Subpart 201.2—Administration

201.201 Maintenance of the FAR.

201.201-1 The two councils.

(c) The composition and operation of the DAR Council is prescribed in DoD Instruction 5000.35, Defense Acquisition Regulations (DAR) System.

(d)(i) Departments and agencies process proposed revisions of FAR or DFARS through channels to the Director of the DAR Council. Process the proposed revision as a memorandum in the following format, addressed to the Director, DAR Council, OUSD(AT&L), 3062 Defense Pentagon, Washington, DC 20301-3062; datafax (703) 602-0350:

I. PROBLEM: Succinctly state the problem created by current FAR and/or DFARS coverage and describe the factual and/or legal reasons necessitating the change to the regulation.

48 CFR Ch. 2 (10-1-10 Edition)

II. Recommendation: Identify the FAR and/or DFARS citations to be revised. Attach as TAB A a copy of the text of the existing coverage, conformed to include the proposed additions and deletions. Indicate deleted coverage with dashed lines through the current words being deleted and insert proposed language in brackets at the appropriate locations within the existing coverage. If the proposed deleted portion is extensive, it may be outlined by lines forming a box with diagonal lines drawn connecting the corners.

III. Discussion: Include a complete, convincing explanation of why the change is necessary and how the recommended revision will solve the problem. Address advantages and disadvantages of the proposed revision, as well as any cost or administrative impact on Government activities and contractors. Identify any potential impact of the change on automated systems, *e.g.*, automated financial and procurement systems. Provide any other background information that would be helpful in explaining the issue.

IV. Collaterals: Address the need for public comment (FAR 1.301(b) and subpart 1.5), the Paperwork Reduction Act, and the Regulatory Flexibility Act (FAR 1.301(c)).

V. Deviations: If a recommended revision of DFARS is a FAR deviation, identify the deviation and include under separate TAB a justification for the deviation that addresses the requirements of 201.402(2). The justification should be in the form of a memorandum for the Director of Defense Procurement and Acquisition Policy, Office of the Under Secretary of Defense (Acquisition, Technology, and Logistics).

(ii) The public may offer proposed revisions of FAR or DFARS by submission of a memorandum, in the format (including all of the information) prescribed in paragraph (d)(i) of this subsection, to the Director of the DAR Council.

The DAR Council is also responsible for maintenance of the DFARS Procedures, Guidance, and Information (PGI).

[69 FR 63326, Nov. 1, 2004]

Subpart 201.3—Agency Acquisition Regulations

201.301 Policy.

(a)(1) DoD implementation and supplementation of the FAR is issued in the Defense Federal Acquisition Regulation Supplement (DFARS) under authorization and subject to the authority, direction, and control of the Secretary of Defense. The DFARS contains—

- (i) Requirements of law;
- (ii) DoD-wide policies;
- (iii) Delegations of FAR authorities;
- (iv) Deviations from FAR requirements; and
- (v) Policies/procedures that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors.

(2) Relevant procedures, guidance, and information that do not meet the criteria in paragraph (a)(1) of this section are issued in the DFARS Procedures, Guidance, and Information (PGI).

(b) When FEDERAL REGISTER publication is required for any policy, procedure, clause, or form, the department or agency requesting Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD (AT&L)) approval for use of the policy, procedure, clause, or form (see 201.304(1)) must include an analysis of the public comments in the request for approval.

[56 FR 36284, July 31, 1991, as amended at 60 FR 61591, Nov. 30, 1995; 65 FR 6552, Feb. 10, 2000; 69 FR 63326, Nov. 1, 2004]

201.303 Publication and codification.

(a)(i) The DFARS is codified under chapter 2 in title 48, Code of Federal Regulations.

(ii) To the extent possible, all DFARS text (whether implemental or supplemental) is numbered as if it were implemental. Supplemental numbering is used only when the text cannot be integrated intelligibly with its FAR counterpart.

(A) Implemental numbering is the same as its FAR counterpart, except when the text exceeds one paragraph, the subdivisions are numbered by skipping a unit in the FAR 1.105-2(b)(2) prescribed numbering sequence. For exam-

ple, three paragraphs implementing FAR 19.501 would be numbered 219.501 (1), (2), and (3) rather than (a), (b), and (c). Three paragraphs implementing FAR 19.501(a) would be numbered 219.501(a) (i), (ii), and (iii) rather than (a) (1), (2), and (3). Further subdivision of the paragraphs follows the prescribed numbering sequence, e.g., 219.501(1)(i)(A)(1)(i).

(B) Supplemental numbering is the same as its FAR counterpart, with the addition of a number of 70 and up or (S-70) and up. Parts, subparts, sections, or subsections are supplemented by the addition of a number of 70 and up. Lower divisions are supplemented by the addition of a number of (S-70) and up. When text exceeds one paragraph, the subdivisions are numbered using the FAR 1.105-2(b)(2) prescribed sequence, without skipping a unit. For example, DFARS text supplementing FAR 19.501 would be numbered 219.501-70. Its subdivisions would be numbered 219.501-70 (a), (b), and (c).

(C) Subdivision numbering below the 4th level does not repeat the numbering sequence. It uses italicized Arabic numbers and then italicized lower case Roman numerals.

(D) An example of DFARS numbering is in Table 1-1, DFARS Numbering.

(iii) Department/agency and component supplements must parallel the FAR and DFARS numbering, except department/agency supplemental numbering uses subsection numbering of 90 and up, instead of 70 and up.

TABLE 1-1—DFARS NUMBERING

FAR	Is implemented as	Is supplemented as
19	219	219.70
19.5	219.5	219.570
19.501	219.501	219.501-70
19.501-1	219.501-1	219.501-1-70
19.501-1(a)	219.501-1(a)	219.501-1(a)(S-70)
19.501-1(a)(1)	219.501-1(a)(1)	219.501-1(a)(1)(S-70)

implement or supplement the FAR or DFARS.

(1)(i) Approval of the USD (AT&L) is required before including in a department/agency or component supplement, or any other contracting regulation document such as a policy letter or clause book, any policy, procedure, clause, or form that—

(A) Has a significant effect beyond the internal operating procedures of the agency; or

(B) Has a significant cost or administrative impact on contractors or offerors.

(ii) Except as provided in paragraph (2) of this section, the USD(AT&L) has delegated authority to the Director of Defense Procurement and Acquisition Policy (OUSD(AT&L)DPAP) to approve or disapprove the policies, procedures, clauses, and forms subject to paragraph (1)(i) of this section.

(2) In accordance with Section 29 of the Office of Federal Procurement Policy Act (41 U.S.C. 425), a new requirement for a certification by a contractor or offeror may not be included in a department/agency or component procurement regulation unless—

(i) The certification requirement is specifically imposed by statute; or

(ii) Written justification for such certification is provided to the Secretary of Defense by USD(AT&L), and the Secretary of Defense approves in writing the inclusion of such certification requirement.

(3) Contracting activities must obtain the appropriate approval (see 201.404) for any class deviation (as defined in FAR subpart 1.4) from the FAR or DFARS, before its inclusion in a department/agency or component supplement or any other contracting regulation document such as a policy letter or clause book.

(4) Each department and agency must develop and, upon approval by OUSD(AT&L)DPAP, implement, maintain, and comply with a plan for controlling the use of clauses other than those prescribed by FAR or DFARS.

(5) Departments and agencies must submit requests for the Secretary of Defense, USD(AT&L), and OUSD(AT&L)DPAP approvals required by this section through the Director of the DAR Council.

48 CFR Ch. 2 (10–1–10 Edition)

(6) The Director of Defense Procurement publishes changes to the DFARS in the FEDERAL REGISTER and electronically via the World Wide Web. Each change includes an effective date. Unless guidance accompanying a change states otherwise, contracting officers must include any new or revised clauses, provisions, or forms in solicitations issued on or after the effective date of the change.

The defense agencies are the Defense Advanced Research Projects Agency, the Defense Business Transformation Agency, the Defense Commissary Agency, the Defense Contract Management Agency, the Defense Finance and Accounting Service, the Defense Information Systems Agency, the Defense Intelligence

Agency, the Defense Logistics Agency, the Defense Security Cooperation Agency, the Defense Security Service, the Defense Threat Reduction Agency, the Missile Defense Agency, the National Geospatial-Intelligence Agency, and the National Security Agency.

Department of Defense (DoD), as used in DFARS, means the Department of Defense, the military departments, and the defense agencies.

Subject to the direction of the Secretary of Defense, the Under Secretary of Defense (Acquisition, Technology, and Logistics), and the Director of Defense Procurement and Acquisition Policy, the directors of the defense agencies have been delegated authority to act as head of the agency for their respective agencies (i.e., to perform functions under the FAR or DFARS reserved to a head of agency or agency head), except for such actions that by terms of statute, or any delegation, must be exercised within the Office of the Secretary of Defense. (For emergency acquisition flexibilities, see 218.270.)

Procedures, Guidance, and Information (PGI) means a companion resource to the DFARS that—

(1) Contains mandatory internal DoD procedures. The DFARS will direct compliance with mandatory procedures using imperative language such as "Follow the procedures at * * *" or similar directive language;

(2) Contains non-mandatory internal DoD procedures and guidance and supplemental information to be used at the discretion of the contracting officer. The DFARS will point to non-mandatory procedures, guidance, and information using permissive language such

as “The contracting officer may use * * *” or “Additional information is available at * * *” or other similar language;

(3) Is numbered similarly to the DFARS, except that each PGI numerical designation is preceded by the letters “PGI”; and

(4) Is available electronically at <http://www.acq.osd.mil/dpap/dars/index.htm>.

Senior procurement executive means, for DoD—

Department of Defense (including the defense agencies)—Under Secretary of Defense (Acquisition, Technology, and Logistics);

Department of the Army—Assistant Secretary of the Army (Acquisition, Logistics and Technology);

Department of the Navy—Assistant Secretary of the Navy (Research, Development and Acquisition);

Department of the Air Force—Assistant Secretary of the Air Force (Acquisition).

The directors of the defense agencies have been delegated authority to act as senior procurement executive for their respective agencies, except for such actions that by terms of statute, or any delegation, must be exercised by the Under Secretary of Defense (Acquisition, Technology, and Logistics).

Tiered evaluation of offers, also known as *cascading evaluation of offers*, means a procedure used in negotiated acquisitions, when market research is inconclusive for justifying limiting competition to small business concerns, whereby the contracting officer—

(1) Solicits and receives offers from both small and other than small business concerns;

(2) Establishes a tiered or cascading order of precedence for evaluating offers that is specified in the solicitation; and

(3) If no award can be made at the first tier, evaluates offers at the next lower tier, until award can be made.

(i) The complainant shall be deemed to have exhausted all administrative remedies with respect to the complaint; and

(ii) The complainant may bring a de novo action at law or equity against the contractor to seek compensatory damages and other relief available under 10 U.S.C. 2409 in the appropriate district court of the United States, which shall have jurisdiction over such an action without regard to the amount in controversy. Such an action shall, at the request of either party to the action, be tried by the court with a jury.

(3) An Inspector General determination and an agency head order denying relief under paragraph (2) of this section shall be admissible in evidence in any de novo action at law or equity brought pursuant to 10 U.S.C. 2409(c).

See PGI 204.602 for additional information on the Federal Procurement Data System (FPDS) and procedures for resolving technical or policy issues relating to FPDS.

[74 FR 37644, July 29, 2009]

204.604 Responsibilities.

(1) The process for reporting contract actions to FPDS should, where possible, be automated by incorporating it into contract writing systems.

(2) Data in FPDS is stored indefinitely and is electronically retrievable. Therefore, the contracting officer may reference the contract action report

204.606

(CAR) approval date in the associated Government contract file instead of including a paper copy of the electronically submitted CAR in the file. Such reference satisfies contract file documentation requirements of FAR 4.803(a).

(3) By December 15th of each year, the chief acquisition officer of each DoD component required to report its contract actions shall submit to the Director, Defense Procurement and Acquisition Policy, its annual certification and data validation results for the preceding fiscal year in accordance with the DoD Data Improvement Plan requirements at <http://www.acq.osd.mil/dpap/pdi/eb>. The Director, Defense Procurement and Acquisition Policy, will submit a consolidated DoD annual certification to the Office of Management and Budget by January 5th of each year.

[74 FR 37644, July 29, 2009]

204.606 Reporting data.

In addition to FAR 4.606, follow the procedures at PGI 204.606 for reporting data to FPDS.

[74 FR 37644, July 29, 2009]

Subpart 204.8—Contract Files

204.802 Contract files.

Official contract files shall consist of—

(1) Only original, authenticated or conformed copies of contractual instruments—

(i) *Authenticated copies* means copies that are shown to be genuine in one of two ways—

(A) Certification as true copy by signature of an authorized person; or

(B) Official seal.

(ii) *Conformed copies* means copies that are complete and accurate, including the date signed and the names and titles of the parties who signed them.

(2) Signed or official record copies of correspondence, memoranda, and other documents.

204.804 Closeout of contract files.

Contracting officers shall close out contracts in accordance with the procedures at PGI 204.804. The closeout date for file purposes shall be determined

48 CFR Ch. 2 (10–1–10 Edition)

and documented by the procuring contracting officer.

[73 FR 4114, Jan. 24, 2008]

204.805 Disposal of contract files.

(1) The sources of the period for which official contract files must be retained are General Records Schedule 3 (Procurement, Supply, and Grant Records) and General Records Schedule 6 (Accountable Officers' Accounts Records). Copies of the General Records Schedule may be obtained from the National Archives and Records Administration, Washington, DC 20408.

(2) Deviations from the periods cannot be granted by the Defense Acquisition Regulatory Council. Forward requests for deviations to both the Government Accountability Office and the National Archives and Records Administration.

(3) Hold completed contract files in the office responsible for maintaining them for a period of 12 months after completion. After the initial 12 month period, send the records to the local records holding or staging area until they are eligible for destruction. If no space is available locally, transfer the files to the General Services Administration Federal Records Center that services the area.

(4) Duplicate or working contract files should contain no originals of materials that properly belong in the official files. Destroy working files as soon as practicable once they are no longer needed.

(5) Retain pricing review files, containing documents related to reviews of the contractor's price proposals, subject to cost or pricing data (see FAR 15.403-4), for six years. If it is impossible to determine the final payment date in order to measure the six year period, retain the files for nine years.

Subpart 204.11—Central Contractor Registration

SOURCE: 68 FR 64558, Nov. 14, 2003, unless otherwise noted.

204.1103 Procedures.

(1) On contract award documents, use the contractor's legal or "doing business as" name and physical address information as recorded in the Central Contractor Registration (CCR) database at the time of award.

(2) When making a determination to exercise an option, or at any other time before issuing a modification other than a unilateral modification making an administrative change, ensure that—

(i) The contractor's record is active in the CCR database; and

(ii) The contractor's Data Universal Numbering System (DUNS) number, Commercial and Government Entity (CAGE) code, name, and physical address are accurately reflected in the contract document.

(3) At any time, if the DUNS number, CAGE code, contractor name, or physical address on a contract no longer matches the information on the contractor's record in the CCR database, the contracting officer shall process a novation or change-of-name agreement, or an address change, as appropriate.

(4) See PGI 204.1103 for additional requirements relating to use of information in the CCR database.

(5) On contractual documents transmitted to the payment office, provide the CAGE code, instead of the DUNS number or DUNS+4 number, in accordance with agency procedures.

Subpart 204.70—Uniform Procurement Instrument Identification Numbers

204.7000 Scope.

This subpart—

204.7001

(a) Prescribes policies and procedures for assigning numbers to all solicitations, contracts, and related instruments; and

(b) Does not apply to solicitations or orders for communication service authorizations issued by the Defense Information Technology Contracting Organization of the Defense Information Systems Agency in accordance with 239.7407-2.

[68 FR 64556, Nov. 14, 2003]

204.7001 Policy.

(a) Use the uniform procurement instrument identification (PII) numbering system prescribed by this subpart for the solicitation/contract instruments described in 204.7003 and 204.7004.

(b) Retain the basic PII number unchanged for the life of the instrument unless the conditions in paragraph (c) of this section exist.

(c)(1) If continued performance under a contract number is not possible or is not in the Government's best interest solely for administrative reasons (*e.g.*, when the supplementary PII serial numbering system is exhausted or for lengthy major systems contracts with multiple options), the contracting officer may assign an additional PII number by issuing a separate continued contract to permit continued contract performance.

(2) A continued contract—

(i) Does not constitute a new procurement;

(ii) Incorporates all prices, terms, and conditions of the predecessor contract effective at the time of issuance of the continued contract;

(iii) Operates as a separate contract independent of the predecessor contract once issued; and

(iv) Shall not evade competition, expand the scope of work, or extend the period of performance beyond that of the predecessor contract.

(3) When issuing a continued contract, the contracting officer shall—

(i) Issue an administrative modification to the predecessor contract to clearly state that—

(A) Any future awards provided for under the terms of the predecessor contract (*e.g.*, issuance of orders or exer-

48 CFR Ch. 2 (10-1-10 Edition)

cise of options) will be accomplished under the continued contract; and

(B) Supplies and services already acquired under the predecessor contract shall remain solely under that contract for purposes of Government inspection, acceptance, payment, and closeout; and

(ii) Follow the procedures at PGI 204.7001(c).

[71 FR 27640, May 12, 2006]

204.7002 Procedures.

(a) In assigning PII numbers—

(1) Use only the alpha-numeric characters, as prescribed in this subpart; and

(2) Do not use the letter “I” or “O”.

(b) If department/agency procedures require other identification on the solicitation, contract, or other related instrument forms, enter it in such a location so as to separate it clearly from the PII number.

(c) Enter the basic PII number, including Federal supply contract numbers and any supplementary numbers, in the spaces provided on the solicitation, contract, or related instrument forms. Separate the major elements by dashes, *e.g.*, N00023-90-D-0009 (not necessary in electronic transmission). If there is no space provided on the form, enter the number in the upper right corner of the form and identify what it is (*e.g.*, Supplementary Number N00023-90-F-0120).

204.7004 Supplementary PII numbers.

(a) *Uses of the supplementary number.* Use supplementary numbers with the basic PII number, to identify—

- (1) Amendments to solicitations;
- (2) Modifications to contracts and agreements, including provisioned item orders; and
- (3) Calls or orders under contracts, basic ordering agreements, or blanket purchase agreements, issued by the contracting office or by a DoD activity other than the contracting office, including DoD orders against Federal supply schedules.

(b) *Amendments to solicitations.* Number amendments to solicitations sequentially using a four position numeric serial number added to the basic PII number and beginning with 0001, e.g., N00062-91-R-1234-0001.

(c) *Modifications to contracts and agreements.* (1) Number modifications to contracts and agreements using a six position alpha-numeric added to the basic PII number.

(2) *Position 1.* Identify the office issuing the modification—

- (i) Contract administration office—A

(ii) Contracting office—P

(3) *Positions 2 through 3.* These are the first two digits in a serial number. They may be either alpha or numeric. Use the letters K, L, M, N, P, Q, S, T, U, V, W, X, Y, or Z only in the second position and only in the following circumstances—

(i) Use K, L, M, N, P, and Q in the second position only if the modification is issued by the Air Force and is a provisioned item order.

(ii) Use S, and only S, in the second position to identify modifications issued to provide initial or amended shipping instructions when—

- (A) The contract has either FOB origin or destination delivery terms; and
- (B) The price changes.

(iii) Use T, U, V, W, X, or Y, and only those characters, in the second position to identify modifications issued to provide initial or amended shipping instructions when—

- (A) The contract has FOB origin delivery terms; and
- (B) The price does not change.

(iv) Only use Z in the second position to identify a modification which definitizes a letter contract.

(4) *Positions 4 through 6.* These positions are always numeric. Use a separate series of serial numbers for each type of modification listed in paragraph (c)(3) of this section. Examples of proper numbering for positions 2-6 (the first position will be either "A" or "P") are as follows:

Normal modification	Provisioned items order (reserved for exclusive use by the Air Force only)	Shipping instructions
00001-99999	K0001-K9999	S0001-S9999
then	KA001-KZ999	SA001-SZ999
A0001-A9999	L0001-L9999	T0001-T9999
B0001-B9999	LA001-LZ999	TA001-TZ999
and so on to	M0001-M9999	U0001-U9999
H0001-H9999	MA001-MZ999	UA001-UZ999
then	N0001-N9999	V0001-V9999
J0001-J9999	NA001-NZ999	VA001-VZ999
then	P0001-P9999	W0001-W9999
R0001-R9999	PA001-PZ999	WA001-WZ999
then	Q0001-Q9999	X0001-X9999
AA001-AZ999	QA001-QZ999	XA001-XZ999
then		Y0001-Y9999
JA001-JZ999		YA001-YZ999
RA001-RZ999		

(5) If the contract administration office is changing the contract administration or disbursement office for the first time and is using computer generated modifications to notify many offices, it uses the six position supplementary number ARZ999. If either office has to be changed again during the life of the contract, the supplementary number will be ARZ998, and on down as needed.

(6) Each office authorized to issue modifications shall assign the supplementary identification numbers in sequence. Do not assign the numbers until it has been determined that a modification is to be issued.

(d) *Delivery orders under indefinite delivery contracts, orders under basic ordering agreements, and calls under blanket purchase agreements.* (1) Calls or orders issued by the office issuing the contract or agreement. Use a four position alpha-numeric call or order serial number added to the basic PII number. These shall be identified by using serial numbers beginning 0001 through 9999. When the numeric identifiers run out, use alpha characters in the third and fourth positions. Never use alpha characters in the first and second positions.

(2) Orders placed against another activity's contract or agreement.

(i) If the office placing the order or call is different from the office identified in the basic PII number, assign a serial number to the order or call. The first and second positions contain the call/order code assigned to the ordering office in accordance with 204.7005. Do not use the letters A or P in the first position. The third and fourth positions are a two position serial number assigned by the ordering office. The series will begin with 01. When the numbers exceed 99, the office will assign a uniform series of identifiers containing alpha and/or numeric characters, e.g., Basic #: N00383-91-D-0001 serial #: TU01.

(ii) If an office is placing calls or orders with NIB, NISH, or UNICOR, the office shall identify the instrument with a 13 position supplementary PII number using an F in the 9th position. Modifications to these calls or orders shall be numbered in accordance with paragraph (c) of this section, e.g., Order #: DLA100-91-F-0001 modification #: A00001.

(e) *Modifications to calls or orders.* Use a two position alpha-numeric suffix, known as a call or order modification indicator, to identify a modification to a call or order.

(1) Modifications to a call or order issued by a purchasing office begin with 01, 02, and so on through 99, then B1 through B9, BA through BZ, C1 through C9, and so on through ZZ.

(2) Modifications to a call or order issued by a contract administration office begin with 1A, 1B, and so on through 9Z, followed by A1, A2, and so on to A9, then AA, AB, and so on through AZ.

204.7006

(b) Contracting activities submit requests for assignment of or changes in two-character order codes to their respective monitors in accordance with department/agency procedures. Order code monitors—

Subpart 204.71—Uniform Contract Line Item Numbering System

204.7100 Scope.

This subpart prescribes policies and procedures for assigning contract line item numbers.

48 CFR Ch. 2 (10-1-10 Edition)

204.7101 Definitions.

Accounting classification reference number (ACRN) means any combination of a two position alpha/numeric code used as a method of relating the accounting classification citation to detailed line item information contained in the schedule.

Attachment means any documentation, appended to a contract or incorporated by reference, which does not establish a requirement for deliverables.

Definitized item, as used in this subpart, means an item for which a firm price has been established in the basic contract or by modification.

Exhibit means a document, referred to in a contract, which is attached and establishes requirements for deliverables. The term shall not be used to refer to any other kind of attachment to a contract. The DD Form 1423, Contract Data Requirements List, is always an exhibit, rather than an attachment.

Nonseverable deliverable, as used in this subpart, means a deliverable item that is a single end product or undertaking, entire in nature, that cannot be feasibly subdivided into discrete elements or phases without losing its identity.

Undefinitized item, as used in this subpart, means an item for which a price has not been established in the basic contract or by modification.

[56 FR 36289, July 31, 1991, as amended at 60 FR 34468, July 3, 1995; 70 FR 58982, Oct. 11, 2005]

204.7102 Policy.

(a) The numbering procedures of this subpart shall apply to all—

(1) Solicitations;

(2) Solicitation line and subline item numbers;

(3) Contracts as defined in FAR Subpart 2.1;

(4) Contract line and subline item numbers;

(5) Exhibits;

(6) Exhibit line and subline items; and

(7) Any other document expected to become part of the contract.

(b) The numbering procedures are mandatory for all contracts where separate contract line item numbers are assigned, unless—

(1) The contract is an indefinite-delivery type for petroleum products against which posts, camps, and stations issue delivery orders for products to be consumed by them; or

(2) The contract is a communications service authorization issued by the Defense Information Systems Agency's Defense Information Technology Contracting Organization.

[71 FR 9269, Feb. 23, 2006]

204.7103 Contract line items.

204.7103-1 Criteria for establishing.

Contracts shall identify the items or services to be acquired as separate contract line items unless it is not feasible to do so.

(a) Contract line items shall have all four of the following characteristics; however, there are exceptions within the characteristics, which may make establishing a separate contract line item appropriate even though one of the characteristics appears to be missing—

(1) *Single unit price.* The item shall have a single unit price or a single total price, except—

(i) If the item is not separately priced (NSP) but the price is included in the unit price of another contract line item, enter NSP instead of the unit price;

(ii) When there are associated subline items, established for other than informational reasons, and those subline items are priced in accordance with 204.7104;

(iii) When the items or services are being acquired on a cost-reimbursement contract;

(iv) When the contract is for maintenance and repair services (e.g., a labor hour contract) and firm prices have been established for elements of the total price of an item but the actual number and quantity of the elements are not known until performance. The contracting officer may structure these contracts to reflect a firm or estimated total amount for each line item;

(v) When the contract line item is established to refer to an exhibit or an

attachment (if management needs dictate that a unit price be entered, the price shall be set forth in the item description block and enclosed in parentheses); or

(vi) When the contract is an indefinite delivery type contract and provides that the price of an item shall be determined at the time a delivery order is placed and the price is influenced by such factors as the quantity ordered (e.g., 10-99 @ \$1.00, 100-249 @ \$.98, 250+ @ \$.95), the destination, the FOB point, or the type of packaging required.

(2) *Separately identifiable.* A contract line item must be identified separately from any other items or services on the contract.

(i) Supplies are separately identifiable if they have no more than one—

(A) National stock number (NSN);

(B) Item description; or

(C) Manufacturer's part number.

(ii) Services are separately identifiable if they have no more than one—

(A) Scope of work; or

(B) Description of services.

(iii) This requirement does not apply if there are associated subline items, established for other than informational reasons, and those subline items include the actual detailed identification in accordance with 204.7104. Where this exception applies, use a general narrative description instead of the contract item description.

(3) *Separate delivery schedule.* Each contract line item or service shall have its own delivery schedule, period of performance, or completion date expressly stated ("as required" constitutes an expressly stated delivery term).

(i) The fact that there is more than one delivery date, destination, performance date, or performance point may be a determining factor in the decision as to whether to establish more than one contract line item.

(ii) If a contract line item has more than one destination or delivery date, the contracting officer may create individual contract line items for the different destinations or delivery dates, or may specify the different delivery dates for the units by destination in the delivery schedule.

(4) *Single accounting classification citation.* (i) Each contract line item shall reference a single accounting classification citation except as provided in paragraph (a)(4)(ii) of this subsection.

(ii) The use of multiple accounting classification citations for a contract line item is authorized in the following situations:

(A) A single, nonseverable deliverable to be paid for with R&D or other funds properly incrementally obligated over several fiscal years in accordance with DoD policy;

(B) A single, nonseverable deliverable to be paid for with different authorizations or appropriations, such as in the acquisition of a satellite or the modification of production tooling used to produce items being acquired by several activities; or

(C) A modification to an existing contract line item for a nonseverable deliverable that results in the delivery of a modified item(s) where the item(s) and modification are to be paid for with different accounting classification citations.

(iii) When the use of multiple accounting classification citations is authorized for a single contract line item, establish informational subline items for each accounting classification citation in accordance with 204.7104-1(a).

(b) All subline items and exhibit line items under one contract line item shall be the same contract type as the contract line item.

(c) For a contract that contains a combination of fixed-price line items, time-and-materials/labor-hour line items, and/or cost-reimbursement line items, identify the contract type for each contract line item in Section B, Supplies or Services and Prices/Costs, to facilitate appropriate payment.

(d) Exhibits may be used as an alternative to putting a long list of contract line items in the schedule. If exhibits are used, create a contract line item citing the exhibit's identifier. See 204.7105(a).

(e) If the contract involves a test model or a first article which must be approved, establish a separate contract line item or subline item for each item of supply or service which must be approved. If the test model or first article consists of a lot composed of a mixture

of items, a single line item or subline item may be used for the lot.

(f) If a supply or service involves ancillary functions, like packaging and handling, transportation, payment of state or local taxes, or use of reusable containers, and these functions are normally performed by the contractor and the contractor is normally entitled to reimbursement for performing these functions, do not establish a separate contract line item solely to account for these functions. However, do identify the functions in the contract schedule. If the offeror separately prices these functions, contracting officers may establish separate contract line items for the functions; however, the separate line items must conform to the requirements of paragraph (a) of this subsection.

204.7104 Contract subline items.

204.7104-1 Criteria for establishing.

Contract subline items provide flexibility to further identify elements within a contract line item for tracking performance or simplifying administration. There are only two kinds of subline items: those which are informational in nature and those which consist of more than one item that requires separate identification.

(a) *Informational subline items.* (1) This type of subline item identifies information that relates directly to the contract line item and is an integral part of it (e.g., parts of an assembly or parts of a kit). These subline items shall not be scheduled separately for delivery, identified separately for shipment or performance, or priced separately for payment purposes.

(2) The informational subline item may include quantities, prices, or amounts, if necessary to satisfy management requirements. However, these elements shall be included within the

item description in the supplies/services column and enclosed in parentheses to prevent confusing them with quantities, prices, or amounts that have contractual significance. Do not enter these elements in the quantity and price columns.

(3) Informational subline items shall be used to identify each accounting classification citation assigned to a single contract line item number when use of multiple citations is authorized (see 204.7103-1(a)(4)(ii)).

(b) *Separately identified subline items.*

(1) Subline items will be used instead of contract line items to facilitate payment, delivery tracking, contract funds accounting, or other management purposes. Such subline items shall be used when items bought under one contract line item number—

(i) Are to be paid for from more than one accounting classification. A subline item shall be established for the quantity associated with the single accounting classification citation. Establish a line item rather than a subline item if it is likely that a subline item may be assigned additional accounting classification citations at a later date. Identify the funding as described in 204.7104-1(a)(3);

(ii) Are to be packaged in different sizes, each represented by its own NSN;

(iii) Have collateral costs, such as packaging costs, but those costs are not a part of the unit price of the contract line item;

(iv) Have different delivery dates or destinations or requisitions, or a combination of the three; or

(v) Identify parts of an assembly or kit which—

(A) Have to be separately identified at the time of shipment or performance; and

(B) Are separately priced.

(2) Each separately identified contract subline item shall have its own—

(i) Delivery schedule, period of performance, or completion date;

(ii) Unit price or single total price or amount (not separately priced (NSP) is acceptable as an entry for price or amount if the price is included in another subline item or a different contract line item). This requirement does not apply—

(A) If the subline item was created to refer to an exhibit or an attachment. If management needs dictate that a unit price be entered, the price shall be set forth in the item description block of the schedule and enclosed in parentheses; or

(B) In the case of indefinite delivery contracts described at 204.7103-1(a)(1)(vi).

(iii) Identification (e.g., NSN, item description, manufacturer's part number, scope of work, description of services).

(3) Unit prices and extended amounts.

(i) The unit price and total amount for all subline items may be entered at the contract line item number level if the unit price for the subline items is identical. If there is any variation, the subline item unit prices shall be entered at the subline item level only.

(ii) The unit price and extended amounts may be entered at the subline items level.

(iii) The two methods in paragraphs (b)(3) (i) and (ii) of this subsection shall not be combined in a contract line item.

(iv) When the price for items not separately priced is included in the price of another subline item or contract line item, it may be necessary to withhold payment on the priced subline item until all the related subline items that are not separately priced have been delivered. In those cases, use the clause at 252.204-7002, Payment for Subline Items Not Separately Priced.

204.7106 Contract modifications.

(a) If new items are added, assign new contract line or subline item numbers or exhibit line item numbers, in accordance with the procedures established at 204.7103, 204.7104, and 204.7105.

(b) Modifications to existing contract line items or exhibit line items. (1) If the modification relates to existing contract line items or exhibit line items, the modification shall refer to those item numbers.

(2) If the contracting officer decides to assign new identifications to existing contract or exhibit line items, the following rules apply—

(i) *Definitized and undefinitized items.*

(A) The original line item or subline item number may be used if the modification applies to the total quantity of the original line item or subline.

(B) The original line item or subline item number may be used if the modification makes only minor changes in the specifications of some of the items ordered on the original line item or subline item and the resulting changes in unit price can be averaged to provide a new single unit price for the total quantity. If the changes in the specifications make the item significantly distinguishable from the original item or the resulting changes in unit price cannot be averaged, create a new line item.

(C) If the modification affects only a partial quantity of an existing contract or exhibit line item or subline item and the change does not involve either the delivery date or the ship-to/mark-for data, the original contract or exhibit line item or subline item number shall remain with the unchanged quantity. Assign the changed quantity the next available number.

(ii) *Undefinitized items.* In addition to the rules in paragraph (b)(2)(i), the following additional rules apply to undefinitized items—

(A) If the modification is undefinitized and increases the quantity of an existing definitized item, assign the undefinitized quantity the next available number.

(B) If the modification increases the quantity of an existing undefinitized item, the original contract or exhibit line item or subline item may be used if the unit price for the new quantity is

expected to be the same as the price for the original quantity. If the unit prices of the two quantities will be different, assign the new quantity the next available number.

(C) If the modification both affects only a partial quantity of the existing contract or exhibit line or subline item and definitizes the price for the affected portion, the definitized portion shall retain the original item number. If there is any undefinitized portion of the item, assign it the next available number. However, if the modification definitizes the price for the whole quantity of the line item, and price impact of the changed work can be apportioned equally over the whole to arrive at a new unit price, the quantity with the changes can be added into the quantity of the existing item.

(D) If the modification affects only a partial quantity of an existing contract or exhibit line or subline item but does not change the delivery schedule or definitize price, the unchanged portion shall retain the original contract or exhibit line or subline item number. Assign the changed portion the next available number.

(3) If the modification will decrease the amount obligated—

(i) There shall be coordination between the administrative and procuring contracting offices before issuance of the modification; and

(ii) The contracting officer shall not issue the modification unless sufficient unliquidated obligation exists or the purpose is to recover monies owed to the Government.

Subpart 204.72—Contractor Identification

204.7200 Scope of subpart.

This subpart prescribes uniform policies and procedures for identification of commercial and Government entities when it is necessary to—

(a) Exchange data with another contracting activity, including contract administration activities and contract payment activities, or comply with the reporting requirements of subpart 204.6; or

(b) Identify contractors for the purpose of developing computerized acquisition systems or solicitation mailing lists.

[64 FR 43099, Aug. 9, 1999]

204.7201 Definitions.

(a) *Commercial and Government Entity (CAGE) code* means—

(1) A code assigned by the Defense Logistics Information Service (DLIS) to identify a commercial or Government entity; or

(2) A code assigned by a member of the North Atlantic Treaty Organization (NATO) that DLIS records and maintains in the CAGE master file. This type of code is known as an “NCAGE code.”

(b) *Contractor identification code* means a code that the contracting office uses to identify an offeror. The three types of contractor identification

codes are CAGE codes, Data Universal Numbering System (DUNS) numbers, and Taxpayer Identification Numbers (TINs).

[64 FR 43099, Aug. 9, 1999]

204.7202 General.

204.7202-1 CAGE codes.

(a) DLIS assigns or records and maintains CAGE codes to identify commercial and Government entities. DoD 4000.25-5-M, Military Standard Contract Administration Procedures (MLSCAP), and Volume 7 of DoD 4100.39-M, Federal Logistics Information System (FLIS) Procedures Manual, prescribe use of CAGE codes.

(b)(1) If a prospective contractor located in the United States must register in the Central Contractor Registration (CCR) database (see FAR Subpart 4.11) and does not have a CAGE code, DLIS will assign a CAGE code when the prospective contractor submits its request for registration in the CCR database. Foreign registrants must obtain a North Atlantic Treaty Organization CAGE (NCAGE) code in order to register in the CCR database. NCAGE codes may be obtained from the Codification Bureau in the foreign registrant’s country. Additional information on obtaining NCAGE codes is available at http://www.dlis.dla.mil/Forms/Form_AC135.asp.

(2) If registration in the CCR database is not required, the prospective contractor’s CAGE code is not already available in the contracting office, and the prospective contractor does not respond to the provision at 252.204-7001, Commercial and Government Entity (CAGE) Code Reporting, use the following procedures:

(i) To identify the prospective contractor’s CAGE code, use—

(A) The monthly H-series CD ROM that contains the H-4/H-8 CAGE master file issued by DLIS (Their address is: Customer Service, Federal Center, 74 Washington Avenue, North, Battle Creek, MI 49017-3084. Their telephone number is: toll-free 1-888-352-9333);

(B) The on-line access to the CAGE file through the Defense Logistics Information System;

(C) The on-line access to the Defense Logistics Agency (DLA) CAGE file

204.7202-2

through the DLA Network or dial-up capability; or

(D) The Internet to access the CAGE Lookup Server at *http://www.dlis.dla.mil/cage_welcome.asp*.

(ii) If no CAGE code is identified through use of the procedures in paragraph (b)(2)(i) of this subsection, ask DLIS to assign a CAGE code. Submit a DD Form 2051, Request for Assignment of a Commercial and Government Entity (CAGE) Code, (or electronic equivalent) to the address in paragraph (b)(2)(i)(A) of this subsection, ATTN: DLIS-SBB. The contracting office completes Section A of the DD Form 2051, and the contractor completes Section B. The contracting office must verify Section B before submitting the form.

(c) Direct questions on obtaining computer tapes, electronic updates, or code assignments to DLIS Customer Service: toll-free (888) 227-2423 or (888) 352-9333; DSN 932-4725; or commercial (616) 961-4725.

204.7203 Responsibilities of contracting officers.

(a) Assist offerors in obtaining the required CAGE codes.

(b) Do not deny a potential offeror a solicitation package because the offeror does not have a contractor identification code.

204.7204 Maintenance of the CAGE file.

(a) DLIS will accept written requests for changes to CAGE files, other than name changes, from the following entities:

48 CFR Ch. 2 (10-1-10 Edition)

(1) The entity identified by the code. The entity must use company letterhead to forward the request.

(2) The contracting office.

(3) The contract administration office.

(b) Submit requests for changes to CAGE files on DD Form 2051, or electronic equivalent, to—Defense Logistics Information Service, DLIS-SBB, Federal Center, 74 Washington Avenue, North, Battle Creek, MI 49017-3084. (c) The contracting officer responsible for execution of a change-of-name agreement (see FAR subpart 42.12) must submit the agreement to DLIS-SBB. If there are no current contracts, each contracting and contract administration office receiving notification of changes from the commercial entity must forward a copy of the change notice annotated with the CAGE code to DLIS-SBB unless the change notice indicates that DLIS-SBB already has been notified.

(d) Additional guidance for maintaining CAGE codes is in Volume 7 of DoD 4100.39-M, Federal Logistics Information System (FLIS) Procedures Manual.

204.7205 Novation agreements, mergers and sales of assets.

Contracting officers shall process and execute novation agreements in accordance with FAR Subpart 42.12, Novation and Change-of-Name Agreements. These actions are independent of code and name assignments made as a result of the occasion which created the need for the novation agreement. The maintenance activity will determine which entity(s) will retain the existing code(s) and which entities will be assigned new codes. The contracting officer responsible for processing the novation agreement shall provide the maintenance activity with the following information:

(a) Name(s), address(es), and code(s) of the contractor(s) transferring the original contractual rights and obligations (transferor).

(b) Name(s), address(es), and code(s) (if any) of the entity who is the successor in interest (transferee).

(c) Name(s), address(es), and code(s) (if any) of the entity who is retaining or receiving the rights to the technical data.

(d) Description of the circumstances surrounding the novation agreement and especially the relationship of each entity to the other.

204.7206 Using CAGE codes to identify agents and brokers.

Authorized agents and brokers are entities and, as such, may be assigned CAGE codes for identification and processing purposes.

(a) A single CAGE code will be assigned to the agent/broker establishment in addition to any codes assigned to the entities represented by the agent/broker, i.e., only one code will be assigned to a specific agent/broker entity regardless of the number of firms represented by that agent/broker.

(b) Additional codes may be assigned to an agent/broker if they meet the criteria for assigning additional codes for entities, e.g., different location.

(c) Codes will not be assigned to an agent/broker in care of the entity being represented or in any way infer that the agent/broker is a separate establishment bearing the name of the entity represented by the agent/broker.

[56 FR 36289, July 31, 1991, as amended at 61 FR 51032, Sept. 30, 1996; 62 FR 48182, Sept. 15, 1997]

Use the provision at 252.204-7001, Commercial and Government Entity (CAGE) Code Reporting, in solicitations when—

(a) The solicitation does not include the clause at FAR 52.204-7, Central Contractor Registration; and

(b) The CAGE codes for the potential offerors are not available to the contracting office.

206.001 Applicability.

(b) As authorized by 10 U.S.C. 1091, contracts awarded to individuals using the procedures at 237.104(b)(ii) are exempt from the competitive requirements of FAR part 6.

(S-70) Also excepted from this part are follow-on production contracts for products developed pursuant to the “other transactions” authority of 10 U.S.C. 2371 for prototype projects when—

(1) The other transaction agreement includes provisions for a follow-on production contract;

(2) The contracting officer receives sufficient information from the agreements officer and the project manager for the prototype other transaction

agreement, which documents that the conditions set forth in 10 U.S.C. 2371 note, subsections (f)(2) (A) and (B) (see 32 CFR 3.9(d)), have been met; and

Subpart 206.2—Full and Open Competition After Exclusion of Sources

206.202 Establishing or maintaining alternative sources.

(a) Agencies may use this authority to totally or partially exclude a particular source from a contract action.

(b) The determination and findings (D&F) and the documentation supporting the D&F shall identify the source to be excluded from the contract action. Include the information at PGI 206.202(b), as applicable, and any other information that may be pertinent, in the supporting documentation.

[69 FR 74991, Dec. 15, 2004]

206.203 Set-asides for small business concerns.

(b) Also no separate justification or determination and findings is required for contract actions processed as historically black college and university and minority institution set-asides (see 226.7003).

[63 FR 41973, Aug. 6, 1998]

Subpart 206.3—Other Than Full and Open Competition

206.302 Circumstances permitting other than full and open competition.

206.302-1 Only one responsible source and no other supplies or services will satisfy agency requirements.

(a) *Authority.* (2)(i) Section 8059 of Pub. L. 101-511 and similar sections in subsequent defense appropriations acts prohibit departments and agencies from entering into contracts for studies, analyses, or consulting services (see FAR subpart 37.2) on the basis of

an unsolicited proposal without providing for full and open competition, unless—

(1) The head of the contracting activity, or a designee no lower than chief of the contracting office, determines that—

(i) Following thorough technical evaluation, only one source is fully qualified to perform the proposed work;

(ii) The unsolicited proposal offers significant scientific or technological promise, represents the product of original thinking, and was submitted in confidence; or

(iii) The contract benefits the national defense by taking advantage of a unique and significant industrial accomplishment or by ensuring financial support to a new product or idea;

(2) A civilian official of the DoD, whose appointment has been confirmed by the Senate, determines the award to be in the interest of national defense; or

(3) The contract is related to improvement of equipment that is in development or production.

(b) *Application.* This authority may be used for acquisitions of test articles and associated support services from a designated foreign source under the DoD Foreign Comparative Testing Program.

[56 FR 36303, July 31, 1991, as amended at 57 FR 14992, Apr. 23, 1992; 58 FR 28463, May 13, 1993; 69 FR 74991, Dec. 15, 2004]

206.302-2 Unusual and compelling urgency.

(b) *Application.* For guidance on circumstances under which use of this authority may be appropriate, see PGI 206.302-2(b).

[69 FR 74991, Dec. 15, 2004]

206.302-3 Industrial mobilization; or engineering, development, or research capability.

206.302-3-70 Solicitation provision.

Use the provision at 252.206-7000, Domestic Source Restriction, in all solicitations that are restricted to domestic sources under the authority of FAR 6.302-3.

206.302-4 International agreement.

(c) *Limitations.* Pursuant to 10 U.S.C. 2304(f)(2)(E), the justifications and approvals described in FAR 6.303 and 6.304 are not required if the head of the contracting activity prepares a document that describes the terms of an agreement or treaty or the written directions, such as a Letter of Offer and Acceptance, that have the effect of requiring the use of other than competitive procedures for the acquisition.

[63 FR 67803, Dec. 9, 1998]

206.302-5 Authorized or required by statute.

(b) *Application.* Agencies may use this authority to—

(i) Acquire supplies and services from military exchange stores outside the United States for use by the armed forces outside the United States in accordance with 10 U.S.C. 2424(a) and subject to the limitations of 10 U.S.C. 2424(b). The limitations of 10 U.S.C. 2424(b) (1) and (2) do not apply to the purchase of soft drinks that are manufactured in the United States. For the purposes of 10 U.S.C. 2424, soft drinks manufactured in the United States are brand name carbonated sodas, manufactured in the United States, as evidenced by product markings.

(ii) Acquire police, fire protection, airfield operation, or other community services from local governments at military installations to be closed under the circumstances in 237.7401 (Section 2907 of Fiscal Year 1994 Defense Authorization Act (Pub. L. 103-160)).

(c) *Limitations.* (i) 10 U.S.C. 2361 precludes use of this exception for awards to colleges or universities for the performance of research and development, or for the construction of any research or other facility, unless—

(A) The statute authorizing or requiring award specifically—

(1) States that the statute modifies or supersedes the provisions of 10 U.S.C. 2361,

(2) Identifies the particular college or university involved, and

(3) States that award is being made in contravention of 10 U.S.C. 2361(a); and

206.302-7

(B) The Secretary of Defense provides Congress written notice of intent to award. The contract cannot be awarded until 180 days have elapsed since the date Congress received the notice of intent to award. Contracting activities must submit a draft notice of intent with supporting documentation through channels to the Director of Defense Procurement and Acquisition Policy, Office of the Under Secretary of Defense (Acquisition, Technology, and Logistics).

(ii) The limitation in paragraph (c)(i) of this subsection applies only if the statute authorizing or requiring award was enacted after September 30, 1989.

(iii) Subsequent statutes may provide different or additional constraints on the award of contracts to specified colleges and universities. Contracting officers should consult legal counsel on a case-by-case basis.

Subpart 207.1—Acquisition Plans

207.102 Policy.

(a)(1) See 212.102 regarding requirements for a written determination that

the commercial item definition has been met when using FAR Part 12 procedures.

[73 FR 4114, Jan. 24, 2008]

207.103 Agency-head responsibilities.

(d)(i) Prepare written acquisition plans for—

(A) Acquisitions for development, as defined in FAR 35.001, when the total cost of all contracts for the acquisition program is estimated at \$10 million or more;

(B) Acquisitions for production or services when the total cost of all contracts for the acquisition program is estimated at \$50 million or more for all years or \$25 million or more for any fiscal year; and

(C) Any other acquisition considered appropriate by the department or agency.

(ii) Written plans are not required in acquisitions for a final buy out or one-time buy. The terms “final buy out” and “one-time buy” refer to a single contract that covers all known present and future requirements. This exception does not apply to a multiyear contract or a contract with options or phases.

(e) Prepare written acquisition plans for acquisition programs meeting the thresholds of paragraphs (d)(i)(A) and (B) of this section on a program basis. Other acquisition plans may be written on either a program or an individual contract basis.

(g) The program manager, or other official responsible for the program, has overall responsibility for acquisition planning.

(h) For procurement of conventional ammunition, as defined in DoDD 5160.65, Single Manager for Conventional Ammunition (SMCA), the SMCA will review the acquisition plan to determine if it is consistent with retaining national technology and industrial base capabilities in accordance with 10 U.S.C. 2304(c)(3) and Section 806 of Public Law 105-261. The department or agency—

(i) Shall submit the acquisition plan to the address in PGI 207.103(h); and

(ii) Shall not proceed with the procurement until the SMCA provides written concurrence with the acquisition plan. In the case of a non-concur-

rence, the SMCA will resolve issues with the Army Office of the Executive Director for Conventional Ammunition.

207.105 Contents of written acquisition plans.

In addition to the requirements of FAR 7.105, planners shall follow the procedures at PGI 207.105.

[71 FR 53045, Sept. 8, 2006]

207.106 Additional requirements for major systems.

(b)(1)(A) The contracting officer is prohibited by 10 U.S.C. 2305(d)(4)(A) from requiring offers for development or production of major systems that would enable the Government to use technical data to competitively reproduce identical items or components of the system if the item or component were developed exclusively at private expense, unless the contracting officer determines that—

(1) The original supplier of the item or component will be unable to satisfy program schedule or delivery requirements;

(2) Proposals by the original supplier of the item or component to meet mobilization requirements are insufficient to meet the agency’s mobilization needs; or

(3) The Government is otherwise entitled to unlimited rights in technical data.

(B) If the contracting officer makes a determination, under paragraphs (b)(1)(A) (1) and (2) of this section, for a competitive solicitation, 10 U.S.C. 2305(d)(4)(B) requires that the evaluation of items developed at private expense be based on an analysis of the total value, in terms of innovative design, life-cycle costs, and other pertinent factors, of incorporating such items in the system.

(S-70)(1) In accordance with Section 802(a) of the National Defense Authorization Act for Fiscal Year 2007 (Pub. L. 109-364) and DoD policy requirements, acquisition plans for major weapon systems and subsystems of major weapon systems shall—

(i) Assess the long-term technical data and computer software needs of those systems and subsystems; and

(ii) Establish acquisition strategies that provide for the technical data and computer software deliverables and associated license rights needed to sustain those systems and subsystems over their life cycle. The strategy may include—

(A) The development of maintenance capabilities within DoD; or

(B) Competition for contracts for sustainment of the systems or subsystems.

(2) Assessments and corresponding acquisition strategies developed under this section shall—

(i) Be developed before issuance of a solicitation for the weapon system or subsystem;

(ii) Address the merits of including a priced contract option for the future delivery of technical data and computer software, and associated license rights, that were not acquired upon initial contract award;

(iii) Address the potential for changes in the sustainment plan over the life cycle of the weapon system or subsystem; and

(iv) Apply to weapon systems and subsystems that are to be supported by performance-based logistics arrangements as well as to weapon systems and subsystems that are to be supported by other sustainment approaches.

(S-71) See 209.570 for policy applicable to acquisition strategies that consider the use of lead system integrators.

(S-72)(1) In accordance with section 202 of the Weapon Systems Acquisition Reform Act of 2009 (Pub. L. 111-23), acquisition plans for major defense acquisition programs as defined in 10 U.S.C. 2430, shall include measures that—

(i) Ensure competition, or the option of competition, at both the prime contract level and subcontract level (at such tier or tiers as are appropriate)

throughout the program life cycle as a means to improve contractor performance; and

(ii) Document the rationale for the selection of the appropriate subcontract tier or tiers under paragraph (S-72)(1)(i) of this section, and the measures which will be employed to ensure competition, or the option of competition.

(2) Measures to ensure competition, or the option of competition, may include, but are not limited to, cost-effective measures intended to achieve the following:

(i) Competitive prototyping.

(ii) Dual-sourcing.

(iii) Unbundling of contracts.

(iv) Funding of next-generation prototype systems or subsystems.

(v) Use of modular, open architectures to enable competition for upgrades.

(vi) Use of build-to-print approaches to enable production through multiple sources.

(vii) Acquisition of complete technical data packages.

(viii) Periodic competitions for subsystem upgrades.

(ix) Licensing of additional suppliers.

(x) Periodic system or program reviews to address long-term competitive effects of program decisions.

(3) In order to ensure fair and objective “make-or-buy” decisions by prime contractors, acquisition strategies and resultant solicitations and contracts shall—

(i) Require prime contractors to give full and fair consideration to qualified sources other than the prime contractor for the development or construction of major subsystems and components of major weapon systems;

(ii) Provide for Government surveillance of the process by which prime contractors consider such sources and determine whether to conduct such development or construction in-house or through a subcontract; and

(iii) Provide for the assessment of the extent to which the prime contractor has given full and fair consideration to qualified sources in sourcing decisions as a part of past performance evaluations.

(4) Whenever a source-of-repair decision results in a plan to award a contract for the performance of maintenance and sustainment services on a major weapon system, to the maximum extent practicable and consistent with statutory requirements, the acquisition plan shall prescribe that award will be made on a competitive basis after giving full consideration to all sources (including sources that partner or subcontract with public or private sector repair activities).

[56 FR 36305, July 31, 1991, as amended at 72 FR 51188, Sept. 6, 2007; 73 FR 1824, Jan. 10, 2008; 74 FR 68701, Dec. 29, 2009; 75 FR 8273, Feb. 24, 2010]

207.170 Consolidation of contract requirements.

207.170-1 Scope.

This section implements 10 U.S.C. 2382.

[69 FR 55987, Sept. 17, 2004]

207.170-2 Definitions.

As used in this section—

Consolidation of contract requirements means the use of a solicitation to obtain offers for a single contract or a multiple award contract to satisfy two or more requirements of a department, agency, or activity for supplies or services that previously have been provided to, or performed for, that department, agency, or activity under two or more separate contracts.

Multiple award contract means—

(1) Orders placed using a multiple award schedule issued by the General Services Administration as described in FAR Subpart 8.4;

(2) A multiple award task order or delivery order contract issued in accordance with FAR Subpart 16.5; or

(3) Any other indefinite-delivery, indefinite-quantity contract that an agency enters into with two or more sources for the same line item under the same solicitation.

[71 FR 14106, Mar. 21, 2006]

207.170-3 Policy and procedures.

(a) Agencies shall not consolidate contract requirements with an estimated total value exceeding \$6 million

unless the acquisition strategy includes—

(1) The results of market research;

(2) Identification of any alternative contracting approaches that would involve a lesser degree of consolidation; and

(3) A determination by the senior procurement executive that the consolidation is necessary and justified.

(i) Market research may indicate that consolidation of contract requirements is necessary and justified if the benefits of the acquisition strategy substantially exceed the benefits of each of the possible alternative contracting approaches. Benefits may include costs and, regardless of whether quantifiable in dollar amounts—

(A) Quality;

(B) Acquisition cycle;

(C) Terms and conditions; and

(D) Any other benefit.

(ii) Savings in administrative or personnel costs alone do not constitute a sufficient justification for a consolidation of contract requirements unless the total amount of the cost savings is expected to be substantial in relation to the total cost of the procurement.

(b) Include the determination made in accordance with paragraph (a)(3) of this section in the contract file.

[69 FR 55987, Sept. 17, 2004, as amended at 71 FR 14106, Mar. 21, 2006; 71 FR 75892, Dec. 19, 2006; 75 FR 45073, Aug. 2, 2010]

207.171 Component breakout.

207.171-1 Scope.

(a) This section provides policy for breaking out components of end items for future acquisitions so that the Government can purchase the components directly from the manufacturer or supplier and furnish them to the end item manufacturer as Government-furnished material.

(b) This section does not apply to—

(1) The initial decisions on Government-furnished equipment or contractor-furnished equipment that are made at the inception of an acquisition program; or

(2) Breakout of parts for replenishment (see appendix E).

[71 FR 14102, Mar. 21, 2006]

207.171-2

207.171-2 Definition.

Component, as used in this section, includes subsystems, assemblies, sub-assemblies, and other major elements of an end item; it does not include elements of relatively small annual acquisition value.

[71 FR 14102, Mar. 21, 2006]

207.171-3 Policy.

DoD policy is to break out components of weapons systems or other major end items under certain circumstances.

(a) When it is anticipated that a prime contract will be awarded without adequate price competition, and the prime contractor is expected to acquire any component without adequate price competition, the agency shall break out that component if—

(1) Substantial net cost savings probably will be achieved; and

(2) Breakout action will not jeopardize the quality, reliability, performance, or timely delivery of the end item.

(b) Even when either or both the prime contract and the component will be acquired with adequate price competition, the agency shall consider breakout of the component if substantial net cost savings will result from—

(1) Greater quantity acquisitions; or

(2) Such factors as improved logistics support (through reduction in varieties of spare parts) and economies in operations and training (through standardization of design).

(c) Breakout normally is not justified for a component that is not expected to exceed \$1 million for the current year's requirement.

[71 FR 14102, Mar. 21, 2006]

207.171-4 Procedures.

Agencies shall follow the procedures at PGI 207.171-4 for component breakout.

[71 FR 14102, Mar. 21, 2006]

207.172 Human research.

Any DoD component sponsoring research involving human subjects—

(a) Is responsible for oversight of compliance with 32 CFR Part 219, Protection of Human Subjects; and

48 CFR Ch. 2 (10-1-10 Edition)

(b) Must have a Human Research Protection Official, as defined in the clause at 252.235-7004, Protection of Human Subjects, and identified in the DoD component's Human Research Protection Management Plan. This official is responsible for the oversight and execution of the requirements of the clause at 252.235-7004 and shall be identified in acquisition planning.

[74 FR 37648, July 29, 2009]

Subpart 207.4—Equipment Lease or Purchase

207.401 Acquisition considerations.

If the equipment will be leased for more than 60 days, the requiring activity must prepare and provide the contracting officer with the justification supporting the decision to lease or purchase.

207.470 Statutory requirements.

(a) *Requirement for authorization of certain contracts relating to vessels, aircraft, and combat vehicles.* The contracting officer shall not enter into any contract for the lease or charter of any vessel, aircraft, or combat vehicle, or any contract for services that would require the use of the contractor's vessel, aircraft, or combat vehicle, unless the Secretary of the military department concerned has satisfied the requirements of 10 U.S.C. 2401, when—

(1) The contract will be a long-term lease or charter as defined in 10 U.S.C. 2401(d)(1); or

(2) The terms of the contract provide for a substantial termination liability as defined in 10 U.S.C. 2401(d)(2). Also see PGI 207.470.

(b) *Limitation on contracts with terms of 18 months or more.* As required by 10 U.S.C. 2401a, the contracting officer shall not enter into any contract for any vessel, aircraft, or vehicle, through a lease, charter, or similar agreement with a term of 18 months or more, or extend or renew any such contract for a term of 18 months or more, unless the head of the contracting activity has—

(1) Considered all costs of such a contract (including estimated termination liability); and

(2) Determined in writing that the contract is in the best interest of the Government.

(c) *Leasing of commercial vehicles and associated equipment.* Except as provided in paragraphs (a) and (b) of this section, the contracting officer may use leasing in the acquisition of commercial vehicles and associated equipment whenever the contracting officer determines that leasing of such vehicles is practicable and efficient (10 U.S.C. 2401a).

[61 FR 16879, Apr. 18, 1996, as amended at 61 FR 50451, Sept. 26, 1996; 74 FR 34266, July 15, 2009]

207.471 Funding requirements.

(a) Fund leases in accordance with DoD Financial Management Regulation (FMR) 7000.14-R, Volume 2A, Chapter 1.

(b) DoD leases are either capital leases or operating leases. See FMR 7000.14-R, Volume 4, Chapter 7, Section 070207.

(c) Use procurement funds for capital leases, as these are essentially installment purchases of property.

207.500 Scope of subpart.

This subpart also implements 10 U.S.C. 2383.

207.503 Policy.

(e) The written determination required by FAR 7.503(e), that none of the functions to be performed by contract are inherently governmental—

(i) Shall be prepared using DoD Instruction 1100.22, Guidance for Determining Workforce Mix; and

(ii) Shall include a determination that none of the functions to be performed are exempt from private sector performance, as addressed in DoD Instruction 1100.22.

(S-70) *Contracts for acquisition functions.*

(1) In accordance with 10 U.S.C. 2383, the head of an agency may enter into a contract for performance of the acquisition functions closely associated with inherently governmental functions that are listed at FAR 7.503(d) only if—

(i) The contracting officer determines that appropriate military or civilian DoD personnel—

(A) Cannot reasonably be made available to perform the functions;

(B) Will oversee contractor performance of the contract; and

(C) Will perform all inherently governmental functions associated with the functions to be performed under the contract; and

(ii) The contracting officer ensures that the agency addresses any potential organizational conflict of interest of the contractor in the performance of the functions under the contract (see FAR Subpart 9.5).

Subpart 207.70—Buy-to-Budget—Additional Quantities of End Items

SOURCE: 68 FR 43331, July 22, 2003, unless otherwise noted.

207.7001 Definition.

End item, as used in this subpart, means a production product assembled, completed, and ready for issue or deployment.

207.7002 Authority to acquire additional quantities of end items.

10 U.S.C. 2308 authorizes DoD to use funds available for the acquisition of an end item to acquire a higher quantity of the end item than the quantity specified in a law providing for the funding of that acquisition, if the head of an agency determines that—

(a) The agency has an established requirement for the end item that is expected to remain substantially unchanged throughout the period of the acquisition;

207.7003

(b) It is possible to acquire the higher quantity of the end item without additional funding because of production efficiencies or other cost reductions;

(c) The amount of funds used for the acquisition of the higher quantity of the end item will not exceed the amount provided under that law for the acquisition of the end item; and

(d) The amount provided under that law for the acquisition of the end item is sufficient to ensure that each unit of the end item acquired within the higher quantity is fully funded as a complete end item.

207.7003 Limitation.

For noncompetitive acquisitions, the acquisition of additional quantities is limited to not more than 10 percent of the quantity approved in the justification and approval prepared in accordance with FAR part 6 for the acquisition of the end item.

208.404 Use of Federal Supply Schedules.

(a)(i) Departments and agencies shall comply with the review, approval, and reporting requirements established in accordance with subpart 217.78 when placing orders for supplies or services in amounts exceeding the simplified acquisition threshold.

(ii) When a schedule lists both foreign and domestic items that will meet the needs of the requiring activity, the ordering office must apply the procedures of part 225 and FAR part 25, Foreign Acquisition. When purchase of an item of foreign origin is specifically required, the requiring activity must furnish the ordering office sufficient information to permit the determinations required by part 225 and FAR part 25 to be made.

208.405-70 Additional ordering procedures.

(a) This subsection—

(1) Implements Section 803 of the National Defense Authorization Act for Fiscal Year 2002 (Pub. L. 107-107) for the acquisition of services, and establishes similar policy for the acquisition of supplies;

(2) Applies to orders for supplies or services under Federal Supply Schedules, including orders under blanket purchase agreements established under Federal Supply Schedules; and

(3) Also applies to orders placed by non-DoD agencies on behalf of DoD.

(b) Each order exceeding \$150,000 shall be placed on a competitive basis in accordance with paragraph (c) of this subsection, unless this requirement is waived on the basis of a justification that is prepared and approved in accordance with FAR 8.405-6 and includes a written determination that—

(1) A statute expressly authorizes or requires that the purchase be made from a specified source; or

(2) One of the circumstances described at FAR 16.505(b)(2)(i) through (iii) applies to the order. Follow the procedures at PGI 216.505-70 if FAR 16.505(b)(2)(ii) or (iii) is deemed to apply.

(c) An order exceeding \$150,000 is placed on a competitive basis only if the contracting officer provides a fair notice of the intent to make the purchase, including a description of the supplies to be delivered or the services to be performed and the basis upon

which the contracting officer will make the selection, to—

(1) As many schedule contractors as practicable, consistent with market research appropriate to the circumstances, to reasonably ensure that offers will be received from at least three contractors that can fulfill the requirements, and the contracting officer—

(i)(A) Receives offers from at least three contractors that can fulfill the requirements; or

(B) Determines in writing that no additional contractors that can fulfill the requirements could be identified despite reasonable efforts to do so (documentation should clearly explain efforts made to obtain offers from at least three contractors); and

(ii) Ensures all offers received are fairly considered; or

(2) All contractors offering the required supplies or services under the applicable multiple award schedule, and affords all contractors responding to the notice a fair opportunity to submit an offer and have that offer fairly considered.

Subpart 208.6—Acquisition From Federal Prison Industries, Inc.

208.602-70 Acquisition of items for which FPI has a significant market share.

(a) *Scope.* This subsection implements Section 827 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181).

(b) *Definition.* Item for which FPI has a significant market share, as used in this

208.705

subsection, means an item for which FPI's share of the DoD market for the federal supply class including that item is greater than 5 percent, as determined by DoD in consultation with the Office of Federal Procurement Policy. A list of the federal supply classes of items for which FPI has a significant market share is maintained at

http://www.acq.osd.mil/dpap/cpic/cp/specific_policy_areas.html#federal_prison.

(c) *Policy.* (1) When acquiring an item for which FPI has a significant market share—

(i) Acquire the item using—

(A) Competitive procedures (e.g., the procedures in FAR 6.102, the set-aside procedures in FAR Subpart 19.5, or competition conducted in accordance with FAR Part 13); or

(B) The fair opportunity procedures in FAR 16.505, if placing an order under a multiple award delivery-order contract; and

(ii) Include FPI in the solicitation process, consider a timely offer from FPI, and make an award in accordance with the policy at FAR 8.602(a)(4)(ii) through (v).

(2) When acquiring an item for which FPI does not have a significant market share, acquire the item in accordance with the policy at FAR 8.602.

Subpart 208.70—Coordinated Acquisition

208.7000 Scope of subpart.

This subpart prescribes policy and procedures for acquisition of items for which contracting responsibility is assigned to one or more of the departments/agencies or the General Services

48 CFR Ch. 2 (10–1–10 Edition)

Administration. Contracting responsibility is assigned through—

(a) The Coordinated Acquisition Program (commodity assignments are listed in PGI 208.7006); or

(b) The Integrated Materiel Management Program (assignments are in DoD 4140.26–M, Defense Integrated Materiel Management Manual for Consumable Items).

[56 FR 36306, July 31, 1991, as amended at 67 FR 77936, Dec. 20, 2002; 71 FR 39004, July 11, 2006]

208.7001 Definitions.

For purposes of this subpart—

Acquiring department means the department, agency, or General Services Administration which has contracting responsibility under the Coordinated Acquisition Program.

Integrated materiel management means assignment of acquisition management responsibility to one department, agency, or the General Services Administration for all of DoD's requirements for the assigned item. Acquisition management normally includes computing requirements, funding, budgeting, storing, issuing, cataloging, standardizing, and contracting functions.

Requiring department means the department or agency which has the requirement for an item.

208.7002 Assignment authority.

(a) Under the DoD Coordinated Acquisition Program, contracting responsibility for certain commodities is assigned to a single department, agency, or the General Services Administration (GSA). Commodity assignments are made—

(1) To the departments and agencies, by the Deputy Under Secretary of Defense (Logistics);

(2) To GSA, through agreement with GSA, by the Deputy Under Secretary of Defense (Logistics);

(3) Outside the contiguous United States, by the Unified Commanders; and

(4) For acquisitions to be made in the contiguous United States for commodities not assigned under paragraphs (a)(1), (2), or (3) of this section, by agreement of agency heads (10 U.S.C. 2311).

(i) Agreement may be on either a one-time or a continuing basis. The submission of a military interdepartmental purchase request (MIPR) by a requiring activity and its acceptance by the contracting activity of another department, even though based on an oral communication, constitutes a one-time agreement.

(ii) Consider repetitive delegated acquisition responsibilities for coordinated acquisition assignment. If not considered suitable for coordinated acquisition assignment, formalize continuing agreements and distribute them to all activities concerned.

(b) Under the Integrated Materiel Management Program, assignments are made by the Deputy Under Secretary of Defense (Logistics)—

(1) To the departments and agencies; and

(2) To GSA, through agreement with GSA.

[56 FR 36306, July 31, 1991, as amended at 64 FR 51075, Sept. 21, 1999; 70 FR 35544, June 21, 2005]

208.7002-1 Acquiring department responsibilities.

See PGI 208.7002-1 for the acquiring department's responsibilities.

208.7002-2 Requiring department responsibilities.

See PGI 208.7002-2 for the requiring department's responsibilities.

[71 FR 39004, July 11, 2006]

208.7003 Applicability.

208.7003-1 Assignments under integrated materiel management (IMM).

(a) Acquire all items assigned for IMM from the IMM manager except—

(1) Items purchased under circumstances of unusual and compelling urgency as defined in FAR 6.302-2. After such a purchase is made, the requiring activity must send one copy of the contract and a statement of the emergency to the IMM manager;

(2) Items for which the IMM manager assigns a supply system code for local purchase or otherwise grants authority to purchase locally; or

(3) When purchase by the requiring activity is in the best interest of the Government in terms of the combination of quality, timeliness, and cost that best meets the requirement. This exception does not apply to items—

(i) Critical to the safe operation of a weapon system;

(ii) With special security characteristics; or

(iii) Which are dangerous (e.g., explosives, munitions).

(b) Follow the procedures at PGI 208.7003-1(b) when an item assigned for IMM is to be acquired by the requiring department in accordance with paragraph (a)(3) of this subsection.

[60 FR 61593, Nov. 30, 1995, as amended at 64 FR 51075, Sept. 21, 1999; 64 FR 61031, Nov. 9, 1999; 71 FR 39004, July 11, 2006]

208.7003-2 Assignments under coordinated acquisition.

Requiring departments must submit to the acquiring department all contracting requirements for items assigned for coordinated acquisition, except—

(a) Items obtained through the sources in FAR 8.002(a)(1) (i) through (vii);

(b) Items obtained under 208.7003-1(a);

(c) Requirements not in excess of the simplified acquisition threshold in FAR part 2, when contracting by the requiring department is in the best interest of the Government;

(d) In an emergency. When an emergency purchase is made, the requiring department must send one copy of the contract and a statement of the emergency to the contracting activity of the acquiring department;

(e) Requirements for which the acquiring department's contracting activity delegates contracting authority to the requiring department;

(f) Items in a research and development stage (as described in FAR part 35). Under this exception, the military departments may contract for research and development requirements, including quantities for testing purposes and items undergoing in-service evaluation (not yet in actual production, but beyond prototype). Generally, this exception applies only when research and development funds are used.

208.7004

(g) Items peculiar to nuclear ordnance material where design characteristics or test-inspection requirements are controlled by the Department of Energy (DoE) or by DoD to ensure reliability of nuclear weapons.

(1) This exception applies to all items designed for and peculiar to nuclear ordnance regardless of agency control, or to any item which requires test or inspection conducted or controlled by DoE or DoD.

(2) This exception does not cover items used for both nuclear ordnance and other purposes if the items are not subject to the special testing procedures.

(h) Items to be acquired under FAR 6.302-6 (national security requires limitation of sources);

(i) Items to be acquired under FAR 6.302-1 (supplies available only from the original source for follow-on contract);

(j) Items directly related to a major system and which are design controlled by and acquired from either the system manufacturer or a manufacturer of a major subsystem;

(k) Items subject to rapid design changes, or to continuous redesign or modification during the production and/or operational use phases, which require continual contact between industry and the requiring department to ensure that the item meets the requirements:

(1) This exception permits the requiring department to contract for items of highly unstable design. For use of this exception, it must be clearly impractical, both technically and contractually, to refer the acquisition to the acquiring department. Anticipation that contracting by negotiation will be appropriate, or that a number of design changes may occur during contract performance is not in itself sufficient reason for using this exception.

(2) This exception also applies to items requiring compatibility testing, provided such testing requires continual contact between industry and the requiring department;

(l) Containers acquired only with items for which they are designed;

(m) One-time buy of a noncataloged item.

48 CFR Ch. 2 (10-1-10 Edition)

(1) This exception permits the requiring departments to contract for a non-recurring requirement for a noncataloged item. This exception could cover a part or component for a prototype which may be stock numbered at a later date.

(2) This exception does not permit acquisitions of recurring requirements for an item, based solely on the fact that the item is not stock numbered, nor may it be used to acquire items which have only slightly different characteristics than previously cataloged items.

[56 FR 36306, July 31, 1991, as amended at 60 FR 61593, Nov. 30, 1995; 64 FR 51075, Sept. 21, 1999; 71 FR 69489, Dec. 1, 2006]

Subpart 208.73—Use of Government-Owned Precious Metals

208.7301 Definitions.

As used in this subpart—

Defense Supply Center, Philadelphia (DSCP) means the Defense Logistics Agency field activity located at 700 Robbins Avenue, Philadelphia, PA 19111-5096, which is the assigned commodity integrated material manager for refined precious metals and is responsible for the storage and issue of such material.

Refined precious metal means recovered silver, gold, platinum, palladium, iridium, rhodium, or ruthenium, in bullion, granulation or sponge form, which has been purified to at least .999 percentage of fineness.

[56 FR 36306, July 31, 1991, as amended at 65 FR 14398, Mar. 16, 2000; 65 FR 52951, Aug. 31, 2000; 65 FR 58607 Sept. 29, 2000; 71 FR 39005, July 11, 2006]

208.7302 Policy.

DoD policy is for maximum participation in the Precious Metals Recovery Program. DoD components shall furnish recovered precious metals contained in the DSCP inventory to production contractors rather than use contractor-furnished precious metals whenever the contracting officer determines it to be in the Government's best interest.

[56 FR 36306, July 31, 1991, as amended at 65 FR 52951, Aug. 31, 2000; 71 FR 39005, July 11, 2006]

208.7305 Contract clause.

(a) Use the clause at 252.208-7000, Intent to Furnish Precious Metals as Government-Furnished Material, in all solicitations and contracts except—

(1) When the contracting officer has determined that the required precious metals are not available from DSCP;

(2) When the contracting officer knows that the items being acquired do not require precious metals in their manufacture; or

(3) For acquisitions at or below the simplified acquisition threshold.

(b) To make the determination in paragraph (a)(1) of this section, the contracting officer shall consult with the end item inventory manager and comply with the procedures in Chapter 11, DoD 4160.21-M, Defense Materiel Disposition Manual.

208.7400 Scope of subpart.

This subpart prescribes policy and procedures for acquisition of commercial software and software maintenance, including software and software maintenance that is acquired—

(a) As part of a system or system upgrade, where practicable;

(b) Under a service contract;

(c) Under a contract or agreement administered by another agency (e.g., under an interagency agreement);

208.7401

(d) Under a Federal Supply Schedule contract or blanket purchase agreement established in accordance with FAR 8.405 and 208.405-70; or

208.7401 Definitions.

As used in this subpart—

Enterprise software agreement means an agreement or a contract that is used to acquire designated commercial software or related services such as software maintenance.

Enterprise Software Initiative means an initiative led by the DoD Chief Information Officer to develop processes for DoD-wide software asset management.

Software maintenance means services normally provided by a software company as standard services at established catalog or market prices, *e.g.*, the right to receive and use upgraded versions of software, updates, and revisions.

[67 FR 65511, Oct. 25, 2002, as amended at 71 FR 39005, July 11, 2006]

208.7402 General.

Departments and agencies shall fulfill requirements for commercial software and related services, such as software maintenance, in accordance with the DoD Enterprise Software Initiative (ESI) (see Web site at <http://www.donimit.navy.mil/esi>). ESI promotes the use of enterprise software agreements (ESAs) with contractors that allow DoD to obtain favorable terms and pricing for commercial software and related services. ESI does not dictate the products or services to be acquired.

208.7403 Acquisition procedures.

Follow the procedures at PGI 208.7403 when acquiring commercial software and related services.

211.274 Item identification and valuation requirements.

211.274-1 General.

Unique item identification and valuation is a system of marking and valuing items delivered to DoD that will enhance logistics, contracting, and financial business transactions supporting the United States and coalition troops. Through unique item identification policy, which capitalizes on leading practices and embraces open standards, DoD can—

- (a) Achieve lower life-cycle cost of item management and improve life-cycle property management;
- (b) Improve operational readiness;
- (c) Provide reliable accountability of property and asset visibility throughout the life cycle; and
- (d) Reduce the burden on the workforce through increased productivity and efficiency.

[70 FR 20836, Apr. 22, 2005]

211.274-2 Policy for unique item identification.

- (a) It is DoD policy that DoD unique item identification, or a DoD recog-

nized unique identification equivalent, is required for—

- (1) All delivered items for which the Government's unit acquisition cost is \$5,000 or more;

- (2) Items for which the Government's unit acquisition cost is less than \$5,000, when identified by the requiring activity as serially managed, mission essential, or controlled inventory;

- (3) Items for which the Government's unit acquisition cost is less than \$5,000, when the requiring activity determines that permanent identification is required; and

- (4) Regardless of value—

- (i) Any DoD serially managed sub-assembly, component, or part embedded within a delivered item; and

- (ii) The parent item (as defined in 252.211-7003(a)) that contains the embedded subassembly, component, or part.

- (b) *Exceptions.* The Contractor will not be required to provide DoD unique item identification if—

- (1) The items, as determined by the head of the agency, are to be used to support a contingency operation or to facilitate defense against or recovery from nuclear, biological, chemical, or radiological attack; or

- (2) A determination and findings has been executed concluding that it is more cost effective for the Government requiring activity to assign, mark, and register the unique item identification after delivery of an item acquired from a small business concern or a commercial item acquired under FAR Part 12 or Part 8.

- (i) The determination and findings shall be executed by—

- (A) The Component Acquisition Executive for an acquisition category (ACAT) I program; or

- (B) The head of the contracting activity for all other programs.

- (ii) The DoD Unique Item Identification Program Office must receive a copy of the determination and findings required by paragraph (b)(2)(i) of this subsection. Send the copy to DPAP, SPEC ASST, 3060 Defense Pentagon, 3E1044, Washington, DC 20301-3060; or by facsimile to (703) 695-7596.

211.274-3

211.274-3 Policy for valuation.

(a) It is DoD policy that contractors shall be required to identify the Government's unit acquisition cost (as defined in 252.211-7003(a)) for all items delivered, even if none of the criteria for placing a unique item identification mark applies.

(b) The Government's unit acquisition cost is—

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items delivered under a time-and-materials contract, the contractor's estimated fully burdened unit cost to the Government at the time of delivery.

(c) The Government's unit acquisition cost of subassemblies, components, and parts embedded in delivered items need not be separately identified.

[70 FR 20836, Apr. 22, 2005]

211.274-4 Policy for reporting of Government-furnished equipment in the DoD Item Unique Identification (IUID) Registry.

It is DoD policy that Government-furnished equipment be recorded in the DoD IUID Registry, except for—

(a) Items with an acquisition cost of less than \$5,000 that are not identified as serially managed, mission essential, sensitive, or controlled inventory, unless the terms and conditions of the contract state otherwise;

(b) Government-furnished material;

(c) Repairables;

(d) Contractor-acquired property as defined in FAR Part 45;

(2) Has not, for a period of at least 1 year prior to the date of the other transaction agreement, entered into or performed on—

(1) Is awarded to a nontraditional defense contractor;

(2) Is a follow-on contract for the production of an item or process begun as a prototype project under an other transaction agreement or as a research project carried out in accordance with 10 U.S.C. 2371;

212.7003 Technical data and computer software.

For purposes of establishing delivery requirements and license rights for technical data under 227.7102 and for computer software under 227.7202, there shall be a rebuttable presumption that items or processes acquired under a contract or subcontract awarded in accordance with 212.7002 were developed

in part with Federal funds and in part at private expense (i.e., mixed funding).

(a) *Delivery requirements.* Acquire only the technical data and computer software that are necessary to satisfy agency needs. Follow the requirements at 227.7103-1 and 227.7103-2 for technical data, and 227.7203-1 and 227.7203-2 for computer software.

(b) *License rights.* Acquire only the license rights in technical data and computer software that are necessary to satisfy agency needs.

Subpart 213.2—Actions at or Below the Micro-Purchase Threshold

213.270 Use of the Governmentwide commercial purchase card.

Use the Governmentwide commercial purchase card as the method of purchase and/or method of payment for purchases valued at or below the micro-purchase threshold. This policy applies to all types of contract actions authorized by the FAR unless—

(a) The Deputy Secretary of Defense has approved an exception for an electronic commerce/electronic data interchange system or operational requirement that results in a more cost-effective payment process;

(b)(1) A general or flag officer or a member of the Senior Executive Service (SES) makes a written determination that—

(i) The source or sources available for the supply or service do not accept the purchase card; and

(ii) The contracting office is seeking a source that accepts the purchase card.

(2) To prevent mission delays, if an activity does not have a resident general or flag officer of SES member, delegation of this authority to the level of the senior local commander or director is permitted; or

(c) The purchase or payment meets one or more of the following criteria:

(1) The place of performance is entirely outside the United States and its outlying areas.

(2) The purchase is a Standard Form 44 purchase for aviation fuel or oil.

(3) The purchase is an overseas transaction by a contracting officer in support of a contingency operation as defined in 10 U.S.C. 101(a)(13) or a humanitarian or peacekeeping operation as defined in 10 U.S.C. 2302(8).

(4) The purchase is a transaction in support of intelligence or other specialized activities addressed by Part 2.7 of Executive Order 12333.

(5) The purchase is for training exercises in preparation for overseas contingency, humanitarian, or peacekeeping operations.

(6) The payment is made with an accommodation check.

(7) The payment is for a transportation bill.

(8) The purchase is under a Federal Supply Schedule contract that does not permit use of the Governmentwide commercial purchase card.

(9) The purchase is for medical services and—

(i) It involves a controlled substance or narcotic;

(ii) It requires the submission of a Health Care Summary Record to document the nature of the care purchased;

(iii) The ultimate price of the medical care is subject to an independent determination that changes the price paid based on application of a mandatory CHAMPUS Maximum Allowable Charge determination that reduces the Government liability below billed charges;

(iv) The Government already has entered into a contract to pay for the services without the use of a purchase card;

(v) The purchaser is a beneficiary seeking medical care; or

(vi) The senior local commander or director of a hospital or laboratory determines that use of the purchase card is not appropriate or cost-effective. The Medical Prime Vendor Program and the DoD Medical Electronic Catalog Program are two examples where use of the purchase card may not be cost-effective.

Subpart 215.2—Solicitation and Receipt of Proposals and Information

215.203–70 Requests for proposals—tiered evaluation of offers.

(a) The tiered or cascading order of precedence used for tiered evaluation of offers shall be consistent with FAR part 19.

(b) Consideration shall be given to the tiers of small businesses (*e.g.*, 8(a), HUBZone small business, service-disabled veteran-owned small business, small business) before evaluating offers from other than small business concerns.

(c) The contracting officer is prohibited from issuing a solicitation with a tiered evaluation of offers unless—

(1) The contracting officer conducts market research, in accordance with FAR Part 10 and Part 210, to determine—

(i) Whether the criteria in FAR part 19 are met for setting aside the acquisition for small business; or

(ii) For a task or delivery order, whether there are a sufficient number of qualified small business concerns available to justify limiting competition under the terms of the contract; and

(2) If the contracting officer cannot determine whether the criteria in paragraph (c)(1) of this section are met, the contracting officer includes a written explanation in the contract file as to why such a determination could not be made (Section 816 of Public Law 109–163).

215.270 Peer Reviews.

Agency officials shall conduct Peer Reviews in accordance with 201.170.

[74 FR 37626, July 29, 2009]

Subpart 215.3—Source Selection

215.303 Responsibilities.

(b)(2) For high-dollar value and other acquisitions, as prescribed by agency procedures, the source selection authority shall approve a source selection plan before the solicitation is issued. Follow the procedures at PGI

215.303(b)(2) for preparation of the source selection plan.

[71 FR 3414, Jan. 23, 2006]

215.304 Evaluation factors and significant subfactors.

(c)(i) In acquisitions that require use of the clause at FAR 52.219–9, Small Business Subcontracting Plan, other than those based on the lowest price technically acceptable source selection process (see FAR 15.101–2), the extent of participation of small businesses and historically black colleges or universities and minority institutions in performance of the contract shall be addressed in source selection. The contracting officer shall evaluate the extent to which offerors identify and commit to small business and historically black college or university and minority institution performance of the contract, whether as a joint venture, teaming arrangement, or subcontractor.

(A) See PGI 215.304(c)(i)(A) for examples of evaluation factors.

(B) Proposals addressing the extent of small business and historically black college or university and minority institution performance may be separate from subcontracting plans submitted pursuant to the clause at FAR 52.219–9 and should be structured to allow for consideration of offers from small businesses.

(C) When an evaluation assesses the extent that small businesses and historically black colleges or universities and minority institutions are specifically identified in proposals, the small businesses and historically black colleges or universities and minority institutions considered in the evaluation shall be listed in any subcontracting plan submitted pursuant to FAR 52.219–9 to facilitate compliance with 252.219–7003(g).

(ii) In accordance with 10 U.S.C. 2436, consider the purchase of capital assets (including machine tools) manufactured in the United States, in source selections for all major defense acquisition programs as defined in 10 U.S.C. 2430.

215.305

(iii) See 247.573–2(c) for additional evaluation factors required in solicitations for the direct purchase of ocean transportation services.

215.305 Proposal evaluation.

(a)(2) *Past performance evaluation.* When a past performance evaluation is required by FAR 15.304, and the solicitation includes the clause at FAR 52.219–8, Utilization of Small Business Concerns, the evaluation factors shall include the past performance of offerors in complying with requirements of that clause. When a past performance evaluation is required by FAR 15.304, and the solicitation includes the clause at FAR 52.219–9, Small Business Subcontracting Plan, the evaluation factors shall include the past performance of offerors in complying with requirements of that clause.

215.370 Evaluation factor for employing or subcontracting with members of the Selected Reserve.

215.370–1 Definition.

Selected Reserve, as used in this section, is defined in the provision at 252.215–7005, Evaluation Factor for Employing or Subcontracting with Members of the Selected Reserve.

[73 FR 62211, Oct. 20, 2008]

215.370–2 Evaluation factor.

In accordance with Section 819 of the National Defense Authorization Act for Fiscal Year 2006 (Pub. L. 109–163), the contracting officer may use an evaluation factor that considers whether an offeror intends to perform the contract using employees or individual subcontractors who are members of the Selected Reserve. See PGI 215.370–2 for guidance on use of this evaluation factor.

[73 FR 62211, Oct. 20, 2008]

215.370–3 Solicitation provision and contract clause.

(a) Use the provision at 252.215–7005, Evaluation Factor for Employing or

48 CFR Ch. 2 (10–1–10 Edition)

Subcontracting with Members of the Selected Reserve, in solicitations that include an evaluation factor considering whether an offeror intends to perform the contract using employees or individual subcontractors who are members of the Selected Reserve.

(b) Use the clause at 252.215–7006, Use of Employees or Individual Subcontractors Who are Members of the Selected Reserve, in solicitations that include the provision at 252.215–7005. Include the clause in the resultant contract only if the contractor stated in its proposal that it intends to perform the contract using employees or individual subcontractors who are members of the Selected Reserve, and that statement was used as an evaluation factor in the award decision.

[73 FR 62211, Oct. 20, 2008]

Subpart 215.4—Contract Pricing

215.402 Pricing policy.

Follow the procedures at PGI 215.402 when conducting cost or price analysis, particularly with regard to acquisitions for sole source commercial items.

[72 FR 30278, May 31, 2007]

215.403 Obtaining cost or price data.

215.403–1 Prohibition on obtaining cost or pricing data (10 U.S.C. 2306a and 41 U.S.C. 254b).

(b) *Exceptions to cost or pricing data requirements.* Follow the procedures at PGI 215.403–1(b).

(c) *Standards for exceptions from cost or pricing data requirements—*(1) *Adequate price competition.* For acquisitions under dual or multiple source programs:

(A) The determination of adequate price competition must be made on a case-by-case basis. Even when adequate price competition exists, in certain cases it may be appropriate to obtain additional information to assist in price analysis.

(B) Adequate price competition normally exists when—

(i) Prices are solicited across a full range of step quantities, normally including a 0–100 percent split, from at least two offerors that are individually

capable of producing the full quantity; and

(ii) The reasonableness of all prices awarded is clearly established on the basis of price analysis (see FAR 15.404-1(b)).

(3) *Commercial items.* (A) Follow the procedures at PGI 215.403-1(c)(3)(A) for pricing commercial items.

(B) By November 30th of each year, departments and agencies shall provide a report to the Director, Defense Procurement and Acquisition Policy (DPAP), ATTN: DPAP/CPF, of all contracting officer determinations that commercial item exceptions apply under FAR 15.403-1(b)(3), during the previous fiscal year, for any contract, subcontract, or modification expected to have a value of \$15,000,000 or more. See PGI 215.403-1(c)(3)(B) for the format and guidance for the report. The Director, DPAP, will submit a consolidated report to the congressional defense committees.

(4) *Waivers.* (A) The head of the contracting activity may, without power of delegation, apply the exceptional circumstances authority when a determination is made that—

(1) The property or services cannot reasonably be obtained under the contract, subcontract, or modification, without the granting of the waiver;

(2) The price can be determined to be fair and reasonable without the submission of certified cost or pricing data; and

(3) There are demonstrated benefits to granting the waiver. Follow the procedures at PGI 215.403-1(c)(4)(A) for determining when an exceptional case waiver is appropriate, for approval of such waivers, for partial waivers, and for waivers applicable to unpriced supplies or services.

(B) By November 30th of each year, departments and agencies shall provide a report to the Director, DPAP, ATTN: DPAP/CPF, of all waivers granted under FAR 15.403-1(b)(4), during the previous fiscal year, for any contract, subcontract, or modification expected to have a value of \$15,000,000 or more. See PGI 215.403-1(c)(4)(B) for the format and guidance for the report. The Director, DPAP, will submit a consolidated report to the congressional defense committees.

(C) DoD has waived the requirement for submission of cost or pricing data for the Canadian Commercial Corporation and its subcontractors.

(D) DoD has waived cost or pricing data requirements for nonprofit organizations (including education institutions) on cost-reimbursement-no-fee contracts. The contracting officer shall require—

(1) Submission of information other than cost or pricing data to the extent necessary to determine reasonableness and cost realism; and

(2) Cost or pricing data from subcontractors that are not nonprofit organizations when the subcontractor's proposal exceeds the cost or pricing data threshold at FAR 15.403-4(a)(1).

[63 FR 55040, Oct. 14, 1998, as amended at 71 FR 69493, Dec. 1, 2006; 72 FR 30278, May 31, 2007]

215.403-3 Requiring information other than cost or pricing data.

Follow the procedures at PGI 215.403-3.

[72 FR 30278, May 31, 2007]

215.403-5 Instructions for submission of cost or pricing data or information other than cost or pricing data.

When the solicitation requires contractor compliance with the Contractor Cost Data Reporting System, follow the procedures at PGI 215.403-5.

[71 FR 69494, Dec. 1, 2006]

215.404 Proposal analysis.

215.404-1 Proposal analysis techniques.

(1) Follow the procedures at PGI 215.404-1 for proposal analysis.

(2) For spare parts or support equipment, perform an analysis of—

(i) Those line items where the proposed price exceeds by 25 percent or more the lowest price the Government has paid within the most recent 12-month period based on reasonably available information;

(ii) Those line items where a comparison of the item description and the proposal price indicates a potential for overpricing;

215.404-2

(iii) Significant high-dollar-value items. If there are no obvious high-dollar-value items, include an analysis of a random sample of items; and

(iv) A random sample of the remaining low-dollar value items. Sample size may be determined by subjective judgment, e.g., experience with the offeror and the reliability of its estimating and accounting systems.

[63 FR 55040, Oct. 14, 1998, as amended at 71 FR 69494, Dec. 1, 2006; 72 FR 30278, May 31, 2007]

215.404-2 Information to support proposal analysis.

215.404-3 Subcontract pricing considerations.

Follow the procedures at PGI 215.404-3 when reviewing a subcontractor's proposal.

[71 FR 69494, Dec. 1, 2006]

215.404-4 Profit.

(b) *Policy.* (1) Contracting officers shall use a structured approach for developing a prenegotiation profit or fee objective on any negotiated contract action when cost or pricing data is obtained, except for cost-plus-award-fee contracts (see 215.404-74, 216.405-2, and FAR 16.405-2) or contracts with Federally Funded Research and Development Centers (FFRDCs) (see 215.404-75). There are three structured approaches—

(A) The weighted guidelines method;
(B) The modified weighted guidelines method; and

(C) An alternate structured approach.

(c) *Contracting officer responsibilities.* (1) Also, do not perform a profit analysis when assessing cost realism in competitive acquisitions.

(2) When using a structured approach, the contracting officer—

(A) Shall use the weighted guidelines method (see 215.404-71), except as provided in paragraphs (c)(2)(B) and (c)(2)(C) of this subsection.

(B) Shall use the modified weighted guidelines method (see 215.404-72) on

48 CFR Ch. 2 (10-1-10 Edition)

contract actions with nonprofit organizations other than FFRDCs.

(C) May use an alternate structured approach (see 215.404-73) when—

(1) The contract action is—

(i) At or below the cost or pricing data threshold (see FAR 15.403-4(a)(1));

(ii) For architect-engineer or construction work;

(iii) Primarily for delivery of material from subcontractors; or

(iv) A termination settlement; or

(2) The weighted guidelines method does not produce a reasonable overall profit objective and the head of the contracting activity approves use of the alternate approach in writing.

(D) Shall use the weighted guidelines method to establish a basic profit rate under a formula-type pricing agreement, and may then use the basic rate on all actions under the agreement, provided that conditions affecting profit do not change.

(E) Shall document the profit analysis in the contract file.

(5) Although specific agreement on the applied weights or values for individual profit factors shall not be attempted, the contracting officer may encourage the contractor to—

(A) Present the details of its proposed profit amounts in the weighted guidelines format or similar structured approach; and

(B) Use the weighted guidelines method in developing profit objectives for negotiated subcontracts.

(6) The contracting officer must also verify that relevant variables have not materially changed (e.g., performance risk, interest rates, progress payment rates, distribution of facilities capital).

(d) *Profit-analysis factors*—(1) *Common factors.* The common factors are embodied in the DoD structured approaches and need not be further considered by the contracting officer.

[63 FR 55040, Oct. 14, 1998, as amended at 63 FR 63799, Nov. 17, 1998; 65 FR 77829, Dec. 13, 2000; 66 FR 49863, Oct. 1, 2001; 71 FR 69494, Dec. 1, 2006]

215.404-70 DD Form 1547, Record of Weighted Guidelines Method Application.

Follow the procedures at PGI 215.404-70 for use of DD Form 1547 whenever a

structured approach to profit analysis is required.

[71 FR 69494, Dec. 1, 2006]

215.404-71 Weighted guidelines method.

215.404-71-1 General.

(a) The weighted guidelines method focuses on four profit factors—

- (1) Performance risk;
- (2) Contract type risk;
- (3) Facilities capital employed; and
- (4) Cost efficiency.

(b) The contracting officer assigns values to each profit factor; the value multiplied by the base results in the profit objective for that factor. Except for the cost efficiency special factor, each profit factor has a normal value and a designated range of values. The normal value is representative of average conditions on the prospective contract when compared to all goods and services acquired by DoD. The designated range provides values based on above normal or below normal conditions. In the price negotiation docu-

mentation, the contracting officer need not explain assignment of the normal value, but should address conditions that justify assignment of other than the normal value. The cost efficiency special factor has no normal value. The contracting officer shall exercise sound business judgment in selecting a value when this special factor is used (see 215.404-71-5).

[67 FR 20689, Apr. 26, 2002]

215.404-71-2 Performance risk.

(a) *Description.* This profit factor addresses the contractor's degree of risk in fulfilling the contract requirements. The factor consists of two parts:

- (1) Technical—the technical uncertainties of performance.
- (2) Management/cost control—the degree of management effort necessary—
 - (i) To ensure that contract requirements are met; and
 - (ii) To reduce and control costs.

(b) *Determination.* The following extract from the DD Form 1547 is annotated to describe the process.

Item	Contractor risk factors	Assigned weighting	Assigned value	Base (item 20)	Profit objective
21 ..	Technical	(1)	(2)	N/A	N/A
22 ..	Management/Cost Control	(1)	(2)	N/A	N/A
23 ..	Performance Risk (Composite)	N/A	(3)	(4)	(5)

(1) Assign a weight (percentage) to each element according to its input to the total performance risk. The total of the two weights equals 100 percent.

(2) Select a value for each element from the list in paragraph (c) of this

subsection using the evaluation criteria in paragraphs (d) and (e) of this subsection.

(3) Compute the composite as shown in the following example:

	Assigned weighting (percent)	Assigned value (percent)	Weighted value (percent)
Technical	60	5.0	3.0
Management/Cost Control	40	4.0	1.6
Composite Value	100	4.6

(4) Insert the amount from Block 20 of the DD Form 1547. Block 20 is total contract costs, excluding facilities capital cost of money.

(5) Multiply (3) by (4).

(c) Values: Normal and designated ranges.

	Normal value (percent)	Designated range
Standard	5	3% to 7%
Technology Incentive	9	7% to 11%

(1) *Standard.* The standard designated range should apply to most contracts.

(2) *Technology incentive.* For the technical factor only, contracting officers may use the technology incentive range for acquisitions that include development, production, or application of innovative new technologies. The technology incentive range does not apply to efforts restricted to studies, analyses, or demonstrations that have a technical report as their primary deliverable.

(d) *Evaluation criteria for technical.* (1) Review the contract requirements and focus on the critical performance elements in the statement of work or specifications. Factors to consider include—

- (i) Technology being applied or developed by the contractor;
- (ii) Technical complexity;
- (iii) Program maturity;
- (iv) Performance specifications and tolerances;
- (v) Delivery schedule; and
- (vi) Extent of a warranty or guarantee.

(2) *Above normal conditions.* (i) The contracting officer may assign a higher than normal value in those cases where there is a substantial technical risk. Indicators are—

- (A) Items are being manufactured using specifications with stringent tolerance limits;
- (B) The efforts require highly skilled personnel or require the use of state-of-the-art machinery;
- (C) The services and analytical efforts are extremely important to the Government and must be performed to exacting standards;
- (D) The contractor's independent development and investment has reduced the Government's risk or cost;
- (E) The contractor has accepted an accelerated delivery schedule to meet DoD requirements; or
- (F) The contractor has assumed additional risk through warranty provisions.
 - (ii) Extremely complex, vital efforts to overcome difficult technical obstacles that require personnel with exceptional abilities, experience, and professional credentials may justify a value significantly above normal.
 - (iii) The following may justify a maximum value—

(A) Development or initial production of a new item, particularly if performance or quality specifications are tight; or

(B) A high degree of development or production concurrency.

(3) *Below normal conditions.* (i) The contracting officer may assign a lower than normal value in those cases where the technical risk is low. Indicators are—

- (A) Requirements are relatively simple;
- (B) Technology is not complex;
- (C) Efforts do not require highly skilled personnel;
- (D) Efforts are routine;
- (E) Programs are mature; or
- (F) Acquisition is a follow-on effort or a repetitive type acquisition.

(ii) The contracting officer may assign a value significantly below normal for—

- (A) Routine services;
- (B) Production of simple items;
- (C) Rote entry or routine integration of Government-furnished information; or
- (D) Simple operations with Government-furnished property.

(4) *Technology incentive range.* (i) The contracting officer may assign values within the technology incentive range when contract performance includes the introduction of new, significant technological innovation. Use the technology incentive range only for the most innovative contract efforts. Innovation may be in the form of—

(A) Development or application of new technology that fundamentally changes the characteristics of an existing product or system and that results in increased technical performance, improved reliability, or reduced costs; or

(B) New products or systems that contain significant technological advances over the products or systems they are replacing.

(ii) When selecting a value within the technology incentive range, the contracting officer should consider the relative value of the proposed innovation to the acquisition as a whole. When the innovation represents a minor benefit, the contracting officer should consider using values less than the norm. For innovative efforts that will have a

major positive impact on the product or program, the contracting officer may use values above the norm.

(e) *Evaluation criteria for management/cost control.* (1) The contracting officer should evaluate—

(i) The contractor's management and internal control systems using contracting office information and reviews made by field contract administration offices or other DoD field offices;

(ii) The management involvement expected on the prospective contract action;

(iii) The degree of cost mix as an indication of the types of resources applied and value added by the contractor;

(iv) The contractor's support of Federal socioeconomic programs;

(v) The expected reliability of the contractor's cost estimates (including the contractor's cost estimating system);

(vi) The adequacy of the contractor's management approach to controlling cost and schedule; and

(vii) Any other factors that affect the contractor's ability to meet the cost targets (e.g., foreign currency exchange rates and inflation rates).

(2) *Above normal conditions.* (i) The contracting officer may assign a higher than normal value when there is a high degree of management effort. Indicators of this are—

(A) The contractor's value added is both considerable and reasonably difficult;

(B) The effort involves a high degree of integration or coordination;

(C) The contractor has a good record of past performance;

(D) The contractor has a substantial record of active participation in Federal socioeconomic programs;

(E) The contractor provides fully documented and reliable cost estimates;

(F) The contractor makes appropriate make-or-buy decisions; or

(G) The contractor has a proven record of cost tracking and control.

(ii) The contracting officer may justify a maximum value when the effort—

(A) Requires large scale integration of the most complex nature;

(B) Involves major international activities with significant management

coordination (e.g., offsets with foreign vendors); or

(C) Has critically important milestones.

(3) *Below normal conditions.* (i) The contracting officer may assign a lower than normal value when the management effort is minimal. Indicators of this are—

(A) The program is mature and many end item deliveries have been made;

(B) The contractor adds minimal value to an item;

(C) The efforts are routine and require minimal supervision;

(D) The contractor provides poor quality, untimely proposals;

(E) The contractor fails to provide an adequate analysis of subcontractor costs;

(F) The contractor does not cooperate in the evaluation and negotiation of the proposal;

(G) The contractor's cost estimating system is marginal;

(H) The contractor has made minimal effort to initiate cost reduction programs;

(I) The contractor's cost proposal is inadequate;

(J) The contractor has a record of cost overruns or another indication of unreliable cost estimates and lack of cost control; or

(K) The contractor has a poor record of past performance.

(ii) The following may justify a value significantly below normal—

(A) Reviews performed by the field contract administration offices disclose unsatisfactory management and internal control systems (e.g., quality assurance, property control, safety, security); or

(B) The effort requires an unusually low degree of management involvement.

[67 FR 20689, Apr. 26, 2002, as amended at 67 FR 49254, July 30, 2002]

215.404-71-3 Contract type risk and working capital adjustment.

(a) *Description.* The contract type risk factor focuses on the degree of cost risk accepted by the contractor under varying contract types. The working capital adjustment is an adjustment added to the profit objective for contract type risk. It only applies

to fixed-price contracts that provide for progress payments. Though it uses a formula approach, it is not intended to be an exact calculation of the cost of working capital. Its purpose is to give general recognition to the contractor's

cost of working capital under varying contract circumstances, financing policies, and the economic environment.

(b) *Determination.* The following extract from the DD 1547 is annotated to explain the process.

Item	Contractor risk factors		Assigned value	Base (item 20)	Profit objective
24.	CONTRACT type risk		(1) Length factor	(2) Interest rate	(3)
25.	WORKING capital (4)	Cost financed (5)	(6)	(7)	(8)

(1) Select a value from the list of contract types in paragraph (c) of this subsection using the evaluation criteria in paragraph (d) of this subsection.

(2) Insert the amount from Block 20, i.e., the total allowable costs excluding facilities capital cost of money.

(3) Multiply (1) by (2).

(4) Only complete this block when the prospective contract is a fixed-price contract containing provisions for progress payments.

(5) Insert the amount computed per paragraph (e) of this subsection.

(6) Insert the appropriate figure from paragraph (f) of this subsection.

(7) Use the interest rate established by the Secretary of the Treasury (see http://www.treasurydirect.gov/govt/rates/tcir/tcir_opdirsemi.htm). Do not use any other interest rate.

(8) Multiply (5) by (6) by (7). This is the working capital adjustment. It shall not exceed 4 percent of the contract costs in Block 20.

(c) *Values: Normal and designated ranges.*

Contract type	Notes	Normal value (percent)	Designated range (percent)
Firm-fixed-price, no financing	(1)	5.0	4 to 6.
Firm-fixed-price, with performance-based payments	(6)	4.0	2.5 to 5.5
Firm-fixed-price, with progress payments	(2)	3.0	2 to 4.
Fixed-price incentive, no financing	(1)	3.0	2 to 4.
Fixed-price incentive, with performance-based payments	(6)	2.0	0.5 to 3.5.
Fixed-price with redetermination provision	(3)
Fixed-price incentive, with progress payments	(2)	1.0	0 to 2.
Cost-plus-incentive-free	(4)	1.0	0 to 2.
Cost-plus-fixed-fee	(4)	0.5	0 to 1.
Time-and-materials (including overhaul contracts priced on time-and-materials basis)	(5)	0.5	0 to 1.
Labor-hour	(5)	0.5	0 to 1.
Firm-fixed-price, level-of-effort	(5)	0.5	0 to 1.

(1) "No financing" means either that the contract does not provide progress payments or performance-based payments, or that the contract provides them only on a limited basis, such as financing of first articles. Do not compute a working capital adjustment.

(2) When the contract contains provisions for progress payments, compute a working capital adjustment (Block 25).

(3) For the purposes of assigning profit values, treat a fixed-price contract with redetermination provisions as if it were a fixed-price incentive contract with below normal conditions.

(4) Cost-plus contracts shall not receive the working capital adjustment.

(5) These types of contracts are considered cost-plus-fixed-fee contracts for the purposes of assigning profit values. They shall not receive the working capital adjustment in Block 25. However, they may receive higher than normal values within the designated range to the extent that portions of cost are fixed.

(6) When the contract contains provisions for performance-based payments, do not compute a working capital adjustment.

(d) *Evaluation criteria*—(1) *General*. The contracting officer should consider elements that affect contract type risk such as—

- (i) Length of contract;
- (ii) Adequacy of cost data for projections;
- (iii) Economic environment;
- (iv) Nature and extent of subcontracted activity;
- (v) Protection provided to the contractor under contract provisions (e.g., economic price adjustment clauses);
- (vi) The ceilings and share lines contained in incentive provisions;
- (vii) Risks associated with contracts for foreign military sales (FMS) that are not funded by U.S. appropriations; and
- (viii) When the contract contains provisions for performance-based payments—
 - (A) The frequency of payments;
 - (B) The total amount of payments compared to the maximum allowable amount specified at FAR 32.1004(b)(2); and
 - (C) The risk of the payment schedule to the contractor.

(2) *Mandatory*. The contracting officer shall assess the extent to which costs have been incurred prior to the definitization of the contract action (*also see* 217.7404-6(a) and 243.204-70-6). The assessment shall include any reduced contractor risk on both the contract before definitization and the remaining portion of the contract. When costs have been incurred prior to definitization, generally regard the contract type risk to be in the low end of the designated range. If a substantial portion of the costs have been incurred prior to definitization, the contracting officer may assign a value as low as 0 percent, regardless of contract type.

(3) *Above normal conditions*. The contracting officer may assign a higher than normal value when there is substantial contract type risk. Indicators of this are—

- (i) Efforts where there is minimal cost history;
- (ii) Long-term contracts without provisions protecting the contractor, particularly when there is considerable economic uncertainty;

(iii) Incentive provisions (e.g., cost and performance incentives) that place a high degree of risk on the contractor;

(iv) FMS sales (other than those under DoD cooperative logistics support arrangements or those made from U.S. Government inventories or stocks) where the contractor can demonstrate that there are substantial risks above those normally present in DoD contracts for similar items; or

(v) An aggressive performance-based payment schedule that increases risk.

(4) *Below normal conditions*. The contracting officer may assign a lower than normal value when the contract type risk is low. Indicators of this are—

- (i) Very mature product line with extensive cost history;
- (ii) Relative short-term contracts;
- (iii) Contractual provisions that substantially reduce the contractor's risk;
- (iv) Incentive provisions that place a low degree of risk on the contractor;
- (v) Performance-based payments totaling the maximum allowable amount(s) specified at FAR 32.1004(b)(2); or
- (vi) A performance-based payment schedule that is routine with minimal risk.

(e) *Costs financed*. (1) Costs financed equal total costs multiplied by the portion (percent) of costs financed by the contractor.

