§ 1503.205 Delegation of authority.

For the purpose of investigating alleged violations of a TSA requirement, the Administrator’s authority may be exercised by the agency’s various offices for matters within their respective areas for all routine investigations. When the compulsory processes of 49 U.S.C. 46104 are invoked, the Administrator’s authority has been delegated to the Chief Counsel, each Deputy Chief Counsel, and in consultation with the Office of Chief Counsel, the Assistant Administrator for Transportation Security Operations, the Assistant Administrator for Transportation Sector Network Management, the Assistant Administrator for Inspections, the Assistant Administrator for Law Enforcement/Director of the Federal Air Marshal Service, each Special Agent in Charge, and each Federal Security Director.

§ 1503.205 Records, documents, and reports.

Each record, document, and report that regulations issued by the Transportation Security Administration require to be maintained, exhibited, or submitted to the Administrator may be used in any investigation conducted by the Administrator; and, except to the extent the use may be specifically limited or prohibited by the section that imposes the requirement, the records, documents, and reports may be used in any civil penalty action or other legal proceeding.

Subpart D—Non-Civil Penalty Enforcement

§ 1503.301 Warning notices and letters of correction.

(a) If TSA determines that a violation or an alleged violation of a TSA requirement does not require the assessment of a civil penalty, an appropriate official of the TSA may take administrative action in disposition of the case.

(b) An administrative action under this section does not constitute a formal adjudication of the matter, and may be taken by issuing the alleged violator—

(1) A “Warning Notice” that recites available facts and information about the incident or condition and indicates that it may have been a violation; or

(2) A “Letter of Correction” that confirms the TSA decision in the matter and states the necessary corrective action the alleged violator has taken or agrees to take. If the agreed corrective action is not fully completed, legal enforcement action may be taken.

(c) The issuance of a Warning Notice or Letter of Correction is not subject to appeal under this part.

(d) In the case of a public transportation agency that is determined to be in violation of a TSA requirement, an appropriate TSA official will seek correction of the violation through a written “Notice of Noncompliance” to the public transportation agency giving the public transportation agency reasonable opportunity to correct the violation or propose an alternative means of compliance acceptable to TSA.

(e) TSA will not take legal enforcement action against a public transportation agency under subpart E unless it has provided the Notice of Noncompliance described in paragraph (d) of this section and the public transportation agency fails to correct the violation or propose an alternative means of compliance acceptable to TSA within the timeframe provided in the notice.

(f) TSA will not initiate civil enforcement action for violations of administrative and procedural requirements pertaining to the application for, and the expenditure of, funds awarded pursuant to transportation security grant programs under Public Law 110-53.
