§ 1100.1 Definitions.

(a) Agency means the National Endowment for the Arts, the National Endowment for the Humanities, the Institute of Museum and Library Services, or the Federal Council on the Arts and the Humanities.

(b) Commercial use request means a request by or on behalf of anyone who seeks information for a use or purpose that furthers the commercial trade or profit interests of the requestor (or the person on whose behalf the request is made.) The agency must determine the use to which a requestor will put the document. Where the agency has reasonable cause to doubt the use to which a requestor will put the records sought or the use is not clear from the request, the agency may seek additional clarification. The requestor bears the burden of demonstrating the use or purpose of the information requested.

(c) Direct costs means those expenditures which an agency actually incurs in searching for and duplication documents to respond to a Freedom of Information Act (FOIA) request. In the case of commercial use requests, the term shall also include expenditures for reviewing documents.

(d) Duplication means the process of making a copy of a document necessary to respond to a FOIA request. Such copies may be in the form of paper, microfilm, machine readable documents, or other materials.

(e) Educational institution means a preschool, elementary, or secondary school, an institution of graduate or undergraduate higher education, an institution of professional education, or an institution of vocational education, which operates a program or programs of scholarly research.

(f) Non-commercial scientific institution means an institution that is not operated on a “commercial use” basis as defined in paragraph (b) of this section and which is operated solely for the purposes of conducting scientific research the results of which are not intended to promote any particular product or industry.

(g) Representative of the news media means any person actively gathering news for an entity that is organized and operated to publish or broadcast information that is about current events or that would be of current interest to the public. Freelance journalists may be regarded as working for a news organization if they can demonstrate a sound basis for expecting publication though that organization, even though not actually employed by it.

(h) Review means the process of examining a document located in response to a commercial use request to determine whether any portion is permitted to be withheld. Review includes processing documents for disclosure, including all that is necessary to excise them and otherwise prepare them for release. Review does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(i) Search means all the time that is spent looking for material that responds to a request, including page-by-page or line-by-line identification of material in documents. Searches may be done manually or by computer using existing programs.

§ 1100.2 Organization.

The National Foundation on the Arts and the Humanities was established by the National Foundation on the Arts
and the Humanities Act of 1965, 20 U.S.C. 951 et seq. The Foundation is composed of the National Endowment for the Arts, the National Endowment for the Humanities, the Institute of Museum and Library Services, and the Federal Council on the Arts and the Humanities. Each Endowment is headed by a Chairman and has an advisory national council composed of 26 presidential appointees. The Institute of Museum and Library Services is headed by a Director and has a National Museum Services Board composed of 15 presidential appointees. The Federal Council on the Arts and the Humanities, comprised of Executive branch officials and appointees of the legislative branch, is authorized to make agreements to indemnify against loss or damage for certain exhibitions and advise on arts and humanities matters.

All requests should reasonably describe the record or records sought. Requests submitted should be clearly identified as being made pursuant to the Freedom of Information Act.

§ 1100.4 Current index.

Each agency shall maintain and make available for public inspection and copying a current index providing identifying information for the public as to any matter which is issued, adopted, or promulgated and which is required to be made available pursuant to 5 U.S.C. 552(a) (1) and (2). Publication and distribution of such indices has been determined by the Foundation to be unnecessary and impracticable. The indices will be provided upon request at a cost not to exceed the direct cost of the duplication.

§ 1100.5 Agency procedures for handling requests for documents.

(a) Upon receiving a request for documents in accordance with the rules of this part, the General Counsel of the National Endowment for the Arts, Deputy Chairman of the National Endowment for the Humanities, or the Public Affairs Officer of the Institute of Museum and Library Services, as is appropriate, shall determine whether or not
the request shall be granted in whole or in part.

(1) The determination shall be made within ten (10) days (excluding Saturdays, Sundays, and legal holidays) after receipt of such request.

(2) The requestor shall be notified of the determination and the reasons that support it. When a request is denied in whole or in part, the requestor, will be notified of his or her rights to appeal the determination to the head of the agency.

(b)(1) Any party whose request for documents has been denied in whole or in part may file an appeal no later than ten (10) working days following receipt of the notification of denial. Appeals must be addressed to the Chairman, National Endowment for the Arts, Washington, DC 20506, the Chairman, National Endowment for the Humanities, Washington, DC 20506, or the Director Institute of Museum and Library Services, Washington, DC 20506, as is appropriate.

(2) The head of the agency or his delegate shall make a determination with respect to the appeal within twenty (20) days (excluding Saturdays, Sundays, and legal holidays) after the agency has received the appeal, except as provided in paragraph (c) of this section. If, on appeal, the denial is upheld either in whole or in part, the head of the agency shall notify the party submitting the appeal of the judicial review provisions of 5 U.S.C. 552(a)(4)(B).

(c) In unusual circumstances, the time limits prescribed to determine a request for documents with respect to initial actions or actions on appeal may be extended by written notice from the General Counsel of the National Endowment for the Arts, the Deputy Chairman of the National Endowment for the Humanities, or the Public Affairs Officer of the Institute of Museum and Library Services as is appropriate. The notice shall describe the reason for the extension and the date on which the determination is expected to be made. No notice shall specify a date that would result in an extension of more than ten (10) days (excluding Saturdays, Sundays, and legal holidays). As is used in this paragraph, unusual circumstances means:

1. The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request;
2. The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request; or
3. The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the agency having a substantial subject-matter interest in the request.

§1100.6 Fees.

(a) Categories of fees. Fees will be charged according to the Category of the FOIA request.

(1) Commercial use requests. The agency will assess charges to recover the full direct cost of searching for, reviewing, and duplicating the requested document. The agency may recover the cost of searching for and reviewing records even if there is ultimately no disclosure.

(2) Requests from educational and non-commercial scientific institutions. The agency will charge for duplication costs. To qualify for this category the requestor must show: (i) That requested records are being sought under the auspices of a qualified institution as defined in §1100.1(e) or (f) of this part; (ii) the records are not sought for commercial use; and (iii) the records are being sought in furtherance of scholarly or scientific research of the institution.

(3) Requests by representatives of the news media. The agency will charge duplication costs for the requests in this category.

(4) All other requests. All other requests shall be charged fees which, recover the full reasonable cost for searching for and duplicating the requested records.

(b) General fee schedule. The agency shall use the most efficient and least costly method to comply with requests for documents made under the FOIA. The agency will charge fees to recover all allowable direct costs incurred. The
agency may charge fees for searching for and reviewing requested documents even if the documents are determined to be exempt from disclosure or cannot be located. If search charges are likely to exceed $25, the agency shall notify the requestor, unless the requestor has indicated in advance the willingness to pay higher fees. The following fees shall be charged in accordance with paragraph (a) of this section.

(1) Searches—(i) Manual. The fee charged will be the salary rate(s) (i.e., basic pay plus 16.1 percent) of the employee(s) conducting the search.

(ii) Computer. The fee charged will be the actual direct cost of providing the service including the cost of operating the central processing unit for the operating time that is directly attributed to searching for records responsive to a request and the operator/programmer salary apportionable to the search.

(2) Review. The fee charged will equal the salary rate(s) (basic pay plus 16.1 percent) of the employee(s) conducting the review.

(3) Duplication. Copies of documents photocopied on one-side of a 8½x11 inch sheet of paper will be provided at $.10 per page. Photocopies on two sides of a single 8½x11 inch sheet of paper will be provided at $.20 per page. For duplication of other materials, the charge will be the direct cost of duplication.

(c) Restrictions on charging fees. (1) Except for documents provided in response to a commercial use request, the first 100 pages of duplication or the first two (2) hours of search time shall be provided at no charge. For the purposes of this section, two (2) hours of search time by computer entitles the requestor to two (2) hours of computer operator salary translated into computer search costs. Computer search costs consist of operator salary plus central processing unit operating time costs for the duration of the search.

(2) Fees shall not be charged to any requestor, including commercial use requestors, if the cost of collecting a fee would be equal to or greater than the fee itself.

(d) Waiver or reduction of fees. (1) Documents shall be furnished without charge or at reduced charge if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requestor.

(2) The following factors shall be used to determine whether a fee will be waived or reduced:

(i) The subject of the request. Whether the subject of the requested records concerns “the operations or activities of the government”;

(ii) The informative value of the information to be disclosed. Whether the disclosure is “likely to contribute” to an understanding of government operations or activities;

(iii) The contribution to an understanding of the subject by the general public likely to result from disclosure. Whether disclosure of the requested information will contribute to “public understanding”;

(iv) The significance of the contribution to public understanding. Whether disclosure is likely to contribute “significantly” to public understanding of government operations or activities;

(v) The existence and magnitude of a commercial interest. Whether the requestor has a commercial interest that would be furthered by the disclosure; and if so

(vi) The primary interest in disclosure. Whether the magnitude of the identified commercial interest of the requestor is sufficiently large in comparison with the public interest in disclosure, that disclosure is “primarily in the commercial interest of the requestor.”

(e) Assessment and collection of fees. (1) Interest will accrue from the date the bill is mailed if the fee is not paid within thirty (30) days. Interest will be assessed at the rate prescribed in 31 U.S.C. 3717.

(2) If the agency reasonably believes that a requestor(s) is making multiple requests to avoid the assessment of fees, the agency may aggregate such requests and charge accordingly.

(3) The agency may request an advance payment of the fee if

(i) The allowable charges are likely to exceed $250; or

(ii) The requestor has failed previously to pay a fee in a timely fashion.
(4) When the agency requests an advance payment, the time limits prescribed in section (a)(6) of the Freedom of Information Act will begin only after the agency has received full payment.

§ 1100.7 Foundation report of actions.

On or before March 1 of each calendar year, each member agency of the National Foundation on the Arts and the Humanities shall submit a report of its activities with regard to public information requests during the preceding calendar year to the Speaker of the House of Representatives and to the President of the Senate. The report shall include:

(a) The number of determinations made by each member agency of the National Foundation on the Arts and the Humanities not to comply with requests for records made to the agency under the provisions of this part and the reasons for each such determination;

(b) The number of appeals made by persons under such provision, the result of such appeals, and the reasons for the action upon each appeal that results in the denial of information;

(d) The results of each proceeding conducted pursuant to 5 U.S.C. 552(a)(4)(F), as amended, including a report of the disciplinary action taken against the officer of employee who was primarily responsible for improperly withholding records or an explanation of why disciplinary action was not taken;

(e) A copy of every rule made by the Foundation implementing the provisions of the FOIA.

(f) A copy of the fee schedule and the total amount of fees collected by the agency for making records available under this section; and

(g) Such other information as indicates efforts to administer the provisions of the FOIA, as amended.

APPENDIX A TO PART 1110—FEDERAL FINANCIAL ASSISTANCE TO WHICH THIS PART APPLIES

§ 1110.1 Purpose.

The purpose of this part is to effectuate the provisions of title VI of the Civil Rights Act of 1964 (hereafter referred to as the “Act”), 42 U.S.C. 2000d et seq., to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving Federal financial assistance from the National Endowment for the Arts, the National Endowment for the Humanities, or the Institute of Museum and Library Services.

§ 1110.2 Application of part.

This part applies to any program for which Federal financial assistance is authorized under a law administered by the National Endowment for the Arts, the National Endowment for Humanities, or the Institute of Museum and Library Services, including the types of Federal financial assistance listed in appendix A of this part. It applies to money paid, property transferred, or other Federal financial assistance extended after the effective date of the part, including assistance pursuant to an application approved prior to such date. It also applies to federal financial assistance extended to any such program prior to the effective date of this part under a contract or grant where the term of the contract or grant continues beyond such date or where the assistance was to provide real or personal property and the recipient or his transferee continues to use or retain ownership or possession of the property (see §1110.4(a)(1)). This part does not apply to (a) any Federal financial assistance by way of insurance or guaranty contract, (b) any assistance to any individual who is the ultimate beneficiary under any such program, or (c) any employment practice, under any such program, of any employer, employment agency, or labor organization, except to the extent described in §1110.3. The fact that a type of Federal financial assistance is not listed in Appendix A shall not mean, if title VI of the Act is otherwise applicable, that a program is not covered. Other types of Federal financial assistance under statutes now in force or hereinafter enacted may be added to this list by notice published in the Federal Register.

§ 1110.3 Discrimination prohibited.

(a) General. No person in the United States shall, on grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program to which this part applies.

(b) Specific discriminatory actions prohibited. (1) A recipient under any program to which this part applies may not directly or through contractual or other arrangements, on the ground of race, color, or national origin:

(i) Deny an individual any service, financial aid, or other benefit provided under the program;

(ii) Provide any service, financial aid, or other benefit to an individual which is different, or is provided in a different manner, from that provided to others under the program;

(iii) Subject an individual to segregation or separate treatment in any matter related to his receipt of any service, financial aid, or other benefit under the program;

(iv) Restrict an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under the program;

(v) Treat an individual differently from others in determining whether he satisfies any admission, enrollment, quota, eligibility, membership, or other requirement or condition which individuals must meet in order to be provided any service, financial aid, or other benefit provided under the program;

(vi) Deny an individual an opportunity to participate in the program through the provision of services or otherwise or afford him an opportunity...
to do so which is different from that afforded others under the program (including the opportunity to participate in the program as an employee but only to the extent set forth in paragraph (c) of this section).

(2) A recipient, in determining the types of services, financial aid, or other benefits, or facilities which will be provided under any such program, or the class of individuals to whom, or the situations in which, such services, financial aid, other benefits, or facilities will be provided under any such program, or the class of individuals to be afforded an opportunity to participate in any such program, may not directly or through contractual or other arrangements, utilize criteria or methods of administration which have the effect of subjecting individuals to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program as respects individuals of a particular race, color, or national origin.

(3) In determining the site or location of facilities, a recipient or applicant may not make selections with the purpose or effect of excluding individuals from, denying them the benefits of, or subjecting them to discrimination under any program to which this regulation applies, on the grounds of race, color, or national origin; or with the purpose or effect of defeating or substantially impairing accomplishment of the objectives of the Act or this regulation.

(4) As used in this section, the services, financial aid, or other benefits provided under a program receiving Federal financial assistance shall be deemed to include any service, financial aid, or other benefit provided in or through a facility provided with the aid of Federal financial assistance.

(5) The enumeration of specific forms of prohibited discrimination in this paragraph and paragraph (c) of this section does not limit the generality of the prohibition in paragraph (a) of this section.

(6) This regulation does not prohibit the consideration of race, color, or national origin if the purpose and effect are to remove or overcome the consequences of practices or impediments which have restricted the availability of, or participation in, the program or activity receiving Federal financial assistance, on the grounds of race, color, or national origin. Where previous discriminatory practice or usage tends, on the grounds of race, color, or national origin, to exclude individuals from participation in, to deny them the benefits of, or to subject them to discrimination under any program or activity to which this regulation applies the applicant or recipient has an obligation to take reasonable action to remove or overcome the consequences of the prior discriminatory practice or usage, and to accomplish the purposes of the Act.

(c) Employment practices. (1) Where a primary objective of the Federal financial assistance a program to which this part applies is to provide employment, a recipient may not directly or through contractual or other arrangements, utilize criteria or methods of administration which have the effect of subjecting individuals to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the Act or this regulation.

(2) The requirements applicable to construction employment under any such program shall be those specified in or pursuant to Executive Order 11246 or any executive order which supersedes it.

(3) Where a primary objective of the Federal financial assistance is not to provide employment, but discrimination on the grounds of race, color, or national origin in the employment practices of the recipient or other persons subject to the regulation tends, on the grounds of race, color, or national origin in its employment practices under such program (including recruitment or recruitment advertising employment, layoff or termination, upgrading, demotion, or transfer, rates of pay or other forms of compensation and use of facilities), including programs where a primary objective of the Federal financial assistance is (i) to assist such individuals through employment to meet expenses incident to the commencement or continuation of their education or training or (ii) to provide work experience which contributes to the education or training of such individuals or (iii) to reduce the unemployment of such individuals or to help them through employment to meet subsistence needs, the requirements applicable to construction employment under any such program shall be those specified in or pursuant to Executive Order 11246 or any executive order which supersedes it.
origin, to exclude individuals from participation in, to deny them the benefits of, or to subject them to discrimination under any program to which this regulation applies, the provisions of the foregoing subparagraph of this paragraph (c) shall apply to the employment practices of the recipient or other persons subject to the regulation, to the extent necessary to assure equality of opportunity to and non-discriminatory treatment of, beneficiaries.

(d) Medical emergencies. Notwithstanding the foregoing provisions of this section, a recipient of Federal financial assistance shall not be deemed to have failed to comply with paragraph (a) of this section if immediate provision of a service or other benefit to an individual is necessary to prevent his death or serious impairment of his health and such service or other benefit cannot be provided except by or through a medical institution which refuses or fails to comply with paragraph (a) of this section.

§ 1110.4 Assurances required.

(a) General. (1) Every application for Federal financial assistance to which this part applies, and every application for Federal financial assistance to provide a facility shall, as a condition to its approval and the extension of any Federal financial assistance pursuant to the application, contain or be accompanied by an assurance that the program will be conducted or the facility operated in compliance with all requirements imposed by or pursuant to this part. In the case where the Federal financial assistance is to provide or is in the form of personal property, or real property or interest therein or structures thereon, the assurance shall obligate the recipient, or, in the case of a subsequent transfer, the transferee, for the period during which the property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. Where no transfer of property is involved, but property is improved with Federal financial assistance, the recipients shall agree to include such a covenant in any subsequent transfer of such property. Where the property is obtained from the Federal Government, such covenant may also include a condition coupled with a right to be reserved by the Endowment to revert title to the property in the event of a breach of the covenant where, in the discretion of the responsible Endowment official, such a condition and right of reverter is appropriate to the statute under which the real property is obtained and to the nature of the grant and the grantee. In the event a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on such property for the purposes for which the property was transferred, the Chairman of the Endowment concerned may agree, upon request of the transferee and if necessary to accomplish such financing, and upon such conditions as he deems appropriate, to forebear the exercise of such right to revert title for so long as the
(3) Transfers of surplus property are subject to regulations issued by the Administrator of the General Services Administration. (41 CFR 101–6.2).

(b) Continuing Federal financial assistance. Every application by a State or a State agency for continuing Federal financial assistance to which this part applies shall as a condition to its approval and the extension of any Federal financial assistance pursuant to the application (1) contain or be accompanied by a statement that the program is (or, in the case of a new program, will be) conducted in compliance with all requirements imposed by or pursuant to this part, and (2) provide or be accompanied by provision for such methods of administration for the program as are found by the responsible Endowment official to give reasonable assurance that the applicant and all recipients of Federal financial assistance under such program will comply with all requirements imposed by or pursuant to this part.

(c) Elementary and secondary schools. The requirements of paragraph (a) of this section with respect to any elementary or secondary school or school system shall be deemed to be satisfied if such school or school system (1) is subject to a final order of a court of the United States for the desegregation of such school or school system, and provides an assurance that it will comply with such order, including any future modification of such order, or (2) submits a plan for the desegregation of such school or school system which the responsible official of the Department of Health, Education, and Welfare determines is adequate to accomplish the purposes of the Act and this part within the earliest practicable time and provides reasonable assurance that it will carry out such plan. In any case of continuing Federal financial assistance, the responsible official of the Department of Health, Education, and Welfare may reserve the right to re-determine, after such period as may be specified by him, the adequacy of the plan to accomplish the purposes of the Act and this part. In any case in which a final order of a court of the United States for the desegregation of such school or school system is entered after submission of such a plan, such plan shall be revised to conform to such final order, including any future modification of such order.

(d) Assurances from institutions. (1) In the case of any application for Federal financial assistance to an institution of higher education (including assistance for construction, for research, for a special training project, or for any other purpose), the assurance required by this section shall extend to admission practices and to all other practices relating to the treatment of students.

(2) The assurance required with respect to an institution of higher education or any other institution, as far as the assurance relates to the institution’s practices with respect to admission or other treatment of individuals as students, or clients of the institution or to the opportunity to participate in the provision of services or other benefits to such individuals, shall be applicable to the entire institution.

§1110.5 Illustrative applications.

The following examples will illustrate the application of the foregoing provisions to some of the activities for which Federal financial assistance is provided by the Endowments. (a) In a research, training, or other grant to a university for activities to be conducted in a graduate school, discrimination in the admission and treatment of students in the graduate school is prohibited, and the prohibition extends to the entire university.

(b) In cases of Federal financial assistance to elementary or secondary schools, discrimination by the recipient school district in any of its elementary or secondary schools, or by the recipient private institution, in the admission of students, or in the treatment of its students in any aspect of the educational process, is prohibited. In this and the following illustration
§ 1110.6 Compliance information.

(a) Cooperation and assistance. The responsible Endowment official shall, to the fullest extent practicable, seek the cooperation of recipients in complying with this part and shall provide assistance and guidance to recipients to help them comply voluntarily with this part.

(b) Compliance reports. Each recipient shall keep such records and submit to the responsible Endowment official timely, complete and accurate compliance reports at such times, and in such form and containing such information, as the responsible Endowment official may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. In the case in which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

(c) Access to sources of information. Each recipient shall permit access by the responsible Endowment official or his designee during normal business hours to sources of information. The recipient shall provide necessary assistance to enable the responsible Endowment official or his designee to carry out the purpose of this section.

hours to such of its books, records, accounts, and other sources of information, and its facilities as may be pertinent to ascertain compliance with this part. Where any information required of a recipient is in the exclusive possession of any other agency, institution or person and this agency, institution or person shall fail or refuse to furnish this information, the recipient shall so certify in its report and shall set forth what efforts it has made to obtain the information.

(d) Information to beneficiaries and participants. Each recipient shall make available to participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the program for which the recipient receives Federal financial assistance, and make such information available to them in such manner, as the responsible Endowment official finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this part.

§ 1110.7 Conduct of investigations.

(a) Periodic compliance reviews. The responsible Endowment official shall from time to time review the practices of recipients to determine whether they are complying with this part.

(b) Complaints. Any person who believes himself or any specific class of individuals to be subjected to discrimination prohibited by this part may by himself or by a representative file with the responsible Endowment official a written complaint. A complaint must be filed not later than ninety days from the date of the alleged discrimination, unless the time for filing is extended by the responsible Endowment official.

(c) Investigations. The responsible Endowment official will make a prompt investigation whenever a compliance review, report, complaint, or any other information indicates a possible failure to comply with this part. The investigation should include, where appropriate, a review of the pertinent practices and policies of the recipient, the circumstances under which the possible noncompliance with this part occurred, and other factors relevant to a determination as to whether the recipient has failed to comply with this part.

(d) Resolution of matters. (1) If an investigation pursuant to paragraph (c) of this section indicates a failure to comply with this part, the responsible Endowment official will so inform the recipient and the matter will be resolved by informal means whenever possible. If it has been determined that the matter cannot be resolved by informal means, action will be taken as provided for in §1110.8.

(2) If an investigation does not warrant action pursuant to paragraph (d)(1) of this section, the responsible Endowment official will so inform the recipient and the complainant, if any, in writing.

(e) Intimidatory or retaliatory acts prohibited. No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by section 601 of the Act or this part, or because he has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this part. The identity of complainants shall be kept confidential except to the extent necessary to carry out the purposes of this part, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

§ 1110.8 Procedure for effecting compliance.

(a) General. If there appears to be a failure or threatened failure to comply with this part, and if the noncompliance or threatened noncompliance cannot be corrected by informal means, compliance with this part may be effected by the suspension or termination of or refusal to grant or to continue Federal financial assistance or by any other means authorized by law. Such other means may include, but are not limited to, (1) a reference to the Department of Justice with a recommendation that appropriate proceedings be brought to enforce any rights of the United States under any law of the United States (including other titles of the Act), or any assurance or other contractual undertaking,
§ 1110.9

45 CFR Ch. XI (10–1–10 Edition)

and (2) any applicable proceeding under State or local law.

(b) Noncompliance with § 1110.4. If an applicant fails or refuses to furnish an assurance required under § 1110.4 or otherwise fails to comply with that section, Federal financial assistance may be refused in accordance with the procedures of paragraph (c) of this section. The Endowment concerned shall not be required to provide assistance in such a case during the pendency of the administrative proceedings under such paragraph, except that such Endowment shall continue assistance during the pendency of such proceedings where such assistance is due and payable pursuant to an application therefore prior to the effective date of this part.

(c) Termination of or refusal to grant or to continue Federal financial assistance. No order suspending, terminating, or refusing to grant or continue Federal financial assistance shall become effective until (1) the responsible Endowment official has advised the applicant or recipient of his failure to comply and has determined that compliance cannot be secured by voluntary means, (2) there has been an express finding on the record, after opportunity for hearings, of a failure by the applicant or recipient to comply with a requirement imposed by or pursuant to this part, (3) the action has been approved by the Chairman of the Endowment concerned, and (4) the expiration of 30 days after the Chairman has filed with the Committee of the House and the Committee of the Senate having legislative jurisdiction over the program involved, a full written report of the circumstances and the grounds for such action. Any action to suspend or terminate or to refuse to grant or to continue Federal financial assistance shall be limited to the particular political entity, or part thereof, or other applicant or recipient as to whom such a finding has been made and shall be limited in its effect to the particular program, or part thereof, in which such noncompliance has been so found.

(d) Other means authorized by law. No action to effect compliance by any other means authorized by law shall be taken until (1) the responsible Endowment official has determined that compliance cannot be secured by voluntary means, (2) the recipient or other person has been notified of its failure to comply and of the action to be taken to effect compliance, and (3) the expiration of at least 10 days from the mailing of such notice to the recipient or other person. During this period of at least 10 days, additional efforts shall be made to persuade the recipient or other person to comply with this part and to take such corrective action as may be appropriate.

§ 1110.9 Hearings.

(a) Opportunity for hearing. Whenever an opportunity for a hearing is required by §1110.8(c), reasonable notice shall be given by registered or certified mail, return receipt requested, to the affected applicant or recipient. This notice shall advise the applicant or recipient of the action proposed to be taken, the specific provision under which the proposed action against it is to be taken, and the matters of fact or law asserted as the basis for this action, and either:

(1) Fix a date not less than 20 days after the date of such notice within which the applicant or recipient may request of the responsible Endowment official that the matter be scheduled for hearing or

(2) Advise the applicant or recipient that the matter in question has been set down for hearing at a stated place and time. The time and place so fixed shall be reasonable and shall be subject to change for cause. The complainant, if any, shall be advised of the time and place of the hearing. An applicant or recipient may waive a hearing and submit written information and argument for the record. The failure of an applicant or recipient to request a hearing under this paragraph or to appear at a hearing for which a date has been set shall be deemed to be a waiver of the right of a hearing under section 602 of the Act and §1110.8(c) of this part and consent to the making of a decision on the basis of such information as is available.

(b) Time and place of hearing. Hearings shall be held at the offices of the Endowment concerned in Washington, DC, at a time fixed by the responsible
Endowment official unless he determines that the convenience of the applicant or recipient or of the Endowment requires that another place be selected. Hearings shall be held before the responsible Endowment official or, at his discretion, before a hearing examiner designated in accordance with section 11 of the Administrative Procedure Act.

(c) Right to counsel. In all proceedings under this section, the applicant or recipient and the Endowment shall have the right to be represented by counsel.

(d) Procedures, evidence, and record. (1) The hearing, decision, and any administrative review thereof shall be conducted in conformity with 5 U.S.C. 554–557 (sections 5–8 of the Administrative Procedure Act), and in accordance with such rules of procedure as are proper (and not inconsistent with this section) relating to the conduct of the hearing, giving of notices subsequent to those provided for in paragraph (a) of this section, taking of testimony, exhibits, arguments and briefs, requests for findings, and other related matters. Both the Endowment and the applicant or recipient shall be entitled to introduce all relevant evidence on the issues as stated in the notice for hearing or as determined by the officer conducting the hearing at the outset of or during the hearing.

(2) Technical rules of evidence shall not apply to hearings conducted pursuant to this part, but rules or principles designed to assure production of the most credible evidence available and to subject testimony to test by cross-examination shall be applied where reasonably necessary by the officer conducting the hearing. The hearing officer may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence entered or taken for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record and written findings shall be made.

(e) Consolidated or joint hearings. In cases in which the same or related facts are asserted to constitute non-compliance with this Regulation with respect to two or more Federal statutes, authorities, or other means by which Federal financial assistance is extended and to which this part applies, or noncompliance with this part and the regulations of one or more other Federal departments or agencies issued under title VI of the Act, the Chairman of the Endowment concerned may, by agreement with such other departments or agencies where applicable, provide for the conduct of consolidated or joint hearings and for the application to such hearings of rules or procedures not inconsistent with this part. Final decisions in such cases, insofar as this regulation is concerned, shall be made in accordance with §1110.10.

§ 1110.10 Decisions and notices.

(a) Decision by person other than the responsible Endowment official. If the hearing is held by a hearing examiner such hearing examiner shall either make an initial decision, if so authorized, or certify the entire record including his recommended findings and proposed decision to the responsible Endowment official for a final decision, and a copy of such initial decision or certification shall be mailed to the applicant or recipient. Where the initial decision is made by the hearing examiner the applicant or recipient may within 30 days of the mailing of such notice of initial decision file with the responsible Endowment official his exceptions to the initial decision, with his reasons therefor. In the absence of exceptions, the responsible Endowment official may on his own motion within 45 days after the initial decision serve on the applicant or recipient a notice that he will review the decision. Upon the filing of such exceptions or of such notice of review the responsible Endowment official shall review the initial decision and issue his own decision thereon including the reasons therefor. In the absence of either exceptions or a notice of review the initial decision shall constitute the final decision of the responsible Endowment official.
§ 1110.10 45 CFR Ch. XI (10–1–10 Edition)

(b) Decisions on record or review by the responsible Endowment official. Whenever a record is certified to the responsible Endowment official for decision or he reviews the decision of a hearing examiner pursuant to paragraph (a) of this section, or whenever the responsible Endowment official conducts the hearing, the applicant or recipient shall be given reasonable opportunity to file with him briefs or other written statements of its contentions, and a copy of the final decision of the responsible Endowment official shall be given in writing to the applicant or recipient and to the complainant if any.

(c) Decisions on record where a hearing is waived. Whenever a hearing is waived pursuant to §1110.9(a) a decision shall be made by the responsible Endowment official on the record and a copy of such decision shall be given in writing to the applicant or recipient, and to the complainant, if any.

(d) Rulings required. Each decision of a hearing officer or responsible Endowment official shall set forth his ruling on each finding, conclusion, or exception presented, and shall identify the requirement or requirements imposed by or pursuant to this part with which it is found that the applicant or recipient has failed to comply.

(e) Approval by Chairman. Any final decision of a responsible Endowment official (other than the Chairman) which provides for the suspension or termination of, or the refusal to grant or continue Federal financial assistance, or the imposition of any other sanction available under this part or the Act, shall promptly be transmitted to the Chairman, who may approve such decision, may vacate it, or remit or mitigate any sanction imposed.

(f) Content of orders. The final decision may provide for suspension or termination of, or refusal to grant or continue Federal financial assistance, in whole or in part, to which this regulation applies, and may contain such terms, conditions, and other provisions as are consistent with and will effectuate the purposes of the Act and this part, including provisions designed to assure that no Federal financial assistance to which this regulation applies will thereafter be extended to the applicant or recipient determined by such decision to be in default in its performance of an assurance given by it pursuant to this part, or to have otherwise failed to comply with this part, unless and until it corrects its noncompliance and satisfies the responsible Endowment official that it will fully comply with this part.

(g) Post termination proceedings. (1) An applicant or recipient adversely affected by an order issued under paragraph (f) of this section shall be restored to full eligibility to receive Federal financial assistance if it satisfies the terms and conditions of that order for such eligibility or if it brings itself into compliance with this regulation and provides reasonable assurance that it will fully comply with this regulation. (An elementary or secondary school or school system which is unable to file an assurance of compliance with §1110.3 shall be restored to full eligibility to receive Federal financial assistance, if it files a court order or a plan for desegregation which meets the requirements of §1110.4(c), and provides reasonable assurance that it will comply with this court order or plan.)

(2) Any applicant or recipient adversely affected by an order entered pursuant to paragraph (f) of this section may at any time request the responsible Endowment official to restore fully its eligibility to receive Federal financial assistance. Any such request shall be supported by information showing that the applicant or recipient has met the requirements of paragraph (g)(1) of this section. If the responsible Endowment official determines that those requirements have been satisfied, he shall restore such eligibility.

(3) If the responsible Endowment official denies any such request, the applicant or recipient may submit a request for a hearing in writing, specifying why it believes such official to have been in error. It shall thereupon be given an expeditious hearing, with a decision on the record, in accordance with rules of procedure issued by the responsible Endowment official. The applicant or recipient will be restored to such eligibility if it proves at such a hearing that it satisfied the requirements of paragraph (g)(1) of this section. While proceedings under this paragraph are

§ 1115.1 Purpose and scope.
This part sets forth the National Foundation on the Arts and the Humanities’ procedures under the Privacy Act of 1974 as required by 5 U.S.C. 552a(f). Internal guidance for Foundation staff and other regulations implementing the Privacy Act are contained or will be contained in Foundation circulars.

§ 1115.2 Definitions.
For purposes of this part:
(a) Foundation means the National Foundation on the Arts and the Humanities.
(c) Individual means a citizen of the United States or an alien lawfully admitted for permanent residence.
(d) Maintain, used with reference to a record means to collect, to use, to disseminate, to have control over and responsibility for such record.
(e) Record means any item, collection or grouping of information about an individual that is maintained by the Foundation and that is retrievable by his or her name or an identifying particular, such as a number, symbol, fingerprint, or photograph of the individual. Information maintained by the Foundation includes, but is not limited to, education, financial transactions, medical history, employment history and criminal history.
(f) Routine use means, with respect to the disclosure of a record, the use of such a record for a purpose which is compatible with the purpose for which it was collected. The routine uses of record systems maintained by the Foundation includes, but is not limited to, education, financial transactions, medical history, employment history and criminal history.

§ 1115.3 Procedures for notification of existence of records pertaining to individuals.
(a) Any person may request review of records pertaining to him by appearing at the National Endowment for the Arts, Room 1338, 2401 E Street, NW., Washington, DC 20506 or the National Endowment for the Humanities, Room 1000, 806 15th Street, NW., Washington, DC 20506, on work days between the hours of 9:00 a.m. and 5:30 p.m. or by writing to the Office of the General Counsel, National Foundation on the Arts or National Endowment for the Humanities, Washington, DC 20506. It is recommended that requests be made in writing, since in many cases it will take several days to ascertain whether a record exists.
(b) Requests for notification of the existence of a record should specifically identify the system of records involved and should state, if the requestor is other than the individual to whom the record pertains, the relationship of the requestor to that individual. (Note that requests will not be honored by the Foundation pursuant to the Privacy Act unless made (1) by the individual to whom the record pertains, (2) by such individual’s parent if the individual is a minor, or (3) by such individual’s legal guardian if the individual has been declared to be incompetent due to physical or mental incapacity or age by a court of competent jurisdiction).