(2) Total costs equal Block 20 (i.e., all allowable costs excluding facilities capital cost of money), reduced as appropriate when—

- (i) The contractor has little cash investment (e.g., subcontractor progress payments liquidated late in period of performance);
- (ii) Some costs are covered by special financing provisions, such as advance payments; or
- (iii) The contract is multiyear and there are special funding arrangements.

(3) The portion that the contractor finances is generally the portion not covered by progress payments, i.e., 100 percent minus the customary progress payment rate (see FAR 32.501). For example, if a contractor receives progress payments at 80 percent, the portion that the contractor finances is 20 percent. On contracts that provide

progress payments to small businesses, use the customary progress payment rate for large businesses.

(f) *Contract length factor.* (1) This is the period of time that the contractor has a working capital investment in the contract. It—

- (i) Is based on the time necessary for the contractor to complete the substantive portion of the work;
- (ii) Is not necessarily the period of time between contract award and final delivery (or final payment), as periods of minimal effort should be excluded;
- (iii) Should not include periods of performance contained in option provisions; and
- (iv) Should not, for multiyear contracts, include periods of performance beyond that required to complete the initial program year's requirements.

(2) The contracting officer—

- (i) Should use the following table to select the contract length factor;
- (ii) Should develop a weighted average contract length when the contract has multiple deliveries; and
- (iii) May use sampling techniques provided they produce a representative result.

TABLE

Period to perform substantive portion (in months)	Contract length factor
21 or less40
22 to 2765
28 to 3390
34 to 39	1.15
40 to 45	1.40
46 to 51	1.65
52 to 57	1.90
58 to 63	2.15
64 to 69	2.40
70 to 75	2.65
76 or more	2.90

(3) Example: A prospective contract has a performance period of 40 months with end items being delivered in the 34th, 36th, 38th, and 40th months of the contract. The average period is 37 months and the contract length factor is 1.15.

215.404-71-4 Facilities capital employed.

(a) *Description.* This factor focuses on encouraging and rewarding capital investment in facilities that benefit DoD. It recognizes both the facilities capital that the contractor will employ in contract performance and the contractor's commitment to improving productivity.

(b) *Contract facilities capital estimates.* The contracting officer shall estimate the facilities capital cost of money and capital employed using—

- (1) An analysis of the appropriate Forms CASB-CMF and cost of money factors (48 CFR 9904.414 and FAR 31.205-10); and
- (2) DD Form 1861, Contract Facilities Capital Cost of Money.

(c) *Use of DD Form 1861.* See PGI 215.404-71-4(c) for obtaining field pricing support for preparing DD Form 1861.

(1) *Purpose.* The DD Form 1861 provides a means of linking the Form CASB-CMF and DD Form 1547, Record of Weighted Guidelines Application. It—

(i) Enables the contracting officer to differentiate profit objectives for various types of assets (land, buildings, equipment). The procedure is similar to applying overhead rates to appropriate overhead allocation bases to determine contract overhead costs.

(ii) Is designed to record and compute the contract facilities capital cost of money and capital employed which is carried forward to DD Form 1547.

(2) *Completion instructions.* Complete a DD Form 1861 only after evaluating the contractor's cost proposal, establishing cost of money factors, and establishing a prenegotiation objective on cost. Complete the form as follows:

(i) List overhead pools and direct-charging service centers (if used) in the same structure as they appear on the contractor's cost proposal and Form CASB-CMF. The structure and allocation base units-of-measure must be compatible on all three displays.

(ii) Extract appropriate contract overhead allocation base data, by year, from the evaluated cost breakdown or prenegotiation cost objective and list against each overhead pool and direct-charging service center.

(iii) Multiply each allocation base by its corresponding cost of money factor to get the facilities capital cost of money estimated to be incurred each year. The sum of these products represents the estimated contract facilities capital cost of money for the year's effort.

(iv) Total contract facilities cost of money is the sum of the yearly amounts.

(v) Since the facilities capital cost of money factors reflect the applicable cost of money rate in Column 1 of Form CASB-CMF, divide the contract cost of money by that same rate to determine the contract facilities capital employed.

(d) *Preaward facilities capital applications.* To establish cost and price objectives, apply the facilities capital cost of money and capital employed as follows:

Item	Contractor facilities capital employed	Assigned value	Amount employed	Profit objective
26	Land	N/A	(2)	N/A
27	Buildings	N/A	(2)	N/A
28	Equipment	(1)	(2)	(3)

(1) Select a value from the list in paragraph (f) of this subsection using the evaluation criteria in paragraph (g) of this subsection.

(2) Use the allocated facilities capital attributable to land, buildings, and equipment, as derived in DD Form 1861, Contract Facilities Capital Cost of Money.

(i) In addition to the net book value of facilities capital employed, consider facilities capital that is part of a formal investment plan if the contractor submits reasonable evidence that—

(A) Achievable benefits to DoD will result from the investment; and

(B) The benefits of the investment are included in the forward pricing structure.

(ii) If the value of intracompany transfers has been included in Block 20 at cost (i.e., excluding general and administrative (G&A) expenses and profit), add to the contractor's allocated facilities capital, the allocated facilities capital attributable to the buildings and equipment of those corporate

(1) *Cost of Money.* (i) *Cost Objective.* Use the imputed facilities capital cost of money, with normal, booked costs, to establish a cost objective or the target cost when structuring an incentive type contract. Do not adjust target costs established at the outset even though actual cost of money rates become available during the period of contract performance.

(ii) *Profit Objective.* When measuring the contractor's effort for the purpose of establishing a prenegotiation profit objective, restrict the cost base to normal, booked costs. Do not include cost of money as part of the cost base.

(2) *Facilities Capital Employed.* Assess and weight the profit objective for risk associated with facilities capital employed in accordance with the profit guidelines at 215.404-71-4.

(e) *Determination.* The following extract from the DD Form 1547 has been annotated to explain the process.

divisions supplying the intracompany transfers. Do not make this addition if the value of intracompany transfers has been included in Block 20 at price (i.e., including G&A expenses and profit).

(3) Multiply (1) by (2).

(f) *Values: Normal and designated ranges.* These are the normal values and ranges. They apply to all situations.

Asset type	Normal value (percent)	Designated range
Land	0	N/A
Buildings	0	N/A
Equipment	17.5	10 to 25

(g) *Evaluation criteria.* (1) In evaluating facilities capital employed, the contracting officer—

(i) Should relate the usefulness of the facilities capital to the goods or services being acquired under the prospective contract;

(ii) Should analyze the productivity improvements and other anticipated

215.404-71-5

industrial base enhancing benefits resulting from the facilities capital investment, including—

(A) The economic value of the facilities capital, such as physical age, undepreciated value, idleness, and expected contribution to future defense needs; and

(B) The contractor's level of investment in defense related facilities as compared with the portion of the contractor's total business that is derived from DoD; and

(iii) Should consider any contractual provisions that reduce the contractor's risk of investment recovery, such as termination protection clauses and capital investment indemnification.

(2) *Above normal conditions.* (i) The contracting officer may assign a higher than normal value if the facilities capital investment has direct, identifiable, and exceptional benefits. Indicators are—

(A) New investments in state-of-the-art technology that reduce acquisition cost or yield other tangible benefits such as improved product quality or accelerated deliveries; or

(B) Investments in new equipment for research and development applications.

(ii) The contracting officer may assign a value significantly above normal when there are direct and measurable benefits in efficiency and significantly reduced acquisition costs on the effort being priced. Maximum values apply only to those cases where the benefits of the facilities capital investment are substantially above normal.

(3) *Below normal conditions.* (i) The contracting officer may assign a lower than normal value if the facilities capital investment has little benefit to DoD. Indicators are—

(A) Allocations of capital apply predominantly to commercial item lines;

(B) Investments are for such things as furniture and fixtures, home or group level administrative offices, corporate aircraft and hangars, gymnasiums; or

(C) Facilities are old or extensively idle.

(ii) The contracting officer may assign a value significantly below normal when a significant portion of defense manufacturing is done in an environment characterized by outdated, ineffi-

cient, and labor-intensive capital equipment.

215.404-71-5 Cost efficiency factor.

(a) This special factor provides an incentive for contractors to reduce costs. To the extent that the contractor can demonstrate cost reduction efforts that benefit the pending contract, the contracting officer may increase the prenegotiation profit objective by an amount not to exceed 4 percent of total objective cost (Block 20 of the DD Form 1547) to recognize these efforts (Block 29).

(b) To determine if using this factor is appropriate, the contracting officer shall consider criteria, such as the following, to evaluate the benefit the contractor's cost reduction efforts will have on the pending contract:

(1) The contractor's participation in Single Process Initiative improvements;

(2) Actual cost reductions achieved on prior contracts;

(3) Reduction or elimination of excess or idle facilities;

(4) The contractor's cost reduction initiatives (e.g., competition advocacy programs, technical insertion programs, obsolete parts control programs, spare parts pricing reform, value engineering, outsourcing of functions such as information technology). Metrics developed by the contractor such as fully loaded labor hours (i.e., cost per labor hour, including all direct and indirect costs) or other productivity measures may provide the basis for assessing the effectiveness of the contractor's cost reduction initiatives over time;

(5) The contractor's adoption of process improvements to reduce costs;

(6) Subcontractor cost reduction efforts;

(7) The contractor's effective incorporation of commercial items and processes; or

(8) The contractor's investment in new facilities when such investments contribute to better asset utilization or improved productivity.

(c) When selecting the percentage to use for this special factor, the contracting officer has maximum flexibility in determining the best way to evaluate the benefit the contractor's cost reduction efforts will have on the pending contract. However, the contracting officer shall consider the impact that quantity differences, learning, changes in scope, and economic factors such as inflation and deflation will have on cost reduction.

215.404-72 Modified weighted guidelines method for nonprofit organizations other than FFRDCs.

(a) *Definition.* As used in this subpart, a nonprofit organization is a business entity—

- (1) That operates exclusively for charitable, scientific, or educational purposes;
- (2) Whose earnings do not benefit any private shareholder or individual;
- (3) Whose activities do not involve influencing legislation or political campaigning for any candidate for public office; and
- (4) That is exempted from Federal income taxation under section 501 of the Internal Revenue Code.

(b) For nonprofit organizations that are entities that have been identified by the Secretary of Defense or a Secretary of a Department as receiving sustaining support on a cost-plus-fixed-fee basis from a particular DoD department or agency, compute a fee objective for covered actions using the weighted guidelines method in 215.404-71, with the following modifications:

(1) *Modifications to performance risk (Blocks 21-23 of the DD Form 1547).* (i) If the contracting officer assigns a value from the standard designated range (see 215.404-71-2(c)), reduce the fee objective by an amount equal to 1 percent of the costs in Block 20 of the DD Form 1547. Show the net (reduced) amount on the DD Form 1547.

(ii) Do not assign a value from the technology incentive designated range.

(2) *Modifications to contract type risk (Block 24 of the DD Form 1547).* Use a designated range of -1 percent to 0 percent instead of the values in 215.404-71-3. There is no normal value.

(c) For all other nonprofit organizations except FFRDCs, compute a fee objective for covered actions using the weighted guidelines method in 215.404-71, modified as described in paragraph (b)(1) of this subsection.

[63 FR 63799, Nov. 17, 1998, as amended at 65 FR 77831, Dec. 13, 2000; 67 FR 20692, Apr. 26, 2002; 67 FR 49255, July 30, 2002]

215.404-73 Alternate structured approaches.

(a) The contracting officer may use an alternate structured approach under 215.404-4(c).

(b) The contracting officer may design the structure of the alternate, but it shall include—

(1) Consideration of the three basic components of profit—performance risk, contract type risk (including working capital), and facilities capital employed. However, the contracting officer is not required to complete Blocks 21 through 30 of the DD Form 1547.

(2) Offset for facilities capital cost of money.

(i) The contracting officer shall reduce the overall prenegotiation profit objective by the amount of facilities capital cost of money under Cost Accounting Standard (CAS) 414, Cost of Money as an Element of the Cost of Facilities Capital (48 CFR 9904.414). Cost of money under CAS 417, Cost of Money as an Element of the Cost of Capital Assets Under Construction (48 CFR 9904.417), should not be used to reduce the overall prenegotiation profit objective. The profit amount in the negotiation summary of the DD Form 1547 must be net of the offset.

(ii) This adjustment is needed for the following reason: The values of the profit factors used in the weighted guidelines method were adjusted to recognize the shift in facilities capital cost of money from an element of profit to an element of contract cost (see FAR 31.205-10) and reductions were made directly to the profit factors for performance risk. In order to ensure that this policy is applied to all DoD contracts that allow facilities capital cost of money, similar adjustments

215.404-74

shall be made to contracts that use alternate structured approaches.

[63 FR 55040, Oct. 14, 1998, as amended at 67 FR 20692, Apr. 26, 2002; 71 FR 69494, Dec. 1, 2006]

215.404-74 Fee requirements for cost-plus-award-fee contracts.

In developing a fee objective for cost-plus-award-fee contracts, the contracting officer shall—

(a) Follow the guidance in FAR 16.405-2 and 216.405-2;

(b) Not use the weighted guidelines method or alternate structured approach;

(c) Apply the offset policy in 215.404-73(b)(2) for facilities capital cost of money, i.e., reduce the base fee by the amount of facilities capital cost of money; and

(d) Not complete a DD Form 1547.

215.404-75 Fee requirements for FFRDCs.

For nonprofit organizations that are FFRDCs, the contracting officer—

(a) Should consider whether any fee is appropriate. Considerations shall include the FFRDC's—

(1) Proportion of retained earnings (as established under generally accepted accounting methods) that relates to DoD contracted effort;

(2) Facilities capital acquisition plans;

(3) Working capital funding as assessed on operating cycle cash needs; and

(4) Provision for funding unreimbursed costs deemed ordinary and necessary to the FFRDC.

(b) Shall, when a fee is considered appropriate, establish the fee objective in accordance with FFRDC fee policies in the DoD FFRDC Management Plan.

(c) Shall not use the weighted guidelines method or an alternate structured approach.

215.407-5 Estimating systems.

215.407-5-70 Disclosure, maintenance, and review requirements.

(a) *Definitions*. (1) *Acceptable estimating system* is defined in the clause at 252.215-7002, Cost Estimating System Requirements.

(2) *Contractor* means a business unit as defined in FAR 2.101.

(3) *Estimating system* is as defined in the clause at 252.215-7002, Cost Estimating System Requirements.

(4) *Significant estimating system deficiency* means a shortcoming in the estimating system that is likely to consistently result in proposal estimates for total cost or a major cost element(s) that do not provide an acceptable basis for negotiation of fair and reasonable prices.

(b) *Applicability.* (1) DoD policy is that all contractors have acceptable estimating systems that consistently produce well-supported proposals that are acceptable as a basis for negotiation of fair and reasonable prices.

(2) A large business contractor is subject to estimating system disclosure, maintenance, and review requirements if—

(i) In its preceding fiscal year, the contractor received DoD prime contracts or subcontracts totaling \$50 million or more for which cost or pricing data were required; or

(ii) In its preceding fiscal year, the contractor received DoD prime contracts or subcontracts totaling \$10 million or more (but less than \$50 million) for which cost or pricing data were required and the contracting officer, with concurrence or at the request of the ACO, determines it to be in the best interest of the Government (e.g., significant estimating problems are believed to exist or the contractor's sales are predominantly Government).

(c) *Responsibilities.* (1) The contracting officer shall—

(i) Through use of the clause at 252.215-7002, Cost Estimating System Requirements, apply the disclosure, maintenance, and review requirements to large business contractors meeting the criteria in paragraph (b)(2)(i) of this subsection;

(ii) Consider whether to apply the disclosure, maintenance, and review requirements to large business contractors under paragraph (b)(2)(ii) of this subsection; and

(iii) Not apply the disclosure, maintenance, and review requirements to other than large business contractors.

(2) The cognizant ACO, for contractors subject to paragraph (b)(2) of this subsection, shall—

(i) Determine the acceptability of the disclosure and system; and

(ii) Pursue correction of any deficiencies.

(3) The cognizant auditor, on behalf of the ACO, serves as team leader in conducting estimating system reviews.

(4) A contractor subject to estimating system disclosure, maintenance, and review requirements shall—

(i) Maintain an acceptable system;

(ii) Describe its system to the ACO;

(iii) Provide timely notice of changes in the system; and

(iv) Correct system deficiencies identified by the ACO.

(d) *Characteristics of an acceptable estimating system—*(1) *General.* An acceptable system should provide for the use of appropriate source data, utilize sound estimating techniques and good judgment, maintain a consistent approach, and adhere to established policies and procedures.

(2) *Evaluation.* In evaluating the acceptability of a contractor's estimating system, the ACO should consider whether the contractor's estimating system, for example—

(i) Establishes clear responsibility for preparation, review, and approval of cost estimates;

(ii) Provides a written description of the organization and duties of the personnel responsible for preparing, reviewing, and approving cost estimates;

(iii) Assures that relevant personnel have sufficient training, experience, and guidance to perform estimating tasks in accordance with the contractor's established procedures;

(iv) Identifies the sources of data and the estimating methods and rationale used in developing cost estimates;

(v) Provides for appropriate supervision throughout the estimating process;

(vi) Provides for consistent application of estimating techniques;

(vii) Provides for detection and timely correction of errors;

(viii) Protects against cost duplication and omissions;

(ix) Provides for the use of historical experience, including historical vendor pricing information, where appropriate;

(x) Requires use of appropriate analytical methods;

(xi) Integrates information available from other management systems, where appropriate;

(xi) Requires management review including verification that the company's estimating policies, procedures, and practices comply with this regulation;

(xiii) Provides for internal review of and accountability for the acceptability of the estimating system, including the comparison of projected results to actual results and an analysis of any differences;

(xiv) Provides procedures to update cost estimates in a timely manner throughout the negotiation process; and

(xv) Addresses responsibility for review and analysis of the reasonableness of subcontract prices.

(3) *Indicators of potentially significant estimating deficiencies.* The following examples indicate conditions that may produce or lead to significant estimating deficiencies—

(i) Failure to ensure that historical experience is available to and utilized by cost estimators, where appropriate;

(ii) Continuing failure to analyze material costs or failure to perform subcontractor cost reviews as required;

(iii) Consistent absence of analytical support for significant proposed cost amounts;

(iv) Excessive reliance on individual personal judgments where historical experience or commonly utilized standards are available;

(v) Recurring significant defective pricing findings within the same cost element(s);

(vi) Failure to integrate relevant parts of other management systems (e.g., production control or cost accounting) with the estimating system so that the ability to generate reliable cost estimates is impaired; and

(vii) Failure to provide established policies, procedures, and practices to persons responsible for preparing and supporting estimates.

(e) *Review procedures.* Follow the procedures at PGI 215.407-5-70(e) for establishing and conducting estimating system reviews.

(f) *Disposition of survey team findings.* Follow the procedures at PGI 215.407-5-70(f) for disposition of the survey team findings.

(g) *Impact of estimating system deficiencies on specific proposals.* (1) Field

pricing teams will discuss identified estimating system deficiencies and their impact in all reports on contractor proposals until the deficiencies are resolved.

(2) The contracting officer responsible for negotiation of a proposal generated by an estimating system with an identified deficiency shall evaluate whether the deficiency impacts the negotiations. If it does not, the contracting officer should proceed with negotiations. If it does, the contracting officer should consider other alternatives, e.g.—

(i) Allowing the contractor additional time to correct the estimating system deficiency and submit a corrected proposal;

(ii) Considering another type of contract, e.g., FPIF instead of FFP;

(iii) Using additional cost analysis techniques to determine the reasonableness of the cost elements affected by the system's deficiency;

(iv) Segregating the questionable areas as a cost reimbursable line item;

(v) Reducing the negotiation objective for profit or fee; or

(vi) Including a contract (reopener) clause that provides for adjustment of the contract amount after award.

(3) The contracting officer who incorporates a reopener clause into the contract is responsible for negotiating price adjustments required by the clause. Any reopener clause necessitated by an estimating deficiency should—

(i) Clearly identify the amounts and items that are in question at the time of negotiation;

(ii) Indicate a specific time or subsequent event by which the contractor will submit a supplemental proposal, including cost or pricing data, identifying the cost impact adjustment necessitated by the deficient estimating system;

(iii) Provide for the contracting officer to unilaterally adjust the contract price if the contractor fails to submit the supplemental proposal; and

(iv) Provide that failure of the Government and the contractor to agree to

the price adjustment shall be a dispute under the Disputes clause.

[63 FR 55040, Oct. 14, 1998, as amended at 67 FR 49252, July 30, 2002; 71 FR 69495, Dec. 1, 2006]

215.408 Solicitation provisions and contract clauses.

(1) Use the clause at 252.215-7000, Pricing Adjustments, in solicitations and contracts that contain the clause at—

(i) FAR 52.215-11, Price Reduction for Defective Cost or Pricing Data—Modifications;

(ii) FAR 52.215-12, Subcontractor Cost or Pricing Data; or

(iii) FAR 52.215-13, Subcontractor Cost or Pricing Data—Modifications.

(2) Use the clause at 252.215-7002, Cost Estimating System requirements, in all solicitations and contracts to be award on the basis of cost or pricing data.

215.470 Estimated data prices.

(a) DoD requires estimates of the prices of data in order to evaluate the cost to the Government of data items in terms of their management, product, or engineering value.

(b) When data are required to be delivered under a contract, include DD Form 1423, Contract Data Requirements List, in the solicitation. See PGI 215.470(b) for guidance on the use of DD Form 1423.

(c) The contracting officer shall ensure that the contract does not include a requirement for data that the contractor has delivered or is obligated to deliver to the government under another contract or subcontract, and that the successful offeror identifies any such data required by the solicitation. However, where duplicate data are desired, the contract price shall include the costs of duplication, but not of preparation, of such data.

(a) *Price adjustment for basic steel, aluminum, brass, bronze, or copper mill products.* (1) The price adjustment clause at 252.216-7000, Economic Price Adjustment—Basic Steel, Aluminum, Brass, Bronze, or Copper Mill Products, may be used in fixed-price supply contracts for basic steel, aluminum, brass, bronze, or copper mill products, such as sheets, plates, and bars, when an established catalog or market price exists for the particular product being acquired.

(2) The 10 percent figure in paragraph (d)(1) of the clause shall not be exceeded unless approval is obtained at a level above the contracting officer.

(b) *Price adjustment for nonstandard steel items.* (1) The price adjustment clause at 252.216-7001, Economic Price Adjustment—Nonstandard Steel Items,

(4) When the clause is to provide for adjustment on a basis other than “established price” (see Note 6 of the clause), that price must be verified.

(5) The ten percent figure in paragraph (e)(4) of the clause shall not be exceeded unless approval is obtained at a level above the contracting officer.

(c) *Price adjustment for wage rates or material prices controlled by a foreign government.* (1) The price adjustment clause at 252.216-7003, Economic Price Adjustment—Wage Rates or Material Prices Controlled by a Foreign Government, may be used in fixed-price supply and service contracts when—

(i) The contract is to be performed wholly or in part in a foreign country; and

(b) *Application.* The cost-plus-award-fee (CPAF) contract may include provisional award fee payments. A provisional award fee payment is a payment made within an evaluation period prior to a final evaluation for that period. The contracting officer may include provisional award fee payments in a CPAF contract on a case-by-case basis, provided those payments—

(i) Are made no more frequently than monthly;

(ii) Are limited to no more than—

(A) For the initial award fee evaluation period, 50 percent of the award fee available for that period; and

(B) For subsequent award fee evaluation periods, 80 percent of the evaluation score for the prior evaluation period times the award fee available for the current period, e.g., if the contractor received 90 percent of the award fee available for the prior evaluation period, provisional payments for the current period shall not exceed 72 percent (90 percent x 80 percent) of the award fee available for the current period;

(iii) Are superseded by an interim or final award fee evaluation for the applicable evaluation period. If provisional payments have exceeded the payment determined by the evaluation score for the applicable period, the contracting officer shall collect the debt in accordance with FAR 32.606; and

(iv) May be discontinued, or reduced in such amounts deemed appropriate by the contracting officer, when the contracting officer determines that the contractor will not achieve a level of performance commensurate with the provisional payment. The contracting officer shall notify the contractor in writing of any discontinuance or reduction in provisional award fee payments.

(c) *Limitations.* (i) The CPAF contract shall not be used—

(A) To avoid—

(1) Establishing cost-plus-fixed-fee contracts when the criteria for cost-plus-fixed-fee contracts apply; or

(2) Developing objective targets so a cost-plus-incentive-fee contract can be used; or

216.470

(B) For either engineering development or operational system development acquisitions that have specifications suitable for simultaneous research and development and production, except a CPAF contract may be used for individual engineering development or operational system development acquisitions ancillary to the development of a major weapon system or equipment, where—

- (1) It is more advantageous; and
- (2) The purpose of the acquisition is clearly to determine or solve specific problems associated with the major weapon system or equipment.

(ii) Do not apply the weighted guidelines method to CPAF contracts for either the base (fixed) fee or the award fee.

(iii) The base fee shall not exceed 3 percent of the estimated cost of the contract exclusive of the fee.

(S-70) See PGI 216.405-2 for guidance on the use of CPAF contracts.

Subpart 216.5—Indefinite-Delivery Contracts

216.501 General.

- (A) Directly by the users; or
- (B) By central purchasing offices with deliveries direct to users.

(ii) Whenever an indefinite-delivery contract is issued, the issuing office must furnish all ordering offices sufficient information for the ordering office to complete its contract reporting responsibilities under 204.670-2. This data must be furnished to the ordering activity in sufficient time for the activity to prepare its report for the action within 3 working days of the order.

§ 216.505-70 Orders under multiple award contracts.

(a) This subsection—

(1) Implements Section 803 of the National Defense Authorization Act for Fiscal Year 2002 (Pub. L. 107-107) for the acquisition of services, and establishes similar policy for the acquisition of supplies;

(2) Applies to orders for supplies or services exceeding \$150,000 placed under multiple award contracts;

(3) Also applies to orders placed by non-DoD agencies on behalf of DoD; and

(4) Does not apply to orders for architect-engineer services, which shall be placed in accordance with the procedures in FAR Subpart 36.6.

(b) Each order exceeding \$150,000 shall be placed on a competitive basis in accordance with paragraph (c) of this subsection, unless this requirement is waived on the basis of a justification that is prepared and approved in accordance with FAR 8.405-6 and includes a written determination that—

(1) A statute expressly authorizes or requires that the purchase be made from a specified source; or

(2) One of the circumstances described at FAR 16.505(b)(2)(i) through (iv) applies to the order. Follow the procedures at PGI 216.505-70 if FAR 16.505(b)(2)(ii) or (iii) is deemed to apply.

(c) An order exceeding \$150,000 is placed on a competitive basis only if the contracting officer—

(1) Provides a fair notice of the intent to make the purchase, including a description of the supplies to be delivered or the services to be performed and the basis upon which the contracting officer will make the selection, to all contractors offering the required supplies or services under the multiple award contract; and

(2) Affords all contractors responding to the notice a fair opportunity to submit an offer and have that offer fairly considered.

(d) When using the procedures in this subsection—

(1) The contracting officer should keep contractor submission requirements to a minimum;

(2) The contracting officer may use streamlined procedures, including oral presentations;

(3) The competition requirements in FAR part 6 and the policies in FAR Subpart 15.3 do not apply to the ordering process, but the contracting officer shall consider price or cost under each order as one of the factors in the selection decision; and

(4) The contracting officer should consider past performance on earlier orders under the contract, including quality, timeliness, and cost control.

(d) *Limitations.* (i) The determination and findings shall contain sufficient facts and rationale to justify that no other contract type is suitable. At a minimum, the determination and findings shall—

(A) Include a description of the market research conducted;

(B) Establish that it is not possible at the time of placing the contract or order to accurately estimate the extent or duration of the work or to anticipate costs with any reasonable degree of certainty;

(C) Establish that the requirement has been structured to minimize the use of time-and-materials requirements (e.g., limiting the value or

216.603

length of the time-and-materials portion of the contract or order; establishing fixed prices for portions of the requirement); and

(D) Describe the actions planned to minimize the use of time-and-materials contracts on future acquisitions for the same requirements.

(ii) For indefinite-delivery contracts, the contracting officer shall—

(A) Structure contracts that authorize time-and-materials orders to also authorize orders on a cost-reimbursement, incentive, or fixed-price basis, to the maximum extent practicable; and

(B) Execute the determination and findings for—

(1) Each order placed on a time-and-materials basis if the indefinite-delivery contract also authorizes orders on a cost-reimbursement, incentive, or fixed-price basis; or

(2) The basic contract if the indefinite-delivery contract only authorizes time-and-materials orders. The determination and findings shall—

(i) Contain sufficient facts and rationale to justify why orders on a cost-reimbursement, incentive, and fixed-price basis are not practicable; and

(ii) Be approved one level above the contracting officer.

(e) *Solicitation provisions.* Use the provision at FAR 52.216-29, Time-and-Materials/Labor-Hour Proposal Requirements—Non-Commercial Item Acquisition with Adequate Price Competition, with 252.216-7002, Alternate A, in solicitations contemplating the use of a time-and-materials or labor-hour contract type for non-commercial items if the price is expected to be based on adequate competition.

Subpart 217.1—Multiyear Contracting

SOURCE: 63 FR 11529, Mar. 9, 1998, unless otherwise noted.

217.103 Definitions.

As used in this subpart—
Advance procurement means an exception to the full funding policy that allows acquisition of long lead time items (advance long lead acquisition) or economic order quantities (EOQ) of items (advance EOQ acquisition) in a fiscal year in advance of that in which the related end item is to be acquired. Advance procurements may include materials, parts, components, and effort that must be funded in advance to maintain a planned production schedule.

Military installation means a base, camp, post, station, yard, center, or other activity under the jurisdiction of the Secretary of a military department or, in the case of an activity in a foreign country, under the operational control of the Secretary of a military department or the Secretary of Defense (10 U.S.C. 2801(c)(2)).

[68 FR 43332, July 22, 2003]

217.170 General.

(a) Before awarding a multiyear contract, the head of the agency must compare the cost of that contract to the cost of an annual procurement approach, using a present value analysis. Do not award the multiyear contract

unless the analysis shows that the multiyear contract will result in the lower cost (10 U.S.C. 2306b(1)(7); Section 8008(a) of Public Law 105–56 and similar sections in subsequent DoD appropriations acts).

(b) Any requests for increased funding or reprogramming for procurement of a major system under a multiyear contract authorized under this section shall be accompanied by an explanation of how the request for increased funding affects the determinations made by the Secretary of Defense under 217.172(f)(2) (10 U.S.C. 2306b(i)(1)).

(c) The head of the agency must provide written notice to the congressional defense committees at least 10 days before termination of any multiyear contract (10 U.S.C. 2306b(1)(6); 10 U.S.C. 2306c(d)(3); Section 8008(a) of Public Law 105–56 and similar sections in subsequent DoD appropriations acts).

(d) Every multiyear contract must comply with FAR 17.104(c), unless an exception is approved through the budget process in coordination with the cognizant comptroller.

(e)(1) DoD must receive authorization from, or provide notification to, Congress before entering into a multiyear contract for certain procurements, including those expected to—

(i) Exceed \$500 million for supplies (see 217.172(d); and 217.172(f)(3)) or \$625.5 million for services (see 217.171(a)(6));

(ii) Employ economic order quantity procurement in excess of \$20 million in any one year (see 217.174(a)(1));

(iii) Employ an unfunded contingent liability in excess of \$20 million (see 217.171(a)(4)(i) and 217.172(d)(1));

(iv) Involve a contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in excess of \$20 million in any one year (see 217.174(a)(2)); or

(v) Include a cancellation ceiling in excess of \$100 million (see 217.171(a)(4)(ii) and 217.172(d)(2)).

(2) A DoD component must submit a request for authority to enter into multiyear contracts described in paragraphs (d)(1)(i) through (iv) of this section as part of the component's budget submission for the fiscal year in which the multiyear contract will be initi-

ated. DoD will include the request, for each candidate it supports, as part of the President's Budget for that year and in the Appendix to that budget as part of proposed legislative language for the appropriations bill for that year (Section 8008(b) of Public Law 105–56).

(3) If the advisability of using a multiyear contract becomes apparent too late to satisfy the requirements in paragraph (d)(2) of this section, the request for authority to enter into a multiyear contract must be—

(i) Formally submitted by the President as a budget amendment; or

(ii) Made by the Secretary of Defense, in writing, to the congressional defense committees. (Section 8008(b) of Public Law 105–56)

(4) Agencies must establish reporting procedures to meet the congressional notification requirements of paragraph (d)(1) of this section. The head of the agency must submit a copy of each notice to the Director of Defense Procurement and Acquisition Policy, Office of the Under Secretary of Defense (Acquisition, Technology, and Logistics) (OUSD(AT&L)DPAP), and to the Deputy Under Secretary of Defense (Comptroller) (Program/Budget) (OUSD (P/B)).

217.171 Multiyear contracts for services.

(a) *10 U.S.C. 2306c.* (1) The head of the agency may enter into a multiyear contract for a period of not more than 5 years for the following types of services (and items of supply relating to such services), even though funds are limited by statute to obligation only during the fiscal year for which they were appropriated:

(i) Operation, maintenance, and support of facilities and installations.

(ii) Maintenance or modification of aircraft, ships, vehicles, and other highly complex military equipment.

(iii) Specialized training requiring high quality instructor skills (*e.g.*, training for pilots and aircrew members or foreign language training).

(iv) Base services (*e.g.*, ground maintenance, in-plane refueling, bus transportation, and refuse collection and disposal).

(v) Environmental remediation services for—

(A) An active military installation;

(B) A military installation being closed or realigned under a base closure law as defined in 10 U.S.C. 2667(h)(2); or

(C) A site formerly used by DoD.

(2) The head of the agency must be guided by the following principles when entering into a multiyear contract for services:

(i) The portion of the cost of any plant or equipment amortized as a cost of contract performance should not exceed the ratio between the period of contract performance and the anticipated useful commercial life of the plant or equipment. As used in this section, “useful commercial life” means the commercial utility of the facilities rather than the physical life, with due consideration given to such factors as the location, specialized nature, and obsolescence of the facilities.

(ii) Consider the desirability of obtaining an option to extend the term of the contract for a reasonable period not to exceed 3 years at prices that do not include charges for plant, equipment, or other nonrecurring costs already amortized.

(iii) Consider the desirability of reserving the right to take title, under the appropriate circumstances, to the plant or equipment upon payment of the unamortized portion of the cost.

(3) Before entering into a multiyear contract for services, the head of the agency must make a written determination that—

(i) There will be a continuing requirement for the services consistent with current plans for the proposed contract period;

(ii) Furnishing the services will require—

(A) A substantial initial investment in plant or equipment; or

(B) The incurrence of substantial contingent liabilities for the assembly, training, or transportation of a specialized work force; and

(iii) Using a multiyear contract will promote the best interests of the United States by encouraging effective

competition and promoting economies in operations.

(4) The head of the agency must provide written notice to the congressional defense committees at least 30 days before award of a multiyear contract for services that include—

(i) An unfunded contingent liability in excess of \$20 million (Section 8008(a) of Public Law 105-56 and similar sections in subsequent DoD appropriations acts); or

(ii) A cancellation ceiling in excess of \$100 million.

(5) If the budget for a contract that contains a cancellation ceiling in excess of \$100 million does not include proposed funding for the costs of contract cancellation up to the cancellation ceiling established in the contract—

(i) The notification required by paragraph (a)(4) of this section shall include—

(A) The cancellation ceiling amounts planned for each program year in the proposed multiyear contract, together with the reasons for the amounts planned;

(B) The extent to which costs of contract cancellation are not included in the budget for the contract; and

(C) A financial risk assessment of not including budgeting for costs of contract cancellation (10 U.S.C. 2306c(d)); and

(ii) The head of the agency shall provide copies of the notification to the Office of Management and Budget at least 14 days before contract award in accordance with the procedures at PGI 217.1.

(6) The head of the agency must not initiate a multiyear contract for services exceeding \$625.5 million unless a law specifically provides authority for the contract.

(b) *10 U.S.C. 2829.* (1) The head of the agency may enter into multiyear contracts for supplies and services required for management, maintenance, and operation of military family housing and may pay the costs of such contracts for each year from annual appropriations for that year.

217.172

(2) The head of the agency may use this authority only if the term of the contract does not exceed 4 years.

[66 FR 63337, Dec. 6, 2001, as amended at 68 FR 43333, July 22, 2003; 70 FR 24324, May 9, 2005; 71 FR 75892, Dec. 19, 2006; 75 FR 45073, Aug. 2, 2010]

217.172 Multiyear contracts for supplies.

(a) This section applies to all multiyear contracts for supplies, including weapon systems and other multiyear acquisitions specifically authorized by law. For additional policies that apply only to multiyear contracts for weapon systems, see 217.173.

(b) The head of the agency may enter into a multiyear contract for supplies if, in addition to the conditions listed in FAR 17.105-1(b), the use of such a contract will promote the national security of the United States (10 U.S.C. 2306b(a)(6)).

(c) The head of the agency shall not enter into a multiyear contract unless—

(1) The Secretary of Defense has submitted to Congress a budget request for full funding of units to be procured through the contract; and

(2) In the case of a contract for procurement of aircraft, the budget request includes full funding of procurement funds for production beyond advance procurement activities of aircraft units to be produced in the fiscal year covered by the budget.

(d)(1) The head of the agency must not enter into or extend a multiyear contract that exceeds \$500 million (when entered into or extended until the Secretary of Defense identifies the contract and any extension in a report submitted to the congressional defense committees (10 U.S.C. 2306b(1)(5))).

(2) In addition, for contracts equal to or greater than \$500 million, the head of the contracting activity must determine that the conditions required by paragraphs (f)(2)(i) through (vii) of this section will be met by such contract, in accordance with the Secretary's certification and determination required by paragraph (f)(2) of this section (10 U.S.C. 2306b(a)(1)(7)).

(e) The head of the agency must provide written notice to the congressional defense committees at least 30

48 CFR Ch. 2 (10-1-10 Edition)

days before award of a multiyear contract that includes—

(1) An unfunded contingent liability in excess of \$20 million (10 U.S.C. 2306b(1)(1)(B)(i)(II); Section 8008(a) of Public Law 105-56 and similar sections in subsequent DoD appropriations acts); or

(2) A cancellation ceiling in excess of \$100 million (10 U.S.C. 2306b(g)).

(f) The head of the agency shall ensure that the following conditions are satisfied before awarding a multiyear contract under the authority described in paragraph (b) of this section:

(1) The multiyear exhibits required by DoD 7000.14-R, Financial Management Regulation, are included in the agency's budget estimate submission and the President's budget request.

(2) The Secretary of Defense certifies to Congress in writing, by no later than March 1 of the year in which the Secretary requests legislative authority to enter into such contracts, that each of the conditions in paragraphs (f)(2)(i) through (vii) of this section is satisfied (10 U.S.C. 2306b(i)(1)(A)-(G)).

(i) The Secretary has determined that each of the requirements in FAR 17.105, paragraphs (b)(1) through (6) will be met by such contract and has provided the basis for such determination to the congressional defense committees (10 U.S.C. 2306b(i)(1)(A)).

(ii) The Secretary's determination under paragraph (f)(2)(i) of this section was made after the completion of a cost analysis performed by the Cost Assessment and Program Evaluation (CAPE) of the Department of Defense and such analysis supports the findings (10 U.S.C. 2306b(i)(1)(B)).

(iii) The system being acquired pursuant to such contract has not been determined to have experienced cost growth in excess of the critical cost growth threshold pursuant to section 10 U.S.C. 2433(d) within 5 years prior to the date the Secretary anticipates such contract (or a contract for advance procurement entered into consistent with the authorization for such contract) will be awarded (10 U.S.C. 2306b(i)(1)(C)).

(iv) A sufficient number of end items of the system being acquired under such contract have been delivered at or within the most current estimates of

the program acquisition unit cost or procurement unit cost for such system to determine that current estimates of such unit costs are realistic (10 U.S.C. 2306b(i)(1)(D)).

(v) During the fiscal year in which such contract is to be awarded, sufficient funds will be available to perform the contract in such fiscal year, and the future-years defense program for such fiscal year will include the funding required to execute the program without cancellation (10 U.S.C. 2306b(i)(1)(E)).

(vi) The contract is a fixed price type contract (10 U.S.C. 2306b(i)(1)(F)).

(vii) The proposed multiyear contract provides for production at not less than minimum economic rates, given the existing tooling and facilities. The head of the agency shall submit to USD(C)(P/B) information supporting the agency's determination that this requirement has been met (10 U.S.C. 2306b(i)(1)(G)).

(viii) The head of the agency shall submit information supporting this certification to USD(C)(P/B) for transmission to Congress through the Secretary of Defense.

(ix) In the case of a contract with a cancellation ceiling in excess of \$100 million, if the budget for the contract does not include proposed funding for the costs of contract cancellation up to the cancellation ceiling established in the contract—

(A) The head of the agency shall, as part of this certification, give written notification to the congressional defense committees of—

(1) The cancellation ceiling amounts planned for each program year in the proposed multiyear contract, together with the reasons for the amounts planned;

(2) The extent to which costs of contract cancellation are not included in the budget for the contract; and

(3) A financial risk assessment of not including the budgeting for costs of contract cancellation (10 U.S.C. 2306b(g)); and

(B) The head of the agency shall provide copies of the notification to the Office of Management and Budget at least 14 days before contract award in accordance with the procedures at PGI 217.1.

(3) If the value of a multiyear contract for a particular system or component exceeds \$500 million, use of a multiyear contract is specifically authorized by—

(i) An appropriations act (10 U.S.C. 2306b(1)(3)); and

(ii) A law other than an appropriations act (10 U.S.C. 2306b(i)(3)).

(4) The contract is for the procurement of a complete and usable end item (10 U.S.C. 2306b(i)(4)(A)).

(5) Funds appropriated for any fiscal year for advance procurement are obligated only for the procurement of those long-lead items that are necessary in order to meet a planned delivery schedule for complete major end items that are programmed under the contract to be acquired with funds appropriated for a subsequent fiscal year (including an economic order quantity of such long-lead items when authorized by law (10 U.S.C. 2306b(i)(4)(b))).

(6) The Secretary may make the certification under paragraph (f)(2) of this section notwithstanding the fact that one or more of the conditions of such certification are not met if the Secretary determines that, due to exceptional circumstances, proceeding with a multiyear contract under this section is in the best interest of the Department of Defense and the Secretary provides the basis for such determination with the certification (10 U.S.C. 2306b(i)(5)).

(7) The Secretary of Defense may not delegate this authority to make the certification under 217.172(f)(2) or the determination under 217.172(f)(6) to an official below the level of the Under Secretary of Defense for Acquisition, Technology, and Logistics (10 U.S.C. 2306b(i)(6)).

(8) The Secretary of Defense shall send a notification containing the findings of the agency head under FAR 17.105(b), and the basis for such findings, 30 days prior to the award of a multiyear contract or a defense acquisition program that has been specifically authorized by law ((10 U.S.C. 2306b(i)(7)).

(9) All other requirements of law are met and there are no other statutory

217.173

restrictions on using a multiyear contract for the specific system or component (10 U.S.C. 2306b(i)(2)). One such restriction may be the achievement of specified cost savings. If the agency finds, after negotiations with the contractor(s), that the specified savings cannot be achieved, the head of the agency shall assess the savings that, nevertheless, could be achieved by using a multiyear contract. If the savings are substantial, the head of the agency may request relief from the law's specific savings requirement. The request shall—

(i) Quantify the savings that can be achieved;

(ii) Explain any other benefits to the Government of using the multiyear contract;

(iii) Include details regarding the negotiated contract terms and conditions; and

(iv) Be submitted to OUSD (AT&L) DPAP for transmission to Congress via the Secretary of Defense and the President.

(g) The Secretary of Defense may instruct the head of the agency proposing a multiyear contract to include in that contract negotiated priced options for varying the quantities of end items to be procured over the life of the contract (10 U.S.C. 2306b(j)).

(h) The head of an agency shall not award a multiyear contract using fiscal year 2005 appropriated funds unless—

(1) The Secretary of Defense has submitted to Congress a budget request for full funding of units to be procured through the contract;

(2) Cancellation provisions in the contract do not include consideration of recurring manufacturing costs of the contractor associated with the production of unfunded units to be delivered under the contract; and

(3) The contract provides that payments to the contractor under the contract shall not be made in advance of incurred costs on funded units (Section 8008 of Pub. L. 108-287).

(i) Do not award a multiyear contract using fiscal year 2005 appropriated funds that provides for a price adjustment based on a failure to award

48 CFR Ch. 2 (10-1-10 Edition)

a follow-on contract (Section 8008 of Public Law 108-287).

217.173 Multiyear contracts for weapon systems.

As authorized by 10 U.S.C. 2306b(h) and subject to the conditions in 217.172(e), the head of the agency may enter into a multiyear contract for—

(a) A weapon system and associated items, services, and logistics support for a weapon system; and

(b) Advance procurement of components, parts, and materials necessary to manufacture a weapon system, including advance procurement to achieve economic lot purchases or more efficient production rates (see 217.174 regarding economic order quantity procurement).

[70 FR 24325, May 9, 2005]

217.174 Multiyear contracts that employ economic order quantity procurement.

(a) The head of the agency must provide written notice to the congressional defense committees at least 30 days before awarding—

(1) A multiyear contract providing for economic order quantity procurement in excess of \$20 million in any one year (10 U.S.C. 2306b(1)(1)(B)(i)(I)); or

(2) A contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in excess of \$20 million in any one year (10 U.S.C. 2306b(1)(1)(B)(ii); Section 8008(a) of Public Law 105-56 and similar sections in subsequent DoD appropriations acts).

(b) Before initiating an advance procurement, the contracting officer must verify that it is consistent with DoD policy (e.g., Chapter 2 of DoD 5000.2-R, Mandatory Procedures for Major Defense Acquisition Programs (MDAPs) and Major Automated Information System (MAIS) Acquisition Programs, and the full funding policy in Volume 2A, Chapter 1, of DoD 7000.14-R, Financial Management Regulation).

(c) See 217.172(e)(6) for additional provisions regarding procurement of economic order quantities of long-lead items.

217.175 Multiyear contracts for electricity from renewable energy sources.

(a) The head of the contracting activity may enter into a contract for a period not to exceed 10 years for the purchase of electricity from sources of renewable energy, as that term is defined in section 203(b)(2) of the Energy Policy Act of 2005 (42 U.S.C. 15852(b)(2)).

(b) *Limitations.* The head of the contracting activity may exercise the authority in paragraph (a) of this section to enter into a contract for a period in excess of five years only if the head of the contracting activity determines, on the basis of a business case analysis (see PGI 217.1, Supplemental Information TAB, for a business case analysis template and guidance) prepared by the requiring activity, that—

(1) The proposed purchase of electricity under such contract is cost effective; and

(2) It would not be possible to purchase electricity from the source in an economical manner without the use of a contract for a period in excess of five years.

(c) Nothing in this section shall be construed to preclude the DoD from using other multiyear contracting authority of DoD to purchase renewable energy.

Subpart 217.2—Options

217.202 Use of options.

(1) See PGI 217.202 for guidance on the use of options.

(A) May be for any period up to 5 years;

(B) May be subsequently extended for one or more successive periods in accordance with an option provided in the contract or a modification of the contract; and

(C) Shall not exceed 10 years unless the head of the agency determines in writing that exceptional circumstances require a longer ordering period.

(ii) DoD must submit a report to Congress, annually through fiscal year 2009, when an ordering period is extended beyond 10 years in accordance with paragraph (e)(i)(C) of this section. Follow the procedures at PGI 217.204(e) for reporting requirements.

(iii) Paragraph (e)(i) of this section does not apply to the following:

(A) Contracts, including task or delivery order contracts, awarded under other statutory authority.

(B) Advisory and assistance service task order contracts (authorized by 10 U.S.C. 2304b that are limited by statute to 5 years, with the authority to extend an additional 6 months (see FAR 16.505(c)).

(C) Definite-quantity contracts.

(D) GSA schedule contracts.

(E) Multi-agency contracts awarded by agencies other than NASA, DoD, or the Coast Guard.

(iv) Obtain approval from the senior procurement executive before issuing an order against a task or delivery order contract subject to paragraph (e)(i) of this section, if performance under the order is expected to extend more than 1 year beyond the 10-year limit or extended limit described in paragraph (e)(i)(C) of this section (see FAR 37.106 for funding and term of service contracts).

[70 FR 73152, Dec. 9, 2005]

217.207 Exercise of options.

(c) In addition to the requirements at FAR 17.207(c), exercise an option only after determining that the contractor's

[74 FR 37644, July 29, 2009]

217.208 Solicitation provisions and contract clauses.

Sealed bid solicitations shall not include provisions for evaluations of options unless the contracting officer determines that there is a reasonable likelihood that the options will be exercised (10 U.S.C. 2305(a)(5)). This limitation also applies to sealed bid solicitations for the contracts excluded by FAR 17.200.

(2) Do not use this clause in contracts for establishment or replenishment of DoD inventories or stocks, or acquisitions made under DoD cooperative logistics support arrangements.

(b) When a surge option is needed in support of industrial capability production planning, use the clause at 252.217-7001, Surge Option, in solicitations and contracts.

(1) Insert the percentage of increase the option represents in paragraph (a) of the clause to ensure adequate quantities are available to meet item requirements.

(2) Change 30 days in paragraphs (b)(2) and (d)(1) to longer periods, if appropriate.

SOURCE: 63 FR 11530, Mar. 9, 1998, unless otherwise noted.

217.500 Scope of subpart.

(b) Unless more specific statutory authority exists, the procedures in FAR Subpart 17.5, this subpart, and DODI 4000.19 apply to all purchases, except micro-purchases, made for DoD by another agency. This includes orders under a task or delivery order contract entered into by the other agency. (Pub. L. 105-261, Section 814.)

(a) When the requesting agency is within DoD, a copy of the executed D&F shall be furnished to the servicing agency as an attachment to the order. When a DoD contracting office is acting as the servicing agency, a copy of the executed D&F shall be obtained from the requesting agency and placed in the contract file for the Economy Act order.

Subpart 217.6—Management and Operating Contracts

217.600 Scope of subpart.

FAR subpart 17.6 does not apply to DoD.

Subpart 217.70—Exchange of Personal Property

217.7000 Scope of subpart.

This subpart prescribes policy and procedures for exchange of nonexcess personal property concurrent with an acquisition. Section 201(c) of the Federal Property and Administrative Services Act of 1949, 63 Stat. 384, as amended (40 U.S.C. 481(c)) permits exchange of personal property and application of the exchange allowance to the acquisition of similar property. This subpart does not authorize the sale of non-excess personal property.

217.7001 Definitions.

As used in this subpart—

(a) *Exchange (trade-in) property* means property which—

(1) Is not excess but is eligible for replacement (because of obsolescence, unserviceability, or other reason); and

(2) Is applied as whole or partial payment toward the acquisition of similar items (i.e., items designed and constructed for the same purpose).

(b) *Property* means items that fall within one of the generic categories listed in DoD 4140.1-R, DoD Materiel Management Regulation, Chapter 6.2, Exchange or Sale of Nonexcess Personal Property.

[56 FR 36345, July 31, 1991, as amended at 65 FR 39705, June 27, 2000]

217.7002 Policy.

DoD policy is to exchange, rather than replace, eligible nonexcess property whenever exchange promotes economical and efficient program accomplishment. Exchange policy, authority, and applicability are governed by—

(a) The Federal Property Management Regulations issued by the Administrator of the General Services Administration; and

(b) DoD 4140.1-R, Chapter 6.2.

[56 FR 36345, July 31, 1991, as amended at 65 FR 39705, June 27, 2000]

217.7003 Purchase request.

Ensure that the requiring activity provides all of the following in support of the purchase request—

(a) A certification that the property is eligible for exchange and complies with all conditions and limitations of DoD 4140.1-R, Chapter 6.2.

(b) A written determination of economic advantage indicating—

(1) The anticipated economic advantage to the Government from use of the exchange authority;

(2) That exchange allowances shall be applied toward, or in partial payment of, the items to be acquired; and

(3) That, if required, the exchange property has been rendered safe or innocuous or has been demilitarized;

(c) All applicable approvals for the exchange; and

(d) A description of the property available for exchange (e.g., nomen-

clature, location, serial number, estimated travel value).

[56 FR 36345, July 31, 1991, as amended at 65 FR 39705, June 27, 2000]

217.7004 Solicitation and award.

(a) Solicitations shall include a request for offerors to state prices—

(1) For the new items being acquired without any exchange; and

(2) For the new items with the exchange (trade-in allowance) for the exchange property listed.

(b) The contracting officer is not obligated to award on an exchange basis. If the lowest evaluated offer is an offer for the new items without any exchange, the contracting officer may award on that basis and forgo the exchange.

(c) Exchanges may be made only with the successful offeror. When the successful offer includes an exchange, award one contract for both the acquisition of the new property and the trade-in of the exchange property. The only exception is when the items must be acquired against a mandatory Federal supply schedule contract, in which case, award a separate contract for the exchange.

217.7005 Solicitation provision.

Use the provision at 252.217-7002, Offering Property for Exchange, when offering nonexcess personal property for exchange. Allow a minimum of 14 calendar days for the inspection period in paragraph (b) of the clause if the exchange property is in the contiguous United States. Allow at least 21 calendar days outside the contiguous United States.

Subpart 217.71—Master Agreement for Repair and Alteration of Vessels

217.7100 Scope of subpart.

This subpart contains acquisition policies and procedures for master agreements for repair and alteration of vessels.

217.7101 Definitions.

(a) *Master agreement for repair and alteration of vessels*—

217.7102

(1) Is a written instrument of understanding, negotiated between a contracting activity and a contractor that—

(A) Contains contract clauses, terms, and conditions applying to future contracts for repairs, alterations, and/or additions to vessels; and

(B) Contemplates separate future contracts that will incorporate by reference or attachment the required and applicable clauses agreed upon in the master agreement.

(2) Is not a contract.

(b) *Job order*—

(1) Is a fixed price contract incorporating, by reference or attachment, a master agreement for repair and alteration of vessels;

(2) May include clauses pertaining to subjects not covered by the master agreement; but applicable to the job order being awarded; and

(3) Applies to a specific acquisition and sets forth the scope of work, price, delivery date, and other appropriate terms that apply to the particular job order.

217.7102 General.

(a) Activities shall enter into master agreements for repair and alteration of vessels with all prospective contractors located within the United States or its outlying areas, which—

(1) Request ship repair work; and

(2) Possess the organization and facilities to perform the work satisfactorily. (Issuance of a master agreement does not indicate approval of the contractor's facility for any particular acquisition and is not an affirmative determination of responsibility under FAR subpart 9.1 for any particular acquisition.)

(b) Activities may use master agreements in work with prospective contractors located outside the United States and its outlying areas.

(c) Activities may issue job orders under master agreements to effect repairs, alterations, and/or additions to vessels belonging to foreign governments.

(1) Contractors shall treat vessels of a foreign government as if they were vessels of the U.S. Government whenever requested to do so by the contracting officer.

48 CFR Ch. 2 (10–1–10 Edition)

(2) Identify the vessel and the foreign government in the solicitation and job order.

(a) Master agreements remain in effect until canceled by either the contractor or the contracting officer.

(b) Master agreements can be canceled by either the contractor or the contracting officer by giving 30 days written notice to the other.

(c) Cancellation of a master agreement does not affect the rights and liabilities under any job order existing at the time of cancellation. The contractor must continue to perform all work covered by any job order issued before the effective date of cancellation of the master agreement.

217.7103–3 Solicitations for job orders.

(a) When a requirement arises within the United States or its outlying areas for the type of work covered by the master agreement, solicit offers from prospective contractors that—

(1) Previously executed a master agreement; or

(2) Have not previously executed a master agreement, but possess the necessary qualifications to perform the work and agree to execute a master agreement before award of a job order.

(b) Follow the procedures at PGI 217.7103–3 when preparing solicitations for job orders.

Subpart 217.72 [Reserved]

Subpart 217.73—Identification of Sources of Supply

217.7300 Scope.

This subpart implements 10 U.S.C. 2384. It contains policy and procedures for requiring contractors to identify the actual manufacturer of supplies furnished to DoD.

217.7301 Policy.

Contractors shall identify their sources of supply in contracts for supplies. Contractor identification of sources of supply enables solicitation, in subsequent acquisitions, of actual manufacturers or other suppliers of items. This enhances competition and potentially avoids payment of additional costs for no significant added value.

217.7302 Procedures.

(a) Whenever practicable, include a requirement for contractor identification of sources of supply in all contracts for the delivery of supplies. The identification shall include—

- (1) The item's actual manufacturer or producer, or all the contractor's sources for the item;
- (2) The item's national stock number (if there is one);
- (3) The item identification number used by—
 - (i) The actual manufacturer or producer of the item; or

217.7303

(ii) Each of the contractor's sources for the item; and

(4) The source of any technical data delivered under the contract.

(b) The requirement in paragraph (a) of this section does not apply to contracts that are—

(1) For commercial items; or

(2) Valued at or below the simplified acquisition threshold.

[56 FR 36345, July 31, 1991, as amended at 64 FR 2597, Jan. 15, 1999]

217.7303 Solicitation provision.

(a) Use the provision at 252.217-7026, Identification of Sources of Supply, or one substantially the same, in all solicitations for supplies when the acquisition is being conducted under other than full and open competition, except when—

(1) Using FAR 6.302-5;

(2) The contracting officer already has the information required by the provision (e.g., the information was obtained under other acquisitions);

(3) The contract is for subsistence, clothing or textiles, fuels, or supplies purchased and used outside the United States;

(4) The contracting officer determines that it would not be practicable to require offerors/contractors to provide the information, e.g., nonrepetitive local purchases; or

(5) The contracting officer determines that the exception at 217.7302(b) applies to all items under the solicitation.

(b) If appropriate, use the provision at 252.217-7026, Identification of Sources of Supply, or one substantially the same, in service contracts requiring the delivery of supplies.

Subpart 217.74—Un definitized Contract Actions

217.7400 Scope.

This subpart prescribes policies and procedures implementing 10 U.S.C. 2326.

217.7401 Definitions.

As used in this subpart—

(a) *Contract action* means an action which results in a contract.

48 CFR Ch. 2 (10-1-10 Edition)

(1) It includes contract modifications for additional supplies or services.

(2) It includes task orders and delivery orders.

(3) It does not include change orders, administrative changes, funding modifications, or any other contract modifications that are within the scope and under the terms of the contract, e.g., engineering change proposals, value engineering change proposals, and over and above work requests as described in Subpart 217.77. For policy relating to definitization of change orders, see 243.204-70.

(b) *Definitization* means the agreement on, or determination of, contract terms, specifications, and price, which converts the undefinitized contract action to a definitive contract.

(c) *Qualifying proposal* means a proposal containing sufficient information for the DoD to do complete and meaningful analyses and audits of the—

(1) Information in the proposal; and

(2) Any other information that the contracting officer has determined DoD needs to review in connection with the contract.

(d) *Un definitized contract action* means any contract action for which the contract terms, specifications, or price are not agreed upon before performance is begun under the action. Examples are letter contracts, orders under basic ordering agreements, and provisioned item orders, for which the price has not been agreed upon before performance has begun. For policy relating to definitization of change orders, see 243.204-70.

[56 FR 36345, July 31, 1991, as amended at 75 FR 10191, Mar. 5, 2010; 75 FR 48277, Aug. 10, 2010]

217.7402 Exceptions.

(a) The following undefinitized contract actions (UCAs) are not subject to this subpart. However, the contracting officer shall apply the policy and procedures to them to the maximum extent practicable (also see paragraph (b) of this section):

(1) UCAs for foreign military sales;

(2) Purchases at or below the simplified acquisition threshold;

(3) Special access programs;

(4) Congressionally mandated long-lead procurement contracts.

(b) If the contracting officer determines that it is impracticable to adhere to the policy and procedures of this subpart for a particular contract action that falls within one of the categories in paragraph (a)(1), (3), or (4) of this section, the contracting officer shall provide prior notice, through agency channels, to the Deputy Director, Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), 3060 Defense Pentagon, Washington, DC 20301-3060.

[75 FR 48277, Aug. 10, 2010]

217.7403 Policy.

DoD policy is that undefinitized contract actions shall—

(a) Be used only when—

(1) The negotiation of a definitive contract action is not possible in sufficient time to meet the Government's requirements; and

(2) The Government's interest demands that the contractor be given a binding commitment so that contract performance can begin immediately.

(b) Be as complete and definite as practicable under the particular circumstances.

217.7404 Limitations.

217.7404-1 Authorization.

The contracting officer shall obtain approval from the head of the contracting activity before—

(a) Entering into a UCA. The request for approval must fully explain the need to begin performance before definitization, including the adverse impact on agency requirements resulting from delays in beginning performance.

(b) Including requirements for non-urgent spare parts and support equipment in a UCA. The request should show that inclusion of the non-urgent items is consistent with good business practices and in the best interest of the United States.

(c) Modifying the scope of a UCA when performance has already begun. The request should show that the modification is consistent with good business practices and in the best interests of the United States.

217.7404-2 Price ceiling.

UCAs shall include a not-to-exceed price.

217.7404-3 Definitization schedule.

(a) UCAs shall contain definitization schedules that provide for definitization by the earlier of—

(1) The date that is 180 days after issuance of the action (this date may be extended but may not exceed the date that is 180 days after the contractor submits a qualifying proposal); or

(2) The date on which the amount of funds obligated under the contract action is equal to more than 50 percent of the not-to-exceed price.

(b) Submission of a qualifying proposal in accordance with the definitization schedule is a material element of the contract. If the contractor does not submit a timely qualifying proposal, the contracting officer may suspend or reduce progress payments under FAR 32.503-6, or take other appropriate action.

[56 FR 36345, July 31, 1991, as amended at 60 FR 29498, June 5, 1995; 63 FR 67803, Dec. 9, 1998]

217.7404-4 Limitations on obligations.

(a) The Government shall not obligate more than 50 percent of the not-to-exceed price before definitization. However, if a contractor submits a qualifying proposal before 50 percent of the not-to-exceed price has been obligated by the Government, then the limitation on obligations before definitization may be increased to no more than 75 percent (see 232.102-70 for coverage on provisional delivery payments).

(b) In determining the appropriate amount to obligate, the contracting officer shall assess the contractor's proposal for the undefinitized period and shall obligate funds only in an amount consistent with the contractor's requirements for the undefinitized period.

[60 FR 29498, June 5, 1995, as amended at 74 FR 37650, July 29, 2009]

217.7404-5

217.7404-5 Exceptions.

(a) The limitations in 217.7404-2, 217.7404-3, and 217.7404-4 do not apply to UCAs for the purchase of initial spares.

(b) The head of an agency may waive the limitations in 217.7404-2, 217.7404-3, and 217.7404-4 for UCAs if the head of the agency determines that the waiver is necessary to support—

- (1) A contingency operation; or
- (2) A humanitarian or peacekeeping operation.

[60 FR 29498, June 5, 1995, as amended at 63 FR 67804, Dec. 9, 1998; 71 FR 27643, May 12, 2006]

217.7404-6 Allowable profit.

When the final price of a UCA is negotiated after a substantial portion of the required performance has been completed, the head of the contracting activity shall ensure the profit allowed reflects—

(a) Any reduced cost risk to the contractor for costs incurred during contract performance before negotiation of the final price;

(b) The contractor's reduced cost risk for costs incurred during performance of the remainder of the contract; and

(c) The requirements at 215.404-71-3(d)(2). The risk assessment shall be documented in the contract file.

[74 FR 37650, July 29, 2009]

217.7405 Plans and reports.

(a) To provide for enhanced management and oversight of UCAs, departments and agencies shall—

(1) Prepare and maintain a Consolidated UCA Management Plan; and

(2) Prepare semi-annual Consolidated UCA Management Reports addressing each UCA with an estimated value exceeding \$5 million.

(b) Consolidated UCA Management Reports and Consolidated UCA Management Plan updates shall be submitted to the Office of the Director, Defense Procurement and Acquisition Policy, by October 31 and April 30 of each year in accordance with the procedures at PGI 217.7405.

(c) Consolidated UCA Management Reports shall include information about all change orders that are not forward priced (*i.e.*, unpriced) and have

48 CFR Ch. 2 (10-1-10 Edition)

an estimated value exceeding \$5 million.

[74 FR 37650, July 29, 2009, as amended at 75 FR 48277, Aug. 10, 2010]

217.7406 Contract clauses.

(a) Use the clause at FAR 52.216-24, Limitation of Government Liability, in—

- (1) All UCAs;
- (2) Solicitations associated with UCAs;
- (3) Basic ordering agreements;
- (4) Indefinite-delivery contracts;
- (5) Any other type of contract providing for the use of UCAs; and
- (6) Unpriced change orders with an estimated value exceeding \$5 million.

(b)(1) Use the clause at 252.217-7027, Contract Definitization, in—

- (i) All UCAs;
- (ii) Solicitations associated with UCAs;
- (iii) Basic ordering agreements;
- (iv) Indefinite-delivery contracts;
- (v) Any other type of contract providing for the use of UCAs; and
- (vi) Unpriced change orders with an estimated value exceeding \$5 million.

(2) Insert the applicable information in paragraphs (a), (b), and (d) of the clause.

(3) If, at the time of entering into the UCA or unpriced change order, the contracting officer knows that the definitive contract action will meet the criteria of FAR 15.403-1, 15.403-2, or 15.403-3 for not requiring submission of cost or pricing data, the words “and cost or pricing data” may be deleted from paragraph (a) of the clause.

Subpart 217.75—Acquisition of Replenishment Parts

217.7500 Scope of subpart.

This subpart provides guidance on additional requirements related to acquisition of replenishment parts.

[56 FR 36345, July 31, 1991, as amended at 71 FR 27643, May 12, 2006]

217.7501 Definition.

Replenishment parts, as used in this subpart, means repairable or

consumable parts acquired after the initial provisioning process.

[71 FR 27643, May 12, 2006]

217.7502 General.

Departments and agencies—

(a) May acquire replenishment parts concurrently with production of the end item.

(b) Shall provide for full and open competition when fully adequate drawings and any other needed data are available with the right to use for acquisition purposes (see part 227). However—

(1) When data is not available for a competitive acquisition, use one of the procedures in PGI 217.7504.

(2) Replenishment parts must be acquired so as to ensure the safe, dependable, and effective operation of the equipment. Where this assurance is not possible with new sources, competition may be limited to the original manufacturer of the equipment or other sources that have previously manufactured or furnished the parts as long as the action is justified. See 209.270 for requirements applicable to replenishment parts for aviation or ship critical safety items.

(c) Shall follow the limitations on price increases in 217.7505.

[56 FR 36345, July 31, 1991, as amended at 69 FR 55989, Sept. 17, 2004. Redesignated and amended at 71 FR 27643, May 12, 2006; 73 FR 1827, Jan. 10, 2008]

217.7503 Spares acquisition integrated with production.

Follow the procedures at PGI 217.7503 for acquiring spare parts concurrently with the end item.

[71 FR 27643, May 12, 2006]

217.7504 Acquisition of parts when data is not available.

Follow the procedures at PGI 217.7504 when acquiring parts for which the Government does not have the necessary data.

[71 FR 27643, May 12, 2006]

217.7505 Limitations on price increases.

This section provides implementing guidance for section 1215 of Public Law 98-94 (10 U.S.C. 2452 note).

(a) The contracting officer shall not award, on a sole source basis, a contract for any centrally managed replenishment part when the price of the part has increased by 25 percent or more over the most recent 12-month period.

(1) Before computing the percentage difference between the current price and the prior price, adjust for quantity, escalation, and other factors necessary to achieve comparability.

(2) Departments and agencies may specify an alternate percentage or percentages for contracts at or below the simplified acquisition threshold.

(b) The contracting officer may award a contract for a part, the price of which exceeds the limitation in paragraph (a) of this section, if the contracting officer certifies in writing to the head of the contracting activity before award that—

(1) The contracting officer has evaluated the price of the part and concluded that the price increase is fair and reasonable; or

(2) The national security interests of the United States require purchase of the part despite the price increase.

(c) The fact that a particular price has not exceeded the limitation in paragraph (a) of this section does not relieve the contracting officer of the responsibility for obtaining a fair and reasonable price.

(d) Contracting officers may include a provision in sole source solicitations requiring that the offeror supply with its proposal, price and quantity data on any government orders for the replenishment part issued within the most recent 12 months.

[56 FR 36345, July 31, 1991, as amended at 64 FR 2598, Jan. 15, 1999. Redesignated at 71 FR 27643, May 12, 2006]

Subpart 217.76—Contracts with Provisioning Requirements

217.7601 Provisioning.

(a) Follow the procedures at PGI 217.7601 for contracts with provisioning requirements.

(b) For technical requirements of provisioning, see DoD 4140.1-R, DoD Supply Chain Materiel Management Regulation, Chapter 2, Section C2.2.

[71 FR 27643, May 12, 2006]

SOURCE: 70 FR 29642, May 24, 2005, unless otherwise noted.

217.7800 Scope of subpart.

This subpart—

(a) Implements section 854 of the National Defense Authorization Act for Fiscal Year 2005 (Pub. L. 108-375), section 801 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181), and section 806 of the National Defense Authorization Act for Fiscal Year 2010 (Pub. L. 111-84); and

(b) Prescribes policy for the acquisition of supplies and services through the use of contracts or orders issued by non-DoD agencies.

[70 FR 29642, May 24, 2005, as amended at 74 FR 34270, July 15, 2009; 75 FR 32640, June 8, 2010]

217.7801 Definitions.

As used in this subpart—
Acquisition official means—

- (1) A DoD contracting officer; or
- (2) Any other DoD official authorized to approve a direct acquisition or an assisted acquisition on behalf of DoD.

Assisted acquisition means the type of interagency contracting through which acquisition officials of a non-DoD agency award a contract or a task or delivery order for the acquisition of supplies or services on behalf of DoD.

Direct acquisition means the type of interagency contracting through which DoD orders a supply or service from a Governmentwide acquisition contract maintained by a non-DoD agency.

Governmentwide acquisition contract means a task or delivery order contract that—

(1) Is entered into by a non-defense agency; and

(2) May be used as the contract under which property or services are procured for one or more other departments or agencies of the Federal Government.

Non-DoD agency means any department or agency of the Federal Government other than DoD.

Non-DoD agency that is an element of the intelligence community means the Office of the Director of National Intelligence; the Central Intelligence Agency; the intelligence elements of the Federal Bureau of Investigation; the intelligence elements of the Department of Energy; the Bureau of Intelligence and Research of the Department of State; the Office of Intelligence and Analysis of the Department of the Treasury; and the elements of the Department of Homeland Security concerned with the analysis of intelligence information, including the Office of Intelligence of the Coast Guard.

[74 FR 34270, July 15, 2009, as amended at 75 FR 6820, Feb. 11, 2010; 75 FR 32640, June 8, 2010]

217.7802 Policy.

(a) A DoD acquisition official may place an order, make a purchase, or otherwise acquire supplies or services for DoD in excess of the simplified acquisition threshold through a non-DoD agency in any fiscal year only if the head of the non-DoD agency has certified that the non-DoD agency will

comply with defense procurement requirements for the fiscal year to include applicable DoD financial management regulations.

(1) This limitation shall not apply to the acquisition of supplies and services during any fiscal year for which there is in effect a written determination of the Under Secretary of Defense for Acquisition, Technology, and Logistics, that it is necessary in the interest of DoD to acquire supplies and services through the non-DoD agency during the fiscal year. A written determination with respect to a non-DoD agency shall apply to any category of acquisitions through the non-DoD agency that is specified in the determination.

(2) Non-DoD agency certifications and additional information are available at http://www.acq.osd.mil/dpap/cpic/cp/interagency_acquisition.html.

(3) The limitation in paragraph (a) of this section does not apply to contracts entered into by a non-DoD agency that is an element of the intelligence community for the performance of a joint program conducted to meet the needs of DoD and the non-DoD agency.

(b) Departments and agencies shall establish and maintain procedures for reviewing and approving orders placed for supplies and services under non-DoD contracts, whether through direct acquisition or assisted acquisition, when the amount of the order exceeds the simplified acquisition threshold. These procedures shall include—

(1) Evaluating whether using a non-DoD contract for the acquisition is in the best interest of DoD. Factors to be considered include—

- (i) Satisfying customer requirements;
- (ii) Schedule;
- (iii) Cost effectiveness (taking into account discounts and fees); and
- (iv) Contract administration (including oversight);

(2) Determining that the tasks to be accomplished or supplies to be provided are within the scope of the contract to be used;

(3) Reviewing funding to ensure that it is used in accordance with appropriation limitations;

(4) Providing unique terms, conditions, and requirements to the assisting agency for incorporation into the order or contract as appropriate to

comply with all applicable DoD-unique statutes, regulations, directives, and other requirements; and

(5) Collecting and reporting data on the use of assisted acquisition for analysis. Follow the reporting requirements in Subpart 204.6.

Subpart 219.2—Policies

219.201 General policy.

(d) For the defense agencies, the director of the Office of Small Business Programs must be appointed by, be responsible to, and report directly to the director or deputy director of the defense agency.

(8) The responsibility for assigning small business technical advisors is delegated to the head of the contracting activity.

(10) Contracting activity small business specialists perform this function by—

(A) Reviewing and making recommendations for all acquisitions (including orders placed against Federal Supply Schedule contracts) over \$10,000, except those under the simplified acquisition threshold that are totally set aside for small business concerns in accordance with FAR 19.502–2. Follow the procedures at PGI 219.201(d)(10) regarding such reviews.

(B) Making the review before issuance of the solicitation or contract modification and documenting it on DD Form 2579, Small Business Coordination Record; and

(C) Referring recommendations that have been rejected by the contracting officer to the Small Business Administration (SBA) procurement center representative. If an SBA procurement center representative is not assigned, see FAR 19.402(a).

(11) Also conduct annual reviews to assess—

(A) The extent of consolidation of contract requirements that has occurred (see 207.170); and

(B) The impact of those consolidations on the availability of small business concerns to participate in procurements as both contractors and subcontractors.

(e) For information on the appointment and functions of small business specialists, see PGI 219.201(e).

(f) The Directors, Office of Small Business Programs, of the military departments and defense agencies are responsible for determining whether use of the price evaluation adjustment to achieve a small disadvantaged business goal has caused non-SDB firms in a particular North American Industry Classification System Industry Subsector to bear an undue burden or other inappropriate effect. A copy of each determination shall be forwarded to the Office of Small Business Programs, Office of the Under Secretary of Defense (Acquisition, Technology, and Logistics), simultaneously with submittal to

the Office of Federal Procurement Policy.

(3) For partial small business set-asides with preferential consideration for small disadvantaged business concerns, divide the difference between the award price on the non-set-aside portion and the award price on the set-aside portion by the award price on the non-set-aside portion.

(b) Within 60 days after the end of each fiscal year, departments and agencies shall submit the report to the Secretary of Defense, who will report to the SBA on behalf of all DoD departments and agencies. Reports must include—

See PGI 219.702 for the requirements of the test program.

(2) Comprehensive subcontracting plans shall not be subject to application of liquidated damages during the period of the test program (Section 402, Pub. L. 101–574).

for developmental assistance costs that are not reimbursed.

219.7103 Procedures.

219.7103-1 General.

The procedures for application, acceptance, and participation in the Program are in Appendix I, Policy and Procedures for the DoD Pilot Mentor-Protégé Program. The Director, SBP, of each military department or defense agency has the authority to approve contractors as mentor firms, approve mentor-protégé agreements, and forward approved mentor-protégé agreements to the contracting officer when funding is available.

[69 FR 74995, Dec. 15, 2004, as amended by 73 FR 46813, Aug. 12, 2008]

219.7103-2 Contracting officer responsibilities.

Contracting officers must—

(a) Negotiate an advance agreement on the treatment of developmental assistance costs for either credit or reimbursement if the mentor firm proposes such an agreement, or delegate authority to negotiate to the administrative contracting officer (see FAR 31.109).

(b) Modify (without consideration) applicable contract(s) to incorporate the clause at 252.232-7005, Reimbursement of Subcontractor Advance Payments—DoD Pilot Mentor-Protege Program, when a mentor firm provides advance payments to a protege firm under the Program and the mentor firm requests reimbursement of advance payments.

(c) Modify (without consideration) applicable contract(s) to incorporate other than customary progress payments for protege firms in accordance with FAR 32.504(c) if a mentor firm provides such payments to a protege firm and the mentor firm requests reimbursement.

(d) Modify applicable contract(s) to establish a contract line item for reimbursement of developmental assistance costs if—

(1) A DoD program manager or the cognizant Component Director, SBP,

219.7104

has made funds available for that purpose; and

(2) The contractor has an approved mentor-protégé agreement.

(e) Negotiate and award a separate contract for reimbursement of developmental assistance costs only if—

(1) Funds are available for that purpose;

(2) The contractor has an approved mentor-protégé agreement; and

(3) The cognizant Component Director, SBP, has made a determination in accordance with 219.7102(d)(1)(ii).

(f) Not authorize reimbursement for costs of assistance furnished to a protégé firm in excess of \$1,000,000 in a fiscal year unless a written determination from the cognizant Component Director, SBP, is obtained.

(g) Advise contractors of reporting requirements in Appendix I.

(h) Provide a copy of the approved Mentor-Protege agreement to the Defense Contract Management Agency administrative contracting officer responsible for conducting the annual performance review (see appendix I, section I-113).

[65 FR 6555, Feb. 10, 2000; 65 FR 30191, May 10, 2000, as amended at 65 FR 50150, Aug. 17, 2000; 66 FR 47109, Sept. 11, 2001; 69 FR 74995, Dec. 15, 2004; 73 FR 46814, Aug. 12, 2008]

219.7104 Developmental assistance costs eligible for reimbursement or credit.

(a) Developmental assistance provided under an approved mentor-protege agreement is distinct from, and must not duplicate, any effort that is the normal and expected product of the award and administration of the mentor firm's subcontracts. The mentor firm must accumulate and charge costs associated with the latter in accordance with its approved accounting practices. Mentor firm costs that are eligible for reimbursement are set forth in appendix I.

(b) Before incurring any costs under the Program, mentor firms must establish the accounting treatment of developmental assistance costs eligible for reimbursement or credit. Advance agreements are encouraged. To be eligible for reimbursement under the Program, the mentor firm must incur the costs before October 1, 2013.

48 CFR Ch. 2 (10-1-10 Edition)

(c) If the mentor firm is suspended or debarred while performing under an approved mentor-protege agreement, the mentor firm may not be reimbursed or credited for developmental assistance costs incurred more than 30 days after the imposition of the suspension or debarment.

(d) Developmental assistance costs incurred by a mentor firm before October 1, 2013, that are eligible for crediting under the Program, may be credited toward subcontracting plan goals as set forth in appendix I.

[65 FR 6555, Feb. 10, 2000; 65 FR 30191, May 10, 2000, as amended at 67 FR 77937, Dec. 20, 2002; 70 FR 29645, May 24, 2005]

219.7105 Reporting.

Mentor and protege firms must report on the progress made under mentor-protege agreements as indicated in appendix I, section I-112.

[65 FR 6555, Feb. 10, 2000, as amended at 69 FR 74996, Dec. 15, 2004]

219.7106 Performance reviews.

The Defense Contract Management Agency will conduct annual performance reviews of all mentor-protege agreements as indicated in appendix I, section I-113. The determinations made in these reviews should be a major factor in determinations of amounts of reimbursement, if any, that the mentor firm is eligible to receive in the remaining years of the Program participation term under the agreement.

(b) Each contracting activity shall obtain and develop data reflecting the impact of a labor dispute on its requirements and programs. 222.402-70 Installation support contracts.

(a) Apply both the Service Contract Act (SCA) and the Davis-Bacon Act (DBA) to installation support contracts if—

(1) The contract is principally for services but also requires a substantial and segregable amount of construction, alteration, renovation, painting, or repair work; and

(2) The aggregate dollar value of such construction work exceeds or is expected to exceed \$2,000.

(b) SCA coverage under the contract. Contract installation support requirements, such as plant operation and installation services (i.e., custodial, snow removal, etc.) are subject to the SCA. Apply SCA clauses and minimum wage and fringe benefit requirements to all contract service calls or orders for such maintenance and support work.

(c) DBA coverage under the contract. Contract construction, alteration, renovation, painting, and repair requirements (i.e., roof shingling, building structural repair, paving repairs, etc.) are subject to the DBA. Apply DBA clauses and minimum wage requirements to all contract service calls or orders for construction, alteration, renovation, painting, or repairs to buildings or other works.

(d) Repairs versus maintenance. Some contract work may be characterized as either DBA painting/repairs or SCA maintenance. For example, replacing broken windows, spot painting, or minor patching of a wall could be covered by either the DBA or the SCA. In those instances where a contract service call or order requires construction trade skills (i.e., carpenter,

48 CFR Ch. 2 (10-1-10 Edition)

plumber, painter, etc.), but it is unclear whether the work required is SCA maintenance or DBA painting/repairs, apply the following rules—

(1) Individual service calls or orders which will require a total of 32 or more work-hours to perform shall be considered to be repair work subject to the DBA.

(2) Individual service calls or orders which will require less than 32 work-hours to perform shall be considered to be maintenance subject to the SCA.

(3) Painting work of 200 square feet or more to be performed under an individual service call or order shall be considered to be subject to the DBA regardless of the total work-hours required.

(e) The determination of labor standards application shall be made at the time the solicitation is prepared in those cases where requirements can be identified. Otherwise, the determination shall be made at the time the service call or order is placed against the contract. The service call or order shall identify the labor standards law and contract wage determination which will apply to the work required.

(f) Contracting officers may not avoid application of the DBA by splitting individual tasks between orders or contracts.

222.403 Statutory and regulatory requirements.

222.403-4 Department of Labor regulations.

Direct all questions regarding Department of Labor regulations to the labor advisor.

222.404 Davis-Bacon Act wage determinations.

Not later than April 1 of each year, each department and agency shall furnish the Administrator, Wage and Hour Division, with a general outline of its proposed construction program for the coming fiscal year. The Department of Labor uses this information to determine where general wage determination surveys will be conducted.

(1) Indicate by individual project of \$500,000 or more—

(i) The anticipated type of construction;

(ii) The estimated dollar value; and

(iii) The location in which the work is to be performed (city, town, village, county, or other civil subdivision of the state).

(2) The report format is contained in Department of Labor All Agency Memo 144, December 27, 1985.

(3) The report control number is 1671-DOL-AN.

222.404-2 General requirements.

(c)(5) Follow the procedures at PGI 222.404-2(c)(5) when seeking clarification of the proper application of construction wage rate schedules.

(B) The prime contractor experienced difficulty in complying with labor standards requirements on previous contracts; or

222.406-6 Payrolls and statements.

(a) *Submission.* Contractors who do not use Department of Labor Form WH 347 or its equivalent must submit a DD Form 879, Statement of Compliance, with each payroll report.

222.406-8 Investigations.

(a) Before beginning an investigation, the investigator shall inform the contractor of the general scope of the investigation, and that the investigation will include examining pertinent records and interviewing employees. In conducting the investigation, follow the procedures at PGI 222.406-8(a).

(c) *Contractor notification.* (4)(A) Notify the contractor by certified mail of any finding that it is liable for liquidated damages under the Contract Work Hours and Safety Standards Act (CWHSSA). The notification shall inform the contractor that—

222.406-9

(1) It has 60 days after receipt of the notice to appeal the assessment of liquidated damages; and

(2) The appeal must demonstrate either that the alleged violations did not occur at all, occurred inadvertently notwithstanding the exercise of due care, or the assessment was computed improperly.

(B) If an appeal is received, the contracting officer shall process the appeal in accordance with department or agency regulations.

(d) *Contracting officer's report.* Forward a detailed enforcement report or summary report to the agency head in accordance with agency procedures. Include in the report, as a minimum, the information specified at PGI 222.406-8(d).

(a) *Withholding from contract payments.* The contracting officer shall contact the labor advisor for assistance when payments due a contractor are not available to satisfy that contractor's liability for Davis-Bacon or CWHSSA wage underpayments or liquidated damages.

(c) *Disposition of contract payments withheld or suspended—(3) Limitation on forwarding or returning funds.* When disposition of withheld funds remains the final action necessary to close out a contract, the Department of Labor has given blanket approval to forward withheld funds to the Comptroller General pending completion of an investigation or other administrative proceedings.

(4) *Liquidated damages.* (A) The agency head may adjust liquidated damages of \$500 or less when the amount assessed is incorrect or waive the assessment when the violations—

(1) Were nonwillful or inadvertent; and

(2) Occurred notwithstanding the exercise of due care by the contractor, its subcontractor, or their agents.

(B) The agency head may recommend to the Administrator, Wage and Hour Division, that the liquidated damages over \$500 be adjusted because the amount assessed is incorrect. The

48 CFR Ch. 2 (10-1-10 Edition)

No DoD contract may include a specification or standard that requires the use of a class I ozone-depleting substance or that can be met only through the use of such a substance unless the inclusion of the specification or standard is specifically authorized at a level no lower than a general or flag officer or a member of the Senior Executive Service of the requiring activity in accordance with Section 326, Public Law 102–484 (10 U.S.C. 2301 (repealed) note). This restriction is in addition to any imposed by the Clean Air Act and applies after June 1, 1993, to all DoD contracts, regardless of place of performance.

Subpart 225.1—Buy American Act—Supplies

SOURCE: 68 FR 15618, Mar. 31, 2003, unless otherwise noted.

225.101 General.

(a) For DoD, the following two-part test determines whether a manufactured end product is a domestic end product:

(i) The end product is manufactured in the United States; and

(ii) The cost of its U.S. and qualifying country components exceeds 50 percent of the cost of all its components. This test is applied to end products only and not to individual components.

(c) Additional exceptions that allow the purchase of foreign end products are listed at 225.103.

225.103 Exceptions.

(a)(i)(A) Public interest exceptions for certain countries are in 225.872.

(B) For procurements covered by the World Trade Organization Government Procurement Agreement, the Under Secretary of Defense (Acquisition,

48 CFR Ch. 2 (10–1–10 Edition)

Technology, and Logistics) has determined that it is inconsistent with the public interest to apply the Buy American Act to end products that are substantially transformed in the United States.

(ii)(A) Normally, use the evaluation procedures in Subpart 225.5, but consider recommending a public interest exception if the purposes of the Buy American Act are not served, or in order to meet a need set forth in 10 U.S.C. 2533. For example, a public interest exception may be appropriate—

(1) If accepting the low domestic offer will involve substantial foreign expenditures, or accepting the low foreign offer will involve substantial domestic expenditures;

(2) To ensure access to advanced state-of-the-art commercial technology; or

(3) To maintain the same source of supply for spare and replacement parts (also see paragraph (b)(iii)(B) of this section)—

(i) For an end item that qualifies as a domestic end product; or

(ii) In order not to impair integration of the military and commercial industrial base.

(B) Except as provided in PGI 225.872–4, process a determination for a public interest exception after consideration of the factors in 10 U.S.C. 2533—

(1) At a level above the contracting officer for acquisitions valued at or below the simplified acquisition threshold;

(2) By the head of the contracting activity for acquisitions with a value greater than the simplified acquisition threshold but less than \$1.5 million; or

(3) By the agency head for acquisitions valued at \$1.5 million or more.

(b)(i) A determination that an article, material, or supply is not reasonably available is required when domestic offers are insufficient to meet the requirement and award is to be made on other than a qualifying country or eligible end product.

(ii) Except as provided in FAR 25.103(b)(3), the determination shall be approved—

(A) At a level above the contracting officer for acquisitions valued at or below the simplified acquisition threshold;

(B) By the chief of the contracting office for acquisitions with a value greater than the simplified acquisition threshold but less than \$1.5 million; or

(C) By the head of the contracting activity or immediate deputy for acquisitions valued at \$1.5 million or more.

(iii) A separate determination as to whether an article is reasonably available is not required for the following articles. DoD has already determined that these articles are not reasonably available from domestic sources:

(A) End products or components listed in 225.104(a).

(B) Spare or replacement parts that must be acquired from the original foreign manufacturer or supplier.

(C) Foreign drugs acquired by the Defense Supply Center, Philadelphia, when the Director, Pharmaceuticals Group, Directorate of Medical Materiel, determines that only the requested foreign drug will fulfill the requirements.

(iv) Under coordinated acquisition (see Subpart 208.70), the determination is the responsibility of the requiring department when the requiring department specifies acquisition of a foreign end product.

(c) The cost of a domestic end product is unreasonable if it is not the low evaluated offer when evaluated under Subpart 225.5.

[68 FR 15618, Mar. 31, 2003, as amended at 70 FR 2362, Jan. 13, 2005; 73 FR 4113, Jan. 24, 2008; 75 FR 45074, Aug. 2, 2010]

225.104 Nonavailable articles.

(a) DoD has determined that the following articles also are nonavailable in accordance with FAR 25.103(b):

- (i) Aluminum clad steel wire.
- (ii) Sperm oil.

225.105 Determining reasonableness of cost.

(b) Use an evaluation factor of 50 percent instead of the factors specified in FAR 25.105(b).

225.170 Acquisition from or through other Government agencies.

Contracting activities must apply the evaluation procedures in Subpart 225.5 when using Federal supply schedules.

Subpart 225.2—Buy American Act—Construction Materials

225.202 Exceptions.

(a)(2) A nonavailability determination is not required for construction materials listed in FAR 25.104(a) or in 225.104(a). For other materials, a nonavailability determination shall be approved at the levels specified in 225.103(b)(ii). Use the estimated value of the construction materials to determine the approval level.

225.301-4 Contract clause.

(1) Use the clause at FAR 52.225-19, Contractor Personnel in a Designated Operational Area or Supporting a Diplomatic or Consular Mission Outside the United States, in accordance with the prescription at FAR 25.301-4, except that—

Subpart 225.4—Trade Agreements

SOURCE: 65 FR 19852, Apr. 13, 2000, unless otherwise noted.

225.401 Exceptions.

(a)(2) If a department or agency considers an individual acquisition of a product to be indispensable for national security or national defense purposes and appropriate for exclusion from the provisions of FAR Subpart 25.4, it may submit a request with supporting rationale to the Director of Defense Procurement and Acquisition Policy (OUSD(AT&L)DPAP). Approval by OUSD(AT&L)DPAP is not required if—

(A) Purchase from foreign sources is restricted by statute (see Subpart 225.70);

(B) Another exception in FAR 25.401 applies to the acquisition; or

(C) Competition from foreign sources is restricted under Subpart 225.71.

[68 FR 15619, Mar. 31, 2003]

225.401-70 End products subject to trade agreements.

Acquisitions of end products in the following Federal supply groups (FSG) are covered by trade agreements if the value of the acquisition is at or above the applicable trade agreement threshold and no exception applies. If an end product is not in one of the listed

groups, the trade agreements do not apply. The definition of Caribbean Basin country end products in FAR 25.003 excludes those end products that are not eligible for duty-free treatment under 19 U.S.C. 2703(b). Therefore certain watches, watch parts, and luggage from certain Caribbean Basin countries are not eligible products. However, 225.003 expands the definition of Caribbean Basin country end products to include petroleum and any product derived from petroleum, in accordance with Section 8094 of Pub. L. 103-139.

(b) If using a procedure specified in 225.7703-1(a)(2) or (3), the procedures of subpart 25.4 are not applicable.

(i) The contracting officer determines that offers of U.S.-made, qualifying country, or designated country end products from responsive, responsible offerors are either—

(A) Not received; or

(B) Insufficient to fill the Government's requirements. In this case, accept all responsive, responsible offers of U.S.-made, qualifying country, and eligible products before accepting any other offers; or

(ii) A national interest waiver under 19 U.S.C. 2512(b)(2) is granted on a case-by-case basis. Except as delegated in paragraphs (c)(i)(A) and (B) of this section, submit any request for a national interest waiver to the Director of Defense Procurement and Acquisition Policy in accordance with department or agency procedures. Include supporting rationale with the request.

(A) The head of the contracting activity may approve a national interest waiver for a purchase by an overseas purchasing activity, if the waiver is supported by a written statement from the requiring activity that the products being acquired are critical for the support of U.S. forces stationed abroad.

Subpart 225.5—Evaluating Foreign Offers—Supply Contracts

SOURCE: 68 FR 15620, Mar. 31, 2003, unless otherwise noted.

225.502 Application.

(b) Use the following procedures instead of the procedures in FAR 25.502(b) for acquisitions subject to the World Trade Organization Government Procurement Agreement:

(i) Consider only offers of U.S.-made, qualifying country, or designated country end products, except as permitted by 225.403 or 225.7703–1.

(ii) If price is the determining factor, award on the low offer.

(c) Use the following procedures instead of those in FAR 25.502(c) for acquisitions subject to the Buy American Act or the Balance of Payments Program:

(i)(A) If the acquisition is subject only to the Buy American Act or the Balance of Payments Program, then only qualifying country end products are exempt from application of the Buy American Act or Balance of Payments Program evaluation factor.

(B) If the acquisition is also subject to a Free Trade Agreement, then eligible products of the applicable Free Trade Agreement country are also exempt from application of the Buy American Act or Balance of Payments Program evaluation factor.

(ii) If price is the determining factor, use the following procedures:

(A) If the low offer is a domestic offer, award on that offer.

(B) If there are no domestic offers, award on the low offer (see example in 225.504(1)).

(C) If the low offer is a foreign offer that is exempt from application of the Buy American Act or Balance of Payments Program evaluation factor, award on that offer. (If the low offer is

a qualifying country offer from a country listed at 225.872–1(b), execute a determination in accordance with 225.872–4.)

(D) If the low offer is a foreign offer that is not exempt from application of the Buy American Act or Balance of Payments Program evaluation factor, and there is another foreign offer that is exempt and is lower than the lowest domestic offer, award on the low foreign offer (see example in 225.504(2)).

(E) Otherwise, apply the 50 percent evaluation factor to the low foreign offer.

(1) If the price of the low domestic offer is less than the evaluated price of the low foreign offer, award on the low domestic offer (see example in 225.504(3)).

(2) If the evaluated price of the low foreign offer remains less than the low domestic offer, award on the low foreign offer (see example in 225.504(4)).

(iii) If price is not the determining factor, use the following procedures:

(A) If there are domestic offers, apply the 50 percent Buy American Act or Balance of Payments Program evaluation factor to all foreign offers unless an exemption applies.

(B) Evaluate in accordance with the criteria of the solicitation.

(C) If these procedures will not result in award on a domestic offer, reevaluate offers without the 50 percent factor. If this will result in award on an offer to which the Buy American Act or Balance of Payments Program applies, but evaluation in accordance with paragraph (c)(ii) of this section would result in award on a domestic offer, proceed with award only after execution of a determination in accordance with 225.103(a)(ii)(B), that domestic preference would be inconsistent with the public interest.

(iv) If the solicitation includes the provision at 252.225–7023, Preference for Products or Services from Iraq or Afghanistan, use the evaluation procedures at 225.7703–3.

225.770 Prohibition on acquisition of United States Munitions List items from Communist Chinese military companies.

This section implements Section 1211 of the National Defense Authorization Act for Fiscal Year 2006 (Pub. L. 109-163). See PGI 225.770 for additional information relating to this statute, the terms used in this section, and the United States Munitions List.

[71 FR 53046, Sept. 8, 2006]

225.770-1 Definitions.

As used in this section—

(a) *Communist Chinese military company* and *United States Munitions List* are defined in the clause at 252.225-7007, Prohibition on Acquisition of United States Munitions List Items from Communist Chinese Military Companies.

(b) *Component* means an item that is useful only when used in conjunction with an end item (22 CFR 121.8).

(c) *Part* means any single unassembled element of a major or minor com-

ponent, accessory, or attachment, that is not normally subject to disassembly without the destruction or impairment of design use (22 CFR 121.8).

[71 FR 53046, Sept. 8, 2006]

225.770-2 Prohibition.

Do not acquire supplies or services covered by the United States Munitions List (USML) (22 CFR part 121), through a contract or subcontract at any tier, from any Communist Chinese military company. This prohibition does not apply to components and parts of covered items unless the components and parts are themselves covered by the USML.

[71 FR 53046, Sept. 8, 2006]

225.770-3 Exceptions.

The prohibition in 225.770-2 does not apply to supplies or services acquired—

(a) In connection with a visit to the People's Republic of China by a vessel or an aircraft of the U.S. armed forces;

(b) For testing purposes; or

(c) For the purpose of gathering intelligence.

[71 FR 53046, Sept. 8, 2006]

225.770-4 Identifying USML items.

(a) Before issuance of a solicitation, the requiring activity shall notify the contracting officer in writing whether the items to be acquired are covered by the USML. The notification shall identify any covered item(s) and shall provide the pertinent USML reference(s) from 22 CFR Part 121.

(b) The USML includes defense articles and defense services that fall into 21 categories. Since not all USML items are themselves munitions (*e.g.*, protective personnel equipment, military training equipment), the requiring activity should consult the USML before concluding that an item is or is not covered by the USML.

[71 FR 53046, Sept. 8, 2006]

225.770-5 Waiver of prohibition.

(a) The prohibition in 225.770-2 may be waived, on a case-by-case basis, if an official identified in paragraph (b) of this subsection determines that a waiver is necessary for national security purposes.

225.802

(b) The following officials are authorized, without power of delegation, to make the determination specified in paragraph (a) of this subsection:

(1) The Under Secretary of Defense (Acquisition, Technology, and Logistics).

(2) The Secretaries of the military departments.

(3) The Component Acquisition Executive of the Defense Logistics Agency.

(c) The official granting a waiver shall notify the congressional defense committees within 30 days after the date of the waiver.

225.872 Contracting with qualifying country sources.

225.872-1 General.

(a) As a result of memoranda of understanding and other international agreements, DoD has determined it inconsistent with the public interest to apply restrictions of the Buy American Act or the Balance of Payments Program to the acquisition of qualifying country end products from the following qualifying countries:

- Australia
- Belgium
- Canada
- Denmark
- Egypt
- Federal Republic of Germany
- Finland
- France
- Greece
- Israel
- Italy
- Luxembourg
- Netherlands
- Norway

- Portugal
- Spain
- Sweden
- Switzerland
- Turkey
- United Kingdom of Great Britain and Northern Ireland.

(b) Individual acquisitions of qualifying country end products from the following qualifying country may, on a purchase-by-purchase basis (see 225.872-4), be exempted from application of the Buy American Act and the Balance of Payments Program as inconsistent with the public interest: Austria.

(c) The determination in paragraph (a) of this subsection does not limit the authority of the Secretary concerned to restrict acquisitions to domestic sources or reject an otherwise acceptable offer from a qualifying country source when considered necessary for national defense reasons.

[68 FR 15621, Mar. 31, 2003, as amended at 69 FR 8116, Feb. 23, 2004; 75 FR 32641, June 8, 2010]

225.872-2 Applicability.

(a) This section applies to all acquisitions of supplies except those restricted by—

(1) U.S. National Disclosure Policy, DoDD 5230.11, Disclosure of Classified Military Information to Foreign Governments and International Organizations;

(2) U.S. defense mobilization base requirements purchased under the authority of FAR 6.302-3(a)(2)(i), except for quantities in excess of that required to maintain the defense mobilization base. This restriction does not apply to Canadian planned producers.

(i) Review individual solicitations to determine whether this restriction applies.

(ii) Information concerning restricted items may be obtained from the Deputy Under Secretary of Defense (Industrial Affairs);

(3) Other U.S. laws or regulations (*e.g.*, the annual DoD appropriations act); and

(4) U.S. industrial security requirements.

(b) This section does not apply to construction contracts.

225.872-3 Solicitation procedures.

(a) Except for items developed under the U.S./Canadian Development Sharing Program, use the criteria for soliciting and awarding contracts to small business concerns under FAR Part 19 without regard to whether there are potential qualifying country sources for the end product. Do not consider an offer of a qualifying country end product if the solicitation is identified for the exclusive participation of small business concerns.

(b) Send solicitations directly to qualifying country sources. Solicit Canadian sources through the Canadian Commercial Corporation in accordance with 225.870.

(c) Use international air mail if solicitation destinations are outside the United States and security classification permits such use.

(d) If unusual technical or security requirements preclude the acquisition of otherwise acceptable defense equipment from qualifying country sources, review the need for such requirements. Do not impose unusual technical or security requirements solely for the purpose of precluding the acquisition of defense equipment from qualifying countries.

(e) Do not automatically exclude qualifying country sources from submitting offers because their supplies have not been tested and evaluated by the department or agency.

(1) Consider the adequacy of qualifying country service testing on a case-by-case basis. Departments or agencies that must limit solicitations to sources whose items have been tested and evaluated by the department or agency shall consider supplies from qualifying country sources that have been tested and accepted by the qualifying country for service use.

(2) The department or agency may perform a confirmatory test, if necessary.

(3) Apply U.S. test and evaluation standards, policies, and procedures when the department or agency decides that confirmatory tests of qualifying country end products are necessary.

(4) If it appears that these provisions might adversely delay service programs, obtain the concurrence of the Under Secretary of Defense (Acquisi-

tion, Technology, and Logistics), before excluding the qualifying country source from consideration.

(f) Permit industry representatives from a qualifying country to attend symposia, program briefings, prebid conferences (see FAR 14.207 and 15.201(c)), and similar meetings that address U.S. defense equipment needs and requirements. When practical, structure these meetings to allow attendance by representatives of qualifying country concerns.

225.872-4 Individual determinations.

If the offer of an end product from a qualifying country source listed in 225.872-1(b), as evaluated, is low or otherwise eligible for award, prepare a determination and findings exempting the acquisition from the Buy American Act and the Balance of Payments Program as inconsistent with the public interest, unless another exception such as the Trade Agreements Act applies. Follow the procedures at PGI 225.872-4.

[70 FR 73155, Dec. 9, 2005]

225.872-5 Contract administration.

(a) Arrangements exist with some qualifying countries to provide reciprocal contract administration services. Some arrangements are at no cost to either government. To determine whether such an arrangement has been negotiated and what contract administration functions are covered, contact the Deputy Director of Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), ((703) 697-9351, DSN 227-9351).

(b) Follow the contract administration procedures at PGI 225.872-5(b).

(c) Information on quality assurance delegations to foreign governments is in Subpart 246.4, Government Contract Quality Assurance.

[68 FR 15621, Mar. 31, 2003, as amended at 70 FR 73155, Dec. 9, 2005; 72 FR 30278, May 31, 2007]

225.872-6 Audit.

(a) Memoranda of understanding with some qualifying countries contain annexes that provide for reciprocal “no-

cost” audits of contracts and sub-contracts (pre- and post-award).

(b) To determine if such an annex is applicable to a particular qualifying country, contact the Deputy Director of Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), ((703) 697-9351, DSN 227-9351).

(c) Handle requests for audits in qualifying countries in accordance with 215.404-2(c), but follow the additional procedures at PGI 225.872-6(c).

[68 FR 15621, Mar. 31, 2003, as amended at 70 FR 73155, Dec. 9, 2005; 72 FR 30278, May 31, 2007]

225.872-7 Industrial security for qualifying countries.

The required procedures for safeguarding classified defense information necessary for the performance of contracts awarded to qualifying country sources are in the DoD Industrial Security Regulation DoD 5220.22-R (implemented for the Army by AR 380-49; for the Navy by SECNAV Instruction 5510.1H; for the Air Force by AFI 31-601; for the Defense Information Systems Agency by DCA Instruction 240-110-8; and for the National Imagery and Mapping Agency by NIMA Instruction 5220.22).

225.872-8 Subcontracting with qualifying country sources.

In reviewing contractor subcontracting procedures, the contracting officer shall ensure that the contract does not preclude qualifying country sources from competing for sub-contracts, except when restricted by national security interest reasons, mobilization base considerations, or applicable U.S. laws or regulations (see the clause at 252.225-7002, Qualifying Country Sources as Subcontractors).

225.873 Waiver of United Kingdom commercial exploitation levies.

225.873-1 Policy.

DoD and the Government of the United Kingdom (U.K.) have agreed to waive U.K. commercial exploitation levies and U.S. nonrecurring cost recoupment charges on a reciprocal basis. For U.K. levies to be waived, the offeror or contractor shall identify the

levies and the contracting officer shall request a waiver before award of the contract or subcontract under which the levies are charged.

225.873-2 Procedures.

When an offeror or a contractor identifies a levy included in an offered or contract price, follow the procedures at PGI 225.873-2.

225.1101 Acquisition of supplies.

(1) Use the provision at 252.225-7000, Buy American Act—Balance of Payments Program Certificate, instead of the provision at FAR 52.225-2, Buy American Act Certificate. Use the provision in any solicitation that includes the clause at 252.225-7001, Buy American Act and Balance of Payments Program.

(2) Use the clause at 252.225-7001, Buy American Act and Balance of Payments Program, instead of the clause at FAR 52.225-1, Buy American Act—Supplies, in solicitations and contracts unless-

(i) All line items will be acquired from a particular source or sources under the authority of FAR 6.302-3;

(ii) All line items must be domestic or qualifying country end products in accordance with Subpart 225.70. (However, the clause may still be required if Subpart 225.70 requires manufacture of the end product in the United States or in the United States or Canada, without a corresponding requirement for use of domestic components);

(iii) An exception to the Buy American Act or Balance of Payments Program applies (see FAR 25.103, 225.103, and 225.7501);

(iv) One or both of the following clauses will apply to all line items in the contract:

(A) 252.225-7021, Trade Agreements.

(B) 252.225-7036, Buy American Act—Free Trade Agreements—Balance of Payments Program; or

(v) All line items will be acquired using a procedure specified in 225.7703-1(a).

(3) Use the clause at 252.225-7002, Qualifying Country Sources as Subcontractors, in solicitations and contracts that include one of the following clauses:

(ii) Use the clause with its Alternate I in solicitations and contracts that include the clause at 252.225-7024, Requirement for Products or Services

from Iraq or Afghanistan, unless the clause at 252.225-7024 has been modified to provide a preference only for the products of Afghanistan.

(iii) Do not use the clause if—

(A) Purchase from foreign sources is restricted, unless the contracting officer anticipates a waiver of the restriction; or

(B) The clause at 252.225-7026, Acquisition Restricted to Products or Services from Iraq or Afghanistan, is included in the solicitation and contract.

(iv) The acquisition of eligible and noneligible products under the same contract may result in the application of trade agreements to only some of the items acquired. In such case, indicate in the Schedule those items covered by the Trade Agreements clause.

(7) Use the provision at 252.225-7022, Trade Agreements Certificate—Inclusion of Iraqi End Products, instead of the provision at FAR 52.225-6, Trade Agreements Certificate, in solicitations that include the clause at 252.225-7021, Trade Agreements, with its Alternate I.

Use the provision with its Alternate I when the clause at 252.225-7036 is used with its Alternate I.

(11)(i) Except as provided in paragraph (11)(ii) of this section, use the clause at 252.225-7036, Buy American Act—Free Trade Agreements—Balance

of Payments Program, instead of the clause at FAR 52.225-3, Buy American Act—Free Trade Agreements—Israeli Trade Act, in solicitations and contracts for the items listed at 225.401-70, when the estimated value equals or exceeds \$25,000, but is less than \$203,000, and a Free Trade Agreement applies to the acquisition.

(A) Use the basic clause when the estimated value equals or exceeds \$70,079.

(B) Use the clause with its Alternate I when the estimated value equals or exceeds \$25,000 but is less than \$70,079.

(ii) Do not use the clause if—

(iii) The acquisition of eligible and noneligible products under the same contract may result in the application of a Free Trade Agreement to only some of the items acquired. In such case, indicate in the Schedule those items covered by the Buy American Act—Free Trade Agreements—Balance of Payments Program clause; or

(C) Using a procedure specified in 225.7703-1(a).

(1) Means a self-propelled military transport tactical vehicle, primarily intended for use by military personnel or for carrying cargo, such as—

(i) A high-mobility multipurpose wheeled vehicle;

(ii) An armored personnel carrier; or

(iii) A troop/cargo-carrying truckcar, truck, or van; and

(2) Does not include—

(i) A commercially available off-the-shelf vehicle; or

(ii) Construction equipment (such as bulldozers, excavators, lifts, or loaders) or other self-propelled equipment (such as cranes or aircraft ground support equipment).

