(i) Substantially the same procedure may be followed for the application of an offeror who is actively negotiating or bidding for a defense contract, except that the guarantee shall not be authorized until the contract has been executed.

(j) The contracting officer shall report to the agency contract finance office any information about the contractor that would have a potentially adverse impact on a pending guarantee application. The contracting officer is not required, however, to initiate any special investigation for this purpose.

(k) With regard to existing contracts, the agency shall not consider the percentage of guarantee requested by the financing institution in determining the contractor's eligibility.

32.304-3 Asset formula.

(a) Under guaranteed loans made primarily for working capital purposes, the agency shall normally limit the guarantee, by use of an asset formula, to an amount that does not exceed a specified percentage (90 percent or less) of the contractor's investment (e.g., payrolls and inventories) in defense production contracts. The asset formula may include all items under defense contracts for which the contractor would be entitled to payment on performance or termination. The formula shall exclude—

(1) Amounts for which the contractor has not done any work or made any expenditure;

(2) Amounts that would become due as the result of later performance under the contracts; and

(3) Cash collateral or bank deposit balances.

(b) Progress payments are deducted from the asset formula.

(c) The agency may relax the asset formula to an appropriate extent for the time actually necessary for contract performance, if the contractor's working capital and credit are inadequate.

32.304-4 Guarantee amount and maturity.

The agency may change the guarantee amount or maturity date, within the limitations at 32.304-3, as follows:

(a) If the contractor enters into additional defense production contracts after the application for, but before authorization of, a guarantee, the agency may adjust the loan guarantee amount or maturity date to meet any significant increase in financing need.

(b) If the contractor enters into defense production contracts during the term of the guaranteed loan, the parties may adjust the existing guarantee agreement to provide for financing the new contracts. Pertinent information and the Federal Reserve Bank reports will be submitted to the guaranteeing agency under the procedures for the original guarantee application, described in 32.304-1. Normally, a new certificate of eligibility is required.

32.304-5 Assignment of claims under contracts.

(a) The agency shall generally require a contractor that is provided a guaranteed loan to execute an assignment of claims under defense production contracts (including any contracts entered into during the term of the guaranteed loan that are eligible for financing under the loan); however, the agency need not require assignment if any of the following conditions are present:

(1) The contractor's financial condition is so strong that the protection to the Government provided by an assignment of claims is unnecessary.

(2) In connection with the assignment of claims under a major contract, the increased protection of the loan that would be provided by the assignments under additional, relatively smaller contracts is not considered necessary by the agency.

(3) The assignment of claims would create an administrative burden disproportionate to the protection required; e.g., if the contractor has a large number of contracts with individually small dollar amounts.

(b) The contractor shall also execute an assignment of claims if requested to do so by the guarantor or the financing institution.

(c) A subcontract or purchase order issued to a subcontractor shall not be considered eligible for financing under guaranteed loans when the issuer of