Humanities, Washington, DC 20506.  
(See paragraphs (b) and (c) of this section for identification requirements.)  
The request should specifically identify the systems or records involved. The Foundation will strive either to make the record available within 15 working days of the request or to inform the requester of the need for additional identification or the tendering of fees (as specified in paragraph (d) of this section) within 15 working days.  
(b) In the case of persons making requests by appearing at the Foundation, the amount of personal identification required will of necessity vary with the sensitivity of the record involved. Except as indicated below, reasonable identification such as employment identification cards, drivers licenses, and credit cards will normally be accepted as sufficient evidence of identity in the absence of any indications to the contrary. Records in the following systems of records, however, are considered to contain relatively sensitive and/or detailed personal information—  

GRANT APPLICATIONS—NEA.  
GRANT APPLICATIONS—NEH.  
GRANTS TO INDIVIDUALS—NEA.  
GRANTS TO INDIVIDUALS AND INSTITUTIONS—NEH.  
EQUAL EMPLOYMENT OPPORTUNITY CASE FILE—NFAH NEA/NEH.  
EMPLOYEE PAYROLL—NFAH.  
PERSONNEL RECORDS—NFAH.  

Accordingly, with respect to requests for records in these systems the Foundation reserves the right to require sufficient identification to identify positively the individual making the request. This might involve independent verification by the Foundation as by phone calls to determine whether an individual has made a request, personal identification by Foundation employees who know the individual, or such other means as are considered appropriate under the circumstances.  

(c) A written request will be honored only if it contains the following certification before a duly commissioned notary public of any state or territory (or similar official if the request is made outside the United States):  

I, ___ (Printed name), do hereby certify that I am the individual about whom the record requested in this letter pertains or that I am within the class of persons authorized to act on his behalf in accordance with 5 U.S.C. 552a(b).  

However, where the record requested is contained in any of the systems of records listed in paragraph (b) of this section, the Foundation reserves the right to require additional identification and/or to independently verify to its satisfaction, the identity of the requester.  

(d) Charges for copies of records will be at the rate of $0.10 per photography of each page. Where records are not susceptible to photo-copying, e.g., punch cards, magnetic tapes or oversize materials, the amount charged will be actual cost as determined on a case-by-case basis. Only one copy of each record requested will be supplied. No charge will be made unless the charge as computed above would exceed $3.00 for each request or related series of requests. If a fee in excess of $25.00 would be required, the requestor shall be notified and the fee must be tendered before the records will be copied.

§ 1115.5 Correction of records.  

(a) Any individual is entitled to request amendments of records pertaining to him pursuant to 5 U.S.C. 552a(d)(2). Such a request shall be made in writing and addressed to the Office of the General Counsel, National Endowment for the Arts or National Endowment for the Humanities, Washington, DC 20506.  

(b) The request should specify the record and systems of records involved, and should specify the exact correction desired and state that the request is made pursuant to the Privacy Act. An edited copy of the record showing the desired correction is desirable. Within 10 working days of the receipt of a properly addressed request (or within
10 working days of the time the General Counsel, National Endowment for the Arts or the General Counsel, National Endowment for the Humanities becomes aware that a particular communication not addressed as prescribed above is a request for correction of a record under the Privacy Act), the General Counsel’s office shall acknowledge receipt of the request.

(c) The General Counsel’s office upon receipt of such a request shall promptly confer with the office within the Foundation responsible for the record. In the event it is felt that correction is not warranted in whole or in part, the matter shall be brought to the attention of the Deputy Chairman of the Endowment involved. If, after review by the Deputy Chairman of the involved Endowment and discussion with the request or, if deemed helpful, it is determined that correction as requested is not warranted, a letter shall be sent by the Deputy Chairman’s office to the requestor denying his request and/or explaining what correction might be made if agreeable to the requestor. This letter shall set forth the reasons for the refusal to honor the request for correction. It shall also inform him of his right to appeal his decision and include a description of the appeals procedure set forth in paragraph (d) of this section.

(d) An appeal may be taken from an adverse determination under paragraph (c) of this section to the Assistant Chairman/Management, National Endowment for the Arts or the Chairman, National Endowment for the Humanities. Such appeal must be in writing and should clearly indicate that it is an appeal. The basis for the appeal should be included, and it should be mailed to the same address as listed in paragraph (a) of this section. A hearing at the Foundation may be requested. Such hearing will be informal, and shall be before the Assistant Chairman/Management, National Endowment for the Arts, the Chairman, National Endowment for the Humanities, or an appointed designee. If no hearing is requested, the request for appeal should include the basis for the appeal. Where no hearing is requested the Assistant Chairman or Chairman before whom the appeal is taken shall render his decision within thirty working days after receipt of the written appeal at the Foundation, unless the Assistant Chairman or Chairman before whom the appeal is taken, for good cause shown, extends the 30-day period and the appellant is advised in writing of such extension. If a hearing is requested, the Foundation will attempt to contact the appellant within five working days and arrange a suitable time for the hearing. In such cases the decision of the Assistant Chairman or Chairman shall be made within 30 working days after the hearing unless the time is extended and the appellant is advised in writing of such extension.

(e) The final decision of the Assistant Chairman or Chairman in an appeal shall be in writing, and, if adverse to the appellant, set forth the reasons for the refusal to amend the record and advise him of his right to appeal the decision under 5 U.S.C. 552a(g)(1)(A). The individual shall also be notified that he has the right to file with the Foundation a concise statement setting forth the reasons for this disagreement with the refusal of the Foundation to amend his record.

§ 1115.6 Disclosure of records to agencies or persons other than the individual to whom the record pertains.

Records subject to the Privacy Act that are requested by any person other than the individual to whom they pertain will not be made available except under the following circumstances:

(a) Records required to be made available by the Freedom of Information Act will be released in response to a request formulated in accordance with Foundation regulations found at 45 CFR part 1100.

(b) Records not required by the Freedom of Information Act to be released may be released, at the discretion of the Foundation, if the written consent of the individual to whom they pertain has been obtained or if such release would be authorized under 5 U.S.C. 552a(b)(1) or (3) through (11).

§ 1115.7 Exemptions.

(a) Fellowships and grants. Pursuant to 5 U.S.C. 552a(k)(5), the Foundation hereby exempts from the application of section 552a(d) any materials which
§ 1115.7 45 CFR Ch. XI (10–1–10 Edition)

would disclose the identity of references for fellowship or grant applicants contained in any of the Foundation’s systems of records.

(b) Applicants for employment. Pursuant to 5 U.S.C. 552a(k)(5), the Foundation hereby exempts from the application of 5 U.S.C. 552a(d) any materials which would disclose the identity of references of applicants for employment at the Foundation contained in the system of records entitled “Official Personnel Folders”.

Subpart A—General Provisions

§1150.1 What definitions apply to the regulations in this part?

As used in this part:
(a) Administrative offset means the withholding of funds payable by the United States (including funds payable by the United States on behalf of a State government) to any person, or the withholding of funds held by the United States for any person, in order to satisfy a debt owed to the United States.
(b) Agency means a department, agency, court, court administrative office,
or instrumentality in the executive, judicial, or legislative branch of government, including a government corporation.

(c) Chairperson means the Chairperson of the Endowment, or his or her designee.

(d) Creditor agency means the agency to which the debt is owed.

(e) Day means calendar day. To count days, include the last day of the period unless it is a Saturday, a Sunday, or a Federal legal holiday.

(f) Debt and claim are deemed synonymous and interchangeable. These terms mean money owed by a person to the United States for any reason, including loans made or guaranteed by the United States, fees, leases, rents, royalties, services, sales of real or personal property, overpayments, damages, interests, penalties, fines, forfeitures, and all other similar sources. For the purpose of administrative offset under 31 U.S.C. 3716 and subpart D of these regulations, the terms debt and claim also include money or property owed by a person to a State, the District of Columbia, American Samoa, Guam, the United States Virgin Islands, the Commonwealth of the Northern Mariana Islands, or the Commonwealth of Puerto Rico.

(g) Debtor means a person who owes a debt. Uses of the terms “I,” “you,” “me,” and similar references to the reader of the regulations in this part are meant to apply to debtors as defined in this paragraph (g).

(h) Delinquent debt means a debt that has not been paid within the time limit prescribed by the Endowment.

(1) Disposable pay means the part of an employee’s pay that remains after deductions that are required to be withheld by law have been made.

(j) Employee means a current employee of an agency, including a current member of the Armed Forces or Reserve of the Armed Forces of the United States.

(k) Endowment means the National Endowment for the Arts.

(l) Federal Claims Collection Standards means the standards currently published at 4 CFR Chapter II. The DOJ and the Treasury have proposed a revision that would move the Federal Claims Collection Standards to 31 CFR parts 900–904. The Endowment will amend these regulations, as necessary, after the revised Federal Claims Collection Standards have been issued as final regulations.

(m) Paying agency means the agency that employs the individual who owes a debt to the United States. In some cases, the Endowment may be both the creditor agency and the paying agency.

(n) Payroll office means the office in the paying agency that is primarily responsible for payroll records and the coordination of pay matters with the appropriate personnel office.

(o) Person includes a natural person or persons, profit or non-profit corporation, partnership, association, trust, estate, consortium, state or local government, or other entity that is capable of owing a debt to the United States; however, agencies of the United States are excluded.

(p) Private collection contractor means a private debt collector under contract with an agency to collect a non-tax debt owed to the United States.

(q) Salary offset means a payroll procedure to collect a debt under 5 U.S.C. 5514 by deduction(s) at one or more officially established pay intervals from the current pay account of an employee, without his or her consent.

(r) Tax refund offset means the reduction of a tax refund by the amount of a past-due legally enforceable debt owed to the Endowment or any other Federal agency.

§1150.2 What is the Endowment’s authority to issue these regulations?

The Endowment is issuing the regulations in this part under 31 U.S.C. 3711, 3716–3718, and 3720A. These sections reflect the Federal Claims Collection Act of 1966, as amended by the Debt Collection Act of 1982 and the Debt Collection Improvement Act of 1996. The Endowment is also issuing the regulations in this part in conformity with the Federal Claims Collection Standards, which prescribe standards for the handling of the Federal government’s claims for money or property. The Endowment is further issuing the regulations in this part in conformity with 5 U.S.C. 5514 and the salary offset regulations published by the OPM at 5 CFR part 550, subpart K.
§ 1150.3 What other regulations also apply to the Endowment’s debt collection efforts?

All provisions of the Federal Claims Collection Standards also apply to the regulations in this part. This part supplements the Federal Claims Collection Standards by prescribing procedures and directives necessary and appropriate for operations of the Endowment.

§ 1150.4 What types of claims are excluded from these regulations?

(a) The regulations in this part do not apply to any claim as to which there is an indication of fraud or misrepresentation, as described in the Federal Claims Collection Standards, unless returned to the Endowment by the DOJ for handling.

(b) The regulations in this subpart, subpart B, and subpart D do not apply to debts arising under the Internal Revenue Code of 1986, as amended (26 U.S.C. 1 et seq.); the Social Security Act (42 U.S.C. 301 et seq.); and the tariff laws of the United States.

(c) Remedies and procedures described in this part may be authorized with respect to claims that are exempt from the Debt Collection Act of 1982 and the Debt Collection Improvement Act of 1996, to the extent that they are authorized under some other statute or the common law.

§ 1150.5 What notice will I be provided if I owe a debt to the Endowment?

(a) When the Chairperson determines that you owe a debt to the Endowment, he or she will send you a written notice (Notice). The Notice will be hand-delivered or sent to you by certified mail, return receipt requested at the most current address known to the Endowment. The Notice will inform you of the following:

(1) The amount, nature, and basis of the debt;

(2) That a designated Endowment official has reviewed the claim and determined that it is valid;

(3) That payment of the debt is due as of the date of the Notice, and that the debt will be considered delinquent if you do not pay it within 30 days of the date of the Notice;

(4) The Endowment’s policy concerning interest, penalty charges, and administrative costs (see §1150.7), including a statement that such assessments must be made against you unless excused in accordance with the Federal Claims Collection Standards and this part;

(5) That you have the right to inspect and copy Endowment records pertaining to your debt, or to receive copies of those records if personal inspection is impractical;

(b) Notice of possible collection actions. The Notice provided by the Chairperson under paragraph (a) of this section will also advise you that, if your debt (including any interest, penalty charges, and administrative costs) is not paid within 60 days of the date of the Notice, or you do not enter into a voluntary repayment agreement within 60 days of the date of the Notice, then the Endowment may enforce collection of the debt by any or all of the following methods:

(1) By referral to a credit reporting agency (see §1150.12), a collection agency (see §1150.13), or the DOJ (see §1150.14);

(2) By transferring any debt delinquent for more than 180 days to the Treasury for collection under a cross-servicing agreement with the Treasury (see §1150.15);

(3) If you are an Endowment employee, by deducting money from your disposable pay account (in the amount and with the frequency, approximate beginning date, and duration specified by the Endowment) until the debt (and all accumulated interest, penalty charges, and administrative costs) is paid in full (see subpart B). Such proceedings are governed by 5 U.S.C. 5514;

(4) If you are an employee of a Federal agency other than the Endowment, by initiating certification procedures to implement a salary offset by that Federal agency (see subpart B).
§ 1150.6 What opportunity do I have to obtain a review of my debt within the Endowment?

(a) **Request for review.** If you desire a review within the Endowment concerning the existence or amount of your debt, the proposed schedule for offset of Federal employee salary payments, or whether the debt is past due or legally enforceable, you must send such a request to the officer or employee of the Endowment designated in the Notice (see §1150.5(c)(4)).

1. Your request for review must carry your signature and fully identify and explain with reasonable specificity all the facts and evidence that support your position. Your request for review should be accompanied by available evidence to support your contentions.

2. Your request for review must be received by the designated officer or employee of the Endowment on or before the 60th day following the date of the Notice. Timely filing will stay the commencement of collection procedures. If you file a request for a review after the 60-day period provided for in this section, the Endowment will accept the request if you can show that the delay was the result of circumstances beyond your control or because you did not receive notice of the filing deadline (unless you had actual notice of the filing deadline).
§ 1150.7 What interest, penalty charges, and administrative costs will I have to pay on a debt owed to the Endowment?

(a) Interest. (1) The Endowment will assess interest on all delinquent debts unless prohibited by statute, regulation, or contract.

(2) Interest begins to accrue on all debts from the date that the debt becomes delinquent. The Endowment will not recover interest if you pay the debt within 30 days of the date on which interest begins to accrue. The Endowment shall assess interest at the rate established annually by the Secretary of the Treasury under 31 U.S.C. 3717, unless a different rate is either necessary to protect the interests of the Endowment or established by a contract, repayment agreement, or statute. The Endowment will notify you of the basis for its finding when a different rate is necessary to protect the interests of the Endowment.

(3) The Chairperson may extend the 30-day period for payment without interest where he or she determines that such action is in the best interest of the Endowment. A decision to extend or not to extend the payment period is

(b) Inspection of Endowment records related to the debt. (1) In accordance with §1150.5, if you want to inspect or copy Endowment records related to the debt, you must send a letter to the Endowment official designated in the Notice stating your intention. Your letter must be received within 30 days of the date of the Notice.

(2) In response to the timely request described in paragraph (b)(1) of this section, the designated Endowment official will notify you of the location and time when you may inspect and copy records related to the debt.

(3) If personal inspection of Endowment records related to the debt is impractical, reasonable arrangements will be made to send you copies of those records.

(c) Review official. The Chairperson shall designate an officer or employee of the Endowment (who was not involved in the determination of the debt) as the review official. When required by law or regulation, the Endowment may request an administrative law judge to conduct the review, or may obtain a review official who is an official, employee, or agent of the United States, but who is not under the supervision or control of the Chairperson. However, unless the review is conducted by an official or employee of the Endowment, any unresolved dispute you have regarding whether all or part of the debt is past due or legally enforceable (for purposes of collection by tax refund offset under §1150.31) must be referred to the Chairperson for ultimate administrative disposition, and the Chairperson must notify you of his or her determination.

(d) Review procedure. After you request a review, the review official will notify you of the form of the review to be provided. The review official shall determine whether an oral hearing is required, or if a review of the written record is sufficient, in accordance with the Federal Claims Collection Standards. In either case, the review official shall conduct the review in accordance with the Federal Claims Collection Standards. If the review will include an oral hearing, the notice sent to you by the review official will set forth the date, time, and location of the hearing.

(e) Date of decision. The review official will issue a written decision, based upon either the written record or documentary evidence and information developed at an oral hearing, as soon as practical, but not later than 60 days after the date on which the Endowment received your request for a review, unless you request, and the review official grants, a delay in the proceedings.

(f) Content of review decision. The review official will prepare a written decision that includes:

(1) A statement of the facts presented to support the origin, nature, and amount of the debt;

(2) The review official’s findings, analysis, and conclusions; and

(3) The terms of any repayment schedule, if applicable.

(g) Interest, penalty charge, and administrative cost accrual during review period. Interest, penalty charges, and administrative costs authorized by law will continue to accrue during the review period.
§ 1150.8 Final and is not subject to further review.

(b) Penalty. The Endowment will assess a penalty charge, not to exceed 6 percent a year, on any portion of a debt that is delinquent for more than 90 days.

c) Administrative costs. The Endowment will assess charges to cover administrative costs incurred as a result of your failure to pay a debt before it becomes delinquent. Administrative costs include the additional costs incurred in processing and handling the debt because it became delinquent, such as costs incurred in obtaining a credit report or in using a private collection contractor, or service fees charged by a Federal agency for collection activities undertaken on behalf of the Endowment.

d) Allocation of payments. A partial or installment payment by a debtor will be applied first to outstanding penalty assessments, second to administrative costs, third to accrued interest, and fourth to the outstanding debt principal.

e) Additional authority. The Endowment may assess interest, penalty charges, and administrative costs on debts that are not subject to 31 U.S.C. 3717 to the extent authorized under common law or other applicable statutory authority.

(f) Waiver. (1) The Chairperson may (without regard to the amount of the debt) waive collection of all or part of accrued interest, penalty charges, or administrative costs, if he or she determines that collection of these charges would be against equity and good conscience or not in the best interest of the Endowment.

(2) A decision to waive interest, penalty charges, or administrative costs may be made at any time before a debt is paid. However, where these charges have been collected before the waiver decision, they will not be refunded. The Chairperson's decision to waive or not waive collection of these charges is final and is not subject to further review.

§ 1150.8 Will failure to pay my debt affect my eligibility for Endowment programs?

In the event that you fail to pay your debt to the Endowment within a reasonable period of time after the date of the Notice of debt, the General Counsel of the Endowment shall place your name on the Endowment’s list of debarred, suspended, and ineligible contractors, grantees, and other participants in programs sponsored by the Endowment. You will be advised of this action.

§ 1150.9 How can I resolve the Endowment’s claim through a voluntary repayment agreement?

In response to a Notice of debt, you may propose to the Endowment that you be allowed to repay the debt through a voluntary repayment agreement in lieu of the Endowment taking other collection actions under this part.

(a) Your request to enter into a voluntary repayment agreement must:

(1) Be in writing;
(2) Admit the existence of the debt; and
(3) Either propose payment of the debt (together with interest, penalty charges, and administrative costs) in a lump sum, or set forth a proposed repayment schedule.

(b) The Endowment will collect claims in full or one lump sum whenever feasible. However, if you are unable to pay your debt in one lump sum, the Endowment may accept payment in regular installments that bear a reasonable relationship to the size of the debt and your ability to pay.

(c) The Endowment will consider a request to enter into a voluntary repayment agreement in accordance with the Federal Claims Collection Standards. The Chairperson may request additional information from you, including financial statements if you request to make payments in installments, in order to make a determination of whether to accept a voluntary repayment agreement. It is within the Chairperson’s discretion to accept a repayment agreement instead of proceeding with other collection actions under this part, and to set the necessary terms of any voluntary repayment agreement.
§ 1150.12 How will the Endowment use credit reporting agencies to collect its claims?

(a) The Endowment may report delinquent debts to appropriate credit reporting agencies by providing the following information:

(1) A statement that the debt is valid and overdue;

(2) The name, address, taxpayer identification number, and any other information necessary to establish the identity of the debtor;

(3) The amount, status, and history of the debt; and

(4) The program or pertinent activity under which the debt arose.

(b) Before disclosing debt information to a credit reporting agency, the Endowment will:

(1) Take reasonable action to locate the debtor if a current address is not available;

(2) Provide the notice required under §1150.5 if a current address is available; and

(3) Obtain satisfactory assurances from the credit reporting agency that it complies with the Fair Credit Reporting Act (15 U.S.C. 1681 et seq.) and other Federal laws governing the provision of credit information.

(c) At the time debt information is submitted to a credit reporting agency, the Endowment will provide a written statement to the reporting agency that all required actions have been taken. In addition, the Endowment will, thereafter, ensure that the credit reporting agency is promptly informed of any substantive change in the conditions or amount of the debt, and promptly verify or correct information relevant to the debt.

(d) If a debtor disputes the validity of the debt, the credit reporting agency will refer the matter to the appropriate Endowment official. The credit reporting agency will exclude the debt from its reports until the Endowment certifies in writing that the debt is valid.

(e) The Endowment may disclose to a commercial credit bureau information concerning a commercial debt, including the following:
§ 1150.13 How will the Endowment contract for collection services?

The Endowment will use the services of a private collection contractor where it determines that such use is in the best interest of the Endowment. When the Endowment determines that there is a need to contract for collection services, it will:

(a) Retain sole authority to:
   (1) Resolve any dispute with the debtor regarding the validity of the debt;
   (2) Compromise the debt;
   (3) Suspend or terminate collection action;
   (4) Refer the debt to the DOJ for litigation; and
   (5) Take any other action under this part which does not result in full collection of the debt;

(b) Require the contractor to comply with the Privacy Act of 1974, as amended, to the extent specified in 5 U.S.C. 552a(m); with the Fair Debt Collection Practices Act (15 U.S.C. 1692–1692o) and other applicable Federal and State laws pertaining to debt collection practices; and with the applicable regulations of the Endowment in this chapter;

(c) Require the contractor to account accurately and fully for all amounts collected; and

(d) Require the contractor to provide to the Endowment, upon request, all data and reports contained in its files related to its collection actions on a debt.

§ 1150.14 When will the Endowment refer claims to the DOJ?

The Chairperson will refer to the DOJ for litigation claims on which aggressive collection actions have been taken but which could not be collected, compromised, suspended, or terminated. Referrals will be made as early as possible, consistent with aggressive Endowment collection action, and within the period for bringing a timely suit against the debtor.

§ 1150.15 Will the Endowment use a cross-service agreement with the Treasury to collect its claims?

(a) The Endowment will enter into a cross-service agreement that authorizes the Treasury to take the collection actions described in this part on behalf of the Endowment. These debt collection services will be provided to the Endowment in accordance with 31 U.S.C. Chapter 37.

(b) The Endowment shall transfer to the Treasury any past due, legally enforceable, non-tax debt that has been delinquent for a period of 180 days or more so that the Secretary of the Treasury may take appropriate action in accordance with 31 U.S.C. 3716, 5 U.S.C. 5514, the Federal Claims Collection Standards, 5 CFR 550.1108, and 31 CFR part 285. The categories of debts described in 31 U.S.C. 3711(g)(2) are excluded from transfer under this paragraph (b).

§ 1150.16 May I use the Endowment’s failure to comply with these regulations as a defense?

No. The failure of the Endowment to comply with any standard prescribed in the Federal Claims Collection Standards or these regulations shall not be available to any debtor as a defense.

Subpart B—Salary Offset

§ 1150.20 What debts are included or excluded from coverage of these regulations on salary offset?

(a) The regulations in this subpart provide Endowment procedures for the collection by salary offset of a Federal employee’s pay to satisfy certain debts owed to the Endowment or to other Federal agencies.

(b) The regulations in this subpart do not apply to any case where collection of a debt by salary offset is explicitly provided for or prohibited by another statute.

(c) Nothing in the regulations in this subpart precludes the compromise, suspension, or termination of collection actions under the Federal Claims Collection Act of 1966, as amended, or the Federal Claims Collection Standards.
(d) A levy pursuant to the Internal Revenue Code takes precedence over a salary offset under this subpart, as provided in 5 U.S.C. 5514(d).

(e) This subpart does not apply to any adjustment to pay arising out of your election of coverage or a change in coverage under a Federal benefits program requiring periodic deductions from pay, if the amount to be recovered was accumulated over four or fewer pay periods.

§ 1150.21 May I ask the Endowment to waive an overpayment that otherwise would be collected by offsetting my salary as a Federal employee?

Yes. The regulations in this subpart do not preclude you from requesting waiver of an overpayment under 5 U.S.C. 5584 or 8346(b), 10 U.S.C. 2774, 32 U.S.C. 716, or other statutory provisions pertaining to the particular debts being collected.

§ 1150.22 What are the Endowment’s procedures for salary offset?

(a) The Endowment will coordinate salary deductions under this subpart as appropriate.

(b) If you are an Endowment employee, the Endowment’s payroll office will determine the amount of your disposable pay and will implement the salary offset.

(c) Deductions will begin within three official pay periods following receipt by the Endowment’s payroll office of certification of debt from the creditor agency.

(d) Types of collection. (1) Lump-sum offset. If the amount of the debt is equal to or less than 15 percent of disposable pay, the debt generally will be collected through one lump-sum offset.

(2) Installment deductions. Installment deductions will be made over a period not greater than the anticipated period of employment. The size and frequency of installment deductions will bear a reasonable relation to the size of the debt and your ability to pay. However, the amount deducted from any period will not exceed 15 percent of the disposable pay from which the deduction is made unless you have agreed in writing to the deduction of a greater amount. If possible, installment payments will be sufficient in size and frequency to liquidate the debt in three years or less.

(3) Deductions from final check. A deduction exceeding the 15 percent of disposable pay limitation may be made from any final salary payment under 31 U.S.C. 3716 and the Federal Claims Collection Standards, in order to liquidate the debt, whether the employee is being separated voluntarily or involuntarily.

(4) Deductions from other sources. If an employee subject to salary offset is separated from the Endowment, and the balance of the debt cannot be liquidated by offset of the final salary check, then the Endowment may offset later payments of any kind against the balance of the debt, as allowed by 31 U.S.C. 3716 and the Federal Claims Collection Standards.

(e) Multiple debts. In instances where two or more creditor agencies are seeking salary offsets, or where two or more debts are owed to a single creditor agency, the Endowment’s payroll office may, at its discretion, determine whether one or more debts should be offset simultaneously within the 15 percent limitation.

§ 1150.23 How will the Endowment coordinate salary offsets with other agencies?

(a) Responsibilities of the Endowment as the creditor agency. Upon completion of the procedures established in this subpart and pursuant to 5 U.S.C. 5514, the Endowment must submit a claim to a paying agency.

(1) In its claim, the Endowment must certify, in writing, the following:

(i) That the employee owes the debt;

(ii) The amount and basis of the debt;

(iii) The date the Endowment’s right to collect the debt first accrued; and

(iv) That the Endowment’s regulations in this subpart have been approved by OPM under 5 CFR part 550, subpart K.

(2) If the collection must be made in installments, the Endowment’s claim will also advise the paying agency of the amount or percentage of disposable pay to be collected in each installment. The Endowment may also advise the paying agency of the number of installments to be collected and the date of the first installment, if that date is
other than the next officially established pay period.

(3) The Endowment shall also include in its claim:
   (i) The employee’s written consent to the salary offset;
   (ii) The employee’s signed statement acknowledging receipt of the procedures required by 5 U.S.C. 5514; or
   (iii) Information regarding the completion of procedures required by 5 U.S.C. 5514, including the actions taken and the dates of those actions.

(4) If the employee is in the process of separating and has not received a final salary check or other final payment(s) from the paying agency, the Endowment must submit its claim to the paying agency for collection under 31 U.S.C. 3716. The paying agency will (under its regulations adopted under 5 U.S.C. 5514 and 5 CFR part 550, subpart K), certify the total amount of its collection on the debt and notify the employee and the Endowment. If the paying agency’s collection does not fully satisfy the debt, and the paying agency is aware that the debtor is entitled to payments from the Civil Service Retirement and Disability Fund or other similar payments that may be due the debtor employee from other Federal government sources, then (under its regulations adopted under 5 U.S.C. 5514 and 5 CFR part 550, subpart K), the paying agency will provide written notice of the outstanding debt to the agency responsible for making the other payments to the debtor employee. The written notice will state that the employee owes a debt, the amount of the debt, and that the provisions of this section have been fully complied with. However, the Endowment must submit a properly certified claim under this paragraph (a)(4) to the agency responsible for making the payments before the collection can be made.

(5) Separated employee. If the employee is already separated and all payments due from his or her former paying agency have been paid, the Endowment may request, unless otherwise prohibited, that money due and payable to the employee from the Civil Service Retirement and Disability Fund or other similar funds be administratively offset to collect the debt.

(6) Employee transfer. When an employee transfers from one paying agency to another paying agency, the Endowment will not repeat the due process procedures described in 5 U.S.C. 5514 and this subpart to resume the collection. The Endowment will submit a properly certified claim to the new paying agency and will subsequently review the debt to ensure that the collection is resumed by the new paying agency.

(b) Responsibilities of the Endowment as the paying agency.

(1) Complete claim. When the Endowment receives a certified claim from a creditor agency (under the creditor agency’s regulations adopted under 5 U.S.C. 5514 and 5 CFR part 550, subpart K), deductions should be scheduled to begin within three officially established pay intervals. Before deductions can begin, the employee will receive a written notice from the Endowment including:
   (i) A statement that the Endowment has received a certified claim from the creditor agency;
   (ii) The amount of the claim;
   (iii) The date salary offset deductions will begin; and
   (iv) The amount of such deductions.

(2) Incomplete claim. When the Endowment receives an incomplete certification of debt from a creditor agency, the Endowment will return the claim with a notice that the creditor agency must comply with the procedures required under 5 U.S.C. 5514 and 5 CFR part 550, subpart K, and must properly certify a claim to the Endowment before the Endowment will take action to collect from the employee’s current pay account.

(3) The Endowment is not authorized to review the merits of the creditor agency’s determination with respect to the amount or validity of the debt certified by the creditor agency.

(4) Employees who transfer from the Endowment to another paying agency. If, after the creditor agency has submitted the claim to the Endowment, the employee transfers from the Endowment to a different paying agency before the debt is collected in full, the Endowment will certify the total amount collected on the debt and notify the employee and the creditor agency in writing. The notification to
the creditor agency will include information on the employee’s transfer.

§ 1150.24 Under what conditions will the Endowment make a refund of amounts collected by salary offset?

(a) If the Endowment is the creditor agency, it will promptly refund any amount deducted under the authority of 5 U.S.C. 5514, when:

(1) The debt is waived or all or part of the funds deducted are otherwise found not to be owed (unless expressly prohibited by statute or regulation); or

(2) An administrative or judicial order directs the Endowment to make a refund.

(b) Unless required or permitted by law or contract, refunds under this section will not bear interest.

§ 1150.25 Will the collection of a claim by salary offset act as a waiver of my rights to dispute the claimed debt?

Your involuntary payment of all or any portion of a debt under this subpart will not be construed as a waiver of any rights that you may have under 5 U.S.C. 5514 or other provisions of a law or written contract, unless there are statutory or contractual provisions to the contrary.

Subpart C—Tax Refund Offset

§ 1150.30 Which debts can the Endowment refer to the Treasury for collection by offsetting tax refunds?

(a) The regulations in this subpart implement 31 U.S.C. 3720A, which authorizes the Treasury to reduce a tax refund by the amount of a past-due, legally enforceable debt owed to a Federal agency.

(b) For purposes of this section, a past-due, legally enforceable debt referable to the Treasury for tax refund offset is a debt that is owed to the Endowment and:

(1) Is at least $25.00;

(2) Except in the case of a judgment debt, has been delinquent for at least three months and will not have been delinquent more than 10 years at the time the offset is made;

(3) Cannot currently be collected under the salary offset provisions of 5 U.S.C. 5514;

(4) Is ineligible for administrative offset under 31 U.S.C. 3716(a) by reason of 31 U.S.C. 3716(c)(2) or cannot be collected by administrative offset under 31 U.S.C. 3716(a) by the Endowment against amounts payable to the debtor by the Endowment;

(5) With respect to which the Endowment has

(i) given the debtor at least 60 days to present evidence that all or part of the debt is not past due or legally enforceable,

(ii) considered evidence presented by the debtor, and

(iii) determined that an amount of the debt is past due and legally enforceable;

(6) Has been disclosed by the Endowment to a credit reporting agency as authorized by 31 U.S.C. 3711(e) and §1150.12 of this part, unless the credit reporting agency would be prohibited from reporting information concerning the debt by reason of 15 U.S.C. 1681c;

(7) With respect to which the Endowment has notified or has made a reasonable attempt to notify the debtor that:

(i) The debt is past due, and

(ii) Unless repaid within 60 days of the date of the Notice, the debt may be referred to the Treasury for offset against any refund of overpayment of tax; and

(8) All other requirements of 31 U.S.C. 3720A and the Treasury regulations relating to the eligibility of a debt for tax return offset (31 CFR 285.2) have been satisfied.

§ 1150.31 What are the Endowment’s procedures for collecting debts by tax refund offset?

(a) The Chairperson will be the point of contact with the Treasury for administrative matters regarding the offset program.

(b) The Endowment will ensure that the procedures prescribed by the Treasury are followed in developing information about past-due debts and submitting the debts to the Treasury.

(c) The Endowment will submit to the Treasury a notification of a taxpayer’s liability for past-due legally enforceable debt. This notification will contain the following:
§ 1150.40  Under what circumstances will the Endowment collect amounts that I owe to the Endowment (or some other Federal agency) by offsetting the debt against payments that the Endowment (or some other Federal agency) owes to me?

(a) The regulations in this subpart apply to the collection of any debts you owe to the Endowment, or to any request from another Federal agency that the Endowment collect a debt you owe by offsetting your debt against a payment the Endowment owes you. Administrative offset is authorized under Section 5 of the Federal Claims Collection Act of 1966, as amended (31 U.S.C. 3716). The Endowment shall carry out administrative offset in accordance with the provisions of the Federal Claims Collection Standards; the regulations in this subpart are intended only to supplement the provisions of the Federal Claims Collection Standards.

(b) The Chairperson, after attempting to collect a debt you owe to the Endowment under Section 3(a) of the Federal Claims Collection Act of 1966, as amended (31 U.S.C. 3711(a)), may collect the debt by administrative offset, subject to the following:

(1) The debt you owe is certain in amount; and

(2) It is in the best interest of the Endowment to collect your debt by administrative offset because of the decreased costs of collection and acceleration in the payment of the debt.

(c) No collection by administrative offset will be made on any debt that has been outstanding for more than 10 years unless facts material to the Endowment or a federal agency’s right to collect the debt were not known, and reasonably could not have been known, by the official or officials responsible for discovering and collecting the debt.

(d) The regulations in this subpart do not apply to:

(1) A case in which administrative offset of the type of debt involved is explicitly prohibited by statute; or

(2) Debts owed to the Endowment by Federal agencies.

