

tie-up facilities. You should ensure that this information is clearly visible, directing boaters to the facility. Information should show fees, restrictions, hours of operation, a contact name, and telephone number to report an inoperable facility.

§ 86.91 What are my program crediting responsibilities?

You should give public credit to the Federal Aid in Sport Fish Restoration (SFR) program as the source of funding for the BIG Program. You should recognize this program by using the SFR logo. You are encouraged to use the crediting logo identified in § 80.26 of this chapter to identify national BIG Program projects.

§ 86.92 Who can use the SFR logo?

The States may use the SFR logo and should encourage others to display it. Other people or organizations may use the logo for purposes related to the national BIG Program as authorized in § 80.26 of this chapter.

§ 86.93 Where should I use the SFR logo?

You should display the logo on tie-up facilities that you construct, acquire, develop, or maintain under these grants. You should also use the logo on printed material or other visual representations that relate to project accomplishments or education/information. Refer to § 85.47 of this chapter for logo colors.

§ 86.94 What crediting language should I use?

Suggested examples of language to use when crediting the national BIG Program follow:

(a) *Example 1:* The Federal Aid in Sport Fish Restoration Program funded this facility thanks to your purchase of fishing equipment and motorboat fuels.

(b) *Example 2:* The Federal Aid in Sport Fish Restoration Program is funding this construction thanks to your purchase of fishing equipment and motorboat fuels. And,

(c) *Example 3:* The Federal Aid in Sport Fish Restoration Program funded this (pamphlet) thanks to your pur-

chase of fishing equipment and motorboat fuels.

Subpart J—Service Completion of the National Framework

§ 86.100 What is the National Framework?

The National Framework is the survey, required by the Act, you must use to determine boating access needs in your State. Through a State survey, you must conduct a boating access needs assessment or data collection to determine the adequacy, number, location, and quality of tie-up facilities and boat access sites providing access to recreational waters for all sizes of recreational boats.

§ 86.101 What is the Service schedule to adopt the National Framework?

The Secretary of the Interior adopted the National Framework on September 28, 2000 via a notice in the FEDERAL REGISTER (Volume 65, Number 189, Page 58284).

§ 86.102 How did the Service design the National Framework?

The Framework divides the survey into two components: boater survey, and boat access provider survey.

(a) The purpose of the boater survey component is to identify boat user preferences and concerns for existing and needed access available to the public.

(1) The nontrailerable boat data set will fulfill informational needs for you to develop your State program plans as called for in the Act.

(2) The boater survey will survey registered boat owners in your State for two types of boats:

(i) Part A—for nontrailerable recreational vessels.

(ii) Part B—for trailerable and “carr-top” boats (less than 26 feet long).

(b) The purpose of the boat access provider component is to identify boat access providers’ ideas about current and needed facility and site locations and perceptions of boat user preferences and concerns regarding access. We developed these questions to guide interviews of boat access facility and site managers.
