretary determines that the action to be taken under the plan by the operator meets the specifications of this subpart and will effectively achieve its purpose, the Secretary will approve the plan and notify the operator(s) submitting the plan of the approval. Approval may be conditioned upon such terms as the Secretary deems necessary to carry out the purpose of section 203 of the act.

(c) Where the Secretary has reason to believe that he will deny approval of a plan he will, prior to the denial, give reasonable notice in writing to the operator(s) of an opportunity to amend the plan. The notice shall specify the ground upon which approval is proposed to be denied.

(d) If a plan is denied approval, the Secretary shall advise the operator(s) in writing of the reasons for the denial.

§ 37.6 Chest roentgenographic examinations conducted by the Secretary.

(a) The Secretary will give chest roentgenograms or make arrangements with an appropriate person, agency, or institution to give the chest roentgenograms and with “A” or “B” readers to interpret the roentgenograms required under this subpart in the locality where the miner resides, at the mine, or at a medical facility easily accessible to a mining community or mining communities, under the following circumstances:

1. Where, in the judgment of the Secretary, due to the lack of adequate medical or other necessary facilities or personnel at the mine or in the locality where the miner resides, the required roentgenographic examination cannot be given.

2. Where the operator has not submitted an approvable plan.

3. Where, after commencement of an operator’s program pursuant to an approved plan and after notice to the operator of his failure to follow the approved plan and, after allowing 15 calendar days to bring the program into compliance, the Secretary determines and notifies the operator in writing that the operator’s program still fails to comply with the approved plan.

(b) The operator of the mine shall reimburse the Secretary or other person, agency, or institution as the Secretary may direct, for the cost of conducting each examination made in accordance with this section.

(c) All examinations given or arranged by the Secretary will comply with the time requirements of §37.3. Whenever the Secretary gives or arranges for the examinations of miners at a time, a written notice of the arrangements will be sent to the operator who shall post the notice on the mine bulletin board.

(d) Operators of mines selected by ALOSH to participate in the National Study of Coal Workers’ Pneumoconiosis (an epidemiological study of respiratory diseases in coal miners) and who agree to cooperate will have all their miners afforded the opportunity to have a chest roentgenogram required hereunder at no cost to the operator. For future examinations and for mandatory examinations each participating operator shall submit an approvable plan.

§ 37.7 Transfer of affected miner to less dusty area.

(a) Any miner who, in the judgment of the Secretary based upon the interpretation of one or more of the miner’s chest roentgenograms, shows category 1 (1/0, 1/1, 1/2), category 2 (2/1, 2/2, 2/3), or category 3 (3/2, 3/3, 3/4) simple pneumoconioses, or complicated pneumoconioses (ILO Classification) shall be afforded the option of transferring from his or her position to another position in an area of the mine where the concentration of respirable dust in the mine atmosphere is not more than 1.0 mg/m³ of air, or if such level is not
§ 37.8 Roentgenographic examination at miner’s expense.

Any miner who wishes to obtain an examination at his or her own expense at an approved facility and to have submitted to NIOSH for him or her a complete examination may do so, provided that the examination is made no sooner than 6 months after the most recent examination of the miner submitted to ALOSH. ALOSH will provide an interpretation and report of the examinations made at the miner’s expense in the same manner as if it were submitted under an operator’s plan. Any change in the miner’s transfer rights under the act which may result from this examination will be subject to the terms of §37.7.

§ 37.20 Miner identification document.

As part of the roentgenographic examination, a miner identification document which includes an occupational history questionnaire shall be completed for each miner at the facility where the roentgenogram is made at the same time the chest roentgenogram required by this subpart is given.

SPECIFICATIONS FOR PERFORMING CHEST ROENTGENOGRAPHIC EXAMINATIONS

§ 37.40 General provisions.

(a) The chest roentgenographic examination shall be given at a convenient time and place.

(b) The chest roentgenographic examination consists of the chest roentgenogram, and a complete Roentgenographic Interpretation Form (Form CDC/NIOSH (M) 2.8), and miner identification document.

(c) A roentgenographic examination shall be made in a facility approved in accordance with §37.42 by or under the supervision of a physician who regularly makes chest roentgenograms and who has demonstrated ability to make chest roentgenograms of a quality to best ascertain the presence of pneumoconiosis.

§ 37.41 Chest roentgenogram specifications.