§ 1150.41  How will the Endowment request that my debt to the Endowment be collected by offset against some payment that another Federal agency owes me?

The Chairperson may request that funds due and payable to you by another Federal agency instead be paid to the Endowment to satisfy a debt you owe to the Endowment. In requesting administrative offset, the Endowment will certify in writing to the Federal agency that is holding funds for you:

(a) That you owe the debt;

(b) The amount and basis of the debt; and

(c) That the Endowment has complied with the requirements of 31 U.S.C. 3716, its own administrative offset regulations in this subpart, and the applicable provisions of the Federal Claims Collection Standards with respect to providing you with due process.
§ 1150.42 What procedures will the Endowment use to collect amounts I owe to a Federal agency by offsetting a payment that the Endowment would otherwise make to me?

(a) Any Federal agency may request that the Endowment administratively offset funds due and payable to you in order to collect a debt you owe to that agency. The Endowment will initiate the requested offset only upon:
(i) Receipt of written certification from the creditor agency stating:
(ii) That you owe the debt;
(iii) The amount and basis of the debt;
(iv) That the agency has prescribed regulations for the exercise of administrative offset; and
(v) That the agency has complied with its own administrative offset regulations and with the applicable provisions of the Federal Claims Collection Standards, including providing you with any required hearing or review; and
2) A determination by the Chairperson that offsetting funds payable to you by the Endowment in order to collect a debt owed by you would be in the best interest of the United States as determined by the facts and circumstances of the particular case, and that such an offset would not otherwise be contrary to law.

(b) Multiple debts. In instances where two or more creditor agencies are seeking administrative offsets, or where two or more debts are owed to a single creditor agency, the Endowment may, in its discretion, allocate the amount it owes to you to the creditor agencies in accordance with the best interest of the United States as determined by the facts and circumstances of the particular case, paying special attention to applicable statutes of limitations.

§ 1150.43 When may the Endowment make an offset in an expedited manner?

The Endowment may effect an administrative offset against a payment to be made to you before completion of the procedures required by §§1150.41 and 1150.42 if failure to take the offset would substantially jeopardize the Endowment’s ability to collect the debt and the time before the payment is to be made does not reasonably permit the completion of those procedures. An expedited offset will be followed promptly by the completion of those procedures. Amounts recovered by offset, but later found not to be owed to the Endowment, will be promptly refunded.

§ 1150.44 Can a judgment I have obtained against the United States be used to satisfy a debt that I owe to the Endowment?

Collection by offset against a judgment obtained by a debtor against the United States will be accomplished in accordance with 31 U.S.C. 3728.

This part applies to each recipient of financial assistance from the National Endowment for the Arts and to each program or activity that receives such assistance.

§ 1151.3 Definitions.

(f) Federal financial assistance means any grant, loan, contract (other than a procurement contract or a contract of insurance or guaranty), or any other arrangement by which the Endowment provides or otherwise makes available assistance in the form of:

(1) Funds;

(2) Services of federal personnel; or

(3) Real and personal property or any interest in or use of such property, including:

(i) Transfers of leases of such property for less than fair market value or for reduced consideration; and,

§ 1151.11

Handicapped person.

(a) Handicapped person means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment. For purposes of section 504, in connection with employment, this term does not include any individual who is an alcoholic or drug abuser whose current use of alcohol or drugs prevents such individual from performing the duties of the job in question or whose employment, by reason of such current alcohol or drug abuse, would constitute a direct threat to the property or safety of others.

(b) As used in paragraph (a) of this section, the phrase:

(1) Physical or mental impairment means:

(i) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: Neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genito-urinary; hemic and lymphatic; skin; and endocrine; or

(4) **Is regarded as having an impairment** means:
   (i) Has a physical or mental impairment that does not substantially limit major life activities but that is treated by a recipient as constituting such a limitation;
   (ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment;
   (iii) Has none of the impairments defined in paragraph (b)(1) of this section but is treated by a recipient as having such an impairment.

§ 1151.12 Qualified handicapped person.

**Qualified handicapped person** means:

(a) With respect to employment, a handicapped person who, with reasonable accommodation, can perform the essential functions of the job in question; and

(b) With respect to services, a handicapped person who meets the essential eligibility requirements for the receipt of such services.

§§ 1151.13–1151.15 [Reserved]

**Subpart C—Discrimination Prohibited**

GENERAL

§ 1151.16 General prohibitions against discrimination.

(a) No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity which receives federal financial assistance.

(b) These regulations do not prohibit the exclusion of nonhandicapped persons or persons with a specific type of handicap from aid, benefits, or services limited by Federal statute or executive order to handicapped persons or persons with a different type of handicap.

(c) Recipients shall take appropriate steps to insure that no handicapped individual is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination in any program or activity receiving Endowment financial assistance because of the absence of appropriate auxiliary aids for individuals with impaired sensory, manual, or speaking skills.

(d) Recipients shall take appropriate steps to insure that communications with their applicants, employees, and beneficiaries are available to persons with impaired vision and hearing.

(e) Recipients shall administer programs or activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

§ 1151.17 Specific discriminatory actions prohibited.

(a) A recipient, in providing any aid, benefit, or service, either directly or through contractual, licensing, or other arrangements, shall not, on the basis of handicap:

   (1) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

   (2) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

   (3) Provide a qualified handicapped person with an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

   (4) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons unless such action is necessary
§ 1151.18 Illustrative examples.

(a) The following examples will illustrate the application of the foregoing provisions to some of the activities funded by the National Endowment for the Arts.

(1) A museum exhibition catalogue or small press editions supported by the Endowment may be made usable by the blind and the visually impaired through cassette tapes, records, discs, braille, readers and simultaneous publications;

(2) A theatre performance supported by Federal funds may be made available to deaf and hearing impaired persons through the use of a sign language interpreter or by providing scripts in advance of the performance.

(3) A performing arts organization receiving Federal funds and offering, for example, a specific event in an inaccessible facility may arrange to provide a reasonable opportunity for that specific event to be offered to the public at large in an alternative accessible space; e.g., a theatre offering four different plays a season may offer at least one performance of each play in an alternative accessible space.

(b) A recipient may not make every effort to assure that they do not support organizations or individuals that discriminate;

(c) A handicapped person with experience and expertise equal to qualification standards established by a planning or advisory board may not be excluded from participation on the board on the basis of handicap. This does not mean that every planning or advisory board necessarily must include a handicapped person.

(d) A recipient may not in determining the site or location of a facility, make selections:

(1) That have the effect of excluding handicapped persons from denying them the benefits of, or otherwise subjecting them to discrimination under any program or activity that receives federal financial assistance; or

(2) That have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the program or activity with respect to handicapped persons.
§§ 1151.19–1151.20

(b) Despite the existence of permissible separate or different aid, benefits, or services, e.g., periodic performances in alternative accessible spaces, a physically handicapped person who wishes to be, and can be, escorted to a seat, may not be denied such access to an otherwise inaccessible theatre.

(c) State arts agencies are obligated to develop methods of administering federal funds so as to ensure that handicapped persons are not subjected to discrimination on the basis of handicap either by sub-grantees or by the manner in which the funds are distributed.

(d) In the event Endowment funds are utilized to construct, expand, alter, lease or rent a facility, the aid, benefits, or services provided in or through that facility must be conducted in accordance with these regulations, e.g., a museum receiving a grant to renovate an existing facility must assure that all museum aid, benefits, or services conducted in that facility are accessible to handicapped persons.

(e) In carrying out the mandate of section 504 and these implementing regulations recipients should make every effort to administer Endowment assisted programs or activities in a setting in which able-bodied and disabled persons are integrated, e.g., tours made available to the hearing impaired should be open to the public at large and everyone should be permitted to enjoy the benefits of a tactile experience in a museum.

§§ 1151.19–1151.20 [Reserved]

ACCESSIBILITY

§ 1151.21 Discrimination prohibited.

No qualified handicapped person shall, because a recipient’s facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which this part applies.

§ 1151.22 Existing facilities.

(a) A recipient shall operate each program or activity to which this part applies so that when each part is viewed in its entirety it is readily accessible to and usable by handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing facilities or every part of a facility accessible to and usable by handicapped persons.

(b) A recipient may comply with the requirement of paragraph (a) of this section through alteration of existing facilities, the construction of new facilities, or any other methods that result in making its program or activity accessible to handicapped persons. A recipient is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with paragraph (a) of this section. In choosing among available methods for meeting the requirement of paragraph (a) of this section, a recipient shall give priority to those methods that serve handicapped persons in the most integrated setting appropriate.

(c) Time period. A recipient shall comply with the requirement of paragraph (a) of this section within sixty days of the effective date of this part except that where structural changes are necessary such changes shall be made as soon as possible but in no event later than three years after the effective date of this part.

(d) Transition plan. In the event structural changes to facilities are necessary to meet the requirement of paragraph (a) of this section, a recipient shall develop, within one year of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The plan shall be developed with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons. Upon request, the recipient shall make available for public inspection a copy of the transition plan. The plan shall, at a minimum:

(1) Identify physical obstacles in the recipient’s facilities that limit the accessibility of its program or activity to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

§ 1151.31 Discrimination prohibited.

(a) No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity that receives federal financial assistance.

(b) A recipient shall make all decisions concerning employment under any program or activity to which this part applies in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap.

(c) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. The relationships referred to in this paragraph include relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipients, and with organizations providing training and apprenticeships.

(d) The prohibition against discrimination in employment applies to the following activities:

(1) Recruitment, advertising, and the processing of applications for employment;

(2) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff, and rehiring;

(3) Rates of pay or any other form of compensation and changes in compensation;

(4) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

(5) Leaves of absences, sick leave, or any other leave;

(6) Fringe benefits available by virtue of employment, whether or not administered by the recipient;

§ 1151.23 New construction.

(a) Design, construction, and alteration. New facilities shall be designed and constructed to be readily accessible to and usable by handicapped persons. Alterations to existing facilities shall, to the maximum extent feasible, be designed and constructed to be readily accessible to and usable by handicapped persons.

(b) Conformance with Uniform Federal Accessibility Standards. (1) Effective as of January 18, 1991, design, construction, or alteration of buildings in conformance with sections 3-8 of the Uniform Federal Accessibility Standards (USAF) (appendix A to 41 CFR subpart 101–19.6) shall be deemed to comply with the requirements of this section with respect to those buildings. Departures from particular technical and scoping requirements of UFAS by the use of other methods are permitted where substantially equivalent or greater access to and usability of the building is provided.

(2) For purposes of this section, section 4.1.6(1)(g) of UFAS shall be interpreted to exempt from the requirements of UFAS only mechanical rooms and other spaces that, because of their intended use, will not require accessibility to the public or beneficiaries or result in the employment or residence therein of persons with physical handicaps.

(3) This section does not require recipients to make building alterations that have little likelihood of being accomplished without removing or altering a load-bearing structural member.

(4) Specify the schedule for taking the steps necessary to achieve full accessibility under paragraph (a) of this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the person responsible for implementation of the plan.

§ 1151.24 Historic properties. [Reserved]

§§ 1151.25–1151.30 [Reserved]
§ 1151.32 Reasonable accommodation.

(a) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program or activity.

(b) Reasonable accommodation may include:

(1) Making facilities used by employees readily accessible to and usable by handicapped persons; and

(2) Job restructuring, part-time or modified work schedules, acquisition, or modification of equipment or devices, such as use of telecommunication devices and amplifiers on telephones, the provision of readers or interpreters, and other similar actions.

(c) In determining pursuant to paragraph (a) of this section whether an accommodation would impose an undue hardship on the operation of a recipient’s program or activity, factors to be considered include:

(1) The overall size of the recipient’s program or activity with respect to number of employees, number and type of facilities, and size of budget;

(2) The type of the recipient’s operation, including the composition and structure of the recipient’s workforce; and

(3) The nature and cost of the accommodation needed.

§ 1151.33 Employment criteria.

(a) A recipient may not make use of any employment test or other selection criterion that screens out or tends to screen out handicapped persons or any class of handicapped persons unless:

(1) The test score or other selection criterion, as used by the recipient, is shown to be job-related for the position in question; and

(2) Alternative job-related tests or criteria are unavailable.

(b) A recipient shall select and administer tests concerning employment so as best to ensure that, when administered to an applicant or employee who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant’s or employee’s job skills, aptitude, or other factors relevant to adequate performance of the job in question.

§ 1151.34 Preemployment inquiries.

A recipient may not, except as provided below, conduct a preemployment medical examination, make preemployment inquiry as to whether the applicant is a handicapped person, or inquire as to the nature or severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant’s ability to perform job-related functions.

(a) When a recipient is taking remedial action to correct the effects of past discrimination, when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity, or when a recipient is taking affirmative action pursuant to section 504 of the Act, the recipient may invite applicants for employment to indicate whether and to what extent they are handicapped, provided, that:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary or affirmative action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept
§ 1151.41 Assurances required.
(a) An applicant for federal financial assistance to which this part applies shall submit an assurance, on a form specified by the Chairman, that the program or activity will be operated in compliance with this part. An applicant may incorporate these assurances by reference in subsequent applications to the Endowment.
(b) Duration of obligation. (1) In the case of federal financial assistance extended to provide personal property, the assurance will obligate the recipient for the period during which it retains ownership or possession of the property.
(2) In all other cases the assurance will obligate the recipient for the period during which federal financial assistance is extended.
(c) Covenants. Where property is purchased or improved with federal financial assistance, the recipient shall agree to include in any instrument effecting or recording any transfer of the property a covenant running with the property assuring nondiscrimination for the period during which the real property is used for a purpose for which the federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

§ 1151.42 Self evaluation.
(a) A recipient shall within six months of the effective date of this part:
(1) Evaluate, with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons, its current policies and practices and the effects thereof that do not or may not meet the requirements of this part;
(2) Modify, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, any policies and practices that do not meet the requirements of this part;
(3) Take, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, any policies and practices that do not meet the requirements of this part; and
(4) Maintain on file, make available for public inspection, and provide to the Endowment upon request, for at least three years following completion of the self-evaluation:
(i) A list of the interested persons consulted;
(ii) A description of areas examined and any problems identified; and,
§ 1151.43 Adoption of grievance procedures.

(c) These regulations are intended to improve the internal management of the Endowment, and are not intended to create any right or benefit enforceable at law by a party against the Endowment or its officers.

§ 1152.2 What definitions apply to these regulations?

Chairman means the Chairman of the National Endowment for the Arts or an official or employee of the Endowment acting for the Chairman under a delegation of authority.

§ 1152.8 How does the Chairman provide states with an opportunity to comment on proposed Federal financial assistance?

(a) Except in unusual circumstance, the Chairman gives state processes or directly affected state, areawide, regional and local officials and entities—

(b) This section also applies to comments in cases in which the review, coordination, and communication with the Endowment have been delegated.

§ 1152.9 How does the Chairman receive and respond to comments?

(a) The Chairman follows the procedures in §1152.10 if:

(1) A state office or official is designated to act as a single point of contact between a state process and all Federal agencies; and

(2) That office or official transmits a state process recommendation for a program selected under §1152.6.

(b)(1) The single point of contact is not obligated to transmit comments from state, areawide, regional or local officials and entities where there is no state process recommendation.

(2) If a state process recommendation is transmitted by a single point of contact, all comments from state, areawide, regional, and local officials and entities that differ from it must also be transmitted.

(c) If a state has not established a process, or is unable to submit a state process recommendation, state, areawide, regional and local officials and entities may submit comments to the Endowment.

(d) If a program or activity is not selected for a state process, state, areawide, regional and local officials and entities may submit comments to the Endowment. In addition, if a state process recommendation for a non-selected program or activity is transmitted to the Endowment by the single point of contact, the Chairman follows the procedure of §1152.10 of this part.

(e) The Chairman considers comments which do not constitute a state process recommendation submitted under these regulations and for which the Chairman is not required to apply the procedures of §1152.10 of this part, when such comments are provided by a single point of contact or directly to the Endowment by a commenting party.

§ 1152.10 How does the Chairman make efforts to accommodate intergovernmental concerns?

(a) If a state process provides a state process recommendation to the Endowment through its single point of contact, the Chairman either:

(1) Accepts the recommendation;

(2) Reaches a mutually agreeable solution with the state process; or

(3) Provides the single point of contact with such written explanation of the decision, as the Chairman in his or her discretion deems appropriate. The Chairman may supplement the written explanation by also providing the explanation to the single point of contact by telephone other telecommunication, or other means.

(b) In any explanation under paragraph (a)(3) of this section the Chairman informs the single point of contact that:

(1) The Endowment will not implement its decision for ten days after the single point of contact receives the explanation; or

(2) The Chairman has reviewed the decision and determined that, because of unusual circumstances, the ten-day waiting period is not feasible.

(c) For purposes of computing the waiting period under paragraph (b)(1) of this section, a single point of contact is presumed to have received written notification 5 days after the date of mailing of such notification.
§ 1152.11 What are the Chairman’s obligations in interstate situations?

(a) The Chairman is responsible for:

(1) Identifying proposed Federal financial assistance that has an impact on interstate areas;

(2) Notifying appropriate officials and entities in states which have adopted a process and which select the Endowment’s program or activity;

(3) Making efforts to identify and notify the affected state, areawide, regional, and local officials and entities in those states that have not adopted a process under the Order or do not select the Endowment’s program or activity;

(4) Responding pursuant to § 1152.10 of this part if the Chairman receives a recommendation from a designated areawide agency transmitted by a single point of contact, in cases in which the review, coordination, and communication with the Endowment have been delegated.

(b) The Chairman uses the procedures in § 1152.10 if a state process provides a state process recommendation to the Endowment through a single point of contact.

§ 1152.12 How may a state simplify, consolidate, or substitute federally required state plans?

(a) As used in this section:

(1) Simplify means that a state may develop its own format, choose its own submission date, and select the planning period for a state plan.

(2) Consolidate means that a state may meet statutory and regulatory requirements by combining two or more plans into one document and that the state can select the format, submission date, and planning period for the consolidated plan.

(3) Substitute means that a state may use a plan or other document that it has developed for its own purposes to meet Federal requirements.

(b) If not inconsistent with law, a state may decide to try to simplify, consolidate, or substitute Federally required state plans without prior approval by the Chairman.

(c) The Chairman reviews each state plan that a state has simplified, consolidated, or substituted and accepts the plan only if it meets Federal requirements.

§ 1152.13 May the Chairman waive any provision of these regulations?

In an emergency, the Chairman may waive any provision of these regulations.

(ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or

(iii) Has none of the impairments defined in paragraph (1) of this definition but is treated by the agency as having such an impairment.

§§ 1153.104–1153.109 [Reserved]

§ 1153.110 Self-evaluation.

(a) The agency shall, by August 24, 1987, evaluate its current policies and practices, and the effects thereof, that do not or may not meet the requirements of this part, and, to the extent modification of any such policies and practices is required, the agency shall proceed to make the necessary modifications.

(b) The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the self-evaluation process by submitting comments (both oral and written).

§§ 1153.112–1153.129 [Reserved]

§ 1153.130 General prohibitions against discrimination.

(a) No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

(b)(1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;
(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The agency may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different, despite the existence of permisibly separate or different programs or activities.

(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified handicapped persons to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to handicapped persons.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

(6) The agency may not administer a licensing or certification program in a manner that subjects qualified handicapped persons to discrimination on the basis of handicap, nor may the agency establish requirements for the programs or activities of licensees or certified entities that subject qualified handicapped persons to discrimination on the basis of handicap. However, the programs or activities of entities that are licensed or certified by the agency are not, themselves, covered by this part.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or Executive order to a different class of handicapped persons is not prohibited by this part.

(d) The agency shall administer programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

§§ 1153.131–1153.139 [Reserved]

§ 1153.140 Employment.

No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

§§ 1153.141–1153.148 [Reserved]

§ 1153.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in §1153.150, no qualified handicapped person shall, because the agency’s facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 1153.150 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and
usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible and usable by handicapped persons;

(2) In the case of historic preservation programs, require the agency to take any action that would result in a substantial impairment of significant historic features of an historic property; or

(3) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 1153.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such alteration or burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) Methods—(1) General. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(2) Historic preservation programs. In meeting the requirements of § 1153.150(a) in historic preservation programs, the agency shall give priority to methods that provide physical access to handicapped persons. In cases where a physical alteration to an historic property is not required because of § 1153.150(a)(2) or (a)(3), alternative methods of achieving program accessibility include—

(i) Using audio-visual materials and devices to depict those portions of an historic property that cannot otherwise be made accessible;

(ii) Assigning persons to guide handicapped persons into or through portions of historic properties that cannot otherwise be made accessible; or

(iii) Adopting other innovative methods.

(c) Time period for compliance. The agency shall comply with the obligations established under this section by October 21, 1986, except that where structural changes in facilities are undertaken, such changes shall be made by August 22, 1989, but in any event as expeditiously as possible. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by February 23, 1987, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan...
§ 1153.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by handicapped persons. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151 through 4157), as established in 41 CFR 101–19.600 to 101–19.607, apply to buildings covered by this section.

§§ 1153.152–1153.159 [Reserved]

§ 1153.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf person (TDD’s) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §1153.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§ 1153.161–1153.169 [Reserved]

§ 1153.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on
the basis of handicap in programs or activities conducted by the agency.
(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).
(c) The Director, Office for Civil Rights, shall be responsible for coordinating implementation of this section. Complaints may be sent to the Office of General Counsel, National Endowment for the Arts, 1100 Pennsylvania Avenue NW., Washington, DC 20506.
(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.
(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.
(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons.
(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—
   (1) Findings of fact and conclusions of law;
   (2) A description of a remedy for each violation found; and
   (3) A notice of the right to appeal.
(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by §1153.170(g). The agency may extend this time for good cause.
(i) Timely appeals shall be accepted and processed by the head of the agency.
(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.
(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.
(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

§ 1155.225 What actions must I take concerning employees who are convicted of drug violations in the workplace?
There are two actions you must take if an employee is convicted of a drug violation in the workplace:

(a) First, you must notify Federal agencies if an employee who is engaged in the performance of an award informs you about a conviction, as required by §1155.205(c)(2), or you otherwise learn of the conviction. Your notification to the Federal agencies must—
(1) Be in writing:
(2) Include the employee’s position title;
(3) Include the identification number(s) of each affected award;
(4) Be sent within ten calendar days after you learn of the conviction; and
(5) Be sent to every Federal agency on whose award the convicted employee was working. It must be sent to every awarding official or his or her official designee, unless the Federal agency has specified a central point for the receipt of the notices.
(b) Second, within 30 calendar days of learning about an employee’s conviction, you must either
   (1) Take appropriate personnel action against the employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended; or
   (2) Require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for these purposes by a Federal, State or local health, law enforcement, or other appropriate agency.

§ 1155.230 How and when must I identify workplaces?

(a) You must identify all known workplaces under each NEA award. A failure to do so is a violation of your drug-free workplace requirements. You may identify the workplaces
   (1) To the NEA official that is making the award, either at the time of application or upon award; or
   (2) In documents that you keep on file in your offices during the performance of the award, in which case you must make the information available for inspection upon request by NEA officials or their designated representatives.

(b) Your workplace identification for an award must include the actual address of buildings (or parts of buildings) or other sites where work under the award takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

(c) If you identified workplaces to the NEA awarding official at the time of application or award, as described in paragraph (a)(1) of this section, and any workplace that you identified changes during the performance of the award, you must inform the NEA awarding official.

Subpart C—Requirements for Recipients Who Are Individuals

§ 1155.300 What must I do to comply with this part if I am an individual recipient?

As a condition of receiving a(n) NEA award, if you are an individual recipient, you must agree that—
   (a) You will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity related to the award; and
   (b) If you are convicted of a criminal drug offense resulting from a violation occurring during the conduct of any award activity, you will report the conviction:
      (1) In writing.
      (2) Within 10 calendar days of the conviction.
      (3) To the NEA awarding official or other designee for each award that you currently have, unless § 1155.301 or the award document designates a central point for the receipt of the notices. When notice is made to a central point, it must include the identification number(s) of each affected award.

§ 1155.301 [Reserved]

Subpart D—Responsibilities of NEA Awarding Officials

§ 1155.400 What are my responsibilities as a(n) NEA awarding official?

As a(n) NEA awarding official, you must obtain each recipient’s agreement, as a condition of the award, to comply with the requirements in—
   (a) Subpart B of this part, if the recipient is not an individual; or
   (b) Subpart C of this part, if the recipient is an individual.

Subpart E—Violations of this Part and Consequences

§ 1155.500 How are violations of this part determined for recipients other than individuals?

A recipient other than an individual is in violation of the requirements of this part if the NEA Chairman determines, in writing, that—
   (a) The recipient has violated the requirements of subpart B of this part; or
(b) The number of convictions of the recipient’s employees for violating criminal drug statutes in the workplace is large enough to indicate that the recipient has failed to make a good faith effort to provide a drug-free workplace.

§ 1155.505 How are violations of this part determined for recipients who are individuals?

An individual recipient is in violation of the requirements of this part if the NEA Chairman determines, in writing, that—

(a) The recipient has violated the requirements of subpart C of this part; or

(b) The recipient is convicted of a criminal drug offense resulting from a violation occurring during the conduct of any award activity.

§ 1155.510 What actions will the Federal Government take against a recipient determined to have violated this part?

If a recipient is determined to have violated this part, as described in §1155.500 or §1155.505, the National Endowment for the Arts may take one or more of the following actions—

(a) Suspension of payments under the award;

(b) Suspension or termination of the award; and

(c) Suspension or debarment of the recipient under 45 CFR Part 1154, for a period not to exceed five years.

§ 1155.515 Are there any exceptions to those actions?

The NEA Chairman may waive with respect to a particular award, in writing, a suspension of payments under an award, suspension or termination of an award, or suspension or debarment of a recipient if the NEA Chairman determines that such a waiver would be in the public interest. This exception authority cannot be delegated to any other official.

§ 1156.4 [Reserved]

Subpart B—Standards for Determining Discriminatory Practices

§ 1156.5 Purpose.

The purpose of this subpart is to set forth the prohibitions against age discrimination and the exceptions to those prohibitions.

§ 1156.6 Rules against age discrimination.

The rules stated in this section are limited by the exceptions contained in § 1156.7 (b) and (c).

(a) General rule. No person in the United States shall, on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.

(b) Specific rules. A recipient may not, in any program or activity receiving Federal financial assistance, directly or through contractual, licensing, or other arrangements use age distinctions or take any other actions which have the effect, on the basis of age, of:

(1) Excluding individuals from, denying them the benefits of, or subjecting them to discrimination under a program or activity receiving Federal financial assistance; or

(2) Denying or limiting individuals in their opportunity to participate in any program or activity receiving Federal financial assistance.

(c) The specific forms of age discrimination listed in paragraph (b) of this section do not necessarily constitute a complete list of discriminatory actions.

§ 1156.7 Exceptions to the rules against age discrimination.

(a) Normal operation or statutory objective of any program or activity. A recipient is permitted to take an action otherwise prohibited by § 1156.6 if the action reasonably takes into account age as a factor necessary to the normal operation or the achievement of any statutory objective of a program or activity, if:

(1) Age is used as a measure or approximation of one or more other characteristics; and

(2) The other characteristic(s) must be measured or approximated in order for the normal operation of the program or activity to continue, or to achieve any statutory objective of the program or activity; and

(3) The other characteristic(s) can be reasonably measured or approximated by the use of age; and

(4) The other characteristic(s) are impractical to measure directly on an individual basis.

(b) Reasonable factors other than age. A recipient is permitted to take an action otherwise prohibited by § 1156.6 which is based on a factor other than age, even though that action may have a disproportionate effect on persons of different ages. An action may be based on a factor other than age only if the factor bears a direct and substantial relationship to the normal operation of the program or activity or to the achievement of a statutory objective.

(c) Remedial and affirmative action by recipients. If a recipient operating a program or activity which serves the elderly or children in addition to persons of other ages, provides special benefits to the elderly or to children the provision of those benefits shall be presumed to be voluntary affirmative action provided that it does not have the effect of excluding otherwise eligible persons from participation in the program or activity.

§ 1156.8 Burden of proof.

The recipient of Federal financial assistance bears the burden of proving that an age distinction or other action
§ 1156.9 Falls within the exceptions outlined in §1156.7.

Subpart C—Responsibilities of Endowment Recipients

§ 1156.9 [Reserved]

§ 1156.10 General responsibilities.
A recipient has primary responsibility to ensure that its programs or activities are in compliance with the Age Discrimination Act, to take steps to eliminate violations of the Act, and to provide notice to beneficiaries of its programs and activities concerning protection against discrimination provided by the Act and the regulations in this part. A recipient also has responsibility to maintain records, provide information, and to afford access to its records to the Endowment to the extent required to determine whether it is in compliance with the Act.

§ 1156.11 Notice to subrecipients.
Where a recipient passes on Federal financial assistance from the Endowment to subrecipients, the recipient shall provide the subrecipients with written notice regarding the subrecipient’s obligations under the Act and the regulations in this part.

Subpart D—Investigation, Conciliation, and Enforcement Procedures

§ 1156.14 Compliance reviews.
The Endowment may conduct compliance reviews, pre-award reviews and other similar procedures in order to investigate and correct violations of the Act and regulations. The Endowment may conduct these reviews in the absence of a compliant against the recipient. In the event a compliance review or pre-award review indicates a violation of the regulations in this part, the Endowment will attempt to achieve voluntary compliance with the Act. If voluntary compliance cannot be achieved, enforcement efforts will proceed as described in §1156.19.

§ 1156.13 Information requirements.
Each recipient shall:
(a) Make available to the Endowment, upon request, information necessary to determine whether the recipient is complying with the regulations in this part.
(b) Permit reasonable access by the Endowment to the books, accounts and other recipient facilities and sources of information to the extent necessary to determine whether the recipient is in compliance with the Act.

§ 1156.15 Complaints.
(a) Any person, individually or as a member of a class or on behalf of others, may file a complaint with the Endowment, alleging discrimination prohibited by the Act and the regulations in this part based on an action occurring on or after July 1, 1979. A complainant shall file a complaint within 180 days from the date that the complainant first had knowledge of the alleged act of discrimination. However, for good cause, the Endowment may extend this time limit.
(b) Complaints must include a written statement identifying the parties involved, describing the alleged violation, and stating the date on which the complainant first had knowledge of the alleged violation.
signed by the complainant. The Endowment will return any complaint that does not contain the necessary information, that is not signed by the complainant, or that is not within the Endowment’s jurisdiction for any other reason. The Endowment will provide an explanation for all such returned complaints.

(c) The Endowment will attempt to facilitate the filing of complaints wherever possible, including taking the following measures:

1. Widely disseminating information regarding the obligations of recipients under the Act and the regulations in this part.
2. Notifying the complainant and the recipient of their rights and obligations under the complaint procedure, including the right to have a representative at all stages of the complaint procedure.
3. Notifying the complainant and the recipient (or their representatives) of their right to contact the Endowment for information and assistance regarding the complaint resolution process.

§ 1156.16 Mediation.

(a) Referral of complaints for mediation. The Endowment will promptly refer all complaints to the agency designated by the Secretary of HHS to manage the mediation process that:

1. Fall within the jurisdiction of the regulations in this part; and
2. Contain all information necessary for further processing.

(b) Both the complainant and the recipient shall participate in the mediation process to the extent necessary to reach an agreement or make an informal judgment that an agreement is not possible. There must be at least one meeting with the mediator before the Endowment will accept a judgment that an agreement is not possible. However, the recipient and the complainant need not meet with the mediator at the same time.

(c) If the complainant and recipient reach a mutually satisfactory resolution of the complaint during the mediation period, they shall reduce the agreement to writing. The mediator shall send a copy of the settlement to the Endowment. No further action shall be taken by the Endowment based on that complaint unless it appears that the complainant or the recipient has failed to comply with the agreement.

(d) The mediator shall protect the confidentiality of all information obtained in the course of the mediation process. No mediator shall testify in any adjudicative proceeding, produce any document, or otherwise disclose any information obtained in the course of the mediation process without prior approval of the head of the mediation agency.

(e) Not more than 60 days after the Endowment receives the complaint, the mediator shall return a still unresolved complaint to the Endowment for initial investigation. The mediator may return a complaint at any time before the end of the 60-day period if it appears that the complaint cannot be resolved through mediation. The mediator may extend this 60-day period, provided the Endowment concurs, for not more than 30 days, if the mediator determines that resolution is likely to occur within such period.

§ 1156.17 Investigation.

(a) Informal investigation. (1) The Endowment will investigate complaints that are unresolved after mediation or are reopened because of a violation of a mediation agreement.

2. As part of the initial investigation, the Endowment will use informal fact-finding methods, including joint or separate discussions with the complainant and the recipient to establish the facts, and, if possible, resolve the complaint to the mutual satisfaction of the parties. The Endowment may seek the assistance of any involved State agency.

3. The Endowment will put any agreement in writing and have it signed by the parties and an authorized official at the Endowment.

4. The settlement shall not affect the operation of any other enforcement effort of the Endowment, including compliance reviews and investigation of other complaints which may involve the recipient.

5. The settlement is not a finding of discrimination against a recipient.
§ 1156.18  

(b) Formal investigation, conciliation, and hearing. If the Endowment cannot resolve the complaint during the early stages of the investigation, it shall:  

(1) Complete the investigation of the complaint.  

(2) Attempt to achieve voluntary compliance satisfactory to the Endowment, if the investigation indicates a violation.  

(3) Arrange for enforcement as described in §1156.19, if necessary.

§ 1156.18  Prohibition against intimidation or retaliation.

A recipient may not engage in acts of intimidation or retaliation against any person who:  

(a) Attempts to assert a right protected by the Act; or  

(b) Cooperates in any mediation, investigation, hearing, or other part of the Endowment’s investigation, conciliation and enforcement process.

§ 1156.19  Compliance procedure.

(a) The Endowment may enforce the Act and the regulations in this part through:  

(1) Termination of a recipient’s Federal financial assistance from the Endowment under the program or activity involved where the recipient has violated the Act and the regulations in this part. The determination of the recipient’s violation may be made only after a recipient has had an opportunity for a hearing on the record before an administrative law judge. Therefore, a case which is settled in mediation, or prior to a hearing, will not involve termination of a recipient’s Federal financial assistance from the Endowment unless it is reopened because of a violation of the agreement.  

(2) Any other means authorized by law including, but not limited to:  

(i) Referral to the Department of Justice for proceedings to enforce any rights of the United States or obligations of the recipient created by the Act or the regulations in this part.  

(ii) Use of any requirement of or referral to any Federal, State, or local government agency that will have the effect of correcting a violation of the Act or the regulations in this part.

(b) The Endowment will limit any termination under paragraph (a)(1) of this section to the particular recipient and particular program or activity or portion thereof that the Endowment finds in violation of the regulations in this part. The Endowment will not base any part of a termination on a finding with respect to any program or activity of the recipient which does not receive Federal financial assistance from the Endowment.  

(c) The Endowment will not take action under paragraph (a) of this section until:  

(1) The Chairperson has advised the recipient of its failure to comply with the Act and the regulations in this part and has determined that voluntary compliance cannot be obtained.  