(c) *Produce and specialty metal* are defined in the clauses at 252.225-7008, Restriction on Acquisition of Specialty Metals, and 252.225-7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals.

225.7003-2 Restrictions.

The following restrictions implement 10 U.S.C. 2533b. Except as provided in 225.7003-3—

(a) Do not acquire the following items, or any components of the following items, unless any specialty metals contained in the items or components are melted or produced in the United States (also see guidance at PGI 225.7003-2(a)):

(1) Aircraft.

(2) Missile or space systems.

(3) Ships.

(4) Tank or automotive items.

(5) Weapon systems.

(6) Ammunition.

(b) Do not acquire a specialty metal (e.g., raw stock, including bar, billet, slab, wire, plate, and sheet; castings; and forgings) as an end item, unless the specialty metal is melted or produced in the United States. This restriction applies to specialty metal acquired by a contractor for delivery to DoD as an

end item, in addition to specialty metal acquired by DoD directly from the entity that melted or produced the specialty metal.

[74 FR 37636, July 29, 2009]

225.7003-3 Exceptions.

Procedures for submitting requests to the Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD(AT&L)) for a determination or approval as required in paragraph (b)(5), (c), or (d) of this subsection are at PGI 225.7003-3.

(a) Acquisitions in the following categories are not subject to the restrictions in 225.7003-2:

- (1) Acquisitions at or below the simplified acquisition threshold.
- (2) Acquisitions outside the United States in support of combat operations.
- (3) Acquisitions in support of contingency operations.
- (4) Acquisitions for which the use of other than competitive procedures has been approved on the basis of unusual and compelling urgency in accordance with FAR 6.302-2.
- (5) Acquisitions of items specifically for commissary resale.
- (6) Acquisitions of items for test and evaluation under the foreign comparative testing program (10 U.S.C. 2350a(g)). However, this exception does not apply to any acquisitions under follow-on production contracts.

(b) One or more of the following exceptions may apply to an end item or component that includes any of the following, under a prime contract or subcontract at any tier. The restrictions in 225.7003-2 do not apply to the following:

- (1) Electronic components, unless the Secretary of Defense, upon the recommendation of the Strategic Materials Protection Board pursuant to 10 U.S.C. 187, determines that the domestic availability of a particular electronic component is critical to national security.
- (2)(i) Commercially available off-the-shelf (COTS) items containing specialty metals, except the restrictions do apply to contracts or subcontracts for the acquisition of—

(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, and sheet, that have not been incor-

porated into end items, subsystems, assemblies, or components. Specialty metal supply contracts issued by COTS producers are not subcontracts for the purposes of this exception;

(B) Forgings or castings of specialty metals, unless the forgings or castings are incorporated into COTS end items, subsystems, or assemblies;

(C) Commercially available high performance magnets that contain specialty metal, unless such high performance magnets are incorporated into COTS end items or subsystems (see PGI 225.7003-3(b)(6) for a table of applicability of specialty metals restrictions to magnets); and

(D) COTS fasteners, unless—

- (1) The fasteners are incorporated into COTS end items, subsystems, or assemblies; or

- (2) The fasteners qualify for the commercial item exception in paragraph (b)(3) of this subsection.

- (ii) If this exception is used for an acquisition of COTS end items valued at \$5 million or more per item, the acquiring department or agency shall submit an annual report to the Director, Defense Procurement and Acquisition Policy, in accordance with the procedures at PGI 225.7003-3(b)(2).

- (3) Fasteners that are commercial items and are acquired under a contract or subcontract with a manufacturer of such fasteners, if the manufacturer has certified that it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to DoD and other customers, that is not less than 50 percent of the total amount of the specialty metal that the manufacturer will purchase to carry out the production of such fasteners for all customers.

- (4) Items listed in 225.7003-2(a), manufactured in a qualifying country or containing specialty metals melted or produced in a qualifying country.

- (5) Specialty metal in any of the items listed in 225.7003-2 if the USD(AT&L), or an official authorized in accordance with paragraph (b)(5)(i) of this subsection, determines that specialty metal melted or produced in the United States cannot be acquired as

and when needed at a fair and reasonable price in a satisfactory quality, a sufficient quantity, and the required form (*i.e.*, a domestic nonavailability determination). See guidance in PGI 225.7003-3(b)(5).

(i) The Secretary of the military department concerned is authorized, without power of redelegation, to make a domestic nonavailability determination that applies to only one contract.

The supporting documentation for the determination shall include—

(A) An analysis of alternatives that would not require a domestic nonavailability determination; and

(B) Written documentation by the requiring activity, with specificity, why such alternatives are unacceptable.

(ii) A domestic nonavailability determination that applies to more than one contract (*i.e.*, a class domestic nonavailability determination), requires the approval of the USD(AT&L).

(A) At least 30 days before making a domestic nonavailability determination that would apply to more than one contract, the USD(AT&L) will, to the maximum extent practicable, and in a manner consistent with the protection of national security and confidential business information—

(1) Publish a notice on the Federal Business Opportunities Web site (<http://www.FedBizOpps.gov> or any successor site) of the intent to make the domestic nonavailability determination; and

(2) Solicit information relevant to such notice from interested parties, including producers of specialty metal mill products.

(B) The USD(AT&L)—

(1) Will take into consideration all information submitted in response to the notice in making a class domestic nonavailability determination;

(2) May consider other relevant information that cannot be made part of the public record consistent with the protection of national security information and confidential business information; and

(3) Will ensure that any such domestic nonavailability determination and the rationale for the determination are made publicly available to the maximum extent consistent with the protection of national security and confidential business information.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (*i.e.*, specialty metals not melted or produced in the United States that are not covered by another exception listed in this paragraph (b)), if the total weight of noncompliant specialty metal does not exceed 2 percent of the total weight of all specialty metal in the end item. This exception does not apply to high performance magnets containing specialty metals. See PGI 225.7003-3(b)(6) for a table of applicability of specialty metals restrictions to magnets.

(c) *Compliance for commercial derivative military articles.* The restrictions at 225.7003-2(a) do not apply to an item acquired under a prime contract if—

(1) The offeror has certified, and subsequently demonstrates, that the offeror and its subcontractor(s) will individually or collectively enter into a contractual agreement or agreements to purchase a sufficient quantity of domestically melted or produced specialty metal in accordance with the provision at 252.225-7010; and

(2) The USD(AT&L), or the Secretary of the military department concerned, determines that the item is a commercial derivative military article (defense agencies see procedures at PGI 225.7003-3). The contracting officer shall submit the offeror's certification and a request for a determination to the appropriate official, through agency channels, and shall notify the offeror when a decision has been made.

(d) *National security waiver.* The USD(AT&L) may waive the restrictions at 225.7003-2 if the USD(AT&L) determines in writing that acceptance of the item is necessary to the national security interests of the United States (*see* procedures at PGI 225.7003-3). This authority may not be delegated.

(1) The written determination of the USD(AT&L)—

(i) Shall specify the quantity of end items to which the national security waiver applies;

(ii) Shall specify the time period over which the national security waiver applies; and

(iii) Shall be provided to the congressional defense committees before the determination is executed, except that

in the case of an urgent national security requirement, the determination may be provided to the congressional defense committees up to 7 days after it is executed.

(2) After making such a determination, the USD(AT&L) will—

(i) Ensure that the contractor or subcontractor responsible for the non-compliant specialty metal develops and implements an effective plan to ensure future compliance; and

(ii) Determine whether or not the noncompliance was knowing and willful. If the USD(AT&L) determines that the noncompliance was knowing and willful, the appropriate debarring and suspending official shall consider suspending or debarring the contractor or subcontractor until such time as the contractor or subcontractor has effectively addressed the issues that led to the noncompliance.

(3) Because national security waivers will only be granted when the acquisition in question is necessary to the national security interests of the United States, the requirement for a plan will be applied as a condition subsequent, and not a condition precedent, to the granting of a waiver.

225.7003-4 One-time waiver.

DoD may accept articles containing specialty metals that are not in compliance with the specialty metals clause of the contract if—

(a) Final acceptance takes place before September 30, 2010;

(b) The specialty metals were incorporated into items (whether end items or components) produced, manufactured, or assembled in the United States before October 17, 2006;

(c) The contracting officer determines in writing that—

(1) It would not be practical or economical to remove or replace the specialty metals incorporated in such items or to substitute items containing compliant materials;

(2) The contractor and any subcontractor responsible for providing items containing non-compliant specialty metals have in place an effective plan to ensure compliance with the specialty metals clause of the contract for

future items produced, manufactured, or assembled in the United States; and

(3) The non-compliance was not knowing or willful;

(d) The determination is approved by—

(1) The USD(AT&L); or

(2) The service acquisition executive of the military department concerned; and

(e) Not later than 15 days after approval of the determination, the contracting officer posts a notice on the Federal Business Opportunities Web site at <http://www.FedBizOpps.gov>, stating that a waiver for the contract has been granted under Section 842(b) of the National Defense Authorization Act for Fiscal Year 2007 (Pub. L. 109-364).

[74 FR 37636, July 29, 2009]

225.7003-5 Solicitation provision and contract clauses.

(a) Unless the acquisition is wholly exempt from the specialty metals restrictions at 225.7003-2 because the acquisition is covered by an exception in 225.7003-3(a) or (d) (but see paragraph (d) of this subsection)—

(1) Use the clause at 252.225-7008, Restriction on Acquisition of Specialty Metals, in solicitations and contracts that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require the delivery of specialty metals as end items.

(2) Use the clause at 252.225-7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals, in solicitations and contracts that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require delivery of any of the following items, or components of the following items, if such items or components contain specialty metal:

(A) Aircraft.

(B) Missile or space systems.

(C) Ships.

(D) Tank or automotive items.

(E) Weapon systems.

(F) Ammunition.

(b) Use the provision at 252.225-7010, Commercial Derivative Military Article—Specialty Metals Compliance Certificate, in solicitations—

225.7004

(1) That contain the clause at 252.225-7009; and

(2) For which the contracting officer anticipates that one or more offers of commercial derivative military articles may be received.

(c) If an agency cannot reasonably determine at time of acquisition whether some or all of the items will be used in support of combat operations or in support of contingency operations, the contracting officer should not rely on the exception at 225.7003-3(a)(2) or (3), but should include the appropriate specialty metals clause or provision in the solicitation and contract.

(d) If the solicitation and contract require delivery of a variety of contract line items containing specialty metals, but only some of the items are subject to domestic specialty metals restrictions, identify in the Schedule those items that are subject to the restrictions.

[68 FR 15627, Mar. 31, 2003]

225.7004-2 Applicability.

Apply this restriction if the buses are purchased, leased, rented, or made available under contracts for transportation services.

[68 FR 15627, Mar. 31, 2003]

225.7004-3 Exceptions.

This restriction does not apply in any of the following circumstances:

(a) Buses manufactured outside the United States and Canada are needed for temporary use because buses manufactured in the United States or Canada are not available to satisfy requirements that cannot be postponed. Such use may not, however, exceed the lead time required for acquisition and delivery of buses manufactured in the United States or Canada.

48 CFR Ch. 2 (10-1-10 Edition)

(b) The requirement for buses is temporary in nature. For example, to meet a special, nonrecurring requirement or a sporadic and infrequent recurring requirement, buses manufactured outside the United States and Canada may be used for temporary periods of time. Such use may not, however, exceed the period of time needed to meet the special requirement.

(c) Buses manufactured outside the United States and Canada are available at no cost to the U.S. Government.

(d) The acquisition is for an amount at or below the simplified acquisition threshold.

[68 FR 15627, Mar. 31, 2003]

225.7006-2 Exceptions.

This restriction does not apply if the acquisition is—

(a) For an amount at or below the simplified acquisition threshold; or

(b) For spare or repair parts needed to support air circuit breakers manufactured outside the United States. Support includes the purchase of spare air circuit breakers when those from alternate sources are not interchangeable.

(1) It is manufactured in the United States, including cutting, heat treating, quality control, testing, and welding (both forging and shot blasting process); and

(2) The cost of the components manufactured in the United States exceeds 50 percent of the total cost of components.

(b) 10 U.S.C. 2534 also restricts acquisition of welded shipboard anchor and mooring chain, four inches or less in diameter, when used as a component of a naval vessel. However, the Appropriations Act restriction described in paragraph (a) of this subsection takes precedence over the restriction of 10 U.S.C. 2534.

225.7007-2 Waiver.

(a) The Secretary of the department responsible for acquisition may waive the restriction in 225.7007-1(a), on a case-by-case basis, if—

(1) Sufficient domestic suppliers are not available to meet DoD requirements on a timely basis; and

(2) The acquisition is necessary to acquire capability for national security purposes.

(b) Document the waiver in a written determination and findings containing—

(1) The factors supporting the waiver; and

(2) A certification that the acquisition must be made in order to acquire capability for national security purposes.

225.7008 Waiver of restrictions of 10 U.S.C. 2534.

(a) When specifically authorized by reference elsewhere in this subpart, the restrictions on certain foreign purchases under 10 U.S.C. 2534(a) may be waived as follows:

(1)(i) The Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD(AT&L)), without power of delegation, may waive a restriction for a particular item for a particular foreign country upon determination that—

(A) United States producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country; or

(B) Application of the restriction would impede cooperative programs entered into between DoD and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items under 225.872, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(ii) A notice of the determination to exercise the waiver authority shall be published in the FEDERAL REGISTER and submitted to the congressional defense committees at least 15 days before the effective date of the waiver.

48 CFR Ch. 2 (10-1-10 Edition)

(iii) The effective period of the waiver shall not exceed 1 year.

(iv) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, the waiver shall be applied as directed or authorized in the waiver to—

(A) Subcontracts entered into on or after the effective date of the waiver; and

(B) Options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

(2) The head of the contracting activity may waive a restriction on a case-by-case basis upon execution of a determination and findings that any of the following applies:

(i) The restriction would cause unreasonable delays.

(ii) Satisfactory quality items manufactured in the United States or Canada are not available.

(iii) Application of the restriction would result in the existence of only one source for the item in the United States or Canada.

(iv) Application of the restriction is not in the national security interests of the United States.

(v) Application of the restriction would adversely affect a U.S. company.

(3) A restriction is waived when it would cause unreasonable costs. The cost of an item of U.S. or Canadian origin is unreasonable if it exceeds 150 percent of the offered price, inclusive of duty, of items that are not of U.S. or Canadian origin.

(b) In accordance with the provisions of paragraphs (a)(1)(i) through (iii) of this section, the USD(AT&L) has waived the restrictions of 10 U.S.C. 2534(a) for certain items manufactured in the United Kingdom, including air circuit breakers for naval vessels (*see* 225.7006). This waiver applies to—

(1) Procurements under solicitations issued on or after August 4, 1998; and

(2) Subcontracts and options under contracts entered into prior to August 4, 1998, under the conditions described in paragraph (a)(1)(iv) of this section.

(2) A major component of the hull or superstructure of a vessel for any of the armed forces; and

(b) Do not overhaul, repair, or maintain in a foreign shipyard, a naval vessel (or any other vessel under the jurisdiction of the Secretary of the Navy) homeported in the United States. This restriction does not apply to voyage repairs.

[68 FR 15627, Mar. 31, 2003. Redesignated at 74 FR 53413, Oct. 19, 2009]

225.7016-1 Definitions.

Competent, foreign firm, and U.S. firm are defined in the provision at 252.225-7018, Notice of Prohibition of Certain Contracts with Foreign Entities for the Conduct of Ballistic Missile Defense Research, Development, Test, and Evaluation.

[68 FR 15627, Mar. 31, 2003. Redesignated at 74 FR 53413, Oct. 19, 2009]

225.7016-2 Restriction.

In accordance with Section 222 of the DoD Authorization Act for Fiscal Years 1988 and 1989 (Pub. L. 100-180), do

not use any funds appropriated to or for the use of DoD to enter into or carry out a contract with a foreign government or firm, including any contract awarded as a result of a broad agency announcement, if the contract provides for the conduct of research, development, test, and evaluation (RDT&E) in connection with the Ballistic Missile Defense Program.

[68 FR 15627, Mar. 31, 2003. Redesignated at 74 FR 53413, Oct. 19, 2009]

225.7016-3 Exceptions.

This restriction does not apply—

(a) To contracts awarded to a foreign government or firm if the contracting officer determines that—

(1) The contract will be performed within the United States;

(2) The contract is exclusively for RDT&E in connection with antitactical ballistic missile systems; or

(3) The foreign government or firm agrees to share a substantial portion of the total contract cost. Consider the foreign share as substantial if it is equitable with respect to the relative benefits that the United States and the foreign parties will derive from the contract. For example, if the contract is more beneficial to the foreign party, its share of the cost should be correspondingly higher; or

(b) If the head of the contracting activity certifies in writing, before contract award, that a U.S. firm cannot competently perform a contract for RDT&E at a price equal to or less than the price at which a foreign government or firm would perform the RDT&E. The contracting officer or source selection authority, as applicable, shall make a determination, in accordance with PGI 225.7016-3 (b), that will be the basis for the certification.

225.7016-4 Solicitation provision.

Unless foreign participation is otherwise excluded, use the provision at 252.225-7018, Notice of Prohibition of Certain Contracts With Foreign Entities for the Conduct of Ballistic Missile Defense Research, Development, Test, and Evaluation, in competitively nego-

tiated solicitations for RDT&E in connection with the Ballistic Missile Defense Program.

Subpart 225.71—Other Restrictions on Foreign Acquisition

SOURCE: 68 FR 15631, Mar. 31, 2003, unless otherwise noted.

225.7100 Scope of subpart.

This subpart contains foreign product restrictions that are based on policies designed to protect the defense industrial base.

225.7101 Definitions.

“Component” and “domestic manufacture,” as used in this subpart, are defined in the clause at 252.225-7025, Restriction on Acquisition of Forgings.

[74 FR 68384, Dec. 24, 2009]

225.7102 Forgings.

225.7102-1 Policy.

When acquiring the following forging items, whether as end items or components, acquire items that are of domestic manufacture to the maximum extent practicable:

Items	Categories
Ship propulsion shafts	Excludes service and landing craft shafts.
Periscope tubes	All.
Ring forgings for bull gears ...	All greater than 120 inches in diameter.

225.7102-2 Exceptions.

The policy in 225.7102-1 does not apply to acquisitions—

(a) Using simplified acquisition procedures, unless the restricted item is the end item being purchased;

(b) Overseas for overseas use; or

(c) When the quantity acquired exceeds the amount needed to maintain the U.S. defense mobilization base (provided the excess quantity is an economical purchase quantity). The requirement for domestic manufacture does not apply to the quantity above that required to maintain the base, in which case, qualifying country sources may compete.

225.7102-3

225.7102-3 Waiver.

Upon request from a contractor, the contracting officer may waive the requirement for domestic manufacture of the items listed in 225.7102-1.

225.7102-4 Contract clause.

Use the clause at 252.225-7025, Restriction on Acquisition of Forgings, in solicitations and contracts, unless—

(a) The supplies being acquired do not contain any of the items listed in 225.7102-1; or

(b) An exception in 225.7102-2 applies. If an exception applies to only a portion of the acquisition, specify the expected portion in the solicitation and contract.

Subpart 225.72—Reporting Contract Performance Outside the United States

SOURCE: 70 FR 20839, Apr. 22, 2005, unless otherwise noted.

225.7201 Policy.

(a) 10 U.S.C. 2410g requires offerors and contractors to notify DoD of any intention to perform a DoD contract outside the United States and Canada when the contract could be performed inside the United States or Canada.

(b) DoD requires contractors to report the volume, type, and nature of contract performance outside the United States.

225.7202 Exception.

This subpart does not apply to contracts for commercial items, construction, ores, natural gas, utilities, petroleum products and crudes, timber (logs), or subsistence.

225.7203 Contracting officer distribution of reports.

Follow the procedures at PGI 225.7203 for distribution of reports submitted with offers in accordance with the provision at 252.225-7003, Report of Intended Performance Outside the United States and Canada—Submission with Offer.

48 CFR Ch. 2 (10-1-10 Edition)

225.7204 Solicitation provision and contract clauses.

Except for acquisitions described in 225.7202—

(a) Use the provision at 252.225-7003, Report of Intended Performance Outside the United States and Canada—Submission with Offer, in solicitations with a value exceeding \$12.5 million;

(b) Use the clause at 252.225-7004, Report of Intended Performance Outside the United States and Canada—Submission after Award, in solicitations and contracts with a value exceeding \$12.5 million; and

(c) Use the clause at 252.225-7006, Quarterly Reporting of Actual Contract Performance Outside the United States, in solicitations and contracts with a value exceeding \$650,000.

[70 FR 20839, Apr. 22, 2005, as amended at 71 FR 75892, Dec. 19, 2006; 75 FR 45074, Aug. 2, 2010]

Subpart 225.73—Acquisitions for Foreign Military Sales

225.7300 Scope of subpart.

(a) This subpart contains policies and procedures for acquisitions for foreign military sales (FMS) under the Arms Export Control Act (22 U.S.C. Chapter 39). Section 22 of the Arms Export Control Act (22 U.S.C. 2762) authorizes DoD to enter into contracts for resale to foreign countries or international organizations.

(b) This subpart does not apply to—

(1) FMS made from inventories or stocks;

(2) Acquisitions for replenishment of inventories or stocks; or

(3) Acquisitions made under DoD cooperative logistic supply support arrangements.

[63 FR 43889, Aug. 17, 1998]

225.7301 General.

(a) The U.S. Government sells defense articles and services to foreign governments or international organizations through FMS agreements. The agreement is documented in a Letter of Offer and Acceptance (LOA) (see DoD 5105.38-M, Security Assistance Management Manual).

(b) Conduct FMS acquisitions under the same acquisition and contract

management procedures used for other defense acquisitions.

(c) Follow the additional procedures at PGI 225.7301(c) for preparation of solicitations and contracts that include FMS requirements.

(d) See 229.170 for policy on contracts financed under U.S. assistance programs that involve payment of foreign country value added taxes or customs duties.

[70 FR 73155, Dec. 9, 2005]

225.7302 Guidance.

For guidance on the role of the contracting officer in FMS programs that will require an acquisition, see PGI 225.7302.

[70 FR 73155, Dec. 9, 2005]

225.7303 Pricing acquisitions for FMS.

(a) Price FMS contracts using the same principles used in pricing other defense contracts. However, application of the pricing principles in FAR parts 15 and 31 to an FMS contract may result in prices that differ from other defense contract prices for the same item due to the considerations in this section.

(b) If the foreign government has conducted a competition resulting in adequate price competition (see FAR 15.403-1(b)(1)), the contracting officer shall not require the submission of cost or pricing data. The contracting officer should consult with the foreign government through security assistance personnel to determine if adequate price competition has occurred.

[64 FR 49683, Sept. 14, 1999, as amended at 68 FR 15632, Mar. 31, 2003]

225.7303-1 Contractor sales to other foreign customers.

If the contractor has made sales of the item required for the foreign military sale to foreign customers under comparable conditions, including quantity and delivery, price the FMS contract in accordance with FAR part 15.

225.7303-2 Cost of doing business with a foreign government or an international organization.

(a) In pricing FMS contracts where non-U.S. Government prices as described in 225.7303-1 do not exist, except

as provided in 225.7303-5, recognize the reasonable and allocable costs of doing business with a foreign government or international organization, even though such costs might not be recognized in the same amounts in pricing other defense contracts. Examples of such costs include, but are not limited to, the following:

(1) Selling expenses (not otherwise limited by FAR Part 31), such as—

(i) Maintaining international sales and service organizations;

(ii) Sales commissions and fees in accordance with FAR Subpart 3.4;

(iii) Sales promotions, demonstrations, and related travel for sales to foreign governments. Section 126.8 of the International Traffic in Arms Regulations (22 CFR 126.8) may require Government approval for these costs to be allowable, in which case the appropriate Government approval shall be obtained; and

(iv) Configuration studies and related technical services undertaken as a direct selling effort to a foreign country.

(2) Product support and post-delivery service expenses, such as—

(i) Operations or maintenance training, training or tactics films, manuals, or other related data; and

(ii) Technical field services provided in a foreign country related to accident investigations, weapon system problems, or operations/tactics enhancement, and related travel to foreign countries.

(3) Offset costs (also see 225.7306).

(i) A U.S. defense contractor may recover all costs incurred for offset agreements with a foreign government or international organization if the LOA is financed wholly with customer cash or repayable foreign military finance credits.

(ii) The U.S. Government assumes no obligation to satisfy or administer the offset requirement or to bear any of the associated costs.

(4) Costs that are the subject of advance agreement under the appropriate provisions of FAR part 31; or where the advance understanding places a limit on the amounts of cost that will be recognized as allowable in defense contract pricing, and the agreement contemplated that it will apply only to

DoD contracts for the U.S. Government's own requirement (as distinguished from contracts for FMS).

(b) Costs not allowable under FAR Part 31 are not allowable in pricing FMS contracts, except as noted in paragraphs (c) and (e) of this subsection.

(c) The limitations for major contractors on independent research and development and bid and proposal (IR&D/B&P) costs for projects that are of potential interest to DoD, in 231.205-18(c)(iii), do not apply to FMS contracts, except as provided in 225.7303-5. The allowability of IR&D/B&P costs on contracts for FMS not wholly paid for from funds made available on a non-repayable basis is limited to the contract's allocable share of the contractor's total IR&D/B&P expenditures. In pricing contracts for such FMS—

(1) Use the best estimate of reasonable costs in forward pricing; and

(2) Use actual expenditures, to the extent that they are reasonable, in determining final cost.

(d) Under paragraph (e)(1)(A) of Section 21 of the Arms Export Control Act (22 U.S.C. 2761), the United States must charge for administrative services to recover the estimated cost of administration of sales made under the Army Export Control Act.

(e) The limitations in 231.205-1 on allowability of costs associated with leasing Government equipment do not apply to FMS contracts.

[56 FR 36367, July 31, 1991, as amended at 56 FR 67216, Dec. 30, 1991; 57 FR 42631, Sept. 15, 1992; 57 FR 53600, Nov. 12, 1992; 59 FR 50511, Oct. 4, 1994; 61 FR 7744, Feb. 29, 1996; 61 FR 18987, Apr. 30, 1996; 63 FR 43889, Aug. 17, 1998; 64 FR 8729, Feb. 23, 1999; 64 FR 49684, Sept. 14, 1999; 68 FR 15632, Mar. 31, 2003; 70 FR 73155, Dec. 9, 2005; 74 FR 68382, Dec. 24, 2009]

225.7303-3 Government-to-government agreements.

If a government-to-government agreement between the United States and a foreign government for the sale, coproduction, or cooperative logistic support of a specifically defined weapon system, major end item, or support item, contains language in conflict with the provisions of this section, the language of the government-to-government agreement prevails.

225.7303-4 Contingent fees.

(a) Except as provided in paragraph (b) of this subsection, contingent fees are generally allowable under DoD contracts, provided—

(1) The fees are paid to a bona fide employee or a bona fide established commercial or selling agency maintained by the prospective contractor for the purpose of securing business (see FAR Part 31 and FAR Subpart 3.4); and

(2) The contracting officer determines that the fees are fair and reasonable.

(b)(1) Under DoD 5105.38-M, LOAs for requirements for the governments of Australia, Taiwan, Egypt, Greece, Israel, Japan, Jordan, Republic of Korea, Kuwait, Pakistan, Philippines, Saudi Arabia, Turkey, Thailand, or Venezuela (Air Force) shall provide that all U.S. Government contracts resulting from the LOAs prohibit the reimbursement of contingent fees as an allowable cost under the contract, unless the contractor identifies the payments and the foreign customer approves the payments in writing before contract award (see 225.7307(a)).

(2) For FMS to countries not listed in paragraph (b)(1) of this subsection, contingent fees exceeding \$50,000 per FMS case are unallowable under DoD contracts, unless the contractor identifies the payment and the foreign customer approves the payment in writing before contract award.

[68 FR 15633, Mar. 31, 2003, as amended at 70 FR 73155, Dec. 9, 2005]

225.7303-5 Acquisitions wholly paid for from nonrepayable funds.

(a) In accordance with 22 U.S.C. 2762(d), price FMS wholly paid for from funds made available on a nonrepayable basis on the same costing basis with regard to profit, overhead, IR&D/B&P, and other costing elements as is applicable to acquisitions of like items purchased by DoD for its own use.

(b) Direct costs associated with meeting a foreign customer's additional or unique requirements are allowable under such contracts. Indirect burden rates applicable to such direct costs

are permitted at the same rates applicable to acquisitions of like items purchased by DoD for its own use.

(c) A U.S. defense contractor may not recover costs incurred for offset agreements with a foreign government or international organization if the LOA is financed with funds made available on a nonrepayable basis.

[61 FR 18988, Apr. 30, 1996; 61 FR 49531, Sept. 20, 1996, as amended at 63 FR 43890, Aug. 17, 1998; 64 FR 49684, Sept. 14, 1999; 68 FR 15633, Mar. 31, 2003]

225.7304 FMS customer involvement.

(a) FMS customers may request that a defense article or defense service be obtained from a particular contractor. In such cases, FAR 6.302-4 provides authority to contract without full and open competition. The FMS customer may also request that a subcontract be placed with a particular firm. The contracting officer shall honor such requests from the FMS customer only if the LOA or other written direction sufficiently fulfills the requirements of FAR Subpart 6.3.

(b) FMS customers should be encouraged to participate with U.S. Government acquisition personnel in discussions with industry to—

- (1) Develop technical specifications;
- (2) Establish delivery schedules;
- (3) Identify any special warranty provisions or other requirements unique to the FMS customer; and
- (4) Review prices of varying alternatives, quantities, and options needed to make price-performance tradeoffs.

(c) Do not disclose to the FMS customer any data, including cost or pricing data, that is contractor proprietary unless the contractor authorizes its release.

(d) Except as provided in paragraph (e)(3) of this section, the degree of FMS customer participation in contract negotiations is left to the discretion of the contracting officer after consultation with the contractor. The contracting officer shall provide an explanation to the FMS customer if its participation in negotiations will be limited. Factors that may limit FMS customer participation include situations where—

(1) The contract includes requirements for more than one FMS customer;

(2) The contract includes unique U.S. requirements; or

(3) Contractor proprietary data is a subject of negotiations.

(e) Do not allow representatives of the FMS customer to—

(1) Direct the exclusion of certain firms from the solicitation process (they may suggest the inclusion of certain firms);

(2) Interfere with a contractor's placement of subcontracts; or

(3) Observe or participate in negotiations between the U.S. Government and the contractor involving cost or pricing data, unless a deviation is granted in accordance with Subpart 201.4.

(f) Do not accept directions from the FMS customer on source selection decisions or contract terms (except that, upon timely notice, the contracting officer may attempt to obtain any special contract provisions, warranties, or other unique requirements requested by the FMS customer).

(g) Do not honor any requests by the FMS customer to reject any bid or proposal.

(h) If an FMS customer requests additional information concerning FMS contract prices, the contracting officer shall, after consultation with the contractor, provide sufficient information to demonstrate the reasonableness of the price and reasonable responses to relevant questions concerning contract price. This information—

(1) May include tailored responses, top-level pricing summaries, historical prices, or an explanation of any significant differences between the actual contract price and the estimated contract price included in the initial LOA; and

(2) May be provided orally, in writing, or by any other method acceptable to the contracting officer.

[67 FR 70325, Nov. 22, 2002]

225.7305 Limitation of liability.

Advise the contractor when the foreign customer will assume the risk for loss or damage under the appropriate limitation of liability clause(s) (see FAR Subpart 46.8). Consider the costs

225.7306

of necessary insurance, if any, obtained by the contractor to cover the risk of loss or damage in establishing the FMS contract price.

[56 FR 36367, July 31, 1991, as amended at 68 FR 15633, Mar. 31, 2003]

225.7306 Offset arrangements.

In accordance with the Presidential policy statement of April 16, 1990, DoD does not encourage, enter into, or commit U.S. firms to FMS offset arrangements. The decision whether to engage in offsets, and the responsibility for negotiating and implementing offset arrangements, resides with the companies involved. (Also see 225.7303-2(a)(3).)

[70 FR 73155, Dec. 9, 2005]

225.7307 Contract clauses.

(a) Use the clause at 252.225-7027, Restriction on Contingent Fees for Foreign Military Sales, in solicitations and contracts for FMS. Insert in paragraph (b)(1) of the clause the name(s) of any foreign country customer(s) listed in 225.7303-4(b).

(b) Use the clause at 252.225-7028, Exclusionary Policies and Practices of Foreign Governments, in solicitations and contracts for the purchase of supplies and services for international military education training and FMS.

(a) This section applies to contracts that involve contractor personnel authorized to accompany U.S. Armed Forces deployed outside the United States in—

- (1) Contingency operations;
- (2) Humanitarian or peacekeeping operations; or
- (3) Other military operations or military exercises, when designated by the combatant commander.

(b) Any of the types of operations listed in paragraph (a) of this subsection may include stability operations such as—

225.7402-3 Government support.

(a) Government support that may be authorized or required for contractor personnel performing in a designated operational area may include, but is not limited to, the types of support listed in PGI 225.7402-3(a).

(b) The agency shall provide logistical or security support only when the appropriate agency official, in accordance with agency guidance, determines in coordination with the combatant commander that—

(1) Such Government support is available and is needed to ensure continuation of essential contractor services; and

(2) The contractor cannot obtain adequate support from other sources at a reasonable cost.

(c) The contracting officer shall specify in the solicitation and contract—

(1) Valid terms, approved by the combatant commander, that specify the responsible party, if a party other than the combatant commander is responsible for providing protection to the contractor personnel performing in the designated operational area as specified in 225.7402-1;

(2) If medical or dental care is authorized beyond the standard specified in paragraph (c)(2)(i) of the clause at 252.225-7040, Contractor Personnel Authorized to Accompany U.S. Armed Forces Deployed Outside the United States; and

(3) Any other Government support to be provided, and whether this support will be provided on a reimbursable basis, citing the authority for the reimbursement.

(d) The contracting officer shall provide direction to the contractor, if the contractor is required to reimburse the Government for medical treatment or transportation of contractor personnel to a selected civilian facility in accordance with paragraph (c)(2)(ii) of the clause at 252.225-7040.

(e) Contractor personnel must have a letter of authorization (LOA) issued by a contracting officer in order to process through a deployment center or to travel to, from, or within the designated operational area. The LOA also will identify any additional authorizations, privileges, or Government sup-

port that the contractor personnel are entitled to under the contract. For a sample LOA, see PGI 225.7402-3(e).

[73 FR 16774, Mar. 31, 2008]

225.7402-4 Law of war training.

(a) *Basic training.* Basic law of war training is required for all contractor personnel authorized to accompany U.S. Armed Forces deployed outside the United States. The basic training normally will be provided through a military-run training center. The contracting officer may authorize the use of an alternate basic training source, provided the servicing DoD legal advisor concurs with the course content. An example of an alternate source of basic training is the Web-based training provided by the Defense Acquisition University at <https://acc.dau.mil/CommunityBrowser.aspx?id=18014&lang=en-US>.

(iv) Other personnel when deemed necessary by the contracting officer.

(2) If contractor personnel will be required to obtain advanced law of war training, the solicitation and contract shall specify—

(i) The types of personnel subject to advanced law of war training requirements;

(ii) Whether the training will be provided by the Government or the contractor;

(iii) If the training will be provided by the Government, the source of the training; and

(iv) If the training will be provided by the contractor, a requirement for coordination of the content with the servicing DoD legal advisor to ensure

 - (i) Listed in FAR 25.104 or 225.104(a)(iii);

(i) A subsistence product is perishable and delivery from the United States would significantly impair the quality at the point of consumption;

(ii) An end product or construction material, by its nature or as a practical matter, can best be acquired in the geographic area concerned, e.g., ice or books; or bulk material, such as sand, gravel, or other soil material, stone, concrete masonry units, or fired brick;

(iii) A particular domestic construction material is not available;

(iv) The cost of domestic construction material would exceed the cost of foreign construction material by more than 50 percent, calculated on the basis of—

(A) A particular construction material; or

(B) The comparative cost of application of the Balance of Payments Program to the total acquisition; or

(v) Use of a particular domestic construction material is impracticable;

(b) After receipt of offers—

(1) The evaluated low offer (*see* Subpart 225.5) is an offer of an end product that—

(i) Is a qualifying country end product;

(ii) Is an eligible product; or

(iii) Is a nonqualifying country end product, but application of the Balance of Payments Program evaluation factor would not result in award on a domestic offer; or

(2) The construction material is an eligible product; or

(c) At any time during the acquisition process, the head of the agency determines that it is not in the public interest to apply the restrictions of the

Balance of Payments Program to the end product or construction material.

[73 FR 53153, Sept. 15, 2008, as amended at 75 FR 18039, Apr. 8, 2010]

225.7702 Acquisition of small arms.

(a) Except as provided in paragraph (b) of this section, when acquiring small arms for assistance to the Army of Iraq, the Army of Afghanistan, the Iraqi Police Forces, the Afghani Police Forces, or other Iraqi or Afghani security organizations—

(1) Use full and open competition to the maximum extent practicable, consistent with the provisions of 10 U.S.C. 2304;

(2) If use of other than full and open competition is justified in accordance with FAR Subpart 6.3, ensure that—

(i) No responsible U.S. manufacturer is excluded from competing for the acquisition; and

(ii) Products manufactured in the United States are not excluded from the competition; and

(3) If the exception at FAR 6.302-2 (unusual and compelling urgency) applies, do not exclude responsible U.S. manufacturers or products manufactured in the United States from the competition for the purpose of administrative expediency. However, such an offer may be rejected if it does not meet delivery schedule requirements.

(b) Paragraph (a)(2) of this section does not apply when—

(1) The exception at FAR 6.302-1 (only one or a limited number of responsible sources) applies, and the only responsible source or sources are not U.S. manufacturers or are not offering products manufactured in the United States; or

(2) The exception at FAR 6.302-4 (international agreement) applies, and United States manufacturers or products manufactured in the United States are not the source(s) specified in the written directions of the foreign government reimbursing the agency for the cost of the acquisition of the property or services for such government.

225.7703 Acquisition of products or services other than small arms.

225.7703-1 Acquisition procedures.

(a) Subject to the requirements of 225.7703-2, a product or service (including construction), other than small arms, in support of operations in Iraq or Afghanistan, may be acquired by—

(1) Providing a preference for products or services from Iraq or Afghanistan in accordance with the evaluation procedures at 225.7703-3;

(2) Limiting competition to products or services from Iraq or Afghanistan; or

(3) Using procedures other than competitive procedures to award a contract to a particular source or sources from Iraq or Afghanistan. When other than competitive procedures are used, the contracting officer shall document the contract file with the rationale for selecting the particular source(s).

(b) For acquisitions conducted using a procedure specified in paragraph (a) of this subsection, the justification and approval addressed in FAR Subpart 6.3 is not required.

225.7703-2 Determination requirements.

Before use of a procedure specified in 225.7703-1(a), a written determination must be prepared and executed as follows:

(a) For products or services to be used only by the military forces, police, or other security personnel of Iraq or Afghanistan, the contracting officer shall—

(2) Include the written determination in the contract file.

(b) For products or services not limited to use by the military forces, police, or other security personnel of Iraq or Afghanistan, the following requirements apply:

(1) The appropriate official specified in paragraph (b)(2) of this subsection must determine in writing that it is in the national security interest of the United States to use a procedure specified in 225.7703-1(a), because—

(i) The procedure is necessary to provide a stable source of jobs in Iraq or Afghanistan; and

(ii) Use of the procedure will not adversely affect—

(A) Operations in Iraq or Afghanistan (including security, transition, reconstruction, and humanitarian relief activities); or

(B) The U.S. industrial base. The authorizing official generally may presume that there will not be an adverse effect on the U.S. industrial base. However, when in doubt, the authorizing official should coordinate with the applicable subject matter expert specified in PGI 225.7703-2(b).

(2) Determinations may be made for an individual acquisition or a class of acquisitions meeting the criteria in paragraph (b)(1) of this subsection as follows:

(i) The head of the contacting activity is authorized to make a determination that applies to an individual acquisition with a value of less than \$85.5 million.

(ii) The Director, Defense Procurement and Acquisition Policy, and the following officials, without power of re-delegation, are authorized to make a determination that applies to an individual acquisition with a value of \$85.5 million or more or to a class of acquisitions:

(A) Defense Logistics Agency Component Acquisition Executive.

(B) Army Acquisition Executive.

(C) Navy Acquisition Executive.

(D) Air Force Acquisition Executive.

(E) Commander of the Joint Contracting Command—Iraq/Afghanistan (JCC-I/A).

(3) The contracting officer—

(c) See PGI 225.7703-2(c) for formats for use in preparation of the determinations required by this subsection.

[73 FR 53153, Sept. 15, 2008, as amended at 75 FR 18039, Apr. 8, 2010; 75 FR 45074, Aug. 2, 2010]

225.7703-3

(a) Evaluate offers submitted in response to solicitations that include the provision at 252.225-7023, Preference for Products or Services from Iraq or Afghanistan, as follows:

(1) If the low offer is an offer of a product or service from Iraq or Afghanistan, award on that offer.

(2) If there are no offers of a product or service from Iraq or Afghanistan, award on the low offer.

(3) Otherwise, apply the evaluation factor specified in the solicitation to the low offer.

(i) If the price of the low offer of a product or service from Iraq or Afghanistan is less than the evaluated price of the low offer, award on the low offer of a product or service from Iraq or Afghanistan.

(ii) If the evaluated price of the low offer remains less than the low offer of a product or service from Iraq or Afghanistan, award on the low offer.

(b) If the provision at 252.225-7023 is modified to provide a preference exclusively for products or services from Iraq or Afghanistan, also modify the evaluation procedures in paragraph (a) of this subsection to remove “or Afghanistan” or “Iraq or”, respectively, wherever the phrase appears.

225.7703-4 Reporting requirement.

The following organizations shall submit periodic reports to the Deputy Director, Contingency Contracting & Acquisition Policy, Defense Procurement and Acquisition Policy, in accordance with PGI 225.7703-4, to address the organization’s use of the procedures authorized by this section:

SOURCE: 70 FR 73149, Dec. 9, 2005, unless otherwise noted.

226.370 Contracting with historically black colleges and universities and minority institutions.

226.370-1 General.

This section implements the historically black college and university (HBCU) and minority institution (MI) provisions of 10 U.S.C. 2323.

226.370-2 Definitions.

Definitions of HBCUs and MIs are in the clause at 252.226-7000, Notice of Historically Black College or University and Minority Institution Set-Aside.

226.370-3

226.370-3 Policy.

DoD will use outreach efforts, technical assistance programs, advance payments, HBCU/MI set-asides, and evaluation preferences to meet its contract and subcontract goals for use of HBCUs and MIs.

226.370-4 Set-aside criteria.

Set aside acquisitions for exclusive HBCU and MI participation when the acquisition is for research, studies, or services of the type normally acquired from higher educational institutions and there is a reasonable expectation that—

(a) Offers will be submitted by at least two responsible HBCUs or MIs that can comply with the subcontracting limitations in the clause at FAR 52.219-14, Limitations on Subcontracting;

(b) Award will be made at not more than 10 percent above fair market price; and

(c) Scientific or technological talent consistent with the demands of the acquisition will be offered.

(a) As a general rule, use competitive negotiation for HBCU/MI set-asides.

(b) When using a broad agency announcement (FAR 35.016) for basic or applied research, make partial set-asides for HBCU/MIs as explained in 235.016.

(c) Follow the special synopsis instructions in 205.207(d). Interested HBCU/MIs must provide evidence of their capability to perform the contract, and a positive statement of their eligibility, within 15 days of publication of the synopsis in order for the acquisition to proceed as an HBCU/MI set-aside.

(d) Cancel the set-aside if the low responsible offer exceeds the fair market price (defined in FAR part 19) by more than 10 percent.

226.370-6 Eligibility for award.

(a) To be eligible for award as an HBCU or MI under the preference procedures of this subpart, an offeror must—

(1) Be an HBCU or MI, as defined in the clause at 252.226-7000, Notice of His-

(b) The contracting officer shall accept an offeror's HBCU or MI status under the provision at FAR 52.226-2, Historically Black College or University and Minority Institution Representation, unless—

(1) Another offeror challenges the status; or

(2) The contracting officer has reason to question the offeror's HBCU/MI status. (A list of HBCU/MIs is published periodically by the Department of Education.)

226.370-7 Protesting a representation.

Any offeror or other interested party may challenge an offeror's HBCU or MI representation by filing a protest with the contracting officer. The protest must contain specific detailed evidence supporting the basis for the challenge. Such protests are handled in accordance with FAR 33.103 and are decided by the contracting officer.

226.370-8 Goals and incentives for subcontracting with HBCU/MIs.

(a) In reviewing subcontracting plans submitted under the clause at FAR 52.219-9, Small Business Subcontracting Plan, the contracting officer shall—

(1) Ensure that the contractor included anticipated awards to HBCU/MIs in the small disadvantaged business goal; and

(2) Consider whether subcontracts are contemplated that involve research or studies of the type normally performed by higher educational institutions.

(b) The contracting officer may, when contracting by negotiation, use in solicitations and contracts a clause similar to the clause at FAR 52.219-10, Incentive Subcontracting Program, when a subcontracting plan is required and inclusion of a monetary incentive is, in the judgment of the contracting officer, necessary to increase subcontracting opportunities for HBCU/MIs. The clause should include a separate goal for HBCU/MIs.

226.370-9 Solicitation provision and contract clause.

(a) Use the clause at 252.226-7000, Notice of Historically Black College or University and Minority Institution Set-Aside, in solicitations and contracts set aside for HBCU/MIs.

Subpart 227.6—Foreign License and Technical Assistance Agreements

227.670 Scope.

This subpart prescribes policy with respect to foreign license and technical assistance agreements.

227.671 General.

In furtherance of the Military Assistance Program or for other national defense purposes, the Government may undertake to develop or encourage the development of foreign additional sources of supply. The development of such sources may be accomplished by an agreement, often called a foreign licensing agreement or technical assistance agreement, wherein a domestic concern, referred to in this subpart as a “primary source,” agrees to furnish to a foreign concern or government, herein referred to as a “second source;” foreign patent rights; technical assistance in the form of data, know-how, trained personnel of the primary source, instruction and guidance of the personnel of the second source, jigs, dies, fixtures, or other manufacturing aids, or such other assistance, information, rights, or licenses as are needed to enable the second source to produce particular supplies or perform particular services. Agreements calling for one or more of the foregoing may be

48 CFR Ch. 2 (10-1-10 Edition)

entered into between the primary source and the Government, a foreign government, or a foreign concern. The consideration for providing such foreign license and technical assistance may be in the form of a lump sum payment, payments for each item manufactured by the second source, an agreement to exchange data and patent rights on improvements made to the article or service, capital stock transactions, or any combination of these. The primary source’s bases for computing such consideration may include actual costs; charges for the use of patents, data, or know-how reflecting the primary source’s investment in developing and engineering and production techniques; and the primary source’s “price” for setting up a second source. Such agreements often refer to the compensation to be paid as a royalty or license fee whether or not patent rights are involved.

227.672 Policy.

It is Government policy not to pay in connection with its contracts, and not to allow to be paid in connection with contracts made with funds derived through the Military Assistance Program or otherwise through the United States Government, charges for use of patents in which it holds a royalty-free license or charges for data which it has a right to use and disclose to others, or which is in the public domain, or which the Government has acquired without restriction upon its use and disclosure to others. This policy shall be applied by the Departments in negotiating contract prices for foreign license technical assistance contracts (227.675) or supply contracts with second sources (227.674); and in commenting on such agreements when they are referred to the Department of Defense by the Department of State pursuant to section 414 of the Mutual Security Act of 1954 as amended (22 U.S.C. 1934) and the International Traffic in Arms Regulations (see 227.675).

227.673 Foreign license and technical assistance agreements between the Government and domestic concerns.

(a) Contracts between the Government and a primary source to provide

technical assistance or patent rights to a second source for the manufacture of supplies or performance of services shall, to the extent practicable, specify the rights in patents and data and any other rights to be supplied to the second source. Each contract shall provide, in connection with any separate agreement between the primary source and the second source for patent rights or technical assistance relating to the articles or services involved in the contract, that—

(1) The primary source and his subcontractors shall not make, on account of any purchases by the Government or by others with funds derived through the Military Assistance Program or otherwise through the Government, any charge to the second source for royalties or amortization for patents or inventions in which the Government holds a royalty-free license; or data which the Government has the right to possess, use, and disclose to others; or any technical assistance provided to the second source for which the Government has paid under a contract between the Government and the primary source; and

(2) The separate agreement between the primary and second source shall include a statement referring to the contract between the Government and the primary source, and shall conform to the requirements of the International Traffic in Arms Regulations (see 227.675-1).

(b) The following factors, among others, shall be considered in negotiating the price to be paid the primary source under contracts within (a) of this section:

(1) The actual cost of providing data, personnel, manufacturing aids, samples, spare parts, and the like;

(2) The extent to which the Government has contributed to the development of the supplies or services, and to the methods of manufacture or performance, through past contracts for research and development or for manufacture of the supplies or performance of the services; and

(3) The Government's patent rights and rights in data relating to the supplies or services and to the methods of manufacture or of performance.

227.674 Supply contracts between the Government and a foreign government or concern.

In negotiating contract prices with a second source, including the redetermination of contract prices, or in determining the allowability of costs under a cost-reimbursement contract with a second source, the contracting officer:

(a) Shall obtain from the second source a detailed statement (see FAR 27.204-1(a)(2)) of royalties, license fees, and other compensation paid or to be paid to a primary source (or any of his subcontractors) for patent rights, rights in data, and other technical assistance provided to the second source, including identification and description of such patents, data, and technical assistance; and

(b) Shall not accept or allow charges which in effect are—

(1) For royalties or amortization for patents or inventions in which the Government holds a royalty-free license; or

(2) For data which the Government has a right to possess, use, and disclose to others; or

(3) For any technical assistance provided to the second source for which the Government has paid under a contract between the Government and a primary source.

227.675 Foreign license and technical assistance agreements between a domestic concern and a foreign government or concern.

227.675-1 International Traffic in Arms Regulations.

Pursuant to section 414 of the Mutual Security Act of 1954, as amended (22 U.S.C. 1934), the Department of State controls the exportation of data relating to articles designated in the United States Munitions List as arms, ammunition, or munitions of war. (The Munitions List and pertinent procedures are set forth in the International Traffic in Arms Regulations, 22 CFR, *et seq.*) Before authorizing such exportation, the Department of State generally requests comments from the Department of Defense. On request of the Office of the Assistant Secretary of Defense (International Security Affairs), each Department shall submit comments

thereon as the basis for a Department of Defense reply to the Department of State.

227.675-2 Review of agreements.

(a) In reviewing foreign license and technical assistance agreements between primary and second sources, the Department concerned shall, insofar as its interests are involved, indicate whether the agreement meets the requirements of §§124.07-124.10 of the International Traffic in Arms Regulations or in what respects it is deficient. Paragraphs (b) through (g) of this subsection provide general guidance.

(b) When it is reasonably anticipated that the Government will purchase from the second source the supplies or services involved in the agreement, or that Military Assistance Program funds will be provided for the procurement of the supplies or services, the following guidance applies.

(1) If the agreement specifies a reduction in charges thereunder, with respect to purchases by or for the Government or by others with funds derived through the Military Assistance Program or otherwise through the Government, in recognition of the Government's rights in patents and data, the Department concerned shall evaluate the amount of the reduction to determine whether it is fair and reasonable in the circumstances, before indicating its approval.

(2) If the agreement does not specify any reduction in charges or otherwise fails to give recognition to the Government's rights in the patents or data involved, approval shall be conditioned upon amendment of the agreement to reflect a reduction, evaluated by the Department concerned as acceptable to the Government, in any charge thereunder with respect to purchases made by or for the Government or by others with funds derived through the Military Assistance Program or otherwise through the Government, in accordance with §124.10 of the International Traffic in Arms Regulations.

(3) If the agreement provides that no charge is to be made to the second source for data or patent rights to the extent of the Government's rights, the Department concerned shall evaluate

the acceptability of the provision before indicating its approval.

(4) If time or circumstances do not permit the evaluation called for in (b) (1), (2), or (3) of this subsection, the guidance in (c) of this subsection shall be followed.

(c) When it is not reasonably anticipated that the Government will purchase from the second source the supplies or services involved in the agreement nor that Military Assistance Program funds will be provided for the purchase of the supplies or services, then the following guidance applies.

(1) If the agreement provides for charges to the second source for data or patent rights, it may suffice to fulfill the requirements of §124.10 insofar as the Department of Defense is concerned if:

(i) The agreement requires the second source to advise the primary source when he has knowledge of any purchase made or to be made from him by or for the Government or by others with funds derived through the Military Assistance Program or otherwise through the Government;

(ii) The primary source separately agrees with the Government that upon such advice to him from the second source or from the Government or otherwise as to any such a purchase or prospective purchase, he will negotiate with the Department concerned an appropriate reduction in his charges to the second source in recognition of any Government rights in patents or data; and

(iii) The agreement between the primary and second sources further provides that in the event of any such purchase and resulting reduction in charges, the second source shall pass on this reduction to the Government by giving the Government a corresponding reduction in the purchase price of the article or service.

(2) If the agreement provides that no charge is to be made to the second source for data or patent rights to the extent to which the Government has rights, the Department concerned shall:

(i) Evaluate the acceptability of the provision before indicating its approval; or

(ii) Explicitly condition its approval on the right to evaluate the acceptability of the provision at a later time.

(d) When there is a technical assistance agreement between the primary source and the Government related to the agreement between the primary and second sources that is under review, the latter agreement shall reflect the arrangements contemplated with respect thereto by the Government's technical assistance agreement with the primary source.

(e) Every agreement shall provide that any license rights transferred under the agreement are subject to existing rights of the Government.

(f) In connection with every agreement referred to in (b) of this section, a request shall be made to the primary source—

(1) To identify the patents, data, and other technical assistance to be provided to the second source by the primary source or any of his subcontractors,

(2) To identify any such patents and data in which, to the knowledge of the primary source, the Government may have rights, and

(3) To segregate the charges made to the second source for each such category or item of patents, data, and other technical assistance.

Reviewing personnel shall verify this information or, where the primary source does not furnish it, obtain such information from Governmental sources so far as practicable.

(g) The Department concerned shall make it clear that its approval of any agreement does not necessarily recognize the propriety of the charges or the amounts thereof, or constitute approval of any of the business arrangements in the agreement, unless the Department expressly intends by its approval to commit itself to the fairness and reasonableness of a particular charge or charges. In any event, a disclaimer should be made to charges or business terms not affecting any purchase made by or for the Government or by others with funds derived through the Military Assistance Program or otherwise through the Government.

227.676 Foreign patent interchange agreements.

(a) Patent interchange agreements between the United States and foreign governments provide for the use of patent rights, compensation, free licenses, and the establishment of committees to review and make recommendations on these matters. The agreements also may exempt the United States from royalty and other payments. The contracting officer shall ensure that royalty payments are consistent with patent interchange agreements.

(b) Assistance with patent rights and royalty payments in the United States European Command (USEUCOM) area of responsibility is available from HQ USEUCOM, ATTN: ECLA, Unit 30400, Box 1000, APO AE 09128; Telephone: DSN 430-8001/7263, Commercial 49-0711-680-8001/7263; Telefax: 49-0711-680-5732.

Subpart 227.70—Infringement Claims, Licenses, and Assignments

227.7000 Scope.

This subpart prescribes policy, procedures, and instructions for use of clauses with respect to processing licenses, assignments, and infringement claims.

227.7001 Policy.

Whenever a claim of infringement of privately owned rights in patented inventions or copyrighted works is asserted against any Department or Agency of the Department of Defense, all necessary steps shall be taken to investigate, and to settle administratively, deny, or otherwise dispose of such claim prior to suit against the United States. This subpart 227.70 does not apply to licenses or assignments acquired by the Department of Defense under the Patent Rights clauses.

227.7002 Statutes pertaining to administrative claims of infringement.

Statutes pertaining to administrative claims of infringement in the Department of Defense include the following: the Foreign Assistance Act of

227.7003

1961, 22 U.S.C. 2356 (formerly the Mutual Security Acts of 1951 and 1954); the Invention Secrecy Act, 35 U.S.C. 181-188; 10 U.S.C. 2386; 28 U.S.C. 1498; and 35 U.S.C. 286.

227.7003 Claims for copyright infringement.

The procedures set forth herein will be followed, where applicable, in copyright infringement claims.

227.7004 Requirements for filing an administrative claim for patent infringement.

(a) A patent infringement claim for compensation, asserted against the United States under any of the applicable statutes cited in 227.7002, must be actually communicated to and received by a Department, agency, organization, office, or field establishment within the Department of Defense. Claims must be in writing and should include the following:

- (1) An allegation of infringement;
- (2) A request for compensation, either expressed or implied;
- (3) A citation of the patent or patents alleged to be infringed;
- (4) A sufficient designation of the alleged infringing item or process to permit identification, giving the military or commercial designation, if known, to the claimant;
- (5) A designation of at least one claim of each patent alleged to be infringed; or
- (6) As an alternative to (a) (4) and (5) of this section, a declaration that the claimant has made a bona fide attempt to determine the item or process which is alleged to infringe, but was unable to do so, giving reasons, and stating a reasonable basis for his belief that his patent or patents are being infringed.

(b) In addition to the information listed in (a) of this section, the following material and information is generally necessary in the course of processing a claim of patent infringement. Claimants are encouraged to furnish this information at the time of filing a claim to permit the most expeditious processing and settlement of the claim.

(1) A copy of the asserted patent(s) and identification of all claims of the patent alleged to be infringed.

48 CFR Ch. 2 (10-1-10 Edition)

(2) Identification of all procurements known to claimant which involve the alleged infringing item or process, including the identity of the vendor or contractor and the Government procuring activity.

(3) A detailed identification of the accused article or process, particularly where the article or process relates to a component or subcomponent of the item procured, an element by element comparison of the representative claims with the accused article or process. If available, this identification should include documentation and drawings to illustrate the accused article or process in suitable detail to enable verification of the infringement comparison.

(4) Names and addresses of all past and present licensees under the patent(s), and copies of all license agreements and releases involving the patent(s).

(5) A brief description of all litigation in which the patent(s) has been or is now involved, and the present status thereof.

(6) A list of all persons to whom notices of infringement have been sent, including all departments and agencies of the Government, and a statement of the ultimate disposition of each.

(7) A description of Government employment or military service, if any, by the inventor and/or patent owner.

(8) A list of all Government contracts under which the inventor, patent owner, or anyone in privity with him performed work relating to the patented subject matter.

(9) Evidence of title to the patent(s) alleged to be infringed or other right to make the claim.

(10) A copy of the Patent Office file of each patent if available to claimant.

(11) Pertinent prior art known to claimant, not contained in the Patent Office file, particularly publications and foreign art.

In addition in the foregoing, if claimant can provide a statement that the investigation may be limited to the specifically identified accused articles or processes, or to a specific procurement, it may materially expedite determination of the claim.

(c) Any Department receiving an allegation of patent infringement which

meets the requirements of this paragraph shall acknowledge the same and supply the other Departments which may have an interest therein with a copy of such communication and the acknowledgement thereof.

(1) For the Department of the Army—Chief, Patents, Copyrights, and Trademarks Division, U.S. Army Legal Services Agency;

(2) For the Department of the Navy—The Patent Counsel for Navy, Office of Naval Research;

(3) For the Department of the Air Force—Chief, Patents Division, Office of The Judge Advocate General;

(4) For the Defense Logistics Agency—The Office of Counsel; for the National Security Agency, the General Counsel;

(5) For the Defense Information Systems Agency—the Counsel;

(6) For the Defense Threat Reduction Agency—The General Counsel; and

(7) For the National Geospatial-Intelligence Agency—The Counsel.

(d) If a communication alleging patent infringement is received which does not meet the requirements set forth in paragraph (c) of this section, the sender shall be advised in writing—

(1) That his claim for infringement has not been satisfactorily presented, and

(2) Of the elements considered necessary to establish a claim.

(e) A communication making a proffer of a license in which no infringement is alleged shall not be considered as a claim for infringement.

[56 FR 36389, July 31, 1991, as amended at 56 FR 67216, Dec. 30, 1991; 61 FR 50454, Sept. 26, 1996; 62 FR 2613, Jan. 17, 1997; 64 FR 51076, Sept. 21, 1999; 74 FR 42780, Aug. 25, 2009]

227.7005 Indirect notice of patent infringement claims.

(a) A communication by a patent owner to a Department of Defense contractor alleging that the contractor has committed acts of infringement in performance of a Government contract shall not be considered a claim within the meaning of 227.7004 until it meets the requirements specified therein.

(b) Any Department receiving an allegation of patent infringement which meets the requirements of 227.7004 shall acknowledge the same and supply the

other Departments (see 227.7004(c)) which may have an interest therein with a copy of such communication and the acknowledgement thereof.

(c) If a communication covering an infringement claim or notice which does not meet the requirements of 227.7004(a) is received from a contractor, the patent owner shall be advised in writing as covered by the instructions of 227.7004(d).

227.7006 Investigation and administrative disposition of claims.

An investigation and administrative determination (denial or settlement) of each claim shall be made in accordance with instructions and procedures established by each Department, subject to the following:

(a) When the procurement responsibility for the alleged infringing item or process is assigned to a single Department or only one Department is the purchaser of the alleged infringing item or process, and the funds of that Department only are to be charged in the settlement of the claim, that Department shall have the sole responsibility for the investigation and administrative determination of the claim and for the execution of any agreement in settlement of the claim. Where, however, funds of another Department are to be charged, in whole or in part, the approval of such Department shall be obtained as required by 208.7002. Any agreement in settlement of the claim, approved pursuant to 208.7002 shall be executed by each of the Departments concerned.

(b) When two or more Departments are the respective purchasers of alleged infringing items or processes and the funds of those Departments are to be charged in the settlement of the claim, the investigation and administrative determination shall be the responsibility of the Department having the predominant financial interest in the claim or of the Department or Departments as jointly agreed upon by the Departments concerned. The Department responsible for negotiation shall, throughout the negotiation, coordinate with the other Departments concerned and keep them advised of the status of the negotiation. Any agreement in the

227.7007

settlement of the claim shall be executed by each Department concerned.

227.7007 Notification and disclosure to claimants.

When a claim is denied, the Department responsible for the administrative determination of the claim shall so notify the claimant or his authorized representative and provide the claimant a reasonable rationale of the basis for denying the claim. Disclosure of information or the rationale referred to above shall be subject to applicable statutes, regulations, and directives pertaining to security, access to official records, and the rights of others.

227.7008 Settlement of indemnified claims.

Settlement of claims involving payment for past infringement shall not be made without the consent of, and equitable contribution by, each indemnifying contractor involved, unless such settlement is determined to be in the best interests of the Government and is coordinated with the Department of Justice with a view to preserving any rights of the Government against the contractors involved. If consent of and equitable contribution by the contractors are obtained, the settlement need not be coordinated with the Department of Justice.

227.7009 Patent releases, license agreements, and assignments.

This section contains clauses for use in patent release and settlement agreements, license agreements, and assignments, executed by the Government, under which the Government acquires rights. Minor modifications of language (e.g., pluralization of "Secretary" or "Contracting Officer") in multi-departmental agreements may be made if necessary.

(b) *Readjustment of payments.* The clause at 252.227-7002, Readjustment of Payments, shall be inserted in contracts providing for payment of a running royalty.

(c) *Termination.* The clause at 252.227-7003, Termination, is an example for use in contracts providing for the payment of a running royalty. This clause may be modified or omitted as appropriate for particular circumstances, but only upon the advice of cognizant patent or legal counsel (see 227.7004(c)).

227.7009-3 Additional clauses—contracts except running royalty contracts.

The following clauses are examples for use in patent release and settlement agreements, and license agreements not providing for payment by the Government of a running royalty.

(a) License Grant. Insert the clause at 252.227-7004.

(b) License Term. Insert one of the clauses at 252.227-7005 Alternate I or Alternate II, as appropriate.

227.7009-4 Additional clauses—contracts providing for payment of a running royalty.

The clauses set forth below are examples which may be used in patent release and settlement agreements, and license agreements, when it is desired to cover the subject matter thereof and the contract provides for payment of a running royalty.

(a) *License grant—running royalty.* No Department shall be obligated to pay royalties unless the contract is signed on behalf of such Department. Accordingly, the License Grant clause at 252.227-7006 should be limited to the

practice of the invention by or for the signatory Department or Departments.

(b) *License term—running royalty.* The clause at 252.227-7007 is a sample form for expressing the license term.

(c) *Computation of royalties.* The clause at 252.227-7008 providing for the computation of royalties, may be of varying scope depending upon the nature of the royalty bearing article, the volume of procurement, and the type of contract pursuant to which the procurement is to be accomplished.

(d) *Reporting and payment of royalties.*
 (1) The contract should contain a provision specifying the office designated within the specific Department involved to make any necessary reports to the contractor of the extent of use of the licensed subject matter by the entire Department, and such office shall be charged with the responsibility of obtaining from all procuring offices of that Department the information necessary to make the required reports and corresponding vouchers necessary to make the required payments. The clause at 252.227-7009 is a sample for expressing reporting and payment of royalties requirements.

(2) Where more than one Department or Government Agency is licensed and there is a ceiling on the royalties payable in any reporting period, the licensing Departments or Agencies shall coordinate with respect to the pro rata share of royalties to be paid by each.

(e) *License to other government agencies.* When it is intended that a license on the same terms and conditions be available to other departments and agencies of the Government, the clause at 252.227-7010 is an example which may be used.

227.7010 Assignments.

(a) The clause at 252.227-7011 is an example which may be used in contracts of assignment of patent rights to the Government.

(b) To facilitate proof of contracts of assignments, the acknowledgement of the contractor should be executed before a notary public or other officer authorized to administer oaths (35 U.S.C. 261).

227.7011 Procurement of rights in inventions, patents, and copyrights.

Even though no infringement has occurred or been alleged, it is the policy of the Department of Defense to procure rights under patents, patent applications, and copyrights whenever it is in the Government's interest to do so and the desired rights can be obtained at a fair price. The required and suggested clauses at 252.227-7004 and 252.227-7010 shall be required and suggested clauses, respectively, for license agreements and assignments made under this paragraph. The instructions at 227.7009-3 and 227.7010 concerning the applicability and use of those clauses shall be followed insofar as they are pertinent.

227.7012 Contract format.

The format at 252.227-7012 appropriately modified where necessary, may be used for contracts of release, license, or assignment.

227.7013 Recordation.

Executive Order No. 9424 of 18 February 1944 requires all executive Departments and agencies of the Government to forward through appropriate channels to the Commissioner of Patents and Trademarks, for recording, all Government interests in patents or applications for patents.

Subpart 227.71—Rights in Technical Data

SOURCE: 60 FR 33471, June 28, 1995, unless otherwise noted.

227.7100 Scope of subpart.

This subpart—

(a) Prescribes policies and procedures for the acquisition of technical data and the rights to use, modify, reproduce, release, perform, display, or disclose technical data. It implements requirements in the following laws and Executive Order:

- (1) 10 U.S.C. 2302(4).
- (2) 10 U.S.C. 2305 (subsection (d)(4)).
- (3) 10 U.S.C. 2320.
- (4) 10 U.S.C. 2321.
- (5) 10 U.S.C. 2325.
- (6) Pub. L. 103-355.

227.7101

(7) Executive Order 12591 (Subsection 1(b)(6)).

(b) Does not apply to computer software or technical data that is computer software documentation (see subpart 227.72).

227.7101 Definitions.

(a) As used in this subpart, unless otherwise specifically indicated, the terms “offeror” and “contractor” include an offeror’s or contractor’s subcontractors, suppliers, or potential subcontractors or suppliers at any tier.

(b) Other terms used in this subpart are defined in the clause at 252.227-7013, Rights in Technical Data—Non-commercial Items.

[56 FR 36389, July 31, 1991, as amended at 60 FR 61598, Nov. 30, 1995]

227.7102 Commercial items, components, or processes.

Section 2320(b)(1) of Title 10 U.S.C. establishes a presumption that commercial items are developed at private expense whether or not a contractor submits a justification in response to a challenge notice. Therefore, do not challenge a contractor’s assertion that a commercial item, component, or process was developed at private expense unless the Government can demonstrate that it contributed to development of the item, component or process. Follow the procedures in 227.7103-13 and the clause at 252.227-7037, Validation of Restrictive Markings on Technical Data, when information provided by the Department of Defense demonstrates that an item, component, or process was not developed exclusively at private expense. However, when a challenge is warranted, a contractor’s or subcontractor’s failure to respond to the challenge notice cannot be the sole basis for issuing a final decision denying the validity of an asserted restriction.

227.7102-1 Policy.

(a) DoD shall acquire only the technical data customarily provided to the public with a commercial item or process, except technical data that—

(1) Are form, fit, or function data;

(2) Are required for repair or maintenance of commercial items or processes, or for the proper installation, op-

48 CFR Ch. 2 (10-1-10 Edition)

erating, or handling of a commercial item, either as a stand alone unit or as a part of a military system, when such data are not customarily provided to commercial users or the data provided to commercial users is not sufficient for military purposes; or

(3) Describe the modifications made at Government expense to a commercial item or process in order to meet the requirements of a Government solicitation.

(b) To encourage offerors and contractors to offer or use commercial products to satisfy military requirements, offerors, and contractors shall not be required, except for the technical data described in paragraph (a) of this subsection, to—

(1) Furnish technical information related to commercial items or processes that is not customarily provided to the public; or

(2) Relinquish to, or otherwise provide, the Government rights to use, modify, reproduce, release, perform, display, or disclose technical data pertaining to commercial items or processes except for a transfer of rights mutually agreed upon.

227.7102-2 Rights in technical data.

(a) The clause at 252.227-7015, Technical Data—Commercial Items, provides the Government specific license rights in technical data pertaining to commercial items or processes. DoD may use, modify, reproduce, release, perform, display, or disclose data only within the Government. The data may not be used to manufacture additional quantities of the commercial items and, except for emergency repair or overhaul, may not be released or disclosed to, or used by, third parties without the contractor’s written permission. Those restrictions do not apply to the technical data described in 227.7102-1(a).

(b) If additional rights are needed, contracting activities must negotiate with the contractor to determine if there are acceptable terms for transferring such rights. The specific additional rights granted to the Government shall be enumerated in a license agreement made part of the contract.

227.7102-3 Contract clause.

(a)(1) Except as provided in paragraph (b) of this subsection, use the clause at 252.227-7015, Technical Data—Commercial Items, in all solicitations and contracts when the contractor will be required to deliver technical data pertaining to commercial items, components, or processes. Do not require the contractor to include this clause in its subcontracts.

(2) Use the clause at 252.227-7015 with its Alternate I in contracts for the development or delivery of a vessel design or any useful article embodying a vessel design.

(b) Use the clause at 252.227-7013, Rights in Technical Data—Non-commercial Items, in lieu of the clause at 252.227-7015 if the Government will pay any portion of the development costs. Do not require the contractor to include this clause in its subcontracts for commercial items or commercial components.

(c) Use the clause at 252.227-7037, Validation of Restrictive Markings on Technical Data, in all solicitations and contracts for commercial items that include the clause at 252.227-7015 or the clause at 252.227-7013. Do not require the contractor to include this clause in its subcontracts for commercial items or commercial components.

[56 FR 36389, July 31, 1991, as amended at 60 FR 61598, Nov. 30, 1995; 74 FR 61044, Nov. 23, 2009]

227.7103 Noncommercial items or processes.

227.7103-1 Policy.

(a) DoD policy is to acquire only the technical data, and the rights in that data, necessary to satisfy agency needs.

(b) Solicitations and contracts shall—

(1) Specify the technical data to be delivered under a contract and delivery schedules for the data;

(2) Establish or reference procedures for determining the acceptability of technical data;

(3) Establish separate contract line items, to the extent practicable, for the technical data to be delivered under a contract and require offerors

and contractors to price separately each deliverable data item; and

(4) Require offerors to identify, to the extent practicable, technical data to be furnished with restrictions on the Government's rights and require contractors to identify technical data to be delivered with such restrictions prior to delivery.

(c) Offerors shall not be required, either as a condition of being responsive to a solicitation or as a condition for award, to sell or otherwise relinquish to the Government any rights in technical data related to items, components or processes developed at private expense except for the data identified at 227.7103-5(a)(2) and (a)(4) through (9).

(d) Offerors and contractors shall not be prohibited or discouraged from furnishing or offering to furnish items, components, or processes developed at private expense solely because the Government's rights to use, modify, release, reproduce, perform, display, or disclose technical data pertaining to those items may be restricted.

(e) As provided in 10 U.S.C. 2305, solicitations for major systems development contracts shall not require offerors to submit proposals that would permit the Government to acquire competitively items identical to items developed at private expense unless a determination is made at a level above the contracting officer that—

(1) The offeror will not be able to satisfy program schedule or delivery requirements; or

(2) The offeror's proposal to meet mobilization requirements does not satisfy mobilization needs.

(f) For acquisitions involving major weapon systems or subsystems of major weapon systems, the acquisition plan shall address acquisition strategies that provide for technical data and the associated license rights in accordance with 207.106(S-70).

(g) The Government's rights in a vessel design, and in any useful article embodying a vessel design, must be consistent with the Government's rights in technical data pertaining to the design (10 U.S.C. 7317; 17 U.S.C. 1301(a)(3)).

[60 FR 33471, June 28, 1995, as amended at 72 FR 51189, Sept. 6, 2007; 74 FR 61044, Nov. 23, 2009]

227.7103-2

227.7103-2 Acquisition of technical data.

(a) Contracting officers shall work closely with data managers and requirements personnel to assure that data requirements included in solicitations are consistent with the policy expressed in 227.7103-1.

(b)(1) Data managers or other requirements personnel are responsible for identifying the Government's minimum needs for technical data. Data needs must be established giving consideration to the contractor's economic interests in data pertaining to items, components, or processes that have been developed at private expense; the Government's costs to acquire, maintain, store, retrieve, and protect the data; reprocurement needs; repair, maintenance and overhaul philosophies; spare and repair part considerations; and whether procurement of the items, components, or processes can be accomplished on a form, fit, or function basis. When it is anticipated that the Government will obtain unlimited or government purpose rights in technical data that will be required for competitive spare or repair parts procurements, such data should be identified as deliverable data items. Reprocurement needs may not be a sufficient reason to acquire detailed manufacturing or process data when items or components can be acquired using performance specifications, form, fit and function data, or when there are a sufficient number of alternate sources which can reasonably be expected to provide such items on a performance specification or form, fit, or function basis.

(2) When reviewing offers received in response to a solicitation or other request for data, data managers must balance the original assessment of the Government's data needs with data prices contained in the offer.

(c) Contracting officers are responsible for ensuring that, wherever practicable, solicitations and contracts—

(1) Identify the type and quantity of the technical data to be delivered under the contract and the format and media in which the data will be delivered;

(2) Establish each deliverable data item as a separate contract line item

48 CFR Ch. 2 (10-1-10 Edition)

(this requirement may be satisfied by listing each deliverable data item on an exhibit to the contract);

(3) Identify the prices established for each deliverable data item under a fixed-price type contract;

(4) Include delivery schedules and acceptance criteria for each deliverable data item; and

(5) Specifically identify the place of delivery for each deliverable item of technical data.

227.7103-3 Early identification of technical data to be furnished to the Government with restrictions on use, reproduction or disclosure.

(a) 10 U.S.C. 2320 requires, to the maximum extent practicable, an identification prior to delivery of any technical data to be delivered to the Government with restrictions on use.

(b) Use the provision at 252.227-7017, Identification and Assertion of Use, Release, or Disclosure Restrictions, in all solicitations that include the clause at 252.227-7013, Rights in Technical Data—Noncommercial Items. The provision requires offerors to identify any technical data for which restrictions, other than copyright, on use, release, or disclosure are asserted and to attach the identification and assertions to the offer.

(c) Subsequent to contract award, the clause at 252.277-7013 permits a contractor, under certain conditions, to make additional assertions of use, release, or disclosure restrictions. The prescription for the use of that clause and its alternate is at 227.7103-6 (a) and (b).

227.7103-4 License rights.

(a) *Grant of license.* The Government obtains rights in technical data, including a copyright license, under and irrevocable license granted or obtained for the Government by the contractor. The contractor or licensor retains all rights in the data not granted to the Government. For technical data that pertain to items, components, or processes, the scope of the license is generally determined by the source of funds used to develop the item, component, or process. When the technical

data do not pertain to items, components, or processes, the scope of the license is determined by the source of funds used to create the data.

(1) *Technical data pertaining to items, components, or processes.* Contractors or licensors may, with some exceptions (see 227.7103-5(a)(2) and (a)(4) through (9)), restrict the Government's rights to use, modify, release, reproduce, perform, display or disclose technical data pertaining to items, components, or processes developed exclusively at private expense (limited rights). They may not restrict the Government's rights in items, components, or processes developed exclusively at Government expense (unlimited rights) without the Government's approval. When an item, component, or process is developed with mixed funding, the Government may use, modify, release, reproduce, perform, display or disclose the data pertaining to such items, components, or processes within the Government without restriction but may release or disclose the data outside the Government only for government purposes (government purpose rights).

(2) *Technical data that do not pertain to items, components, or processes.* Technical data may be created during the performance of a contract for a conceptual design or similar effort that does not require the development, manufacture, construction, or production of items, components or processes. The Government generally obtains unlimited rights in such data when the data were created exclusively with Government funds, government purpose rights when the data were created with mixed funding, and limited rights when the data were created exclusively at private expense.

(b) *Source of funds determination.* The determination of the source of development funds for technical data pertaining to items, components, or processes should be made at any practical sub-item or subcomponent level or for any segregable portion of a process. Contractors may assert limited rights in a segregable sub-item, sub-component, or portion of a process which otherwise qualifies for limited rights under the clause at 252.227-7013, Rights in Technical Data—Noncommercial Items.

227.7103-5 Government rights.

The standard license rights that a licensor grants to the Government are unlimited rights, government purpose rights, or limited rights. Those rights are defined in the clause at 252.227-7013, Rights in Technical Data—Noncommercial Items. In unusual situations, the standards rights may not satisfy the Government's needs or the Government may be willing to accept lesser rights in data in return for other consideration. In those cases, a special license may be negotiated. However, the licensor is not obligated to provide the Government greater rights and the contracting officer is not required to accept lesser rights than the rights provided in the standard grant of license. The situations under which a particular grant of license applies are enumerated in paragraphs (a) through (d) of this subsection.

(a) *Unlimited rights.* The Government obtains unlimited rights in technical data that are—

(1) Data pertaining to an item, component, or process which has been or will be developed exclusively with Government funds;

(2) Studies, analyses, test data, or similar data produced in the performance of a contract when the study, analysis, test, or similar work was specified as an element of performance;

(3) Created exclusively with Government funds in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes;

(4) Form, fit, and function data;

(5) Necessary for installation, operation, maintenance, or training purposes (other than detailed manufacturing or process data);

(6) Corrections or changes to technical data furnished to the contractor by the Government;

(7) Publicly available or have been released or disclosed by the contractor or subcontractor without restrictions on further use, release or disclosure other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the software to another party or the sale or transfer of some or all of a business entity or its assets to another party;

227.7103-5

(8) Data in which the Government has obtained unlimited rights under another Government contract or as a result of negotiations; or

(9) Data furnished to the Government, under a Government contract or subcontract thereunder, with—

(i) Government purpose license rights or limited rights and the restrictive condition(s) has/have expired; or

(ii) Government purpose rights and the contractor's exclusive right to use such data for commercial purposes has expired.

(b) *Government purpose rights.* (1) The Government obtains government purpose rights in technical data—

(i) That pertain to items, components, or processes developed with mixed funding except when the Government is entitled to unlimited rights as provided in paragraphs (a)(2) and (a)(4) through (9) of this subsection; or

(ii) Created with mixed funding in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.

(2) The period during which government purpose rights are effective is negotiable. The clause at 252.227-7013 provides a nominal five-year period. Either party may request a different period. Changes to the government purpose rights period may be made at any time prior to delivery of the technical data without consideration from either party. Longer periods should be negotiated when a five-year period does not provide sufficient time to apply the data for commercial purposes or when necessary to recognize subcontractors' interests in the data.

(3) The government purpose rights period commences upon execution of the contract, subcontract, letter contract (or similar contractual instrument), contract modification, or option exercise that required the development. Upon expiration of the Government rights period, the Government has unlimited rights in the data including the right to authorize others to use the data for commercial purposes.

(4) During the government purpose rights period, the government may not use, or authorize other persons to use, technical data marked with government purpose rights legends for com-

48 CFR Ch. 2 (10-1-10 Edition)

mercial purposes. The Government shall not release or disclose data in which it has government purpose rights to any person, or authorize others to do so, unless—

(i) Prior to release or disclosure, the intended recipient is subject to the use and non-disclosure agreement at 227.7103-7; or

(ii) The intended recipient is a Government contractor receiving access to the data for performance of a Government contract that contains the clause at 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(5) When technical data marked with government purpose rights legends will be released or disclosed to a Government contractor performing a contract that does not include the clause at 252-227-7025, the contract may be modified, prior to release or disclosure, to include that clause in lieu of requiring the contractor to complete a use and non-disclosure agreement.

(6) Contracting activities shall establish procedures to assure that technical data marked with government purpose rights legends are released or disclosed, including a release or disclosure through a Government solicitation, only to persons subject to the use and non-disclosure restrictions. Public announcements in the Commerce Business Daily or other publications must provide notice of the use and non-disclosure requirements. Class use and non-disclosure agreements (e.g., agreements covering all solicitations received by the XYZ company within a reasonable period) are authorized and may be obtained at any time prior to release or disclosure of the government purpose rights data. Documents transmitting government purpose rights data to persons under class agreements shall identify the technical data subject to government purpose rights and the class agreement under which such data are provided.

(c) *Limited rights.* (1) The Government obtains limited rights in technical data—

(i) That pertain to items, components, or processes developed exclusively at private expense except when

the Government is entitled to unlimited rights as provided in paragraphs (a)(2) and (a)(4) through (9) of this subsection; or

(ii) Created exclusively at private expense in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.

(2) Data in which the Government has limited rights may not be used, released, or disclosed outside the Government without the permission of the contractor asserting the restriction except for a use, release or disclosure that is—

(i) Necessary for emergency repair and overhaul; or

(ii) To a foreign government, other than detailed manufacturing or process data, when use, release, or disclosure is in the interest of the United States and is required for evaluation or informational purposes.

(3) The person asserting limited rights must be notified of the Government's intent to release, disclose, or authorize others to use such data prior to release or disclosure of the data except notification of an intended release, disclosure, or use for emergency repair or overhaul which shall be made as soon as practicable.

(4) When the person asserting limited rights permits the Government to release, disclose, or have others use the data subject to restrictions on further use, release, or disclosure, or for a release under paragraph (c)(2)(i) or (ii) of this subsection, the intended recipient must complete the use and non-disclosure agreement at 227.7103-7 prior to release or disclosure of the limited rights data.

(d) *Specifically negotiated license rights.* (1) Negotiate specific licenses when the parties agree to modify the standard license rights granted to the government or when the government wants to obtain rights in data in which it does not have rights. When negotiating to obtain, relinquish, or increase the Government's rights in technical data, consider the acquisition strategy for the item, component, or process, including logistics support and other factors which may have relevance for a particular procurement. The Govern-

ment may accept lesser rights when it has unlimited or government purpose rights in data but may not accept less than limited rights in such data. The negotiated license rights must stipulate what rights the Government has to release or disclose the data to other persons or to authorize others to use the data. Identify all negotiated rights in a license agreement made part of the contract.

(2) When the Government needs additional rights in data acquired with government purpose or limited rights, the contracting officer must negotiate with the contractor to determine whether there are acceptable terms for transferring such rights. Generally, such negotiations should be conducted only when there is a need to disclose the data outside the Government or if the additional rights are required for competitive reprocurement and the anticipated savings expected to be obtained through competition are estimated to exceed the acquisition cost of the additional rights. Prior to negotiating for additional rights in limited rights data, consider alternatives such as—

(i) Using performance specifications and form, fit, and function data to acquire or develop functionally equivalent items, components, or processes;

(ii) Obtaining a contractor's contractual commitment to qualify additional sources and maintain adequate competition among the sources; or

(iii) Reverse engineering, or providing items from Government inventories to contractors who request the items to facilitate the development of equivalent items through reverse engineering.

227.7103-6 Contract clauses.

(a) Use the clause at 252.227-7013, Rights in Technical Data—Non-commercial Items, in solicitations and contracts when the successful offeror(s) will be required to deliver technical data to the Government. Do not use the clause when the only deliverable items are computer software or computer software documentation (see 227.72), commercial items (see 227.7102-3), existing works (see 227.7105), special

227.7103-7

48 CFR Ch. 2 (10-1-10 Edition)

works (see 227.7106), or when contracting under the Small Business Innovation Research Program (see 227.7104). Except as provided in 227.7107-2, do not use the clause in architect-engineer and construction contracts.

(b)(1) Use the clause at 252.227-7013 with its Alternate I in research contracts when the contracting officer determines, in consultation with counsel, that public dissemination by the contractor would be—

(i) In the interest of the government; and

(ii) Facilitated by the Government relinquishing its right to publish the work for sale, or to have others publish the work for sale on behalf of the Government.

(2) Use the clause at 252.227-7013 with its Alternate II in contracts for the development or delivery of a vessel design or any useful article embodying a vessel design.

(c) Use the clause at 252.227-7025, Limitations on the Use or Disclosure of Government Furnished Information Marked with Restrictive Legends, in solicitations and contracts when it is anticipated that the Government will provide the contractor, for performance of its contract, technical data marked with another contractor's restrictive legend(s).

(d) Use the provision at 252.227-7028, Technical Data or Computer Software Previously Delivered to the Government, in solicitations when the resulting contract will require the contractor to deliver technical data. The provision requires offerors to identify any technical data specified in the solicitations as deliverable data items that are the same or substantially the same as data items the offeror has delivered or is obligated to deliver, either as a contractor or subcontractor, under any other federal agency contract.

(e) Use the following clauses in solicitations and contracts that include the clause at 252.227-7013:

(1) 252.227-7016, Rights in Bid or Proposal Information;

(2) 252.227-7030, Technical Data—Withholding of Payment; and

(3) 252.227-7037, Validation of Restrictive Markings on Technical Data (paragraph (e) of the clause contains infor-

mation that must be included in a challenge).

[60 FR 33471, June 28, 1995; 60 FR 41157, Aug. 11, 1995; 60 FR 61598, Nov. 30, 1995; 62 FR 2613, Jan. 17, 1997; 69 FR 31911, June 8, 2004; 74 FR 61044, Nov. 23, 2009]

227.7103-7 Use and non-disclosure agreement.

(a) Except as provided in paragraph (b) of this subsection, technical data or computer software delivered to the Government with restrictions on use, modification, reproduction, release, performance, display, or disclosure may not be provided to third parties unless the intended recipient completes and signs the use and non-disclosure agreement at paragraph (c) of this subsection prior to release, or disclosure of the data.

(1) The specific conditions under which an intended recipient will be authorized to use, modify, reproduce, release, perform, display, or disclose technical data subject to limited rights or computer software subject to restricted rights must be stipulated in an attachment to the use and non-disclosure agreement.

(2) For an intended release, disclosure, or authorized use of technical data or computer software subject to special license rights, modify paragraph (1)(d) of the use and non-disclosure agreement to enter the conditions, consistent with the license requirements, governing the recipient's obligations regarding use, modification, reproduction, release, performance, display or disclosure of the data or software.

(b) The requirement for use and non-disclosure agreements does not apply to Government contractors which require access to a third party's data or software for the performance of a Government contract that contains the clause at 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(c) The prescribed use and non-disclosure agreement is:

Use and Non-Disclosure Agreement

The undersigned, _____ (Insert Name) _____, an authorized representative of the _____ (Insert Company Name) _____, (which is

hereinafter referred to as the "Recipient") requests the Government to provide the Recipient with technical data or computer software (hereinafter referred to as "Data") in which the Government's use, modification, reproduction, release, performance, display or disclosure rights are restricted. Those Data are identified in an attachment to this Agreement. In consideration for receiving such Data, the Recipient agrees to use the Data strictly in accordance with this Agreement:

(1) The Recipient shall—

(a) Use, modify, reproduce, release, perform, display, or disclose Data marked with government purpose rights or SBIR data rights legends only for government purposes and shall not do so for any commercial purpose. The Recipient shall not release, perform, display, or disclose these Data, without the express written permission of the contractor whose name appears in the restrictive legend (the "Contractor"), to any person other than its subcontractors or suppliers, or prospective subcontractors or suppliers, who require these Data to submit offers for, or perform, contracts with the Recipient. The Recipient shall require its subcontractors or suppliers, or prospective subcontractors or suppliers, to sign a use and non-disclosure agreement prior to disclosing or releasing these Data to such persons. Such agreement must be consistent with the terms of this agreement.

(b) Use, modify, reproduce, release, perform, display, or disclose technical data marked with limited rights legends only as specified in the attachment to this Agreement. Release, performance, display, or disclosure to other persons is not authorized unless specified in the attachment to this Agreement or expressly permitted in writing by the Contractor. The Recipient shall promptly notify the Contractor of the execution of this Agreement and identify the Contractor's Data that has been or will be provided to the Recipient, the date and place the Data were or will be received, and the name and address of the Government office that has provided or will provide the Data.

(c) Use computer software marked with restricted rights legends only in performance of Contract Number _____ (insert contract number(s)). The recipient shall not, for example, enhance, decompile, disassemble, or reverse engineer the software; time share, or use a computer program with more than one computer at a time. The recipient may not release, perform, display, or disclose such software to others unless expressly permitted in writing by the licensor whose name appears in the restrictive legend. The Recipient shall promptly notify the software licensor of the execution of this Agreement and identify the software that has been or will be provided to the Recipient, the date and place the soft-

ware were or will be received, and the name and address of the Government office that has provided or will provide the software.

(d) Use, modify, reproduce, release, perform, display, or disclose Data marked with special license rights legends (To be completed by the contracting officer. See 227.7103-7(a)(2). Omit if none of the Data requested is marked with special license rights legends).

(2) The Recipient agrees to adopt or establish operating procedures and physical security measures designed to protect these Data from inadvertent release or disclosure to unauthorized third parties.

(3) The Recipient agrees to accept these Data "as is" without any Government representation as to suitability for intended use or warranty whatsoever. This disclaimer does not affect any obligation the Government may have regarding Data specified in a contract for the performance of that contract.

(4) The Recipient may enter into any agreement directly with the Contractor with respect to the use, modification, reproduction, release, performance, display, or disclosure of these Data.

(5) The Recipient agrees to indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of Data received from the Government with restrictive legends by the Recipient or any person to whom the Recipient has released or disclosed the Data.

(6) The Recipient is executing this Agreement for the benefit of the Contractor. The Contractor is a third party beneficiary of this Agreement who, in addition to any other rights it may have, is intended to have the rights of direct action against the Recipient or any other person to whom the Recipient has released or disclosed the Data, to seek damages from any breach of this Agreement or to otherwise enforce this Agreement.

(7) The Recipient agrees to destroy these Data, and all copies of the Data in its possession, no later than 30 days after the date shown in paragraph (8) of this Agreement, to have all persons to whom it released the Data do so by that date, and to notify the Contractor that the Data have been destroyed.

(8) This Agreement shall be effective for the period commencing with the Recipient's execution of this Agreement and ending upon _____ (Insert Date) _____. The obligations imposed by this Agreement shall survive the expiration or termination of the Agreement.

227.7103-8 Deferred delivery and deferred ordering of technical data.

(a) *Deferred delivery.* Use the clause at 252.227-7026, Deferred Delivery of Technical Data or Computer Software, when it is in the Government's interests to defer the delivery of technical data. The clause permits the contracting officer to require the delivery of technical data identified as "deferred delivery" data at any time until two years after acceptance by the Government of all items (other than technical data or computer software) under the contract or contract termination, whichever is later. The obligation of subcontractors or suppliers to deliver such technical data expires two years after the date the prime contractor accepts the last item from the subcontractor or supplier for use in the performance of the contract. The contract must specify which technical data is subject to deferred delivery. The contracting officer shall notify the contractor sufficiently in advance of the desired delivery date for such data to permit timely delivery.

(b) *Deferred ordering.* Use the clause at 252.227-7027, Deferred Ordering of Technical Data or Computer Software, when a firm requirement for a particular data item(s) has not been established prior to contract award but there is a potential need for the data. Under this clause, the contracting officer may order any data that has been generated in the performance of the contract or any subcontract thereunder at any time until three years after acceptance of all items (other than technical data or computer software) under the contract or contract termination, whichever is later. The obligation of subcontractors to deliver such data expires three years after the date the contractor accepts the last item under the subcontract. When the data are ordered, the delivery dates shall be negotiated and the contractor compensated only for converting the

data into the prescribed form, reproduction costs, and delivery costs.

227.7103-9 Copyright.

(a) *Copyright license.* (1) The clause at 252.227-7013, Rights in Technical Data—Noncommercial Items, requires a contractor to grant or obtain for the Government license rights which permit the Government to reproduce data, distribute copies of the data, publicly perform or display the data or, through the right to modify data, prepare derivative works. The extent to which the Government, and others acting on its behalf, may exercise these rights varies for each of the standard data rights licenses obtained under the clause. When non-standard license rights in technical data will be negotiated, negotiate the extent of the copyright license concurrent with negotiations for the data rights license. Do not negotiate a copyright license that provides less rights than the standard limited rights license in technical data.

(2) The clause at 252.227-7013 does not permit a contractor to incorporate a third party's copyrighted data into a deliverable data item unless the contractor has obtained an appropriate license for the Government and, when applicable, others acting on the Government's behalf, or has obtained the contracting officer's written approval to do so. Grant approval to use third party copyrighted data in which the Government will not receive a copyright license only when the Government's requirements cannot be satisfied without the third party material or when the use of the third party material will result in cost savings to the Government which outweigh the lack of a copyright license.

(b) *Copyright considerations—acquisition of existing and special works.* See 227.7105 or 227.7106 for copyright considerations when acquiring existing or special works.

227.7103-10 Contractor identification and marking of technical data to be furnished with restrictive markings.

(a) *Identification requirements.* (1) The solicitation provision at 252.227-7017,

Identification and Assertion of Use, Release, or Disclosure Restrictions, requires offerors to identify to the contracting officer, prior to contract award, any technical data that the offeror asserts should be provided to the Government with restrictions on use, modification, reproduction, release or disclosure. This requirement does not apply to restrictions based solely on copyright. The notification and identification must be submitted as an attachment to the offer. If an offeror fails to submit the attachment or fails to complete the attachment in accordance with the requirements of the solicitation provision, such failure shall constitute a minor informality. Provide offerors an opportunity to remedy a minor informality in accordance with the procedures at FAR 14.405 or 15.607. An offeror's failure to correct the informality within the time prescribed by the contracting officer shall render the offer ineligible for award.

(2) The procedures for correcting minor informalities shall not be used to obtain information regarding asserted restrictions or an offeror's suggested asserted rights category. Questions regarding the justification for an asserted restriction or asserted rights category must be pursued in accordance with the procedures at 227.7103-13.

(3) The restrictions asserted by a successful offeror shall be attached to its contract unless, in accordance with the procedures at 227.7103-13, the parties have agreed that an asserted restriction is not justified. The contract attachment shall provide the same information regarding identification of the technical data, the asserted rights category, the basis for the assertion, and the name of the person asserting the restrictions as required by paragraph (d) of the solicitation provision at 252.227-7017. Subsequent to contract award, the clause at 252.227-7013, Rights in Technical Data—Noncommercial Items, permits the contractor to make additional assertions under certain conditions. The additional assertions must be made in accordance with the procedures and in the format prescribed by that clause.

(4) Neither the pre- or post-award assertions made by the contractor, nor the fact that certain assertions are

identified in the attachment to the contract, determine the respective rights of the parties. As provided at 227.7103-13, the Government has the right to review, verify, challenge and validate restrictive markings.

(5) Information provided by offerors in response to the solicitation provision may be used in the source selection process to evaluate the impact on evaluation factors that may be created by restrictions on the Government's ability to use or disclose technical data. However, offerors shall not be prohibited from offering products for which the offeror is entitled to provide the Government limited rights in the technical data pertaining to such products and offerors shall not be required, either as a condition of being responsive to a solicitation or as a condition for award, to sell or otherwise relinquish any greater rights in technical data when the offeror is entitled to provide the technical data with limited rights.

(b) *Contractor marking requirements.* The clause at 252.227-7013, Rights in Technical Data—Noncommercial Items—

(1) Requires a contractor that desires to restrict the Government's rights in technical data to place restrictive markings on the data, provides instructions for the placement of the restrictive markings, and authorizes the use of certain restrictive markings; and

(2) Requires a contractor to deliver, furnish, or otherwise provide to the Government any technical data in which the Government has previously obtained rights with the Government's pre-existing rights in that data unless the parties have agreed otherwise or restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose the data have expired. When restrictions are still applicable, the contractor is permitted to mark the data with the appropriate restrictive legend for which the data qualified.

(c) *Unmarked technical data.* (1) Technical data delivered or otherwise provided under a contract without restrictive markings shall be presumed to have been delivered with unlimited rights and may be released or disclosed without restriction. To the extent

practicable, if a contractor has requested permission (see paragraph (c)(2) of this subsection) to correct an inadvertent omission of markings, do not release or disclose the technical data pending evaluation of the request.

(2) A contractor may request permission to have appropriate legends placed on unmarked technical data at its expense. The request must be received by the contracting officer within six months following the furnishing or delivery of such data, or any extension of that time approved by the contracting officer. The person making the request must:

(i) Identify the technical data that should have been marked;

(ii) Demonstrate that the omission of the marking was inadvertent, the proposed marking is justified and conforms with the requirements for the marking of technical data contained in the clause at 252.227-7013; and

(iii) Acknowledge, in writing, that the Government has no liability with respect to any disclosure, reproduction, or use of the technical data made prior to the addition of the marking or resulting from the omission of the marking.

(3) Contracting officers should grant permission to mark only if the technical data were not distributed outside the Government or were distributed outside the Government with restrictions on further use or disclosure.

227.7103-11 Contractor procedures and records.

(a) The clause at 252.227-7013, Rights in Technical Data—Noncommercial Items, requires a contractor, and its subcontractors or suppliers that will deliver technical data with other than unlimited rights, to establish and follow written procedures to assure that restrictive markings are used only when authorized and to maintain records to justify the validity of asserted restrictions on delivered data.

(b) The clause at 252.227-7037, Validation of Restrictive Markings on Technical Data requires contractors and their subcontractors at any tier to maintain records sufficient to justify the validity of restrictive markings on technical data delivered or to be delivered under a Government contract.

227.7103-12 Government right to establish conformity of markings.

(a) *Nonconforming markings.* (1) Authorized markings are identified in the clause at 252.227-7013, Rights in Technical Data—Noncommercial Items. All other markings are nonconforming markings. An authorized marking that is not in the form, or differs in substance, from the marking requirements in the clause at 252.227-7013 is also a nonconforming marking.

(2) The correction of nonconforming markings on technical data is not subject to 252.227-7037, Validation of Restrictive Markings on Technical Data. To the extent practicable, the contracting officer should return technical data bearing nonconforming markings to the person who has placed the nonconforming markings on such data to provide that person an opportunity to correct or strike the nonconforming marking at that person's expense. If that person fails to correct the nonconformity and return the corrected data within 60 days following the person's receipt of the data, the contracting officer may correct or strike the nonconformity at that person's expense. When it is impracticable to return technical data for correction, contracting officers may unilaterally correct any nonconforming markings at Government expense. Prior to correction, the data may be used in accordance with the proper restrictive marking.

(b) *Unjustified markings.* (1) An unjustified marking is an authorized marking that does not depict accurately restrictions applicable to the Government's use, modification, reproduction, release, performance, display, or disclosure of the marked technical data. For example, a limited rights legend placed on technical data pertaining to items, components, or processes that were developed under a Government contract either exclusively at Government expense or with mixed funding (situations under which the Government obtains unlimited or government purpose rights) is an unjustified marking.

(2) Contracting officers have the right to review and challenge the validity of unjustified markings. However, at any time during performance of a

contract and notwithstanding existence of a challenge, the contracting officer and the person who has asserted a restrictive marking may agree that the restrictive marking is not justified. Upon such agreement, the contracting officer may, at his or her election, either—

- (i) Strike or correct the unjustified marking at that person's expense; or
- (ii) Return the technical data to the person asserting the restriction for correction at that person's expense. If the data are returned and that person fails to correct or strike the unjustified restriction and return the corrected data to the contracting officer within 60 days following receipt of the data, the unjustified marking shall be corrected or stricken at that person's expense.

227.7103-13 Government right to review, verify, challenge and validate asserted restrictions.

(a) *General.* An offeror's assertion(s) of restrictions on the Government's rights to use, modify, reproduce, release, or disclose technical data do not, by themselves, determine the extent of the Government's rights in the technical data. Under 10 U.S.C. 2321, the Government has the right to challenge asserted restrictions when there are reasonable grounds to question the validity of the assertion and continued adherence to the assertion would make it impractical to later procure competitively the item to which the data pertain.

(b) *Pre-award considerations.* The challenge procedures required by 10 U.S.C. 2321 could significantly delay awards under competitive procurements. Therefore, avoid challenging asserted restrictions prior to a competitive contract award unless resolution of the assertion is essential for successful completion of the procurement.

(c) *Challenge and validation.* Contracting officers must have reasonable grounds to challenge the current validity of an asserted restriction. Before issuing a challenge to an asserted restriction, carefully consider all available information pertaining to the assertion. All challenges must be made in accordance with the provisions of the clause at 252.227-7037, Validation of Restrictive Markings on Technical Data.

(1) *Challenge period.* Asserted restrictions should be reviewed before acceptance of technical data deliverable under the contract. Assertions must be challenged within three years after final payment under the contract or three years after delivery of the data, whichever is later. However, restrictive markings may be challenged at any time if the technical data—

- (i) Are publicly available without restrictions;
- (ii) Have been provided to the United States without restriction; or
- (iii) Have been otherwise made available without restriction other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data to another party or the sale or transfer of some or all of a business entity or its assets to another party.

(2) *Pre-challenge requests for information.* (i) After consideration of the situation described in paragraph (c)(3) of this subsection, contracting officers may request the person asserting a restriction to furnish a written explanation of the facts and supporting documentation for the assertion in sufficient detail to enable the contracting officer to ascertain the basis of the restrictive markings. Additional supporting documentation may be requested when the explanation provided by the person making the assertion does not, in the contracting officer's opinion, establish the validity of the assertion.

(ii) If the person asserting the restriction fails to respond to the contracting officer's request for information or additional supporting documentation, or if the information submitted or any other available information pertaining to the validity of a restrictive marking does not justify the asserted restriction, a challenge should be considered.

(3) *Transacting matters directly with subcontracts.* The clause at 252.227-7037 obtains the contractor's agreement that the Government may transact matters under the clause directly with a subcontractor, at any tier, without creating or implying privity of contract. Contracting officers should permit a subcontractor or supplier to

transact challenge and validation matters directly with the Government when—

(i) A subcontractor's or supplier's business interests in its technical data would be compromised if the data were disclosed to a higher tier contractor;

(ii) There is reason to believe that the contractor will not respond in a timely manner to a challenge and an untimely response would jeopardize a subcontractor's or suppliers right to assert restrictions; or

(iii) Requested to do so by a subcontractor or supplier.

(4) *Challenge notice.* Do not issue a challenge notice unless there are reasonable grounds to question the validity of an assertion. Assertions may be challenged whether or not supporting documentation was requested from the person asserting the restriction. Challenge notices must be in writing and issued to the contractor or, after consideration of the situations described in paragraph (c)(3) of this subsection, the person asserting the restriction. The challenge notice must include the information in paragraph (e) of the clause at 252.227-7037.

(5) *Extension of response time.* The contracting officer, at his or her discretion, may extend the time for response contained in a challenge notice, as appropriate, if the contractor submits a timely written request showing the need for additional time to prepare a response.

(6) *Contracting officer's final decision.* Contracting officers must issue a final decision for each challenged assertion, whether or not the assertion has been justified.

(i) A contracting officer's final decision that an assertion is not justified must be issued as soon as practicable following the failure of the person asserting the restriction to respond to the contracting officer's challenge within 60 days, or any extension to that time granted by the contracting officer.

(ii) A contracting officer who, following a challenge and response by the person asserting the restriction, determines that an asserted restriction is justified, shall issue a final decision sustaining the validity of the asserted restriction. If the asserted restriction

was made subsequent to submission of the contractor's offer, add the asserted restriction to the contract attachment.

(iii) A contracting officer who determine that the validity of an asserted restriction has not been justified shall issue a contracting officer's final decision within the time frames prescribed in 252.227-7037. As provided in paragraph (g) of that clause, the Government is obligated to continue to respect the asserted restrictions through final disposition of any appeal unless the agency head notifies the person asserting the restriction that urgent or compelling circumstances do not permit the Government to continue to respect the asserted restriction.

(7) *Multiple challenges to an asserted restriction.* When more than one contracting officer challenges an asserted restriction, the contracting officer who made the earliest challenge is responsible for coordinating the Government challenges. That contracting officer shall consult with all other contracting officers making challenges, verify that all challenges apply to the same asserted restriction and, after consulting with the contractor, subcontractor, or supplier asserting the restriction, issue a schedule that provides that person a reasonable opportunity to respond to each challenge.

(8) *Validation.* Only a contracting officer's final decision, or actions of an agency board of contract appeals or a court of competent jurisdiction, that sustain the validity of an asserted restriction constitute validation of the asserted restriction.

227.7103-14 Conformity, acceptance, and warranty of technical data.

(a) *Statutory requirements.* 10 U.S.C. 2320—

(1) Provides for the establishment of remedies applicable to technical data found to be incomplete, inadequate, or not to satisfy the requirements of the contract concerning such data; and

(2) Authorizes agency heads to withhold payments (or exercise such other remedies an agency head considers appropriate) during any period if the contractor does not meet the requirements of the contract pertaining to the delivery of technical data.

(b) *Conformity and acceptance.* (1) Solicitations and contracts requiring the delivery of technical data shall specify the requirements the data must satisfy to be acceptable. Contracting officers, or their authorized representatives, are responsible for determining whether technical data tendered for acceptance conform to the contractual requirements.

(2) The clause at 252.227-7030, Technical Data—Withholding of Payment, provides for withholding up to 10 percent of the contract price pending correction or replacement of the nonconforming technical data or negotiation of an equitable reduction in contract price. The amount subject to withholding may be expressed as a fixed dollar amount or as a percentage of the contract price. In either case, the amount shall be determined giving consideration to the relative value and importance of the data. For example—

(i) When the sole purpose of a contract is to produce the data, the relative value of that data may be considerably higher than the value of data produced under a contract where the production of the data is a secondary objective; or

(ii) When the Government will maintain or repair items, repair and maintenance data may have a considerably higher relative value than data that merely describe the item or provide performance characteristics.

(3) Do not accept technical data that do not conform to the contractual requirements in all respects. Except for nonconforming restrictive markings (see paragraph (b)(4) of this subsection), correction or replacement of nonconforming data or an equitable reduction in contract price when correction or replacement of the nonconforming data is not practicable or is not in the Government's interests, shall be accomplished in accordance with—

(i) The provisions of a contract clause providing for inspection and acceptance of deliverables and remedies for nonconforming deliverables; or

(ii) The procedures at FAR 46.407(c) through (g), if the contract does not contain an inspection clause providing remedies for nonconforming deliverables.

(4) Follow the procedures at 227.7103-12(a)(2) if nonconforming markings are the sole reason technical data fail to conform to contractual requirements. The clause at 252.227-7030 may be used to withhold an amount for payment, consistent with the terms of the clause, pending correction of the nonconforming markings.

