§ 440.166 Nurse practitioner services.
(a) Definition of nurse practitioner services. Nurse practitioner services means services that are furnished by a registered professional nurse who meets a State’s advanced educational and clinical practice requirements, if any, beyond the 2 to 4 years of basic nursing education required of all registered nurses.
(b) Requirements for certified pediatric nurse practitioner. The practitioner must be a registered professional nurse who meets the requirements specified in either paragraphs (b)(1) or (b)(2) of this section.
(1) If the State specifies qualifications for pediatric nurse practitioners, the practitioner must—
(i) Be currently licensed to practice in the State as a registered professional nurse; and
(ii) Meet the State requirements for qualification of family nurse practitioners in the State in which he or she furnishes the services.
(2) If the State does not specify, by specialty, qualifications for family nurse practitioners, but the State does define qualifications for nurses in advanced practice or general nurse practitioners, the practitioner must—
(i) Meet qualifications for nurses in advanced practice or general nurse practitioners as defined by the State; and
(ii) Have a family nurse practice limited to providing primary health care to individuals and families.
(d) Payment for nurse practitioner services. The Medicaid agency must reimburse nurse practitioners for their services in accordance with §441.22(c) of this subchapter.
§ 440.167 Personal care services.
Unless defined differently by a State agency for purposes of a waiver granted under part 441, subpart G of this chapter—
(a) Personal care services means services furnished to an individual who is not an inpatient or resident of a hospital, nursing facility, intermediate care facility for the mentally retarded, or institution for mental disease that are—
(1) Authorized for the individual by a physician in accordance with a plan of treatment or (at the option of the State) otherwise authorized for the individual in accordance with a service plan approved by the State;
(2) Provided by an individual who is qualified to provide such services and who is not a member of the individual’s family; and
(3) Furnished in a home, and at the State’s option, in another location.
(b) For purposes of this section, family member means a legally responsible relative.
§ 440.168 Primary care case management services.
(a) Primary care case management services means case management related services that—
§ 440.169 Case management services.

(a) Case management services means services furnished to assist individuals, eligible under the State plan who reside in a community setting or are transitioning to a community setting, in gaining access to needed medical, social, educational, and other services, in accordance with §441.18 of this chapter.

(b) Targeted case management services means case management services furnished without regard to the requirements of §431.50(b) of this chapter (related to statewide provision of services) and §440.240 (related to comparability). Targeted case management services may be offered to individuals in any defined location of the State or to individuals within targeted groups specified in the State plan.

(c) [Reserved]

(d) The assistance that case managers provide in assisting eligible individuals obtain services includes—

(1) Comprehensive assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social, or other services. These assessment activities include the following:

(i) Taking client history.

(ii) Identifying the needs of the individual, and completing related documentation.

(2) Development (and periodic revision) of a specific care plan based on the information collected through the assessment, that includes the following:

(i) Specifies the goals and actions to address the medical, social, educational, and other services needed by the eligible individual.

(ii) Includes activities such as ensuring the active participation of the eligible individual and working with the individual (or the individual's authorized health care decision maker) and others to develop those goals.

(iii) Identifies a course of action to respond to the assessed needs of the eligible individual.

(3) Referral and related activities (such as scheduling appointments for the individual) to help the eligible individual obtain needed services, including activities that help link the individual with medical, social, and educational providers or other programs and services that are capable of providing needed services to address identified needs and achieve goals specified in the care plan.

(4) Monitoring and follow-up activities, including activities and contacts that are necessary to ensure that the care plan is effectively implemented and adequately addresses the needs of the eligible individual and which may be with the individual, family members, service providers, or other entities or individuals and conducted as frequently as necessary, and including at least one annual monitoring, to help determine whether the following conditions are met:

(i) Services are being furnished in accordance with the individual's care plan.

(ii) Services in the care plan are adequate.

(iii) There are changes in the needs or status of the eligible individual. Monitoring and follow-up activities include making necessary adjustments in the care plan and service arrangements with providers.