(a) Every chest roentgenogram shall be a single posteroanterior projection at full inspiration on a film being no less than 14 by 17 inches and no greater than 16 by 17 inches. The film and cassette shall be capable of being positioned both vertically and horizontally so that the chest roentgenogram will include both apices and costophrenic angles. If a miner is too large to permit the above requirements, then the projection shall include both apices with minimum loss of the costophrenic angle.

(b) Miners shall be disrobed from the waist up at the time the roentgenogram is given. The facility shall provide a dressing area and for those miners who wish to use one, the facility shall provide a clean gown. Facilities shall be heated to a comfortable temperature.

(c) Roentgenograms shall be made only with a diagnostic X-ray machine having a rotating anode tube with a maximum of a 2 mm. source (focal spot).

(d) Except as provided in paragraph (e) of this section, roentgenograms shall be made with units having generators which comply with the following: (1) The generators of existing roentgenographic units acquired by the examining facility prior to July 27, 1973, shall have a minimum rating of 200 mA at 100 kVp.; (2) generators of units acquired subsequent to that date shall have a minimum rating of 300 mA at 125 kVp.

NOTE: A generator with a rating of 150 kVp. is recommended.

e) Roentgenograms made with battery-powered mobile or portable equipment shall be made with units having a minimum rating of 100 mA at 110 kVp. at 500 Hz, or of 200 mA at 110 kVp. at 60 Hz.

(f) Capacitor discharge and field emission units may be used if the model of such units is approved by
ALOSH for quality, performance, and safety. ALOOSH will consider such units for approval when listed by a facility seeking approval under §37.42 of this subpart.

(g) Roentgenograms shall be given only with equipment having a beam-limiting device which does not cause large unexposed boundaries. The beam limiting device shall provide rectangular collimation and shall be of the type described in part F of the suggested State regulations for the control of radiation or (for beam limiting devices manufactured after August 1, 1974) of the type specified in 21 CFR 1020.31. The use of such a device shall be discernible from an examination of the roentgenogram.

(h) To insure high quality chest roentgenograms:
(1) The maximum exposure time shall not exceed \(\frac{1}{20}\) of a second except that with single phase units with a rating less than 300 mA at 125 kVp. and subjects with chests over 28 cm. posteroanterior, the exposure may be increased to not more than \(\frac{1}{10}\) of a second;
(2) The source or focal spot to film distance shall be at least 6 feet;
(3) Medium speed film and medium speed intensifying screens are recommended. However, any film-screen combination, the rated “speed” of which is at least 100 and does not exceed 300, which produces roentgenograms with spatial resolution, contrast, latitude and quantum mottle similar to those of systems designated as “medium speed” may be employed;
(4) Film-screen contact shall be maintained and verified at 6 month or shorter intervals;
(5) Intensifying screens shall be inspected at least once a month and cleaned when necessary by the method recommended by the manufacturer;
(6) All intensifying screens in a cassette shall be of the same type and made by the same manufacturer;
(7) When using over 90 kV., a suitable grid or other means of reducing scattered radiation shall be used;
(8) The geometry of the radiographic system shall insure that the central axis (ray) of the primary beam is perpendicular to the plane of the film surface and impinges on the center of the film;
(9) A formal quality assurance program shall be established at each facility.

(i) Radiographic processing:
(1) Either automatic or manual film processing is acceptable. A constant time-temperature technique shall be meticulously employed for manual processing.
(2) If mineral or other impurities in the processing water introduce difficulty in obtaining a high-quality roentgenogram, a suitable filter or purification system shall be used.

(j) Before the miner is advised that the examination is concluded, the roentgenogram shall be processed and inspected and accepted for quality by the physician, or if the physician is not available, acceptance may be made by the radiologic technologist. In a case of a substandard roentgenogram, another shall be immediately made. All substandard roentgenograms shall be clearly marked as rejected and promptly sent to ALOSH for disposal.

(k) An electric power supply shall be used which complies with the voltage, current, and regulation specified by the manufacturer of the machine.

(l) A densitometric test object may be required on each roentgenogram for an objective evaluation of film quality at the discretion of ALOSH.

(m) Each roentgenogram made hereunder shall be permanently and legibly marked with the name and address or ALOSH approval number of the facility at which it is made, the social security number of the miner, and the date of the roentgenogram. No other identifying markings shall be recorded on the roentgenogram.

FR 20076) and it has not changed equipment since it was approved by NIOSH.

(2) From July 27, 1973, to January 1, 1976, the facility submitted to ALOSH at least 50 roentgenograms which were interpreted by one or more "B" readers not employed by the facility who found no more than 5 percent of all the roentgenograms unreadable.

