

§ 1465.24

(f) A participant will not be eligible for payments for conservation practices on eligible land if the participant receives payments or other benefits for the same practice on the same land under any other conservation program administered by USDA.

(g) The participant and NRCS must certify that a conservation practice is completed in accordance with the contract before NRCS will approve any payment.

(h) Subject to fund availability, the payment rates for conservation practices scheduled after the year of contract obligation may be adjusted to reflect increased costs.

§ 1465.24 Contract modifications, extensions, and transfers of land.

(a) The participant and NRCS may modify a contract if both parties agree to the contract modification, the APO is revised in accordance with NRCS requirements, and the designated conservationist approves the modified contract.

(b) It is the participant's responsibility to notify NRCS when he or she either anticipates the voluntary or involuntary loss of control of the land.

(c) The participant and NRCS may mutually agree to transfer a contract to another party.

(1) To receive an AMA payment, the transferee must be determined by NRCS to be eligible to participate in AMA and will assume full responsibility under the contract, including the O&M agreement for those conservation practices already installed and those conservation practices to be installed as a condition of the contract.

(2) With respect to any and all payment owed to participants who wish to transfer ownership or control of land subject to a contract, the division of payment will be determined by the original party and the party's successor. In the event of a dispute or claim on the distribution of payments, NRCS may withhold payments without the accrual of interest pending a settlement or adjudication on the rights to the funds.

(d) NRCS may require a participant to refund all or a portion of any assistance earned under AMA if the participant sells or loses control of the land

7 CFR Ch. XIV (1-1-10 Edition)

under an AMA contract, and the successor in interest is not eligible or refuses to accept future payments to participate in the AMA or refuses to assume responsibility under the contract.

(e) The contract participants will be jointly and severally responsible for refunding the payments with applicable interest pursuant to paragraph (d) of this section.

§ 1465.25 Contract violations and termination.

(a) If NRCS determines that a participant is in violation of the terms of a contract, O&M agreement, or other documents incorporated into the contract, NRCS will give the participant notice and 60 days, unless otherwise determined by the State Conservationist, to correct the violation and comply with the terms of the contract and attachments thereto. If a participant continues in violation, the State Conservationist may terminate the AMA contract.

(b) Notwithstanding the provisions of (a) of this section, a contract termination will be effective immediately upon a determination by the State Conservationist that the participant has submitted false information or filed a false claim, or engaged in any act, scheme, or device for which a finding of ineligibility for payments is permitted under the provisions of § 1465.35, or in a case in which the actions of the party involved are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(c) If NRCS terminates a contract, the participant will forfeit all rights to future payments under the contract and refund all or part of the payments received, plus interest. Participants violating AMA contracts may be determined ineligible for future NRCS-administered conservation program funding.

(1) The State Conservationist may require only a partial refund of the payments received if the State Conservationist determines that a previously installed conservation practice can function independently and is not affected by the violation or the absence of other conservation practices that would have been installed under the contract.