(2) Thirty days have elapsed after the Chairperson has sent a written report of the circumstances and grounds of the action to the committees of the Congress having legislative jurisdiction over the program or activity involved. The Chairperson will file a report whenever any action is taken under paragraph (a) of this section.  

(d) The Chairperson also may defer granting new Federal financial assistance from the Endowment to a recipient when a hearing under paragraph (a)(1) of this section is initiated.

(1) New Federal financial assistance from the Endowment includes all assistance for which the Endowment requires an application or approval, including renewal or continuation of existing activities, or authorization of new activities, during the deferral period. New Federal financial assistance from the Endowment does not include assistance approved prior to the beginning of a termination hearing under paragraph (a)(1) of this section or increases in funding as a result of changed computation of formula awards.  

(2) The Endowment will not begin a deferral until the recipient has received a notice of an opportunity for a hearing under paragraph (a)(1) of this section. The Endowment will not continue a deferral for more than 60 days unless a hearing has begun within that time or the time for beginning the hearing has been extended by mutual
§ 1156.20 Alternate funds disbursal procedure.
(a) When the endowment withholds funds from a recipient under the regulations in this part, the Chairperson may disburse the withheld funds directly to an alternate recipient otherwise eligible for Endowment support: any public or nonprofit private organization or agency, or State or political subdivision of the State.
(b) The Chairperson will require any alternate recipient to demonstrate:
(1) The ability to comply with the regulations in this part; and
(2) The ability to achieve the goals of the Federal statute authorizing the Federal financial assistance.

§ 1156.21 Exhaustion of administrative remedies.
(a) A complainant may file a civil action following the exhaustion of administrative remedies under the Act. Administrative remedies are exhausted if:
(1) 180 days have elapsed since the complainant filed the complaint and the Endowment has made no finding with regard to the complaint; or
(2) The Endowment issues a finding in favor of the recipient.
(b) If the Endowment fails to make a finding within 180 days or issues a finding in favor of the recipient, the Endowment will:
(1) Promptly advise the complainant if either of the conditions of paragraph (a) of this section has been met;
(2) Advise the complainant of his or her right to bring a civil action for injunctive relief that will effect the purpose of the Act;
(3) Inform the complainant:
(i) That the complainant may bring a civil action only in the United States district court for the district in which the recipient is located or transacts business;
(ii) That a complainant prevailing in a civil action has the right to be awarded the costs of the action, including reasonable attorney’s fees, but that the complainant must demand these costs in the complaint;
(iii) That before commencing the action the complainant shall give 30 days notice by registered mail to the Chairperson of the Endowment, the Secretary, the Attorney General of the United States, and the recipient;
(iv) That the notice must state: the alleged violation of the Act; the relief requested; the court in which the complainant is bringing the action; and whether or not the attorney’s fees are demanded in the event the complainant prevails; and
(v) That the complainant may not bring an action if the same alleged violation of the Act by the same recipient is the subject of a pending action in any court of the United States.
§ 1157.1 Purpose and scope of this part.

This part establishes uniform administrative rules for Federal grants and cooperative agreements and subawards to State, local, and Indian tribal governments.

§ 1157.2 Scope of subpart.

This subpart contains general rules pertaining to this part and procedures for control of exceptions from this part.

§ 1157.3 Definitions.

As used in this part:

Accrued expenditures means the charges incurred by the grantee during a given period requiring the provision of funds for: (1) Goods and other tangible property received; (2) services performed by employees, contractors, subgrantees, subcontractors, and other payees; and (3) other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.

Accrued income means the sum of: (1) Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and (2) amounts becoming owed to the grantee for which no current services or performance is required by the grantee.

Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee’s regular accounting practices.

Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from programmatic requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

Awarding agency means (1) with respect to a grant, the Federal agency, and (2) with respect to a subgrant, the party that awarded the subgrant.

Cash contributions means the grantee’s cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

Contract means (except as used in the definitions for grant and subgrant in this section and except where qualified by Federal) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.
Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

Equipment means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

Expenditure report means: (1) For non-construction grants, the SF–269 Financial Status Report (or other equivalent report); (2) for construction grants, the SF–271 Outlay Report and Request for Reimbursement (or other equivalent report).

Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

Government means a State or local government or a federally recognized Indian tribal government.

Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

Grantee means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

Local government means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under state law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

OMB means the United States Office of Management and Budget.

Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees.

For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments.

Percentage of completion method refers to a system under which payments are made for construction work according to the percentage of completion of the work, rather than to the grantee's cost incurred.
§ 1157.4 Prior approval means documentation evidencing consent prior to incurring specific cost.

Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

Share, when referring to the awarding agency’s portion of real property, equipment or supplies, means the same percentage as the awarding agency’s portion of the acquiring party’s total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of third-party in-kind contributions.

State means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937.

Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of grant in this part.

Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

Supplies means all tangible personal property other than equipment as defined in this part.

Suspension means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or (2) an action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. Termination does not include: (1) Withdrawal of funds awarded on the basis of the grantee’s underestimation of the unobligated balance in a prior period; (2) withdrawal of the unobligated balance as of the expiration of a grant; (3) refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or (4) voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Terms of a grant or subgrant mean all requirements of the grant or subgrant, whether in statute, regulations, or the award document.

Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.

§ 1157.4 Applicability.

Subpart B—Pre-Award Requirements

§ 1157.10 Forms for applying for grants.

(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.

(2) This section applies only to applications to Federal agencies for grants, and is not required to be applied by grantees in dealing with applicants for subgrants. However, grantees are encouraged to avoid more detailed or burdensome application requirements for subgrants.

(b) Authorized forms and instructions for governmental organizations. (1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.

(2) Applicants are not required to submit more than the original and two copies of preapplications or applications.

(3) Applicants must follow all applicable instructions that bear OMB clearance numbers. Federal agencies may specify and describe the programs, functions, or activities that will be used to plan, budget, and evaluate the work under a grant. Other supplementary instructions may be issued only with the approval of OMB to the extent required under the Paperwork Reduction Act of 1980. For any standard form, except the SF-424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.

(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted. Previously submitted pages with information that is still current need not be resubmitted.

§ 1157.11 State plans.

(a) Scope. The statutes for some programs require States to submit plans before receiving grants. Under regulations implementing Executive Order 12372, “Intergovernmental Review of Federal Programs,” States are allowed to simplify, consolidate and substitute plans. This section contains additional provisions for plans that are subject to regulations implementing the Executive order.

(b) Requirements. A State need meet only Federal administrative or programmatic requirements for a plan that are in statutes or codified regulations.

(c) Assurances. In each plan the State will include an assurance that the State shall comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding. For this assurance and other assurances required in the plan, the State may:

(1) Cite by number the statutory or regulatory provisions requiring the assurances and affirm that it gives the assurances required by those provisions,

(2) Repeat the assurance language in the statutes or regulations, or

(3) Develop its own language to the extent permitted by law.

(d) Amendments. A State will amend a plan whenever necessary to reflect: (1) New or revised Federal statutes or regulations or (2) a material change in any State law, organization, policy, or State agency operation. The State will obtain approval for the amendment and its effective date but need submit for approval only the amended portions of the plan.

§ 1157.12 Special grant or subgrant conditions for “high-risk” grantees.

(a) A grantee or subgrantee may be considered “high risk” if an awarding
agency determines that a grantee or subgrantee:

(1) Has a history of unsatisfactory performance, or
(2) Is not financially stable, or
(3) Has a management system which does not meet the management standards set forth in this part, or
(4) Has not conformed to terms and conditions of previous awards, or
(5) Is otherwise not responsible; and
if the awarding agency determines that an award will be made, special conditions and/or restrictions shall correspond to the high risk condition and shall be included in the award.

(b) Special conditions or restrictions may include:

(1) Payment on a reimbursement basis;
(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;
(3) Requiring additional, more detailed financial reports;
(4) Additional project monitoring;
(5) Requiring the grantee or subgrantee to obtain technical or management assistance; or
(6) Establishing additional prior approvals.

(c) If an awarding agency decides to impose such conditions, the awarding official will notify the grantee or subgrantee as early as possible, in writing, of:

(1) The nature of the special conditions/restricions;
(2) The reason(s) for imposing them;
(3) The corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions and
(4) The method of requesting reconsideration of the conditions/restrictions imposed.

**Subpart C—Post-Award Requirements**

**FINANCIAL ADMINISTRATION**

§ 1157.20 Standards for financial management systems.

(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to—

(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and
(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) **Financial reporting.** Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.

(2) **Accounting records.** Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

(3) **Internal control.** Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

(4) **Budget control.** Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

(5) **Allowable cost.** Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.
(6) Source documentation. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

(7) Cash management. Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees' cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

(c) An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a preaward review or at any time subsequent to award.

§ 1157.21 Payment.

(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency's payments to the grantee or subgrantee will be based on the grantee's or subgrantee's actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee's disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee's actual cash disbursements.

(f) Effect of program income, refunds, and audit recoveries on payment. (1) Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.

(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold
payments for proper charges incurred by grantees or subgrantees unless—
(i) The grantee or subgrantee has failed to comply with grant award conditions or
(ii) The grantee or subgrantee is indebted to the United States.

(2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with §1157.43(c).

(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

(h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

(i) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses.

§ 1157.22 Allowable costs.

(a) Limitation on use of funds. Grant funds may be used only for:
(1) The allowable costs of the grantees, subgrantees and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and
(2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.

(b) Applicable cost principles. For each kind of organization, there is a set of Federal principles for determining allowable costs. Allowable costs will be determined in accordance with the cost principles applicable to the organization incurring the costs. The following chart lists the kinds of organizations and the applicable cost principles.

§ 1157.23 Period of availability of funds.

(a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.

(b) Liquidation of obligations. A grantee must liquidate all obligations incurred under the award not later than 90 days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status Report (SF–269). The Federal agency may extend this deadline at the request of the grantee.

§ 1157.24 Matching or cost sharing.

(a) Basic rule: Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of
this section, a matching or cost-sharing requirement may be satisfied by either or both of the following:

(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by others cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.

(b) Qualifications and exceptions—(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.

(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Cost or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract, or any other award of Federal funds.

(4) Costs financed by program income. Costs financed by program income, as defined in §1157.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §1157.25(g).)

(b) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count toward satisfying a cost sharing or matching requirement unless other provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantee or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect costs. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or

(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.
(c) Valuation of donated services—(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee’s or subgrantee’s organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee’s normal line of work, the services will be valued at the employee’s regular rate of pay exclusive of the employee’s fringe benefits and overhead costs. If the services are in a different line of work, paragraph (c)(1) of this section applies.

(d) Valuation of third party donated supplies and loaned equipment or space. (1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.

(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.

(e) Valuation of third party donated equipment, buildings, and land. If a third party donates equipment, buildings, or land, and title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant, as follows:

(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching.

(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2)(i) and (ii) of this section apply:

(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment or buildings and the fair rental rate of the donated land may be counted as cost sharing or matching.

(ii) If approval is not obtained under paragraph (e)(2)(i) of this section, no amount may be counted for donated land, and only depreciation or use allowances may be counted for donated equipment and buildings. The depreciation or use allowances for this property are not treated as third party in-kind contributions. Instead, they are treated as costs incurred by the grantee or subgrantee. They are computed and allocated (usually as indirect costs) in accordance with the cost principles specified in §1157.22, in the same way as depreciation or use allowances for purchased equipment and buildings. The amount of depreciation or use allowances for donated equipment and buildings is based on the property’s market value at the time it was donated.

(f) Valuation of grantee or subgrantee donated real property for construction/acquisition. If a grantee or subgrantee donates real property for a construction or facilities acquisition project, the current market value of that property may be counted as cost sharing or matching. If any part of the donated property was acquired with Federal funds, only the non-federal share of the property may be counted as cost-sharing or matching.

(g) Appraisal of real property. In some cases under paragraphs (d), (e) and (f) of this section, it will be necessary to establish the market value of land or a building or the fair rental rate of land or of space in a building. In these cases, the Federal agency may require the market value or fair rental value be set by an independent appraiser, and that the value or rate be certified by the
grantee. This requirement will also be imposed by the grantee on subgrantees.

§ 1157.25 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc. and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. “During the grant period” is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income.

(d) Governmental revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. (See §1157.34.)

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of §§1157.31 and 1157.32.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described below, unless the Federal agency regulations or the grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income in excess of any limits stipulated shall also be deducted from outlays.

1. Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

2. Addition. When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

3. Cost sharing or matching. When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.

(h) Income after the award period. There are no Federal requirements governing the disposition of program income earned after the end of the award period (i.e., until the ending date of the final financial report, see paragraph (a) of this section), unless the terms of the agreement or the Federal agency regulations provide otherwise.

§ 1157.26 Non-Federal audit.

(a) Basic rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501–7507) and revised OMB Circular A-133, “Audits of States, Local
Governments, and Non-Profit Organizations.” The audits shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial audits.

(b) Subgrantees. State or local governments, as those terms are defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which expend $300,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:

(1) Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A–110, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” have met the audit requirements of the Act. Commercial contractors (private for-profit and private and governmental organizations) providing goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractor has complied with laws and regulations affecting the expenditure of Federal funds;

(2) Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, Circular A–110, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;

(3) Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instance of noncompliance with Federal laws and regulations;

(4) Consider whether subgrantee audits necessitate adjustment of the grantee’s own records; and

(5) Require each subgrantee to permit independent auditors to have access to the records and financial statements.

(c) Auditor selection. In arranging for audit services, §1157.36 shall be followed.

§1157.30 Changes.

(a) General. Grantees and subgrantees are permitted to rebudget within the approved direct cost budget to meet unanticipated requirements and may make limited program changes to the approved project. However, unless waived by the awarding agency, certain types of post-award changes in budgets and projects shall require the prior written approval of the awarding agency.

(b) Relation to cost principles. The applicable cost principles (see §1157.22) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.

(c) Budget changes—(1) Nonconstruction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain prior written approval for any budget revision which would result in the need for additional funding.

(ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency’s share exceeds $100,000.

(iii) Transfer of funds allotted for training allowances (i.e., from direct payments to trainees to other expense categories).

(2) Construction projects. Grantees and subgrantees shall obtain prior written approval for any budget revision which would result in the need for additional funds.

(3) Combined construction and non-construction projects. When a grant or
subgrant provides funding for both construction and nonconstruction activities, the grantee or subgrantee must obtain prior written approval from the awarding agency before making any fund or budget transfer from nonconstruction to construction or vice versa.

(d) Programmatic changes. Grantees or subgrantees must obtain the prior approval of the awarding agency whenever any of the following actions is anticipated:

(1) Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).

(2) Need to extend the period of availability of funds.

(3) Changes in key persons in cases where specified in an application or a grant award. In research projects, a change in the project director or principal investigator shall always require approval unless waived by the awarding agency.

(4) Under nonconstruction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform activities which are central to the purposes of the award. This approval requirement is in addition to the approval requirements of §1157.36 but does not apply to the procurement of equipment, supplies, and general support services.

(e) Additional prior approval requirements. The awarding agency may not require prior approval for any budget revision which is not described in paragraph (c) of this section.

(f) Requesting prior approval. (1) A request for prior approval of any budget revision will be in the same budget format the grantee used in its application and shall be accompanied by a narrative justification for the proposed revision.

(2) A request for a prior approval under the applicable Federal cost principles (see §1157.22) may be made by letter.

(3) A request by a subgrantee for prior approval will be addressed in writing to the grantee. The grantee will promptly review such request and shall approve or disapprove the request in writing. A grantee will not approve any budget or project revision which is inconsistent with the purpose or terms and conditions of the Federal grant to the grantee. If the revision, requested by the subgrantee would result in a change to the grantee’s approved project which requires Federal prior approval, the grantee will obtain the Federal agency’s approval before approving the subgrantee’s request.

§ 1157.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

(1) Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency’s percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.

(2) Sale of property. Sell the property and compensate the awarding agency. The amount due to the awarding agency will be calculated by applying the awarding agency’s percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from sale may be offset against the original cost of the property. When

a grantee or subgrantee is directed to sell property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return.

(3) Transfer of title. Transfer title to the awarding agency or to a third-party designated/approved by the awarding agency. The grantee or subgrantee shall be paid an amount calculated by applying the grantee or subgrantee’s percentage of participation in the purchase of the real property to the current fair market value of the property.

§ 1157.32 Equipment.

(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) States. A State will use, manage, and dispose of equipment acquired under a grant by the State in accordance with State laws and procedures. Other grantees and subgrantees will follow paragraphs (c) through (e) of this section.

(c) Use. (1) Equipment shall be used by the grantee or subgrantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.

(2) The grantee or subgrantee shall also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, providing such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use shall be given to other programs or projects supported by the awarding agency. User fees should be considered if appropriate.

(3) Notwithstanding the encouragement in §1157.25(a) to earn program income, the grantee or subgrantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by Federal statute.

(4) When acquiring replacement equipment, the grantee or subgrantee may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the awarding agency.

(d) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, as a minimum, meet the following requirements:

(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.

(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.

(4) Adequate maintenance procedures must be developed to keep the property in good condition.

(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed for the original project or program or for other activities currently or previously supported by a Federal agency, disposition of the equipment will be made as follows:

(1) Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.
§ 1157.33 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for any other federally sponsored programs or projects, the grantee or subgrantee shall compensate the awarding agency for its share.

§ 1157.34 Copyrights.

The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and

(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

§ 1157.35 Subawards to debarred and suspended parties.

Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.”

§ 1157.36 Procurement.

(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will follow paragraphs (b) through (i) in this section.

(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.
(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:
   (i) The employee, officer or agent,
   (ii) Any member of his immediate family,
   (iii) His or her partner, or
   (iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee’s or subgrantee’s officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements. Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee’s and subgrantee’s officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(10) Grantees and subgrantees will use time and material type contracts only—
   (i) After a determination that no other contract is suitable, and
   (ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.

(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee.
(2) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:
   (i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and
   (ii) Violations of the grantee’s or subgrantee’s protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition. (1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of §1157.36. Some of the situations considered to be restrictive of competition include but are not limited to:
   (i) Placing unreasonable requirements on firms in order for them to qualify to do business,
   (ii) Requiring unnecessary experience and excessive bonding,
   (iii) Noncompetitive pricing practices between firms or between affiliated companies,
   (iv) Noncompetitive awards to consultants that are on retainer contracts,
   (v) Organizational conflicts of interest,
   (vi) Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance of other relevant requirements of the procurement, and
   (vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:
   (i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and
   (ii) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.
(d) Methods of procurement to be followed—(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in §1157.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;
(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and
(C) The procurement lends itself to a firm fixed-price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;
(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;
(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;
(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and
(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;
(ii) Proposals will be solicited from an adequate number of qualified sources;
(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;
(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and
(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors’ qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the
award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;
(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
(C) The awarding agency authorizes noncompetitive proposals; or
(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women’s business enterprise and labor surplus area firms. (1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women’s business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:
(i) Placing qualified small and minority businesses and women’s business enterprises on solicitation lists;
(ii) Assuring that small and minority businesses, and women’s business enterprises are solicited whenever they are potential sources;
(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women’s business enterprises;
(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women’s business enterprises;
(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and
(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.

(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor’s investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see §1157.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost
methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:

(i) A grantee’s or subgrantee’s procurement procedures or operation fails to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a “brand name” product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency's right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of
all persons supplying labor and material in the execution of the work provided for in the contract.

(i) **Contract provisions.** A grantee's and subgrantee's contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

(3) Compliance with Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded in excess of $2000 awarded by grantees and subgrantees when required by Federal grant program legislation)

(5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a–7) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded in excess of $2000 awarded by grantees and subgrantees when required by Federal grant program legislation)

(6) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under such contract.

(9) Awarding agency requirements and regulations pertaining to copyrights and rights in data.

(10) Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

(11) Retention of all required records for three years after grantees or subgrantees make final payments and all other pending matters are closed.

(12) Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000)

(13) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94–163, 89 Stat. 871).

§ 1157.37 Subgrants.

(a) **States.** States shall follow state law and procedures when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. States shall:

(1) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations;

(2) Ensure that subgrantees are aware of requirements imposed upon
Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.

(1) Grantees shall submit annual performance reports unless the awarding agency requires quarterly or semi-annual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year, quarterly or semi-annual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration or termination of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.

(2) Performance reports will contain, for each grant, brief information on the following:

(i) A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output may be required if that information will be useful.

(ii) The reasons for slippage if established objectives were not met.

(iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(3) Grantees will not be required to submit more than the original and two copies of performance reports.

(4) Grantees will adhere to the standards in this section in prescribing performance reporting requirements for subgrantees.

(c) Construction performance reports. For the most part, on-site technical inspections and certified percentage-of-completion data are relied on heavily by Federal agencies to monitor progress under construction grants and subgrants. The Federal agency will require additional formal performance reports.
reports only when considered necessary, and never more frequently than quarterly.

(d) **Significant developments.** Events may occur between the scheduled performance reporting dates which have significant impact upon the grant or subgrant supported activity. In such cases, the grantee must inform the Federal agency as soon as the following types of conditions become known:

1. Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.
2. Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more beneficial results than originally planned.

(e) Federal agencies may make site visits as warranted by program needs.

(f) **Waivers, extensions.** (1) Federal agencies may waive any performance report required by this part if not needed.

(2) The grantee may waive any performance report from a subgrantee when not needed. The grantee may extend the due date for any performance report from a subgrantee if the grantee will still be able to meet its performance reporting obligations to the Federal agency.

§ 1157.41 Financial reporting.

(a) **General.** (1) Except as provided in paragraphs (a) (2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

   (i) Submitting financial reports to Federal agencies, or
   (ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB to the extent required under the Paperwork Reduction Act of 1980 for use in connection with forms specified in paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that the Federal agency finds unnecessary for its decisionmaking purposes.

(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.

(5) Federal agencies may provide computer outputs to grantees to expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.

(6) Federal agencies may waive any report required by this section if not needed.

(7) Federal agencies may extend the due date of any financial report upon receiving a justified request from a grantee.

(b) **Financial Status Report**—(1) **Form.** Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all non-construction grants and for construction grants when required in accordance with paragraph § 1157.41(e)(2)(iii) of this section.

   (2) **Accounting basis.** Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee’s accounting records are not normally kept on the accrual basis, the grantee shall not be required to convert its accounting system but shall develop such accrual information through and analysis of the documentation on hand.

   (3) **Frequency.** The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be
required upon expiration or termination of grant support.

(4) Due date. When reports are required on a quarterly or semiannual basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(c) Federal Cash Transactions Report—
(1) Form. (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a, unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(2) Forecasts of Federal cash requirements. Forecasts of Federal cash requirements may be required in the “Remarks” section of the report.

(3) Cash in hands of subgrantees. When considered necessary and feasible by the Federal agency, grantees may be required to report the amount of cash advances in excess of three days’ needs in the hands of their subgrantees or contractors and to provide short narrative explanations of actions taken by the grantee to reduce the excess balances.

(4) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the Federal agency may require the report to be submitted within 15 working days following the end of each month.

(d) Request for advance or reimbursement—
(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form 270, Request for Advance or Reimbursement. (This form will not be used for drawdowns under a letter of credit, electronic funds transfer or when Treasury check advance payments are made to the grantee automatically on a predetermined basis.)

(2) Reimbursements. Requests for reimbursement under nonconstruction grants will also be submitted on Standard Form 270. (For reimbursement requests under construction grants, see paragraph (e)(1) of this section.)

(3) The frequency for submitting payment requests is treated in §1157.41(b)(3).

(e) Outlay report and request for reimbursement for construction programs. (1) Grants that support construction activities paid by reimbursement method.

(i) Requests for reimbursement under construction grants will be submitted on Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. Federal agencies may, however, prescribe the Request for Advance or Reimbursement form, specified in §1157.41(d), instead of this form.

(ii) The frequency for submitting reimbursement requests is treated in §1157.41(b)(3).

(2) Grants that support construction activities paid by letter of credit, electronic funds transfer or Treasury check advance.

(i) When a construction grant is paid by letter of credit, electronic funds transfer or Treasury check advance, the grantee will report its outlays to the Federal agency using Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. The Federal agency will provide any necessary special instruction. However, frequency and due date shall be governed by §1157.41(b) (3) and (4).

(ii) When a construction grant is paid by Treasury check advances based on periodic requests from the grantee, the advances will be requested on the form specified in §1157.41(d).

(iii) The Federal agency may substitute the Financial Status Report specified in §1157.41(b) for the Outlay Report and Request for Reimbursement for Construction Programs.
§ 1157.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are:
   (i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or
   (ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.

   (2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see §1157.36(i)(10).

(b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

   (2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

   (3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.

   (c) Starting date of retention period—(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.

   (2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency.

   (3) Records for income transactions after grant or subgrant support. In some cases grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee’s fiscal year in which the income is earned.

   (4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents, and their supporting records: Indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

   (i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.

   (ii) If not submitted for negotiation. If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.
(d) Substitution of microfilm. Copies made by microfilming, photocopying, or similar methods may be substituted for the original records.

(e) Access to records—(1) Records of grantees and subgrantees. The awarding agency and the Comptroller General of the United States, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.

(2) Expiration of right of access. The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

(f) Restrictions on public access. The Federal Freedom of Information Act (5 U.S.C. 552) does not apply to records. Unless required by Federal, State, or local law, grantees and subgrantees are not required to permit public access to their records.

§ 1157.43 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

1. Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency,

2. Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance,

3. Wholly or partly suspend or terminate the current award for the grantee’s or subgrantee’s program,

4. Withhold further awards for the program, or

5. Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of grantee or subgrantee resulting from obligations incurred by the grantee or subgrantee during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other grantee or subgrantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

1. The costs result from obligations which were properly incurred by the grantee or subgrantee before the effective date of suspension or termination, are not in anticipation of it, and, in the case of a termination, are noncancellable, and,

2. The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude grantee or subgrantee from being subject to “Debarment and Suspension” under E.O. 12549 (see §1157.35).

§ 1157.44 Termination for convenience.

Except as provided in §1157.43 awards may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of partial termination, the portion to be terminated, or

(b) By the grantee or subgrantee upon written notification to the awarding agency, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated. However, if, in the case of a partial termination, the awarding agency determines that the remaining portion of
§ 1157.50 Closeout.

(a) General. The Federal agency will close out the award when it determines that all applicable administrative actions and all required work of the grant has been completed.

(b) Reports. Within 90 days after the expiration or termination of the grant, the grantee must submit all financial, performance, and other reports required as a condition of the grant. Upon request by the grantee, Federal agencies may extend this timeframe. These may include but are not limited to:

1. Final performance or progress report.
2. Financial Status Report (SF 269) or Outlay Report and Request for Reimbursement for Construction Programs (SF–271) (as applicable).
3. Final request for payment (SF–270) (if applicable).
4. Invention disclosure (if applicable).
5. Federally-owned property report:
   In accordance with §1157.32(f), a grantee must submit an inventory of all federally owned property (as distinct from property acquired with grant funds) for which it is accountable and request disposition instructions from the Federal agency of property no longer needed.

(c) Cost adjustment. The Federal agency will, within 90 days after receipt of reports in paragraph (b) of this section, make upward or downward adjustments to the allowable costs.

(d) Cash adjustments. (1) The Federal agency will make prompt payment to the grantee for allowable reimbursable costs.

   (2) The grantee must immediately refund to the Federal agency any balance of unobligated (unencumbered) cash advanced that is not authorized to be retained for use on other grants.

§ 1157.51 Later disallowances and adjustments.

The closeout of a grant does not affect:

(a) The Federal agency’s right to disallow costs and recover funds on the basis of a later audit or other review;

(b) The grantee’s obligation to return any funds due as a result of later refunds, corrections, or other transactions;

(c) Records retention as required in §1157.42;

(d) Property management requirements in §§1157.31 and 1157.32; and

(e) Audit requirements in §1157.26.

§ 1157.52 Collection of amounts due.

(a) Any funds paid to a grantee in excess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:

1. Making an administrative offset against other requests for reimbursements,
2. Withholding advance payments otherwise due to the grantee, or
3. Other action permitted by law.

(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 CFR Chapter II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

(c) Each person who requests or receives from an agency a Federal contract, grant, loan, or a cooperative agreement shall file with that agency a disclosure form, set forth in appendix B, if such person has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered Federal action), which would be prohibited under paragraph (a) of this section if paid for with appropriated funds.

(d) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a statement, set forth in appendix A, whether that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

(e) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a disclosure form, set forth in appendix B, if that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

§ 1158.110 Certification and disclosure.

or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

Subpart B—Activities by Own Employees

§ 1158.200 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in §1158.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.

(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person’s products or services, conditions or terms of sale, and service capabilities; and,

(2) Technical discussions and other activities regarding the application or adaptation of the person’s products or services for an agency’s use.

(d) For purposes of paragraph (a) of this section, the following agencies and legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:

(1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,

(3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95–507 and other subsequent amendments.

(e) Only those activities expressly authorized by this section are allowable under this section.

§ 1158.205 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §1158.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, professional and technical services shall be limited to advice and
analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 1158.210 Reporting.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.
proposal, but generally advocate one proposal over another are not allow-
able under this section because the lawyer is not providing professional
legal services. Similarly, communica-
tions with the intent to influence made
by an engineer providing an engineer-
ing analysis prior to the preparation or
submission of a bid or proposal are not
allowable under this section since the
engineer is providing technical services
but not directly in the preparation, submission or negotiation of a covered
Federal action.

(d) Requirements imposed by or pur-
suant to law as a condition for receiv-
ing a covered Federal award include
those required by law or regulation, or
reasonably expected to be required by
law or regulation, and any other re-
quirements in the actual award docu-
ments.

(e) Persons other than officers or em-
ployees of a person requesting or re-
ceiving a covered Federal action in-
clude consultants and trade associa-
tions.

(f) Only those services expressly au-
thorized by this section are allowable
under this section.

Subpart D—Penalties and
Enforcement

§ 1158.400 Penalties.

(a) Any person who makes an expend-
iture prohibited herein shall be subject
to a civil penalty of not less than
$10,000 and not more than $100,000 for
each such expenditure.

(b) Any person who fails to file or
amend the disclosure form (see Appen-
dix B) to be filed or amended if re-
quired herein, shall be subject to a civil
penalty of not less than $10,000 and not
more than $100,000 for each such fail-
ure.

(c) A filing or amended filing on or
after the date on which an administra-
tive action for the imposition of a civil
penalty is commenced does not prevent
the imposition of such civil penalty for
a failure occurring before that date. An
administrative action is commenced
with respect to a failure when an investi-
gating official determines in writing
to commence an investigation of an al-
legation of such failure.

(d) In determining whether to impose
a civil penalty, and the amount of any
such penalty, by reason of a violation
by any person, the agency shall con-
sider the nature, circumstances, ex-
tent, and gravity of the violation, the
effect on the ability of such person to
continue in business, any prior viola-
tions by such person, the degree of cul-
pability of such person, the ability of
the person to pay the penalty, and such
other matters as may be appropriate.

(e) First offenders under paragraph
(a) or (b) of this section shall be subject
to a civil penalty of $10,000, absent ag-
gravitating circumstances. Second and
subsequent offenses by persons shall be
subject to an appropriate civil penalty
between $10,000 and $100,000, as deter-
mined by the agency head or his or her
designee.

(f) An imposition of a civil penalty
under this section does not prevent the
United States from seeking any other
remedy that may apply to the same
conduct that is the basis for the impo-
sition of such civil penalty.

§ 1158.405 Penalty procedures.

Agencies shall impose and collect
civil penalties pursuant to the provi-
sions of the Program Fraud and Civil
Remedies Act, 31 U.S.C. sections 3803
(except subsection (c)), 3804, 3805, 3806,
3807, 3808, and 3812, insofar as these pro-
visions are not inconsistent with the
requirements herein.

§ 1158.410 Enforcement.

The head of each agency shall take
such actions as are necessary to ensure
that the provisions herein are vigor-
ously implemented and enforced in
that agency.

Subpart E—Exemptions

§ 1158.500 Secretary of Defense.

(a) The Secretary of Defense may ex-
empt, on a case-by-case basis, a cov-
ered Federal action from the prohibi-
tion whenever the Secretary deter-
mines, in writing, that such an exemp-
tion is in the national interest. The
Secretary shall transmit a copy of each
such written exemption to Congress
immediately after making such a de-
termination.
(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.

Subpart F—Agency Reports
§ 1158.600 Semi-annual compilation.
(a) The head of each agency shall collect and compile the disclosure reports (see Appendix B) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or September 30, respectively, of that year.
(b) The report, including the compilation, shall be available for public inspection 30 days after receipt of the report by the Secretary and the Clerk.
(c) Information that involves intelligence matters shall be reported only to the Select Committee on Intelligence of the Senate, the Permanent Select Committee on Intelligence of the House of Representatives, and the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.
(d) Information that is classified under Executive Order 12356 or any successor order shall be reported only to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives or the Committees on Armed Services of the Senate and the House of Representatives (whichever such committees have jurisdiction of matters involving such information) and to the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.
(e) The first semi-annual compilation shall be submitted on May 31, 1990, and shall contain a compilation of the disclosure reports received from December 23, 1989 to March 31, 1990.

(f) Major agencies, designated by the Office of Management and Budget (OMB), are required to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives no later than with the compilations due on May 31, 1991. OMB shall provide detailed specifications in a memorandum to these agencies.

(g) Non-major agencies are requested to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives.

(h) Agencies shall keep the originals of all disclosure reports in the official files of the agency.

§ 1158.605 Inspector General report.
(a) The Inspector General, or other official as specified in paragraph (b) of this section, of each agency shall prepare and submit to Congress each year, commencing with submission of the President's Budget in 1991, an evaluation of the compliance of that agency with, and the effectiveness of, the requirements herein. The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.
(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.
(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.
(d) The annual report shall include the following: All alleged violations relating to the agency's covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

These regulations establish procedures by which an individual may exercise the rights granted by the Privacy Act to determine whether an Endowment system contains a record pertaining to him or her; to gain access to such records; and to request correction or amendment of such records. The Endowment will attempt to respond to an inquiry as to whether a record exists within 10 business days of receiving the inquiry.

§ 1159.5 What government entities will the Endowment notify of proposed changes to its systems of records?

When the Endowment proposes to establish or significantly changes any of its systems of records, it shall provide adequate advance notice of such proposal to the Committee on Government Reform of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Office of Management and Budget (OMB), in order to permit an evaluation of the probable or potential effect of such proposal on the privacy or other rights
§ 1159.6 What limits exist as to the contents of the Endowment’s systems of records?

(a) The Endowment shall maintain only such information about an individual as is relevant and necessary to accomplish a purpose of the agency required by statute or by executive order of the President. However, the Endowment shall not be required to update retired records.

(b) The Endowment shall not maintain any record about any individual with respect to or describing how such individual exercises rights guaranteed by the First Amendment of the Constitution of the United States, unless expressly authorized by statute or by the subject individual, or unless pertinent to and within the scope of an authorized law enforcement activity.