(b) Other facilities will be eligible to participate in this program when they demonstrate their ability to make high quality diagnostic chest roentgenograms by submitting to ALOSH six or more sample chest roentgenograms made and processed at the applicant facility and which are of acceptable quality to the Panel of "B" readers. Applicants shall also submit a roentgenogram of a plastic step-wedge object (available on loan from ALOSH) which was made and processed at the same time with the same technique as the roentgenograms submitted and processed at the facility for which approval is sought. At least one chest roentgenogram and one test object roentgenogram shall have been made with each unit to be used hereunder. All roentgenograms shall have been made within 15 calendar days prior to submission and shall be marked to identify the facility where each roentgenogram was made, the X-ray machine used, and the date each was made. The chest roentgenograms will be returned and may be the same roentgenograms submitted pursuant to §37.51.

(c) Each roentgenographic facility submitting chest roentgenograms for approval under this section shall complete and include an X-ray facility document describing each X-ray unit to be used to make chest roentgenograms under the act. The form shall include: (1) The date of the last radiation safety inspection by an appropriate licensing agency or, if no such agency exists, by a qualified expert as defined in NCRP Report No. 33 (see §37.43); (2) the deficiencies found; (3) a statement that all the deficiencies have been corrected; and (4) the date of acquisition of the X-ray unit. To be acceptable, the radiation safety inspection shall have been made within 1 year preceding the date of application.

(d) Roentgenograms submitted with applications for approval under this section will be evaluated by the panel of "B" Readers or by a qualified radiological physicist or consultant. Applicants will be advised of any reasons for denial of approval.

(e) ALOSH or its representatives may make a physical inspection of the applicant's facility and any approved roentgenographic facility at any reasonable time to determine if the requirements of this subpart are being met.

(f) ALOSH may require a facility periodically to resubmit roentgenograms of a plastic step-wedge object, sample roentgenograms, or a Roentgenographic Facility Document for quality control purposes. Approvals granted hereunder may be suspended or withdrawn by notice in writing when in the opinion of ALOSH the quality of roentgenograms or information submitted under this section warrants such action. A copy of a notice withdrawing approval will be sent to each operator who has listed the facility as its facility for giving chest roentgenograms and shall be displayed on the mine bulletin board adjacent to the operator's approved plan. The approved plan will be reevaluated by ALOSH in light of this change.

§ 37.43 Protection against radiation emitted by roentgenographic equipment.

Except as otherwise specified in §37.41, roentgenographic equipment, its use and the facilities (including mobile facilities) in which such equipment is used, shall conform to applicable State and Federal regulations (See 21 CFR part 1000). Where no applicable regulations exist, roentgenographic equipment, its use and the facilities (including mobile facilities) in which such equipment is used shall conform to the recommendations of the National Council on Radiation Protection and Measurements in NCRP Report No. 33.
§ 37.50 Interpreting and classifying chest roentgenograms.

(a) Chest roentgenograms shall be interpreted and classified in accordance with the ILO Classification system and recorded on a Roentgenographic Interpretation Form (Form CDC/NIOSH (M) 2.8).

(b) Roentgenograms shall be interpreted and classified only by a physician who regularly reads chest roentgenograms and who has demonstrated proficiency in classifying the pneumoconioses in accordance with § 37.51.

(c) All interpreters, whenever interpreting chest roentgenograms made under the Act, shall have immediately available for reference a complete set of the ILO International Classification of Radiographs for Pneumoconioses, 1980.

Note: This set is available from the International Labor Office, 1750 New York Avenue, N.W., Washington, DC 20006 (Phone: 202/376-2315).

(d) In all view boxes used for making interpretations:

1. Fluorescent lamps shall be simultaneously replaced with new lamps at 6-month intervals;
2. All the fluorescent lamps in a panel of boxes shall have identical manufacturer’s ratings as to intensity and color;
3. The glass, internal reflective surfaces, and the lamps shall be kept clean;
4. The unit shall be so situated as to minimize front surface glare.

§ 37.51 Proficiency in the use of systems for classifying the pneumoconioses.

