(a) *Imports*—(1) *Applicability of requirements*. The documentation requirements in paragraph (a)(2) of this section apply to all imports of fish or fish products regulated under this subpart, into the Customs territory of the United States, except shark fins, or except when entered as a product of an American fishery landed overseas (HTS heading 9815). For insular possessions with customs territories separate from the Customs territory of the United States, documentation requirements in paragraph (a)(2) of this section apply only to entries for consumption. The reporting requirements of paragraph (a)(3) of this section do not apply to fish products destined from one foreign country to another which transit the United States or a U.S. insular possession and are designated as an entry type other than entry for consumption as defined in §300.181.

(vii) For fish or fish products, except shark fins, regulated under this subpart that are entered for consumption, the permit holder must provide correct and complete information, as requested by NMFS, on the original consignment document that accompanied the consignment.

(viii) Bluefin tuna, imported into the Customs territory of the United States or entered for consumption into the separate customs territory of a U.S. insular possession, from a country requiring a BCD tag on all such bluefin tuna available for sale, must be accompanied by the appropriate BCD tag issued by that country, and said BCD tag must remain on any bluefin tuna until it reaches its final destination.