§ 1159.7 Will the Endowment collect information from me for its records?

The Endowment shall collect information, to the greatest extent practicable, directly from you when the information may result in adverse determinations about your rights, benefits, or privileges under Federal programs. In addition, the Endowment shall inform you of the following, either on the form it uses to collect the information or on a separate form that you can retain, when it asks you to supply information:

(a) The statutory or executive order authority that authorizes the solicitation of the information;

(b) Whether disclosure of such information is mandatory or voluntary;

(c) The principal purpose(s) for which the information is intended to be used;

(d) The routine uses that may be made of the information, as published pursuant to §1159.4 of this part; and

(e) Any effects on you of not providing all or any part of the required or requested information.

§ 1159.8 How can I acquire access to Endowment records pertaining to me?

The following procedures apply to records that are contained in an Endowment system:

(a) You may request review of records pertaining to you by writing to the Office of the General Counsel (see §1159.3 of this part). You may also call the Office of the General Counsel at (202) 682–5418 on business days, between the hours of 9 a.m. and 5:30 p.m., to schedule an appointment to make such a request in person. In either case, your request should be presented in writing and should specifically identify the Endowment systems involved.

(b) Access to the record, or to any other information pertaining to you that is contained in the system, shall be provided if the identification requirements of §1159.9 of this part are satisfied and the record is otherwise determined to be releasable under the Privacy Act and these regulations. The Endowment shall provide you an opportunity to have a copy made of any such record about you. Only one copy of each requested record will be supplied, based on the fee schedule in §1159.12 of this part.

(c) The Endowment will comply promptly with requests made in person at scheduled appointments, if the requirements of this section are met and the records sought are immediately available. The Endowment will acknowledge mailed requests, or personal requests for documents that are not immediately available, within 10 business days, and the information requested will be provided promptly thereafter.

(d) If you make your request in person at a scheduled appointment, you may, upon your request, be accompanied by a person of your choice to review your record. The Endowment may require that you furnish a written statement authorizing discussion of your record in the accompanying person’s presence. A record may be disclosed to a representative chosen by you upon your proper written consent.
(e) Medical or psychological records pertaining to you shall be disclosed to you unless, in the judgment of the Endowment, access to such records might have an adverse effect upon you. When such determination has been made, the Endowment may refuse to disclose such information directly to you. The Endowment will, however, disclose this information to a licensed physician designated by you in writing.

§ 1159.9 What identification will I need to show when I request access to Endowment records pertaining to me?

The Endowment shall require reasonable identification of all individuals who request access to records in an Endowment system to ensure that they are disclosed to the proper person.

(a) The amount of personal identification required will of necessity vary with the sensitivity of the record involved. In general, if you request disclosure in person, you shall be required to show an identification card, such as a driver’s license, containing your photograph and sample signature. However, with regard to records in Endowment systems that contain particularly sensitive and/or detailed personal information, the Endowment reserves the right to require additional means of identification as are appropriate under the circumstances. These means include, but are not limited to, requiring you to sign a statement under oath as to your identity, acknowledging that you are aware of the penalties for improper disclosure under the provisions of the Privacy Act.

(b) If you request disclosure by mail, the Endowment will request such information as may be necessary to ensure that you are properly identified. Authorized means to achieve this goal include, but are not limited to, requiring that a mail request include certification that a duly commissioned notary public of any State or territory (or a similar official, if the request is made outside of the United States) received an acknowledgment of identity from you.

(c) If you are unable to provide suitable documentation or identification, the Endowment may require a signed, notarized statement asserting your identity and stipulating that you understand that knowingly or willfully seeking or obtaining access to records about another person under false pretenses is punishable by a fine of up to $5,000.

§ 1159.10 How can I pursue amendments to or corrections of an Endowment record?

(a) You are entitled to request amendments to or corrections of records pertaining to you pursuant to the provisions of the Privacy Act, including 5 U.S.C. 552a(d)(2). Such a request should be made in writing and addressed to the Office of the General Counsel (see §1159.3 of this part).

(b) Your request for amendments or corrections should specify the following:

1. The particular record that you are seeking to amend or correct;
2. The Endowment system from which the record was retrieved;
3. The precise correction or amendment you desire, preferably in the form of an edited copy of the record reflecting the desired modification; and
4. Your reasons for requesting amendment or correction of the record.

(c) The Endowment will acknowledge a request for amendment or correction of a record within 10 business days of its receipt, unless the request can be processed and the individual informed of the General Counsel’s decision on the request within that 10-day period.

(d) If after receiving and investigating your request, the General Counsel agrees that the record is not accurate, timely, or complete, based on a preponderance of the evidence, then the record will be corrected or amended promptly. The record will be deleted without regard to its accuracy, if the record is not relevant or necessary to accomplish the Endowment function for which the record was provided or is maintained. In either case, you will be informed in writing of the amendment, correction, or deletion. In addition, if accounting was made of prior disclosures of the record, all previous recipients of the record will be informed of the corrective action taken.

(e) If after receiving and investigating your request, the General Counsel does not agree that the record
§ 1159.11 How can I appeal a refusal to amend or correct an Endowment record?

(a) You may appeal a refusal to amend or correct a record to the Chairperson. Such appeal must be made in writing within 10 business days of your receipt of the initial refusal to amend or correct your record. Your appeal should be sent to the Office of the General Counsel (see § 1159.3 of this part), should indicate that it is an appeal, and should include the basis for the appeal.

(b) The Chairperson will review your request to amend or correct the record, the General Counsel’s refusal, and any other pertinent material relating to the appeal. No hearing will be held.

(c) The Chairperson shall render his or her decision on your appeal within 30 business days of its receipt by the Endowment, unless the Chairperson, for good cause shown, extends the 30-day period. Should the Chairperson extend the appeal period, you will be informed in writing of the extension and the circumstances of the delay.

(d) If the Chairperson determines that the record that is the subject of the appeal should be amended or corrected, the record will be so modified, and you will be informed in writing of the amendment or correction. Where an accounting was made of prior disclosures of the record, all previous recipients of the record will be provided a copy of your statement of disagreement, as well as any statement of the Chairperson’s reasons for denying your appeal.

(e) If your appeal is denied, you will be informed in writing of the following:
   (1) The denial and the reasons for the denial;
   (2) That you may submit to the Endowment a concise statement setting forth the reasons for your disagreement as to the disputed record. Under the procedures set forth in paragraph (f) of this section, your statement will be disclosed whenever the disputed record is disclosed; and
   (3) That you may seek judicial review of the Chairperson’s determination under 5 U.S.C. 552a(g)(1)(a).

(f) Requests to amend or correct a record governed by the regulations of another agency will be forwarded to such agency for processing, and you will be informed in writing of this referral.

§ 1159.12 Will the Endowment charge me fees to locate, review, or copy records?

(a) The Endowment shall charge no fees for search time or for any other time expended by the Endowment to review a record. However, the Endowment may charge fees where you request that a copy be made of a record to which you have been granted access. Where a copy of the record must be made in order to provide access to the record (e.g., computer printout where no screen reading is available), the copy will be made available to you without cost.

(b) Copies of records made by photocopy or similar process will be charged to you at the rate of $0.10 per page. Where records are not susceptible to photocopying (e.g., punch cards, magnetic tapes, or oversize materials), you will be charged actual cost as determined on a case-by-case basis. A copying fee totaling $3.00 or less shall be
§ 1159.13 In what other situations will the Endowment disclose its records?

(a) The Endowment shall not disclose any record that is contained in a system of records to any person or to another agency, except pursuant to a written request by or with the prior written consent of the subject individual, unless disclosure of the record is:

(1) To those officers or employees of the Endowment who maintain the record and who have a need for the record in the performance of their official duties;

(2) Required under the provisions of the Freedom of Information Act (5 U.S.C. 552). Records required to be made available by the Freedom of Information Act will be released in response to a request to the Endowment formulated in accordance with the National Foundation on the Arts and the Humanities regulations published at 45 CFR part 1100;

(3) For a routine use as published in the annual notice in the Federal Register;

(4) To the Census Bureau for purposes of planning or carrying out a census, survey, or related activity pursuant to the provisions of Title 13 of the United States Code;

(5) To a recipient who has provided the Endowment with adequate advance written assurance that the record will be used solely as a statistical research or reporting record, and the record is to be transferred in a form that is not individually identifiable;

(6) To the National Archives and Records Administration as a record that has sufficient historical or other value to warrant its continued preservation by the United States government, or for evaluation by the Archivist of the United States, or his or her designee, to determine whether the record has such value;

(7) To another agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity, if the activity is authorized by law, and if the head of the agency or instrumentality has made a written request to the Endowment for such records specifying the particular portion desired and the law enforcement activity for which the record is sought. The Endowment may also disclose such a record to a law enforcement agency on its own initiative in situations in which criminal conduct is suspected, provided that such disclosure has been established as a routine use, or in situations in which the misconduct is directly related to the purpose for which the record is maintained;

(8) To a person pursuant to a showing of compelling circumstances affecting the health or safety of an individual if, upon such disclosure, notification is transmitted to the last known address of such individual;

(9) To either House of Congress, or, to the extent of matter within its jurisdiction, any committee or subcommittee thereof, any joint committee of Congress, or subcommittee of any such joint committee;

(10) To the Comptroller General, or any of his or her authorized representatives, in the course of the performance of official duties of the General Accounting Office;

(11) To a consumer reporting agency in accordance with 31 U.S.C. 3711(e); or

(12) Pursuant to an order of a court of competent jurisdiction. In the event that any record is disclosed under such compulsory legal process, the Endowment shall make reasonable efforts to notify the subject individual after the
process becomes a matter of public record.

(b) Before disseminating any record about any individual to any person other than an Endowment employee, the Endowment shall make reasonable efforts to ensure that such records are, or at the time they were collected were, accurate, complete, timely, and relevant for Endowment purposes. This paragraph (b) does not apply to disseminations made pursuant to the provisions of the Freedom of Information Act (5 U.S.C. 552) and paragraph (a)(2) of this section.

§ 1159.15 Who has the responsibility for maintaining adequate technical, physical, and security safeguards to prevent unauthorized disclosure or destruction of manual and automatic record systems?

The Deputy Chairman for Management and Budget has the responsibility of maintaining adequate technical, physical, and security safeguards to prevent unauthorized disclosure or destruction of manual and automatic record systems. These security safeguards shall apply to all systems in which identifiable personal data are processed or maintained, including all reports and outputs from such systems that contain identifiable personal information. Such safeguards must be sufficient to prevent negligent, accidental, or unintentional disclosure, modification or destruction of any personal records or data, and must furthermore minimize, to the extent practicable, the risk that skilled technicians or knowledgeable persons could improperly obtain access to modify or destroy such records or data and shall further insure against such casual entry by unskilled persons without official reasons for access to such records or data.

(a) Manual systems. (1) Records contained in a system of records as defined herein may be used, held or stored only where facilities are adequate to prevent unauthorized access by persons within or outside the Endowment.

(2) All records, when not under the personal control of the employees authorized to use the records, must be stored in a locked metal filing cabinet. Some systems of records are not of such confidential nature that their disclosure would constitute a harm to an individual who is the subject of such record. However, records in this category shall also be maintained in locked metal filing cabinets or maintained in a secured room with a locking door.

(3) Access to and use of a system of records shall be permitted only to persons whose duties require such access within the Endowment, for routine uses as defined in § 1159.1 as to any given system, or for such other uses as may be provided herein.

(4) Other than for access within the Endowment to persons needing such records in the performance of their official duties or routine uses as defined in § 1159.1, or such other uses as provided herein, access to records within a system of records shall be permitted only to the individual to whom the record pertains or upon his or her written request to the General Counsel.

(5) Access to areas where a system of records is stored will be limited to
§ 1159.16 Will the Endowment take steps to ensure that its employees involved with its systems of records are familiar with the requirements and implications of the Privacy Act?

(a) The Chairperson shall ensure that all persons involved in the design, development, operation or maintenance of any Endowment system are informed of all requirements necessary to protect the privacy of subject individuals. The Chairperson shall also ensure that all Endowment employees having access to records receive adequate training in their protection, and that records have adequate and proper storage with sufficient security to assure the privacy of such records.

(b) All employees shall be informed of the civil remedies provided under 5 U.S.C. 552a(g)(1) and other implications of the Privacy Act, and the fact that the Endowment may be subject to civil remedies for failure to comply with the provisions of the Privacy Act and these regulations.

§ 1159.17 Which of the Endowment's systems of records are covered by exemptions in the Privacy Act?

(a) Pursuant to and limited by 5 U.S.C. 552a(j)(2), the Endowment system entitled “Office of the Inspector General Investigative Files” shall be exempted from the provisions of 5 U.S.C. 552a, except for subsections (b); (c)(1) and (2); (e)(4)(A) through (F); (e)(6), (7), (9), (10), and (11); and (i), insofar as that Endowment system contains information pertaining to criminal law enforcement investigations.

(b) Pursuant to and limited by 5 U.S.C. 552a(k)(2), the Endowment system entitled “Office of the Inspector General Investigative Files” shall be exempted from 5 U.S.C. 552a(c)(3); (d); (e)(1); (e)(4)(G), (H), and (I); and (f), insofar as that Endowment system consists of investigatory material compiled for law enforcement purposes, other than material within the scope of the exemption at 5 U.S.C. 552a(j)(2).

(c) The Endowment system entitled “Office of the Inspector General Investigative Files” is exempt from the above-noted provisions of the Privacy Act because their application might
§ 1159.18 What are the penalties for obtaining an Endowment record under false pretenses?

(a) Under 5 U.S.C. 552a(i)(3), any person who knowingly and willfully requests or obtains any record concerning an individual from the Endowment under false pretenses shall be guilty of a misdemeanor and fined not more than $5,000.

(b) A person who falsely or fraudulently attempts to obtain records under the Privacy Act may also be subject to prosecution under other statutes, including 18 U.S.C. 494, 495, and 1001.

§ 1159.19 What restrictions exist regarding the release of mailing lists?

The Endowment may not sell or rent an individual’s name and address unless such action is specifically authorized by law. This section shall not be construed to require the withholding of names and addresses otherwise permitted to be made public.

§ 1160.1 Purpose and scope.
(a) This part sets forth the exhibition indemnity procedures of the Federal Council on the Arts and Humanities under the Arts and Artifacts Indemnity Act (Pub. L. 94–158) as required by section 2(a)(2) of the Act.
(1) Eligible items from outside the United States while on exhibition in the United States or
(2) Eligible items from the United States while on exhibition outside this country, preferably when they are part of an exchange of exhibitions.
(b) Program guidelines and further information are available from the Indemnity Administrator, c/o Museum Program, National Endowment for the Arts, 1100 Pennsylvania Avenue, NW., Washington, DC 20506.

§ 1160.2 Federal Council on the Arts and the Humanities
For the purposes of this part (45 CFR part 1160) the Federal Council on the Arts and the Humanities shall be composed of the Chairman of the National Endowment for the Arts, the Chairman of the National Endowment for the Humanities, the Secretary of Education, the Director of the National Science Foundation, the Librarian of Congress, the Chairman of the Commission of Fine Arts, the Archivist of the United States, the Commissioner, Public Buildings Service, General Services Administration, the Administrator of the General Services Administration, the Director of the United States Information Agency, the Secretary of the Interior, the Secretary of Commerce, the Secretary of Transportation, the Chairman of the National Museum Services Board, the Director of the Institute of Museum and Library Services, the Secretary of Housing and Urban Development, the Secretary of Labor, the Secretary of Veterans Affairs, and the Commissioner of the Administration on Aging.

§ 1160.3 Definitions.
For the purposes of this part:
(a) Council means the Federal Council on the Arts and the Humanities as defined in §1160.2.
(b) Letter of Intent means an agreement by the Council to provide an indemnity covering a future exhibition subject to compliance with all requirements at the date the indemnity is to be effective.
(c) Lender means the owner of an object.
(d) Eligible item means an object which qualifies for coverage under the Arts and Artifacts Indemnity Act.
(e) Exhibition means a public display of an indemnified item(s) at one or more locations, as approved by the Council, presented by any person, non-profit agency or institution, or Government, in the United States or elsewhere.
(f) On Exhibition means the period of time beginning on the date an indemnified item leaves the place designated by the lender and ending on the termination date.
(g) Indemnity Agreement means the contract between the Council and the indemnitee covering loss or damage to
§ 1160.4 Eligibility for international exhibitions.

An indemnity agreement for an international exhibition made under these regulations shall cover:

(a) Eligible items from outside the United States while on exhibition in the United States;

(b) Eligible items from the United States while on exhibition outside this country, preferably when they are part of an exchange of exhibitions; and

(c) Eligible items from the United States while on exhibition in the United States, in connection with other eligible items from outside the United States which are integral to the exhibition as a whole.

(d)(1) Example. An American art museum is organizing a retrospective exhibition which will include more than 150 works of art by Impressionist painter Auguste Renoir. Museums in Paris and London have agreed to lend 125 works of art, covering every aspect of his career, many of which have not been seen together since the artist’s death in 1919. The organizer is planning to include 25 masterpieces by Renoir from American public and private collections. The show will open in Chicago and travel to San Francisco and Washington.

(2) Discussion. This example is a common application for coverage of both foreign- and domestic-owned objects in an international exhibition. The foreign-owned objects are eligible for indemnity coverage under paragraph (a) of this section, and the domestic-owned objects may be eligible for indemnity coverage under paragraph (c) of this section if the foreign-owned objects are integral to the purposes of the exhibition as a whole. In reviewing this application, the Federal Council would evaluate the exhibition as a whole and determine whether the loans of 125 foreign-owned objects are integral to the educational, cultural, historical, or scientific significance of the exhibition on Renoir. It would also be necessary for the U.S. Department of State to determine whether or not the exhibition was in the national interest.

[73 FR 21056, Apr. 18, 2008]

§ 1160.5 Eligibility for domestic exhibitions.

An indemnity agreement for a domestic exhibition made under these regulations shall cover eligible items from the United States while on Exhibition in the United States.

(a)(1) Example 1. An American museum is undergoing renovation and will be closed to the public for one year. During that time, masterpieces from the collection will go on tour to three other museums in the United States. Many of these works have never been lent for travel, and this will be a unique and the last opportunity for museum visitors in other parts of the country to see them exhibited together. Once the new building opens, they will be permanently installed and dispersed throughout the museum’s galleries.

(2) Discussion. (i) This is a straightforward example of a domestic exhibition which would be eligible for consideration for indemnity coverage. Under the previous regulations, eligibility was limited to:

(A) Exhibitions in the United States of entirely foreign-owned objects;

(B) Exhibitions outside of the United States of domestic-owned objects; or

(C) Exhibitions in the United States of both foreign- and domestic-owned objects, with the foreign-owned objects
having integral importance to the exhibition.

(ii) In this example, the Federal Council will consider the educational, cultural, historical, or scientific significance of the proposed domestic exhibition of the domestic-owned objects. It would not be necessary for the U.S. Department of State to determine whether or not the exhibition was in the national interest.

(b)(1) Example 2. An American museum is organizing an exhibition of works by 20th century American artists, which will travel to one other U.S. museum. There are more than 100 objects in the exhibition. The majority of the paintings, drawings and sculpture, valued at more than $500,000,000, are from galleries, museums and private collections in the United States. The organizing curator has selected ten works of art, mostly drawings and preparatory sketches relating to paintings in the exhibition, valued at less than $5,000,000, which will be borrowed from foreign lenders.

(2) Discussion. (i) This example raises the question of whether this applicant should submit an application for indemnity coverage for a domestic exhibition or an international exhibition. If the applicant submitted an application for an international exhibition requesting coverage for only the foreign-owned objects eligible under Section 1160.4(a), the Federal Council would evaluate whether the ten foreign-owned objects further the exhibition’s educational, cultural, historical, or scientific purposes. It would also be necessary for the U.S. Department of State to determine whether or not the exhibition was in the national interest. In this case, the applicant would have to insure the loans of the foreign-owned objects by other means.

(ii) In the case of an application for an international exhibition requesting coverage for both domestic-owned and foreign-owned objects eligible under section 1160.4(a) and (c), the Federal Council would evaluate the exhibition as a whole to determine if the ten foreign-owned objects are integral to achieving the exhibition’s educational, cultural, historical, or scientific purposes. It would also be necessary for the U.S. Department of State to determine whether or not the exhibition was in the national interest. (iii) If the applicant submitted an application for a domestic exhibition, however, only the loans of domestic-owned objects, the highest valued part of the exhibition, would be eligible for coverage. The Federal Council would consider if the U.S. loans were of educational, cultural or historic interest. It would not be necessary for the U.S. Department of State to determine whether or not the exhibition was in the national interest. In this case, the applicant would have to insure the loans of the foreign-owned objects by other means.

[73 FR 21056, Apr. 18, 2008]

§ 1160.6 Application for indemnification.

An applicant for an indemnity shall submit an Application for Indemnification, addressed to the Indemnity Administrator, National Endowment for the Arts, Washington, DC 20506, which shall described as fully as possible:

(a) The time, place, nature and Project Director/Curator of the exhibition for which the indemnity is sought;

(b) Evidence that the owner and present possessor are willing to lend the eligible items, and both are prepared to be bound by the terms of the indemnity agreement;

(c) The total value of all items to be indemnified, including a description of each item to be covered by the agreement and each item’s value;

(d) The source of valuations of each item, plus an opinion by a disinterested third party of the valuations established by lenders;

(e) The significance, and the educational, cultural, historical, or scientific value of the items to be indemnified, and of the exhibition as a whole;

(f) Statements describing policies, procedures, techniques, and methods to be employed with respect to:

(1) Packing of items at the premises of, or the place designated by the lender;

(2) Shipping arrangements;

(3) Condition reports at lender’s location;

(4) Condition reports at borrower’s location;
(5) Condition reports upon return of items to lender’s location;
(6) Security during the exhibition and security during transportation, including couriers were applicable;
(7) Maximum values to be transported in a single vehicle of transport.

(g) Insurance arrangements, if any, which are proposed to cover the deductible amount provided by law or the excess over the amount indemnified;
(h) Any loss incurred by the indemnitee or participating institutions during the three years prior to the Application for Indemnification which involved a borrowed or loaned item(s) or item(s) in their permanent collections where the amount of loss or damage exceeded $5,000. Details should include the date of loss, nature and cause of damage, and appraised value of the damaged item(s) both before and after loss;
(i) If the application is for an exhibition of loans from the United States, which are being shown outside the United States, the applicant should describe in detail the nature of the exchange of exhibitions of which it is a part if any, including all circumstances surrounding the exhibition being shown in the United States, with particular emphasis on facts concerning insurance or indemnity arrangements.

§ 1160.8 Indemnity agreement.

In cases where the requirements of §§1160.4 and 1160.5 have been met to the satisfaction of the Council, an Indemnity Agreement pledging the full faith and credit of the United States for the agreed value of the exhibition in question may be issued to the indemnitee by the Council, subject to the provisions of §1160.7.

§ 1160.9 Letter of intent.

In cases where an exhibition proposed for indemnification is planned to begin on a date more than twelve (12) months after the submission of the application, the Council, upon approval of such a preliminary application, may provide a Letter of Intent stating that it will, subject to the conditions set forth therein, issue an Indemnity Agreement prior to commencement of the exhibition. In such cases, the Council will examine a final application during the twelve (12) month period prior to the date the exhibition is to commence, and shall, upon being satisfied that such conditions have been fulfilled, issue an Indemnity Agreement.

§ 1160.10 Loss adjustment.

(a) In the event of loss or damage covered by an Indemnity Agreement, the indemnitee without delay shall file a Notice of Loss or Damage with the Council and shall exercise reasonable care in order to minimize the amount of loss. Within a reasonable time after

Indemnification limits.

The dollar amounts of the limits described below are found in the guidelines referred to in §1160.1 and are based upon the statutory limits in the Arts and Artifacts Indemnity Act (20 U.S.C. 974).

(a) There is a maximum amount of loss or damage covered in a single exhibition or an Indemnity Agreement.

(b) A sliding scale deductible amount is applicable to loss or damage arising out of a single exhibition for which an indemnity is issued.

(c) There is an aggregate amount of loss or damage covered by indemnity agreements at any one time.

(d) The maximum value of eligible items carried in or upon any single instrumentality of transportation at any one time, is established by the Council.

(3) A special Government employee as defined in section 202, title 18, U.S. Code; and,
(4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act, title 5, U.S. Code appendix 2.

(l) Person means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other Federal law.
Reasonable compensation means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.

Reasonable payment means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

Recipient includes all contractors, subcontractors at any tier, and subgrantees at any tier of the recipient of funds received in connection with a Federal contract, grant, loan, or cooperative agreement. The term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other Federal law.

Regularly employed means, with respect to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000, unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

State means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a State, and a multi-State, regional, or interstate entity having governmental duties and powers.

Certification and disclosure.

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:

(1) Award of a Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

(1) A Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000,

unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraph (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

(1) A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,

(3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d) Any person who requests or receives from a person referred to in paragraph (a) or (b) of this section:

(1) A subcontract exceeding $100,000 at any tier under a Federal contract; or

(2) A subgrant, contract, or subcontract exceeding $100,000 at any tier under a Federal grant;
(3) A contract or subcontract exceeding $100,000 at any tier under a Federal loan exceeding $150,000; or,

(4) A contract or subcontract exceeding $100,000 at any tier under a Federal cooperative agreement,

shall file a certification, and a disclosure form, if required, to the next tier above.

e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraph (a) or (b) of this section. That person shall forward all disclosure forms to the agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

Subpart B—Activities by Own Employees

§ 1168.200 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in §1168.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.

(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person’s products or services, conditions or terms of sale, and service capabilities; and,

(2) Technical discussions and other activities regarding the application or adaptation of the person’s products or services for an agency’s use.

(d) For purposes of paragraph (a) of this section, the following agencies and legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:

(1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,

(3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95–507 and other subsequent amendments.

(e) Only those activities expressly authorized by this section are allowable under this section.
§ 1168.205 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §1168.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, “professional and technical services” shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 1168.210 Reporting.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

Subpart C—Activities by Other Than Own Employees

§ 1168.300 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §1168.100 (a), does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any commitment providing for the United States to insure or guarantee a loan.
(c) For purposes of paragraph (a) of this section, "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting or a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

Subpart D—Penalties and Enforcement

§ 1168.400 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.

(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.

(e) First offenders under paragraph (a) or (b) of this section shall be subject to a civil penalty of $10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between $10,000 and $100,000, as determined by the agency head or his or her designee.

(f) An imposition of a civil penalty under this section does not prevent the United States from seeking any other remedy that may apply to the same conduct that is the basis for the imposition of such civil penalty.
§ 1168.405 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. sections 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements herein.

§ 1168.410 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

Subpart E—Exemptions

§ 1168.500 Secretary of Defense.

(a) The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.

(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.

Subpart F—Agency Reports

§ 1168.600 Semi-annual compilation.

(a) The head of each agency shall collect and compile the disclosure reports (see appendix B) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or September 30, respectively, of that year.

(b) The report, including the compilation, shall be available for public inspection 30 days after receipt of the report by the Secretary and the Clerk.

(c) Information that involves intelligence matters shall be reported only to the Select Committee on Intelligence of the Senate, the Permanent Select Committee on Intelligence of the House of Representatives, and the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(d) Information that is classified under Executive Order 12356 or any successor order shall be reported only to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives or the Committees on Armed Services of the Senate and the House of Representatives (whichever such committees have jurisdiction of matters involving such information) and to the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(e) The first semi-annual compilation shall be submitted on May 31, 1990, and shall contain a compilation of the disclosure reports received from December 23, 1989 to March 31, 1990.

(f) Major agencies, designated by the Office of Management and Budget (OMB), are required to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives no later than with the compilations due on May 31, 1991. OMB shall provide detailed specifications in a memorandum to these agencies.

(g) Non-major agencies are requested to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives.

Subpart G—Annual Report

§ 1168.605 Inspector General report.

(a) The Inspector General, or other official as specified in paragraph (b) of this section, of each agency shall prepare and submit to Congress each year, commencing with submission of the President’s Budget in 1991, an evaluation of the compliance of that agency with, and the effectiveness of, the requirements herein. The evaluation may include any recommended changes that
may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency’s covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Use the SF-LLL-A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, state and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subawardee recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.

5. If the organization filing the report in item 4 checks "Subawardee", then enter the full name, address, city, state and zip code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-09-001."

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10. (a) Enter the full name, address, city, state and zip code of the lobbying entity engaged by the reporting entity identified in item 4 to influence the covered Federal action.

(b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a).

Enter Last Name, First Name, and Middle Initial (MI).

11. Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (item 4) to the lobbying entity (item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

12. Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

13. Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

14. Provide a specific and detailed description of the services that the lobbyist provided, or will be expected to perform, and the dates of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with Federal officials. Identify the Federal official(s) or employee(s) contacted or the office(s), employee(s), or Member(s) of Congress that were contacted.

15. Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

§§ 1170.5–1170.10 [Reserved]

Subpart B—Discrimination Prohibited

§ 1170.11 General prohibition against discrimination.

§ 1170.12 Discriminatory actions prohibited.

(a) A recipient, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap:

(4) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid,

§ 1170.13

benefits, or services that are as effective as those provided to others;

(5) Aid or perpetuate discrimination against a qualified handicapped person by providing significant assistance to an agency, organization, or person that discriminates on the basis of handicap in providing any aid, benefit, or service to beneficiaries of the recipient's program or activity;

(6) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards;

(7) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(b) A recipient may not deny a qualified handicapped person the opportunity to participate in aid, benefits, or services that are not separate or different, despite the existence of possibly separate or different aid, benefits, or services.

(c) A recipient may not, directly or through contractual or other arrangements, utilize criteria or methods of administration.

(1) that have the effect of subjecting qualified handicapped persons to discrimination on the basis of handicap,

(2) that have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the recipient's program or activity with respect to handicapped persons, or

(3) that perpetuate the discrimination of another recipient if both recipients are subject to common administrative control or are agencies of the same state.

(d) A recipient may not, in determining the site or location of a facility, make selections

(1) that have the effect of excluding handicapped persons from, denying them the benefits of, or otherwise subjecting them to discrimination under any program or activity that receives Federal financial assistance or

(2) that have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the program or activity with respect to handicapped persons.

(e) The exclusion of nonhandicapped persons from aid, benefits, or services limited by Federal statute or executive order to handicapped persons or the exclusion of a specific class of handicapped persons from aid, benefits, or services limited by Federal statute or executive order to a different class of handicapped persons is not prohibited by this part.

(f) Recipients shall administer programs or activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

(g) Recipients shall take appropriate steps to ensure that communications with their applicants, employees, and beneficiaries are available to persons with impaired vision and hearing.

§ 1170.13 Illustrative examples.

(a) The following examples will illustrate the application of the foregoing provisions to some of the activities funded by the National Endowment for the Humanities.

(1) A publication or a museum catalogue supported by the Endowment may be made usable by the blind and the visually impaired through cassette tapes, records, discs, braille, readers and simultaneous publications.

(2) A lecture, meeting or symposium supported by Federal funds may be made available to deaf and hearing impaired persons through the use of a sign language interpreter or by providing scripts in advance of the performance.

(3) Specific aid, benefits, or services supported by Federal funds may be offered in an inaccessible facility provided that the same aid, benefit, or service is also offered to the public at large in an accessible space.

(4) A qualified handicapped person is one who is able to meet all requirements in spite of his handicap. An educational institution is not required to disregard the disabilities of handicapped individuals or to lower or to make substantial modifications of standards to accommodate a handicapped person.

(b) State humanities committees are obligated to develop methods of administering Federal funds so as to ensure that handicapped persons are not subjected to discrimination on the basis of
handicap either by sub-grantees or by the manner in which the funds are distributed.

(c) In the event Endowment funds are utilized to construct, expand, alter, lease or rent a facility, the benefits of the program or activity provided in or through that facility must be conducted in accordance with these regulations, e.g., a museum receiving a grant to renovate an existing facility must assure that all museum aid, benefits, or services conducted in that facility are accessible to handicapped persons.

(d) In carrying out the mandate of section 504 and these implementing regulations recipients should administer Endowment assisted programs or activities in the most integrated setting appropriate, e.g., tours made available to the hearing impaired should be open to the hearing impaired and everyone should be permitted to enjoy the benefits of a tactile experience in a museum.

§§ 1170.14–1170.20 [Reserved]

Subpart C—Employment Practices

§ 1170.21 Discrimination prohibited.

(a) General. No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity that receives Federal financial assistance.

(b) A recipient shall make all decisions concerning employment under any program or activity to which this part applies in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap.

(c) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. The relationships referred to in this paragraph include relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeships.

(d) Specific activities. The provisions of this subpart apply to:

(1) Recruitment, advertising, and the processing of applications for employment;

(2) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff and rehiring;

(3) Rates of pay or any other form of compensation and changes in compensation;

(4) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

(5) Leaves of absence, sick leave, or any other leave;

(6) Fringe benefits available by virtue of employment, whether or not administered by the recipient;

(8) Employer sponsored activities, including those that are social or recreational; and

(9) Any other term, condition, or privilege of employment.

(e) A recipient’s obligation to comply with this subpart is not affected by any inconsistent term of any collective bargaining agreement to which it is a party.

§ 1170.22 Reasonable accommodation.

(a) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program or activity.

(b) Reasonable accommodation may include:

(1) Making facilities used by employees readily accessible to and usable by handicapped persons, and
§ 1170.23 Employment criteria.

(a) A recipient may not make use of any employment test or other selection criterion that screens out or tends to screen out handicapped persons or any class of handicapped persons unless:

(1) The test score or other selection criterion, as used by the recipient, is shown to be job-related for the position in question; and

(2) Alternative job-related tests or criteria are unavailable.

(b) A recipient shall select and administer tests concerning employment so as best to ensure that, when administered to an applicant or employee who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant’s or employee’s job skills, aptitude, or other factors relevant to adequate performance of the job in question.

§ 1170.24 Preemployment inquiries.

(a) A recipient may not, except as provided below, conduct a preemployment medical examination, make preemployment inquiry as to whether the applicant is a handicapped person, or inquire as to the nature or severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant’s ability to perform job-related functions.

(b) If a recipient is taking remedial action to correct the effects of past discrimination, if a recipient is taking affirmative action to overcome the effects of conditions that resulted in limited participation in its federally-assisted program or activity, or if a recipient is taking affirmative action under section 503 of the Rehabilitation Act, the recipient may invite applicants for employment to indicate whether and to what extent they are handicapped, provided, that:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary or affirmative action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential as provided in paragraph (d) of this section, that refusal to provide it will not subject the applicant or employee to any adverse treatment, and that it will be used only in accordance with this part.

(c) Nothing in this section shall prohibit a recipient from conditioning an offer of employment on the results of a medical examination conducted prior to the employee’s entrance on duty, provided, that:

(1) All entering employees are subjected to such an examination regardless of handicap; and

(2) The results of such an examination are used only in accordance with the requirements of this part.

