the requirement as to setaside reflecting average marketable content of receipts is not essential to achieve program objectives for the crop of a particular season, it may be eliminated for that season by the committee, with the approval of the Secretary. As a prerequisite for making this determination, the committee must find that the resultant setaside procedures assure that the trade demand for manufacturing prunes, as well as prunes for consumption as prunes, will be met. The salable prunes permitted to be disposed of by any handler in accordance with the provisions of this part shall be deemed to be that handler's quota fixed by the Secretary within the meaning of section 8a(5) of the act.
