

§ 275.4

(5) *Household cooperation.* Households are required to cooperate with Federal QC reviewers. Refusal to cooperate shall result in termination of the household's eligibility. The Federal reviewer shall follow the procedures in § 275.12(g)(1)(ii) in order to determine whether a household is refusing to cooperate with the Federal QC reviewer. If the Federal reviewer determines that the household has refused to cooperate, as opposed to failed to cooperate, the household shall be reported to the State agency for termination of eligibility.

(d) *Assessment of Corrective Action.* (1) FNS will conduct will conduct a comprehensive annual assessment of a State agency's corrective action process by compiling all information relative to that State agency's corrective action efforts, including the State agency's system for data analysis and evaluation. The purpose of this assessment and review is to determine if: identified deficiencies are analyzed in terms of causes and magnitude and are properly included in either the State or Project Area/Management Unit corrective action plan; the State agency is implementing corrective actions according to the appropriate plan; target completion dates for reduction or elimination of deficiencies are being met; and, corrective actions are effective. In addition, FNS will examine the State agency's corrective action monitoring and evaluative efforts. The assessment of corrective action will be conducted at the State agency, project area, and local level offices, as necessary.

(2) In addition, FNS will conduct on-site reviews of selected corrective actions as frequently as considered necessary to ensure that State agencies are implementing proposed corrective actions within the timeframes specified in the State agency and/or Project Area/Management Unit corrective action plans and to determine the effectiveness of the corrective action. The on-site reviews will provide State agencies and FNS with a mechanism for early detection of problems in the corrective action process to minimize

§ 275.4 Record retention.

(a) The State agency shall maintain Performance Reporting System records to permit ready access to, and use of, these records. Performance Reporting System records include information used in data analysis and evaluation, corrective action plans, corrective action monitoring records in addition to ME review records and QC review records as explained in paragraphs (b) and (c) of this section. To be readily accessible, system records shall be retained and filed in an orderly fashion. Precautions should be taken to ensure that these records are retained without loss or destruction for the 3-year period required by these regulations. Information obtained on individual households for Performance Reporting System purposes shall be safeguarded in accordance with FNS policies on disclosure of information for the Food Stamp Program.

(b) ME review records consist of thorough documentation of review findings, sources from which information was obtained, procedures used to review Food Stamp Program requirements including sampling techniques and lists, and ME review plans. The State agency must submit documented evidence of review findings to the FNS Regional Office upon request for purposes of evaluating State corrective action plans.

(c) QC review records consist of Forms FNS-380, Worksheet for Integrated TANF, Food Stamps and Medicaid Quality Control Reviews, FNS-380-1, Integrated Review Schedule, FNS-245, Negative Quality Control Review Schedule, and Form FNS-248, Status of Sample Selection and Completion; other materials supporting the review decision; sample lists; sampling frames; tabulation sheets; and reports

Subpart B—Management Evaluation (ME) Reviews

§ 275.5 Scope and purpose.

(a) *Objectives.* Each State agency shall ensure that project areas operate the Food Stamp Program in accordance with the Act, regulations, and FNS-approved State Plan of Operation. To ensure compliance with program requirements, ME reviews shall be conducted to measure compliance with the provisions of FNS regulations. The objectives of an ME review are to:

(1) Provide a systematic method of monitoring and assessing program operations in the project areas;

(2) Provide a basis for project areas to improve and strengthen program operations by identifying and correcting deficiencies; and

(3) Provide a continuing flow of information between the project areas, the States, and FNS, necessary to develop the solutions to problems in program policy and procedures.

(b) *Frequency of review.* (1) State agencies shall conduct a review once every year for large project areas, once every two years for medium project areas, and once every three years for small project areas, unless an alternate schedule is approved by FNS. The most current and accurate information on active monthly caseload available at the time the review schedule is developed shall be used to determine project area size.

(2) A request for an alternate review schedule shall be submitted for approval in writing with a proposed schedule and justification. In any alternate schedule, each project area must be reviewed at least once every three years. Approval of an alternate schedule is dependent upon a State agency's justification that the project areas that will be reviewed less frequently than required in paragraph (b)(1) of this section are performing adequately and that previous reviews indicate few problems or that known problems have been corrected. FNS re-

tains the authority for approving any alternate schedule and may approve a schedule in whole or in part. Until FNS approval of an alternate schedule is obtained, the State agency shall conduct reviews in accordance with paragraph (b)(1) of this section.

(3) FNS may require the State agency to conduct additional on-site reviews when a serious problem is detected in a project area which could result in a substantial dollar or service loss.

(4) State agencies shall also establish a system for monitoring those project areas' operations which experience a significant influx of migratory workers during such migrations. This requirement may be satisfied by either scheduling ME reviews to coincide with such migrations or by conducting special reviews. As part of the review the State agency shall contact local migrant councils, advocate groups, or other organizations in the project area to ensure that migrants are receiving the required services.

§ 275.6 Management units.

(a) *Establishment of management units.* For the purpose of ME reviews, State agencies may, subject to FNS approval, establish "management units" which are different from project areas designated by FNS for participation in the program. For example, State-established welfare districts, regions or other administrative structures within a State may be so designated. Management units can be designated as either large, medium, or small for purposes of frequency of review. However, establishment of management units solely for the purpose of reducing the frequency of review will not be approved by FNS.

(b) *FNS approval of management units.* State agencies shall submit requests for establishment of management units to FNS, which shall have final authority for approval of such units as well as any changes in those previously approved by FNS.

(1) The following minimum criteria must be met prior to requesting FNS approval:
