

## § 654.7

## 50 CFR Ch. VI (10–1–10 Edition)

(3) Keep the official number and the color code clearly legible and in good repair and ensure that no part of the fishing vessel, its rigging, fishing gear, or any other material on board obstructs the view of the official number or the color code from an enforcement vessel or aircraft.

(b) *Gear identification*—(1) *Traps*. A stone crab trap used by or possessed on board a vessel with a Federal commercial vessel permit for stone crab must have a valid annual trap tag issued by the RA attached.

(2) *Trap buoys*. A buoy must be attached to each stone crab trap or at each end of a string of traps. Each buoy must display the official number and the color code assigned by the RA so as to be easily distinguished, located, and identified.

(3) *Presumption of trap ownership*. A stone crab trap will be presumed to be the property of the most recently documented owner. This presumption will not apply to traps that are lost if the owner reports the loss within 15 days to the RA.

(4) *Unmarked traps or buoys*. An unmarked stone crab trap or a buoy deployed in the EEZ where such trap or buoy is required to be marked is illegal and may be disposed of in any appropriate manner by the Assistant Administrator or an authorized officer.

(b) *Placement of traps*—(1) *Prior to the fishing season.* The period of October 5 through October 14 is established as a trap soak period. A stone crab trap may be placed in the management area not earlier than 1 hour before sunrise on October 5.

A stone crab trap must be removed from the management area not later than 1 hour after sunset on May 20, unless an extension to the removal period is granted under paragraph (b)(2)(i) of this section and the extension authorization is carried aboard the fishing vessel as specified in paragraph (b)(2)(ii) of this section.

A stone crab trap, float, or rope in the management area during this period will be considered unclaimed or abandoned property and may be disposed of in any manner considered appropriate by the Assistant Administrator or an authorized officer. An owner of such trap, float, or rope remains subject to appropriate civil penalties.
