statement to FRA. The railroad shall then submit the entire form, parts I and II, to the employee. The Employee Statement Supplementing Railroad Accident Report (Employee Supplement) is completely at the option of the employee; however, if the employee desires to make a statement about the accident that will become part of the railroad’s Rail Equipment Accident/Incident Report, the employee shall complete the Employee Supplement form (part II of Form FRA F 6180.78) and shall then submit the original of the entire form, parts I and II, and any attachments, to FRA and submit a copy of the same to the railroad that issued the Notice in part I.

(i) Form FRA F 6180.97—Initial Rail Equipment Accident/Incident Record. Form FRA F 6180.97 or an alternative railroad-designed record shall be used by the railroads to record all reportable and accountable injuries and illnesses to railroad employees for each establishment. This record shall be completed and maintained in accordance with the requirements set forth in §225.25.

(ii) Form FRA 6180.107—Alternative Record for Illnesses Claimed To Be Work-Related. (1) Form FRA F 6180.107 shall be used by a railroad to record each illness claimed to be work-related that is reported to the railroad—

(i) For which there is insufficient information to determine whether the illness is work-related;

(ii) For which the railroad has made a preliminary determination that the illness is not work-related; or

(iii) For which the railroad has made a final determination that the illness is not work-related.

(2) For any case determined to be reportable, the designation “illness claimed to be work-related” shall be removed, and the record shall be transferred to the reporting officer for retention and reporting in the normal manner.

(3) In the event the narrative block (similar to Form FRA F 6180.98, block 39) indicates that the case is not reportable, the explanation contained on that block shall record the reasons the railroad determined that the case is not reportable, making reference to the most authoritative information relied upon.

(4) Although the Form FRA F 6180.107 may not include all supporting documentation, such as medical records, the Form FRA F 6180.107 shall note the name, title, and address of the custodian of those documents and where the supporting documents are located so that they are readily accessible to FRA upon request.

§225.23 Joint operations.

(a) Any reportable death, injury, or illness of an employee arising from an accident/incident involving joint operations must be reported on Form FRA F 6180.55a by the employing railroad.

(b) In all cases involving joint operations, each railroad must report on Form FRA F 6180.55a the casualties to all persons on its train or other on-track equipment. Casualties to railroad employees must be reported by the employing railroad regardless of whether the employees were on or off duty. Casualties to all other persons not on trains or on-track equipment must be reported on Form FRA F 6180.55a by the railroad whose train or equipment is involved. Any person found unconscious or dead, if such condition arose from the operation of a railroad, on or adjacent to the premises or right-of-way of the railroad having track maintenance responsibility must be reported by that railroad on Form FRA F 6180.55a.

(c) In rail equipment accident/incident cases involving joint operations, the railroad responsible for carrying out repairs to, and maintenance of, the track on which the accident/incident
§ 225.25 Recordkeeping.

(a) Each railroad shall maintain either the Railroad Employee Injury and/or Illness Record (Form FRA F 6180.98) or an alternative railroad-designed record as described in paragraph (b) of this section of all reportable and accountable injuries and illnesses of its employees that arise from the operation of the railroad for each railroad establishment where such employees report to work, including, but not limited to, an operating division, general office, and major installation such as a locomotive or car repair or construction facility.

(b) The alternative railroad-designed record may be used in lieu of the Railroad Employee Injury and/or Illness Record (Form FRA F 6180.98) described in paragraph (a) of this section. Any such alternative record shall contain all of the information required on the Railroad Employee Injury and/or Illness Record. Although this information may be displayed in a different order from that on the Railroad Employee Injury and/or Illness Record, the order of the information shall be consistent from one such record to another such record. The order chosen by the railroad shall be consistent for each of the railroad’s reporting establishments.

Railroads may list additional information on the alternative record beyond the information required on the Railroad Employee Injury and/or Illness Record. The alternative record shall contain, at a minimum, the following information:

1. Name of railroad;
2. Case/incident number;
3. Full name of railroad employee;
4. Date of birth of railroad employee;
5. Gender of railroad employee;
6. Employee identification number or, in the alternative, Social Security Number of railroad employee;
7. Date the railroad employee was hired;
8. Home address of railroad employee; include the street address, city, State, ZIP code, and home telephone number with area code;
9. Name of facility where railroad employee normally reports to work;

11. Job title of railroad employee;
12. Department assigned;
13. Specific site where accident/incident/exposure occurred; include the city, county, State, and ZIP code;
14. Date and time of occurrence; military time or AM/PM;
15. Time employee’s shift began; military time or AM/PM;
16. Whether employee was on premises when injury, illness, or condition occurred;
17. Whether employee was on or off duty;
18. Date and time when employee notified company personnel of condition; military time or AM/PM;
19. Name and title of railroad official notified;
20. Description of the general activity this employee was engaged in prior to the injury/illness/condition;
21. Description of all factors associated with the case that are pertinent to an understanding of how it occurred. Include a discussion of the sequence of events leading up to it; and the tools, machinery, processes, material, environmental conditions, etc., involved;
22. Description, in detail, of the injury/illness/condition that the employee sustained, including the body parts affected. If a recurrence, list the date of the last occurrence;
23. Identification of all persons and organizations used to evaluate or treat the condition, or both. Include the facility, provider and complete address;
24. Description of all procedures, medications, therapy, etc., used or recommended for the treatment of the condition;
25. Extent and outcome of injury or illness to show the following as applicable:
   (i) Fatality—enter date of death;
   (ii) Restricted work; number of days; beginning date;