(a) First or “A” readers:
1. Approval as an “A” reader shall continue if established prior to (insert effective date of these regulations).
2. Physicians who desire to be “A” readers must demonstrate their proficiency in classifying the pneumoconioses by either:
   (i) Submitting to ALOSH from the physician’s files six sample chest roentgenograms which are considered properly classified by the Panel of “B” readers. The six roentgenograms shall consist of two without pneumoconiosis, two with simple pneumoconiosis, and two with complicated pneumoconiosis. The films will be returned to the physician. The interpretations shall be on the Roentgenographic Interpretation Form (Form CDC/NIOSH (M) 2.8) (These may be the same roentgenograms submitted pursuant to § 37.42), or;
   (ii) Satisfactory completion, since June 11, 1970, of a course approved by ALOSH on the ILO or ILO-U/C Classification systems or the UICC/Cincinnati classification system. As used in this subparagraph, “UICC/Cincinnati classification” means the classification of the pneumoconioses devised in 1968 by a Working Committee of the International Union Against Cancer.

(b) Final or “B” readers:
1. Approval as a “B” reader established prior to October 1, 1976, shall hereby be terminated.
2. Proficiency in evaluating chest roentgenograms for roentgenographic
§ 37.52 Method of obtaining definitive interpretations.

(a) All chest roentgenograms which are first interpreted by an “A” or “B” reader will be submitted by ALOSH to a “B” reader qualified as described in §37.51. If there is agreement between the two interpreters as defined in paragraph (b) of this section the result shall be considered final and reported to MSHA for transmittal to the miner. When in the opinion of ALOSH substantial agreement is lacking, ALOSH shall obtain additional interpretations from the Panel of “B” readers. If interpretations are obtained from two or more “B” readers, and if two or more in agreement then the highest major category shall be reported.

(b) Two interpreters shall be considered to be in agreement when they both find either stage A, B, or C complicated pneumoconiosis, or their findings with regard to simple pneumoconiosis are both in the same major category, or (with one exception noted below) are within one minor category (ILO Classification 12-point scale) of each other. In the last situation, the higher of the two interpretations shall be reported. The only exception to the one minor category principle is a reading sequence of 0/1, 1/0, or 1/0, 0/1. When such a sequence occurs, it shall not be considered agreement, and a third (or more) interpretation shall be obtained until a consensus involving two or more readings in the same major category is obtained.

§ 37.53 Notification of abnormal roentgenographic findings.

(a) Findings of, or findings suggesting, enlarged heart, tuberculosis, lung cancer, or any other significant abnormal findings other than pneumoconiosis shall be communicated by the first physician to interpret and classify the roentgenogram to the designated physician of the miner indicated on the miner’s identification document. A copy of the communication shall be submitted to ALOSH. ALOSH will notify the miner to contact his or her physician when any physician who interprets and classifies the miner’s roentgenogram reports significant abnormal findings other than pneumoconiosis.

(b) In addition, when ALOSH has more than one roentgenogram of a miner in its files and the most recent examination was interpreted to show enlarged heart, tuberculosis, cancer, complicated pneumoconiosis, and any other significant abnormal findings, ALOSH will submit all of the miner’s roentgenograms in its files with their respective interpretations to a “B” reader. The “B” reader will report any significant changes or progression of disease or other comments to ALOSH and ALOSH shall submit a copy of the report to the miner’s designated physician.

(c) All final findings regarding pneumoconiosis will be sent to the miner by MSHA in accordance with section 203 of the act (see 30 CFR part 90). Positive findings with regard to pneumoconiosis will be reported to the miner’s designated physician by ALOSH.

(d) ALOSH will make every reasonable effort to process the findings described in paragraph (c) of this section within 60 days of receipt of the information described in §37.60 in a complete and acceptable form. The information forwarded to MSHA will be in a form intended to facilitate prompt dispatch of the findings to the miner. The results of an examination made of a miner will not be processed by ALOSH if the examination was made within 6...
§ 37.60 Submitting required chest roentgenograms and miner identification documents.

(a) Each chest roentgenogram required to be made under this subpart, together with the completed roentgenographic interpretation form and the completed miner identification document, shall be submitted together for each miner to ALOSH within 14 calendar days after the roentgenographic examination is given and become the property of ALOSH.

(b) If ALOSH deems any part submitted under paragraph (a) of this section inadequate, it will notify the operator of the deficiency. The operator shall promptly make appropriate arrangements for the necessary reexamination.

(c) Failure to comply with paragraph (a) or (b) of this section shall be cause to revoke approval of a plan or any other approval as may be appropriate. An approval which has been revoked may be reinstated at the discretion of ALOSH after it receives satisfactory assurances and evidence that all deficiencies have been corrected and that effective controls have been instituted to prevent a recurrence.

(d) Chest roentgenograms and other required documents shall be submitted only for miners. Results of preemployment physical examinations of persons who are not hired shall not be submitted.

(e) If a miner refuses to participate in all phases of the examination prescribed in this subpart, no report need be made. If a miner refuses to participate in any phase of the examination prescribed in this subpart, all the forms shall be submitted with his or her name and social security account number on each. If any of the forms cannot be completed because of the miner’s refusal, it shall be marked “Miner Refuses,” and shall be submitted. No submission shall be made, however, without a completed miner identification document containing the miner’s name, address, social security number and place of employment.

§ 37.70 Review of interpretations.

(a) Any miner who believes the interpretation for pneumoconiosis reported to him or her by MSHA is in error may file a written request with ALOSH that his or her roentgenogram be reevaluated. If the interpretation was based on agreement between an “A” reader and a “B” reader, ALOSH will obtain one or more additional interpretations by “B” readers as necessary to obtain agreement in accord with §37.52(b), and MSHA shall report the results to the miner together with any rights which may accrue to the miner in accordance with §37.7. If the reported interpretation was based on agreement between two (or more) “B” readers, the reading will be accepted as conclusive and the miner shall be so informed by MSHA.

(b) Any operator who is directed by MSHA to transfer a miner to a less dusty atmosphere based on the most recent examination made subsequent to August 1, 1978, may file a written request with ALOSH to review its findings. The standards set forth in paragraph (a) of this section apply and the operator and miner will be notified by MSHA whether the miner is entitled to the option to transfer.

§ 37.80 Availability of records.

(a) Medical information and roentgenograms on miners will be released by ALOSH only with the written consent from the miner, or if the miner is deceased, written consent from the miner’s widow, next of kin, or legal representative.

(b) To the extent authorized, roentgenograms will be made available for examination only at ALOSH.

Subpart—Autopsies

Source: 36 FR 8870, May 14, 1971, unless otherwise noted.

§ 37.200 Scope.

The provisions of this subpart set forth the conditions under which the
§ 37.201 Definitions.

As used in this subpart:

(a) Secretary means the Secretary of Health and Human Services.

(b) Miner means any individual who during his life was employed in any underground coal mine.

(c) Pathologist means

(1) A physician certified in anatomic pathology or pathology by the American Board of Pathology or the American Osteopathic Board of Pathology,

(2) A physician who possesses qualifications which are considered “Board of eligible” by the American Board of Pathology or American Osteopathic Board of Pathology, or

(3) An intern, resident, or other physician in a training program in pathology who performs the autopsy under the supervision of a pathologist as defined in paragraph (c) (1) or (2) of this section.

(d) ALFORD means the Appalachian Laboratory for Occupational Respiratory Diseases, Public Health Service, Department of Health and Human Services, Post Office Box 4257, Morgantown, WV 26505.

§ 37.202 Payment for autopsy.

(a) The Secretary will pay up to $200 to any pathologist who, after the effective date of the regulations in this part and with legal consent:

(1) Performs an autopsy on a miner in accordance with this subpart; and

(2) Submits the findings and other materials to ALFORD in accordance with this subpart within 180 calendar days after having performed the autopsy; and

(3) Receives no other specific payment, fee, or reimbursement in connection with the autopsy from the miner’s widow, his family, his estate, or any other Federal agency.

(b) The Secretary will pay to any pathologist entitled to payment under paragraph (a) of this section and additional $10 if the pathologist can obtain and submits a good quality copy or original of a chest roentgenogram (posteroanterior view) made of the subject of the autopsy within 5 years prior to his death together with a copy of any interpretation made.

§ 37.203 Autopsy specifications.

(a) Every autopsy for which a claim for payment is submitted pursuant to this part:

(1) Shall be performed consistent with standard autopsy procedures such as those, for example, set forth in the “Autopsy Manual” prepared by the Armed Forces Institute of Pathology, July 1, 1960. (Technical Manual No. 8–300. NAVMED P–5065, Air Force Manual No. 160–19.) Copies of this document may be borrowed from ALFORD.

(2) Shall include:

(i) Gross and microscopic examination of the lungs, pulmonary pleura, and tracheobronchial lymph nodes;

(ii) Weights of the heart and each lung (these and all other measurements required under this subparagraph shall be in the metric system);

(iii) Circumference of each cardiac valve when opened;

(iv) Thickness of right and left ventricles; these measurements shall be made perpendicular to the ventricular surface and shall not include trabeculations or pericardial fat. The right ventricle shall be measured at a point midway between the tricuspid valve and the apex, and the left ventricle shall be measured directly above the insertion of the anterior papillary muscle;

(v) Size, number, consistency, location, description and other relevant details of all lesions of the lungs;

(vi) Level of the diaphragm;

(vii) From each type of suspected pneumoconiotic lesion, representative microscopic slides stained with hematoxylin eosin or other appropriate stain, and one formalin fixed, paraffin-impregnated block of tissue; a minimum of three stained slides and three blocks of tissue shall be submitted. When no such lesion is recognized, similar material shall be submitted from three separate areas of the lungs selected at random; a minimum of three stained slides and three formalin fixed, paraffin-impregnated blocks of tissue shall be submitted.
§ 37.204 Procedure for obtaining payment.

Every claim for payment under this subpart shall be submitted to ALFORD and shall include:

(a) An invoice (in duplicate) on the pathologist’s letterhead or billhead indicating the date of autopsy, the amount of the claim and a signed statement that the pathologist is not receiving any other specific compensation for the autopsy from the miner’s widow, his surviving next-of-kin, the estate of the miner, or any other source.

(b) Completed PHS Consent, Release and History Form (See Fig. 1). This form may be completed with the assistance of the pathologist, attending physician, family physician, or any other responsible person who can provide reliable information.

(c) Report of autopsy:

(1) The information, slides, and blocks of tissue required by this subpart.

(2) Clinical abstract of terminal illness and other data that the pathologist determines is relevant.

(3) Final summary, including final anatomical diagnoses, indicating presence or absence of simple and complicated pneumoconiosis, and correlation with clinical history if indicated.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Public Health Service—National Coal Workers’ Autopsy Study

Consent, Release, and History Form Federal Coal Mine Health and Safety Act of 1969

I, ____________________________, (Name) ____________________________, (Relationship of deceased miner), do hereby authorize the performance of an autopsy (_________). (Limitation, if any, on autopsy) on said deceased. I understand that the report and certain tissues as necessary will be released to the United States Public Health Service and to ____________________________, (Name of Physician securing autopsy) I understand that any claims in regard to the deceased for which I may sign a general release of medical information will result in the release of the information from the Public Health Service. I further understand that I shall not make any payment for the autopsy.

Occupational and Medical History

1. Date of Birth of Deceased ___________. (Month, Day, Year)

2. Social Security Number of Deceased ___________.

3. Date and Place of Death ___________. (Month, Day, Year) ____________________________, (City, County, State).

4. Place of Last Mining Employment:
   Name of Mine
   Name of Mining Company ____________________________
   Mine Address ____________________________
   Last Job Title at Mine of Last Employment ____________________________
   (e.g., Continuous Miner Operator, motorman, foreman, etc.)
   Job Title of Principal Mining Occupation ____________________________
   (that job to which miner devoted the most number of years)
   (e.g., Same as above)

7. Smoking History of Miner:
   (a) Did he ever smoke cigarettes? Yes No ____________________________
   (b) If yes, for how many years? ____________________________
   (c) If yes, how many cigarettes per day did he smoke on the average? (Number of) ____________________________
   (d) Did he smoke cigarettes up until the time of his death? Yes No ____________________________
   (e) If no to (d), for how long before he died had he not been smoking cigarettes? ____________________________

8. Total Years in Surface and Underground Employment in Coal Mining, by State (If known) ____________________________.
   (Years) ____________________________, (State).

9. Total Years in Underground Coal Mining Employment, by State (If known) ____________________________.
   (Years) ____________________________, (State).

PART 38—DISASTER ASSISTANCE FOR CRISIS COUNSELING AND TRAINING

Sec.

38.1 Purpose; coordination.

38.2 Definitions.

38.3 Assistance; procedures, limitations.

38.4 Contracts.

38.5 Grant assistance.

38.6 Nondiscrimination.

38.7 Nonliability.

38.8 Criminal and civil penalties.

38.9 Federal audits.
§ 38.1 Purpose; coordination.

(a) Purpose. This part establishes standards and procedures for the implementation of section 413 of Pub. L. 93–288, the Disaster Relief Act of 1974 (42 U.S.C. 5183) which authorizes the provision, either directly or through financial assistance to State or local agencies or private mental health organizations, of:

(1) Professional counseling services to victims of a major disaster in order to relieve mental health problems caused or aggravated by such a major disaster or its aftermath; and

(2) Training of disaster workers to provide or assist in providing those professional counseling services.

