[71 FR 38248, July 5, 2006, as amended at 72 FR 46344, Aug. 17, 2007]

18.001 Definition.

Emergency acquisition flexibilities, as used in this part, means flexibilities provided with respect to any acquisition of supplies or services by or for an executive agency that, as determined by the head of an executive agency, may be used—

(a) In support of a contingency operation as defined in 2.101;

(b) To facilitate the defense against or recovery from nuclear, biological, chemical, or radiological attack against the United States; or

(c) When the President issues an emergency declaration, or a major disaster declaration.

Subpart 18.1—Available Acquisition Flexibilities

18.101 General.

The FAR includes many acquisition flexibilities that are available to the contracting officer when certain conditions are met. These acquisition flexibilities do not require an emergency declaration or designation of contingency operation.

18.102 Central contractor registration.

Contractors are not required to be registered in the Central Contractor Registration (CCR) for contracts awarded to support unusual and compelling needs or emergency acquisitions. (See 4.1102). However, contractors are required to register with CCR in order to gain access to the Disaster Response Registry. Contracting officers shall consult the Disaster Response Registry at www.ccr.gov to determine the availability of contractors for debris removal, distribution of supplies, reconstruction, and other disaster or emergency relief activities inside the United States and outlying areas. (See 26.205).

[74 FR 52849, Oct. 14, 2009]

18.103 Synopses of proposed contract actions.

Contracting officers need not submit a synopsis notice when there is an unusual and compelling urgency and the Government would be seriously injured if the agency complied with the notice time periods. (See 5.202(a)(2).)

18.104 Unusual and compelling urgency.

Agencies may limit the number of sources and full and open competition need not be provided for contracting actions involving urgent requirements. (See 6.302-2.)

18.105 Federal Supply Schedules (FSSs), multi-agency blanket purchase agreements (BPAs), and multi-agency indefinite delivery contracts.

Streamlined procedures and a broad range of goods and services may be available under Federal Supply Schedule contracts (see Subpart 8.4), multi-agency BPAs (See 8.405-3(a)(4)), or multi-agency, indefinite-delivery contracts (see 16.505(a)(7)). These contracting methods may offer agency advance planning, pre-negotiated line items, and special terms and conditions that permit rapid response.

Purchase from FPI is not mandatory and a waiver is not required if public exigency requires immediate delivery or performance (see 8.605(b)).

[72 FR 46344, Aug. 17, 2007]

18.107 AbilityOne specification changes.

Contracting officers are not held to the notification required when changes in AbilityOne specifications or descriptions are required to meet emergency needs. (See 8.712(d).)