(c) *Warranty.* (1) The intended use of the technical data and the cost, if any, to obtain the warranty should be considered before deciding to obtain a data warranty (see FAR 46.703). The fact that a particular item, component, or process is or is not warranted is not a consideration in determining whether or not to obtain a warranty for the technical data that pertain to the item, component, or process. For example, a data warranty should be considered if the Government intends to repair or maintain an item and defective repair or maintenance data would impair the Government's effective use of the item or result in increased costs to the Government.

(2) As prescribed in 246.710, use the clause at 252.246-7001, Warranty of Data, and its alternates, or a substantially similar clause when the Government needs a specific warranty of technical data.

[60 FR 33471, June 28, 1995, as amended at 69 FR 31912, June 8, 2004]

227.7103-15 Subcontractor rights in technical data.

(a) 10 U.S.C. 2320 provides subcontractors at all tiers the same protection for their rights in data as is provided to prime contractors. The clauses at 252.227-7013, Rights in Technical Data—Noncommercial Items, and 252.227-7037, Validation of Restrictive Markings on Technical Data, implement the statutory requirements.

(b) 10 U.S.C. 2321 permits a subcontractor to transact directly with the Government matters relating to the validation of its asserted restrictions on the Government's rights to use or disclose technical data. The clause at 252.227-7037 obtains a contractor's agreement that the direct transaction of validation or challenge matters with subcontractors at any tier does not establish or imply privity of contract.

227.7103-16

When a subcontractor or supplier exercise its right to transact validation matters directly with the Government, contracting officers shall deal directly with such persons, as provided at 227.7103-13(c)(3).

(c) Require prime contractors whose contracts include the following clauses to include those clauses, without modification except for appropriate identification of the parties, in contracts with subcontractors or suppliers, at all tiers, who will be furnishing technical data for non-commercial items in response to a Government requirement:

(1) 252.227-7013, Rights in Technical Data—Noncommercial Items;

(2) 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends;

(3) 252.227-7028, Technical Data or Computer Software Previously Delivered to the Government; and

(4) 252.227-7037, Validation of Restrictive Markings on Technical Data.

(d) Do not require contractors to have their subcontractors or suppliers at any tier relinquish rights in technical data to the contractor, a higher tier subcontractor, or to the Government, as a condition for award of any contract, subcontract, purchase order, or similar instrument except for the rights obtained by the Government under the Rights in Technical Data—Noncommercial Items clause contained in the contractor's contract with the Government.

227.7103-16 Providing technical data to foreign governments, foreign contractors, or international organizations.

Technical data may be released or disclosed to foreign governments, foreign contractors, or international organizations only if release or disclosure is otherwise permitted both by Federal export controls and other national security laws or regulations. Subject to such laws and regulations, the Department of Defense—

(a) May release or disclose technical data in which it has obtained unlimited rights to such foreign entities or au-

thorize the use of such data by those entities; and

(b) Shall not release or disclose technical data for which restrictions on use, release, or disclosure have been asserted to foreign entities, or authorize the use of technical data by those entities, unless the intended recipient is subject to the same provisions as included in the use and non-disclosure agreement at 227.7103-7 and the requirements of the clause at 252.227-7103, Rights in Technical Data—Noncommercial Items, governing use, modification, reproduction, release, performance, display, or disclosure of such data have been satisfied.

227.7103-17 Overseas contracts with foreign sources.

(a) The clause at 252.227-7032, Rights in Technical Data and Computer Software (Foreign), may be used in contracts with foreign contractors to be performed overseas, except Canadian purchases (see paragraph (c) of this subsection), in lieu of the clause at 252.227-7013, Rights in Technical Data—Noncommercial Items, when the Government requires the unrestricted right to use, modify, reproduce, perform, display, release or disclose all technical data to be delivered under the contract. Do not use the clause in contracts for existing or special works.

(b) When the Government does not require unlimited rights, the clause at 252.227-7032 may be modified to accommodate the needs of a specific overseas procurement situation. The Government should obtain rights in the technical data that are not less than the rights the Government would have obtained under the data rights clause(s) prescribed in this part for a comparable procurement performed within the United States or its outlying areas.

(c) Contracts for Canadian purchases shall include the appropriate data rights clause prescribed in this part for a comparable procurement performed within the United States or its outlying areas.

227.7104 Contracts under the Small Business Innovation Research (SBIR) Program.

(a) Use the clause at 252.227-7018, Rights in Noncommercial Technical Data and Computer Software—Small Business Innovation Research (SBIR) Program, when technical data or computer software will be generated during performance of contracts under the SBIR program.

(b) Under the clause at 252.227-7018, the Government obtains a royalty-free license to use technical data marked with an SBIR data rights legend only for government purposes during the period commencing with contract award and ending five years after completion of the project under which the data were generated. Upon expiration of the five-year restrictive license, the Government has unlimited rights in the SBIR data. During the license period, the Government may not release or disclose SBIR data to any person other than its support services contractors except—

- (1) For evaluational purposes;
 - (2) As expressly permitted by the contractor; or
 - (3) A use, release, or disclosure that is necessary for emergency repair or overhaul of items operated by the Government.
- (c) Do not make any release or disclosure permitted by paragraph (b) of this section unless, prior to release or disclosure, the intended recipient is subject to the use and nondisclosure agreement at 227.7103-7.

(d) Use the clause at 252.227-7018 with its Alternate I in research contracts when the contracting officer determines, in consultation with counsel, that public dissemination by the contractor would be—

- (1) In the interest of the Government; and
- (2) Facilitated by the Government relinquishing its right to publish the work for sale, or to have others publish the work for sale on behalf of the Government.

(e) Use the following provision and clauses in SBIR solicitations and contracts that include the clause at 252.227-7018:

- (1) 252.227-7016, Rights in Bid or Proposal Information;

(2) 252.227-7017, Identification and Assertion of Use, Release, or Disclosure Restrictions;

(3) 252.227-7019, Validation of Asserted Restrictions—Computer Software;

(4) 252.227-7030, Technical Data—Withholding of Payment; and

(5) 252.227-7037, Validation of Restrictive Markings on Technical Data (paragraph (e) of the clause contains information that must be included in a challenge).

(f) Use the following clauses and provision in SBIR solicitations and contracts in accordance with the guidance at 227.7103-6 (c) and (d):

(1) 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends; and

(2) 252.227-7028, Technical Data or Computer Software Previously Delivered to the Government.

227.7105 Contracts for the acquisition of existing works.

227.7105-1 General.

(a) Existing works include motion pictures, television recordings, video recordings, and other audiovisual works in any medium; sound recordings in any medium; musical, dramatic, and literary works; pantomimes and choreographic works; pictorial, graphic, and sculptural works; and works of a similar nature. Usually, these or similar works were not first created, developed, generated, originated, prepared, or produced under a Government contract. Therefore, the Government must obtain a license in the work if it intends to reproduce the work, distribute copies of the work, prepare derivative works, or perform or display the work publicly. When the Government is not responsible for the content of an existing work, it should require the copyright owner to indemnify the Government for liabilities that may arise out of the content, performance, use, or disclosure of such data.

(b) Follow the procedures at 227.7106 for works which will be first created,

developed, generated, originated, prepared, or produced under a Government contract and the Government needs to control distribution of the work or has a specific need to obtain indemnity for liabilities that may arise out of the creation, content, performance, use, or disclosure of the work or from libelous or other unlawful material contained in the work. Follow the procedures at 227.7103 when the Government does not need to control distribution of such works or obtain such indemnities.

227.7105-2 Acquisition of existing works without modification.

(a) Use the clause at 252.227-7021, Rights in Data—Existing Works, in lieu of the clause at 252.227-7013, Rights in Technical Data—Noncommercial Items, in solicitations and contracts exclusively for existing works when—

(1) The existing works will be acquired without modification; and

(2) The Government requires the right to reproduce, prepare derivative works, or publicly perform or display the existing works; or

(3) The Government has a specific need to obtain indemnity for liabilities that may arise out of the content, performance, use, or disclosure of such data.

(b) The clause at 252.227-7021 provides the Government, and others acting on its behalf, a paid-up, non-exclusive, irrevocable, world-wide license to reproduce, prepare derivative works and publicly perform or display the works called for by a contract and to authorize others to do so for government purposes.

(c) A contract clause is not required to acquire existing works such as books, magazines and periodicals, in any storage or retrieval medium, when the Government will not reproduce the books, magazines or periodicals, or prepare derivative works.

227.7105-3 Acquisition of modified existing works.

Use the clause at 252.227-7020, Rights in Special Works, in solicitations and contracts for modified existing works in lieu of the clause at 252.227-7021, Rights in Data—Existing Works.

227.7106 Contracts for special works.

(a) Use the clause at 252.227-7020, Rights in Special Works, in solicitations and contracts where the Government has a specific need to control the distribution of works first produced, created, or generated in the performance of a contract and required to be delivered under that contract, including controlling distribution by obtaining an assignment of copyright, or a specific need to obtain indemnity for liabilities that may arise out of the creation, delivery, use, modification, reproduction, release, performance, display, or disclosure of such works. Use the clause—

(1) In lieu of the clause at 252.227-7013, Rights in Technical Data—Noncommercial Items, when the Government must own or control copyright in all works first produced, created, or generated and required to be delivered under a contract; or

(2) In addition to the clause at 252.227-7013 when the Government must own or control copyright in a portion of a work first produced, created, or generated and required to be delivered under a contract. The specific portion in which the Government must own or control copyright must be identified in a special contract requirement.

(b) Although the Government obtains an assignment of copyright and unlimited rights in a special work under the clause at 252.227-7020, the contractor retains use and disclosure rights in that work. If the Government needs to restrict a contractor's rights to use or disclose a special work, it must also negotiate a special license which specifically restricts the contractor's use or disclosure rights.

(c) The clause at 252.227-7020 does not permit a contractor to incorporate into a special work any works copyrighted by others unless the contractor obtains the contracting officer's permission to do so and obtains for the Government a non-exclusive, paid up, world-wide license to make and distribute copies of that work, to prepare derivative works, to perform or display publicly any portion of the work, and to permit others to do so for government purposes.

Grant permission only when the Government's requirements cannot be satisfied unless the third party work is included in the deliverable work.

(d) Examples of works which may be procured under the Rights in Special Works clause include, but are not limited, to audiovisual works, computer data bases, computer software documentation, scripts, soundtracks, musical compositions, and adaptations; histories of departments, agencies, services or units thereof; surveys of Government establishments; instructional works or guidance to Government officers and employees on the discharge of their official duties; reports, books, studies, surveys or similar documents; collections of data containing information pertaining to individuals that, if disclosed, would violate the right of privacy or publicity of the individuals to whom the information relates; or investigative reports.

227.7107 Contracts for architect-engineer services.

This section sets forth policies and procedures, pertaining to data, copyrights, and restricted designs unique to the acquisition of construction and architect-engineer services.

227.7107-1 Architectural designs and data clauses for architect-engineer or construction contracts.

(a) Except as provided in paragraph (b) of this subsection and in 227.7107-2, use the clause at 252.227-7022, Government Rights (Unlimited), in solicitations and contracts for architect-engineer services and for construction involving architect-engineer services.

(b) When the purpose of a contract for architect-engineer services, or for construction involving architect-engineer services, is to obtain a unique architectural design of a building, a monument, or construction of similar nature, which for artistic, aesthetic or other special reasons the Government does not want duplicated, the Government may acquire exclusive control of the data pertaining to the design by including the clause at 252.227-7023, Drawings and Other Data to Become Property of Government, in solicitations and contracts.

(c) The Government shall obtain unlimited rights in shop drawings for construction. In solicitations and contracts calling for delivery of shop drawings, include the clause at 252.227-7033, Rights in Shop Drawings.

227.7107-2 Contracts for construction supplies and research and development work.

Use the provisions and clauses required by 227-7103-6 and 227.7203-6 when the acquisition is limited to—

- (a) Construction supplies or materials;
- (b) Experimental, developmental, or research work, or test and evaluation studies of structures, equipment, processes, or materials for use in construction; or
- (c) Both.

227.7107-3 Approval of restricted designs.

The clause at 252.227-7024, Notice and Approval of Restricted Designs, may be included in architect-engineer contracts to permit the Government to make informed decisions concerning noncompetitive aspects of the design.

227.7108 Contractor data repositories.

(a) Contractor data repositories may be established when permitted by agency procedures. The contractual instrument establishing the data repository must require, as a minimum, the data repository management contractor to—

- (1) Establish and maintain adequate procedures for protecting technical data delivered to or stored at the repository from unauthorized release or disclosure;
- (2) Establish and maintain adequate procedures for controlling the release or disclosure of technical data from the repository to third parties consistent with the Government's rights in such data;
- (3) When required by the contracting officer, deliver data to the Government on paper or in other specified media;
- (4) Be responsible for maintaining the currency of data delivered directly by Government contractors or subcontractors to the repository;

227.7200

(5) Obtain use and non-disclosure agreements (see 227.7103-7) from all persons to whom government purpose rights data is released or disclosed; and

(6) Indemnify the Government from any liability to data owners or licensors resulting from, or as a consequence of, a release or disclosure of technical data made by the data repository contractor or its officers, employees, agents, or representatives.

(b) If the contractor is or will be the data repository manager, the contractor's data management and distribution responsibilities must be identified in the contract or the contract must reference the agreement between the Government and the contractor that establishes those responsibilities.

(c) If the contractor is not and will not be the data repository manager, do not require a contractor or subcontractor to deliver technical data marked with limited rights legends to a data repository managed by another contractor unless the contractor or subcontractor who has asserted limited rights agrees to release the data to the repository or has authorized, in writing, the Government to do so.

(d) Repository procedures may provide for the acceptance, delivery, and subsequent distribution of technical data in storage media other than paper, including direct electronic exchange of data between two computers. The procedures must provide for the identification of any portions of the data provided with restrictive legends, when appropriate. The acceptance criteria must be consistent with the authorized delivery format.

Subpart 227.72—Rights in Computer Software and Computer Software Documentation

SOURCE: 60 FR 33482, June 28, 1995, unless otherwise noted.

227.7200 Scope of subpart.

This subpart—

(a) Prescribes policies and procedures for the acquisition of computer software and computer software documentation, and the rights to use, modify, reproduce, release, perform, display, or disclose such software or documentation. It implements require-

48 CFR Ch. 2 (10-1-10 Edition)

ments in the following laws and Executive Order:

(1) 10 U.S.C. 2302(4).

(2) 10 U.S.C. 2305 (subsection (d)(4)).

(3) 10 U.S.C. 2320.

(4) 10 U.S.C. 2321.

(5) 10 U.S.C. 2325.

(6) Executive Order 12591 (subsection 1(b)(6)).

(b) Does not apply to computer software or computer software documentation acquired under GSA schedule contracts.

227.7201 Definitions.

(a) As used in this subpart, unless otherwise specifically indicated, the terms "offeror" and "contractor" include an offeror's or contractor's subcontractors, suppliers, or potential subcontractors or suppliers at any tier.

(b) Other terms used in this subpart are defined in the clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation.

227.7202 Commercial computer software and commercial computer software documentation.

227.7202-1 Policy.

(a) Commercial computer software or commercial computer software documentation shall be acquired under the licenses customarily provided to the public unless such licenses are inconsistent with Federal procurement law or do not otherwise satisfy user needs.

(b) Commercial computer software and commercial computer software documentation shall be obtained competitively, to the maximum extent practicable, using firm-fixed-price contracts or firm-fixed-priced orders under available pricing schedules.

(c) Offerors and contractors shall not be required to—

(1) Furnish technical information related to commercial computer software or commercial computer software documentation that is not customarily provided to the public except for information documenting the specific modifications made at Government expense to such software or documentation to meet the requirements of a Government solicitation; or

(2) Relinquish to, or otherwise provide, the Government rights to use,

modify, reproduce, release, perform, display, or disclose commercial computer software or commercial computer software documentation except for a transfer of rights mutually agreed upon.

227.7202-2 [Reserved]

227.7202-3 Rights in commercial computer software or commercial computer software documentation.

(a) The Government shall have only the rights specified in the license under which the commercial computer software or commercial computer software documentation was obtained.

(b) If the Government has a need for rights not conveyed under the license customarily provided to the public, the Government must negotiate with the contractor to determine if there are acceptable terms for transferring such rights. The specific rights granted to the Government shall be enumerated in the contract license agreement or an addendum thereto.

227.7202-4 Contract clause.

A specific contract clause governing the Government's rights in commercial computer software or commercial computer software documentation is not prescribed. As required by 227.7202-3, the Government's rights to use, modify, reproduce, release, perform, display, or disclose computer software or computer software documentation shall be identified in a license agreement.

227.7203 Noncommercial computer software and noncommercial computer software documentation.

227.7203-1 Policy.

(a) DoD policy is to acquire only the computer software and computer software documentation, and the rights in such software or documentation, necessary to satisfy agency needs.

(b) Solicitations and contracts shall—

(1) Specify the computer software or computer software documentation to be delivered under a contract and the delivery schedules for the software or documentation;

(2) Establish or reference procedures for determining the acceptability of

computer software or computer software documentation;

(3) Establish separate contract line items, to the extent practicable, for the computer software or computer software documentation to be delivered under a contract and require offerors and contractors to price separately each deliverable data item; and

(4) Require offerors to identify, to the extent practicable, computer software or computer software documentation to be furnished with restrictions on the Government's rights and require contractors to identify computer software or computer software documentation to be delivered with such restrictions prior to delivery.

(c) Offerors shall not be required, either as a condition of being responsive to a solicitation or as a condition for award, to sell or otherwise relinquish to the Government any rights in computer software developed exclusively at private expense except for the software identified at 227.7203-5(a) (3) through (6).

(d) Offerors and contractors shall not be prohibited or discouraged from furnishing or offering to furnish computer software developed exclusively at private expense solely because the Government's rights to use, modify, release, reproduce, perform, display, or disclose the software may be restricted.

(e) For acquisitions involving major weapon systems or subsystems of major weapon systems, the acquisition plan shall address acquisition strategies that provide for computer software and computer software documentation, and the associated license rights, in accordance with 207.106(S-70).

[60 FR 33471, June 28, 1995 as amended at 72 FR 51189, Sept. 6, 2007]

227.7203-2 Acquisition of noncommercial computer software and computer software documentation.

(a) Contracting officers shall work closely with data managers and requirements personnel to assure that computer software and computer software documentation requirements included in solicitations are consistent with the policy expressed in 227.7203-1.

(b)(1) Data managers or other requirements personnel are responsible

227.7203-3

for identifying the Government's minimum needs. In addition to desired software performance, compatibility, or other technical considerations, needs determinations should consider such factors as multiple site or shared use requirements, whether the Government's software maintenance philosophy will require the right to modify or have third parties modify the software, and any special computer software documentation requirements.

(2) When reviewing offers received in response to a solicitation or other request for computer software or computer software documentation, data managers must balance the original assessment of the Government's needs with prices offered.

(c) Contracting officers are responsible for ensuring that, wherever practicable, solicitations and contracts—

(1) Identify the types of computer software and the quantity of computer programs and computer software documentation to be delivered, any requirements for multiple users at one site or multiple site licenses, and the format and media in which the software or documentation will be delivered;

(2) Establish each type of computer software or computer software documentation to be delivered as a separate contract line item (this requirement may be satisfied by an exhibit to the contract);

(3) Identify the prices established for each separately priced deliverable item of computer software or computer software documentation under a fixed-price type contract;

(4) Include delivery schedules and acceptance criteria for each deliverable item; and

(5) Specifically identify the place of delivery for each deliverable item.

227.7203-3 Early identification of computer software or computer software documentation to be furnished to the Government with restrictions on use, reproduction or disclosure.

(a) Use the provision at 252.227-7017, Identification and Assertion of Use, Release, or Disclosure Restrictions, in all solicitation that include the clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documenta-

48 CFR Ch. 2 (10-1-10 Edition)

tion. The provision requires offerors to identify any computer software or computer software documentation for which restrictions, other than copyright, on use, modification, reproduction, release, performance, display, or disclosure are asserted and to attach the identification and assertion to the offer.

(b) Subsequent to contract award, the clause at 252.227-7014 permits a contractor, under certain conditions, to make additional assertions of restrictions. The prescriptions for the use of that clause and its alternates are at 227.7203-6(a).

227.7203-4 License rights.

(a) *Grant of license.* The Government obtains rights in computer software or computer software documentation, including a copyright license, under an irrevocable license granted or obtained by the contractor which developed the software or documentation or the licensor of the software or documentation if the development contractor is not the licensor. The contractor or licensor retains all rights in the software or documentation not granted to the Government. The scope of a computer software license is generally determined by the source of funds used to develop the software. Contractors or licensors may, with some exceptions, restrict the Government's rights to use, modify, reproduce, release, perform, display, or disclose computer software developed exclusively or partially at private expense (see 227.7203-5 (b) and (c)). They may not, without the Government's agreement (see 227.7203-5(d)), restrict the Government's rights in computer software developed exclusively with Government funds or in computer software documentation required to be delivered under a contract.

(b) *Source of funds determination.* The determination of the source of funds used to develop computer software should be made at the lowest practicable segregable portion of the software or documentation (e.g., a software sub-routine that performs a specific function). Contractors may assert restricted rights in a segregable portion of computer software which otherwise qualifies for restricted rights under the

clause at 252.227-7014, Rights in Non-commercial Computer Software and Noncommercial Computer Software Documentation.

227.7203-5 Government rights.

The standard license rights in computer software that a licensor grants to the Government are unlimited rights, government purpose rights, or restricted rights. The standard license in computer software documentation conveys unlimited rights. Those rights are defined in the clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation. In unusual situations, the standard rights may not satisfy the Government's needs or the Government may be willing to accept lesser rights in return for other consideration. In those cases, a special license may be negotiated. However, the licensor is not obligated to provide the Government greater rights and the contracting officer is not required to accept lesser rights than the rights provided in the standard grant of license. The situations under which a particular grant of license applies are enumerated in paragraphs (a) through (d) of this subsection.

(a) *Unlimited rights.* The Government obtains an unlimited rights license in—

(1) Computer software developed exclusively with Government funds;

(2) Computer software documentation required to be delivered under a Government contract;

(3) Corrections or changes to computer software or computer software documentation furnished to the contractor by the Government;

(4) Computer software or computer software documentation that is otherwise publicly available or has been released or disclosed by the contractor or subcontractor without restrictions on further use, release or disclosure other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the software to another party or the sale or transfer of some or all of a business entity or its assets to another party;

(5) Computer software or computer software documentation obtained with unlimited rights under another Gov-

ernment contract or as a result of negotiations; or

(6) Computer software or computer software documentation furnished to the Government, under a Government contract or subcontract with—

(i) Restricted rights in computer software, limited rights in technical data, or government purpose license rights and the restrictive conditions have expired; or

(ii) Government purpose rights and the contractor's exclusive right to use such software or documentation for commercial purposes has expired.

(b) *Government purpose rights.* (1) Except as provided in paragraph (a) of this subsection, the Government obtains government purpose rights in computer software developed with mixed funding.

(2) The period during which government purpose rights are effective is negotiable. The clause at 252.227-7014 provides a nominal five-year period. Either party may request a different period. Changes to the government purpose rights period may be made at any time prior to delivery of the software without consideration from either party. Longer periods should be negotiated when a five-year period does not provide sufficient time to commercialize the software or, for software developed by subcontractors, when necessary to recognize the subcontractors' interests in the software.

(3) The government purpose rights period commences upon execution of the contract, subcontract, letter contract (or similar contractual instrument), contract modification, or option exercise that required development of the computer software. Upon expiration of the government purpose rights period, the Government has unlimited rights in the software including the right to authorize others to use data for commercial purposes.

(4) During the government purpose rights period, the Government may not use, or authorize other persons to use, computer software marked with government purpose rights legends for commercial purposes. The Government

shall not release or disclose, or authorize others to release or disclose, computer software in which it has government purpose rights to any person unless—

(i) Prior to release or disclosure, the intended recipient is subject to the use and non-disclosure agreement at 227.7103-7; or

(ii) The intended recipient is a Government contractor receiving access to the software for performance of a Government contract that contains the clause at 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(5) When computer software marked with government purpose rights legends will be released or disclosed to a Government contractor performing a contract that does not include the clause at 252.227-7025, the contract may be modified, prior to release or disclosure, to include such clause in lieu of requiring the contractor to complete a use and non-disclosure agreement.

(6) Contracting activities shall establish procedures to assure that computer software or computer software documentation marked with government purpose rights legends are released or disclosed, including a release or disclosure through a Government solicitation, only to persons subject to the use and non-disclosure restrictions. Public announcements in the Commerce Business Daily or other publications must provide notice of the use and non-disclosure requirements. Class use and non-disclosure agreements (e.g., agreements covering all solicitations received by the XYZ company within a reasonable period) are authorized and may be obtained at any time prior to release or disclosure of the government purpose rights software or documentation. Documents transmitting government purpose rights software or documentation to persons under class agreements shall identify the specific software or documentation subject to government purpose rights and the class agreement under which such software or documentation are provided.

(c) *Restricted rights.* (1) The Government obtains restricted rights in non-commercial computer software re-

quired to be delivered or otherwise provided to the Government under a contract that were developed exclusively at private expense.

(2) Contractors are not required to provide the Government additional rights in computer software delivered or otherwise provided to the Government with restricted rights. When the Government has a need for additional rights, the Government must negotiate with the contractor to determine if there are acceptable terms for transferring such rights. List or describe all software in which the contractor has granted the Government additional rights in a license agreement made part of the contract (see paragraph (d) of this subsection). The license shall enumerate the specific additional rights granted to the Government.

(d) *Specifically negotiated license rights.* Negotiate specific licenses when the parties agree to modify the standard license rights granted to the Government or when the Government wants to obtain rights in computer software in which it does not have rights. When negotiating to obtain, relinquish, or increase the Government's rights in computer software, consider the planned software maintenance philosophy, anticipated time or user sharing requirements, and other factors which may have relevance for a particular procurement. If negotiating to relinquish rights in computer software documentation, consider the administrative burden associated with protecting documentation subject to restrictions from unauthorized release or disclosure. The negotiated license rights must stipulate the rights granted the Government to use, modify, reproduce, release, perform, display, or disclose the software or documentation and the extent to which the Government may authorize others to do so. Identify all negotiated rights in a license agreement made part of the contract.

(e) *Rights in derivative computer software or computer software documentation.* The clause at 252.227-7014 protects the Government's rights in computer software, computer software documentation, or portions thereof that the

contractor subsequently uses to prepare derivative software or subsequently embeds or includes in other software or documentation. The Government retains the rights it obtained under the development contract in the unmodified portions of the derivative software or documentation.

227.7203-6 Contract clauses.

(a)(1) Use the clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation, in solicitations and contracts when the successful offeror(s) will be required to deliver computer software or computer software documentation. Do not use the clause when the only deliverable items are technical data (other than computer software documentation), commercial computer software or commercial computer software documentation, commercial items (see 227.7102-3), special works (see 227.7205), or contracts under the Small Business Innovative Research Program (see 227.7104), Except as provided in 227.7107-2, do not use the clause in architect-engineer and construction contracts.

(2) Use the clause at 252.227-7014 with its Alternate I in research contracts when the contracting officer determines, in consultation with counsel, that public dissemination by the contractor would be—

(i) In the interest of the Government; and

(ii) Facilitated by the Government relinquishing its right to publish the work for sale, or to have others publish the work for sale on behalf of the Government.

(b) Use the clause at 252.227-7016, Rights in Bid or Proposal Information, in solicitations and contracts that include the clause at 252.227-7014.

(c) Use the clause at 252.227-7019, Validation of Asserted Restrictions—Computer Software, in solicitations and contracts that include the clause at 252.227-7014. The clause provides procedures for the validation of asserted restrictions on the Government’s rights to use, release, or disclose computer software.

(d) Use the provision at 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information

Marked with Restrictive Legends, in solicitations and contracts when it is anticipated that the Government will provide the contractor, for performance of its contract, computer software or computer software documentation marked with another contractor’s restrictive legend(s).

(e) Use the provision at 252.227-7028, Technical Data or Computer Software Previously Delivered to the Government, in solicitations when the resulting contract will require the contractor to deliver computer software or computer software documentation. The provision requires offerors to identify any software or documentation specified in the solicitation as deliverable items that are the same or substantially the same as software or documentation which the offeror has delivered or is obligated to deliver, either as a contractor or subcontractor, under any other federal agency contract.

(f) Use the clause at 252.227-7037, Validation of Restrictive Markings on Technical Data, in solicitations and contracts that include the clause at 252.227-7014 when the contractor will be required to deliver noncommercial computer software documentation (technical data). The clause implements statutory requirements under 10 U.S.C. 2321. Paragraph (e) of the clause contains information that must be included in a formal challenge.

227.7203-7 [Reserved]

227.7203-8 Deferred delivery and deferred ordering of computer software and computer software documentation.

(a) *Deferred delivery.* Use the clause at 252.227-7026, Deferred Delivery of Technical Data or Computer Software, when it is in the Government’s interests to defer the delivery of computer software or computer software documentation. The clause permits the contracting officer to require the delivery of data identified as “deferred delivery” data or computer software at any time until two years after acceptance by the Government of all items (other than technical data or computer software) under the contract or contract termination, whichever is later. The obligation of subcontractors or suppliers to deliver such data expires two years after the

date the prime contractor accepts the last item from the subcontractor or supplier for use in the performance of the contract. The contract must specify the computer software or computer software documentation that is subject to deferred delivery. The contracting officer shall notify the contractor sufficiently in advance of the desired delivery date for such software or documentation to permit timely delivery.

(b) *Deferred ordering.* Use the clause at 252.227-7027, Deferred Ordering of Technical Data or Computer Software, when a firm requirement for software or documentation has not been established prior to contract award but there is a potential need for computer software or computer software documentation. Under this clause the contracting officer may order any computer software or computer software documentation generated in the performance of the contract or any subcontract thereunder at any time until three years after acceptance of all items (other than technical data or computer software) under the contract or contract termination, whichever is later. The obligation of subcontractors to deliver such technical data or computer software expires three years after the date the contractor accepts the last item under the subcontract. When the software or documentation are ordered, the delivery dates shall be negotiated and the contractor compensated only for converting the software or documentation into the prescribed form, reproduction costs, and delivery costs.

227.7203-9 Copyright.

(a) *Copyright license.* (1) The clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation, requires a contractor to grant, or obtain for the Government license rights which permit the Government to reproduce the software or documentation, distribute copies, perform or display the software or documentation and, through the right to modify data, prepare derivative works. The extent to which the Government, and others acting on its behalf, may exercise these rights varies for each of the standard data rights licenses obtained under the

clause. When non-standard license rights in computer software or computer software documentation will be negotiated, negotiate the extent of the copyright license concurrent with negotiations for the data rights license. Do not negotiate copyright licenses for computer software that provide less rights than the standard restricted rights in computer software license. For computer software documentation, do not negotiate a copyright license that provides less rights than the standard limited rights in technical data license.

(2) The clause at 252.227-7013, Rights in Technical Data—Noncommercial Items, does not permit a contractor to incorporate a third party's copyrighted software into a deliverable software item unless the contractor has obtained an appropriate license for the Government and, when applicable, others acting on the Government's behalf, or has obtained the contracting officer's written approval to do so. Grant approval to use third party copyrighted software in which the Government will not receive a copyright license only when the Government's requirements cannot be satisfied without the third party material or when the use of the third party material will result in cost savings to the Government which outweigh the lack of a copyright license.

(b) *Copyright considerations—special works.* See 227.7205 for copyright considerations when acquiring special works.

227.7203-10 Contractor identification and marking of computer software or computer software documentation to be furnished with restrictive markings.

(a) *Identification requirements.* (1) The solicitation provision at 252.227-7017, Identification and Assertion of Use, Release, or Disclosure Restrictions, requires offerors to identify, prior to contract award, any computer software or computer software documentation that an offeror asserts should be provided to the Government with restrictions on use, modification, reproduction, release, or disclosure. This requirement does not apply to restrictions based solely on copyright. The notification and identification must be submitted as an attachment to the offer. If an offeror fails to submit the attachment or

fails to complete the attachment in accordance with the requirements of the solicitation provision, such failure shall constitute a minor informality. Provide offerors an opportunity to remedy a minor informality in accordance with the procedures at FAR 14.405 or 15.306(a). An offeror's failure to correct an informality within the time prescribed by the contracting officer shall render the offer ineligible for award.

(2) The procedures for correcting minor informalities shall not be used to obtain information regarding asserted restrictions or an offeror's suggested asserted rights category. Questions regarding the justification for an asserted restriction or asserted rights category must be pursued in accordance with the procedures at 227.7203-13.

(3) The restrictions asserted by a successful offeror shall be attached to its contract unless, in accordance with the procedures at 227.7203-13, the parties have agreed that an asserted restriction is not justified. The contract attachment shall provide the same information regarding identification of the computer software or computer software documentation, the asserted rights category, the basis for the assertion, and the name of the person asserting the restrictions as required by paragraph (d) of the solicitation provision at 252.227-7017. Subsequent to contract award, the clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation, permits a contractor to make additional assertions under certain conditions. The additional assertions must be made in accordance with the procedures and in the format prescribed by that clause.

(4) Neither the pre- or post-award assertions made by the contractor nor the fact that certain assertions are identified in the attachment to the contract, determine the respective rights of the parties. As provided at 227.7203-13, the Government has the right to review, verify, challenge and validate restrictive markings.

(5) Information provided by offerors in response to the solicitation provision at 252.227-7017 may be used in the source selection process to evaluate

the impact on evaluation factors that may be created by restrictions on the Government's ability to use or disclose computer software or computer software documentation.

(b) *Contractor marking requirements.* The clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation—

(1) Requires a contractor who desires to restrict the Government's rights in computer software or computer software documentation to place restrictive markings on the software or documentation, provides instructions for the placement of the restrictive markings, and authorizes the use of certain restrictive markings. When it is anticipated that the software will or may be used in combat or situations which simulate combat conditions, do not permit contractors to insert instructions into computer programs that interfere with or delay operation of the software to display a restrictive rights legend or other license notice; and

(2) Requires a contractor to deliver, furnish, or otherwise provide to the Government any computer software or computer software documentation in which the Government has previously obtained rights with the Government's pre-existing rights in that software or documentation unless the parties have agreed otherwise or restrictions on the Government's rights to use, modify, produce, release, or disclose the software or documentation have expired. When restrictions are still applicable, the contractor is permitted to mark the software or documentation with the appropriate restrictive legend.

(c) *Unmarked computer software or computer software documentation.* (1) Computer software or computer software documentation delivered or otherwise provided under a contract without restrictive markings shall be presumed to have been delivered with unlimited rights and may be released or disclosed without restriction. To the extent practicable, if a contractor has requested permission (see paragraph (c)(2) of this subsection) to correct an inadvertent omission of markings, do not release or disclose the software or documentation pending evaluation of the request.

227.7203-11

(2) A contractor may request permission to have appropriate legends placed on unmarked computer software or computer software documentation at its expense. The request must be received by the contracting officer within six months following the furnishing or delivery of such software or documentation, or any extension of that time approved by the contracting officer. The person making the request must—

(i) Identify the software or documentation that should have been marked;

(ii) Demonstrate that the omission of the marking was inadvertent, the proposed marking is justified and conforms with the requirements for the marking of computer software or computer software documentation contained in the clause at 252.227-7014; and

(iii) Acknowledge, in writing, that the Government has no liability with respect to any disclosure, reproduction, or use of the software or documentation made prior to the addition of the marking or resulting from the omission of the marking.

(3) Contracting officers should grant permission to mark only if the software or documentation were not distributed outside the Government or were distributed outside the Government with restrictions on further use or disclosure.

227.7203-11 Contractor procedures and records.

(a) The clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation, requires a contractor, and its subcontractors or suppliers that will deliver computer software or computer software documentation with other than unlimited rights, to establish and follow written procedures to assure that restrictive markings are used only when authorized and to maintain records to justify the validity of restrictive markings.

(b) The clause at 252.227-7019, Validation of Asserted Restrictions—Computer Software, requires contractors and their subcontractors or suppliers at any tier to maintain records suffi-

48 CFR Ch. 2 (10-1-10 Edition)

cient to justify the validity of markings that assert restrictions on the use, modification, reproduction, release, performance, display, or disclosure of computer software.

227.7203-12 Government right to establish conformity of markings.

(a) *Nonconforming markings.* (1) Authorized markings are identified in the clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation. All other markings are nonconforming markings. An authorized marking that is not in the form, or differs in substance, from the marking requirements in the clause at 252.227-7014 is also a nonconforming marking.

(2) The correction of nonconforming markings on computer software is not subject to 252.227-7019, Validation of Asserted Restrictions—Computer Software, and the correction of nonconforming markings on computer software documentation (technical data) is not subject to 252.227-7037, Validation of Restrictive Markings on Technical Data. To the extent practicable, the contracting officer should return computer software or computer software documentation bearing nonconforming markings to the person who has placed the nonconforming markings on the software or documentation to provide that person an opportunity to correct or strike the nonconforming markings at that person's expense. If that person fails to correct the nonconformity and return the corrected software or documentation within 60 days following the person's receipt of the software or documentation, the contracting officer may correct or strike the nonconformity at the person's expense. When it is impracticable to return computer software or computer software documentation for correction, contracting officers may unilaterally correct any nonconforming markings at Government expense. Prior to correction, the software or documentation may be used in accordance with the proper restrictive marking.

(b) *Unjustified markings.* (1) An unjustified marking is an authorized marking that does not depict accurately restrictions applicable to the

Government's use, modification, reproduction, release, or disclosure of the marked computer software or computer software documentation. For example, a restricted rights legend placed on computer software developed under a Government contract either exclusively at Government expense or with mixed funding (situations under which the Government obtains unlimited or government purpose rights) is an unjustified marking.

(2) Contracting officers have the right to review and challenge the validity of unjustified markings. However, at any time during performance of a contract and notwithstanding existence of a challenge, the contracting officer and the person who has asserted a restrictive marking may agree that the restrictive marking is not justified. Upon such agreement, the contracting officer may, at his or her election, either—

(i) Strike or correct the unjustified marking at that person's expense; or

(ii) Return the computer software or computer software documentation to the person asserting the restriction for correction at that person's expense. If the software or documentation are returned and that person fails to correct or strike the unjustified restriction and return the corrected software or documentation to the contracting officer within 60 days following receipt of the software or documentation, the unjustified marking shall be corrected or stricken at that person's expense.

227.7203-13 Government right to review, verify, challenge and validate asserted restrictions.

(a) *General.* An offeror's or contractor's assertion(s) of restrictions on the Government's rights to use, modify, reproduce, release, or disclose computer software or computer software documentation do not, by themselves, determine the extent of the Government's rights in such software or documentation. The Government may require an offeror or contractor to submit sufficient information to permit an evaluation of a particular asserted restriction and may challenge asserted restrictions when there are reasonable grounds to believe that an assertion is not valid.

(b) *Requests for information.* Contracting officers should have a reason to suspect that an asserted restriction might not be correct prior to requesting information. When requesting information, provide the offeror or contractor the reason(s) for suspecting that an asserted restriction might not be correct. A need for additional license rights is not, by itself, a sufficient basis for requesting information concerning an asserted restriction. Follow the procedures at 227.7203-5(d) when additional license rights are needed but there is no basis to suspect that an asserted restriction might not be valid.

(c) *Transacting matters directly with subcontractors.* The clause at 252.227-7019, Validation of Asserted Restrictions—Computer Software, obtains the contractor's agreement that the Government may transact matters under the clause directly with a subcontractor or supplier, at any tier, without creating or implying privity of contract. Contracting officers should permit a subcontractor or supplier to transact challenge and validation matters directly with the Government when—

(1) A subcontractor's or supplier's business interests in its technical data would be compromised if the data were disclosed to a higher tier contractor.

(2) There is reason to believe that the contractor will not respond in a timely manner to a challenge and an untimely response would jeopardize a subcontractor's or supplier's right to assert restrictions; or

(3) Requested to do so by a subcontractor or supplier.

(d) *Challenging asserted restrictions—*

(1) *Pre-award considerations.* The challenge procedures in the clause at 252.227-7019 could significantly delay competitive procurements. Therefore, avoid challenging asserted restrictions prior to a competitive contract award unless resolution of the assertion is essential for successful completion of the procurement.

(2) *Computer software documentation.* Computer software documentation is technical data. Challenges to asserted restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose

computer software documentation must be made in accordance with the clause at 252.227-7037, Validation of Restrictive Markings on Technical Data, and the guidance at 227.7103-13. The procedures in the clause at 252.227-7037 implement requirements contained in 10 U.S.C. 2321. Resolution of questions regarding the validity of asserted restrictions using the process described at 227.7103-12(b)(2) is strongly encouraged.

(3) *Computer software.* (i) Asserted restrictions should be reviewed before acceptance of the computer software deliverable under a contract. The Government's right to challenge an assertion expires three years after final payment under the contract or three years after delivery of the software, whichever is later. Those limitations on the Government's challenge rights do not apply to software that is publicly available, has been furnished to the Government without restrictions, or has been otherwise made available without restrictions.

(ii) Contracting officers must have reasonable grounds to challenge the current validity of an asserted restriction. Before challenging an asserted restriction, carefully consider all available information pertaining to the asserted restrictions. Resolution of questions regarding the validity of asserted restrictions using the process described at 227.7203-12(b)(2) is strongly encouraged. After consideration of the situations described in paragraph (c) of this subsection, contracting officers may request the person asserting a restriction to furnish a written explanation of the facts and supporting documentation for the assertion in sufficient detail to enable the contracting officer to determine the validity of the assertion. Additional supporting documentation may be requested when the explanation provided by that person does not, in the contracting officer's opinion, establish the validity of the assertion.

(iii) Assertions may be challenged whether or not supporting documentation was requested. Challenges must be in writing and issued to the person asserting the restriction.

(4) *Extension of response time.* The contracting officer, at his or her discretion, may extend the time for response

contained in a challenge, as appropriate, if the contractor submits a timely written request showing the need for additional time to prepare a response.

(e) *Validating or denying asserted restrictions.* (1) Contracting officers must promptly issue a final decision denying or sustaining the validity of each challenged assertion unless the parties have agreed on the disposition of the assertion. When a final decision denying the validity of an asserted restriction is made following a timely response to a challenge, the Government is obligated to continue to respect the asserted restrictions through final disposition of any appeal unless the agency head notifies the person asserting the restriction that urgent or compelling circumstances do not permit the Government to continue to respect the asserted restriction. See 252.227-7019(g) for restrictions applicable following a determination of urgent and compelling circumstances.

(2) Only a contracting officer's final decision, or actions of an agency Board of Contract Appeals or a court of competent jurisdiction, that sustain the validity of an asserted restriction constitute validation of the restriction.

(f) *Multiple challenges to an asserted restriction.* When more than one contracting officer challenges an asserted restriction, the contracting officer who made the earliest challenge is responsible for coordinating the Government challenges. That contracting officer shall consult with all other contracting officers making challenges, verify that all challenges apply to the same asserted restriction and, after consulting with the contractor, subcontractor, or supplier asserting the restriction, issue a schedule that provides that person a reasonable opportunity to respond to each challenge.

227.7203-14 Conformity, acceptance, and warranty of computer software and computer software documentation.

(a) *Computer software documentation.* Computer software documentation is technical data. See 227.7103-14 for appropriate guidance and statutory requirements.

(b) *Computer software*—(1) *Conformity and acceptance.* Solicitations and contracts requiring the delivery of computer software shall specify the requirements the software must satisfy to be acceptable. Contracting officers, or their authorized representatives, are responsible for determining whether computer software tendered for acceptance conforms to the contractual requirements. Except for nonconforming restrictive markings (follow the procedures at 227.7203-12(a) if nonconforming markings are the sole reason computer software tendered for acceptance fails to conform to contractual requirements), do not accept software that does not conform in all respects to applicable contractual requirements. Correction or replacement of nonconforming software, or an equitable reduction in contract price when correction or replacement of the nonconforming data is not practicable or is not in the Government's interests, shall be accomplished in accordance with—

(i) The provisions of a contract clause providing for inspection and acceptance of deliverables and remedies for nonconforming deliverables; or

(ii) The procedures at FAR 46.407(c) through (g), if the contract does not contain an inspection clause providing remedies for nonconforming deliverables.

(2) *Warranties*—(i) *Weapon systems.* Computer software that is a component of a weapon system or major subsystem should be warranted as part of the weapon system warranty. Follow the procedures at 246.770.

(ii) *Non-weapon systems.* Approval of the chief of the contracting office must be obtained to use a computer software warranty other than a weapon system warranty. Consider the factors at FAR 46.703 in deciding whether to obtain a computer software warranty. When approval for a warranty has been obtained, the clause at 252.246-7001, Warranty of Data, and its alternates, may be appropriately modified for use with computer software or a procurement specific clause may be developed.

227.7203-15 Subcontractor rights in computer software or computer software documentation.

(a) Subcontractors and suppliers at all tiers should be provided the same protection for their rights in computer software or computer software documentation as are provided to prime contractors.

(b) The clauses at 252.227-7019, Validation of Asserted Restrictions—Computer Software, and 252.227-7037, Validation of Restrictive Markings on Technical Data, obtain a contractor's agreement that the Government's transaction of validation or challenge matters directly with subcontractors at any tier does not establish or imply privity of contract. When a subcontractor or supplier exercises its right to transact validation matters directly with the Government, contracting officers shall deal directly with such persons, as provided at 227.7203-13(c) for computer software and 227.7103-13(c)(3) for computer software documentation (technical data).

(c) Require prime contractors whose contracts include the following clauses to include those clauses, without modification except for appropriate identification of the parties, in contracts with subcontractors or suppliers who will be furnishing computer software in response to a Government requirement (see 227.7103-15(c) for clauses required when subcontractors or suppliers will be furnishing computer software documentation (technical data)):

(1) 252.227.7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation;

(2) 252.227.7019, Validation of Asserted Restrictions—Computer Software;

(3) 252.227.7025, Limitations on the Use or Disclosure of Government Furnished Information Marked with Restrictive Legends; and

(4) 252.227.7028, Technical Data or Computer Software Previously Delivered to the Government.

(d) Do not require contractors to have their subcontractors or suppliers at any tier relinquish rights in technical data to the contractor, a higher tier subcontractor, or to the Government, as a condition for award of any contract, subcontract, purchase order,

or similar instrument except for the rights obtained by the Government under the provisions of the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause contained in the contractor's contract with the Government.

227.7203-16 Providing computer software or computer software documentation to foreign governments, foreign contractors, or international organizations.

Computer software or computer software documentation may be released or disclosed to foreign governments, foreign contractors, or international organizations only if release or disclosure is otherwise permitted both by Federal export controls and other national security laws or regulations. Subject to such laws and regulations, the Department of Defense—

(a) May release or disclose computer software or computer software documentation in which it has obtained unlimited rights to such foreign entities or authorize the use of such data by those entities; and

(b) Shall not release or disclose computer software or computer software documentation for which restrictions on use, release, or disclosure have been asserted to such foreign entities or authorize the use of such data by those entities, unless the intended recipient is subject to the same provisions as included in the use and non-disclosure agreement at 227.7103-7 and the requirements of the clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation, governing use, modification, reproduction, release, performance, display, or disclosure of such data have been satisfied.

227.7203-17 Overseas contracts with foreign sources.

(a) The clause at 252.227-7032, Rights in Technical Data and Computer Software (Foreign), may be used in contracts with foreign contractors to be performed overseas, except Canadian purchases (see paragraph (c) of this subsection) in lieu of the clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial

Computer Software Documentation, when the Government requires the unrestricted right to use, modify, reproduce, release, perform, display, or disclose all computer software or computer software documentation to be delivered under the contract. Do not use the clause in contracts for special works.

(b) When the Government does not require unlimited rights, the clause at 252.227-7032 may be modified to accommodate the needs of a specific overseas procurement situation. The Government should obtain rights to the computer software or computer software documentation that are not less than the rights the Government would have obtained under the software rights clause(s) prescribed in this part for a comparable procurement performed within the United States or its outlying areas.

(c) Contracts for Canadian purchases shall include the appropriate software rights clause prescribed in this part for a comparable procurement performed within the United States or its outlying areas.

227.7204 Contracts under the Small Business Innovative Research Program.

When contracting under the Small Business Innovative Research Program, follow the procedures at 227-7104.

227.7205 Contracts for special works.

(a) Use the clause at 252.227-7020, Rights in Special Works, in solicitations and contracts where the Government has a specific need to control the distribution of computer software or computer software documentation first produced, created, or generated in the performance of a contract and required to be delivered under that contract, including controlling distribution by obtaining an assignment of copyright, or a specific need to obtain indemnity for liabilities that may arise out of the creation, delivery, use, modification, reproduction, release, performance, display, or disclosure of such software or documentation. Use the clause—

(1) In lieu of the clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation, when the Government must own or control copyright in all computer software or computer software documentation first produced, created, or generated and required to be delivered under a contract; or

(2) In addition to the clause at 252.227-7014 when the Government must own or control copyright in some of the computer software or computer software documentation first produced, created, or generated and required to be delivered under a contract. The specific software or documentation in which the Government must own or control copyright must be identified in a special contract requirement.

(b) Although the Government obtains an assignment of copyright and unlimited rights in the computer software or computer software documentation delivered as a special work under the clause at 252.227-7020, the contractor retains use and disclosure rights in that software or documentation. If the Government needs to restrict a contractor's rights to use or disclose a special work, it must also negotiate a special license which specifically restricts the contractor's use or disclosure rights.

(c) The clause at 252.227-7020 does not permit a contractor to incorporate into a special work any work copyrighted by others unless the contractor obtains the contracting officer's permission to do so and obtains for the Government a non-exclusive, paid up, world-wide license to make and distribute copies of that work, to prepare derivative works, to perform or display any portion of that work, and to permit others to do so for government purposes. Grant permission only when the Government's requirements cannot be satisfied unless the third party work is included in the deliverable work.

(d) Examples of other works which may be procured under the clause at 252.227-7020 include, but are not limited to, audiovisual works, scripts, soundtracks, musical compositions, and adaptations; histories of departments, agencies, services or units thereof; surveys of Government establishments; in-

structional works or guidance to Government officers and employees on the discharge of their official duties; reports, books, studies, surveys or similar documents; collections of data containing information pertaining to individuals that, if disclosed, would violate the right of privacy or publicity of the individuals to whom the information relates; or investigative reports.

227.7206 Contracts for architect-engineer services.

Follow 227.7107 when contracting for architect-engineer services.

227.7207 Contractor data repositories.

Follow 227.7108 when it is in the Government's interests to have a data repository include computer software or to have a separate computer software repository. Contractual instruments establishing the repository requirements must appropriately reflect the repository manager's software responsibilities.

Subpart 228.1—Bonds

228.102 Performance and payment bonds for construction contracts.

228.102–1 General.

The requirement for performance and payment bonds is waived for cost-reimbursement contracts. However, for cost-type contracts with fixed-price construction subcontracts over \$30,000, require the prime contractor to obtain from each of its construction subcontractors performance and payment protections in favor of the prime contractor as follows:

(1) For fixed-price construction subcontracts over \$30,000, but not exceeding \$150,000, payment protection sufficient to pay labor and material costs, using any of the alternatives listed at FAR 28.102–1(b)(1).

(2) For fixed-price construction subcontracts over \$100,000—

(i) A payment bond sufficient to pay labor and material costs; and

(ii) A performance bond in an equal amount if available at no additional cost.

[68 FR 36945, June 20, 2003, as amended at 71 FR 75892, Dec. 19, 2006; 75 FR 45074, Aug. 2, 2010]

228.102–70 Defense Environmental Restoration Program construction contracts.

For Defense Environmental Restoration Program construction contracts entered into pursuant to 10 U.S.C. 2701—

(a) Any rights of action under the performance bond shall only accrue to, and be for the exclusive use of, the obligee named in the bond;

(b) In the event of default, the surety's liability on the performance bond is limited to the cost of completion of the contract work, less the balance of unexpended funds. Under no circumstances shall the liability exceed the penal sum of the bond;

(c) The surety shall not be liable for indemnification or compensation of the obligee for loss or liability arising from personal injury or property damage, even if the injury or damage was caused by a breach of the bonded contract; and

(d) Once it has taken action to meet its obligations under the bond, the surety is entitled to any indemnification and identical standard of liability to which the contractor was entitled under the contract or applicable laws and regulations.

[68 FR 36945, June 20, 2003]

228.105 Other types of bonds.

Fidelity and forgery bonds generally are not required but are authorized for use when—

(1) Necessary for the protection of the Government or the contractor; or

(2) The investigative and claims services of a surety company are desired.

[70 FR 8538, Feb. 22, 2005]

228.106 Administration.

228.106–7 Withholding contract payments.

(a) Withholding may be appropriate in other than construction contracts (see FAR 32.112–1(b)).

[57 FR 42707, Sept. 16, 1992, as amended at 70 FR 8538, Feb. 22, 2005]

228.170 Solicitation provision.

When a requirement for a performance bond or other security is included in a solicitation for dismantling, demolition, or removal of improvements (see FAR 37.300), use the provision at 252.228–7004, Bonds or Other Security. Set a period of time (normally ten days) for return of executed bonds.

Subpart 228.3—Insurance

228.304 Risk-pooling arrangements.

DoD has established the National Defense Projects Rating Plan, also known as the Special Casualty Insurance Rating Plan, as a risk-pooling arrangement to minimize the cost to the Government of purchasing the liability insurance listed in FAR 28.307–2. Use the plan in accordance with the procedures at PGI 228.304 when it provides the necessary coverage more advantageously than commercially available coverage.

[69 FR 65091, Nov. 10, 2004]

228.305 Overseas workers' compensation and war-hazard insurance.

(d) When submitting requests for waiver, follow the procedures at PGI 228.305(d).

[69 FR 65091, Nov. 10, 2004]

228.307 Insurance under cost-reimbursement contracts.

228.307-1 Group insurance plans.

The Defense Department Group Term Insurance Plan is available for contractor use under cost-reimbursement type contracts when approved as provided in department or agency regulations. A contractor is eligible if—

- (a) The number of covered employees is 500 or more; and
- (b) The contractor has all cost-reimbursement contracts; or
- (c) At least 90 percent of the payroll for contractor operations to be covered by the Plan is under cost-reimbursement contracts.

228.311 Solicitation provision and contract clause on liability insurance under cost-reimbursement contracts.

228.311-1 Contract clause.

Use the clause at FAR 52.228-7, Insurance—Liability to Third Persons, in solicitations and contracts, other than those for construction and those for architect-engineer services, when a cost-reimbursement contract is contemplated, unless the head of the contracting activity waives the requirement for use of the clause.

[56 FR 36404, July 31, 1991. Redesignated at 61 FR 50454, Sept. 26, 1996]

228.370 Additional clauses.

(a) Use the clause at 252.228-7000, Reimbursement for War-Hazard Losses, when—

- (1) The clause at FAR 52.228-4, Worker's Compensation and War-Hazard Insurance Overseas, is used; and
 - (2) The head of the contracting activity decides not to allow the contractor to buy insurance for war-hazard losses.
- (b)(1) Use the clause at 252.228-7001, Ground and Flight Risk, in all solicitations and contracts for the acquisition, development, production, modification, maintenance, repair, flight, or over-

haul of aircraft, except those solicitations and contracts—

- (i) That are strictly for activities incidental to the normal operations of the aircraft (*e.g.*, refueling operations, minor non-structural actions not requiring towing such as replacing aircraft tires due to wear and tear);
- (ii) That are awarded under FAR Part 12 procedures and are for the development, production, modification, maintenance, repair, flight, or overhaul of aircraft; or otherwise involving the furnishing of aircraft;
- (iii) For which a non-DoD customer (including a foreign military sales customer) has not agreed to assume the risk for loss or destruction of, or damages to, the aircraft; or
- (iv) For commercial derivative aircraft that are to be maintained to Federal Aviation Administration (FAA) airworthiness when the work will be performed at a licensed FAA repair station.

(2) The clause at 252.228-7001 may be modified only as follows:

- (i) Include a modified definition of "aircraft" if the contract covers other than conventional types of winged aircraft, *i.e.*, helicopters, vertical take-off or landing aircraft, lighter-than-air airships, unmanned aerial vehicles, or other nonconventional aircraft. The modified definition should describe a stage of manufacture comparable to the standard definition.
- (ii) Modify "in the open" to include "hush houses," test hangars and comparable structures, and other designated areas.
- (iii) Expressly define the "contractor's premises" where the aircraft will be located during and for contract performance. These locations may include contract premises which are owned or leased by the contractor or subcontractor, or premises where the contractor or subcontractor is a permittee or licensee or has a right to use, including Government airfields.
- (iv) Revise paragraph (e)(3) of the clause to provide Government assumption of risk for transportation by conveyance on streets or highways when transportation is—
 - (A) Limited to the vicinity of contractor premises; and

(B) Incidental to work performed under the contract.

(3) Follow the procedures at PGI 228.370(b) when using the clause at 252.228–7001.

(c) The clause at 252.228–7003, Capture and Detention, may be used when contractor employees are subject to capture and detention and may not be covered by the War Hazards Compensation Act (42 U.S.C. 1701 *et seq.*).

(d) The clause at 252.228–7005, Accident Reporting and Investigation Involving Aircraft, Missiles, and Space Launch Vehicles, may be used in solicitations and contracts which involve the manufacture, modification, overhaul, or repair of these items.

231.205-18 Independent research and development and bid and proposal costs.

(a) *Definitions.* As used in this subsection—

(i) *Covered contract* means a DoD prime contract for an amount exceeding the simplified acquisition threshold, except for a fixed-price contract without cost incentives. The term also includes a subcontract for an amount exceeding the simplified acquisition threshold, except for a fixed-price sub-

contract without cost incentives under such a prime contract.

(ii) *Covered segment* means a product division of the contractor that allocated more than \$1,100,000 in independent research and development and bid and proposal (IR&D/B&P) costs to covered contracts during the preceding fiscal year. In the case of a contractor that has no product divisions, the term means that contractor as a whole. A product division of the contractor that allocated less than \$1,100,000 in IR&D/B&P costs to covered contracts during the preceding fiscal year is not subject to the limitations in paragraph (c) of this subsection.

(iii) *Major contractor* means any contractor whose covered segments allocated a total of more than \$11,000,000 in IR&D/B&P costs to covered contracts during the preceding fiscal year. For purposes of calculating the dollar threshold amounts to determine whether a contractor meets the definition of "major contractor," do not include contractor segments allocating less than \$1,100,000 of IR&D/B&P costs to covered contracts during the preceding fiscal year.

(c) *Allowability.* (i) Departments/agencies shall not supplement this regulation in any way that limits IR&D/B&P cost allowability.

(ii) See 225.7303-2(c) for allowability provisions affecting foreign military sale contracts.

(iii) For major contractors, the following limitations apply:

(A) The amount of IR&D/B&P costs allowable under DoD contracts shall not exceed the lesser of—

(1) Such contracts' allocable share of total incurred IR&D/B&O costs; or

(2) The amount of incurred IR&D/B&P costs for projects having potential interest to DoD.

(B) Allowable IR&D/B&P costs are limited to those for projects that are of potential interest to DoD, including activities intended to accomplish any of the following:

(1) Enable superior performance of future U.S. weapon systems and components.

(2) Reduce acquisition costs and life-cycle costs of military systems.

231.205-19

(3) Strengthen the defense industrial and technology base of the United States.

(4) Enhance the industrial competitiveness of the United States.

(5) Promote the development of technologies identified as critical under 10 U.S.C. 2522.

(6) Increase the development and promotion of efficient and effective applications of dual-use technologies.

(7) Provide efficient and effective technologies for achieving such environmental benefits as: Improved environmental data gathering, environmental cleanup and restoration, pollution reduction in manufacturing, environmental conservation, and environmentally safe management of facilities.

(iv) For major contractors, the cognizant administrative contracting officer (ACO) or corporate ACO shall—

(A) Determine whether IR&D/B&P projects are of potential interest to DoD; and

(B) Provide the results of the determination to the contractor.

(v) The cognizant contract administration office shall furnish contractors with guidance on financial information needed to support IR&D/B&P costs and on technical information needed from major contractors to support the potential interest to DoD determination (also see 242.771-3).

[64 FR 8729, Feb. 23, 1999]

231.205-19 Insurance and indemnification.

(e) In addition to the cost limitations in FAR 31.205-19(e), self-insurance and purchased insurance costs are subject to the requirements of the clauses at 252.217-7012, Liability and Insurance, and 252.228-7001, Ground and Flight Risk.

[75 FR 32645, June 8, 2010]

231.205-22 Legislative lobbying costs.

(a) Costs associated with preparing any material, report, list, or analysis on the actual or projected economic or employment impact in a particular State or congressional district of an acquisition program for which all research, development, testing, and eval-

48 CFR Ch. 2 (10-1-10 Edition)

uation has not been completed also are unallowable (10 U.S.C. 2249).

[69 FR 63332, Nov. 1, 2004]

231.205-70 External restructuring costs.

(a) *Scope.* This subsection—

(1) Prescribes policies and procedures for allowing contractor external restructuring costs when savings would result for DoD; and

(2) Implements 10 U.S.C. 2325.

(b) *Definitions.* As used in this subsection:

(1) *Business combination* means a transaction whereby assets or operations of two or more companies not previously under common ownership or control are combined, whether by merger, acquisition, or sale/purchase of assets.

(2) *External restructuring activities* means restructuring activities occurring after a business combination that affect the operations of companies not previously under common ownership or control. They do not include restructuring activities occurring after a business combination that affect the operations of only one of the companies not previously under common ownership or control, or, when there has been no business combination, restructuring activities undertaken within one company. External restructuring activities are a direct outgrowth of a business combination. They normally will be initiated within 3 years of the business combination.

(3) *Restructuring activities* means non-routine, nonrecurring, or extraordinary activities to combine facilities, operations, or workforce, in order to eliminate redundant capabilities, improve future operations, and reduce overall costs. Restructuring activities do not include routine or ongoing repositionings and redeployments of a contractor's productive facilities or workforce (e.g., normal plant rearrangement or employee relocation), nor do they include other routine or ordinary activities charged as indirect costs that would otherwise have been incurred (e.g., planning and analysis, contract administration and oversight, or recurring financial and administrative support).

(4) *Restructuring costs* means the costs, including both direct and indirect, of restructuring activities. Restructuring costs that may be allowed include, but are not limited to, severance pay for employees, early retirement incentive payments for employees, employee retraining costs, relocation expense for retained employees, and relocation and rearrangement of plant and equipment. For purposes of this definition, if restructuring costs associated with external restructuring activities allocated to DoD contracts are less than \$2.5 million, the costs shall not be subject to the audit, review, and determination requirements of paragraph (c)(4) of this subsection; instead, the normal rules for determining cost allowability in accordance with FAR part 31 shall apply.

(5) *Restructuring savings* means cost reductions, including both direct and indirect cost reductions, that result from restructuring activities. Reassignments of cost to future periods are not restructuring savings.

(c) *Limitations on cost allowability.* Restructuring costs associated with external restructuring activities shall not be allowed unless—

(1) Such costs are allowable in accordance with FAR part 31 and DFARS part 231;

(2) An audit of projected restructuring costs and restructuring savings is performed;

(3) The cognizant administrative contracting officer (ACO) reviews the audit report and the projected costs and projected savings, and negotiates an advance agreement in accordance with paragraph (d) of this subsection; and

(4)(i) The official designated in paragraph (c)(4)(ii) of this subsection determines in writing that the audited projected savings, on a present value basis, for DoD resulting from the restructuring will exceed either—

(A) The costs allowed by a factor of at least two to one; or

(B) The costs allowed, and the business combination will result in the preservation of a critical capability that might otherwise be lost to DoD.

(ii)(A) If the amount of restructuring costs is expected to exceed \$25 million over a 5-year period, the designated off-

icial is the Under Secretary of Defense (Acquisition, Technology, and Logistics) or the Principal Deputy. This authority may not be delegated below the level of an Assistant Secretary of Defense.

(B) For all other cases, the designated official is the Director of the Defense Contract Management Agency. The Director may not delegate this authority.

(d) *Procedures and ACO responsibilities.* As soon as it is known that the contractor will incur restructuring costs for external restructuring activities, the cognizant ACO shall follow the procedures at PGI 231.205-70(d).

(e) *Information needed to obtain a determination.* (1) The novation agreement (if one is required).

(2) The contractor's restructuring proposal.

(3) The proposed advance agreement.

(4) The audit report.

(5) Any other pertinent information.

(6) The cognizant ACO's recommendation for a determination. This recommendation must clearly indicate one of the following, consistent with paragraph (c)(4)(i) of this subsection:

(i) The audited projected savings for DoD will exceed the costs allowed by a factor of at least two to one on a present value basis.

(ii) The business combination will result in the preservation of a critical capability that might otherwise be lost to DoD, and the audited projected savings for DoD will exceed the costs allowed on a present value basis.

(f) *Contracting officer responsibilities.*

(1) The contracting officer, in consultation with the cognizant ACO, should consider including a repricing clause in noncompetitive fixed-price contracts that are negotiated during the period between—

(i) The time a business combination is announced; and

(ii) The time the contractor's forward pricing rates are adjusted to reflect the impact of restructuring.

(2) The decision to use a repricing clause will depend upon the particular circumstances involved, including—

(i) When the restructuring will take place;

(ii) When restructuring savings will begin to be realized;

231.303

(iii) The contract performance period;

(iv) Whether the contracting parties are able to make a reasonable estimate of the impact of restructuring on the contract; and

(v) The size of the potential dollar impact of restructuring on the contract.

(3) If the contracting officer decides to use a repricing clause, the clause must provide for a downward-only price adjustment to ensure that DoD receives its appropriate share of restructuring net savings.

231.303 Requirements.

(1) Pursuant to section 841 of the National Defense Authorization Act for Fiscal Year 1994 (Pub. L. 103-160), no limitation may be placed on the reimbursement of otherwise allowable indirect costs incurred by an institution of higher education under a DoD contract awarded on or after November 30, 1993, unless that same limitation is applied uniformly to all other organizations performing similar work under DoD contracts. The 26 percent limitation imposed on administrative indirect costs by OMB Circular No. A-21 shall not be applied to DoD contracts awarded on or after November 30, 1993, to institutions of higher education because the same limitation is not applied to other organizations performing similar work.

(2) The cognizant administrative contracting officer may waive the prohibition in 231.303(1) if the governing body of the institution of higher education requests the waiver to simplify the institution's overall management of DoD cost reimbursements under DoD contracts.

(3) Under 10 U.S.C. 2249, the costs cited in 231.205-22(a) are unallowable.

232.006-5 Reporting.

Departments and agencies in accordance with department/agency procedures, shall prepare and submit to the Under Secretary of Defense (Acquisition, Technology, and Logistics), through the Director of Defense Procurement and Acquisition Policy, annual reports (Report Control Symbol DD-AT&L(A) 1891) containing the information required by FAR 32.006-5.

48 CFR Ch. 2 (10–1–10 Edition)

232.007 Contract financing payments.

(a) DoD policy is to make contract financing payments as quickly as possible. Generally, the contracting officer shall insert the standard due dates of 7 days for progress payments, and 14 days for performance-based payments and interim payments on cost-type contracts, in the appropriate paragraphs of the respective payment clauses. For interim payments on cost-reimbursement contracts for services, see 232.906(a)(i).

(b) The contracting officer should coordinate contract financing payment terms with offices that will be involved in the payment process to ensure that specified terms can be met. Where justified, the contracting officer may insert a due date greater than, but not less than, the standard. In determining payment terms, consider—

- (i) Geographical separation;
- (ii) Workload;
- (iii) Contractor ability to submit a proper request; and
- (iv) Other factors that could affect timing of payment.

[70 FR 75412, Dec. 20, 2005]

232.070 Responsibilities.

(a) The Director of Defense Procurement and Acquisition Policy, Office of the Under Secretary of Defense (Acquisition, Technology, and Logistics) (OUSD(AT&L)DPAP) is responsible for ensuring uniform administration of DoD contract financing, including DoD contract financing policies and important related procedures. Agency discretion under FAR part 32 is at the DoD level and is not delegated to the departments and agencies. Proposals by the departments and agencies, to exercise agency discretion, shall be submitted to OUSD(AT&L)DPAP.

(b) Departments and agencies are responsible for their day-to-day contract financing operations. Refer specific cases involving financing policy or important procedural issues to OUSD(AT&L)DPAP for consideration through the department/agency Contract Finance Committee members (also see Subpart 201.4 for deviation request and approval procedures).

(c) See PGI 232.070(c) for information on department/agency contract financing offices.

232.071 [Reserved]

232.072 Financial responsibility of contractors.

Use the policies and procedures in this section in determining the financial capability of current or prospective contractors.

[63 FR 11535, Mar. 9, 1998]

232.072–1 Required financial reviews.

The contracting officer shall perform a financial review when the contracting officer does not otherwise have sufficient information to make a positive determination of financial responsibility. In addition, the contracting officer shall consider performing a financial review—

(a) Prior to award of a contract, when—

(1) The contractor is on a list requiring preaward clearance or other special clearance before award;

(2) The contractor is listed on the Consolidated List of Contractors Indebted to the Government (Hold-Up List), or is otherwise known to be indebted to the Government;

(3) The contractor may receive Government assets such as contract financing payments or Government property;

(4) The contractor is experiencing performance difficulties on other work; or

(5) The contractor is a new company or a new supplier of the item.

(b) At periodic intervals after award of a contract, when—

(1) Any of the conditions in paragraphs (a)(2) through (a)(5) of this subsection are applicable; or

(2) There is any other reason to question the contractor's ability to finance performance and completion of the contract.

[63 FR 11535, Mar. 9, 1998]

232.072-2 Appropriate information.

(a) The contracting officer shall obtain the type and depth of financial and other information that is required to establish a contractor's financial capability or disclose a contractor's financial condition. While the contracting officer should not request information that is not necessary for protection for the Government's interests, the contracting officer must insist upon obtaining the information that is necessary. The unwillingness or inability of a contractor to present reasonably requested information in a timely manner, especially information that a prudent business person would be expected to have and to use in the professional management of a business, may be a material fact in the determination of the contractor's responsibility and prospects for contract completion.

(b) The contracting officer shall obtain the following information to the extent required to protect the Government's interest. In addition, if the contracting officer concludes that information not listed in paragraphs (b)(1) through (b)(10) of this subsection is required to comply with 232.072-1, that information should be requested. The information must be for the person(s) who are legally liable for contract performance. If the contractor is not a corporation, the contracting officer shall obtain the required information for each individual/joint venturer/partner:

(1) Balance sheet and income statement—

(i) For the current fiscal year (interim);

(ii) For the most recent fiscal year and, preferably, for the 2 preceding fiscal years. These should be certified by an independent public accountant or by an appropriate officer of the firm; and

(iii) Forecasted for each fiscal year for the remainder of the period of contract performance.

(2) Summary history of the contractor and its principal managers, disclosing any previous insolvencies—corporate or personal, and describing its products or services.

(3) Statement of all affiliations disclosing—

(i) Material financial interests of the contractor;

(ii) Material financial interests in the contractor;

(iii) Material affiliations of owners, officers, directors, major stockholders; and

(iv) The major stockholders if the contractor is not a widely-traded, publicly-held corporation.

(4) Statement of all forms of compensation to each officer, manager, partner, joint venturer, or proprietor, as appropriate—

(i) Planned for the current year;

(ii) Paid during the past 2 years; and

(iii) Deferred to future periods.

(5) Business base and forecast that—

(i) Shows, by significant markets, existing contracts and outstanding offers, including those under negotiation; and

(ii) Is reconcilable to indirect cost rate projections.

(6) Cash forecast for the duration of the contract (see 232.072-3).

(7) Financing arrangement information that discloses—

(i) Availability of cash to finance contract performance;

(ii) Contractor's exposure to financial crisis from creditor's demands;

(iii) Degree to which credit security provisions could conflict with Government title terms under contract financing;

(iv) Clearly stated confirmations of credit with no unacceptable qualifications;

(v) Unambiguous written agreement by a creditor if credit arrangements include deferred trade payments or creditor subordinations/repayment suspensions.

(8) Statement of all state, local, and Federal tax accounts, including special mandatory contributions, e.g., environmental superfund.

(9) Description and explanation of the financial effect of issues such as—

(i) Leases, deferred purchase arrangements, or patent or royalty arrangements;

(ii) Insurance, when relevant to the contract;

(iii) Contemplated capital expenditures, changes in equity, or contractor debt load;

(iv) Pending claims either by or against the contractor;

232.072-3

(v) Contingent liabilities such as guarantees, litigation, environmental, or product liabilities;

(vi) Validity of accounts receivable and actual value of inventory, as assets; and

(vii) Status and aging of accounts payable.

(10) Significant ratios such as—

(i) Inventory to annual sales;

(ii) Inventory to current assets;

(iii) Liquid assets to current assets;

(iv) Liquid assets to current liabilities;

(v) Current assets to current liabilities; and

(vi) Net worth to net debt.

[63 FR 11535, Mar. 9, 1998]

232.072-3 Cash flow forecasts.

(a) A contractor must be able to sustain a sufficient cash flow to perform the contract. When there is doubt regarding the sufficiency of a contractor's cash flow, the contracting officer should require the contractor to submit a cash flow forecast covering the duration of the contract.

(b) A contractor's inability of refusal to prepare and provide cash flow forecasts or to reconcile actual cash flow with previous forecasts is a strong indicator of serious managerial deficiencies or potential contract cost or performance problems.

(c) Single or one-time cash flow forecasts are of limited forecasting power. As such, they should be limited to preaward survey situations. Reliability of cash flow forecasts can be established only by comparing a series of previous actual cash flows with the corresponding forecasts and examining the causes of any differences.

(d) Cash flow forecasts must—

(1) Show the origin and use of all material amounts of cash within the entire business unit responsible for contract performance, period by period, for the length of the contract (or until the risk of a cash crisis ends); and

(2) Provide an audit trail to the data and assumptions used to prepare it.

(e) Cash flow forecasts can be no more reliable than the assumptions on which they are based. Most important of these assumptions are—

(1) Estimated amounts and timing of purchases and payments for materials,

48 CFR Ch. 2 (10-1-10 Edition)

parts, components, subassemblies, and services;

(2) Estimated amounts and timing of payments of purchase or production of capital assets, test facilities, and tooling;

(3) Amounts and timing of fixed cash charges such as debt installments, interest, rentals, taxes, and indirect costs;

(4) Estimated amounts and timing of payments for projected labor, both direct and indirect;

(5) Reasonableness of projected manufacturing and production schedules;

(6) Estimated amounts and timing of billings to customers (including progress payments), and customer payments;

(7) Estimated amounts and timing of cash receipts from lenders or other credit sources, and liquidation of loans; and

(8) Estimated amount and timing of cash receipt from other sources.

(f) The contracting officer should review the assumptions underlying the cash flow forecasts. In determining whether the assumptions are reasonable and realistic, the contracting officer should consult with—

(1) The contractor;

(2) Government personnel in the areas of finance, engineering, production, cost, and price analysis; or

(3) Prospective supply, subcontract, and loan or credit sources.

Subpart 232.1—Non-Commercial Item Purchase Financing

SOURCE: 63 FR 11536, Mar. 9, 1998, unless otherwise noted.

232.102 Description of contract financing methods.

(e)(2) Progress payments based on percentage or stage of completion are authorized only for contracts for construction (as defined in FAR 36.102), shipbuilding, and ship conversion, alteration, or repair. However, percentage or state of completion methods of measuring contractor performance may be used for performance-based payments in accordance with FAR Subpart 32.10.

232.102-70 Provisional delivery payments.

(a) The contracting officer may establish provisional delivery payments to pay contractors for the costs of supplies and services delivered to and accepted by the Government under the following contract actions if undefinitized:

- (1) Letter contracts contemplating a fixed-price contract.
- (2) Orders under basic ordering agreements.
- (3) Spares provisioning documents annexed to contracts.
- (4) Unpriced equitable adjustments on fixed-price contracts.
- (5) Orders under indefinite-delivery contracts.

(b) Provisional delivery payments shall be—

- (1) Used sparingly;
- (2) Priced conservatively; and
- (3) Reduced by liquidating previous progress payments in accordance with the Progress Payments clause.

(c) Provisional delivery payments shall not—

- (1) Include profit;
- (2) Exceed funds obligated for the undefinitized contract action; or
- (3) Influence the definitized contract price.

Subpart 232.2—Commercial Item Purchase Financing

SOURCE: 63 FR 11537, Mar. 9, 1998, unless otherwise noted.

232.202-4 Security for Government financing.

(a)(2) When determining whether an offeror's financial condition is adequate security, see 232.072-2 and 232.072-3 for guidance. It should be noted that an offeror's financial condition may be sufficient to make the contractor responsible for award purposes, but may not be adequate security for commercial contract financing.

232.206 Solicitation provisions and contract clauses.

(f) *Prompt payment for commercial purchase payments.* The contracting officer shall incorporate the following standard prompt payment terms for commercial item contract financing:

(i) *Commercial advance payments:* The contractor entitlement date specified in the contract, or 30 days after receipt by the designated billing office of a proper request for payment, whichever is later.

(ii) *Commercial interim payments:* The contractor entitlement date specified in the contract, or 14 days after receipt by the designated billing office of a proper request for payment, whichever is later. The prompt payment standards for commercial delivery payments shall be the same as specified in FAR Subpart 32.9 for invoice payments for the item delivered.

(g) *Installment payment financing for commercial items.* Installment payment financing shall not be used for DoD contracts, unless market research has established that this form of contract financing is both appropriate and customary in the commercial marketplace. When installment payment financing is used, the contracting officer shall use the ceiling percentage of contract price that is customary in the particular marketplace (not to exceed the maximum rate established in FAR 52.232-30).

Subpart 232.3—Loan Guarantees for Defense Production

232.302 Authority.

(a) The use of guaranteed loans as a contract financing mechanism requires the availability of certain congressional authority. The DoD has not requested such authority in recent years, and none is now available.

232.412–70 Additional clauses.

(a) Use the clause at 252.232–7000, Advance Payment Pool, in any contract that will be subject to the terms of an advance payment pool agreement with a nonprofit organization or educational institution. Normally, use the clause in all cost reimbursement type contracts with the organization or institution.

(b) Use the clause at 252.232–7001, Disposition of Payments, in contracts when payments under the contract are to be made by a disbursing office not designated in the advance payment pool agreement.

(c) Use the clause at 252.232–7005, Reimbursement of Subcontractor Advance Payments-DoD Pilot Mentor-Protégé Program, when advance payments will be provided by the contractor to a subcontractor pursuant to

232.470 Advance payment pool.

(a) An advance payment pool agreement—

(1) Is a means of financing the performance of more than one contract held by a single contractor;

(2) Is especially convenient for the financing of cost-type contracts with nonprofit educational or research institutions for experimental or research and development work when several contracts require financing by advance payments. When appropriate, pooled advance payments may also be used to finance other types of contracts held by a single contractor; and

(3) May be established—

(i) Without regard to the number of appropriations involved;

(ii) To finance contracts for one or more department(s) or contracting activity(ies); or

(iii) In addition to any other advance payment pool agreement at a single contractor location when it is more convenient or otherwise preferable to have more than one agreement.

Subpart 232.5—Progress Payments Based on Costs

232.501 General.

232.501–1 Customary progress payment rates.

(a) The customary progress payment rates for DoD contracts, including contracts that contain foreign military sales (FMS) requirements, are 80 percent for large business concerns, 90 percent for small business concerns, and 95 percent for small disadvantaged business concerns.

232.501-3 Contract price.

(b) The contracting officer may approve progress payments when the contract price exceeds the funds obligated under the contract, provided the contract limits the Government's liability to the lesser of—

(i) The applicable rate (i.e., the lower of the progress payment rate, the liquidation rate, or the loss-ratio adjusted rate); or

(ii) 100 percent of the funds obligated.

[56 FR 36409, July 31, 1991, as amended at 65 FR 39722, June 27, 2000; 70 FR 75413, Dec. 20, 2005]

(b)(1) If the contractor is a small disadvantaged business, progress payments may be provided when the contract will involve \$65,000 or more.

[56 FR 36409, July 31, 1991, as amended at 71 FR 75893, Dec. 19, 2006; 75 FR 45074, Aug. 2, 2010]

232.503-6 Suspension or reduction of payments.

(b) *Contractor noncompliance.* See also 242.7503.

(g) *Loss contracts.* Use the following loss ratio adjustment procedures for making adjustments required by FAR 32.503-6(f) and (g)—

(i) Except as provided in paragraph (g)(ii) of this subsection, the contracting officer must prepare a supplementary analysis of the contractor's

request for progress payments and calculate the loss ratio adjustment using the procedures in FAR 32.503-6(g).

(ii) The contracting officer may request the contractor to prepare the supplementary analysis as an attachment to the progress payment request when the contracting officer determines that the contractor's methods of estimating the "Costs to Complete" are reliable, accurate, and not susceptible to improper influences.

(iii) To maintain an audit trail and permit verification of calculations, do not make the loss ratio adjustments by altering or replacing data on the contractor's original request for progress payment (SF 1443, Contractor's Request for Progress Payment, or computer generated equivalent).

[56 FR 36409, July 31, 1991, as amended at 60 FR 29499, June 5, 1995; 65 FR 39722, June 27, 2000]

232.503-15 Application of Government title terms.

(d) An administrative contracting officer (ACO) determination that the contractor's material management and accounting system conforms to the standard at 252.242-7004(e)(7) constitutes the contracting officer approval requirement of FAR 32.503-15(d). Prior to granting blanket approval of cost transfers between contracts, the ACO should determine that—

(i) The contractor retains records of the transfer activity that took place in the prior month;

(ii) The contractor prepares, at least monthly, a summary of the transfer activity that took place in the prior month; and

(iii) The summary report includes as a minimum, the total number and dollar value of transfers.

(i) The contract (excluding any options) or any exercised option—

(A) Is for severable services;

(B) Does not exceed one year in length; and

(C) Is incrementally funded using funds available (unexpired) as of the date the funds are obligated; or

(ii) The contract uses funds available from multiple (two or more) fiscal years and—

(A) The contract is funded with research and development appropriations; or

(B) Congress has otherwise authorized incremental funding.

(2) An incrementally funded fixed-price contract shall be fully funded as soon as funds are available.

[61 FR 7744, Feb. 29, 1996]

232.704 Limitation of cost or funds.

232.704-70 Incrementally funded fixed-price contracts.

(a) Upon receipt of the contractor's notice under paragraph (c) of the clause at 252.232-7007, Limitation of Government's Obligation, the contracting officer shall promptly provide written notice to the contractor that the Government is—

(1) Allotting additional funds for continued performance and increasing the Government's limitation of obligation in a specified amount;

(2) Terminating the contract; or

(3) Considering whether to allot additional funds; and

(i) The contractor is entitled by the contract terms to stop work when the Government's limitation of obligation is reached; and

(ii) Any costs expended beyond the Government's limitation of obligation are at the contractor's risk.

(b) Upon learning that the contract will receive no further funds, the contracting officer shall promptly give the contractor written notice of the Government's decision and terminate for the convenience of the Government.

(c) The contracting officer shall ensure that, in accordance with paragraph (b) of the clause at 252.232-7007, Limitation of Government's Obligation, sufficient funds are allotted to the contract to cover the total amount payable to the contractor in the event of termination for the convenience of the Government.

232.705 Contract clauses.

232.705-70 Clause for limitation of Government's obligation.

232.803 Policies.

(b) Only contracts for personal services may prohibit the assignment of claims.

(d) Pursuant to Section 3737(e) of the Revised Statutes (41 U.S.C. 15), and in accordance with Presidential delegation dated October 3, 1995, Secretary of Defense delegation dated February 5, 1996, and Under Secretary of Defense (Acquisition, Technology, and Logistics) delegation dated February 23, 1996, the Director of Defense Procurement determined on May 10, 1996, that a need exists for DoD to agree not to reduce or set off any money due or to become due under the contract when the proceeds under the contract have been assigned in accordance with the Assignment of Claims provision of the contract. This determination was published in the FEDERAL REGISTER on June 11, 1996, as required by law. Nevertheless, if departments/agencies decide it is in the Government's interests, or if the contracting officer makes a determination in accordance with FAR 32.803(d) concerning a significantly indebted offeror, they may exclude the no-setoff commitment.

232.805 Procedure.

(b) The assignee shall forward—

(i) To the administrative contracting officer (ACO), a true copy of the instrument of assignment and an original

and three copies of the notice of assignment. The ACO shall acknowledge receipt by signing and dating all copies of the notice of assignment and shall—

(A) File the true copy of the instrument of assignment and the original of the notice in the contract file;

(C) Return a copy of the notice to the assignee; and

(D) Advise the contracting officer of the assignment.

(ii) To the surety or sureties, if any, a true copy of the instrument of assignment and an original and three copies of the notice of assignment. The surety shall return three acknowledged copies of the notice to the assignee, who shall forward two copies to the disbursing officer designated in the contract.

(iii) To the disbursing officer of the payment office cited in the contract, a true copy of the instrument of assignment and an original and one copy of the notice of assignment. The disbursing officer shall acknowledge and return to the assignee the copy of the notice and shall file the true copy of the instrument and original notice.

232.806 Contract clause.

(a)(1) Use the clause at 252.232-7008, Assignment of Claims (Overseas), instead of the clause at FAR 52.232-23, Assignment of Claims, in solicitations and contracts when contract performance will be in a foreign country.

(2) Use Alternate I with the clause at FAR 52.232-23, Assignment of Claims, unless otherwise authorized under 232.803(d).

[62 FR 34126, June 24, 1997]

Subpart 232.9—Prompt Payment

232.901 Applicability.

(1) FAR subpart 32.9, Prompt Payment, does not apply when—

(i) There is—

(A) An emergency, as defined in the Disaster Relief Act of 1974;

(B) A contingency operation (*see* FAR 2.101(b)); or

(C) The release or threatened release of hazardous substances (as defined in 4 U.S.C. 9606, Section 106); and

(ii) The head of the contracting activity has made a determination, after consultation with the cognizant comptroller, that conditions exist that limit normal business operations; and

(iii) Payments will be made in the operational area or made contingent upon receiving supporting documentation (*i.e.*, contract, invoice, and receiving report) from the operational area.

(2) Criteria limiting normal business operations during emergencies and contingency operations that restrict the use of FAR 32.9 may include such conditions as—

(i) Support infrastructure, hardware, communications capabilities, and bandwidth are not consistently available such that normal business operations can be carried out;

(ii) Support resources, facilities, and banking needs are not consistently available for use as necessary in carrying out normal business operations;

(iii) Military mission priorities override the availability of appropriately skilled personnel in support of back-office operations;

(iv) Mobility impairments and security concerns restrict free movement of personnel and documents necessary for timely processing;

(v) Foreign vendors are not familiar with or do not understand DoD contract requirements (*i.e.*, proper invoice, receiving documentation, and contracting terms); or

(vi) Documents received in support of payment requests and shipments require language translations that cannot be performed and documented within normal business processing times.

(3) *Subsequent Determinations.* The head of the contracting activity shall make subsequent determinations, after consultation with the cognizant comptroller, as the operational area evolves into either a more stable or less stable environment.

(i) If the head of the contracting activity determines that the operational area has evolved into a more stable environment, the contracting officer shall notify, by issuance of a contract

modification, each contractor performing in the operational area under review. The modification deactivates clause 252.232-7011 and activates the applicable FAR Prompt Payment clause in the contract.

(ii) If after deactivation of clause 252.232-7011, the head of the contracting activity subsequently determines that the operational area has evolved into a less stable environment, the head of the contracting activity will make a determination that conditions exist that limit normal business operations. The contracting officer will then reactivate clause 252.232-7011 by issuance of a contract modification.

[75 FR 40713, July 13, 2010]

232.903 Responsibilities.

DoD policy is to assist small disadvantaged business concerns by paying them as quickly as possible after invoices are received and before normal payment due dates established in the contract (see 232.906(a)).

[70 FR 75413, Dec. 20, 2005]

232.904 Determining payment due dates.

(d) In most cases, Government acceptance or approval can occur within the 7-day constructive acceptance period specified in the FAR Prompt Payment clauses. Government payment of construction progress payments can, in most cases, be made within the 14-day period allowed by the Prompt Payment for Construction Contracts clause. While the contracting officer may specify a longer period because the period specified in the contract is not reasonable or practical, such change should be coordinated with the Government offices responsible for acceptance or approval and for payment. Reasons for specifying a longer period include but are not limited to: the nature of the work or supplies or services, inspection or testing requirements, shipping and acceptance terms, and resources available at the acceptance activity. A constructive acceptance period of less than the cited 7 or 14 days is not authorized.

[70 FR 75413, Dec. 20, 2005]

232.906 Making payments.

(a)(i) Generally, the contracting officer shall insert the standard due date of 14 days for interim payments on cost-reimbursement contracts for services in the clause at FAR 52.232-25, Prompt Payment, when using the clause with its Alternate I.

(ii) The restrictions of FAR 32.906 prohibiting early payment do not apply to invoice payments made to small disadvantaged business concerns. However, contractors shall not be entitled to interest penalties if the Government fails to make early payment.

232.908 Contract clauses.

Use the clause at 252.232-7011, Payments in Support of Emergencies and Contingency Operations, in solicitations and contracts in addition to the approved clause prescribed in FAR 32.908 in acquisitions that meet the applicability criteria at 232.901(1).

Subpart 232.70—Electronic Submission and Processing of Payment Requests and Receiving Reports

SOURCE: 68 FR 8455, Feb. 21, 2003, unless otherwise noted.

232.7000 Scope of subpart.

This subpart prescribes policies and procedures for submitting and processing payment requests in electronic form to comply with 10 U.S.C. 2227.

232.7001 Definitions.

Electronic form and *payment request*, as used in this subpart, are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests.

232.7002 Policy.

(a) Contractors shall submit payment requests and receiving reports in electronic form, except for—

(1) Purchases paid for with a Governmentwide commercial purchase card;

(2) Awards made to foreign vendors for work performed outside the United States;

(3) Classified contracts or purchases when electronic submission and processing of payment requests could compromise the safeguarding of classified information or national security;

(4) Contracts awarded by deployed contracting officers in the course of military operations, including, but not limited to, contingency operations as defined in 10 U.S.C. 101(a)(13) or humanitarian or peacekeeping operations as defined in 10 U.S.C. 2302(8), or contracts awarded by contracting officers in the

conduct of emergency operations, such as responses to natural disasters or national or civil emergencies;

(5) Purchases to support unusual or compelling needs of the type described in FAR 6.302-2;

(6) Cases in which DoD is unable to receive payment requests or provide acceptance in electronic form; or

(7) Cases in which the contracting officer administering the contract for payment has determined, in writing, that electronic submission would be unduly burdensome to the contractor.

(b) DoD officials receiving payment requests in electronic form shall process the payment requests in electronic form. Any supporting documentation necessary for payment, such as receiving reports, contracts, contract modifications, and required certifications, also shall be processed in electronic form. Scanned documents are acceptable for processing supporting documentation other than receiving reports and other forms of acceptance.

(c) When payment requests and receiving reports will not be submitted in electronic form—

(1) Payment requests and receiving reports shall be submitted by facsimile or conventional mail. The contracting officer shall consult with the payment office and the contract administration office regarding the method of payment request to be used; and

(2) Section G of the contract shall specify the method of payment request.

[72 FR 14241, Mar. 27, 2007, as amended at 73 FR 11358, Mar. 3, 2008]

232.7003 Procedures.

(a) The accepted electronic form for submission of payment requests and receiving reports is Wide Area WorkFlow (see Web site—<https://wawf.eb.mil/>).

(b) If the payment office and the contract administration office concur, the contracting officer may authorize a contractor to submit a payment request and receiving report using an electronic form other than Wide Area WorkFlow. However, with this authorization, the contractor and the contracting officer shall agree to a plan, which shall include a timeline, specifying when the contractor will transfer to Wide Area WorkFlow.

(c) For payment of commercial transportation services provided under a Government rate tender or a contract for transportation services, the use of a DoD-approved electronic third party payment system or other exempted vendor payment/invoicing system (e.g., PowerTrack, Transportation Financial Management System, and Cargo and Billing System) is permitted.

Subpart 232.71—Levies on Contract Payments

SOURCE: 70 FR 52032, Sept. 1, 2005, unless otherwise noted.

232.7100 Scope of subpart.

This subpart prescribes policies and procedures concerning the effect of levies pursuant to 26 U.S.C. 6331(h) on contract payments. The Internal Revenue Service (IRS) is authorized to levy up to 100 percent of all payments made under a DoD contract, up to the amount of the tax debt.

232.7101 Policy and procedures.

(a) The contracting officer shall require the contractor to—

(1) Promptly notify the contracting officer when a levy may result in an inability to perform the contract; and

(2) Advise the contracting officer whether the inability to perform may adversely affect national security.

(b) The contracting officer shall promptly notify the Director, Defense Procurement and Acquisition Policy (DPAP), when the contractor's inability to perform will adversely affect national security or will result in significant additional costs to the Government. Follow the procedures at PGI 232.7101(b) for reviewing the contractor's rationale and submitting the required notification.

(c) The Director, DPAP, will promptly evaluate the contractor's rationale

and will notify the IRS, the contracting officer, and the payment office, as appropriate, in accordance with the procedures at PGI 232.7101(c).

(d) The contracting officer shall then notify the contractor in accordance with paragraph (c) of the clause at 252.232-7010 and in accordance with the procedures at PGI 232.7101(d).

Subpart 234.70—Acquisition of Major Weapon Systems as Commercial Items

SOURCE: 71 FR 58538, Oct. 4, 2006, unless otherwise noted.

234.7000 Scope of subpart.

This subpart—

(a) Implements 10 U.S.C. 2379; and

(b) Requires a determination by the Secretary of Defense and a notification to Congress before acquiring a major weapon system as a commercial item.

234.7001 Definition.

Major weapon system, as used in this subpart, means a weapon system acquired pursuant to a major defense acquisition program, as defined in 10 U.S.C. 2430 to be a program that—

(1) Is not a highly sensitive classified program, as determined by the Secretary of Defense; and

(2)(i) Is designated by the Secretary of Defense as a major defense acquisition program; or

(ii) Is estimated by the Secretary of Defense to require an eventual total expenditure for research, development, test, and evaluation of more than \$300,000,000 (based on fiscal year 1990 constant dollars) or an eventual total expenditures for procurement of more than \$1,800,000,000 (based on fiscal year 1990 constant dollars).

234.7002 Policy.

(a) *Major weapon systems.* (1) A DoD major weapon system may be treated as a commercial item, or acquired under procedures established for the acquisition of commercial items, only if—

(i) The Secretary of Defense determines that—

(A) The major weapon system is a commercial item as defined in FAR 2.101; and

(B) Such treatment is necessary to meet national security objectives;

(ii) The offeror has submitted sufficient information to evaluate, through price analysis, the reasonableness of the price for such a system; and

(iii) The congressional defense committees are notified at least 30 days before such treatment or acquisition occurs. Follow the procedures at PGI 234.7002.

(2) The authority of the Secretary of Defense to make a determination under paragraph (a)(1) of this section may not be delegated below the level of the Deputy Secretary of Defense.

(b) *Subsystems.* A subsystem of a major weapon system (other than a commercially available off-the-shelf item) may be treated as a commercial item and acquired under procedures established for the acquisition of commercial items only if—

(1) The subsystem is intended for a major weapon system that is being acquired, or has been acquired, under procedures established for the acquisition of commercial items in accordance with paragraph (a) of this section; or

(2) The contracting officer determines in writing that—

(i) The subsystem is a commercial item; and

(ii) The offeror has submitted sufficient information to evaluate, through price analysis, the reasonableness of the price for the subsystem.

(c) *Components and spare parts.* (1) A component or spare part for a major weapon system (other than a commercially available off-the-shelf item) may be treated as a commercial item only if—

(i) The component or spare part is intended for—

(A) A major weapon system that is being acquired, or has been acquired,

under procedures established for the acquisition of commercial items in accordance with paragraph (a) of this section; or

(B) A subsystem of a major weapon system that is being acquired, or has been acquired, under procedures established for the acquisition of commercial items in accordance with paragraph (b) of this section; or

(ii) The contracting officer determines in writing that—

(A) The component or spare part is a commercial item; and

(B) The offeror has submitted sufficient information to evaluate, through price analysis, the reasonableness of the price for the component or spare part.

(2) This paragraph (c) shall apply only to components and spare parts that are acquired by DoD through a prime contract or a modification to a prime contract, or through a subcontract under a prime contract or modification to a prime contract on which the prime contractor adds no, or negligible, value.

(d) *Relevant information.* To the extent necessary to make a determination under paragraph (a)(1)(ii), (b)(2), or (c)(1)(ii) of this section, the contracting officer may request the offeror to submit—

(1) Prices paid for the same or similar commercial items under comparable terms and conditions by both Government and commercial customers; and

(2) Other relevant information regarding the basis for price or cost, including information on labor costs, material costs, and overhead rates, if the contracting officer determines that the information described in paragraph (d)(1) of this section is not sufficient to determine price reasonableness.

(ii) For other than major defense acquisition programs—

(A) Do not award a fixed-price type contract for a development program effort unless—

(1) The level of program risk permits realistic pricing;

(1) An increase of more than \$250 million in the price or ceiling price of a fixed-price type development contract, or a fixed-price type contract for the lead ship of a class;

(2) A reduction in the amount of work under a fixed-price type development contract or a fixed-price type contract for the lead ship of a class, when the value of the work deleted is \$100 million or more; or

(3) A repricing of fixed-price type production options to a development contract, or a contract for the lead ship of a class, that increases the price or ceiling price by more than \$250 million for equivalent quantities.

(b) Include in all solicitations an evaluation factor that addresses the extent to which offerors propose to share in the cost of the project (see FAR 15.304).

235.015-70 Special use allowances for research facilities acquired by educational institutions.

(a) *Definitions.* As used in this subsection—

(1) *Research facility* means—

(i) Real property, other than land; and

(ii) Includes structures, alterations, and improvements, acquired for the purpose of conducting scientific research under contracts with departments and agencies of the DoD.

(2) *Special use allowance* means a negotiated direct or indirect allowance—

(i) For construction or acquisition of buildings, structures, and real property, other than land; and

(ii) Where the allowance is computed at an annual rate exceeding the rate which normally would be allowed under FAR subpart 31.3.

(b) *Policy.* (1) Educational institutions are to furnish the facilities necessary to perform Defense contracts. FAR 31.3 governs how much the Government will reimburse the institution for the research programs. However, in extraordinary situations, the Government may give special use allowances to an educational institution when the institution is unable to provide the capital for new laboratories or expanded facilities needed for Defense contracts.

(2) Decisions to provide a special use allowance must be made on a case-by-case basis, using the criteria in paragraph (c) of this subsection.

(c) *Authorization for special use allowance.* The head of a contracting activity may approve special use allowances only when all of the following conditions are met—

(1) The research facility is essential to the performance of DoD contracts;

(2) Existing facilities, either Government or nongovernment, cannot meet program requirements practically or effectively;

(3) The proposed agreement for special use allowances is a sound business arrangement;

(4) The Government's furnishing of Government-owned facilities is undesirable or impractical; and

(5) The proposed use of the research facility is to conduct essential Government research which requires the new or expanded facilities.

(d) *Application of the special use allowance.* (1) In negotiating a special use allowance—

(i) Compare the needs of DoD and of the institution for the research facility to determine the amount of the special use allowance;

(ii) Consider rental costs for similar space in the area where the research facility is or will be located to establish the annual special use allowance;

(iii) Do not include or allow—

(A) The costs of land; or

(B) Interest charges on capital;

(iv) Do not include maintenance, utilities, or other operational costs;

(v) The period of allowance generally will be—

(A) At least ten years; or

(B) A shorter period if the total amount to be allowed is less than the construction or acquisition cost for the research facility;

(vi) Generally, provide for allocation of the special use allowance equitably among the Government contracts using the research facility;

(vii) Special use allowances apply only in the years in which the Government has contracts in effect with the institution. However, if in any given year there is a reduced level of Government research effort which results in the special use allowance being excessive compared to the Government research funding, a separate special use allowance may be negotiated for that year;

(viii) Special use allowances may be adjusted for the period before construction is complete if the facility is partially occupied and used for Government research during that period.

(2) A special use allowance may be based on either total or partial cost of construction or acquisition of the research facility.

235.016

(i) When based on total cost neither the normal use allowance nor depreciation will apply—

(A) During the special use allowance period; and

(B) After the educational institution has recovered the total construction or acquisition cost from the Government or other users.

(ii) When based on partial cost, normal use allowance and depreciation—

(A) Apply to the balance of costs during the special use allowance period to the extent negotiated in the special use allowance agreement; and

(B) Do not apply after the special use allowance period, except for normal use allowance applied to the balance.

(3) During the special use allowance period, the research facility—

(i) Shall be available for Government research use on a priority basis over nongovernment use; and

(ii) Cannot be put to any significant use other than that which justified the special use allowance, unless the head of the contracting activity, who approved the special use allowance, consents.

(4) The Government will pay only an allocable share of the special use allowance when the institution makes any substantial use of the research facility for parties other than the Government during the period when the special use allowance is in effect.

(5) In no event shall the institution be paid more than the acquisition costs.

[56 FR 36416, July 31, 1991, as amended at 60 FR 29500, June 5, 1995]

235.016 Broad agency announcement.

To help achieve the goals of Section 1207 of Public Law 99-661 (see part 226), contracting officers shall—

(1) Whenever practicable, reserve discrete or severable areas of research interest contained in broad agency announcements for exclusive competition among historically black colleges and universities and minority institutions;

(2) Indicate such reservation—

(i) In the broad agency announcement; and

(ii) In the announcement synopsis (see 205.207(d)).

235.017 Federally Funded Research and Development Centers.

(a) *Policy.* (2) No DoD fiscal year 1992 or later funds may be obligated or expended to finance activities of a DoD Federally Funded Research and Development Center (FFRDC) if a member of its board of directors or trustees simultaneously serves on the board of directors or trustees of a profit-making company under contract to DoD, unless the FFRDC has a DoD-approved conflict of interest policy for its members (section 8107 of Pub. L. 102-172 and similar sections in subsequent Defense appropriations acts).

[58 FR 28471, May 13, 1993]

235.017-1 Sponsoring agreements.

(c)(4) DoD-sponsoring FFRDCs that function primarily as research laboratories (C3I Laboratory operated by the Institute for Defense Analysis, Lincoln Laboratory operated by Massachusetts Institute of Technology, and Software Engineering Institute operated by Carnegie Mellon) may respond to solicitations and announcements for programs which promote research, development, demonstration, or transfer of technology (Section 217, Public Law 103-337).

235.070 Indemnification against unusually hazardous risks.

235.070-1 Indemnification under research and development contracts.

(a) Under 10 U.S.C. 2354, and if authorized by the Secretary concerned, contracts for research and/or development may provide for indemnification of the contractor or subcontractors for—

(1) Claims by third persons (including employees) for death, bodily injury, or loss of or damage to property; and

(2) Loss of or damage to the contractor's property to the extent that the liability, loss, or damage—

(i) Results from a risk that the contract defines as "unusually hazardous;"

(ii) Arises from the direct performance of the contract; and

(iii) Is not compensated by insurance or other means.

(b) Clearly define the specific unusually hazardous risks to be indemnified. Submit this definition for approval with the request for authorization to grant indemnification. Include the approved definition in the contract.

[56 FR 36416, July 31, 1991, as amended at 64 FR 51076, Sept. 21, 1999]

235.070-2 Indemnification under contracts involving both research and development and other work.

These contracts may provide for indemnification under the authority of both 10 U.S.C. 2354 and Public Law 85-804. Public Law 85-804 will apply only to work to which 10 U.S.C. 2354 does not apply. Actions under Public Law 85-804 must also comply with FAR subpart 50.4.

235.070-3 Contract clauses.

When the contractor is to be indemnified in accordance with 235.070-1, use either—

(a) The clause at 252.235-7000, Indemnification Under 10 U.S.C. 2354—Fixed Price; or

(b) The clause at 252.235-7001, Indemnification Under 10 U.S.C. 2354—Cost-Reimbursement, as appropriate.

235.071 Export-controlled items.

For requirements regarding access to export-controlled items, see Subpart 204.73.

[73 FR 42278, July 21, 2008]

235.072 Additional contract clauses.

(b) Use the clause at 252.235-7003, Frequency Authorization, in solicitations and contracts for developing, producing, constructing, testing, or operating a device requiring a frequency authorization.

(c) Use the clause at 252.235-7010, Acknowledgement of Support and Disclaimer, in solicitations and contracts for research and development.

(d) Use the clause at 252.235-7011, Final Scientific or Technical Report, in solicitations and contracts for research and development.

The clause—

(1) Applies to solicitations and contracts awarded by any DoD component, regardless of mission or funding Program Element Code; and

(2) Does not apply to use of cadaver materials alone, which are not directly regulated by 32 CFR Part 219 or DoD Directive 3216.02, and which are governed by other DoD policies and applicable State and local laws.

236.272 Prequalification of sources.

(a) Prequalification procedures may be used when necessary to ensure timely and efficient performance of critical construction projects. Prequalification—

(1) Results in a list of sources determined to be qualified to perform a specific construction contract; and

(2) Limits offerors to those with proven competence to perform in the required manner.

(b) The head of the contracting activity must—

(1) Authorize the use of prequalification by determining, in writing, that a construction project is of an urgency or complexity that requires prequalification; and

(2) Approve the prequalification procedures.

(c) For small businesses, the prequalification procedures must require the qualifying authority to—

(1) Request a preliminary recommendation from the appropriate Small Business Administration regional office, if the qualifying authority believes a small business is not responsible;

(1) 252.236-7002, Obstruction of Navigable Waterways, when the contract will involve work near or on navigable waterways.

(2) When the head of the contracting activity has approved use of a separate bid item for mobilization and preparatory work, use either—

(i) 252.236-7003, Payment for Mobilization and Preparatory Work. Use this clause for major construction contracts that require—

(A) Major or special items of plant and equipment; or

(B) Large stockpiles of material which are in excess of the type, kind, and quantity which would be normal for a contractor qualified to undertake the work; or

(ii) 252.236-7004, Payment for Mobilization and Demobilization. Use this clause for contracts involving major mobilization expense, or plant equipment and material (other than the situations covered in paragraph (b)(2)(i) of this section) made necessary by the location or nature of the work.

(A) Generally, allocate 60 percent of the lump sum price in paragraph (a) of the clause to the cost of mobilization.

(2) 252.236-7012, Military Construction on Kwajalein Atoll—Evaluation Preference, when contract performance will be on Kwajalein Atoll.

(d) Use the clause at 252.236-7013, Requirement for Competition Opportunity for American Steel Producers, Fabricators, and Manufacturers, in solicitations and contracts that—

(1) Use funds appropriated by Title I of the Military Construction and Veterans Affairs Appropriations Act, 2009 (Pub. L. 110-329, Division E); and

(2) May require the acquisition of steel as a construction material.

(e) Also see 246.710(4) for an additional clause applicable to construction contracts to be performed in Germany.

family housing, or restoration or replacement of damaged or destroyed facilities, exceeds \$1,000,000. In accordance with 10 U.S.C. 480, unclassified notifications must be provided by electronic medium.

(i) For military construction or military family housing (10 U.S.C. 2807(b)), the notification—

236.602-70 Restriction on award of overseas architect-engineer contracts to foreign firms.

In accordance with Section 111 of Public Law 104-32 and similar sections in subsequent military construction appropriations acts, A-E contracts funded by military construction appropriations that are estimated to exceed \$500,000 and are to be performed in Japan, in any North Atlantic Treaty Organization member country, or in countries bordering the Arabian Gulf, shall be awarded only to United States firms or to joint ventures of United States and host nation firms.

[62 FR 2858, Jan. 17, 1997]

236.604 Performance evaluation.

(a) *Preparation of performance reports.* Use DD Form 2631, Performance Evaluation (Architect-Engineer), instead of SF 1421.

(2) Prepare a separate performance evaluation after actual construction of the project. Ordinarily, the evaluating official should be the person most familiar with the A-E's performance.

(c) Distribution and use of performance reports.

