§ 199.227 Retention of records.

(a) General requirement. Each operator shall maintain records of its alcohol misuse prevention program as provided in this section. The records shall be maintained in a secure location with controlled access.

(b) Period of retention. Each operator shall maintain the records in accordance with the following schedule:

(1) Five years. Records of employee alcohol test results with results indicating an alcohol concentration of 0.02 or greater, documentation of refusals to take required alcohol tests, calibration documentation, employee evaluation and referrals, and MIS annual report data shall be maintained for a minimum of five years.

(2) Two years. Records related to the collection process (except calibration of evidential breath testing devices), and training shall be maintained for a minimum of two years.

(3) One year. Records of all test results below 0.02 (as defined in 49 CFR part 40) shall be maintained for a minimum of one year.

(c) Types of records. The following specific records shall be maintained:

(1) Records related to the collection process:
(i) Collection log books, if used.
(ii) Calibration documentation for evidential breath testing devices.
(iii) Documentation of breath alcohol technician training.
(iv) Documents generated in connection with decisions to administer reasonable suspicion alcohol tests.
(v) Documents generated in connection with decisions on post-accident tests.
(vi) Documents verifying existence of a medical explanation of the inability of a covered employee to provide adequate breath for testing.

(2) Records related to test results:
(i) The operator’s copy of the alcohol test form, including the results of the test.
(ii) Documents related to the refusal of any covered employee to submit to an alcohol test required by this subpart.
(iii) Documents presented by a covered employee to dispute the result of an alcohol test administered under this subpart.

(3) Records related to other violations of this subpart.

(4) Records related to evaluations:
(i) Records pertaining to a determination by a substance abuse professional concerning a covered employee’s need for assistance.
(ii) Records concerning a covered employee’s compliance with the recommendations of the substance abuse professional.

(5) Record(s) related to the operator’s MIS annual testing data.

(6) Records related to education and training:
(i) Materials on alcohol misuse awareness, including a copy of the operator’s policy on alcohol misuse.
(ii) Documentation of compliance with the requirements of §199.231.
(iii) Documentation of training provided to supervisors for the purpose of qualifying the supervisors to make a determination concerning the need for alcohol testing based on reasonable suspicion.
(iv) Certification that any training conducted under this subpart complies with the requirements for such training.

§ 199.229 Reporting of alcohol testing results.

(a) Each large operator (having more than 50 covered employees) shall submit an annual MIS report to PHMSA of its alcohol testing results using the Management Information System (MIS) form and instructions as required by 49 CFR part 40 (at §40.25 and appendix H to part 40), not later than March 15 of each year for the previous calendar year (January 1 through December 31). The Administrator may require by written notice that small operators (50 or fewer covered employees) not otherwise required to submit annual MIS reports to prepare and submit such reports to PHMSA.

(b) Each operator that has a covered employee who performs multi-DOT
agency functions (e.g., an employee performs pipeline maintenance duties and drives a commercial motor vehicle), count the employee only on the MIS report for the DOT agency under which he or she is tested. Normally, this will be the DOT agency under which the employee performs more than 50% of his or her duties. Operators may have to explain the testing data for these employees in the event of a DOT agency inspection or audit.

(c) Each report required under this section shall be submitted to the Office of Pipeline Safety, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, PHP–60, 1200 New Jersey Avenue, SE., Washington, DC 20590–0001.

(d) A service agent (e.g., Consortia/Third Party Administrator as defined in part 40) may prepare the MIS report on behalf of an operator. However, each report shall be certified by the operator’s anti-drug manager or designated representative for accuracy and completeness.

(e) When requested by the National Transportation Safety Board as part of an accident investigation, an operator shall disclose information related to the operator’s administration of any post-accident alcohol tests administered following the accident under investigation.

(f) An operator shall make records available to a subsequent employer upon receipt of the written request from the covered employee. Disclosure by the subsequent employer is permitted only as expressly authorized by the terms of the employee’s written request.

(g) An operator may disclose information without employee consent as provided by DOT Procedures concerning certain legal proceedings.

(h) An operator shall release information regarding a covered employee’s records as directed by the specific, written consent of the employee authorizing release of the information to an identified person. Release of such information by the person receiving the information is permitted only in accordance with the terms of the employee’s consent.

§ 199.233 Removal from covered function.

Except as provided in §§199.239 through 199.243, no operator shall permit any covered employee to perform covered functions if the employee has engaged in conduct prohibited by §§199.215 through 199.223 or an alcohol misuse rule of another DOT agency.
