### EXPENSES AND ASSESSMENTS

#### § 989.79 Expenses.

The committee is authorized to incur such expenses (other than those specified in § 989.82) as the Secretary finds are reasonable and likely to be incurred by it during each crop year, for the maintenance and functioning of the committee and for such purposes as he may, pursuant to this subpart, determine to be appropriate. The funds to cover such expenses shall be obtained levying assessments as provided in § 989.80. The committee shall file with the Secretary for each crop year a proposed budget of these expenses and a proposal as to the assessment rate to be fixed pursuant to § 989.80, together with a report thereon. Such filing shall be not later than October 5 of the crop year, but this date may be extended by the committee not more than 5 days if warranted by a late crop. Also it shall file at the same time a proposed budget of the expenses likely to be incurred during the crop year in connection with reserve raisins held for the account of the committee, exclusive of the receiving, storing, fumigating, and handling expenses which are covered by a schedule of payments to handlers effective pursuant to § 989.66(f) or any rules and procedures established by the committee, and exclusive of any expenses it may incur in connection with the disposition of such raisins and which are unknown at the time. The said report shall also cover this proposed budget.

#### § 989.80 Assessments.

(a) Each handler shall, with respect to free tonnage acquired by him, and any reserve tonnage released or sold to him for use in free tonnage outlets, pay

to the committee, upon demand, his pro rata share of the expenses (exclusive of expenses for receiving, fumigating, handling, holding or disposing of reserve pool tonnage) which the Secretary finds will be incurred, as aforesaid, by the committee during each crop year less any amounts credited pursuant to § 989.53. Such handler's pro rata share of such expenses shall be equal to the ratio between the total free tonnage acquired by such handler plus any reserve tonnage released or sold to him for use as free tonnage, during the applicable crop year and the total free tonnage acquired by all handlers plus all reserve tonnage released or sold to all handlers for use as free tonnage, during the same crop year: *Provided*, That (1) in computing the total free tonnage acquired by a particular handler, there shall be excluded all standard raisins (recovered by the reconditioning of offgrade raisins) acquired by the handler and which comprise the assessable portion of another handler pursuant to paragraph (b) of this section, and (2) the computation of the total free tonnage acquired by all handlers shall not be similarly reduced.

(b) Each handler who reconditions offgrade raisins but does not acquire the standard raisins recovered therefrom shall, with respect to his assessable portion of all such standard raisins, pay to the committee, upon demand, his pro rata share of the expenses which the Secretary finds will be incurred by the committee each crop year. Such handler's pro rata share of such expenses shall be equal to the ratio between the handler's assessable portion (which shall be a quantity equal to the free tonnage portions of such handler's standard raisins which are acquired by some other handler or handlers) during the applicable crop year and the total free tonnage acquired by all handlers, plus all reserve tonnage released or sold to all handlers for use as free tonnage, during the same crop year.

(c) During any crop year or any portion of a crop year for which volume percentages are not effective for a varietal type, all standard raisins of that varietal type acquired by handlers during such period shall be free tonnage for purposes of levying assessments