(i) Forward each performance report to the central data base identified in 236.201(c) after completing the review. The procedures in 236.201 also apply to A-E contracts.

(ii) File and use the DD Form 2631, Performance Evaluation (Architect-Engineer), in a manner similar to the SF 330, Architect-Engineer Qualifications, Part II.

236.606 Negotiations.

236.606-70 Statutory fee limitation.

(a) 10 U.S.C. 4540, 7212, and 9540 limit the contract price (or fee) for A-E services for the preparation of designs, plans, drawings, and specifications to six percent of the project's estimated construction cost.

(b) The six percent limit also applies to contract modifications, including modifications involving—

(1) Work not initially included in the contract. Apply the six percent limit to

236.609

the revised total estimated construction cost.

(2) Redesign. Apply the six percent limit as follows—

(i) Add the estimated construction cost of the redesign features to the original estimated construction cost;

(ii) Add the contract cost for the original design to the contract cost for redesign; and

(iii) Divide the total contract design cost by the total estimated construction cost. The resulting percentage may not exceed the six percent statutory limitation.

(c) The six percent limit applies only to that portion of the contract (or modification) price attributable to the preparation of designs, plans, drawings, and specifications. If a contract or modification also includes other services, the part of the price attributable to the other services is not subject to the six percent limit.

236.609 Contract clauses.

236.609-70 Additional provision and clause.

(a)(1) Use the clause at 252.236-7009, Option for Supervision and Inspection Services, in solicitations and contracts for A-E services when—

(i) The contract will be fixed price; and

(ii) Supervision and inspection services by the A-E may be required during construction.

(2) Include the scope of such services in appendix A of the contract.

(b) Use the provision at 252.236-7011, Overseas Architect-Engineer Services—Restriction to United States Firms, in solicitations for A-E contracts that are—

(1) Funded with military construction appropriations;

(2) The contract will be carried out on a Government-owned but privately operated installation;

(3) The contract (or renewal of a contract) is for the performance of a function under contract on September 24, 1983; or

(4) The contract—

(i) Is for the performance of firefighting functions;

(ii) Is for a period of 1 year or less; and

(iii) Covers only the performance of firefighting functions that, in the absence of the contract, would have to be performed by members of the armed forces who are not readily available to perform such functions by reason of a deployment.

(b) Under Section 2907 of Public Law 103-160, this prohibition does not apply to services at installations being closed (see subpart 237.74).

(c) Under Section 1010 of Public Law 107-56, this prohibition does not apply to any contract that'

(d)(1) Under Section 332 of Public Law 107-314, as amended by Section 333 of Public Law 109-364 and Section 343 of Public Law 110-181, this prohibition does not apply to any contract that is entered into for any increased performance of security-guard functions at a military installation or facility undertaken in response to the terrorist attacks on the United States on September 11, 2001, if—

(i) Without the contract, members of the Armed Forces are or would be used to perform the increased security-guard functions;

(ii) The agency has determined that—

(A) Recruiting and training standards for the personnel who are to perform the security-guard functions are comparable to the recruiting and training standards for DoD personnel who perform the same security-guard functions;

(B) Contractor personnel performing such functions will be effectively supervised, reviewed, and evaluated; and

(C) Performance of such functions will not result in a reduction in the security of the installation or facility;

(iii) Contract performance will not extend beyond September 30, 2012; and

(iv) The total number of personnel employed to perform security-guard functions under all contracts entered into pursuant to this authority does not exceed the following limitations:

237.102-71 Limitation on service contracts for military flight simulators.

(a) *Definitions.* As used in this subsection—

(1) *Military flight simulator* means any system to simulate the form, fit, and function of a military aircraft that has no commonly available commercial variant.

(2) *Service contract* means any contract entered into by DoD, the principal purpose of which is to furnish services in the United States through the use of service employees as defined in 41 U.S.C. 357(b).

(b) Under Section 832 of Public Law 109-364, as amended by Section 883(b) of Public Law 110-181, DoD is prohibited from entering into a service contract to acquire a military flight simulator. However, the Secretary of Defense may waive this prohibition with respect to a contract, if the Secretary—

(1) Determines that a waiver is in the national interest; and

(2) Provides an economic analysis to the congressional defense committees at least 30 days before the waiver takes effect. This economic analysis shall include, at a minimum—

(i) A clear explanation of the need for the contract; and

(ii) An examination of at least two alternatives for fulfilling the requirements that the contract is meant to fulfill, including the following with respect to each alternative:

(A) A rationale for including the alternative.

(B) A cost estimate of the alternative and an analysis of the quality of each cost estimate.

(C) A discussion of the benefits to be realized from the alternative.

(D) A best value determination of each alternative and a detailed explanation of the life-cycle cost calculations used in the determination.

(c) When reviewing requirements or participating in acquisition planning that would result in a military department or defense agency acquiring a military flight simulator, the contracting officer shall notify the program officials of the prohibition in paragraph (b) of this subsection. If the program officials decide to request a waiver from the Secretary of Defense under paragraph (b) of this subsection, the contracting officer shall follow the procedures at PGI 237.102-71.

In accordance with Section 802 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181), DoD may award a contract for the acquisition of services the primary purpose of which is to perform acquisition support functions with respect to the develop-

ment or production of a major system, only if—

(a) The contract prohibits the contractor from performing inherently governmental functions;

(b) The DoD organization responsible for the development or production of the major system ensures that Federal employees are responsible for determining—

(1) Courses of action to be taken in the best interest of the Government; and

(2) Best technical performance for the warfighter; and

(c) The contract requires that the prime contractor for the contract may not advise or recommend the award of a contract or subcontract for the development or production of the major system to an entity owned in whole or in part by the prime contractor.

[74 FR 34269, July 15, 2009]

237.104 Personal services contracts.

(b)(i) Authorization to acquire the personal services of experts and consultants is included in 10 U.S.C. 129b. Personal service contracts for expert and consultant services must also be authorized by a determination and findings (D&F) in accordance with department/agency regulations.

(A) Generally, the D&F should authorize one contract at a time; however, an authorizing official may issue a blanket D&F for classes of contracts.

(B) Prepare each D&F in accordance with FAR 1.7 and include a determination that—

(1) The duties are of a temporary or intermittent nature;

(2) Acquisition of the services is advantageous to the national defense;

(3) DoD personnel with necessary skills are not available;

(4) Excepted appointment cannot be obtained;

(5) A nonpersonal services contract is not practicable;

(6) Statutory authority, 5 U.S.C. 3109 and other legislation, apply; and

(7) Any other determination required by statutes has been made.

(ii) Personal services contracts for health care are authorized by 10 U.S.C. 1091.

(A) This authority may be used to acquire—

(1) Direct health care services provided in medical treatment facilities;

(2) Health care services at locations outside of medical treatment facilities (such as the provision of medical screening examinations at military entrance processing stations); and

(3) Services of clinical counselors, family advocacy program staff, and victim's services representatives to members of the Armed Forces and covered beneficiaries who require such services, provided in medical treatment facilities or elsewhere. Persons with whom a personal services contract may be entered into under this authority include clinical social workers, psychologists, psychiatrists, and other comparable professionals who have advanced degrees in counseling or related academic disciplines and who meet all requirements for State licensure and board certification requirements, if any, within their fields of specialization.

(B) Sources for personal services contracts with individuals under the authority of 10 U.S.C. 1091 shall be selected through the procedures in this section. These procedures do not apply to contracts awarded to business entities other than individuals. Selections made using the procedures in this section are exempt by statute from FAR part 6 competition requirements (see 206.001(b)).

(C) Approval requirements for—

(1) Direct health care personal services contracts (see paragraphs (b)(ii)(A)(1) and (2) of this section) and a pay cap are in DoDI 6025.5, Personal Services Contracts for Health Care Providers.

(i) A request to enter into a personal services contract for direct health care services must be approved by the commander of the medical/dental treatment facility where the services will be performed.

(ii) A request to enter into a personal services contract for a location outside of a medical treatment facility must be approved by the chief of the medical facility who is responsible for the area in which the services will be performed.

(2) Services of clinical counselors, family advocacy program staff, and victim's services representatives (see paragraph (b)(ii)(A)(3) of this section),

shall be in accordance with agency procedures.

(D) The contracting officer must ensure that the requiring activity provides a copy of the approval with the purchase request.

(E) The contracting officer must provide adequate advance notice of contracting opportunities to individuals residing in the area of the facility. The notice must include the qualification criteria against which individuals responding will be evaluated. The contracting officer shall solicit applicants through at least one local publication which serves the area of the facility. Acquisitions under this section for personal service contracts are exempt from the posting and synopsis requirements of FAR part 5.

(F) The contracting officer shall provide the qualifications of individuals responding to the notice to the commander of the facility for evaluation and ranking in accordance with agency procedures. Individuals must be considered solely on the basis of the professional qualifications established for the particular personal services being acquired and the Government's estimate of reasonable rates, fees, or other costs. The commander of the facility shall provide the contracting officer with rationale for the ranking of individuals, consistent with the required qualifications.

(G) Upon receipt from the facility of the ranked listing of applicants, the contracting officer shall either—

(1) Enter into negotiations with the highest ranked applicant. If a mutually satisfactory contract cannot be negotiated, the contracting officer shall terminate negotiations with the highest ranked applicant and enter into negotiations with the next highest.

(2) Enter into negotiations with all qualified applicants and select on the basis of qualifications and rates, fees, or other costs.

(H) In the event only one individual responds to an advertised requirement, the contracting officer is authorized to negotiate the contract award. In this case, the individual must still meet the minimum qualifications of the requirement and the contracting officer must be able to make a determination that the price is fair and reasonable.

(I) If a fair and reasonable price cannot be obtained from a qualified individual, the requirement should be canceled and acquired using procedures other than those set forth in this section.

(iii) (A) In accordance with 10 U.S.C. 129b(d), an agency may enter into a personal services contract if—

(1) The personal services—

(i) Are to be provided by individuals outside the United States, regardless of their nationality;

(ii) Directly support the mission of a defense intelligence component or counter-intelligence organization of DoD; or

(iii) Directly support the mission of the special operations command of DoD; and

(2) The head of the contracting activity provides written approval for the proposed contract. The approval shall include a determination that addresses the following:

(i) The services to be procured are urgent or unique;

(ii) It would not be practical to obtain such services by other means; and

(iii) For acquisition of services in accordance with paragraph (b)(iii)(A)(1)(i) of this section, the services to be acquired are necessary and appropriate for supporting DoD activities and programs outside the United States.

(B) The contracting officer shall ensure that the applicable requirements of paragraph (b)(iii)(A)(2) of this section have been satisfied and shall include the approval documentation in the contract file.

(iv) The requirements of 5 U.S.C. 3109, Employment of Experts and Consultants; Temporary or Intermittent, do not apply to contracts entered into in accordance with paragraph (b)(iii) of this section.

(f)(i) Payment to each expert or consultant for personal services under 5 U.S.C. 3109 shall not exceed the highest rate fixed by the Classification Act Schedules for grade GS-15 (see 5 CFR 304.105(a)).

(ii) The contract may provide for the same per diem and travel expenses authorized for a Government employee, including actual transportation and per diem in lieu of subsistence for trav-

el between home or place of business and official duty station.

(iii) Coordinate with the civilian personnel office on benefits, taxes, personnel ceilings, and maintenance of records.

Subpart 237.72—Educational Service Agreements

237.7200 Scope.

(a) This subpart prescribes acquisition procedures for educational services from schools, colleges, universities, or other educational institutions. This subpart does not include tuition assistance agreements, i.e., payment by the Government of partial tuition under the off-duty educational program.

(b) As used in the subpart—

(1) “*Facilities*” do not include the institution’s dining rooms or dormitories; and

(2) “*Fees*” does not include charges for meals or lodging.

237.7201 Educational service agreement.

(a) An educational service agreement is not a contract, but is an ordering agreement under which the Government may order educational services.

(b) Educational service agreements provide for ordering educational services when—

(1) The Government pays normal tuition and fees for educational services

provided to a student by the institution under its normal schedule of tuition and fees applicable to all students generally; and

(2) Enrollment is at the institution under the institution's normal rules and in courses and curricula which the institution offers to all students meeting admission requirements.

237.7202 Limitations.

(a) Make no agreement under this subpart which will result in payment of Government funds for tuition or other expenses for training in any legal profession, except in connection with the detailing of commissioned officers to law schools under 10 U.S.C. 2004.

(b) Educational service agreements are not used to provide special courses or special fees for Government students.

237.7203 Duration.

(a) Educational service agreements are for an indefinite duration and remain in effect until terminated.

(b) The issuing activity must establish procedures to review each educational service agreement at least once each year. Review dates should consider the institution's academic calendar and occur at least 30 days before the beginning of a term. The purpose of the review is to incorporate changes to reflect requirements of any statute, Executive Order, FAR, or DFARS.

(c) If the contracting officer and the institution do not agree on required changes, terminate the agreement.

237.7204 Format and clauses for educational service agreements.

Educational service agreements under this subpart shall be in the following format. Add to the schedule any other provisions necessary to describe the requirements, if they are consistent with the following provisions and the policy of acquiring educational services in the form of standard course offerings at the prevailing rates of the institution.

9. Submit invoices to: _____ (name and address of activity).

SCHEDULE PROVISIONS

1. *Ordering procedures and services to be provided.* (a) The Contractor shall promptly deliver to the Contracting Officer one copy of each catalog applicable to this agreement, and one copy of any subsequent revision.

(b) The Government will request educational services under this agreement by a (insert type of request, such as, delivery order, official Government order, or other written communication). The (insert type of request, such as, delivery order, official Government order, or other written communication) will contain the number of this agreement and will designate as students at the Contractor's institution one or more Government-selected persons who have already been accepted for admission under the Contractor's usual admission standards.

(c) All students under this agreement shall register in the same manner, be subject to the same academic regulations, and have the same privileges, including the use of all facilities and equipment as any other students enrolled in the institution.

(d) Upon enrolling each student under this agreement, the Contractor shall, where the resident or nonresident status involves a difference in tuition or fees—

(i) Determine the resident or nonresident status of the student;

(ii) Notify the student and the Contracting Officer of the determination. If there is an appeal of the determination;

(iii) If there is an appeal of the determination, process the appeal under the Contractor's standard procedures;

(iv) Notify the student and Contracting Officer of the result; and

(v) Make the determination a part of the student's permanent record.

(e) The Contractor shall not furnish any instruction or other services to any student under this agreement before the effective date of a request for services in the form specified in paragraph (b) of this schedule.

2. *Change in curriculum.* The Contracting Officer may vary the curriculum for any student enrolled under this agreement but shall not require or make any change in any course without the Contractor's consent.

3. *Payment.* (a) The Government shall pay the Contractor the normal tuition and fees which the Contractor charges any students pursuing the same or similar curricula, except for any tuition and fees which this agreement excludes. The Contractor may change any tuition and fees, provided—

(1) The Contractor publishes the revisions in a catalog or otherwise publicly announces the revisions;

(2) Applies the revisions uniformly to all students studying the same or similar curricula;

(3) Provides the Contracting Officer notice of changes before their effective date.

(b) The Contractor shall not establish any tuition or fees which apply solely to students under this agreement.

(c) If the Contractor regularly charges higher tuition and fees for nonresident students, the Contractor may charge the Government the normal nonresident tuition and fees for students under this agreement who are nonresidents. The Government shall not claim resident tuition and fees for any student solely on the basis of the student residing in the State as a consequence of enrollment under this agreement.

(d) The Contractor shall charge the Government only the tuition and fees which relate directly to enrollment as a student. Tuition and fees may include—

(i) Penalty fees for late registration or change of course caused by the Government;

(ii) Mandatory health fees and health insurance charges; and

(iii) Any flat rate charge applicable to all students registered for research that appears in the Contractor's publicly announced fee schedule.

(e) The Contractor shall not charge the Government for—

(i) Permit charges, such as vehicle registration or parking fees, unless specifically authorized in the request for service; and

(ii) Any equipment, refundable deposits, or any items or services (such as computer time) related to student research.

(f) Normally, the Contractor shall not directly charge individual students for application fees or any other fee chargeable to this agreement. However, if the Contractor's standard procedures require payment of any fee before the student is enrolled under this agreement, the Contractor may charge the student. When the Contractor receives payment from the Government, the Contractor shall fully reimburse the student.

(g) For each term the Contractor enrolls students under this agreement, the Contractor shall submit _____ copies of an invoice listing charges for each student separately. The Contractor shall submit invoices within _____ days after the start of the term and shall include—

(i) Agreement number and inclusive dates of the term;

(ii) Name of each student;

(iii) A list showing each course for each student if the school charges by credit hour;

(iv) The resident or nonresident status of each student (if applicable to the Contractor's school); and

(v) A breakdown of charges for each student, including credit hours, tuition, application fee, and other fees. Provide a total for each student and a grand total for all students listed on the invoice.

(h) If unforeseen events require additional charges that are otherwise payable under the Contractor's normal tuition and fee schedule, the Contractor may submit a supplemental invoice or make the adjustment on the next regular invoice under this agreement. The Contractor shall clearly identify and explain the supplemental invoice or the adjustment.

(i) The Contractor shall apply any credits resulting from withdrawal of students, or from any other cause under its standard procedures, to subsequent invoices submitted under this agreement. Credits should appear on the first invoice submitted after the action resulting in the credits. If no subsequent invoice is submitted, the Contractor shall deliver to the Contracting Officer a check drawn to the order of the office designated for contract administration. The Contractor shall identify the reason for the credit and the applicable term dates in all cases.

4. *Withdrawal of students.* (a) The Government may, at its option and at any time, withdraw financial support for any student by issuing official orders. The Government will furnish _____ copies of the orders to

the Contractor within a reasonable time after publication.

(b) The Contractor may request withdrawal by the Government of any student for academic or disciplinary reasons.

(c) If withdrawal occurs before the end of a term, the Government will pay any tuition and fees due for the current term. The Contractor shall credit the Government with any charges eligible for refund under the Contractor's standard procedures for any students in effect on the date of withdrawal.

(d) Withdrawal of students by the Government will not be the basis for any special charge or claim by the Contractor other than charges under the Contractor's standard procedures.

5. *Transcripts.* Within a reasonable time after withdrawal of a student for any reason, or after graduation, the Contractor shall send to the Contracting Officer (or to an address supplied by the Contracting Officer) one copy of an official transcript showing all work by the student at the institution until such withdrawal or graduation.

6. *Student teaching.* The Government does not anticipate the Contractor awarding fellowships and assistantships to students attending school under this agreement. However, for graduate students, should both the student and the Contractor decide it to be in the student's best interests to assist in the institution's teaching program, the Contractor may provide nominal compensation for part-time service. Base the compensation on the Contractor's practices and procedures for other students of similar accomplishment in that department or field. The Contractor shall apply the compensation as a credit against any invoices presented for payment for any period in which the student performed the part-time teaching service.

7. *Termination of agreement.* (a) Either party may terminate this agreement by giving 30 days advance written notice of the effective date of termination. In the event of termination, the Government shall have the right, at its option, to continue to receive educational services for those students already enrolled in the contractor's institution under this agreement until such time that the students complete their courses or curricula or the Government withdraws them from the Contractor's institution. The terms and conditions of this agreement in effect on the effective date of the termination shall continue to apply to such students remaining in the Contractor's institution.

(b) Withdrawal of students under Schedule provision 4 shall not be considered a termination within the meaning of this provision 7.

(c) Termination by either party shall not be the basis for any special charge or claim by the Contractor, other than as provided by the Contractor's standard procedures.

(b) Contractors who provide Government-determined essential contractor services shall have a written plan to ensure the continuation of these services in crisis situations. Contracting officers shall consult with a functional manager to assess the sufficiency of the contractor-provided written plan. Contractors will activate such plans only during periods of crisis, as directed by the appropriate functional commander or equivalent.

(d) See PGI 239.7102-3 for guidance on documenting and tracking certification status of contractor personnel, and for additional information regarding the requirements of DoD 8570.01-M.

[73 FR 1829, Jan. 10, 2008]

(a) Use the clause at 252.239-7000, Protection Against Compromising Emanations, in solicitations and contracts involving information technology that requires protection against compromising emanations.

(b) Use the clause at 252.239-7001, Information Assurance Contractor Training and Certification, in solicitations and contracts involving contractor performance of information assurance functions as described in DoD 8570.01-M.

48 CFR Ch. 2 (10-1-10 Edition)

Subpart 239.72—Standards

239.7201 Solicitation requirements.

Contracting officers shall ensure that all applicable Federal Information Processing Standards are incorporated into solicitations.

[71 FR 39011, July 11, 2006]

Subpart 239.73 [Reserved]

Subpart 239.74— Telecommunications Services

239.7400 Scope.

This subpart prescribes policy and procedures for acquisition of telecommunications services and maintenance of telecommunications security. Telecommunications services meet the definition of information technology.

[62 FR 1060, Jan. 8, 1997, as amended at 71 FR 39011, July 11, 2006]

239.7401 Definitions.

As used in this subpart—

(a) *Common carrier* means any entity engaged in the business of providing telecommunications services which are regulated by the Federal Communications Commission or other governmental body.

(b) *Foreign carrier* means any person, partnership, association, joint-stock company, trust, governmental body, or corporation not subject to regulation by a U.S. governmental regulatory body and not doing business as a citizen of the United States, providing telecommunications services outside the territorial limits of the United States.

(c) *Governmental regulatory body* means the Federal Communications Commission, any statewide regulatory body, or any body with less than statewide jurisdiction when operating under the State authority. The following are not “governmental regulatory bodies”—

(1) Regulatory bodies whose decisions are not subject to judicial appeal; and

(2) Regulatory bodies which regulate a company owned by the same entity which creates the regulatory body.

(d) *Noncommon carrier* means any entity other than a common carrier offering telecommunications facilities, services, or equipment for lease.

(e) *Securing, sensitive information, and telecommunications systems* have the meaning given in the clause at 252.239-7016, Telecommunications Security Equipment, Devices, Techniques, and Services.

(f) *Telecommunications* means the transmission, emission, or reception of signals, signs, writing, images, sounds, or intelligence of any nature, by wire, cable, satellite, fiber optics, laser, radio, or any other electronic, electric, electromagnetic, or acoustically coupled means.

(g) *Telecommunications services* means the services acquired, whether by lease or contract, to meet the Government's telecommunications needs. The term includes the telecommunications facilities and equipment necessary to provide such services.

[56 FR 36429, July 31, 1991, as amended at 70 FR 67918, Nov. 9, 2005]

239.7402 Policy.

(a) *Acquisition.* DoD policy is to acquire telecommunications services from common and noncommon telecommunications carriers—

(1) On a competitive basis, except when acquisition using other than full and open competition is justified;

(2) Recognizing the regulations, practices, and decisions of the Federal Communications Commission (FCC) and other governmental regulatory bodies on rates, cost principles, and accounting practices; and

(3) Making provision in telecommunications services contracts for adoption of—

(i) FCC approved practices; or

(ii) The generally accepted practices of the industry on those issues concerning common carrier services where—

(A) The governmental regulatory body has not expressed itself;

(B) The governmental regulatory body has declined jurisdiction; or

(C) There is no governmental regulatory body to decide.

(b) *Security.* (1) The contracting officer shall ensure, in accordance with

agency procedures, that purchase requests identify—

(i) The nature and extent of information requiring security during telecommunications;

(ii) The requirement for the contractor to secure telecommunications systems;

(iii) The telecommunications security equipment, devices, techniques, or services with which the contractor's telecommunications security equipment, devices, techniques, or services must be interoperable; and

(iv) The approved telecommunications security equipment, devices, techniques, or services, such as found in the National Security Agency's Information Systems Security Products and Services Catalogue.

(2) Contractors and subcontractors shall provide all telecommunications security techniques or services required for performance of Government contracts.

(3) Except as provided in paragraph (b)(4) of this section, contractors and subcontractors shall normally provide all required property, to include telecommunications security equipment or related devices, in accordance with FAR 45.102. In some cases, such as for communications security (COMSEC) equipment designated as controlled cryptographic item (CCI), contractors or subcontractors must also meet ownership eligibility conditions.

(4) The head of the agency may authorize provision of the necessary property as Government-furnished property or acquisition as contractor-acquired property, as long as conditions of FAR 45.102(b) are met.

[56 FR 36429, July 31, 1991, as amended at 56 FR 67220, Dec. 30, 1991; 62 FR 1060, Jan. 8, 1997; 71 FR 39011, July 11, 2006; 74 FR 37647, July 29, 2009]

239.7403–239.7404 [Reserved]

239.7405 Delegated authority for telecommunications resources.

The contracting officer may enter into a telecommunications service contract on a month-to-month basis or for any longer period or series of periods, not to exceed a total of 10 years. See PGI 239.7405 for documents relating to this contracting authority, which the

239.7406

General Services Administration has delegated to DoD.

[70 FR 67918, Nov. 9, 2005]

239.7406 Cost or pricing data and information other than cost or pricing data.

(a) Common carriers are not required to submit cost or pricing data before award of contracts for tariffed services. Rates or preliminary estimates quoted by a common carrier for tariffed telecommunications services are considered to be prices set by regulation within the provisions of 10 U.S.C. 2306a. This is true even if the tariff is set after execution of the contract.

(b) Rates or preliminary estimates quoted by a common carrier for nontariffed telecommunications services or by a noncommon carrier for any telecommunications service are not considered prices set by law or regulation.

(c) Contracting officers shall obtain sufficient information to determine that the prices are reasonable in accordance with FAR 15.403-3 or 15.403-4. See PGI 239.7406 for examples of instances where additional information may be necessary to determine price reasonableness.

[62 FR 40473, July 29, 1997, as amended at 63 FR 11539, Mar. 9, 1998; 70 FR 67919, Nov. 9, 2005; 71 FR 39011, July 11, 2006]

239.7407 Type of contract.

When acquiring telecommunications services, the contracting officer may use a basic agreement (see FAR 16.702) in conjunction with communication service authorizations. When using this method, follow the procedures at PGI 239.7407.

[71 FR 27646, May 12, 2006]

239.7408 Special construction.

239.7408-1 General.

(a) Special construction normally involves a common carrier giving a special service or facility related to the performance of the basic telecommunications service requirements.

This may include—

- (1) Moving or relocating equipment;
- (2) Providing temporary facilities;

48 CFR Ch. 2 (10-1-10 Edition)

(3) Expediting provision of facilities; or

(4) Providing specially constructed channel facilities to meet Government requirements.

(b) Use this subpart instead of FAR part 36 for acquisition of “special construction.”

(c) Special construction costs may be—

(1) A contingent liability for using telecommunications services for a shorter time than the minimum to reimburse the contractor for unamortized nonrecoverable costs. These costs are usually expressed in terms of a termination liability, as provided in the contract or by tariff;

(2) A onetime special construction charge;

(3) Recurring charges for constructed facilities;

(4) A minimum service charge;

(5) An expediting charge; or

(6) A move or relocation charge.

(d) When a common carrier submits a proposal or quotation which has special construction requirements, the contracting officer shall require a detailed special construction proposal. Analyze all special construction proposals to—

(1) Determine the adequacy of the proposed construction;

(2) Disclose excessive or duplicative construction; and

(3) When different forms of charge are possible, provide for the form of charge most advantageous to the Government.

(e) When possible, analyze and approve special construction charges before receiving the service. Impose a ceiling on the special construction costs before authorizing the contractor to proceed, if prior approval is not possible. The contracting officer must approve special construction charges before final payment.

[56 FR 36429, July 31, 1991, as amended at 71 FR 39011, July 11, 2006]

239.7408-2 Applicability of construction labor standards for special construction.

(a) The construction labor standards in FAR Subpart 22.4 ordinarily do not apply to special construction. However, if the special construction includes construction, alteration, or repair (as

defined in FAR 22.401) of a public building or public work, the construction labor standards may apply. Determine applicability under FAR 22.402.

(b) Each CSA or other type contract which is subject to construction labor standards under FAR 22.402 shall cite that fact.

[56 FR 36429, July 31, 1991, as amended at 71 FR 39011, July 11, 2006]

239.7409 Special assembly.

(a) Special assembly is the designing, manufacturing, arranging, assembling, or wiring of equipment to provide telecommunications services that cannot be provided with general use equipment.

(b) Special assembly rates and charges shall be based on estimated costs. The contracting officer should negotiate special assembly rates and charges before starting service. When it is not possible to negotiate in advance, use provisional rates and charges subject to adjustment, until final rates and charges are negotiated. The CSAs authorizing the special assembly shall be modified to reflect negotiated final rates and charges.

[56 FR 36429, July 31, 1991, as amended at 71 FR 39011, July 11, 2006]

239.7410 Cancellation and termination.

(a)(1) Cancellation is stopping a requirement after placing of an order but before service starts.

(2) Termination is stopping a requirement after placing an order and after service starts.

(b) Determine cancellation or termination charges under the provisions of the applicable tariff or agreement/contract.

239.7411 Contract clauses.

(a) In addition to other appropriate FAR and DFARS clauses, use the following clauses in solicitations, contracts, and basic agreements for telecommunications services. Modify the clauses only if necessary to meet the requirements of a governmental regulatory agency—

- (1) 252.239-7002, Access;
- (2) 252.239-7004, Orders for Facilities and Services;

(3) 252.239-7005, Rates, Charges, and Services;

(4) 252.239-7006, Tariff Information;

(5) 252.239-7007, Cancellation or Termination of Orders;

(6) 252.239-7008, Reuse Arrangements.

(b) Use the following clauses in solicitations, contracts, and basic agreements for telecommunications services when the acquisition includes or may include special construction. Modify the clauses only if necessary to meet the requirements of a governmental regulatory agency—

(1) 252.239-7011, Special Construction and Equipment Charges; and

(2) 252.239-7012, Title to Telecommunication Facilities and Equipment.

(c) Use the following clauses in basic agreements for telecommunications services—

(1) 252.239-7013, Obligation of the Government;

(2) 252.239-7014, Term of Agreement, and insert the effective date of the agreement in paragraph (a) of the clause; and

(3) 252.239-7015, Continuation of Communication Service Authorizations, as appropriate, and insert in paragraph (a) of the clause, the name of the contracting office and the basic agreement or contract number which is being superseded.

(d) Use the clause at 252.239-7016, Telecommunications Security Equipment, Devices, Techniques, and Services, in solicitations and contracts when performance of a contract requires secure telecommunications.

Subpart 241.1—General

241.101 Definitions.

As used in this part—

Independent regulatory body means the Federal Energy Regulatory Commission, a state-wide agency, or an agency with less than state-wide jurisdiction when operating pursuant to state authority. The body has the power to fix, establish, or control the rates and services of utility suppliers.

Nonindependent regulatory body means a body that regulates a utility supplier which is owned or operated by the same entity that created the regulatory body, e.g., a municipal utility.

Regulated utility supplier means a utility supplier regulated by an independent regulatory body.

Service power procurement officer means for the—

- (1) Army, the Chief of Engineers;
- (2) Navy, the Commander, Naval Facilities Engineering Command;
- (3) Air Force, the head of a contracting activity; and
- (4) Defense Logistics Agency, the head of a contracting activity.

[63 FR 11539, Mar. 9, 1998, as amended at 71 FR 3417, Jan. 23, 2006]

241.102 Applicability.

(a) This part applies to purchase of utility services from nonregulated and regulated utility suppliers. It includes the acquisition of liquefied petroleum gas as a utility service when purchased from regulated utility suppliers.

(b)(7) This part does not apply to third party financed projects. However, it may be used for any purchased utility services directly resulting from such projects, including those authorized by—

(A) 10 U.S.C. 2394 for energy, fuels, and energy production facilities for periods not to exceed 30 years;

48 CFR Ch. 2 (10-1-10 Edition)

(B) 10 U.S.C. 2394a for renewable energy for periods not to exceed 25 years;

(C) 10 U.S.C. 2689 for geothermal resources that result in energy production facilities;

(D) 10 U.S.C. 2809 for potable and waste water treatment plants for periods not to exceed 32 years; and

(E) 10 U.S.C. 2812 for lease/purchase of energy production facilities for periods not to exceed 32 years.

241.103 Statutory and delegated authority.

(1) The contracting officer may enter into a utility service contract related to the conveyance of a utility system for a period not to exceed 50 years (10 U.S.C. 2688(d)(2)).

(2) See 217.175 for authority to enter into multiyear contracts for electricity from renewable energy sources.

(3) See PGI 241.103 for statutory authorities and maximum contract periods for utility and energy contracts.

[71 FR 3417, Jan. 23, 2006, as amended at 74 FR 52896, Oct. 15, 2009; 75 FR 34943, June 21, 2010]

Subpart 241.2—Acquiring Utility Services

241.201 Policy.

(1) DoD, as a matter of comity, generally complies with the current regulations, practices, and decisions of independent regulatory bodies. This policy does not extend to nonindependent regulatory bodies.

(2) Purchases of utility services outside the United States may use—

(i) Formats and technical provisions consistent with local practice; and

(ii) Dual language forms and contracts.

(3) Rates established by an independent regulatory body—

(i) Are considered “prices set by law or regulation”;

(ii) Are sufficient to set prices without obtaining cost or pricing data (see FAR Subpart 15.4); and

(iii) Are a valid basis on which prices can be determined fair and reasonable.

(4) Compliance with the regulations, practices, and decisions of independent

regulatory bodies as a matter of comity is not a substitute for the procedures at FAR 41.202(a).

[71 FR 3418, Jan. 23, 2006]

241.202 Procedures.

(1) *Connection and service charges.* The Government may pay a connection charge when required to cover the cost of the necessary connecting facilities. A connection charge based on the estimated labor cost of installing and removing the facility shall not include salvage cost. A lump-sum connection charge shall be no more than the agreed cost of the connecting facilities less net salvage. The order of precedence for contractual treatment of connection and service charges is—

(i) No connection charge.

(ii) Termination liability. Use when an obligation is necessary to secure the required services. The obligation must be not more than the agreed connection charge, less any net salvage material costs. Use of a termination liability instead of a connection charge requires the approval of the service power procurement officer or designee.

(iii) Connection charge, refundable. Use a refundable connection charge when the supplier refuses to provide the facilities based on lack of capital or published rules which prohibit providing up-front funding. The contract should provide for refund of the connection charge within five years unless a longer period or omission of the refund requirement is authorized by the service power procurement officer or designee.

(iv) Connection and service charges, nonrefundable. The Government may pay certain nonrefundable, non-recurring charges including service initiation charges, a contribution in aid of construction, membership fees, and charges required by the supplier's rules and regulations to be paid by the customer. If possible, consider sharing with other than Government users the

use of (and costs for) facilities when large nonrefundable charges are required.

(2) *Construction and labor requirements.* Follow the procedures at PGI 241.202(2) for construction and labor requirements associated with connection and service charges.

[71 FR 3417, Jan. 23, 2006]

241.205 Separate contracts.

Follow the procedures at PGI 241.205 when acquiring utility services by separate contract.

[71 FR 3417, Jan. 23, 2006]

Subpart 241.5—Solicitation Provision and Contract Clauses

241.501 Solicitation provision and contract clauses.

(d)(1) Use a clause substantially the same as the clause at FAR 52.241-7, Change in Rates or Terms and Conditions of Service for Regulated Services, when the utility services to be provided are subject to an independent regulatory body.

(2) Use a clause substantially the same as the clause at FAR 52.241-8, Change in Rates or Terms and Conditions of Service for Unregulated Services, when the utility services to be provided are not subject to a regulatory body or are subject to a non-independent regulatory body.

[71 FR 3418, Jan. 23, 2006]

241.501-70 Additional clauses.

(a) If the Government must execute a superseding contract and capital credits, connection charge credits, or termination liability exist, use the clause at 252.241-7000, Superseding Contract.

(b) Use the clause at 252.241-70001, Government Access, when the clause at FAR 52.241-5, Contractor's Facilities, is used.

242.002 Interagency agreements.

(b)(i) DoD requires reimbursement, at a rate set by the Under Secretary of Defense (Comptroller/Chief Financial Officer), from non-DoD organizations, except for—

(A) Quality assurance, contract administration, and audit services provided under a no-charge reciprocal agreement;

(B) Services performed under subcontracts awarded by the Small Business Administration under FAR subpart 19.8; and

(C) Quality assurance and pricing services performed for the Supply and Services Canada.

(ii) Departments and agencies may request an exception from the reimbursement policy in paragraph (b)(i) of this section from the Under Secretary of Defense (Comptroller/Chief Financial Officer). A request must show that an exception is in the best interest of the Government.

(iii) Departments and agencies must pay for services performed by non-DoD activities, foreign governments, or international organizations, unless otherwise provided by reciprocal agreements.

(S-70)(i) Foreign governments and international organizations may request contract administration services on their direct purchases from U.S. producers. Direct purchase is the purchase of defense supplies in the United States through commercial channels for use by the foreign government or international organization.

(ii) Supply and Services Canada (SSC) is permitted to submit its requests for contract administration services directly to the cognizant contract administration office.

(iii) Other foreign governments (including Canadian government organizations other than SSC) and international organizations send their requests for contract administration services to the DoD Central Control Point (CCP) at the Headquarters, Defense Contract Management Agency, International and Federal Business Team. Contract administration offices provide services only upon request from the CCP. The CCP shall follow the procedures at PGI 242.002(S-70)(iii).

Subpart 242.2—Contract Administration Services

SOURCE: 64 FR 61029, Nov. 9, 1999, unless otherwise noted.

242.200-70 Scope of subpart.

This subpart does not address the contract administration role of a contracting officer's representative (see 201.602).

242.202 Assignment of contract administration.

(a)(i) DoD activities shall not retain any contract for administration that requires performance of any contract administration function at or near contractor facilities, except contracts for—

- (A) The National Security Agency;
- (B) Research and development with universities;
- (C) Flight training;
- (D) Management and professional support services;
- (E) Mapping, charting, and geodesy services;
- (F) Base, post, camp, and station purchases;
- (G) Operation or maintenance of, or installation of equipment at, radar or communication network sites;
- (H) Communications services;
- (I) Installation, operation, and maintenance of space-track sensors and relays;
- (J) Dependents Medicare program contracts;
- (K) Stevedoring contracts;
- (L) Construction and maintenance of military and civil public works, including harbors, docks, port facilities, military housing, development of recreational facilities, water resources, flood control, and public utilities;
- (M) Architect-engineer services;
- (N) Airlift and sealift services (Air Mobility Command and Military Sealift Command may perform contract administration services at contractor locations involved solely in performance of airlift or sealift contracts);
- (O) Subsistence supplies;
- (P) Ballistic missile sites (contract administration offices may perform supporting administration of these contracts at missile activation sites during the installation, test, and

242.301

checkout of the missiles and associated equipment);

(Q) Operation and maintenance of, or installation of equipment at, military test ranges, facilities, and installations; and

(R) The Defense Energy Support Center, Defense Logistics Agency.

(ii) Contract administration functions for base, post, camp, and station contracts on a military installation are normally the responsibility of the installation or tenant commander. However, the Defense Contract Management Agency (DCMA) shall, upon request of the military department, and subject to prior agreement, perform contract administration services on a military installation.

(iii) DCMA shall provide preaward survey assistance for post, camp, and station work performed on a military installation. The contracting office and the DCMA preaward survey monitor should jointly determine the scope of the survey and individual responsibilities.

(iv) To avoid duplication, contracting offices shall not locate their personnel at contractor facilities, except—

(A) In support of contracts retained for administration in accordance with paragraph (a)(i) of this section; or

(B) As permitted under subpart 242.74.

(e)(1)(A) In special circumstances, a contract administration office may request support from a component not listed in the Federal Directory of Contract Administration Services Components (available via the Internet at <http://home.dema.mil/casbook/casbook.htm>). An example is a situation where the contractor's work site is on a military base and a base organization is asked to provide support. Before formally sending the request, coordinate with the office concerned to ensure that resources are available for, and capable of, providing the support.

(B) When requesting support on a subcontract that includes foreign contract military sale (FMS) requirements, the contract administration office shall—

(1) Mark "FMS Requirement" on the face of the documents; and

(2) For each FMS case involved, provide the FMS case identifier, associated item quantities, DoD prime con-

Subpart 242.3—Contract Administration Office Functions

242.301 General.

Contract administration services performed outside the U.S. should be performed in accordance with FAR 42.301 unless there are no policies and procedures covering a given situation. In this case, coordinate proposed actions with the appropriate U.S. country teams or commanders of unified and specified commands.

242.302 Contract administration functions.

(a)(4) Also, review and evaluate—

(A) Contractor estimating systems (see FAR 15.407-5); and

(B) Contractor material management and accounting systems under subpart 242.72.

(7) See 242.7502 for ACO responsibilities with regard to receipt of an audit report identifying significant accounting system or related internal control deficiencies.

and agreements for SPI processes, when authorized by the affected components.

(S-71) DCMA has responsibility for reviewing earned value management system (EVMS) plans and for verifying initial and continuing contractor compliance with DoD EVMS criteria. The contracting officer shall not retain this function.

(b)(S-70) Issue, negotiate, and execute orders under basic ordering agreements for overhaul, maintenance, and repair.

(2) Determine whether IR&D/B&P projects performed by major contractors (see 231.205-18(a)) are of potential interest to DoD; and

(3) Notify the contractor promptly of any IR&D/B&P activities that are not of potential interest to DoD.

(b) The Defense Contract Management Agency or the military department responsible for performing contract administration functions is responsible for providing the Defense Contract Audit Agency (DCAA) with IR&D/B&P statistical information, as necessary, to assist DCAA in the annual report required by paragraph (c) of this subsection.

- (i) When a novation agreement is required and the transferee intends to incur restructuring costs as defined at 213.205-70, the cognizant contracting officer shall include the following provision as paragraph (b)(7) of the novation agreement instead of the paragraph (b)(7) provided in the sample format at FAR 42.1204(i):

“(7)(i) Except as set forth in subparagraph (7)(ii) below, the Transferor and the Transferee agree that the Government is not obligated to pay or reimburse either of them for, or otherwise give effect to, any costs, taxes, or other expenses, or any related increases, directly or indirectly arising out of or resulting from the transfer or this Agreement, other than those that the Government in the absence of this transfer or Agreement would have been obligated to pay or reimburse under the terms of the contracts.

(ii) The Government recognizes that restructuring by the Transferee incidental to the acquisition/merger may be in the best interests of the Government. Restructuring costs that are allowable under Part 31 of the Federal Acquisition Regulation (FAR) or Part 231 of the Defense Federal Acquisition Regulation Supplement (DFARS) may be reimbursed under flexibly-priced novated contracts, provided the Transferee demonstrates that the restructuring will reduce overall costs to the Department of Defense (DoD) (and to the National Aeronautics and Space Administration (NASA), where there is a mix of DoD and NASA contracts), and the requirements included in DFARS 231.205-70 are met. Restructuring costs shall not be allowed on novated contracts unless there is

(A) The contracting officer—

(1) Provides production schedules and planned destinations to the servicing transportation office as soon as the information is available to permit the transportation office to determine if volume movements will occur. If a volume movement appears likely, the transportation office reports a planned volume movement in accordance with DoD 4500.9-R, Defense Transportation Regulation, Part II, Chapter 201.

(2) Sends a copy of the volume movement report to the contract administration office.

(B) The contract administration office submits a volume movement report when—

(1) Significant changes are made to the movement requirements; or

(2) The contracting office did not submit a report.

(C) Include the destination country, freight forwarder, and, if known, port of embarkation on volume movement reports for foreign military sale shipments.

242.1470 Demurrage and detention charges.

(a) Carrier demurrage rules usually allow for a “free time” for loading or unloading cars or for any other purpose, and impose charges for cars held beyond this period. If a contractor detains railroad cars beyond the “free time,” the contractor has to pay the carrier’s published tariff charges for demurrage.

(b) Detention results when a shipper or consignee holds motor carrier equipment beyond a reasonable period for loading, unloading, forwarding directions, or any other reason. Detention rules and charges are not uniform; they

are published in individual carrier or agency tenders.

Subpart 242.72—Contractor Material Management and Accounting System

SOURCE: 65 FR 77833, Dec. 13, 2000, unless otherwise noted.

242.7200 Scope of subpart.

(a) This subpart provides policies, procedures, and standards for use in the evaluation of a contractor's material management and accounting system (MMAS).

(b) The policies, procedures, and standards in this subpart—

(1) Apply only when the contractor has contracts exceeding the simplified acquisition threshold that are not for the acquisition of commercial items and are either—

- (i) Cost-reimbursement contracts; or
- (ii) Fixed-price contracts with progress payments made on the basis of costs incurred by the contractor as work progresses under the contract; and

(2) Do not apply to small businesses, educational institutions, or nonprofit organizations.

242.7201 Definitions.

Material management and accounting system and *valid time-phased requirements* are defined in the clause at 252.242-7004, Material Management and Accounting System.

242.7202 Policy.

DoD policy is for its contractors to have an MMAS that conforms to the standards in paragraph (e) of the clause at 252.242-7004, so that the system—

- (a) Reasonably forecasts material requirements;
- (b) Ensures the costs of purchased and fabricated material charged or allocated to a contract are based on valid time-phased requirements; and
- (c) Maintains a consistent, equitable, and unbiased logic for costing of material transactions.

242.7203 Review procedures.

(a) *Criteria for conducting reviews.* Conduct an MMAS review when—

(1) A contractor has \$40 million of qualifying sales to the Government during the contractor's preceding fiscal year; and

(2) The administrative contracting officer (ACO), with advice from the auditor, determines an MMAS review is needed based on a risk assessment of the contractor's past experience and current vulnerability.

(b) *Qualifying sales.* Qualifying sales are sales for which cost or pricing data were required under 10 U.S.C. 2306a, as implemented in FAR 15.403, or that are contracts priced on other than a firm-fixed-price or fixed-price with economic price adjustment basis. Sales include prime contracts, subcontracts, and modifications to such contracts and subcontracts.

(c) *System evaluation.* Cognizant contract administration and audit activities must jointly establish and manage programs for evaluating the MMAS systems of contractors and must annually establish a schedule of contractors to be reviewed. In addition, they must—

- (1) Conduct reviews as a team effort.
 - (i) the ACO—
 - (A) Appoints a team leader; and
 - (B) Ensures that the team includes appropriate functional specialists (*e.g.*, industrial specialist, engineer, property administrator, auditor).
 - (ii) The team leader—
 - (A) Advises the ACO and the contractor of findings during the review and at the exit conference; and

(B) Makes every effort to resolve differences regarding questions of fact during the review.

(iii) The contract auditor—

(A) Participates as a member of the MMAS team or serves as the team leader (see paragraph (c)(1)(i) of this section); and

(B) Issues an audit report for incorporation into the MMAS report based on an analysis of the contractor's books, accounting records, and other related data.

(2) Tailor reviews to take full advantage of the day-to-day work done by both organizations.

(3) Prepare the MMAS report.

(d) *Disposition of evaluation team findings.* The team leader must document the evaluation team findings and recommendations in the MMAS report to the ACO. If there are any significant MMAS deficiencies, the report must provide an estimate of the adverse impact on the Government resulting from those deficiencies.

(1) *Initial notification to the contractor.* The ACO must provide a copy of the report to the contractor immediately upon receipt from the team leader.

(i) The ACO must notify the contractor in a timely manner if there are no deficiencies.

(ii) If there are any deficiencies, the ACO must request the contractor to provide a written response within 30 days (or such other date as may be mutually agreed to by the ACO and the contractor) from the date of initial notification.

(iii) If the contractor agrees with the report, the contractor has 60 days (or such other date as may be mutually agreed to by the ACO and the contractor) to correct any identified deficiencies or submit a corrective action plan showing milestones and actions to eliminate the deficiencies.

(iv) If the contractor disagrees with the report, the contractor must provide rationale in the written response.

(2) *Evaluation of the contractor's response.* The ACO, in consultation with the auditor, evaluates the contractor's response and determines whether—

(i) The MMAS contains any deficiencies and, if so, any corrective action is needed;

(ii) The deficiencies are significant enough to result in the reduction of progress payments or disallowance of costs on vouchers; and

(iii) Proposed corrective actions (if the contractor submitted them) are adequate to correct the deficiencies.

(3) *Notification of ACO determination.*

(i) The ACO must notify the contractor in writing (copy to auditor and functional specialists) of—

(A) Any deficiencies and the necessary corrective action;

(B) Acceptability of the contractor's corrective action plan (if one was submitted) or the need for a corrective action plan; and

(C) Any decision to reduce progress payments or disallow costs on vouchers.

(ii) The Government does not approve or disapprove the contractor's MMAS. ACO notifications should avoid any such implications.

(iii) From the time the ACO determines that there are any significant MMAS deficiencies until the time the deficiencies are corrected, all field pricing reports for that contractor must contain a recommendation relating to proposed adjustments necessary to protect the Government's interests.

(iv) The ACO should consider the effect of any significant MMAS deficiencies in reviews of the contractor's estimating system (see 215.407-5).

(4) *Reductions or disallowances.* (i) When the ACO determines the MMAS deficiencies have a material impact on Government contract costs, the ACO must reduce progress payments by an appropriate percentage based on affected costs (in accordance with FAR 32.503-6) and/or disallow costs on vouchers (in accordance with FAR 42.803). The reductions or disallowances must remain in effect until the ACO determines that—

(A) The deficiencies are corrected; or

(B) The amount of the impact is immaterial.

(ii) The maximum payment adjustment is the adverse material impact to the Government as specified in the MMAS report. The ACO should use the maximum adjustment when the contractor did not submit a corrective action plan with its response, or when the plan is unacceptable. In other cases,

the ACO should consider the quality of the contractor's corrective action plan in determining the appropriate percentage.

(iii) As the contractor implements its accepted corrective action plan, the ACO should reinstate a portion of withheld amounts commensurate with the contractor's progress in making corrections. However, the ACO must not fully reinstate withheld amounts until the contractor corrects the deficiencies, or until the impact of the deficiencies become immaterial.

(5) *Monitoring contractor's corrective action.* The ACO and the auditor must monitor the contractor's progress in correcting deficiencies. When the ACO determines the deficiencies have been corrected, the ACO must notify the contractor in writing. If the contractor fails to make adequate progress, the ACO must take further action. The ACO may—

- (i) Elevate the issue to higher level management;
- (ii) Further reduce progress payments and/or disallow costs on vouchers;
- (iii) Notify the contractor of the inadequacy of the contractor's cost estimating system and/or cost accounting system; and
- (iv) Issue cautions to contracting activities regarding the award of future contracts.

242.7204 Contract clause.

Use the clause at 252.242-7004, Material Management and Accounting System, in all solicitations and contracts exceeding the simplified acquisition threshold that are not for the acquisition of commercial items and—

- (a) Are not awarded to small businesses, educational institutions, or nonprofit organizations; and
- (b) Are either—
 - (1) Cost-reimbursement contracts; or
 - (2) Fixed-price contracts with progress payments made on the basis of costs incurred by the contractor as work progresses under the contract.

Subpart 242.73—Contractor Insurance/Pension Review

242.7301 General.

(a) The administrative contracting officer (ACO) is responsible for determining the allowability of insurance/pension costs in Government contracts and for determining the need for a Contractor/Insurance Pension Review (CIPR). Defense Contract Management Agency (DCMA) insurance/pension specialists and Defense Contract Audit Agency (DCAA) auditors assist ACOs in making these determinations, conduct CIPRs when needed, and perform other routine audits as authorized under FAR 42.705 and 52.215-2. A CIPR is a DCMA/DCAA joint review that—

- (1) Provides an in-depth evaluation of a contractor's—
 - (i) Insurance programs;
 - (ii) Pension plans;
 - (iii) Other deferred compensation plans; and
 - (iv) Related policies, procedures, practices, and costs; or
 - (2) Concentrates on specific areas of the contractor's insurance programs, pension plans, or other deferred compensation plans.
- (b) DCMA is the DoD Executive Agency for the performance of all CIPRs.

(c) DCAA is the DoD agency designated for the performance of contract audit responsibilities related to Cost Accounting Standards administration as described in FAR Subparts 30.2 and 30.6 as they relate to a contractor's insurance programs, pension plans, and other deferred compensation plans.

Subpart 242.74—Technical Representation at Contractor Facilities

242.7400 General.

(a) Program managers may conclude that they need technical representation in contractor facilities to perform non-contract administration service (CAS) technical duties and to provide liaison, guidance, and assistance on systems and programs. In these cases, the program manager may assign technical representatives under the procedures in 242.7401.

(b) A technical representative is a representative of a DoD program, project, or system office performing non-CAS technical duties at or near a contractor facility. A technical representative is not—

(1) A representative of a contract administration or contract audit component; or

(2) A contracting officer's representative (see 201.602).

Subpart 242.75—Contractor Accounting Systems and Related Controls

242.7501 Policy.

(a) Applicable laws and regulations are complied with;

(b) The accounting system and cost data are reliable;

(c) Risk of misallocations and mischarges are minimized; and

242.7502 Procedures.

(a) Upon receipt of an audit report identifying significant accounting system or related internal control deficiencies, the ACO will—

(1) Provide a copy of the report to the contractor and allow 30 days, or a reasonable extension, for the contractor to respond;

(2) If the contractor agrees with the report, the contractor has 60 days from the date of initial notification to correct any identified deficiencies or submit a corrective action plan showing milestones and actions to eliminate the deficiencies.

(3) If the contractor disagrees, the contractor should provide rationale in its written response.

(4) The ACO will consider whether it is appropriate to suspend a percentage of progress payments or reimbursement of costs proportionate to the estimated cost risk to the Government, considering audit reports or other relevant input, until the contractor submits a corrective action plan acceptable to the ACO and corrects the deficiencies. (See FAR 32.503–6 (a) and (b) and FAR 42.302(a)(7)).

243.204-70-1 Scope.

(a) This subsection applies to unpriced change orders with an estimated value exceeding \$5 million.

(b) Unpriced change orders for foreign military sales and special access

programs are not subject to this subsection, but the contracting officer shall apply the policy and procedures to them to the maximum extent practicable. If the contracting officer determines that it is impracticable to adhere to the policy and procedures of this subsection for an unpriced change order for a foreign military sale or a special access program, the contracting officer shall provide prior notice, through agency channels, to the Deputy Director, Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), 3060 Defense Pentagon, Washington, DC 20301-3060.

[75 FR 48277, Aug. 10, 2010]

[75 FR 48277, Aug. 10, 2010]

243.204-70-3 Definitization schedule.

(a) Unpriced change orders shall contain definitization schedules that provide for definitization by the earlier of—

(1) The date that is 180 days after issuance of the change order (this date may be extended but may not exceed the date that is 180 days after the contractor submits a qualifying proposal); or

(2) The date on which the amount of funds obligated under the change order is equal to more than 50 percent of the not-to-exceed price.

(b) Submission of a qualifying proposal in accordance with the definitization schedule is a material element of the contract. If the contractor does not submit a timely qualifying proposal, the contacting officer may suspend or reduce progress payments under FAR 32.503-6, or take other appropriate action.

[75 FR 48277, Aug. 10, 2010]

243.204-70-4 Limitations on obligations.

(a) The Government shall not obligate more than 50 percent of the not-to-exceed price before definitization. However, if a contractor submits a qualifying proposal before 50 percent of

243.204-70-5

the not-to-exceed price has been obligated by the Government, the limitation on obligations before definitization may be increased to no more than 75 percent (*see* 232.102-70 for coverage on provisional delivery payments).

(b) Obligations should be consistent with the contractor's requirements for the undefinitized period.

[75 FR 48277, Aug. 10, 2010]

243.204-70-5 Exceptions.

(a) The limitations in 243.204-70-2, 243.204-70-3, and 243.204-70-4 do not apply to unpriced change orders for the purchase of initial spares.

(b) The limitations in 243.204-70-4(a) do not apply to unpriced change orders for ship construction and ship repair.

(c) The head of the agency may waive the limitations in 243.204-70-2, 243.204-70-3, and 243.204-70-4 for unpriced change orders if the head of the agency determines that the waiver is necessary to support—

(1) A contingency operation; or

(2) A humanitarian or peacekeeping operation.

[75 FR 48277, Aug. 10, 2010]

243.204-70-6 Allowable profit.

When the final price of an unpriced change order is negotiated after a substantial portion of the required performance has been completed, the head of the contracting activity shall ensure the profit allowed reflects—

(a) Any reduced cost risk to the contractor for costs incurred during contract performance before negotiation of the final price;

(b) The contractor's reduced cost risk for costs incurred during performance of the remainder of the contract; and

(c) The extent to which costs have been incurred prior to definitization of the contract action (*see* 215.404-71-3(d)(2)). The risk assessment shall be documented in the contract file.

[75 FR 48277, Aug. 10, 2010]

Management Plan required by 217.7405, the actions planned and taken to ensure that unpriced change orders are definitized in accordance with this subsection; and

(b) Include in the Consolidated UCA Management Report required by 217.7405, each unpriced change order with an estimated value exceeding \$5 million.

[75 FR 48277, Aug. 10, 2010]

243.204-71 Certification of requests for equitable adjustment.

(a) A request for equitable adjustment to contract terms that exceeds the simplified acquisition threshold may not be paid unless the contract certifies the request in accordance with the clause at 252.243-7002.

(b) To determine if the dollar threshold for requiring certification is met, add together the absolute value of each cost increase and each cost decrease. *See* PGI 243.204-70(b) for an example.

(c) The certification required by 10 U.S.C. 2410(a), as implemented in the clause at 252.243-7002, is different from the certification required by the Contract Disputes Act of 1978 (41 U.S.C. 605(c)). If the contractor has certified a request for equitable adjustment in accordance with 10 U.S.C. 2410(a), and desires to convert the request to a claim under the Contract Disputes Act, the contractor shall certify the claim in accordance with FAR Subpart 33.2.

245.102 Policy.

(1) *Mapping, charting, and geodesy property*. All Government-furnished mapping, charting, and geodesy (MC&G) property is under the control of the Director, National Geospatial Intelligence Agency.

(i) MC&G property shall not be duplicated, copied, or otherwise reproduced for purposes other than those necessary for contract performance.

245.302 Contracts with foreign governments or international organizations.

(1) *General.*

(i) *Approval.* A contractor may use Government property on work for foreign governments and international organizations only when approved in writing by the contracting officer having cognizance of the property. The contracting officer may grant approval, provided—

(A) The use will not interfere with foreseeable requirements of the United States;

(B) The work is undertaken as a DoD foreign military sale; or

(C) For a direct commercial sale, the foreign country or international organization would be authorized to contract with the department concerned under the Arms Export Control Act.

(ii) *Use charges.*

(A) The Use and Charges clause is applicable on direct commercial sales to foreign governments or international organizations.

(2) *Special tooling and special test equipment.*

(i) DoD normally recovers a fair share of nonrecurring costs of special tooling and special test equipment by including these costs in its calculation of the nonrecurring cost recoupment charge when major defense equipment is sold by foreign military sales or direct commercial sales to foreign governments or international organizations. “Major defense equipment” is defined in DoD Directive 2140.2, Recoupment of Nonrecurring Costs on Sales of U.S. Items, as any item of significant military equipment on the United States Munitions List having a nonrecurring research, development, test, and evaluation cost of more than \$50 million or a total production cost of more than \$200 million.

(ii) When the cost thresholds in paragraph (2)(i) of this section are not met, the contracting officer shall assess rental charges for use of special tooling and special test equipment pursuant to the Use and Charges clause if administratively practicable.

(3) *Waivers.*

(i) Rental charges for use of U.S. production and research property on commercial sales transactions to the Government of Canada are waived for all commercial contracts. This waiver is based on an understanding wherein the Government of Canada has agreed to waive its rental charges.

(ii) Requests for waiver or reduction of charges for the use of Government property on work for foreign governments or international organizations shall be submitted to the contracting

officer, who shall refer the matter through contracting channels. In response to these requests, approvals may be granted only by the Director, Defense Security Cooperation Agency, for particular sales that are consistent with paragraph (1)(i)(C) of this section.

In unusual cases the plant clearance officer may authorize the purchaser to perform the demilitarization; however, the purchaser shall not be granted such authorization if the inventory is dangerous.

(4) *Classified inventory.* Classified contractor inventory shall be disposed of in accordance with applicable security regulations or as directed by the contracting officer.

(5) *Dangerous inventory.* Contractor inventory dangerous to public health or safety shall not be donated or otherwise disposed of unless rendered innocuous or until adequate safeguards have been provided.

245.606 Inventory schedules.

245.606-3 Acceptance.

(a) If the schedules are acceptable, the plant clearance officer shall, within 15 days, complete and send the contractor a DD Form 1637, Notice of Acceptance of Inventory.

(b) To assist in verifying inventory allocability, the plant clearance officer shall follow the instructions in 245.7201.

245.606-5 Instructions for preparing and submitting schedules of contractor inventory.

(d) *General instructions for completing forms.* (4) The contractor shall use the following codes together with the disposal codes 1 through 9, X, and S (e.g., A1, F7, SS) to indicate the condition of the property—

A—New, used, repaired, or reconditioned property; serviceable and issuable to all customers without limitations or restrictions; includes material with remaining shelf life of more than six months.

B—New, used, repaired, or reconditioned property; serviceable and issuable or for its intended purpose but restricted from issue to specific units, activities, or geographical areas because of its limited usefulness or short service-life expectancy; includes material and remaining shelf life of three to six months.

F—Economically reparable property which requires repair, overhaul or reconditioning; includes reparable items which are radioactively contaminated.

H—Property which has been determined to be unserviceable and does not meet repair criteria.

S—Property that has no value except for its basic material content.

(e) *Instructions for completing specific forms.*—(4) *Inventory Schedule D (Special Tooling and Special Test Equipment) (SF 1432).*

(ii) *Description.* For termination inventory included in a settlement proposal, include cost of inventory acquired for performance of the entire contract in column F1 and cost of inventory acquired solely for the terminated portion of the contract in column F2. Cost of inventory acquired for the entire contract must be prorated

between the terminated and nonterminated portions.

245.606-70 Instructions for completing DD Form 1342, DoD Property Record.

(a) The contractor shall list excess industrial plant equipment (IPE) on DD Form 1342, DoD Property Record, and submit it to the Government property administrator for review and transmittal to the plant clearance officer. For numerically controlled IPE, the contractor shall prepare and submit DD Form 1342, section VI, (page 2), Numerically Controlled Machine Data.

(b) Upon receipt of the DD Form 1342, the plant clearance officer will—

(1) Designate the 75th day from the date of receipt as the automatic release date (ARD) and the 90th day as the screening completion date (SCD); and

(2) Enter the ARD in Block 24 of the DD Form 1342.

245.607 Scrap.

245.607-1 General.

(a)(i) The contractor may request a pre-inventory scrap determination, made by the plant clearance officer after an on-site survey, if inventory is considered without value except for scrap. If approved, the contractor may make a single descriptive entry on an inventory schedule, generally describing the property and indicating its approximate total cost. The plant clearance officer will establish a plant clearance case and perform limited screening.

(ii) If the contractor has an approved scrap procedure, routine disposal of production scrap and spoilage is authorized, and a plant clearance case is unnecessary. The contractor may similarly dispose of worn, broken, mutilated, or otherwise rejected parts from overhaul and repair contracts with the approval of the plant clearance officer.

(iii) In addition to segregating scrap to maximize proceeds, the contractor may also consolidate sales of Government and contractor scrap if approved by the plant clearance officer. When a consolidated sale is approved, the plant clearance officer shall waive the scrap warranty required at 245.607-70.

245.607-2

(iv) When a contractor's approved scrap procedure does not require physical segregation of Government and contractor scrap, the plant clearance officer shall ensure the proceeds of scrap sale are equitably distributed.

245.607-2 Recovering precious metals.

(b) Precious metals are silver, gold, platinum, palladium, rhodium, iridium, osmium, and ruthenium.

(i) At the beginning of every fiscal year, the Defense Reutilization and Marketing Service (DRMS) will provide each contract administration office with disposition instructions for certain categories of precious metals-bearing property, including scrap and usable items containing recoverable quantities of these metals. The disposition instructions—

(A) Will remain in effect for the entire fiscal year, unless modified by DRMS; and

(B) Will contain a fund citation to be used when disposition requires shipment of precious metals-bearing property for recovery.

(ii) Plant clearance officers shall obtain disposition instructions for precious metals-bearing property not covered by the annual disposition instructions from the Defense Reutilization and Marketing Service, Attn: DRMS-OC, 74 N. Washington Avenue, Battle Creek, MI 49017-3092.

[59 FR 27674, May 27, 1994]

245.607-70 Scrap warranty.

(a) If the contractor sells its inventory as scrap to anyone, including a holding contractor, the contractor shall include in the sales contract a signed copy of DD Form 1639, Scrap Warranty.

(b) The contracting officer may release the contractor from the terms of the scrap warranty in return for consideration paid to the Government. The consideration will represent the difference between—

(1) The sale price of the scrap; and

(2) A fair and reasonable price for the material if it had been sold for purposes other than scrap.

(c) The contractor shall pay the consideration to the Government and the Government may execute the release even though the contract containing

48 CFR Ch. 2 (10-1-10 Edition)

the warranty was not made directly with the Government.

(d) If the scrap is resold to a second buyer, the first buyer shall obtain a scrap warranty from the second buyer. Upon receipt of the second buyer's scrap warranty, the Government will release the first buyer from liability under the original warranty.

245.608 Screening of contractor inventory.

245.608-1 General.

(a) The plant clearance officer shall arrange for inspection of property at the contractor's plant if requested by a prospective transferee, in such a manner as to avoid interruption of the contractor's operations.

245.608-2 Standard screening.

(b)(1) For the first 30 days, property screening will be limited to the contracting agency and the requiring agency, when they are not the same. The requiring agency shall have priority for retention of listed items.

245.608-5 Special items screening.

(a) *Special test equipment with standard components.* (1) The contractor shall report any excess special test equipment (STE) using SF 1432, Inventory Schedule D (Special Tooling and Special Test Equipment). The contractor shall list and describe on the inventory schedule all general-purpose components which, if economically severable from the STE, would otherwise be classified as industrial plant equipment (IPE), other plant equipment (OPE), or automatic data processing equipment (ADPE).

(2) The plant clearance officer will perform the initial screening of the composite STE unit.

(A) If the contracting department/agency and the requiring department/agency decline the STE or the standard components or do not approve their transfer to another contract; then,

(B) The plant clearance officer will screen the STE and any severable components with the—

(1) General Services Administration—STE unit, less any standard components, and nonreportable standard components;

(2) Defense Supply Center Richmond—IPE components;

(3) Contractor Inventory Redistribution System—OPE components; and

(4) Defense Information Systems Agency, Chief Information Officer, Defense Automation Resources Management Program Division—ADPE components.

(1) Is listed on SF 1428, Inventory Schedule B, or SF 1434, Inventory Schedule E; and

(2) Has a national stock number, and line item acquisition value in excess of \$50; or

(3) Has a line item acquisition value in excess of \$1,000 (\$500 for furniture) but no national stock number.

(b) Using Standard Form 120, Report of Excess Personal Property, the plant clearance officer will send two copies of SF 1428 or SF 1434 (or authorized substitutes) to the Defense Reutilization and Marketing Service (DRMS). DRMS will notify the plant clearance officer of items processed, not accepted, or available for local area screening.

(c) Property subject to CIRS processing will be screened within DoD for 30 days. On the 31st day, unless otherwise specified on SF Form 120, appropriate items not requisitioned by DoD will be reported to the General Services Administration (GSA) for standard Federal agency and donation screening. Examples of items which are not reportable to GSA include usable hazardous cleaners and solvents.

(d) For requisitioned items, DRMS will issue shipping instructions to the plant clearance officer. During the first 45 days of the screening period, the

plant clearance officer forwards any requisitions received to DRMS. After 45 days, the plant clearance officer forwards the requisition directly to GSA.

(e) The contractor sends one copy of the shipping document to DRMS when shipment has been made.

(f) Unless directed by the contracting officer, motor vehicles excess to Army and Navy contracts shall not be screened through CIRS.

(A) Approve department/agency requests on first come-first served basis;

(B) Approve and forward transfer orders to the contract administration office; and

(C) Forward copies of approved transfer orders to DSCR.

(3) *76th through 90th day.* GSA will—

(i) Provide for screening for donation;

(ii) Receive, approve and forward donation applications to the contract administration office; and

(iii) Send copies of approved applications to DSCR.

(4) *After 90th day.* If DoD requirement is identified, and item is available, ship item against the requirement unless

245.608-72

compelling reasons exist for not shipping item.

(c) The plant clearance officer shall ensure that a copy of the shipping document is submitted to DSCR when IPE is transferred use-to-use or use-to-storage within DoD.

(d) When GSA sells IPE that is excess to ownership but not to DoD requirements, report the sale to DSCR in accordance with department/agency procedures.

[56 FR 36448, July 31, 1991, as amended at 62 FR 34128, June 24, 1997]

245.608-72 Screening excess automatic data processing equipment (ADPE).

DARMP does all required screening, including General Services Administration screening, for ADPE. (See the Defense Automation Resources Management Manual.)

[62 FR 34128, June 24, 1997]

245.609 Donations.

Agencies may donate, with GSA approval and without expense to the United States, certain material not needed by DoD to certain organizations such as veterans' organizations, soldiers' monument associations, State museums, and incorporated educational, not for profit museums. Subpart 245.73—Sale of Surplus Contractor Inventory

245.7301 Policy.

(a) Screening must be completed before any surplus contractor inventory sale.

(b) Except as provided in 245.7307, sales of surplus contractor inventory shall be competitive.

(c) The commander of the contract administration office must approve the use of auctions, spot bids, or retail sales.

[56 FR 36448, July 31, 1991, as amended at 63 FR 31938, June 11, 1998]

245.7302 Competitive sales.

245.7302-1 Property descriptions.

(a) Describe the property as “used” or “unused.” Indicate if unused property is still in the manufacturer’s original containers. Qualifying statements such as “well-preserved” or “repairs required” are authorized. Do not use condition codes or the terms “new” or “salvage.”

(b) Property descriptions must be accurate and adequate for identification by prospective bidders. Use commercial terminology and original manufacturer and brand name, if applicable.

245.7302-2 Lotting.

(a) Consider combining property into lots when the quantities, value, or nature of the property makes it uneconomical to sell separately.

(b) When lotting is appropriate and economically practical—

(1) Size the lots to encourage bidding by small businesses or individuals;

(2) Lot unused items by make or manufacturer, except when quantities or dollar values are small;

(3) Lot commercially similar items when practicable;

(4) Lot used and unused items separately unless quantities, value, or nature of property makes it uneconomical to sell separately;

(5) Size lots large enough to ensure the selling costs are not disproportionate to the anticipated proceeds.

245.7302-3 Alternate bids.

Offerors may be solicited to bid for groups or for the entire offering by use of the following:

Item _____ (Alternate Bid)

This item consists of all property listed and described in Items _____ to _____, inclusive. Award under this item will be made only if the highest acceptable bid on this item is equal to, or greater than, the total of the highest acceptable bids on Items _____ to _____, inclusive.

245.7302-4 Basis for sale.

(a) *Unit price basis*—requires the offeror to state the bid price in terms of the quantity or weight generally applied in commercial sales of similar items.

(b) *Lot price basis*—requires the offeror to submit a bid for the entire lot.

Use the lot price basis of sale only when property cannot be sold by unit measure or the potential sales return is small.

245.7302-5 Mailing lists.

(a) The plant clearance officer will ensure the contractor solicits a sufficient number of bidders to obtain adequate competition.

(b) When large quantities of property, special commodities, or unusual geographic locations are involved, the plant clearance officer is encouraged to obtain additional listings from: Defense Reutilization and Marketing Service, Attn: DRMS-OCR, 74 North Washington Avenue, Battle Creek, MI 49017-3092.

245.7303 Formal bid procedures.

(a) The contractor will use formal invitations for bid unless the plant clearance officer approves use of informal bid procedures.

(b) The contractor shall solicit bids at least 15 calendar days before bid opening to allow adequate opportunity to inspect property and prepare bids.

(c) For large sales, the contractor may use summary lists of items offered as bid sheets with detailed descriptions attached.

(d) In addition to mailing or delivering notice of the proposed sale to prospective bidders, the contractor may, when the results are expected to justify the additional expense—

(1) Display a notice of the proposed sale in appropriate public places.

(2) Publish a sales notice in appropriate trade journals or magazines and local newspapers.

(e) When the acquisition cost of the property to be sold at one time, in one place, is \$250,000 or more, the contractor shall send a notice of the proposed sale to: U.S. Department of Commerce, Commerce Business Daily, Sales Section, P.O. Box 5999, Chicago, IL 60680.

(7) Such action is essential to the Government's interests.

(b) The contracting department/agency will provide the contract administration office the sales justification and any special sales provisions when the department/agency decides to sell production equipment to the contractor by non-competitive sale.

245.7308 Antitrust notification.

(d) Under non-competitive sales, the prospective purchaser shall be informed that final consummation of the sale is subject to determination by the Attorney General.

245.7309 Mandatory terms and conditions—formal invitations.

Sale by formal invitation shall include, as a minimum, the terms and conditions in this section.

245.7309-1

48 CFR Ch. 2 (10-1-10 Edition)

245.7309-1 Inspection.

The Bidder is invited to inspect the property prior to submitting a bid. Property will be available for inspection at the places and times specified in the Invitation. Failure to inspect property does not constitute grounds for the withdrawal of a bid after opening.

245.7309-2 Condition and location of property.

(a) Unless otherwise specifically provided in the Invitation, all property is offered for sale "as is" and "where is." If the Invitation provides that the Contractor will load, then "where is" means f.o.b. conveyance at the point specified in the Invitation.

(b) The description is based on the best available information. However, the Contractor makes no warranty, express or implied, as to quantity, kind, character, quality, weight, size, or description of the property or its fitness for any use or purpose.

(c) Except as provided in Conditions 245.7306-8, Variations in Quantity or Weight, and 245.7306-10, Risk of Loss, no request for adjustment in price or for rescission of the sale will be considered. This is not a sale by sample.

245.7309-3 Consideration of bids.

(a) Bidder agrees that this bid is firm and irrevocable within the acceptance period specified in the Invitation (or, if not specified, not less than ten or more than 60 days).

(b) The right is reserved to reject any or all bids, to waive any technical defects in bids, and, unless otherwise specified in the offering or by the Bidder, to accept any one item or group of items in the bid. Unless the invitation provides otherwise, bids—

- (1) May be on any or all items;
- (2) Must be submitted on the unit basis specified for that item;
- (3) Must cover the total number of units designated for that item; and
- (4) Unit prices govern.

245.7309-4 Payment.

(a) Purchaser agrees to pay the full purchase price for awarded property at the prices quoted in the bid. Unless an adjustment is required pursuant to Condition 245.7306-8, Variations in

Quantity or Weight, payment must be made within the time specified for removal and prior to delivery of any of the property. In the event that any adjustment is made, payment must be made immediately after such adjustment.

(b) The full purchase price, or balance if a bid deposit was required, shall be paid to the Contractor in cash or by certified check, cashier's check, traveler's check, bank draft, or postal or express money order. The Contractor is not required to extend credit to any purchaser.

(c) The Contractor reserves the right to apply any bid deposits made under this Invitation by a bidder against any amounts due under a contract awarded by the Contractor under this Invitation. If the total sum due to the contractor is less than the amount deposited with the bid, the difference shall be promptly refunded. Deposits accompanying bids which are not accepted shall be promptly returned.

245.7309-5 Title.

(a) Unless otherwise specified in the Invitation, title to property sold under this Invitation shall vest in the Purchaser when full payment is made. If the Invitation provides for loading by the Contractor, title shall not vest until payment and loading are completed.

(b) A Standard Form 97, Certificate of Release of a Motor Vehicle, (or a State certificate of title) shall be furnished for motor vehicles and motor-propelled or motor-drawn equipment requiring licensing.

245.7309-6 Delivery and removal of property.

(a) Unless otherwise specified in the Invitation, the Purchaser shall be entitled to obtain the property upon vesting of title in the Purchaser. Delivery shall be made at the designated location, and removal will be at the Purchaser's expense within the time frame specified in the Invitation or any additional time allowed by the Contractor.

(b) The Purchaser shall reimburse the Contractor for any damage to the Contractor's property caused by Purchaser's removal operations. If additional time is required to remove the

property, the Contractor, without limiting any other rights, may require the Purchaser to pay reasonable storage charges.

245.7309-7 Default.

If the successful Bidder fails to make full payment, remove property by the specified date, or comply with any other terms and conditions of sale, the Contractor reserves the right to sell or otherwise dispose of any or all such property and to charge losses and incidental expenses to the defaulting Bidder. Bid deposits received (if required in the Invitation) shall be applied against such losses and expenses.

245.7309-8 Variations in quantity or weight.

When property is sold on a "unit price" basis, the Contractor reserves the right to vary by up to 15 percent the quantity or weight listed in the Invitation and the Purchaser agrees to accept delivery of any quantity or weight within these limits. The purchase price shall be adjusted in accordance with the unit price and on the basis of the quantity or weight delivered.

245.7309-9 Weighing.

(a) When weighing is necessary to determine the exact purchase price, the Purchaser shall arrange for and pay all weighing expenses. When removal is by truck, weighing shall be subject to supervision and accomplished on—

- (1) Contractor scales;
- (2) Certified scales; or
- (3) Other scales acceptable to both parties.

(b) When removal is by rail, weighing shall be on railroad scales or by other means acceptable to the railroad for freight purposes. The Purchaser shall pay switching charges.

245.7309-10 Risk of loss.

The Contractor is responsible for reasonable care and protection of the property until the date specified for removal. All risk of loss, damage, or destruction from any cause whatsoever shall be borne by the Purchaser after passage of title.

245.7309-11 Liability.

Contractor and Government liability, when liability has been established, shall not exceed the refund of any portion of the purchase price already received by the Contractor.

245.7309-12 Oral statements.

Any oral statement by the Contractor changing or supplementing the contract or any condition thereof is unauthorized.

245.7309-13 Eligibility of bidders.

(b) A member of the United States Armed Forces, including the Coast Guard, whose duties include any functional or supervisory responsibility for disposal of contractor inventory;

(c) An agent, employee or immediate member of the household of personnel in paragraphs (a) and (b).

245.7309-14 Claims liability.

The Purchaser or Bidder agrees to save the Contractor and Government harmless from any and all claims, demands, actions, debts, liabilities, judgments, costs, and attorney's fees arising out of, claimed on account of, or in any manner predicated upon loss of or damage to property of, and injuries to or the death of any and all persons whatsoever, in any manner caused or contributed to by the Purchaser or Bidder, their agents, servants or employees, while in, upon, or about the sale site on which the property sold or offered for sale is located, or while going to or departing from such areas; and to save the Contractor and Government harmless from and on account of damages of any kind which the Contractor may suffer as the result of the acts of any of the Purchaser's agents, servants, or employees while in or about the said sites.

245.7310

48 CFR Ch. 2 (10-1-10 Edition)

245.7310 Special term and conditions.

When necessary, include the special conditions of this section in formal invitations.

245.7310-1 Demilitarization.

When demilitarization of property is required, whether on or off contractor or Government premises, the invitation must include the following clause:

(a) *Demilitarization.*

Item(s) _____ require demilitarization by the Purchaser in the manner and to the degree set forth below:

(1) For property located in the United States insert item number(s) and specific demilitarization requirements for item(s) shown in Attachment 1, Part 2 of Defense Demilitarization Manual;

(2) For property located outside the United States, insert item number(s) and specific demilitarization requirements for item(s) shown in Attachment 1, Part 3 of DoD 4160.21-M-1, Defense Demilitarization Manual.

(b) *Demilitarization on Government Premises.* Property requiring demilitarization shall not be removed, and title shall not pass to the Purchaser, until demilitarization has been completed and approved by an authorized Contractor and Government representative. Demilitarization will be accomplished as specified in the contract. Component parts vital to the military or lethal purpose of the property shall be rendered unusable. The Purchaser agrees to assume all cost incident to the demilitarization and to restore the working area to its present condition after removing the demilitarized property.

(c) *Demilitarization on Non-Government Premises.* Property requiring demilitarization shall be demilitarized by the Purchaser under supervision of qualified Department of Defense personnel. Title shall not pass to the Purchaser until demilitarization has been completed by the Purchaser and approved by an authorized Contractor and Government representative. Demilitarization will be accomplished as specified in the contract. Component parts vital to the military or lethal purpose of the property shall be rendered unusable. The Purchaser agrees to assume all costs incident to the demilitarization.

(d) *Failure to Demilitarize.* If the Purchaser fails to demilitarize the property as specified in the contract, the Contractor may, upon giving ten days written notice from date of mailing to the Purchaser—

(1) Repossess, demilitarize, and return the property to the Purchaser. The Purchaser hereby agrees to pay to the Contractor, prior to the return of the property, all costs incurred by the Contractor in repossessing, de-

militarizing, and returning the property to the Purchaser.

(2) Repossess, demilitarize, and resell the property, and charge the defaulting Purchaser with all excess costs incurred by the Contractor. The Contractor shall deduct these costs from the purchase price and refund the balance of the purchase price, if any, to the Purchaser. In the event the excess costs exceed the purchase price, the defaulting Purchaser hereby agrees to pay these excess costs to the Contractor.

(3) Repossess and resell the property under similar terms and conditions. In the event this option is exercised, the Contractor shall charge the defaulting Purchaser with all excess costs incurred by the Contractor. The Contractor shall deduct these excess costs from the original purchase price and refund the balance of the purchase price, if any, to the defaulting Purchaser. Should the excess costs to the Contractor exceed the purchase price, the defaulting Purchaser hereby agrees to pay these excess costs to the Contractor.

245.7310-2 Performance bond.

Performance bonds are required when work, other than loading, is to be performed by the purchaser and a bond is considered necessary to ensure performance. Generally, performance bonds shall be 100 percent of the estimated cost of the work to be performed. If a 100 percent performance bond would be disadvantageous to the Contractor or to the Government, the amount may be reduced to not less than 50 percent of the estimated cost of the work. Include the following condition when performance bonds are required:

PERFORMANCE BOND

Within ten days after notice of award, the Purchaser shall furnish a performance bond in the sum of \$_____ to cover the Purchaser's obligations. Such bond shall remain in full force and effect during the term of the contract and any extensions as may be agreed upon. The Purchaser shall not be permitted to begin performance until the bond has been received.

245.7310-3 Liability and insurance.

LIABILITY AND INSURANCE

The Purchaser shall at the Purchaser's own expense purchase and maintain during

the term of the contract insurance as follows:

(b) Bodily injury liability insurance in an amount not less than \$300,000 for any one occurrence; and

(c) Property damage liability insurance.

245.7310-4 Dangerous property.

The following warning shall be included when it cannot be certified that the property is completely harmless:

DANGEROUS PROPERTY

Purchasers are warned that the property purchased may contain items of an explosive, toxic, or inflammable nature, notwithstanding reasonable care exercised by the Contractor to render the property harmless. The Contractor and the Government assume no liability for damage to the property of the Purchaser, or for personal injuries or disabilities to the Purchaser or the Purchaser's employees, or to any other person, arising from or incident to the purchase of the property, or its use or disposition by the Purchaser. The Purchaser shall save the Contractor and the Government harmless from any and all such claims.

245.7310-5 Controlled substances.

The sale of controlled substances, e.g., narcotics, stimulants, depressants, or hallucinogenic drugs, shall be subject to the following special conditions:

(a) *Controlled Substances.* Bids will be rejected unless the Bidder submits the following certification with its bid:

The Purchaser shall hold the Contractor and the Government harmless from all such claims. The Purchaser should warn possessors or users of the property that it may be capable of emitting ionized radiation.

245.7310-7 Scrap warranty.

The following condition shall be used whenever property, other than production scrap, is offered for sale as scrap:

SCRAP WARRANTY

The Purchaser represents and warrants that the property will be used only as scrap, and will not be resold until—

(a) Scrapping has been accomplished; or

(b) The Purchaser obtains an identical warranty from any subsequent purchaser.

245.7310-8 Antitrust clearance.

When property with an acquisition cost of \$3 million or more is to be sold, include the following in the invitation:

ANTITRUST

When the property offered for sale has an acquisition cost of \$3 million or more, or consists of patents, processes, techniques, or inventions, irrespective of cost, the successful Bidder shall be required to furnish additional information and shall allow up to 60 days for acceptance of its bid. Award shall be made only upon advice from the Department of Justice that the proposed sale would not create or maintain a situation inconsistent with the antitrust laws.

245.7311 Optional conditions.

The following special conditions of sale may be added at the option of the contractor:

245.7311-1

245.7311-1 Sales and use tax liability.

For purchases of property subject to a state sales or use tax, a special condition of sale may stipulate that the Purchaser shall pay and the Contractor shall collect the amount of the tax, which shall be itemized separately on the billing document.

245.7311-3 Bid deposits.

245.7311-4 Other special conditions.

246.407 Nonconforming supplies or services.

(f) If nonconforming material or services are discovered after acceptance, the defect appears to be the fault of the contractor, any warranty has expired,

and there are no other contractual remedies, the contracting officer—

(i) Shall notify the contractor in writing of the nonconforming material or service;

- (1) Acceptance criteria;
- (2) Technical requirements; and
- (3) Inspection procedures needed to assure wholesomeness of foods.

(b) The contracting office may designate any Federal activity, capable of assuring wholesomeness and quality in food, to perform quality assurance for subsistence contract items. The designation may—

certificates applicable to design, manufacture, and airworthiness.

(b) FAA evaluations are not a substitute for normal DoD evaluations of the contractor's quality assurance measures. Actual records of FAA evaluations may be of use to the contract administration office (CAO) and should be used to their maximum advantage.

(c) The CAO shall ensure that the contractor possesses any required FAA certificates prior to acceptance.

246.470 Government contract quality assurance actions.

246.470-1 Assessment of additional costs.

(a) Under the clause at FAR 52.246-2, Inspection of Supplies—Fixed-Price, after considering the factors in paragraph (c) of this subsection, the quality assurance representative (QAR) may believe that the assessment of additional costs is warranted. If so, the representative shall recommend that the contracting officer take the necessary action and provide a recommendation as to the amount of additional costs. Costs are based on the applicable Federal agency, foreign military sale, or public rate in effect at the time of the delay, reinspection, or retest.

(b) If the contracting officer agrees with the QAR, the contracting officer shall—

- (1) Notify the contractor, in writing, of the determination to exercise the Government's right under the clause at FAR 52.246-2, Inspection of Supplies—Fixed-Price; and
- (2) Demand payment of the costs in accordance with the collection procedures contained in FAR Subpart 32.6.

(c) In making a determination to assess additional costs, the contracting officer shall consider—

- (1) The frequency of delays, reinspection, or retest under both current and prior contracts;
- (2) The cause of such delay, reinspection, or retest; and
- (3) The expense of recovering the additional costs.

The contract administration office shall establish a system for the collection, evaluation, and use of the types of quality evaluation data specified in PGI 246.470-2.

[71 FR 27647, May 12, 2006]

246.471 Authorizing shipment of supplies.

(a) *General.* (1) Ordinarily, a representative of the contract administration office signs or stamps the shipping papers that accompany Government source-inspected supplies to release them for shipment. This is done for both prime and subcontracts.

(2) An alternative procedure (see paragraph (b) of this section) permits the contractor to assume the responsibility for releasing the supplies for shipment.

(3) The alternative procedure may include prime contractor release of supplies inspected at a subcontractor's facility.

(4) The use of the alternative procedure releases DoD manpower to perform technical functions by eliminating routine signing or stamping of the papers accompanying each shipment.

(b) *Alternative Procedures—Contract Release for Shipment.* (1) The contract administration office may authorize, in writing, the contractor to release supplies for shipment when—

(i) The stamping or signing of the shipping papers by a representative of the contract administration office interferes with the operation of the Government contract quality assurance program or takes too much of the Government representative's time;

(ii) There is sufficient continuity of production to permit the Government to establish a systematic and continuing evaluation of the contractor's control of quality; and

(iii) The contractor has a record of satisfactory quality, including that pertaining to preparation for shipment.

(2) The contract administration office shall withdraw, in writing, the authorization when there is an indication that the conditions in paragraph (b)(1) of this subsection no longer exist.

48 CFR Ch. 2 (10-1-10 Edition)

(3) When the alternative procedure is used, require the contractor to—

(i) Type or stamp, and sign, the following statement on the required copy or copies of the shipping paper(s), or on an attachment—

The supplies in this shipment—

1. Have been subjected to and have passed all examinations and tests required by the contract;

2. Were shipped in accordance with authorized shipping instructions;

3. Conform to the quality, identity, and condition called for by the contract; and

4. Are of the quantity shown on this document.

This shipment was—

1. Released in accordance with section 246.471 of the Defense FAR Supplement; and

2. Authorized by (name and title of the authorized representative of the contract administration office) in a letter dated (date of authorizing letter). (Signature and title of contractor's designated official.)

(ii) Release and process, in accordance with established instructions, the DD Form 250, Material Inspection and Receiving Report, or other authorized receiving report.

246.472 Inspection stamping.

(a) DoD quality inspection approval marking designs (stamps) may be used for both prime contracts and subcontracts. Follow the procedures at PGI 246.472(a) for use of DoD inspection stamps.

(b) Policies and procedures regarding the use of National Aeronautics and Space Administration (NASA) quality status stamps are contained in NASA publications. When requested by NASA centers, the DoD inspector shall use NASA quality status stamps in accordance with current NASA requirements.

Subpart 246.5—Acceptance

246.504 Certificate of conformance.

Before authorizing a certificate of conformance for aviation or ship critical safety items, obtain the concurrence of the head of the design control activity (see 209.270).

Subpart 246.6—Material Inspection and Receiving Reports

246.601 General.

See Appendix F, Material Inspection and Receiving Report, for procedures and instructions for the use, preparation, and distribution of—

(1) The Material Inspection and Receiving Report (DD Form 250 series); and

(2) Supplier's commercial shipping/packing lists used to evidence Government contract quality assurance.

[71 FR 27647, May 12, 2006]

Subpart 246.7—Warranties

246.701 Definitions.

Acceptance, as defined in FAR 46.701 and as used in this subpart and in the warranty clauses at FAR 52.246-17, Warranty of Supplies of a Noncomplex Nature; FAR 52.246-18, Warranty of Supplies of a Complex Nature; FAR 52.246-19, Warranty of Systems and Equipment Under Performance Specifications or Design Criteria; and FAR 52.246-20, Warranty of Services, includes the execution of an official document (e.g., DD Form 250, Material Inspection and Receiving Report) by an authorized representative of the Government.

Defect, as used in this subpart, means any condition or characteristic in any supply or service furnished by the contractor under the contract that is not in compliance with the requirements of the contract.

246.704 Authority for use of warranties.

(1) The chief of the contracting office must approve use of a warranty, except in acquisitions for—

(i) Commercial items (see FAR 46.709);

(ii) Technical data, unless the warranty provides for extended liability (see 246.708);

(iii) Supplies and services in fixed-price type contracts containing quality assurance provisions that reference higher-level contract quality requirements (see 246.202-4); or

(iv) Supplies and services in construction contracts when using the

warranties that are contained in Federal, military, or construction guide specifications.

(2) The chief of the contracting office shall approve the use of a warranty only when the benefits are expected to outweigh the cost.

[71 FR 27647, May 12, 2006]

246.705 Limitations.

(a) In addition to the exceptions provided in FAR 46.705(a), warranties in the clause at 252.246-7001, Warranty of Data, may be used in cost-reimbursement contracts.

[71 FR 27647, May 12, 2006]

246.706 Warranty terms and conditions.

(b)(5) *Markings*. For non-commercial items, use MIL-STD-129, Marking for Shipments and Storage, and MIL-STD-130, Identification Marking of U.S. Military Property, when marking warranty items.

[71 FR 27647, May 12, 2006]

246.708 Warranties of data.

Obtain warranties on technical data when practicable and cost effective. Consider the factors in FAR 46.703 in deciding whether to obtain warranties of technical data. Consider the following in deciding whether to use extended liability provisions—

(1) The likelihood that correction or replacement of the nonconforming data, or a price adjustment, will not give adequate protection to the Government; and

(2) The effectiveness of the additional remedy as a deterrent against furnishing nonconforming data.

246.710 Contract clauses.

(1) Use a clause substantially the same as the clause at 252.246-7001, Warranty of Data, in solicitations and contracts that include the clause at 252.227-7013, Rights in Technical Data and Computer Software, when there is a need for greater protection or period of liability than provided by the inspection and warranty clauses prescribed in FAR Part 46.

(2) Use the clause at 252.246-7001, Warranty of Data, with its Alternate I when extended liability is desired and a

fixed price incentive contract is contemplated.

(3) Use the clause at 252.246–7001, Warranty of Data, with its Alternate II when extended liability is desired and a firm fixed price contract is contemplated.

(4) Use the clause at 252.246–7002, Warranty of Construction (Germany), instead of the clause at FAR 52.246–21, Warranty of Construction, in solicitations and contracts for construction when a fixed-price contract will be awarded and contract performance will be in Germany.

[75 FR 51417, Aug. 20, 2010]

247.206 Preparation of solicitations and contracts.

Consistent with FAR 15.304 and 215.304, consider using the following as evaluation factors or subfactors:

(1) Record of claims involving loss or damage; and

(2) Commitment of transportation assets to readiness support (*e.g.*, Civil Reserve Air Fleet and Voluntary Intermodal Sealift Agreement).

[75 FR 51417, Aug. 20, 2010]

247.207 Solicitation provisions, contract clauses, and special requirements.

Use the clause at 252.247-7003, Pass-Through of Motor Carrier Fuel Surcharge Adjustment to the Cost Bearer, in solicitations and contracts for carriage in which a motor carrier, broker, or freight forwarder will provide or arrange truck transportation services that provide for a fuel-related adjustment.

247.270 Stevedoring contracts.

247.270-1 Definitions.

Commodity rate is—

(1) The price quoted for handling a ton (weight or measurement) of a specified commodity; and

(2) Computed by dividing the hourly stevedoring gang cost by the estimated number of tons of the specified commodity that can be handled in 1 hour.

Gang cost is—

(1) The total hourly wages paid to the workers in the gang, in accordance with the collective bargaining agreement between the maritime industry and the unions at a specific port; and

(2) Payments for workmen's compensation, social security taxes, unemployment insurance, taxes, liability and property damage insurance, general and administrative expenses, and profit.

Stevedoring is the—

(1) Loading of cargo from an agreed point of rest on a pier or lighter and its storage aboard a vessel; or

(2) Breaking out and discharging of cargo from any space in the vessel to an agreed point of rest dockside or in a lighter.

247.270-2 Technical provisions.

(a) Because conditions vary at different ports, and sometimes within the same port, it is not practical to develop standard technical provisions covering all phases of stevedoring operations.

(b) When including rail car, truck, or intermodal equipment loading and unloading, or other dock and terminal

work under a stevedoring contract, include these requirements as separate items of work.

247.270-3 Evaluation of bids and proposals.

As a minimum, require that offers include—

(a) Tonnage or commodity rates that apply to the bulk of the cargo worked under normal conditions;

(b) Labor-hour rates that apply to services not covered by commodity rates, or to work performed under hardship conditions; and

(c) Rates for equipment rental.

(c) 252.247-7002, Revision of Prices, when using negotiation.

(d) 252.247-7004, Indefinite Quantities—Fixed Charges, when the contract is an indefinite-quantity type and will provide for the payment of fixed charges.

(e) 252.247-7005, Indefinite Quantities—No Fixed Charges, when the contract is an indefinite-quantity type and will not provide for the payment of fixed charges.

(f) 252.247-7006, Removal of Contractor's Employees, in all solicitations and contracts.

(2) Award contracts on a calendar year basis.

(3) Provide for option years.

(4) Award contracts, or exercise option years, before November 1 of each year, if possible.

(b) *Areas of performance.* Define clearly in the solicitation each area of performance.

(2) Each schedule may provide for the same or different areas of performance. Determine the areas as follows—

(i) Use political boundaries, streets, or any other features as lines of demarcation. Consider such matters as—

(A) Total volume;

(B) Size of overall area; and

(C) The need to service isolated areas of high population density.

(ii) Specifically identify frequently used terminals, and consider them as being included in each area of performance described in the solicitation.

(c) *Maximum requirements-minimum capability.* The contracting officer must—

(1) Establish realistic quantities on the Estimated Quantities Report in DoD 4500.9-R, Defense Transportation Regulation, Part IV;

(2) Ensure that the Government's minimum acceptable daily capability—

(i) Will at least equal the maximum authorized individual weight allowance as prescribed by the Joint Federal Travel Regulations; and

(ii) Will encourage maximum participation of small business concerns as offerors.

Revise solicitation provisions and schedules, as appropriate, if using negotiation rather than sealed bidding. Overseas commands, except those in Alaska and Hawaii, may modify these clauses to conform to local practices, laws, and regulations.

(a) The provision at 252.247-7008, Evaluation of Bids. When adding "additional services" items to any schedule, use the basic clause with Alternate I.

(b) The provision at 252.247-7009, Award.

(f) In addition to designating each ordering activity, as required by the clause at FAR 52.216-18, Ordering, identify by name or position title the individuals authorized to place orders for each activity. Subpart 247.5—Ocean Transportation by U.S.-Flag Vessels

247.570 Scope.

This subpart—

(a) Implements—(1) The Cargo Preference Act of 1904 (“the 1904 Act”), 10 U.S.C. 2631, which applies to the ocean transportation of cargo owned by, or destined for use by, DoD; and

(2) Section 1017 of the National Defense Authorization Act for Fiscal Year 2007 (Pub. L. 109-364), which requires consideration, in solicitations requiring a covered vessel, of the extent to which offerors have had overhaul, repair, and maintenance work performed in shipyards located in the United States or Guam;

(b) Does not specifically implement the Cargo Preference Act of 1954 (“the 1954 Act”), 46 U.S.C. 1241(b). The 1954 Act is applicable to DoD, but DFARS coverage is not required because compliance with the 1904 Act historically has resulted in DoD exceeding the 1954 Act’s requirements; and

(c) Does not apply to ocean transportation of the following products, in which case FAR subpart 47.5 applies:

(1) Products obtained for contributions to foreign assistance programs.

(2) Products owned by agencies other than DoD, unless the products are clearly identifiable for eventual use by DoD.

[65 FR 50146, Aug. 17, 2000, as amended at 72 FR 49205, Aug. 28, 2007; 73 FR 70911, Nov. 24, 2008]

247.571 Definitions.

Covered vessel, foreign shipyard, overhaul, repair, and maintenance work, and shipyard, as used in this subpart, have the meaning given in the provision at 252.247-7026, Evaluation Preference for Use of Domestic Shipyards—Applicable to Acquisition of Carriage by Vessel for DoD Cargo in the Coastwise or Non-contiguous Trade.

[73 FR 70911, Nov. 24, 2008]

247.572 Policy.

(a) DoD contractors must transport supplies, as defined in the clause at 252.247-7023, Transportation of Supplies by Sea, exclusively on U.S.-flag vessels unless—

(1) Those vessels are not available, and the procedures at 247.573-1(c)(1) or 247.573-2(d)(1) are followed;

(2) The proposed charges to the Government are higher than charges to private persons for the transportation of like goods, and the procedures at 247.573-1(c)(2) or 247.573-2(d)(2) are followed; or

(3) The Secretary of the Navy or the Secretary of the Army determines that the proposed freight charges are excessive or unreasonable in accordance with 247.573-1(c)(3) or 247.573-2(d)(3).

(b) Contracts must provide for the use of Government-owned vessels when security classifications prohibit the use of other than Government-owned vessels.

(c)(1) Any vessel used under a time charter contract for the transportation of supplies under this section shall have any reflagging or repair work, as defined in the clause at 252.247-7025, Reflagging or Repair Work, performed in the United States or its outlying areas, if the reflagging or repair work is performed—

(i) On a vessel for which the contractor submitted an offer in response to the solicitation for the contract; and

(ii) Prior to the acceptance of the vessel by the Government.

(2) The Secretary of Defense may waive this requirement if the Secretary determines that such waiver is critical to the national security of the United States.

(d) In accordance with Section 1017 of the National Defense Authorization Act for Fiscal Year 2007 (Public Law 109-364)—

(1) When obtaining carriage requiring a covered vessel, the contracting officer must consider the extent to which offerors have had overhaul, repair, and maintenance work for covered vessels performed in shipyards located in the United States or Guam; and

(2) DoD must submit an annual report to the congressional defense committees, addressing the information provided by offerors with regard to overhaul, repair, and maintenance for

covered vessels performed in the United States or Guam.

[65 FR 50146, Aug. 17, 2000, as amended at 70 FR 35545, June 21, 2005. Redesignated and amended at 72 FR 49206, Aug. 28, 2007; 73 FR 70911, Nov. 24, 2008]

247.573 Procedures.

[72 FR 49206, Aug. 28, 2007]

247.573-1 Ocean transportation incidental to a contract for supplies, services, or construction.

(a) This subsection applies when ocean transportation is not the principal purpose of the contract, and the cargo to be transported is owned by DoD or is clearly identifiable for eventual use by DoD.

(b) DD Form 1653, Transportation Data for Solicitations, shall be used—

(1) By the requesting activity in developing the Government estimate for transportation costs; and

(2) By the contracting officer in ensuring that valid shipping instructions and delivery terms are included in solicitations and contracts that may involve transportation of supplies by sea.

(c) If the contractor notifies the contracting officer that the contractor or a subcontractor considers that—

(1) No U.S.-flag vessels are available, the contracting officer must request confirmation of the nonavailability from—

(i) The Commander, Military Sealift Command (MSC), through the Contracts and Business Management Directorate, MSC; or

(ii) The Commander, Military Surface Deployment and Distribution (SDDC), through the SDDC global e-mailbox *sddc.ops.ffw@us.army.mil* and the Principal Assistant Responsible for Contracting, SDDC.

(2) The proposed freight charges to the Government, the contractor, or any subcontractor are higher than charges for transportation of like goods to private persons, the contracting officer may approve a request for an exception to the requirement to ship on U.S.-flag vessels for a particular shipment.

(i) Prior to granting an exception, the contracting officer must request advice, oral or written, from the Com-

mander, MSC, or the Commander, MTMC.

(ii) In advising the contracting officer whether to grant the exception, the Commander, MSC, or the Commander, SDDC, must consider, as appropriate, evidence from—

(A) Published tariffs;

(B) Industry publications;

(C) The Maritime Administration; and

(D) Any other available sources.

(3) The freight charges proposed by U.S.-flag carriers are excessive or otherwise unreasonable—

(i) The contracting officer must prepare a report in determination and finding format, and must—

(A) Take into consideration that the 1904 Act is, in part, a subsidy of the U.S.-flag commercial shipping industry that recognizes that lower prices may be available from foreign-flag carriers. Therefore, a lower price for use of a foreign-flag vessel is not a sufficient basis, on its own, to determine that the freight rate proposed by the U.S.-flag carrier is excessive or otherwise unreasonable. However, such a price differential may indicate a need for further review;

(B) Consider, accordingly, not only excessive profits to the carrier (to include vessel owner or operator), if ascertainable, but also excessive costs to the Government (i.e., costs beyond the economic penalty normally incurred by excluding foreign competition) resulting from the use of U.S.-flag vessels in extraordinarily inefficient circumstances; and

(C) Include an analysis of whether the cost is excessive, taking into account factors such as—

(1) The differential between the freight charges proposed by the U.S.-flag carrier and an estimate of what foreign-flag carriers would charge based upon a price analysis;

(2) A comparison of U.S.-flag rates charged on comparable routes;

(3) Efficiency of operation regardless of rate differential (e.g., suitability of the vessel for the required transportation in terms of cargo requirements or vessel capacity, and the commercial reasonableness of vessel positioning required); and

(4) Any other relevant economic and financial considerations.

(ii) The contracting officer must forward the report to—

(A) The Commander, MSC, through the Contracts and Business Management Directorate, MSC; or

(B) The Commander, through the SDDC global e-mailbox: *sddc.ops.ffw@us.army.mil* and the Principal Assistant Responsible for Contracting, SDDC.

(iii) If in agreement with the contracting officer, the Commander, MSC, or the Commander, SDDC, will forward the report to the Secretary of the Navy or the Secretary of the Army, respectively, for a determination as to whether the proposed freight charges are excessive or otherwise unreasonable.

[65 FR 50146, Aug. 17, 2000, as amended at 67 FR 38021, May 31, 2002. Redesignated at 72 FR 49206, Aug. 28, 2007. 75 FR 51418, Aug. 20, 2010]

247.573-2 Direct purchase of ocean transportation services.

(a) This subsection applies when ocean transportation is the principal purpose of the contract, including—

- (1) Time charters;
- (2) Voyage charters;
- (3) Contracts for charter vessel services;
- (4) Dedicated contractor contracts for charter vessel services;
- (5) Ocean bills of lading; and
- (6) Subcontracts under Government contracts or agreements for ocean transportation services.

(b) Coordinate these acquisitions, as appropriate, with the U.S. Transportation Command, the DoD single manager for commercial transportation and related services, other than Service-unique or theater-assigned transportation assets, in accordance with DoD 5158.4, United States Transportation Command.

(c) All solicitations within the scope of this subsection must provide—(1) A preference for U.S.-flag vessels in accordance with the 1904 Act;

(2) An evaluation criterion for offeror participation in the Voluntary Intermodal Sealift Agreement; and

(3) An evaluation criterion considering the extent to which offerors have had overhaul, repair, and maintenance

work for all covered vessels in an offeror's fleet performed in shipyards located in the United States or Guam. Work performed in foreign shipyards shall not be evaluated under this criterion if—

(i) Such work was performed as emergency repairs in foreign shipyards due to accident, emergency, Act of God, or an infirmity to the vessel, and safety considerations warranted taking the vessel to a foreign shipyard; or

(ii) Such work was paid for or reimbursed by the U.S. Government.

(d) Do not award a contract of the type described in paragraph (a) of this subsection for a foreign-flag vessel unless—

(1) The Commander, MSC, or the Commander, SDDC, determines that no U.S.-flag vessels are available.

(i) The Commander, MSC, and the Commander, SDDC, are authorized to make any determinations as to the availability of U.S.-flag vessels to ensure the proper use of Government and private U.S. vessels.

(ii) The contracting officer must request such determinations—

(A) For voyage and time charters, through the Contracts and Business Management Directorate, MSC; and

(B) For ocean and intermodal transportation of DoD and DoD-sponsored cargoes, as applicable under contracts awarded by SDDC, including contracts for shipment of military household goods, through the Chiefs of the SDDC Ocean Cargo Clearance Authority.

(iii) In the absence of regularly scheduled U.S.-flag service to fulfill stated DoD requirements under SDDC solicitations or rate requests, the Commander, SDDC, may grant, on a case-by-case basis, an on-going nonavailability determination for foreign-flag service approval with pre-determined review date(s);

(2) The contracting officer determines that the U.S.-flag carrier has proposed to the Government freight charges that are higher than charges to private persons for transportation of like goods, and obtains the approval of the Commander, MSC, or the Commander, SDDC; or

(3) The Secretary of the Navy or the Secretary of the Army determines that the proposed freight charges for U.S.-

flag vessels are excessive or otherwise unreasonable.

(i) After considering the factors in 247.573-1(c)(3)(i)(A) and (B), if the contracting officer concludes that the freight charges proposed by U.S.-flag carriers may be excessive or otherwise unreasonable, the contracting officer must prepare a report in determination and finding format that includes, as appropriate—

(A) An analysis of the carrier's costs in accordance with FAR Subpart 15.4, or profit in accordance with 215.404-4. The costs or profit should not be so high as to make it unreasonable to apply the preference for U.S.-flag vessels;

(B) A description of efforts taken pursuant to FAR 15.405, to negotiate a reasonable price. For the purpose of FAR 15.405(d), this report is the referral to a level above the contracting officer; and

(C) An analysis of whether the costs are excessive (i.e., costs beyond the economic penalty normally incurred by excluding foreign competition), taking into consideration factors such as those listed at 247.573-1(c)(3)(i)(C).

(ii) The contracting officer must forward the report to—

(A) The commander, MSC, through the Contracts and Business Management Directorate, MSC; or

(B) The Commander, SDDC, through the Principal Assistant Responsible for Contracting, SDDC.