(b) Coordination. The Secretary, acting through the National Institute of Mental Health, will, as provided in 24 CFR 2205.51, carry out section 413 of the Act and this part in coordination with and under the general policy guidance of, the Administrator of the Federal Disaster Assistance Administration. Contracts and grants awarded under this part are subject to all applicable provisions of the Act and the implementing regulations promulgated by the Administrator (24 CFR part 2205).

§ 38.2 Definitions.

All terms not defined herein shall have the same meaning as given them in the Act. As used in this part:

(a) Act means the Disaster Relief Act of 1974 (42 U.S.C. 5121, et seq.).

(b) Administrator means the Administrator, Federal Disaster Assistance Administration (FDAA), Department of Housing and Urban Development, and any other person to whom he delegates the authority.

(c) Contractor means any public agency or private mental health organization which, pursuant to this part, contracts with the Secretary to provide professional mental health crisis counseling services or to provide mental health training for disaster workers.

(d) Crisis means the existence of any life situation resulting from a major disaster or its aftermath which so effects the emotional and mental equilibrium of a disaster victim that professional mental health counseling services should be provided to help preclude possible damaging physical or psychological effects.

(e) Disaster workers means mental health specialists such as psychiatrists, psychologists, psychiatric nurses, social workers, or qualified agents thereof.

(f) Federal Coordinating Officer means the person appointed by the Administrator to coordinate Federal assistance in a major disaster.

(g) Governor means the chief executive of a State.

(h) Grantee means any public agency or private nonprofit mental health organization which, pursuant to this part, is awarded a grant for the purpose of providing professional mental health crisis counseling services or mental health training for disaster workers.

(i) Major disaster means any hurricane, tornado, storm, flood, high-water, wind-driven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, drought, fire, explosion, or other catastrophe in any part of the United States which, in the determination of the President, causes damage of sufficient severity and magnitude to warrant major disaster assistance under the Act above and beyond emergency services by the Federal Government, to supplement the efforts and available resources of the States, local governments, and disaster relief organizations, in alleviating the damage, loss, hardship, or suffering caused thereby.

(j) Regional Director means a director of a regional office of the Federal Disaster Assistance Administration (FDAA).

(k) Secretary means the Secretary of Health and Human Services and any other officer or employee of the Department of Health and Human Services to whom the authority involved has been delegated.

(l) State means any of the fifty States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, the Canal Zone, or
§ 38.3 Assistance; procedures, limitations.

(a) Application. In order to obtain assistance under this part, the Governor or his State Coordinating Officer must, not later than 60 days following a major disaster declaration by the President, file with the appropriate Regional Director a request which includes:

(1) An estimate of the number of disaster victims who may need professional mental health crisis counseling services and of the number of disaster workers who may need training in the provision of such services;

(2) Identification of the geographical areas in which the need exists;

(3) An estimate of the period during which assistance under this part will be required and of the total funds which will be required to provide such assistance;

(4) A description of the types of mental health problems caused or aggravated by the major disaster or its aftermath; and

(5) Identification of the State and local agencies and private mental health organizations capable of providing professional mental health crisis counseling to disaster victims or training of disaster workers.

(b) Review, approval. The Secretary, upon notification by the Administrator of a State request for assistance under this part, will conduct a review to determine the extent to which such assistance is needed to supplement assistance programs provided by State and local governments and private organizations and, on the basis of that review, prepare and submit a recommendation and report for consideration by the Administrator. Upon approval by the Administrator and his advancement of funds for carrying out the approved assistance, the Secretary may, within the limits of the funds advanced, provide the approved services either directly or through a grant or contract.

(c) Eligibility for services. (1) In order to be eligible for the professional mental health crisis counseling services available under this part an individual must:

(i) Have been located within the designated major disaster area or have been a resident of such area at the time of the major disaster or its aftermath; and

(ii) Have a mental health problem which was caused or aggravated by the major disaster or its aftermath.

(2) Disaster workers who are available on short notice to provide professional mental health crisis counseling services in a major disaster area are eligible for training under this part.

(d) Time limitation. Contracts and grants awarded under this part will not continue beyond 180 days after the first day services are provided pursuant to such contracts and grants, except that upon the recommendation of the Secretary (1) the Regional Director may extend the 180 day period for up to 30 days or (2) the Administrator may extend the 180 day period for more than 30 days.

