§ 1104.2 Document specifications.

(a) Documents, except electronic filings, filed with the Board must be on white paper not larger than 8 1/2 by 11 inches, including any tables, charts, or other documents that may be included. Ink must be dark enough to provide substantial contrast for scanning and photographic reproduction. Text must be double-spaced (except for footnotes and long quotations, which may be single-spaced), using type not smaller than 12 point. Printing may appear only on one side of the paper for original documents, but copies of filings may be printed on both sides of the paper.

(b) In order to facilitate automated processing in document sheet feeders, original documents of more than one page may not be bound in any permanent form (no metal, plastic, or adhesive staples or binders) but must be held together with removable metal clips or similar retainers. Original documents may not include divider tabs, but copies must if workpapers or expert witness testimony are submitted. All pages of original documents, and each side of pages that are printed on both sides, must be paginated continuously, including cover letters and attachments. Where, as a result of assembly processes, such pagination is impractical, documents may be numbered within the logical sequences of volumes or sections that make up the filing and need not be renumbered to maintain a single numbering sequence throughout the entire filing.

(c) Some filings or portions of filings will not conform to the standard paper specifications set forth in paragraph (a) of this section and may not be scan

49 CFR Ch. X (10–1–10 Edition)
electronic copies submitted on compact discs or 3.5-inch IBM-compatible formatted floppy diskettes.

(2) Three sets of evidence or workpapers consisting of mathematical computations must be submitted as functioning electronic spreadsheets in Lotus 1-2-3 Release 9 or Microsoft Excel 97, or compatible versions, on compact discs or 3.5-inch IBM-compatible formatted floppy diskettes. In order to fully evaluate evidence, all spreadsheets must be fully accessible and manipulable. Electronic databases placed in evidence or offered as support for spreadsheet calculations must be compatible with the Microsoft Open Database Connectivity (ODBC) standard. ODBC is a Windows technology that allows a database software package to import data from a database created using a different software package. We currently use Microsoft Access 97 and databases submitted should be in either this format or another ODBC-compatible format. All databases must be supported with adequate documentation on data attributes, SQL queries, programmed reports, and so forth.

(3) One copy of each diskette or compact disc submitted to the Board should, if possible, be provided to any other party requesting a copy.

(4) Each diskette and compact disc must be clearly labeled with the Docket Number of the proceeding in which it is filed; the name(s) of the party(ies) on whose behalf the filing is made, and “CONFIDENTIAL” or “REDACTED” as appropriate. If more than one diskette or disc is submitted for one filing, the label of each must be sequentially numbered to indicate the diskette or disc number and the total number of diskettes or discs filed (e.g., the first disc of a 4-disc set should be labeled “Disc 1 of 4,” the second disc “Disc 2 of 4,” and so forth).

§ 1104.4 Attestation and verification.

(a) Signature of attorney or practitioner. If a party is represented by a practitioner or an attorney, the original of each paper filed should be signed in ink by the practitioner or attorney, whose address should be stated. The signature of a practitioner or attorney constitutes a certification that the representative:

(1) Has read the pleading, document or paper;
(2) Is authorized to file it;
(3) Believes that there is good ground for the document;
(4) Has not interposed the document for delay;

A pleading, document or paper thus signed need not be verified or accompanied by affidavit unless required elsewhere in these rules.

(b) Signature by one not authorized to represent others before the Board. The original of each document not signed by a practitioner or attorney must be:

(1) Signed in ink;
(2) Accompanied by the signer’s address; and
(3) Verified, if it contains allegations of fact, under oath by the person, in whose behalf it is filed, or by a duly authorized officer of the corporation in whose behalf it is filed. If the pleading is a complaint, at least one complainant must sign and verify the pleading.

§ 1104.5 Affirmation or declarations under penalty of perjury in accordance with 18 U.S.C. 1621 in lieu of oath.

(a) An affirmation will be accepted in lieu of an oath.

(b) Whenever any rule of this Board requires or permits matter to be supported, evidenced, established, or proved by sworn declaration, verification, certificate, statement, oath, or affidavit, in writing of the person making the same (other than a deposition, oath of office, or an oath required to be taken before a special official other than a notary public), such matter may, with like force and effect, be supported, evidenced, established, or proven by the unworn declaration, verification, certificate, statement, oath, or affidavit, in writing of the person making the same (other than a deposition, oath of office, or an oath required to be taken before a special official other than a notary public), such matter may, with like force and effect, be supported, evidenced, established, or proven by the unworn declaration, verification, or statement, in writing of such person which is subscribed by him, as true under penalty of perjury and dated, in the following form:

I __________________, declare (certify, verify, or state) under penalty of perjury (“under the laws of the United States,” if executed outside of the United States) that