(iii) If an agreement with the contracting officer, the Commander, MSC, or the Commander, SDDC, will forward the report to the Secretary of the Navy or the Secretary of the Army, respectively, for a determination as to whether the proposed freight charges are excessive or otherwise unreasonable.

247.573-3 Annual reporting requirement.

(a) No later than February 15th of each year, departments and agencies shall—

(1) Prepare a report containing all information received from all offerors in

response to the provision at 252.247-7026 during the previous calendar year; and

(2) Submit the report to: Directorate of Acquisition, U.S. Transportation Command, ATTN: TCAQ, 508 Scott Drive, Scott AFB, IL 62225-5357.

(b) The Director of Acquisition, U.S. Transportation Command, will submit a consolidated annual report to the congressional defense committees, by June 1st of each year, in accordance with Section 1017 of Public Law 109-364.

247.574 Solicitation provisions and contract clauses.

(a) Use the provision at 252.247-7022, Representation of Extent of Transportation by Sea, in all solicitations except—

(1) Those for direct purchase of ocean transportation services; or

(2) Those with an anticipated value at or below the simplified acquisition threshold.

(b)(1) Use the clause at 252.247-7023, Transportation of Supplies by Sea, in all solicitations and resultant contracts, except those for direct purchase of ocean transportation services.

(2) Use the clause with its Alternate I in other than construction contracts, if any of the supplies to be transported are commercial items that are shipped in direct support of U.S. military contingency operations, exercises, or forces deployed in humanitarian or peacekeeping operations.

(3) Use the clause with its Alternate II in other than construction contracts, if any of the supplies to be transported are commercial items that are commissary or exchange cargoes transported outside of the Defense Transportation System in accordance with 10 U.S.C. 2643.

(4) Use the clause with its Alternate III in solicitations and contracts with an anticipated value at or below the simplified acquisition threshold.

(c) Use the clause at 252.247-7024, Notification of Transportation of Supplies by Sea, in all contracts for which the offeror made a negative response to the inquiry in the provision at 252.247-7022, Representation of Extent of Transportation by Sea.

(d) Use the clause at 252.247–7025, Re-flagging or Repair Work, in all time charter solicitations and contracts for the use of a vessel for the transportation of supplies, unless a waiver has been granted in accordance with 247.572(c).

(e) Use the provision at 252.247–7026, Evaluation Preference for Use of Domestic Shipyards—Applicable to Acquisition of Carriage by Vessel for DoD Cargo in the Coastwise or Noncontiguous Trade, in solicitations that require a covered vessel for carriage of cargo for DoD. See 247.573–3 for reporting of the information received from offerors in response to the provision. See 247.573–2(c)(3) for the required evaluation criterion.

Subpart 249.5—Contract Termination Clauses

249.501 General.

249.501–70 Special termination costs.

(a) The clause at 252.249–7000, Special Termination Costs, may be used in an incrementally funded contract when its use is approved by the agency head.

(b) The clause is authorized when—

(1) The contract term is 2 years or more;

(2) The contract is estimated to require—

(i) Total RDT&E financing in excess of \$25 million; or

(ii) Total production investment in excess of \$100 million; and

(3) Adequate funds are available to cover the contingent reserve liability for special termination costs.

(c) The contractor and the contracting officer must agree upon an

amount that represents their best estimate of the total special termination costs to which the contractor would be entitled in the event of termination of the contract. Insert this amount in paragraph (c) of the clause.

(d)(1) Consider substituting an alternate paragraph (c) for paragraph (c) of the basic clause when—

(i) The contract covers an unusually long performance period; or

(ii) The contractor's cost risk associated with contingent special termination costs is expected to fluctuate extensively over the period of the contract.

(2) The alternate paragraph (c) should provide for periodic negotiation and adjustment of the amount reserved for special termination costs. Occasions for periodic adjustment may include—

(i) The Government's incremental assignment of funds to the contract;

(ii) The time when certain performance milestones are accomplished by the contractor; or

(iii) Other specific time periods agreed upon by the contracting officer and the contractor.

Subpart 249.70—Special Termination Requirements

249.7000 Terminated contracts with Canadian Commercial Corporation.

(a) Terminate contracts with the Canadian Commercial Corporation in accordance with—

(1) The Letter of Agreement (LOA) between the Department of Defence Production (Canada) and the U.S. DoD, "Canadian Agreement" (for a copy of the LOA or for questions on its currency, contact the Office of the Director of Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), (703) 697-9351, DSN 227-9351);

(2) Policies in the Canadian Agreement and part 249; and

(3) The Canadian Supply Manual, Chapter 11, Section 11.146, available at <http://www.pwpsc.gc.ca/acquisitions/text/sm/sm-e.html>.

(b) Contracting officers shall ensure that the Canadian Commercial Corporation submits termination settlement proposals in the format pre-

scribed in FAR 49.602 and that they contain the amount of settlements with subcontractors. The termination contracting officer (TCO) shall prepare an appropriate settlement agreement. (See FAR 49.603.) The letter transmitting a settlement proposal must certify—

(1) That disposition of inventory has been completed; and

(2) That the Contract Claims Resolution Board of the Public Works and Government Services Canada has approved settlements with Canadian subcontractors when the Procedures Manual on Termination of Contracts requires such approval.

(c)(1) The Canadian Commercial Corporation will—

(i) Settle all Canadian subcontractor termination claims under the Canadian Agreement; and

(ii) Submit schedules listing serviceable and usable contractor inventory for screening to the TCO (see FAR 45.6).

(2) After screening, the TCO must provide guidance to the Canadian Commercial Corporation for disposition of the contractor inventory.

(3) Settlement of Canadian subcontractor claims are not subject to the approval and ratification of the TCO. However, when the proposed negotiated settlement exceeds the total contract price of the prime contract, the TCO shall obtain from the U.S. contracting officer prior to final settlement—

(i) Ratification of the proposed settlement; and

(ii) A contract modification increasing the contract price and obligating the additional funds.

(d) The Canadian Commercial Corporation should send all termination settlement proposals submitted by U.S. subcontractors and suppliers to the TCO of the cognizant contract administration office of the Defense Contract Management Agency for settlement. The TCO will inform the Canadian Commercial Corporation of the amount of the net settlement of U.S. subcontractors and suppliers so that this amount can be included in the Canadian Commercial Corporation termination proposal. The Canadian Commercial Corporation is responsible for

249.7001

execution of the settlement agreement with these subcontractors.

(e) The Canadian Commercial Corporation will continue administering contracts that the U.S. contracting officer terminates.

(f) The Canadian Commercial Corporation will settle all Canadian subcontracts in accordance with the policies, practices, and procedures of the Canadian Government.

(g) The U.S. agency administering the contract with the Canadian Commercial Corporation shall provide any services required by the Canadian Commercial Corporation, including disposal of inventory, for settlement of any subcontracts placed in the United States. Settlement of such U.S. subcontracts will be in accordance with this regulation.

249.7001 Congressional notification on significant contract terminations.

Congressional notification is required for any termination involving a reduction in employment of 100 or more contractor employees. Proposed terminations must be cleared through department/agency liaison offices before release of the termination notice, or any information on the proposed termination, to the contractor. Follow the procedures at PGI 249.7001 for congressional notification and release of information.

[71 FR 27645, May 12, 2006]

249.7002 [Reserved]

249.7003 Notification of anticipated contract terminations or reductions.

(a) Section 1372 of the National Defense Authorization Act for Fiscal Year 1994 (Pub. L. 103-160) and Section 824 of the National Defense Authorization Act for Fiscal Year 1997 (Pub. L. 104-201) are intended to help establish benefit eligibility under the Job Training Partnership Act (29 U.S.C. 1661 and 1662) for employees of DoD contractors and subcontractors adversely affected by termination or substantial reductions in major defense programs.

48 CFR Ch. 2 (10-1-10 Edition)

(b) Departments and agencies are responsible for establishing procedures to:

(1) Identify which contracts (if any) under major defense programs will be terminated or substantially reduced as a result of the funding levels provided in an appropriations act.

(2) Within 60 days of the enactment of such an act, provide notice of the anticipated termination of or substantial reduction in the funding of affected contracts—

(i) Directly to the Secretary of Labor; and

(ii) Through the contracting officer to each prime contractor.

(c) Use the clause at 252.249-7002, Notification of Anticipated Contract Termination or Reduction, in all contracts under a major defense program.

252.211-7006 Radio Frequency Identification.

As prescribed in 211.275-3, use the following clause:

RADIO FREQUENCY IDENTIFICATION (FEB 2007)

(a) *Definitions.* As used in this clause—

Advance shipment notice means an electronic notification used to list the contents of a shipment of goods as well as additional information relating to the shipment, such as order information, product description, physical characteristics, type of packaging, marking, carrier information, and configuration of goods within the transportation equipment.

Bulk commodities means the following commodities, when shipped in rail tank cars, tanker trucks, trailers, other bulk wheeled conveyances, or pipelines:

(1) Sand.

(2) Gravel.

(3) Bulk liquids (water, chemicals, or petroleum products).

(4) Ready-mix concrete or similar construction materials.

(5) Coal or combustibles such as firewood.

(6) Agricultural products such as seeds, grains, or animal feed.

Case means either a MIL-STD-129 defined exterior container within a palletized unit load or a MIL-STD-129 defined individual shipping container.

Electronic Product Code™ (EPC) means an identification scheme for universally identifying physical objects via RFID tags and other means. The standardized EPC data consists of an EPC (or EPC identifier) that uniquely identifies an individual object, as well as an optional filter value when judged to be necessary to enable effective and efficient reading of the EPC tags. In addition to this standardized data, certain classes of EPC tags will allow user-defined data. The EPC tag data standards will define the length and position of this data, without defining its content.

*EPCglobal*TM means a joint venture between EAN International and the Uniform Code Council to establish and support the EPC network as the global standard for immediate, automatic, and accurate identification of any item in the supply chain of any company, in any industry, anywhere in the world.

Exterior container means a MIL-STD-129 defined container, bundle, or assembly that is sufficient by reason of material, design, and construction to protect unit packs and intermediate containers and their contents during shipment and storage. It can be a unit pack or a container with a combination of unit packs or intermediate containers. An exterior container may or may not be used as a shipping container.

Palletized unit load means a MIL-STD-129 defined quantity of items, packed or unpacked, arranged on a pallet in a specified manner and secured, strapped, or fastened on the pallet so that the whole palletized load is handled as a single unit. A palletized or skidded load is not considered to be a shipping container. A loaded 463L System pallet is not considered to be a palletized unit load. Refer to the Defense Transportation Regulation, DoD 4500.9-R, Part II, Chapter 203, for marking of 463L System pallets.

Passive RFID tag means a tag that reflects energy from the reader/interrogator or that receives and temporarily stores a small amount of energy from the reader/interrogator signal in order to generate the tag response.

(1) Until February 28, 2007, the acceptable tags are—

(i) EPC Class 0 passive RFID tags that meet the EPCglobal Class 0 specification; and

(ii) EPC Class 1 passive RFID tags that meet the EPCglobal Class 1 specification. This includes both the Generation 1 and Generation 2 Class 1 specifications.

(2) Beginning March 1, 2007, the only acceptable tags are EPC Class 1 passive RFID tags that meet the EPCglobal Class 1 Generation 2 specification. Class 0 and Class 1 Generation 1 tags will no longer be accepted after February 28, 2007.

Radio Frequency Identification (RFID) means an automatic identification and data capture technology comprising one or more reader/interrogators and one or more radio frequency transponders in which data transfer is achieved by means of suitably modulated inductive or radiating electromagnetic carriers.

Shipping container means a MIL-STD-129 defined exterior container that meets carrier regulations and is of sufficient strength, by reason of material, design, and construction, to be shipped safely without further packing (*e.g.*, wooden boxes or crates, fiber and metal drums, and corrugated and solid fiberboard boxes).

(b)(1) Except as provided in paragraph (b)(2) of this clause, the Contractor shall affix passive RFID tags, at the case and palletized unit load packaging levels, for shipments of items that—

252.211-7007 Reporting of Government-Furnished Equipment in the DoD Item Unique Identification (IUID) Registry.

As prescribed in 211.274-6(b), use the following clause:

REPORTING OF GOVERNMENT-FURNISHED EQUIPMENT IN THE DoD ITEM UNIQUE IDENTIFICATION (IUID) REGISTRY (NOV 2008)

(a) *Definitions.* As used in this clause—

2D data matrix symbol means the 2-dimensional Data Matrix ECC 200 as specified by International Standards Organization/International Electrotechnical Commission (ISO/IEC) Standard 16022: Information Technology—International Symbology Specification—Data Matrix.

Acquisition cost, for Government-furnished equipment, means the amount identified in the contract, or in the absence of such identification, the item's fair market value.

Concatenated unique item identifier means—

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; e.g., the enterprise identifier along with the contractor's property internal identification, i.e., tag number is recognized as the serial number; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

Equipment means a tangible item that is functionally complete for its intended purpose, durable, nonexpendable, and needed for the performance of a contract. Equipment is not intended for sale, and does not ordinarily lose its identity or become a component part of another article when put into use.

Government-furnished equipment means an item of special tooling, special test equipment, or equipment, in the possession of, or directly acquired by, the Government and subsequently furnished to the Contractor (including subcontractors and alternate locations) for the performance of a contract.

Item means equipment, special tooling, or special test equipment, to include such equipment, special tooling, or special test equipment that is designated as serially managed, mission essential, sensitive, or controlled inventory (if previously identified as such in accordance with the terms and conditions of the contract).

Item unique identification (IUID) means a system of assigning, reporting, and marking DoD property with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items.

IUID Registry means the DoD data repository that receives input from both industry and Government sources and provides storage of, and access to, data that identifies and describes tangible Government personal property.

Material means property that may be consumed or expended during the performance of a contract, component parts of a higher assembly, or items that lose their individual identity through incorporation into an end item. Material does not include equipment, special tooling, or special test equipment.

Reparable means an item, typically in un-serviceable condition, furnished to the Contractor for maintenance, repair, modification, or overhaul.

Sensitive item means an item potentially dangerous to public safety or security if stolen, lost, or misplaced, or that shall be subject to exceptional physical security, protection, control, and accountability. Examples include weapons, ammunition, explosives, controlled substances, radioactive materials, hazardous materials or wastes, or precious metals.

Serially managed item means an item designated by DoD to be uniquely tracked, controlled, or managed in maintenance, repair, and/or supply systems by means of its serial number.

Special test equipment means either single or multipurpose integrated test units engineered, designed, fabricated, or modified to accomplish special purpose testing in performing a contract. It consists of items or assemblies of equipment including foundations and similar improvements necessary for installing special test equipment, and standard or general purpose items or components that are interconnected and interdependent so as to become a new functional entity for special testing purposes. Special test equipment does not include material, special tooling, real property, or equipment items used for general testing purposes, or property that with relatively minor expense can be made suitable for general purpose use.

Special tooling means jigs, dies, fixtures, molds, patterns, taps, gauges, and all components of these items, including foundations and similar improvements necessary for installing special tooling, and which are of

such a specialized nature that without substantial modification or alteration their use is limited to the development or production of particular supplies or parts thereof or to the performance of particular services. Special tooling does not include material, special test equipment, real property, equipment, machine tools, or similar capital items.

Unique item identifier (UII) means a set of data elements permanently marked on an item that is globally unique and unambiguous and never changes, in order to provide traceability of the item throughout its total life cycle. The term includes a concatenated UII or a DoD recognized unique identification equivalent.

Virtual UII means the UII data elements assigned to an item that is not marked with a DoD compliant 2D data matrix symbol, e.g., enterprise identifier, part number, and serial number; or the enterprise identifier along with the Contractor's property internal identification, i.e., tag number.

(b) *Requirement for item unique identification of Government-furnished equipment.* Except as provided in paragraph (c) of this clause—

(1) Contractor accountability and management of Government-furnished equipment shall be performed at the item level; and

(2) Unless provided by the Government, the Contractor shall establish a virtual UII or a DoD recognized unique identification for items that are—

(i) Valued at \$5,000 or more in unit acquisition cost; or

(ii) Valued at less than \$5,000 in unit acquisition cost and are serially managed, mission essential, sensitive, or controlled inventory, as identified in accordance with the terms and conditions of the contract.

(c) *Exceptions.* Paragraph (b) of this clause does not apply to—

(1) Government-furnished material;

(2) Reparables;

(3) Contractor-acquired property;

(4) Property under any statutory leasing authority;

(5) Property to which the Government has acquired a lien or title solely because of partial, advance, progress, or performance-based payments;

(6) Intellectual property or software; or

(7) Real property.

(d) *Procedures for establishing UIIs.* To permit reporting of virtual UIIs to the DoD IUID Registry, the Contractor's property management system shall enable the following data elements in addition to those required by paragraph (f)(1)(iii) of the Government Property clause of this contract (FAR 52.245-1):

(1) Parent UII.

(2) Concatenated UII.

(3) Received/Sent (shipped) date.

- (v) Marker code (designates which code is used in the marker identifier, e.g., D=CAGE, UN=DUNS, LD=DODAAC).
- (vi) Marker identifier, e.g., Contractor’s CAGE code or DUNS number.
- (vii) Medium code; how the data is recorded, e.g., barcode, contact memory button.
- (viii) Value, e.g., actual text or data string that is recorded in its human readable form.
- (ix) Set (used to group marks when multiple sets exist); for the purpose of this clause, this defaults to “one (1)”.
 (e) *Procedures for updating the DoD IUID Registry.* The Contractor shall update the DoD IUID Registry at <https://www.bpn.gov/iuid> for changes in status, mark, custody, or disposition of items—
 - (1) Delivered or shipped from the Contractor’s plant, under Government instructions, except when shipment is to a subcontractor or other location of the Contractor;
 - (2) Consumed or expended, reasonably and properly, or otherwise accounted for, in the performance of the contract as determined by the Government property administrator, including reasonable inventory adjustments;

252.216-7000 Economic price adjustment—basic steel, aluminum, brass, bronze, or copper mill products.

As prescribed in 216.203-4-70(a), use the following clause:

ECONOMIC PRICE ADJUSTMENT—BASIC STEEL,
ALUMINUM, BRASS, BRONZE, OR COPPER
MILL PRODUCTS (JUL 1997)

(a) *Definitions.* As used in this clause—

Established price means a price which is an established catalog or market price for a commercial item sold in substantial quantities to the general public.

Unit price excludes any part of the price which reflects requirements for preservation, packaging, and packing beyond standard commercial practice.

(b) The Contractor warrants that the unit price stated for (*Identify the item*) is not in excess of the Contractor's established price in effect on the date set for opening of bids (or the contract date if this is a negotiated contract) for like quantities of the same

item. This price is the net price after applying any applicable standard trade discounts offered by the Contractor from its catalog, list, or schedule price.

(c) The Contractor shall promptly notify the Contracting Officer of the amount and effective date of each decrease in any established price.

(1) Each corresponding contract unit price shall be decreased by the same percentage that the established price is decreased.

(2) This decrease shall apply to items delivered on or after the effective date of the decrease in the Contractor's established price.

(3) This contract shall be modified accordingly.

(d) If the Contractor's established price is increased after the date set for opening of bids (or the contract date if this is a negotiated contract), upon the Contractor's written request to the Contracting Officer, the corresponding contract unit price shall be increased by the same percentage that the established price is increased, and this contract shall be modified accordingly, provided—

(1) The aggregate of the increases in any contract unit price under this contract shall not exceed 10 percent of the original contract unit price;

(2) The increased contract unit price shall be effective on the effective date of the increase in the applicable established price if the Contractor's written request is received by the Contracting Officer within ten days of the change. If it is not, the effective date of the increased unit price shall be the date of receipt of the request by the Contracting Officer; and

(3) The increased contract unit price shall not apply to quantities scheduled for delivery before the effective date of the increased contract unit price unless the Contractor's failure to deliver before that date results from causes beyond the control and without the fault or negligence of the Contractor, within the meaning of the Default clause of this contract.

(4) The Contracting Officer shall not execute a modification incorporating an increase in a contract unit price under this clause until the increase is verified.

(e) Within 30 days after receipt of the Contractor's written request, the Contracting Officer may cancel, without liability to either party, any portion of the contract affected by the requested increase and not delivered at the time of such cancellation, except as follows—

(1) The Contractor may, after that time, deliver any items that were completed or in the process of manufacture at the time of receipt of the cancellation notice, provided the Contractor notifies the Contracting Officer of such items within 10 days after the Contractor receives the cancellation notice.

(2) The Government shall pay for those items at the contract unit price increased to the extent provided by paragraph (d) of this clause.

(3) Any standard steel supply item shall be deemed to be in the process of manufacture when the steel for that item is in the state of processing after the beginning of the furnace melt.

(f) Pending any cancellation of this contract under paragraph (e) of this clause, or if there is no cancellation, the Contractor shall continue deliveries according to the delivery schedule of the contract. The Contractor shall be paid for those deliveries at the contract unit price increased to the extent provided by paragraph (d) of this clause.

[56 FR 36479, July 31, 1991, as amended at 62 FR 2614, Jan. 17, 1997; 62 FR 40473, July 29, 1997]

252.216-7001 Economic price adjustment—nonstandard steel items.

As prescribed in 216.203-4-70(b), use the following clause:

ECONOMIC PRICE ADJUSTMENT—NONSTANDARD STEEL ITEMS (JUL 1997)

(a) *Definitions.* As used in this clause—

Base labor index means the average of the labor indices for the three months which consist of the month of bid opening (or offer submission) and the months immediately preceding and following that month.

Base steel index means the Contractor's established price (see note 6) including all applicable extras of \$ _____ per _____ (see note 1) for _____ (see note 2) on the date set for bid opening (or the date of submission of the offer).

Current labor index means the average of the labor indices for the month in which delivery of supplies is required to be made and the month preceding.

Current steel index means the Contractor's established price (see note 6) for that item, including all applicable extras in effect _____ days (see note 3) prior to the first day of the month in which delivery is required.

Established price is—

(1) A price which is an established catalog or market price of a commercial item sold in substantial quantities to the general public; and

(2) The net price after applying any applicable standard trade discounts offered by the Contractor from its catalog, list, or schedule price. (But see Note 6.)

Labor index means the average straight time hourly earnings of the Contractor's employees in the _____ shop of the Contractor's _____ plant (see note 4) for any particular month.

Month means calendar month. However, if the Contractor's accounting period does not coincide with the calendar month, then that accounting period shall be used in lieu of *month*.

(b) Each contract unit price shall be subject to revision, under the terms of this clause, to reflect changes in the cost of labor and steel. For purpose of this price revision, the proportion of the contract unit price attributable to costs of labor not otherwise included in the price of the steel item identified under the *base steel index* definition in paragraph (a) shall be _____ percent, and the proportion of the contract unit price attributable to the cost of steel shall be _____ percent. (See note 5.)

(c)(1) Unless otherwise specified in this contract, the labor index shall be computed by dividing the total straight time earnings of the Contractor's employees in the shop identified in paragraph (a) for any given month by the total number of straight time hours worked by those employees in that month.

(2) Any revision in a contract unit price to reflect changes in the cost of labor shall be computed solely by reference to the "*base labor index*" and the "*current labor index*."

(d) Any revision in a contract unit price to reflect changes in the cost of steel shall be computed solely by reference to the "*base steel index*" and the "*current steel index*."

(e)(1) Each contract unit price shall be revised for each month in which delivery of supplies is required to be made.

(2) The revised contract unit price shall apply to the deliveries of those quantities required to be made in that month regardless of when actual delivery is made.

(3) Each revised contract unit price shall be computed by adding—

(i) The adjusted cost of labor (obtained by multiplying _____ percent of the contract unit price by a fraction, of which the numerator shall be the current labor index and the denominator shall be the base labor index);

(ii) The adjusted cost of steel (obtained by multiplying _____ percent of the contract unit price by a fraction, of which the numerator shall be the current steel index and the denominator shall be the base steel index); and

(iii) The amount equal to _____ percent of the original contract unit price (representing that portion of the unit price which relates neither to the cost of labor nor the cost of steel, and which is therefore not subject to revision (see note 5)).

(4) The aggregate of the increases in any contract unit price under this contract shall not exceed ten percent of the original contract unit price.

(5) Computations shall be made to the nearest one-hundredth of one cent.

(f)(1) Pending any revisions of the contract unit prices, the Contractor shall be paid the contract unit price for deliveries made.

(2) Within 30 days after final delivery (or such other period as may be authorized by the Contracting Officer), the Contractor shall furnish a statement identifying the correctness of—

(i) The average straight time hourly earnings of the Contractor's employees in the shop identified in paragraph (a) that are relevant to the computations of the *base labor index* and the *current labor index*; and

(ii) The Contractor's established prices (see note 6), including all applicable extras for like quantities of the item that are relevant to the computation of the *base steel index* and the *current steel index*.

(3) Upon request of the Contracting Officer, the Contractor shall make available all records used in the computation of the labor indices.

(4) Upon receipt of the statement, the Contracting Officer will compute the revised contract unit prices and modify the contract accordingly. No modification to this contract will be made pursuant to this clause until the Contracting Officer has verified the revised established price (see note 6).

(g)(1) In the event any item of this contract is subject to a total or partial termination for convenience, the month in which the Contractor receives notice of the termination, if prior to the month in which delivery is required, shall be considered the month in which delivery of the terminated item is required for the purposes of determining the current labor and steel indices under paragraphs (c) and (d).

(2) For any item which is not terminated for convenience, the month in which delivery is required under the contract shall continue to apply for determining those indices with respect to the quantity of the non-terminated item.

(3) If this contract is terminated for default, any price revision shall be limited to the quantity of the item which has been delivered by the Contractor and accepted by the Government prior to receipt by the Contractor of the notice of termination.

(h) If the Contractor's failure to make delivery of any required quantity arises out of causes beyond the control and without the fault or negligence of the Contractor, within the meaning of the clause of this contract entitled "*Default*," the quantity not delivered shall be delivered as promptly as possible after the cessation of the cause of the failure, and the delivery schedule set forth in this contract shall be amended accordingly.

Notes:

1 Offeror insert the unit price and unit measure of the standard steel mill item to be used in the manufacture of the contract item.

2 Offeror identify the standard steel mill item to be used in the manufacture of the contract item.

3 Offeror insert best estimate of the number of days required for processing the standard steel mill item in the shop identified under the *labor index* definition.

4 Offeror identify the shop and plant in which the standard steel mill item identified under the *base steel index* definition will be finally fabricated or processed into the contract item.

5 Offeror insert the same percentage figures for the corresponding blanks in paragraphs (b), (e)(3)(i), and (e)(3)(ii). In paragraph (e)(3)(iii), insert the percentage representing the difference between the sum of the percentages inserted in paragraph (b) and 100 percent.

6 In negotiated acquisitions of nonstandard steel items, when there is no *established price* or when it is not desirable to use this price, this paragraph may refer to another appropriate price basis, e.g., an established interplant price.

(b) If wage rates or material prices are revised by the government named in paragraph (a) of this clause, the Contracting Officer shall make an equitable adjustment in the contract price and shall modify the contract to the extent that the Contractor's actual costs of performing this contract are increased or decreased, as a direct result of the revision, subject to the following:

(1) For increases in established wage rates or material prices, the increase in contract unit price(s) shall be effective on the same date that the government named in paragraph (a) of this clause increased the applicable wage rate(s) or material price(s), but only if the Contracting Officer receives the Contractor's written request for contract adjustment within 10 days of the change. If the Contractor's request is received later, the effective date shall be the date that the Contracting Officer received the Contractor's request.

(2) For decreases in established wage rates or material prices, the decrease in contract unit price(s) shall be effective on the same date that the government named in paragraph (a) of this clause decreased the applicable wage rate(s) or material price(s). The decrease in contract unit price(s) shall apply to all items delivered on and after the effective date of the government's rate or price decrease.

(c) No modification changing the contract unit price(s) shall be executed until the Contracting Officer has verified the applicable change in the rates or prices set by the government named in paragraph (a) of this clause. As prescribed in 217.7104(a), use the following clause:

INSPECTION AND MANNER OF DOING WORK (JUL 2009)

(a) The Contractor shall perform work in accordance with the job order, any drawings and specifications made a part of the job order, and any change or modification issued under the Changes clause of the Master Agreement.

(b)(1) Except as provided in paragraph (b)(2) of this clause, and unless otherwise specifically provided in the job order, all operational practices of the Contractor and all workmanship, material, equipment, and articles used in the performance of work under the Master Agreement shall be in accordance with the best commercial marine practices and the rules and requirements of the American Bureau of Shipping, the U.S. Coast Guard, and the Institute of Electrical and Electronic Engineers, in effect at the time of Contractor's submission of bid (or acceptance of the job order, if negotiated).

(2) When Navy specifications are specified in the job order, the Contractor shall follow Navy standards of material and workmanship. The solicitation shall prescribe the Navy standard whenever applicable.

(c) The Government may inspect and test all material and workmanship at any time during the Contractor's performance of the work.

(1) If, prior to delivery, the Government finds any material or workmanship is defective or not in accordance with the job order, in addition to its rights under the Guarantees clause of the Master Agreement, the Government may reject the defective or nonconforming material or workmanship and require the Contractor to correct or replace it at the Contractor's expense.

(2) If the Contractor fails to proceed promptly with the replacement or correction of the material or workmanship, the Government may replace or correct the defective or nonconforming material or workmanship and charge the Contractor the excess costs incurred.

(3) As specified in the job order, the Contractor shall provide and maintain an inspection system acceptable to the Government.

(4) The Contractor shall maintain complete records of all inspection work and shall make them available to the Government during performance of the job order and for 90 days after the completion of all work required.

(d) The Contractor shall not permit any welder to work on a vessel unless the welder is, at the time of the work, qualified to the standards established by the U.S. Coast Guard, American Bureau of Shipping, or Department of the Navy for the type of welding being performed. Qualifications of a welder shall be as specified in the job order.

(e) The Contractor shall—

48 CFR Ch. 2 (10-1-10 Edition)

(1) Exercise reasonable care to protect the vessel from fire;

(2) Maintain a reasonable system of inspection over activities taking place in the vicinity of the vessel's magazines, fuel oil tanks, or storerooms containing flammable materials;

(3) Maintain a reasonable number of hose lines ready for immediate use on the vessel at all times while the vessel is berthed alongside the Contractor's pier or in dry dock or on a marine railway;

(4) Unless otherwise provided in a job order, provide sufficient security patrols to reasonably maintain a fire watch for protection of the vessel when it is in the Contractor's custody;

(5) To the extent necessary, clean, wash, and steam out or otherwise make safe, all tanks under alteration or repair;

(6) Furnish the Contracting Officer or designated representative with a copy of the "gas-free" or "safe-for-hotwork" certificate, provided by a Marine Chemist or Coast Guard authorized person in accordance with Occupational Safety and Health Administration regulations (29 CFR 1915.14) before any hot work is done on a tank;

(7) Treat the contents of any tank as Government property in accordance with the Government Property clause; and

(8) Dispose of the contents of any tank only at the direction, or with the concurrence, of the Contracting Officer.

(f) Except as otherwise provided in the job order, when the vessel is in the custody of the Contractor or in dry dock or on a marine railway and the temperature is expected to go as low as 35 °F, the Contractor shall take all necessary steps to—

(1) Keep all hose pipe lines, fixtures, traps, tanks, and other receptacles on the vessel from freezing; and

(2) Protect the stern tube and propeller hubs from frost damage.

(g) The Contractor shall, whenever practicable—

(1) Perform the required work in a manner that will not interfere with the berthing and messing of Government personnel attached to the vessel; and

(2) Provide Government personnel attached to the vessel access to the vessel at all times.

(h) Government personnel attached to the vessel shall not interfere with the Contractor's work or workers.

(i)(1) The Government does not guarantee the correctness of the dimensions, sizes, and shapes set forth in any job order, sketches, drawings, plans, or specifications prepared or furnished by the Government, unless the job order requires that the Contractor perform the work prior to any opportunity to inspect.

(2) Except as stated in paragraph (i)(1) of this clause, and other than those parts furnished by the Government, the Contractor

shall be responsible for the correctness of the dimensions, sizes, and shapes of parts furnished under this agreement.

(j) The Contractor shall at all times keep the site of the work on the vessel free from accumulation of waste material or rubbish caused by its employees or the work. At the completion of the work, unless the job order specifies otherwise, the Contractor shall remove all rubbish from the site of the work and leave the immediate vicinity of the work area "broom clean."

[56 FR 36479, July 31, 1991, as amended at 62 FR 2614, Jan. 17, 1997; 74 FR 37647, July 29, 2009]

252.217-7006 Title.

As prescribed in 217.7104(a), use the following clause:

TITLE (DEC 1991)

(a) Unless otherwise provided, title to all materials and equipment to be incorporated in a vessel in the performance of a job order shall vest in the Government upon delivery at the location specified for the performance of the work.

(b) Upon completion of the job order, or with the approval of the Contracting Officer during performance of the job order, all Contractor-furnished materials and equipment not incorporated in, or placed on, any vessel, shall become the property of the Contractor, unless the Government has reimbursed the Contractor for the cost of the materials and equipment.

(c) The vessel, its equipment, movable stores, cargo, or other ship's materials shall not be considered Government-furnished property.

(End of clause)

252.217-7007 Payments.

As prescribed in 217.7104(a), use the following clause:

PAYMENTS (DEC 1991)

(a) *Progress payments*, as used in this clause, means payments made before completion of work in progress under a job order.

(b) Upon submission by the Contractor of invoices in the form and number of copies directed by the Contracting Officer, and as approved by the Contracting Officer, the Government will make progress payments as work progresses under the job order.

(1) Generally, the Contractor may submit invoices on a semi-monthly basis, unless expenditures justify a more frequent submission.

(2) The Government need not make progress payments for invoices aggregating less than \$5,000.

(3) The Contracting Officer shall approve progress payments based on the value, computed on the price of the job order, of labor and materials incorporated in the work, materials suitably stored at the site of the work, and preparatory work completed, less the aggregate of any previous payments.

(4) Upon request, the Contractor will furnish the Contracting Officer any reports concerning expenditures on the work to date that the Contracting Officer may require.

(c) The Government will retain until final completion and acceptance of all work covered by the job order, an amount estimated or approved by the Contracting Officer under paragraph (b) of this clause. The amount retained will be in accordance with the rate authorized by Congress for Naval vessel repair contracts at the time of job order award.

(d) The Contracting Officer may direct that progress payments be based on the price of the job order as adjusted as a result of change orders under the Changes clause of the Master Agreement. If the Contracting Officer does not so direct—

(1) Payments of any increases shall be made from time to time after the amount of the increase is determined under the Changes clause of the Master Agreement; and

(2) Reductions resulting from decreases shall be made for the purposes of subsequent progress payments as soon as the amounts are determined under the Changes clause of the Master Agreement.

(e) Upon completion of the work under a job order and final inspection and acceptance, and upon submission of invoices in such form and with such copies as the Contracting Officer may prescribe, the Contractor shall be paid for the price of the job order, as adjusted pursuant to the Changes clause of the Master Agreement, less any performance reserves deemed necessary by the Contracting Officer, and less the amount of any previous payments.

(f) All materials, equipment, or any other property or work in process covered by the progress payments made by the Government, upon the making of those progress payments, shall become the sole property of the Government, and are subject to the provisions of the Title clause of the Master Agreement.

(End of clause)

252.217-7008 Bonds.

As prescribed in 217.7104(a), use the following clause:

BONDS (DEC 1991)

(a) If the solicitation requires an offeror to submit a bid bond, the Offeror may furnish, instead, an annual bid bond (or evidence thereof) or an annual performance and payment bond (or evidence thereof).

(b) If the solicitation does not require a bid bond, the Offeror shall not include in the price any contingency to cover the premium of such a bond.

(c) Even if the solicitation does not require bonds, the Contracting Officer may nevertheless require a performance and payment bond, in form, amount, and with a surety acceptable to the Contracting Officer. Where performance and payment bond is required, the offer price shall be increased upon the award of the job order in an amount not to exceed the premium of a corporate surety bond.

(d) If any surety upon any bond furnished in connection with a job order under this agreement fails to submit requested reports as to its financial condition or otherwise becomes unacceptable to the Government, the Contracting Officer may require the Contractor to furnish whatever additional security the Contracting Officer determines necessary to protect the interests of the Government and of persons supplying labor or materials in the performance of the work contemplated under the Master Agreement.

(End of clause)

252.217-7009 Default.

As prescribed in 217.7104(a), use the following clause:

DEFAULT (DEC 1991)

(a) The Government may, subject to the provisions of paragraph (b) of this clause, by written notice of default to the Contractor, terminate the whole or any part of a job order if the Contractor fails to—

(1) Make delivery of the supplies or to perform the services within the time specified in a job order or any extension;

(2) Make progress, so as to endanger performance of the job order; or

(3) Perform any of the other provisions of this agreement or a job order.

(b) Except for defaults of subcontractors, the Contractor shall not be liable for any excess costs if failure to perform the job order arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include acts of God or of the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather.

(c) If the Contractor's failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to perform the job order within the time specified.

(d) If the Government terminates the job order in whole or in part as provided in paragraph (a) of this clause—

(1) The Government may, upon such terms and in such manner as the Contracting Officer may deem appropriate, arrange for the completion of the work so terminated, at such plant or plants, including that of the Contractor, as may be designated by the Contracting Officer.

(i) The Contractor shall continue the performance of the job order to the extent not terminated under the provisions of this clause.

(ii) If the work is to be completed at the plant, the Government may use all tools, machinery, facilities, and equipment of the Contractor determined by the Contracting Officer to be necessary for that purpose.

(iii) If the cost to the Government of the work procured or completed (after adjusting such cost to exclude the effect of changes in the plans and specifications made subsequent to the date of termination) exceeds the price fixed for work under the job order (after adjusting such price on account of changes in the plans and specifications made before the date of termination), the Contractor, or the Contractor's surety, if any, shall be liable for such excess.

(2) The Government, in addition to any other rights provided in this clause, may require the Contractor to transfer title and delivery to the Government, in the manner and to the extent directed by the Contracting Officer, any completed supplies and such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and contract rights (hereinafter called "manufacturing materials") as the Contractor has specifically produced or specifically acquired for the performance of the terminated part of the job order.

(i) The Contractor shall, upon direction of the Contracting Officer, protect and preserve property in possession of the Contractor in which the Government has an interest.

(ii) The Government shall pay to the Contractor the job order price for completed items of work delivered to and accepted by the Government, and the amount agreed upon by the Contractor and the Contracting Officer for manufacturing materials delivered to and accepted by the Government, and for the protection and preservation of prop-

erty. Failure to agree shall be a dispute concerning a question of fact within the meaning of the Disputes clause.

(e) If, after notice of termination of the job order, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the notice of termination had been issued for the convenience of the Government.

(f) If the Contractor fails to complete the performance of a job order within the time specified, or any extension, the actual damage to the Government for the delay will be difficult or impossible to determine.

(1) In lieu of actual damage, the Contractor shall pay to the Government as fixed, agreed, and liquidated damages for each calendar day of delay the amount, if any, set forth in the job order (prorated to the nearest hour for fractional days).

(2) If the Government terminates the job order, the Contractor shall be liable, in addition to the excess costs provided in paragraph (d) of this clause, for liquidated damages accruing until such time as the Government may reasonably obtain completion of the work.

(3) The Contractor shall not be charged with liquidated damages when the delay arises out of causes beyond the control and without the fault or negligence of the Contractor. Subject to the provisions of the Disputes clause of the Master Agreement, the Contracting Officer shall ascertain the facts and the extent of the delay and shall extend the time for performance when in the judgment of the Contracting Officer, the findings of fact justify an extension.

(g) The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law under this agreement.

(End of clause)

252.217-7010 Performance.

As prescribed in 217.7104(a), use the following clause:

PERFORMANCE (JUL 2009)

(a) Upon the award of a job order, the Contractor shall promptly start the work specified and shall diligently prosecute the work to completion. The Contractor shall not start work until the job order has been awarded except in the case of emergency work ordered by the Contracting Officer under the Job Orders and Compensation clause of the Master Agreement.

(b) The Government shall deliver the vessel described in the job order at the time and location specified in the job order. Upon completion of the work, the Government shall

accept delivery of the vessel at the time and location specified in the job order.

(c) The Contractor shall, without charge and without specific requirement in a job order,—

(1) Make available at the plant to personnel of the vessel while in dry dock or on a marine railway, sanitary lavatory and similar facilities acceptable to the Contracting Officer;

(2) Supply and maintain suitable brows and gangways from the pier, dry dock, or marine railway to the vessel;

(3) Treat salvage, scrap or other ship's material of the Government resulting from performance of the work as items of Government-furnished property, in accordance with the Government Property clause;

(4) Perform, or pay the cost of, any repair, reconditioning or replacement made necessary as the result of the use by the Contractor of any of the vessel's machinery, equipment or fittings, including, but not limited to, winches, pumps, rigging, or pipe lines; and

(5) Furnish suitable offices, office equipment and telephones at or near the site of the work for the Government's use.

(d) The job order will state whether dock and sea trials are required to determine whether or not the Contractor has satisfactorily performed the work.

(1) If dock and sea trials are required, the vessel shall be under the control of the vessel's commander and crew.

(2) The Contractor shall not conduct dock and sea trials not specified in the job order without advance approval of the Contracting Officer. Dock and sea trials not specified in the job order shall be at the Contractor's expense and risk.

(3) The Contractor shall provide and install all fittings and appliances necessary for dock and sea trials. The Contractor shall be responsible for care, installation, and removal of instruments and apparatus furnished by the Government for use in the trials.

(End of clause)

252.217-7011 Access to vessel.

As prescribed at 217.7104(a), use the following clause:

ACCESS TO VESSEL (DEC 1991)

(a) Upon the request of the Contracting Officer, the Contractor shall grant admission to the Contractor's facilities and access to vessel, on a non-interference basis, as necessary to perform their respective responsibilities, to a reasonable number of:

(1) Government and other Government contractor employees (in addition to those Gov-

ernment employees attached to the vessel); and

(2) Representatives of offerors on other contemplated Government work.

(b) All personnel granted access shall comply with Contractor rules governing personnel at its shipyard.

(End of clause)

252.217-7012 Liability and insurance.

As prescribed in 217.7104(a), use the following clause:

LIABILITY AND INSURANCE (AUG 2003)

(a) The Contractor shall exercise its best efforts to prevent accidents, injury, or damage to all employees, persons, and property, in and about the work, and to the vessel or part of the vessel upon which work is done.

(b) *Loss or damage to the vessel, materials, or equipment.* (1) Unless otherwise directed or approved in writing by the Contracting Officer, the Contractor shall not carry insurance against any form of loss or damage to the vessel(s) or to the materials or equipment to which the Government has title or which have been furnished by the Government for installation by the Contractor. The Government assumes the risks of loss of and damage to that property.

(2) The Government does not assume any risk with respect to loss or damage compensated for by insurance or otherwise or resulting from risks with respect to which the Contractor has failed to maintain insurance, if available, as required or approved by the Contracting Officer.

(3) The Government does not assume risk of and will not pay for any costs of the following:

(i) Inspection, repair, replacement, or renewal of any defects in the vessel(s) or material and equipment due to—

(A) Defective workmanship performed by the Contractor or its subcontractors;

(B) Defective materials or equipment furnished by the Contractor or its subcontractors; or

(C) Workmanship, materials, or equipment which do not conform to the requirements of the contract, whether or not the defect is latent or whether or not the nonconformance is the result of negligence.

(ii) Loss, damage, liability, or expense caused by, resulting from, or incurred as a consequence of any delay or disruption, willful misconduct or lack of good faith by the Contractor or any of its representatives that have supervision or direction of—

(A) All or substantially all of the Contractor's business; or

(B) All or substantially all of the Contractor's operation at any one plant.

(4) As to any risk that is assumed by the Government, the Government shall be subrogated to any claim, demand or cause of action against third parties that exists in favor of the Contractor. If required by the Contracting Officer, the Contractor shall execute a formal assignment or transfer of the claim, demand, or cause of action.

(5) No party other than the Contractor shall have any right to proceed directly against the Government or join the Government as a co-defendant in any action.

(6) Notwithstanding the foregoing, the Contractor shall bear the first \$50,000 of loss or damage from each occurrence or incident, the risk of which the Government would have assumed under the provisions of this paragraph (b).

(c) *Indemnification.* The Contractor indemnifies the Government and the vessel and its owners against all claims, demands, or causes of action to which the Government, the vessel or its owner(s) might be subject as a result of damage or injury (including death) to the property or person of anyone other than the Government or its employees, or the vessel or its owner, arising in whole or in part from the negligence or other wrongful act of the Contractor or its agents or employees, or any subcontractor, or its agents or employees.

(1) The Contractor's obligation to indemnify under this paragraph shall not exceed the sum of \$300,000 as a consequence of any single occurrence with respect to any one vessel.

(2) The indemnity includes, without limitation, suits, actions, claims, costs, or demands of any kind, resulting from death, personal injury, or property damage occurring during the period of performance of work on the vessel or within 90 days after redelivery of the vessel. For any claim, etc., made after 90 days, the rights of the parties shall be as determined by other provisions of this agreement and by law. The indemnity does apply to death occurring after 90 days where the injury was received during the period covered by the indemnity.

(d) *Insurance.* (1) The Contractor shall, at its own expense, obtain and maintain the following insurance—

(i) Casualty, accident, and liability insurance, as approved by the Contracting Officer, insuring the performance of its obligations under paragraph (c) of this clause.

(ii) Workers Compensation Insurance (or its equivalent) covering the employees engaged on the work.

(2) The Contractor shall ensure that all subcontractors engaged on the work obtain and maintain the insurance required in paragraph (d)(1) of this clause.

(3) Upon request of the Contracting Officer, the Contractor shall provide evidence of the insurance required by paragraph (d) of this clause.

(e) The Contractor shall not make any allowance in the job order price for the inclusion of any premium expense or charge for any reserve made on account of self-insurance for coverage against any risk assumed by the Government under this clause.

(f) The Contractor shall give the Contracting Officer written notice as soon as practicable after the occurrence of a loss or damage for which the Government has assumed the risk.

(1) The notice shall contain full details of the loss or damage.

(2) If a claim or suit is later filed against the Contractor as a result of the event, the Contractor shall immediately deliver to the Government every demand, notice, summons, or other process received by the Contractor or its employees or representatives.

(3) The Contractor shall cooperate with the Government and, upon request, shall assist in effecting settlements, securing and giving evidence, obtaining the attendance of witnesses, and in the conduct of suits. The Government shall reimburse the Contractor for expenses incurred in this effort, other than the cost of maintaining the Contractor's usual organization.

(4) The Contractor shall not, except at its own expense, voluntarily make any payment, assume any obligation, or incur any expense other than what would be imperative for the protection of the vessel(s) at the time of the event.

(g) In the event of loss of or damage to any vessel(s), material, or equipment which may result in a claim against the Government under the insurance provisions of this contract, the Contractor shall promptly notify the Contracting Officer of the loss or damage. The Contracting Officer may, without prejudice to any other right of the Government, either—

(1) Order the Contractor to proceed with replacement or repair, in which event the Contractor shall effect the replacement or repair;

(i) The Contractor shall submit to the Contracting Officer a request for reimbursement of the cost of the replacement or repair together with whatever supporting documentation the Contracting Officer may reasonably require, and shall identify the request as being submitted under the Insurance clause of the agreement.

(ii) If the Government determines that the risk of the loss or damage is within the scope of the risks assumed by the Government under this clause, the Government will reimburse the Contractor for the reasonable, allowable cost of the replacement or repair, plus a reasonable profit (if the work or replacement or repair was performed by the Contractor) less the deductible amount specified in paragraph (b) of this clause.

(iii) Payments by the Government to the Contractor under this clause are outside the

scope of and shall not affect the pricing structure of the contract, and are additional to the compensation otherwise payable to the Contractor under this contract; or

(2) In the event the Contracting Officer decides that the loss or damage shall not be replaced or repaired, the Contracting Officer shall—

(i) Modify the contract appropriately, consistent with the reduced requirements reflected by the unreplaced or unrepaired loss or damage; or

(ii) Terminate the repair of any part or all of the vessel(s) under the Termination for Convenience of the Government clause of this agreement.

(End of clause)

[56 FR 36479, July 31, 1991, as amended at 68 FR 50478, Aug. 21, 2003]

252.217-7013 Guarantees.

As prescribed in 217.7104(a), use the following clause:

GUARANTEES (DEC 1991)

(a) In the event any work performed or materials furnished by the contractor under the Master Agreement prove defective or deficient within 90 days from the date of redelivery of the vessel(s), the Contractor, as directed by the Contracting Officer and at its own expense, shall correct and repair the deficiency to the satisfaction of the Contracting Officer.

(b) If the Contractor or any subcontractor has a guarantee for work performed or materials furnished that exceeds the 90 day period, the Government shall be entitled to rely upon the longer guarantee until its expiration.

(c) With respect to any individual work item identified as incomplete at the time of redelivery of the vessel(s), the guarantee period shall run from the date the item is completed.

(d) If practicable, the Government shall give the Contractor an opportunity to correct the deficiency.

(1) If the Contracting Officer determines it is not practicable or is otherwise not advisable to return the vessel(s) to the Contractor, or the Contractor fails to proceed with the repairs promptly, the Contracting Officer may direct that the repairs be performed elsewhere, at the Contractor's expense.

(2) If correction and repairs are performed by other than the Contractor, the Contracting Officer may discharge the Contractor's liability by making an equitable deduction in the price of the job order.

(e) The Contractor's liability shall extend for an additional 90 day guarantee period on

those defects or deficiencies that the Contractor corrected.

(f) At the option of the Contracting Officer, defects and deficiencies may be left uncorrected. In that event, the Contractor and Contracting Officer shall negotiate an equitable reduction in the job price. Failure to agree upon an equitable reduction shall constitute a dispute under the Disputes clause of this agreement.

(End of clause)

252.217-7014 Discharge of liens.

As prescribed in 217.7104(a), use the following clause:

DISCHARGE OF LIENS (DEC 1991)

(a) The Contractor shall immediately discharge, or cause to be discharged, any lien or right *in rem* of any kind, other than in favor of the Government, that exists or arises in connection with work done or material furnished under any job order under this agreement.

(b) If any lien or right *in rem* is not immediately discharged, the Government, at the expense of the Contractor, may discharge, or cause to be discharged, the lien or right.

(End of clause)

252.217-7015 Safety and health.

As prescribed in 217.7104(a), use the following clause:

SAFETY AND HEALTH (DEC 1991)

Nothing contained in the Master Agreement or any job order shall relieve the Contractor of any obligations it may have to comply with—

(a) The Occupational Safety and Health Act of 1970 (29 U.S.C. 651, *et seq.*);

(b) The Safety and Health Regulations for Ship Repairing (29 CFR part 1915); or

(c) Any other applicable Federal, State, and local laws, codes, ordinances, and regulations.

(End of clause)

48 CFR Ch. 2 (10-1-10 Edition)

protect the plant and work in process from espionage, sabotage, and enemy action.

(1) The Government shall reimburse the Contractor for that portion of the costs of the additional safeguards that is allocable to the contract in the same manner as if the Contracting Officer had issued a change order for the additional safeguards.

(2) The costs reimbursed shall not include any overhead allowance, unless the overhead is incident to the construction or installation of necessary security devices or equipment.

(c) Upon payment by the Government of the cost of any device or equipment required or approved under paragraph (b) of this clause, title shall vest in the Government.

(1) The Contractor shall comply with the instructions of the Contracting Officer concerning its identification and disposition.

(2) No such device or equipment shall become a fixture as a result of its being affixed to realty not owned by the Government.

(End of clause)

252.217-7017—252.217-7025 [Reserved]

252.217-7027 Contract definitization.

As prescribed in 217.7406 (b), use the following clause:

CONTRACT DEFINITIZATION (OCT 1998)

(a) A _____ (insert specific type of contract action) is contemplated. The Contractor agrees to begin promptly negotiating with the Contracting Officer the terms of a definitive contract that will include (1) all clauses required by the Federal Acquisition Regulation (FAR) on the date of execution of the underfinalized contract action, (2) all clauses required by law on the date of execution of the definitive contract action, and (3) any other mutually agreeable clauses, terms, and conditions. The Contractor agrees to submit a _____ (insert type of proposal; e.g., fixed-price or cost-and-fee) proposal and cost or pricing data supporting its proposal.

(b) The schedule for definitizing this contract is as follows (insert target date for definitization of the contract action and dates for submission of proposal, beginning of negotiations, and, if appropriate, submission of the make-or-buy and subcontracting plans and cost or pricing data).

(c) If agreement on a definitive contract action to supersede this undefinitized contract action is not reached by the target date in paragraph (b) of this clause, or within any extension of it granted by the Contracting Officer, the Contracting Officer may, with the approval of the head of the contracting activity, determine a reasonable price or fee in accordance with subpart 15.4 and part 31 of the FAR, subject to Contractor appeal as provided in the Disputes clause. In any event, the Contractor shall proceed with completion of the contract, subject only to the Limitation of Government Liability clause.

(1) After the Contracting Officer's determination of price or fee, the contract shall be governed by—

(3) The Contractor shall ensure that the subcontractor understands and agrees to the Government's right to access to the subcontractor's facilities, personnel, and safety program documentation to perform safety surveys. DRUG-FREE WORK FORCE (SEP 1988)

(a) *Definitions.* (1) *Employee in a sensitive position*, as used in this clause, means an employee who has been granted access to classified information; or employees in other positions that the Contractor determines involve national security, health or safety, or functions other than the foregoing requiring a high degree of trust and confidence.

(2) *Illegal drugs*, as used in this clause, means controlled substances included in Schedules I and II, as defined by section 802(6) of title 21 of the United States Code, the possession of which is unlawful under chapter 13 of that title. The term “illegal drugs” does not mean the use of a controlled substance pursuant to a valid prescription or other uses authorized by law.

(b) The Contractor agrees to institute and maintain a program for achieving the objective of a drug-free work force. While this clause defines criteria for such a program, contractors are encouraged to implement alternative approaches comparable to the criteria in paragraph (c) that are designed to achieve the objectives of this clause.

(c) Contractor programs shall include the following, or appropriate alternatives:

(1) Employee assistance programs emphasizing high level direction, education, counseling, rehabilitation, and coordination with available community resources;

(2) Supervisory training to assist in identifying and addressing illegal drug use by Contractor employees;

(3) Provision for self-referrals as well as supervisory referrals to treatment with maximum respect for individual confidentiality consistent with safety and security issues;

(4) Provision for identifying illegal drug users, including testing on a controlled and carefully monitored basis. Employee drug testing programs shall be established taking account of the following:

(i) The Contractor shall establish a program that provides for testing for the use of illegal drugs by employees in sensitive positions. The extent of and criteria for such testing shall be determined by the Contractor based on considerations that include the nature of the work being performed under the contract, the employee’s duties, the efficient use of Contractor resources, and the risks to health, safety, or national security that could result from the failure of an employee adequately to discharge his or her position.

(ii) In addition, the Contractor may establish a program for employee drug testing—

(A) When there is a reasonable suspicion that an employee uses illegal drugs; or

(B) When an employee has been involved in an accident or unsafe practice;

(C) As part of or as a follow-up to counseling or rehabilitation for illegal drug use;

(D) As part of a voluntary employee drug testing program.

(iii) The Contractor may establish a program to test applicants for employment for illegal drug use.

(iv) For the purpose of administering this clause, testing for illegal drugs may be limited to those substances for which testing is prescribed by section 2.1 of subpart B of the “Mandatory Guidelines for Federal Workplace Drug Testing Programs” (53 FR 11980

(April 11 1988)), issued by the Department of Health and Human Services.

(d) Contractors shall adopt appropriate personnel procedures to deal with employees who are found to be using drugs illegally. Contractors shall not allow any employee to remain on duty or perform in a sensitive position who is found to use illegal drugs until such times as the Contractor, in accordance with procedures established by the Contractor, determines that the employee may perform in such a position.

(e) The provisions of this clause pertaining to drug testing program shall not apply to the extent they are inconsistent with state or local law, or with an existing collective bargaining agreement; provided that with respect to the latter, the Contractor agrees that those issues that are in conflict will be a subject of negotiation at the next collective bargaining session.

(B) Sold in substantial quantities in the commercial marketplace; and

(C) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(ii) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

States exceeds 50 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(2) It is inconsistent with the public interest to apply the restrictions of the Buy American Act; or

(B) The end product is a COTS item.

(4) End product means those articles, materials, and supplies to be acquired under this contract for public use.

(5) Foreign end product means an end product other than a domestic end product.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States.

(9) United States means the 50 States, the District of Columbia, and outlying areas.

(b) This clause implements the Buy American Act (41 U.S.C. Section 10a-d). Unless otherwise specified, this clause applies to all line items in the contract.

(c) The Contractor shall deliver only domestic end products unless, in its offer, it specified delivery of other end products in

the Buy American Act—Balance of Payments Program Certificate provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product, the Contractor shall deliver a qualifying country end product or, at the Contractor's option, a domestic end product.

(i) Steel—

(A) With a maximum alloy content exceeding one or more of the following limits: Manganese, 1.65 percent; silicon, 0.60 percent; or copper, 0.60 percent; or

(B) Containing more than 0.25 percent of any of the following elements: Aluminum, chromium, cobalt, molybdenum, nickel, niobium (columbium), titanium, tungsten, or vanadium;

(ii) Metal alloys consisting of—

(A) Nickel or iron-nickel alloys that contain a total of alloying metals other than nickel and iron in excess of 10 percent; or

(B) Cobalt alloys that contain a total of alloying metals other than cobalt and iron in excess of 10 percent;

(iii) Titanium and titanium alloys; or

(iv) Zirconium and zirconium alloys.

(13) *Steel* means an iron alloy that includes between .02 and 2 percent carbon and may include other elements.

(14) *Subsystem* means a functional grouping of items that combine to perform a major function within an end item, such as electrical power, attitude control, and propulsion.

(b) *Restriction*. Except as provided in paragraph (c) of this clause, any specialty metals incorporated in items delivered under this contract shall be melted or produced in the United States, its outlying areas, or a qualifying country.

(c) *Exceptions*. The restriction in paragraph (b) of this clause does not apply to—

(1) Electronic components.

(2)(i) Commercially available off-the-shelf (COTS) items, other than—

(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, or sheet, that have not been incorporated into COTS end items, subsystems, assemblies, or components;

(B) Forgings or castings of specialty metals, unless the forgings or castings are incorporated into COTS end items, subsystems, or assemblies;

(C) Commercially available high performance magnets that contain specialty metal, unless such high performance magnets are incorporated into COTS end items or subsystems; and

(D) COTS fasteners, unless—

(1) The fasteners are incorporated into COTS end items, subsystems, assemblies, or components; or

(2) The fasteners qualify for the commercial item exception in paragraph (c)(3) of this clause.

(ii) A COTS item is considered to be “without modification” if it is not modified prior to contractual acceptance by the next higher tier in the supply chain.

(A) Specialty metals in a COTS item that was accepted without modification by the next higher tier are excepted from the restriction in paragraph (b) of this clause, and remain excepted, even if a piece of the COTS item subsequently is removed (*e.g.*, the end is removed from a COTS screw or an extra hole is drilled in a COTS bracket).

(B) Specialty metals that were not contained in a COTS item upon acceptance, but are added to the COTS item after acceptance, are subject to the restriction in paragraph (b) of this clause (*e.g.*, a special reinforced handle made of specialty metal is added to a COTS item).

(C) If two or more COTS items are combined in such a way that the resultant item is not a COTS item, only the specialty metals involved in joining the COTS items together are subject to the restriction in paragraph (b) of this clause (*e.g.*, a COTS aircraft is outfitted with a COTS engine that is not the COTS engine normally provided with the aircraft).

(D) For COTS items that are normally sold in the commercial marketplace with various options, items that include such options are also COTS items. However, if a COTS item is offered to the Government with an option that is not normally offered in the commercial marketplace, that option is subject to the restriction in paragraph (b) of this clause (*e.g.* An aircraft is normally sold to the public with an option for installation kits. The Department of Defense requests a military-unique kit. The aircraft is still a COTS item, but the military-unique kit is not a COTS item and must comply with the restriction in paragraph (b) of this clause unless another exception applies).

(3) Fasteners that are commercial items, if the manufacturer of the fasteners certifies it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to the Department of Defense and

other customers, that is not less than 50 percent of the total amount of the specialty metal that it will purchase to carry out the production of such fasteners for all customers.

(4) Items manufactured in a qualifying country.

(5) Specialty metals for which the Government has determined in accordance with DFARS 225.7003-3 that specialty metal melted or produced in the United States, its outlying areas, or a qualifying country cannot be acquired as and when needed in—

(i) A satisfactory quality;

(ii) A sufficient quantity; and

(iii) The required form.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (*i.e.*, specialty metals not melted or produced in the United States, an outlying area, or a qualifying country, that are not covered by one of the other exceptions in this paragraph (c)), if the total weight of such noncompliant metals does not exceed 2 percent of the total weight of all specialty metals in the end item, as estimated in good faith by the Contractor. This exception does not apply to high performance magnets containing specialty metals.

(d) *Compliance for commercial derivative military articles.* (1) As an alternative to the compliance required in paragraph (b) of this clause, the Contractor may purchase an amount of domestically melted or produced specialty metals in the required form, for use during the period of contract performance in the production of the commercial derivative military article and the related commercial article, if—

(i) The Contracting Officer has notified the Contractor of the items to be delivered under this contract that have been determined by the Government to meet the definition of “commercial derivative military article”; and

(ii) For each item that has been determined by the Government to meet the definition of “commercial derivative military article,” the Contractor has certified, as specified in the provision of the solicitation entitled “Commercial Derivative Military Article—Specialty Metals Compliance Certificate” (DFARS 252.225-7010), that the Contractor and its subcontractor(s) will enter into a contractual agreement or agreements to purchase an amount of domestically melted or produced specialty metal in the required form, for use during the period of contract performance in the production of each commercial derivative military article and the related commercial article, that is not less than the Contractor’s good faith estimate of the greater of—

(A) An amount equivalent to 120 percent of the amount of specialty metal that is required to carry out the production of the

commercial derivative military article (including the work performed under each subcontract); or

(B) An amount equivalent to 50 percent of the amount of specialty metal that will be purchased by the Contractor and its subcontractors for use during such period in the production of the commercial derivative military article and the related commercial article.

(2) For the purposes of this alternative, the amount of specialty metal that is required to carry out production of the commercial derivative military article includes specialty metal contained in any item, including COTS items.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause in subcontracts for items containing specialty metals, to the extent necessary to ensure compliance of the end products that the Contractor will deliver to the Government. When inserting the substance of this clause in subcontracts, the Contractor shall—

(1) Modify paragraph (c)(6) of this clause as necessary to facilitate management of the minimal content exception;

(2) Exclude paragraph (d) of this clause; and

(3) Include this paragraph (e).

(i) Means any item of supply (including construction material) that is—

(A) A commercial item (as defined in paragraph (1) of the definition of “commercial item” in section 2.101 of the Federal Acquisition Regulation);

(B) Sold in substantial quantities in the commercial marketplace; and

(C) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(ii) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed

in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

(9) *Moroccan end product* means an article that—

(i) Is wholly the growth, product, or manufacture of Morocco; or

(ii) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

(10) *Qualifying country* means any country set forth in subsection 225.872-1 of the Defense Federal Acquisition Regulation Supplement.

(11) *Qualifying country component* means a component mined, produced, or manufactured in a qualifying country.

(12) *Qualifying country end product* means—

of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product or a Free Trade Agreement country end product other than a Bahrainian end product or a Moroccan end product, the Contractor shall deliver a qualifying country end product, a Free Trade Agreement country end product other than a Bahrainian end product or a Moroccan end product, or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate I (JUL 2009) As prescribed in 225.1101(11)(i)(B), substitute the following paragraphs (a)(8) and (c) for paragraphs (a)(8) and (c) of the basic clause:

The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country, Canadian, or other foreign end products in the Buy American Act—Free Trade Agreements—Balance of Payments Program Certificate provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product or a Canadian end product, the Contractor shall deliver a qualifying country end product, a Canadian end product, or, at the Contractor's option, a domestic end product.

(i) Except as provided in paragraph (b)(3)(ii) of this clause, Contractor personnel are only authorized to use deadly force in self-defense.

(iii) Unless immune from host nation jurisdiction by virtue of an international agreement or international law, inappropriate use of force by contractor personnel authorized to accompany the U.S. Armed Forces can subject such personnel to United States or host nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this clause).

(4) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) *Support.* (1)(i) The Combatant Commander will develop a security plan for protection of Contractor personnel in locations where there is not sufficient or legitimate civil authority, when the Combatant Commander decides it is in the interests of the Government to provide security because—

(C) Threat conditions necessitate security through military means.

(ii) The Contracting Officer shall include in the contract the level of protection to be provided to Contractor personnel.

(iii) Medical or dental care beyond this standard is not authorized unless specified elsewhere in this contract.

(3) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the designated operational area under this contract.

(4) Contractor personnel must have a letter of authorization issued by the Contracting Officer in order to process through a deployment center or to travel to, from, or within the designated operational area. The letter of authorization also will identify any additional authorizations, privileges, or Government support that Contractor personnel are entitled to under this contract.

www.dod.mil/bta/products/spot.html, to enter and maintain the data.

(2) The Contractor shall ensure that all employees in the database have a current DD Form 93, Record of Emergency Data Card, on file with both the Contractor and the designated Government official. The Contracting Officer will inform the Contractor of the Government official designated to receive this data card.

(h) *Contractor personnel.* (1) The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor personnel who jeopardize or interfere with mission accomplishment or who fail to comply with or violate applicable requirements of this contract. Such action may be taken at the Government's discretion without prejudice to its rights under any other provision of this contract, including the Termination for Default clause.

(2) The Contractor shall have a plan on file showing how the Contractor would replace employees who are unavailable for deployment or who need to be replaced during deployment. 252.225-7044 Balance of Payments Program—Construction Material.

As prescribed in 225.7503(a), use the following clause:

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL (JAN 2009)

(a) *Definitions.* As used in this clause—
Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is—

(i) A commercial item (as defined in paragraph (1) of the definition of “commercial item” in section 2.101 of the Federal Acquisition Regulation);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

Component means any article, material, or supply incorporated directly into construction material.

Construction material means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The

term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Domestic construction material means—

(1) An unmanufactured construction material mined or produced in the United States; or

(2) A construction material manufactured in the United States, if—

(i) The cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic; or

(ii) The construction material is a COTS item.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) *Domestic preference.* This clause implements the Balance of Payments Program by providing a preference for domestic construction material. The Contractor shall use only domestic construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation; or

(2) The construction material or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate “none”]

(End of clause)

[67 FR 20695, Apr. 26, 2002, as amended at 70 FR 2365, Jan. 13, 2005; 70 FR 35548, June 21, 2005; 74 FR 2424, Jan. 15, 2009]

252.225-7045 Balance of Payments Program—Construction Material Under Trade Agreements.

As prescribed in 225.7503(b), use the following clause:

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL UNDER TRADE AGREEMENTS (NOV 2009)

(a) *Definitions.* As used in this clause—

Caribbean Basin country construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is—

(i) A commercial item (as defined in paragraph (1) of the definition of “commercial item” in section 2.101 of the Federal Acquisition Regulation);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

Component means any article, material, or supply incorporated directly into construction material.

Construction material means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Designated country means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Aruba, Austria, Belgium, Bulgaria, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as “the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu” (Chinese Taipei)), or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Canada, Chile, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Mexico, Morocco, Nicaragua, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, East Timor, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Maldives, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, Tanzania, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, British Virgin Islands, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Netherlands Antilles, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, or Trinidad and Tobago).

Designated country construction material means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

Domestic construction material means—

(1) An unmanufactured construction material mined or produced in the United States; or

(2) A construction material manufactured in the United States, if—

(i) The cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic; or

(ii) The construction material is a COTS item.

Free Trade Agreement country construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

Least developed country construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

United States means the 50 States, the District of Columbia, and outlying areas.

WTO GPA country construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for designated country construction materials.

(c) The Contractor shall use only domestic or designated country construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation; or

(2) The construction material or components listed by the Government as follows:
 [Contracting Officer to list applicable excepted materials or indicate "none"]

(End of clause)

Alternate I (OCT 2006). As prescribed in 225.7503(b), add the following definition of *Bahrainian or Mexican construction material* to paragraph (a) of the basic clause, and substitute the following paragraphs (b) and (c) for paragraphs (b) and (c) of the basic clause:

Bahrainian or Mexican construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of Bahrain or Mexico; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain or Mexico into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and all Free Trade Agreements except NAFTA apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for designated country construction material other than Bahrainian or Mexican construction material.

(c) The Contractor shall use only domestic or designated country construction material other than Bahrainian or Mexican construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in Part 2 of the Federal Acquisition Regulation; or

(2) The construction material or components listed by the Government as follows:

(d) In the event of a challenge to the representation of a subcontractor, the Contracting Officer will refer the matter to—

(a) Definitions. As used in this clause:

(1) Computer data base means a collection of data recorded in a form capable of being processed by a computer. The term does not include computer software.

(2) Computer program means a set of instructions, rules, or routines recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.

(3) Computer software means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae and related material that would enable the software to be reproduced, recreated, or recompiled. Computer software does not include computer data bases or computer software documentation.

(4) Computer software documentation means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

(5) Detailed manufacturing or process data means technical data that describe the steps, sequences, and conditions of manufacturing, processing or assembly used by the manufacturer to produce an item or component or to perform a process.

(6) Developed means that an item, component, or process exists and is workable. Thus, the item or component must have been constructed or the process practiced. Workability is generally established when the item, component, or process has been analyzed or tested sufficiently to demonstrate to reasonable people skilled in the applicable art that there is a high probability that it will operate as intended. Whether, how much, and what type of analysis or testing is required to establish workability depends on the nature of the item, component, or process, and the state of the art. To be considered "developed," the item, component, or process need not be at the stage where it could be offered for sale or sold on the commercial market, nor must the item, component, or process be actually reduced to practice within the meaning of Title 35 of the United States Code.

(7) *Developed exclusively at private expense* means development was accomplished entirely with costs charged to indirect cost pools, costs not allocated to a government contract, or any combination thereof.

(i) Private expense determinations should be made at the lowest practicable level.

(ii) Under fixed-price contracts, when total costs are greater than the firm-fixed-price or ceiling price of the contract, the additional development costs necessary to complete development shall not be considered when determining whether development was at government, private, or mixed expense.

(8) *Developed exclusively with government funds* means development was not accomplished exclusively or partially at private expense.

(9) *Developed with mixed funding* means development was accomplished partially with costs charged to indirect cost pools and/or costs not allocated to a government contract, and partially with costs charged directly to a government contract.

(10) *Form, fit, and function data* means technical data that describes the required overall physical, functional, and performance characteristics (along with the qualification requirements, if applicable) of an item, component, or process to the extent necessary to permit identification of physically and functionally interchangeable items.

(11) *Government purpose* means any activity in which the United States Government is a party, including cooperative agreements with international or multi-national defense organizations, or sales or transfers by the United States Government to foreign governments or international organizations. Government purposes include competitive procurement, but do not include the rights to use, modify, reproduce, release, perform, display, or disclose technical data for commercial purposes or authorize others to do so.

(12) *Government purpose rights* means the rights to—

(i) Use, modify, reproduce, release, perform, display, or disclose technical data within the Government without restriction; and

(ii) Release or disclose technical data outside the Government and authorize persons to whom release or disclosure has been made to use, modify, reproduce, release, perform, display, or disclose that data for United States government purposes.

(13) *Limited rights* means the rights to use, modify, reproduce, release, perform, display, or disclose technical data, in whole or in part, within the Government. The Government may not, without the written permission of the party asserting limited rights, release or disclose the technical data outside the Government, use the technical data for manufacture, or authorize the technical data to be used by another party, except that the Government may reproduce, release or dis-

close such data or authorize the use or reproduction of the data by persons outside the Government if reproduction, release, disclosure, or use is—

(i) Necessary for emergency repair and overhaul; or

(ii) A release or disclosure of technical data (other than detailed manufacturing or process data) to, or use of such data by, a foreign government that is in the interest of the Government and is required for evaluational or informational purposes;

(iii) Subject to a prohibition on the further reproduction, release, disclosure, or use of the technical data; and

(iv) The contractor or subcontractor asserting the restriction is notified of such reproduction, release, disclosure, or use.

(14) *Technical data* means recorded information, regardless of the form or method of the recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or data incidental to contract administration, such as financial and/or management information.

(15) *Unlimited rights* means rights to use, modify, reproduce, perform, display, release, or disclose technical data in whole or in part, in any manner, and for any purpose whatsoever, and to have or authorize others to do so.

(b) *Rights in technical data.* The Contractor grants or shall obtain for the Government the following royalty free, world-wide, non-exclusive, irrevocable license rights in technical data other than computer software documentation (see the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause of this contract for rights in computer software documentation):

(1) *Unlimited rights.* The Government shall have unlimited rights in technical data that are—

(i) Data pertaining to an item, component, or process which has been or will be developed exclusively with Government funds;

(ii) Studies, analyses, test data, or similar data produced for this contract, when the study, analysis, test, or similar work was specified as an element of performance;

(iii) Created exclusively with Government funds in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes;

(iv) Form, fit, and function data;

(v) Necessary for installation, operation, maintenance, or training purposes (other than detailed manufacturing or process data);

(vi) Corrections or changes to technical data furnished to the Contractor by the Government;

(vii) Otherwise publicly available or have been released or disclosed by the Contractor

or subcontractor without restrictions on further use, release or disclosure, other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data to another party or the sale or transfer of some or all of a business entity or its assets to another party;

(viii) Data in which the Government has obtained unlimited rights under another Government contract or as a result of negotiations; or

(ix) Data furnished to the Government, under this or any other Government contract or subcontract thereunder, with—

(A) Government purpose license rights or limited rights and the restrictive condition(s) has/have expired; or

(B) Government purpose rights and the Contractor's exclusive right to use such data for commercial purposes has expired.

(2) *Government purpose rights.* (i) The Government shall have government purpose rights for a five-year period, or such other period as may be negotiated, in technical data—

(A) That pertain to items, components, or processes developed with mixed funding except when the Government is entitled to unlimited rights in such data as provided in paragraphs (b)(ii) and (b)(iv) through (b)(ix) of this clause; or

(B) Created with mixed funding in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.

(ii) The five-year period, or such other period as may have been negotiated, shall commence upon execution of the contract, subcontract, letter contract (or similar contractual instrument), contract modification, or option exercise that required development of the items, components, or processes or creation of the data described in paragraph (b)(2)(i)(B) of this clause. Upon expiration of the five-year or other negotiated period, the Government shall have unlimited rights in the technical data.

(iii) The Government shall not release or disclose technical data in which it has government purpose rights unless—

(A) Prior to release or disclosure, the intended recipient is subject to the non-disclosure agreement at 227.7103-7 of the Defense Federal Acquisition Regulation Supplement (DFARS); or

(B) The recipient is a Government contractor receiving access to the data for performance of a Government contract that contains the clause at DFARS 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(iv) The Contractor has the exclusive right, including the right to license others, to use technical data in which the Government has obtained government purpose rights under

this contract for any commercial purpose during the time period specified in the government purpose rights legend prescribed in paragraph (f)(2) of this clause.

(3) *Limited rights.* (i) Except as provided in paragraphs (b)(1)(ii) and (b)(1)(iv) through (b)(1)(ix) of this clause, the Government shall have limited rights in technical data—

(A) Pertaining to items, components, or processes developed exclusively at private expense and marked with the limited rights legend prescribed in paragraph (f) of this clause; or

(B) Created exclusively at private expense in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.

(ii) The Government shall require a recipient of limited rights data for emergency repair or overhaul to destroy the data and all copies in its possession promptly following completion of the emergency repair/overhaul and to notify the Contractor that the data have been destroyed.

(iii) The Contractor, its subcontractors, and suppliers are not required to provide the Government additional rights to use, modify, reproduce, release, perform, display, or disclose technical data furnished to the Government with limited rights. However, if the Government desires to obtain additional rights in technical data in which it has limited rights, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. All technical data in which the Contractor has granted the Government additional rights shall be listed or described in a license agreement made part of the contract. The license shall enumerate the additional rights granted the Government in such data.

(4) *Specifically negotiated license rights.* The standard license rights granted to the Government under paragraphs (b)(1) through (b)(3) of this clause, including the period during which the Government shall have government purpose rights in technical data, may be modified by mutual agreement to provide such rights as the parties consider appropriate but shall not provide the Government lesser rights than are enumerated in paragraph (a)(13) of this clause. Any rights so negotiated shall be identified in a license agreement made part of this contract.

(5) *Prior government rights.* Technical data that will be delivered, furnished, or otherwise provided to the Government under this contract, in which the Government has previously obtained rights shall be delivered, furnished, or provided with the pre-existing rights, unless—

(i) The parties have agreed otherwise; or

(ii) Any restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose the data have expired or no longer apply.

(6) *Release from liability.* The Contractor agrees to release the Government from liability for any release or disclosure of technical data made in accordance with paragraph (a)(13) or (b)(2)(iii) of this clause, in accordance with the terms of a license negotiated under paragraph (b)(4) of this clause, or by others to whom the recipient has released or disclosed the data and to seek relief solely from the party who has improperly used, modified, reproduced, released, performed, displayed, or disclosed Contractor data marked with restrictive legends.

(c) *Contractor rights in technical data.* All rights not granted to the Government are retained by the Contractor.

(d) *Third party copyrighted data.* The Contractor shall not, without the written approval of the Contracting Officer, incorporate any copyrighted data in the technical data to be delivered under this contract unless the Contractor is the copyright owner or has obtained for the Government the license rights necessary to perfect a license or licenses in the deliverable data of the appropriate scope set forth in paragraph (b) of this clause, and has affixed a statement of the license or licenses obtained on behalf of the Government and other persons to the data transmittal document.

(e) *Identification and delivery of data to be furnished with restrictions on use, release, or disclosure.* (1) This paragraph does not apply to restrictions based solely on copyright.

(2) Except as provided in paragraph (e)(3) of this clause, technical data that the Contractor asserts should be furnished to the Government with restrictions on use, release, or disclosure are identified in an attachment to this contract (the Attachment). The Contractor shall not deliver any data with restrictive markings unless the data are listed on the Attachment.

(3) In addition to the assertions made in the Attachment, other assertions may be identified after award when based on new information or inadvertent omissions unless the inadvertent omissions would have materially affected the source selection decision. Such identification and assertion shall be submitted to the Contracting Officer as soon as practicable prior to the scheduled date for delivery of the data, in the following format, and signed by an official authorized to contractually obligate the Contractor: Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Technical Data.

The Contractor asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the

following technical data should be restricted—

Technical data to be furnished with restrictions ¹	Basis for assertion ²	Asserted rights category ³	Name of person asserting restrictions ⁴
(LIST)	(LIST)	(LIST)	(LIST)

¹If the assertion is applicable to items, components or processes developed at private expense, identify both the data and each such item, component, or process.

²Generally, the development of an item, component, or process at private expense, either exclusively or partially, is the only basis for asserting restrictions on the Government's rights to use, release, or disclose technical data pertaining to such items, components, or processes. Indicate whether development was exclusively or partially at private expense. If development was not at private expense, enter the specific reason for asserting that the Government's rights should be restricted.

³Enter asserted rights category (e.g., government purpose license rights from a prior contract, rights in SBIR data generated under another contract, limited or government purpose rights under this or a prior contract, or specifically negotiated licenses).

⁴Corporation, individual, or other person, as appropriate.

(4) When requested by the Contracting Officer, the Contractor shall provide sufficient information to enable the Contracting Officer to evaluate the Contractor's assertions. The Contracting Officer reserves the right to add the Contractor's assertions to the Attachment and validate any listed assertion, at a later date, in accordance with the procedures of the Validation of Restrictive Markings on Technical Data clause of this contract.

(f) *Marking requirements.* The Contractor, and its subcontractors or suppliers, may only assert restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data to be delivered under this contract by marking the deliverable data subject to restriction. Except as provided in paragraph (f)(5) of this clause, only the following legends are authorized under this contract: the government purpose rights legend at paragraph (f)(2) of this clause; the limited rights legend at paragraph (f)(3) of this clause; or the special license rights legend at paragraph (f)(4) of this clause; and/or a notice of copyright as prescribed under 17 U.S.C. 401 or 402.

(1) *General marking instructions.* The Contractor, or its subcontractors or suppliers, shall conspicuously and legibly mark the appropriate legend on all technical data that qualify for such markings. The authorized legends shall be placed on the transmittal document or storage container and, for printed material, each page of the printed material containing technical data for which

restrictions are asserted. When only portions of a page of printed material are subject to the asserted restrictions, such portions shall be identified by circling, underscoring, with a note, or other appropriate identifier. Technical data transmitted directly from one computer or computer terminal to another shall contain a notice of asserted restrictions. Reproductions of technical data or any portions thereof subject to asserted restrictions shall also reproduce the asserted restrictions.

(2) *Government purpose rights markings.* Data delivered or otherwise furnished to the Government purpose rights shall be marked as follows:

Government Purpose Rights

Contract No. _____
 Contractor Name _____
 Contractor Address _____

 Expiration Date _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data are restricted by paragraph (b)(2) of the Rights in Technical Data—Noncommercial Items clause contained in the above identified contract. No restrictions apply after the expiration date shown above. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(3) *Limited rights markings.* Data delivered or otherwise furnished to the Government with limited rights shall be marked with the following legend:

Limited Rights

Contract No. _____
 Contractor Name _____
 Contractor Address _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data are restricted by paragraph (b)(3) of the Rights in Technical Data—Noncommercial Items clause contained in the above identified contract. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such data must promptly notify the above named Contractor.

(End of legend)

(4) *Special license rights markings.* (i) Data in which the Government's rights stem from a specifically negotiated license shall be marked with the following legend:

Special License Rights

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these data are restricted by Contract No. _____ (Insert contract number) _____, License No. _____ (Insert license identifier) _____. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(ii) For purposes of this clause, special licenses do not include government purpose license rights acquired under a prior contract (see paragraph (b)(5) of this clause).

(5) *Pre-existing data markings.* If the terms of a prior contract or license permitted the Contractor to restrict the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data deliverable under this contract, and those restrictions are still applicable, the Contractor may mark such data with the appropriate restrictive legend for which the data qualified under the prior contract or license. The marking procedures in paragraph (f)(1) of this clause shall be followed.

(g) *Contractor procedures and records.* Throughout performance of this contract, the Contractor and its subcontractors or suppliers that will deliver technical data with other than unlimited rights, shall—

(1) Have, maintain, and follow written procedures sufficient to assure that restrictive markings are used only when authorized by the terms of this clause; and

(2) Maintain records sufficient to justify the validity of any restrictive markings on technical data delivered under this contract.

(h) *Removal of unjustified and nonconforming markings—(1) Unjustified technical data markings.* The rights and obligations of the parties regarding the validation of restrictive markings on technical data furnished or to be furnished under this contract are contained in the Validation of Restrictive Markings on Technical Data clause of this contract. Notwithstanding any provision of this contract concerning inspection and acceptance, the Government may ignore or, at the Contractor's expense, correct or strike a marking if, in accordance with the procedures in the Validation of Restrictive Markings on Technical Data clause of this contract, a restrictive marking is determined to be unjustified.

(2) *Nonconforming technical data markings.* A nonconforming marking is a marking placed on technical data delivered or otherwise furnished to the Government under this contract that is not in the format authorized by this contract. Correction of nonconforming markings is not subject to the Validation of Restrictive Markings on Technical Data clause of this contract. If the Contracting

Officer notifies the Contractor of a nonconforming marking and the Contractor fails to remove or correct such marking within sixty (60) days, the Government may ignore or, at the Contractor's expense, remove or correct any nonconforming marking.

(i) *Relation to patents.* Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.

(j) *Limitation on charges for rights in technical data.* (1) The Contractor shall not charge to this contract any cost, including, but not limited to, license fees, royalties, or similar charges, for rights in technical data to be delivered under this contract when—

(i) The Government has acquired, by any means, the same or greater rights in the data; or

(ii) The data are available to the public without restrictions.

(2) The limitation in paragraph (j)(1) of this clause—

(i) Includes costs charged by a subcontractor or supplier, at any tier, or costs incurred by the Contractor to acquire rights in subcontractor or supplier technical data, if the subcontractor or supplier has been paid for such rights under any other Government contract or under a license conveying the rights to the Government; and

(ii) Does not include the reasonable costs of reproducing, handling, or mailing the documents or other media in which the technical data will be delivered.

(k) *Applicability to subcontractors or suppliers.* (1) The Contractor shall ensure that the rights afforded its subcontractors and suppliers under 10 U.S.C. 2320, 10 U.S.C. 2321, and the identification, assertion, and delivery processes of paragraph (e) of this clause are recognized and protected.

(2) Whenever any technical data for non-commercial items is to be obtained from a subcontractor or supplier for delivery to the Government under this contract, the Contractor shall use this same clause in the subcontract or other contractual instrument, and require its subcontractors or suppliers to do so, without alteration, except to identify the parties. No other clause shall be used to enlarge or diminish the Government's, the Contractor's, or a higher-tier subcontractor's or supplier's rights in a subcontractor's or supplier's technical data.

(3) Technical data required to be delivered by a subcontractor or supplier shall normally be delivered to the next higher-tier contractor, subcontractor, or supplier. However, when there is a requirement in the prime contract for data which may be submitted with other than unlimited rights by a subcontractor or supplier, then said subcontractor or supplier may fulfill its requirement by submitting such data directly to the

Government, rather than through a higher-tier contractor, subcontractor, or supplier.

(4) The Contractor and higher-tier subcontractors or suppliers shall not use their power to award contracts as economic leverage to obtain rights in technical data from their subcontractors or suppliers.

(5) In no event shall the Contractor use its obligation to recognize and protect subcontractor or supplier rights in technical data as an excuse for failing to satisfy its contractual obligations to the Government.

(End of clause)

Alternate I (JUN 1995). As prescribed in 227.7103-6(b)(1), add the following paragraph (1) to the basic clause:

(1) *Publication for sale.* (1) This paragraph only applies to technical data in which the Government has obtained unlimited rights or a license to make an unrestricted release of technical data.

(2) The Government shall not publish a deliverable technical data item or items identified in this contract as being subject to paragraph (1) of this clause or authorize others to publish such data on its behalf if, prior to publication for sale by the Government and within twenty-four (24) months following the date specified in this contract for delivery of such data or the removal of any national security or export control restrictions, whichever is later, the Contractor publishes that item or items for sale and promptly notifies the Contracting Officer of such publication(s). Any such publication shall include a notice identifying the number of this contract and the Government's rights in the published data.

(3) This limitation on the Government's right to publish for sale shall continue as long as the data are reasonably available to the public for purchase.

Alternate II (NOV 2009)

As prescribed in 227.7103-6(b)(2), add the following paragraphs (a)(16) and (b)(7) to the basic clause:

(a)(16) "Vessel design" means the design of a vessel, boat, or craft, and its components, including the hull, decks, superstructure, and the exterior surface shape of all external shipboard equipment and systems. The term includes designs covered by 10 U.S.C. 7317, and designs protectable under 17 U.S.C. 1301, *et seq.*

(b)(7) *Vessel designs.* For a vessel design (including a vessel design embodied in a useful article) that is developed or delivered under this contract, the Government shall have the right to make and have made any useful article that embodies the vessel design, to import the article, to sell the article, and to distribute the article for sale or to use the article in trade, to the same extent that the

252.227-7014

Government is granted rights in the technical data pertaining to the vessel design.

[60 FR 33490, June 28, 1995, as amended at 60 FR 61602, Nov. 30, 1995; 74 FR 61044, Nov. 23, 2009]

(iv) Modify computer software provided that the Government may—

(A) Use the modified software only as provided in paragraphs (a)(14) (i) and (iii) of this clause; and

(D) Such use is subject to the limitation in paragraph (a)(14)(i) of this clause; and

(vi) Permit contractors or subcontractors performing emergency repairs or overhaul of items or components of items procured under this or a related contract to use the computer software when necessary to perform the repairs or overhaul, or to modify the computer software to reflect the repairs or overhaul made, provided that—

All rights not granted to the Government are retained by the Contractor.

(1) *Unlimited rights.* The Government shall have unlimited rights in—

(i) Computer software developed exclusively with Government funds;

(ii) Computer software documentation required to be delivered under this contract;

(iii) Corrections or changes to computer software or computer software documentation furnished to the Contractor by the Government;

(ii) The Contractor, its subcontractors, or suppliers are not required to provide the Government additional rights in noncommercial computer software delivered or otherwise provided to the Government with restricted rights. However, if the Government desires to obtain additional rights in such software, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. All noncommercial computer software in which the Contractor has granted the Government additional rights shall be listed or described in a license agreement

made part of the contract (see paragraph (b)(4) of this clause). The license shall enumerate the additional rights granted the Government.

(4) *Specifically negotiated license rights.* (i) The standard license rights granted to the Government under paragraphs (b)(1) through (b)(3) of this clause, including the period during which the Government shall have government purpose rights in computer software, may be modified by mutual agreement to provide such rights as the parties consider appropriate but shall not provide the Government lesser rights in computer software than are enumerated in paragraph (a)(14) of this clause or lesser rights in computer software documentation than are enumerated in paragraph (a)(13) of the Rights in Technical Data—Noncommercial Items clause of this contract.

(ii) Any rights so negotiated shall be identified in a license agreement made part of this contract.

(5) *Prior government rights.* Computer software or computer software documentation that will be delivered, furnished, or otherwise provided to the Government under this contract, in which the Government has previously obtained rights shall be delivered, furnished, or provided with the pre-existing rights, unless—

(i) The parties have agreed otherwise; or

(ii) Any restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose the data have expired or no longer apply.

(6) *Release from liability.* The Contractor agrees to release the Government from liability for any release or disclosure of computer software made in accordance with paragraph (a)(14) or (b)(2)(iii) of this clause, in accordance with the terms of a license negotiated under paragraph (b)(4) of this clause, or by others to whom the recipient has released or disclosed the software, and to seek relief solely from the party who has improperly used, modified, reproduced, released, performed, displayed, or disclosed Contractor software marked with restrictive legends.

(c) *Rights in derivative computer software or computer software documentation.* The Government shall retain its rights in the unchanged portions of any computer software or computer software documentation delivered under this contract that the Contractor uses to prepare, or includes in, derivative computer software or computer software documentation.

(d) *Third party copyrighted computer software or computer software documentation.* The Contractor shall not, without the written approval of the Contracting Officer, incorporate any copyrighted computer software or computer software documentation in the software or documentation to be delivered under this contract unless the Contractor is

the copyright owner or has obtained for the Government the license rights necessary to perfect a license or licenses in the deliverable software or documentation of the appropriate scope set forth in paragraph (b) of this clause, and prior to delivery of such—

(1) Computer software, has provided a statement of the license rights obtained in a form acceptable to the Contracting Officer; or

(2) Computer software documentation, has affixed to the transmittal document a statement of the license rights obtained.

(e) *Identification and delivery of computer software and computer software documentation to be furnished with restrictions on use, release, or disclosure.* (1) This paragraph does not apply to restrictions based solely on copyright.

(2) Except as provided in paragraph (e)(3) of this clause, computer software that the Contractor asserts should be furnished to the Government with restrictions on use, release, or disclosure is identified in an attachment to this contract (the Attachment). The Contractor shall not deliver any software with restrictive markings unless the software is listed on the Attachment.

(3) In addition to the assertions made in the Attachment, other assertions may be identified after award when based on new information or inadvertent omissions unless the inadvertent omissions would have materially affected the source selection decision. Such identification and assertion shall be submitted to the Contracting Officer as soon as practicable prior to the scheduled data for delivery of the software, in the following format, and signed by an official authorized to contractually obligate the Contractor: Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Computer Software.

The Contractor asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following computer software should be restricted:

(LIST)	(LIST)	(LIST)	(LIST)

*Generally, development at private expense, either exclusively or partially, is the only basis for asserting restrictions on the Government's rights to use, release, or disclose computer software.

**Indicate whether development was exclusively or partially at private expense. If development was not at private expense, enter the specific reason for asserting that the Government's rights should be restricted.

***Enter asserted rights category (e.g., restricted or government purpose rights in computer software, government purpose license rights from a prior contract, rights in SBIR software generated under another contract, or specifically negotiated licenses).

(End of identification and assertion)

(4) When requested by the Contracting Officer, the Contractor shall provide sufficient information to enable the Contracting Officer to evaluate the Contractor's assertions. The Contracting Officer reserves the right to add the Contractor's assertions to the Attachment and validate any listed assertion, at a later date, in accordance with the procedures of the Validation of Asserted Restrictions—Computer Software clause of this contract.

(f) *Marking requirements.* The Contractor, and its subcontractors or suppliers, may only assert restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose computer software by marking the deliverable software or documentation subject to restriction. Except as provided in paragraph (f)(5) of this clause, only the following legends are authorized under this contract; the government purpose rights legend at paragraph (f)(2) of this clause; the restricted rights legend at paragraph (f)(3) of this clause; or the special license rights legend at paragraph (f)(4) of this clause; and/or a notice of copyright as prescribed under 17 U.S.C. 401 or 402.

(1) *General marking instructions.* The Contractor, or its subcontractors or suppliers, shall conspicuously and legibly mark the appropriate legend on all computer software that qualify for such markings. The authorized legends shall be placed on the transmitted document or software storage container and each page, or portions thereof, of printed material containing computer software for which restrictions are asserted. Computer software transmitted directly from one computer or computer terminal to another shall contain a notice of asserted restrictions. However, instructions that interfere with or delay the operation of computer software in order to display a restrictive rights legend or other license statement at any time prior to or during use of the computer software, or otherwise cause such interference or delay, shall not be inserted in software that will or might be used in combat or situations that simulate combat conditions, unless the Contracting Officer's written permission to deliver such software has been obtained prior to delivery. Reproductions of computer software or any portions thereof subject to asserted restrictions, shall also reproduce the asserted restrictions.

(2) *Government purpose rights markings.* Computer software delivered or otherwise

furnished to the Government with government purpose rights shall be marked as follows:

GOVERNMENT PURPOSE RIGHTS

Contract No. _____
 Contractor Name _____
 Contractor Address _____

 Expiration Date _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this software are restricted by paragraph (b)(2) of the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause contained in the above identified contract. No restrictions apply after the expiration date shown above. Any reproduction of the software or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(3) *Restricted rights markings.* Software delivered or otherwise furnished to the Government with restricted rights shall be marked with the following legend:

RESTRICTED RIGHTS

Contract No. _____
 Contractor Name _____
 Contractor Address _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this software are restricted by paragraph (b)(3) of the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause contained in the above identified contract. Any reproduction of computer software or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such software must promptly notify the above named Contractor.

(End of legend)

(4) *Special license rights markings.* (i) Computer software or computer documentation in which the Government's rights stem from a specifically negotiated license shall be marked with the following legend:

SPECIAL LICENSE RIGHTS

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this software are restricted by Contract No. _____ (Insert contract number) _____, License No. _____ (Insert license identifier) _____. Any reproduction of

computer software, computer software documentation, or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(ii) For purposes of this clause, special licenses do not include government purpose license rights acquired under a prior contract (see paragraph (b)(5) of this clause).

(5) *Pre-existing markings.* If the terms of a prior contract or license permitted the Contractor to restrict the Government's rights to use, modify, release, perform, display, or disclose computer software or computer software documentation and those restrictions are still applicable, the Contractor may mark such software or documentation with the appropriate restrictive legend for which the software qualified under the prior contract or license. The marking procedures in paragraph (f)(1) of this clause shall be followed.

(g) *Contractor procedures and records.* Throughout performance of this contract, the Contractor and its subcontractors or suppliers that will deliver computer software or computer software documentation with other than unlimited rights, shall—

(1) Have, maintain, and follow written procedures sufficient to assure that restrictive markings are used only when authorized by the terms of this clause; and

(2) Maintain records sufficient to justify the validity of any restrictive markings on computer software or computer software documentation delivered under this contract.

(h) *Removal of unjustified and nonconforming markings—(1) Unjustified computer software or computer software documentation markings.* The rights and obligations of the parties regarding the validation of restrictive markings on computer software or computer software documentation furnished or to be furnished under this contract are contained in the Validation of Asserted Restrictions—Computer Software and the Validation of Restrictive Markings on Technical Data clauses of this contract, respectively. Notwithstanding any provision of this contract concerning inspection and acceptance, the Government may ignore or, at the Contractor's expense, correct or strike a marking if, in accordance with the procedures of those clauses, a restrictive marking is determined to be unjustified.

(2) *Nonconforming computer software or computer software documentation markings.* A nonconforming marking is a marking placed on computer software or computer software documentation delivered or otherwise furnished to the Government under this contract that is not in the format authorized by this contract. Correction of nonconforming markings is not subject to the Validation of

Asserted Restrictions—Computer Software or the Validation of Restrictive Markings on Technical Data clause of this contract. If the Contracting Officer notifies the Contractor of a nonconforming marking or markings and the Contractor fails to remove or correct such markings within sixty (60) days, the Government may ignore or, at the Contractor's expense, remove or correct any nonconforming markings.

(i) *Relation to patents.* Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.

(j) *Limitation on charges for rights in computer software or computer software documentation.* (1) The Contractor shall not charge to this contract any cost, including but not limited to license fees, royalties, or similar charges, for rights in computer software or computer software documentation to be delivered under this contract when—

(i) The Government has acquired, by any means, the same or greater rights in the software or documentation; or

(ii) The software or documentation are available to the public without restrictions.

(2) The limitation in paragraph (j)(1) of this clause—

(i) Includes costs charged by a subcontractor or supplier, at any tier, or costs incurred by the Contractor to acquire rights in subcontractor or supplier computer software or computer software documentation, if the subcontractor or supplier has been paid for such rights under any other Government contract or under a license conveying the rights to the Government; and

(ii) Does not include the reasonable costs of reproducing, handling, or mailing the documents or other media in which the software or documentation will be delivered.

(k) *Applicability to subcontractors or suppliers.* (1) Whenever any noncommercial computer software or computer software documentation is to be obtained from a subcontractor or supplier for delivery to the Government under this contract, the Contractor shall use this same clause in its subcontracts or other contractual instruments, and require its subcontractors or suppliers to do so, without alteration, except to identify the parties. No other clause shall be used to enlarge or diminish the Government's, the Contractor's, or a higher tier subcontractor's or supplier's rights in a subcontractor's or supplier's computer software or computer software documentation.

(2) The Contractor and higher tier subcontractors or suppliers shall not use their power to award contracts as economic leverage to obtain rights in computer software or computer software documentation from their subcontractors or suppliers.

(3) The Contractor shall ensure that subcontractor or supplier rights are recognized and protected in the identification, assertion, and delivery processes required by paragraph (e) of this clause.

(4) In no event shall the Contractor use its obligation to recognize and protect subcontractor or supplier rights in computer software or computer software documentation as an excuse for failing to satisfy its contractual obligation to the Government.

(End of clause)

Alternate I (JUN 1995). As prescribed in 227.7203-6(a)(2), add the following paragraph (1) to the basic clause:

(1) *Publication for sale.* (1) This paragraph only applies to computer software or computer software documentation in which the Government has obtained unlimited rights or a license to make an unrestricted release of the software or documentation.

(2) The Government shall not publish a deliverable item or items of computer software or computer software documentation identified in this contract as being subject to paragraph (1) of this clause or authorize others to publish such software or documentation on its behalf if, prior to publication for sale by the Government and within twenty-four (24) months following the date specified in this contract for delivery of such software or documentation, or the removal of any national security or export control restrictions, whichever is later, the Contractor publishes that item or items for sale and promptly notifies the Contracting Officer of such publication(s). Any such publication shall include a notice identifying the number of this contract and the Government's rights in the published software or documentation.

(3) This limitation on the Government's rights to publish for sale shall continue as long as the software or documentation are reasonably available to the public for purchase.

252.227-7015 Technical data—Commercial items.

As prescribed in 227.7102-3(a)(1), use the following clause:

TECHNICAL DATA—COMMERCIAL ITEMS (NOV 1995)

(a) *Definitions.* As used in this clause:

(1) *Commercial item* does not include commercial computer software.

(2) *Form, fit, and function data* means technical data that describes the required overall physical, functional, and performance characteristics (along with the qualification requirements, if applicable) of an item, component, or process to the extent necessary to

252.227-7016

permit identification of physically and functionally interchangeable items.

(3) The term *item* includes components or processes.

(4) *Technical data* means recorded information, regardless of the form or method of recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or data incidental to contract administration, such as financial and/or management information.

(b) *License.* (1) The Government shall have the unrestricted right to use, modify, reproduce, release, perform, display, or disclose technical data, and to permit others to do so, that—

(i) Have been provided to the Government or others without restrictions on use, modification, reproduction, release, or further disclosure other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data to another party or the sale or transfer of some or all of a business entity or its assets to another party;

(ii) Are form, fit, and function data;

(iii) Are a correction or change to technical data furnished to the Contractor by the Government;

(iv) Are necessary for operation, maintenance, installation, or training (other than detailed manufacturing or process data); or

(v) Have been provided to the Government under a prior contract or licensing agreement through which the Government has acquired the rights to use, modify, reproduce, release, perform, display, or disclose the data without restrictions.

(2) Except as provided in paragraph (b)(1) of this clause, the Government may use, modify, reproduce, release, perform, display, or disclose technical data within the Government only. The Government shall not—

(i) Use the technical data to manufacture additional quantities of the commercial items; or

(ii) Release, perform, display, disclose, or authorize use of the technical data outside the Government without the Contractor's written permission unless a release, disclosure or permitted use is necessary for emergency repair or overhaul of the commercial items furnished under this contract.

(c) *Additional license rights.* The Contractor, its subcontractors, and suppliers are not required to provide the Government additional rights to use, modify, reproduce, release, perform, display, or disclose technical data. However, if the Government desires to obtain additional rights in technical data, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. All technical data in which the Contractor has granted the Government additional rights

48 CFR Ch. 2 (10-1-10 Edition)

shall be listed or described in a special license agreement made part of this contract. The license shall enumerate the additional rights granted the Government in such data.

(d) *Release from liability.* The Contractor agrees that the Government, and other persons to whom the Government may have released or disclosed technical data delivered or otherwise furnished under this contract, shall have no liability for any release or disclosure of technical data that are not marked to indicate that such data are licensed data subject to use, modification, reproduction, release, performance, display, or disclosure restrictions.

(End of clause)

Alternate I (NOV 2009)

As prescribed in 227.7102-3(a)(2), add the following paragraphs (a)(5) and (b)(3) to the basic clause:

(a)(5) "Vessel design" means the design of a vessel, boat, or craft, and its components, including the hull, decks, superstructure, and the exterior surface shape of all external shipboard equipment and systems. The term includes designs covered by 10 U.S.C. 7317, and designs protectable under 17 U.S.C. 1301, *et seq.*

(b)(3) *Vessel designs.* For a vessel design (including a vessel design embodied in a useful article) that is developed or delivered under this contract, the Government shall have the right to make and have made any useful article that embodies the vessel design, to import the article, to sell the article, and to distribute the article for sale or to use the article in trade, to the same extent that the Government is granted rights in the technical data pertaining to the vessel design.

[60 FR 33497, June 28, 1995, as amended at 60 FR 61602, Nov. 30, 1995; 74 FR 61045, Nov. 23, 2009]

252.227-7016 Rights in bid or proposal information.

As prescribed in 227.7103-6(e)(1), 227.7104(e)(1), or 227.7203-6(b), use the following clause:

RIGHTS IN BID OR PROPOSAL INFORMATION (JUN 1995)

(a) *Definitions.* (1) For contracts that require the delivery of technical data, the terms "technical data" and "computer software" are defined in the Rights in Technical Data—Noncommercial Item clause of this contract or, if this is a contract awarded under the Small Business Innovative Research Program, the Rights in Noncommercial Technical Data and Computer Software—Small Business Innovative Research (SBIR) Program clause of this contract.

(2) For contracts that do not require the delivery of technical data, the term “computer software” is defined in the Rights in Noncommercial Computer and Noncommercial Computer Software Documentation clause of this contract or, if this is a contract awarded under the Small Business Innovative Research Program, the Rights in Noncommercial Technical Data and Computer Software—Small Business Innovative Research (SBIR) Program clause of this contract.

(b) *Government rights to contract award.* By submission of its offer, the Offeror agrees that the Government—

(1) May reproduce the bid or proposal, or any portions thereof, to the extent necessary to evaluate the offer.

(2) Except as provided in paragraph (d) of this clause, shall use information contained in the bid or proposal only for evaluational purposes and shall not disclose, directly or indirectly, such information to any person including potential evaluators, unless that person has been authorized by the head of the agency, his or her designee, or the Contracting Officer to receive such information.

(c) *Government rights subsequent to contract award.* The Contractor agrees—

(1) Except as provided in paragraphs (c)(2), (d), and (e) of this clause, the Government shall have the rights to use, modify, reproduce, release, perform, display, or disclose information contained in the Contractor’s bid or proposal within the Government. The Government shall not release, perform, display, or disclose such information outside the Government without the Contractor’s written permission.

(2) The Government’s right to use, modify, reproduce, release, perform, display, or disclose information that is technical data or computer software required to be delivered under this contract are determined by the Rights in Technical Data—Noncommercial Items, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation, or Rights in Noncommercial Technical Data and Computer Software—Small Business Innovative Research (SBIR) Program clause(s) of this contract.

(d) *Government-furnished information.* The Government’s rights with respect to technical data or computer software contained in the Contractor’s bid or proposal that were provided to the Contractor by the Government are subject only to restrictions on use, modification, reproduction, release, performance, display, or disclosure, if any, imposed by the developer or licensor of such data or software.

(e) *Information available without restrictions.* The Government’s rights to use, modify, reproduce, release, perform, display, or, disclose information contained in a bid or proposal, including technical data or computer

software, and to permit others to do so, shall not be restricted in any manner if such information has been released or disclosed to the Government or to other persons without restrictions other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the information to another party or the sale or transfer of some or all of a business entity or its assets to another party.

(f) *Flowdown.* Contractor shall include this clause in all subcontracts or similar contractual instruments and require its subcontractors or suppliers to do so without alteration, except to identify the parties.

252.227-7017 Identification and assertion of use, release, or disclosure restrictions.

As prescribed in 227.7103-3(b), 227.7104(e)(2), or 227.7203-3(a), use the following provision:

IDENTIFICATION AND ASSERTION OF USE, RELEASE, OR DISCLOSURE RESTRICTIONS (JUN 1995)

(a) The terms used in this provision are defined in following clause or clauses contained in this solicitation—

(1) If a successful offeror will be required to deliver technical data, the Rights in Technical Data—Noncommercial Items clause, or, if this solicitation contemplates a contract under the Small Business Innovative Research Program, the Rights in Noncommercial Technical Data and Computer Software—Small Business Innovative Research (SBIR) Program clause.

(2) If a successful offeror will not be required to deliver technical data, the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause, or, if this solicitation contemplates a contract under the Small Business Innovative Research Program, the Rights in Noncommercial Technical Data and Computer Software—Small Business Innovative Research (SBIR) Program clause.

(b) The identification and assertion requirements in this provision apply only to technical data, including computer software documents, or computer software to be delivered with other than unlimited rights. For contracts to be awarded under the Small Business Innovative Research Program, the notification requirements do not apply to technical data or computer software that will be generated under the resulting contract. Notification and identification is not required for restrictions based solely on copyright.

(c) Offers submitted in response to this solicitation shall identify, to the extent known at the time an offer is submitted to the Government, the technical data or computer software that the Offeror, its subcontractors or suppliers, or potential subcontractors or suppliers, assert should be furnished to the Government with restrictions on use, release, or disclosure.

(d) The Offeror's assertions, including the assertions of its subcontractors or suppliers or potential subcontractors or suppliers shall be submitted as an attachment to its offer in

the following format, dated and signed by an official authorized to contractually obligate the Offeror:

Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Technical Data or Computer Software

(e) An offeror's failure to submit, complete, or sign the notification and identification required by paragraph (d) of this provision with its offer may render the offer ineligible for award.

252.227-7018 Rights in noncommercial technical data and computer software—Small Business Innovation Research (SBIR) Program.