§ 38.4 Contracts.

(a) Eligibility. Public agencies and private mental health organizations which are determined by the Secretary to be capable of providing the professional mental health crisis counseling services or mental health training of disaster workers needed as a result of a major disaster are eligible for the award of a contract under this part.

(b) Use of local agencies. Preference will be given to the extent feasible and practicable, to those agencies and organizations which are located or do business primarily in the area affected by the major disaster.

(c) General requirements. Contracts under this part shall be entered into and carried out in accordance with the provisions of chapters 1 and 3 of title 41 of the Code of Federal Regulations and all other applicable laws and regulations.
§ 38.5 Grant assistance.

(a) Eligibility. Public agencies and private nonprofit mental health organizations which are determined by the Secretary to be capable of providing the professional mental health crisis counseling services or mental health training of disaster workers needed as a result of a major disaster are eligible for a grant award under this part.

(b) Application. The application shall contain:

(1) A proposed plan for the provision of the services for which grant assistance is requested;

(2) A proposed budget for the expenditure of the requested grant funds; and

(3) Such other pertinent information and assurances as the Secretary may require.

(c) Grant awards. (1) Preference will be given, to the extent feasible and practicable, to those public and private nonprofit agencies and organizations which are located or do business primarily in the area affected by the major disaster.

(2) Within the limits of the funds advanced by the Administrator, the amount of any grant award shall be determined on the basis of the Secretary’s estimate of the sum necessary to carry out the grant purpose.

(3) Neither the approval of any application nor the award of any grant commits or obligates the United States in any way to make any additional, supplemental, continuation, or other award with respect to any approved application or portion of an approved application.

(d) Other HHS regulations that apply. Several other regulations apply to grants under this grant. These include, but are not limited to:

42 CFR part 50, subpart D—Public Health Service grant appeals procedure

45 CFR part 16—Procedures of the Departmental Grant Appeals Board

45 CFR part 74—Administration of grants

45 CFR part 75—Informal grant appeals procedures

45 CFR part 80—Nondiscrimination under programs receiving Federal assistance through the Department of Health and Human Services effectuation of Title VI of the Civil Rights Act of 1964

45 CFR part 81—Practice and procedure for hearings under part 80 of this title

45 CFR part 84—Nondiscrimination on the basis of handicap in programs and activities receiving or benefiting from Federal financial assistance

45 CFR part 86—Nondiscrimination on the basis of sex in education programs and activities receiving or benefiting from Federal financial assistance

45 CFR part 91—Nondiscrimination on the basis of age in HHS programs or activities receiving Federal financial assistance

(e) Expenditure of grant funds. Any funds granted pursuant to this part shall be expended solely for the purposes for which the funds were granted in accordance with the approved application and budget, the regulations of this part, the terms and the conditions of the award, and the applicable cost principles prescribed in subpart Q of 45 CFR part 74.

(f) Reports. In exceptional circumstances, a grantee may be required to submit special progress reports, in addition to those otherwise required, relating to the conduct and results of the approved grant.

§ 38.6 Non-discrimination.
Attention is called to the requirements of 24 CFR 2205.13 relating to non-discrimination on the grounds of race, religion, sex, color, age, economic status, or national origin in the provision of disaster assistance.

§ 38.7 Non-liability.
Attention is called to section 308 of the Act (42 U.S.C. 5148) which provides that the Federal Government shall not be liable for any claim based upon the exercise or performance of or the failure to exercise or perform a discretionary function or duty on the part of a Federal agency or an employee of the Federal Government in carrying out the provisions of the Act.

§ 38.8 Criminal and civil penalties.
Attention is called to section 317 of the Act (42 U.S.C. 5157) which provides:

(a) Any individual who fraudulently or willfully misstates any fact in connection with a request for assistance under this Act shall be fined not more than $10,000 or imprisoned for not more than one year or both for each violation.

(b) Any individual who knowingly violates any order or regulation under this Act shall be subject to a civil penalty of not more than $5,000 for each violation.

(c) Whoever knowingly misapplies the proceeds of a loan or other cash benefit obtained under any section of this Act shall be subject to a fine in an amount equal to one and one half times the original principal amount of the loan or cash benefit.

§ 38.9 Federal audits.
The Secretary, the Administrator, and the Comptroller General of the United States, or their duly authorized representatives shall have access to any books, documents, papers, and records that pertain to Federal funds, equipment, and supplies received under this part for the purpose of audit and examination.
