

Department of Energy

§ 1017.4

§ 1017.2 Applicability.

This part applies to any person who is or was authorized access to UCNI, requires authorized access to UCNI, or attempts to gain or gains unauthorized access to UCNI.

§ 1017.3 Policy.

The Department of Energy (DOE) strives to make information publicly available to the fullest extent possible. Therefore, this part must be interpreted and implemented to apply the minimum restrictions needed to protect the health and safety of the public or the common defense and security consistent with the requirement in section 148 of the Atomic Energy Act to prohibit the unauthorized dissemination of UCNI.

§ 1017.4 Definitions.

As used in this part:

Atomic Energy Act means the Atomic Energy Act of 1954, as amended (42 U.S.C. 2011 *et seq.*).

Atomic energy defense programs means Government activities, equipment, and facilities that are capable of:

- (1) Developing, producing, testing, sampling, maintaining, repairing, modifying, assembling or disassembling, using, transporting, or retiring nuclear weapons or components of nuclear weapons; or
- (2) Producing, using, or transporting nuclear material that could be used in nuclear weapons or military-related utilization facilities.

Authorized Individual means a person who has routine access to UCNI under § 1017.20.

Component means any operational, experimental, or research-related part, subsection, design, or material used in the manufacture or utilization of a nuclear weapon, nuclear explosive device, or nuclear weapon test assembly.

Denying Official means a DOE official designated under 10 CFR 1004.2(b) who is authorized to deny a request for unclassified information that is exempt from release when requested under the Freedom of Information Act (FOIA).

Director means the DOE Official, or his or her designee, to whom the Secretary has assigned responsibility for enforcement of this part.

Document means the physical medium on or in which information is recorded, regardless of its physical form or characteristics.

DOE means the United States Department of Energy, including the National Nuclear Security Administration (NNSA).

Essential technology-related information means technical information whose unauthorized dissemination could significantly increase the likelihood of the illegal production of a nuclear weapon.

Exploitable security-related information means information whose unauthorized dissemination could significantly increase the likelihood of the theft, diversion, or sabotage of nuclear material, equipment, or facilities.

Government means the Executive Branch of the United States Government.

Government information means any fact or concept, regardless of its physical form or characteristics, that is owned by, produced by or for, or otherwise controlled by the United States Government, including such facts or concepts that are provided by the Government to any person, including persons who are not employees of the Government.

Guidance means detailed written instructions that describe decisions made by the Secretary or his/her designee issued under Subpart B of these regulations concerning what specific information is UCNI.

Illegal production means the production or manufacture of a nuclear weapon in violation of either domestic (e.g., the Atomic Energy Act) or international (e.g., the Treaty on the Non-Proliferation of Nuclear Weapons) law.

In transit means the physical movement of a nuclear weapon, a component of a nuclear weapon containing nuclear material, or nuclear material from one part to another part of a facility or from one facility to another facility. An item is considered “in transit” until it has been relinquished to the custody of the authorized recipient and is in storage at its ultimate destination. An item in temporary storage pending shipment to its ultimate destination is “in transit.”
