Office of Management and Budget

CFR 52.213-1 is provided in the Federal Acquisition Regulations (FAR) at 48 CFR part 13, subpart 13.4 “Fast Payment Procedure,” for use when using this fast payment procedure.

§ 1315.7 Discounts.
Agencies shall follow these procedures in taking discounts and determining the payment due dates when discounts are taken:

(a) Economically justified discounts. If an agency is offered a discount by a vendor, whether stipulated in the contract or offered on an invoice, an agency may take the discount if economically justified (see discount formula in Treasury Financial Manual (TFM) 6–8040.40)3 but only after acceptance has occurred. Agencies are encouraged to include discount terms in a contract to give agencies adequate time to take the discount if it is determined to be economically justified.

(b) Discounts taken after the discount date. If an agency takes the discount after the deadline, the agency shall pay an interest penalty on any amount remaining unpaid as prescribed in §1315.10(a)(6).

(c) Payment date. When a discount is taken, payment will be made as close as possible to, but no later than, the discount date.

(d) Start date. The period for taking the discount is calculated from the date placed on the proper invoice by the vendor. If there is no invoice date on the invoice by the vendor, the discount period will begin on the date a proper invoice is actually received and date stamped or otherwise annotated by the designated agency office.

§ 1315.8 Rebates.
Agencies shall determine governmentwide commercial purchase card payment dates based on an analysis of the total costs and total benefits to the Federal government as a whole, unless specified in a contract. When calculating costs and benefits, agencies are expected to include the cost to the government of paying early. This cost is the interest the government would have earned, at the Current Value of Funds rate, for each day that payment was not made. Agencies may factor in benefits gained from paying early due to, for example, streamlining the payment process or other efficiencies. A rebate formula is provided in §1315.17 and at the Prompt Payment website at www.fms.treas.gov/prompt/index.html.

§ 1315.9 Required documentation.
Agencies are required to ensure the following payment documentation is established to support payment of invoices and interest penalties:

(a) The following information from the contract is required as payment documentation:

(1) Payment due date(s) as defined in §1315.4(g);

(2) A notation in the contract that partial payments are prohibited, if applicable;

(3) For construction contracts, specific payment due dates for approved progress payments or milestone payments for completed phases, increments, or segments of the project;

(4) If applicable, a statement that the special payment provisions of the Packers and Stockyard Act of 1921 (7 U.S.C. 182(3)), or the Perishable Agricultural Commodities Act of 1930 (7 U.S.C. 499a(4)), or Fish and Seafood Promotion Act of 1986 (16 U.S.C. 4003(3)) shall apply;

(5) Where considered appropriate by the agency head, the specified acceptance period following delivery to inspect and/or test goods furnished or to evaluate services performed is stated;

(6) Name (where practicable), title, telephone number, and complete mailing address of officials of the Government’s designated agency office, and of the vendor receiving the payments;

(7) Reference to requirements under the Prompt Payment Act, including the payment of interest penalties on late invoice payments (including progress payments under construction contracts);

(8) Reference to requirements under the Debt Collection Improvement Act (Pub. L. 104–134, 110 Stat. 1321), including the requirement that payments must be made electronically except in
§ 1315.10 Late payment interest penalties.

(a) Application and calculation. Agencies will use the following procedures in calculating interest due on late payments:

(1) Interest will be calculated from the day after the payment due date through the payment date at the interest rate in effect on the day after the payment due date;

(2) Adjustments will be made for errors in calculating interest;

(3) For up to one year, interest penalties remaining unpaid at the end of any 30 day period will be added to the principal and subsequent interest penalties will accrue on that amount until paid;

(4) When an interest penalty is owed and not paid, interest will accrue on the unpaid amount until paid, except as described in paragraph (a)(5) of this section;

(5) Interest penalties under the Prompt Payment Act will not continue to accrue:

(1) After the filing of a claim for such penalties under the Contract Disputes Act of 1978 (41 U.S.C. 601 et seq.); or

(2) For more than one year;

(6) When an agency takes a discount after the discount date, interest will be paid on the amount of the discount taken. Interest will be calculated for the period beginning the day after the discount date through the day before the payment date.
