§ 409.16 Other diagnostic or therapeutic services.
Diagnostic or therapeutic services other than those provided for in §§ 409.12, 409.13, and 409.14 are considered as inpatient hospital or inpatient CAH services if—
(a) They are furnished by the hospital or CAH, or by others under arrangements made by the hospital or CAH;
(b) Billing for those services is through the hospital or CAH; and
(c) The services are of a kind ordinarily furnished to inpatients either by the hospital or CAH or under arrangements made by the hospital or CAH.

§ 409.17 Physical therapy, occupational therapy, and speech-language pathology services.
(a) General rules. (1) Except as specified in this section, physical therapy, occupational therapy, or speech-language pathology services must be furnished by qualified physical therapists, physical therapist assistants, occupational therapists, occupational therapy assistants, or speech-language pathologists who meet the requirements specified in part 484 of this chapter.
(2) Physical therapy, occupational therapy, or speech-language pathology services must be furnished under a plan that meets the requirements of paragraphs (b) through (d) of this section, or plan requirements specific to the payment policy under which the services are rendered, if applicable.

Subpart C—Posthospital SNF Care
§ 409.20 Coverage of services.
(a) Included services. Subject to the conditions and limitations set forth in this subpart and subpart D of this part, “posthospital SNF care” means the following services furnished to an inpatient of a participating SNF, or of a participating hospital or critical access hospital (CAH) that has a swing-bed approval:
(1) Nursing care provided by or under the supervision of a registered professional nurse.
(2) Bed and board in connection with the furnishing of that nursing care.
(3) Physical, occupational, or speech therapy.
(4) Medical social services.
(5) Drugs, biologicals, supplies, appliances, and equipment.
(6) Services furnished by a hospital with which the SNF has a transfer agreement in effect under §483.75(n) of this chapter.
(7) Other services that are generally provided by (or under arrangements made by) SNFs.
(b) Excluded services—(1) Services that are not considered inpatient hospital services. No service is included as posthospital SNF care if it would not be included as an inpatient hospital service under §§409.11 through 409.18.
(2) Services not generally provided by (or under arrangements made by) SNFs. Except as specifically listed in §§409.21 through 409.27, only those services generally provided by (or under arrangements made by) SNFs are considered as posthospital SNF care. For example, a type of medical or surgical procedure that is ordinarily performed only on an inpatient basis in a hospital is not included as “posthospital SNF care,” because such procedures are not generally provided by (or under arrangements made by) SNFs.

(3) The term swing-bed hospital includes a CAH with swing-bed approval under subpart F of part 485 of this chapter.
(4) The term post-hospital SNF care includes SNF care that does not follow a hospital stay when the beneficiary is enrolled in a plan, as defined in §422.4 of this chapter, offered by a Medicare+Choice (M+C) organization, that includes the benefits described in §422.101(c) of this chapter.
