§ 219.24 Evidence of presumed death.

When a person cannot be proven dead but evidence of death is needed, the Board may presume he or she died at a certain time if the Board receives the following evidence:

(a) A certified copy of, or extract from, an official report or finding by an agency or department of the United States that a missing person is presumed to be dead as stated in Federal law (5 U.S.C. 5565). Unless other evidence is submitted showing an actual date of death, the Board will use the date on which the person was reported missing as the date of death.

(b) Signed statements by those in a position to know that facts and other records which show that the person has been absent from his or her residence for no apparent reason and has not been heard from for at least 7 years. If there is no evidence available that the person continued in life after the date of disappearance, the Board will use as the date of death the date the person disappeared.

(c) When a person has been missing for less than 7 years but may be presumed dead due to drowning or common disaster (fire, accident, etc.), signed statements from the applicant and individuals who know the circumstances surrounding the occurrence leading to the person’s disappearance. The best evidence is statements from individuals who witnessed the occurrence or saw the missing person at the scene of the occurrence shortly before it happened.