As prescribed in 227.7104(a), use the following clause:

RIGHTS IN NONCOMMERCIAL TECHNICAL DATA AND COMPUTER SOFTWARE—SMALL BUSINESS INNOVATION RESEARCH (SBIR) PROGRAM (JUN 1995)

(a) *Definitions.* As used in this clause:

(1) *Commercial computer software* means software developed or regularly used for non-governmental purposes which—

(i) Has been sold, leased, or licensed to the public;

(ii) Has been offered for sale, lease, or license to the public;

(iii) Has not been offered, sold, leased, or licensed to the public but will be available for commercial sale, lease, or license in time to satisfy the delivery requirements of this contract; or

(iv) Satisfies a criterion expressed in paragraph (a)(1)(i), (ii), or (iii) of this clause and would require only minor modification to meet the requirements of this contract.

(2) *Computer database* means a collection of recorded data in a form capable of being processed by a computer. The term does not include computer software.

(3) *Computer program* means a set of instructions, rules, or routines, recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.

(4) *Computer software* means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae, and related

material that would enable the software to be reproduced, re-created, or recompiled. Computer software does not include computer databases or computer software documentation.

(5) *Computer software documentation* means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

(6) *Detailed manufacturing or process data* means technical data that describe the steps, sequences, and conditions of manufacturing, processing or assembly used by the manufacturer to produce an item or component or to perform a process.

(7) *Developed* means—

(i) (Applicable to technical data other than computer software documentation.) An item, component, or process, exists and is workable. Thus, the item or component must have been constructed or the process practiced. Workability is generally established when the item, component, or process has been analyzed or tested sufficiently to demonstrate to reasonable people skilled in the applicable art that there is a high probability that it will operate as intended. Whether, how much, and what type of analysis or testing is required to establish workability depends on the nature of the item, component, or process, and the state of the art. To be considered "developed," the item, component, or process need not be at the stage where it could be offered for sale or sold on the commercial market, nor must the item, component or process be actually reduced to practice within the meaning of Title 35 of the United States Code;

(ii) A computer program has been successfully operated in a computer and tested to the extent sufficient to demonstrate to reasonable persons skilled in the art that the program can reasonably be expected to perform its intended purpose;

(iii) Computer software, other than computer programs, has been tested or analyzed to the extent sufficient to demonstrate to reasonable persons skilled in the art that the software can reasonably be expected to perform its intended purpose; or

(iv) Computer software documentation required to be delivered under a contract has been written, in any medium, in sufficient detail to comply with requirements under that contract.

(8) *Developed exclusively at private expense* means development was accomplished entirely with costs charged to indirect cost pools, costs not allocated to a government contract, or any combination thereof.

(i) Private expense determinations should be made at the lowest practicable level.

(ii) Under fixed-price contracts, when total costs are greater than the firm-fixed-price or

ceiling price of the contract, the additional development costs necessary to complete development shall not be considered when determining whether development was at government, private, or mixed expense.

(9) *Developed exclusively with government funds* means development was not accomplished exclusively or partially at private expense.

(10) *Developed with mixed funding* means development was accomplished partially with costs charged to indirect cost pools and/or costs not allocated to a government contract, and partially with costs charged directly to a government contract.

(11) *Form, fit, and function data* means technical data that describe the required overall physical, functional, and performance characteristics (along with the qualification requirements, if applicable) of an item, component, or process to the extent necessary to permit identification of physically and functionally interchangeable items.

(12) *Generated* means technical data or computer software first created in the performance of this contract.

(13) *Government purpose* means any activity in which the United States Government is a party, including cooperative agreements with international or multi-national defense organizations or sales or transfers by the United States Government to foreign governments or international organizations. Government purposes include competitive procurement, but do not include the rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software for commercial purposes or authorize others to do so.

(14) *Limited rights* means the rights to use, modify, reproduce, release, perform, display, or disclose technical data, in whole or in part, within the Government. The Government may not, without the written permission of the party asserting limited rights, release or disclose the technical data outside the Government, use the technical data for manufacture, or permit the technical data to be used by another party, except that the Government may reproduce, release or disclose such data or permit the use or reproduction of the data by persons outside the Government if reproduction, release, disclosure, or use is—

(i) Necessary for emergency repair and overhaul; or

(ii) A release or disclosure of technical data (other than detailed manufacturing or process data) to, or use of such data by, a foreign government that is in the interest of the Government and is required for evaluational or informational purposes;

(iii) Subject to a prohibition on the further reproduction, release disclosure, or use of the technical data; and

(iv) The Contractor or subcontractor asserting the restriction is notified of such reproduction, release, disclosure, or use.

(15) *Minor modification* means a modification that does not significantly alter the nongovernmental function or purpose of computer software or is of the type customarily provided in the commercial marketplace.

(16) *Noncommercial computer software* means software that does not qualify as commercial computer software under paragraph (a)(1) of this clause.

(17) *Restricted rights* apply only to non-commercial computer software and mean the Government's rights to—

(i) Use a computer program with one computer at one time. The program may not be accessed by more than one terminal or central processing unit or time shared unless otherwise permitted by this contract;

(ii) Transfer a computer program to another Government agency without the further permission of the Contractor if the transferor destroys all copies of the program and related computer software documentation in its possession and notifies the licensor of the transfer. Transferred programs remain subject to the provisions of this clause;

(iii) Make the minimum number of copies of the computer software required for safekeeping (archive), backup, or modification purposes;

(iv) Modify computer software provided that the Government may—

(A) Use the modified software only as provided in paragraphs (a)(17) (i) and (iii) of this clause; and

(B) Not release or disclose the modified software except as provided in paragraphs (a)(17) (ii), (v) and (vi) of this clause;

(v) Permit contractors or subcontractors performing service contracts (see 37.101 of the Federal Acquisition Regulation) in support of this or a related contract to use computer software to diagnose and correct deficiencies in a computer program, to modify computer software to enable a computer program to be combined with, adapted to, or merged with other computer programs or when necessary to respond to urgent tactical situations, provided that—

(A) The Government notifies the party which has granted restricted rights that a release or disclosure to particular contractors or subcontractors was made;

(B) Such contractors or subcontractors are subject to the non-disclosure agreement at 227.7103-7 of the Defense Federal Acquisition Regulation Supplement (DFARS) or are Government contractors receiving access to the software for performance of a Government contract that contains the clause at DFARS 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends;

(C) The Government shall not permit the recipient to decompile, disassemble, or reverse engineer the software, or use software decompiled, disassembled, or reverse engineered by the Government pursuant to paragraph (a)(17)(iv) of this clause, for any other purpose; and

(D) Such use is subject to the limitation in paragraph (a)(17)(i) of this clause; and

(vi) Permit contractors or subcontractors performing emergency repairs or overhaul of items or components of items, procured under this or a related contract to use the computer software when necessary to perform the repairs or overhaul, or to modify the computer software to reflect the repairs or overhaul made, provided that—

(A) The intended recipient is subject to the non-disclosure agreement at DFARS 227.7103-7 or is a Government contractor receiving access to the software for performance of a Government contract that contains the clause at DFARS 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends; and

(B) The Government shall not permit the recipient to decompile, disassemble, or reverse engineer the software, or use software decompiled, disassembled, or reverse engineered by the Government pursuant to paragraph (a)(17)(iv) of this clause, for any other purpose.

(18) *SBIR data rights* means a royalty-free license for the Government, including its support service contractors, to use, modify, reproduce, release, perform, display, or disclose technical data or computer software generated and delivered under this contract for any United States Government purpose.

(19) *Technical data* means recorded information, regardless of the form or method of the recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or data incidental to contract administration, such as financial and/or management information.

(20) *Unlimited rights* means rights to use, modify, reproduce, release, perform, display, or disclose, technical data or computer software in whole or in part, in any manner and for any purpose whatsoever, and to have or authorize others to do so.

(b) *Rights in technical data and computer software.* The Contractor grants or shall obtain for the Government the following royalty-free, world-wide, nonexclusive, irrevocable license rights in technical data or noncommercial computer software. All rights not granted to the Government are retained by the Contractor.

(1) *Unlimited rights.* The Government shall have unlimited rights in technical data, including computer software documentation, or computer software generated under this contract that are—

- (i) Form, fit, and function data;
- (ii) Necessary for installation, operation, maintenance, or training purposes (other than detailed manufacturing or process data);
- (iii) Corrections or changes to Government-furnished technical data or computer software;
- (iv) Otherwise publicly available or have been released or disclosed by the Contractor or a subcontractor without restrictions on further use, release or disclosure other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data or computer software to another party or the sale or transfer of some or all of a business entity or its assets to another party;
- (v) Data or software in which the Government has acquired previously unlimited rights under another Government contract or through a specific license; and
- (vi) SBIR data upon expiration of the SBIR data rights period.

(2) *Limited rights.* The Government shall have limited rights in technical data, that were not generated under this contract, pertain to items, components or processes developed exclusively at private expense, and are marked, in accordance with the marking instructions in paragraph (f)(1) of this clause, with the legend prescribed in paragraph (f)(2) of this clause.

(3) *Restricted rights in computer software.* The Government shall have restricted rights in noncommercial computer software required to be delivered or otherwise furnished to the Government under this contract that were developed exclusively at private expense and were not generated under this contract.

(4) *SBIR data rights.* (i) Except for technical data, including computer software documentation, or computer software in which the Government has unlimited rights under paragraph (b)(1) of this clause, the Government shall have SBIR data rights in all technical data or computer software generated under this contract during the period commencing with contract award and ending upon the date five years after completion of the project from which such data were generated.

(ii) The Government may not release or disclose SBIR data to any person, other than its support services contractors, except—

(A) As expressly permitted by the Contractor;

(B) For evaluation purposes; or

(C) A release, disclosure, or use that is necessary for emergency repair or overhaul of items operated by the Government.

(iii) A release or disclosure of SBIR data to the Government's support services contractors, or a release or disclosure under paragraph (b)(4)(ii)(B) or (C) of this clause, may be made only if, prior to release or disclo-

sure, the intended recipient is subject to the use and non-disclosure agreement at DFARS 227.7103-7 or is a Government contractor receiving access to the technical data or software for performance of a Government contract that contains the clause at DFARS 252.227-7025, Limitations on the Use of Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(5) *Specifically negotiated license rights.* The standard license rights granted to the Government under paragraphs (b)(1) through (b)(4) of this clause may be modified by mutual agreement to provide such rights as the parties consider appropriate but shall not provide the Government lesser rights in technical data, including computer software documentation, than are enumerated in paragraph (a)(14) of this clause or lesser rights in computer software than are enumerated in paragraph (a)(17) of this clause. Any rights so negotiated shall be identified in a license agreement made part of this contract.

(6) *Prior government rights.* Technical data, including computer software documentation, or computer software that will be delivered, furnished, or otherwise provided to the Government under this contract, in which the Government has previously obtained rights shall be delivered, furnished, or provided with the pre-existing rights, unless—

(1) The parties have agreed otherwise; or

(ii) Any restrictions on the Government's rights to use, modify, release, perform, display, or disclose the technical data or computer software have expired or no longer apply.

(7) *Release from liability.* The Contractor agrees to release the Government from liability for any release or disclosure of technical data, computer software, or computer software documentation made in accordance with paragraph (a)(14), (a)(17), or (b)(4) of this clause, or in accordance with the terms of a license negotiated under paragraph (b)(5) of this clause, or by others to whom the recipient has released or disclosed the data, software, or documentation and to seek relief solely from the party who has improperly used, modified, reproduced, released, performed, displayed, or disclosed Contractor data or software marked with restrictive legends.

(c) *Rights in derivative computer software or computer software documentation.* The Government shall retain its rights in the unchanged portions of any computer software or computer software documentation delivered under this contract that the Contractor uses to prepare, or includes in, derivative software or documentation.

(d) *Third party copyrighted technical data and computer software.* The Contractor shall not, without the written approval of the Contracting Officer, incorporate any copyrighted technical data, including computer

software documentation, or computer software in the data or software to be delivered under this contract unless the Contractor is the copyright owner or has obtained for the Government the license rights necessary to perfect a license or licenses in the deliverable data or software of the appropriate scope set forth in paragraph (b) of this clause and, prior to delivery of such—

(1) Technical data, has affixed to the transmittal document a statement of the license rights obtained; or

(2) Computer software, has provided a statement of the license rights obtained in a form acceptable to the Contracting Officer.

(e) *Identification and delivery of technical data or computer software to be furnished with restrictions on use, release, or disclosure.* (1) This paragraph does not apply to technical data or computer software that were or will be generated under this contract or to restrictions based solely on copyright.

(2) Except as provided in paragraph (e)(3) of this clause, technical data or computer software that the Contractor asserts should be furnished to the Government with restrictions on use, release, or disclosure is identified in an attachment to this contract (the Attachment). The Contractor shall not deliver any technical data or computer software with restrictive markings unless the technical data or computer software are listed on the Attachment.

(3) In addition to the assertions made in the Attachment, other assertions may be identified after award when based on new information or inadvertent omissions unless the inadvertent omissions would have materially affected the source selection decision. Such identification and assertion shall be submitted to the Contracting Officer as soon as practicable prior to the scheduled date for delivery of the technical data or computer software, in the following format, and signed by an official authorized to contractually obligate the Contractor:

Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Technical Data or Computer Software

The Contractor asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following technical data or computer software should be restricted:

Technical data or computer software to be furnished with restrictions ¹	Basis for assertion ²	Asserted rights category ³	Name of person asserting restrictions ⁴
(LIST)	(LIST)	(LIST)	(LIST)

¹ If the assertion is applicable to items, components, or processes developed at private expense, identify both the technical data and each such item, component, or process.

² Generally, development at private expense, either exclusively or partially, is the only basis for asserting restrictions on the Government's rights to use, release, or disclose technical data or computer software. Indicate whether development was exclusively or partially at private expense. If development was not at private expense, enter the specific reason for asserting that the Government's rights should be restricted.

(End of identification and assertion)

(4) When requested by the Contracting Officer, the Contractor shall provide sufficient information to enable the Contracting Officer to evaluate the Contractor's assertions. The Contracting Officer reserves the right to add the Contractor's assertions to the Attachment and validate any listed assertions, at a later date, in accordance with the procedures of the Validation of Asserted Restrictions—Computer Software and/or Validation of Restrictive Markings on Technical Data clauses of this contract.

(f) *Marking requirements.* The Contractor, and its subcontractors or suppliers, may only assert restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software to be delivered under this contract by marking the deliverable data or software subject to restriction. Except as provided in paragraph (f)(6) of this clause, only the following markings are authorized under this contract: the limited rights legend at paragraph (f)(2) of this clause; the restricted rights legend at paragraph (f)(3) of this clause, the SBIR data rights legend at paragraph (f)(4) of this clause, or the special license rights legend at paragraphs (f)(5) of this clause; and/or a notice of copyright as prescribed under 17 U.S.C. 401 or 402.

(1) *General marking instructions.* The Contractor, or its subcontractors or suppliers, shall conspicuously and legibly mark the appropriate legend to all technical data and computer software that qualify for such markings. The authorized legends shall be placed on the transmittal document or storage container and, for printed material, each page of the printed material containing technical data or computer software for which restrictions are asserted. When only portions of a page of printed material are subject to the asserted restrictions, such portions shall be identified by circling, underscoring, with a note, or other appropriate identifier. Technical data or computer software transmitted directly from one computer or computer terminal to another shall contain a notice of asserted restrictions. However, instructions that interfere with or delay the operation of

computer software in order to display a restrictive rights legend or other license statement at any time prior to or during use of the computer software, or otherwise cause such interference or delay, shall not be inserted in software that will or might be used in combat or situations that simulate combat conditions, unless the Contracting Officer's written permission to deliver such software has been obtained prior to delivery. Reproductions of technical data, computer software, or any portions thereof subject to asserted restrictions shall also reproduce the asserted restrictions.

(2) *Limited rights markings.* Technical data not generated under this contract that pertain to items, components, or processes developed exclusively at private expense and delivered or otherwise furnished with limited rights shall be marked with the following legend:

Limited Rights

Contract No. _____
 Contractor Name _____
 Contractor Address _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data are restricted by paragraph (b)(2) of the Rights in Noncommercial Technical Data and Computer Software—Small Business Innovative Research (SBIR) Program clause contained in the above identified contract. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such data must promptly notify the above named Contractor.

(End of legend)

(3) *Restricted rights markings.* Computer software delivered or otherwise furnished to the Government with restricted rights shall be marked with the following legend:

Restricted Rights

Contract No. _____
 Contractor Name _____
 Contractor Address _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this software are restricted by paragraph (b)(3) of the Rights in Noncommercial Technical Data and Computer Software—Small Business Innovative Research (SBIR) Program clause contained in the above identified contract. Any reproduction of computer software or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Gov-

ernment, who has been provided access to such data must promptly notify the above named Contractor.

(End of legend)

(4) *SBIR data rights markings:* Except for technical data or computer software in which the Government has acquired unlimited rights under paragraph (b)(1) of this clause, or negotiated special license rights as provided in paragraph (b)(5) of this clause, technical data or computer software generated under this contract shall be marked with the following legend. The Contractor shall enter the expiration date for the SBIR data rights period on the legend:

SBIR Data Rights

Contract No. _____
 Contractor Name _____
 Address _____

Expiration of SBIR Data Rights Period _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software marked with this legend are restricted during the period shown as provided in paragraph (b)(4) of the Rights in Noncommercial Technical Data and Computer Software—Small Business Innovative Research (SBIR) Program clause contained in the above identified contract. No restrictions apply after the expiration date shown above. Any reproduction of technical data, computer software, or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(5) *Special license rights markings.* (i) Technical data or computer software in which the Government's rights stem from a specifically negotiated license shall be marked with the following legend:

Special License Rights

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this technical data or computer software are restricted by Contract No. _____ (Insert contract number) _____, License No. _____ (Insert license identifier) _____. Any reproduction of technical data, computer software, or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(ii) For purposes of this clause, special licenses do not include government purpose license rights acquired under a prior contract (see paragraph (b)(6) of this clause).

(6) *Pre-existing data markings.* If the terms of a prior contract or license permitted the Contractor to restrict the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software, and those restrictions are still applicable, the Contractor may mark such data or software with the appropriate restrictive legend for which the data or software qualified under the prior contract or license. The marking procedures in paragraph (f)(1) of this clause shall be followed.

(g) *Contractor procedures and records.* Throughout performance of this contract, the Contractor, and its subcontractors or suppliers that will deliver technical data or computer software with other than unlimited rights, shall—

(1) Have, maintain, and follow written procedures sufficient to assure that restrictive markings are used only when authorized by the terms of this clause; and

(2) Maintain records sufficient to justify the validity of any restrictive markings on technical data or computer software delivered under this contract.

(h) *Removal of unjustified and nonconforming markings—(1) Unjustified markings.* The rights and obligations of the parties regarding the validation of restrictive markings on technical data or computer software furnished or to be furnished under this contract are contained in the Validation of Restrictive Markings on Technical Data and the Validation of Asserted Restrictions—Computer Software clauses of this contract, respectively. Notwithstanding any provision of this contract concerning inspection and acceptance, the Government may ignore or, at the Contractor's expense, correct or strike a marking if, in accordance with the applicable procedures of those clauses, a restrictive marking is determined to be unjustified.

(2) *Nonconforming markings.* A nonconforming marking is a marking placed on technical data or computer software delivered or otherwise furnished to the Government under this contract that is not in the format authorized by this contract. Correction of nonconforming markings is not subject to the Validation of Restrictive Markings on Technical Data or the Validation of Asserted Restrictions—Computer Software clause of this contract. If the Contracting Officer notifies the Contractor of a nonconforming marking or markings and the Contractor fails to remove or correct such markings within sixty (6) days, the Government may ignore or, at the Contractor's expense, remove or correct any nonconforming markings.

(1) *Relation to patents.* Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other

right otherwise granted to the Government under any patent.

(j) *Limitation on charges for rights in technical data or computer software.* (1) The Contractor shall not charge to this contract any cost, including but not limited to, license fees, royalties, or similar charges, for rights in technical data or computer software to be delivered under this contract when—

(i) The Government has acquired, by any means, the same or greater rights in the data or software; or

(ii) The data are available to the public without restrictions.

(2) The limitation in paragraph (j)(1) of this clause—

(i) Includes costs charged by a subcontractor or supplier, at any tier, or costs incurred by the Contractor to acquire rights in subcontractor of supplier technical data or computer software, if the subcontractor or supplier has been paid for such rights under any other Government contract or under a license conveying the rights to the Government; and

(ii) Does not include the reasonable costs of reproducing, handling, or mailing the documents or other media in which the technical data or computer software will be delivered.

(k) *Applicability to subcontractors or suppliers.* (1) the Contractor shall assure that the rights afforded its subcontractors and suppliers under 10 U.S.C. 2320, 10 U.S.C. 2321, and the identification, assertion, and delivery processes required by paragraph (e) of this clause are recognized and protected.

(2) Whenever any noncommercial technical data or computer software is to be obtained from a subcontractor or supplier for delivery to the Government under this contract, the Contractor shall use this same clause in the subcontract or other contractual instrument, and require its subcontractors or suppliers to do so, without alteration, except to identify the parties. The Contractor shall use the Technical Data—Commercial Items clause of this contract to obtain technical data pertaining to commercial items, components, or processes. No other clause shall be used to enlarge or diminish the Government's, the Contractor's, or a higher tier subcontractor's or supplier's rights in a subcontractor's or supplier's technical data or computer software.

(3) Technical data required to be delivered by a subcontractor or supplier shall normally be delivered to the next higher tier contractor, subcontractor, or supplier. However, when there is a requirement in the prime contract for technical data which may be submitted with other than unlimited rights by a subcontractor or supplier, then said subcontractor or supplier may fulfill its requirement by submitting such technical data directly to the Government, rather

than through a higher tier contractor, subcontractor, or supplier.

(4) The Contractor and higher tier subcontractors or suppliers shall not use their power to award contracts as economic leverage to obtain rights in technical data or computer software from their subcontractors or suppliers.

(5) In no event shall the Contractor use its obligation to recognize and protect subcontractor or supplier rights in technical data or computer software as an excuse for failing to satisfy its contractual obligation to the Government.

(End of clause)

Alternate I (JUN 1995). As prescribed in 227.7104(d), add the following paragraph (1) to the basic clause:

(1) *Publication for sale.* (1) This paragraph applies only to technical data or computer software delivered to the Government with SBIR data rights.

(2) Upon expiration of the SBIR data rights period, the Government will not exercise its right to publish or authorize others to publish an item of technical data or computer software identified in this contract as being subject to paragraph (1) of this clause if the Contractor, prior to the expiration of the SBIR data rights period, or within two years following delivery of the data or software item, or within twenty-four months following the removal of any national security or export control restrictions, whichever is later, publishes such data or software item(s) and promptly notifies the Contracting Officer of such publication(s). Any such publication(s) shall include a notice identifying the number of this contract and the Government's rights in the published data.

(3) This limitation on the Government's right to publish for sale shall continue as long as the technical data or computer software are reasonably available to the public for purchase.

[60 FR 33499, June 28, 1995, as amended at 60 FR 61602, Nov. 30, 1995]

252.227-7019 Validation of asserted restrictions—Computer software.

As prescribed in 227.7104(e)(3) or 227.7203-6(c), use the following clause:

VALIDATION OF ASSERTED RESTRICTIONS—
COMPUTER SOFTWARE (JUN 1995)

(a) *Definitions.* (1) As used in this clause, unless otherwise specifically indicated, the term "Contractor" means the Contractor and its subcontractors or suppliers.

(2) Other terms used in this clause are defined in the Rights in Noncommercial Computer Software and Noncommercial Com-

puter Software Documentation clause of this contract.

(b) *Justification.* The Contractor shall maintain records sufficient to justify the validity of any markings that assert restrictions on the Government's rights to use, modify, reproduce, perform, display, release, or disclose computer software delivered or required to be delivered under this contract and shall be prepared to furnish to the Contracting Officer a written justification for such restrictive markings in response to a request for information under paragraph (d) or a challenge under paragraph (f) of this clause.

(c) *Direct contact with subcontractors or suppliers.* The Contractor agrees that the Contracting Officer may transact matters under this clause directly with subcontractors or suppliers at any tier who assert restrictions on the Government's right to use, modify, reproduce, release, perform, display, or disclose computer software. Neither this clause, nor any action taken by the Government under this clause, creates or implies privity of contract between the Government and the Contractor's subcontractors or suppliers.

(d) *Requests for information.* (1) The Contracting Officer may request the Contractor to provide sufficient information to enable the Contracting Officer to evaluate the Contractor's asserted restrictions. Such information shall be based upon the records required by this clause or other information reasonably available to the Contractor.

(2) Based upon the information provided, if the—

(i) Contractor agrees that an asserted restriction is not valid, the Contracting Officer may—

(A) Strike or correct the unjustified marking at the Contractor's expense; or

(B) Return the computer software to the Contractor for correction at the Contractor's expense. If the Contractor fails to correct or strike the unjustified restrictions and return the corrected software to the Contracting Officer within sixty (60) days following receipt of the software, the Contracting Officer may correct the strike the markings at the Contractor's expense.

(ii) Contracting Officer concludes that the asserted restriction is appropriate for this contract, the Contracting Officer shall so notify the Contractor in writing.

(3) The Contractor's failure to provide a timely response to a Contracting Officer's request for information or failure to provide sufficient information to enable the Contracting Officer to evaluate an asserted restriction shall constitute reasonable grounds for questioning the validity of an asserted restriction.

(e) *Government right to challenge and validate asserted restrictions.* (1) The Government, when there are reasonable grounds to do so,

has the right to review and challenge the validity of any restrictions asserted by the Contractor on the Government's rights to use, modify, reproduce, release, perform, display, or disclose computer software delivered, to be delivered under this contract, or otherwise provided to the Government in the performance of this contract. Except for software that is publicly available, has been furnished to the Government without restrictions, or has been otherwise made available without restrictions, the Government may exercise this right only within three years after the date(s) the software is delivered or otherwise furnished to the Government, or three years following final payment under this contract, whichever is later.

(2) The absence of a challenge to an asserted restriction shall not constitute validation under this clause. Only a Contracting Officer's final decision or actions of an agency Board of Contract Appeals or a court of competent jurisdiction that sustain the validity of an asserted restriction constitute validation of the restriction.

(f) *Challenge procedures.* (1) A challenge must be in writing and shall—

(i) State the specific grounds for challenging the asserted restriction;

(ii) Require the Contractor to respond within sixty (60) days;

(iii) Require the Contractor to provide justification for the assertion based upon records kept in accordance with paragraph (b) of this clause and such other documentation that are reasonably available to the Contractor, in sufficient detail to enable the Contracting Officer to determine the validity of the asserted restrictions; and

(iv) State that a Contracting Officer's final decision, during the three-year period preceding this challenge, or action of a court of competent jurisdiction or Board of Contract Appeals that sustained the validity of an identical assertion made by the Contractor (or a licensee) shall serve as justification for the asserted restriction.

(2) The Contracting Officer shall extend the time for response if the Contractor submits a written request showing the need for additional time to prepare a response.

(3) The Contracting Officer may request additional supporting documentation if, in the Contracting Officer's opinion, the Contractor's explanation does not provide sufficient evidence to justify the validity of the asserted restrictions. The Contractor agrees to promptly respond to the Contracting Officer's request for additional supporting documentation.

(4) Notwithstanding challenge by the Contracting Officer, the parties may agree on the disposition of an asserted restriction at any time prior to a Contracting Officer's final decision or, if the Contractor has appealed that decision, filed suit, or provided notice of an intent to file suit, at any time

prior to a decision by a court of competent jurisdiction or Board of Contract Appeals.

(5) If the Contractor fails to respond to the Contracting Officer's request for information or additional information under paragraph (f)(1) of this clause, the Contracting Officer shall issue a final decision, in accordance with the Disputes clause of this contract, pertaining to the validity of the asserted restriction.

(6) If the Contracting Officer, after reviewing the written explanation furnished pursuant to paragraph (f)(1) of this clause, or any other available information pertaining to the validity of an asserted restriction, determines that the asserted restriction has—

(i) Not been justified, the Contracting Officer shall issue promptly a final decision, in accordance with the Disputes clause of this contract, denying the validity of the asserted restriction; or

(ii) Been justified, the Contracting Officer shall issue promptly a final decision, in accordance with the Disputes clause of this contract, validating the asserted restriction.

(7) A Contractor receiving challenges to the same asserted restriction(s) from more than one Contracting Officer shall notify each Contracting Officer of the other challenges. The notice shall also state which Contracting Officer initiated the first in time unanswered challenge. The Contracting Officer who initiated the first in time unanswered challenge, after consultation with the other Contracting Officers who have challenged the restrictions and the Contractor, shall formulate and distribute a schedule that provides the contractor a reasonable opportunity for responding to each challenge.

(g) *Contractor appeal—Government obligation.* (1) The Government agrees that, notwithstanding a Contracting Officer's final decision denying the validity of an asserted restriction and except as provided in paragraph (g)(3) of this clause, it will honor the asserted restriction—

(i) For a period of ninety (90) days from the date of the Contracting Officer's final decision to allow the Contractor to appeal to the appropriate Board of Contract Appeals or to file suit in an appropriate court;

(ii) For a period of one year from the date of the Contracting Officer's final decision if, within the first ninety (90) days following the Contracting Officer's final decision, the Contractor has provided notice of an intent to file suit in an appropriate court; or

(iii) Until final disposition by the appropriate Board of Contract Appeals or court of competent jurisdiction, if the Contractor has: (A) appealed to the Board of Contract Appeals or filed suit in an appropriate court within ninety (90) days; or (B) submitted, within ninety (90) days, a notice of intent to file suit in an appropriate court and filed suit within one year.

(2) The Contractor agrees that the Government may strike, correct, or ignore the restrictive markings if the Contractor fails to—

(i) Appeal to a Board of Contract Appeals within ninety (90) days from the date of the Contracting Officer's final decision;

(ii) File suit in an appropriate court within ninety (90) days from such date; or

(iii) File suit within one year after the date of the Contracting Officer's final decision if the Contractor had provided notice of intent to file suit within ninety (90) days following the date of the Contracting Officer's final decision.

(3) The agency head, on a nondelegable basis, may determine that urgent or compelling circumstances do not permit awaiting the filing of suit in an appropriate court, or the rendering of a decision by a court of competent jurisdiction or Board of Contract Appeals. In that event, the agency head shall notify the Contractor of the urgent or compelling circumstances. Notwithstanding paragraph (g)(1) of this clause, the Contractor agrees that the agency may use, modify, reproduce, release, perform, display, or disclose computer software marked with (i) government purpose legends for any purpose, and authorize others to do so; or (ii) restricted or special license rights for government purposes only. The Government agrees not to release or disclose such software unless, prior to release or disclosure, the intended recipient is subject to the use and non-disclosure agreement at 227.7103-7 of the Defense Federal Acquisition Regulation Supplement (DFARS), or is a Government contractor receiving access to the software for performance of a Government contract that contains the clause at DFARS 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. The agency head's determination may be made at any time after the date of the Contracting Officer's final decision and shall not affect the Contractor's right to damages against the United States, or other relief provided by law, if its asserted restrictions are ultimately upheld.

(h) *Final disposition of appeal or suit.* If the Contractor appeals or files suit and if, upon final disposition of the appeal or suit, the Contracting Officer's decision is:

(1) Sustained—

(i) Any restrictive marking on such computer software shall be struck or corrected at the contractor's expense or ignored; and

(ii) If the asserted restriction is found not to be substantially justified, the Contractor shall be liable to the Government for payment of the cost to the Government of reviewing the asserted restriction and the fees and other expenses (as defined in 28 U.S.C. 2412(d)(2)(A)) incurred by the Government in challenging the restriction, unless special

circumstances would make such payment unjust.

(2) Not sustained—

(i) The Government shall be bound by the asserted restriction; and

(ii) If the challenge by the Government is found not to have been made in good faith, the Government shall be liable to the Contractor for payment of fees and other expenses (as defined in 28 U.S.C. 2412(d)(2)(A)) incurred by the Contractor in defending the restriction.

(i) *Flowdown.* The Contractor shall insert this clause in all contracts, purchase orders, and other similar instruments with its subcontractors or suppliers, at any tier, who will be furnishing computer software to the Government in the performance of this contract. The clause may not be altered other than to identify the appropriate parties.

(End of clause)

[60 FR 33503, June 28, 1995]

252.227-7020 Rights in special works.

As prescribed in 227.7105-3, 227.7106(a) or 227.7205(a), use the following clause:

RIGHTS IN SPECIAL WORKS (JUN 1995)

(a) *Applicability.* This clause applies to works first created, generated, or produced and required to be delivered under this contract.

(b) *Definitions.* As used in this clause:

(1) "Computer data base" means a collection of data recorded in a form capable of being processed by a computer. The term does not include computer software.

(2) "Computer program" means a set of instructions, rules, or routines recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.

(3) "Computer software" means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae and related material that would enable the software to be reproduced, recreated, or recompiled. Computer software does not include computer data bases or computer software documentation.

All rights reserved."

For phonorecords, the "©" markings shall be replaced by a "P".

(3) The Contractor grants to the Government a royalty-free, world-wide, nonexclusive, irrevocable license to reproduce, prepare derivative works from, distribute, perform, or display, and to have or authorize others to do so, the Contractor's copyrighted works not first produced, created, or generated under this contract that have been incorporated into the works deliverable under this contract.

(d) *Third party copyrighted data.* The Contractor shall not incorporate, without the written approval of the Contracting Officer, any copyrighted works in the works to be delivered under this contract unless the Contractor is the copyright owner or has obtained for the Government the license rights necessary to perfect a license of the scope identified in paragraph (c)(3) of this clause and, prior to delivery of such works—

(1) Has affixed to the transmittal document a statement of the license rights obtained; or

(2) For computer software, has provided a statement of the license rights obtained in a form acceptable to the Contracting Officer.

(e) *Indemnification.* The Contractor shall indemnify and save and hold harmless the Government, and its officers, agents and employees acting for the Government, against any liability, including costs and expenses, (1) for violation of proprietary rights, copyrights, or rights of privacy or publicity, arising out of the creation, delivery, use, modification, reproduction, release, performance, display, or disclosure of any works furnished under this contract, or (2) based upon any libelous or other unlawful matter contained in such works.

LIMITATIONS ON THE USE OR DISCLOSURE OF GOVERNMENT-FURNISHED INFORMATION MARKED WITH RESTRICTIVE LEGENDS (JUN 1995)

(a)(1) For contracts requiring the delivery of technical data, the terms "limited rights" and "Government purpose rights" are defined in the Rights in Technical Data—Non-commercial Items clause of this contract.

(2) For contracts that do not require the delivery of technical data, the terms "government purpose rights" and "restricted rights" are defined in the Rights in Non-commercial Computer Software and Non-commercial Computer Software Documentation clause of this contract.

(3) For Small Business Innovative Research program contracts, the terms "limited rights" and "restricted rights" are defined in the Rights in Noncommercial Technical Data and Computer Software—Small Business Innovative Research (SBIR) Program clause of this contract.

(b) Technical data or computer software provided to the Contractor as Government furnished information (GFI) under this contract may be subject to restrictions on use, modification, reproduction, release, performance, display, or further disclosure.

(1) *GFI marked with limited or restricted rights legends.* The Contractor shall use, modify, reproduce, perform, or display technical data received from the Government with limited rights legends or computer software received with restricted rights legends only in the performance of this contract. The Contractor shall not, without the express written permission of the party whose name appears in the restrictive legend, use, modify, reproduce, release, perform, or display such data or software for any commercial purpose or disclose such data or software to a person other than its subcontractors, suppliers, or prospective subcontractors or suppliers, who require the data or software to submit offers for, or perform, contracts under this contract. The Contractor shall modify paragraph (1)(c) of the non-disclosure agreement to reflect the recipient's obligations regarding use, modification, reproduction, release, performance, display, and disclosure of the data or software.

(c) *Indemnification and creation of third party beneficiary rights.* The Contractor agrees—

(1) To indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses, arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of technical data or computer software received from the Government with restrictive legends by the Contractor or any person to whom the Contractor has released or disclosed such data or software; and

(2) That the party whose name appears on the restrictive legend, in addition to any other rights it may have, is a third party beneficiary who has the right of direct action against the Contractor, or any person to whom the Contractor has released or disclosed such data or software, for the unauthorized duplication, release, or disclosure of technical data or computer software subject to restrictive legends.

amount unless a lesser withholding is specified in the contract. Payments shall not be withheld nor any other action taken pursuant to this paragraph when the Contractor’s failure to make timely delivery or to deliver such data without deficiencies arises out of causes beyond the control and without the fault or negligence of the Contractor.

The United States Government may duplicate, use, and disclose in any manner for any purposes whatsoever, including delivery to other governments for the furtherance of mutual defense of the United States Government and other governments, all technical data including reports, drawings and blueprints, and all computer software, specified to be delivered by the Contractor to the United States Government under this contract.

252.227-7034—252.227-7036 [Reserved]

252.227-7037 Validation of restrictive markings on technical data.

As prescribed in 227.7102-3(c), 227.7103-6(e)(3), 227.7104(e)(5), or 227.7203-6(f), use the following clause:

VALIDATION OF RESTRICTIVE MARKINGS ON
TECHNICAL DATA (SEP 1999)

(a) *Definitions.* The terms used in this clause are defined in the Rights in Technical Data—Noncommercial Items clause of this contract.

(b) *Contracts for commercial items—presumption of development at private expense.* Under a contract for a commercial item, component, or process, the Department of Defense shall presume that a Contractor's asserted use or release restrictions are justified on the basis that the item, component, or process was developed exclusively at private expense. The Department shall not challenge such assertions unless information the Department provides demonstrates that the item, component, or process was not developed exclusively at private expense.

(c) *Justification.* The Contractor or subcontractor at any tier is responsible for maintaining records sufficient to justify the validity of its markings that impose restrictions on the Government and others to use, duplicate, or disclose technical data delivered or required to be delivered under the contract or subcontract. Except under contracts for commercial items, the Contractor or subcontractor shall be prepared to furnish to the Contracting Officer a written justification for such restrictive markings in response to a challenge under paragraph (e) of this clause.

(d) *Prechallenge request for information.* (1) The Contracting Officer may request the Contractor or subcontractor to furnish a written explanation for any restriction asserted by the Contractor or subcontractor on the right of the United States or others to use technical data. If, upon review of the explanation submitted, the Contracting Officer remains unable to ascertain the basis of the restrictive marking, the Contracting Officer may further request the Contractor or subcontractor to furnish additional information in the records of, or otherwise in the possession of or reasonably available to, the Contractor or subcontractor to justify the validity of any restrictive marking on technical data delivered or to be delivered under the contract or subcontract (e.g., a statement of facts accompanied with supporting docu-

mentation). The Contractor or subcontractor shall submit such written data as requested by the Contracting Officer within the time required or such longer period as may be mutually agreed.

(2) If the Contracting Officer, after reviewing the written data furnished pursuant to paragraph (d)(1) of this clause, or any other available information pertaining to the validity of a restrictive marking, determines that reasonable grounds exist to question the current validity of the marking and that continued adherence to the marking would make impracticable the subsequent competitive acquisition of the item, component, or process to which the technical data relates, the Contracting Officer shall follow the procedures in paragraph (e) of this clause.

(3) If the Contractor or subcontractor fails to respond to the Contracting Officer's request for information under paragraph (d)(1) of this clause, and the Contracting Officer determines that continued adherence to the marking would make impracticable the subsequent competitive acquisition of the item, component, or process to which the technical data relates, the Contracting Officer may challenge the validity of the marking as described in paragraph (e) of this clause.

(e) *Challenge.* (1) Notwithstanding any provision of this contract concerning inspection and acceptance, if the Contracting Officer determines that a challenge to the restrictive marking is warranted, the Contracting Officer shall send a written challenge notice to the Contractor or subcontractor asserting the restrictive markings. Such challenge shall—

(i) State the specific grounds for challenging the asserted restriction;

(ii) Require a response within sixty (60) days justifying and providing sufficient evidence as to the current validity of the asserted restriction;

(iii) State that a DoD Contracting Officer's final decision, issued pursuant to paragraph (g) of this clause, sustaining the validity of a restrictive marking identical to the asserted restriction, within the three-year period preceding the challenge, shall serve as justification for the asserted restriction if the validated restriction was asserted by the same Contractor or subcontractor (or any licensee of such Contractor or subcontractor) to which such notice is being provided; and

(iv) State that failure to respond to the challenge notice may result in issuance of a final decision pursuant to paragraph (f) of this clause.

(2) The Contracting Officer shall extend the time for response as appropriate if the Contractor or subcontractor submits a written request showing the need for additional time to prepare a response.

(3) The Contractor's or subcontractor's written response shall be considered a claim within the meaning of the Contract Disputes

Act of 1978 (41 U.S.C. 601, et seq.), and shall be certified in the form prescribed at 33.207 of the Federal Acquisition Regulation, regardless of dollar amount.

(4) A Contractor or subcontractor receiving challenges to the same restrictive markings from more than one Contracting Officer shall notify each Contracting Officer of the existence of more than one challenge. The notice shall also state which Contracting Officer initiated the first in time unanswered challenge. The Contracting Officer initiating the first in time unanswered challenge after consultation with the Contractor or subcontractor and the other Contracting Officers, shall formulate and distribute a schedule for responding to each of the challenge notices to all interested parties. The schedule shall afford the Contractor or subcontractor an opportunity to respond to each challenge notice. All parties will be bound by this schedule.

(f) *Final decision when Contractor or subcontractor fails to respond.* Upon a failure of a Contractor or subcontractor to submit any response to the challenge notice, other than a failure to respond under a contract for commercial items, the Contracting Officer will issue a final decision to the Contractor or subcontractor in accordance with the Disputes clause of this contract pertaining to the validity of the asserted restriction. This final decision shall be issued as soon as possible after the expiration of the time period of paragraph (e)(1)(ii) or (e)(2) of this clause. Following issuance of the final decision, the Contracting Officer will comply with the procedures in paragraphs (g)(2) (ii) through (iv) of this clause.

(g) *Final decision when Contractor or subcontractor responds.* (1) If the Contracting Officer determines that the Contractor or subcontractor has justified the validity of the restrictive marking, the Contracting Officer shall issue a final decision to the Contractor or subcontractor sustaining the validity of the restrictive marking, and stating that the Government will continue to be bound by the restrictive marking. This final decision shall be issued within sixty (60) days after receipt of the Contractor's or subcontractor's response to the challenge notice, or within such longer period that the Contracting Officer has notified the Contractor or subcontractor that the Government will require. The notification of a longer period for issuance of a final decision will be made within sixty (60) days after receipt of the response to the challenge notice.

(2)(i) If the Contracting Officer determines that the validity of the restrictive marking is not justified, the Contracting Officer shall issue a final decision to the Contractor or subcontractor in accordance with the Disputes clause of this contract. Notwithstanding paragraph (e) of the Disputes clause, the final decision shall be issued

within sixty (60) days after receipt of the Contractor's or subcontractor's response to the challenge notice, or within such longer period that the Contracting Officer has notified the Contractor or subcontractor of the longer period that the Government will require. The notification of a longer period for issuance of a final decision will be made within sixty (60) days after receipt of the response to the challenge notice.

(ii) The Government agrees that it will continue to be bound by the restrictive marking of a period of ninety (90) days from the issuance of the Contracting Officer's final decision under paragraph (g)(2)(i) of this clause. The Contractor or subcontractor agrees that, if it intends to file suit in the United States Claims Court it will provide a notice of intent to file suit to the Contracting Officer within ninety (90) days from the issuance of the Contracting Officer's final decision under paragraph (g)(2)(i) of this clause. If the Contractor or subcontractor fails to appeal, file suit, or provide a notice of intent to file suit to the Contracting Officer within the ninety (90)-day period, the Government may cancel or ignore the restrictive markings, and the failure of the Contractor or subcontractor to take the required action constitutes agreement with such Government action.

(iii) The Government agrees that it will continue to be bound by the restrictive marking where a notice of intent to file suit in the United States Claims Court is provided to the Contracting Officer within ninety (90) days from the issuance of the final decision under paragraph (g)(2)(i) of this clause. The Government will no longer be bound, and the Contractor or subcontractor agrees that the Government may strike or ignore the restrictive markings, if the Contractor or subcontractor fails to file its suit within one (1) year after issuance of the final decision. Notwithstanding the foregoing, where the head of an agency determines, on a nondelegable basis, that urgent or compelling circumstances will not permit waiting for the filing of a suit in the United States Claims Court, the Contractor or subcontractor agrees that the agency may, following notice to the Contractor or subcontractor, authorize release or disclosure of the technical data. Such agency determination may be made at any time after issuance of the final decision and will not affect the Contractor's or subcontractor's right to damages against the United States where its restrictive markings are ultimately upheld or to pursue other relief, if any, as may be provided by law.

(iv) The Government agrees that it will be bound by the restrictive marking where an appeal or suit is filed pursuant to the Contract Disputes Act until final disposition by an agency Board of Contract Appeals or the

United States Claims Court. Notwithstanding the foregoing, where the head of an agency determines, on a nondelegable basis, following notice to the Contractor that urgent or compelling circumstances will not permit awaiting the decision by such Board of Contract Appeals or the United States Claims Court, the Contractor or subcontractor agrees that the agency may authorize release or disclosure of the technical data. Such agency determination may be made at any time after issuance of the final decision and will not affect the Contractor's or subcontractor's right to damages against the United States where its restrictive markings are ultimately upheld or to pursue other relief, if any, as may be provided by law.

(h) *Final disposition of appeal or suit.* (1) If the Contractor or subcontractor appeals or files suit and if, upon final disposition of the appeal or suit, the Contracting Officer's decision is sustained—

(i) The restrictive marking on the technical data shall be cancelled, corrected or ignored; and

(ii) If the restrictive marking is found not to be substantially justified, the Contractor or subcontractor, as appropriate, shall be liable to the Government for payment of the cost to the Government of reviewing the restrictive marking and the fees and other expenses (as defined in 28 U.S.C. 2412(d)(2)(A)) incurred by the Government in challenging the marking, unless special circumstances would make such payment unjust.

(2) If the Contractor or subcontractor appeals or files suit and if, upon final disposition of the appeal or suit, the Contracting Officer's decision is not sustained—

(i) The Government shall continue to be bound by the restrictive marking; and

(ii) The Government shall be liable to the Contractor or subcontractor for payment of fees and other expenses (as defined in 28 U.S.C. 2412(d)(2)(A)) incurred by the Contractor or subcontractor in defending the marking, if the challenge by the Government is found not to have been made in good faith.

(i) *Duration of right to challenge.* The Government may review the validity of any restriction on technical data, delivered or to be delivered under a contract, asserted by the Contractor or subcontractor. During the period within three (3) years of final payment on a contract or within three (3) years of delivery of the technical data to the Government, whichever is later, the Contracting Officer may review and make a written determination to challenge the restriction. The Government may, however, challenge a restriction on the release, disclosure or use of technical data at any time if such technical data—

(1) Is publicly available;

(2) Has been furnished to the United States without restriction; or

(3) Has been otherwise made available without restriction. Only the Contracting Officer's final decision resolving a formal challenge by sustaining the validity of a restrictive marking constitutes "validation" as addressed in 10 U.S.C. 2321.

(j) *Decision not to challenge.* A decision by the Government, or a determination by the Contracting Officer, to not challenge the restrictive marking or asserted restriction shall not constitute "validation."

(k) *Privity of contract.* The Contractor or subcontractor agrees that the Contracting Officer may transact matters under this clause directly with subcontractors at any tier that assert restrictive markings. However, this clause neither creates nor implies privity of contract between the Government and subcontractors.

(l) *Flowdown.* The Contractor or subcontractor agrees to insert this clause in contractual instruments with its subcontractors or suppliers at any tier requiring the delivery of technical data, except contractual instruments for commercial items or commercial components.

(End of clause)

(3) Any nonprofit scientific or educational organization qualified under a State nonprofit organization statute.

Practical application means—

(1)(i) To manufacture, in the case of a composition or product;

(ii) To practice, in the case of a process or method; or

(iii) To operate, in the case of a machine or system; and

(2) In each case, under such conditions as to establish that—

(i) The invention is being utilized; and

(ii) The benefits of the invention are, to the extent permitted by law or Government regulations, available to the public on reasonable terms.

Subject invention means any invention of the Contractor made in the performance of work under this contract.

(b) *Contractor's rights*—(1) *Ownership*. The Contractor may elect to retain ownership of each subject invention throughout the world in accordance with the provisions of this clause.

(2) *License*. (i) The Contractor shall retain a nonexclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, unless the Contractor fails to disclose the invention within the times specified in paragraph (c) of this clause. The Contractor's license—

(A) Extends to any domestic subsidiaries and affiliates within the corporate structure of which the Contractor is a part;

(B) Includes the right to grant sublicenses to the extent the Contractor was legally obligated to do so at the time of contract award; and

(C) Is transferable only with the approval of the agency, except when transferred to the successor of that part of the Contractor's business to which the invention pertains.

(ii) The agency—

(A) May revoke or modify the Contractor's domestic license to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with 37 CFR Part 404 and agency licensing regulations;

(B) Will not revoke the license in that field of use or the geographical areas in which the Contractor has achieved practical application and continues to make the benefits of the invention reasonably accessible to the public; and

(C) May revoke or modify the license in any foreign country to the extent the Contractor, its licensees, or the domestic subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(iii) Before revoking or modifying the license, the agency—

(A) Will furnish the Contractor a written notice of its intention to revoke or modify the license; and

(B) Will allow the Contractor 30 days (or such other time as the funding agency may authorize for good cause shown by the Contractor) after the notice to show cause why the license should not be revoked or modified.

(iv) The Contractor has the right to appeal, in accordance with 37 CFR part 404 and agency regulations, concerning the licensing of Government-owned inventions, any decision concerning the revocation or modification of the license.

(c) *Contractor's obligations*. (1) The Contractor shall—

(i) Disclose, in writing, each subject invention to the Contracting Officer within 2 months after the inventor discloses it in writing to Contractor personnel responsible for patent matters, or within 6 months after the Contractor first becomes aware that a subject invention has been made, whichever is earlier;

(ii) Include in the disclosure—

(A) The inventor(s) and the contract under which the invention was made;

(B) Sufficient technical detail to convey a clear understanding of the invention; and

(C) Any publication, on sale (i.e., sale or offer for sale), or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication; and

(iii) After submission of the disclosure, promptly notify the Contracting Officer of the acceptance of any manuscript describing the invention for publication and of any on sale or public use.

(2) The Contractor shall elect in writing whether or not to retain ownership of any subject invention by notifying the Contracting Officer at the time of disclosure or within 8 months of disclosure, as to those countries (including the United States) in which the Contractor will retain ownership. However, in any case where publication, on sale, or public use has initiated the 1-year statutory period during which valid patent protection can be obtained in the United States, the agency may shorten the period of election of title to a date that is no more than 60 days prior to the end of the statutory period.

(3) The Contractor shall—

(i) File either a provisional or a nonprovisional patent application on an elected subject invention within 1 year after election, provided that in all cases the application is filed prior to the end of any statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use;

(ii) File a nonprovisional application within 10 months of the filing of any provisional application; and

(iii) File patent applications in additional countries or international patent offices within either 10 months of the first filed patent application (whether provisional or nonprovisional) or 6 months from the date the Commissioner of Patents grants permission to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) The Contractor may request extensions of time for disclosure, election, or filing under paragraphs (c)(1), (2), and (3) of this clause. The Contracting Officer will normally grant the extension unless there is reason to believe the extension would prejudice the Government's interests.

(d) *Government's rights*—(1) *Ownership*. The Contractor shall assign to the agency, upon written request, title to any subject invention—

(i) If the Contractor elects not to retain title to a subject invention;

(ii) If the Contractor fails to disclose or elect the subject invention within the times specified in paragraph (c) of this clause and the agency requests title within 60 days after learning of the Contractor's failure to report or elect within the specified times;

(iii) In those countries in which the Contractor fails to file patent applications within the times specified in paragraph (c) of this clause, provided that, if the Contractor has filed a patent application in a country after the times specified in paragraph (c) of this clause, but prior to its receipt of the written request of the agency, the Contractor shall continue to retain ownership in that country; and

(iv) In any country in which the Contractor decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in reexamination or opposition proceeding on, a patent on a subject invention.

(2) *License*. If the Contractor retains ownership of any subject invention, the Government shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice, or have practiced for or on behalf of the United States, the subject invention throughout the world.

(e) *Contractor action to protect the Government's interest*. (1) The Contractor shall execute or have executed and promptly deliver to the agency all instruments necessary to—

(i) Establish or confirm the rights the Government has throughout the world in those subject inventions in which the Contractor elects to retain ownership; and

(ii) Assign title to the agency when requested under paragraph (d)(1) of this clause and enable the Government to obtain patent protection for that subject invention in any country.

(2) The Contractor shall—

(i) Require, by written agreement, its employees, other than clerical and nontechnical employees, to—

(A) Disclose each subject invention promptly in writing to personnel identified as responsible for the administration of patent matters, so that the Contractor can comply with the disclosure provisions in paragraph (c) of this clause; and

(B) Provide the disclosure in the Contractor's format, which should require, as a minimum, the information required by paragraph (c)(1) of this clause;

(ii) Instruct its employees, through employee agreements or other suitable educational programs, as to the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or statutory foreign bars; and

(iii) Execute all papers necessary to file patent applications on subject inventions and to establish the Government's rights in the subject inventions.

(3) The Contractor shall notify the Contracting Officer of any decisions not to file a nonprovisional patent application, continue the prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less than 30 days before the expiration of the response or filing period required by the relevant patent office.

(4) The Contractor shall include, within the specification of any United States nonprovisional patent application and any patent issuing thereon covering a subject invention, the following statement: "This invention was made with Government support under (identify the contract) awarded by (identify the agency). The Government has certain rights in this invention."

(5) The Contractor shall—

(i) Establish and maintain active and effective procedures to ensure that subject inventions are promptly identified and disclosed to Contractor personnel responsible for patent matters;

(ii) Include in these procedures the maintenance of—

(A) Laboratory notebooks or equivalent records and other records as are reasonably necessary to document the conception and/or the first actual reduction to practice of subject inventions; and

(B) Records that show that the procedures for identifying and disclosing the inventions are followed; and

(iii) Upon request, furnish the Contracting Officer a description of these procedures for evaluation and for determination as to their effectiveness.

(6) The Contractor shall, when licensing a subject invention, arrange to—

(i) Avoid royalty charges on acquisitions involving Government funds, including funds derived through the Government's Military

Assistance Program or otherwise derived through the Government;

(ii) Refund any amounts received as royalty charges on the subject inventions in acquisitions for, or on behalf of, the Government; and

(iii) Provide for the refund in any instrument transferring rights in the invention to any party.

(7) The Contractor shall furnish to the Contracting Officer the following:

(i) Interim reports every 12 months (or any longer period as may be specified by the Contracting Officer) from the date of the contract, listing subject inventions during that period and stating that all subject inventions have been disclosed or that there are no subject inventions.

(ii) A final report, within 3 months after completion of the contracted work, listing all subject inventions or stating that there were no subject inventions, and listing all subcontracts at any tier containing a patent rights clause or stating that there were no subcontracts.

(8)(i) The Contractor shall promptly notify the Contracting Officer in writing upon the award of any subcontract at any tier containing a patent rights clause by identifying—

- (A) The subcontractor;
- (B) The applicable patent rights clause;
- (C) The work to be performed under the subcontract; and
- (D) The dates of award and estimated completion.

(ii) The Contractor shall furnish, upon request, a copy of the subcontract, and no more frequently than annually, a listing of the subcontracts that have been awarded.

(9) In the event of a refusal by a prospective subcontractor to accept one of the clauses specified in paragraph (1)(1) of this clause, the Contractor—

(i) Shall promptly submit a written notice to the Contracting Officer setting forth the subcontractor's reasons for the refusal and other pertinent information that may expedite disposition of the matter; and

(ii) Shall not proceed with that subcontract without the written authorization of the Contracting Officer.

(10) The Contractor shall provide to the Contracting Officer, upon request, the following information for any subject invention for which the Contractor has retained ownership:

- (i) Filing date.
- (ii) Serial number and title.
- (iii) A copy of any patent application (including an English-language version if filed in a language other than English).
- (iv) Patent number and issue date.

(11) The Contractor shall furnish to the Government, upon request, an irrevocable power to inspect and make copies of any patent application file.

(f) *Reporting on utilization of subject inventions.* (1) The Contractor shall—

(i) Submit upon request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts in obtaining utilization of the subject invention that are being made by the Contractor or its licensees or assignees;

(ii) Include in the reports information regarding the status of development, date of first commercial sale or use, gross royalties received by the Contractor, and other information as the agency may reasonably specify; and

(iii) Provide additional reports that the agency may request in connection with any march-in proceedings undertaken by the agency in accordance with paragraph (h) of this clause.

(2) To the extent permitted by law, the agency shall not disclose the information provided under paragraph (f)(1) of this clause to persons outside the Government without the Contractor's permission, if the data or information is considered by the Contractor or its licensee or assignee to be "privileged and confidential" (see 5 U.S.C. 552(b)(4)) and is so marked.

(g) *Preference for United States industry.* Notwithstanding any other provision of this clause, the Contractor agrees that neither the Contractor nor any assignee shall grant to any person the exclusive right to use or sell any subject invention in the United States unless the person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the agency may waive the requirement for an exclusive license agreement upon a showing by the Contractor or its assignee that—

(1) Reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States; or

(2) Under the circumstances, domestic manufacture is not commercially feasible.

(h) *March-in rights.* The Contractor acknowledges that, with respect to any subject invention in which it has retained ownership, the agency has the right to require licensing pursuant to 35 U.S.C. 203 and 210(c), 37 CFR 401.6, and any supplemental regulations of the agency in effect on the date of contract award.

(i) *Other inventions.* Nothing contained in this clause shall be deemed to grant to the Government any rights with respect to any invention other than a subject invention.

(j) *Examination of records relating to inventions.* (1) The Contracting Officer or any authorized representative shall, until 3 years after final payment under this contract,

have the right to examine any books (including laboratory notebooks), records, and documents of the Contractor relating to the conception or first reduction to practice of inventions in the same field of technology as the work under this contract to determine whether—

- (i) Any inventions are subject inventions;
 - (ii) The Contractor has established procedures required by paragraph (e)(5) of this clause; and
 - (iii) The Contractor and its inventors have complied with the procedures.
- (2) If the Contracting Officer learns of an unreported Contractor invention that the Contracting Officer believes may be a subject invention, the Contractor shall be required to disclose the invention to the agency for a determination of ownership rights.
- (3) Any examination of records under this paragraph (j) shall be subject to appropriate conditions to protect the confidentiality of the information involved.

(k) *Withholding of payment (this paragraph does not apply to subcontracts).* (1) Any time before final payment under this contract, the Contracting Officer may, in the Government's interest, withhold payment until a reserve not exceeding \$50,000 or 5 percent of the amount of the contract, whichever is less, is set aside if, in the Contracting Officer's opinion, the Contractor fails to—

- (i) Establish, maintain, and follow effective procedures for identifying and disclosing subject inventions pursuant to paragraph (e)(5) of this clause;
- (ii) Disclose any subject invention pursuant to paragraph (c)(1) of this clause;
- (iii) Deliver acceptable interim reports pursuant to paragraph (e)(7)(i) of this clause; or
- (iv) Provide the information regarding subcontracts pursuant to paragraph (e)(8) of this clause.

(2) The reserve or balance shall be withheld until the Contracting Officer has determined that the Contractor has rectified whatever deficiencies exist and has delivered all reports, disclosures, and other information required by this clause.

(3) The Government will not make final payment under this contract before the Contractor delivers to the Contracting Officer—

- (i) All disclosures of subject inventions required by paragraph (c)(1) of this clause;
- (ii) An acceptable final report pursuant to paragraph (e)(7)(ii) of this clause; and
- (iii) All past due confirmatory instruments.

(4) The Contracting Officer may decrease or increase the sums withheld up to the maximum authorized in paragraph (k)(1) of this clause. No amount shall be withheld under this paragraph while the amount specified by this paragraph is being withheld under other provisions of the contract. The withholding of any amount or the subsequent payment

thereof shall not be construed as a waiver of any Government right.

(l) *Subcontracts.* (1) The Contractor—

(i) Shall include the substance of the Patent Rights-Ownership by the Contractor clause set forth at 52.227-11 of the Federal Acquisition Regulation (FAR), in all subcontracts for experimental, developmental, or research work to be performed by a small business concern or nonprofit organization; and

(ii) Shall include the substance of this clause, including this paragraph (l), in all other subcontracts for experimental, developmental, or research work, unless a different patent rights clause is required by FAR 27.303.

(2) For subcontracts at any tier—

(i) The patents rights clause included in the subcontract shall retain all references to the Government and shall provide to the subcontractor all the rights and obligations provided to the Contractor in the clause. The Contractor shall not, as consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions; and

(ii) The Government, the Contractor, and the subcontractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and the Government with respect to those matters covered by this clause. However, nothing in this paragraph is intended to confer any jurisdiction under the Contract Disputes Act in connection with proceedings under paragraph (h) of this clause.

(End of clause)

Alternate I (DEC 2007). As prescribed in 227.303(2)(ii), add the following paragraph (b)(2)(v) to the basic clause:

*

*[*Contracting Officer to complete with the names of applicable existing treaties or international agreements. This paragraph is not intended to apply to treaties or agreements that are in effect on the date of the award but are not listed.]*

Alternate II (DEC 2007). As prescribed in 227.303(2)(iii), add the following paragraph (b)(2)(v) to the basic clause:

(B) Exercise those license or other rights that are necessary for the Government to

meet its obligations to foreign governments, their nationals, and international organizations under any treaties or international agreement with respect to subject inventions made after the date of the amendment.

252.228-7000 Reimbursement for war-hazard losses.

As prescribed in 228.370(a), use the following clause:

REIMBURSEMENT FOR WAR-HAZARD LOSSES
(DEC 1991)

(a) Costs for providing employee war-hazard benefits in accordance with paragraph (b) of the Workers' Compensation and War-Hazard Insurance clause of this contract are allowable if the Contractor—

(1) Submits proof of loss files to support payment or denial of each claim;

(2) Subject to Contracting Officer approval, makes lump sum final settlement of any open claims and obtains necessary release documents within one year of the expiration or termination of this contract, unless otherwise extended by the Contracting Officer; and

(3) Provides the Contracting Officer at the time of final settlement of this contract—

(i) An investigation report and evaluation of any potential claim; and

(ii) An estimate of the dollar amount involved should the potential claim mature.

(b) The cost of insurance for liabilities reimbursable under this clause is not allowable.

(c) The Contracting Officer may require the Contractor to assign to the Government all right, title, and interest to any refund, rebate, or recapture arising out of any claim settlements.

(d) The Contractor agrees to—

(1) Investigate and promptly notify the Contracting Officer in writing of any occurrence which may give rise to a claim or potential claim, including the estimated amount of the claim;

(2) Give the Contracting Officer immediate written notice of any suit or action filed which may result in a payment under this clause; and

(3) Provide assistance to the Government in connection with any third party suit or claim relating to this clause which the Government elects to prosecute or defend in its own behalf.

(End of clause)

252.228-7001 Ground and flight risk.

As prescribed in 228.370(b), use the following clause:

GROUND AND FLIGHT RISK (JUN 2010)

(a) *Definitions.* As used in this clause—

(1) *Aircraft*, unless otherwise provided in the contract

Schedule, means—

(i) Aircraft to be delivered to the Government under this contract (either before or after Government acceptance), including complete aircraft and aircraft in the process of being manufactured, disassembled, or reassembled; provided that an engine, portion of a wing, or a wing is attached to a fuselage of the aircraft;

(ii) Aircraft, whether in a state of disassembly or reassembly, furnished by the Government to the Contractor under this contract, including all Government property installed, in the process of installation, or temporarily removed; provided that the aircraft and property are not covered by a separate bailment agreement;

(iii) Aircraft furnished by the Contractor under this contract (either before or after Government acceptance); or

(iv) Conventional winged aircraft, as well as helicopters, vertical take-off or landing aircraft, lighter-than-air airships, unmanned aerial vehicles, or other nonconventional aircraft specified in this contract.

(2) *Contractor's managerial personnel* means the Contractor's directors, officers, and any of the Contractor's managers, superintendents, or other equivalent representatives who have supervision or direction of—

(i) All or substantially all of the Contractor's business;

(ii) All or substantially all of the Contractor's operation at any one plant or separate location; or

(iii) A separate and complete major industrial operation.

(3) *Contractor's premises* means those premises, including subcontractors' premises, designated in the Schedule or in writing by the Contracting Officer, and any other place the aircraft is moved for safeguarding.

(4) *Flight* means any flight demonstration, flight test, taxi test, or other flight made in the performance of this contract, or for the purpose of safeguarding the aircraft, or previously approved in writing by the Contracting Officer.

(i) For land-based aircraft, "flight" begins with the taxi roll from a flight line on the Contractor's premises and continues until the aircraft has completed the taxi roll in returning to a flight line on the Contractor's premises.

(ii) For seaplanes, "flight" begins with the launching from a ramp on the Contractor's premises and continues until the aircraft has completed its landing run and is beached at a ramp on the Contractor's premises.

(iii) For helicopters, "flight" begins upon engagement of the rotors for the purpose of take-off from the Contractor's premises and continues until the aircraft has returned to the ground on the Contractor's premises and the rotors are disengaged.

(iv) For vertical take-off or landing aircraft, "flight" begins upon disengagement from any launching platform or device on the Contractor's premises and continues until the aircraft has been engaged to any launching platform or device on the Contractor's premises.

(v) All aircraft off the Contractor's premises shall be considered to be in flight when on the ground or water for reasonable periods of time following emergency landings, landings made in performance of this contract, or landings approved in writing by the Contracting Officer.

(5) *Flight crew member* means the pilot, the co-pilot, and, unless otherwise provided in the Schedule, the flight engineer, navigator, and bombardier-navigator when assigned to their respective crew positions for the purpose of conducting any flight on behalf of the Contractor. It also includes any pilot or operator of an unmanned aerial vehicle. If required, a defense systems operator may also be assigned as a flight crew member.

(6) *In the open* means located wholly outside of buildings on the Contractor's premises or other places described in the Schedule

as being "in the open." Government-furnished aircraft shall be considered to be located "in the open" at all times while in the Contractor's possession, care, custody, or control.

(7) *Operation* means operations and tests of the aircraft and its installed equipment, accessories, and power plants, while the aircraft is in the open or in motion. The term does not apply to aircraft on any production line or in flight.

(b) *Combined regulation/instruction.* The Contractor shall be bound by the operating procedures contained in the combined regulation/instruction entitled "Contractor's Flight and Ground Operations" (Air Force Instruction 10-220, Army Regulation 95-20, NAVAIR Instruction 3710.1 (Series), Coast Guard Instruction M13020.3, and Defense Contract Management Agency Instruction 8210.1) in effect on the date of contract award.

(c) *Government as self-insurer.* Subject to the conditions in paragraph (d) of this clause, the Government self-insures and assumes the risk of damage to, or loss or destruction of aircraft "in the open," during "operation," and in "flight," except as may be specifically provided in the Schedule as an exception to this clause. The Contractor shall not be liable to the Government for such damage, loss, or destruction beyond the Contractor's share of loss amount under the Government's self-insurance.

(d) *Conditions for Government's self-insurance.* The Government's assumption of risk for aircraft in the open shall continue unless the Contracting Officer finds that the Contractor has failed to comply with paragraph (b) of this clause, or that the aircraft is in the open under unreasonable conditions, and the Contractor fails to take prompt corrective action.

(1) The Contracting Officer, when finding that the Contractor has failed to comply with paragraph (b) of this clause or that the aircraft is in the open under unreasonable conditions, shall notify the Contractor in writing and shall require the Contractor to make corrections within a reasonable time.

(2) Upon receipt of the notice, the Contractor shall promptly correct the cited conditions, regardless of whether there is agreement that the conditions are unreasonable.

(i) If the Contracting Officer later determines that the cited conditions were not unreasonable, an equitable adjustment shall be made in the contract price for any additional costs incurred in correcting the conditions.

(ii) Any dispute as to the unreasonableness of the conditions or the equitable adjustment shall be considered a dispute under the Disputes clause of this contract.

(3) If the Contracting Officer finds that the Contractor failed to act promptly to correct the cited conditions or failed to correct the conditions within a reasonable time, the

Contracting Officer may terminate the Government's assumption of risk for any aircraft in the open under the cited conditions. The termination will be effective at 12:01 a.m. on the fifteenth day following the day the written notice is received by the Contractor.

(i) If the Contracting Officer later determines that the Contractor acted promptly to correct the cited conditions or that the time taken by the Contractor was not unreasonable, an equitable adjustment shall be made in the contract price for any additional costs incurred as a result of termination of the Government's assumption of risk.

(ii) Any dispute as to the timeliness of the Contractor's action or the equitable adjustment shall be considered a dispute under the Disputes clause of this contract.

(4) If the Government terminates its assumption of risk pursuant to the terms of this clause—

(i) The Contractor shall thereafter assume the entire risk for damage, loss, or destruction of the affected aircraft;

(ii) Any costs incurred by the Contractor (including the costs of the Contractor's self-insurance, insurance premiums paid to insure the Contractor's assumption of risk, deductibles associated with such purchased insurance, etc.) to mitigate its assumption of risk are unallowable costs; and

(iii) The liability provisions of the Government Property clause of this contract are not applicable to the affected aircraft.

(5) The Contractor shall promptly notify the Contracting Officer when unreasonable conditions have been corrected.

(i) If, upon receipt of the Contractor's notice of the correction of the unreasonable conditions, the Government elects to again assume the risk of loss and relieve the Contractor of its liability for damage, loss, or destruction of the aircraft, the Contracting Officer will notify the Contractor of the Contracting Officer's decision to resume the Government's risk of loss. The Contractor shall be entitled to an equitable adjustment in the contract price for any insurance costs extending from the end of the third working day after the Government's receipt of the Contractor's notice of correction until the Contractor is notified that the Government will resume the risk of loss.

(ii) If the Government does not again assume the risk of loss and the unreasonable conditions have been corrected, the Contractor shall be entitled to an equitable adjustment for insurance costs, if any, extending after the third working day after the Government's receipt of the Contractor's notice of correction.

(6) The Government's termination of its assumption of risk of loss does not relieve the Contractor of its obligation to comply with all other provisions of this clause, including the combined regulation/instruction entitled

"Contractor's Flight and Ground Operations."

(e) *Exclusions from the Government's assumption of risk.* The Government's assumption of risk shall not extend to damage, loss, or destruction of aircraft which—

(1) Results from failure of the Contractor, due to willful misconduct or lack of good faith of any of the Contractor's managerial personnel, to maintain and administer a program for the protection and preservation of aircraft in the open and during operation in accordance with sound industrial practice, including oversight of a subcontractor's program;

(2) Is sustained during flight if either the flight or the flight crew members have not been approved in advance of any flight in writing by the Government Flight Representative, who has been authorized in accordance with the combined regulation/instruction entitled "Contractor's Flight and Ground Operations";

(3) Occurs in the course of transportation by rail, or by conveyance on public streets, highways, or waterways, except for Government-furnished property;

(4) Is covered by insurance;

(5) Consists of wear and tear; deterioration (including rust and corrosion); freezing; or mechanical, structural, or electrical breakdown or failure, unless these are the result of other loss, damage or destruction covered by this clause. (This exclusion does not apply to Government-furnished property if damage consists of reasonable wear and tear or deterioration, or results from inherent vice, *e.g.*, a known condition or design defect in the property); or

(6) Is sustained while the aircraft is being worked on and is a direct result of the work unless such damage, loss, or destruction would be covered by insurance which would have been maintained by the Contractor, but for the Government's assumption of risk.

(f) *Contractor's share of loss and Contractor's deductible under the Government's self-insurance.* (1) The Contractor assumes the risk of loss and shall be responsible for the Contractor's share of loss under the Government's self-insurance. That share is the lesser of—

(i) The first \$100,000 of loss or damage to aircraft in the open, during operation, or in flight resulting from each separate event, except for reasonable wear and tear and to the extent the loss or damage is caused by negligence of Government personnel; or

(ii) Twenty percent of the price or estimated cost of this contract.

(2) If the Government elects to require that the aircraft be replaced or restored by the Contractor to its condition immediately prior to the damage, the equitable adjustment in the price authorized by paragraph (j) of this clause shall not include the dollar amount of the risk assumed by the Contractor.

(3) In the event the Government does not elect repair or replacement, the Contractor agrees to credit the contract price or pay the Government, as directed by the Contracting Officer, the lesser of—

- (i) \$100,000;
- (ii) Twenty percent of the price or estimated cost of this contract; or
- (iii) The amount of the loss.

(4) For task order and delivery order contracts, the Contractor's share of the loss shall be the lesser of \$100,000 or twenty percent of the combined total price or total estimated cost of those orders issued to date to which the clause applies.

(5) The costs incurred by the Contractor for its share of the loss and for insuring against that loss are unallowable costs, including but not limited to—

- (i) The Contractor's share of loss under the Government's self-insurance;
- (ii) The costs of the Contractor's self-insurance;
- (iii) The deductible for any Contractor-purchased insurance;
- (iv) Insurance premiums paid for Contractor-purchased insurance; and
- (v) Costs associated with determining, litigating, and defending against the Contractor's liability.

(g) *Subcontractor possession or control.* The Contractor shall not be relieved from liability for damage, loss, or destruction of aircraft while such aircraft is in the possession or control of its subcontractors, except to the extent that the subcontract, with the written approval of the Contracting Officer, provides for relief from each liability. In the absence of approval, the subcontract shall contain provisions requiring the return of aircraft in as good condition as when received, except for reasonable wear and tear or for the utilization of the property in accordance with the provisions of this contract.

(h) *Contractor's exclusion of insurance costs.* The Contractor warrants that the contract price does not and will not include, except as may be authorized in this clause, any charge or contingency reserve for insurance covering damage, loss, or destruction of aircraft while in the open, during operation, or in flight when the risk has been assumed by the Government, including the Contractor share of loss in this clause, even if the assumption may be terminated for aircraft in the open.

(i) *Procedures in the event of loss.* (1) In the event of damage, loss, or destruction of aircraft in the open, during operation, or in flight, the Contractor shall take all reasonable steps to protect the aircraft from further damage, to separate damaged and undamaged aircraft, and to put all aircraft in the best possible order. Except in cases covered by paragraph (f)(2) of this clause, the Contractor shall furnish to the Contracting Officer a statement of—

(i) The damaged, lost, or destroyed aircraft;

(ii) The time and origin of the damage, loss, or destruction;

(iii) All known interests in commingled property of which aircraft are a part; and

(iv) The insurance, if any, covering the interest in commingled property.

(2) The Contracting Officer will make an equitable adjustment for expenditures made by the Contractor in performing the obligations under this paragraph.

(j) *Loss prior to delivery.*

(1) If prior to delivery and acceptance by the Government, aircraft is damaged, lost, or destroyed and the Government assumed the risk, the Government shall either—

(i) Require that the aircraft be replaced or restored by the Contractor to the condition immediately prior to the damage, in which event the Contracting Officer will make an equitable adjustment in the contract price and the time for contract performance; or

(ii) Terminate this contract with respect to the aircraft. Notwithstanding the provisions in any other termination clause under this contract, in the event of termination, the Contractor shall be paid the contract price for the aircraft (or, if applicable, any work to be performed on the aircraft) less any amount the Contracting Officer determines—

(A) It would have cost the Contractor to complete the aircraft (or any work to be performed on the aircraft) together with anticipated profit on uncompleted work; and

(B) Would be the value of the damaged aircraft or any salvage retained by the Contractor.

(2) The Contracting Officer shall prescribe the manner of disposition of the damaged, lost, or destroyed aircraft, or any parts of the aircraft. If any additional costs of such disposition are incurred by the Contractor, a further equitable adjustment will be made in the amount due the Contractor. Failure of the parties to agree upon termination costs or an equitable adjustment with respect to any aircraft shall be considered a dispute under the Disputes clause of this contract.

(k) *Reimbursement from a third party.* In the event the Contractor is reimbursed or compensated by a third party for damage, loss, or destruction of aircraft and has also been compensated by the Government, the Contractor shall equitably reimburse the Government. The Contractor shall do nothing to prejudice the Government's right to recover against third parties for damage, loss, or destruction. Upon the request of the Contracting Officer or authorized representative, the Contractor shall at Government expense furnish to the Government all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment or subrogation) in obtaining recovery.

(l) *Government acceptance of liability.* To the extent the Government has accepted such liability under other provisions of this contract, the Contractor shall not be reimbursed for liability to third persons for loss or damage to property or for death or bodily injury caused by aircraft during flight unless the flight crew members previously have been approved for this flight in writing by the Government Flight Representative, who has been authorized in accordance with the combined regulation entitled "Contractor's Flight and Ground Operations".

(m) *Subcontracts.* The Contractor shall incorporate the requirements of this clause, including this paragraph (m), in all subcontracts.

(b) The Contractor is hereby designated as a Direct Contractor under the provisions of Complementary Agreement 5, articles 11, 14, 15, 17, and 18 of the Agreement on Friendship, Defense and Cooperation between the United States Government and the Kingdom of Spain, dated July 2, 1982. The Agreement relates to contacts to be performed in whole or part in Spain, the provisions of which are hereby incorporated into and made a part of this contract by reference.

(c) The Contractor shall apply to the appropriate Spanish authorities for approval of status as a Direct Contractor in order to

complete duty-free import of non-Spanish equipment, materials, and supplies represented as necessary for contract performance by the Contracting Officer. Orders for equipment, materials, and supplies placed prior to official notification of such approval shall be at the Contractor's own risk. The Contractor must submit its documentation in sufficient time to permit processing by the appropriate United States and Spanish Government agencies prior to the arrival of the equipment, material, or supplies in Spain. However, if the Contractor demonstrates to the Contracting Officer's satisfaction that the amount retained by the United States Government or guaranteed by the bank is excessive, the amount shall be reduced to an amount commensurate with contingent import tax and duty-free liability. This bank guaranty or fund shall not be released to the Contractor until the Spanish General Directorate of Customs verifies the accounting, export, or disposition of the equipment, material, or supplies imported on a duty-free basis.

ELECTRONIC SUBMISSION OF PAYMENT REQUESTS AND RECEIVING REPORTS (MAR 2008)

(a) *Definitions.* As used in this clause—

(1) *Contract financing payment* and *invoice payment* have the meanings given in section 32.001 of the Federal Acquisition Regulation.

(2) *Electronic form* means any automated system that transmits information electronically from the initiating system to all affected systems. Facsimile, e-mail, and scanned documents are not acceptable electronic forms for submission of payment requests. However, scanned documents are acceptable when they are part of a submission of a payment request made using Wide Area WorkFlow (WAWF) or another electronic form authorized by the Contracting Officer.

(3) *Payment request* means any request for contract financing payment or invoice payment submitted by the Contractor under this contract.

(b) Except as provided in paragraph (c) of this clause, the Contractor shall submit payment requests and receiving reports using WAWF, in one of the following electronic formats that WAWF accepts: Electronic Data Interchange, Secure File Transfer Protocol, or World Wide Web input. Information regarding WAWF is available on the Internet at <https://wawf.eb.mil/>.

252.232-7004

(c) The Contractor may submit a payment request and receiving report using other than WAWF only when—

(1) The Contracting Officer authorizes use of another electronic form. With such an authorization, the Contractor and the Contracting Officer shall agree to a plan, which shall include a timeline, specifying when the Contractor will transfer to WAWF;

(2) DoD is unable to receive a payment request or provide acceptance in electronic form;

(3) The Contracting Officer administering the contract for payment has determined, in writing, that electronic submission would be unduly burdensome to the Contractor. In such cases, the Contractor shall include a copy of the Contracting Officer's determination with each request for payment; or

(4) DoD makes payment for commercial transportation services provided under a Government rate tender or a contract for transportation services using a DoD-approved electronic third party payment system or other exempted vendor payment/invoicing system (e.g., PowerTrack, Transportation Financial Management System, and Cargo and Billing System).

(d) The Contractor shall submit any non-electronic payment requests using the method or methods specified in Section G of the contract.

The Contractor shall include as a separate attachment with each Standard Form (SF) 1443, *Contractor's Request for Progress Payment*, a request for reimbursement of advance payments made to a protégé firm. The attachment shall provide a separate calculation of lines 14a through 14e of SF 1443 for each protégé, reflecting the status of advance payments made to that protégé.

(c) For cost reimbursable contracts, reimbursement of advance payments shall be made via public voucher. The Contractor shall show the amounts of advance payments made to each protégé on the public voucher, in the form and detail directed by the cognizant contracting officer or contract auditor.

252.232-7006 [Reserved]

252.232-7007 Limitation of Government's obligation.

As prescribed in 232.705-70, use the following clause:

LIMITATION OF GOVERNMENT'S OBLIGATION
(MAY 2006)

(a) Contract line item(s) _____ * through _____ * are incrementally funded. For these item(s), the sum of \$ _____ * of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those items(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause, or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the

Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraph (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) or (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

On execution of contract \$ _____
 (month) (day), (year) \$ _____
 (month) (day), (year) \$ _____
 (month) (day), (year) \$ _____

Alternate I (MAY 2006). If only one line item will be incrementally funded, substitute the following paragraph (a) for paragraph (a) of the basic clause.

However, a copy of any part or all of this contract so marked may be furnished, or any information contained herein may be disclosed, to such assignee upon the Contracting Officer's prior written authorization.

(c) Any assignment under this contract shall cover all amounts payable under this contract and not already paid, and shall not be made to more than one party, except that any such assignment may be made to one party as agent or trustee for two or more parties participating in such financing. On each invoice or voucher submitted for payment under this contract to which any assignment applies, and for which direct payment thereof is to be made to an assignee, the Contractor shall—

NOTICE OF EARNED VALUE MANAGEMENT SYSTEM (APR 2008)

(a) If the offeror submits a proposal in the amount of \$50,000,000 or more—

(1) The offeror shall provide documentation that the Cognizant Federal Agency (CFA) has determined that the proposed Earned Value Management System (EVMS) complies with the EVMS guidelines in the American National Standards Institute/Electronic Industries Alliance Standard 748, Earned Value Management Systems (ANSI/EIA-748) (current version at time of solicitation). The Government reserves the right to

48 CFR Ch. 2 (10-1-10 Edition)

perform reviews of the EVMS when deemed necessary to verify compliance.

(2) If the offeror proposes to use a system that has not been determined to be in compliance with the requirements of paragraph (a)(1) of this provision, the offeror shall submit a comprehensive plan for compliance with the guidelines in ANSI/EIA-748.

(i) The plan shall—

(A) Describe the EVMS the offeror intends to use in performance of the contract, and how the proposed EVMS complies with the EVMS guidelines in ANSI/EIA-748;

(B) Distinguish between the offeror's existing management system and modifications proposed to meet the EVMS guidelines;

(C) Describe the management system and its application in terms of the EVMS guidelines;

(D) Describe the proposed procedure for administration of the EVMS guidelines as applied to subcontractors; and

(E) Describe the process the offeror will use to determine subcontractor compliance with ANSI/EIA-748.

(ii) The offeror shall provide information and assistance as required by the Contracting Officer to support review of the plan.

(iii) The offeror's EVMS plan must provide milestones that indicate when the offeror anticipates that the EVMS will be compliant with the guidelines in ANSI/EIA-748.

(b) If the offeror submits a proposal in an amount less than \$50,000,000—

(1) The offeror shall submit a written description of the management procedures it will use and maintain in the performance of any resultant contract to comply with the requirements of the Earned Value Management System clause of the contract. The description shall include—

(i) A matrix that correlates each guideline in ANSI/EIA-748 (current version at time of solicitation) to the corresponding process in the offeror's written management procedures; and

(ii) The process the offeror will use to determine subcontractor compliance with ANSI/EIA-748.

(2) If the offeror proposes to use an EVMS that has been determined by the CFA to be in compliance with the EVMS guidelines in ANSI/EIA-748, the offeror may submit a copy of the documentation of such determination instead of the written description required by paragraph (b)(1) of this provision.

(c) The offeror shall identify the subcontractors (or the subcontracted effort if subcontractors have not been selected) to whom the EVMS requirements will apply. The offeror and the Government shall agree to the subcontractors or the subcontracted effort selected for application of the EVMS requirements. The offeror shall be responsible for ensuring that the selected subcontractors comply with the requirements of

the Earned Value Management System clause of the contract.

[73 FR 21848, Apr. 23, 2008]

252.234-7002 Earned Value Management System.

As prescribed in 234.203(2), use the following clause:

EARNED VALUE MANAGEMENT SYSTEM (APR 2008)

(a) In the performance of this contract, the Contractor shall use—

(1) An Earned Value Management System (EVMS) that complies with the EVMS guidelines in the American National Standards Institute/Electronic Industries Alliance Standard 748, Earned Value Management Systems (ANSI/EIA-748); and

(2) Management procedures that provide for generation of timely, reliable, and verifiable information for the Contract Performance Report (CPR) and the Integrated Master Schedule (IMS) required by the CPR and IMS data items of this contract.

(b) If this contract has a value of \$50,000,000 or more, the Contractor shall use an EVMS that has been determined by the Cognizant Federal Agency (CFA) to be in compliance with the EVMS guidelines as stated in paragraph (a)(1) of this clause. If, at the time of award, the Contractor's EVMS has not been determined by the CFA to be in compliance with the EVMS guidelines as stated in paragraph (a)(1) of this clause, the Contractor shall apply its current system to the contract and shall take necessary actions to meet the milestones in the Contractor's EVMS plan.

(c) If this contract has a value of less than \$50,000,000, the Government will not make a formal determination that the Contractor's EVMS complies with the EVMS guidelines in ANSI/EIA-748 with respect to the contract. The use of the Contractor's EVMS for this contract does not imply a Government determination of the Contractor's compliance with the EVMS guidelines in ANSI/EIA-748 for application to future contracts. The Government will allow the use of a Contractor's EVMS that has been formally reviewed and determined by the CFA to be in compliance with the EVMS guidelines in ANSI/EIA-748.

(d) The Contractor shall submit notification of any proposed substantive changes to the EVMS procedures and the impact of those changes to the CFA. If this contract has a value of \$50,000,000 or more, unless a waiver is granted by the CFA, any EVMS changes proposed by the Contractor require approval of the CFA prior to implementation. The CFA will advise the Contractor of the acceptability of such changes as soon as

practicable (generally within 30 calendar days) after receipt of the Contractor's notice of proposed changes. If the CFA waives the advance approval requirements, the Contractor shall disclose EVMS changes to the CFA at least 14 calendar days prior to the effective date of implementation.

(e) The Government will schedule integrated baseline reviews as early as practicable, and the review process will be conducted not later than 180 calendar days after (1) contract award, (2) the exercise of significant contract options, and (3) the incorporation of major modifications. During such reviews, the Government and the Contractor will jointly assess the Contractor's baseline to be used for performance measurement to ensure complete coverage of the statement of work, logical scheduling of the work activities, adequate resourcing, and identification of inherent risks.

(f) The Contractor shall provide access to all pertinent records and data requested by the Contracting Officer or duly authorized representative as necessary to permit Government surveillance to ensure that the EVMS complies, and continues to comply, with the performance criteria referenced in paragraph (a) of this clause.

(g) When indicated by contract performance, the Contractor shall submit a request for approval to initiate an over-target baseline or over-target schedule to the Contracting Officer. The request shall include a top-level projection of cost and/or schedule growth, a determination of whether or not performance variances will be retained, and a schedule of implementation for the re-baselining. The Government will acknowledge receipt of the request in a timely manner (generally within 30 calendar days).

(h) The Contractor shall require its subcontractors to comply with EVMS requirements as follows:

(1) For subcontracts valued at \$50,000,000 or more, the following subcontractors shall comply with the requirements of this clause:

[Contracting Officer to insert names of subcontractors (or subcontracted effort if subcontractors have not been selected) designated for application of the EVMS requirements of this clause.]

(2) For subcontracts valued at less than \$50,000,000, the following subcontractors shall comply with the requirements of this clause, excluding the requirements of paragraph (b) of this clause:

[Contracting Officer to insert names of subcontractors (or subcontracted effort if subcontractors have not been selected) designated for application of the EVMS requirements of this clause.]

252.235-7000 Indemnification under 10 U.S.C. 2354—fixed price.

As prescribed in 235.070-3, use the following clause:

INDEMNIFICATION UNDER 10 U.S.C. 2354—FIXED PRICE (DEC 1991)

(a) This clause provides for indemnification under 10 U.S.C. 2354 if the Contractor meets all the terms and conditions of this clause.

(b) Claims, losses, and damages covered—

(1) Claims by third persons for death, bodily injury, sickness, or disease, or the loss, damage, or lost use of property. Claims include those for reasonable expenses of litigation or settlement. The term *third persons* includes employees of the contractor;

(2) The loss, damage, and lost use of the Contractor's property, but excluding lost profit; and

(3) Loss, damage, or lost use of the Government's property.

(c) The claim, loss, or damage—

(1) Must arise from the direct performance of this contract;

(2) Must not be compensated by insurance or other means, or be within deductible amounts of the Contractor's insurance;

(3) Must result from an unusually hazardous risk as specifically defined in the contract;

(4) Must not result from willful misconduct or lack of good faith on the part of any of the Contractor's directors or officers, managers, superintendents, or other equivalent representatives who have supervision or direction of—

(i) All or substantially all of the Contractor's business;

(ii) All or substantially all of the Contractor's operations at any one plant or separate location where this contract is being performed; or

(iii) A separate and complete major industrial operation connected with the performance of this contract;

(5) Must not be a liability assumed under any contract or agreement (except for subcontracts covered by paragraph (h) of this clause), unless the Contracting Officer (or in contracts with the Department of the Navy, the Department) specifically approved the assumption of liability; and

(6) Must be certified as just and reasonable by the Secretary of the department or designated representative.

(d) The Contractor shall buy and maintain, to the extent available, insurance against unusually hazardous risks in the form, amount, period(s) of time, at the rate(s), and with such insurers, as the Contracting Officer (or, for Navy contracts, the Department) may from time to time require and approve. If the cost of this insurance is higher than the cost of the insurance the Contractor had as of the date of the contract, the Government shall reimburse the Contractor for the difference in cost, as long as it is properly allocable to this contract and is not included in the contract price. The Government shall not be liable for claims, loss, or damage if insurance was available and is either required or approved under this paragraph.

(e) A reduction of the insurance coverage maintained by the Contractor on the date of the execution of this contract shall not increase the Government's liability under this clause unless the Contracting Officer consents, and the contract price is equitably adjusted, if appropriate, to reflect the Contractor's consideration for the Government's assumption of increased liability.

(f) *Notice.* The Contractor shall—

(1) Promptly notify the Contracting Officer of any occurrence, action, or claim that might trigger the Government's liability under this clause;

(2) Furnish the proof or evidence of any claim, loss, or damage in the form and manner that the Government requires; and

(3) Immediately provide copies of all pertinent papers that the Contractor receives or has received.

(g) The Government may direct, participate in, and supervise the settlement or defense of the claim or action. The Contractor shall comply with the Government's directions and execute any authorizations required.

(h) *Flowdown.* The Government shall indemnify the Contractor if the Contractor has an obligation to indemnify a subcontractor under any subcontract at any tier under this contract for the unusually hazardous risk identified in this contract only if—

(1) The Contracting Officer gave prior written approval for the Contractor to provide in a subcontract for the Contractor to indemnify the subcontractor for unusually hazardous risks defined in this contract;

(2) The Contracting Officer approved those indemnification provisions;

(3) The subcontract indemnification provisions entitle the Contractor, or the Government, or both, to direct, participate in, and supervise the settlement or defense of relevant actions and claims; and

(4) The subcontract provides the same rights and duties, the same provisions for notice, furnishing of papers and the like, between the Contractor and the subcontractor, as exist between the Government and the Contractor under this clause.

(i) The Government may discharge its obligations under paragraph (h) of this clause by making payments directly to subcontractors or to persons to whom the subcontractors may be liable.

(j) The rights and obligations of the parties under this clause shall survive the termination, expiration, or completion of this contract.

(End of clause)

252.235-7001 Indemnification under 10 U.S.C. 2354—cost reimbursement.

As prescribed in 235.070-3, use the following clause:

INDEMNIFICATION UNDER 10 U.S.C. 2354—COST REIMBURSEMENT (DEC 1991)

(a) This clause provides for indemnification under 10 U.S.C. 2354 if the Contractor meets all the terms and conditions of this clause.

(b) Claims, losses, and damages covered—

(1) Claims by third persons for death, bodily injury, sickness, or disease, or the loss, damage, or lost use of property. Claims include those for reasonable expenses of litigation or settlement. The term “third persons” includes employees of the Contractor;

(2) The loss, damage, and lost use of the Contractor’s property, but excluding lost profit; and

(3) Loss, damage, or lost use of the Government’s property.

(c) The claim, loss, or damage—

(2) Must not be compensated by insurance or other means, or be within deductible amounts of the Contractor’s insurance;

(3) Must result from an unusually hazardous risk as specifically defined in the contract;

(4) Must not result from willful misconduct or lack of good faith on the part of any of the Contractor’s directors or officers, managers, superintendents, or other equivalent representatives who have supervision or direction of—

(i) All or substantially all of the Contractor’s business;

(ii) All or substantially all of the Contractor’s operations at any one plant or separate location where this contract is being performed; or

(iii) A separate and complete major industrial operation connected with the performance of this contract;

(5) Must not be a liability assumed under any contract or agreement (except for subcontracts covered by paragraph (i) of this clause), unless the Contracting Officer (or in contracts with the Department of the Navy, the Department) specifically approved the assumption of liability; and

(6) Must be certified as just and reasonable by the Secretary of the department or designated representative.

(d) A reduction of the insurance coverage maintained by the Contractor on the date of the execution of this contract shall not increase the Government’s liability under this clause unless the Contracting Officer consents, and the contract price is equitably adjusted, if appropriate, to reflect the Contractor’s consideration for the Government’s assumption of increased liability.

(e) *Notice.* The Insurance—Liability to Third Persons clause of this contract applies also to claims under this clause. In addition, the Contractor shall—

(1) Promptly notify the Contracting Officer of any occurrence, action, or claim that might trigger the Government’s liability under this clause;

(2) Furnish the proof or evidence of any claim, loss, or damage in the form and manner that the Government requires; and

(3) Immediately provide copies of all pertinent papers that the contractor receives or has received.

(f) The Government may direct, participate in, and supervise the settlement or defense of the claim or action. The Contractor shall comply with the Government’s directions, and execute any authorizations required.

(g) The Limitation of Cost clause of this contract does not apply to the Government’s obligations under this clause. The obligations under this clause are excepted from the release required by the Allowable Cost, Fee, and Payment clause of this contract.

(h) Under this clause, a claim, loss, or damage arises from the direct performance of this contract if the cause of the claim, loss, or damage occurred during the period of performance of this contract or as a result of the performance of this contract.

(i) *Flowdown.* The Government shall indemnify the Contractor if the Contractor has an obligation to indemnify a subcontractor under any subcontract at any tier under this contract for the unusually hazardous risk identified in this contract only if—

(1) The Contracting Officer gave prior written approval for the Contractor to provide in a subcontract for the Contractor to indemnify the subcontractor for unusually hazardous risks defined in this contract;

(2) The Contracting Officer approved those indemnification provisions;

(3) The subcontract indemnification provisions entitle the Contractor, or the Government, or both, to direct, participate in, and supervise the settlement or defense of relevant actions and claims; and

(4) The subcontract provides the same rights and duties, the same provisions for notice, furnishing of paper and the like, between the Contractor and the subcontractor,

252.235-7002

as exist between the Government and the Contractor under this clause.

(j) The Government may discharge its obligations under paragraph (i) of this clause by making payments directly to subcontractors or to persons to whom the subcontractors may be liable.

(k) The rights and obligations of the parties under this clause shall survive the termination, expiration, or completion of this contract.

(1) The suspension will stay in effect until the Contractor complies with the requirements.

(2) Failure to complete corrective action within the time specified by the Contracting Officer may result in termination of this contract and removal of the Contractor's name from the list of contractors with approved Public Health Service Welfare Assurances.

(e) The Contractor may request registration of its facility and a current listing of licensed dealers from the Regional Office of the Animal and Plant Health Inspection Service (APHIS), United States Department of Agriculture (USDA), for the region in which its research facility is located. The location of the appropriate APHIS regional office, as well as information concerning this program may be obtained by contacting the Senior Staff Officer, Animal Care Staff, USDA/APHIS, Federal Center Building, Hyattsville, MD 20782.

FREQUENCY AUTHORIZATION (DEC 1991)

(a) The Contractor shall obtain authorization for radio frequencies required in support of this contract.

(b) For any experimental, developmental, or operational equipment for which the appropriate frequency allocation has not been made, the Contractor shall provide the technical operating characteristics of the proposed electromagnetic radiating device to the Contracting Officer during the initial planning, experimental, or developmental phase of contract performance.

(c) The Contracting Officer shall furnish the procedures for obtaining radio frequency authorization.

(d) The Contractor shall include this clause, including this paragraph (d), in all subcontracts requiring the development, production, construction, testing, or operation of a device for which a radio frequency authorization is required.

(End of clause)

Alternate I (AUG 2008). Substitute the following paragraph (c) for paragraph (c) of the basic clause if agency procedures authorize use of DD Form 1494, Application for Equipment Frequency Allocation:

(c) The Contractor shall use DD Form 1494, Application for Equipment Frequency Allocation, to obtain radio frequency authorization.

252.235-7004 Protection of Human Subjects.

As prescribed in 235.072(e), use the following clause:

PROTECTION OF HUMAN SUBJECTS (JUL 2009)

(a) *Definitions.* As used in this clause—

(1) *Assurance of compliance* means a written assurance that an institution will comply with requirements of 32 CFR Part 219, as well as the terms of the assurance, which the

Human Research Protection Official determines to be appropriate for the research supported by the Department of Defense (DoD) component (32 CFR 219.103).

(2) *Human Research Protection Official (HRPO)* means the individual designated by the head of the applicable DoD component and identified in the component's Human Research Protection Management Plan as the official who is responsible for the oversight and execution of the requirements of this clause, although some DoD components may use a different title for this position.

(3) *Human subject* means a living individual about whom an investigator (whether professional or student) conducting research obtains data through intervention or interaction with the individual, or identifiable private information (32 CFR 219.102(f)). For example, this could include the use of human organs, tissue, and body fluids from individually identifiable living human subjects as well as graphic, written, or recorded information derived from individually identifiable living human subjects.

(4) *Institution* means any public or private entity or agency (32 CFR 219.102(b)).

(5) *Institutional Review Board (IRB)* means a board established for the purposes expressed in 32 CFR Part 219 (32 CFR 219.102(g)).

(6) *IRB approval* means the determination of the IRB that the research has been reviewed and may be conducted at an institution within the constraints set forth by the IRB and by other institutional and Federal requirements (32 CFR 219.102(h)).

(7) *Research* means a systematic investigation, including research, development, testing, and evaluation, designed to develop or contribute to generalizable knowledge. Activities that meet this definition constitute research for purposes of 32 CFR Part 219, whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities (32 CFR 219.102(d)).

(b) The Contractor shall oversee the execution of the research to ensure compliance with this clause. The Contractor shall comply fully with 32 CFR Part 219 and DoD Directive 3216.02, applicable DoD component policies, 10 U.S.C. 980, and, when applicable, Food and Drug Administration policies and regulations.

(c) The Contractor shall not commence performance of research involving human subjects that is covered under 32 CFR Part 219 or that meets exemption criteria under 32 CFR 219.101(b), or expend funding on such effort, until and unless the conditions of either the following paragraph (c)(1) or (c)(2) have been met:

(1) The Contractor furnishes to the HRPO, with a copy to the Contracting Officer, an assurance of compliance and IRB approval

and receives notification from the Contracting Officer that the HRPO has approved the assurance as appropriate for the research under the Statement of Work and also that the HRPO has reviewed the protocol and accepted the IRB approval for compliance with the DoD component policies. The Contractor may furnish evidence of an existing assurance of compliance for acceptance by the HRPO, if an appropriate assurance has been approved in connection with previous research. The Contractor shall notify the Contracting Officer immediately of any suspensions or terminations of the assurance.

(2) The Contractor furnishes to the HRPO, with a copy to the Contracting Officer, a determination that the human research proposed meets exemption criteria in 32 CFR 219.101(b) and receives written notification from the Contracting Officer that the exemption is determined acceptable. The determination shall include citation of the exemption category under 32 CFR 219.101(b) and a rationale statement. In the event of a disagreement regarding the Contractor's furnished exemption determination, the HRPO retains final judgment on what research activities or classes of research are covered or are exempt under the contract.

(d) DoD staff, consultants, and advisory groups may independently review and inspect the Contractor's research and research procedures involving human subjects and, based on such findings, DoD may prohibit research that presents unacceptable hazards or otherwise fails to comply with DoD procedures.

(e) Failure of the Contractor to comply with the requirements of this clause will result in the issuance of a stop-work order under Federal Acquisition Regulation clause 52.242-15 to immediately suspend, in whole or in part, work and further payment under this contract, or will result in other issuance of suspension of work and further payment for as long as determined necessary at the discretion of the Contracting Officer.

(f) The Contractor shall include the substance of this clause, including this paragraph (f), in all subcontracts that may include research involving human subjects in accordance with 32 CFR Part 219, DoD Directive 3216.02, and 10 U.S.C. 980, including research that meets exemption criteria under 32 CFR 219.101(b). This clause does not apply to subcontracts that involve only the use of cadaver materials.

OBSTRUCTION OF NAVIGABLE WATERWAYS
(DEC 1991)

(a) The Contractor shall—

(1) Promptly recover and remove any material, plant, machinery, or appliance which the contractor loses, dumps, throws overboard, sinks, or misplaces, and which, in the opinion of the Contracting Officer, may be dangerous to or obstruct navigation;

(2) Give immediate notice, with description and locations of any such obstructions, to the Contracting Officer; and

(3) When required by the Contracting Officer, mark or buoy such obstructions until the same are removed.

(b) The Contracting Officer may—

PAYMENT FOR MOBILIZATION AND
PREPARATORY WORK (JAN 1997)

(a) The Government will make payment to the Contractor under the procedures in this clause for mobilization and preparatory work under item no. _____.

(b) Payments will be made for actual payments by the Contractor on work pre-

paratory to commencing actual work on the construction items for which payment is provided under the terms of this contract, as follows—

(1) For construction plant and equipment exceeding \$25,000 in value per unit (as appraised by the Contracting Officer at the work site) acquired for the execution of the work;

(2) Transportation of all plant and equipment to the site;

(3) Material purchased for the prosecution of the contract, but not to be incorporated in the work;

(4) Construction of access roads or railroads, camps, trailer courts, mess halls, dormitories or living quarters, field headquarters facilities, and construction yards;

(5) Personal services; and

(6) Hire of plant.

(c) Requests for payment must include—

(1) An account of the Contractor's actual expenditures;

(2) Supporting documentation, including receipted bills or copies of payrolls and freight bills; and

(3) The Contractor's documentation—

(i) Showing that it has acquired the construction plant, equipment, and material free from all encumbrances;

(ii) Agreeing that the construction plant, equipment, and material will not be removed from the site without the written permission of the Contracting Officer; and

(iii) Agreeing that structures and facilities prepared or erected for the prosecution of the contract work will be maintained and not dismantled prior to the completion and acceptance of the entire work, without the written permission of the Contracting Officer.

(d) Upon receiving a request for payment, the Government will make payment, less any prescribed retained percentage, if—

(1) The Contracting Officer finds the—

(i) Construction plant, material, equipment, and the mobilization and preparatory work performed are suitable and necessary to the efficient prosecution of the contract; and

(ii) Preparatory work has been done with proper economy and efficiency.

(2) Payments for construction plant, equipment, material, and structures and facilities prepared or erected for prosecution of the contract work do not exceed—

(i) The Contractor's cost for the work performed less the estimated value upon completion of the contract; and

(iii) 75 percent of the cost to the contractor of items which do have an appreciable salvage value.

(e) (1) Payments will continue to be made for item no. _____, and all payments will

(2) If the total of payments so made does not reduce this item to zero, the balance will be paid to the Contractor in the final payment under the contract.

(3) The retained percentage will be paid in accordance with the Payments to Contractor clause of this contract.

(f) The Contracting Officer shall determine the value and suitability of the construction plant, equipment, materials, structures and facilities. The Contracting Officer's determinations are not subject to appeal.

252.236-7004 Payment for mobilization and demobilization.

As prescribed in 236.570(b)(2), use the following clause:

PAYMENT FOR MOBILIZATION AND DEMOBILIZATION (DEC 1991)

(a) The Government will pay all costs for the mobilization and demobilization of all of the Contractor's plant and equipment at the contract lump sum price for this item.

(1) _____ percent of the lump sum price upon completion of the contractor's mobilization at the work site.

(2) The remaining _____ percent upon completion of demobilization.

(b) The Contracting Officer may require the Contractor to furnish cost data to justify this portion of the bid if the Contracting Officer believes that the percentages in paragraphs (a) (1) and (2) of this clause do not bear a reasonable relation to the cost of the work in this contract.

(1) Failure to justify such price to the satisfaction of the Contracting Officer will result in payment, as determined by the Contracting Officer, of—

(i) Actual mobilization costs at completion of mobilization;

(ii) Actual demobilization costs at completion of demobilization; and

(iii) The remainder of this item in the final payment under this contract.

(2) The Contracting Officer's determination of the actual costs in paragraph (b)(1) of this clause is not subject to appeal.

(End of clause)

252.236-7005 Airfield safety precautions.

As prescribed in 236.570(b)(3), use the following clause. At some airfields, the

48 CFR Ch. 2 (10-1-10 Edition)

width of the primary surface is 1,500 feet (750 feet on each side of the runway centerline). In such instances, substitute the proper width in the clause.

AIRFIELD SAFETY PRECAUTIONS (DEC 1991)

(a) *Definitions.* As used in this clause—

(1) *Landing areas* means—

(i) The primary surfaces, comprising the surface of the runway, runway shoulders, and lateral safety zones. The length of each primary surface is the same as the runway length. The width of each primary surface is 2,000 feet (1,000 feet on each side of the runway centerline);

(ii) The *clear zone* beyond the ends of each runway, i.e., the extension of the primary surface for a distance of 1,000 feet beyond each end of each runway;

(iii) All taxiways, plus the lateral clearance zones along each side for the length of the taxiways (the outer edge of each lateral clearance zone is laterally 250 feet from the far or opposite edge of the taxiway, e.g., a 75-foot-wide taxiway would have a combined width of taxiway and lateral clearance zones of 425 feet); and

(iv) All aircraft parking aprons, plus the area 125 feet in width extending beyond each edge all around the aprons.

(2) *Safety precaution areas* means those portions of approach-departure clearance zones and transitional zones where placement of objects incident to contract performance might result in vertical projections at or above the approach-departure clearance, or the transitional surface.

(i) The *approach-departure clearance surface* is an extension of the primary surface and the clear zone at each end of each runway, for a distance of 50,000 feet, first along an inclined (glide angle) and then along a horizontal plane, both flaring symmetrically about the runway centerline extended.

(A) The inclined plane (glide angle) begins in the clear zone 200 feet past the end of the runway (and primary surface) at the same elevation as the end of the runway. It continues upward at a slope of 50:1 (1 foot vertically for each 50 feet horizontally) to an elevation of 500 feet above the established airfield elevation. At that point the plane becomes horizontal, continuing at that same uniform elevation to a point 50,000 feet longitudinally from the beginning of the inclined plane (glide angle) and ending there.

(B) The width of the surface at the beginning of the inclined plane (glide angle) is the same as the width of the clear zone. It then flares uniformly, reaching the maximum width of 16,000 feet at the end.

(ii) The *approach-departure clearance zone* is the ground area under the approach-departure clearance surface.

