constructed, acquired and/or reconstructed replaces another vessel which was lost or destroyed and which had, immediately prior to the loss or destruction, operated in the same fishery as the adopted conditional fishery, provided, however, that the fishing capacity of the replacement vessel has a fishing capacity substantially equivalent to the vessel lost or destroyed and that the construction, acquisition and/or reconstruction is completed within 2 years after the close of the taxable year in which the loss or destruction occurred. The Secretary may, at his discretion, and for good and sufficient cause shown, extend the replacement period, provided that the request for extension of time to replace is timely filed with the Secretary.

(f) Conditional fishery adoption shall have the following effect on all Schedule B objectives (whether for acquisition, construction, or reconstruction) which the Secretary deems to significantly increase harvesting capacity in that fishery, excluding those circumstances specifically exempted by paragraphs (b) through (e) of this section (which shall be governed by the provisions of paragraphs (b) through (e) of this section).

1) The Secretary may nevertheless consent to the qualification of withdrawal, but only up to an amount not exceeding the total of eligible ceilings actually deposited during tax years other than the taxable year in which conditional fishery adoption occurs plus a pro-rata portion of eligible ceilings generated in the tax year in which conditional fishery adoption occurs. Pro-ration shall be according to the number of months or any part thereof in a party’s tax year which elapse before the adoption of the conditional fishery occurs. For example, if a party’s tax year runs from January 1, 1974, to December 31, 1974, and conditional fishery adoption occurs on August 15, 1974, (i.e., during the 8th month of the party’s tax year), then the pro-rata portion for that year is eight-twelfths of the total eligible ceilings generated during that year.

2) Qualified withdrawals in excess of the amount specified in paragraph (f)(1) of this section shall not, during the continuance of the adopted conditional fishery, be consented to. Parties at this point shall have the following option:

(i) Make, with the Secretary’s consent, a nonqualified withdrawal of the excess and discontinue the future deposit of eligible ceilings (which may effect termination of the Interim CCF Agreement).

(ii) Reserve the excess, as well as the future deposit of eligible ceilings, for a Schedule B objective not then involving an adopted conditional fishery. If amendment of an Interim CCF Agreement is necessary in order to include a Schedule B objective not then involving an adopted conditional fishery, the party may, with the Secretary’s consent, make the necessary amendment.

(iii) Reserve the excess, as well as the future deposit of eligible ceilings, for a Schedule B objective involving a then adopted conditional fishery in anticipation that the then adopted conditional fishery will eventually be disadopted, in which case all deposits of eligible ceilings will once again be eligible for the Secretary’s consent as qualified withdrawals. If the adoption of a conditional fishery continues for a substantial length of time and there is no foreseeable prospect of disadoption, then the Secretary, in his discretion, may require paragraph (f)(2)(i) or (ii) of this section to be effected.

(g) The Secretary shall neither enter into a new Interim CCF Agreement, nor permit amendment of an existing one, which involves a Schedule B objective in a then adopted conditional fishery unless paragraph (b), (c), or (d) of this §259.34 applies or unless the Schedule B objective is expressly conditioned upon acquisition construction, or reconstruction of the type permitted under this §259.32. Such an express condition would not survive beyond the time at which conditional fishery status is removed.

§259.33 Constructive deposits and withdrawals; ratification of withdrawals (as qualified) made without first having obtained Secretary's consent; first tax year for which Interim CCF Agreement is effective.

(a) Periods controlling permissibility. For the purpose of this §259.33, the period between the beginning and the end of a party’s tax year is designated “Period (aa)”; the period between the...
end of a party’s tax year and the party’s tax due date for that tax year is designated “Period (bb)”; the period between the party’s tax due date and the date on which ends the party’s last extension (if any) of that tax due date is designated “Period (cc)”.

(b) Constructive deposits and withdrawals (before Interim CCF Agreement effectiveness date). Constructive deposits and withdrawals shall be permissible only during the Period (aa) during which a written application for an interim CCF Agreement is submitted to the Secretary and so much of the next succeeding Period (aa), if any, which occurs before the Secretary executes the Interim CCF Agreement previously applied for. All otherwise qualified expenditures of eligible ceilings during Period (aa) may be consented to by the Secretary as constructive deposits and withdrawals: Provided, The applicant’s application for an Interim CCF Agreement and for consent to constructive deposit and withdrawal qualification (together with sufficient supporting data to enable the Secretary’s execution or issuance of consent) is submitted to the Secretary either before the end of Period (bb) or, if extension was requested and received, before the end of Period (cc). If, however, the Secretary receives the application in proper form so close to the latest permissible period that the Interim CCF Agreement cannot be executed and/or the consent given before expiration of Period (bb) or Period (cc), whichever applies, then the burden is entirely upon the applicant to negotiate with the Internal Revenue Service (IRS) for such relief as may be available (e.g., filing an amended tax return, if appropriate). The Secretary will nevertheless issue his consent however long past the party’s Period (bb) or Period (cc), whichever applies, the Secretary’s administrative workload requires. Should IRS relief be, for any reason, unavailable, the Secretary shall regard the same as merely due to the party’s having failed to apply in a more timely fashion.

(c) Constructive deposits (after Interim CCF Agreement effectiveness date). The Secretary shall not permit constructive deposits or withdrawals after the effective date of an Interim CCF Agreement. Eligible ceilings must, after the effective date of an interim CCF Agreement, be physically deposited in money or kind in scheduled depositories before the last date eligible ceilings for any Period (aa) of any party become ineligible for deposit (the last date being Period (bb) or Period (cc), whichever applies).

(d) Ratification of withdrawals (as qualified) made without first having obtained Secretary’s consent. The Secretary may ratify as qualified any withdrawal made without first having obtained the Secretary’s consent therefore, provided the withdrawal was such as would have resulted in the Secretary’s consent had it been requested before withdrawal, and provided further that the party’s request for consent (together with sufficient supporting data to enable issuance of the Secretary’s consent) is submitted to the Secretary either before the end of Period (bb) or, if extension was requested and received, before the end of Period (cc).

(1) If, however, the Secretary receives the request in proper form so close to the latest permissible period that the consent cannot be given before expiration of Period (bb) or Period (cc), whichever applies, then the burden is entirely upon the party to negotiate with IRS for such relief as may be available (e.g., filing an amended tax return, if appropriate). The Secretary will nevertheless issue his consent however long past the party’s Period (bb) or Period (cc), whichever applies, the Secretary’s administrative workload requires. Should IRS relief be, for any reason, unavailable, the Secretary shall regard the same as merely due to the party’s having failed to apply in a more timely fashion.

(2) All parties shall be counseled that it is manifestly in their best interest to request the Secretary’s consent 45 days in advance of the expected date of withdrawal. Withdrawals made without the Secretary’s consent, in reliance on obtaining the Secretary’s consent, are made purely at a party’s own risk. Should any withdrawal made without the Secretary’s consent prove, for any reason, to be one to which the Secretary will not or cannot consent by
ratification, then the result will be either, or both, at the Secretary’s discretion, an unqualified withdrawal or an involuntary termination of the Interim CCF Agreement.

(3) Should the withdrawal made without having first obtained the Secretary’s consent be made in pursuance of a project not then an eligible Schedule B objective, then the Secretary may entertain an application to amend the Interim CCF Agreement’s Schedule B objectives as the prerequisite to consenting by ratification to the withdrawal, all under the same time constraints and conditions as otherwise specified herein.

(4) Any withdrawals made, after the effective date of an Interim CCF Agreement, without the Secretary’s consent are automatically non-qualified withdrawals unless the Secretary subsequently consents to them by ratification as otherwise specified herein.

(5) Redeposit of that portion of the ceiling withdrawn without the Secretary’s consent, and for which such consent is not subsequently given (either by ratification or otherwise), shall not be permitted. If such a non-qualified withdrawal adversely affects the Interim CCF Agreement’s general status in any wise deemed by the Secretary, at his discretion, to be significant and material, the Secretary may involuntarily terminate the Interim CCF Agreement.

(e) First tax year for which Interim CCF Agreement is effective. An Agreement, to be effective for any party’s Period (aa), must be executed and entered into by the party, and submitted to the Secretary, before the end of Period (bb) or Period (cc), whichever applies, for such Period (aa). If executed and entered into by the party, and/or received by the Secretary, after the end of Period (bb) or Period (cc), whichever applies, then the Agreement will be first effective for the next succeeding Period (aa).

(1) If, however, the Secretary receives an Agreement executed and entered into by the party in proper form so close to the latest permissible period that the Secretary cannot execute the Agreement before expiration of Period (bb) or Period (cc), whichever applies, then the burden is entirely upon the party to negotiate with IRS for such relief as may be available (e.g., filing an amended tax return, if appropriate). The Secretary will nevertheless execute the Agreement however long past the party’s Period (bb) or Period (cc), whichever applies, the Secretary’s administrative workload requires. Should IRS relief be, for any reason, unavailable, the Secretary shall regard the same as merely due to the party’s having failed to apply in a more timely manner.

(2) All parties shall be counseled that it is manifestly in their best interest to enter into and execute an Agreement, and submit the same to the Secretary, at least 45 days in advance of the Period (bb) or Period (cc), whichever applies, for the Period (aa) for which the Agreement is first intended to be effective.

§ 259.34 Minimum and maximum deposits; maximum time to deposit.

(a) Minimum annual deposit. The minimum annual (based on each party’s taxable year) deposit required by the Secretary in order to maintain an Interim CCF Agreement shall be an amount equal to 2 percent of the total anticipated cost of all Schedule B objectives unless such 2 percent exceeds during any tax year 50 percent of a party’s Schedule A taxable income, in which case the minimum deposit for that year shall be 50 percent of the party’s Schedule A taxable income.

(1) Minimum annual deposit compliance shall be audited at the end of each party’s taxable year unless any one or more of the Schedule B objectives is scheduled for commencement more than 3 taxable years in advance of the taxable year in which the agreement is effected, in which case minimum annual deposit compliance shall be audited at the end of each 3 year taxable period. In any taxable year, a Party may apply any eligible amount in excess of the 2 percent minimum annual deposit toward meeting the party’s minimum annual deposit requirement in past or future years: Provided, however, At the end of each 3 year period, the aggregate amount in the fund must be in compliance with 2 percent minimum annual deposit rule (unless the