(d) Information obtained in accordance with this section as to the medical condition or history of the applicant shall be collected and maintained on separate forms that shall be accorded confidentiality as medical records, except that:

(1) Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;

(2) First aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment; and
(3) Government officials investigating compliance with the Act shall be provided relevant information upon request.

§§ 1170.25–1170.30 [Reserved]

Subpart D—Accessibility

§ 1170.31 Discrimination prohibited.

No qualified handicapped person shall, because recipient's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which this part applies.

§ 1170.32 Existing facilities.

(a) Accessibility. A recipient shall operate each program or activity to which this part applies so that when each part is viewed in its entirety it is readily accessible to handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing facilities or every part of a facility accessible to and usable by handicapped persons.

(b) Methods. A recipient may comply with the requirements of paragraph (a) of this section through such means as redesign of equipment, reassignment of classes or other services to accessible buildings, alteration of existing facilities and construction of new facilities in conformance with the requirements of §1170.33, or any other methods that result in making its program or activity accessible to handicapped persons.

(c) Time period. A recipient shall comply with the requirement of paragraph (a) of this section within sixty days of the effective date of this part except that where structural changes in facilities are necessary, such changes shall be made within three years of the effective date of this part, but in any event as expeditiously as possible.

(d) Transition plan. In the event that structural changes to facilities are necessary to meet the requirement of paragraph (a) of this section, a recipient shall develop, within one year of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The plan shall be developed with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons. A copy of the transition plan shall be made available upon request for public inspection. The plan shall, at a minimum:

(1) Identify physical obstacles in the recipient's facilities that limit the accessibility of its program or activity to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve full accessibility under paragraph (a) of this section and, if the time period of the transition plan is longer than one year, identify the steps that will be taken during each year of the transition period; and

(4) Indicate the person responsible for implementation of the plan.

(e) Notice. The recipient shall adopt and implement procedures to ensure that interested persons, including persons with impaired vision or hearing can obtain information as to the existence and location of services, activities, and facilities that are accessible to and usable by handicapped persons.

§ 1170.33 New construction.

(a) Design, construction, and alteration. New facilities shall be designed and constructed to be readily accessible to and usable by handicapped persons. Alterations to existing facilities shall, to the maximum extent feasible, be designed and constructed to be readily accessible to and usable by handicapped persons.

(b) Conformance with Uniform Federal Accessibility Standards. (1) Effective as
of January 18, 1991, design, construction, or alteration of buildings in conformance with sections 3-8 of the Uniform Federal Accessibility Standards (USAF) (appendix A to 41 CFR subpart 101–19.6) shall be deemed to comply with the requirements of this section with respect to those buildings. Departures from particular technical and scoping requirements of UFAS by the use of other methods are permitted where substantially equivalent or greater access to and usability of the building is provided.

(2) For purposes of this section, section 4.1.6(1)(g) of UFAS shall be interpreted to exempt from the requirements of UFAS only mechanical rooms and other spaces that, because of their intended use, will not require accessibility to the public or beneficiaries or result in the employment or residence therein of persons with physical handicaps.

(3) This section does not require recipients to make building alterations that have little likelihood of being accomplished without removing or altering a load-bearing structural member.

§ 1170.34 Historic properties. [Reserved]

§§ 1170.35–1170.40 [Reserved]

Subpart E—Postsecondary Education

§ 1170.41 Application of this subpart.

Subpart E applies to postsecondary education programs or activities, including postsecondary vocational education programs or activities, that receive Federal financial assistance and to recipients that operate, or that receive Federal financial assistance for the operation of, such programs or activities.

§ 1170.42 Admissions and recruitment.

(a) General. Qualified handicapped persons may not, on the basis of handicap, be denied admission or be subjected to discrimination in admission or recruitment by a recipient to which this subpart applies.

(b) Admissions. In administering its admission policies, a recipient to which this subpart applies:

(1) May not apply limitations upon the number or proportion of handicapped persons who may be admitted;

(2) May not make use of any test or criterion for admission that has a disproportionate, adverse effect on handicapped persons or any class of handicapped persons unless

(i) The test or criterion, as used by the recipient, has been validated as a predictor of success in the education program or activity in question and

(ii) Alternate tests or criteria that have a less disproportionate, adverse effect are not shown by the Chairman to be available.

(3) Shall assure itself that:

(i) Admissions tests are selected and administered so as best to ensure that, when a test is administered to an applicant who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant’s aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the applicant’s impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure);

(ii) Admissions tests that are designed for persons with impaired sensory, manual, or speaking skills are offered as often and in as timely a manner as are other admissions tests; and

(iii) Admissions tests are administered in facilities that, on the whole, are accessible to handicapped persons; and

(4) Except as provided in paragraph (c) of this section, may not make preadmission inquiry as to whether an applicant for admission is a handicapped person but, after admission, may make inquiries on a confidential basis as to handicaps that may require accommodation.

(c) Preadmission inquiry exception. When a recipient is taking remedial action to correct the effects of past discrimination pursuant to §1170.52(a) or when a recipient is taking voluntary
action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity pursuant to §1170.52(b), the recipient may invite applicants for admission to indicate whether and to what extent they are handicapped, provided that:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential, that refusal to provide it will not subject the applicant to any adverse treatment, and that it will be used only in accordance with this part.

(d) Validity studies. For the purpose of paragraph (b)(2) of this section, a recipient may base prediction equations on first year grades, but shall conduct periodic validity studies against the criterion of overall success in the education program or activity in question in order to monitor the general validity of the test scores.

§ 1170.43 Treatment of students; general.

(a) No qualified handicapped student shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any academic, research, occupational training, housing, health insurance, counseling, financial aid, physical education, athletic, recreation, transportation, or other postsecondary education aid, benefit, or service to which this subpart applies.

(b) A recipient to which this subpart applies shall consider participation by students in education programs or activities not operated wholly by the recipient as part of, or equivalent to, an education program or activity operated by the recipient shall assure itself that the other education program or activity, as a whole, provides an equal opportunity for the participation of qualified handicapped persons.

(c) A recipient to which this subpart applies may not, on the basis of handicap, exclude any qualified handicapped student from any course, course of study, or other part of its education program or activity.

(d) A recipient to which this subpart applies shall operate its program or activity in the most integrated setting appropriate.

§ 1170.44 Academic adjustments.

(a) Academic requirements. A recipient to which this subpart applies shall make such modifications to its academic requirements as are necessary to ensure that such requirements do not discriminate or have the effect of discriminating, on the basis of handicap, against a qualified handicapped applicant or student. Academic requirements that the recipient can demonstrate are essential to the instruction being pursued by such student or to any directly related licensing requirement will not be regarded as discriminatory within the meaning of this section. Modifications may include changes in the length of time permitted for the completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted.

(b) Other rules. A recipient to which this subpart applies may not impose upon handicapped students other rules, such as the prohibition of tape recorders in classrooms or of dog guides in campus buildings, that have the effect of limiting the participation of handicapped students in the recipient’s education program or activity.

(c) Course examinations. In its course examinations or other procedures for evaluating students' academic achievement, a recipient to which this subpart applies shall provide such methods for evaluating the achievement of students who have a handicap that impairs sensory, manual, or speaking skills as will best ensure that the results of the evaluation represents the student's achievement in the course, rather than
§ 1170.45  
Auxiliary aids. (1) A recipient to which this subpart applies shall take such steps as are necessary to ensure that no handicapped student is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination because of the absence of educational auxiliary aids for students with impaired sensory, manual, or speaking skills.

(2) Auxiliary aids may include taped texts, interpreters or other effective methods of making orally delivered materials available to students with hearing impairments, readers in libraries for students with visual impairments, classroom equipment adapted for use by students with manual impairments, and other similar services and actions. Recipients need not provide attendants, individually prescribed devices, readers for personal use or study, or other devices or services of a personal nature.

§ 1170.46  
Financial and employment assistance to students.

(a) Provision of financial assistance. (1) In providing financial assistance to handicapped persons, a recipient to which this subpart applies may not:

(i) On the basis of handicap, provide less assistance than is provided to nonhandicapped persons, limit eligibility for assistance, or otherwise discriminate or

(ii) Assist any entity or person that provides assistance to any of the recipient's students in a manner that discriminates against qualified handicapped persons on the basis of handicap.

(b) Assistance in making available outside employment. A recipient that assists any agency, organization, or person in providing employment opportunities to any of its students shall assure itself that such employment opportunities, as a whole, are made available in a manner that would not violate Subpart C if they were provided by the recipient.

(c) Employment of students by recipients. A recipient that employs any of its students may not do so in a manner that violates Subpart C.
different only if separation or differentiation is consistent with the requirements of §1170.43(d) and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.

(b) Counseling and placement services. A recipient to which this subpart applies that provides personal, academic, or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap. The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped students with similar interests and abilities. This requirement does not preclude a recipient from providing factual information about licensing and certification requirements that may present obstacles to handicapped persons in their pursuit of particular careers.

(c) Social organizations. A recipient that provides significant assistance to fraternities, sororities, or similar organizations shall assure itself that the membership practices of such organizations do not permit discrimination otherwise prohibited by this subpart.

§§ 1170.48–1170.50 [Reserved]

Subpart F—Enforcement

§ 1170.51 Assurances required.

(a) Assurances. An applicant for Federal financial assistance to which this part applies shall submit an assurance, on a form specified by the responsible Endowment official, that the program or activity will be operated in compliance with this part. An applicant may incorporate these assurances by reference in subsequent applications to the Endowment.

(c) Covenants. (1) Where Federal financial assistance is provided in the form of real property or interest in the property from the Endowment, the instrument effecting or recording this transfer shall contain a covenant running with the land to assure non-discrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

(2) Where no transfer of property is involved but property is purchased or improved with Federal financial assistance, the recipient shall agree to include the covenant described in paragraph (b)(2) of this section in the instrument effecting or recording any subsequent transfer of the property.

(3) Where Federal financial assistance is provided in the form of real property or interest in the property from the Endowment, the covenant shall also include a condition coupled with a right to be reserved by the Endowment to revert title to the property in the event of a breach of the covenant. If a transferee of real property proposes to mortgage or to otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on the property for the purposes for which the property was transferred, the responsible Endowment official may, upon request of the transferee and if necessary to accomplish such financing and upon such conditions as he or she deems appropriate, agree to forebear the exercise of such right to revert title for
§ 1170.52 Remedial action, voluntary action, and self-evaluation.

(2) Where a recipient is found to have discriminated against persons on the basis of handicap in violation of section 504 or this part and where another recipient exercises control over the recipient that has discriminated, the Chairman, where appropriate, may require either or both recipients to take remedial action.

(3) The Chairman may, where necessary to overcome the effects of discrimination in violation of section 504 or this part, require a recipient to take remedial action:

(i) With respect to handicapped persons who are no longer participants in the recipient’s program or activity but who were participants in the program or activity when such discrimination occurred, or

(ii) With respect to handicapped persons who would have been participants in the program or activity had the discrimination not occurred.

(b) Voluntary action. A recipient may take steps, in addition to any action that is required by this part, to overcome the effects of conditions that resulted in limited participation in the recipient’s program or activity by qualified handicapped persons.

(c) A recipient shall within one year of the effective date of this part:

(1) Evaluate, with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons, its current policies and practices and the effects thereof that do not or may not meet the requirements of this part;

(2) Modify, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, any policies and practices that do not meet the requirements of this part;

(3) Take, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, appropriate remedial steps to eliminate the effects of any discrimination that resulted from adherence to these policies and practices.

(4) A recipient that employs fifteen or more persons shall maintain on file, make available for public inspection, and provide to the Endowment upon request, for at least three years following completion of the self-evaluation:

(b) Adoption of grievance procedures. A recipient that employs fifteen or more persons shall adopt grievance procedures that incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints alleging any action prohibited by this part. Such procedures need not be established with respect to complaints from applicants for employment or from applicants for admission to postsecondary educational institutions.

§ 1170.54 Notice.

(a) A recipient that employs fifteen or more persons shall take appropriate initial and continuing steps to notify participants, beneficiaries, applicants, and employees, including those with
impaired vision or hearing, and unions or professional organizations holding collective bargaining or professional agreements with the recipient that it does not discriminate on the basis of handicap in violation of section 504 and this part. The notification shall state, where appropriate, that the recipient does not discriminate in admission or access to or treatment or employment in its programs or activities. The notification shall also include an identification of the responsible employee designated pursuant to §1170.53(a). A recipient shall make the initial notification required by this paragraph within 90 days of the effective date of this part. Method of initial and continuing notification may include the posting of notices, publication in newspapers and magazines, placement of notices in recipients’ publication, and distribution of memoranda or other written communications.

Subpart A—Purpose and Coverage

§ 1173.100 What does this part do?
This part carries out the portion of the Drug-Free Workplace Act of 1988 (41 U.S.C. 701 et seq., as amended) that applies to grants. It also applies the provisions of the Act to cooperative agreements and other financial assistance awards, as a matter of Federal Government policy.

§ 1173.105 Does this part apply to me?
(a) Portions of this part apply to you if you are either—
(1) A recipient of an assistance award from the NEH; or
(2) A(n) NEH awarding official. (See definitions of award and recipient in §§1173.605 and 1173.660, respectively.)
(b) The following table shows the subparts that apply to you:

§ 1173.110 Are any of my Federal assistance awards exempt from this part?
This part does not apply to any award that the NEH General Counsel determines that the application of this part would be inconsistent with the international obligations of the United States or the laws or regulations of a foreign government.

§ 1173.115 Does this part affect the Federal contracts that I receive?
It will affect future contract awards indirectly if you are debarred or suspended for a violation of the requirements of this part, as described in §1173. 510(c). However, this part does not apply directly to procurement contracts. The portion of the Drug-Free Workplace Act of 1988 that applies to Federal procurement contracts is carried out through the Federal Acquisition Regulation in chapter 1 of Title 48 of the Code of Federal Regulations (the drug-free workplace coverage currently is in 48 CFR part 22, subpart 22.5).

Subpart B—Requirements for Recipients Other Than Individuals

§ 1173.200 What must I do to comply with this part?
There are two general requirements if you are a recipient other than an individual.
(a) First, you must make a good faith effort, on a continuing basis, to maintain a drug-free workplace. You must agree to do so as a condition for receiving any award covered by this part. The specific measures that you must take in this regard are described in more detail in subsequent sections of this subpart. Briefly, those measures are to—
(1) Publish a drug-free workplace statement and establish a drug-free awareness program for your employees (see §§1173.205 through 1173.220); and
(2) Take actions concerning employees who are convicted of violating drug statutes in the workplace (see §1173.225).
(b) Second, you must identify all known workplaces under your Federal awards (see §1173.230).

§ 1173.205 What must I include in my drug-free workplace statement?
You must publish a statement that—
(a) Tells your employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in your workplace;
(b) Specifies the actions that you will take against employees for violating that prohibition; and
(c) Lets each employee know that, as a condition of employment under any award, he or she:
(1) Will abide by the terms of the statement; and
(2) Must notify you in writing if he or she is convicted for a violation of a criminal drug statute occurring in the workplace and must do so no more than five calendar days after the conviction.

§ 1173.210 To whom must I distribute my drug-free workplace statement?
You must require that a copy of the statement described in § 1173.205 be given to each employee who will be engaged in the performance of any Federal award.

§ 1173.215 What must I include in my drug-free awareness program?
You must establish an ongoing drug-free awareness program to inform employees about—
(a) The dangers of drug abuse in the workplace;
(b) Your policy of maintaining a drug-free workplace;
(c) Any available drug counseling, rehabilitation, and employee assistance programs; and
(d) The penalties that you may impose upon them for drug abuse violations occurring in the workplace.

§ 1173.220 By when must I publish my drug-free workplace statement and establish my drug-free awareness program?
If you are a new recipient that does not already have a policy statement as described in § 1173.205 and an ongoing awareness program as described in § 1173.215, you must publish the statement and establish the program by the time given in the following table:

<table>
<thead>
<tr>
<th>If . . .</th>
<th>then you . . .</th>
</tr>
</thead>
<tbody>
<tr>
<td>(a) The performance period of the award is less than 30 days.</td>
<td>must have the policy statement and program in place as soon as possible, but before the date on which performance is expected to be completed.</td>
</tr>
<tr>
<td>(b) The performance period of the award is 30 days or more.</td>
<td>must have the policy statement and program in place within 30 days after award.</td>
</tr>
</tbody>
</table>

§ 1173.225 What actions must I take concerning employees who are convicted of drug violations in the workplace?
There are two actions you must take if an employee is convicted of a drug violation in the workplace:
(a) First, you must notify Federal agencies if an employee who is engaged in the performance of an award informs you about a conviction, as required by § 1173.205(c)(2), or you otherwise learn of the conviction. Your notification to the Federal agencies must—
(1) Be in writing;
(2) Include the employee’s position title;
(3) Include the identification number(s) of each affected award;
(4) Be sent within ten calendar days after you learn of the conviction; and
(5) Be sent to every Federal agency on whose award the convicted employee was working. It must be sent to every awarding official or his or her official designee, unless the Federal agency has specified a central point for the receipt of the notices.
(b) Second, within 30 calendar days of learning about an employee’s conviction, you must either—
(1) Take appropriate personnel action against the employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended; or
(2) Require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for these purposes by a Federal, State or local health, law enforcement, or other appropriate agency.

§ 1173.230 How and when must I identify workplaces?
(a) You must identify all known workplaces under each NEH award. A failure to do so is a violation of your drug-free workplace requirements. You may identify the workplaces—
§ 1173.300  What must I do to comply with this part if I am an individual recipient?

As a condition of receiving a(n) NEH award, if you are an individual recipient, you must agree that—

(a) You will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity related to the award; and

(b) If you are convicted of a criminal drug offense resulting from a violation occurring during the conduct of any award activity, you will report the conviction:

(1) In writing.

(2) Within 10 calendar days of the conviction.

(3) To the NEH awarding official or other designee for each award that you currently have, unless § 1173.301 or the award document designates a central point for the receipt of the notices. When notice is made to a central point, it must include the identification number(s) of each affected award.

§ 1173.301  [Reserved]

Subpart D—Responsibilities of NEH Awarding Officials

§ 1173.400  What are my responsibilities as a(n) NEH awarding official?

As a(n) NEH awarding official, you must obtain each recipient’s agreement, as a condition of the award, to comply with the requirements in—

(a) Subpart B of this part, if the recipient is not an individual; or

(b) Subpart C of this part, if the recipient is an individual.

Subpart E—Violations of this Part and Consequences

§ 1173.500  How are violations of this part determined for recipients other than individuals?

A recipient other than an individual is in violation of the requirements of this part if the NEH General Counsel determines, in writing, that—

(a) The recipient has violated the requirements of subpart B of this part; or

(b) The number of convictions of the recipient’s employees for violating criminal drug statutes in the workplace is large enough to indicate that the recipient has failed to make a good faith effort to provide a drug-free workplace.

§ 1173.505  How are violations of this part determined for recipients who are individuals?

An individual recipient is in violation of the requirements of this part if the NEH General Counsel determines, in writing, that—

(a) The recipient has violated the requirements of subpart B of this part; or

(b) The recipient is convicted of a criminal drug offense resulting from a violation occurring during the conduct of any award activity.

§ 1173.510  What actions will the Federal Government take against a recipient determined to have violated this part?

If a recipient is determined to have violated this part, as described in
§ 1173.500 or § 1173.505, the NEH may take one or more of the following actions—
(a) Suspension of payments under the award;
(b) Suspension or termination of the award; and
(c) Suspension or debarment of the recipient under 45 CFR Part 1169, for a period not to exceed five years.

§ 1173.515 Are there any exceptions to those actions?
The NEH General Counsel may waive with respect to a particular award, in writing, a suspension of payments under an award, suspension or termination of an award, or suspension or debarment of a recipient if the NEH General Counsel determines that such a waiver would be in the public interest. This exception authority cannot be delegated to any other official.

Subpart F—Definitions

Subpart A—General

§ 1174.1 Purpose and scope of this part.

This part establishes uniform administrative rules for Federal grants and cooperative agreements and subawards to State, local and Indian tribal governments.

§ 1174.2 Scope of subpart.

This subpart contains general rules pertaining to this part and procedures for control of exceptions from this part.

§ 1174.3 Definitions.

As used in this part:

Accrued expenditures mean the charges incurred by the grantee during a given period requiring the provision of funds for: (1) Goods and other tangible property received; (2) services performed by employees, contractors, subgrantees, subcontractors, and other payees; and (3) other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.

Accrued income means the sum of: (1) Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and (2) amounts becoming owed to the grantee for which no current services or performance is required by the grantee.

Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee’s regular accounting practices.

Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from programmatic requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

Awarding agency means (1) with respect to a grant, the Federal agency, and (2) with respect to a subgrant, the party that awarded the subgrant.

Cash contributions means the grantee’s cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds
received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

Contract means (except as used in the definitions for grant and subgrant in this section and except where qualified by Federal) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.

Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

Equipment means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

Expenditure report means: (1) For non-construction grants, the SF–269 “Financial Status Report” (or other equivalent report); (2) for construction grants, the SF–271 “Outlay Report and Request for Reimbursement” (or other equivalent report).

Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

Government means a State or local government or a federally recognized Indian tribal government.

Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

Grantee means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

Local government means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under state law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

OMB means the United States Office of Management and Budget.

Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are
required, such as annuities, insurance claims, and other benefit payments.

**Percentage of completion method** refers to a system under which payments are made for construction work according to the percentage of completion of the work, rather than to the grantee’s cost incurred.

**Prior approval** means documentation evidencing consent prior to incurring specific cost.

**Real property** means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

**Share,** when referring to the awarding agency’s portion of real property, equipment or supplies, means the same percentage as the awarding agency’s portion of the acquiring party’s total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of third-party in-kind contributions.

**State** means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937.

**Subgrant** means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of grant in this part.

**Subgrantee** means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

**Supplies** means all tangible personal property other than equipment as defined in this part.

**Suspension** means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or (2) an action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

**Termination** means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. **Termination** does not include: (1) Withdrawal of funds awarded on the basis of the grantee’s underestimate of the unobligated balance in a prior period; (2) withdrawal of the unobligated balance as of the expiration of a grant; (3) refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or (4) voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

**Terms of a grant or subgrant** mean all requirements of the grant or subgrant, whether in statute, regulations, or the award document.

**Third party in-kind contributions** mean property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

**Unliquidated obligations for reports prepared on a cash basis** mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

**Unobligated balance** means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.
§ 1174.4 Applicability.

Subpart B—Pre-Award Requirements

§ 1174.10 Forms for applying for grants.

(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.

(2) This section applies only to applications to Federal agencies for grants, and is not required to be applied by grantees in dealing with applicants for subgrants. However, grantees are encouraged to avoid more detailed or burdensome application requirements for subgrants.

(b) Authorized forms and instructions for governmental organizations. (1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.

(2) Applicants are not required to submit more than the original and two copies of preapplications or applications.

(3) Applicants must follow all applicable instructions that bear OMB clearance numbers. Federal agencies may specify and describe the programs, functions, or activities that will be used to plan, budget, and evaluate the work under a grant. Other supplementary instructions may be issued only with the approval of OMB to the extent required under the Paperwork Reduction Act of 1980. For any standard form, except the SF–424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.

(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted. Previously submitted pages with information that is still current need not be resubmitted.

§ 1174.11 State plans.

(a) Scope. The statutes for some programs require States to submit plans before receiving grants. Under regulations implementing Executive Order 12372, “Intergovernmental Review of Federal Programs,” States are allowed to simplify, consolidate and substitute plans. This section contains additional provisions for plans that are subject to regulations implementing the Executive order.

(b) Requirements. A State need meet only Federal administrative or programmatic requirements for a plan that are in statutes or codified regulations.

(c) Assurances. In each plan the State will include an assurance that the State shall comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding. For this assurance and other assurances required in the plan, the State may:

(1) Cite by number the statutory or regulatory provisions requiring the assurances and affirm that it gives the assurances required by those provisions,

(2) Repeat the assurance language in the statutes or regulations, or

(3) Develop its own language to the extent permitted by law.

(d) Amendments. A State will amend a plan whenever necessary to reflect: (1) New or revised Federal statutes or regulations or (2) a material change in any State law, organization, policy, or State agency operation. The State will obtain approval for the amendment and its effective date but need submit for...
§ 1174.12 Special grant or subgrant conditions for “high-risk” grantees.

(a) A grantee or subgrantee may be considered “high risk” if an awarding agency determines that a grantee or subgrantee:

(1) Has a history of unsatisfactory performance, or
(2) Is not financially stable, or
(3) Has a management system which does not meet the management standards set forth in this part, or
(4) Has not conformed to terms and conditions of previous awards, or
(5) Is otherwise not responsible; and if the awarding agency determines that an award will be made, special conditions and/or restrictions shall correspond to the high risk condition and shall be included in the award.

(b) Special conditions or restrictions may include:

(1) Payment on a reimbursement basis;
(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;
(3) Requiring additional, more detailed financial reports;
(4) Additional project monitoring;
(5) Requiring the grantee or subgrantee to obtain technical or management assistance; or
(6) Establishing additional prior approvals.

(c) If an awarding agency decides to impose such conditions, the awarding official will notify the grantee or subgrantee as early as possible, in writing, of:

(1) The nature of the special conditions/restrictions;
(2) The reason(s) for imposing them;
(3) The corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions and
(4) The method of requesting reconsideration of the conditions/restrictions imposed.

§ 1174.20 Standards for financial management systems.

(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to—

(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and
(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.

(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information
must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

5) **Allowable cost.** Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.

6) **Source documentation.** Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

7) **Cash management.** Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees’ cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

(c) An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a preaward review or at any time subsequent to award.

§ 1174.21 Payment.

(a) **Scope.** This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) **Basic standard.** Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR Part 205.

(c) **Advances.** Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) **Reimbursement.** Reimbursement shall be the preferred method when the requirements in paragraph (c) of this section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency’s payments to the grantee or subgrantee will be based on the grantee’s or subgrantee’s actual rate of disbursement.

(e) **Working capital advances.** If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee’s disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee’s actual cash disbursements.

(f) **Effect of program income, refunds, and audit recoveries on payment.** (1)
Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.

(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless—
   (i) The grantee or subgrantee has failed to comply with grant award conditions or
   (ii) The grantee or subgrantee is indebted to the United States.

   (2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with §1174.43(c).

   (3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

   (h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

   (2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

   (i) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses.

§ 1174.22 Allowable costs.

   (a) Limitation on use of funds. Grant funds may be used only for:

   (1) The allowable costs of the grantees, subgrantees and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and

   (2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.

   (b) Applicable cost principles. For each kind of organization, there is a set of Federal principles for determining allowable costs. Allowable costs will be determined in accordance with the cost principles applicable to the organization incurring the costs. The following chart lists the kinds of organizations and the applicable cost principles.

§ 1174.23 Period of availability of funds.

   (a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.
(b) Liquidation of obligations. A grantee must liquidate all obligations incurred under the award not later than 90 days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status Report (SF-269). The Federal agency may extend this deadline at the request of the grantee.

§ 1174.24 Matching or cost sharing.

(a) Basic rule: Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of this section, a matching or cost sharing requirement may be satisfied by either or both of the following:

(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by other cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.

(b) Qualifications and exceptions—

(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.

(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Cost or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract, or any other award of Federal funds.

(4) Costs financed by program income. Costs financed by program income, as defined in §1174.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §1174.25(g).)

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count toward satisfying a cost sharing or matching requirement unless other provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantee or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect costs. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:
(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or
(B) A cost savings to the grantee or subgrantee.
(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.
(c) Valuation of donated services—(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee’s or subgrantee’s organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.
(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee’s normal line of work, the services will be valued at the employee’s regular rate of pay exclusive of the employee’s fringe benefits and overhead costs. If the services are in a different line of work, paragraphs (c)(1) of this section applies.
(d) Valuation of third party donated supplies and loaned equipment or space. (1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.
(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.
(e) Valuation of third party donated equipment, buildings, and land. If a third party donates equipment, buildings, or land, and title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant, as follows:
(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching.
(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2)(i) and (ii) of this section apply:
(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment or buildings and the fair rental rate of the donated land may be counted as cost sharing or matching. In the case of a subgrant, the terms of the grant agreement may require that the approval be obtained from the Federal agency as well as the grantee. In all cases, the approval may be given only if a purchase of the equipment or rental of the land would be approved as an allowable direct cost. If any part of the donated property was acquired with Federal funds, only the non-federal share of the property may be counted as cost-sharing or matching.
(ii) If approval is not obtained under paragraph (e)(2)(i) of this section, no amount may be counted for donated land, and only depreciation or use allowances may be counted for donated equipment and buildings. The depreciation or use allowances for this property are not treated as third party in-kind contributions. Instead, they are treated as costs incurred by the grantee or subgrantee. They are computed and allocated (usually as indirect costs) in accordance with the cost principles specified in §1174.22, in the same way as depreciation or use allowances for purchased equipment and buildings. The amount of depreciation or use allowances for donated equipment and buildings is based on the property’s market value at the time it was donated.
(f) Valuation of grantee or subgrantee donated real property for construction/acquisition. If a grantee or subgrantee donates real property for a construction or facilities acquisition project, the current market value of that property may be counted as cost sharing or matching. If any part of the donated property was acquired with Federal
National Foundation on the Arts and the Humanities § 1174.25

funds, only the non-federal share of the property may be counted as cost sharing or matching.

(g) Appraisal of real property. In some cases under paragraphs (d), (e) and (f) of this section, it will be necessary to establish the market value of land or a building or the fair rental rate of land or of space in a building. In these cases, the Federal agency may require the market value or fair rental value be set by an independent appraiser, and that the value or rate be certified by the grantee. This requirement will also be imposed by the grantee on subgrantees.

§ 1174.25 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc. and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. “During the grant period” is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income.

(d) Governmental revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. (See §1174.34.)

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of §§1174.31 and 1174.32.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described below, unless the Federal agency regulations or the grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income in excess of any limits stipulated shall also be deducted from outlays.

(1) Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

(2) Addition. When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

(3) Cost sharing or matching. When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.

(h) Income after the award period. There are no Federal requirements governing the disposition of program income earned after the end of the award
§ 1174.26 Non-Federal audit.

(a) Basic rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501–7507) and revised OMB Circular A–133, “Audits of States, Local Governments, and Non-Profit Organizations.” The audits shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial audits.

(b) Subgrantees. State or local governments, as those terms are defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which expends $300,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:

(1) Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A–110, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” have met the audit requirements of the Act. Commercial contractors (private for-profit and private and governmental organizations) providing goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractor has complied with laws and regulations affecting the expenditure of Federal funds;

(2) Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, Circular A–110, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;

(3) Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instance of noncompliance with Federal laws and regulations;

(4) Consider whether subgrantee audits necessitate adjustment of the grantee’s own records; and

(5) Require each subgrantee to permit independent auditors to have access to the records and financial statements.

(c) Auditor selection. In arranging for audit services, §1174.36 shall be followed.

CHANGES, PROPERTY, AND SUBAWARDS

§ 1174.30 Changes.

(a) General. Grantees and subgrantees are permitted to rebudget within the approved direct cost budget to meet unanticipated requirements and may make limited program changes to the approved project. However, unless waived by the awarding agency, certain types of post-award changes in budgets and projects shall require the prior written approval of the awarding agency.

(b) Relation to cost principles. The applicable cost principles (see §1174.22) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.

(c) Budget changes—(1) Nonconstruction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain the prior approval of the awarding agency whenever any of the following changes is anticipated under a nonconstruction award:

(i) Any revision which would result in the need for additional funding.

(ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency’s share exceeds $100,000.

(iii) Transfer of funds allotted for training allowances (i.e., from direct
§ 1174.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

(1) Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency’s percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.

(2) Sale of property. Sell the property and compensate the awarding agency.
§ 1174.32 Equipment.

(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) States. A State will use, manage, and dispose of equipment acquired under a grant by the State in accordance with State laws and procedures. Other grantees and subgrantees will follow paragraphs (c) through (e) of this section.

(c) Use. (1) Equipment shall be used by the grantee or subgrantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.

(2) The grantee or subgrantee shall also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, providing such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use shall be given to other programs or projects supported by the awarding agency. User fees should be considered if appropriate.

(3) Notwithstanding the encouragement in §1174.25(a) to earn program income, the grantee or subgrantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by Federal statute.

(4) When acquiring replacement equipment, the grantee or subgrantee may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the awarding agency.

(d) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, as a minimum, meet the following requirements:

(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.

(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.

(4) Adequate maintenance procedures must be developed to keep the property in good condition.

(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed
for the original project or program or for other activities currently or previously supported by a Federal agency, disposition of the equipment will be made as follows:

(1) Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

(2) Items of equipment with a current per unit fair market value in excess of $5,000 may be retained or sold and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency’s share of the equipment.

(3) In cases where a grantee or subgrantee fails to take appropriate disposition actions, the awarding agency may direct the grantee or subgrantee to take excess and disposition actions.

(f) Federal equipment. In the event a grantee or subgrantee is provided federally-owned equipment:

(1) Title will remain vested in the Federal Government.

(2) Grantees or subgrantees will manage the equipment in accordance with Federal agency rules and procedures, and submit an annual inventory listing.

(3) When the equipment is no longer needed, the grantee or subgrantee will request disposition instructions from the Federal agency.

(g) Right to transfer title. The Federal awarding agency may reserve the right to transfer title to the Federal Government or a third part named by the awarding agency when such a third party is otherwise eligible under existing statutes. Such transfers shall be subject to the following standards:

(1) The property shall be identified in the grant or otherwise made known to the grantee in writing.

(2) The Federal awarding agency shall issue disposition instructions within 120 calendar days after the end of the Federal support of the project for which it was acquired. If the Federal awarding agency fails to issue disposition instructions within the 120 calendar-day period the grantee shall follow §1174.32(e).

(3) When title to equipment is transferred, the grantee shall be paid an amount calculated by applying the percentage of participation in the purchase to the current fair market value of the property.

§ 1174.33 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for any other federally sponsored programs or projects, the grantee or subgrantee shall compensate the awarding agency for its share.

§ 1174.34 Copyrights.

The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and

(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

§ 1174.35 Subawards to debarred and suspended parties.

Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.”

§ 1174.36 Procurement.

(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will
follow paragraphs (b) through (i) in this section.

(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.

(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

(i) The employee, officer or agent,
(ii) Any member of his immediate family,
(iii) His or her partner, or
(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee’s or subgrantee’s officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements. Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee’s and subgrantee’s officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only—

(i) After a determination that no other contract is suitable, and
(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.
(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of the grantee’s or subgrantee’s protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition. (1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of §1174.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainers contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and

(ii) Identify all requirements which offerors must fulfill and all other factors to be used in evaluating bids or proposals.
(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) **Methods of procurement to be followed**—

(1) **Procurement by small purchase procedures.** Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) **Procurement by sealed bids (formal advertising).** Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in §1174.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) **Procurement by competitive proposals.** The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors’ qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types...
of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;

(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

(C) The awarding agency authorizes noncompetitive proposals; or

(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women’s business enterprise and labor surplus area firms.

