

§ 262.5

Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

Relocation means moving a rail line vertically or laterally to a new location. Vertical relocation refers to raising above the current ground level or sinking below the current ground level a rail line. Lateral relocation refers to moving a rail line horizontally to a new location.

Secretary means the Secretary of Transportation.

State except as used in § 262.17, means any of the fifty United States, a political subdivision of a State, and the District of Columbia. In § 262.17, *State* means any of the fifty United States and the District of Columbia.

Tangible personal property means property, other than real property, that has a physical existence and an intrinsic value, including machinery, equipment and vehicles.

§ 262.5 Allocation requirements.

At least fifty percent of all grant funds awarded under this section out of funds appropriated for a fiscal year shall be provided as grant awards of not more than \$20,000,000 each. Designated, high-priority projects will be excluded from this allocation formula. FRA will adjust the \$20,000,000 amount to reflect inflation for fiscal years beginning after fiscal year 2006 based on the materials and supplies component from the all-inclusive index of the *AAR Railroad Cost Indexes*.

§ 262.7 Eligibility.

(a) A State is eligible for a grant from FRA under this section for any construction project for the improvement of the route or structure of a rail line that either:

(1) Is carried out for the purpose of mitigating the adverse effects of rail traffic on safety, motor vehicle traffic flow, community quality of life, or economic development; or

(2) Involves a lateral or vertical relocation of any portion of the rail line.

(b) Only costs associated with construction as defined in § 262.3 will be considered allowable costs.

49 CFR Ch. II (10–1–10 Edition)

§ 262.9 Criteria for selection of projects.

Applicants must submit evidence sufficient for the FRA to determine whether projects proposed for Federal investment are cost-effective in terms of the benefits achieved in relation to the funds expended. To that end, the FRA will consider the anticipated public and private benefits associated with each rail line relocation or improvement project. In evaluating applications, FRA will consider the following factors in determining whether to grant an award to a State under this part.

(a) The capability of the State to fund the rail line relocation project without Federal grant funding;

(b) The requirement and limitation relating to allocation of grant funds provided in § 262.5;

(c) Equitable treatment of various regions of the United States;

(d) The effects of the rail line, relocated or improved as proposed, on motor vehicle and pedestrian traffic, safety, community quality of life, and area commerce;

(e) The effects of the rail line, relocated as proposed, on the freight rail and passenger rail operations on the line;

(f) Any other factors FRA determines to be relevant to assessing the effectiveness and/or efficiency of the grant application in achieving the goals of the national program, including the level of commitment of non-Federal and/or private funds to a project and the anticipated public and private benefits.

§ 262.11 Application process.

(a) All grant applications for opportunities funded under this subsection must be submitted to FRA through www.grants.gov. Opportunities to apply will be posted by FRA on www.grants.gov only after funds have been appropriated for Capital Grants for Rail Line Relocation Projects. The electronic posting will contain all of the information needed to apply for the grant, including required supporting documentation.

(b) In addition to the information required with an individual application, a State must submit a description of the
