established by the Public Health Service for the payment of uniform levels of financial support for trainees receiving graduate and professional training under Public Health Service grants, as in effect at the time the borrower requests the deferment; and

(vi) Is a formally established fellowship program which was not created for a specific individual; or

(2) A full-time educational activity at an institution defined by section 435(b) of the Higher Education Act of 1965 which:

(i) Is directly related to the discipline for which the borrower received the HEAL loan;

(ii) Begins within 12 months after the borrower ceases to be a participant in an accredited internship or residency program, as described in § 60.11(a)(2), or prior to the completion of the borrower's participation in such program;

(iii) Is not a part of, an extension of, or associated with an internship or residency program, as described in § 60.11(a)(2); and

(iv) Is required for licensure, registration, or certification in the State in which the borrower intends to practice the discipline for which the borrower received the HEAL program loan.

(c) (1) To receive a deferment, including a deferral of the onset of the repayment period (see § 60.11(a)), a borrower must at least 30 days prior to, but not more than 60 days prior to, the onset of the activity and annually thereafter, submit to the lender or holder evidence of his or her status in the deferment activity and evidence that verifies deferment eligibility of the activity (with the full expectation that the borrower will begin the activity). It is the responsibility of the borrower to provide the lender or holder with all required information or other information regarding the requested deferment. If written evidence that verifies eligibility of the activity and the borrower for the deferment, including a certification from an authorized official (e.g., the director of the fellowship activity, the dean of the school, etc.), is received by the lender or holder within the required time limit, the lender or holder must approve the deferment. The lender or holder may rely in good faith upon statements of the borrower and the authorized official, except where those statements or other information conflict with information available to the lender or holder. When those verification statements or other information conflict with information available to the lender or holder, to indicate that the applicant fails to meet the requirements for deferment, the lender or holder may not approve the deferment until those conflicts are resolved.

(2) For those activities described in paragraphs (b)(1) or (b)(2) of this section, the borrower may request that the Secretary review a decision by the lender or holder denying the deferment by sending to the Secretary copies of the application for deferment and the lender's or holder's denial of the request. However, if information submitted to the lender or holder conflicts with other information available to the lender or holder, to indicate that the borrower fails to meet the requirements for deferment, the borrower may not request a review until such conflicts have been resolved. During the review process, the lender or holder must comply with any requests for information made by the Secretary. If the Secretary determines that the fellowship or educational activity is eligible for deferment and so notifies the lender or holder, the lender or holder must approve the deferment.

(Approved by the Office of Management and Budget under control numbers 0915–0034 and 0915–0108)

§ 60.13 Interest.

(a) *Rate.* At the lender's option, the interest rate on the HEAL loan may be calculated on a fixed rate or on a variable rate basis. However, whichever method is selected must continue over the life of the loan, except where the loan is consolidated with another HEAL loan.

(1) For all loans made on or after October 22, 1985, for each calendar quarter, the Secretary determines the maximum annual HEAL interest rate by determining the average of the bond equivalent rates reported for the 91-day

U.S. Treasury bills auctioned for the preceding calendar quarter, adding 3 percentage points, and rounding that amount to the next higher one-eighth of 1 percent.

(2) Interest that is calculated on a fixed rate basis is determined for the life of the loan during the calendar quarter in which the loan is executed. It may not exceed the rate determined for that quarter by the Secretary under paragraph (a)(1) of this section.

(3) Interest that is calculated on a variable rate basis varies every calendar quarter throughout the life of the loan as the market price of U.S. Treasury bills changes. For any quarter it may not exceed the rate determined by the Secretary under paragraph (a)(1) of this section.

(4) The Secretary announces the rate determined under paragraph (a)(1) of this section on a quarterly basis through a notice published in the FEDERAL REGISTER.

(b) *Compounding of interest.* Interest accrues from the date the loan is disbursed until the loan is paid in full. Unpaid accrued interest shall be compounded not more frequently than semiannually and added to principal. However, a lender or holder may postpone the compounding of interest before the beginning of the repayment period or during periods of deferment or forbearance and add interest to principal at the time repayment of principal begins or resumes.

(c) *Payment.* Repayment of principal and interest is due when the repayment period begins. A lender or holder must permit a borrower to postpone paying interest before the beginning of the repayment period or during a period of deferment or forbearance. In these cases, payment of interest begins or resumes on the date repayment of principal begins or resumes.

(d) *Usury laws.* No provision of any Federal or State law that limits the rate or amount of interest payable on loans shall apply to a HEAL loan.

[48 FR 38988, Aug. 26, 1983, as amended at 51 FR 30644, Aug. 28, 1986; 57 FR 28795, June 29, 1992]

§ 60.14 The insurance premium.

(a) *General.* (1) The Secretary insures each lender or holder for the losses of principal and interest it may incur in the event that a borrower dies; becomes totally and permanently disabled; files for bankruptcy under chapter 11 or 13 of the Bankruptcy Act; files for bankruptcy under chapter 7 of the Bankruptcy Act and files a complaint to determine the dischargeability of the HEAL loan; or defaults on his or her loan. For this insurance, the Secretary charges the lender an insurance premium. The insurance premium is due to the Secretary on the date of disbursement of the HEAL loan.

(2) The lender may charge the borrower an amount equal to the cost of the insurance premium. The cost of the insurance premium may be charged to the borrower by the lender in the form of a one-time special charge with no subsequent adjustments required. The lender may bill the borrower separately for the insurance premium or may deduct an amount attributable to it from the loan proceeds before the loan is disbursed. In either case, the lender must clearly identify to the borrower the amount of the insurance premium and the method of calculation.

(3) If the lender does not pay the insurance premium on or before 30 days after disbursement of the loan, a late fee will be charged on a daily basis at the same rate as the interest rate that the lender charges for the HEAL loan for which the insurance premium is past due. The lender may not pass on this late fee to the borrower.

(4) HEAL insurance coverage ceases to be effective if the insurance premium is not paid within 60 days of the disbursement of the loan.

(5) Except in cases of error, premiums are not refundable by the Secretary, and need not be refunded by the lender to the borrower, even if the borrower graduates or withdraws from the school, defaults, dies or becomes totally and permanently disabled.

(b) *Rate.* The rate of the insurance premium shall not exceed the statutory maximum. The Secretary announces changes in the rate of the insurance premium through a notice published in the FEDERAL REGISTER.

(c) *Method of calculation*—(1) *Student borrowers.* For loans disbursed prior to July 22, 1986, the lender must calculate the insurance premium on the basis of