(1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women’s business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women’s business enterprises on solicitation lists;

(ii) Assuring that small and minority businesses, and women’s business enterprises are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women’s business enterprises;

(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women’s business enterprises;

(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and

(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.

(f) Contract cost and price.

(1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor’s investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.
(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see §1174.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:

(i) A grantee’s or subgrantee’s procurement procedures or operation fails to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a “brand name” product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency’s right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency’s interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is
one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

(i) Contract provisions. A grantee’s and subgrantee’s contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

(3) Compliance with Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded in excess of $2000 by grantees and subgrantees when required by Federal grant program legislation)

(5) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(6) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under such contract.

(9) Awarding agency requirements and regulations pertaining to copyrights and rights in data.

(10) Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

(11) Retention of all required records for three years after grantees or subgrantees make final payments and all other pending matters are closed.

(12) Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000)

(13) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94–163, 89 Stat. 871).

§ 1174.37 Subgrants.

(a) States. States shall follow state law and procedures when awarding and administering subgrants (whether on a
§ 1174.40 Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.

(1) Grantees shall submit annual performance reports unless the awarding agency requires quarterly or semi-annual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year, quarterly or semi-annual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration or termination of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.

(2) Performance reports will contain, for each grant, brief information on the following:

(i) A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output may be required if that information will be useful.

(ii) The reasons for slippage if established objectives were not met.

(iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(3) Grantees will not be required to submit more than the original and two copies of performance reports.

§ 1174.41 Reports, records, retention, and enforcement.
(4) Grantees will adhere to the standards in this section in prescribing performance reporting requirements for subgrantees.

(c) Construction performance reports. For the most part, on-site technical inspections and certified percentage-of-completion data are relied on heavily by Federal agencies to monitor progress under construction grants and subgrants. The Federal agency will require additional formal performance reports only when considered necessary, and never more frequently than quarterly.

(d) Significant developments. Events may occur between the scheduled performance reporting dates which have significant impact upon the grant or subgrant supported activity. In such cases, the grantee must inform the Federal agency as soon as the following types of conditions become known:

(1) Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

(2) Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more beneficial results than originally planned.

(e) Federal agencies may make site visits as warranted by program needs.

(f) Waivers, extensions. (1) Federal agencies may waive any performance report required by this part if not needed.

(2) The grantee may waive any performance report from a subgrantee when not needed. The grantee may extend the due date for any performance report from a subgrantee if the grantee will still be able to meet its performance reporting obligations to the Federal agency.

§ 1174.41 Financial reporting.

(a) General. (1) Except as provided in paragraphs (a) (2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

(i) Submitting financial reports to Federal agencies, or

(ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB to the extent required under the Paperwork Reduction Act of 1980 for use in connection with forms specified in paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that the Federal agency finds unnecessary for its decisionmaking purposes.

(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.

(5) Federal agencies may provide computer outputs to grantees to expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.

(6) Federal agencies may waive any report required by this section if not needed.

(7) Federal agencies may extend the due date of any financial report upon receiving a justified request from a grantee.

(b) Financial Status Report—(1) Form. Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all non-construction grants and for construction grants when required in accordance with paragraph §1174.41(e)(2)(iii) of this section.

(2) Accounting basis. Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee’s accounting records are not normally kept on the accrual basis, the grantee shall not be
required to convert its accounting system but shall develop such accrual information through and analysis of the documentation on hand.

(3) Frequency. The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.

(4) Due date. When reports are required on a quarterly or semiannual basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(c) Federal Cash Transactions Report—

(1) Form. (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a, unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(2) Forecasts of Federal cash requirements. Forecasts of Federal cash requirements may be required in the “Remarks” section of the report.

(3) Cash in hands of subgrantees. When considered necessary and feasible by the Federal agency, grantees may be required to report the amount of cash advances in excess of three days’ needs in the hands of their subgrantees or contractors and to provide short narrative explanations of actions taken by the grantee to reduce the excess balances.

(4) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the Federal agency may require the report to be submitted within 15 working days following the end of each month.

(d) Request for advance or reimbursement—(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form 270, Request for Advance or Reimbursement. (This form will not be used for drawdowns under a letter of credit, electronic funds transfer or when Treasury check advance payments are made to the grantee automatically on a predetermined basis.)

(2) Reimbursements. Requests for reimbursement under nonconstruction grants will also be submitted on Standard Form 270. (For reimbursement requests under construction grants, see paragraph (e)(1) of this section.)

(3) The frequency for submitting payment requests is treated in §1174.41(b)(3).

(e) Outlay report and request for reimbursement for construction programs. (1) Grants that support construction activities paid by reimbursement method.

(i) Requests for reimbursement under construction grants will be submitted on Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. Federal agencies may, however, prescribe the Request for Advance or Reimbursement form, specified in §1174.41(b)(1), instead of this form.

(ii) The frequency for submitting reimbursement requests is treated in §1174.41(b)(3).

(2) Grants that support construction activities paid by letter of credit, electronic funds transfer or Treasury check advance.

(i) When a construction grant is paid by letter of credit, electronic funds transfer or Treasury check advance, the grantee will report its outlays to the Federal agency using Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. The Federal agency will provide any necessary special instruction.
However, frequency and due date shall be governed by §1174.41(b) (3) and (4).

(ii) When a construction grant is paid by Treasury check advances based on periodic requests from the grantee, the advances will be requested on the form specified in §1174.41(d).

(iii) The Federal agency may substitute the Financial Status Report specified in §1174.41(b) for the Outlay Report and Request for Reimbursement for Construction Programs.

(3) Accounting basis. The accounting basis for the Outlay Report and Request for Reimbursement for Construction Programs shall be governed by §1174.41(b)(2).

§ 1174.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are:

   (i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or

   (ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.

   (2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see §1174.36(i)(10).

(b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

   (2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

   (3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use.

   The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.

(c) Starting date of retention period—(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee or subgrantee submits to the awarding agency its single or last expenditure report for that period. However, if grant support is continued or renewed quarterly, the retention period for each year’s records starts on the day the grantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.

   (2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency.

   (3) Records for income transactions after grant or subgrant support. In some cases grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee’s fiscal year in which the income is earned.

   (4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

   (i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.
§ 1174.43 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency.

(2) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award for the grantee’s or subgrantee’s program.

(4) Withhold further awards for the program, or

(5) Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of grantee or subgrantee resulting from obligations incurred by the grantee or subgrantee during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other grantee or subgrantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

(1) The costs result from obligations which were properly incurred by the grantee or subgrantee before the effective date of suspension or termination, are not in anticipation of it, and, in the case of a termination, are noncancellable, and

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude grantee or subgrantee from being subject to “Debarment and Suspension” under Executive Order 12549 (see §1174.35).

§ 1174.44 Termination for convenience.

Except as provided in §1174.43, awards may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the
§ 1174.52 Collection of amounts due.

(a) Any funds paid to a grantee in excess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:

1. Making an administrative offset against other requests for reimbursements,
2. Withholding advance payments otherwise due to the grantee, or
3. Other action permitted by law.

(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 CFR Ch. II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

(b)(1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The agency may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different, despite the existence of permisibly separate or different programs or activities.

(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified handicapped persons to discrimination on the basis of handicap;

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to handicapped persons.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or Executive order to a different class of handicapped persons is not prohibited by this part.

(d) The agency shall administer programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

§§ 1175.131–1175.139   [Reserved]

§ 1175.140 Employment.

No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR Part 1613, shall apply to employment in federally conducted programs or activities.
§§ 1175.141–1175.148 [Reserved]

§ 1175.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in §1175.150, no qualified handicapped person shall, because the agency’s facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 1175.150 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons; or

(2) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §1175.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) Methods. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing facilities where other methods are effective in achieving compliance with this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(c) Time period for compliance. The agency shall comply with the obligations established under this section by June 6, 1986, except that where structural changes in facilities are undertaken, such changes shall be made by April 7, 1989, but in any event as expeditiously as possible.

(d) Transition plan. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by October 7, 1986, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency’s facilities that limit the accessibility of its programs or activities to handicapped persons;
§ 1175.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by handicapped persons. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151 through 4157), as established in 41 CFR 101-19.600 to 101–19.607, apply to buildings covered by this section.

§§ 1175.152–1175.159 [Reserved]

§ 1175.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(i) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(ii) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(ii) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD’s) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §1175.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§ 1175.161–1175.169 [Reserved]

§ 1175.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section...

(c) The Director, Office of Equal Opportunity shall be responsible for coordinating implementation of this section. Complaints may be sent to Director, Office of Equal Opportunity, National Endowment for the Humanities, 1100 Pennsylvania Avenue, NW., Room 419, Washington, DC 20506.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;
(2) A description of a remedy for each violation found;
(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt of the agency’s letter required by §1175.170(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

§ 1176.1 General.

(a) Purpose. Many individuals in society possess great productive potential which goes unrealized because they cannot meet the requirements of a standard workweek. Permanent part-time employment also provides benefits to other individuals in a variety of ways, such as providing older individuals with a gradual transition into retirement, providing employment opportunities to handicapped individuals or others who require a reduced workweek, providing parents with opportunities to balance family responsibilities with the need for added income,
§ 1176.2 Definitions.
(a) Part-time employment means employment of 16 to 32 hours a week under a schedule consisting of an equal or varied number of hours per day, whether in a position which would be part-time without regard to the Act or one established to allow job-sharing or comparable arrangements, but does not include employment on a temporary or intermittent basis.
(b) Career employment includes competitive and excepted service employees in tenure groups I and II.

§ 1176.3 Criteria.
Positions becoming vacant, unless excepted as provided by §1176.8, will be reviewed to determine the feasibility of converting them to part-time. Among the criteria which may be used when conducting this review are:
(a) Mission requirements.
(b) Workload.
(c) Employment ceilings and budgetary considerations.
(d) Availability of qualified applicants willing to work part-time.

§ 1176.4 Establishing and converting part-time positions.
Position management and other internal reviews may indicate that positions may be either converted from full-time or initially established as part-time positions. Criteria listed in §1176.3 may be used during these reviews. If a decision is made to convert to or to establish a part-time position, regular position management and classification procedures will be followed.

§ 1176.5 Annual plan.
(a) An agency-wide plan for promoting part-time employment opportunities will be developed annually. This plan will establish annual goals and set interim and final deadlines for achieving these goals. This plan will be applicable throughout the agency, and will be transmitted to the Office of Personnel Management with the required report to OPM on the status of the program as of September 30 of each year.
(b) Beginning in FY 1981 in administering personnel ceilings, part-time career employees shall be counted against ceiling authorizations as a fraction. This will be determined by dividing 40 hours into the average number of hours of such employee’s regularly scheduled workweek.

§ 1176.6 Review and evaluation.
Regular employment reports will be used to determine levels of part-time employment. This program will also be designated an item of special interest to be reviewed during personnel management reviews.

§ 1176.7 Publicizing vacancies.
When applicants from outside the Federal service are desired, part-time vacancies may be publicized through various recruiting means, such as:
(a) Federal Job Information Centers.
(b) State Employment Offices.
(c) Veterans’ Administration Recruiting Bulletins.

§ 1176.8 Exceptions.
(a) The Personnel Officer may except positions from inclusion in this program to provide fewer than 16 hours per week. This will normally be done in furtherance of special hiring programs such as the Stay-in-School or Handicapped Employment Program.
(b) On occasions when it becomes necessary to allow supervisors and managers to temporarily increase the hours of duty of employees above 32 hours per week for limited and specific periods of time to meet heavy workloads, perform special assignments, permit employee training, etc., the Endowment policy is as follows:
(1) Requests to work NEH employees on a 32 hour/week appointment more than 32 hours must be submitted in advance to the Personnel Office;
(2) Justification should be concise but specific and must state the exact...
time frame for the increase in hours above 32 hours per week; and

(3) The Program Coordinator will decide if the request meets the intent of the law and this agency’s policy.

§ 1177.4 Claims involving criminal activity or misconduct.

For the purpose of this part the following definitions will apply:

(a) Claim or debt means an amount of property owed to the United States. These include but are not limited to: Overpayments to program beneficiaries; overpayments to contractors and grantees, including overpayments arising from audit disallowances; excessive cash advances to grantees and contractors; and civil penalties and assessments. A debt is overdue or delinquent if it is not paid by the due date specified in the initial notice of the debt (see §1177.6 of this part) or if the debtor fails to satisfy his or her obligation under a repayment agreement.

(b) Debtor means an individual, organization, group, association, partnership, or corporation indebted to the United States, or the person or entity with legal responsibility for assuming the debtor’s obligation.

(c) Endowment means the National Endowment for the Humanities.

(d) Administrative offset means satisfying a debt by withholding money payable by the United States to or held by the United States for a debtor.

§ 1177.3 Other remedies.

The remedies and sanctions available to the National Endowment for the Humanities under this part are not intended to be exclusive. The Chairperson of the National Endowment for the Humanities or his designee may impose other appropriate sanctions upon a debtor for prolonged or repeated failure to pay a debt. For example, the Chairperson or his designee may place the debtor’s name on a list of debarred, suspended, or ineligible grantees and contractors, convert the method of payment under a grant from an advance to a reimbursement method, or revoke a grantee’s letter of credit. In such cases the debtor will be advised of the Endowment’s action.

§ 1177.4 Claims involving criminal activity or misconduct.

(a) A debtor whose indebtedness involves criminal activity such as fraud, embezzlement, theft, or misuse of government funds or property is subject to punishment by fine or imprisonment as well as to a civil claim by the United
§ 1177.5 Collection.

(a) The Endowment will take aggressive action to collect debts and reduce delinquencies. Collection efforts shall include sending to the debtor's last known address a total of three progressively stronger written demands for payment at not more than 30 day intervals. When necessary to protect the Government's interest, written demand may be preceded by other appropriate action, including immediate referral for litigation. Other contact with the debtor or his or her representative or guarantor by telephone, in person and/or in writing may be appropriate to demand prompt payment, to discuss the debtor's position regarding the existence, amount and repayment of the debt, and to inform the debtor of his or her rights and the effect of non-payment or delayed payment. A debtor who disputes a debt must promptly provide available supporting evidence.

(b) If a debtor is involved in insolvency proceedings, the debt will be referred to the appropriate United States Attorney to file a claim. The United States may have a priority over other creditors under 31 U.S.C. 3713.

§ 1177.6 Notice to debtor.

The first written demand for payment must inform the debtor of the following:

(a) The amount and nature of the debt;

(b) The date payment is due, which will generally be 30 days from the date the notice was mailed;

(c) The assessment of interest under §1177.7 from the date the notice was mailed if payment is not received within the 30 days;

(d) The right to dispute the debt;

(e) The office, address and telephone number that the debtor should contact to discuss repayment and reconsideration of the debt and;

(i) Arrange for a hearing upon the proper petitioning by the employee;

(ii) Certify in writing that the employee owes the debt, the amount and basis of the debt, the date on which payment is due, the date the Government’s right to collect the debt accrued, and that Endowment regulations for salary offset have been approved by the Office of Personnel Management;

(iii) If collection must be made in installments, the Chairperson must advise the paying agency of the amount or percentage of disposable pay to be collected in each installment;

(iv) Advise the paying agency of the actions taken under 5 U.S.C. 5514(b) and provide the dates on which action was taken unless the employee has consented to salary offset in writing or signed a statement acknowledging receipt of procedures required by law. The written consent or acknowledgment must be sent to the paying agency;

(v) If the employee is in the process of separating, the Endowment must submit its debt claim to the paying agency as provided in this part. The paying agency must certify any amounts already collected, notify the employee, and send a copy of the certification and notice of the employee’s separation to the creditor agency. If the paying agency is aware that the employee is entitled to Civil Service Retirement and Disability Fund or similar payments, it must certify to the agency responsible for making such payments the amount of the debt and that the provisions of this part have been followed; and

(vi) If the employee has already separated and all payments due from the paying agency have been paid, the Chairperson may request unless otherwise prohibited, that money payable to the employee from the Civil Service Retirement and Disability Fund or other similar funds be collected by administrative offset.

The National Endowment for the Humanities shall not review the merits of the creditor agency’s determination of the validity or the amount of the certified claim.

(2) If the employee transfers to another agency after the creditor agency has submitted its debt claim to the National Endowment for the Humanities and before the debt is collected completely, the National Endowment for the Humanities must certify the total amount collected. One copy of the certification must be furnished to the employee. A copy must be furnished the creditor agency with notice of the employee’s transfer.

§ 1179.8 Procedures for salary offset.

(a) Deductions to liquidate an employee’s debt will be by the method and in the amount stated in the Chairperson’s notice of intention to offset as provided in § 1179.4. Debts will be collected in one lump sum where possible. If the employee is financially unable to pay in one lump sum, collection must be made in installments.

(b) Debts will be collected by deduction at officially established pay intervals from an employee’s current pay account unless alternative arrangements for repayment are made.
§ 1179.9

(c) Installment deductions will be made over a period not greater than the anticipated period of employment. The size of installment deductions must bear a reasonable relationship to the size of the debt and the employee’s ability to pay. The deduction for the pay intervals for any period must not exceed 15% of disposable pay unless the employee has agreed in writing to a deduction of a greater amount.

(d) Unliquidated debts may be offset against any financial payment due to a separated employee including but not limited to final salary payment or leave in accordance with 31 U.S.C. 3716.

(c) Unless required by law, refunds under this section shall not bear interest.

§ 1179.10 Statute of limitations.

If a debt has been outstanding for more than 10 years after the agency’s right to collect the debt first accrued, the agency may not collect by salary offset unless facts material to the Government’s right to collect were not known and could not reasonably have been known by the official or officials who were charged with the responsibility for discovery and collection of such debts.

§ 1179.11 Non-waiver of rights.

An employee’s involuntary payment of all or any part of a debt collected under these regulations will not be construed as a waiver of any rights that employee may have under 5 U.S.C. 5514 or any other provision of contract law unless there are statutes or contract(s) to the contrary.

§ 1179.12 Interest, penalties, and administrative costs.

Charges may be assessed for interest, penalties, and administrative costs in accordance with the Federal Claims Collection Standards, 4 CFR 102.13.

Subpart D—Museum Conservation Program

§ 1180.70 Guidelines and standards for museum conservation projects.
(a) Scope. The guidelines and standards in this subpart apply to all aspects of the IMLS conservation grant program including the submission of applications by museums for conservation grants, to the award, review and approval of such applications by IMLS, and to the carrying out of conservation grants awarded by IMLS.

(b) Applicability of regulations. Except as otherwise provided in these guidelines, subparts A–C of this part, as amended, apply to the IMLS conservation grant program.

(c) Definition. As used in these guidelines, the term conservation includes, but is not limited to, the following functions, as applied to art, history, natural history, science and technology, and living collections:
(1) Technical examination of materials and surveys of environmental and collection conditions;
(2) Provision, insofar as practicable, of optimum environmental conditions for housing, exhibition, monitoring, reformatting, nurturing and transportation of objects;
(3) Physical treatment of objects, specimens and organisms, for the purpose of stabilizing, conserving and preserving their condition, removal of inauthentic additions or accretions, and physical compensation for losses; species survival activities; and
(4) Research and training in conservation.

(d) Applicants. A museum may apply for and receive only one conservation grant under this program in a fiscal year.

(e) Types of conservation projects funded. IMLS considers applications to carry out conservation projects such as:
(1) Projects to develop improved or less costly methods of conservation, or to maintain or improve conservation with respect to one or more collections, including—
(i) Projects involving surveys of conservation needs and
(ii) Projects to establish or maintain optimum environmental conditions.
(2) Projects to conduct research in conservation (including developmental and basic research).
(3) Projects to conduct or obtain training in conservation (including
training of persons for careers as professional conservators; training or upgrading of practicing conservators and conservation technicians in the use of new materials and techniques; and training of persons to become conservation technicians.

(4) Projects related to museum conservation needs not regularly addressed by other Federal funding agencies.

(5) Projects to meet the conservation needs of museums which are unable to maintain their own individual conservation facilities. Because grants are made only to museums, organizations which operate regional conservation centers but which are not museums are ineligible for a direct grant. However, a museum or a group of museums may use a grant to obtain services from such a center.

(6) Projects to conserve particular objects in a museum’s collection (including plants and animals) or to meet the conservation needs of a particular museum (through such activities as the employment of conservators and the procurement of conservation services or equipment).

(f) Limits for Federal funding. (1) The normal amount of a Conservation Project Support grant will be established in the applicable program guidelines. Unless otherwise provide by law, if the Director determines that exceptional circumstance warrant, the Director may award a conservation grant which obligates an amount in Federal funds in excess of the normal maximum award. IMLS may establish a maximum award level for exceptional project grants for a particular fiscal year through information made available in guidelines or other material distributed to all applicants.

(2) IMLS makes conservation grants only on a matching basis. This means that at least 50 percent of the costs of a conservation project must be met from non-federal funds. Principles in applicable OMB circulars regarding costs sharing or matching apply.

(g) Application requirements; priorities; survey required in certain cases. (1) Application requirements in §1180.6(a) and (b) apply. An application shall describe when, during the term of the grant, the applicant plans to complete each objective or phase of the project. Where appropriate, IMLS may require an applicant to submit a dissemination plan.

(2) The Director, by notice published in the Federal Register, may establish priorities with respect to all or part of the funds available to IMLS for conservation for a fiscal year among the types of projects specified in paragraph (e) of this section.

(3) The Director may, to the extent appropriate, require (by instructions in the application materials) that an applicant which proposes a project to conserve particular objects must show that, prior to the submission of the application, it has carried out a general survey of its conservation needs and priorities and that the project in question is consistent with such survey. In exceptional circumstances, the Director may adjust this requirement. The Director may also (through such instructions) require an applicant for a conservation project to submit additional information, material, or undertakings to carry out the purposes of this part.

(h) Procedures for review of applications. (1) IMLS uses the procedures stated in this paragraph to review applications for conservation projects.

(2) IMLS evaluates all eligible applications for conservation projects in accordance with applicable criteria. (See paragraph (i) of this section.) The Director expects to use panels of experts to review at least a portion of the applications for conservation grants. Depending upon the number of applications received as well as other factors, the Director may also use field reviewers to evaluate applications before submission of applications to the panels. In addition, the Director may use technical experts to provide technical advice regarding certain applications.

(i) Criteria. This paragraph sets forth the general criteria which IMLS uses in evaluating and reviewing applications for conservation projects.

(1) The following programmatic criteria apply to the evaluation and review of conservation grants:

(i) What is the importance of the object or objects to be conserved? What is the significance of the object or objects to the museum’s collection and/or audience?
(ii) What is the need for the project, including the relationship of the project to the conservation needs and priorities of the applicant museum as reflected in a survey of conservation needs or similar needs assessment?

(iii) What are the applicant’s plans to use and maintain the anticipated results or benefits of the project after the expiration of Federal support?

(iv) Does the applicant plan to devote adequate financial and other resources to the project without inhibiting its ongoing activities?

(2) The following technical criteria apply to the evaluation and review of applications for conservation grants:

(i) What is the nature of the proposed project with respect to project design and management plan?

(ii) To what extent does the application exhibit knowledge of the technical area to which the conservation project relates and employ the most promising or appropriate methods or techniques of conservation? To what extent is the conservation project likely to use, develop or demonstrate improved, more efficient, or more economic methods of conservation?

(iii) Does the project have an adequate budget to achieve its purpose? Is the burden reasonable and adequate in relation to the objectives of the project?

(iv) What are the qualifications of the personnel the applicant plans to use on the project and the proposed time that each person is obligated to commit to the project?

(j) Grant condition. An applicant which has received a grant in a prior fiscal year under the IMLS conservation grant program may not receive a grant in a subsequent fiscal year under this section until required reports have been submitted regarding the performance of the previous grant.

(k) Allowable and unallowable costs. (1) Section 1180.56 of the IMLS regulations, which applies to conservation grants, sets forth the rules applicable to determining the allowability of costs under IMLS grants and refers applicants and grantees to the OMB circulars containing applicable cost principles which govern Federal grants generally.

(2) In general such costs as compensation for personal services, costs of materials and supplies, rental costs, and other administrative costs specifically related to a conservation project are allowable under a conservation grant in accordance with applicable cost principles.

(3) Costs of alterations, repairs and restoration to an existing facility are allowable when they are related to a conservation project under a conservation grant in accordance with applicable cost principles.

(4) Costs of equipment are generally allowable if related to a conservation project but do require specific approval as indicated in the grant award document.

(5) A grantee may award a stipend to an individual for training in connection with a conservation project.

(6) Costs of new construction are unallowable. For example, a museum may not use a conservation grant to construct a new building or an addition to an existing building to improve the environment in which its collections are housed.

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording

507
equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(i) Subject qualified handicapped persons to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

§§ 1181.131–1181.139 [Reserved]

§ 1181.140 Employment.

No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

§§ 1181.141–1181.148 [Reserved]

§ 1181.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in §1181.150, no qualified handicapped person shall, because the agency’s facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 1181.150 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons; or

(2) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in
the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §1181.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) Methods. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(c) Time period for compliance. The agency shall comply with the obligations established under this section by June 6, 1986, except that where structural changes in facilities are undertaken, such changes shall be made by April 7, 1989, but in any event as expeditiously as possible.

(d) Transition plan. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by October 7, 1986, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency’s facilities that limit the accessibility of its programs or activities to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§1181.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by handicapped persons. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151–4157), as established in 41 CFR 101–19.600 to 101–19.607, apply to buildings covered by this section.
§§ 1181.152–1181.159 [Reserved]

§ 1181.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD’s) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §1181.160 would result in such alteration or burdens. The decision that compliance would result in such an alteration or such burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§ 1181.161–1181.169 [Reserved]

§ 1181.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The Director shall be responsible for coordinating implementation of this section. Complaints may be sent to Director, Institute of Museum and Library Services, 1100 Pennsylvania Ave., NW., room 510, Washington, DC 20506.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended...

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—
(1) Findings of fact and conclusions of law;
(2) A description of a remedy for each violation found;
(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by §1181.170(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the appeal. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

This report will be submitted in accordance with guidelines provided by the OMB.

§ 1182.6 Limits that exist as to the contents of the Institute's systems of records.

(a) The Institute shall maintain only such information about an individual as is relevant and necessary to accomplish a purpose of the agency required by statute or by executive order of the President. In addition, the Institute shall maintain all records that are used in making determinations about any individual with such accuracy, relevance, timeliness, and completeness as is reasonably necessary to ensure fairness to that individual in the making of any determination about him or her. However, the Institute shall not be required to update retired records.

(b) The Institute shall not maintain any record about any individual with respect to or describing how such individual exercises rights guaranteed by the First Amendment of the Constitution of the United States, unless expressly authorized by statute or by the subject individual, or unless pertinent to and within the scope of an authorized law enforcement activity.

§ 1182.7 Institute procedures for collecting information from individuals for its records.

The Institute shall collect information, to the greatest extent practicable, directly from you when the information may result in adverse determinations about your rights, benefits, or privileges under Federal programs. In addition, the Institute shall inform you of the following, either on the form it uses to collect the information or on a separate form that you can retain, when it asks you to supply information:

(a) The statutory or executive order authority that authorizes the solicitation of the information;

(b) Whether disclosure of such information is mandatory or voluntary;

(c) The principal purpose(s) for which the information is intended to be used;

(d) The routine uses that may be made of the information, as published pursuant to §1182.4; and

(e) Any effects on you of not providing all or any part of the required or requested information.

§ 1182.8 Procedures for acquiring access to Institute records pertaining to an individual.

The following procedures apply to records that are contained in an Institute system:

(a) You may request review of records pertaining to you by writing to the Office of the General Counsel (see §1182.3). You also may call the Office of the General Counsel at (202) 653–4787 on business days, between the hours of 9 a.m. and 5 p.m., to schedule an appointment to make such a request in person. A request for records should be presented in writing and should identify specifically the Institute systems involved.
(b) Access to the record, or to any other information pertaining to you that is contained in the system shall be provided if the identification requirements of §1182.9 are satisfied and the record is determined otherwise to be releasable under the Privacy Act and these regulations. The Institute shall provide you an opportunity to have a copy made of any such record about you. Only one copy of each requested record will be supplied, based on the fee schedule in §1182.12.

(c) The Institute will comply promptly with requests made in person at scheduled appointments, if the requirements of this section are met and the records sought are immediately available. The Institute will acknowledge, within 10 business days, mailed requests or personal requests for documents that are not immediately available, and the information requested will be provided promptly thereafter.

(d) If you make your request in person at a scheduled appointment, you may, upon your request, be accompanied by a person of your choice to review your record. The Institute may require that you furnish a written statement authorizing discussion of your record in the accompanying person’s presence. A record may be disclosed to a representative chosen by you upon your proper written consent.

(e) Medical or psychological records pertaining to you shall be disclosed to you unless, in the judgment of the Institute, access to such records might have an adverse effect upon you. When such a determination has been made, the Institute may refuse to disclose such information directly to you. The Institute will, however, disclose this information to a licensed physician designated by you in writing.

§ 1182.9 Identification required when requesting access to Institute records pertaining to an individual.

The Institute shall require reasonable identification of all individuals who request access to records in an Institute system to ensure that they are disclosed to the proper person.

(a) The amount of personal identification required will of necessity vary with the sensitivity of the record involved. In general, if you request disclosure in person, you shall be required to show an identification card, such as a driver’s license, containing your photograph and sample signature. However, with regard to records in Institute systems that contain particularly sensitive and/or detailed personal information, the Institute reserves the right to require additional means of identification as are appropriate under the circumstances. These means include, but are not limited to, requiring you to sign a statement under oath as to your identity, acknowledging that you are aware of the penalties for improper disclosure under the provisions of the Privacy Act.

(b) If you request disclosure by mail, the Institute will request such information as may be necessary to ensure that you are properly identified. Authorized means to achieve this goal include, but are not limited to, requiring that a mail request include certification that a duly commissioned notary public of any State or territory (or a similar official, if the request is made outside of the United States) received an acknowledgment of identity from you.

(c) If you are unable to provide suitable documentation or identification, the Institute may require a signed, notarized statement asserting your identity and stipulating that you understand that knowingly or willfully seeking or obtaining access to records about another person under false pretenses is punishable by a fine of up to $5,000.

§ 1182.10 Procedures for amending or correcting an individual’s Institute record.

(a) You are entitled to request amendments to or corrections of records pertaining to you pursuant to the provisions of the Privacy Act, including 5 U.S.C. 552a(d)(2). Such a request should be made in writing and addressed to the Office of the General Counsel (see §1182.3).

(b) Your request for amendments or corrections should specify the following:

1) The particular record that you are seeking to amend or correct;
2) The Institute system from which the record was retrieved;
(3) The precise correction or amendment you desire, preferably in the form of an edited copy of the record reflecting the desired modification; and

(4) Your reasons for requesting amendment or correction of the record.

(c) The Institute will acknowledge a request for amendment or correction of a record within 10 business days of its receipt, unless the request can be processed and the individual informed of the General Counsel’s decision on the request within that 10-day period.

(d) If after receiving and investigating your request, the General Counsel agrees that the record is not accurate, timely, or complete, based on a preponderance of the evidence, then the record will be corrected or amended promptly. The record will be deleted without regard to its accuracy, if the record is not relevant or necessary to accomplish the Institute function for which the record was provided or is maintained. In either case, you will be informed in writing of the amendment, correction, or deletion. In addition, if accounting was made of prior disclosures of the record, all previous recipients of the record will be informed of the corrective action taken.

(e) If after receiving and investigating your request, the General Counsel does not agree that the record should be amended or corrected, you will be informed in writing of the refusal to amend or correct the record and the reason for this decision. You also will be informed that you may appeal this refusal in accordance with §1182.11.

(f) Requests to amend or correct a record governed by the regulations of another agency will be forwarded to such agency for processing, and you will be informed in writing of this referral.

§1182.11 Procedures for appealing a refusal to amend or correct an Institute record.

(a) You may appeal a refusal to amend or correct a record to the Director. Such appeal must be made in writing within 10 business days of your receipt of the initial refusal to amend or correct your record. Your appeal should be sent to the Office of the General Counsel (see §1182.3), should indicate that it is an appeal, and should include the basis for the appeal.

(b) The Director will review your request to amend or correct the record, the General Counsel’s refusal, and any other pertinent material relating to the appeal. No hearing will be held.

(c) The Director shall render his or her decision on your appeal within 30 business days of its receipt by the Institute, unless the Director, for good cause shown, extends the 30-day period. Should the Director extend the appeal period, you will be informed in writing of the extension and the circumstances of the delay.

(d) If the Director determines that the record that is the subject of the appeal should be amended or corrected, the record will be so modified, and you will be informed in writing of the amendment or correction. Where an accounting was made of prior disclosures of the record, all previous recipients of the record will be informed of the corrective action taken.

(e) If your appeal is denied, you will be informed in writing of the following:

(1) The denial and the reasons for the denial;

(2) That you may submit to the Institute a concise statement setting forth the reasons for your disagreement as to the disputed record. Under the procedures set forth in paragraph (f) of this section, your statement will be disclosed whenever the disputed record is disclosed; and

(3) That you may seek judicial review of the Director’s determination under 5 U.S.C. 552a(g)(1)(a).

(f) Whenever you submit a statement of disagreement to the Institute in accordance with paragraph (e)(2) of this section, the record will be annotated to indicate that it is disputed. In any subsequent disclosure, a copy of your statement of disagreement will be disclosed with the record. If the Institute deems it appropriate, a concise statement of the Director’s reasons for denying your appeal also may be disclosed with the record. While you will have access to this statement of the Director’s reasons for denying your appeal, such statement will not be subject to correction or amendment. Where an accounting was made of prior disclosures of the record, all previous recipients of
§ 1182.12 Fees charged to locate, review, or copy records.

(a) The Institute shall charge no fees for search time or for any other time expended by the Institute to review a record. However, the Institute may charge fees where you request that a copy be made of a record to which you have been granted access. Where a copy of the record must be made in order to provide access to the record (e.g., computer printout where no screen reading is available), the copy will be made available to you without cost.

(b) Copies of records made by photocopy or similar process will be charged to you at the rate of $0.10 per page. Where records are not susceptible to photocopying (e.g., punch cards, magnetic tapes, or oversize materials), you will be charged actual cost as determined on a case-by-case basis. A copying fee totaling $3.00 or less shall be waived, but the copying fees for contemporaneous requests by the same individual shall be aggregated to determine the total fee.

(c) Special and additional services provided at your request, such as certification or authentication, postal insurance, and special mailing arrangement costs, will be charged to you.

(d) A copying fee shall not be charged or, alternatively, it may be reduced, when the General Counsel determines, based on a petition, that the petitioning individual is indigent and that the Institute’s resources permit a waiver of all or part of the fee. All fees shall be paid before any copying request is undertaken. Payments shall be made by check or money order payable to the “Institute of Museum and Library Services.”

§ 1182.13 Policies and procedures for Institute disclosure of its records.

