

§ 77.11 Modified accredited States or zones.

(a) The following are modified accredited States: None.

(b) The following are modified accredited zones:

(1) A zone in Michigan that comprises Alcona, Alpena, Montmorency, Oscoda, and Presque Isle Counties and those portions of Iosco and Ogemaw Counties that are north of the southernmost boundary of the Huron National Forest and the Au Sable State Forest.

(2) Those portions of the Minnesota Counties of Lake of the Woods, Roseau, Marshall, and Beltrami bounded by a line as follows: Beginning in Lake of the Woods County at the intersection of the U.S./Canadian border and the western shoreline of Lake of the Woods; then west along the U.S./Canadian border (crossing into Roseau County) to Roseau County Road 115; then south along Roseau County Road 115 to State Highway 11; then southwest along State Highway 11 to State Highway 32; then south along State Highway 32 (crossing into Marshall County) to Marshall County Road 47/124; then east along Marshall County Road 47/124 to 210th Avenue Northeast; then south along 210th Avenue Northeast and southwest to where the name changes to 200th Avenue Northeast; then south along 200th Avenue Northeast to County Road 121; then south along the western boundary of Agassiz National Wildlife Reserve and along the western boundary of the Elm Lake State Wildlife Management Area to the southwest corner of sec. 21 in T. 155 N., R. 42 W. of the Fifth Prime Meridian; then east along the southern boundary of secs. 21, 22, 23, and 24 in T. 155 N., R. 42 W. and secs. 19 and 20 in T. 155 N., R. 41 W.; then south along the western boundary of secs. 28 and 33 in T. 155 N., R. 41 W.; then continuing south along Marshall County Road 52 to the southern boundary of Marshall County; then east along the southern boundary of Marshall County to the western boundary of Beltrami County (also the boundary of the Red Lake Indian Reservation); then north along the Beltrami County boundary (also the boundary of the Red Lake Indian Reservation) to the northern boundary of the Red Lake Indian Reservation; then

east along the northern boundary of the Red Lake Indian Reservation to the southeast corner of sec. 36 in T. 155 N., R. 34 W.; then north along the eastern boundary of Townships 155, 156, 157 (crossing into Lake of the Woods County), 158, 159, 160, and 161 N., R. 34 W., to State Highway 11; then northwest and north along State Highway 11 to County Road 74; then east along County Road 74 to Main Avenue Northeast; then north along Main Avenue Northeast to the northern city limits of Warroad; then east along the Warroad city limits to the shore of Lake of the Woods; then along the shore of Lake of the Woods to the point of beginning.

(c) If any livestock other than cattle or bison are included in a newly assembled herd on a premises where a tuberculous herd has been depopulated, the State or zone must apply the herd test requirements contained in the "Uniform Methods and Rules—Bovine Tuberculosis Eradication" (January 22, 1999, edition), which is incorporated by reference at § 77.1, for such newly assembled herds to those other livestock in the same manner as to cattle and bison. Failure to do so will result in the removal of the State or zone from the list of modified accredited States or zones and its being reclassified as accreditation preparatory.

(d) If tuberculosis is diagnosed within a modified accredited State or zone in an animal not specifically regulated by this part and a risk assessment conducted by APHIS determines that the outbreak poses a tuberculosis risk to livestock within the State or zone, the State or zone must implement a tuberculosis management plan, approved jointly by the State animal health official and the Administrator, within 6 months of the diagnosis. The management plan must include provisions for immediate investigation of tuberculosis in animals held for exhibition and in livestock and wildlife; the prevention of the spread of the disease to other animals held for exhibition and to livestock and wildlife; increased surveillance for tuberculosis in animals held for exhibition and wildlife; eradication of tuberculosis from individual herds; a timeline for tuberculosis eradication; and performance standards by which to measure yearly progress

toward eradication. If a State or zone does not implement such a plan within the required 6 months, the State or zone will be reclassified as accreditation preparatory.

(e) Modified accredited State or zone status must be renewed annually. To qualify for renewal of a modified accredited State or zone status, a State must submit an annual report to APHIS certifying that the State or zone complies with the provisions of the “Uniform Methods and Rules—Bovine Tuberculosis Eradication.” The report must be submitted to APHIS each year between October 1 and November 30.

(f) To qualify for modified accredited advanced status, a modified accredited State or zone must demonstrate to the Administrator that it complies with the provisions of the “Uniform Methods and Rules—Bovine Tuberculosis Eradication” and that tuberculosis has been prevalent in less than 0.01 percent of the total number of herds of cattle and bison in the State or zone for the most recent 2 years. *Except that:* The Administrator, upon his or her review, may allow a State or zone with fewer than 30,000 herds to have up to 3 affected herds for each of the most recent 2 years, depending on the veterinary infrastructure, livestock demographics, and tuberculosis control and eradication measures in the State or zone.

§ 77.12 Interstate movement from modified accredited States and zones.

Cattle or bison that originate in a modified accredited State or zone, and that are not known to be infected with or exposed to tuberculosis, may be moved interstate only under one of the following conditions:

(a) The cattle or bison are moved directly to slaughter at an approved slaughtering establishment.

(b) The cattle or bison are sexually intact heifers moved to an approved feedlot, or are steers or spayed heifers;

are either officially identified or identified by premises of origin identification; and are accompanied by a certificate stating that they were classified negative to an official tuberculin test conducted within 60 days prior to the date of movement.

(c) The cattle or bison are from an accredited herd and are accompanied by a certificate stating that the accredited herd completed the testing necessary for accredited status with negative results within 1 year prior to the date of movement.

(d) The cattle or bison are sexually intact animals; are not from an accredited herd; are officially identified; and are accompanied by a certificate stating that the herd from which they originated was negative to a whole herd test conducted within 1 year prior to the date of movement and that the individual animals to be moved were negative to an additional official tuberculin test conducted within 60 days prior to the date of movement, except that the additional test is not required if the animals are moved interstate within 60 days following the whole herd test.

§ 77.13 Accreditation States or zones. preparatory

(a) The following are accreditation preparatory States: None.

(b) The following are accreditation preparatory zones: None.

(c) If any livestock other than cattle or bison are included in a newly assembled herd on a premises where a tuberculous herd has been depopulated, the State or zone must apply the herd test requirements contained in the “Uniform Methods and Rules—Bovine Tuberculosis Eradication” (January 22, 1999 edition), which is incorporated by reference at § 77.1, for such newly assembled herds to those other livestock in the same manner as to cattle and bison. Failure to do so will result in the removal of the State or zone from the list of accreditation preparatory States or zones and its being reclassified as nonaccredited.
