

## §5.4

## 6 CFR Ch. I (1-1-10 Edition)

specific information about each record sought, such as the date, title or name, author, recipient, and subject matter of the record. If known, you should include any file designations or descriptions for the records that you want. As a general rule, the more specific you are about the records or type of records that you want, the more likely the Department will be able to locate those records in response to your request. If a component determines that your request does not reasonably describe records, it shall tell you either what additional information is needed or why your request is otherwise insufficient. The component also shall give you an opportunity to discuss your request so that you may modify it to meet the requirements of this section. If your request does not reasonably describe the records you seek, the agency's response to your request may be delayed.

(c) *Agreement to pay fees.* If you make a FOIA request, it shall be considered a firm commitment by you to pay all applicable fees charged under §5.11 up to \$ 25.00, unless you seek a waiver of fees. In making your FOIA request, please indicate whether you are willing to pay for the request or desire a waiver. The component responsible for responding to your request ordinarily will confirm this commitment in an acknowledgement letter. When making a request, you may specify a willingness to pay a greater or lesser amount. If you are seeking a waiver of fees you must provide a justification for your fee waiver request in accordance with the requirements of §5.11(k). If your request for a fee waiver is denied, the component will notify you of that decision and will request an agreement from you to pay fees up to \$25, or a greater or lesser amount specified by you. Your request shall not be considered received and further work shall not be done on it until you agree to pay fees. If you do not provide a firm commitment to pay the anticipated fee within the time period specified by the component, the request will be administratively closed.

### §5.4 Responsibility for responding to requests.

(a) *In general.* Except as stated in paragraphs (c), (d), and (e) of this sec-

tion, the component that first receives a request for a record and has possession of that record is the component responsible for responding to the request. In determining which records are responsive to a request, a component ordinarily will include only records in its possession as of the date the component begins its search for them. If any other date is used, the component shall inform the requester of that date.

(b) *Authority to grant or deny requests.* The head of a component, or the component head's designee, is authorized to grant or deny any request for a record of that component.

(c) *Consultations and referrals.* When a component receives a request for a record in its possession, it shall determine whether another component, or another agency of the Federal Government, is better able to determine whether the record is exempt from disclosure under the FOIA and, if so, whether it should be disclosed as a matter of administrative discretion. If the receiving component determines that it is best able to process the record in response to the request, then it shall do so. If the receiving component determines that it is not best able to process the record, then it shall either:

(1) Respond to the request regarding that record, after consulting with the component or agency best able to determine whether to disclose it and with any other component or agency that has a substantial interest in it; or

(2) Refer the responsibility for responding to the request regarding that record to the component best able to determine whether to disclose it, or to another agency that originated the record (but only if that agency is subject to the FOIA). Ordinarily, the component or agency that originated a record will be presumed to be best able to determine whether to disclose it.

(d) *Law enforcement information.* Whenever a request is made for a record containing information that relates to an investigation of a possible violation of law and was originated by another component or agency, the receiving component shall either refer the responsibility for responding to the request regarding that information to

**Office of the Secretary, DHS****§ 5.5**

that other component or agency or consult with that other component or agency.

(e) *Classified information.* Whenever a request is made for a record containing information that has been classified, or may be appropriate for classification, by another component or agency under Executive Order 12958 or any other executive order concerning the classification of records, the receiving component shall refer the responsibility for responding to the request regarding that information to the component or agency that classified the information, or which should consider the information for classification, or which has the primary interest in it, as appropriate. Whenever a record contains information that has been derivatively classified by a component because it contains information classified by another component or agency, the component shall refer the responsibility for responding to the request regarding that information to the component or agency that classified the underlying information.

(f) *Notice of referral.* Whenever a component refers all or any part of the responsibility for responding to a request to another component or agency, it ordinarily shall notify the requester of the referral and inform the requester of the name of each component or agency to which the request has been referred and of the part of the request that has been referred.

(g) *Timing of responses to consultations and referrals.* All consultations and referrals will be handled according to the date the FOIA request initially was received by the first component or agency, not any later date.

(h) *Agreements regarding consultations and referrals.* Components may make agreements with other components or agencies to eliminate the need for consultations or referrals for particular types of records.

**§ 5.5 Timing of responses to requests.**

(a) *In general.* Components ordinarily shall respond to requests according to their order of receipt.

(b) *Multitrack processing.* (1) A component may use two or more processing tracks by distinguishing between simple and more complex requests based

on the amount of work and/or time needed to process the request, including through limits based on the number of pages involved. If a component does so, it shall advise requesters in its slower track(s) of the limits of its faster track(s).

(2) A component using multitrack processing may provide requesters in its slower track(s) with an opportunity to limit the scope of their requests in order to qualify for faster processing within the specified limits of the component's faster track(s). A component doing so will contact the requester either by telephone or by letter, whichever is more efficient in each case.

(c) *Unusual circumstances.* (1) Where the statutory time limits for processing a request cannot be met because of "unusual circumstances," as defined in the FOIA, and the component determines to extend the time limits on that basis, the component shall as soon as practicable notify the requester in writing of the unusual circumstances and of the date by which processing of the request can be expected to be completed. Where the extension is for more than ten working days, the component shall provide the requester with an opportunity either to modify the request so that it may be processed within the time limits or to arrange an alternative time period with the component for processing the request or a modified request.

(2) Where a component reasonably believes that multiple requests submitted by a requester, or by a group of requesters acting in concert, constitute a single request that would otherwise involve unusual circumstances, and the requests involve clearly related matters, they may be aggregated. Multiple requests involving unrelated matters will not be aggregated.

(d) *Expedited processing.* (1) Requests and appeals will be taken out of order and given expedited treatment whenever it is determined that they involve:

(i) Circumstances in which the lack of expedited treatment could reasonably be expected to pose an imminent threat to the life or physical safety of an individual;

(ii) An urgency to inform the public about an actual or alleged federal government activity, if made by a person