(a) The Institute not disclose any record that is contained in a system of records to any person or to another agency, except pursuant to a written request by or with the prior written consent of the subject individual, unless disclosure of the record is:

1. To those officers or employees of the Institute who maintain the record and who have a need for the record in the performance of their official duties;
2. Required under the provisions of the Freedom of Information Act (5 U.S.C. 552). Records required to be made available by the Freedom of Information Act will be released in response to a request to the Institute formulated in accordance with the National Foundation on the Arts and the Humanities regulations published at 45 CFR part 1100;
3. For a routine use as published in the annual notice in the Federal Register;
4. To the Census Bureau for purpose of planning or carrying out a census; survey, or related activity pursuant to the provisions of Title 13 of the United States Code;
5. To a recipient who has provided the Institute with adequate advance written assurance that the record will be used solely as a statistical research or reporting record, and the record is to be transferred in a form that is not individually identifiable;
6. To the National Archives and Records Administration as a record that has sufficient historical or other value to warrant its continued preservation by the United States government, or for evaluation by the Archivist of the United States, or his or her designee, to determine whether the record has such value;
7. To another agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity, if the activity is authorized by law, and if the head of the agency or instrumentality has made a written request to the Institute for such records specifying the particular portion desired and the law enforcement activity for which the record is sought. The Institute also may disclose such a record to a law enforcement agency on its own initiative in situations in which criminal conduct is suspected, provided that such disclosure has been established as a routine use, or in situations in which the misconduct is directly related to the purpose for which the record is maintained;
(8) To a person pursuant to a showing of compelling circumstances affecting the health or safety of an individual if, upon such disclosure, notification is transmitted to the last known address of such individual;

(9) To either House of Congress, or, to the extent of matter within its jurisdictions, any committee or subcommittee thereof, any joint committee of Congress, or subcommittee of any such joint committee;

(10) To the Comptroller General, or any of his or her authorized representatives, in the course of the performance of official duties of the General Accounting Office;

(11) To a consumer reporting agency in accordance with 31 U.S.C. 3711(e); or

(12) Pursuant to an order of a court of competent jurisdiction. In the event that any record is disclosed under such compulsory legal process, the Institute shall make reasonable efforts to notify the subject individual after the process becomes a matter of public record.

(b) Before disseminating any record about any individual to any person other than an Institute employee, the Institute shall make reasonable efforts to ensure that such records are, or at the time they were collected were, accurate, complete, timely, and relevant for Institute purposes. This paragraph (b) does not apply to dissemination made pursuant to the provisions of the Freedom of Information Act (5 U.S.C. 552) and paragraph (a)(2) of this section.

§ 1182.15 Institute responsibility for maintaining adequate technical, physical, and security safeguards to prevent unauthorized disclosure or destruction of manual and automatic record systems.

The Chief Information Officer has the responsibility of maintaining adequate technical, physical, and security safeguards to prevent unauthorized disclosure or destruction of manual and automatic record systems. These security safeguards shall apply to all systems in which identifiable personal data are processed or maintained, including all reports and outputs from such systems that contain identifiable personal information. Such safeguards must be sufficient to prevent negligent, accidental, or unintentional disclosure, modification or destruction of any personal records or data, and must furthermore minimize, to the extent practicable, the risk that skilled technicians or knowledgeable persons could improperly obtain access to modify or destroy such records or data and shall further insure against such casual entry by unskilled persons without official reasons for access to such records or data.

(a) Manual systems. (1) Records contained in a system of records as defined in this part may be used, held, or stored only where facilities are adequate to prevent unauthorized access by persons within or outside the Institute.

(2) All records, when not under the personal control of the employees authorized to use the records, must be stored in a locked filing cabinet. Some systems of records are not of such confidential nature that their disclosure would constitute a harm to an individual who is the subject of such five years after the accounting is made or for the life of the record that was disclosed, whichever is longer.

(c) The Institute shall make the accounting of disclosures of a record pertaining to you available to you at your request. Such a request should be made in accordance with the procedures set forth in §1182.8. This paragraph (c) does not apply to disclosures made for law enforcement purposes under 5 U.S.C. 552a(b)(7) and §1182.13(a)(7).
§ 1182.16 Procedures to ensure that Institute employees involved with its systems of records are familiar with the requirements and of the Privacy Act.

(a) The Director shall ensure that all persons involved in the design, development, operation, or maintenance of any Institute system are informed of all requirements necessary to protect the privacy of subject individuals. The Director also shall ensure that all Institute employees having access to records receive adequate training in their protection, and that records have adequate and proper storage with sufficient security to assure the privacy of such records.

(b) All employees shall be informed of the civil remedies provided under 5 U.S.C. 552a(g)(1) and other implications of the Privacy Act, and the fact that the Institute may be subject to civil remedies for failure to comply with the provisions of the Privacy Act and the regulations in this part.

§ 1182.17 Institute systems of records that are covered by exemptions in the Privacy Act.

(a) Pursuant to and limited by 5 U.S.C. 552a(j)(2), the Institute system entitled “Office of the Inspector General Investigative Files” shall be exempted from the provisions of 5 U.S.C. 552a, except for subsections (b); (c)(1) and (2); (e)(4)(A) through (F); (e)(6), (7),
(9), (10), and (11); and (i), insofar as that Institute system contains information pertaining to criminal law enforcement investigations.

(b) Pursuant to and limited by 5 U.S.C. 552a(k)(2), the Institute system entitled “Office of the Inspector General Investigative Files” shall be exempted from 5 U.S.C. 552a(c)(3); (d); (e)(1); (e)(4)(G), (H), and (I); and (f), insofar as that Institute system consists of investigatory material compiled for law enforcement purposes, other than material within the scope of the exemption at 5 U.S.C. 552a(j)(2).

(c) The Institute system entitled “Office of the Inspector General Investigative Files” is exempt from the provisions of the Privacy Act noted in this section because their application might alert investigation subjects to the existence or scope of investigations; lead to suppression, alteration, fabrication, or destruction of evidence; disclose investigative techniques or procedures; reduce the cooperativeness or safety of witnesses; or otherwise impair investigations.

§ 1182.18 Penalties for obtaining an Institute record under false pretenses.

(a) Under 5 U.S.C. 552a(i)(3), any person who knowingly and willfully requests or obtains any record from the Institute concerning an individual under false pretenses shall be guilty of a misdemeanor and fined not more than $5,000.

(b) A person who falsely or fraudulently attempts to obtain records under the Privacy Act also may be subject to prosecution under other statutes, including 18 U.S.C. 494, 495, and 1001.

§ 1182.19 Restrictions that exist regarding the release of mailing lists.

The Institute may not sell or rent an individual’s name and address unless such action specifically is authorized by law. This section shall not be construed to require the withholding of names and addresses otherwise permitted to be made public.
§ 1183.1 Purpose and scope of this part.

This part establishes uniform administrative rules for Federal grants and cooperative agreements and subawards to State, local and Indian tribal governments.

§ 1183.2 Scope of subpart.

This subpart contains general rules pertaining to this part and procedures for control of exceptions from this part.

§ 1183.3 Definitions.

As used in this part:

Accrued expenditures mean the charges incurred by the grantee during a given period requiring the provision of funds for: (1) Goods and other tangible property received; (2) services performed by employees, contractors, subgrantees, subcontractors, and other payees; and (3) other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.

Accrued income means the sum of: (1) Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and (2) amounts becoming owed to the grantee for which no current services or performance is required by the grantee.

Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee’s regular accounting practices.

Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from programmatic requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

Awarding agency means (1) with respect to a grant, the Federal agency, and (2) with respect to a subgrant, the party that awarded the subgrant.

Cash contributions means the grantee’s cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

Contract means (except as used in the definitions for grant and subgrant in this section and except where qualified by Federal) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.

Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

Equipment means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

Expenditure report means: (1) For non-construction grants, the SF–269 “Financial Status Report” (or other equivalent report); (2) for construction grants, the SF–271 “Outlay Report and Request for Reimbursement” (or other equivalent report).

Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian
tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

Government means a State or local government or a federally recognized Indian tribal government.

Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

Grantee means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

Local government means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under state law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

OMB means the United States Office of Management and Budget.

Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments.

Percentage of completion method refers to a system under which payments are made for construction work according to the percentage of completion of the work, rather than to the grantee’s cost incurred.

Prior approval means documentation evidencing consent prior to incurring specific cost.

Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

Share, when referring to the awarding agency’s portion of real property, equipment or supplies, means the same percentage as the awarding agency’s portion of the acquiring party’s total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of third-party in-kind contributions.

State means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937.

Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under
a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of grant in this part.

Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

Supplies means all tangible personal property other than equipment as defined in this part.

Suspension means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or (2) an action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. Termination does not include: (1) Withdrawal of funds awarded on the basis of the grantee's underestimate of the unobligated balance in a prior period; (2) Withdrawal of the unobligated balance as of the expiration of a grant; (3) Refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or (4) voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.

§ 1183.4 Applicability.

(a) General. Subparts A through D of this part apply to all grants and subgrants to governments, except where inconsistent with Federal statutes or regulations authorized in accordance with the exception provision of §1183.6, or:

(1) Grants and subgrants to State and local institutions of higher education or State and local hospitals.

(2) The block grants authorized by the Omnibus Budget Reconciliation Act of 1981 (Community Services; Preventive Health and Health Services; Alcohol, Drug Abuse, and Mental Health Services; Maternal and Child Health Services; Social Services; Low-Income Home Energy Assistance; States’ Program of Community Development Block Grants for Small Cities; and Elementary and Secondary Education other than programs administered by the Secretary of Education under title V, sub-title D, chapter 2, section 583—the Secretary’s discretionary grant program) and titles I-III of the Job Training Partnership Act of 1982 and under the Public Health Services Act (section 1921), Alcohol and Drug Abuse Treatment and Rehabilitation Block Grant and Part C of title V, Mental Health Service for the Homeless Block Grant).

(3) Entitlement grants to carry out the following programs of the Social Security Act:

(i) Aid to Needy Families with Dependent Children (title IV-A of the Act,
entitlement grants for State Administrative expenses under The Food Stamp Act of 1977 (section 16 of the Act).

(7) A grant for an experimental, pilot, or demonstration project that is also supported by a grant listed in paragraph (a)(3) of this section;

(8) Grant funds awarded under subsection 412(e) of the Immigration and Nationality Act (8 U.S.C. 1522(e)) and subsection 501(a) of the Refugee Education Assistance Act of 1980 (Pub. L. 96-422, 94 Stat. 1809), for cash assistance, medical assistance, and supplemental security income benefits to refugees and entrants and the administrative costs of providing the assistance and benefits;

(9) Grants to local education agencies under 20 U.S.C. 236 through 241-1(a), and 242 through 244 (portions of the Impact Aid program), except for 20 U.S.C. 238(d)(2)(c) and 240(f) (Entitlement Increase for Handicapped Children); and

(10) Payments under the Veterans Administration’s State Home Per Diem Program (38 U.S.C. 641(a)).

(b) Entitlement programs. Entitlement programs enumerated above in §1183.4(a) (3) through (8) are subject to subpart E.

§1183.5 Effect on other issuances.

All other grants administration provisions of codified program regulations, program manuals, handbooks and other nonregulatory materials which are inconsistent with this part are superseded, except to the extent they are required by statute, or authorized in accordance with the exception provision in §1183.6.

§1183.6 Additions and exceptions.

(a) For classes of grants and grantees subject to this part, Federal agencies may not impose additional administrative requirements except in codified regulations published in the FEDERAL REGISTER.

(b) Exceptions for classes of grants or grantees may be authorized only by OMB.

(c) Exceptions on a case-by-case basis and for subgrantees may be authorized by the affected Federal agencies.

Subpart B—Pre-Award Requirements

§1183.10 Forms for applying for grants.

(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.

(2) This section applies only to applications to Federal agencies for grants, and is not required to be applied by grantees in dealing with applicants for subgrants. However, grantees are encouraged to avoid more detailed or burdensome application requirements for subgrants.
§ 1183.11 Authorized forms and instructions for governmental organizations.

(1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.

(2) Applicants are not required to submit more than the original and two copies of preapplications or applications.

(3) Applicants must follow all applicable instructions that bear OMB clearance numbers. Federal agencies may specify and describe the programs, functions, or activities that will be used to plan, budget, and evaluate the work under a grant. Other supplementary instructions may be issued only with the approval of OMB to the extent required under the Paperwork Reduction Act of 1980. For any standard form, except the SF–424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.

(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted. Previously submitted pages with information that is still current need not be resubmitted.

§ 1183.12 Special grant or subgrant conditions for “high-risk” grantees.

(a) A grantee or subgrantee may be considered “high risk” if an awarding agency determines that a grantee or subgrantee:

(1) Has a history of unsatisfactory performance, or

(2) Is not financially stable, or

(3) Has a management system which does not meet the management standards set forth in this part, or

(4) Has not conformed to terms and conditions of previous awards, or

(5) Is otherwise not responsible; and if the awarding agency determines that an award will be made, special conditions and/or restrictions shall correspond to the high risk condition and shall be included in the award.

(b) Special conditions or restrictions may include:

(1) Payment on a reimbursement basis;

(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;

(3) Requiring additional, more detailed financial reports;

(4) Additional project monitoring;

(5) Requiring the grant or subgrantee to obtain technical or management assistance; or

(6) Establishing additional prior approvals.
(c) If an awarding agency decides to impose such conditions, the awarding official will notify the grantee or subgrantee as early as possible, in writing, of:

(1) The nature of the special conditions/restrictions;
(2) The reason(s) for imposing them;
(3) The corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions and
(4) The method of requesting reconsideration of the conditions/restrictions imposed.

Subpart C—Post-Award Requirements

FINANCIAL ADMINISTRATION

§ 1183.20 Standards for financial management systems.

(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to—

(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and
(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.

(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

(5) Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.

(6) Source documentation. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

(7) Cash management. Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees' cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.
§ 1183.21 Payment.
(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency’s payments to the grantee or subgrantee will be based on the grantee’s or subgrantee’s actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee’s disbursement cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee’s actual cash disbursements.

(f) Effect of program income, refunds, and audit recoveries on payment.
(1) Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.

(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless—
(i) The grantee or subgrantee has failed to comply with grant award conditions or
(ii) The grantee or subgrantee is indebted to the United States.

(2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with §1183.43(c).

(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

(h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent
National Foundation on the Arts and the Humanities § 1183.24

by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

(i) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses.

§ 1183.22 Allowable costs.

(a) Limitation on use of funds. Grant funds may be used only for:

(1) The allowable costs of the grantees, subgrantees and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and

(2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.

(b) Applicable cost principles. For each kind of organization, there is a set of Federal principles for determining allowable costs. Allowable costs will be determined in accordance with the cost principles applicable to the organization incurring the costs. The following chart lists the kinds of organizations and the applicable cost principles.

§ 1183.23 Period of availability of funds.

(a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.

(b) Liquidation of obligations. A grantee must liquidate all obligations incurred under the award not later than 90 days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status Report (SF–269). The Federal agency may extend this deadline at the request of the grantee.

§ 1183.24 Matching or cost sharing.

(a) Basic rule: Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of this section, a matching or cost sharing requirement may be satisfied by either or both of the following:

(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by other cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.

(b) Qualifications and exceptions—(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.
(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Cost or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract, or any other award of Federal funds.

(4) Costs financed by program income. Costs financed by program income, as defined in §1183.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §1183.25(g).)

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count towards satisfying a cost sharing or matching requirement unless other provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantees or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect cost. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or

(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.

(c) Valuation of donated services—(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee’s or subgrantee’s organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee’s normal line of work, the services will be valued at the employee’s regular rate of pay exclusive of the employee’s fringe benefits and overhead costs. If the services
National Foundation on the Arts and the Humanities § 1183.25

are in a different line of work, paragraph (c)(1) of this section applies.

(d) Valuation of third party donated supplies and loaned equipment or space.  
(1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.

(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.

(e) Valuation of third party donated equipment, buildings, and land.  If a third party donates equipment, buildings, or land, and title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant, as follows:

(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching.

(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2)(i) and (ii) of this section apply:

(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment or buildings and the fair rental rate of the donated land may be counted as cost sharing or matching.

(ii) If approval is not obtained under paragraph (e)(2)(i) of this section, no amount may be counted for donated land, and only depreciation or use allowances may be counted for donated equipment and buildings. The depreciation or use allowances for this property are not treated as third party in-kind contributions. Instead, they are treated as costs incurred by the grantee or subgrantee. They are computed and allocated (usually as indirect costs) in accordance with the cost principles specified in §1183.22. In the same way as depreciation or use allowances for purchased equipment and buildings, the amount of depreciation or use allowances for donated equipment and buildings is based on the property’s market value at the time it was donated.

(f) Valuation of grantee or subgrantee donated real property for construction/acquisition. If a grantee or subgrantee donates real property for a construction or facilities acquisition project, the current market value of that property may be counted as cost sharing or matching. If any part of the donated property was acquired with Federal funds, only the non-federal share of the property may be counted as cost sharing or matching.

(g) Appraisal of real property. In some cases under paragraphs (d), (e) and (f) of this section, it will be necessary to establish the market value of land or a building or the fair rental rate of land or of space in a building. In these cases, the Federal agency may require the market value or fair rental value be set by an independent appraiser, and that the value or rate be certified by the grantee. This requirement will also be imposed by the grantee on subgrantees.

§ 1183.25 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc. and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of
the grant agreement during the grant period. "During the grant period" is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income.

(d) Governmental revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. (See §1183.34.)

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of §§1183.31 and 1183.32.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described below, unless the Federal agency regulations or the grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income in excess of any limits stipulated shall also be deducted from outlays.

(h) Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

(2) Addition. When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

(3) Cost sharing or matching. When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.

(h) Income after the award period. There are no Federal requirements governing the disposition of program income earned after the end of the award period (i.e., until the ending date of the final financial report, see paragraph (a) of this section), unless the terms of the agreement or the Federal agency regulations provide otherwise.

§ 1183.26 Non-Federal audit.

(a) Basic rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501–7507) and revised OMB Circular A-133, “Audits of States, Local Governments, and Non-Profit Organizations.” The audits shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial audits.

(b) Subgrantees. State or local governments, as those terms are defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which expends $300,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:

(1) Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A-110, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” have met the audit requirements of the Act. Commercial contractors (private for-profit and private and governmental organizations) providing
goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractor has complied with laws and regulations affecting the expenditure of Federal funds;

(2) Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, Circular A–110, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;

(3) Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instance of noncompliance with Federal laws and regulations;

(4) Consider whether subgrantee auditors necessitate adjustment of the grantee’s own records; and

(5) Require each subgrantee to permit independent auditors to have access to the records and financial statements.

(c) Auditor selection. In arranging for audit services, § 1183.36 shall be followed.

CHANGES, PROPERTY, AND SUBAWARDS

§ 1183.30 Changes.

(a) General. Grantees and subgrantees are permitted to rebudget within the approved direct cost budget to meet unanticipated requirements and may make limited program changes to the approved project. However, unless waived by the awarding agency, certain types of post-award changes in budgets and projects shall require the prior written approval of the awarding agency.

(b) Relation to cost principles. The applicable cost principles (see §1183.22) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.

(c) Budget changes—(1) Nonconstruction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain the prior approval of the awarding agency whenever any of the following changes is anticipated under a nonconstruction award:

(i) Any revision which would result in the need for additional funding.

(ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency’s share exceeds $100,000.

(iii) Transfer of funds allotted for training allowances (i.e., from direct payments to trainees to other expense categories).

(2) Construction projects. Grantees and subgrantees shall obtain prior written approval for any budget revision which would result in the need for additional funds.

(3) Combined construction and non-construction projects. When a grant or subgrant provides funding for both construction and nonconstruction activities, the grantee or subgrantee must obtain prior written approval from the awarding agency before making any fund or budget transfer from nonconstruction to construction or vice versa.

(d) Programmatic changes. Grantees or subgrantees must obtain the prior approval of the awarding agency whenever any of the following actions is anticipated:

(1) Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).

(2) Need to extend the period of availability of funds.

(3) Changes in key persons in cases where specified in an application or a grant award. In research projects, a change in the project director or principal investigator shall always require approval unless waived by the awarding agency.

(4) Under nonconstruction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform
$1183.31 45 CFR Ch. XI (10–1–10 Edition)

activities which are central to the purposes of the award. This approval requirement is in addition to the approval requirements of §1183.36 but does not apply to the procurement of equipment, supplies, and general support services.

(e) Additional prior approval requirements. The awarding agency may not require prior approval for any budget revision which is not described in paragraph (c) of this section.

(f) Requesting prior approval.

(1) A request for prior approval of any budget revision will be in the same budget format the grantee used in its application and shall be accompanied by a narrative justification for the proposed revision.

(2) A request for a prior approval under the applicable Federal cost principles (see §1183.22) may be made by letter.

(3) A request by a subgrantee for prior approval will be addressed in writing to the grantee. The grantee will promptly review such request and shall approve or disapprove the request in writing. A grantee will not approve any budget or project revision which is inconsistent with the purpose or terms and conditions of the Federal grant to the grantee. If the revision, requested by the subgrantee would result in a change to the grantee’s approved project which requires Federal prior approval, the grantee will obtain the Federal agency’s approval before approving the subgrantee’s request.

§1183.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purpose, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency.

The instructions will provide for one of the following alternatives:

(1) Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency’s percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.

(2) Sale of property. Sell the property and compensate the awarding agency. The amount due to the awarding agency will be calculated by applying the awarding agency’s percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from sale may be offset against the original cost of the property. When a grantee or subgrantee is directed to sell property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return.

(3) Transfer of title. Transfer title to the awarding agency or to a third-party designated/approved by the awarding agency. The grantee or subgrantee shall be paid an amount calculated by applying the grantee or subgrantee’s percentage of participation in the purchase of the real property to the current fair market value of the property.

§1183.32 Equipment.

(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) States. A State will use, manage, and dispose of equipment acquired under a grant by the State in accordance with State laws and procedures. Other grantees and subgrantees will follow paragraphs (c) through (e) of this section.
(c) Use. (1) Equipment shall be used by the grantee or subgrantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.

(2) The grantee or subgrantee shall also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, providing such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use shall be given to other programs or projects supported by the awarding agency. User fees should be considered if appropriate.

(3) Notwithstanding the encouragement in § 1183.25(a) to earn program income, the grantee or subgrantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by Federal statute.

(4) When acquiring replacement equipment, the grantee or subgrantee may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the awarding agency.

(d) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, as a minimum, meet the following requirements:

(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.

(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.

(4) Adequate maintenance procedures must be developed to keep the property in good condition.

(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed for the original project or program or for other activities currently or previously supported by a Federal agency, disposition of the equipment will be made as follows:

(1) Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

(2) Items of equipment with a current per unit fair market value in excess of $5,000 may be retained or sold and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the equipment.

(3) In cases where a grantee or subgrantee fails to take appropriate disposition actions, the awarding agency may direct the grantee or subgrantee to take excess and disposition actions.

(f) Federal equipment. In the event a grantee or subgrantee is provided federally-owned equipment:

(1) Title will remain vested in the Federal Government.

(2) Grantees or subgrantees will manage the equipment in accordance with Federal agency rules and procedures, and submit an annual inventory listing.

(3) When the equipment is no longer needed, the grantee or subgrantee will request disposition instructions from the Federal agency.

(g) Right to transfer title. The Federal awarding agency may reserve the right
to transfer title to the Federal Government or a third part named by the awarding agency when such a third party is otherwise eligible under existing statutes. Such transfers shall be subject to the following standards:

1. The property shall be identified in the grant or otherwise made known to the grantee in writing.

2. The Federal awarding agency shall issue disposition instruction within 120 calendar days after the end of the Federal support of the project for which it was acquired. If the Federal awarding agency fails to issue disposition instructions within the 120 calendar-day period the grantee shall follow §1183.32(e).

3. When title to equipment is transferred, the grantee shall be paid an amount calculated by applying the percentage of participation in the purchase to the current fair market value of the property.

§ 1183.33 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for any other federally sponsored programs or projects, the grantee or subgrantee shall compensate the awarding agency for its share.

§ 1183.34 Copyrights.

The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and

(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

§ 1183.35 Subawards to debarred and suspended parties.

Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, "Debarment and Suspension."

§ 1183.36 Procurement.

(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will follow paragraphs (b) through (i) in this section.

(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.

(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

(i) The employee, officer or agent,

(ii) Any member of his immediate family,

(iii) His or her partner, or

(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The
(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only—

(i) After a determination that no other contract is suitable, and

(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.

(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and
(ii) Violations of the grantee’s or subgrantee’s protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition. (1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of §1183.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and

(ii) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) Methods of procurement to be followed—(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in §1183.36(d)(2)(i) apply.
In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;

(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

(C) The awarding agency authorizes noncompetitive proposals; or

(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for
pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women's business enterprise and labor surplus area firms. (1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:
   (i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
   (ii) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
   (iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
   (iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;
   (v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and
   (vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2)(i) through (v) of this section.

(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see §1183.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement

documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:

(i) A grantee’s or subgrantee’s procurement procedures or operation fails to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a “brand name” product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets the standards in order for its system to be certified. Generally, these reviews shall occur where there is continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency’s right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(b) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency’s interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

(i) Contract provisions. A grantee’s and subgrantee’s contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)
(3) Compliance with Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3). (All contracts and subgrants for construction or repair)

(5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a–7) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts in excess of $2000 awarded by grantees and subgrantees when required by Federal grant program legislation)

(6) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded in excess of $2000 by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under such contract.

(9) Awarding agency requirements and regulations pertaining to copyrights and rights in data.

(10) Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

(11) Retention of all required records for three years after grantees or subgrantees make final payments and all other pending matters are closed.

(12) Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000)

(13) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94–163, 89 Stat. 871).

§1183.37 Subgrants.

(a) States. States shall follow state law and procedures when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. States shall:

(1) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations;

(2) Ensure that subgrantees are aware of requirements imposed upon them by Federal statute and regulation;

(3) Ensure that a provision for compliance with $1183.42 is placed in every cost reimbursement subgrant, and

(4) Conform any advances of grant funds to subgrantees substantially to the same standards of timing and amount that apply to cash advances by Federal agencies.

(b) All other grantees. All other grantees shall follow the provisions of this part which are applicable to awarding agencies when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. Grantees shall:

(1) Ensure that every subgrant includes a provision for compliance with this part;

(2) Ensure that every subgrant includes any clauses required by Federal
§ 1183.40 Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.

(1) Grantees shall submit annual performance reports unless the awarding agency requires quarterly or semi-annual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year, quarterly or semi-annual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration or termination of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.

(2) Performance reports will contain, for each grant, brief information on the following:
   (i) A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output may be required if that information will be useful.
   (ii) The reasons for slippage if established objectives were not met.
   (iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(3) Grantees will not be required to submit more than the original and two copies of performance reports.

(d) Significant developments. Events may occur between the scheduled performance reporting dates which have significant impact upon the grant or subgrant supported activity. In such cases, the grantee must inform the Federal agency as soon as the following types of conditions become known:
   (1) Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.
   (2) Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more beneficial results than originally planned.
(e) Federal agencies may make site visits as warranted by program needs.

(f) **Waivers, extensions.** (1) Federal agencies may waive any performance report required by this part if not needed.

(2) The grantee may waive any performance report from a subgrantee when not needed. The grantee may extend the due date for any performance report from a subgrantee if the grantee will still be able to meet its performance reporting obligations to the Federal agency.

§ 1183.41 Financial reporting.

(a) **General.** (1) Except as provided in paragraphs (a)(2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

(i) Submitting financial reports to Federal agencies, or

(ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB to the extent required under the Paperwork Reduction Act of 1980 for use in connection with forms specified in paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that the Federal agency finds unnecessary for its decisionmaking purposes.

(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.

(5) Federal agencies may provide computer outputs to grantees to expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.

(6) Federal agencies may waive any report required by this section if not needed.

(7) Federal agencies may extend the due date of any financial report upon receiving a justified request from a grantee.

(b) **Financial Status Report—** (1) **Form.** Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all nonconstruction grants and for construction grants when required in accordance with paragraph §1183.11(e)(2)(iii) of this section.

(2) **Accounting basis.** Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee’s accounting records are not normally kept on the accrual basis, the grantee shall not be required to convert its accounting system but shall develop such accrual information through and analysis of the documentation on hand.

(3) **Frequency.** The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.

(4) **Due date.** When reports are required on a quarterly or semiannual basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(c) **Federal Cash Transactions Report—**

(1) **Form.** (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a, unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for
each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(2) Forecasts of Federal cash requirements. Forecasts of Federal cash requirements may be required in the “Remarks” section of the report.

(3) Cash in hands of subgrantees. When considered necessary and feasible by the Federal agency, grantees may be required to report the amount of cash advances in excess of three days’ needs in the hands of their subgrantees or contractors and to provide short narrative explanations of actions taken by the grantee to reduce the excess balances.

(4) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the Federal agency may require the report to be submitted within 15 working days following the end of each month.

(d) Request for advance or reimbursement—(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form 270, Request for Advance or Reimbursement. (This form will not be used for drawdowns under a letter of credit, electronic funds transfer or Treasury check advances.

(ii) The frequency for submitting reimbursement requests is treated in §1183.41(b)(3).

(2) Grants that support construction activities paid by letter of credit, electronic funds transfer or Treasury check advance.

(i) When a construction grant is paid by letter of credit, electronic funds transfer or Treasury check advances, the grantee will report its outlays to the Federal agency using Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. The Federal agency will provide any necessary special instruction. However, frequency and due date shall be governed by §1183.41(b)(3) and (4).

(ii) When a construction grant is paid by Treasury check advances based on periodic requests from the grantee, the advances will be requested on the form specified in §1183.41(d).

(iii) The Federal agency may substitute the Financial Status Report specified in §1183.41(b) for the Outlay Report and Request for Reimbursement for Construction Programs.

(3) Accounting basis. The accounting basis for the Outlay Report and Request for Reimbursement for Construction Programs shall be governed by §1183.41(b)(2).

§1183.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are:

(i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or

(ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.

(b) The Federal agency may substitute the Financial Status Report specified in §1183.41(b) for the Outlay Report and Request for Reimbursement for Construction Programs.

(3) The frequency for submitting payment requests is treated in §1183.41(b)(3).

(e) Outlay report and request for reimbursement for construction programs. (1) Grants that support construction activities paid by reimbursement method:

(i) Requests for reimbursement under construction grants will be submitted on Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. Federal agencies may, however, prescribe the Request for Advance or Reimbursement form, specified in §1183.41(d), instead of this form.

(ii) The frequency for submitting reimbursement requests is treated in §1183.41(b)(3).

(2) Grants that support construction activities paid by letter of credit, electronic funds transfer or Treasury check advance.

(i) When a construction grant is paid by letter of credit, electronic funds transfer or Treasury check advances, the grantee will report its outlays to the Federal agency using Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. The Federal agency will provide any necessary special instruction. However, frequency and due date shall be governed by §1183.41(b)(3) and (4).

(ii) When a construction grant is paid by Treasury check advances based on periodic requests from the grantee, the advances will be requested on the form specified in §1183.41(d).

(iii) The Federal agency may substitute the Financial Status Report specified in §1183.41(b) for the Outlay Report and Request for Reimbursement for Construction Programs.

(3) Accounting basis. The accounting basis for the Outlay Report and Request for Reimbursement for Construction Programs shall be governed by §1183.41(b)(2).
§ 1183.42 Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

(2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

(3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.

(c) Starting date of retention period—(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee or subgrantee submits to the awarding agency its single or last expenditure report for that period. However, if grant support is continued or renewed quarterly, the retention period for each year's records starts on the day the grantee or subgrantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.

(2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency.

(3) Records for income transactions after grant or subgrant support. In some cases, grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee’s fiscal year in which the income is earned.

(4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.

(ii) If not submitted for negotiation. If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(d) Substitution of microfilm. Copies made by microfilming, photocopying, or similar methods may be substituted for the original records.

(e) Access to records—(1) Records of grantees and subgrantees. The awarding agency and the Comptroller General of the United States, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.

(2) Expiration of right of access. The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

(f) Restrictions on public access. The Federal Freedom of Information Act (5 U.S.C. 552) does not apply to records unless required by Federal, State, or
local law, grantees and subgrantees are not required to permit public access to their records.

§ 1183.43 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency,

(2) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance,

(3) Wholly or partly suspend or terminate the current award for the grantee’s or subgrantee’s program,

(4) Withhold further awards for the program, or

(5) Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of grantee or subgrantee resulting from obligations incurred by the grantee or subgrantee during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other grantee or subgrantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

(1) The costs result from obligations which were properly incurred by the grantee or subgrantee before the effective date of suspension or termination, are not in anticipation of it, and, in the case of a termination, are noncancellable, and,

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude grantee or subgrantee from being subject to “Debarment and Suspension” under E.O. 12549 (see § 1183.35).

§ 1183.44 Termination for convenience.

Except as provided in § 1183.43 an award may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of partial termination, the portion to be terminated, or

(b) By the grantee or subgrantee upon written notification to the awarding agency, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated.

However, if, in the case of a partial termination, the awarding agency determines that the remaining portion of the award will not accomplish the purposes for which the award was made, the awarding agency may terminate the award in its entirety under either § 1183.43 or paragraph (a) of this section.

Subpart D—After-the-Grant Requirements

§ 1183.50 Closeout.

(a) General. The Federal agency will close out the award when it determines that all applicable administrative actions and all required work of the grant has been completed.

(b) Reports. Within 90 days after the expiration or termination of the grant, the grantee must submit all financial, performance, and other reports required as a condition of the grant. Upon request by the grantee, Federal agencies may extend this timeframe.
These may include but are not limited to:

1. Final performance or progress report.
2. Financial Status Report (SF 269) or Outlay Report and Request for Reimbursement for Construction Programs (SF–271) (as applicable).
3. Final request for payment (SF–270) (if applicable).
4. Invention disclosure (if applicable).
5. Federally-owned property report:

   In accordance with §1183.32(f), a grantee must submit an inventory of all federally owned property (as distinct from property acquired with grant funds) for which it is accountable and request disposition instructions from the Federal agency of property no longer needed.

   c. Cost adjustment. The Federal agency will, within 90 days after receipt of reports in paragraph (b) of this section, make upward or downward adjustments to the allowable costs.

   d. Cash adjustments. (1) The Federal agency will make prompt payment to the grantee for allowable reimbursable costs.

   (2) The grantee must immediately refund to the Federal agency any balance of unobligated (unencumbered) cash advanced that is not authorized to be retained for use on other grants.

§ 1183.51 Later disallowances and adjustments.

The closeout of a grant does not affect:

a. The Federal agency’s right to disallow costs and recover funds on the basis of a later audit or other review;

b. The grantee’s obligation to return any funds due as a result of later refunds, corrections, or other transactions;

c. Records retention as required in §1183.42;

d. Property management requirements in §§1183.31 and 1183.32; and

e. Audit requirements in §1183.26.

§ 1183.52 Collection of amounts due.

a. Any funds paid to a grantee in excess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:

   1. Making an administrative offset against other requests for reimbursements,

   2. Withholding advance payments otherwise due to the grantee, or

   3. Other action permitted by law.

b. Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 CFR Ch. II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.