(iii) The *transitional surface* is a sideways extension of all primary surfaces, clear

zones, and approach-departure clearance surfaces along inclined planes.

(A) The inclined plane in each case begins at the edge of the surface.

(B) The slope of the incline plane is 7:1 (1 foot vertically for each 7 feet horizontally). It continues to the point of intersection with the—

(1) Inner horizontal surface (which is the horizontal plane 150 feet above the established airfield elevation); or

(2) Outer horizontal surface (which is the horizontal plane 500 feet above the established airfield elevation), whichever is applicable.

(iv) The “transitional zone” is the ground area under the transitional surface. (It adjoins the primary surface, clear zone, and approach-departure clearance zone.)

(b) *General.* (1) The Contractor shall comply with the requirements of this clause while—

(i) Operating all ground equipment (mobile or stationary);

(ii) Placing all materials; and

(iii) Performing all work, upon and around all airfields.

(2) The requirements of this clause are in addition to any other safety requirements of this contract.

(c) The Contractor shall—

(1) Report to the Contracting Officer before initiating any work;

(2) Notify the Contracting Officer of proposed changes to locations and operations;

(3) Not permit either its equipment or personnel to use any runway for purposes other than aircraft operation without permission of the Contracting Officer, unless the runway is—

(i) Closed by order of the Contracting Officer; and

(ii) Marked as provided in paragraph (d)(2) of this clause;

(4) Keep all paved surfaces, such as runways, taxiways, and hardstands, clean at all times and, specifically, free from small stones which might damage aircraft propellers or jet aircraft;

(5) Operate mobile equipment according to the safety provisions of this clause, while actually performing work on the airfield. At all other times, the Contractor shall remove all mobile equipment to locations—

(i) Approved by the Contracting Officer;

(ii) At a distance of at least 750 feet from the runway centerline, plus any additional distance; and

(iii) Necessary to ensure compliance with the other provisions of this clause; and

(6) Not open a trench unless material is on hand and ready for placing in the trench. As soon as practicable after material has been placed and work approved, the Contractor shall backfill and compact trenches as required by the contract. Meanwhile, all hazardous conditions shall be marked and light-

ed in accordance with the other provisions of this clause.

(d) *Landing areas.* The Contractor shall—

(1) Place nothing upon the landing areas without the authorization of the Contracting Officer;

(2) Outline those landing areas hazardous to aircraft, using (unless otherwise authorized by the Contracting Officer) red flags by day, and electric, battery-operated low-intensity red flasher lights by night;

(3) Obtain, at an airfield where flying is controlled, additional permission from the control tower operator every time before entering any landing area, unless the landing area is marked as hazardous in accordance with paragraph (d)(2) of this clause;

(4) Identify all vehicles it operates in landing areas by means of a flag on a staff attached to, and flying above, the vehicle. The flag shall be three feet square, and consist of a checkered pattern of international orange and white squares of 1 foot on each side (except that the flag may vary up to ten percent from each of these dimensions);

(5) Mark all other equipment and materials in the landing areas, using the same marking devices as in paragraph (d)(2) of this clause; and

(6) Perform work so as to leave that portion of the landing area which is available to aircraft free from hazards, holes, piles of material, and projecting shoulders that might damage an airplane tire.

(e) *Safety precaution areas.* The Contractor shall—

(1) Place nothing upon the safety precaution areas without authorization of the Contracting Officer;

(2) Mark all equipment and materials in safety precaution areas, using (unless otherwise authorized by the Contracting Officer) red flags by day, and electric, battery-operated, low-intensity red flasher lights by night; and

(3) Provide all objects placed in safety precaution areas with a red light or red lantern at night, if the objects project above the approach-departure clearance surface or above the transitional surface.

(End of clause)

252.236-7006 Cost limitation.

As prescribed in 236.570(b)(4), use the following provision:

COST LIMITATION (JAN 1997)

(a) Certain items in this solicitation are subject to statutory cost limitations. The limitations are stated in the Schedule.

(b) An offer which does not state separate prices for the items identified in the Schedule as subject to a cost limitation may be considered nonresponsive.

252.236-7007

(c) Prices stated in offers for items subject to cost limitations shall include an appropriate apportionment of all costs, direct and indirect, overhead, and profit.

(d) Offers may be rejected which—

(1) Are materially unbalanced for the purpose of bringing items within cost limitations; or

(2) Exceed the cost limitations, unless the limitations have been waived by the Government prior to award.

252.236-7007 Additive or deductive items.

As prescribed in 236.570(b)(5), use the following provision:

ADDITIVE OR DEDUCTIVE ITEMS (DEC 1991)

(a) The low offeror and the items to be awarded shall be determined as follows—

(1) Prior to the opening of bids, the Government will determine the amount of funds available for the project.

(2) The low offeror shall be the Offeror that—

(i) Is otherwise eligible for award; and

(ii) Offers the lowest aggregate amount for the first or base bid item, plus or minus (in the order stated in the list of priorities in the bid schedule) those additive or deductive items that provide the most features within the funds determined available.

(3) The Contracting Officer shall evaluate all bids on the basis of the same additive or deductive items.

(i) If adding another item from the bid schedule list of priorities would make the award exceed the available funds for all offerors, the Contracting Officer will skip that item and go to the next item from the bid schedule of priorities; and

(ii) Add that next item if an award may be made that includes that item and is within the available funds.

(b) The Contracting Officer will use the list of priorities in the bid schedule only to determine the low offeror. After determining the low offeror, an award may be made on any combination of items if—

(1) It is in the best interest of the Government;

(2) Funds are available at the time of award; and

(3) The low offeror's price for the combination to be awarded is less than the price offered by any other responsive, responsible offeror.

(c) *Example.* The amount available is \$100,000. Offeror A's base bid and four additives (in the order stated in the list of priorities in the bid Schedule) are \$85,000, \$10,000,

48 CFR Ch. 2 (10-1-10 Edition)

\$8,000, \$6,000, and \$4,000. Offeror B's base bid and four additives are \$80,000, \$16,000, \$9,000, \$7,000, and \$4,000. Offeror A is the low offeror. The aggregate amount of offeror A's bid for purposes of award would be \$99,000, which includes a base bid plus the first and fourth additives. The second and third additives were skipped because each of them would cause the aggregate bid to exceed \$100,000.

However, if the Government is unable to permit access, the Government at its own risk and expense shall maintain these facilities and the Contractor shall not be responsible for the service involving any of these facilities during the period of nonaccess, unless the service failure results from the Contractor's fault or negligence.

(b) During periods when the Government does not permit Contractor access, the Government will reimburse the Contractor at mutually acceptable rates for the loss of or damage to the equipment due to the fault or negligence of the Government. 252.239-7005 Rates, charges, and services.

As prescribed in 239.7411(a), use the following clause:

RATES, CHARGES, AND SERVICES (NOV 2005)

(a) *Definition*—Governmental regulatory body means the Federal Communications Commission, any statewide regulatory body, or any body with less than statewide jurisdiction when operating under the state authority. Regulatory bodies whose decisions are not subject to judicial appeal and regulatory bodies which regulate a company owned by the same entity which creates the regulatory body are not "governmental regulatory bodies."

(b) The Contractor shall furnish the services and facilities under this agreement/contract in accordance with—

(1) All applicable tariffs, rates, charges, rules, regulations, or requirements;

(i) Lawfully established by a governmental regulatory body; and

(ii) Applicable to service and facilities furnished or offered by the Contractor to the general public or the Contractor's subscribers;

(2) Rates, terms, and conditions of service and facilities furnished or offered by the Contractor to the general public or the Contractor's subscribers; or

(3) Rates, terms, and conditions of service as may be agreed upon, subject, when appropriate, to jurisdiction of a governmental regulatory body.

(c) The Government shall not prepay for services.

(d) For nontariffed services, the Contractor shall charge the Government at the lowest rate and under the most favorable terms and

252.239-7006

conditions for similar service and facilities offered to any other customer.

(e) Recurring charges for services and facilities shall, in each case, start with the satisfactory beginning of service or provision of facilities or equipment and are payable monthly in arrears.

(f) Subject to the Cancellation or Termination of Orders clause, of this agreement/contract, the Government may stop the use of any service or facilities furnished under this agreement/contract at any time. The Government shall pay the contractor all charges for services and facilities adjusted to the effective date of discontinuance.

(g) Expediting charges are costs necessary to get services earlier than normal. Examples are overtime pay or special shipment. When authorized, expediting charges shall be the additional costs incurred by the Contractor and the subcontractor. The Government shall pay expediting charges only when—

(1) They are provided for in the tariff established by a governmental regulatory body; or

(2) They are authorized in a communication service authorization or other contractual document.

(h) When services normally provided are technically unacceptable and the development, fabrication, or manufacture of special equipment is required, the Government may—

(1) Provide the equipment; or

(2) Direct the Contractor to acquire the equipment or facilities. If the Contractor acquires the equipment or facilities, the acquisition shall be competitive, if practicable.

(i) If at any time the Government defers or changes its orders for any of the services but does not cancel or terminate them, the amount paid or payable to the Contractor for the services deferred or modified shall be equitably adjusted under applicable tariffs filed by the Contractor with the regulatory commission in effect at the time of deferral or change. If no tariffs are in effect, the Government and the Contractor shall equitably adjust the rates by mutual agreement. Failure to agree on any adjustment shall be a dispute concerning a question of fact within the meaning of the Disputes clause of this contract.

(1) Upon request, a copy of the Contractor's current existing tariffs (including changes);

(2) Before filing, any application to a Federal, State, or any other regulatory agency for new or changes to, rates, charges, services, or regulations relating to any tariff or any of the facilities or services to be furnished solely or primarily to the Government; and

(3) Upon request, a copy of all information, material, and data developed or prepared in support of or in connection with an application under paragraph (a)(2) of this clause.

(b) The Contractor shall notify the Contracting Officer of any application that anyone other than the Contractor files with a governmental regulatory body which affects or will affect the rate or conditions of services under this agreement/contract. These requirements also apply to applications pending on the effective date of this agreement/contract.

252.239-7007 Cancellation or termination of orders.

As prescribed in 239.7411(a), use the following clause:

CANCELLATION OR TERMINATION OF ORDERS (NOV 2005)

(a) If the Government cancels any of the services ordered under this agreement/contract, before the services are made available to the Government, or terminates any of these services after they are made available to the Government, the Government shall reimburse the Contractor for the actual non-recoverable costs the Contractor has reasonably incurred in providing facilities and equipment for which the Contractor has no foreseeable reuse.

(b) The amount of the Government's liability upon cancellation or termination of any of the services ordered under this agreement/contract will be determined under applicable tariffs governing cancellation and termination charges which—

(1) Are filed by the Contractor with a governmental regulatory body, as defined in the Rates, Charges, and Services clause of this agreement/contract;

(2) Are in effect on the date of termination; and

(3) Provide specific cancellation or termination charges for the facilities and equipment involved or show how to determine the charges.

(c) The amount of the Government's liability upon cancellation or termination of any of the services ordered under this agreement/contract, which are not subject to a governmental regulatory body, will be determined under a mutually agreed schedule in the communication services authorization (CSA) or other contractual document.

(d) If no applicable tariffs are in effect on the date of cancellation or termination or set forth in the applicable CSA or other contractual document, the Government's liability will be determined under the following settlement procedures—

(1) The Contractor agrees to provide the Contracting Officer, in such reasonable detail as the Contracting Officer may require, inventory schedules covering all items of property or facilities in the Contractor's possession, the cost of which is included in the Basic Cancellation or Termination Liability for which the Contractor has no foreseeable reuse.

(2) The Contractor shall use its best efforts to sell property or facilities when the Contractor has no foreseeable reuse or when the Government has not exercised its option to take title under the title to Telecommunications Facilities and Equipment clause of this agreement/contract. The Contractor shall apply any proceeds of the sale to reduce any payments by the Government to the Contractor under a cancellation or termination settlement.

(3) The Contractor shall record actual non-recoverable costs under established accounting procedures prescribed by the cognizant governmental regulatory authority or, if no such procedures have been prescribed, under generally accepted accounting procedures applicable to the provision of telecommunication services for public use.

(4) The actual nonrecoverable costs are the installed costs of the facilities and equipment, less cost of reusable materials, and less net salvage value. Installed costs shall include the actual cost of equipment and materials specifically provided or used, plus the actual cost of installing (including engineering, labor, supervision, transportation, rights-of-way, and any other items which are chargeable to the capital accounts of the Contractor) less any costs the Government may have directly reimbursed the Contractor under the Special Construction and Equipment Charges clause of this agreement/contract. Deduct from the Contractor's installed cost, the net salvage value (salvage value less cost of removal). In determining net salvage value, give consideration to foreseeable reuse of the facilities and equipment by the Contractor. Make allowance for the cost of dismantling, removal, reconditioning,

and disposal of the facilities and equipment when necessary either to the sale of facilities or their reuse by the Contractor in another location.

(5) The Basic Cancellation Liability is defined as the actual nonrecoverable cost which the Government shall reimburse the Contractor at the time services are cancelled. The Basic Termination Liability is defined as the nonrecoverable cost amortized in equal monthly increments throughout the liability period. Upon termination of services, the Government shall reimburse the Contractor for the nonrecoverable cost less such costs amortized to the date services are terminated. Establish the liability period as mutually agreed to but not to exceed ten years.

(6) When the Basic Cancellation or Termination Liability established by the CSA or other contractual document is based on estimated costs, the Contractor agrees to settle on the basis of actual cost at the time of termination or cancellation.

(7) The Contractor agrees that, if after settlement but within the termination liability period of the services, should the Contractor make reuse of equipment or facilities which were treated as nonreusable or nonsalvageable in the settlement, the Contractor shall reimburse the Government for the value of the equipment or facilities.

(8) The Contractor agrees to exclude—

(i) Any costs which are not included in determining cancellation and termination charges under the Contractor's standard practices or procedures; and

(ii) Charges not ordinarily made by the Contractor for similar facilities or equipment, furnished under similar circumstances.

(e) The Government may, under such terms and conditions as it may prescribe, make partial payments and payments on account against costs incurred by the Contractor in connection with the canceled or terminated portion of this agreement/contract. The Government may make these payments if in the opinion of the Contracting Officer the total of the payments is within the amount the Contractor is entitled. If the total of the payments is in excess of the amount finally agreed or determined to be due under this clause, the Contractor shall pay the excess to the Government upon demand.

(f) Failure to agree shall be a dispute concerning a question of fact within the meaning of the Disputes clause.

REUSE ARRANGEMENTS (DEC 1991)

(a) When feasible, the Contractor shall reuse canceled or terminated facilities or equipment to minimize the charges to the Government.

(b) If at any time the Government requires that telecommunications facilities or equipment be relocated within the Contractor's service area, the Government shall have the option of paying the costs of relocating the facilities or equipment in lieu of paying any termination or cancellation charge under the Cancellation or Termination of Orders-Common Carriers clause of this agreement/contract. The Basic Termination Liability applicable to the facilities or equipment in their former location shall continue to apply to the facilities and equipment in their new location. Monthly rental charges shall continue to be paid during the period.

(c) When there is another requirement or foreseeable reuse in place of canceled or terminated facilities or equipment, no charge shall apply and the Basic Cancellation or Termination Liability shall be appropriately reduced. Determine the value of the facilities and equipment on the basis of their foreseeable reuse by the Contractor at the time their use is discontinued or on the basis of the net salvage value, whichever is greater. The Contractor shall promptly pay the Government the amount of any credit.

(c) The amount of the direct special construction charge shall not exceed—

- (1) The actual costs to the Contractor; and
- (2) An amount properly allocable to the services to be provided to the Government.

(d) The amount of the direct special construction charge shall not include costs incurred by the Contractor which are covered by—

- (1) A cancellation or termination liability; or
- (2) The Contractor's recurring or other nonrecurring charges.

(e) The Contractor represents that—

- (1) Recurring charges for the services, facilities, and equipment do not include in the rate base any costs that have been reimbursed by the Government to the Contractor; and
- (2) Depreciation charges are based only on the cost of facilities and equipment paid by the Contractor and not reimbursed by the Government.

(f) If it becomes necessary for the Contractor to incur costs to replace any facilities or equipment, the Government shall assume those costs or reimburse the Contractor for replacement costs at mutually acceptable rates under the following circumstances—

- (1) The Government paid direct special construction charges; or
- (2) The Government reimbursed the Contractor for those facilities or equipment as a part of the recurring charges; and
- (3) The need for replacement was due to circumstances beyond the control and without the fault of the Contractor.

(ii) Adequacy of any proposed or completed corrective action plan; and

(iii) Need for any new or revised corrective action plan.

(3) When the ACO determines the MMAS deficiencies have a material impact on Government contract costs, the ACO must reduce progress payments by an appropriate percentage based on affected costs (in accordance with FAR 32.503-6) and/or disallow costs on vouchers (in accordance with FAR 42.803) until the ACO determines that—

(i) The deficiencies are corrected; or

(ii) The amount of the impact is immaterial.

(4) If the contractor fails to make adequate progress, the ACO must take further action. The ACO may—

(i) Elevate the issue to higher level management;

(ii) Further reduce progress payments and/or disallow costs on vouchers;

(iii) Notify the contractor of the inadequacy of the contractor's cost estimating system and/or cost accounting system; and

(iv) Issue cautions to contracting activities regarding the award of future contracts.

(e) *MMAS standards.* The MMAS shall have adequate internal controls to ensure system and data integrity, and shall—

(1) Have an adequate system description including policies, procedures, and operating instructions that comply with the FAR and Defense FAR Supplement;

(2) Ensure that costs of purchased and fabricated material charged or allocated to a contract are based on valid time-phased requirements as impacted by minimum/economic order quantity restrictions.

(i) A 98 percent bill of material accuracy and a 95 percent master production schedule accuracy are desirable as a goal in order to ensure that requirements are both valid and appropriately time-phased.

(ii) If systems have accuracy levels below these, the Contractor shall provide adequate evidence that—

(A) There is no material harm to the Government due to lower accuracy levels; and

(B) The cost to meet the accuracy goals is excessive in relation to the impact on the Government;

(3) Provide a mechanism to identify, report, and resolve system control weaknesses and manual override. Systems should identify operational exceptions such as excess/residual inventory as soon as known;

(4) Provide audit trails and maintain records (manual and those in machine readable form) necessary to evaluate system logic and to verify through transaction testing that the system is operating as desired;

(5) Establish and maintain adequate levels of record accuracy, and include reconciliation of recorded inventory quantities to physical inventory by part number on a periodic basis. A 95 percent accuracy level is desirable. If systems have an accuracy level below 95 percent, the Contractor shall provide adequate evidence that—

(i) There is no material harm to the Government due to lower accuracy levels; and

(ii) The cost to meet the accuracy goal is excessive in relation to the impact on the Government;

(6) Provide detailed descriptions of circumstances that will result in manual or system generated transfers of parts;

(7) Maintain a consistent, equitable, and unbiased logic for costing of material transactions as follows:

(i) The Contractor shall maintain and disclose written policies describing the transfer methodology and the loan/pay-back technique.

(ii) The costing methodology may be standard or actual cost, or any of the inventory costing methods in 48 CFR 9904.411-

252.243-7000

50(b). The Contractor shall maintain consistency across all contract and customer types, and from accounting period to accounting period for initial charging and transfer charging.

(iii) The system should transfer parts and associated costs within the same billing period. In the few instances where this may not be appropriate, the Contractor may accomplish the material transaction using a loan/pay-back technique. The "loan/pay-back technique" means that the physical part is moved temporarily from the contract, but the cost of the part remains on the contract. The procedures for the loan/pay-back technique must be approved by the ACO. When the technique is used, the Contractor shall have controls to ensure—

- (A) Parts are paid back expeditiously;
- (B) Procedures and controls are in place to correct any overbilling that might occur;
- (C) Monthly, at a minimum, identification of the borrowing contract and the date the part was borrowed; and
- (D) The cost of the replacement part is charged to the borrowing contract;
- (8) Where allocations from common inventory accounts are used, have controls (in addition to those in paragraphs (e)(2) and (7) of this clause) to ensure that—
 - (i) Reallocations and any credit due are processed no less frequently than the routine billing cycle;
 - (ii) Inventories retained for requirements that are not under contract are not allocated to contracts; and
 - (iii) Algorithms are maintained based on valid and current data;
- (9) Have adequate controls to ensure that physically commingled inventories that may include material for which costs are charged or allocated to fixed-price, cost-reimbursement, and commercial contracts do not compromise requirements of any of the standards in paragraphs (e)(1) through (8) of this clause. Government-furnished material shall not be—
 - (i) Physically commingled with other material; or
 - (ii) Used on commercial work; and
- (10) Be subjected to periodic internal reviews to ensure compliance with established policies and procedures.

(a) *Definition—Technical data* has the same meaning as given in the clause in this contract entitled, Rights in Technical Data and Computer Software.

(b) *Warranty.* Notwithstanding inspection and acceptance by the Government of technical data furnished under this contract, and

notwithstanding any provision of this contract concerning the conclusiveness of acceptance, the Contractor warrants that all technical data delivered under this contract will at the time of delivery conform with the specifications and all other requirements of this contract. The warranty period shall extend for three years after completion of the delivery of the line item of data (as identified in DD Form 1423, Contract Data Requirements List) of which the data forms a part; or any longer period specified in the contract.

(c) *Contractor notification.* The Contractor agrees to notify the Contracting Officer in writing immediately of any breach of the above warranty which the Contractor discovers within the warranty period.

(1) Within a reasonable time after such notification, the Contracting Officer may—

(i) By written notice, direct the Contractor to correct or replace at the Contractor's expense the nonconforming technical data promptly; or

(ii) If the Contracting Officer determines that the Government no longer has a requirement for correction or replacement of the data, or that the data can be more reasonably corrected by the Government, inform the Contractor by written notice that the Government elects a price or fee adjustment instead of correction or replacement.

(2) If the Contractor refuses or fails to comply with a direction under paragraph (d)(1)(i) of this clause, the Contracting Officer may, within a reasonable time of the refusal or failure—

(i) By contract or otherwise, correct or replace the nonconforming technical data and charge the cost to the Contractor; or

(ii) Elect a price or fee adjustment instead of correction or replacement.

WARRANTY OF CONSTRUCTION (GERMANY)
(JUN 1997)

(a) In addition to any other representations in this contract, the Contractor warrants, except as provided in paragraph (j) of this clause, that the work performed under this contract conforms to the contract requirements and is free of any defect of equipment, material, or design furnished or workmanship performed by the Contractor or any subcontractor or supplier at any tier.

(b) This warranty shall continue for the period(s) specified in Section 13, VOB, Part B, commencing from the date of final acceptance of the work under this contract. If the Government takes possession of any part of the work before final acceptance, this warranty shall continue for the period(s) specified in Section 13, VOB, Part B, from the date the Government takes possession.

(c) The Contractor shall remedy, at the Contractor's expense, any failure to conform or any defect. In addition, the Contractor

(1) The Contractor's failure to conform to contract requirements; or

(2) Any defect of equipment, material, or design furnished or workmanship performed.

(d) The Contractor shall restore any work damaged in fulfilling the terms and conditions of this clause.

(e) The Contracting Officer shall notify the Contractor, in writing, within a reasonable period of time after the discovery of any failure, defect, or damage.

(f) If the Contractor fails to remedy any failure, defect, or damage within a reasonable period of time after receipt of notice, the Government shall have the right to replace, repair, or otherwise remedy the failure, defect, or damage at the Contractor's expense.

(2) Require all warranties to be executed in writing, for the benefit of the Government, if directed by the Contracting Officer; and

(3) Enforce all warranties for the benefit of the Government as directed by the Contracting Officer.

(h) In the event the Contractor's warranty under paragraph (b) of this clause has expired, the Government may bring suit at its expense to enforce a subcontractor's, manufacturer's, or supplier's warranty.

(i) Unless a defect is caused by the Contractor's negligence, or the negligence of a subcontractor or supplier at any tier, the Contractor shall not be liable for the repair of any defects of material or design furnished by the Government or for the repair of any damage resulting from any defeat in Government-furnished material or design.

(j) This warranty shall not limit the Government's right under the Inspection clause of this contract, with respect to latent defects, gross mistakes, or fraud.

Critical safety item means a part, sub-assembly, assembly, subsystem, installation equipment, or support equipment for a system that contains a characteristic, any failure, malfunction, or absence of which could have a safety impact.

Safety impact means the occurrence of death, permanent total disability, permanent partial disability, or injury or occupational illness requiring hospitalization; loss of a weapon system; or property damage exceeding \$1,000,000.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for the Contractor or another subcontractor under this contract.

(b) The Contractor shall provide notification, in accordance with paragraph (c) of this clause, of—

(2) All nonconformances or deficiencies that may result in a safety impact for systems, or subsystems, assemblies, subassemblies, or parts integral to a system, acquired by or serviced for the Government under this contract.

(c) The Contractor—

(1) Shall notify the Administrative Contracting Officer (ACO) and the Procuring Contracting Officer (PCO) as soon as practicable, but not later than 72 hours, after discovering or acquiring credible information concerning nonconformances and deficiencies described in paragraph (b) of this clause; and

(2) Shall provide a written notification to the ACO and the PCO within 5 working days that includes—

(i) A summary of the defect or non-conformance;

(ii) A chronology of pertinent events;

(iii) The identification of potentially affected items to the extent known at the time of notification;

(iv) A point of contact to coordinate problem analysis and resolution; and

(v) Any other relevant information.

(d) The Contractor—

(1) Is responsible for the notification of potential safety issues occurring with regard to an item furnished by any subcontractor; and

(2) Shall facilitate direct communication between the Government and the subcontractor as necessary.

(e) Notification of safety issues under this clause shall be considered neither an admission of responsibility nor a release of liability for the defect or its consequences. This clause does not affect any right of the Gov-

ernment or the Contractor established elsewhere in this contract.

(f)(1) The Contractor shall include the substance of this clause, including this paragraph (f), in subcontracts for—

(i) Parts identified as critical safety items;

(ii) Systems and subsystems, assemblies, and subassemblies integral to a system; or

(iii) Repair, maintenance, logistics support, or overhaul services for systems and subsystems, assemblies, subassemblies, and parts integral to a system.

(2) For those subcontracts described in paragraph (f)(1) of this clause, the Contractor shall require the subcontractor to provide the notification required by paragraph (c) of this clause to—

(i) The Contractor or higher-tier subcontractor; and

(ii) The ACO and the PCO, if the subcontractor is aware of the ACO and the PCO for the contract.

252.247-7000 Hardship conditions.

As prescribed in 247.270-4(a), use the following clause:

HARDSHIP CONDITIONS (AUG 2000)

(a) If the Contractor finds unusual ship, dock, or cargo conditions associated with loading or unloading a particular cargo, that will work a hardship on the Contractor if loaded or unloaded at the basic commodity rates, the Contractor shall—

(1) Notify the Contracting Officer before performing the work, if feasible, but no later than the vessel sailing time; and

(2) Submit any associated request for price adjustment to the Contracting Officer within 10 working days of the vessel sailing time.

(b) Unusual conditions include, but are not limited to, inaccessibility of place of stowage to the ship's cargo gear, side port operations, and small quantities of cargo in any one hatch.

(c) The Contracting Officer will investigate the conditions promptly after receiving the notice. If the Contracting Officer finds that the conditions are unusual and do materially affect the cost of loading or unloading, the Contracting Officer will authorize payment at the applicable man-hour rates set forth in the schedule of rates of this contract.

252.247-7001 Price adjustment.

As prescribed in 247.270-4(b), use the following clause:

PRICE ADJUSTMENT (JAN 1997)

(a) The Contractor warrants that the prices set forth in this contract—

(1) Are based upon the wage rates, allowances, and conditions set forth in the collective bargaining agreements between the Contractor and its employees, in effect as of *(insert date)*, and which are generally applicable to the ports where work under this contract is performed;

(2) Apply to operations by the Contractor on non-Government work as well as under this contract; and

(3) Do not include any allowance for cost increases that may—

(i) Become effective under the terms of the collective bargaining agreements after the date in paragraph (a)(1) of this clause; or

(ii) Result from modification of the collective bargaining agreements after the date in paragraph (a)(1).

(b) The Contractor shall notify the Contracting Officer within 60 days of receipt of notice of any changes (increase or decrease) in the wage rates, allowances, fringe benefits, and conditions that apply to its direct labor employees, if the changes—

(1) Are pursuant to the provisions of the collective bargaining agreements; or

(2) Are a result of effective modifications to the agreements; and

(3) Would change the Contractor's costs to perform this contract.

(c) The Contractor shall include in its notification—

(1) A proposal for an adjustment in the contract commodity, activity, or work-hour prices; and

(2) Data, in such form as the Contracting Officer may require, explaining the—

(i) Causes;

(ii) Effective date; and

(iii) Amount of the increase or decrease in the Contractor's proposal for the adjustment.

(d) Promptly upon receipt of any notice and data described in paragraph (c), the Contractor and the Contracting Officer shall negotiate an adjustment in the existing contract commodity, activity, or man-hour prices. However, no upward adjustment of the existing commodity, activity, or work-hour prices will be allowed in excess of _____ percent per year, except as provided in the Changes clause of this contract.

(1) Changes in the contract prices shall reflect, in addition to the direct and variable indirect labor costs, the associated changes in the costs for social security, unemployment compensation, taxes, and workman's compensation insurance.

(2) There will be no adjustment to increase the dollar amount allowances of the Contractor's profit.

(3) The agreed upon adjustment, its effective date, and the revised commodity, activity, or work-hour prices for services set forth in the schedule of rates, shall be incorporated in the contract by supplemental agreement.

(e) There will be no adjustment for any changes in the quantities of labor that the Contractor contemplated for each specific commodity, except as may result from modifications of the collective bargaining agreements. For the purpose of administering this clause, the Contractor shall submit to the Contracting Officer, within five days after award, the accounting data and computations the Contractor used to determine its estimated efficiency rate in the performance of this contract, to include the Contractor's computation of the costs apportioned for each rate set forth in the schedule of rates.

(f) Failure of the parties to agree to an adjustment under this clause will be deemed to be a dispute concerning a question of fact within the meaning of the Disputes clause of this contract. The Contractor shall continue performance pending agreement on, or determination of, any such adjustment and its effective date.

(g) The Contractor shall include with the final invoice submitted under this contract a statement that the Contractor has not experienced a decrease in rates of pay for labor, or that the Contractor has given notice of all such decreases in compliance with paragraph (b) of this clause.

252.247-7002 Revision of prices.

As prescribed in 247.270-4(c), use the following clause:

REVISION OF PRICES (DEC 1991)

(a) *Definition.* *Wage adjustment*, as used in this clause, means a change in the wages, salaries, or other terms or conditions of employment which—

(1) Substantially affects the cost of performing this contract;

(2) Is generally applicable to the port where work under this contract is performed; and

(3) Applies to operations by the Contractor on non-Government work as well as to work under this contract.

(b) *General.* The prices fixed in this contract are based on wages and working conditions established by collective bargaining agreements, and on other conditions in effect

on the date of this contract. The Contracting Officer and the Contractor may agree to increase or decrease such prices in accordance with this clause.

(c) *Demand for negotiation.* (1) At any time, subject to the limitations specified in this clause, either the Contracting Officer or the Contractor may deliver to the other a written demand that the parties negotiate to revise the prices under this contract.

(2) No such demand shall be made before 90 days after the date of this contract, and thereafter neither party shall make a demand having an effective date within 90 days of the effective date of any prior demand. However, this limitation does not apply to a wage adjustment during the 90 day period.

(3) Each demand shall specify a date (the same as or subsequent to the date of the delivery of the demand) as to when the revised prices shall be effective. This date is the effective date of the price revision.

(i) If the Contractor makes a demand under this clause, the demand shall briefly state the basis of the demand and include the statements and data referred to in paragraph (d) of this clause.

(ii) If the demand is made by the Contracting Officer, the Contractor shall furnish the statements and data within 30 days of the delivery of the demand.

(d) *Submission of data.* At the times specified in paragraphs (c)(3)(i) and (ii) of this clause, the Contractor shall submit—

(1) A new estimate and breakdown of the unit cost and the proposed prices for the services the Contractor will perform under this contract after the effective date of the price revision, itemized to be consistent with the original negotiations of the contract;

(2) An explanation of the difference between the original (or last preceding) estimate and the new estimate;

(3) Such relevant operating data, cost records, overhead absorption reports, and accounting statements as may be of assistance in determining the accuracy and reliability of the new estimate;

(4) A statement of the actual costs of performance under this contract to the extent that they are available at the time of the negotiation of the revision of prices under this clause; and

(d) The Contractor must submit any request for use of other than U.S.-flag vessels in writing to the Contracting Officer at least 45 days prior to the sailing date necessary to meet its delivery schedules. The Contracting Officer will process requests submitted after such date(s) as expeditiously as possible, but the Contracting Officer's failure to grant approvals to meet the shipper's sailing date will not of itself constitute a compensable delay under this or any other clause of this contract. Requests shall contain at a minimum—

(c) *Notice to employees and state and local officials.* Within 2 weeks after the Contracting Officer notifies the Contractor that contract funding will be terminated or substantially reduced, the Contractor shall provide notice of such anticipated termination or reduction to—

(1) Each employee representative of the Contractor's employees whose work is directly related to the defense contract; or

(2) If there is no such representative, each such employee;

(2) Require that each such subcontractor—

(i) Provide notice to each of its subcontractors with a subcontract of \$150,000 or more; and

(ii) Impose a similar notice and slowdown requirement to subcontractors with subcontracts of \$150,000 or more.

(e) The notice provided an employee under paragraph (c) of this clause shall have the same effect as a notice of termination to the employee for the purposes of determining whether such employee is eligible for training, adjustment assistance, and employment services under section 325 or 325A of the Job Training Partnership Act (29 U.S.C. 1662d, 1662d-1). If the Contractor has specified that the anticipated contract termination or reduction is not likely to result in plant closure or mass layoff, as defined in 29 U.S.C. 2101, the employee shall be eligible only for services under section 314(b) and paragraphs (1) through (14), (16), and (18) of section 314(c) of the Job Training Partnership Act (29 U.S.C. 1661c(b) and paragraphs (1) through (14), (16), and (18) of section 1661c(e)).

(1) A copy of the authorization (unless a copy was previously furnished to the Federal Supply Schedule, Personal Property Rehabilitation Price Schedule, or Enterprise Software Agreement contractor).

(2) The following statement: Any price reductions negotiated as part of an Enterprise Software Agreement issued under a Federal Supply Schedule contract shall control. The Contractor shall annotate each invoice with the date of receipt. For purposes of computing interest for late Contractor payments, the Government's invoice is deemed to be a demand for payment in accordance with the Interest clause of this contract. The Contractor's failure to pay may also result in the DoD supply source refusing to honor the requisition (see DFARS 251.102(f)) or in the Contracting Officer terminating the Contractor's authorization to use DoD supply sources. In the event the Contracting Officer decides to terminate the authorization due to the Contractor's failure to pay in a timely manner, the Contracting Officer shall provide the Contractor with prompt written notice of the intent to terminate the authorization and the basis for such action. The Contractor shall have 10 days after receipt of the Government's notice in which to provide additional information as to why the authorization should not be terminated. The termination shall not provide the Contractor with an excusable delay for failure to perform or complete the contract in accordance with the terms of the contract, and the Contractor shall be solely responsible for any increased costs.

(d) Only the Contractor may request authorization for subcontractor use of Government supply sources. The Contracting Officer will not grant authorizations for subcontractor use without approval of the Contractor.

(e) Government invoices shall be submitted to the Contractor's billing address, and Contractor payments shall be sent to the Government remittance address specified below:

There is created the Armed Services Board of Contract Appeals which is hereby designated as the authorized representative of the Secretary of Defense, the Secretary of the Army, the Secretary of the Navy and the Secretary of the Air Force, in hearing, considering and determining appeals by contractors from decisions of contracting officers or their authorized representatives or other authorities on disputed questions. These appeals may be taken (a) pursuant to the Contract Disputes Act of 1978 (41 U.S.C. Sect. 601, *et seq.*), (b) pursuant to the provisions of contracts requiring the decision by the Secretary of Defense or by a Secretary of a Military Department or their duly authorized representative, or (c) pursuant to the provisions of any directive whereby the Secretary of Defense or the Secretary of a Military Department or their authorized representative has granted a right of appeal not contained in the contract on any matter consistent with the contract appeals procedure. The Board may determine contract disputes for other departments and agencies by agreement as permitted by law. The Board shall operate under general policies established or approved by the Under Secretary of Defense for Acquisition, Technology and Logistics and may perform other duties as directed not inconsistent with the Contract Disputes Act of 1978.

2. Membership of the Board shall consist of attorneys at law who have been qualified in the manner prescribed by the Contract Disputes Act of 1978. Members of the Board are hereby designated Administrative Judges. There shall be appointed from the Judges of the Board a Chairman and two or more Vice-Chairmen. Appointment of the Chairman and Vice-Chairmen and other Judges of the Board shall be made by the Under Secretary of Defense for Acquisition, Technology and Logistics, the General Counsel of the Department of Defense, and the Assistant Secre-

taries of the Military Departments responsible for acquisition. The Chairman may designate a Judge of the Board to serve as an Acting Chairman or Acting Vice Chairman.

3. It shall be the duty and obligation of the Judges of the Armed Services Board of Contract Appeals to decide appeals on the record of the appeal to the best of their knowledge and ability in accordance with applicable contract provisions and in accordance with law and regulation pertinent thereto.

4. The Chairman of the Board shall be responsible for establishing appropriate divisions of the Board to provide for the most effective and expeditious handling of appeals. The Chairman shall designate one Judge of each division as the division head. The Chairman may refer an appeal of unusual difficulty, significant precedential importance, or serious dispute within the normal decision process for decision by the senior deciding group. The division heads and the Chairman and Vice-Chairmen, together with, if applicable, the author of the decision so referred, shall constitute the senior deciding group of the Board. The decision of the Board in cases so referred to the senior deciding group shall be by majority vote of the participating Judges of that group. A majority of the Judges of a division shall constitute a quorum for the transaction of the business of each, respectively. Decisions of the Board shall be by majority vote of the Judges of a division participating and the Chairman and a Vice-Chairman, unless the Chairman refers the appeal for decision by the senior deciding group. An appeal involving a small claim as defined by the Contract Disputes Act of 1978 may be decided by a single Judge or fewer Judges of the Board than hereinbefore provided for cases of unlimited dollar amount, under accelerated or expedited procedures as provided in the Rules of the Board and the Contract Disputes Act of 1978.

5. The Board shall have all powers necessary and incident to the proper performance of its duties. The Board has the authority to issue methods of procedure and rules and regulations for its conduct and for the preparation and presentation of appeals and issuance of opinions.

6. Any Judge of the Board or any examiner, designated by the Chairman, shall be authorized to hold hearings, examine witnesses, and receive evidence and argument. A Judge of the Board shall have authority to administer oaths and issue subpoenas as specified in the Contract Disputes Act of 1978. In cases of contumacy or refusal to obey a subpoena, the Chairman may request orders of the court in the manner prescribed in the Contract Disputes Act of 1978.

Ch. 2, App. A

7. The Chairman shall be responsible for the internal organization of the Board and for its administration. He shall provide within approved ceilings for the staffing of the Board with non-Judge personnel, including hearing examiners, as may be required for the performance of the functions of the Board. The Chairman shall appoint a Recorder of the Board. All personnel shall be responsible to and shall function under the direction, supervision and control of the Chairman. Judges shall decide cases independently.

8. The Board will be serviced by the Department of the Army for administrative support as required for its operations. Administrative support will include budgeting, funding, fiscal control, manpower control and utilization, personnel administration, security administration, supplies, and other administrative services. The Departments of the Army, Navy, Air Force and the Office of the Secretary of Defense will participate in financing the Board's operations on an equal basis and to the extent determined by the Under Secretary of Defense (Comptroller). The cost of processing appeals for departments and agencies other than those in the Department of Defense will be reimbursed.

9. Within 30 days following the close of a calendar quarter, the Chairman shall forward a report of the Board's proceedings for the quarter to the Under Secretary of Defense for Acquisition, Technology and Logistics, the General Counsel of the Department of Defense, the Assistant Secretaries of the Military Departments responsible for acquisition, and to the Director of the Defense Logistics Agency. The Chairman of the Board will also furnish the Secretary of Defense, the General Counsel of the Department of Defense, the Secretaries of the Military Departments, and the Director of the Defense Logistics Agency, an annual report containing an account of the Board's transactions and proceedings for the preceding fiscal year.

10. The Board shall have a seal bearing the following inscription: "Armed Services Board of Contract Appeals." This seal shall be affixed to all authentications of copies of records and to such other instruments as the Board may determine.

11. This revised charter is effective May 14, 2007.

Preface

I. Jurisdiction for Considering Appeals

The Armed Services Board of Contract Appeals (referred to herein as the Board) shall consider and determine appeals from decisions of contracting officers pursuant to the Contract Disputes Act of 1978 Pub. L. 95-563, 41 U.S.C. 601-613) relating to contracts made by (i) the Departments of Defense, Army, Navy and Air Force or (ii) any other executive agency when such agency or the Administrator for Federal Procurement Policy has designated the Board to decide the appeal.

II. Location and Organization of the Board

(a) The Board's address is Skyline Six, 5109 Leesburg Pike, 7th Floor, Falls Church, VA 22041-3217, telephone (703) 681-8500 (receptionist), (703) 681-8502 (recorder).

(b) The Board consists of a chairman, two or more vice chairmen, and other members, all of whom are attorneys at law duly licensed by a state, commonwealth, territory, or the District of Columbia. Board members are designated Administrative Judges.

(c) There are a number of divisions of the Armed Services Board of Contract Appeals, established by the Chairman of the Board in such manner as to provide for the most effective and expeditious handling of appeals. The Chairman and a Vice Chairman of the Board act as members of each division. Appeals are assigned to the divisions for decision without regard to the military department or other procuring agency which entered into the contract involved. Hearing may be held by a designated member (Administrative Judge), or by a duly authorized examiner. Except for appeals processed under the expedited or accelerated procedure, the decision of a majority of a division constitutes the decision of the Board, unless the chairman refers the appeal to the Board's Senior Deciding Group (consisting of the chairman, vice chairmen and all division heads), in which event a decision of a majority of that group constitutes the decision of the Board. Appeals referred to the Senior Deciding Group are those of unusual difficulty, significant pre-emptive importance, or serious dispute within

the normal division decision process. For decisions of appeals processed under the expedited or accelerated procedure, see rules 12.2(c) and 12.3(b).

Preliminary Procedures

1. *Appeals, How Taken.* (a) Notice of an appeal shall be in writing and mailed or otherwise furnished to the Board within 90 days from the date of receipt of a contracting officer's decision. A copy thereof shall be furnished to the contracting officer from whose decision the appeal is taken.

(b) Where the contractor has submitted a claim of \$50,000 or less to the contracting officer and has requested a written decision within 60 days from receipt of the request, and the contracting officer has not done so, the contractor may file a notice of appeal as provided in subparagraph (a) above, citing the failure of the contracting officer to issue a decision.

(c) Where the contractor has submitted a properly certified claim over \$50,000 to the contracting officer or has requested a decision by the contracting officer which presently involves no monetary amount pursuant to the Disputes clause, and the contracting officer has failed to issue a decision within a reasonable time, taking into account such factors as the size and complexity of the claim, the contractor may file a notice of appeal as provided in subparagraph (a) above, citing the failure of the contracting officer to issue a decision.

(d) Upon docketing of appeals filed pursuant to (b) or (c) hereof, the Board may, at its option, stay further proceedings pending issuance of a final decision by the contracting officer within such period of time as is determined by the Board.

(e) In lieu of filing a notice of appeal under (b) or (c) hereof, the contractor may request the Board to direct the contracting officer to issue a decision in a specified period of time, as determined by the Board, in the event of undue delay on the part of the contracting officer.

2. *Notice of Appeal, Contents of.* A notice of appeal should indicate that an appeal is being taken and should identify the contract (by number), the department and/or agency involved in the dispute, the decision from which the appeal is taken, and the amount in dispute, if known. The notice of appeal should be signed personally by the appellant (the contractor taking the appeal), or by the appellant's duly authorized representative or attorney. The complaint referred to in rule 6 may be filed with the notice of appeal, or the appellant may designate the notice of appeal as a complaint, if it otherwise fulfills the requirements of a complaint.

3. *Docketing of Appeals.* When a notice of appeal in any form has been received by the Board, it shall be docketed promptly. Notice in writing shall be given to the appellant

with a copy of these rules, and to the contracting officer.

4. *Preparation, Content, Organization, Forwarding, and Status of Appeal File—(a) Duties of Contracting Officer—*Within 30 days of receipt of an appeal, or notice that an appeal has been filed, the contracting officer shall assemble and transmit to the Board an appeal file consisting of all documents pertinent to the appeal, including:

(1) The decision from which the appeal is taken;

(2) The contract, including pertinent specifications, amendments, plans and drawings;

(3) All correspondence between the parties relevant to the appeal, including the letter or letters of claim in response to which the decision was issued;

(4) Transcripts of any testimony taken during the course of proceedings, and affidavits or statements of any witnesses on the matter in dispute made prior to the filing of the notice of appeal with the Board; and

(5) Any additional information considered relevant to the appeal.

Within the same time above specified the contracting officer shall furnish the appellant a copy of each document he transmits to the Board, except those in subparagraph (a)(2) above. As to the latter, a list furnished appellant indicating specific contractual documents transmitted will suffice.

(b) *Duties of the Appellant—*Within 30 days after receipt of a copy of the appeal file assembled by the contracting officer, the appellant shall transmit to the Board any documents not contained therein which he considers relevant to the appeal, and furnish two copies of such documents to the government trial attorney.

(c) *Organization of Appeal File—*Documents in the appeal file may be originals or legible facsimiles or authenticated copies, and shall be arranged in chronological order where practicable, numbered sequentially, tabbed, and indexed to identify the contents of the file.

(d) *Lengthy Documents—*Upon request by either party, the Board may waive the requirement to furnish to the other party copies of bulky, lengthy, or out-of-size documents in the appeal file when inclusion would be burdensome. At the time a party files with the Board a document as to which such a waiver has been granted he shall notify the other party that the document or a copy is available for inspection at the offices of the Board or of the party filing same.

(e) *Status of Documents in Appeal File—*Documents contained in the appeal file are considered, without further action by the parties, as part of the record upon which the Board will render its decision. However, a party may object, for reasons stated, to consideration of a particular document or documents reasonably in advance of hearing or, if there is no hearing, of settling the record. If

such objection is made, the Board shall remove the document or documents from the appeal file and permit the party offering the document to move its admission as evidence in accordance with rules 13 and 20.

(f) Notwithstanding the foregoing, the filing of the rule 4 (a) and (b) documents may be dispensed with by the Board either upon request of the appellant in his notice of appeal or thereafter upon stipulation of the parties.

5. *Motions.* (a) Any motion addressed to the jurisdiction of the Board shall be promptly filed. Hearing on the motion shall be afforded on application of either party. However, the Board may defer its decision on the motion pending hearing on both the merits and the motion. The Board shall have the right at any time and on its own initiative to raise the issue of its jurisdiction to proceed with a particular case, and shall do so by an appropriate order, affording the parties an opportunity to be heard thereon.

(b) The Board may entertain and rule upon other appropriate motions.

6. *Pleadings*—(a) *Appellant*—Within 30 days after receipt of notice of docketing of the appeal, the appellant shall file with the Board an original and two copies of a complaint setting forth simple, concise and direct statements of each of its claims. Appellant shall also set forth the basis, with appropriate reference to contract provisions, of each claim and the dollar amount claimed, to the extent known. This pleading shall fulfill the generally recognized requirements of a complaint, although no particular form is required. Upon receipt of the complaint, the Board shall serve a copy of it upon the Government. Should the complaint not be received within 30 days, appellant's claim and appeal may, if in the opinion of the Board the issues before the Board are sufficiently defined, be deemed to set forth its complaint and the Government shall be so notified.

(b) *Government*—Within 30 days from receipt of the complaint, or the aforesaid notice from the Board, the Government shall prepare and file with the Board an original and two copies of an answer thereto. The answer shall set forth simple, concise and direct statements of Government's defenses to each claim asserted by appellant, including any affirmative defenses available. Upon receipt of the answer, the Board shall serve a copy upon appellant. Should the answer not be received within 30 days, the Board may, in its discretion, enter a general denial on behalf of the Government, and the appellant shall be so notified.

(c) A party who intends to raise an issue concerning the law of a foreign country shall give notice in his pleadings or other reasonable written notice. The Board, in determining foreign law, may consider any relevant material or source, including testimony, whether or not submitted by a party

or admissible under Rules 11, 13 or 20. The determination of foreign law shall be treated as a ruling on a question of law.

7. *Amendments of Pleadings or Record.* The Board upon its own initiative or upon application by a party may order a party to make a more definite statement of the complaint or answer, or to reply to an answer. The Board may, in its discretion, and within the proper scope of the appeal, permit either party to amend its pleading upon conditions fair to both parties. When issues within the proper scope of the appeal, but not raised by the pleadings, are tried by express or implied consent of the parties, or by permission of the Board, they shall be treated in all respects as if they had been raised therein. In such instances, motions to amend the pleadings to conform to the proof may be entered, but are not required. If evidence is objected to at a hearing on the ground that it is not within the issues raised by the pleadings, it may be admitted within the proper scope of the appeal, provided, however, that the objecting party may be granted a continuance if necessary to enable it to meet such evidence.

8. *Hearing Election.* After filing of the Government's answer or notice from the Board that it has entered a general denial on behalf of the Government, each party shall advise whether it desires a hearing as prescribed in Rules 17 through 25, or whether it elects to submit its case on the record without a hearing, as prescribed in Rule 11.

9. *Prehearing Briefs.* Based on an examination of the pleadings, and its determination of whether the arguments and authorities addressed to the issues are adequately set forth therein, the Board may, in its discretion, require the parties to submit prehearing briefs in any case in which a hearing has been elected pursuant to Rule 8. If the Board does not require prehearing briefs either party may, in its discretion and upon appropriate and sufficient notice to the other party, furnish a prehearing brief to the Board. In any case where a prehearing brief is submitted, it shall be furnished so as to be received by the Board at least 15 days prior to the date set for hearing, and a copy shall simultaneously be furnished to the other party as previously arranged.

10. *Prehearing or Presubmission Conference.* (a) Whether the case is to be submitted pursuant to Rule 11, or heard pursuant to Rules 17 through 25, the Board may upon its own initiative, or upon the application of either party, arrange a telephone conference or call upon the parties to appear before an administrative judge or examiner of the Board for a conference to consider:

(1) Simplification, clarification, or severing of the issues;

(2) The possibility of obtaining stipulations, admissions, agreements and rulings on admissibility of documents, understandings

on matters already of record, or similar agreements that will avoid unnecessary proof;

(3) Agreements and rulings to facilitate discovery;

(4) Limitation of the number of expert witnesses, or avoidance of similar cumulative evidence;

(5) The possibility of agreement disposing of any or all of the issues in dispute; and

(6) Such other matters as may aid in the disposition of the appeal.

(b) The administrative judge or examiner of the Board shall make such rulings and orders as may be appropriate to aid in the disposition of the appeal. The results of pretrial conferences, including any rulings and orders, shall be reduced to writing by the administrative judge or examiner and this writing shall thereafter constitute a part of the record.

11. *Submission Without a Hearing.* Either party may elect to waive a hearing and to submit its case upon the record before the Board, as settled pursuant to Rule 13. Submission of a case without hearing does not relieve the parties from the necessity of proving the facts supporting their allegations or defenses. Affidavits, depositions, admissions, answers to interrogatories, and stipulations may be employed to supplement other documentary evidence in the Board record. The Board may permit such submissions to be supplemented by oral argument (transcribed if requested), and by briefs arranged in accordance with Rule 23.

12. *Optional SMALL CLAIMS (EXPEDITED) and ACCELERATED Procedures.* These procedures are available solely at the election of the appellant.

12.1 *Elections to Utilize SMALL CLAIMS (EXPEDITED) and ACCELERATED Procedures.* (a) In appeals where the amount in dispute is \$10,000 or less, the appellant may elect to have the appeal processed under a SMALL CLAIMS (EXPEDITED) procedure requiring decision of the appeal, whenever possible, within 120 days after the Board receives written notice of the appellant's election to utilize this procedure. The details of this procedure appear in section 12.2 of this Rule. An appellant may elect the ACCELERATED procedure rather than the SMALL CLAIMS (EXPEDITED) procedure for any appeal eligible for the SMALL CLAIMS (EXPEDITED) procedure.

(b) In appeals where the amount in dispute is \$50,000 or less, the appellant may elect to have the appeal processed under an ACCELERATED procedure requiring decision of the appeal, whenever possible, within 180 days after the Board receives written notice of the appellant's election to utilize this procedure. The details of this procedure appear in section 12.3 of this Rule.

(c) The appellant's election of either the SMALL CLAIMS (EXPEDITED) procedure or

the ACCELERATED procedure may be made by written notice within 60 days after receipt of notice of docketing, unless such period is extended by the Board for good cause. The election may not be withdrawn except with permission of the Board and for good cause.

12.2 *The Small Claims (Expedited) Procedure.* (a) In cases proceeding under the SMALL CLAIMS (EXPEDITED) procedure, the following time periods shall apply:

(1) Within 10 days from the Government's first receipt from either the appellant or the Board of a copy of the appellant's notice of election of the SMALL CLAIMS (EXPEDITED) procedure, the Government shall send the Board a copy of the contract, the contracting officer's final decision, and the appellant's claim letter or letters, if any; remaining documents required under Rule 4 shall be submitted in accordance with times specified in that rule unless the Board otherwise directs.

(2) Within 15 days after the Board has acknowledged receipt of appellant's notice of election, the assigned administrative judge shall take the following actions, if feasible, in an informal meeting or a telephone conference with both parties: (i) Identify and simplify the issues; (ii) establish a simplified procedure appropriate to the particular appeal involved; (iii) determine whether either party wants a hearing, and if so, fix a time and place therefor; (iv) require the Government to furnish all the additional documents relevant to the appeal; and (v) establish an expedited schedule for resolution of the appeal.

(b) Pleadings, discovery, and other pre-hearing activity will be allowed only as consistent with the requirement to conduct the hearing on the date scheduled, or if no hearing is scheduled, to close the record on a date that will allow decisions within the 120-day limit. The Board, in its discretion, may impose shortened time periods for any actions prescribed or allowed under these rules, as necessary to enable the Board to decide the appeal within the 120-day limit, allowing whatever time, up to 30 days, that the Board considers necessary for the preparation of the decision after closing the record and the filing of briefs, if any.

(c) Written decision by the Board in cases processed under the SMALL CLAIMS (EXPEDITED) procedure will be short and contain only summary findings of fact and conclusions. Decisions will be rendered for the Board by a single administrative judge. If there has been a hearing, the administrative judge presiding at the hearing may, in the judge's discretion, at the conclusion of the hearing and after entertaining such oral arguments as deemed appropriate, render on the record oral summary findings of fact, conclusions, and a decision of the appeal. Whenever such an oral decision is rendered,

the Board will subsequently furnish the parties a typed copy of such oral decision for record and payment purposes and to establish the starting date for the period for filing a motion for reconsideration under rule 29.

(d) A decision against the Government or the contractor shall have no value as precedent, and in the absence of fraud shall be final and conclusive and may not be appealed or set aside.

12.3 *The Accelerated Procedure.* (a) In cases proceeding under the Accelerated procedure, the parties are encouraged, to the extent possible consistent with adequate presentation of their factual and legal positions, to waive pleadings, discovery, and briefs. The Board, in its discretion, may shorten time periods prescribed or allowed elsewhere in these rules, including rule 4, as necessary to enable the Board to decide the appeal within 180 days after the Board has received the appellant's notice of election of the ACCELERATED procedure, and may reserve 30 days for preparation of the decision.

(b) Written decision by the Board in cases processed under the ACCELERATED procedure will normally be short and contain only summary findings of fact and conclusions. Decisions will be rendered for the Board by a single administrative judge with the concurrence of a vice chairman, or by a majority among these two and the chairman in case of disagreement. Alternatively, in cases where the amount in dispute is \$10,000 or less as to which the ACCELERATED procedure has been elected and in which there has been a hearing, the single administrative judge presiding at the hearing may, with the concurrence of both parties, at the conclusion of the hearing and after entertaining such oral arguments as deemed appropriate, render on the record oral summary findings of fact, conclusions, and a decision of the appeal. Whenever such an oral decision is rendered, the Board will subsequently furnish the parties a typed copy of such oral decision for record and payment purposes, and to establish the starting date for the period of filing a motion for reconsideration under Rule 29.

12.4 *Motions for Reconsideration in Rule 12 Cases.* Motions for Reconsideration of cases decided under either the SMALL CLAIMS (EXPEDITED) procedure or the ACCELERATED procedure need not be decided within the original 120-day or 180-day limit, but all such motions shall be processed and decided rapidly so as to fulfill the intent of this Rule.

13. *Settling the Record.* (a) The record upon which the Board's decision will be rendered consists of the documents furnished under Rules 4 and 12, to the extent admitted in evidence, and the following items, if any: pleadings, prehearing conference memoranda or orders, prehearing briefs, depositions or interrogatories received in evidence, admissions, stipulations, transcripts of con-

ferences and hearings, hearing exhibits, post-hearing briefs, and documents which the Board has specifically designated be made a part of the record. The record will, at all reasonable times, be available for inspection by the parties at the office of the Board.

(b) Except as the Board may otherwise order in its discretion, no proof shall be received in evidence after completion of an oral hearing or, in cases submitted on the record, after notification by the Board that the case is ready for decision.

(c) The weight to be attached to any evidence of record will rest within the sound discretion of the Board. The Board may in any case require either party, with appropriate notice to the other party, to submit additional evidence on any matter relevant to the appeal.

14. *Discovery—Depositions—(a) General Policy and Protective Orders—*The parties are encouraged to engage in voluntary discovery procedures. In connection with any deposition or other discovery procedure, the Board may make any order required to protect a party or person from annoyance, embarrassment, or undue burden or expense. Those orders may include limitations on the scope, method, time and place for discovery, and provisions for protecting the secrecy of confidential information or documents.

(b) *When Depositions Permitted—*After an appeal has been docketed and complaint filed, the parties may mutually agree to, or the Board may, upon application of either party, order the taking of testimony of any person by deposition upon oral examination or written interrogatories before any officer authorized to administer oaths at the place of examination, for use as evidence or for purpose of discovery. The application for order shall specify whether the purpose of the deposition is discovery or for use as evidence.

(c) *Orders on Depositions—*The time, place, and manner of taking depositions shall be as mutually agreed by the parties, or failing such agreement, governed by order of the Board.

(d) *Use as Evidence—*No testimony taken by depositions shall be considered as part of the evidence in the hearing of an appeal until such testimony is offered and received in evidence at such hearing. It will not ordinarily be received in evidence if the deponent is present and can testify at the hearing. In such instances, however, the deposition may be used to contradict or impeach the testimony of the deponent given at the hearing. In cases submitted on the record, the Board may, in its discretion, receive depositions to supplement the record.

(e) *Expenses—*Each party shall bear its own expenses associated with the taking of any deposition.

(f) *Subpoenas*—Where appropriate, a party may request the issuance of a subpoena under the provisions of Rule 21.

15. *Interrogatories to Parties, Admission of Facts, and Production and Inspection of Documents.* After an appeal has been docketed and complaint filed with the Board, a party may serve on the other party: (a) Written interrogatories to be answered separately in writing, signed under oath and answered or objected to within 45 days after service; (b) a request for the admission of specified facts and/or the authenticity of any documents, to be answered or objected to within 45 days after service; the factual statements and the authenticity of the documents to be deemed admitted upon failure of a party to respond to the request; and (c) a request for the production, inspection and copying of any documents or objects not privileged, which reasonably may lead to the discovery of admissible evidence, to be answered or objected to within 45 days after service. The Board may allow a shorter or longer time. Any discovery engaged in under this Rule shall be subject to the provisions of Rule 14(a) with respect to general policy and protective orders, and of Rule 35 with respect to sanctions.

16. *Service of Papers Other Than Subpoenas.* Papers shall be served personally or by mail, addressed to the party upon whom service is to be made. Copies of complaints, answers and briefs shall be filed directly with the Board. The party filing any other paper with the Board shall send a copy thereof to the opposing party, noting on the paper filed with the Board that a copy has been so furnished. Subpoenas shall be served as provided in Rule 21.

Hearings

17. *Where and When Held.* Hearings will be held at such places determined by the Board to best serve the interests of the parties and the Board. Hearings will be scheduled at the discretion of the Board with due consideration to the regular order of appeals, Rule 12 requirements, and other pertinent factors. On request or motion by either party and for good cause, the Board may, in its discretion, adjust the date of a hearing.

18. *Notice of Hearings.* The parties shall be given at least 15 days notice of the time and place set for hearings. In scheduling hearings, the Board will consider the desires of the parties and the requirement for just and inexpensive determination of appeals without unnecessary delay. Notices of hearings shall be promptly acknowledged by the parties.

19. *Unexcused Absence of a Party.* The unexcused absence of a party at the time and place set for hearing will not be occasion for delay. In the event of such absence, the hearing will proceed and the case will be re-

garded as submitted by the absent party as provided in Rule 11.

20. *Hearings: Nature, Examination of Witnesses*—(a) *Nature of Hearings*—Hearings shall be as informal as may be reasonable and appropriate under the circumstances. Appellant and the Government may offer such evidence as they deem appropriate and as would be admissible under the Federal Rules of Evidence or in the sound discretion of the presiding administrative judge or examiner. Stipulations of fact agreed upon by the parties may be regarded and used as evidence at the hearing. The parties may stipulate the testimony that would be given by a witness if the witness were present. The Board may require evidence in addition to that offered by the parties.

(b) *Examination of Witnesses*—Witnesses before the Board will be examined orally under oath or affirmation, unless the presiding administrative judge or examiner shall otherwise order. If the testimony of a witness is not given under oath, the Board may advise the witness that his statements may be subject to the provisions of title 18, United States Code, sections 287 and 1001, and any other provision of law imposing penalties for knowingly making false representations in connection with claims against the United States or in any matter within the jurisdiction of any department or agency thereof.

21. *Subpoenas*—(a) *General*—Upon written request of either party filed with the recorder, or on his own initiative, the administrative judge to whom a case is assigned or who is otherwise designated by the chairman may issue a subpoena requiring:

(i) Testimony at a deposition—the deposing of a witness in the city or county where he resides or is employed or transacts his business in person, or at another location convenient for him that is specifically determined by the Board;

(ii) Testimony at a hearing—the attendance of a witness for the purpose of taking testimony at a hearing; and

(iii) Production of books and papers—in addition to (i) or (ii), the production by the witness at the deposition or hearing of books and papers designated in the subpoena.

(b) *Voluntary Cooperation*—Each party is expected (i) to cooperate and make available witnesses and evidence under its control as requested by the other party, without issuance of a subpoena, and (ii) to secure voluntary attendance of desired third-party witnesses and production of desired third-party books, papers, documents, or tangible things whenever possible.

(c) *Requests for Subpoenas*—(1) A request for subpoena shall normally be filed at least:

(i) 15 days before a scheduled deposition where the attendance of a witness at a deposition is sought; or

(ii) 30 days before a scheduled hearing where the attendance of a witness at a hearing is sought.

In its discretion the Board may honor requests for subpoenas not made within these time limitations.

(2) A request for a subpoena shall state the reasonable scope and general relevance to the case of the testimony and of any books and papers sought.

(d) *Requests to Quash or Modify*—Upon written request by the person subpoenaed or by a party, made within 10 days after service but in any event not later than the time specified in the subpoena for compliance, the Board may (i) quash or modify the subpoena if it is unreasonable and oppressive or for other good cause shown, or (ii) require the person in whose behalf the subpoena was issued to advance the reasonable cost of producing subpoenaed books and papers. Where circumstances require, the Board may act upon such a request at any time after a copy has been served upon the opposing party.

(e) *Form; Issuance*—(1) Every subpoena shall state the name of the Board and the title of the appeal, and shall command each person to whom it is directed to attend and give testimony, and if appropriate, to produce specified books and papers at a time and place therein specified. In issuing a subpoena to a requesting party, the administrative judge shall sign the subpoena and may, in his discretion, enter the name of the witness and otherwise leave it blank. The party to whom the subpoena is issued shall complete the subpoena before service.

(2) Where the witness is located in a foreign country, a letter rogatory or subpoena may be issued and served under the circumstances and in the manner provided in 28 U.S.C. 1781-1784.

(f) *Service*—(1) The party requesting issuance of a subpoena shall arrange for service.

(2) A subpoena requiring the attendance of a witness at a deposition or hearing may be served at any place. A subpoena may be served by a United States marshal or deputy marshal, or by any other person who is not a party and not less than 18 years of age. Service of a subpoena upon a person named therein shall be made by personally delivering a copy to that person and tendering the fees for one day's attendance and the mileage provided by 28 U.S.C. 1821 or other applicable law; however, where the subpoena is issued on behalf of the Government, money payments need not be tendered in advance of attendance.

(3) The party at whose instance a subpoena is issued shall be responsible for the payment of fees and mileage of the witness and of the officer who serves the subpoena. The failure to make payment of such charges on demand may be deemed by the Board as a sufficient ground for striking the testimony of the wit-

ness and the books or papers the witness has produced.

(g) *Contumacy or Refusal to Obey a Subpoena*—In case of contumacy or refusal to obey a subpoena by a person who resides, is found, or transacts business within the jurisdiction of a United States District Court, the Board will apply to the Court through the Attorney General of the United States for an order requiring the person to appear before the Board or a member thereof to give testimony or produce evidence or both. Any failure of any such person to obey the order of the Court may be punished by the Court as a contempt thereof.

22. *Copies of Papers*. When books, records, papers, or documents have been received in evidence, a true copy thereof or of such part thereof as may be material or relevant may be substituted therefor, during the hearing or at the conclusion thereof.

23. *Post-Hearing Briefs*. Post-hearing briefs may be submitted upon such terms as may be directed by the presiding administrative judge or examiner at the conclusion of the hearing.

24. *Transcript of Proceedings*. Testimony and argument at hearings shall be reported verbatim, unless the Board otherwise orders. Waiver of transcript may be especially suitable for hearings under Rule 12.2. Transcripts of the proceedings shall be supplied to the parties at such rates as may be established by contract between the Board and the reporter, provided that ordinary copy of transcript shall be supplied to the appellant at an amount no greater than the cost of duplication.

25. *Withdrawal of Exhibits*. After a decision has become final the Board may, upon request and after notice to the other party, in its discretion permit the withdrawal of original exhibits, or any part thereof, by the party entitled thereto. The substitution of true copies of exhibits or any part thereof may be required by the Board in its discretion as a condition of granting permission for such withdrawal.

Representation

26. *The Appellant*. An individual appellant may appear before the Board in person, a corporation by one of its officers; and a partnership or joint venture by one of its members; or any of these by an attorney at law duly licensed in any state, commonwealth, territory, the District of Columbia, or in a foreign country. An attorney representing an appellant shall file a written notice of appearance with the Board.

27. *The Government*. Government counsel may, in accordance with their authority, represent the interest of the Government before the Board. They shall file notices of appearance with the Board, and notice thereof

will be given appellant or appellant's attorney in the form specified by the Board from time to time.

Decisions

28. *Decisions.* (a) Decisions of the Board will be made in writing and authenticated copies of the decision will be forwarded simultaneously to both parties. The rules of the Board and all final orders and decisions (except those required for good cause to be held confidential and not cited as precedents) shall be open for public inspection at the offices of the Board. Decisions of the Board will be made solely upon the record, as described in Rule 13.

(b) Any monetary award to a contractor by the Board shall be promptly paid in accordance with the procedures provided by section 1302 of the Act of July 27, 1956 (70 Stat. 694, as amended; 31 U.S.C. 724a). To assure prompt payment the Recorder will forward a waiver form to each party with the decision. If the parties do not contemplate an appeal or motion for reconsideration, they will execute waivers which so state, and return them to the Recorder. The Recorder will forward the waivers and a certified copy of the award decision to the General Accounting Office for certification for payment.

Motion for Reconsideration

29. *Motion for Reconsideration.* A motion for reconsideration may be filed by either party. It shall set forth specifically the grounds relied upon to sustain the motion. The motion shall be filed within 30 days from the date of the receipt of a copy of the decision of the Board by the party filing the motion.

Suspensions, Dismissals and Defaults: Remands

30. *Suspensions; Dismissal Without Prejudice.* The Board may suspend the proceedings by agreement of counsel for settlement discussions, or for good cause shown. In certain cases, appeals docketed before the Board are required to be placed in a suspense status and the Board is unable to proceed with disposition thereof for reasons not within the control of the Board. Where the suspension has continued, or may continue, for an inordinate length of time, the Board may, in its discretion, dismiss such appeals from its docket without prejudice to their restoration when the cause of suspension has been removed. Unless either party or the Board acts within three years to reinstate any appeal dismissed without prejudice, the dismissal shall be deemed with prejudice.

31. *Dismissal or Default for Failure to Prosecute or Defend.* Whenever a record discloses the failure of either party to file documents required by these rules, respond to notices or correspondence from the Board, comply with orders of the Board, or otherwise indicates an intention not to continue the prosecution

or defense of an appeal, the Board may, in the case of a default by the appellant, issue an order to show cause why the appeal should not be dismissed or, in the case of a default by the Government, issue an order to show cause why the Board should not act thereon pursuant to Rule 35. If good cause is not shown, the Board may take appropriate action.

32. *Remand from Court.* Whenever any court remands a case to the Board for further proceedings, each of the parties shall, within 20 days of such remand, submit a report to the Board recommending procedures to be followed so as to comply with the court's order. The Board shall consider the reports and enter special orders governing the handling of the remanded case. To the extent the court's directive and time limitations permit, such orders shall conform to these rules.

Time, Computation and Extensions

33. *Time, Computation and Extensions.* (a) Where possible, procedural actions should be taken in less time than the maximum time allowed. Where appropriate and justified, however, extensions of time will be granted. All requests for extensions of time shall be in writing.

(b) In computing any period of time, the day of the event from which the designated period of time begins to run shall not be included, but the last day of the period shall be included unless it is a Saturday, Sunday, or a legal holiday, in which event the period shall run to the end of the next business day.

Ex Parte Communications

34. *Ex parte Communications.* No member of the Board or the Board's staff shall entertain, nor shall any person directly or indirectly involved in an appeal, submit to the Board or the Board's staff, off the record, any evidence, explanation, analysis, or advice, whether written or oral, regarding any matter at issue in an appeal. This provision does not apply to consultation among Board members or to ex parte communications concerning the Board's administrative functions or procedures.

Sanctions

35. *Sanctions.* If any party fails or refuses to obey an order issued by the Board, the Board may then make such order as it considers necessary to the just and expeditious conduct of the appeal.

Effective Date and Applicability

36. *Effective Date.* These rules shall apply (i) mandatorily, to all appeals relating to contracts entered into on or after 1 March 1979,

Ch. 2, App. F

48 CFR Ch. 2 (10-1-10 Edition)

and (ii) at the contractor's election, to appeals relating to earlier contracts, with respect to claims pending before the contracting officer on 1 March 1979 or initiated thereafter.

Pursuant to the Charter of the Armed Services Board of Contract Appeals, the attached rules are hereby approved for use and application to appeals to the Armed Services Board of Contract Appeals under the Contract Disputes Act of 1978.

Part 1—Introduction

F-101 General.

This appendix contains procedures and instructions for the use, preparation, and distribution of the material inspection and receiving report (MIRR) (DD Form 250 series) and commercial shipping/packing lists used to document Government contract quality assurance.

F-102 Applicability.

(a) The provisions of this appendix apply to supplies or services acquired by DoD when the clause at 252.246-7000, Material Inspection and Receiving Report, is included in the contract. If the contract contains the clause at FAR 52.213-1, Fast Payment Procedure, the contractor may elect not to prepare a DD Form 250.

(b) When DoD provides quality assurance or acceptance services for non-DoD activities, prepare a MIRR using the instructions in this appendix, unless otherwise specified in the contract.

F-103 Use.

(a) The DD Form 250 is a multipurpose report used—(1) To provide evidence of Government contract quality assurance at origin or destination;

(2) To provide evidence of acceptance at origin or destination;

(3) For packing lists;

(4) For receiving;

(5) For shipping;

(6) As a contractor invoice; and

(7) As commercial invoice support.

(b) Do not use the DD Form 250 for shipments—(1) By subcontractors, unless the subcontractor is shipping directly to the Government; or

(2) Of contract inventory.

(c) The contractor prepares the MIRR, except for entries that an authorized Government representative is required to complete. The contractor shall furnish sufficient copies of the completed form, as directed by the Government representative.

(d) Use the DD Form 250-1—(1) For bulk movements of petroleum products by tanker or barge to cover—

(i) Origin or destination acceptance of cargo; or

(ii) Shipment or receipt of Government owned products.

(2) To send quality data to the point of acceptance in the case of origin inspection on FOB destination deliveries or preinspection at product source. Annotate the forms with the words "INSPECTED FOR QUALITY ONLY."

F-104 Application.

(a) *DD Form 250.* (1) Use the DD Form 250 for delivery of contract line, subtitle, exhibit line, or exhibit subtitle items. Do not use the

DD Form 250 for those exhibit line or exhibit subline items on a DD Form 1423, Contract Data Requirements List, that indicate no DD Form 250 is required.

(2) If the shipped to, marked for, shipped from, mode of shipment, contract quality assurance and acceptance data are the same for more than one shipment made on the same day under the same contract, contractors may prepare one MIRR to cover all such shipments.

(3) If the volume of the shipment precludes the use of a single car, truck, or other vehicle, prepare a separate MIRR for the contents of each vehicle.

(4) When a shipment is consigned to an Air Force activity and the shipment includes items of more than one federal supply class (FSC) or material management code (MMC), prepare a separate DD Form 250 for items of each of the FSCs or MMCs in the shipment. However, the cognizant Government representative may authorize a single DD Form 250, listing each of the FSCs or MMCs included in the shipment on a separate continuation sheet. The MMC appears as a suffix to the national stock number applicable to the item.

(5) Consolidation of Petroleum Shipments on a Single MIRR—(i) *Contiguous United States*. Contractors may consolidate multiple car or truck load shipments of petroleum made on the same day, to the same destination, against the same contract line item, on one MIRR. To permit verification of motor deliveries, assign each load a load number which can be identified to the shipment number in Block 2 of the DD Form 250. Include a shipping document (commercial or government) with each individual load showing as a minimum—

- (A) The shipper;
- (B) Shipping point;
- (C) Consignee;
- (D) Contract and line item number;
- (E) Product identification;
- (F) Gross gallons (bulk only);
- (G) Loading temperature (bulk only);
- (H) American Petroleum Institute gravity (bulk only);
- (I) Identification of carrier's equipment;
- (J) Serial number of all seals applied; and
- (K) Signature of supplier's representative.

When acceptance is at destination, the receiving activity retains the shipping document(s) to verify the entries on the consignee copy of the DD Form 250 forwarded by the contractor (reference F-401, Table 1) before signing Block 21b.

(ii) *Overseas*. The same criteria as for contiguous United States applies, except the consolidation period may be extended, if acceptable to the receiving activity, shipping activity, Government finance office, and the authorized Government representative having cognizance at the contractor's facility. In addition, the contractor may include

more than one contract line item in each DD Form 250 if the shipped to, marked for, shipped from, mode of shipment, contract quality assurance, and acceptance data are the same for all line items.

(6) *Consolidation of Coal Shipments on a Single MIRR*. Contractors may consolidate multiple railcar or truck shipments of coal made on the same day, to the same destination, against the same contract line items, on one MIRR. To permit verification of truck deliveries, assign each load a load number which can be identified to the shipment number in Block 2 of the DD Form 250 and the analytical test report. Include a commercial shipping document with each individual truck load showing as a minimum—

- (i) The shipper;
- (ii) The name or names;
- (iii) Location and shipping point of the mine or mines from which the coal originates;
- (iv) The contract number;
- (v) The exact size of the coal shipped; and
- (vi) A certified weighmaster's certification of weight for the truckload.

Include a waybill with each rail shipment showing the identical information. To permit verification of rail deliveries, identify each railcar number comprising the shipment to the shipment number in Block 2 of the DD Form 250 and the analytical test report. When acceptance is at destination, the receiving activity must retain the shipping document(s) to verify the entries on the consignee copy of the DD Form 250.

(b) *DD Form 250-1*. (1) Use a separate form for each tanker or barge cargo loaded.

(2) The contractor may report more than one barge in the same tow on a single form if on the same contract and consigned to the same destination.

(3) When liftings involve more than one contract, prepare separate forms to cover the portion of cargo loaded on each contract.

(4) Prepare a separate form for each product or grade of product loaded.

(5) Use a separate document for each tanker or barge cargo and each grade of product discharged.

(6) For discharge, the contractor may report more than one barge in the same tow on a single form if from the same loading source.

Part 2—Contract Quality Assurance (CQA) on Shipments Between Contractors

F-201 Instructions.

F-201 Procedures.

Follow the procedures at PGI F-201 for evidence of required Government contract quality assurance at a subcontractor's facility.

- (6) Enter overflow data from the DD Form 250 in Block 16 or in the body of the DD Form 250c with an appropriate cross-reference. Do not number or distribute additional DD Form 250c sheets, solely for continuation of Block 23 data as part of the MIRR.
- (7) Do not include classified information in the MIRR. MIRRs must not be classified.

- (b) *Completion instructions.* (1) Block 1—Procurement Instrument Identification (Contract) No.
 - (i) Enter the 13-position alpha-numeric basic Procurement Instrument Identification Number (PIIN) of the contract. When applicable, enter the four-position alpha-numeric call/order serial number that is supplementary to the 13-position basic PIIN. This number is also referred to as the Supplementary Procurement Instrument Identification Number (SPIIN). Use SPIINs for (also see Subpart 204.70)—
 - (A) Delivery orders under indefinite-delivery type contracts;
 - (B) Orders under basic ordering agreements; and

(iii) The prime contractor shall control deliveries and on the final shipment of the contract shall end the shipment number with a "Z." Where the final shipment is from other than the prime contractor's plant, the prime contractor may elect either to—

(A) Direct the subcontractor making the final shipment to end that shipment number with a "Z"; or

(B) Upon determination that all subcontractors have completed their shipments, to correct the DD Form 250 (see F-305) covering the final shipment made from the prime contractor's plant by addition of a "Z" to that shipment number.

(iv) Contractors follow the procedures in F-306 to use commercial invoices.

F-303 Consolidated shipments.

When individual shipments are held at the contractor's plant for authorized transportation consolidation to a single bill of lading, the contractor may prepare the DD Forms 250 at the time of CQA or acceptance prior to the time of actual shipment (see Block 3).

F-304 Multiple consignee instructions.

The contractor may prepare one MIRR when the identical line item(s) of a contract are to be shipped to more than one consignee, with the same or varying quantities, and the shipment requires origin acceptance. Prepare the MIRR using the procedures in this appendix with the following changes—

(a) Blocks 2, 4, 13, and, if applicable, 14—Enter "See Attached Distribution List."

(b) Block 15—The contractor may group item numbers for identical stock/part number and description.

(c) Block 17—Enter the "total" quantity shipped by line item or, if applicable, grouped identical line items.

(d) Use the DD Form 250c to list each individual "Shipped To" and "Marked For" with—

(2) Line item number(s);

(3) Quantity;

(4) MIPR number(s), preceded by "MIPR," or the MILSTRIP requisition number, and quantity for each when provided in the contract or shipping instructions; and

(5) If applicable, bill of lading number, TCN, and mode of shipment code.

(e) The contractor may omit those distribution list pages of the DD Form 250c that are not applicable to the consignee. Provide a complete MIRR for all other distribution.

F-305 Correction instructions.

Make a new revised MIRR or correct the original when, because of errors or omissions, it is necessary to correct the MIRR after distribution has been made. Use data identical to that of the original MIRR. Do not correct MIRRs for Blocks 19 and 20 entries. Make the corrections as follows—

(a) Circle the error and place the corrected information in the same block; if space is limited, enter the corrected information in Block 16 referencing the error page and block. Enter omissions in Block 16 referencing omission page and block. For example—

 CORRECTIONS:

Refer Block 2: Change shipment No. AAA001 to AAA0010 on all pages of the MIRR.

Refer Blocks 15, 16, 17, and 18, page 2: Delete in entirety Line Item No. 0006. This item was not shipped.

(b) When corrections have been made to entries for line items (Block 15) or quantity

(Block 17) enter the words “CORRECTIONS HAVE BEEN VERIFIED” on page 1. The authorized Government representative will date and sign immediately below the statement. This verification statement and signature are not required for other corrections.

(c) Clearly mark the pages of the MIRR requiring correction with the words “CORRECTED COPY.” Avoid obliterating any other entries. Where corrections are made only on continuation sheets, also mark page number 1 with the words “CORRECTED COPY.”

(d) Page 1 and only those continuation pages marked “CORRECTED COPY” shall be distributed to the initial distribution. A complete MIRR with corrections shall be distributed to new addressee(s) created by error corrections.

F-306 Invoice instructions.

(a) Contractors shall submit payment requests and receiving reports in electronic form, unless an exception in 232.7002 applies. Contractor submission of the material inspection and receiving information required by this appendix by using the Wide Area WorkFlow electronic form (see paragraph (b) of the clause at 252.232-7003) fulfills the requirement for an MIRR.

(b) If the contracting officer authorizes the contractor to submit an invoice in paper form, the Government encourages, but does not require, the contractor to use the MIRR as an invoice, in lieu of a commercial form. If commercial forms are used, identify the related MIRR shipment number(s) on the form. If using the MIRR as an invoice, prepare the MIRR and forward the required number of copies to the payment office as follows:

(1) Complete Blocks 5, 6, 19, and 20. Block 6 shall contain the invoice number and date. Column 20 shall be totaled.

(2) Mark in letters approximately one inch high, first copy: “ORIGINAL INVOICE, for all invoice submissions; and three copies: “INVOICE COPY,” when the payment office requires four copies. Questions regarding the appropriate number of copies (*i.e.*, one or four) should be directed to the applicable payment office.

(3) Forward the appropriate number of copies to the payment office (Block 12 address), except when acceptance is at destination and a Navy finance office will make payment, forward to destination.

(4) Be sure to separate the copies of the MIRR used as an invoice from the copies of the MIRR used as a receiving report.

F-307 Packing list instructions.

Contractors may use copies of the MIRR as a packing list. The packing list copies are in addition to the copies of the MIRR required for standard distribution (see F-401). Mark them “PACKING LIST.”

F-308 Receiving instructions.

When the MIRR is used for receiving purposes, local directives shall prescribe procedures. If CQA and acceptance or acceptance of supplies is required upon arrival at destination, see F-301(b)(21)(v) for instructions.

Part 4—Distribution of DD Form 250 and DD Form 250c

F-401 Distribution.

(a) The contractor is responsible for distributing the DD Form 250, including mailing and payment of postage. Use of the Wide Area WorkFlow electronic form satisfies the distribution requirements of this section, except for the copies required to accompany shipment.

(b) Contractors shall distribute MIRRs using the instructions in Tables 1 and 2.

(c) Contractors shall distribute MIRRs on non-DoD contracts using this appendix as amended by the contract.

(d) Contractors shall make distribution promptly, but no later than the close of business of the work day following—

(1) Signing of the DD Form 250 (Block 21a) by the authorized Government representative; or

(2) Shipment when authorized under terms of alternative release, certificate of conformance, or fast pay procedures; or

(3) Shipment when CQA and acceptance are to be performed at destination.

(e) Do not send the consignee copies (via mail) on overseas shipments to port of embarkation (POE). Send them to consignee at APO/FPO address.

(f) Copies of the MIRR forwarded to a location for more than one recipient shall clearly identify each recipient.

APPENDIX G TO CHAPTER 2 [RESERVED]

APPENDIX H TO CHAPTER 2—DEBARMENT AND SUSPENSION PROCEDURES

Sec.

H-100 Scope.

H-101 Notification.

H-102 Nature of proceeding.

H-103 Presentation of matters in opposition.

H-104 Fact-finding.

H-105 Timing requirements.

H-106 Subsequent to fact-finding.

AUTHORITY: 41 U.S.C. 421 and 48 CFR chapter 1.

H-100 Scope.

This appendix provides uniform debarment and suspension procedures to be followed by all debarring and suspending officials.

H-101 Notification.

Contractors will be notified of the proposed debarment or suspension in accordance with FAR 9.406-3 or 9.407-3. A copy of the record which formed the basis for the decision by the debarring and suspending official will be made available to the contractor. If there is a reason to withhold from the contractor any portion of the record, the contractor will be informed of what is withheld and the reasons for such withholding.

H-102 Nature of proceeding.

There are two distinct proceedings which may be involved in the suspension or debarment process. The first is the presentation of matters in opposition to the suspension or proposed debarment by the contractor.

The second is fact-finding which occurs only in cases in which the contractor's presentation of matters in opposition raises a genuine dispute over one or more material facts. In a suspension action based upon an indictment or in a proposed debarment action based upon a conviction or civil judgment, there will be no fact-finding proceeding concerning the matters alleged in the indictment, or the facts underlying the convictions or civil judgment. However, to the extent that the proposed action stems from the contractor's affiliation with an individual or firm indicted or convicted, or the subject of a civil judgment, fact-finding is permitted if a genuine dispute of fact is raised as to the question of affiliation as defined in FAR 9.403.

H-103 Presentation of matters in opposition.

(a) In accordance with FAR 9.406-3(c) and 9.407-3(c), matters in opposition may be presented in person, in writing, or through a representative. Matters in opposition may be presented through any combination of the foregoing methods, but if a contractor desires to present matters in person or through a representative, any written material should be delivered at least 5 working days in advance of the presentation. Usually, all matters in opposition are presented in a single proceeding. A contractor who becomes aware of a pending indictment or allegations of wrongdoing that the contractor believes may lead to suspension or debarment action may contact the debarring and suspending official or designee to provide information as to the contractor's present responsibility.

(b) An in-person presentation is an informal meeting, nonadversarial in nature. The debarring and suspending official and/or other agency representatives may ask questions of the contractor or its representative making the presentation. The contractor may select the individuals who will attend the meeting on the contractor's behalf; individual respondents or principals of a business firm respondent may attend and speak for themselves.

(c) In accordance with FAR 9.406-3(c) and 9.407-3(c), the contractor may submit matters in opposition within 30 days from receipt of the notice of suspension or proposed debarment.

(d) The opportunity to present matters in opposition to debarment includes the opportunity to present matters concerning the duration of the debarment.

H-104 Fact-finding.

(a) The debarring and suspending official will determine whether the contractor's presentation has raised a genuine dispute of material fact(s). If the debarring and suspending official has decided against debarment or continued suspension, or the provisions of FAR 9.4 preclude fact-finding, no fact-finding will be conducted. If the debarring and suspending official has determined a genuine dispute of material fact(s) exists, a designated fact-finder will conduct the fact-finding proceeding. The proceeding before the fact-finder will be limited to a finding of the facts in dispute as determined by the debarring and suspending official.

(b) The designated fact-finder will establish the date for a fact-finding proceeding, normally to be held within 45 working days of the contractor's presentation of matters in opposition. An official record will be made of the fact-finding proceeding.

(c) The Government's representative and the contractor will have an opportunity to present evidence relevant to the facts at issues. The contractor may appear in person or through a representative in the fact-finding proceeding.

(d) Neither the Federal Rules of Evidence nor the Federal Rules of Civil Procedure govern fact-finding. Hearsay evidence may be presented and will be given appropriate weight by the fact-finder.

(e) Witnesses may testify in person. Witnesses will be reminded of the official nature of the proceeding and that any false testimony given is subject to criminal prosecution. Witnesses are subject to cross-examination.

H-105 Timing requirements.

All timing requirements set forth in these procedures may be extended by the debarring and suspending official for good cause.

H-106 Subsequent to fact-finding.

(a) Written findings of fact will be prepared by the fact-finder as mandated by FAR 9.406-3(d)(2)(i) and 9.407-3(d)(2)(i).

(b) The fact-finder will determine the disputed fact(s) by a preponderance of the evidence. A copy of the findings of fact will be provided to the debarring and suspending official, the Government's representative, and the contractor.

(c) The debarring and suspending official will determine whether to continue the suspension or to debar the contractor based upon the entire administrative record, including the findings of fact.

(d) Prompt written notice of the debarring and suspending official's decision will be sent to the contractor and any affiliates involved, in compliance with FAR 9.406-3(e) and 9.407-3(d)(4).

APPENDIX I TO CHAPTER 2—POLICY AND PROCEDURES FOR THE DOD PILOT MENTOR-PROTEGE PROGRAM

I-100 Purpose.

(a) This Appendix I to 48 CFR Chapter 2 implements the Pilot Mentor-Protégé Program (hereafter referred to as the "Program") established under Section 831 of Public Law 101-510, the National Defense Authorization Act for Fiscal Year 1991 (10 U.S.C. 2302 note). The purpose of the Program is to—

(1) Provide incentives to major DoD contractors, performing under at least one active approved subcontracting plan negotiated with DoD or another Federal agency, to assist protégé firms in enhancing their capabilities to satisfy DoD and other contract and subcontract requirements;

(2) Increase the overall participation of protégé firms as subcontractors and suppliers under DoD contracts, other Federal agency contracts, and commercial contracts; and

(3) Foster the establishment of long-term business relationships between protégé firms and such contractors.

(b) Under the Program, eligible companies approved as mentor firms will enter into mentor-protégé agreements with eligible protégé firms to provide appropriate developmental assistance to enhance the capabilities of the protégé firms to perform as subcontractors and suppliers. DoD may provide the mentor firm with either cost reimbursement or credit against applicable subcontracting goals established under contracts with DoD or other Federal agencies.

(c) DoD will measure the overall success of the Program by the extent to which the Program results in—

firms (under DoD contracts, contracts awarded by other Federal agencies, and commercial contracts) from the date of their entry into the Program until 2 years after the conclusion of the agreement;

(2) An increase in the number and dollar value of subcontracts awarded to a protégé firm (or former protégé firm) by its mentor firm (or former mentor firm);

(3) An increase in the employment level of protégé firms from the date of entry into the Program until 2 years after the completion of the agreement.

(d) This policy sets forth the procedures for participation in the Program applicable to companies that are interested in receiving—

(c) Mentor firms may rely in good faith on a written representation that the entity meets the requirements of paragraph (a) of this section, except for a protégé’s status as a small disadvantaged business concern (see FAR 19.703(b)).

(d) If at any time the SBA (or DoD in the case of entities employing the severely disabled) determines that a protégé is ineligible, assistance that the mentor firm furnishes to the protégé after the date of the determination may not be considered assistance furnished under the Program.

(e) A company may not be approved for participation in the Program as a mentor firm if, at the time of requesting participation in the Program, it is currently debarred or suspended from contracting with the Federal Government pursuant to FAR Subpart 9.4.

(f) If the mentor firm is suspended or debarred while performing under an approved mentor-protégé agreement, the mentor firm—

- (a) Mentor firms will be solely responsible for selecting protege firms. Mentor firms are

encouraged to identify and select concerns that are defined as emerging SDB, women-owned small business, HUBZone small business, service-disabled veteran-owned small business, or an eligible entity employing the severely disabled.

(b) The selection of protégé firms by mentor firms may not be protested, except as in paragraph (c) of this section.

(c) In the event of a protest regarding the size or disadvantaged status of an entity selected to be a protégé firm as defined in I–101.5, the mentor firm must refer the protest to the SBA to resolve in accordance with 13 CFR part 121 (with respect to size) or 13 CFR part 124 (with respect to disadvantaged status).

(d) For purposes of the Small Business Act, no determination of affiliation or control (either direct or indirect) may be found between a protégé firm and its mentor firm on the basis that the mentor firm has agreed to furnish (or has furnished) to its protégé firm, pursuant to a mentor-protégé agreement, any form of developmental assistance described in I–107(f).

(e) A protégé firm may have only one active DoD mentor-protégé agreement.

If the company presently is required to submit a Standard Form (SF) 295, Summary Subcontract Report, the request must include copies of the final reports for the 2 preceding fiscal years.

(8) Information on the company's ability to provide developmental assistance to eligible protégés.

(c) A template of the mentor application is available at: http://www.acq.osd.mil/osbp/mentor_protege/.

(d) Companies that apply for participation and are not approved will be provided the reasons and an opportunity to submit additional information for reconsideration.

I-106 Development of mentor-protégé agreements.

(a) Prospective mentors and their protégés may choose to execute letters of intent prior to negotiation of mentor-protégé agreements.

(b) The agreements should be structured after completion of a preliminary assessment of the developmental needs of the protégé firm and mutual agreement regarding the developmental assistance to be provided to address those needs and enhance the protégé's ability to perform successfully under contracts or subcontracts.

(c) A mentor firm may not require a protégé firm to enter into a mentor-protégé agreement as a condition for award of a contract by the mentor firm, including a subcontract under a DoD contract awarded to the mentor firm.

(d) The mentor-protégé agreement may provide for the mentor firm to furnish any or all of the following types of developmental assistance:

(1) Assistance by mentor firm personnel in—

(i) General business management, including organizational management, financial management, and personnel management, marketing, business development, and overall business planning;

(ii) Engineering and technical matters such as production inventory control and quality assurance; and

(iii) Any other assistance designed to develop the capabilities of the protégé firm under the developmental program.

(2) Award of subcontracts under DoD contracts or other contracts on a noncompetitive basis.

(3) Payment of progress payments for the performance of subcontracts by a protégé

firm in amounts as provided for in the subcontract; but in no event may any such progress payment exceed 100 percent of the costs incurred by the protégé firm for the performance of the subcontract. Provision of progress payments by a mentor firm to a protégé firm at a rate other than the customary rate for the firm must be implemented in accordance with FAR 32.504(c).

(4) Advance payments under such subcontracts. The mentor firm must administer advance payments in accordance with FAR Subpart 32.4.

(iv) Minority institutions of higher education.

(e) Pursuant to FAR 31.109, approved mentor firms seeking either reimbursement or credit are strongly encouraged to enter into an advance agreement with the contracting officer responsible for determining final indirect cost rates under FAR 42.705. The purpose of the advance agreement is to establish the accounting treatment of the costs of the developmental assistance pursuant to the mentor-protégé agreement prior to the incurring of any costs by the mentor firm. An advance agreement is an attempt by both the Government and the mentor firm to avoid possible subsequent dispute based on questions related to reasonableness, allocability, or allowability of the costs of developmental assistance under the Program. Absent an advance agreement, mentor firms are advised to establish the accounting treatment of such costs and to address the need for any changes to their cost accounting practices that may result from the implementation of a mentor-protégé agreement, prior to incurring any costs, and irrespective of whether costs will be reimbursed or credited.

(f) Developmental assistance provided under an approved mentor-protégé agreement is distinct from, and must not duplicate, any effort that is the normal and expected product of the award and administration of the mentor firm's subcontracts. Costs associated with the latter must be accumulated and charged in accordance with the

contractor's approved accounting practices; they are not considered developmental assistance costs eligible for either credit or reimbursement under the Program.

I-107 Elements of a mentor-protégé agreement.

Each mentor-protégé agreement will contain the following elements:

(a) The name, address, e-mail address, and telephone number of the mentor and protégé points of contact;

(b) The NAICS code(s) that represent the contemplated supplies or services to be provided by the protégé firm to the mentor firm and a statement that, at the time the agreement is submitted for approval, the protégé firm, if an SDB, a women-owned small business, a HUBZone small business, or a service-disabled veteran-owned small business concern, does not exceed the size standard for the appropriate NAICS code;

(c) A statement that the protégé firm is eligible to participate in accordance with I-102(b);

(d) A statement that the mentor is eligible to participate in accordance with I-102;

(e) A preliminary assessment of the developmental needs of the protégé firm;

(1) Increase the protégé's ability to participate in DoD, Federal, and/or commercial contracts and subcontracts; and

(2) Increase small business subcontracting opportunities in industry categories where eligible protégés or other small business firms are not dominant in the company's vendor base;

(g) Factors to assess the protégé firm's developmental progress under the Program, including specific milestones for providing each element of the identified assistance;

(h) An estimate of the dollar value and type of subcontracts that the mentor firm will award to the protégé firm, and the period of time over which the subcontracts will be awarded;

(i) A statement from the protégé firm indicating its commitment to comply with the requirements for reporting and for review of the agreement during the duration of the agreement and for 2 years thereafter;

(j) A program participation term for the agreement that does not exceed 3 years. Requests for an extension of the agreement for a period not to exceed an additional 2 years are subject to the approval of the cognizant Component Director, SBP. The justification must detail the unusual circumstances that warrant a term in excess of 3 years;

(k) Procedures for the mentor firm to notify the protégé firm in writing at least 30 days in advance of the mentor firm's intent to voluntarily withdraw its participation in

the Program. A mentor firm may voluntarily terminate its mentor-protégé agreement(s) only if it no longer wants to be a participant in the Program as a mentor firm. Otherwise, a mentor firm must terminate a mentor-protégé agreement for cause;

(1) Procedures for the mentor firm to terminate the mentor-protégé agreement for cause which provide that—

(1) The mentor firm must furnish the protégé firm a written notice of the proposed termination, stating the specific reasons for such action, at least 30 days in advance of the effective date of such proposed termination;

(2) The protégé firm must have 30 days to respond to such notice of proposed termination, and may rebut any findings believed to be erroneous and offer a remedial program;

(3) Upon prompt consideration of the protégé firm's response, the mentor firm must either withdraw the notice of proposed termination and continue the protégé firm's participation, or issue the notice of termination; and

(4) The decision of the mentor firm regarding termination for cause, conforming with the requirements of this section, will be final and is not reviewable by DoD;

(m) Procedures for a protégé firm to notify the mentor firm in writing at least 30 days in advance of the protégé firm's intent to voluntarily terminate the mentor-protégé agreement;

(n) Additional terms and conditions as may be agreed upon by both parties; and

(o) Signatures and dates for both parties to the mentor-protégé agreement.

I-108 Submission and approval of mentor-protégé agreements.

(a) Upon solicitation or as determined by the cognizant DoD component, mentors will submit—

(1) A mentor application pursuant to I-105, if the mentor has not been previously approved to participate;

(2) A signed mentor-protégé agreement pursuant to I-107;

(3) A statement as to whether the mentor is seeking credit or reimbursement of costs incurred;

(4) The estimated cost of the technical assistance to be provided, broken out per year;

(5) A justification if program participation term is greater than 3 years (Term of agreements may not exceed 5 years); and

(6) For reimbursable agreements, a specific justification for developmental costs in excess of \$1,000,000 per year.

(b) When seeking reimbursement of costs, cognizant DoD components may require additional information.

(c) The mentor-protégé agreement must be approved by the cognizant Component Direc-

tor, SBP, prior to incurring costs eligible for credit.

(d) The cognizant DoD component will execute a contract modification or a separate contract, if justified pursuant to I-103(b)(3), prior to the mentor's incurring costs eligible for reimbursement.

(e) Credit agreements that are not associated with an existing DoD program and/or component will be submitted for approval to Director, SBP, Defense Contract Management Agency (DCMA), via the mentor's cognizant administrative contracting officer.

(f) A prospective mentor that has identified Program funds to be made available from a DoD program manager must provide the information in paragraph (a) of this section through the program manager to the cognizant Component Director, SBP, with a letter signed by the program manager indicating the amount of funding that has been identified for the developmental assistance program.

I-109 Reimbursable agreements.

The following program provisions apply to all reimbursable mentor-protégé agreements:

(a) Assistance provided in the form of progress payments to a protégé firm in excess of the customary progress payment rate for the firm will be reimbursed only if implemented in accordance with FAR 32.504(c).

(b) Assistance provided in the form of advance payments will be reimbursed only if the payments have been provided to a protégé firm under subcontract terms and conditions similar to those in the clause at FAR 52.232-12, Advance Payments. Reimbursement of any advance payments will be made pursuant to the inclusion of the clause at DFARS 252.232-7005, Reimbursement of Subcontractor Advance Payments—DoD Pilot Mentor-Protégé Program, in appropriate contracts. In requesting reimbursement, the mentor firm agrees that the risk of any financial loss due to the failure or inability of a protégé firm to repay any unliquidated advance payments will be the sole responsibility of the mentor firm.

(c) The primary forms of developmental assistance authorized for reimbursement under the Program are identified in I-106(d). On a case-by-case basis, Component Directors, SBP, at their discretion, may approve additional incidental expenses for reimbursement, provided these expenses do not exceed 10 percent of the total estimated cost of the agreement.

(d) The total amount reimbursed to a mentor firm for costs of assistance furnished to a protégé firm in a fiscal year may not exceed \$1,000,000 unless the cognizant Component Director, SBP, determines in writing that unusual circumstances justify reimbursement at a higher amount. Request for authority to reimburse in excess of \$1,000,000 must detail the unusual circumstances and

must be endorsed and submitted by the program manager to the cognizant Component Director, SBP.

(e) Developmental assistance costs that are incurred pursuant to an approved reimbursable mentor-protégé agreement, and have been charged to, but not reimbursed through, a separate contract, or through a separately priced contract line item added to a DoD contract, will not be otherwise reimbursed, as either a direct or indirect cost, under any other DoD contract, irrespective of whether the costs have been recognized for credit against applicable subcontracting goals.

I-110 Credit agreements.

I-110.1 Program provisions applicable to credit agreements.

(a) Developmental assistance costs incurred by a mentor firm for providing assistance to a protégé firm pursuant to an approved credit mentor-protégé agreement may be credited as if the costs were incurred under a subcontract award to that protégé, for the purpose of determining the performance of the mentor firm in attaining an applicable subcontracting goal established under any contract containing a subcontracting plan pursuant to the clause at FAR 52.219-9, Small Business Subcontracting Plan, or the provisions of the DoD Comprehensive Subcontracting Plan Test Program. Unreimbursed developmental assistance costs incurred for a protégé firm that is an eligible entity employing the severely disabled may be credited toward the mentor firm's small disadvantaged business subcontracting goal, even if the protégé firm is not a small disadvantaged business concern.

(b) Costs that have been reimbursed through inclusion in indirect expense pools may also be credited as subcontract awards for determining the performance of the mentor firm in attaining an applicable subcontracting goal established under any contract containing a subcontracting plan. However, costs that have not been reimbursed because they are not reasonable, allocable, or allowable will not be recognized for crediting purposes.

(c) Other costs that are not eligible for reimbursement pursuant to I-106(d) may be recognized for credit only if requested, identified, and incorporated in an approved mentor-protégé agreement.

(d) The amount of credit a mentor firm may receive for any such unreimbursed developmental assistance costs must be equal to—

(1) Four times the total amount of such costs attributable to assistance provided by small business development centers, historically Black colleges and universities, minority institutions, and procurement technical assistance centers.

(2) Three times the total amount of such costs attributable to assistance furnished by the mentor's employees.

(3) Two times the total amount of other such costs incurred by the mentor in carrying out the developmental assistance program.

I-110.2 Credit adjustments.

(a) Adjustments may be made to the amount of credit claimed if the Director, SBP, OUSD(AT&L), determines that—

(1) A mentor firm's performance in the attainment of its subcontracting goals through actual subcontract awards declined from the prior fiscal year without justifiable cause; and

(2) Imposition of such a limitation on credit appears to be warranted to prevent abuse of this incentive for the mentor firm's participation in the Program.

(b) The mentor firm must be afforded the opportunity to explain the decline in small business subcontract awards before imposition of any such limitation on credit. In making the final decision to impose a limitation on credit, the Director, SBP, OUSD(AT&L), must consider—

(1) The mentor firm's overall small business participation rates (in terms of percentages of subcontract awards and dollars awarded) as compared to the participation rates existing during the 2 fiscal years prior to the firm's admission to the Program;

(2) The mentor firm's aggregate prime contract awards during the prior 2 fiscal years and the total amount of subcontract awards under such contracts; and

(3) Such other information the mentor firm may wish to submit.

(c) The decision of the Director, SBP, OUSD(AT&L), regarding the imposition of a limitation on credit will be final.

I-111 Agreement terminations.

(a) Mentors and/or protégés must send a copy of any termination notices to the cognizant Component Director, SBP, that approved the agreement, and the DCMA administrative contracting officer responsible for conducting the annual review pursuant to I-113.

(b) For reimbursable agreements, mentors must also send copies of any termination to the program manager and to the contracting officer.

(c) Termination of a mentor-protégé agreement will not impair the obligations of the mentor firm to perform pursuant to its contractual obligations under Government contracts and subcontracts.

(d) Termination of all or part of the mentor-protégé agreement will not impair the obligations of the protégé firm to perform pursuant to its contractual obligations under any contract awarded to the protégé firm by the mentor firm.

(e) Mentors and protégés will follow provisions of the mentor-protégé agreement developed in compliance with I–107(k) through (m).

I–112 Reporting requirements.

I–112.1 Reporting requirements applicable to SF294/SF295 reports.

(a) Amounts credited toward applicable subcontracting goal(s) for unreimbursed costs under the Program must be separately identified on the appropriate SF294/SF295 reports from the amounts credited toward the goal(s) resulting from the award of actual subcontracts to protégé firms. The combination of the two must equal the mentor firm's overall accomplishment toward the applicable goal(s).

(b) A mentor firm may receive credit toward the attainment of an SDB subcontracting goal for each subcontract awarded by the mentor firm to an entity that qualifies as a protégé firm pursuant to I–101.3 or I–101.5.

(c) For purposes of calculating any incentives to be paid to a mentor firm for exceeding an SDB subcontracting goal pursuant to the clause at FAR 52.219–26, Small Disadvantaged Business Participation Program—Incentive Subcontracting, incentives will be paid only if an SDB subcontracting goal has been exceeded as a result of actual subcontract awards to SDBs (*i.e.*, excluding credit).

I–112.2 Program specific reporting requirements.

(a) Mentors must report on the progress made under active mentor-protégé agreements semiannually for the periods ending March 31st and September 30th throughout the Program participation term of the agreement. The September 30th report must address the entire fiscal year.

(b) Reports are due 30 days after the close of each reporting period.

(c) Each report must include the following data on performance under the mentor-protégé agreement:

(1) Dollars obligated (for reimbursable agreements).

(2) Expenditures.

(3) Dollars credited, if any, toward applicable subcontracting goals as a result of developmental assistance provided to the protégé and a copy of the SF294 and/or SF295 for each contract where developmental assistance was credited.

(4) The number and dollar value of subcontracts awarded to the protégé firm.

(5) Description of developmental assistance provided, including milestones achieved.

(6) Impact of the agreement in terms of capabilities enhanced, certifications received, and/or technology transferred.

(d) A recommended reporting format and guidance for its submission are available at: http://www.acq.osd.mil/sdbu/mentor_protége.

(e) The protégé must provide data, annually by October 31st, on the progress made during the prior fiscal year by the protégé in employment, revenues, and participation in DoD contracts during—

(1) Each fiscal year of the Program participation term; and

(2) Each of the 2 fiscal years following the expiration of the Program participation term.

(f) The protégé report required by paragraph (e) of this section may be provided as part of the mentor report for the period ending September 30th required by paragraph (a) of this section.

(g) Progress reports must be submitted—

(1) For credit agreements, to the cognizant Component Director, SBP, that approved the agreement, and the mentor's cognizant DCMA administrative contracting officer; and

(2) For reimbursable agreements, to the cognizant Component Director, SBP, the contracting officer, the DCMA administrative contracting officer, and the program manager.

I–113 Performance reviews.

(a) DCMA will conduct annual performance reviews of the progress and accomplishments realized under approved mentor-protégé agreements. These reviews must verify data provided on the semiannual reports and must provide information as to—

(1) Whether all costs reimbursed to the mentor firm under the agreement were reasonably incurred to furnish assistance to the protégé in accordance with the mentor-protégé agreement and applicable regulations and procedures; and

(2) Whether the mentor and protégé accurately reported progress made by the protégé in employment, revenues, and participation in DoD contracts during the Program participation term and for 2 fiscal years following the expiration of the Program participation term.

(b) A checklist for annual performance reviews is available at http://www.acq.osd.mil/osbp/mentor_protége/.
