§ 210.9-03

balance sheet of such partnership as of the end of its most recently completed fiscal year.

(d) Where the general partner is a natural person, there shall be filed, as supplemental information, a balance sheet of such natural person as of a recent date. Such balance sheet need not be audited. The assets and liabilities should be carried at estimated fair market value, with provisions for estimated income taxes on unrealized gains. The net worth of such general partner(s), based on such balance sheet(s), singly or in the aggregate, shall be disclosed in the registration statement.

§ 210.8-08 Age of financial statements.

At the date of filing, financial statements included in filings other than filings on Form 10-K must be not less current than the financial statements that would be required in Forms 10-K and 10-Q if such reports were required to be filed. If required financial statements are as of a date 135 days or more before the date a registration statement becomes effective or proxy material is expected to be mailed, the financial statements shall be updated to include financial statements for an interim period ending within 135 days of the effective or expected mailing date. Interim financial statements must be prepared and presented in accordance with paragraph (b) of this section.

(a) When the anticipated effective or mailing date falls within 45 days after the end of the fiscal year, the filing may include financial statements only as current as of the end of the third fiscal quarter; *Provided, however*, that if the audited financial statements for the recently completed fiscal year are available or become available before effectiveness or mailing, they must be included in the filing; and

(b) If the effective date or anticipated mailing date falls after 45 days but within 90 days of the end of the smaller reporting company's fiscal year, the smaller reporting company is not required to provide the audited financial statements for such year end provided that the following conditions are met:

(1) If the smaller reporting company is a reporting company, all reports due must have been filed;

(2) For the most recent fiscal year for which audited financial statements are not yet available, the smaller reporting company reasonably and in good faith expects to report income from continuing operations attributable to the registrant before taxes; and

(3) For at least one of the two fiscal years immediately preceding the most recent fiscal year the smaller reporting company reported income from continuing operations attributable to the registrant before taxes.
